Celebrated Impersonator Will Appear In "The Sign Of The Cross."

The special numbers of the Hope College lecture course are exceptionally good this year. The one to be given Saturday evening, January 13, by James Francis O'Donnell, should attract an audience that will test the capacity of Winants Chapel.

Mr. O'Donnell will impersonate the characters in Wilson Barrett's famous dramatic triumph "The Sign of the Cross." In all he will portray 18 different characters. Of Mr. O'Donnell the Dayton Press says: "At eight o'clock last evening a large audience assembled at the High School Auditorium and listened to James Francis O'Donnell, of Cleveland, in his thrilling monologue adaptation of Wilson Barrett's famous drama, "The Sign of the Cross." Mr. O'Donnell is a monologist of wonderful ability and his entertainment here last night was one the like of which is seldom seen or heard in Dayton."

Popular prices will prevail for this entertainment and seats are now on sale at Hardies jewelry store for 35 cents. Those holding course tickets may reserve the same seats by presenting their tickets.

It Is Serious.

Some Holland People Fail To Realize the Seriousness.

The constant aching of a bad back. The weariness, the tired feeling. The pains and aches of kidney ills. Are serious if neglected. Dangerous urinary troubles follow. A Holland citizen shows you how to avoid them.

Mrs. F. Andree, of 243 West 12th street, says: "For a year or more I had a constant aching pain through my loins in the side and also a soreness of the stomach. I could hardly stoop to lift anything without suffering severely. I did not rest comfortably at night and became so lame and sore from lying in one position that in the morning I arose feeling tired and unrefreshed. I was bothered a great deal with headache, spells of dizziness, and the kidney secretions became affected, were irregular, too frequent and unnatural. I doctored a great deal, took many kinds of medicines, but without getting better. I believe I would be still suffering if I had not heard about Doan's Kidney Pills and procured them from J. O. Doesburg's drug store. I felt better after taking a few doses and continued their use until cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How can he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how can you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get one full pound of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

(Save the Lion-heads for valuable premiums.)

FIENDISH CRIME AT BOISE, IDAHO

EX-GOVERNOR STEUNENBERG
SLAIN BY DYNAMITE BOMB AT
ENTRANCE TO RESIDENCE

Deed Probably Committed in Revenge
for His Prosecution of the Coeur d'Alene
Gang in 1899—Victim Is
Terribly Mangled.

Boise, Idaho, Jan. 1.—Frank Steunenberg, former governor of Idaho and famous throughout the nation for his relentless prosecution of the notorious Coeur d'Alene gang in 1899, met a dreadful death Saturday evening at the hands of unknown foes. As he was entering the front gate of his home in the suburb of Caldwell a dynamite bomb was exploded, blowing off both his legs and inflicting fatal internal injuries. The distinguished Idahoan died in 20 minutes.

The crime is one that will rank in history for its peculiar fiendishness. Gov. Steunenberg, as he was familiarly called, was about to join his family at supper. His wife and three children were awaiting his coming. The evening meal was spread upon the table. As he pushed the gate open there was a terrific explosion and a flash of light that could be seen clearly for a mile illuminated the premises. The victim's clothing and shoes were torn to tatters and his back was terribly injured. Both legs were shattered frightfully. The shock of the explosion was felt all over the town and broke all the glass in that side of the Steunenberg home. Mr. Steunenberg was hurled 30 feet and was picked up nearly lifeless. Death resulted more from shock than from loss of blood.

How Bomb Was Exploded.
When daylight dawned on the scene of the tragedy, it was found that the dynamite had been exploded by pulling a wire. Pieces of wire and waxed fish line were found in the trees on the lawn. Further, it is believed that two bombs were used, to make certain of carrying out the purpose of the assassination. They seem to have been together, both being pulled at once. It was quite definitely determined during the night that the mine was fired by a wire. The explosive was placed against the post, against which the gate closed, and on the inside of the fence.

Echo of Coeur d'Alene.
Shoshone county has offered a reward of \$10,000 for the apprehension of the murderers, and has sent its sheriff to assist in the search. It was in that county, in the northern end of the state, that the Coeur d'Alene riots occurred in 1899. There is no known reason for the outrage, but it is charged to some member of the famous inner circle of the Coeur d'Alene dynamiters whom he prosecuted so relentlessly in 1899 while he was governor. Gov. Goodin has notified the Canon county officials that the state will offer a reward of \$5,000 for the apprehension of the murderer.

Steunenberg, with the assistance of United States troops, maintained martial law in Shoshone county for more than a year after 1,000 miners, each carrying a stick of dynamite, blew up the concentrator of the Bunker Hill and Sullivan Mining company, causing the destruction of property valued at \$300,000. More than 1,000 men were arrested and confined in an inclosure known as the "bull pen," and the leaders of the insurrection were tried and sent to prison.

Steunenberg was governor of the state from 1897 to 1901, having been twice elected. He was born in Iowa 44 years ago, and had been in Idaho since 1887. He leaves a widow and three children.

TRACTION MAGNATE DIES IN GOTHAM

CHARLES T. YERKES, THE NOTED
STREET RAILWAY FINAN-
CIER, PASSES AWAY.

Developed Car Service of Chicago and
Built Underground Tubes in Lon-
don—Leaves Fortune of Several
Millions.

New York, Dec. 30.—Charles T. Yerkes, the noted railway magnate and financier of Chicago and London, died Friday in his apartments at the Waldorf-Astoria hotel, where he had been ill for more than six weeks. Mr. Yerkes suffered from a complication of diseases, growing out of a severe cold which he contracted in London early in the fall.

Mr. Yerkes' vast financial interests will not be greatly disturbed by his death. He anticipated his end, and the companies in which he was interested prepared for such a contingency. Mr. Yerkes left a fortune of several million dollars.

