CITY AND VICINITY.

The January meeting of the Ladies' Missionary society of Hope church was held at the home of Mrs. McLean, West Twelfth street Wednesday afternoon.

The three weeks old infant daughter of Mr. and Mrs. Gerrit Overweg residing on East Seventeenth street, died Friday morning, the funeral was held Monday.

Sheriff Jesse Woodbury was presented with a handsome gold ring by his deputies. The ring came as a New Year's gift from his assistants at the jail.

Dan F. Pagelsen of this city was in Holland Friday representing the Habecht, Baann & Co. of Chicago. Under arrangements made at a meeting yesterday the Chicago company takes over the old German Geletine Co. property and will open a new factory in Holland in a short time.—Grand Haven Tribune.

P. P. Schapp a former resident of this locality has won out in the recount on the office of sheriff in Sioux County, N. Dak. Mr. Schaap was elected by a majority of 15 and on the recount he received a majority of 25. Notwithstanding that this county is heavily republican Mr. Schaap who is a democrat has been elected to the position of Sheriff there for the third time.

There have been 445 licences issued this year which is the record breaker for Ottawa County. Never before have so many been issued. The count for the past six years has been as follows: 1901 three hundred and seventy; 1902 three hundred and eighty-five; 1903 four hundred and thirty-nine; 1904 four hundred and twenty-six; 1905 four hundred and twenty-four; 1906 four hundred and fifty.

It is quite a custom on the rural mail routes for people desiring stamps and postal supplies to leave their change in the boxes for the rural carrier. In the cold weather the mail man has to take off his gloves to pick up the change and it is a great inconvenience. To place the pennies in a tin can cover or wrap them in paper as required by the postal regulations, is a small task which if performed removes from the carrier many a temptation to profanity.—Grand Haven Tribune.

John Schipper, the prominent Filmore farmer, had a corn exhibit at the Holland Poultry Show last week that was remarkable. The stalks were so tall that it was necessary to use a ladder to reach the ears, which were about nine feet from the ground the tallest stalk being about 15½ feet in height. Mr. Schipper grew an acre of the corn, called the White Ensilage, and he said that when it is half grown it is good for fodder, but in its matured state the stalks are about two inches in diameter and strong as a broom stick. His exhibit attracted much attention.—Zeeland Record.

The Grand Rapids, Holland and Chicago railroad is victorious in mandamus proceedings brought by the township of Zeeland to compel the road to carry passengers through the township and village for one cent fare. Judge Padgham has handed down a decision in favor of the defense. The village contended that the terms of the franchise given the company required it to charge but one fare through the township. The company contested this interpretation and has charged an extra fare outside the village.

The East End and West End Bowling teams had a contest at the Smith & Kelly alleys Thursday, East End winning two out of three games. John Japinga for the victors bowled the highest score, 222. There will be another contest next Thursday night. Following is the score: First game—East Ends, 730; West Ends, 774; second game—East Ends, 715; West Ends, 665; third game—East Ends, 813; West Ends, 806. The East Ends included the following players: Jake Japinga, Frank Wicks, John Japinga, Tom Wiltse, H. Dangremont. The members of the West Ends are: John Ratema, George Albers, D. W. Melhorn, John Vliek, James Kelly.

Dirk Dykstra who recently left for the mission field in Arabia, has written to John Sizoo, president of the Hope College Y. M. C. A., announcing safe arrival in Egypt.

Miss Charlotte Pessink's Christmas present resulted in a broken ankle. She was the recipient of a pair of roller skates from her sister and her first experiment in learning to skate caused the mishap.

Attorney C. H. McBride received a letter Monday from his parents who are spending the winter at Los Angeles, California. They wrote that the rainy season is commencing but until now it had been very dry and hot, the daily temperature being from 75 to 80 degrees.

The lecture on "Parsival" to be given by Prof. H. R. Brush of Hope College before the Woman's Literary club has been postponed and will now be held at Hope church parlors Saturday afternoon January 12, and each member has the privilege of bringing one guest.

The old furniture store building of C. Roosenraad at Zeeland will be fitted up in the near future so as to accommodate some of the school children temporarily because the school building is already far too small. A new building will undoubtedly soon be necessary for the High School. This goes to show that our neighbor is growing fast.

George F. Goodrich of Fennville has filed a petition in voluntary bankruptcy in the United States District court. His indebtedness is given as \$4,949.72, with assets of \$1,562. Of his liabilities, \$1,200 is for paper on which he claims ought to be paid by other parties. The case has been adjudicated by Judge Knappen and referred to Referee Briggs of Kalamazoo.

While excavating Friday morning for a conduit in the rear of the barn on the premises of G. T. Huizinga, workmen of the Citizens Telephone company unearthed a skeleton in a fair state of preservation. The skull was complete, even to the jaw bones, but had been sawed through, while the bones showed some signs of decay. It is conjectured that the skeleton was discarded by his sons, both physicians, while studying medicine.

A. J. Ward put in the last few days of the year with Mr. Rutgers, in the register of deeds office, picking up the ropes and fine points of the office routine. Mr. Ward assumed charge of the office January 1 as well as all of the new county officers. Mr. Rutgers has not fully decided what he will do. He is still in business in Holland, but he likes Grand Haven too, and as he has a beautiful home here he will probably remain here during the winter at least.—G. H. Tribune.

The funeral services of Mrs. H. D. Post were held Friday afternoon at 1:30 o'clock at the home and at 2:00 o'clock at Hope church, Dr. J. W. Beardslee officiating. The pall bearers were W. J. Garred, D. B. K. Van Raalte, I. Marsilje, B. Steketee, Francis Karr, G. Van Schelven. The Woman's Literary club attended the funeral in a body and were requested to meet a quarter before two o'clock at the home of Mrs. W. J. Olive, West Eleventh street. This was the first time that death had invaded the club circle, and it is a singular circumstance that the oldest member, made an honorary member last June, affectionately termed the mother of the club, because she was its chief organizer, should be taken.

Dr. Roelof A. Schouten, brother of Dr. F. S. Schouten of this city, died Friday afternoon at his home in Grand Rapids. Dr. Schouten was one of the oldest practicing physicians being seventy one years of age. He was born in Nunspech, Netherlands, and was graduated from the University of Haarlem in 1865. After extensive travels at a ship's surgeon he came to this country and has been well known in this vicinity for the last thirty-nine years. Dr. Schouten was formerly a physician and surgeon in this city prior to his leaving for Grand Rapids. The funeral services were held Monday afternoon at 2 o'clock from the family residence on Jefferson avenue, which were conducted by the Rev. B. A. Van Sluyters of the Holland Unitarian church of which Dr. Schouten was a charter member. He leaves a wife and the following children: Capt. John H. Schouten of the Michigan Trust Co., Mrs. H. P. Hugenholtz, William C. Schouten, and Misses Anna A. and Minnie Schouten.

The Holland Sugar Co. closed this season's run this morning.

