NEWSPAPER LAWS.

If subscribers order the discontinuance of newspapers, the publishers may continue to send them until all arrears are paid. If subscribers refuse or neglect to take their newspapers from the office to which they are sent, they are held responsible until they have settled their bills and ordered them discontinued. If subscribers move to other places without informing the publishers, and the newspapers are sent to the former place of residence, they are then responsible.

CONCERNING DELINQUENT SUBSCRIBERS: The latest postal laws are such that newspaper publishers can have arrested any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," and to send a postal notifying the publisher, lays himself liable to arrest and fine.

Coopersville News: The rate of mortality in and around Coopersville is alarming, there being two or three deaths daily. The present weather no doubt has much to do with the prevailing sickness.

The total number of marriage licenses issued in Ottawa county during the past year is 322, as against 283 in 1892 and 242 in 1891. The first license issued this year was to Theodore W. Lockhart of Holland and Mary Kark of Saugatuck.

Coopersville Observer:—Eastmanville will give \$200 towards a free bridge across Grand River, and a person of authority says Coopersville will give \$1,000. Ten thousand dollars will build an iron bridge 40 rods long with 150 foot swing, the whole resting on iron piling wrapped in boiler iron. Stone abutments would cost at least \$15,000.

J. Verschure took the train for Agnew, Tuesday, and from there went to the shore of Lake Michigan, where the schooner Wonder is beached, to look after the cargo of staves, in which he is interested. Most of the staves have been stored in a barn in the neighborhood. The vessel is beached high and dry, but has sustained some damage from the ice.

The following Holland firms have each issued a beautifully illustrated calendar for the year 1894, and placed them with their compliments where they are expected to do the most good: The Walsh-De Roo Milling Co. Daily capacity 400 barrels. Seven different brands of flour, besides ten specialties.

In rummaging a secluded nook in the City Hotel the other day there was brought to light the first register of that hostelry, which however was never used. It appeared that at one time it was intended to name the hotel the "Van Raalte House," for such was the imprint at the top of each page, and this undoubtedly accounts for the fact that the volume was never used. E. Kellogg & Son were proprietors. It was in 1873, and in the directory appear the names of several business firms that are about to be forgotten: Baker & Van Raalte, boots and shoes; T. D. Powers, M. D.; L. & S. Van den Berge, millinery; J. S. Johnson, dentist; J. Binnekan, bakery and stationery; G. J. Kroon, hardware; Dutton & Thomson, machinists; H. W. Verbeek & Co., lumber, sash, etc.; R. K. Heald, agr. implements; J. Washington, fashionable barber.

It was neither good wheeling nor slipping on New Year, and this rendered the day rather dull on the streets of the city, compared with what it would have been had we been favored with an old-fashioned snowfall. Neither did the ice on Black Lake admit of skating. It was smooth enough but not sufficiently strong. In several of the Holland churches the custom of holding a morning service was duly observed, while in the afternoon the usual business meetings were held. The general reception in the rooms of the Y. W. C. A. was the conspicuous feature of the day. In response to the general invitation there was a constant stream of friends and visitors, between the hours of two and five o'clock in the afternoon, fairly filling the spacious rooms of the society. Refreshments were served to about five hundred guests, and a very social hour enjoyed by all.

The case of Van Etta vs. Dr. Hulsinga is likely to be tried at this term of the circuit court. The attorneys are McBride & Malcom of Grand Rapids for the plaintiff, and G. J. Diekema and J. C. Post of this city for the defendant.

City treasurer Pessink reports that the amount of taxes paid in previous to Jan. 1, exceeds every expectation. Of a total of \$37,940 only about \$3,000 remains to be collected. Last year it was \$1,800. It should be remembered however that the time of payment of this balance cannot be extended, and that January 24 is the last day of grace.

During the civil war the Confederate cruisers captured or destroyed 80 ships, 46 brigs, 54 barks, 67 schooners and 8 other vessels flying the American flag, while the Union blockading fleet captured or destroyed 785 schooners, 155 sloops, 222 steamers and 170 other vessels attempting to run the blockade. The cost of our navy during the years of the civil war was—for 1862, 1863, \$63,000,000; 1864, 1865, \$60,000,000; 1866, \$122,000,000.

The annual meeting of Hope church was held Wednesday evening. Wilson Harrington and D. B. K. Van Raalte were re-elected as elders and F. J. Schouten and Wm. Bruese as deacons. The treasurer presented a very satisfactory annual report, which showed the financial condition of the church in a healthy condition: Few rents \$1,283.50, collections \$739.17, donations \$14.00; total \$2,041.67. Balance on hand \$25.00, and all debts paid. The new renting for the new year was held on the evening following, and was equally satisfactory.

During the trial of conductor Scott, for alleged criminal negligence in the recent Battle Creek railroad disaster, it leaked out incidentally why it is so difficult at times to get reliable information in regard to railroad wrecks. One of the rules reads: "Should an accident happen on any part of the line, no version or account of it must be telegraphed, even to the operators, but what is written or signed by an officer of the company and given to operators for transmission to certain parties. Those who may observe or hear such communications passing must be silent on the subject. These messages, when received, must be delivered in envelopes."

Will the post office remain where at present located? This question has been hinted at off and on during the past weeks, and appears not to be definitely settled. The present lease has expired, and the office having become a second-class office, it is the rule of the government in such cases in securing new leases to have them not less than five years. In November last when the inspector was here he and the owner of the present premises, H. Boone, failed to agree upon the amount of rent, and the inspector took two additional bids, covering one of the new stores of J. Nies and the one of W. H. Beach, on River street. The latter bid being conditional, as to time, has since been withdrawn. Last week Mr. Boone received an offer to lease the premises at present occupied by the post office to parties from Grand Traverse, for a saloon, and as near as we can learn the only thing that prevented the proposition from being consummated was the matter of bondsmen under the provisions of the liquor laws of the state.

From Old Virginia, the one state of all the southern states where "blood" tells, comes the report that the "behold the wah" sentiment has never received such a rude shock as in the defeat of Gen. Fitz Lee for U. S. Senator by the Democratic members of the legislature.

A missionary's first meeting with a Texan on the frontier. The Texan was a typical ranger and approaching the missionary said: "Well, stranger, if it is a fair question I would give a heap to know what brought you here." The missionary smilingly told him that he was a clergyman who had come to preach to the people. "O my friend," replied the Texan, "go back, go back; we are not worth saving."

Monday evening a beginning will be made with the night school, with Mr. Haddock of the high school as teacher. The board of education has granted the use of one of the rooms in the Fourth ward school and will also see to the lighting and heating. The idea is to have school three nights a week, during the next three winter months. The rates for tuition will be fixed so as to cover the salary of the teacher, hence the larger the number that avail themselves of the opportunity, the smaller the rate will be.

A group of public-spirited ladies of this city, under the leadership of Mrs. Jessie Anderson, tendered the members of the fire department of this city a banquet at Lyceum Opera House, Wednesday evening, which as a whole was a magnificent affair. Our citizens and business-men had doubly seconded the ladies in their effort—that is, in a financial way. If they could have supplemented this co-operation by their personal presence there that evening, as a further manifestation of due appreciation of the merits and devotion of the department, the entertainment might have been deemed perfect.

The bill of fare was exquisite, and would have done honor to any banquet table:

Oysters—Stewed and Raw.	Cold Boiled Ham.
Cold Roast Turkey.	Salmon Steak.
Sardines.	Escalloped Oysters.
Cold Boiled Heart.	Souffles.
Celery.	Olives.
Cucumbers.	Cranberry Sauce.
Catsup.	Corn Bread.
Wheat Bread.	Buns.
Assorted Cakes.	Chese.
Oranges.	Bananas.
Figs.	Dates.
Tea.	Coffee.
Milk.	

The music of the evening was furnished by the following:

Vocal trio—Henry Kleyn, C. B. Doesburg, Chas. Boyle.

Brass quartette—W. A. Thomas, Fred Noble, Henry Kleyn, W. D. Hopkins.

Vocal Duet—Misses Grace and Mary Van der Haar. Solo—Miss Lena Boone.

Pianist—Miss Maud Williams.

At the tables the guests were waited upon by the following young ladies: Inez Hadden, Vena Breyman, Agnes Mohr, Martha and Jennie Blom, Maud Williams, Eva Anderson, Nellie and Edith Reeves, Maryett and Melba Mounthrop.

Ample justice having been done to the feast the evening was spent in a very pleasant social way, the company not dispersing until after they had pressed Hon. G. J. Diekema into a talk, which he rendered them in one of his usual happy vein.

Poor prospects for an ice crop thus far.

At Topeka, Kan., a new humorous paper has appeared, called the *Harykain*. Its motto is: "Ekel meanness to all; speshul wickedness to the balance."

Some uninvited guests, that were neither wanted nor expected at the Firemen's banquet the other evening, managed to pick the lock of one of the rear doors that leads into Lyceum hall after all had retired and helped themselves to all the eatables that had been left over from the banquet. Bread, buns, meats, butter, fruits—everything was taken.