Mr. Yerkes was born in Philadelphia June 25, 1839. His education was acquired in the common schools and Central college of that city. His father was a successful banker and for many years president of the Kensington National bank, of Philadelphia. At the age of 17 Mr. Yerkes entered the well-known commission house of James P. Perot & Co., and remained three years, when he embarked in the business of banking exchange on his own account. In 1866 Mr. Yerkes made his first railroad venture in Chicago. He organized the North Chicago Street Railroad company, of which he was elected president, and acquired control of the old company operating car lines in that division. It was in 1898 that Mr. Yerkes began the formation of the Chicago Union Traction company, in which he interested a syndicate of Chicago and eastern capitalists, and to which he leased his interest in the North and West Chicago Railroad companies. At the same time he organized the Consolidated Traction company, to which he sold his outlying railway lines on the North and West sides. The manner in which he disposed of his Chicago holdings proved him a financier of great ability and when in 1901 he bade farewell to Chicago to go to London he took with him at least \$15,000,000 more than he had when he came here. On March 6, 1901, he sailed for England. He immediately began work on his project for an underground railway, first seeking a grant from parliament. In this fight he was opposed by J. Pierpont Morgan, who was at the head of an American syndicate which also wanted an underground franchise, but won out. He built the underground and was rewarded with fame and wealth surpassing that which he had attained in Chicago.

Inheritance Tax Law Upheld.
St. Paul, Minn., Dec. 30.—The supreme court Friday handed down an opinion in the case of Jesse Foot, as county treasurer of Ramsey county, against E. W. Bazile as judge of the probate court, in which the court holds the inheritance tax law constitutional and a valid legal enactment. The decision of the supreme court is exceedingly important. For years attempts have been made to frame an inheritance tax law that would stick.

Vessel and Crew Lost.

Victoria, B. C., Dec. 29.—The British bark Pass of Milford, from Ancon, for Puget sound, drove ashore on the rocks of Vancouver island, a quarter of a mile east of Amplitrite Point, Tuesday night, and all on board, 25 in number, were lost.

Shot in Self-Defense.

MILLIONAIRE ENDS HIS LIFE.

SCuicide in San Francisco of Frank
Phiscator, Famous Alas-
kan Miner.

San Francisco, Jan. 2.—Frank Phiscator, a millionaire Alaskan miner, ended his life Sunday in his apartments at a local hotel by cutting his throat with a razor. Phiscator is said to have been one of the pioneers of the Klondike, and was at Forty Mile at the time of the great discoveries. He built the first house in Dawson. He had rich claims on Bonanza creek. Phiscator came originally from Michigan.

Grand Rapids, Mich., Jan. 2.—Frank Phiscator, the millionaire Alaskan miner who committed suicide in San Francisco, was very well known in Berrien county, Michigan. He made ten visits to Baroda, where he had provided his parents with a fine home and the luxuries of life. His brothers and sisters also profited largely through his good fortune. His annual homecomings were occasion for prolonged festivities among his friends. Four years ago he fell in love at first sight with a waitress at the Hotel Whitcomb, St. Joseph, and married her the same day. His bride went back to Alaska with him.

FAST FREIGHT WRECKED.

Four of Train Crew and Many Live
Stock Perish When En-
gine Blew Up.

Huntington, Ind., Dec. 30.—Following the explosion of the locomotive boiler which killed four men outright, a fast freight train on the Erie railroad carrying \$100,000 worth of fancy meats and 100 live cattle from Chicago to the east, was wrecked and destroyed by fire near North Judson, Ind., Friday. The cattle were cremated. The explosion blew several of the 35 cars in the train into bits, and caused others to leave the track. When wreckage and contents of the cars were strewn about, fire from the exploded engine spread. Fed by the fats of the meats, the flames soon enveloped the entire mass.

Following are the known dead: John O'Brien, engineer, Huntington, Ind.; James Blackman, brakeman, Huntington, Ind.; Lenn Fisher, chief brakeman; James Oliver, fireman, Huntington, Ind. Conductor Fred Grappy, of Huntington, Ind., was hurled from the caboose and sustained serious internal injuries.

STORMS ASKED TO RESIGN.

Indiana Official, Charged with Irreg-
ularities, Said to Have
Been Ousted.

Indianapolis, Ind., Dec. 28.—It developed Wednesday that Gov. Hanly has asked for the resignation of Daniel E. Storms, secretary of state. This was after a two-hour conference of Gov. Hanly, Attorney General Miller and Mr. Storms. It is not known whether or not Mr. Storms will tender his resignation. Alleged irregularities discovered by an investigating committee in the auditor's office with reference to the condition in the secretary of state's office are thought to be the real reason for the requested resignation. It is said that there are three phases to these discoveries, but further than that nothing is known.

Indianapolis, Ind., Dec. 29.—It is said that Daniel E. Storms, secretary of state, has retained counsel and will contest the demand of the governor for his resignation on the ground that he had not violated the law.

Impotent Attacks On Governor Warner

It is laughable to see the absurd stories that sometimes find lodgment in papers that cannot become reconciled to the idea of the present republican ascendancy in Michigan. These papers, many of them, make a bluff of being independent in politics, when as a matter of fact this so-called independence is nothing but a thinly spread veneer meant to cover violent, unfair and unscrupulous partisanship. These papers seize with avidity anything that offers them a peg to hang an argument tending to the detriment of the state administration. They are particularly alert in their endeavors to find a flaw in the record of Governor Warner and to strike out viciously on the slightest pretense. Let one of them but emit the slightest growl and the others join in a bark that soon attains a chorus of abuse and misrepresentation.

One of the things to which they have given currency hoping that it would pass muster as the truth is the story that Governor Warner will be taken care of by a federal appointment. By direct assertion, by insinuation and innuendo they seek to convey the impression that the Governor has failed to make good as a public official, that he fears to try for a re-election and that his friends seek for him an appointment so that he can retreat gracefully from another political contest and thus avoid certain defeat at the polls.

This mockery of a political prophecy cannot bear the light of day. It belongs to darkness because there is no foundation upon which it can be built to a semblance of plausibility. The foundation upon which the chorus would like to build is not in evidence, for they seek to establish the weakness of Governor Warner's administration when no such weakness exists. On the contrary Governor Warner has proved himself one of Michigan's most efficient governors, and the best of it all is that fair-minded people have already realized that fact and hence will not be swayed by insinuation.