The funeral of the infant daughter of Mr. and Mrs. Wm. Visser, West Sixteenth street, who died Saturday afternoon, Monday Rev. D. R. Druker officiated.

Announcement has been made of the approaching marriage of Rev. T. W. Mulenburg, pastor of the First Reformed church to Mrs. Sena Van Zanting.—Grand Haven Tribune.

The five-month-old daughter of Mr. and Mrs. Albert Kraai West Thirteenth street, died Sunday morning after a brief illness of brain fever. The funeral was held Wednesday at 2 o'clock from the house, Rev. E. J. Blekkink officiating.

A meeting has been called by a number of laboring men for Friday evening in the hall over Van Ark's furniture store. It is the intention to discuss the proposed charter amendments now under consideration. N. J. Whelan and Luke Lagers have been invited to speak. Every citizen is invited to be present.

The steamer Soo City, formerly owned by the Holland-Chicago and Graham & Morton lines, has been purchased from A. Booth & Co. by the Indiana Transportation Co. and next season will run between Michigan City and Chicago with the Theodore Roosevelt. The Soo City has been plying between Port Arthur and Duluth. About \$40,000 was the purchase price.

There were 38 postoffice burglaries in Michigan during the year, and one was at Reeman, where Peter Boven, a former resident of Graafschap, and well known in Holland, is postmaster. Boven lost \$9.03 of his own money, the government refusing to reimburse him because he had not fully complied with all the rules.

A meeting of teachers in the First Reformed church Sunday school was held at the home of A. Raak, West Sixteenth street, Friday evening and the following papers were presented. "Mission Study in the Sunday School," Miss Minnie Wilterdink; "The Most Eventful Day in the Life of Christ," Wm. Westveer; "History of Judas Iscariot," John Douma; "Successful Work as a Primary Teacher," Miss Sena Meengs.

The foundation for the new store building at Macatawa Park is completed, and carpenters are putting up the joists. The boat livery foundation is completed, and the work on both buildings is progressing favorably. Albert Tanner, who will be in charge of the new boat livery, has ordered 35 new steel row boats, and these with several canoes will be used in the new boat house. There will be no old leaky boats kept for hire. The equipment will be sufficient to supply the usual resort patronage of the livery. In addition Mr. Tanner will conduct his row boat ferry from the pier head as he has in previous seasons.

The Holland Sugar company has received the last delivery of beets and the slicing is finished. About January 10 the last of the sugar will be turned out, and the campaign will come to a close. Over 30,000 tons of sugar beets were delivered at the plant this year, about the same amount that was received last season. The total output of sugar cannot yet be given, as there is still considerable to be manufactured. Farmers are making contracts readily, many of them taking advantage of the opportunity as they delivered this season's crop. Some time in January agents will be sent out to secure acreage, and the company will have no trouble in getting all it desires if the present signing of contracts by growers is any indication.

Mrs. Florence L. Wright, for many years a resident of this city, died at 1:30 o'clock yesterday of pneumonia, having been ill but one week. She returned from Chicago a week ago yesterday and was immediately taken ill, being in a critical condition ever since, the service of a trained nurse being required. She is survived by one son, Archie, who is now on his way here from Montezano, Wash. Nothing is known of her relatives. The remains were taken to Dykstra's undertaking establishment, and funeral arrangements will not be made until the arrival of the son. Mrs. Wright was engaged in the dressmaking business during her residence here. She was 41 years of age.

Watch Complications

Can never be so serious that they are beyond our ability to rectify. Sometimes it happens that a watch suffers from a combination of complaints, and sometimes such a watch is a particularly valuable one. But no matter—you will find us equal to the occasion. This is always GOOD ADVICE:

Take your repair work to a repair shop that "Knows how."

Hope Church Wants Him.

Many members of the congregation of Hope church, having learned that Prof. John M. Vander Meulen, professor of sociology and pedagogy in Hope college, had received a call from the Presbyterian church at Frankfort, Ky., remained after the service to give expression to their hope that the professor may decide to decline the call.

It is the unanimous desire of the congregation that Prof. Vander Meulen should become the permanent pastor of Hope church; and in case the pastor relinquishes his position as teacher to enter the ministerial work he will promptly receive a call from Hope church.

The matter is being gravely considered by Prof. Vander Meulen and his decision is being anxiously awaited by the congregation.

Mr. Vander Meulen, during the time that he has served Hope as temporary pastor, has gained a strong hold on the church and the young people at large, this fact being demonstrated in the large audience that greeted him Sunday evening in spite of the very unfavorable weather.

Was It Suicide

Ralph Ter Beek, a resident of Holland until last summer, was found dead in bed at his home in Grand Rapids Sunday morning. He was 28 years old and leaves a wife and one child.

Deceased was formerly employed by the Pere Marquette as brakeman. He is the son of Lambert Ter Beek, living at Columbia avenue and Twelfth street. Two brothers, Barney and Henry, live in Holland, and one brother, John, in Grand Rapids. Mrs. Wm. Wood of New Buffalo is a sister. The remains were brought here Monday. The funeral was held yesterday. Of the case the Grand Rapids Herald says:

Whether it was a case of suicide or whether death resulted from other causes is not known. Those who found him first reported that an order of carbolic acid was detected in the room, but examination by physicians did not indicate that he had taken any.

Color is given the suicide theory by the fact that Ter Beek has threatened to take his life before. No cause is given for his actions except that he had been addicted to drink. It is stated that he had been drinking since Christmas. Saturday night he was still under the influence of liquor, and threatened his wife with injury so that she was afraid to remain in the house with him and stayed all night with the neighbors in the same house, leaving him about 9 o'clock. He was then going to bed, and nothing more was heard of him until morning, when he was found dead. Dr. Vos was called and declared that he had been dead several hours.

Corner Hilliker and LeRoy, after a post mortem examination declared that Ralph Ter Beek, who was dead Sunday morning at his home, Goodrich and Ney streets, came to his death from carbolic acid poisoning.

CORRESPONDENCE

Beaverdam.

The Ladies' Aid Society of Beaverdam met at the parsonage last Wednesday afternoon, the occasion being in honor of their President, Mrs. J. Borst, who is to leave in the near future. Shortly after the meeting was called, Mrs. Borst was presented with a beautiful brooch, nut cracker and picks, silver teapot and butter knife. Mrs. J. J. Van Zanten tendered the gifts with a few remarks which brought tears to the eyes of not a few members, for Mrs. Borst will be sorely missed. Mrs. Borst has been at the head of the society for three years and has sacrificed much time and expense in its behalf. A few remarks were made by the pastor, Rev. J. J. Van Zanten. About forty members were present.

Martin A. Nienhuis, who has been in Chicago in the interests of the Celery Growers' association, has returned and was the guest of his brother, Anthony Nienhuis in Holland Tuesday.

Jamestown.

