NOTE.

This Catalogue has been necessarily delayed beyond the time when it was to have appeared. The special object is, to have it distinctly understood what the course of instruction is at Hope College, and what text-books are required. The schedule herein contained will be strictly complied with, and the branches of study pursued as published.

At the same time, the Catalogue will be a circular of information to sister institutions of learning; and to such as are inquiring for a suitable place of education. We commend this school to their favorable notice, and hope it may thus be the means of fitting many unto a life of useful work for God and man.

Remarks.

Hope College is situated in the city of Holland, twenty-five miles southwest of Grand Rapids, and midway between Grand Haven and Allegan. It is the only institution of the kind in Western Michigan north of Kalamazoo, and being central to a population of over 300,000, with close and rapid communications by land and water, it offers educational facilities of a high order. The school is resorted to by students from Wisconsin, Illinois, Iowa and New York.

Holland itself is a quiet, orderly and moral city. Its six churches are well attended and well supported. Many of the usual temptations of college towns are in a great degree absent. The health of the place is good, and the surroundings of lake, and farm and orchard, and village, have constantly growing attractions.

As will be seen in our Catalogue, the Departments of Instruction are for the present two :

I. THE ACADEMIC. (College proper.)

II. THE PREPARATORY. (Grammar School.)

Until 1877, a Theological Department was carried on, but in that year it was temporarily suspended by the General Synod.

It will also be seen that the course of instruction is as full and complete as can be obtained in most of the colleges of the West, fitting the student for the learned professions, for teaching, or for the business occupations of life. It is not claimed that all the appliances of older and better endowed institutions can be furnished, but the teachers have experience, and skill, and devotion to their work; and the classes have ever shown a corresponding spirit of fidelity to their duties, to the honor of the Institution.

Most of the students seek what is called "a liberal or classical education," but a "partial" or "elective" course is offered to all who so desire, and facilities furnished through the regular instructors. German and French can be studied at any time, as also the branches generally called "scientific."

In 1878, the Institution was opened to women, and at once several young ladies availed themselves of the privilege. It is to be hoped that the number will be much increased from year to year. They enter the regular classes, and attend the same lectures and recitations as the young men. Their home will be with approved families in the city.

Although Hope College is denominational, and is under the patronage and support of the Reformed Church in America, yet by the law of its incorporation it can have no "religious test." The doors are open, and welcome given to all who submit to its scholastic regulations. As a Christian school, however, it inculcates gospel truths, and demands a consistent moral character and deportment.

In connection with the above may be made a statement of

o

EXPENSES.

Holland is surrounded by a rich agricultural region, and the cost of living is comparatively cheap. Good board may be had in families of the city for from two dollars to three dollars per week; and *without furnished rooms* at corresponding rates.

There are some rooms in the College building, for which students for the ministry have the preference. These are furnished in part, and bear a charge of one dollar per term.

Young ladies board and room in private families.

As yet, no *Tuition* fees have been charged, but every student must pay to the Treasurer, in advance, an *Incidental* fee of four dollars per term.

The Graduation fee is five dollars, and the cost of the diploma. No other charges are made.

For books, clothing, washing, fuel, light, travel, etc., those interested can best make the estimates.

Admission.

For admission into the "D" Class, a common school education is required up to the branches pursued in that year. The better their previous training, the more easily and profitably can pupils enter upon our Grammar School Course.

For admission into the Freshman Class, a full certificate of graduation from the Preparatory Department is required, or an examination in the studies pursued in that Department, or in what the Faculty shall deem an equivalent.

For admission into any advanced class of the Institution, it will be necessary for the applicant to pass an examination in the studies previously pursued by that class. If received on conditions the conditions must be fulfilled before matriculation.

The object of the Institution is to keep its standard on a par with that of the Department of Literature and Art in the University of Michigan.

PROBATION.

New students, in either Department, remain on probation for one term, at the expiration of which, if their course prove satisfactory, they are admitted to matriculation in the usual manner.

Course of Study.

I.

PREPARATORY.

NOTE.—In the Academic Department, there is a *partial* rather than an *elective* course; studies may be omitted, *e. g.*, Latin and Greek, or French and German, but others are not substituted in their place at present.

Miscellaneous Information.

The *Scholastic Year* of forty weeks begins on the third Wednesday in September, and ends with the General Commencement on the fourth Wednesday in June.

The *Winter* and *Spring* vacations are fixed by the General Faculty. (See the Calendar).²

The *Yearly Examinations*, before the Council or its Committees, begin on the third Wednesday in June. At other times, *Special* examinations may be held and passed upon by the respective Faculties.

The *Rules of Order* are few and simple. In general, if the students do not improve their time and opportunities; or do not conduct themselves in a respectful and orderly manner, their connection with the Institution will be suspended.

RELIGIOUS SERVICES.

The exercises of each day begin with prayers in the College Chapel, at 8 o'clock A. M.

No Sabbath services are held. The students are expected to worship regularly with one of the churches in the city or vicinity, unless excused by the President.

Rev. R. Pieters, pastor of the First Reformed Church, of Holland, by appointment of the Council, gives instruction on

Sacred Literature, etc., at such times as may be agreed upon by the Faculties.

LIBRARY, ETC.

A *Library*, of between 4,000 and 5,000 volumes, and a *Reading Room*, are free for the use of the students. Books and papers are being constantly added.

The *Laboratory* and *Cabinet* are, as yet, only adapted to the uses of the lecture room. The same may be said of the *Philosophical Apparatus*. It is to be hoped that Maps, Charts, Instruments and Specimens of Natural History, as well as books, will be donated by the graduates and friends of the Institution.

The *Literary Societies*, viz. the Meliphon and the Fraternal, offer decided advantages to their respective members, and materially aid in the attainment of that culture which it is the object of this school to promote.

A *Course of Lectures*, by the Professors or others, is of almost yearly occurrence.

Vocal Music is usually provided for. No charge is made for this; but lessons in *Instrumental Music* are at the expense of the pupil.

THE CAMPUS. ETC.

The *College Buildings* are eight in number, on a campus of 18 acres. These furnish plain but all necessary accommodations for College work. The grounds are beautifully located and well shaded with native trees.

The "De Hope" printing office will eventually become an important auxiliary to the Institution. The paper has a present circulation of 1700 copies.

THE COMMUNICATIONS.

Morning and evening trains arrive and depart in every direction. A steamboat express connects with Grand Haven, whence steamers depart daily for Chicago and other ports on Lake Michigan. Hence there is no delay in the mails, and the students can easily go to, or be reached from, their homes, however distant.

STATE BOARD OF VISITORS.

The Superintendent of Public Instruction, from time to time, appoints a State Board of Visitors, whose duty it is to attend the Examinations and to make such other inquiries as shall satisfy said Superintendent that the standard of instruction, etc., are according to the law. Said Board consists of the following gentlemen:

Rev. J. W. BANCROFT, Hastings.

Prof. J. H. FASSETT, St. Joseph.

ROBT. E. BANKER, Esq., Muskegon.

All communications relating to the Treasury or to *De Hope* should be addressed to Prof. C. Doesburg, and communications concerning the College in general, or applications for catalogues, or information, to the Vice President.

FORM OF BEQUEST.

"I give and bequeath unto the Council of Hope College, (at present located in Holland, Michigan,) _____ dollars, to be applied to, etc. _____ (or to be held in trust for, etc. _____) and they are safely to invest the principal, and apply only the income to the said purpose."