Dr. M. Veenboer of Grand Rapids has purchased of Don Leathers a 1500 acre tract of land in Newaygo county and is disposing of it or renting it in small parcels to Hollanders in Grand Rapids, that are out of work. The land is level and composed mostly of black muck. It lies around Rice lake and has a good drainage, which finds its way into Grand river.

Mrs. Egbert Grooters, residing on the Grand Haven road, near the town line, submitted Tuesday to an amputation of the right limb close to her body. The large artery had become obstructed a few weeks ago by the clotting of the blood, causing gangrene to set in. The operation was performed by Drs. J. A. Mabbs and H. Kremers. Mrs. Grooters is 30 years of age and has three small children.

Schubert Club.

Messrs. Breyman and Nykerk deserve to be congratulated on their enterprising spirit shown in booking such an expensive company as the Chicago Schubert Club for the 13th of January. But, then, sensible people are more willing even in hard times to pay out money for bread than stones, for high class and elevating entertainments than for common and claptrap performances. This will be the musical *par excellence* of this season and no one can afford to miss it.

The programme is a highly excellent one, and an artistic rendering is guaranteed. It includes such numbers as Schuberts "Gondoliers," Buck's "Star of Love," Wieniawski's "Legende," etc. The price of admission is placed at 50 cents. Seats may be reserved at Breyman's on and after 9 o'clock, Friday morning, Jan. 12.

HOLLAND CITY NEWS.

SATURDAY, JAN. 6, 1894.

Holland, Mich.

Washington Notes.

A survey of the situation in congress during the holiday recess, has demonstrated to some of the keenest political observers that the new tariff bill, now known as the Wilson bill, cannot possibly pass the House of Representatives without decided changes. There are to-day not less than 100 Democrats who have special objections against it, and all the districts have not as yet been heard from. If all the proposed changes are made it is extremely doubtful whether what is left of the bill will be, from a free trade point of view, worth passing. Certainly, what may be termed the five cardinal points—free wool, free coal, free iron ore, free salt and free lumber—will be attacked severely, and these are the foundations of the whole bill.

The question which many Northern members will have to face, and are facing, is whether the industries of their districts are to be wiped out and their own political careers ended, or the Wilson bill defeated.

How many of the total number now clamoring for changes in the schedules will be able to secure what they want, and, if they do not, how many will have the courage to vote against the bill as a whole, is the political conundrum of the day. Fortunately for the cause of American industry and labor the Wilson bill, as it stands to-day, is so inharmonious, so devoid of principle, so weak in structure, and so abounding in inconsistencies, that it fails to command the respect even of Democratic members whose constituencies have been clamoring for so-called tariff reform.

Sorrowful and urgent petitions have been liberally pouring in from all parts of the country, and have had their effect on members of many of whom are honestly alarmed at the condition of the working people at home. They are beginning to realize that the tariff is a much more serious question to handle than they had supposed, when brought face to face with the terrible condition of affairs existing in our industrial centres. These members will repudiate the Wilson bill altogether.

But as yet it is impossible to estimate how many are prepared to take such a course, although it is claimed that the effect of the many labor meetings held in New York and in the New England states may render it doubtful, if the Wilson bill will ever reach the Senate, or, if it does, its framers will not recognize it. The labor fight, already inaugurated, if vigorously kept up all along the line, will create a panic on the Democratic side which the patronage of the White House will be powerless to allay.

Great industries fighting against annihilation; manufacturers fighting for existence, and labor fighting against starvation, make an alliance that may well appal those who have undertaken to force this measure upon a country now passing through suffering and want that fills courageous souls with terror as to the future.

It must be borne in mind that the Republican leaders have decided not to allow certain Democrats to amend the bill in spots by the aid of Republican votes and then vote for its final passage. This policy will tend to force the issue for or against the bill as a whole, and hence Democrats who are satisfied that the bill will bring destruction to industry and impoverishment to labor in their own districts are preparing themselves to oppose the whole measure. Many who were mild in their opposition at first have heard from their districts, and now openly announce that they will vote against the bill unless their local industries are protected.

As a sample of the revolt that is going on we quote the following letter written by Representative Haines, a Democratic member from New York to his constituents:

"A bill has been framed in the secret and secluded committee room, I understand, by a sub-committee of three members of the Ways and Means Committee that strikes a serious and destructive blow at the industries of Rensselaer and Columbia counties. Satisfied that the committee did not designedly intend to paralyze our industries I appealed to the Democratic members of the committee to rectify the wrong and to save thousands of good, loyal citizens in our district from want and misery. It was when these appeals were ignored that I, a true and loyal Democrat, made public declaration that I could not support their undemocratic, unpatriotic and sectional tariff bill. I am encouraged to believe that Congress will not ratify the action of the Ways and Means Committee until the schedules of the Wilson bill are so changed as to permit every manufacturer in our district to run full time and to enable him to pay his employees at least the present wages."

Says the Providence Journal, a leading New England mugwump paper:

At the present time business is already much disturbed and unsettled, and in no condition to stand extra trials. Any change, therefore, in the tariff laws would seem to be undesirable just now, unless it were sure to bring us a very great improvement and something like a final settlement of a long disputed question. In the present condition of the business of the country, it is gravely to be doubted whether it would not be better to get along as best we may under the present law, rather than incur the disturbances of a change which would bring us comparatively little benefit and which would in no sense be a finality."

Another instance of the deplorable effects of the Wilson bill, and which has its effects upon congress men is the verification of the report that Alfred Dolge & Son, the great cooperative manufacturers of Dolgeville, N. Y., contemplate a removal of a part of their business to Europe, by reason of the threatened tariff legislation. The concern employs between 600 and 700 men in its various factories, and in its immense felt works about 500 work. Mr. Dolge says: "We are seriously considering removing our felt factory to Germany, and are preparing to close all the factories on account of the uncertainty as to the values of foreign goods, so as not to have a large stock on hand if the Wilson bill becomes a law. This bill would reduce the value of wool and manufactured goods between 25 and 30 per cent. We have on hand, usually, between \$400,000 and \$500,000 worth of wool and manufactured articles. Every effort will be made to reduce that stock as far as possible, and the inevitable result is great suffering for our factory workmen. There can be no sentiment about it. The Wilson bill compels such action. If the bill passes there will be a period of five years of bad business, if not hard times, the first effect being a reduction of wages. The purchasing power of the masses will be decreased and many factories will close and business depression in every branch of trade will follow, whether or not it is directly affected by the tariff."

Take it all in all, and the Wilson bill is worse than a blunder. It is a crime. It is an offense against patriotism, against justice, against humanity. The Democratic politicians who framed it and the Democratic Executive who stands ready to drive it through Congress by egregious abuse of Presidential patronage, are directly responsible for the appalling conditions of idleness and misery with which this country is confronted.

The following come to us as a reminiscence from the days of the American Revolution:

"If I had fallen into your hands, what would you have done with me?" Inquired Benedict Arnold, the traitor one day of an American soldier who had been captured by the English. His fellow-countryman answered: "We should have cut off the leg that was wounded in the service of the country, and hung the rest of your body on a gallows."

In Memoriam.

At a meeting of Crescent Tent No. 68, K. O. T. M., the following resolutions were adopted:

WHEREAS, It has pleased Almighty God in His Allwise providence to remove from our midst by death our beloved brother and Sir Knight James B. Brown, and

WHEREAS, The family of our deceased brother has lost a kind and loving husband and father, and Crescent Tent No. 68, K. O. T. M., a member who was always faithful and true to the order, therefore it be

Resolved, That while we bow in humble submission to the will of an All-wise providence, yet we do deeply mourn the loss of our brother Sir Knight Brown and extend to the family our sincere sympathy in this their hour of bereavement, and would earnestly commend them for consolation to Jesus, who is our elder brother, father and friend.

Resolved, That a copy of these resolutions be sent to the family of our deceased brother and spread upon the records of Crescent Tent.

YOUR FUTURE

IS IN YOUR OWN HAND.

Palmyra assumes to tell what the lines in your face indicate. It will advise you, if nothing more. The above diagram almost explains life. The length of the LINE OF LIFE indicates probable age to which you will live. Each BRACELET gives you thirty years. Well-marked LINE OF LIFE denotes a long life; a poor LINE OF LIFE denotes a short life. Both combined mean success in life; but you must keep up with modern times to win it. You will find plenty of these in Demore's Family Magazine, so strictly published that every one can read it. It is a down-to-earth magazine in one. A CLEAR LINE OF HEART bespeaks tenderness; a straight LINE OF FATE, powerful life; the reverse if crooked. A well-defined LINE OF VIRTUE bespeaks a noble character; a crooked LINE OF VIRTUE bespeaks a weak character. No other magazine publishes so many stories to interest the home circle. You will be subject to extremes of high spirits or despondency if you have the GIGGLE OF VENUS well marked; keep up your spirits by having Demore's Magazine to read. By subscribing to it for 1894 you will receive a gallery of exquisite works of art of great value, besides the superb picture, "The Lady of the Lake," which is a real baby, and equal to the original oil painting which cost \$300; and you will have a magazine that cannot be equaled by any in the world for its beautiful illustrations and subject matter, that will keep you posted on all the topics of the day, and all the land, and different items of interest about the household, besides furnishing interesting reading matter, both good and gay, for the whole family; and while Demore's is not a fashion paper, yet its fashion pages are perfect, and you get with it, free of cost, all the patterns you wish to use during the year, and in any size you choose. Send in your subscription at once, only \$1.00, and you will really get over \$250.00 in value. Address THE PUBLISHER, W. Jennings Demore, 15 East 14th St., New York. If you are unsatisfied with the Magazine, send for a specimen copy. A large QUANTITY means honesty; a large TRIANGLE generally means FIRST DIVISION OF TRUTH; strong will; LONG SECOND DIVISION, reasoning faculty. THE MOUNT OF JUPITER bespeaks ambition; that of SATURN, prudence; the SUN, love of glory; MARS, courage; MOON, imagination; VENUS, love of pleasure; and MERCURY, intelligence. Take our advice as above and you will be sure to possess the last and most valuable quality.