Mrs. M. D. Hollis, of Jamestown, swore off on buttermaking. Mrs. Hollis is now 65 years of age. Ever since her marriage she has kept on an average of ten cows, and she always has made the butter from these cows with her own hands. Every cent she has received she has recorded in her account book. The amount totaled up exactly \$20,000, the figure she has been striving to reach for some time. Now that she has reached it, she has decided to make no more butter. Lucky indeed have those families been that have secured butter from Mrs. Hollis, for she always has carried off the prize at the Grand Rapids and Holland fairs. And her husband is a living proof that the butter is good, for he has been taking it daily for over 40 years and he now weighs 275 pounds and is as happy as a college athlete. Mrs. Hollis is also in perfect health.

Noordeloos.

Elder Molhoek died Saturday at his home in Noordeloos, at the age of 64 years. He was well known throughout the county, having come here from New Jersey many years ago. His death was sudden and quite unexpected. Last Saturday he was apparently as well as ever, but on Sunday he was seized with pneumonia and gradually grew worse. Deceased is survived by his wife and one daughter living at home, one in the Netherlands, and two sons in Grand Rapids. Only four children are living of a family of twelve. For the past five years Elder Molhoek conducted the services in the Christian Reformed church at Noordeloos. He was not an ordained minister, but he was the spiritual leader of the little community. The funeral was held yesterday at 12:30 from the home and at 1 o'clock from the church, Rev. J. B. Jonkman officiating.

Wildwood.

We are having very nice fall weather. The ground is not frozen, and farmers have a good time to take care of their crops and do fall plowing.

We have not had any snow, only enough to whiten the ground once, less than one-half inch.

Everybody is busy cutting and skidding logs. Logs are very high this season, Hemlock logs are worth \$10 per thousand on the Mill yard, or on the beake.

Hands are scarce. Work hands get \$1.75 per day for cutting logs or working in the woods.

Deer are plentiful around here this fall, more so than at any time since I settled up here. Everybody who got a license to hunt around here has killed from one to two deer. My son Arthur killed his two, and could have killed more not over one mile from the house. One was a big buck weighing over 200 pounds.

Arthur run onto three Deer Thanksgiving day and shot two of them, and could have killed the other just as well as not he said, if the law would have allowed him to have done it.

Clyde Ogden has bought a farm in Tuscola county and has moved on it. He is well pleased with his place. His farm is adjoining the farm of Maud Merrill, his daughter's, and his sister. He sold his farm here to his father, N. W. Ogden.

Saugatuck.

Fred Vander Vuss went to his home in Holland to spend Christmas and while there went out with a friend to hunt rabbits. When game put in its appearance Fred got in the way and stopped one of the No. 4 shot which went about 1/2 inch deep in the flesh of the limb just above the knee while other shots passed through his clothing. This is the third time he has used his person to stop shot.

The Ganges Grange will meet January 3, 1907, at the Grange Hall. The third and fourth degrees will be given after which the installation of officers will occur and a program will be given.

Following are the officers elected and installed by the Dutcher Lodge F. & A. M. No. 193 last Wednesday: W. M., Frank W. Wade; S. W., Joseph Prentice; J. W., H. A. McDonald; Treasurer, James Wark; Secretary, Ward Reid; S. D., Wm. Tisdale; J. D., Geo. Durham; Tyler, Wm. Oliver; Stewards, Roy A. McDonald and A. C. Campbell.

The three remaining numbers of the High School lecture course will be given as follows: On January 10 a lecture by Dr. Vander Meulen; on February 5, Ellsworth Plumstead will give an evening of character delineations and impersonations. On February 18 Mr. Hoag will deliver a lecture.

The postmasters at the offices in Saugatuck and Douglas have received orders from Washington to make a slight increase in the charge for box rents. At the Saugatuck office where the annual receipts exceed \$2500 the increase will effect only call boxes the rent of which will be increased from 15 cents to 20 cents per quarter, and the larger size drawers which will be increased from 35 cents to 45 cents. Heretofore box rents, the country over, have not conformed to any particular schedule, but the new ruling regulates them in proportion to the yearly receipts of the office. Contrary to a general supposition, the postmasters have nothing to do with the regulation of box rentals.

Miss Hubbard entertained her brother Frank, of Kibbie, and nephew, Chas. Hubbard and family of Holland, for Christmas dinner.

Miss Anna Burch, who is attending Business College in Grand Rapids, is spending the holidays with relatives.

Among other interesting plants Mrs. Ancil Walker has a small lemon tree growing as a house plant in her window. On this tree is one huge lemon just ripening and by looking at it one would think that Mrs. Walker could give the lemon growers down South pointers on their occupation for it is larger than any lemon we ever saw in our local market.—Saugatuck Commercial Record.

Women's Woes.

Holland Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. Jan De Kok, formerly of Holland, now living at Grand Rapids, says: "I was bothered for years more or less with heavy, aching pains in my back. I could not rest comfortably and it was painful for me to stoop or straighten up. Seeing Doan's Kidney Pills so highly recommended I got a box at J. O. Doan's drug store and tried them. They relieved me right away and in a short time my complaint disappeared entirely. Doan's Kidney Pills are a fine remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name, Doan's, and take no other.

Speaker Whelan.

The Grand Rapids Herald of this morning has the following editorial regarding "Nick" Whelan of this city.

The election of Nicholas J. Whelan of Ottawa as speaker of the house is a high and well deserved honor bestowed upon a young man who by his own exertions and abilities has risen from the ranks. It is the third time in history that Ottawa has claimed the speakership, the previous recipients of the honor being Silas G. Harris, in 1850, and Gerrit J. Diekema, of Holland, in 1889. Twice only since Michigan was made a state has Kent county held this place and Ionia has had it but once. Livingston, with a record of four terms, is the only county that has done better than Ottawa, while Wayne, Calhoun and Genesee can only equal the record.

Mr. Whelan's early life was spent in Montague when that was a lumber town. As a boy and young man he worked in the mills, on the boom, at anything that would yield wages, and in his spare time studied. When of age he joined the life saving crew at Holland, where he remained five years. He turned his hand at other things as occasion offered, in the meantime continuing his studies, with his ambitions fixed upon becoming a lawyer. He was admitted to the bar in 1895 and has since won recognition as an eloquent pleader and advocate and an able counsellor. He was elected to the legislature of 1903-4 and re-elected to the next session and is now entering upon his third term. He has the confidence of his home people, and the ease with which he won the speakership against many who aspired for the place is not only a testimonial to the esteem in which he is held by his legislative associates, but a recognition of his abilities.

Speaker Whelan will fill the high office to which he has been elected with credit to himself and the state. He will be fair in his rulings, and it may be depended upon his influence will be on the side of the people in matters of legislation. His election to the speakership cannot be regarded otherwise than as a most auspicious opening of the session.

NICHOLAS J. WHELAN

Our Townsman, who was Elected Speaker of the House of Representatives by a Unanimous Vote.

The New Skipper Has Been Selected.

