THROUGH CUTTING BEETS THIS NOON

The Holland Sugar Company will have all its beets sliced by noon today and will finally close down Monday or Tuesday. The company sliced 35,000 tons of beets, and made 6,500,000 pounds of sugar this season. It has been a very satisfactory year.

CHIEF DYKHUIS HAS BEEN INSTRUCTED NOT TO ARREST AUTOISTS WITH OLD LICENSES PENDING SUIT.

Chief of Police Dykhuis has been instructed by the Board of Police and Fire Commissioners not to molest owners of automobiles, who have a 1913 license after January 1.

The Board took this action awaiting the decision of the supreme court which will hand down a verdict in regard to the new registration law, early in January.

In Grand Rapids the police board has given the officers instructions not to make arrests under the new statute until after the supreme court has spoken. Other cities are doing likewise.

Auto owners declare that the new law will work great injustice upon them. A test case has been brought up to the supreme court. Meanwhile many auto owners in Holland are planning not to get their new number plates and licenses until some decision has been rendered. If not provided with them January first they are liable to arrest, but it is possible that the local officers will follow the same course as those in Grand Rapids.

HIGH SCHOOL SLANG

The following was the substance of an elevating piece of conversation the editor of the News listened to between two young ladies from our local high school with a little rearranging of the words.

They greeted each other as follows:

Hollo Kiddo!
Whats Doin'
Isk-ka-bibble
I should worry
You Bean
Whats eaten ya
Help
I got ya
Thanks for the lobster
O Cut it
Good Night.

GRAND HAVEN BANK SYSTEM PAYS

Through the medium of the gift coin, which the People Saving Bank is passing out, more new accounts were opened at that banking institution last Wednesday than on any one day previously in the history of this hustling and healthy local banking institution. The proposition is a popular one and will undoubtedly add many depositors to the bank's already long list.

CELEBRATES FIRST ANNIVERSARY.

The Auld Lang Syne club celebrated its first anniversary Tuesday night in rooms in the Vanderveen block.

This club was organized a year ago and is composed mainly of young men of Holland who are engaged in work outside of the city. This occasion afforded opportunity to renew old acquaintances. Thos. N. Robinson, president as toastmaster at the gathering in that style all his own, calling upon each member for a short speech. Music was furnished by the Stag Orchestra.

Dainty refreshments were served. The present officers were elected for ensuing year, viz: Wm. Halley, President; Deglan Whelan, Vice-President; Judson Michmershuizen, Secretary and Treasurer. Everyone reported this gathering as the one time of the year to look forward to and all expect to be present at the meeting in 1914.

The Klassen Clothing Co., which sometime ago established a business in Zeeland, closed down and left for Holland Monday afternoon.

Miss Lucile Mulder spent yesterday in Grand Rapids and went on to Muskegon where she will spend New Years with her aunt and uncle Mr. and Mrs. John Van Landegent.

ANOTHER DIVORCE SUIT

Attorneys Diekema, Kollen & Ten Cate of Holland filed a petition for divorce with the clerk of the circuit court Monday evening on behalf of Annie De Witt, who seeks to be separated from Wm. DeWitt. The parties to the suit live in Holland, where they were married March 10, 1905. The charge in the complaint is extreme cruelty.

DEER MIXES WITH HORSES AT HASTINGS; IS CAPTURED AND MAY BE GIVEN TO CITY

Hastings, Dec. 30.—After a hard struggle, the young buck deer which has been fraternizing with the horses on Mayor C. H. Osborn's farm near this city, was captured and placed in a stall, where he fiercely resists all overtures to make peace with him.

The deer, evidently lonesome, attached himself to "Bud," an Indian pony, which showed no return of affection. The deer followed the pony everywhere. Mayor Osborn obtained permission from the state game warden to capture the animal and place it in the city park.

About 50 men went to the Osborn farm and increased the height of the barnyard fence to nine feet. When the deer discovered that his retreat had been cut off, he calmly leaped the nine-foot barrier, ran several rods and faced his would-be captors. The height of the fence was increased, and the next time the animal came into the barnyard, his retreat was cut off. He found it too high to vault.

While the animal was trying to break through a fence, Henry Mead jumped astride of its back and his son, in trying to place a rope on its hind legs, was severely kicked. The animal was finally overpowered and placed in the barn, where quarters had been provided for it. If the city council refuses to accept the animal it will be turned loose again.

LANE VAN PUTTEN SAYS DEMOCRATIC TARIFF HURTS

Not alone has the democratic tariff be injurious to sugar beet industries which we in Holland know no through hear says but through his headed experience. But Lane Van Putten mgr. Hopkins Creamery Co., former manager of the Holland Toy and Novelty Works of this city writes among other matters to the News as follows:

I have been out the city for the past week therefore could not take up the business matter you propose. We have been bothered with other matters as we have a large stock of cheese on hand and the tariff has reduced the price and we are up against a proposition which causes lots of worry among cheese makers.

L. Van Putten.
We don't see cheese come down very fast. But then the story speaks for itself.

LAND IN GRAND HAVEN YIELDS UNIQUE HISTORY

Harry K. Thaw's Father Was Trustee

The recent defeat of the Pennsylvania suit brought by the government for the possession of a strip of water front along the Grand River recalls some interesting incidents.

The property embraces part of the shore and part of Grand River proper, extending parallel with the pier for a distance of 1,650 feet. It was platted in the year Michigan became a state, and passed into the hands of Deacon Ferry, father of the senator.

