ADMISSION.

For admission into the "D" Class, a common school education is required, upon the branches pursued in that year. The better their previous training, the more easily and profitably can pupils enter upon the Grammar School Course.

For admission into the Freshman Class, a full certificate of graduation from the Preparatory Department is required; or an examination in the studies pursued in that Department, or in what the Faculty shall deem an equivalent.

For admission into any advanced class of the Institution, it will be necessary for the applicant to pass an examination in the studies previously pursued by the class. If received on conditions, the conditions must be fulfilled before matriculation.

PROBATION.

New students in either Department, remain on probation for one term, at the expiration of which, if their course prove satisfactory, they are admitted to matriculation in the usual manner.

COURSE OF STUDY.

I.

PREPARATORY.

FIRST YEAR "D" CLASS.

Reading, etc.—National Fourth Reader; Penmanship; Harrington's Graded Spelling Book, Part 2.

MISCELLANEOUS INFORMATION.

In the Preparatory Department it is customary for the Council or the Executive Committee to arrange for the Religious Instruction of the classes and for regular lessons in music.

In the Academic Department, there is a *partial*, rather than a special course. Studies may be omitted; but as yet others have not been substituted in their place, and such a partial course entitles only to a certificate, not to a diploma.

Most of the students seek what is called "a liberal or classical

education," but a "partial" or "elective" course is offered to all who so desire, and facilities furnished through the regular instructors. German and French can be studied at any time, as also the branches generally called "scientific."

In 1878, the Institution was opened to women, and at once several young ladies availed themselves of the privilege. The number has been increased from year to year. They enter the regular classes, and attend the same lectures and recitations as the young men. Their home will be with approved families in the city.

Although Hope College is denominational, and is under the patronage and support of the Reformed Church in America, yet, by the law of its incorporation, it can have no "religious test." The doors are open, and welcome is given to all who submit to its scholastic regulations. As a Christian school, however, it inculcates gospel truths, and demands a consistent moral character and deportment.

The *Scholastic Year* of forty weeks, begins on the third Wednesday in September, and ends with the General Commencement on the fourth Wednesday in June.

The *Winter* and *Spring* vacations are fixed by the General Faculty. (See the Calendar).

The *Yearly Examinations*, before the Council or its Committees, begin on the third Wednesday in June. At other times, *Special* examinations may be held, and passed upon by the respective Faculties.

The *Rules of Order* are few and simple. In general, if the students do not improve their time and opportunities, or do not conduct themselves in a respectful and orderly manner, their connection with the Institution will be suspended.

RELIGIOUS SERVICES.

The exercises of each day begin with prayer in the College Chapel, at 8 o'clock A. M.

On the Sabbath, the students are expected to worship regularly with one of the churches in the city or vicinity, unless excused by the President.

One of the Pastors of the Reformed Churches in Holland or vicinity, by appointment of the Council gives religious instruction in the Grammar School classes.

LIBRARY, ETC.

A *Library* of over 5,000 volumes, and a *Reading Room*, are free for the use of the students. Books and papers are being constantly added.

The *Laboratory* and *Cabinet* are, as yet, only adapted to the uses of the lecture room. The same may be said of the *Philosophical Apparatus*. It is to be hoped that Maps, Charts, Instruments and Specimens of Natural History, as well as books, will be donated by the graduates and friends of the Institution.

The *Literary Societies*, viz., the Meliphon and the Fraternal, offer decided advantages to their respective members; and materially aid in the attainment of that culture which it is the object of this school to promote.

A *Course of Lectures*, by the Professors or others, is of almost yearly occurrence.

Vocal Music is usually provided for. No charge is made for this; but lessons in *Instrumental Music* are at the expense of the pupil.

The "De Hope" printing office will eventually become an important auxiliary to the Institution. The paper has quite a large circulation. The Manager and the Editorial Committee are appointed by Council.

EXPENSES.

Holland is surrounded by a rich agricultural region, and the cost of living is comparatively cheap. Good board may be had in families of the city, for from two dollars to three dollars per week; and WITHOUT FURNISHED ROOMS at corresponding rates.

There are some rooms in the College building, in the selection of which students for the ministry have the preference. These are furnished in part, and bear a charge of five dollars a year.

Young ladies board and room in private families.

As yet no TUITION fees have been charged, but every student must pay to the Treasurer, in advance, an INCIDENTAL fee of five dollars per term.

The Graduation fee is five dollars, and the cost of the diploma. No other charges are made.

For books, clothing, washing, fuel, lights, travel, etc., those interested can best make the estimates. The ENTIRE expenses need not exceed \$200 per annum.

NEEDS.

Much progress has been made toward a suitable endowment, but much remains yet to be done. The income from invested funds will not support the Institution, much less open the way for the many and much needed improvements demanded. Our buildings are inadequate, our apparatus limited, our teachers overtaxed. To relieve such pressure an endowment is necessary, such an endowment as will make Hope College equal to other Institutions of its character. Where is the man, or woman, or church that will help forward this work of endowment?

It will be seen that we have at present two Departments in operation. A third embracing Theology is essential to the attainment of the end for which the College was organized. Steps are now being taken, General Synod having recommended it, and the Council having appointed a strong committee with Rev. E. Winter, of Pella, as chairman, to secure funds for the proper endowment of this Theological Department. With that secured, the way will be open for the completion of our course of study, and the thorough training of a suitable ministry for our Western Church. May we not hope there will be such a willing and ready response that this step may soon be safely taken?

Our Library is rapidly increasing in the number of volumes and in value. It has already outgrown the rooms assigned it, and we have none suitable for its use. At present we cannot prepare a catalogue, nor place the books where they can be most useful to the students. A Library building is one of our pressing necessities. With a spacious, fire-proof room, the collection would be safe and serviceable. Additions are being made every year of valuable works, which would be difficult and expensive to replace. Who will see that they have awaiting them a safe and cheerful room, where they can be consulted, and their precious treasures made useful to our students?

LOCATION, ETC.

Holland City is a central point on the Chicago and West Michigan Railway, ninety miles north of New Buffalo, twenty-five miles southwest of Grand Rapids, and midway between Allegan

and Grand Haven. It is therefore most desirably located having both land and water communications, and being near the shore of Lake Michigan, with which it is directly connected by Black Lake, itself a beautiful sheet of water.

The *College Buildings* are eight in number. The largest is Van Vleck Hall, mainly devoted to student's rooms, and the Library. The grounds are beautifully located on a Campus of eighteen acres, well shaded with native trees, and being annually improved in appearance.

FORM OF BEQUEST.

"I give and bequeath unto the Council of Hope College, (at present located in Holland, Michigan,).....dollars, to be applied to, etc.,.....or to be held in trust for, etc.,.....and they are safely to invest the principal, and apply only the income to the said purpose."