Sumner L. Kimball, superintendent of the life saving service, has ordered Robert McKenzie, surfman No. 1 at the Muskegon life saving station, to take charge of the life saving station at Holland, relieving Captain C. D. Pool.

While the order is only temporary, giving the Muskegon man charge of the government property during the winter months, it undoubtedly means that before the season opens April 1 McKenzie will be made captain of the Holland station. He ranks high as a surfman, as he is No. 1 in the Muskegon crew.

Captain Pool is still at the station, but he is preparing to move. Just what his plans are is not known. He had not received any notice today of any one being sent to relieve him.

The Muskegon Chronicle has the following to say of the new Captain:

"George W. McKenzie, surfman No. 1 at the United States lifesaving station at Port Sherman, left Muskegon at 11 o'clock this morning for Holland, to take charge of the lifesaving station at that place until such time as a regular keeper shall be appointed.

"During the time of his service at the station at Port Sherman he has worked up from the lowest position as surfman No. 7 to the highest, that of surfman No. 1.

"Mr. McKenzie is about 39 years of age and was born in Scotland. Before entering the lifesaving service he was a sailor and later served for four years in the United States navy as a seaman.

While in the navy he remained on the same boat for the entire four years of his service. During the time he traveled around the globe. Previous to entering the navy he sailed between England and South America.

"The members of his family, who are spending the holidays at Ravenna, will probably join him soon at Holland for residence."

If you are married and have a loving wife and dear children, ought you not to provide their home with elegant and at the same time durable furniture. Perhaps you say, "I haven't the money." Then read Jas. A. Brouwer's advertisement on the first page. His is the store that grants you credit. He trusts you so that you can buy the best he has and not pay for it till you are ready. Go and see his immense stock at 212-214 River street. This week he is advertising parlor goods at a sacrifice sale. Parlor Settees and Parlor Suites, and a few elegant parlor settees at one-quarter off. Act promptly and get first choice.

At It Again.

The mysterious "black hand" has renewed its threat upon the life of John W. Lankhorst. In an anonymous communication addressed to his wife and deposited in his mail box some time during the night, Mr. Lankhorst is threatened with death in case he and his wife are not separated. The letter was written in the same hand and style as previous ones, was enclosed in a stamped envelope and bore no postmark and the composition was full of grammatical errors, and poor spelling. The content follows:

Dear Kate—I think you know by this time you made a mistake to marry that dum lazy fellow. I heard you take in washings; that is what his first wife had to do and that's what killed her. You better get a divorce and I will see to it that he will not bother you any more. I can give him something that he don't know his own name. I can't bear to see you suffer and you will as long as you stay with him.

Now, Kate, you have to do something. If you leave him or drive him out, I am satisfied; but if you stay with that fellow I will kill him or do something else. I know he carries a revolver, but that don't do him any good. He may be caught some time and then he will go across the road. Let this be enough now.

Nine similar communications have been directed to Mr. and Mrs. Lankhorst within the past 15 months. Their marriage occurred in November of last year and the first one was a warning not to marry him. Since that time they have kept coming at irregular intervals, the last one being received about three months ago.

Mr. Lankhorst lives on the second floor of the residence of Peter De Kraker, No. 11 East Tenth street, access to which is gained by a rear stairway and the mailbox is hung at the foot of the stairs. Recently while raking his yard he found close to the mail box a plain heavy gold ring, and although advertised, the owner failed to redeem his treasure.

A rigid watch has been maintained for two months, but when the mysterious missives ceased coming, the watch was abandoned.

It was upon one of these visits last summer that the fiend made good his threat. When Mr. Lankhorst was returning home on a Saturday evening at a late hour, he was felled to the ground by a severe blow upon his head while crawling through a wire fence in the rear of the yard, and he lay unconscious for two hours before he was discovered.

During the same summer one evening at midnight three men endeavored to lure him from his home by making the assertion that his services were wanted at the office of the Interurban railway, but the night being very dark, he was unable to recognize the spokesman and refused to go.

Both claim that they know of no living enemy and they are at a loss for a cause for their persecution.

ABOUT THAT CRAPE BAND.

Mourning Symbol Out of Place on the Arms of Gentlemen.

It is astonishing how many persons, both men and women, who give every other indication of culture and refinement, are seen on the streets nowadays wearing crape bands on their coat sleeves, says the New York Herald. This form of mourning was originally a military one, the British officer's cap, with its ridiculously low crown, not admitting of a band. When he boasted a decoration the medal also was covered with crepe.

From the military the sleeve band descended to the coachman and footman, and has long been the recognized servant's mourning when there was a death in the master's family. Then the costermongers adopted it because it was cheap. When one of 'Arry's friends dies the purchase of a black coat is out of the question, so he puts the band of crape around the sleeve of his old coat and lets it go at that.

The well-to-do New Yorker who unwittingly adopts this custom is first cousin to the parvenu who invests in a coat of arms and picks out one with a bar sinister because he thinks it looks just the thing.

Expensive Pink Tea.

"The next time I have a tea," declared the society man, "I'm going to hide my telephone some way or other. At the last tea they caught sight of it on the table the first thing. 'Let's make it a telephone party!' they cried, and proceeded, one at a time, to talk to everybody they knew and didn't know.

"My telephone bill that month was exactly \$12.90," he finished with a sigh.

An Exception.

Knicker—The child is father to the man.
Bocker—Not much; the baby who rouses the neighborhood at night becomes the man who takes his shoes off so as not to wake his wife.

Four fishermen were caught on an ice float yesterday. The men went out fishing near Diekema point, and so absorbed were they in their sport that they did not notice the ice was shifting until they started for the shore when they noticed that a stretch of water 50 feet wide separated them from the main land. Noticing that the ice was becoming rotten and soft, they realized their peril and then called loudly for help. Their cries were heard by M. Cramer who put out in a boat and was compelled to make two trips to get the men out of their danger. The fishermen were Peter Smith, E. F. Hiler, H. O. Bliss, sr. H. O. Bliss, Jr.

THIRTY-EIGHT DIE IN WRECK ON B. & O.

**HORRIBLE RAILWAY ACCIDENT
THREE MILES FROM
WASHINGTON.**

More Than 50 Injured—Passenger
Train Collides with Another at
Terra Cotta Station—Partial List
of the Victims.

Washington, Dec. 31.—An appalling
disaster occurred Sunday night at 6:40
o'clock on the Baltimore & Ohio rail-
road at Terra Cotta, about three
miles from this city, in which about
38 persons were killed and over 50
injured, some of them so seriously
that they will die.

The accident was caused by the col-
lision of train No. 66, due here at
6:25 p. m. from Frederick, Md.,
known as the Frederick special, with a
dead-head passenger equipment spe-
cial of eight cars. Over 200 passen-
gers were aboard the ill-fated train.
The railway officials late Sunday
night were unable to assign any
cause for the collision. As soon as
the news of the wreck reached this
city, all ambulances available with
as many physicians as could be as-
sembled were sent to the scene.