County Affairs.

The board of supervisors met on Monday. For want of a quorum, and it being a legal holiday, they adjourned until the next day.

The building committee presented the following report:

To the Honorable the Board of Supervisors of Ottawa County.

GENTLEMEN: It is a pleasure to your committee to be enabled to report the advanced condition of the new court house. The building is under roof, the tower completed, and the inside plastering is also nearing completion, and a beginning is about to be made with the carpenter work. The heating plant is in working order, and promises to be ample for all demands.

The disbursements made by your committee up to date are \$40,280.57, as follows:

Amount reported October 9th, 1893.....	\$24,497.20
A. J. Ward contractor.....	14,289.00
W. K. Johnston, architect and sup't.....	627.88
Committee, expenses.....	100.00
Water, gas, and sewer connect, outside.....	108.75
Corner stone and other carving.....	27.60
Lead for roof.....	175.47
Sand filling.....	271.94
Weather vane.....	25.25
	\$40,280.57

The changes and additions in the plans, authorized by the board and made by the committee, to date, amount in all, over and above reductions, to \$3,203.16, for which the contractor has been credited on account.

In addition to those already reported, said changes include:

- Carrying up gable walls 16 inches, instead of 12 inches, \$127.57
- Change of galvanized iron and tin on roof to copper and lead, \$229.90
- Two sloe sills, one in basement and one on second floor, \$24.18
- Constructing two piers in basement, with iron columns on first floor, for support of "I" beams, \$270.
- Concrete floors in basement throughout, not heretofore provided for, \$416.06.
- Tiling and wainscoting of vestibules, \$73.00.
- Difference in substituting tiling for maple floor in the four leading offices, and substituting maple floor for tiling in corridor of second floor, \$229.90.
- Extra 1 beams and sundries, \$224.56.
- Extra allowance for benefit of sub-contractor Smith, by reason of non-removal of south vault of old court house, \$200.

Also the following:

- Leaving out all hot water connections at lavatories, \$35.
- Taking out slope in floor of court room, \$14.58.

These last two items, involving a reduction in the plans, have been duly charged to the contractor.

This leaves the contract price of the building as follows:

Amount as originally let.....	\$41,985.00
Changes and additions since.....	3,203.61
Total.....	\$45,188.61

On this amount contractor Ward has been paid, up to date, \$36,769.

W. K. Johnston, architect and superintendent has been paid for his services, to date, \$2,009.88.

In the early part of November a proposition was made to your committee by Sergeant Felger, of the U. S. Weather Service, to finish a part of the garret for a local weather station at Grand Haven, which proposition however was declined for several reasons, chief among which was their want of authority in the premises. Owing to several objectionable features involved your committee did not deem it proper to call a special session of the board.

Arrangements have been entered into with the City of Grand Haven for water supply, and connections are made with the city water mains and sewer, and gas main.

As the building proper nears its completion your committee realizes that the matter of furnishing the same will inevitably demand the attention of the board at this session. With that in view they have endeavored to inform themselves as to what may be suitable and needed, and in order the better to enable the board to act satisfactorily in the premises, they have directed architect Johnston to prepare detailed sketches and designs, embodying their idea, for the permanent fixtures of the court room, the vaults, the four leading offices, the mantles, and the lighting fixtures. These, and the approximate cost thereof, together with estimates of the moveable furniture, curtains, carpets, etc., will be laid before the board at this session, for such action as this may deem proper.

It appears reasonably certain to your committee that, with no unforeseen delay, the building will be ready some months before the date fixed in the contract, and in that connection it may be well to suggest the advisability of some action with regard to the disposition of the old building and the appointment of a permanent janitor. Your committee have assumed the

responsibility of placing an insurance, builder's risk, on the building to the amount of \$25,000.

All of which is respectfully submitted.

At Wednesday's session the board took action on the report by unanimously adopting the following series of resolutions:

Resolved, that the furnishing of the new court house is hereby ordered by the board, and the building committee charged with carrying the same into effect, in the manner outlined in the designs and estimates submitted; that for this purpose they are authorized to invite tenders, make the required purchases, award contracts, and draw the necessary orders in payment therefor, the same as heretofore; and that the county treasurer is hereby ordered and directed to pay all orders drawn by the committee out of any moneys in his hands and charge the same to the court house fund, and that upon the acceptance of the building and the completion of the labors of the committee he balance on his books the over-draft in said fund out of the general fund of the county.

Resolved, that the building committee are hereby directed and empowered to dispose of the old court house building.

Resolved, that the building committee are hereby authorized to invite and receive applications for the position of janitor of the new court house and as soon as practicable, at some subsequent session of the board, submit the names of one or more persons for appointment, with the salary to be paid.

Resolved, that the building committee are directed to arrange for the further completion of the basement of the new court house, in accordance with the estimates submitted.

Resolved, that the building committee are directed to build up under the outside steps, at the cost of not to exceed \$50.

The committee on finance completed their annual settlement with county treasurer Pilgrim. Everything was found satisfactory and the books of the office in good shape.

The circuit court convenes on Monday. The criminal calendar is larger than usual, and contains eight cases:

- Peo. vs. Chas. Beach, indecent exposure.
 - Peo. vs. Wm. Taylor, larceny.
 - Peo. vs. John Golden, violation of liquor law.
 - Peo. vs. L. G. Smith, fraudulent disposing of contract property.
 - Peo. vs. John Verhoeks and Henry Sickman, burglary.
 - Peo. vs. Ed. Riley, assault and battery, appeal.
 - Peo. vs. Fred North, bastardy.
 - Peo. vs. Fred Christy, bastardy.
- Among the civil cases we note the following:
- Olive Van Ette vs. Dr. J. G. Hui-zinga.
 - Thomas Hawe vs. James Huntley.
 - R. B. Hines vs. Holland Stave and Lumber Co.
 - First State Bank of Holland vs. James Huntley et al.

At the "four corners" known as Ottawa Station, once a stopping place on the C. & W. M., before the Nunica branch of the road was taken up, and located about nine miles north of this city, lives August Names, who has a family of four sons one of whom, Frederick A., is mentally deranged on the subject of religion. Off and on he has visited this city and fully satisfied our officials on this point. His latest perambulation here was last summer, during the month of June, when he came to town stating the Lord had told him of the arrival of a new minister from the old country, Rev. K. Van Goor, and he wished to see him. His aim was to reconstruct the laws of the country, which were all wrong and he wanted them fixed in conformity with the word of God. For this he wanted the co-operation of the newly arrived minister, and also of the other clergymen of the city, several of whom he attempted to see, prowling around their residences at a late hour of the night, much to the dread and annoyance of the female occupants of the several parsonages visited. Names claimed also to have a mission to go to the World's fair and preach the gospel to all the people and different nationalities represented there, which, having been accomplished, the world would then come to an end. However, his stay in this city was cut short by the intervening of Marshal Van Ry, who on the evening of the second day of his visit found him upon the College Campus, still looking for the newly arrived minister, and kindly but firmly advised him to go home, and go at once, which he did. He was next heard from at West Olive, where he persisted in interfering with the quarantine regulations prescribed by the local board of health at the time diphtheria was raging there, and was placed in the county jail, where Sheriff Keppel detained him for a week or so, when he started for Chicago, intent upon his mission of preaching. Since then he has not been heard from until this week, when he created something of a sensation in Chicago by taking up the cudgel in behalf of Prendergast,

the convicted assassin of the late Mayor Harrison. Wednesday morning he stalked into the office of the criminal court clerk, with a huge revolver, and demanded an order to see Prendergast the assassin. "I intend to get him out of jail," said the visitor calmly. "He has done nothing wrong in killing Mayor Harrison. I demand his freedom. If you will not let him out you must let me see him and then the Lord will help me to liberate him."

There were only two or three men in the office at the time, and they were so dumbfounded that they knew not what to do. Fortunately two or three detectives came in just then and Names was bundled into a patrol wagon and taken to the central station, where he told his story to Inspector Shea.

