CITY AND VICINITY.

The inventory of the estate of the late I. P. Griswold of Allegan compiled by the appraisers, was filed in the probate court. The total value of the estate, both personal and real, is estimated at \$238,970.10.

At the annual meeting of the Marine Engineers Beneficial association held at Grand Haven the following officers were elected: Pres., James Cantwell; vice president, T. Rice; recording secretary, H. P. Mulligan; corresponding secretary, R. Van Toll; chaplain, C. Ball; conductor, Louis Vanden Berg; doorkeeper, Adrian O'Beck.

The residence of Mrs. Simon Van Dyke at 250 East Eleventh street, was badly damaged by fire and water last Thursday, while she was on her way to Crisp to be united in marriage to Peter Achterhof. Mrs. Van Dyke had stored her furniture upstairs in the forenoon and had rented the house to H. W. Topp, who had just taken possession. The origin of the fire was due to a defective chimney.

F. E. Dulyea and Dr. C. F. Sherman, two local sportsmen, and C. McKinley of West Olive, have bought an 80-acre farm in Lake County near Edgett. They expect to build a club house on the land early next spring. It is one of the best farms in that locality. There is a beautiful trout stream running through the place and there is some very good hunting.

Wm. Ballard of Coopersville has kept an average of 36 hens since January 1, 1907, and they have supplied him with 4780 eggs, which cost him for feed, \$22. He sold 350 dozen for \$57.20, not counting those used in his own family. The running way of the hens is a patch of ground 16x19 feet. How is this for high? Are there any poultrymen in Holland who can equal this record?

Jacob Pelgrim, a son of Henry Pelgrim, at one time county treasurer and a resident of Grand Haven, will occupy the pulpit of the Second Reformed church Sunday. Mr. Pelgrim is completing his course in preparation for entering the ministry and is well known in Grand Haven having attended the public schools in this city and spending his boyhood days here. He attended Hope College and is now seeking further preparation. He is developing into a pulpit orator of considerable power. He has been heard here and in Muskegon and other surrounding towns several times and has received much encouragement.—Grand Haven Tribune.

According to the recent ruling of the Michigan Railroad Commission which goes into effect on Wednesday Jan. 1, Michigan railroads are no longer allowed to use free tickets or passes. This affects the Holland Interurban. The company's officials declare they have never made the use of passes and free tickets a practice. What touches Zeeland people, however, is the opinion of the commission that the Interurban company can no longer make the low rate which it has been customary to offer students. This is not, however, a ruling, and the Interurban company has asked the commission to reconsider the point in question. If the low rate is a thing of the past local students will have to dig into their purses.—Zeeland Record.

Captain Donald McDonald, it is stated, has been appointed to the command of the U. S. dredging steamer General Gillespie to succeed Capt. Evans, who leaves the steamer January 1st to take up the study of law at the University of Michigan. Capt. McDonald is at present commander of the U. S. steamer Search and his appointment comes through Major Charles Keller, who is temporarily in charge of the U. S. engineers office at Grand Rapids, through a competitive examination. Captain Redner of the Goodrich line, Capt. Frank Pardee and Captain J. F. Cavanaugh of the Nyack are reported to have been close competitors for the appointment. Captain Evans leaves the service only temporarily.—Grand Haven Tribune.

Eleven Days In Cuba.

(Continued from last week.)

In the cool, grey dawn of the morning after we were conveyed in the lumbering vehicles that pass for hacks to the depot at Santa Clara, and it was a welcome sound, when, just as the rising sun began to scatter the mist, the conductor tooted his whistle for the train to start. For you know in Cuba, the conductor instead of giving the high sign with his hand as a signal for the engineer to go ahead, places a whistle to his lips and gives a shrill blast, and then away goes the train.

We reached Ciego de Avila just before noon, and there we had our second yellow fever scare. Across the tracks from the depot were the palisades surrounding the barracks of the American troops. A soldier had died of yellow fever in the barracks a couple of days previous, and we were shown a certain dead line beyond which we could not pass. If we passed this line it meant that we would be placed in quarantine, with a guard of Uncle Sam's finest to keep us there. This was the nearest we got to a case of yellow fever, just a stone's throw from the spot, and it was near enough for comfort. At that it seems that they make too great a fuss of these yellow fever scares. The Cuba of today is not the Cuba that it was before it was given a thorough cleaning by American troops, and before American sanitary methods were put in force. There are not now over three or four cases on the island and it is the confident prediction of eminent medical men that in a comparatively short time yellow fever will be a myth in Cuba.

The next thing that compelled our attention was the Jucaro and San Fernando railroad, the most compelling proposition encountered in our travels. This railroad forces itself on your attention. You are simply shaken into recognizing its existence. The cars are framed after the box car style but they are not so strongly built. Every time the wheels struck a joint in the rails or a bump on the tracks the frame of the car would sag from side to side and the roof would threaten to take a journey skyward. The sagging and the bumping chugged you forcibly against the wooden seats and made you think of a ride in a springless lumber wagon over a rocky road in the virgin forests of the upper peninsula of Michigan. This road is the limit. But there is one redeeming feature about it. It is a relic of the old order of things. The order that stayed progress in Cuba through all the centuries and forced the island to lay stagnant, a dormant offering to the tribute levying policy of tyrannical Spain. The things that are new are different. Under the new order modern lines of enterprise are followed, and the railroads of this new order will stand comparison with the average roads in this state. It is only a question of a few months when this road will feel the stimulus of modern push and step into its own, good service and modern conveniences.

The Jucaro and San Fernando traverses the most historical ground in Cuba, for it follows the celebrated trocha, or the barrier formed by the Spaniards to keep the eastern and western bodies of Cuban insurgents from joining forces during the years of sanguinary warfare. The trocha parallels the railroad most of the way on its north and south route through the island. It was here that the Spanish soldiers erected block houses about three quarters of a mile apart and stretched line after line of barbed wire fence between the miniature forts. The block houses still stand, mute reminders of the years of bloody conflict between insurgents and foreign masters. Some of the wire fence and the posts also remain, but the wire and the wood are rapidly being utilized as weapons of peaceful development of the land. These block houses are substantial structures about twenty feet square and built of stone or cement. There is a small tower on top surrounded by a walk around which the sentries paced to watch for the foe. Below in the main structure, port holes peep forth giving good rifle range of the ground intervening between each house. As you looked at these wicked looking block houses it did not require much of a stretch of the imagination to people them with crafty and cruel soldiers fingering eagerly the triggers of their rifles while their eyes swept the cleared spots and watched for the skulking insurgents. It

must have been pretty difficult for the Cuban patriots to get through the trocha, for should they pass the cleared spots in safety there still remained the tangling barbed wire through which they vainly struggled while bullets hissed around them ominously. Once in a while a patriot passed through the death barrier and joined his friends on the other side, but it was the explosion of the Maine which led to the changing of the trocha from a barrier, from a sinister creation of war to a creature of peace. Now the block houses, instead of frowning defiance and dealing death, invite man to the comforts of life. We saw one that a man had remodeled into a toolhouse, and one portion of it was used as a bathroom, being equipped with shower and bathtub.