Some of the Victims.

A partial list of the dead follows:
Belt, Edward M., aged 14; residence
unknown.

Brown, Commodore P., aged 60;
residence unknown.

Cook, Mrs. May, and baby, Wash-
ington.

Dailey, O. L., Newark, O.

Harris, Dr. E. Gailther, Washington.

Higbie, George, aged 8 years,
Brookland, D. C.

King, Prof. T. J., Washington.

Kelly, T. A., Kensington, Md.

Koll, Miss, residence unknown.

Leffold, Mary, aged 30 years, gov-
ernment employe in Washington.

Lowe, G. Lee, Washington.

McCauley, Mrs. J., and 14-year-old
son, residence unknown.

Mets, Theodore, New York.

Purman, Mrs., North Tacoma, D. C.

Reeves, Miss, Tacoma, D. C.

Reeves, Norman, Marion, Ind.

Ruppert, L., Washington.

Schewbridge, Mrs. S. W., and baby,
Washington.

On the relief train coming into the
city an unknown white boy about 12
years old and an unknown negro man
about 25 years old, died.

Of the injured seven have been taken
to Freedmen's hospital, 15 to United
States Soldiers' home hospital, and
30 have been brought into the city on
a special train over the Baltimore &
Ohio, to be carried to various hospi-
tals.

George H. Burgess, a brother of
Mrs. Barnes, had just put Mrs. Barnes
and her daughter on the train when
the wreck occurred and was one of
the first to join in the rescue work.
His sister and niece were among the
first to be found in the wreckage.

Bodies Strawn Along Track.

The dead bodies were found lying
beside the track for a considerable
distance. A dense fog was prevail-
ing and made objects perceptible but
a few feet. It was impossible at first
to determine the exact extent of the
catastrophe.

The moment the first of the surviv-
ors reached Brookland a general call
was sent out for doctors and ambu-
lances. Dr. R. W. Frischorn, Dr.
Stern and Dr. J. H. Brooks, of Brook-
land, responded and were taken to the
scene in automobiles.

One member of the crew of the pas-
senger train, who hobbled into a drug
store a half hour after the accident
said: "I can't tell how many people
were killed. It was awful. I don't
even know just how it happened. The
freight engine went through the en-
tire train, and it seems to me as if
everyone was killed in the last coach
and many in the first. The freight en-
gine must have run past a red target.
I can't explain the accident in any
other way. I can hear the groans of
the dying ringing in my ears now."

United States District Attorney D.
W. Baker, who was a passenger on the
forward car, suffered slight injuries.
He was able to walk from the wreck
to a drug store, where his injuries
were treated. He was later taken to
his home in an automobile.

Citizens Hasten to Aid.

When the news of the accident
spread about Brookland many citizens,
with their wives, hastened to the
scene to give their aid and comfort to
the wounded.

Mrs. H. F. Fisher, of this city, while
responding to the call of a sufferer,
almost stumbled over the body of a
two-year-old child lying near the
track. The baby was terribly bruised,
but was still alive. It was said that
the mother of the infant had been
killed.

Cambon Going to Berlin.

Paris, Dec. 31.—It is semi-officially
announced that Jules Cambon, the
French minister to Spain, will be
transferred from Madrid to the post at
Berlin, replacing M. Birhourd, who re-
tires. Georges Leygues, former min-
ister of colonies, will be appointed am-
bassador to Madrid.

Shoots Wife, Kills Himself.

Pittsburg, Pa., Dec. 31.—Believing
his wife, whom he shot three times,
was dead, Robert Ford, 40 years old,
of Homestead, a suburb of this city,
fired a bullet into his own brain Sun-
day, dying instantly. His wife, how-
ever, was not fatally injured. Jealousy
caused the crime.

Keep Your Nerve

It is nerve energy that runs
the organs of your body. The
storage battery is the nerve
cells in the brain and spinal
cord, and from this battery
nerve force is sent out through
the system of nerves. To keep
the body healthy you must
have plenty of nerve force; if
you have not, the organs work
imperfectly, the circulation is
sluggish, digestion bad, appe-
tite poor, kidneys inactive, and
aches, pains and misery are
the penalty.

You can keep the system
strong with Dr. Miles' Nerveine.
It assists in generating nerve
energy; it strengthens the
nerves and makes the whole
system strong and vigorous.

"I take pleasure in recommending
Dr. Miles' Nerveine to those suffering
from nervous prostration, insomnia
and melancholy. After several
months suffering from above diseases
I tried this medicine and found im-
mediate relief. It soothes and strength-
ens the nerves, chases away the
gloomy and depressing thoughts and
gives the sufferer renewed strength
and hope. It is a superb nerve re-
storer."

NEW YEAR USHERED IN WITH JOLLITY

NOISY, HAPPY THOUSANDS GREET 1907 IN CITIES.

FILL CAFES TO LIMIT

Horns, Bells, Songs and Confetti Throwing Make the Streets of New York and Chicago Like Carnival Scenes.

New York, Jan. 1.—The passing of the old year and the advent of the new were observed here in the good old-fashioned way. Each New Yorker celebrated in accordance with his individual bent.

The playhouses were filled to "standing room only;" the cafes were crowded to the limit; up and down lower Broadway moved unceasingly a noisy, happy throng; while above the deafening din, pealed the chimes from Trinity and less historic spires under which congregations gave the occasion a religious significance.

Rain which had fallen steadily throughout the day let up as the evening advanced and the crowds that had made other New Year's memorable appeared on the streets blowing horns, ringing bells and showering confetti over all. The police, warned by Commissioner Bingham, to whom protests had been made when the annual night of liberty had degenerated into unbridled license, made a show of restraining the exuberance of the paraders, but the good nature of the crowd carried everything before it, and the carnival went on with a "happy New Year" shout for every one.

Welcomed with a Shout.

As midnight approached the merry-makers congregated near Trinity church, where as "12 o'clock" rang out, a mighty shout welcomed 1907. This was followed by "Red, White and Blue," "Liberty," "Long, Long Ago," "Suwanee River," "Home, Sweet Home" and other airs, while the listening thousands waved hats, sticks and umbrellas in joyful abandon.

Throughout the city other chimes rang out the old and rang in the new. The celebrations in the cafes surpassed all previous carnivals of jollity in New York.

Wild Revelry in Chicago.

Chicago, Jan. 1.—New Year's Eve in Chicago's streets was an inferno of noise, despite the oft repeated mandate of Chief of Police Collins that the violent merrymaking be confined to the five minutes after the government time ball decorated with red lights, dropped from its height above Masonic temple. The sane New Year lid was a fiasco.

In State street bands of young men, each with a different instrument of air torture, made center rushes up and down the street. In some instances the police stopped them and warned them to make less noise.