He gave his name and place of residence and then said: "My business is to preach the gospel and assist God to induce the contrary hearts of the rich to help the poor and needy. I want to get Prendergast out. He did right in killing Carter Harrison. It was for the good of the world. I had been praying about for several days before he was killed. One day when I was going to Englewood I was told that Harrison had been killed and I knew that my prayer had been answered."

"Would you kill the rich in order to subdue their hearts?" asked Inspector Shea.

"I would if God inspired me" said Names determinedly. "God wants them removed, and tells in what way it should be done. I want to see Mayor Hopkins and get him to give the poor free baths and free meals, and to close up all of the saloons."

Names was examined by Dr. Joseph Hawley, at the station, and then taken to the detention hospital. Dr. Hawley said the man was insane on religion. Names has been in Chicago since July and frequently addressed the mass meetings of the unemployed on the lake front. He carried a Bible in his hand today and the pockets of his big ulster were crammed full of hymn books and tracts.

From the London Truth: "We English are a righteous race; an altogether superior people. But our neighbors do not love us. The reason for this is simple. We have too high an opinion of ourselves and too low an opinion of others. According to the popular English estimate:

- Americans are vulgar.
- French are immoral.
- Russians are barbarians.
- Italians are beggars.
- Spaniards are cutthroats.
- Germans are bores.
- Greeks are sharpers.
- Australians are convicts.
- Swiss are harpies.
- Turks are unspeakable.
- And every other people below contempt.

Foreigners are, in fact, deceitful, effeminate, irreligious, immoral, unclean, and unwholesome. Any one Englishman is a match for any seven of them.

The only wonder to me is that the nations do not arise and annihilate us."

"Royal Ruby" Port Wine.

If you are reduced in vitality or strength by illness or any other cause, we recommend the use of this Old Port Wine, the very blood of the grape. A grand tonic for nursing mothers, and those reduced by wasting disease. It creates strength; improves the appetite; nature's own remedy, much preferable to drugs; guaranteed absolutely pure and over five years of age. Young wine ordinarily sold is not fit to use. Insist on having this standard brand. It costs no more. \$1 in quart bottles, plus 60 cts. Royal Wine Co., For sale by Martin & Hutzinger, Holland, Mich. C. Blom, Sr., Holland, Mich.

Many stubborn and aggravating cases of rheumatism that were believed to be incurable and accepted as life legacies, have yielded to Chamberlain's Pain Balm, much to the surprise and gratification of the sufferers. One application will relieve the pain and suffering and its continued use insures an effectual cure. For sale by Heber Walsh, Holland, Mich.

"I know an old soldier who had chronic diarrhoea of long standing to have been permanently cured by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Edward Shumpik, a prominent druggist of Minneapolis, Minn. "I have sold the remedy in this city for over seven years and consider it superior to any other medicine now on the market for bowel complaints. 25 and 50 cent bottles of this remedy for sale by Heber Walsh, Holland, Mich."

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osgood,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kitchin,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

PETITIONS AND ACCOUNTS.

CITY OF HOLLAND,
COUNTY OF OTTAWA,
State of Michigan.

January 2nd, 1894.

To the Honorable, the Mayor and Common Council in and for the City aforesaid:

I the undersigned present an object to your Honorable Body granting the petition of the Ottawa Furniture Co. for the use of Fourth and Lake streets for a lumber yard or any other purpose not contemplated by law.

I would further represent to your Hon. Body that I am the owner of lots one, two, and the north one-half of lot three, block seventeen, and about 83 feet on south side of lot two, block sixteen in said city, and that I would be greatly damaged by the granting of the petition aforesaid.

Most respectfully yours,
E. J. HARRINGTON.

To the Honorable, the Mayor and Common Council of the City of Holland.

Gentlemen:—We the undersigned respectfully petition your Honorable Body to grant us the temporary use of Fourth street, from River street to Black lake, and also the temporary use of that part of Lake street lying between Fifth and Third streets, such parts of said street to be temporarily used by us for the use of storing lumber.

And whereas, a part of the dry kiln and sheds and out-buildings of the Ottawa Furniture Factory are now situated on Fourth street in said City of Holland, we do further respectfully petition your Honorable Body to grant us the temporary use of that part of said buildings, it being expressly understood that we claim no rights or interest in said street, except such as may be granted by your Honorable Body upon this petition.

Dated January 2nd, 1894.

Ottawa Furniture Co.,
Geo. W. BROWNING, Secy.

Ald. De Spelder moved that the prayer of the petitioner be granted in so far as the same relates to the temporary use of Fourth street, for that portion of the dry-kiln sheds and out-buildings now situated therein.

And resolved further that the petitioner be allowed to temporarily use such portions of the streets applied for as are adjacent to lands owned by petitioner and as will not interfere with the rights of adjacent property holders.—Carried.

Herman Damson and sixty-eight others presented the following petition:

Holland, Dec. 23, 1893.

To the Honorable the Mayor and Common Council of the City of Holland.

Gentlemen:—We the undersigned, citizens and taxpayers of the City of Holland, believe it an unjust distribution of placing the are light on Mill and Eighth street.

Whereas, the lamp on Ninth and Pine streets will give ample light to eighth street we therefore petition your Hon. Body to reconsider your action of the previous meeting and locate the lamp on Maple Mill and Eighth streets instead of Mill and Eighth streets.

And your petitioners will ever pray.—Petition accepted.

The Best Medicine.

J. O. WILSON, Contractor and Builder, Sulphur Springs, Texas, thus speaks of Ayer's Pills:

"Ayer's Pills are the best medicine I ever tried; and, in my judgment, no better general remedy could be devised. I have used them in my family and recommended them to my friends and employes for more than twenty years. To my certain knowledge, many cases of the following complaints have been completely and

Permanently Cured

by the use of Ayer's Pills alone: Third day chills, dumb ague, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard colds. I know that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above."

"I have been selling medicine for eight years, and I can safely say that Ayer's Pills give better satisfaction than any other Pill I ever sold."—J. J. Perry, Spottsylvania C. H., Va.

CASH OUT OF SIGHT.

ROTTEN CONDITION OF AN INVESTMENT SOCIETY.

Three Killed and Cremated in a Rock Island Wreck—Leavenworth's Bridge Opened—Nearly Successful Plot Against the Czar's Life—Short Texas Pastures.

Looted and Wrecked.

At the instance of the present Board of Directors of the National Building, Loan and Investment Company, headquarters at Chicago, an investigation into the affairs of that concern has been made and a report submitted to State Auditor Gore. According to this report the sum of \$75,000 has been loaned on worthless securities, and peculiar business methods generally prevailed among the former officers of the company, some of whom have resigned. The National Building, Loan and Investment Society was incorporated under the laws of the State of Illinois in 1890 with a capital stock of \$10,000,000. The offices of the society are at present on the fifth floor of the Chamber of Commerce Building. The concern has not done such an extensive business as the American, yet it would have been exceedingly prosperous but for the manipulations of directors. Last year O. C. Kneale, who was a director of the American Building, Loan, and Investment Society in its earliest days, got his grip on the National. His partner, William Smith, has disappeared, but the State Auditor hopes to find him and get back the money said to have been loaned on unimproved property.

BURNED IN A WRECK.

Shocking Fate Befalls Three Men on a Rock Island Freight.

Under the ashes and twisted iron of what had been a passenger coach, a caboose and two freight cars, a wrecking crew found a few handfuls of human bones and the battered cases and wrecked works of two gold watches. Not a particle of flesh, not a shred of clothing, not another trinket of any kind was found to identify the bones of those who perished pitifully in a collision and wreck closely followed by fire near Linwood, twenty-seven miles west of Kansas City, on the Union Pacific at 5:30 Tuesday morning. One man is known certainly to have perished in the wreck—J. H. Atwood, conductor of one of the trains, who met his death while bravely trying to warn his passengers of the danger. Two other men, stockmen, are missing and are believed to have perished, but this will not be definitely known until the Union Pacific surgeon has made a thorough examination of the few bones recovered from the ashes of the burned car.

POISON IN THE FISH.

Attempt Made on the Czar's Life at a Banquet.

On the 124th anniversary of the founding of the Imperial Order of St. George a grand dinner was recently given at Cracow, Poland, to all those who had been awarded the decoration. The Czar as the head of the order was present and partook of the banquet. The first course was but half consumed, and the Czar ordered that what was left be sent to the Nicholas Orphan Asylum, where the children also ate of the food. Later in the evening the Czar, the guests at the banquet, and the orphans were all taken sick, and an investigation revealed the fact that the fish had been poisoned. The sickness in the orphan asylum was officially attributed to cholera.

NO GRAIN IN TEXAS.

Stockmen Made Desperate by the Scarcity of Feed and Water.

A dispatch from Fort Stockton, Texas, says conservative men estimate that 90 per cent. of the sheep in that section will die the present winter, for there is nothing for them to eat except dead grass. There is some water, but cowmen are fencing and guarding it. The grass has been killed by the frost. The sheep men are moving their herds toward Mexico, and the cowmen swear they will die before the sheep will go over their ranges. Both sides are armed and ready to shoot.

Across the Missouri.