It was held by the Ferrys for years, passing from the elder Ferry to his son, Edward P. Ferry, until the Pennsylvania company, a holding company for the railroad system of the same name, purchased the property for \$10,000.

The railroad paid the same price per foot frontage in Grand Haven as it did in Chicago, which at that time looked no better as a prospective metropolis than the little Michigan city.

Another interesting circumstance in connection with the purchase of the strip, is that when it was sold to the Pennsylvania company the deed passed into the hands of William Thaw, father of Harry Kendall Thaw, as a trustee of the company.

With the subsequent decline of the railroad industry Grand Haven took a slump from which it only began to recover recently, when a number of new industries were induced to locate here.

In 1911 the government, looking for an available site for a repair and supply station for the west shore of the lake, offered the railroad \$4,000 for the strip, but was refused. Condemnation proceedings were started and an estimate of \$2,000 fixed as the value of the property.

ONE HUNDRED FIFTY TONS OF CARP

Taken From Saugatuck River

Capt. John Snay, who is a member of Edward Oswald's carp fishing outfit at Saugatuck reports that the Oswald outfit has taken one hundred and fifteen tons of carp since they started their fishing operations there some months ago. Think of it \$300,000 pounds of fish at 5c a pound or \$15,000. No wonder they pay money to the state for the job.

GEORGETOWN MAN MAKES \$40,000

Repos reachet Hudsonville that George Markle formerly of Georgetown has struck it rich. It is said that he purchased a 40 acre tract of land in Keweenaw county, not far from Red Jacket, for a mere song, as it was not considered of any good save for the little timber that remained on it; and now he has sold it for \$40,000, cash. Some one discovered rich veins of iron and copper ore, and when they offered George \$1000 an acre for it, he took them up with a spontaneity that made them regret that they did not offer \$5 an acre. Markle has spent the greater part of his life in northern Michigan, and has sacrificed the most of his fingers on both hands to the shingle saw. He is especially remembered as the man who caught onto the flying No. 6 on the Pere Marquette when it was moving at the rate of 35 miles an hour and landed safely upon the platform of the car. The conductor helped him inside and would take no fare, as he thought the man who would attempt such a feat deserved a free ride.

\$100,000 GOVERNMENT BUILDING FOR ST. JOE

Congressman E. L. Hamilton of Michigan Tuesday introduced a bill in the house asking an appropriation of \$100,000 of a site and government building in St. Joseph. Maybe that's another reason why box rent is raised in Otsego.—Otsego Union.

ROAD PROBLEM UP AGAIN

Ottawa Supervisors To Be Asked For \$100,000 on Bond Issue

The Ottawa county board of supervisors will meet January 13, for the adjourned winter session. One of the important matters which will come up will be the request by the road commissioners for \$100,000 of the \$600,000 road bond issue, for the purpose of continuing the work on the Ottawa county road system.

When action was taken by the board toward knocking out the county road system, all work on the roads was stopped, except where the builders has contracts for their work. The request for the additional amount of money at the coming session will bring out the exact attitude of the board toward the work, now that the special election plan has been beaten in the courts.

At the coming session the board will also be called upon to take some action in connection with the reapportioning of the county legislative districts. This action should have been taken at the October session, but as the January session is an adjournment of the fall meeting, the attorney general has given his opinion that redistricting may be done at the January meeting.

HUDSONVILLE

Kalamazoo will soon be having to hunt up a new nick-name to replace that of the "Celery City" according to an admission made by Frank C. Butine, one of the biggest celery growers in that section in an interview with the Kalamazoo Advocate. Hudsonville, Ottawa county is the cause.

Butine just returned home from a visit to Hudsonville. He surprised and pained a good many Kalamazoo people by the statement that Hudsonville and vicinity raises more celery—much more—than Kalamazoo produces.

"But the odd thing about it," says Butine, "is that Ottawa county celery is sold on the Chicago markets under the name of 'Kalamazoo Celery.' So Kalamazoo may hold its 'Celery City' name for a long while if Hudsonville continues to help.

Chamberlain, the alliance has come close to disorganization and no program has been published. Many churches however, will follow the program of the British alliance which suggests the following topics: Monday, "Thanksgiving and Humiliation;" Tuesday, "The Church Universal;" Wednesday, "Nations and Their Rulers;" Thursday, "Missions;" Friday, "Families and Colleges;" Saturday, "Home Missions and the Jews."

GET RHODES SCHOLARSHIP HOPE COLLEGE GRADUATE IS AWARDED HIGH HONOR NEWS CAME TO YOUNG MAN'S PARENTS WHILE THEY WERE CELEBRATING THEIR SIL- VER WEDDING ANNIVERSARY

Graduated From Hope College Two Years Ago; Held Scholarships Since Then at University of Michigan

For the second time in the past four years, Hope college has been honored by having one of its former students receive the Rhodes Scholarship. Saturday at a meeting of the committee at Ann Arbor the scholarship for this year was awarded to Hessel E. Yntema, son of Prof. and Mrs. D. B. Yntema. Mr. Yntema announced the joyous news in a brief telegram to his parents early Saturday. The committee held their session this forenoon at Ann Arbor, all the applicants from all the colleges of the state appearing before them. The decision was made at about one o'clock, Yntema being had passed the examination and who were eligible for the appointment.

The news of the success of the former Hope College students was doubly welcome to his family here. It came on the twenty-fifth anniversary of the marriage of the young man's parents and many relatives were gathered at the Yntema home. The gathering was a doubly happy one because of the welcome news.