They know that no former governor has held more rigidly to his promises than has Warner. They know that he has given the state a fair, clean, honest administration. His stand upon important questions that have arisen in the course of his term has been commendable in every respect and he has guarded the interests of the state with a carefulness and a broadmindedness that has won the admiration of all excepting those who have entered into a stubborn agreement with themselves not to see anything good in what he does. Some people have rendered their decision in advance regarding Governor Warner and they have not the courage to change their minds. From them the governor need not expect commendation. But the majority of the people are broad enough to recognize merit, and their honest estimate will counterbalance the other stripe.

And an honest estimate of Warner will mean his re-election by an overwhelming majority. The record of the man, his sterling worth, and his ability as an executive officer deserves the emphatic indorsement of the people.

Presented With Gavel.

Mrs. Geo. E. Kollen entertained the Womans Literary club, of which she is president, at her home on West Thirteenth street Tuesday afternoon. It was one of the most delightful sessions of the club. The parlors were decorated with bouquets of red roses, and the dining room was in yellow, the club's colors.

Mrs. Kollen introduced Mrs. Lorraine Immen, president of the Alebic club of Grand Rapids who entertained the members in a delightful manner. Mrs. Immen presented the club a gavel made of wood. The gavel was placed on a stand at the head of the table.

Former Holland Resident Writes of National Anthem.

By Frank E. Doesburg

Washington, D. C. December 26, 1905.—One of the most important resolutions, to my mind, that will come up for consideration when Congress convenes again, is the Resolution directing that Congress shall recognize the Star Spangled Banner song as the National Anthem and have its proper place upon all programs. And it is further recommended that the Star Spangled Banner song be used in all musical programs of our public schools, colleges, universities, musical associations and patriotic societies.

Only about five per cent of the American people know the words of the Star Spangled Banner, that song which was written amid the shock of the battle, and written in honor of that flag, which when we behold, "it seems unto our eyes, a chart of light by angels hands flung out from sunny skies, to fly in Freedom's battlements, and ensign for the state, where man is law and law is king, and God alone is great."

The reason for this Resolution coming before the House is, that while a certain Congressman, while crossing the Atlantic ocean this summer, coming westward, a grand entertainment was given in the dining saloon and during the entertainment some patriot suggested that the "Star Spangled Banner" be sung. It was tried, but it proved a complete failure. Then they tried to sing "God Save the Queen" and that on an American ship, built by American labor, flying the American flag and crowded with American citizens, "God Save the Queen" was sung with enthusiasm, while only a moment before an effort to sing the Star Spangled Banner, that glorious American song, was a failure. Eighty per cent of the men and women of England can sing "God Save the King." Nearly every man, woman and grown child in Germany know "Die Wacht am Rhein" by heart, and a large majority of the French people can chant the "Marseillaise," so let every patriotic American sing the "Star Spangled Banner." No opportunity should be lost by which the American people may become more and more conversant with their own National song.

When the bills from the board of public works came up for adoption a fight was precipitated upon the question of allowing the bill of James DeYoung for salary as superintendent of the Light & Water plant. This is the first payment made to Mr. DeYoung since his salary was raised by the board and some of the members of the council were averse to allowing the bill. Finally after much debate and many votes the bill was allowed providing for the raise.

Warrant Out for Ex-Mayor C. J. DeRoo.

A warrant has been issued from Justice VanDuren's court against C. J. DeRoo, formerly secretary of the Walsh-DeRoo Milling Co., now a resident of Albion, Mich., on the charge of perjury.

The warrant is based upon a complaint alleging in substance that when Mr. DeRoo was connected with the Walsh-DeRoo Milling Co., before a notary public he swore to the condition of the company and that this condition was incorrectly stated.

The affair grows out of the circumstances surrounding the changing of the old Walsh-DeRoo Milling Co., to the Walsh De Roo Milling & Cereal Co.

Mr. DeRoo appeared in court this forenoon and demanded an examination which was set for February 13, at 1 o'clock in the afternoon. Bail was fixed at \$1,000 with two sureties, which was furnished by John Bosman and Cornelius DePree.

Attorney G. J. Diekema appeared for Mr. DeRoo.

Reid Wrecking Co. Tries To Release Argo

Another attempt is under way for the release of the steamer Argo. The bid of Capt. Austin Harrington and Contractor Wm. Van Anrooy was turned down and the bid of the Reid Wrecking Co., of Sarnia, Ont., was accepted. The tugs Salvor and J. M. Diver have arrived on the scene. The Reid Wrecking Co. is the best on the chain of lakes and the tugs Salvor and Diver are among the best of the fleet. Besides the tugs a carload of wrecking equipment, which the tugs could not handily carry is here. In this car load there is an immense steam pump, and one of the tugs brought another steam pump. The Salvor is a big fellow while the Diver is of shallow draft and is depended upon to do the dredging.

Yesterday was a good day to work but little was done. A scow loaded with pumps was towed to the Argo and by means of salt some of the ice was melted from the decks of the steamer. But about six o'clock last night the wind began to raise and a storm is raging there now, stopping all work. Two steam pumps had been placed in the steamer ready for action before the storm arose.

Huizenga and wife, of Zeeland; Mrs. James De Pree, of Zeeland; Geo. H. Huizenga and wife of Holland; Miss Jennie Huizenga of Holland; and all of the grandchildren of Mr. and Mrs. Huizenga.

A BRILLIANT AFFAIR.

New Year Reception at the White House Is Attended by Over 9,000 Persons.

Washington, Jan. 2.—New Year's day at the nation's capital was observed with all the traditional brilliance which time and custom have decreed shall characterize the official greeting of the new year and another was added to the long line of receptions at the White House, where the president and Mrs. Roosevelt received the people of the world, whatever their race or creed, of station high or low, who filed past till their numbers reached up into the thousands, each of them bringing a "Happy New Year."