About six miles from Ciego de Avila, the train, after gundry bumps and jars, came to a stop and the man with the whistle emitted a growl that sounded like Ceballos. And it

squad of which is shown in this issue. This picture was taken by Sidney Rothchild of Detroit, who is at the head of one of the big tobacco companies on the island. It shows not only the awkwardness of the squad but the different degrees of Cuban nationalities, for the Cubans range from the blackest of the black to the whitest of the white, and it is not uncommon to see a family where the babies range from blackhaired black ones to redhaired, freckled faced white ones. The Cubans are a mixed race to say the least.

We came within close range of the American army and it happened this way. A traveling Cuban sleight-of-hand performer and hypnotist gave an entertainment at Hotel Plaza the night we were there, and the officers with their wives attended. The officers, as soon as they discovered that some fellow Americans were present, became the soul of hospitality at once. They invited us to their rooms and gave us the best

A squad of Cuban insurgents. The snapshot was taken by Sidney Rothchild of Detroit and Havana.

was Ceballos, one of the most remarkable places in Cuba. Remarkable, because the first human habitation was built there but five years ago, and the place now boasts of one of the best, and the most modernly equipped hotels in Cuba. Remarkable also, because the place although out five years old, boasts of the second largest orange grove in the world. The Hotel Plaza is a reproduction of the old Hotel Plaza which for years stood in New York City. The New York structure was torn down to make room for the new Plaza, and the old structure was sent to Ceballos and rebuilt at a cost of about \$150,000. That's going some for a new town. It took \$1,800 to lay out the hotel grounds, and near it is a park upon which \$7,000 has been expended. The man who put this park in shape is the German landscape gardener who laid out the Monte Carlo grounds in Europe. Ceballos copies after the city of Holland in one particular. It has the so-called Berlin sewer system, and the citizens are quite proud of this, as it is the only place in Cuba where this system is installed. Ceballos also has an electric power and light system and an ice plant, one of the few on the island.

A view from the tower of Hotel Plaza is worth a journey to the place. In the distance 30 miles away mountains tower, while immediately surrounding the town the landscape, rolling and level ground interspersed and laden with tropical verdure, is a pleasing picture indeed. Nearby can be seen an orange grove of 2,780 acres and a cane sugar plantation of 2,000 acres. Then there are other smaller plantations close to the town and on the outer edge of the site is a street of typical Cuban cabins. The buildings in the central part of the town are of American style of architecture and the place on the whole is the most American looking on the island, barring one. The orange groves of Ceballos are nearly five years old and the yield on the trees this year looked remarkably good to us, although we were told that nature was in better shape to help the crop last year. At that the superintendent told us that he was figuring on a net profit of \$75 to \$100 an acre on his orange and grape fruit groves, which is pretty fair for five-year old trees. The five-year-old grove the company holds at \$650 an acre, but it is not for sale as it is held in common by stockholders in Cuba, Ohio, Massachusetts, Pennsylvania and New York.

Several companies of American soldiers are stationed at Ceballos. They are a part of the effective army of intervention that is doing so much to make Cuba one of the best governed countries on earth. The soldiers are a fine looking lot. Much different than the insurgents, a drill

they had in the line of entertainment. They were very glad to meet somebody just from the States and wanted to know all the news, especially political, and we talked long into the night on American and Cuban subjects. Then each had to give what was best within him in the line of a song, a story, a toast or a recitation, and the still small hours of the morning came while we sat there in fraternal, friendly spirit. The bonds of citizenship count for something I tell you when you meet under strange skies, and we will never forget the whole souled hospitality, the courteous attention and the gentlemanly greetings given us by the boys of the army, who in far away Ceballos are upholding the honor and the dignity of the flag so well.

Holland Furnace Co. Banquets at Grand Rapids.

The officers, representatives and leading dealers of the Holland Furnace Co., assembled at the Hotel Pantlind to outline their campaign for the coming year.

The company has recently erected another building which practically doubles their capacity. The first year's business has been very satisfactory and their salesmen and dealers predict even better results for the coming year. Mr. Couch, their banner agent for Ohio, reported that the furnaces installed during the year are giving such excellent satisfaction that he expects to sell ten carloads of Holland furnaces during 1908, and Heth Bros., their leading Michigan agents, expect to at least double their sales.

The company recently started to manufacture the Holland Window Coal Chute, and has already booked several carload orders for spring delivery, and have agencies in all the principal cities of the United States.

Among those present were H. H. Fast, salesman for Ohio; G. H. Landwehr, salesman for Michigan and Indiana; Edward Muehlenbroek of St. Louis, general representative for the south western states; A. H. Landwehr, sales manager; J. P. Kolla, Supt.; G. C. Bowman, general manager; R. L. Couch, dealer, Dayton, Ohio; Heth Bros., dealers, Grand Rapids.

Talk about hard times! This looks like a revival of good times.

The Old and New Way.

Some Important Facts Which May Prove Helpful.

Thirty years ago old fashioned cod liver oil had to be forced down a patient's throat. Invalids couldn't take it, children wouldn't. But the doctors prescribed it, and it had to be taken by force. Yet it cured people where enough could be taken into the system, for it has ever been the greatest of all tissue builders and general reconstructors known to medicine.

We are now anxious to have every one know that Vinol is a new form of this very old and valuable remedy, containing in a concentrated form all the medicinal elements of cod liver oil, actually taken from fresh cods' livers, but by an extractive and concentrating process it is made without oil or grease and it is as delicious to the taste as a fresh orange.

Vinol does not upset the stomach like old fashioned cod liver oil and emulsions; its strengthening and healing properties are remarkable, and both doctors and patients are delighted with its action.