Girls threw confetti and slapped strange men in the face with small feather dusters. Men smiled unbuckled at every pretty face. The masher law was forgotten. The police were on hand to quell unruly revelers, but there was a great latitude in their judgment of all law violations and the arrests were few. The theaters were crowded to the limit. All seats were sold before six o'clock in most of them.

Noisy Parties in Cafes.

The principal cafes were decorated for the occasion, and all tables had been reserved for weeks. Although in some of the downtown restaurants the strenuous noise instruments were discontinued, yet there were the jolly theater parties which, from time to time, under the glow of New Year's cheer, broke out in spasms of horn blowing at this and that place.

At the hotels the same crush was reported. The managers said the numbers exceeded any year they could remember. At the Auditorium Annex the crush was most noticeable, from the fact that beside being New Year's Eve it was the occasion of the opening of the addition to the Pompeian room. All the 250 chairs in the addition were reserved for theater parties.

BEATS OFF MASKED ROBBERS.

Night Agent of Burlington Road Pluckily Defends Cash.

York, Neb., Jan. 1.—C. C. Morris, night agent for the Burlington, grappled with two masked robbers and beat them off at an early hour Monday morning. One stood guard over him while the other rifled the cash drawer. Grabbing a fire shovel, Morris struck his guard a stunning blow, rendering him senseless. Then he grappled with the robber at the drawer, who had his hands full of money. They fought their way to the platform and were engaged in a terrific struggle when the other robber recovered. He came to the platform, called to his companion and they ran off in the darkness. As they left they fired two shots at the agent, but he was not injured.

Big Municipal Loan for Rio.

REIGN OF TERROR AT LODZ, RUSSIA

SIX PERSONS SLAIN IN STREETS AND SITUATION BECOMING ACUTE.

Believed That Workmen Will Soon Overthrow Fomenters of Disorder and Resume Labors—Many Factories Closed Down.

Lodz, Russia, Dec. 31.—The situation here is rapidly becoming acute. Sanginary encounters were frequent Saturday. Up to 3:30 p. m. six persons were killed and 12 wounded.

The authorities, at first supine, are now more active and are preparing to meet all emergencies. It is generally anticipated that the workmen will eventually secure the upper hand over the socialists, drive out the agitators and resume work within a few days.

The principal Polish banks say they do not fear any financial difficulties among the firms which have been forced to close down their works.

Factories to Close Down.

The proprietors of seven of the largest factories here, employing 100,000 persons, have announced their intention of closing their establishments in consequence of the system of terrorism inaugurated by the extreme socialists. The announcement caused excitement among the inhabitants generally of this city, as well as among the better classes of the factory employees, who fear that when this great army of unemployed persons begins to feel the want of bread, rioting will occur. The factory employees as a rule are without any means to support themselves and their families during the hard winter prevailing. One of the principal mill owners informed a correspondent of the press that the employees were compelled to close down because the militant socialists control the entire city and are murdering all those who do not accept their demands, which makes the continuance of business impossible.

Scores of Workmen Slain.

The socialists here Friday murdered no less than a score of nationalist workmen in this city and vicinity, and they threaten to organize street riots and compel citizens at the point of revolvers to feed and lodge the unemployed.

The manager of the Scheiblers' cotton mills and the foreman and engineer of another factory were murdered during the night by socialists, and the engineers of those and other establishments, fearing assassination, refused Saturday morning to return to their work. Consequently, four of the largest cotton mills shut down early Saturday and others closed in the evening. The four which locked out their men Saturday morning were the two Scheibler mills and the Foznanski and Grohman mills, which collectively employ about 25,000 men, but double that number are indirectly affected.

Several street encounters occurred during the morning. The engineers and skilled artisans are leaving Lodz. Many of the wealthiest inhabitants of Lodz have left in anticipation of disorder.

Dundee, Dec. 31.—Alexander William Black, member of parliament from Banffshire, who was injured in the railroad accident near Arbroath Friday, died Saturday night.

SNOW CAUSES BAD WRECK

TRAINS COLLIDE IN SCOTLAND, SIXTEEN PERSONS KILLED.

The Injured Number Over Thirty—Great Britain and Central Europe Suffer from Arctic Visitation.

Dundee, Scotland, Dec. 29.—In a railroad collision, caused indirectly by the heavy snowstorm of the last few days, 16 persons have been killed and over 30 injured. The accident occurred near Arbroath, on the North British railroad, between Edinburgh and Aberdeen, and some distance north of here. Among the persons injured is Alexander William Black, member of the house of commons from Banffshire, Scotland.

The accident is attributed to the heavy fall of snow, owing to which trains from London for Aberdeen were held up at Arbroath. During the afternoon, however, the line was cleared, and one train proceeded for Dundee. It had stopped at Elliot junction, and the danger signals were thought to have been set. They failed to act, however, through being clogged with snow, or from some other cause not yet ascertained, and an express train dashed into the rear of the waiting train.

Mr. Black had both legs broken. A number of others sustained serious injuries, and it is feared that some of them will succumb.

London, Dec. 29.—It is many years since central Europe generally has suffered so severely from an arctic visitation as it has this Christmas week. From France, Belgium, Switzerland, Germany and Austria-Hungary the same tale is repeated of heavy snowstorms, the interruption of railroad, vehicular and telegraphic communication, the loss of life and general discomfort and inconvenience in the towns as well as in the country districts.

According to the reports received Friday night from northern points in the United Kingdom the storm situation is growing worse. The heavy snow storms which began several days ago continue. They are accompanied by violent gales and even thunder storms in some places, and have resulted already in the serious railroad accident near Arbroath, Scotland. Railroad traffic in the northern part of England, especially in Scotland, is becoming completely tied up. Large towns like Edinburgh, Dundee and Perth are almost isolated.

The gales have caused many minor casualties along the coasts. A telegram from Holyhead says it is learned there that an unknown vessel has foundered off Rhoscolyn point, Wales.

FAMOUS ENGLISHWOMAN DIES.

Baroness Burdett-Coutts Passes Away, Aged 92 Years.

London, Dec. 31.—Baroness Burdett-Coutts, who had been ill at her residence here since Christmas Eve, is dead.

Her death occurring at the age of 92 years, besides depriving the country of one of its greatest and most famous philanthropists, removes from London a unique personality and an interesting social figure. As a link with the almost forgotten past, her life beginning during the reign of the Emperor Napoleon, she lived during the reign of five English sovereigns. Inheriting an immense fortune, she so used it as to die beloved by the whole nation.

Victim of Lynchers Was Insane.

Salt Lake City, Dec. 29.—Lawrence Leberg, who was lynched at Las Animas, Col., Thursday night, was taken into custody here in June last, was adjudged insane and was committed to the state hospital at Provo. That the mob lynched a lunatic is the opinion of Dr. Calder, superintendent of the Utah asylum.

Negro in Uniform Shoots Chinaman.

El Reno, Okla., Dec. 29.—Resisting an attempted holdup in his laundry Friday night, Le Sung, a Chinaman, was shot and dangerously wounded by an unknown negro who wore the uniform of the United States army.