Hessel E. Yntema is a graduate of Hope college, having graduated in June 1912. The high honor of an Oxford scholarship comes to him when he is not yet 23 years old. Soon after graduating from Hope he was awarded a scholarship of \$300 by the university of Michigan. The next year he spent at the university.

James J. De Koster was the winner of the \$50 silver cup for the highest scoring breeding pen. De Koster is a new arrival in the county. He is making his stay test for the possession of this beautiful cup. Three wins are necessary to win the cup as a permanent possession. J. B. Hadden, R. Westveld Hope College he excelled as an all-around student, and he was active in college activities of all kinds. At two wins to his credit, De Koster one time he won the local oratorical contest and was awarded second place in the intercollegiate contest. Mr. Yntema passed the Rhodes scholarship examination while still a student at Hope college, but only two appointments are made every three years and last year the honor was awarded to a man from another institution. Next year no appointment will be made.

The committee making the appointment is composed of the following:

Fres. H. B. Hutchins, president of the University of Michigan, chairman of the board; Prof. J. R. Essinger, dean of the literary department of the University of Michigan; Chief Justice of the Supreme court of the State of Michigan, Steere; President Samuel Dickie of Albion College, and Pres. D. W. Anthony of Adrian college.

There are at present four other Hope College students who have passed the examination which makes them eligible to the appointment at some future time. They are Wallace Visscher, Wm. Moerdyk, L. Hekhuis, and Robert Kroodmsa.

Mr. Yntema expects to leave for Oxford, England, next fall. The scholarship carries with it an annual stipend of \$1500. It will entitle him to a three year's course at the famous English University. While at the university of Michigan Mr. Yntema has done considerable work in social science and it is possible that he may continue work at Oxford, along this line.

NEARLY 1,000 PEOPLE SAW POULTRY EXHIBIT THIS YEAR

Complete List of First Premiums Is Announced by Secretary Dinkeloo.

Late Friday evening the Fourteenth Annual exhibition of the Holland Poultry and Pet Stock association came to a close. It was one of the most successful exhibits in the history of the association and in the neighborhood of a thousand people paid admission to see the birds exhibited. The work of Judge T. M. Campbell of Darlington, Ill., proved generally satisfactory.

James J. De Koster was the winner of the \$50 silver cup for the highest scoring breeding pen. De Koster is a new arrival in the county. He is making his stay test for the possession of this beautiful cup. Three wins are necessary to win the cup as a permanent possession. J. B. Hadden, R. Westveld Hope College he excelled as an all-around student, and he was active in college activities of all kinds. At two wins to his credit, De Koster one time he won the local oratorical contest and was awarded second place in the intercollegiate contest. Mr. Yntema passed the Rhodes scholarship examination while still a student at Hope college, but only two appointments are made every three years and last year the honor was awarded to a man from another institution. Next year no appointment will be made.

A. S. Moore was awarded a credit in the American class on a \$25 cup. This is Moore's second credit, while three are required to win the cup. The Lakewood farm also has one credit, received two years ago. T. Van Liere won the credit on the

silver cup in the English class. This is also his second credit, while M. Looker of Zeeland won a credit two years ago.

In the Mediterranean class, Nick Essenbagers won the credit on the \$25 cup. He is a new arrival in this contest, the other credits having been won by Mrs. Gordon of Dorr, Mich. and John T. Wiersma.

In the French class, Wm. Fant of Grand Haven won out. He also gets into the game for the first time, the other two credits being held by J. Du Mez and Will Boukamp.

J. A. Brinkman won a credit on the \$15 silver cup offered for the highest scoring pen of Bantams, excluding Pit bantams.

John Ver Hoef and Harley Scott each have one credit on the above cup.

Judging by the many words of appreciation and approval, the Christmas exercises Wednesday evening at the M. E. church were more than ordinary. The Processional of many voices; the brilliant star; and the Teetertotter exercises with red and blue lamps given by ten young ladies dressed in white, singing a beautiful chorus were very striking and impressive. Many concerns that formerly were compelled to throw away broken castings are now taking them to the new plant and having them made almost as good as new.

H. J. HEINZ CO. A BOON TO THE FARMER

Has Made Many Improvements in Holland—Has Grown From Salting Station to An Immense Institution

For the past fifteen years the H. J. Heinz Co., in Holland has grown from a modest beginning infact a wooden salting station into a mammoth institution. Without any blowing of horns or great splurgers this institution of 57 varieties has modestly going along adding to until now a half of a city block is covered with imposing cement buildings. Outside of the home plant in Pittsburg this branch in Holland is by far the largest one they possess.

The Heinz Co., is known all over the world and their goods are on the shelves of every well regulated grocery and found in any good supply house. Their branch houses and salting stations can be found wherever the soil is adaptable to the growth of their line of goods.

They even own an Olive Branch in Spain in order to get the very best obtainable in the line of olives.

The success of Heinz is due largely to their treatment of the farmers who grow their produce, if this were not a fact Heinz would soon be out of existence as their main stay is the farmer and it is the foundation upon which they built there great pickling business.

Farmers as a rule are hard bargainers but the fair treatment accorded them by the H. J. Heinz Co., has made a friend of the farmer this again is show recently when the price of pickles were raised from 85c to \$1.00 per bushel.

There was a time when "dollar wheat" was the goal of the American farmer and when this figure marked the highwater of the price of the staff of life. But during recent years "dollar pickles" has taken the place of "dollar wheat," at least in this part of the state where the H. J. Heinz company is operating. According to the farmers who take there pickles to the Heinz plant in Zeeland and Holland, that price has finally become a reality and it will be paid to the farmers next season in the local plant which probably means that it will be paid in all the plants of the company.