Many wonderful cures right here in Holland have been effected by its use, and we ask all our customers to try Vinol on our guarantee to return money, every time it fails to make rich, red blood, increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, run down, tired and debilitated, or cure chronic colds, hacking coughs or bronchitis. Home Made Mixture Cures Rheumatism.

There is so much Rheumatism here in our neighborhood now that the following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are a few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the Kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which causes not only Rheumatism, but numerous other diseases. Every man or woman who feels that their kidneys are not healthy and active, or who suffer from any urinary trouble whatever, should not hesitate to make up this mixture; as it is certain to do much good and may save you from much suffering after a while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

ATTORNEY ASKS FOUR MONTHS FOR HARDEN.

Libel Suit in Berlin Continued—Word of German Woman Attacked in Court.

Berlin, Jan. 1.—At the hearing of the Harden-Von Moltke libel suit Tuesday the judge asked Count Kuno von Moltke whether he had resigned from the army as a result of the articles published by Harden in Die Zukunft. The count responded emphatically in the affirmative.

The state's attorney, Dr. Isenbiel, then opened the pleadings and demanded the imposition of a sentence of four months' imprisonment on Harden. He declared that Harden had assumed that there existed near the emperor a group of men whose influence was detrimental to the interests of the fatherland, and which he felt himself called upon to disperse. Among the members of this group were Prince Philip Zu Eulenburg and Kuno von Moltke. Harden, he said, attacked these two men, and, founding his accusation upon the mere word of a hysterical woman, Frau von Elbe, former wife of Von Moltke, and upon statements made by her mother, Frau von Heyden, who was untrustworthy, declared them to be possessed of abnormal tendencies.

Continuing, Dr. Isenbiel said: "Count von Moltke, who has been covered with filth by Harden, leaves this court completely cleared; he is without stain, a nobleman from head to foot. Prince Zu Eulenburg is equally vindicated. I do not know what the emperor said to Count von Moltke, but he probably told him: 'Go, Von Moltke, and clear yourself; stamp on this poisonous snake.'"

Herr Bernstein, attorney for the defense, reviewed all the incidents of both trials. He said that allowance should be made for Harden because of the public services he had rendered during his career. Harden, the attorney declared, had no reason to doubt the word of Mrs. von Elbe; and he was impressed by Prince von Bismarck's statements concerning the Liebenberg incident and the testimony of Prof. Schweninger regarding Von Moltke. The passages of the articles in question, Herr Bernstein continued, had been given a false meaning by detaching them from the general context. Harden had merely told the truth, and for this he must suffer. In conclusion the attorney protested against imprisonment for his client.

The court adjourned until Thursday, when Harden will be heard in his own defense.

GOVERNMENT RECEIPTS LESS.

New Year's Report Also Shows Increase in Expenditures.

Washington, Jan. 1.—The report of the government receipts and expenditures for the month ending Tuesday showed a decrease in the receipts, as compared with December last, of \$8,529,152, and an increase in expenditures of \$9,381,414, making the net loss for the year \$17,910,566. The largest decrease in the receipts is from customs, where the loss is \$6,895,959. Internal revenue shows a decrease of \$2,768,645, and miscellaneous receipts an increase of \$1,135,452. The several items of expenditure show an increase in civil and miscellaneous of \$3,500,000; in war an increase of \$1,500,000; in navy an increase of nearly \$4,000,000.

DROPS DEAD DURING SESSION.

His present tenure of office dates from October 23, 1906. He was a member of the Legion of Honor.

GREATEST INLAND HARBOR

WORK IN PITTSBURG DISTRICT IS NEARLY COMPLETED.

Immense System of Dams and Locks That Means Much to River Commerce.

Pittsburg, Pa., Dec. 30.—Within a few days the large river interests of the Pittsburg district will have use of the greatest inland harbor in the world. Only two or three days' work remains to complete the system of locks and dams built on the upper Ohio river between Pittsburg and the mouth of the Beaver river at Beaver, and by the time the low water season comes the entire chain of six dams will be ready for full operation.

The harbor of Pittsburg, which has heretofore been confined between Davis Island and lock No. 1, on the Monongahela river, will be extended to Merrill, or dam No. 6, on the Ohio river, a distance of over 30 miles from Pittsburg. This will enable river shippers to take millions of bushels of coal that much nearer to market, to wait for freshets to move coal and other products to southern ports.

It is estimated that the tonnage of the Upper Ohio for 1907 will exceed 4,000,000 tons. This vast commerce has been moved only by the aid of nature. Most of this tonnage has been held in the pools of the Monongahela or in the Pittsburg harbor proper, waiting at intervals for enough water to enable it to be shipped. Next spring coal operators will be in position to transport the coal to pool No. 6, thus taking the fuel for southern use over the worst portion of the Ohio river, which will materially aid in making up fleets to move them southward.

The improvement has cost the government close to \$5,000,000, but property valuations along that portion of the stream which has been improved have been greatly increased. Many manufacturers have located plants along the banks of the river because of the harbor facilities that will be afforded and the assurance that their works can be supplied the year round by fuel moved by water.

GYPSY KING PUT IN A CELL.

Accused by Queen Dora of Stealing Her Jewelry.

New York, Dec. 28.—Gus Stanley, king of a wandering tribe of gypsies, and eight of his followers were held in \$10,000 bail each Friday on a charge of grand larceny, preferred by Queen Dora Pearce, of a rival camp.

A crowd of King Stanley's followers tried to bail their chief by offering nearly a peck of gold ornaments, but this security was not acceptable to the court and the king was taken to a cell.

Queen Dora, in court, claimed that her quarters had been entered Thursday night and jewelry valued at \$20,000 taken. She told how the two tribes had formerly dwelt together in Westchester, but said that dissension had arisen and the tribes had separated.

A love affair, however, had developed meantime between Prince John Kruss of the Pearce camp and Princess Ethel Stanley of the other faction. This romance apparently was gradually bringing the rival camps together again and, the parents of the lovers having given their consent, a celebration of the engagement was held Thursday night in the Stanley camp, in which nearly all of the gypsies took part. It was while the merry-making was at its height, Queen Dora charged, that Stanley and some of his followers committed the robbery.

THREE PERISH IN A WRECK.

Trains Collide on Elevated Tracks at Camden, N. J.