The new steel drawbridge which crosses the Missouri at Leavenworth, and which was built at a cost of about \$1,000,000, was opened Tuesday with imposing ceremonies. The strength of the bridge having been tested in the presence of the public by having ten large locomotives on it at one time, a train of 100 cars entered Leavenworth over the new bridge, loaded with wheat, lumber, iron, hogs and cattle, for Leavenworth mills, factories and packing houses, the value of the goods being more than \$100,000.

Watch Company Fails.

At Columbus, Ohio, the Columbus Watch Company's property has been placed in the hands of Philip H. Bruck as receiver, upon the application of C. T. Pfaff and Louis Lindenberg, who say they are sureties upon about \$60,000 of obligations the company must soon meet and it has no funds to meet them with. The total assets of the concern are about \$400,000; liabilities, \$230,000.

Burglars Burn an Old Man's Feet.

At Kenton, Ohio, burglars entered Solomon Pollard's residence, tied him and his wife, ransacked the house and secured about \$100 in money and valuables. They tortured the old man by burning his feet with hot irons to make him tell where his money was secreted. His injuries are serious.

To Foreclose a \$50,000 Mortgage.

At Portland, Ore., the Scottish-American Investment Company brought suit against the Portland Industrial Exposition Company to foreclose a mortgage of \$50,000.

Thrown and Killed at East St. Louis.

Boy Lowry, an exercise boy, was thrown from a horse at the East St. Louis race track and fatally injured, his neck being broken. He died shortly after the accident occurred. He came a short time ago from Dodge City, Kan., where his parents reside.

Natural Gas Nearly Burns a Town.

Fire nearly destroyed the small town of Red Key, Ind., Tuesday morning. The total loss is estimated at \$75,000, about one-third insured. The fire was caused by natural gas. There is no fire department in the town.

STEAD'S BLUNT WORDS.

Unmixed Language Before the Woman's Club at Chicago Makes a Stir.

Woman held their breath and looked at each other with trepidation while such stinging and plain words as they had never heard before outside of whispers were uttered by William T. Stead. And when he said that women of riches and talents who wielded them not in behalf of their less fortunate sisters were more disreputable in the eyes of God than the worst woman of scarlet in Chicago's vilest street, the startling audacity of the statement evoked such a medley of hisses, applause and startling evidences of amazement that for two hours after he left the hall the women were constrained to talk in secret as to what he had said. While the dazed condition into which the London editor's bluntness had thrown the throng still existed Mr. Stead went out. It was said then that if he had not gone just when he did he would have been asked to go, but a little later the women began to inquire if there were not, perhaps, a little something in what he had said after all. "I do not know how he can be reached, but a man who would wantonly insult the best and purest element of Chicago society as he has done should be compelled to leave the city." This was the comment of Mrs. W. J. Chalmers in speaking of the address. It was before the representatives of women's clubs that Mr. Stead appeared in Recital Hall, where women were gathered at the behest of the Chicago Woman's Club to confer as to plans to aid the suffering poor women and children of the city. The hall was filled. Dr. Sarah Hackett Stevenson presided.

MILKED THE COMPANY.

Petition for Removal of Northern Pacific Receivers.

Elias W. Pettit, of Philadelphia, General Counsel of the Northern Pacific Railway Company, has filed before Judge Jenkins, in the United States Court at Milwaukee, a petition for the removal of Thomas F. Oakes, Henry C. Payne and Henry C. Rouse, the receivers of the road, alleging that they are parties to a conspiracy to defraud the company, and that therefore their places should be declared vacant and other persons substituted for them. In support of his petition Mr. Pettit presents detailed statements of the way in which he declares the Northern Pacific Railway has been robbed and its directors enriched which throw into the shade any of the achievements of the famous Fisk and Gould manipulation of the Erie Road. Mr. Pettit shows how the Directors of the road, who were all evidently close students of the "Mikado," took upon themselves the role of "Pooh Bah," and that as Directors of the Northern Pacific Railway Company, they bought from themselves miles of branch lines of railway that were absolutely worthless to the Northern Pacific, at a profit to themselves of millions of dollars. Within one year from the time these directors obtained control of the company they had saddled upon it branch lines of road and increased its bonded obligations over \$50,000,000. Not one of the properties so acquired has ever earned the interest on its bonds, and some of them have cost the Northern Pacific Company millions to maintain. The petition avers that the stockholders represented by the board of directors have a cause of action against the late directors, including Oakes and Ralston, for the various transactions set forth.

MR. CARNEGIE'S OFFER.

He Is Willing to Give \$300,000 to the Poor of Pittsburgh.

A letter has been received in Pittsburgh from Andrew Carnegie, addressed to Robt. Pittsford, of the Pennsylvania Railroad, who is associated with other prominent citizens on the relief committee to provide work for the unemployed. Mr. Carnegie offered to give, if the people of Pittsburgh will contribute an equal sum, \$5,000 a working day for two months. This means a contribution from Mr. Carnegie of nearly \$500,000. Mr. Carnegie says: "I know my views about almsgiving, and how often I have written and said that of every thousand dollars spent to-day in so-called charity \$990 of it had better be thrown into the sea. But the business condition in this country, and especially in Pittsburgh, creates a temporary emergency in which money can be beneficially devoted, not to giving alms, but to giving worthy men work who are idle through no fault of their own."

Knights of Labor Growing.

Replying to the statements that the report presented at the recent General Assembly of the Knights of Labor show that the order is rapidly going to pieces, the Executive Board has issued a statement setting forth that the organization is in a good financial condition, that the membership finished the last fiscal year with a fair increase and that the personnel of the order is as good, if not better, than at any time in its history. The development of the organization, it is stated, will be vigorously pushed during 1901.

Austin's Mayor May Go to Jail.

The Mayor and City Council of Austin, Texas, are in trouble. The district judge recently held an old issue of city bridge bonds illegal. The Council passed an ordinance making an appropriation to pay the interest on the bonds. They claim they did it to protect the city's credit, but indication show that the district judge looks at the matter in the light of contempt of his ruling, and may send them to jail.

Lops Off Mrs. Mary Lease's Head.

Governor Llewelling of Kansas has notified Mrs. Mary Lease that her services were no longer needed as President of the State Board of Charities, and without ceremony chopped her official head off. The real cause for her removal was her famous interview several weeks since when she declared that all the Populist leaders, from the Governor down, were hoodlums and thieves.

Now a Raving Maniac.

Two years ago, Dave Morrison, circuit court clerk of Scott county, Virginia, was discovered to be a defaulter to the amount of \$50,000. He was arrested, but soon afterwards escaped from custody, and his whereabouts have since been unknown. A dispatch from Bristol, Tenn., says that Morrison has made his appearance at Gate City, and that he is a raving maniac.

New York Fireman Killed.

Three fires Wednesday night at New York destroyed property worth \$275,000 and cost the life of August Miller, a fireman. Albert Donovan and James Barnett, also fire patrolmen, were more or less seriously injured.

What Colorado Farmers Want.

At the Farmers' Alliance meeting at Denver a resolution was adopted asking Congress to appropriate \$200,000,000 for the construction of reservoirs and other internal improvements.

STUNG BY DISGRACE.

CINCINNATI MAN SEEKS OBLIVION IN DEATH.

Justice to Be Appealed by Prendergast's Life—K. of L. Mix Up in National Economics—Small-Pox Victim Roams Chicago's Streets.

The Wages of Sin, Death.

For the second time within two days George W. Leighton, a real estate dealer, who is said to live at Home City, a suburb of Cincinnati, attempted unsuccessfully to commit suicide at Chicago Friday night by taking poison. Leighton's first attempt was made Thursday night at the Grace Hotel, Clark and Jackson streets, where he was staying. The second attempt was made at the Stafford Hotel, Pacific avenue and Van Buren street. Each time Leighton was discovered before it was too late, and restorative were applied. At the County Hospital the physicians said Leighton would probably recover. Mr. Leighton is a prominent citizen of Cincinnati and it is supposed the cause for his attempt at suicide may be found in dispatches from Cincinnati which announce the prospective indictment of six prominent men of that city who are charged with fraudulent real-estate deals in connection with the Cincinnati Widows' Home. Among the names mentioned is that of Mr. Leighton.

RUN OUT WITH SMALLPOX.

Man with the Disease Driven Into the Streets by Chicago Police.

After being run out of West Pullman by the police of that Chicago suburb, and out of Kensington by the police on duty there, after riding on the electric and cable roads from Kensington to Chicago during an hour of the night when traffic is very heavy; after walking the streets of Chicago all night, C. W. Sever walked into the health department the other morning displaying a well-developed case of smallpox. He informed the officials there that unless he was given treatment and a place of refuge he should place a card with the word "Smallpox" on his back and wander about the streets again until he found some one to care for him. Sever was taken into the private office of the Commissioner of Health, hungry, weary, footsore, and weak from his sickness. The officials sent out for food for him and shut him out from the general thoroughfare, after which he was sent to the small-pox hospital. Sever is 58 years old, with a family in Michigan, and has been having hard luck since the hard times set in.

GUILTY THE VERDICT.