Members of the cabinet and their ladies were first received, and then took positions in the receiving line. At the president's left was his military aide, Col. Charles S. Bromwell, superintendent of public buildings and grounds, who made the presentations to the president.

The diplomatic corps followed, and then came the judiciary, senators and members of the house, the army officers, led by Lieut. Gen. Chaffee, the officers of the navy and marine corps, led by Admiral Dewey, military societies and the general public. The reception ended at 2:44 p. m. By actual count 9,062 people shook the president's hand. Last year 7,115 were received.

GILHOOLEY FOUND GUILTY.

One One of Defendants in Trial of Sluggers at Chicago Is Exonerated.

Chicago, Dec. 30.—Charles Gilhooley, Marcus Looney, Edward Shields, Charles Casey, Charles H. Deutsch and John Heiden, union sluggers and officials of the carriage workers' union, were found guilty of conspiracy to assault Chris Carlstrom by a jury in Judge Chetlain's court Friday evening. Frank Novak was the only defendant who escaped conviction. Each of the convicted defendants was sentenced to the penitentiary and Charles Gilhooley will, in addition, be compelled to pay a fine of \$2,000. The verdict was reached at the end of the longest and most expensive criminal trial in the history of Cook county. Exactly 101 working days were consumed, most of which were occupied in the selection of the jury. Over 4,000 veniremen were called and the aggregate cost of the proceeding to the taxpayers of the county approximate \$46,000.

DEFALCATION GROWS.

Final Accounting May Show Dougherty's Peculations at More Than \$1,000,000.

Peoria, Ill., Jan. 1.—The defalcations of the late banker and school man, N. C. Dougherty, are growing larger daily. A month ago it was estimated that \$600,000 would cover the shortage. It is now learned from the authorities that \$300,000 has been stolen in the last three years, and that the total for seven years is above \$600,000, with a strong possibility that the total for the 18 years of his incumbency will go over \$1,000,000. An official report of the Everit Audit company will be made public on Tuesday night, covering a period of seven years. The details of the report will not show that any other man is criminally guilty, but will implicate at least six other prominent citizens in a chain of unexcelled transactions, by which the robbery of the school funds was made possible.

ANTI-PASS LAW LEGAL.

Wisconsin Judge Holds Railroads Cannot Remunerate Employees with Transportation.

Grand Rapids, Wis., Dec. 30.—Judge Webb has decided that the Wisconsin anti-pass law is legal and denied a motion for the arrest of judgment in the case against an attorney for the Wisconsin Central Railway company. The defendant is an attorney in the employ of the Wisconsin Central road, and part of his remuneration from the company was in the shape of transportation. At the same time he was a notary public. The anti-pass law enacted by the last legislature forbids the use of transportation secured otherwise than by purchase at regular rates by persons holding office of any kind under the constitution of laws of the state, except when in pursuit of the business of the company issuing such transportation.

Railroad Indicted.

Chicago, Dec. 30.—An indictment accusing the Chicago, Burlington & Quincy Railroad company, Darius Miller, its first vice president and Claude G. Burnham, its foreign freight agent, of 26 specific violations of the Elkins law in granting rebates upon shipments made by the United States Steel Products Export company, which is declared to be a subsidiary company of the United States Steel company, was returned into the United States district court Friday before Judge Bethea by the federal grand jury.

Churches Agree to Reunite.

St. Louis, Dec. 30.—After a division of almost 100 years, steps were consummated Friday in the joint session of general committees which, when formally ratified, will unite the Northern Presbyterian church, U. S. A., and the Cumberland Presbyterian church.

Governor Appoints Judge.

Springfield, Ill., Dec. 29.—Gov. Deenen appointed Fred Draper, of Danville, county judge for Vermillion county, to succeed D. M. Clark, resigned.

Impoverished Soil

Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is so easily digested and assimilated as

Scott's Emulsion of Cod Liver Oil

It will nourish and strengthen the body when milk and cream fail to do it. Scott's Emulsion is always the same; always palatable and always beneficial where the body is wasting from any cause, either in children or adults.

We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Vinol THE COD LIVER PREPARATION WITHOUT OIL

Vinol is fast superseding old-fashioned cod liver oil and emulsions because, without a drop of oil or disagreeable feature, it contains all the medicinal elements of cod liver oil, actually taken from fresh cod's livers. By our process the oil, having no value either as a medicine or food, is separated from the medicinal elements and thrown away. Unlike old-fashioned cod liver oil and emulsions, Vinol is deliciously palatable, agreeable to the weakest stomach, and therefore unequaled as a body builder and strength creator for old people, puny children, weak, run-down men and women, after sickness, and for all pulmonary diseases. Everything Vinol contains is named on the label.

OUR GUARANTEE—We have such faith in VINOL that if you will take it we promise if it does not benefit or cure you we will return your money without question. We take all the risk.

Every Heart-Ache

Every pain in the breast, difficult breathing, palpitation, fluttering or dizzy spell means that your heart is straining itself in its effort to keep in motion. This is dangerous. Some sudden strain from over-exertion or excitement will completely exhaust the nerves, or rupture the walls or arteries of the heart, and it will stop. Relieve this terrible strain at once with **Dr. Miles' Heart Cure**. It invigorates and strengthens the heart nerves and muscles, stimulates the heart action, and relieves the pain and misery. Take no chances; make your heart strong and vigorous with **Dr. Miles' Heart Cure**.

"I suffered terribly with heart disease. I have been treated by different physicians for my trouble without results. I went to a physician in Memphis, who claimed that I had dropsy of the heart. He put the X-ray on me, and in connection with his medicine he came near making a finish of me. Some time before this a Mr. Young, of St. Louis, was in our town. He saw my condition, and recommended Dr. Miles' Heart Cure to me. I gave it little attention until my return from Memphis, when I concluded to try it, and am pleased to say three bottles cured me."

CHARLES GOODRICH, Jr., Caruthersville, Mo.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

TROOPS PUT DOWN MOSCOW REVOLT

FORCE SURRENDER OF REVOLUTIONARIES AND ARE IN FULL CONTROL OF THE CITY.