It is not so very many years ago, some ten or a dozen, that the company paid forty cents a bushel for pickles. That was in the days when the pickle industry was first started among the local farmers. Since that time the price has been gradually climbing, almost each year finding the farmers clamoring for an increase. Last year the price was raised to eighty-five cents.

Not alone has Holland and the surrounding country been benefited by the Heinz Co., in the past but more development is taking place as is indicated in an item recently appearing in the state press which follows: "The Heinz Plant in this city is the largest in the country next to the headquarters at Pittsburg. The Holland plant will become still more important now because of the fact that the company has discontinued its ketchup department in the plant at Grand Rapids. This move was made because of the difficulty of securing tomatoes there. The salting station in Grand Rapids will be continued, but the ketchup plant will be transferred to this city and all the ketchup making will be concentrated in the local plant. It is comparatively easy to secure tomatoes here. The change may mean an eventual enlargement of the Holland plant."

The News called up Heinz Co. yesterday and their representative told us that one dollar a bushel would be paid for pickles at all their stations in this vicinity next season.

MAKES DEMONSTRATION AT CITY HALL

Dr. Tyler, a representative of the Life Saving Device Company of Chicago was in the city yesterday to make a demonstration of how his machine, the Lungmotor, work. The demonstration was made yesterday in the Board of Trade rooms in the city hall before a number of aldermen, members of city boards and other citizens. In view of the fact that every summer there are some drowning accidents here it is possible that the council may decide on purchasing a lungmotor or pulmotor to be used in emergency cases. These devices produce artificial breathing in cases where respiration had been suspended but before heart action had ceased. Most of the large cities are equipped with a number of such devices and most of the large public utility companies are also equipped with them, since they are useful in many other kinds of accidents than drowning cases.

Dr. Tyler thoroughly explained how his machine works and what it can and cannot do.

SIGNING BEET CONTRACTS

Shebewaing, Mich., December 30.—The local plant of the Michigan Sugar company has just finished the most successful campaign in its history, 64,655 tons of beets having been worked into sugar. Field men are writing acreage for next year's crop and farmers are freely signing contracts despite the fact that the company is offering a flat rate of \$5 for beets delivered at weigh stations and \$5.60 for those delivered at the factory, prices made necessary by the new tariff. More than 6,000 acres have already been contracted for.

WHY DIDN'T THEY DO THIS BEFORE

Republican Forces Them To It
On February 1, 1914, all express companies will put into effect a new schedule of rates all over the country that will, except in small packages, make rates lower than those given by Uncle Sam in the parcels post service. The changes are made on a zone rate very similar to the parcels post and the two charges where more than one company handled the packages has been eliminated. The new rates have been approved by the Interstate commerce commission.

HUGH BRADSHAW MUST PAY \$8,000 OR APPEAL

Grand Haven Tribune.—In the case of Ernestine Bradshaw vs Hugh Bradshaw divorce case in the Circuit Court the proofs show that the parties were married on the 25th day of October, 1908, and lived together as husband and wife till August 7, 1913. Complainant has always been a hard working, industrious and saving woman, defendant made his fortune through his industrious and saving habits.

In his zeal to acquire and save money defendant worked beyond his strength and did not enjoy his property, he endeavored to accumulate more and his habits of saving made him penurious.

He is possessed of quick temper and used profane and indecent language to plaintiff, failed to provide comforts of life.

At times he used personal violence and allegations of extreme cruelty were clearly established, in fact the admissions of the defendant were sufficient to establish this.

Defendant, it was proven, has property and means amounting to approximately \$80,000.

The court therefore in consideration of the station in life and the situation of the parties allows complainant and \$8000 as permanent alimony and decree of divorce.

Hugh Bradshaw of Holland was in Grand Haven in consultation with his attorney W. I. Lillie, who represented him in the recent suit for divorce in the circuit court. Bradshaw not satisfied evidently with the findings of the court in this case, contemplates taking an appeal to the supreme court.

In the case of Judson Michmerhuizen vs. Coy Michmerhuizen, the Judge ordered that both the bill of complaint and the cross bill be dismissed. He held in his decision that the charge of desertion had not been backed up by sufficient proof, and no decree was granted. In this case the husband was represented by Visscher and Robinson, and the wife by M. A. Scoy.

CHRISTMAS EVE WEDDING

Marriage of Derk Van Bemmelen And Mrs. Kate Van Alphen

Grand Haven Tribune.—Derk Van Bemmelen of Holland and Mrs. Kate Van Alphen, also of Holland were wedded on Christmas eve at the home of Mr. Van Bemmelen's mother, Mrs. W. Van Bemmelen on Washington ave. The marriage ceremony was performed by the Rev. H. Harmeling of the First Reformed church.

The occasion was doubly memorable because the date marked the 57th anniversary of Mrs. W. Van Bemmelen's wedding.

The wedding was a quiet one, only the immediate relatives of the contracting couple being present. Among those from out of town who were at the wedding were Mrs. C. Hollestelle, Mrs. Kander Kolk and Mr. Van Alphen of Kalamazoo and Walter Van Bemmelen, a son of the groom, from Holland.

William Verhoeks and Mrs. Antonie Vander Zalm were among the number from this city who were present.

The home was beautifully decorated for the occasion.

Mr. and Mrs. Van Bemmelen will make their home in Holland.

OUT OF TEN REQUESTS FOR REMISSION OF TAXES COUNCIL GRANTS BUT TWO

At a special meeting of the common council Friday night when the petitions for the remission of taxes were considered the recommendation of the committee appointed to investigate the petitions allowing but two of the ten petitions was adopted.