SECRETARY SHAW SEES NO CLOUDS

BE CONSERVATIVE OF EVERY THING BUT THANKFULNESS.

GIVES RESUME OF YEAR

Excess of Receipts over Expenditures \$59,000,000—Increase of Cash in Treasury and in Circulation.

Washington, Jan. 1.—"There is no occasion for alarm. Our only anxiety need be lest we fail of facilities properly to garner, store, transport, and market our multiplied blessings. Let every man be of good cheer and try to be conservative in everything except thankfuluess."

Secretary Shaw thus concludes a resume of the year's financial record which he says has been prepared in response to multiplied requests. In round numbers he places the receipts for the calendar year 1906 at \$625,000,000 and the expenditures at \$566,000,000, or an excess of receipts over expenditures of \$59,000,000. As there has been no change in the tariff laws relating to internal revenue, Secretary Shaw says the large increase in receipts is due solely to the extraordinary trade activity. The total expenditure, however, for 1906, as compared with 1905, he says, shows a decrease of only \$5,000,000.

Uncle Sam Prospers.

Discussing the finances of the government for the six months of the present fiscal year just closed, the secretary says that the books of the treasury show surplus receipts over expenditures of \$25,000,000 as compared with a deficit of \$8,000,000 for the corresponding months of the previous fiscal year. The cash in the treasury is \$190,000,000 as compared with \$171,000,000 a year ago, an increase of \$19,000,000. The cash in national bank depositaries is \$159,000,000, as compared with \$65,000,000 a year ago, an increase of \$94,000,000 and the total cash in the general fund is \$356,000,000, as against \$242,000,000 a year ago. Against this cash there are liabilities at the present time of \$13,000,000 greater than at the same time last year. The available cash balance has increased during the year \$101,000,000.

With the general fund standing at \$237,000,000, Secretary Shaw remarks that the bonds maturing July 1, 1907, can be paid, if it shall be deemed wise, and still leave a working balance of more than \$120,000,000. If the owners would accept the money the bonds could be paid now, but he doubts whether any considerable number would accept payment at this time, because they are of the class who care for little else than certainty of security and exemption from taxation. Mr. Shaw says he has thought best, however, to leave to his successor the discretion of paying these bonds at maturity or of refunding such portion as he may deem appropriate.

More Money in Circulation.

During the last twelve months, the secretary continues, the money in actual circulation, exclusive of the amount in the treasury vaults, has increased more than \$200,000,000. Of this increase \$145,000,000 is available for bank reserve and \$60,000,000 is in national banks' circulation. "This," he says, "seems to be a complete answer to the oft-repeated and ill advised criticism that the independent treasury system necessarily results in contraction when money is most needed." He says the manifest and admitted shortage has been caused by the unprecedented prosperity in this country and reasonable prosperity everywhere. The people of the United States, he declares, consume per capita, more food, more clothes, more of everything than any other people in the world, and when prosperous they import very largely. This, he asserts, naturally encourages industry everywhere and unusual business activity calls for an unusual amount of money and of credits based on actual money.

Car Shortage and Money.

The effect of the present car shortage on the money market also is alluded to. The secretary says: "A larger crop of cotton than usual and an unprecedented yield of cereals, fruits and every other agricultural product has filled granaries and warehouses to overflowing and congested every important railway. A few years ago the freight cars of the country averaged forty miles per day, but owing to the present congested condition and insufficient terminal facilities and factory sidings, they now average but twenty-five miles a day.

"In the absence of more trackage and increased terminal facilities an increase in the number of cars increases congestion and fails to afford adequate relief. Non-perishable freight is shifted on sidetracks to make room for that which is more important. This delayed freight, however, is owned by some one and some one's money is thus tied up. The producer has sold it, though it has not reached the consumer. It is represented somewhere by borrowed money and the delayed shipments extends the loan. The same is true of all material on its way to factories."

Oscar's Condition Serious.

Stockholm, Jan. 1.—King Oscar's sleep Monday was very much disturbed. His condition Monday night was serious.

The Holland Launch and Engine Company has been organized with a paid capital stock of \$15,000, and operations will be commenced in a few days in the Wolverine plant on the bay. The new company will manufacture boats and engines, Herman Garvelink, manufacturer of gas engines in Grand Rapids, is one the largest stockholders, and will move his plant here later. Officers of the new concern will be elected tonight. The company will probably start with a force of 10 men, increasing the force as business demands, until 25 or 30 men are employed.

City Treasurer Overweg has on his books the sum of \$7,678.60 in taxes to be collected. Beginning yesterday an additional 5 per cent for collection is added, which will make quite a bit of difference in the amounts taxpayers will have to pay because they failed to settle before the old year closed. The total amount of the tax rolls was \$119,224.28, which included the 5 per cent. Subtracting this latter sum, \$5,961.21, left \$113,263.07 to be collected. There has been paid in \$105,584.47, leaving a balance of \$7,678.60, on which the 5 per cent must be paid.

A. J. Van Mourik, 216 West Fourteenth street, kept a record last year of the number of eggs produced by twenty brown leghorn hens, and he is firmly convinced that hens are money makers, aside from the price they bring as a table luxury. During the year just closed these 20 well cared for "biddies," produced 3,207 eggs, which sold for \$43.20. Their feed cost \$19.14, which left a net profit of \$22.06. The record of eggs for each month is as follows: January, 196; February, 254; March, 319; April, 385; May, 362; June, 319; July, 276; August, 275; September, 203; October, 227; November, 201; December, 190; total 3,207. The greatest number of eggs recorded was in April, and the smallest in December.

With the coming of the New Year Sheriff Woodbury resumes the office of sheriff of Ottawa county and it becomes necessary for him to appoint new deputies. The first of this new batch came Monday when he reappointed Hans Dykhuus and made Arie Zaating of Holland deputies. There will be other appointments in Holland but they will come a little later. Frank Salisbury, John Luikens, F. E. Buxton and John Kleiver will be reappointed as the Grand Haven deputies and there will probably be no great changes in the sheriff's force in the county. Frank Salisbury remains under sheriff and Messrs Luikers and Buxton are the court deputy and has seen service for over twenty five years. He has served continuously since John Vaupell was sheriff.

The population of Holland was increased by 272 births during the year 1906, that number being recorded by City Clerk Van Eyck. This record cannot be compared with previous year for the reason that until January 1, 1806, the law did not require a strictly accurate record. During the past 12 months 118 deaths occurred in this city. The record for previous years shows: In 1905, 139 deaths; 1904, 113 deaths; 1903, 96 deaths; 1902, 88 deaths; 1901, 99 deaths; 1900, 123 deaths. According to the state bulletin of vital statistics there were 46 deaths and 60 births in Ottawa county during November, 1906. In Holland there were 12 births and 6 deaths. Of these deaths 3 were infants. Grand Haven reported 2 deaths and 9 births. For the same month Allegan county had 44 deaths and 52 births, and Muskegon county 33 deaths and 42 births.