Camden, N. J., Dec. 28.—Three persons were killed and 17 injured in a collision on the elevated tracks of the Pennsylvania railroad just outside the station here Friday when a Pemberton accommodation train ran into the rear of an Atlantic City express. A heavy fog was the principal contributory cause of the accident. The dead are: C. H. Brown, Moorestown, N. J.; J. L. Garbarini, Mount Holly, N. J.; T. L. Webster, Merchantville, N. J.

Miss Kinner's Dead Body Found.

Michigan City, Ind., Dec. 30.—The body of Miss Emogene Kinner of Penn Yan, N. Y., who disappeared from Michigan City on December 11, was found Sunday afternoon on the bank of a creek in a wild and unfrequented place. She had taught school at Yonkers and at Nyak, N. Y. Overstudy had caused nervous prostration, and she came here a month ago to recuperate her health and to spend the winter with her cousin, Frank M. Jones, an officer of one of the leading manufacturing plants of Michigan City. It is supposed that she lost her way in the country December 11 and perished of cold.

Kentucky Miners to Strike.

Hopkinsville, Ky., Dec. 31.—A strike of union miners employed in non-union mines in Hopkins, Webster, Union and Christian counties will be called Wednesday morning, January 1. The official call was sent out from here Monday and it is said several hundred men will respond.

FIND BEARDED MAN IN DRUCE COFFIN

OPENING OF GRAVE ENDS NOTED MYSTERY OF THE DUKE OF PORTLAND.

Lead Myth Is Exploded—Persons Who Swore to That Tale May Be Prosecuted—Claimant Says He Hasn't Given Up.

London, Dec. 31.—The body of Thomas Charles Druce, in Highgate cemetery, was exhumed Monday, just 43 years to a day after its burial. The coffin was found to contain the remains of a human body, thus exploding the romantic tale told by Robert C. Caldwell and others, who swore during the recent hearing of the Druce perjury case that it contained a roll of lead.

The official statement given out by representatives of the home office and others who were officially present at the exhumation, not only definitely disposes of the lead myth, but seems effectively to prove that the body buried in 1864 was actually that of T. C. Druce. The authorized statement follows:

"The coffin was opened and found to contain the body of an aged, bearded man; the plate on the coffin bore the name 'Thomas Charles Druce.'"

Every Vantage Point Guarded.

The scene at Highgate cemetery when the vault was opened was remarkable. Constables seemed to spring from everywhere; every bush and every tree apparently hid an officer of the law. All the entrances to the cemetery were surrounded by cordons of police. Only those persons who had passes from the home office were admitted to the grounds. George Hollamby Druce, who claims he is the rightful heir to the Portland dukedom and to its vast estate, tried twice to get into the cemetery, but was met with a stern refusal.

The operations began at daybreak with the removal of the topmost coffins in the vault, containing the bodies of the wife and a son of T. C. Druce. It was very late before the coffin, the contents of which have aroused the curiosity of the whole world, was brought up ready for opening and inspection.

Dire Consequences to Follow.

Those persons who have sworn to the placing of lead instead of a human body in the coffin have been discredited, and they probably will have to take the consequences of their acts.

So far as the general public is concerned, the entire long-drawn-out Druce-duke of Portland controversy is at an end, and the case of the claimant, George Hollamby Druce, has fallen to the ground.

Claimant Doesn't Give Up.

Despite the finding of the body, George H. Druce says that he is determined to continue to push his claim for the estates and title of the Portland dukedom. In an interview Monday night he said:

"It is foolish to deny that I am bitterly disappointed, but I have not abandoned hope. I am prepared to admit that the man known as Thomas Charles Druce was buried in Highgate cemetery, but this does not dispose of my case. I will not admit that the body exhumed is the body of my grandfather, who I still firmly believe was the duke of Portland."

George H. Druce also expressed dissatisfaction that a further examination of the grave was not made for the purpose of ascertaining whether or not a coffin containing lead was also interred there. Experts who were in attendance at the disinterment in his interests reported to him, he says, that the face in the coffin which was opened bore a similarity to that shown in the photographs of Thomas Charles Druce.

KANSAS TO BE CONVERTED.

Great Evangelistic Campaign Planned to Last Entire Year.

Kansas City, Mo., Dec. 30.—"Kansas for Christ," is to be the slogan in a state-wide evangelistic campaign that is to be pushed simultaneously in every county of the Sunflower state next year. Hundreds of ministers of various denominations, together with numerous well-known evangelists, are to hold revivals. An entire year will be spent in the movement and an effort is to be made to demonstrate to the whole country what may be accomplished in concerted religious work carried forward on strictly business lines.

The great revival is to be under the direct leadership of Rev. William Edward Bledierwolf.

The undertaking will be subject to the general supervision of a board of two ministers and two laymen from each denomination. This body, which has already been organized with 15 denominations represented, has selected Edward E. Taylor of Philadelphia to act as secretary.

University President Resigns.

St. Louis, Dec. 28.—At a meeting here Friday of the board of curators of the University of Missouri, located at Columbia, the resignation of President R. H. Jesse was accepted. A committee headed by C. B. Faris, of Caruthersville, was appointed to choose a successor to the president. It is stated President Jesse's resignation was tendered because of ill health.

Two-Cent Rate Not Harsh On Railroads.

The argument still goes on that the railroads cannot afford to carry passengers for two cents a mile, and that a return to the three-cent rate should be brought about by future Michigan lawmakers. These arguments may be expected as long as the interests affected hope there is a chance for a return of the old-time heavy charges. But these arguments should not be allowed to create in the minds of the people the wrong impression. Experience shows that the decrease in rate does not have the disastrous effect predicted. Take Ohio for instance. The report of the Ohio railroad commission shows that from Aug. 1, 1906, when the 2-cent fare law went into effect in that state, to Nov. 1, 1907, the net increase in passenger earnings was \$1,597,446.71, and in passengers carried 3,666,206 over the corresponding fifteen months.

Did you resolve?

The region that raises the corn, wheat, cotton and provisions is not convinced that there is danger of hard times.

The biggest January dividends on record go with the alleged panic. But just the same, leave out the groundless flurry next year.

"Tomorrow and tomorrow and tomorrow creeps on this petty pace from day to day." So say all of them in regard to the telephone situation.

A national convention will be held at Chicago in June, and shortly afterward a phonographic entertain will be pulled off at Denver.

Are there any other republicans in Michigan who would like to be a delegate at large to the National convention. Speak up quickly gentlemen there are only four places.