Carter Harrison's Assassin Must Explain His Crime with His Life.

Death is the penalty decreed against Patrick Eugene Joseph Prendergast for the murder of Carter H. Harrison. The last word of awful accusation was uttered by A. S. Trude on noon Friday; an hour later the Judge charged the jury, and sixty-two minutes after Prendergast's fate was committed to twelve of his peers a verdict was returned, which read: "We the jury, find the defendant, Patrick Eugene Prendergast, guilty of murder, in the manner and form as charged in the indictment, and we fix his punishment at death. The assassin did not falter at the announcement of his doom; he bent his head slightly, and touched his forehead with the tips of the fingers of his right hand, then his breast, next his left and lastly his right shoulder—making the sign of the cross"—he mumbled the words, "In the name of the Father and of the Son and of the Holy Ghost." Later, however, he collapsed completely, and in his cell was overcome by the most abject terror.

OPPOSES THE BOND ISSUE.

Grand Master Sovereign Issues a Highly Sensational Address.

General Master Workman Sovereign, of the Knights of Labor, before he left Philadelphia for his home in Des Moines, issued an address to the Knights throughout the country appealing to them to protest against the proposed \$200,000,000 government bond issue. In closing his address Mr. Sovereign says: "I am in receipt of letters from the cotton regions of the South and from agricultural districts in the West, declaring that the issuing of interest-bearing bonds by the National Government will be considered sufficient provocation to justify a call to arms. The issuing of bonds is an outrage upon a liberty-loving people and should brand with eternal infamy every name connected with the disreputable transaction."

Its Charter Forfeited.

The Superior Court has declared forfeited the charter of the Omaha and Council Bluffs Railway and Bridge Company. The company operated a motor line in Council Bluffs, for which the city had given \$50,000 on condition that the corporation paved the street between its tracks. Not only was this provision neglected, but the company also practically made the streets which it used impassable by placing its tracks on a high embankment.

Wilson Is Wiped Out.

A dispatch from Cape Town states that native runners have arrived at Fort Salisbury bringing confirmation of the reports of the annihilation by the Matabeles of Capt. Wilson and the force commanded by him. The runners state Capt. Wilson was surrounded by the Matabeles, and that not a single man of the British force escaped.

New Bid for Cherokee Bonds.

In the matter of the Cherokee bond sale the impression is that the Chubbick option has expired. The bank of deposit was changed by him without authority from the Cherokee. A bid of par and \$100,000 interest is now in the hands of the chief and will be submitted to the Legislature.

Wife Worth \$10.

A St. Joseph, Mo., man, whose wife was killed by a train, has offered to settle with the railroad company for \$10. He says: "She was a good wife and her cooking could not be equalled in the State. She was worth all of that to me and I think you ought to pay."

Wyoming Passenger Coach Lost.

Great excitement exists in Lander, Wyo., over the nonarrival of the mail and passenger coach from Rawlins. Superintendent McDonald has gone with a coach to look for the lost passengers and mail. It is feared it is buried by a snow-slide.

Fifteen Are Drowned.

A heavy storm swept over Port Phillip Bay, doing considerable damage to shipping. The steamer Alert was wrecked at Jubilee Point, and thirteen of her crew and two passengers were drowned.

Battle in Nicaragua.

A special from San Salvador says a battle is reported to have been fought between Ronderian troops and the rebels.

WILSON BILL TO PASS IN JANUARY.

Speaker Crisp Thinks Hard Times Will Then Be Relieved.

Speaker Crisp, in an interview at New York the other day, said he thought the Wilson bill would pass the House in January, though there might be some few amendments. His idea was that the hard times might be relieved somewhat when the Wilson bill became a law. He thought the present depression was owing to over-speculation and a general panic to liquidate. "Will not the Wilson bill leave a deficit of \$50,000,000 annually?" he was asked. "It is difficult to tell," he replied, "because the matter of a deficit is merely speculative. On the basis of the present importations into this country it has been calculated that the deficit will be about \$50,000,000. When the Wilson bill becomes a law the great reduction in the tariff may increase to a wonderful extent the importations and thereby increase the revenue. The present tariff is no criterion to judge the operation of the Wilson bill, because the McKinley tariff is prohibitive on many articles. Increased importations will naturally increase the revenue, though the tariff may be much lower."

ANNA WAGNER NOT GUILTY.

Such Is the Verdict Rendered by the Indianapolis Jury.

Anna Wagner, whose trial at Indianapolis has been going on for nearly a month and who was charged with the murder of three children and the wife of Charles Koester, because she was in love with Koester, was acquitted. The verdict was greeted with uproarious applause and Anna Wagner, after hearing the words that set her free, gasped and fell to the floor unconscious and remained in that condition for twenty-five minutes. Anna Wagner was the domestic in the Koester family and the method employed by her for causing the death of the Koesters, as alleged by the prosecution, was slow poison.

California's Terror Breaks Loose.

Chris Evans, of Evans and Sontag, notorious outlaws and train-robbers, escaped from the county jail at Fresno, Cal., at 6:30 o'clock Thursday night. Mrs. Evans was in jail with her husband, and when a keeper and waiter appeared with a lunch, the bandit and his wife leveled pistols, and compelled him to open the doors, the waiter also turning to assist the outlaws. Evans met the City Marshal on the way out and shot him through the body. The wound is considered fatal. Evans ran toward a newsboy with a horse and cart, chased the boy out, jumped into the vehicle and drove rapidly northward. It is supposed he was met by friends at the outskirts and helped on his way to freedom. Mrs. Evans remained in the jail.

Killed by Natives.

Dispatches received by London city houses through the South African merchants, Messrs. Sons & Co., report that the British South Africa Company's force under Captain Wilson, forty strong, have been massacred by the Matabeles. All communication between Captain Wilson and Major Forbes has been destroyed by the rising of the rivers, it now being the rainy season.

Three Men Die from Exposure.

On Saturday Joseph and Henry Manly and George Cronk started to walk from Saranac Lake, N. Y., to Tupper Lake over the ice. When about half way across the lake the ice gave way and all three went down. By heroic efforts they managed to get out, but before they could get to shelter were badly frozen. The three men died from exposure Monday morning.

New Cordage Trust.

The United States Cordage Company, which has risen from the ashes of the National Cordage Company, begins business according to its new charter under the laws of New Jersey. It starts with a capital stock of \$34,000,000, and has offices for the transaction of business in New Jersey, New York, Boston, Chicago and Cincinnati.

Payne Expects a Strike.

At St. Paul, Minn., the action of the receivers of the Northern Pacific was entirely unexpected and caught the men between wind and water. It is claimed that the men have gained nothing whatsoever and that the presence of 120 of them in St. Paul for the past two weeks has cost the organizations not less than \$500 per day.

Relative of the President Dies.

Near La Grange, Ga., the residence of Johnson (Cleveland), was burned. Edward Cleveland recovered the body of his sister-in-law, who had died from suffocation. The Clevelands are closely related to President Cleveland.

New Mayor Sworn In.

In the presence of a brilliant assemblage which filled the council chamber to its extreme capacity, John P. Hopkins was formally inducted into the office of Mayor of Chicago Wednesday night.

STATE OF MICHIGAN.

OCCURRENCES DURING THE PAST WEEK.

Made the Chicken Thief Pray—Incendiary Burglaries at Birmingham and Mount Morris—Adventists Give Much Property to Missions—New Banks.

The Man Up a Tree.

A Battle Creek farmer was troubled with chicken thieves, so he set his bull dog to watch the coop. In the middle of the night he heard a terrible hulla-balloo, and investigating found that the dog had a man up the tree. The farmer was very mad and threatened to shoot at first, but finally he decided, providing the thief would pray. It was the hardest task the fellow ever attempted, but he swung off with "Now I lay me down to sleep." The whole thing was so ridiculous that the farmer broke out in great guffaws and let the thief go off free.

Bank Chartered in 1893.

Banking Commissioner Sheppard has issued certificates of authority to do business to the following new banks during the past year: Ithaca Savings Bank, Ithaca, \$35,000; Lilly State Bank, Tecumseh, \$40,000; First State and Savings Bank, Ewart, \$15,000; State Savings Bank, Gaylord, \$15,000; Kalamazoo County Bank, Schoolcraft, \$20,000; State Savings Bank, Grand Lodge, \$25,000; Tecumseh State Savings Bank, Tecumseh, \$25,000; Dexter Savings Bank, Dexter, \$25,000; Ullrich Savings Bank, Mt. Clemens, \$10,000; People's Savings Bank, Belding, \$35,000; People's Savings Bank, Ironwood, \$50,000; McCallan & Anderson Savings Bank, Detroit, \$150,000; Adrian State Savings Bank, Adrian, \$100,000; Blissfield Savings Bank, Blissfield, \$15,000; Commercial Savings Bank, St. Joseph, \$25,000; Union Trust & Savings Bank, Flint, \$200,000; First Commercial & Savings Bank, Wyandotte, \$50,000; Commercial & Savings Bank, Albion, \$35,000. These banks have an aggregate capital of \$853,000. Last year 21 new banks, with a capital of \$1,236,000, were organized.