Last Stand of Rebels Described--Dramatic Scene in Presna Quarter--One Account Declares 20,000 Were Killed.

Moscow, Jan. 1.--White flags flying from a dozen factories in the tenement houses of Presna district, where the revolutionaries made their last stand, now bear mute witness to the end of the "December uprising in Moscow." The entire district is now occupied by troops. During the night the vast majority of the members of the "fighting legions" either surrendered or, after throwing away their arms, endeavored to escape in the guise of peaceful citizens. Only the members who acted as a guard to the revolutionary committee stuck to their colors, and the surrender of this handful Sunday morning furnished the last act of the sanguinary drama.

The Last Stand.

The staging of this last act was admirable--a snow-covered landscape, the small black residence, with a tiny red flag fluttering from its gable, the end of Gorbatoff bridge, black with the guns of the artillery, and a thin encircling line of the Semenovskiy regiment of the guard, broken only directly in the line of fire. Suddenly there was a flash of red fire from the mouth of one of the guns and a solid shot plowed through the walls of the house. A few spluttering shots replied from a window. The cannon spoke again and again, until a dozen shots had been fired.

Forced to Surrender.

It looked like murder to the spectators on a hill, and so evidently thought the officer in command of the battery, which ceased fire. A reserve company of the Semenovskiy regiment then advanced and fired volleys at the upper windows. At the third volley a white handkerchief attached to a bayonet was pushed through a shattered pane. It waved frantically and all was over. The little garrison of 30 marched out and laid down their arms a strange collection of rifles and repeating shotguns. All had revolvers. Strange to say, not one of the men had even been wounded, and when they found that they would not be immediately executed they appeared to be rather relieved that the end of the struggle had come.

Streets Cleared of Barricades.

It is learned that after the fall of the Prokharoff cotton mill and other factories, a council was hastily held, at which it was decided that the revolution had failed and an order was given to every man to save himself as best he could. A hundred agreed to hold together, so as to keep up a show of fight, under cover of which the others could escape. After the final surrender the inhabitants swarmed into the streets of the district and in a remarkably short time cleared away the remains of the barricades and other obstructions, with which for a week the revolutionaries had blocked the district.

A Scene of Desolation.

The Presna quarter is a scene of desolation. This afternoon fugitives were seeking new homes and the women were bending under the weight of huge packs of bedding, many of them dragging their children along. Sledges were piled high with all the worldly goods of many families, the family icon usually crowning the top of each pile. The poor people made very slow progress with their bundles and were subjected to a continual search by the soldiers, who sometimes delighted in throwing the loads into the snow and making merry at the sorry spectacle.

Declares 20,000 Were Killed.

London, Jan. 1.--Accounts of Saturday's events in Moscow do not agree as to the extent and gravity of the fighting, though all agree that the rebels made their last stand in the western part of the city, where practically the full strength of the reinforced troops was directed to crush them. The Moscow correspondent of the Standard describes the incidents of the massacre, in which, at a moderate estimate, 20,000 persons were killed. Women and children indiscriminately were butchered with the insurgents, the latter forming only a small proportion of those mown down by artillery.

Washington Heir Is Dead.

Richmond, Va., Jan. 2.--News was received here of the death at his home in Charlestown, W. Va., of George Washington, youngest son of the late John Augustine Washington, who was the last individual owner of Mount Vernon and the last of the distinguished Washington family to be born in the Mecca of American freedom.

Arrested on Leaving Prison.

Eldora, Ia., Dec. 29.--Edwin O. Soule, formerly cashier of an Iowa Falls bank, who embezzled \$50,000 three years ago, on Thursday finished his sentence at Anamosa penitentiary and was immediately re-arrested by Sheriff Mitterer on an indictment charge of embezzlement as bailer.

Died of His Wounds.

London, Jan. 1.--A dispatch to a news agency from St. Petersburg says that Gen. Bogdanovich, vice governor general of Tamboff, central Russia, who was wounded three times with revolver shots December 23, has died of his wounds.

CITY BESIEGED BY REBELS SLAYS GIRL HE LOVED IN VAIN

DOMINICAN REVOLUTIONISTS HOLD PUERTO PLATA ROAD.

Believed Threatened Bombardment Will Not Take Place--Outbreak in Ecuador.

Cape Haitien, Hayti, Jan. 2.--A revolutionary force of Dominicans numbering about 250 men, is, according to advices received here by messenger, camped on the Santiago-Puerto Plata road, Santo Domingo, and is besieging Puerto Plata. The revolutionists, it is added, occupy positions which prevent all ingress to or egress from Puerto Plata except for American warships or persons under the protection of foreign consuls. The threatened bombardment of the port by the revolutionary gunboat Independencia will not take place, presumably owing to the representations of the foreign consuls.

A messenger from Santo Domingo also announces that the troops commanded by Gen. Guellito, the former governor of Monte Cristi, are operating in conjunction with the revolutionary forces before Puerto Plata, and that it is the intention of the two forces to attack Santiago, south of Puerto Plata, where Gen. Calceres, the temporary president of the republic, is drawing up his troops. A decisive engagement is expected to occur at Santiago.

According to the reports which reached Cape Haitien Morales, the fugitive president of Santo Domingo, is acting in the interests of Gen. Jimenez, the former president of the republic, whose attempt to regain the presidency in 1903 was defeated.

Guayaquil, Ecuador, Jan. 2.--The revolutionists under Col. Teran have captured Riobamba. A strong division under Secretary of War Larrea has left Quito to attack the revolutionists. Another division has left here. Guayaquil is quiet.

Washington, Jan. 2.--After a long period of quiescence in Ecuador, a revolutionary movement appears to have manifested itself there. The state department has learned that the trouble broke out at a place called Riobamba, but the nature or cause is not stated in the report which comes from Guayaquil. Troops and policemen are reported to have joined the revolutionists, who are headed by Col. Teran. Telegraph communication between Guayaquil and Quito, the capital, is somewhat interrupted.