It will be a good thing for the United States when the annual showing of new railroad mileage is accompanied by the figures of new waterway mileage.

A student of aeronautics says balloons will shortly be used for the mails. Rural delivery carriers should be in no hurry to invest in automobiles.

There are two or three people in Michigan politics who have not yet declared that Taft is their choice. It cannot be disputed that the secretary is the biggest man in the race up to date.

Judge Alton B. Parker, who has been so solicitous about campaign contributions, ought to be appointed as a special committee to see that Denver makes her ante good to the democratic party to the last farthing.

It is a remarkable fact that the November immigration to the United States reached 117,476, against 94,621 in the same month last year. The alleged panic has many strange incidental features.

H. O. H. Holds Festival.

Over 300 guests attended the Festival Evening given in the Princess skating rink building last evening by the H. O. H. Condordia in co-operation with the Holland Cornet band and the Hosansa Singing society. Speeches were made by Congressman G. J. Diekema, Henry Brusse, H. Vander Ploeg. Others who took part in the program were Messrs. Estie, Van Dellen, Vander Meulen, Knol, Ter Wee, Hyman, Sprank and Van Leeuwen; Mesdames Henken, Van der Bunte, Talsman and Miss Buurman. The program committee consisted of H. Van der Ploeg, H. Pot, H. Henken and Wm. Lawrence.

It was one of the greatest events in the history of the society and greatly pleased all who attended.

WHAT YOU SAW 30 YEARS AGO

To the surprise of a great number of young folks a marriage was consummated on Saturday evening last, by James Sherwin and Miss Henrietta Roost, oldest daughter of Hon. John Roost, Rev. J. Rice Taylor officiating.

The firm of Geerlings, Becker & Co., formerly owning the City Mills, has dissolved by mutual consent, Mr. Geerlings retiring. It is rumored in this connection that Mr. Geerlings is looking to the neighboring village of Vriesland to erect a new mill.

The following officers were elected for the ensuing term at Grand Haven, of Ottawa Lodge, No. 46, I. O. O. F.: D. E. Rose, N. G.; J. W. Hatty, V. G.; Asa Reynolds, Sec.; James Burns, Treas. David E. Rose was also elected to represent that lodge at the next session of the Grand Lodge.

Just as we went to press on Friday of last week we learned that Chas. Richards, sawyer in P. Pfanstiehl's shingle mill, was unfortunate enough to saw off two tips of his middle fingers of his left hand, the same hand which he got badly mangled in the same mill in the same saw on the 16th of June last. Dr. Morris, who made a good job of it last summer, was called again to administer to the wants of the unfortunate young man.

Messrs. S. Ledeboer and A. Manting have returned to Ann Arbor to resume their medical studies.

We understand that N. Kenyon has formed a co-partnership with J. Van Putten for the purpose of carrying on the banking business. This will undoubtedly add strength to and confidence in the bank.

The old year closed remarkably quiet around town, and the New Year was begun in the same manner. On New Year's eve Rev. R. Pieters preached an impressive sermon in the 1st Ref. Church, which was largely attended, and on New Year's morning a sermon was delivered by Rev. H. Uiterwyk in the 3rd Ref. Church.

On Saturday last the Holland Fruitgrowers association held their annual meeting for the election of officers, etc. The officers elected for the ensuing year are as follows: President—C. A. Dutton, vice presidents—H. VanEyk, B. Grootenhuis, A. Bosma, M. Harrington, secretary—J. Marsilje, treasurer—A. H. Dutton.

Messrs. C. Vinke and A. Wiersema look real well in their new postal uniforms, and if anyone feels like faultfinding with this new regulation, they cannot reasonably find fault with the quality of the uniforms, for that is good.

WHAT YOU SAW 25 YEARS AGO

A Happy New Year to you all. J. D. Kanter and Lucas Sprietsma of Chicago are spending the holidays with their parents and friends in this city.

WHAT YOU SAW 20 YEARS AGO. CHRISTMAS CHATTER.

The two hundred employees of the Cappon & Bertsch Leather company in this city each got a large fat turkey on Christmas eve.

A. K. Roos walks more steady now. He leans on a gold-headed cane, a present from our genial and whole-souled postmaster, J. G. Van Putten.

The subscribers to the telephone exchange remembered Miss Lillie Bright, the manager, with a beautiful writing desk, and her assistant, Miss Fanny Boyd, with a handsomely bound volume of poems on Christmas day.

LAMENT OF THE BACHELORS.

It rather looked some time ago as if the Holland Bachelor's Club would collapse, but we understand from some of the members that the meetings have been more largely attended of late and there seems to be renewed activity in the organization. At the last meeting, in accordance

with the suggestion of President Waring, some of the members expressed in rhyme their reasons for being single men. Following is the result as appears from the records of the club:

Of for the chimneys of good old times
When I the girls did woo;
Of for the walks and pleasant talks
With nothing else to do
But mock the dove with whispered love,
Behind a maiden's fan,
Instead of vow as I must now—
I'm but a single man.

—W. C. Walsh.

With many a sigh the days go by,
I am unhappy ever,
When women-kind make up their mind
I try to change them never,
If they like me, could only see
My virtues as I can,
They say I wouldn't nor I couldn't—
I'm but a single man.

—Peter W. Kane.

A wife I must soon have or bust,
A charming little maiden,
Who'll sweep the floor while I do snore,
And will the table laden
With all in a thrice,
While on the divan—
But stop, enough of all such stuff—
I'm but a single man.

—J. G. VanPutten.

Twas on the street I chanced to meet
A maiden young and gay,
With eyes of blue, good features too,
And to her I did say,
Give me yourself you little elf,
Gee whiz! O, how she ran,
So now I'll say judgment day—
I'm but a single man.

—Tony Wiersema.

All smiles and curls are most young girls
When married they wish to get,
They walk the street and look so sweet,
Some nice young man to net;
But I, for one, have just begun,
And recommend the plan,
To feel at rest and know I'm blest—
I'm but a single man.

—"Daree" Gilmore.

Wilt thou be mine, O Dove Divine,
Wilt thou my pathway strew
With rarest flowers from Eden's Bower,
Beguimed with sparkling dew?
If so, resign that heart of thine
To one who never can
Forget the day he'll cease to say—
I'm but a single man.

—President Waring.