Show Their Generosity.

The Seventh Day Adventists held their annual gift meeting in Batt's Creek. It was largely attended and very enthusiastic, over \$21,000 in cash and property being contributed for their foreign missions. Seventy-three gold watches and numberless chains, rings, and other articles of jewelry were taken from the pockets of those present and piled upon the altar. One citizen contributed a deed of his home, valued at \$4,000. Women brought table silverware and all sorts of jewelry and trinkets. One lady gave her silk dress, another a gold teapot worth \$50. Still another a gold and silver tea service valued at \$65. Following each appealing address and stirring song the contribution box was passed and its contents emptied upon the rostrum.

Judges Would Simplify Practice.

At Lansing, the Association of Judges of Michigan elected Frederick J. Russell, of Hart, President, and Jos. B. Moore, of Lapeer, Secretary and Treasurer. According to resolutions adopted whenever in the course of his duties a judge encounters a law which is ambiguous in its terms or which conflicts with or acts a limitation to another existing statute he will draft a bill designed to correct the difficulty, the object being to simplify the practice, render laws more easily understood, and hasten the trial of causes. A committee was appointed to formulate a uniform code of rules to govern all Michigan courts of record.

Tries to Copy Furniture Designs.

A smooth Southerner, who represented himself as a large buyer, came to Grand Rapids and began a thorough tour of the furniture factories. He spent a day in each. He was shown all the choicest designs in spring furniture, but was finally detected making hasty sketches, and when cornered admitted that his name was F. S. Kiger, furniture designer of Mount Pleasant, W. Va., and that he had been sent by his house to steal new designs. There is no law covering the case, and after he had made a written confession he was allowed to leave town.

A Gang of Thieves.

Waldron officers searched the barn of Enos Hurschburger in looking for goods stolen from the store of John McNair, of Prattville, on the night of Dec. 23. They were about to leave the premises when Mr. Hurschburger told them the goods were concealed in the barn. A warrant was issued for his son, Henry Hurschburger, who gave himself up and made a confession, implicating John Harrison. Young Hurschburger claims to belong to a gang of thieves, and says he knows the parties who have committed numerous thefts in that vicinity.

Caught the Plumber.

Deputy Sheriff Napier has captured in Canada James McCarthy, a former plumber of St. Joseph, who some time ago, it is alleged, succeeded in getting several hundred dollars' worth of valuable checks cashed and otherwise did up his friends in St. Joseph, and then skipped. A number of merchants cashed McCarthy's personal checks upon his representations that he had a bank account.

POISONING POPULAR IN INDIA.

Where it is Convenient to Dispose of an Enemy Without Suspicion.

"Although the English government keeps strict surveillance over its subjects in India, it does not seem able to stop the wholesale poisonings going on among the natives there every year," says William Bekstein, the London iron manufacturer, who was in the city recently, says the Pittsburgh Dispatch. "It seems innate in the native Hindu to poison if he desires to get rid of some one who is in his way. The poisons which the natives use produce the same symptoms as the poison of a snake. The victim dies suddenly and is cremated within an hour or two after death, so there is no opportunity of investigating the cause. The poisoner, to further deceive, usually makes a cut in the leg or arm with a knife, such as the fangs of the snake would make, so that it is difficult to distinguish a victim of the snake from the victim of the poisoner. There are thousands of deaths put on the government registers every year that are attributed to the bites of snakes. I venture to say that but a small percentage of these are from that cause. In traveling through India it is rarely that a snake will attack, for as soon as it hears anyone approaching it glides away. Europeans are seldom bitten, on account of the boots and leggings they wear, but the natives, who go barefooted, occasionally step upon a reptile which strikes them, and death results in a few hours.

"The English government offers six pence a head for every poisonous snake killed in India. I know of some places where natives went into the business of breeding cobras for the purpose of getting this bounty and made a good business out of it. In lower Bengal, where snakes are held to be sacred, you find them in profusion, for it is considered sacrilege to kill them. I remember a house in which I resided in that district in which it was usual to kill one or two cobras a day. Snakes had got between the walls of sun-dried brick, and once in a while would steal out of a hole like a rat."

HEAVY-WEIGHT SAINTS.

How They are Elevated in St. Paul's Cathedral, London.

A curious sight may be witnessed any day in St. Paul's cathedral just now, says the Westminster Gazette, namely, the preparations for hoisting into position the colossal statues of saints and fathers of the church which are being placed in the eight niches round the drum of the dome in the interior of the church. To raise a block of stone weighing over a ton to a height of one hundred and thirty-five feet above the pavement is no easy matter. Perilous-looking platforms resting on strong joist and supported by scaffolding poles at daring angles, which are marvels of skillful construction, are erected across a narrow segment of the dome alongside the niche to be filled. The saint, divided into three pieces, each weighing over a ton, and carefully padded round to guard against any injury to the walls or railing of the whispering gallery as he ascends, is attached to a pulley composed of several thicknesses of rope, which, passing through a window high up in the dome, is raised or lowered by a windlass worked by four men in the stone gallery outside.

St. Chrysostom was safely landed in his aerial niche about a year ago. St. Basil is already in position, but awaits the finishing touches of the sculptor, Mr. Woodington. St. Augustine of Hippo is now going up in sections, and a fourth father or doctor of the church is expected aloft before Christmas. The saints are riveted into the wall behind by iron clamps or stanchions, so that, as Canon Scott Holland told the workers and voluntary assistants of St. Paul's at their annual dinner on St. Paul's day, nothing short of an earthquake could dislodge them.

VALUABLE WASTE PAPER.

How Much of the Photographers' Nitrate of Silver is Re-Collected.

"Refiners of nitrate of silver for the use of photographers," said one of this profession to a correspondent of the Minneapolis Tribune, "have agents traveling constantly about the country collecting the waste clippings of sensitized paper that accumulate in the photograph gallery. They buy and pay for it in new sensitized paper for the photographer a price for his waste. The waste is sent to the refiners, where the paper is separated from the chemical process and prepared for market again. This re-use of waste is as good as it was original and is sold for just as much. Refiners, of course, make a big profit out of the waste, and the photographer is able to get a good supply of sensitized paper for the scraps that would otherwise be of no use to him.

When one thinks of the great number of photograph galleries and the studios in the country, and the fact that the waste paper of them is all carefully gathered by the refiners at a price that will average one dollar a pound, he may get some idea of the proportions of a business that is utterly unknown outside of the persons directly interested. Not only the scraps of silver-sensitized paper, but those of the paper treated with solutions of gold, are eagerly sought by the refiners, and the photographer is always very glad to exchange his accumulation of it, to him, worthless waste for a neat stock of valuable nitrate."

A Woman as Judge.

It seems that woman has a very old precedent in the matter of acting as a judge. In the time of Henry VIII. a certain Anne Berkeley, of Yate, Gloucestershire, appealed to the king to punish a party of rioters who had broken into her park, killed the deer and burned the hayricks. His majesty granted to her and others a special commission to try the offenders. Armed with this, she impeached a jury, heard the charge, and, on a verdict of guilty, pronounced sentence.

Explanation.

There is a report, just called to my attention, to the effect that I practice special medicine, on Eye, Ear, etc., only. How or why this report was circulated I do not know, except that special work done has led to this report, or it was done for a purpose.

I came here to succeed Dr. J. G. Huizinga and practice general medicine, as shown by professional card.

Although I deem it improper to get into print one way or another, it seems best that the current report be denied, and I hope that no further explanation will be necessary.

HE COMMITTED SUICIDE!

The Cause and Its Lesson.

Why did he commit suicide? Oh! for the same reason that thousands of others are on the verge of the same sin, or in immediate danger of insanity, paralysis, idiocy, or some other equally unfortunate result of any nervous affection. He knew he was afflicted with a nervous disorder, but was careless, apparently indifferent to the outcome; or he may have lessened his chances for recovery by treating with physicians who had little or no knowledge of such affections, or by deluging himself with worthless so-called remedies. His case was a sad one, but no worse than that of any other nervous sufferer, who has nervous or sick headache, biliousness, dizziness, irritability, melancholy, failing memory, hot flashes, fainting, sleeplessness, nervous dyspepsia, sexual debility, epilepsy, etc. The same or similar consequences are likely to result to any one who has any of these advance symptoms of an awful end. Do not hesitate in getting rid of them by intelligent treatment. Dr. Franklin Miles, the celebrated specialist, has studied nervous diseases over 20 years, and has discovered the only reliable remedy for them. Thousands of voluntary testimonials prove the virtues of Dr. Miles' Restorative Nerve.

Alonso Barker, of Clinton, N. Y., writes: "I was so afflicted with extreme nervousness that I was on the verge of insanity. My hands trembled so that I could scarcely feed myself. I used twelve bottles of Dr. Miles' Restorative Nerve, and was cured. It is with pleasure I recommend this wonderful remedy for nervous troubles."

"I had been a great sufferer from chronic headache until I began, about four months ago, to use Dr. Miles' Restorative Nerve and Pills, since which time I have not had a headache. Several of my friends are using Dr. Miles' Remedies, and find them, as I did, to be more than you claim for them."—Mrs. Mary Kister, Los Angeles, Cal.