EIGHT-HOUR-DAY BEGUN.

Strikes to Be Called by Printers' Unions Wherever Employer Refuse Demands.

Chicago, Jan. 2.--The national eight-hour work-day schedule of the printers' union went into effect Tuesday. The time set by the International Typographical union for the beginning of the shorter day was the first of the year, but Monday being a holiday, the real test of strength between the compositors' union and their employers was reserved for Tuesday. In every city in the country and in Canada except in a few cases where contracts have not yet expired, the printers held meetings for final instructions Sunday, and instructions were issued to call strikes where employers required their men to work beyond the limit of time set by the organization. Heretofore the book and job printing houses have required their men to work nine hours. In Chicago the introduction of the new programme was not marked by a great many strikes, the bulk of militant employers having anticipated the movement by locking out their union men and manning their composing rooms with nonunion men weeks ago.

New York, Jan. 2.--One thousand printers went on strike here Tuesday in support of a demand for the eight-hour day, and 32 printing shops declared a lock-out against their employees. The strikers immediately placed pickets in the vicinity of all shops where the lockout was declared, and three halls were secured by Typographical union No. 6 to accommodate men on strike who wish to make their headquarters in these places. The strike was begun without disorder. In 160 printing shops the Typographical union gained a victory without a man quitting work, as those shops granted the eight-hour day and the closed-shop principle demanded by the union.

Denies the Charges.

Milwaukee, Jan. 2.--The Pabst Brewing company, of this city, filed an answer Tuesday in the case of the government wherein it is charged with violating the Elkins law in receiving rebates. The answer is a general denial of the allegations contained in the complaint. The Milwaukee Refrigerator Transit company and six foreign railway companies are named in the same complaint.

Fire in Cleveland.

Cleveland, O., Jan. 2.--Fire early Tuesday practically destroyed the Bradley building, adjoining the Cleveland theater, on St. Clair avenue N. W. The theater caught fire several times, but was not seriously damaged. The losses will approximate \$50,000. Fireman Edward W. Sewer, of engine company No. 27, formerly a widely-known baseball player in the national league, was seriously injured.

Flames in Business Section.

Tallahassee, Fla., Jan. 2.--A dispatch from Apalachicola announces that fire there Tuesday morning had destroyed the largest portion of the business district there. The losses will aggregate \$100,000. The latest report is that the fire is under control.

MINNESOTA UNIVERSITY STUDENT IS AUTHOR OF AWFUL TRAGEDY AT CALEDONIA.

KILLS YOUNG WOMAN; SHOOTS THREE OTHERS

After Wounding Mother and Sister in Desperate Fight He Turns Pistol on Himself--Battle Occurs at Dead of Night.

Caledonia, Minn., Jan. 2.--One person is dead and four are fatally wounded as the result of a savage battle between young Matthew Styer and four women in the dead of night in the home of S. N. Wheaton. The youth is a dental student in the University of Minnesota. He was infatuated with a daughter of Wheaton. When she refused to marry him he broke into the Wheaton home, and after shooting Mrs. Wheaton and her daughter Ruth fatally, fired a bullet through the heart of Pearl Wheaton, whom he loved in vain, and then shot himself.

The victims of the tragedy are: Dead: Pearl Wheaton, 22 years old. Fatally wounded: Ruth Wheaton, aged 25 years, shot through the breast and liver; Mrs. S. N. Wheaton, shot through throat and right arm; Matt Styer, aged 23, shot himself in lungs near heart.

Child Escapes by Jumping.

Wheaton was absent from home when Styer broke into the house. Besides the women who were shot by Styer, the only occupant of the home was a child ten years of age, who escaped by jumping through the window by which Styer entered. The Wheaton home is near this village. Wheaton is one of the wealthiest farmers in southern Minnesota. His daughters, Pearl and Ruth, were handsome, educated, accomplished and popular not only in this neighborhood, but in other portions of the state. Young Styer fell in love with Pearl Wheaton and wooed her madly. He persistently urged her to marry him. For a time his suit seemed to gain favor, but he displayed so much jealousy, it is said, that Pearl concluded her life would not be happy with him. She then refused to receive his attentions.

At her home Pearl Wheaton received numerous letters begging her to reconsider her determination. When these failed to elicit responses Styer wrote threats. Miss Wheaton became alarmed. Her family, however, thought the young man's ardor would cool and that the threats would never be put into execution. As time passed, however, Styer's infatuation increased. According to his own announcement after he broke into the Wheaton home, he resolved that no other man should wed Pearl Wheaton. He blamed her family for her refusal to wed him. Accordingly, he determined to kill the girl and all members of the Wheaton family.

Battle with Intruder.

Arriving at the Wheaton home in the intense darkness of the middle of the night young Styer tried to break in through the door. It resisted his efforts. He went to a window, smashed the glass and sprang in. He was met by Ruth Wheaton, who was armed with a revolver and attempting to protect the remainder of the family. Styer wrested the revolver from her and shot her twice. He then turned on Mrs. Wheaton, shooting her twice also, and bounded up the steps to the room of Pearl. Breaking in the door of her room, he shot the girl through the heart and then shot himself. When help arrived Styer was found with his head on the girl's breast, she dead and he barely living. The victims of the tragedy lay as they fell until neighbors visited the house and discovered what had taken place. Mrs. Wheaton was able to tell of the battle, but she is now at death's door. She, Ruth and Styer are being cared for at a hospital, where the doctors say none can recover.

Must End Rebates.

Jefferson City, Mo., Jan. 2.--Superintendent Vandiver, of the state insurance department, gave out a statement concerning insurance matters, in which he declares that he will hold insurance companies to their promises to stop the practice of rebating, and that it is very gratifying to him to know that the insurance companies have decided to stop the practice of writing special contracts.

Death of Bank President.

St. Paul, Minn., Jan. 2.--William D. Kirk, president of the Capital City bank, died suddenly Tuesday morning. He had been ailing with heart trouble. Mr. Kirk had been engaged in the banking business more than 20 years, and had been president of the Capital City bank about 12 years.