At the next monthly meeting of the club to be held on January 20th, sealed proposals will be received from marriageable ladies between the ages of fifteen and sixty-five. The club reserves the right to reject any and all bids, and those submitting proposals must enclose their photograph and give a thorough and detailed description of themselves as possible. Cross eyed, club footed, pigeon-toed, spavined, or those having moles on their face, or teeth with hair on, need expect no recognition or waste their time on correspondence. All communications should be addressed to the secretary, Ben Van Putten. They will be held in strict confidence.

WHAT YOU SAW 15 YEARS AGO.

Word has been received from our late townsman W. W. Noble, that he has arrived safely at Carrollton, La., where his son Will is located, with whom the old gentleman intends to spend the remainder of his days. He writes that he likes it down there, that the weather is very warm and pleasant, and the mosquitoes are as bad there now as they are in Michigan in the summer. "I wore a pair of overshoes when I reached here and the people here had never seen them before." Con. Gee, also a former resident of Holland, is engaged in running a lumber yard there.

Gov. Winans has pardoned Wm. Walker, for forty years a slave, and who five years after his escape in 1862, was sentenced to state prison for life for murder. Walker, who is now 72 years old, has been a free man but for five years of his life. A son of his former master will take care of him during his remaining days.

NEED BACKING FOR DIGNITY.

Secretary Taft, at Boston, stands for Efficient Navy.

Boston, Dec. 31.—Secretary Taft, in an address before the Elysium club Monday afternoon, said:

"I am the secretary of war and that has a very formidable and pugnacious sound. As a matter of fact, if we had a war, I should feel like resigning. I do believe, from the soles of my feet to the top of my thin hair, that a navy maintained as it ought to be, because we have the money to maintain it, is an insurance against unnecessary war. Not that we should boast, but a nation of 80,000,000 people who believe themselves as far advanced in civilization as any nation, should be in a condition where, when it is necessary to assert themselves, they may do so not only with dignity but with something behind that dignity to enforce their judgment."

In addressing 400 ministers earlier in the day, Mr. Taft discussed the progress and needs of the Filipinos. He said that, with only seven per cent. of them sufficiently educated to understand self government, it would be a generation or perhaps two before it would be safe to give them independence.

HAIL NEW YEAR
IN GREAT CITIES

NEW YORK AND CHICAGO WELCOME WIND-UP OF 1907 WITH MUCH HILARITY.

ATTEMPT IS MADE
TO CLAMP ON LID

Windy Town Issues Usual Stringent Orders, But They Are of Little Avail—Getham Confines Its Frolics to Drinking Places.

New York, Jan. 1.—In spite of the financial furries and hard times, New York Tuesday night celebrated the incoming of the new year as it has never been celebrated here before. For months all the tables in the fashionable restaurants and hotels had been engaged, and the man who did not arrange for a seat for himself had hard work finding a place to dine. Special preparations were made at the great restaurants to entertain the guests, and in most of them nothing in the drink line except champagne was served during the evening.

At the Plaza hotel, where a number of the operatic stars who are appearing at the two opera houses reside, Nahon Franko's orchestra played, and at midnight Caruso, who is a guest at the hotel, sang the chime song from "The Chimes of Normandy" in the main dining-room.

Caruso Asks Permission. Caruso asked the hotel management to allow him to sing, a request which was readily granted. Each diner was provided with a tiny bell which was supposed to be rung in time to the music of the song. Scotti, Mme. Nordica and other noted singers were present and the charm of the hour added their voices to that of Caruso.

The management of the Cafe Martin had an innovation for the evening as an experiment. The rule against women smoking was abrogated for the night at least. New York never adopted the European style so far as women smoking in public is concerned, and no first-class restaurant in town has allowed it. Tuesday night's experiment at Martin's may change the rule which had prevented a woman from indulging in an after-dinner cigarette in a public dining-room.

Restaurants Gather Coin. The reservation of tables in all of the popular restaurants in town, those in the cross streets and down town as well as those in Broadway and Fifth avenue broke all records, and it was estimated that more than 400,000 people watched the old year out in various public dining-rooms. The theaters, which had not been particularly successful in New York this winter, announced enormous sales Tuesday night, and taken all together, the celebration was the biggest of the kind the city has ever seen.

Big Doings in Chicago. Chicago, Jan. 1.—Celebrations in the downtown restaurants and saloons in honor of the advent of a new year were conducted Tuesday night under the watchful eyes of detectives employed by the Chicago Law and Order league. No liquors were allowed to be placed on sale in cafes or restaurants after one a. m., and no saloons were open after that hour, unless the proprietors wished to court arrest.

Chief Shipley decided to take official cognizance of one innovation over former celebrations which had been loudly scheduled for Tuesday night's frolics in certain restaurants. The chief put an end to the custom of allowing women in public places to welcome the new year by blowing smoke in its face from cigarettes.

Clubs Have Gay Time. Meanwhile the clubs, restaurants and saloons throughout the downtown district entertained more than 20,000 men and women who gathered to join in a gay, boisterous welcome to the year 1908.

Chief Shipley issued the following order to commanding officers in attempting to keep down noise as much as possible, especially in the neighborhood of hospitals: "Instruct the members of your respective commands to arrest persons caught in the act of discharging firearms. See that factories in the vicinity of hospitals are notified not to create any noise by the blowing of whistles. Detail a sufficient number of officers in the vicinity of the hospitals to prevent miscreants from firing revolvers, blowing tin horns, and in other ways annoying the patients."

Supposed Victim Alive. New York, Jan. 1.—It was reported Tuesday that Mrs. Agnes Young, the supposed victim of the mysterious murder at Harrison, N. J., is alive and employed in a real estate office in Madison avenue, this city. In an interview with her published Tuesday she is quoted as saying she knows Mrs. Hull, who identified the body of the murdered woman as Mrs. Young, but is unable to understand why Mrs. Hull should tell such a story as she did to the police.

Accused Man a Suicide. Pittsburgh, Pa., Jan. 1.—William G. Reichard, 50 years old, accused of forgery, committed suicide in the North side just as the police were about to arrest him following a chase all over the city. When brought to bay Reichard rushed into a hallway and drank carbolic acid, dying several hours later in a hospital.

Drinking men
Not wanted

The above sign is now seen in many shops and offices in this city, because drinking men are unreliable.

Competition is too keen and life is too strenuous for an employer to keep men on his payroll whose nerves are unsteady and whose brains are not clear.

Every line of business is beginning to close its doors to drinking men.