W. H. Capwell, editor Tribune, Plymouth, Pa., writes: "My wife was cured of sick headache of many years' standing by the use of Dr. Miles' Restorative Nerve. She had recommended it to her friends, and they all praise it highly."

Dr. Miles' Restorative Nerve is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It is positively free from opiates or dangerous drugs. Dr. Miles' Pills, 50 cents, 25 cents. Free book at druggists, or by mail.

OUR NEIGHBORS.

Allegan County.

The board of supervisors met in special session Monday of last week, to consider the matter of calling a special election under the local option law. Petitions and remonstrances were duly presented, the latter alleging that the former were not in strict conformity to the statute. Judge W. B. Williams and C. R. Wilkes appeared in behalf of the petitioners and H. H. Pope and R. L. Newnam, in behalf of the opposition. By a vote of 20 to 2 the board fixed Monday, Feb. 19, as the day for holding a special election.

The Sangatuck Commercial was a quarter of a century old last week.

Allegan Journal.—Frank W. Hadden, a graduate of the Allegan Journal office, but now one of the proprietors of the West Michigan Furniture Co., at Holland, of which he is superintendent, was in town on Wednesday. This company employs 375 men.

Chas. Bellinger will move his family to Holland, where he has accepted a position as foreman on the C. & W. M. R'y.

Fennville Herald.—Johnnie Boone and Miss Allie Pieters of Holland, and Ed. Pieters of Ann Arbor visited Mr. and Mrs. John A. Pieters here.

Sangatuck Commercial.—Horace D. Moore, of Allegan, a former resident of this place, is in a dangerous condition on account of a cancer that has appeared on his neck just below the ear. A few years ago a small cancer was removed from Mr. Moore's face. It is thought that his recovery now is unlikely.

Hon. J. F. Henry has spent a great deal of time lately in preparing shipping statistics of this harbor for the use of those who are working at Washington for an appropriation.

There is talk of organizing a tent of the Maccabees in this village. There are already many members of the order here.

Rev. W. R. Seaver was taken ill in church last Sunday morning while delivering his sermon, and was unable to complete it.

Chas. Lee, who sold out and went to Holland a short time ago, has been trying to buy his property back, as he likes Fennville best.

Allegan Gazette.—The law firm of Williams, Williams & Butler has been dissolved, Mr. Butler retiring. W. B. Williams and son Frank will continue business under the firm name of Williams & Williams.

The annual meeting of the Farmer's Mutual Fire Insurance company of Allegan and Ottawa counties, will be held in this village, Thursday, Jan. 11.

Fred Lichte, a farmer living in the northern part of Allegan township, lost his barn and its contents by fire, Monday night, about 9:30. Fourteen head of cattle, a two-seated buggy, all his harnesses, a quantity of cornstalks, forty-five tons of hay, two strawstacks near the barn, and all the adjoining sheds were burned. The loss is about \$5,000.

The Monterey correspondent of the Gazette writes:—"Democratic badges are becoming quite popular this win-

ter. Wives of laboring men who have been sitting around waiting for work are fashioning the badges and sewing them on their husbands' pants where 'voters for a change' wish they had been kicked before casting their ballots for free-trade last fall.

Mr. and Mrs. James Koning of Sangatuck have gone to Buffalo to spend the winter with relatives.

The transfer of freight between the boats and cars is estimated to be worth, in labor, \$1,000 a week at present and will continue to be as long as the Soo remains closed and Lake Michigan open.

Spring Lake is said to have a matrimonial club. It has subscribed for a number of marriage papers, and the members pick out some lady's advertisement, get her address and then draw cuts to see which one will correspond with her and do all in his power to marry her.

The Spring Lake village council had a tumultuous session over a resolution censuring councilman Brown for allowing himself to get into print over the recent trouble between the council and the village president. Mr. Brown defended himself with so much vigor that for a time it looked as though the session would end in a general row.

Grand Haven.

G. H. Tribune: The TRIBUNE did not intend to insinuate, the other day, that all the Holland people in this vicinity celebrated New Year's Day with whiskey and raisins, but stated that it was a custom of the Netherlands, and among the Hollanders in this country it was still in vogue. So it is, but not among all of them, nor a majority of them. Mr. C. Van Zanten informs us that of the eleven provinces of the Netherlands it is in vogue in only one.

The G. R. Press mixes up the Holland with the Grand Haven postoffice war, as follows: "The religious question has now been brought into the postoffice fight. M. G. Manting, editor of the Ottawa Times, is a candidate, and the opponents now make the charge that he is a member of the A. P. A."

Mrs. Chas. Rounge died at her home in Peach Plains on New Year's day, aged 67 years.

The entertainment on New Year's night for the benefit of the Upper Peninsula sufferers was a successful affair, both socially and financially, and netted about \$100.

Saturday morning Sheriff Keppel conveyed to the asylum at Kalamazoo, Mrs. Afke Post, of Allendale.

The stars and stripes were hung in the breeze from the flag staff of the new court house for the first time on New Year's day.

DREAMS OF SCIENTISTS.

The Heart of the Tornado—Atlantic Transatlantic of the Atlantic.

"I want to get there—right there, into the business end of the storm where the tornado is generated. I want the tornado's secret, its agent, and God helping me, I shall have it. If electricity, then we may be able to dissipate Jove's awful wrath and relieve our great cities of their worst nightmare, their most insidious and most implacable foes."

The man who made this bold and striking remark, says the Philadelphia Press, is Prof. Henry Allen Hazen, expert meteorologist of the United States weather bureau, who has nearly completed arrangements for a series of not less than one thousand high altitude balloon ascensions, to be made as often as three times a day, under a new and original principle of gas conservation, with new scientific instruments made in England expressly for the purpose.

The proposition is now before the board of advisers, who may be expected to report on the application as soon as Prof. Langley, secretary of the Smithsonian, shall return to his post. Prof. Langley himself is much interested in the subject of free air observation, especially in an idea he has of sending up self-registering instruments to the highest possible altitude without risking the presence of a human being in a balloon. Prof. Hazen, however, regards this method as only supplementary to the work of personal observation and instrument readings which he has in view.

Aerial transit across the Atlantic ocean is the ultimate object toward which Prof. Hazen's plans are tending. He states unreservedly that he will make the trip if he lives. He is already looking forward to the construction of a balloon basket in the form of a completely equipped open boat with air-tight compartments. In this vehicle, stored with food and drink for many days, the professor will set out without a qualm of fear. The only apparent difficulty that has ever beset the problem has been the inability of the aeronauts to keep the balloon on a steadily horizontal plane. The rising and the falling of the balloon can be regulated by an original device of Prof. Hazen. He will carry a bucket at the end of a long rope, and water drawn from the ocean will constitute the necessary ballast whenever his balloon seems to get more buoyant. The water will be poured out again when the balloon needs buoyancy.

There is a good reason for popularity of Chamberlain's Cough Remedy. Davis & Buzard, of West Monterey, Clarion Co., Pa., say: "It has cured people that our physicians could do nothing for. We persuaded them to try a bottle of Chamberlain's Cough Remedy and they recommend it with the rest of us." 25 and 50 cent bottles for sale by Heber Walsh, Holland, Mich.

Carlton Cornwell, foreman of the Gazette, Middletown N. J., believes that Chamberlain's Cough Remedy should be in every home. He used it for a cold and it effected a speedy cure. He says: "It is indeed a grand remedy, I can recommend to all. I have also seen it used for whooping cough, with the best results." 25 and 50 cent bottles for sale by Heber Walsh, Holland, Mich.

To the Farmers!

Be sure and look well this season to your own interests, in buying your Hay Loaders and other farming tools.
I keep at present the Book Island Rake and Hay Loader combined, which is far ahead of anything yet offered in this vicinity. It has already been tested, to the best satisfaction, by one of our largest farmers in Fillmore, Kansas Dykhuys. He prefers it far above the Keystone.
Also something new in the Hay unloading line, with which you can unload your grain as well as your hay.
The American Cultivator and 8-ender and Bean Puller Combined. Will pull from 8 to 10 acres in one day.
Also the North Molester Spring Tooth Harrow, all steel. No loading up of dirt.
The Five-tooth Cultivator, all steel.
Land Rollers, Flows, Hay Rakes, Double Shovel and Three Shovel Cultivators, Hay Forks and Hay Attachments.
I also keep on hand a full line of Suggies, Road and Farm Wagons, and Carriage.
Particular attention is called to my new Patent Double Tross Harness, which I now put on all my wagons, and of which I am the sole proprietor for this City. This is the only true tross harness made. No extra charge. Upon short notice I fill every order in the Wagon and Harness line. Carriage and Wagon Painting done in the most satisfactory manner.
At Wholesale and Retail—a full line of Iron and Steel.
I buy all kinds of Furs, and keep a full line of Bear Skins.
All the above goods I will sell at close margins, for Cash, or good Bankable paper.
Thanking you for your past patronage I solicit your further trade during the ensuing season.