Gelatine Factory Will Start Again.

Dietrich Shilling, representing Habicht, Braun & Co., of Chicago and New York, has purchased for his company the German Gelatine Co. plant, owned by the First State Bank and located on the North side of the bay.

The transfer means the development of the property into one of the largest plants in the country, the new owners being the most extensive manufacturers of gelatine in the world, having large factories in Chicago and New York, the output of the company's factories last month reaching \$780,000.

They manufacture a high grade article and their goods have a splendid reputation, insuring the success of the Holland factory from the start.

It is planned by the new owners to enlarge the building and the equipment and double the capacity of the factory.

Upwards of 150 hands will be given employment from the start, and this number will be increased as the business develops.

Mr. Shilling left for Chicago, and as soon as the company can be incorporated under the Michigan laws the factory will be gotten ready for occupancy.

Don't forget the 7th annual green ticket sale at Lokker-Rutgers Co. Sale begins January 7.

POSTAL SALARIES MUCH TOO SMALL

HITCHCOCK URGES THEY BE INCREASED TO SAVE THE SERVICE.

Plan of Compensation Grades Presented—Doubling Annual Leave Recommended by The First Assistant Postmaster General.

Washington, Dec. 31.—Failure at this time to increase materially the compensation of post office employees, thus keeping pace with the advancing wages in other lines of employment, will seriously jeopardize the efficiency of the service.

This statement is taken from the annual report of First Assistant Postmaster General Hitchcock, made public Sunday. The need of new legislation to make the postal service more attractive in order to retain present employees and as an inducement for good men to enter the service, is treated extensively by Mr. Hitchcock, who presents a plan for the consideration of congress.

Higher wages in other classes of employment, taken with the increased cost of living, have rendered pronounced the inadequacy of post office salaries. As a result the resignations from the service have increased at an alarming rate; and the standard of men going into the service has greatly deteriorated in the last fiscal year.

The figures for October last show that clerks were leaving the service at an annual rate of one in every five.

Hitchcock's Salary Plan. After a careful study of the problem of devising a satisfactory scale of salaries applicable to clerks and carriers alike, this plan has been suggested by Mr. Hitchcock: Establishing for both of these classes of employees six grades of compensation, the annual salary to be \$600 for the initial grade, \$800 for the second grade, and for the four succeeding grades \$900, \$1,000, \$1,100 and \$1,200 respectively; and of providing for the advancement of clerks and carriers in first class offices from \$600 initial grade to \$800 after one year's service, to \$900 after two years' service, to \$1,000 after three years' service, and for the advancement of clerks and carriers in second class offices to \$800 after one year's service, to \$900 after two years' service.

The proposed plan leaves to the department the distribution of promotions, based on efficiency, above the \$1,000 grade in first class offices and above the \$900 grade in second class offices, the extent of such promotions being limited, of course, by the appropriations provided.

Double the Annual Leave.

It is proposed to grant 30 days' annual leave to post office clerks and carriers, instead of 15 days as at present, thus placing the employees of the post office department on an equality with other government employees. It is shown that the overtime served daily by post office clerks, figured on an eight-hour basis, for the month of October last, was 43.19 minutes and Mr. Hitchcock urges that a sufficient number of clerks be employed to keep the work day as near eight hours as possible.

Suspensions of employees are not favored by Mr. Hitchcock and he urges that this system of punishing infractions of regulations be abolished.

RICH OLD MAN MURDEDED.

Thomas Fanning Found Slain in His Kansas City Home.

Kansas City, Mo., Dec. 31.—Thomas Fanning, aged 80 years, a wealthy property owner who lived alone, was murdered some time Saturday at his home at 1813 Olive street in this city. His head had been horribly hacked with a hatchet. The crime was reported to the police Sunday by William Lannagan, the murdered man's young nephew. He is one of the dead man's heirs and was held for a time by the police.

Robbery was not the motive of the crime as \$2,700 was found by the police in a chest in the room where the body was lying. In the old man's pockets were a gold watch, \$13 and a deposit slip showing that he had deposited \$18,000 in a local bank on December 5.

ALEX. J. CASSATT IS DEAD

HEAD OF PENNSYLVANIA SYSTEM PASSES AWAY SUDDENLY.

Eminent Railway Man and Financier Succumbs to Heart Disease—Sketch of His Career.

Philadelphia, Dec. 29.—President Alexander J. Cassatt, of the Pennsylvania Railroad company, died suddenly Friday afternoon. The announcement of his death was made from his office shortly before 2 o'clock in the following bulletin:

"Mr. A. J. Cassatt, president of the Pennsylvania railroad, died suddenly of heart disease at 1 p. m. to-day. The symptoms were those known to the profession as the Stokes-Adams syncope, and as is often the case under these circumstances, death was instantaneous."

Mr. Cassatt died in his city residence at 202 West Rittenhouse Square, surrounded by the members of the family, who were at home at the time. He was attended by Dr. J. H. Musser of this city.

Mr. Cassatt was born in Pittsburg, in 1833; was educated in Germany and at the Troy Polytechnic Institute. He entered the service of the Pennsylvania in 1861 as a rodman. In 1867 he became superintendent of motive power and machinery, and in 1878 became general superintendent for the Pennsylvania system. From this time on his rise was rapid and in 1880 he resigned and did not again hold an official position in the company until he was elected to the presidency of the company in 1889. Mr. Cassatt began his railroad career in the engineering department and never lost his interest in that branch, and the planning and starting of the great New York city tunnel system for the company was due to him. Mr. Cassatt had resided in Philadelphia for many years and his family had been very prominent socially in that city.

MURDER MYSTERY CLEARED.

Prisoner Confesses to Killing Mrs. Lewis in Philadelphia.

Philadelphia, Dec. 31.—John G. Price, who has been under arrest in this city since December 8, according to a statement made Sunday by Capt. of Detectives Donahy has confessed that he murdered Mrs. Maurice Lewis at No. 2103 North Eleventh street on the afternoon of September 10. In a written statement Price, who has been arrested several times on charges of forgery and larceny, says that with a companion, whose name he refuses to give, he went to the Eleventh street house for the purpose of robbery. They represented themselves to be plumbers. While his companion was searching the upstairs rooms, Price says that Mrs. Lewis came upstairs and caught him. He then continues:

"There was a struggle and a chase. At the foot of the stairs I caught Mrs. Lewis to keep her from screaming and a handkerchief was thrust into her mouth. I then drew from my pocket a lance which I had previously stolen from a physician's office."

At this point Price's statement ends abruptly with the following:

"My God, I can't write it. I killed her; I alone am guilty."

The murder had baffled the police officials of this city ever since its commission.

"While my orders do not state that the Warren will go to China," said Maj. Bellinger, "from previous dispatches and from what I can gather that is the purpose for which she is intended."