Drunkenness is a disease and like most other diseases, has its remedy. Orrine is the reliable treatment and is sold under a positive guarantee to effect a cure or your money will be refunded. Orrine is in two forms; No. 1 which can be used without the patient's knowledge in tea, coffee or food; and No. 2 for those who wish to be cured.

The guarantee applies to both forms. Mailed in plain sealed package on receipt of \$1.00. Write for free booklet, mailed in plain sealed envelope. The Orrine Co., Washington, D. C. or Model Drug Store, Holland, Mich.

GEORGIA BECOMES
DRY ON NEW YEAR

FIRST SOUTHERN STATE TO BE PLACED IN THE PROHIBITION COLUMN.

Law Will Be Enforced—Property Values Involved Are About \$5,000,000—Tax Rates May Be Increased—What Gov. Smith Says.

Atlanta, Ga., Dec. 30.—With the advent of the new year the law preventing the manufacture and sale of intoxicating liquor, passed by the last session of the legislature, becomes effective, making Georgia the first of the southern states to be placed in the prohibition column.

The law is very drastic in its prohibition and forbids the keeping or giving away of liquors in public places and imposes a tax of \$500 on clubs whose members are allowed to keep drinks of an intoxicating nature in their individual lockers.

Notwithstanding the passage of the law, there is some agitation to have it declared unconstitutional. This action may be brought in the United States courts in the course of the next month.

Ten Thousand to Lose Jobs. It is claimed that Atlanta alone will lose in license taxes \$135,612 and that the property value of saloons and breweries here which will go out of business on January 1 is from \$1,000,000 to \$1,500,000. For the rest of the state the property values involved are about \$5,000,000. It is estimated that 10,000 persons will lose their employment when January 1 rings its bell on the sale of intoxicating liquors.

That the prohibition law will be enforced there is no question. This is not the country of speak easys, and when the police have their laws they enforce them to the limit. Gov. Smith and the city officials have been frank in their statements that they intend to enforce the laws.

Many Clubs May Be "Dry." Many of the more prominent clubs have decided that they will go one better than the law and prohibit the keeping of liquor within their doors. The constitutional law of Georgia in its provision for school maintenance is very specific, according to one Atlanta lawyer. The question now arises where the funds for the maintenance of the public schools will come from, and it is said that a considerable increase in the tax rate may result.

What the Governor Says. Gov. Hoke Smith made this statement Sunday night:

"There is nothing in the effort to attack the prohibition law on account of the provision of the constitution appropriating special liquor taxes to school purposes. The constitution authorizes but does not require a special liquor tax.

"The properties which quit the liquor business are not lost. The breweries are prepared to manufacture ice and soft drinks. With these they can pay a fair profit on their investments.

"There is plenty of work in Georgia for those who go out of the liquor business and plenty of work for all of the time for those who have wasted half their time through the use of liquor."

The school board will meet next Monday to consider the question whether the superintendent's action shall be sustained or not.

THE THING THAT STANDS OUT.

NEW VERSE OF BIBLE FOUND

ARCHAEOLOGISTS AT CHICAGO ARE TOLD OF DISCOVERY.

More Words of Christ That Belong in the Sixteenth Chapter of St. Mark.

Chicago, Dec. 31.—A new saying of Christ, lost to the world for 13 centuries and found in Egypt, was given to the world for the first time Monday by Prof. Henry A. Sanders of the University of Michigan, addressing the members of the Archaeological Institute, now in session at the University of Chicago.

The fragment is part of an old Bible dating back to before the Moslem conquest of Egypt in the seventh century and on its face so authentic as to disarm hostile criticism.

The long-lost fragment belongs in the sixteenth chapter of the Gospel of St. Mark and follows the fourteenth verse. It relates to the story of Christ's appearance, following His death, to 11 of His apostles who were gathered together in a room in Jerusalem. Its harmony with the context is regarded as perfect, coming in to soften an abrupt transition from criticism to fervent exhortation.

With the new verse, which is designated as Mark 16:14 a, the Bible reads thus:

Mark 16:14: "Afterward He appeared unto the 11 as they sat at meat and upbraided them with their unbelief and hardness of heart, because they believed not them which had seen Him after He was risen."

(New Verse)
Mark 16:14 a: "And they answered, saying that this age of unrighteousness and unbelief is under the power of Satan, who does not permit the things which are made impure by the (evil) spirits to comprehend the truth of God (and) His power. For this reason, 'Reveal thy righteousness now,' they said to Christ, and Christ said to them: 'The limit of the years of the power of Satan has been fulfilled, but other terrible things are at hand and I was delivered unto death on behalf of those who sinned in order that they may return to the truth and sin no more, to the end that they may inherit the spiritual, indestructible glory of righteousness (which) is in Heaven.'"

Mark 16:15: "Aside He said unto them, Go ye into all the world and preach the Gospel to every creature."

Battleships Are on Their Way to Rio Janeiro.

Port of Spain, Trinidad, Dec. 30.—The American battleship fleet weighed anchor at four o'clock Sunday afternoon and steamed for Rio Janeiro. Accompanying the fleet were the supply ships Culgoa and Glacier.

The newspapers here, and the residents, are unsparing in their praise of the exemplary behavior of the men, and the papers compliment Admiral Evans in the warmest terms.

An average of from ten to 11 knots an hour will carry the fleet to the end of the second lap of the 14,000-mile journey in about 12 days, and it was announced by Admiral Evans before his departure that he expected to reach Rio Janeiro on Friday evening, January 10.

Bloody Tragedy in Vermont.

Durkee, 70 years old, driving his wife and children from home, and holding at bay a sheriff's posse which surrounded his house all Saturday night, Edward Butterfield, a Sutton farmer, was found dead in bed Sunday, having shot himself with a rifle. Butterfield is supposed to have been crazed by liquor. He was 50 years old.

PLAN OF MRS. EDDY
CHARITABLE FUND

MILLION DOLLARS SET ASIDE FOR FOUNDING OF INSTITUTION.

To Teach the Indigent—Beneficiaries, with Their Families, Will Be Supported While Learning Science of Christian Healing.

Boston, Dec. 28.—Details of the plans of Mrs. Mary Baker G. Eddy, head of the Christian Science church, in relation to the charitable institution which she is to found, are contained in an editorial by Archibald McLellan in the current issue of the Christian Science Sentinel. The editorial says in part:

"Mrs. Eddy has consented that the institution which she purposes to found will bear her name, therefore it will be known as 'Mary Baker G. Eddy's charitable fund.' The board of directors will be located in Boston, the recognized headquarters of her church, and in plan and scope this fund will be an educational opportunity by which indigent persons will be taught gratuitously the science of the Christ healing as practiced by Jesus and as made known through the writings of Mrs. Eddy.