Woman Given Life Sentence.

Minneapolis, Minn., Jan. 2.--Mrs. Stella Brennan, who was convicted of murder in the second degree Saturday, was sentenced to prison for life by Judge Dickinson Tuesday. Mrs. Brennan shot and killed her stepdaughter Elizabeth and two other stepchildren on the night of November 4.

Deny New Trial.

Boston, Jan. 2.--The appeal of Charles L. Tucker, convicted nearly a year ago of the murder of Miss Mabel Page, at Weston, was denied by the supreme judicial court. It is expected Tucker will be sentenced to death this week.

The 1905 class of the Holland High School held a reunion in Macabee hall last Thursday evening and formed a permanent organization for the purpose of holding reunions every year during holiday week. The officers elected were: President, George Deming; vice president, Ethelyn Metz; secretary, Maggie Schurman; treasurer, George Damsen; chairman of executive committee, Joseph Nauta.

Early next spring work will be started by the Western Machine & Tool Works on the construction of a foundry to be run in connection with the present plant of the company on the lake front near the foot of Ninth and Tenth streets. Besides doing work required by the Machine & Tool Works branch, work will also be done for outside parties. Robert H. Riggs is figuring on the plans for the new addition.

During the services last Sunday at Hope church, Dr. J. T. Bergen, the pastor, announced his engagement to Miss E. Grace Updegraff of Ohio, the marriage to take place within six months. Miss Updegraff met Dr. Bergen during her residence in Washington D. C. A couple of months ago she sang at the gospel meetings held in Hope church and her magnificent voice won her numbers of friends. When not engaged in evangelistic work, Miss Updegraff devotes her musical talents to concert work.

A man that knows from experience considerable of the fishing industry as it is pursued in Grand Haven, was here a couple of days ago to look over the situation with a view of starting in the fishing business next spring. He seemed favorably impressed with the condition prevailing here and said there was no reason why a couple of sailboats and a few tugs should not engage in the business from this port and that he would like to be the first to embark in the business next spring.

The ice men are not worrying over the failure of Black Lake to congeal. The majority of them were not through with their harvesting last year until the latter part of January and they say that in most years the time for storing the frozen opulence is February. Of course they would like to have the weather man turn on the zero switch just a little but they are not losing any sleep over his neglect to do so. One of them says that every time he gets blue over the situation he recalls the fact that in one year he had his ears frozen on Washington's Birthday.

It has not come to light whether the hunters of Ottawa County have followed the example of some of the hunters of Kent county in evading the law which prohibits the hunting of rabbits with ferrets in this county. In Kent county the hunters purchase guinea pigs or white rabbits and train them to do the work of ferrets. If the people of this county begin doing that it is up to the next legislature to extend the provisions of the law to guinea pigs and white mice. There is certainly a demand for the law here as every true sportsman deplores the unsportsmanlike habit of using ferrets.

Work on the Holland harbor was discontinued Saturday by the government dredge Gen. Gillespie and the dredge has gone into winter quarters at Grand Haven. She will return early in the spring and will stay at work until the harbor is of sufficient depth. Besides doing excellent dredging the Gen. Gillespie removed from the bottom obstructions that had long been a menace to navigation. Two portions of an old hull of a vessel and some logs were taken up and dumped in 25 feet of water outside.

The traveling auditor of the Lake Shore railway visited Allegan last week and confirmed the report that his road will, without doubt, buy the Pere Marquette railway system. From another source it was learned that the hitch at the present time is the inflated condition of the latter system's stock, i. e., the Lake Shore will not buy until the "water" is taken out of the stock and reasonable value placed upon the property. The auditor also stated that should his road purchase the property a new depot will be built at the intersection of the Lake Shore, Michigan Central and Pere Marquette on depot hill and the nice little depot the Pere Marquette built down in the village done away with so far as passenger traffic was concerned. The Lake Shore needs a new depot in Allegan and a union depot would be very nice, still the town can not very well be moved closer than it now is to the Lake Shore and it would seem to us that it would be cheaper to move the railway and have the depot down town. It would please the people.—Allegan News.

After a run of nine weeks in which 23,800 tons of sugar beets were converted into 5,300,000 pounds of sugar, the Holland Sugar factory finished the campaign last Saturday. The run while not as large as last year is on a par with that of two years ago. One flattering thing about the sugar beet situation in Holland is that it has become established. The fact that it is good to the farming community is recognized by all and trouble is no longer experienced in getting acreage for the raising of beets.

Young America is on the war path. He has buckled on his armor and has started on effective campaign for the flooding of the skating rink that the city promised him long ago when the days were sultry. Young America admits that it was a drizzly, non-freezable day yesterday, but he says there have been many days cold enough to freeze the ice. And he queries, "if Macatawa Bay froze solid enough to skate upon why won't the promised city rink near the water station."

Prof. Helmers, principal of the Holland High school, is meeting with fine success in his training of the senior class for the entertainment to be given at the High School Assembly room Friday evening, January 12. The boys who portray the characters of Continental Congress fame are developing considerable oratorical talent and the fiery oratorical utterances of the sages of revolutionary days promises to be well rendered. Tickets may be purchased from the members of the senior class after tomorrow or may be purchased at the door the night of the play.

At last J. W. Boynton's railway project for operating a railroad between Grand Haven and Grand Rapids, seems about to become a reality. Attorney Geo. E. Kollen of this city was in Grand Haven Saturday and it is now reported that the road has at last been financed by a big eastern group of capitalists who back it with about a million and a half. Diekema & Kollen have drawn up the papers and those who have doubted before are beginning to think that the project is a go at last. The Boynton road from Grand Rapids to Grand Haven has been in the air in one form or another for many years. The new projected road will enter Grand Haven through Robinson and Allendale township.