When the names on the petition were read in their order for discussion many interesting stories were told by the committee that made the investigations, and some cases were brought to light in which the people were plainly trying to impose on the city. One lady who asked that the taxes on her property be remitted was told by the alderman who interviewed her that the taxes would be assessed against her property. She said she did not want this done and so paid the taxes. This lady pays \$176 a year taxes and owns some valuable property. Another said she did not have any ready money and so asked that the taxes be remitted. But she said her income was sufficient to support her and her family nicely. Still another lady claimed she did not have any income whatever and that she was \$800 in debt or her property when interviewed by a committee man. When questioned however it was found that had four children working and paying board that sometimes she kept other boarders. When asked how she ran into debt \$800 she said that she would not live with her husband any more and so gave him that much as a separate maintenance. Most of the others asking remission of taxes taxes own valuable property and it was discovered they were able to pay the taxes without burdening themselves.

The committeemen were in some cases greeted with true stories of suffering and hardship that the general public fails to see in the rush of everyday life.

MISS KATHARINE MOORE TO TAKE PART IN Y. M. C. A. BENEFIT.

Director Vandersluis Announces January 12 and 19 as Dates for Rehearsals.

The committee in charge of arranging for the program to be given by the choruses of the Third Reformed church and of the 14th Street Christian Reformed church on the evening of January 22 has secured Miss Katharine Moore, instructor in the Hope college School of Expression, to give a reading at that entertainment. Miss Moore is out of the city spending her vacation in Delaware, Ohio. But in a letter in answer to the invitation of the committee she says, "I shall be very glad to do what I can at the Y. M. benefit, and do it gratis. I am always more than glad to help in the little ways I am able in such causes."

Though Miss Moore herself is modest about her part in the program, the committee is more than pleased at their success in securing her. She is a reader of very great ability as all know who have ever heard her and she will help to make the entertainment one of the notable events of the season.

In fact all who will take part in the program have shown the same generous spirit with regard to the benefit. All are doing their work absolutely free of charge and all little jealousies have been forgotten because of the cause for which the entertainment is to be given.

John Vandersluis, under whose direction the concert will be given, has fixed upon the dates of rehearsal for the two choruses. The first rehearsal will be held on the evening of the 12th of January in the Third Reformed church. The second rehearsal will be held on the evening of January 19 in whatever hall the committee may select for the entertainment. All the members of the choruses are to look for this announcement as their notice for the rehearsals and to present themselves at the time stated. The announcement is made far enough in advance so that all who are to take part can arrange their other engagements accordingly.

Mr. McBride sends a friend two sprigs of oleander cut from a tree immediately in front of the home of the Wilsons.

PRIMARY SYSTEM PUTS ELEMENT OF UNCERTAINTY INTO SENATORSHIP FIGHT

If the old convention system was still in force the next state senator would be an Ottawa County man. And since former Sheriff Andre has announced himself as candidate the chances would be that he would be elected, if nominated.

Under the unwritten agreement between Muskegon and Ottawa counties, which gives the senatorship to each county for a period of four consecutive years, Ottawa is entitled to the office for two more years from the next election in the fall of 1914. Under the old convention system, this rule always held good.

The primary system is now in vogue but Muskegon county, following precedent, put no candidate in the field for either the republican or the Bull Moose nomination in 1912. For four years prior to this, Muskegon had held the senatorship. Once the Republican nomination, going by the old convention method, went to Tom J. G. Bolt, of Moorland, who was elected. The next time, under the primary law of 1909, Ex-Senator J. Vander Werp won the nomination and was elected.

Up to this time, securing the republican nomination was tantamount to election. But in 1912 the Bull Moose entered the field. At the primary in which Dr. Edward Hofma, of Grand Haven, candidate for the republican nomination, was winning only after a strenuous campaign and a hard fight. Mr. Hadden got a few of his Bull Moose friends together and secured the nomination by amassing the grand total of about a half dozen votes.

When the election was held, Hadden, without making any campaign at all, came in an easy winner, to the surprise of everybody. Quite naturally winning the republican nomination is no longer deemed a cinch on the job it once was, and the Bull Moose is being considered more seriously.

There has been some speculation as to whether or not Dr. Hofma would run again this fall, but thus far he has not committed himself.

CONSISTORY MEMBERS OF LOCAL CHURCH HOLD MEETING IN HONOR OF THE REV. LEE HUIZINGA.

The Rev. Lee Huizinga, who will leave next week Monday or Tuesday for his mission field in New Mexico, was entertained with a farewell reception by two members of the consistories of each of the churches of the classis of Holland at the Ninth Street Christian Reformed church Monday afternoon.

The meeting was presided over by the Rev. E. J. Tuuk, pastor of the Ninth Street church, and several short talks were given. Mr. Huizinga was presented with a chest of silver by the classis and the ladies of the Central Ave. Christian Reformed church, which is used a great deal in the country where Mr. Huizinga is going to.

The Rev. Mr. Tuuk gave a short talk on the spirit of the gathering. He spoke briefly of the work Mr. Huizinga was undertaking and discussed topics of general interest in this connection. The farewell and presentation speeches were made by the Rev. K. Kuper. Talks were also given by A. Pieters, the Rev. W. Van Vessum, the Rev. J. Wyngaarden and the Rev. A. J. Reus.

Delicious refreshments were served and a group picture was taken of the party in front of the church near the great pillars of the veranda.