Million Dollars to Be Given.

"The sum of \$1,000,000 will be devoted to this sole purpose. Mrs. Eddy's benevolence will be open to all those individuals who are genuinely interested in Christian Science for its truth's sake and who shall present to the board of directors of the fund satisfactory certificates of their indigence, their religious views and their moral character. The students of Christian Science will be maintained by this fund until such time as the board of directors shall have pronounced them good healers of the sick, and deliver them certificates to this effect.

"The beneficiaries of this fund, and the families of those who have families, are to be supported from the income of the fund and the number of students and their families to be supported will depend upon the amount of this income.

"Mrs. Eddy has turned this matter over to a prospective board of directors for them to work out the details of the charity. In the meantime no further information upon this subject can be given out and no letters of inquiry should be addressed to Mrs. Eddy."

Squirrel suppers are getting to be the fashion in Holland, and those who linger over the choice morsels do not seem to care even if the squirrels do happen to be muskrats. They say it takes an epicure to tell the difference between the two and that the muskrats taste the best at that.

The Ladies' Aid society of the Third Reformed church delightfully surprised Mrs. E. J. Blekkink Friday afternoon at the home of Mrs. G. H. Dubbink on Maple street. At the close of the meeting Mrs. Blekkink was presented with a beautiful brooch, Mrs. Dubbink making the presentation speech to which Mrs. Blekkink feelingly responded.

The members of Hope church congregation presented Rev. and Mrs. J. M. VanderMeulen with a handsome chest of solid silver Christmas as an appreciation not only of the good work done by Rev. Van der Meulen while he has been pastor of the church, but a token of the love and esteem felt by the entire congregation for the pastor and his wife.

The teachers of the Central avenue Christian Reformed Sunday school held their quarterly meeting last Friday night at the home of Simon Piers on West Sixteenth street. The treasurer's annual report showed that during the year \$250 was collected for missions and \$170 for Sunday school purposes. Plans are being formulated for the organization of a Young Men's Christian association and the move is finding favor with the church members of all denominations. An uplifting club, which was recently launched with headquarters in F. Wyble's barber shop, is rapidly branching out and lists are being circulated for the purpose of securing the necessary funds to carry on the work. It is anticipated that hundreds of young volunteers will become members of the association and in due time Holland will have a Y. M. C. A. building with all the modern conveniences. Several years ago this city had a Y. M. C. A. with a membership of 200, but in some unaccountable way the association was disbanded.

Friday evening in the Meccabee hall occurred one of the most delightful social events of the season. The occasion was the reunion of the last four classes of the Holland High School. About sixty of the alumni were present and enjoyed such a good time that it was the wish of the entire body that the affair should be an annual one and that all the alumni of the High school should be included hereafter. A committee was appointed to take charge of next year's entertainment. After an informal reception a program was rendered which was well received and did much to abolish any feeling of strangeness on the part of those present. The numbers were as follows: violin solo, Mable Oakes, '07; vocal solo, Helene Keppel, '06; "Stunt," Ben VanEyk, '07; reading, Ethelyn Metz, '05; piano solo, Hazel Wing, '05; budget, Henry Rottschaefer, '06. Toasts were given by Ray Hadden, Erncs Kremer, George Roest, Geo. C. Van Duren and James Deto. Tom N. Robinson was the official announcer. Refreshments were served after the program and then followed dancing until a late hour.

The annual meeting of the Sunday school teachers of the Fourteenth street Christian Reformed church held at the home of M. Noter last Friday night showed a most gratifying state of affairs. The total money collected during the year was \$462.26, the mission collections amounting to \$205.15 and the Sunday schools collections to \$257.11.

The Rev. Henry J. Veldman, pastor of the First Reformed church, was the recipient of a generous New Year token in the shape of a purse of \$100. In addition to the purse, the congregation unanimously voted to raise his salary from \$1,000 to \$1,200 per annum. Since Mr. Veldman assumed the pastorate sixteen months ago, the church has made marked advances in membership and all lines of religious work. During the past year the total amount collected was \$4,686.85, more than \$1,000 in excess of the previous year. The church debt has been canceled and the society annually pledges \$600 for the support of Miss Minnie Wilterdink, one of its members, as missionary in Arabia.

Justice Wachs this morning sentenced John Smith, a hobo to spend the next 90 days in the Detroit house of correction. Smith was one of the three hoboes who were ordered out of town Saturday under penalty of a prison sentence if they failed to leave town. He, however neglected to go and this morning he was given a chance to work at a contract job for ninety days. Prosecuting Attorney Coburn who is anxious to put a stop to the hobo evil, stated Saturday that he was determined to discourage the old stayers from continuing their visits to Ottawa county and all hoboes would be ordered out of town. If they show up a second time a sentence to Detroit will surely follow. The prosecutor is anxious to drive out these hoboes who make a practice of spending the winter as wards of Ottawa county and if nothing else can be done to persuade them to stay away they will be given a chance to work out their board in the Detroit house of correction.—G. H. Tribune.

KING OF THROAT AND LUNG REMEDIES

The Old and New Way.

Some Important Facts Which May Prove Helpful.

Thirty years ago old fashioned cod liver oil had to be forced down a patient's throat. Invalids couldn't take it, children wouldn't. But the doctors prescribed it, and it had to be taken by force. Yet it cured people where enough could be taken into the system, for it has ever been the greatest of all tissue builders and general reconstructors known to medicine.

We are now anxious to have every one know that Vinol is a new form of this very old and valuable remedy, containing in a concentrated form all the medicinal elements of cod liver oil, actually taken from fresh cod's livers, but by an extractive and concentrating process it is made without oil or grease, and it is as delicious to the taste as a fresh orange.

Vinol does not upset the stomach like old fashioned cod liver oil and emulsions; its strengthening and healing properties are remarkable, and both doctors and patients are delighted with its action.

Many wonderful cures right here in Holland have been effected by its use, and we ask all our customers to try Vinol on our guarantee to return money, every time it fails to make rich, red blood, increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, run down, tired and debilitated, or cure chronic colds, hacking coughs or bronchitis.