The Holland Interurban indoor base ball team defeated the Gunn Furniture works nine of Grand Rapids Monday evening at the Appolo pavilion at Jensen Park by the score of 22 to 12. Nearly 300 people attended the game and the interest was pitched at the highest tension all during the contest. The local nine took the lead early in the game and were never passed. The Interurbans will play two games this week, one with Fremont and the other game with Newaygo. Batteries—Holland, Millager and Schouten; Gunn Furniture Works, Ellenbass and Hock.

Last night at the Carlton College Auditorium, James Francis O'Donnell appeared before a large audience and presented "The Sign of the Cross," himself, impersonating eighteen characters. His memory, versatility and talent for mimicry cannot be surpassed. Everybody was enthusiastic in their praises, and pronounced the entertainment a grand success. Mr. O'Donnell is classed among the best monologue entertainers by all who attended. We trust to have him with us again.—Daily News, November 18th, 1902, Boutham, Tex.

A company of about twenty farmers of Coopersville and vicinity visited the Holland Sugar factory last week Thursday, and were well paid for their trouble by what they saw and learned about making sugar from the sugar beet. They saw the beet as it was unloaded from the car, carried by water into the sugar factory, saw it washed, sliced, drawn, boiled, separated from the syrup, washed whiter than snow, dried, put into barrels and deposited in the storeroom ready for shipment to market. They also saw how beets are tested for tare and per cent of sugar, and were satisfied that the method was honest and fair. The members of the party were well entertained by the managers of the factory and were invited to come again and bring their wives along the next time, as there was only one lady in the party. The Holland Sugar company paid \$5 a ton for 12 per cent beets and 33½ cents additional for each full per cent over this percentage, and are contracting at the same rate for next year. They use from 300 to 390 tons of beets a day.—Coopersville Observer.

The circuit court opens for the regular January session next Monday and there are many cases to be placed upon the calendar for trial.

Prof. John M. Van der Meulen of Hope College will give his lecture on Joan of Arc Friday evening at Grand Haven.

A roller skate masquerade will be given at the skating rink within a couple of weeks. The date will be announced as soon as definite arrangements can be made for the presence here of a costumer from Grand Rapids.

John Wyman assaulted his rival in love, Joseph Van Kampen, and was arrested by Night Police Doornbos. In Justice Van Duren's court Saturday he pleaded guilty to the charge of assault and battery and paid a fine of five dollars.

In the case of Ray Mabbs which was on call in Justice Devries' court Tuesday forenoon the respondent was discharged on the original complaint, seduction, and a new complaint, charging him with bastardy was lodged against him. His hearing was set for next Tuesday and his bail fixed at \$500.

Alderman E. P. Stephan, who is out with a vigorous attack on the hobo proposition, gives the following figures: Total number of hobos arrested in December, 60; sentenced by Justice DeVries, 48; sentenced by Justice Van Duren, 12; arrested by Marshal Dykhuys, 22; arrested by Deputy Marshal Van Tubergen, 15; arrested by Officer Van Oort before December 6, 12; arrested by Officer Doornbos, 5; arrested by constables, 5.

Winter struck town last night accompanied by a fierce snowstorm; but whether he is just paying us a short call while passing by or whether he intends to stay a couple of months is not within the sphere of successful prognostication. He has packed his ice chests and moved to other quarters so hurriedly on other occasions that a few days time is necessary to tell whether he is here now for a formal call or a stay that will outlast the welcome.

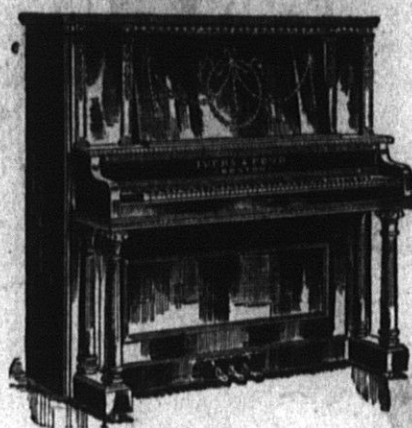

A great part of your life is spent in sleeping. Sleep well and you are armored for the battle with the world that faces you every day. To sleep well get a good mattress, get one for every bed in the house. To get a good mattress go to Jas. A. Brouwer, the River Street furniture dealer, and you will make no mistake. His mattresses are bought from some of the most reliable wholesale houses in the world and will please in every particular. Not every manufacturer can make a mattress right, but Mr. Brouwer deals with manufacturers who have the art down to a science.

"The rebuilding of the City of Chicago," said President Graham this morning, "is the best job that I have seen in the way of steamboat work. The boat will be 100 percent stronger than ever before and will carry one third more freight, one-third more passengers and will have one third more state rooms." Capt. Stewart says the money spent on the Chicago has gone farther than any similar amount of money ever expended by a boat company. The Chicago averaged 16 miles an hour on her trip home from Manitowoc. Workmen are busy making some changes on the City of Benton Harbor. Better ventilation is being added to every state room on the boat.—Benton Harbor News-Palladium.

Judge Padgham in answer to a petition from the township of Zeeland, has issued an order requiring the Grand Rapids, Holland & Chicago, Ry. to appear and show cause, why a peremptory mandamus should not issue compelling the railroad to charge for all fares, at the rate of one and a half cents per mile between the eastern limits of Zeeland township and the eastern limits of Holland township, providing the fare be not less than five cents. The petition was drawn up by Sooy & Heck of Zeeland and sets forth the complaint of Zeeland township in detail. It is claimed that when the road was granted the franchise into Zeeland the fare was set at one and one half cents per mile. Now the rates have been raised and the Zeelanders are complaining of excessive rates.

The death of Joshua Essenbagger occurred Tuesday evening at his home, 158 College avenue, at the age of 54 years. Death was due to Bright's disease. Mr. Essenbagger was a well known citizen of this city. He obtained his training as a baker in the old country and did pretty well when he first came here nineteen years ago. But of late years he did not stick closely to his trade. He always was proud of the fact that when he lived in the Netherlands he was employed in a bakery that was patronized by the king. Deceased is survived by a wife, two sons and a daughter. The funeral services will be held to morrow afternoon.