MRS. D. DYKSTRA ENTERTAINS MEMBERS AT HER HOME MONDAY NIGHT

Mrs. D. Dykstra, who will in the course of a few months again set sail for the mission fields of Arabia together with her husband, invited to her home on College Avenue the Sunday school class of First Reformed church which she left behind when she set out for Arabia nearly five years ago. The ties which have grown up between Mrs. Dykstra and her class are without a doubt stronger than those which form between an average teacher and class, or a very remarkable feature is the fact that she has taught the class ever since it was promoted from the Primary department. Many sacred memories were revived and many happy events recounted and a splendid time reported by all. Many have already set out on the matrimonial sea and were so far distant that they could not be present, while others are still unwaveringly devoted to the life of single blessedness. Those present were the Misses Jennie Meppelink, Evelyn Oltmans, Harriet Ricksen, Martha Bolks, Minnie Brouwer, Nellie Weststrate, Henrietta Scheerhorn, Jennie Steketee and Minnie Verhove together with Mrs. P. Stegert, Mrs. Verschure and Mrs. Dykema. A novel contest, original with Mr. Dykstra a so-called "Business Men's Contest," in which e. g. "Negative—Sign of Sorrow" spelled "No—tie" and "A Blow" spelled "Slagh" was unanimously declared the most interesting feature ever witnessed at any party. Miss Nellie Weststrate won first prize in this, and Miss Evelyn Oltmans also won a prize in the course of the evening in another contest.

AT THE KNICKERBOCKER

The portrait insert in the above illustration is that of a man who is as interesting as the prodigious \$400,000,000 job just completed under his direction. It is the portrait of Col. George Washington Goethals, Chairman and Chief Engineer of the Isthmian Canal Commission—the king of the Canal Zone—the man who built the canal a whole year ahead of time. He typifies strength, yet is the embodiment of gentleness. He combines truth and vigor with simplicity common sense. The photographers who spent many months in close association with him while recording the construction of the canal on the films which will be presented by Lyman H. Howe at the Knickerbocker on Thursday Jan. 8, came back with the highest praise for Goethals—the man. They had many favors to ask of him, but he was always heartily in sympathy with their work. Often when they asked for some exceptional facilities he seemed to divine what they wanted before the sentence was half uttered. He didn't guess either. He knew. It was solely because of Col. Goethals' ever ready co-operation that they succeeded in securing the only film record made of the stupendous task that is absolutely perfect photographically and that at the same time tells the wonderful story of the Panama Canal—the greatest work done by man's hand on the earth's surface—in a way that no books can ever tell it. Much film has been exposed on the canal by other photographers, but this production is the only one that depicts the labor of it—in its length, breadth and depth—and from first to last. It starts with scenes of the earliest steps of the work, portrays the man-made problems that were constantly

encountered and how they were solved, and depicts the difficulties conquered at every step, so lucidly that anyone seeing these scenes will see far more than they could possibly see now by going in person through the canal. As it is positively the only time Mr. Howe will present this priceless film here, no one should miss seeing what is actually the chance of a life-time. While the program, as heretofore, comprises many other entirely new features, this particular one eclipses all others that Mr. Howe has ever presented.

The fiery geysers of Yellowstone Park which act as a "safety valve" for mother earth also constitute a big feature of Howe's new program. At every turn, water is seen boiling furiously either in vats carved by nature or as being ejected to great heights by fierce explosions underneath. Masses of steam rush from openings in the ground. Terrible convulsions of nature ensue and monstrous cauldrons become more and more active until the whole ensemble becomes a veritable inferno.

The historic ruins of Pompeii in the colors of nature, a visit to Naples and to the Paris Zoo where acquaintance is made with numerous strange animals at close range, the wood-turning industry at Saint Claude, salmon fishing in British Columbia, tunny fishing near Palermo, Sicily, new "symphonies of the sea" and a ride on the Chicago, Milwaukee and St. Paul Railroad Company's train de luxe "The Olympian" through the Montana Canyon and over the Cascade Mountains in Oregon are a few of the many other features included in the program.

POWERS THEATRE, GRAND RAPIDS, WEEK OF JAN. 4th.

Mat. Wed. and Sat.

"WITHIN THE LAW"

"Within the Law" is within life every line of it. 'Tis a story of absorbing interest cut out of human experience, "wrote Harriet Stanton Blatch, the great suffrage leader, after witnessing a performance of Bayard Vellier's smashing drama of modern conditions in New York, life which will be seen at the Powers Theatre on January 4th. This is the play that ran for two years at the Eltinge Theatre in New York. It has been called "the play the Woodrows go to see" because both Woodrow Wilson and Theodore Roosevelt have not only enjoyed the performance, but have written of it in highest praise to the author. "I was never more thrilled and interested" declared the former, while the redoubtable "Teddy" began his letter of appreciation with the words "I want to thank you for your play." When such representative Americans take it upon themselves publicly to express their enthusiasm

about a play, there must be a reason. Perhaps a great factor in the success of "Within the Law" is the timeliness of the topics with which it deals. It tells the story of a shop girl underpaid and underfed, who is unjustly accused of theft. The evidence against her is so slight that her

The climax in her scheme of revenge is her marriage to the son of the man who sent her to prison. "You took away my name and gave me a number, and now I have given up that number and I've got your name," she cries out to the employer when he learns of her marriage. This is one of a dozen or more equally stirring situations in what is undoubtedly the greatest theatrical success of this half-century. Among the members of the company which will be seen here in Mr. Vellier's stupendous hit may be mentioned, John Gordon, Eliezer Wilson, Maria Mainelli, Robt. Tabor Wm Lambert, Wilson Reynolds, Daniel Sullivan Wm. Powell and others.

No kidney ill should be neglected. There is possible danger in delay. If you have backache or urinary troubles, Begin treating your kidneys at once.

Use a proven kidney remedy. None endorsed like Doan's Kidney Pills.

Recommended by thousands. Proved by Holland testimony.

Mrs. Charles Green, 61 River St. Holland, Michigan, says: "I suffered for quite awhile from lameness across my back, together with a tired feeling through my loins. Nothing did me any good until I used Doan's Kidney Pills. The relief they brought convinced me of their merit."

The above statement must carry conviction to the mind of every reader. Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Green had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

The circle represented four generations, and was complete, with the exception of one daughter and family of thirteen children, who reside in Arkansas.

De Krakker and De Koster were sorely disappointed last week, and through them several of their best customers. About ten days before Christmas a farmer, represented him self as Edward Watson of Olive, agreed to deliver ten 25 turkeys and 200 pounds of chicken, and a small amount was paid down to close the bargain, and this was the last they saw or heard of the party or his birds, until Mr. Watson learned of the transaction and hastened to inform our butcher that while his name may have been used in the matter, he was totally ignorant of and equally indignant about the affair.

FARMERS THERE WILL FOLLOW SAME PLAN AS BOR-CULO RESIDENTS

County Road Commissioner Derk Vandercamp of Filmore and County Surveyor Hugh McDougal of Allegan have been about Fennville this week surveying for the new roads that will be built under the new county road system.

\$1,000 has been appropriated for each township and to make it go as far as possible in the purchase of material it is talked of having road making "bees" in the several townships.

In Clyde township the \$1000 will be spent on the road just south of the Fennville village limits. It is planned to begin on the town line road where the present stone road ends and build as far as possible west with the money at hand.

Louis Schoon Sr., was presented with a beautiful leather rocker by the teachers and pupils of the Sunday School of the First Reformed church Christmas evening at the conclusion of the Christmas exercises. Mr. Schoon has been connected with the Sunday School for twenty-seven years, during twenty-two of which he served as superintendent. Recently he handed in his resignation because of advancing age and at the exercises resolutions of regret were read expressing the school's regret at losing Mr. Schoon's services.

The exercises were very successful, the church being crowded. The report showed that the attendance during the year has been very satisfactory and that the enrollment is about 650.

SHALL WE OR SHALL WE NOT HAVE A PICTURE SHOW

People Of Zeeland Will Have Chance To Express Their Opinions

Although Zeeland's charter has no provision for a referendum never the less something like a referendum is to be applied in the case of the question: Picture Show or No Picture Show. For some years past repeated attempts have been made by picture show people to secure a license to open a motion picture theatre in that city, but always with out success. Recently the request was repeated by James A. Demsey of Grand Rapids and when the council hesitated because they were not convinced that the sentiment of the people was in favor of such a theatre Demsey offered to canvass the people themselves. This work is being done the present week. The Citizens are being asked state their opinions. The result of this canvass will be brought to the council and it is understood that if a safe majority of the people favor a picture show the council will grant the license.

Even though Zeeland has no picture show the people of that city do not entirely go without the entertainment that the "movies" provide. Almost every evening a large number of Zeeland residents come to Holland to take in the shows here.

JUDGE CROSS HANDS DOWN DECISION FAVOR OF COUNTY COMMISSIONERS

Makes Temporary Injunction Permanent; Supervisors Cannot Submit Road Question to The People

Unless it is carried up to the Michigan Supreme court the Ottawa county good roads controversy came to an end Saturday when Judge Cross handed down a decision in the case of the Board of County Road Commissioners vs. the Board of Supervisors of Ottawa county. The Judge decided in favor of the road commissioners, sustaining them in their contentions. He ruled that the temporary injunction should stand and should be made permanent.

The temporary injunction which has been thus made binding continuously asked that the Board of Supervisors be restrained from calling a special election for the purpose of again submitting to the people of the county the question of whether or not the vote bonding the county for six hundred thousand dollars should be rescinded. If the injunction had not been made permanent by the decision of the judge it was planned to hold the election in the spring, probably at the same time as the regular elections. But the decision of today prevents such action on the part of the board, and even if it should be carried up to the supreme court it would be practically impossible to hold the election as soon as that since perhaps a year or more of delay would result in the reaching of a final decision.

If the original plans of the supervisors who favored the special election had gone through the election would have been held in November. But although the majority of the board was in favor of such action the road commission and their supporters in the board of supervisors succeeded in blocking these plans by a resort to the courts. The temporary injunction asking that the board be not allowed to hold the election in November was granted to give both sides an opportunity to present arguments. This they did at a lengthy evening session a month ago. The arguments had to do mainly with the question of how the signatures had been secured to the petitions for resubmitting the question to the voters. Much testimony was taken during the days just before Thanksgiving day, some forty witnesses from all parts of the county taking the stand to tell how their names had been solicited and secured.

Thus ends the long fight that began early last summer and that has been one of the bitterest ever waged in Ottawa county.

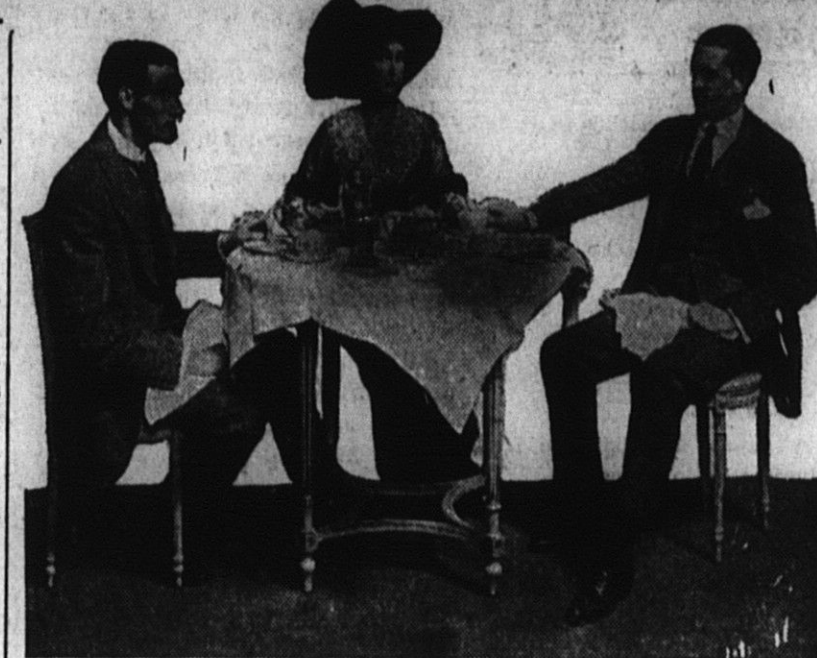

TEACHERS OF 18TH CHURCH SUNDAY SCHOOL LISTEN TO FINE PROGRAM.

The quarterly meeting of the officers and Teachers of the First Reformed church was held Friday night at the home of the Rev. and Mrs. H. J. Veldman. An unusually large number was present and a particularly fine program was carried out. After the opening exercises, led by the retiring superintendent, Mr. L. Schoon, sr., and a solo by Miss Jennie Rozeboom, Mr. John Trompen, whose privilege it was to attend the World's Sunday School Convention last July, at Zurich, Switzerland and visit some of the mission fields, gave a very graphic description of the places visited and told in an interesting way, about the great convention, its numbers, its representative character—its beautiful Christian spirit, its great men, including Dr. S. M. Zwemer, and its inspiring addresses and conferences.

Following a vocal duet by the Misses Anna Luidens and Kathryn Oosting, Dr. Zwemer, present upon invitation of the host and hostess, added a few words in his own inimitable way to what had already been well said, dwelling especially upon the Catholicity of the great gathering, proving that at heart the Church of Christ is one.

The program was closed with an instrumental duet by H. E. and Sara H. Veldman. After the program refreshments were served and a social hour was spent. Every one agreed that this was one of the best meetings ever held. For this special credit is due the Zurich delegates. They were given a rousing vote of thanks.

John and Archie Deul, two Holland boys at present on probation from the Ottawa County Juvenile court for stealing money from a farmer a short time ago and going on the adventure path, were detected cutting straps from the wagons back of the Nies Hardware store yesterday morning; they will be reported to Judge Kirby. Some opera glasses were also found on the boys but they claimed they had bought them.

"I believe the home merchants are entitled to our trade when the prices are as reasonable. I think it is a wrong principle to send away for the goods that can be bought as well at home," said a farmer to the editor the other day. It sounds good to hear men argue the justice of this matter. The local business man and the farmer's interests are mutual: neither one can succeed in the fullest sense without the other. The merchant must sell at honest margins of profit and when he does this he is entitled to the trade of his community.

Minutes Mean Dollars IN TREATING ANIMALS

Doubtless you know the danger of delayed treatment of colic and other diseases. You also realize that wrongly applied remedies are often worse than no treatment at all. In other words, not to diagnose a disease accurately may prove fatal. Every owner should be able to recognize an ailment and give correct treatment at the first symptoms. Prompt action is the great secret of treating horses.

Minutes mean dollars. Of course proper treatment is always necessary. That is just how Humphreys' 500 page Veterinary Manual will prove so valuable to you. It is by F. Humphreys, M.D., V.S., and teaches how to diagnose and give proper treatment.

This book will save you hundreds of dollars and costs you nothing. It will be sent absolutely free on request to any farmer in order to introduce Humphreys' Veterinary Remedies. Remember, it is absolutely free. You do not have to order any remedies to secure the book. Address, Humphreys' Homeopathic Medicine Company, 156 William Street, New York City. This is a splendid opportunity to obtain a veterinary treatise that you should have in your library. As a reference work you will find it invaluable. To have it in the time of need will be worth many dollars, whereas it will cost you but a post card by writing for it now.

"THE EVERLASTING LIGHT" IS PRESENTED CHRISTMAS EVENING BY TRINITY CHURCH SINGERS

Large Audience Listens to Program Put On Under Able Direction of Herman Cook

Trinity church was filled to the doors Christmas night when a chorus of 45 voices rendered the Sacred cantata "The Everlasting Light" by Ira B. Wilson.

The church was tastily decorated in a manner appropriate to the Christmas season.

The Pastor, the Rev. J. Van Peur sen, opened the meeting with a few remarks in his usual happy way in which he stated that the chorus about to be rendered was in no way to be taken in any competitive way but was primarily for the upbuilding and edifying of the church.

The chorus was rendered under the able direction of Herman Cook and great credit belongs to him for the splendid work of the choruses and the individual parts. The work of the chorus was exceptionally fine showing that the church has some good musical material. They are fortunate in having a leader of Mr. Cook's ability.

The program rendered was as follows:

1. Break forth into Joy, D. Van Kolken and chorus; Obligato solo by Mrs. D. Van Kolken.

2. He shall feed his flock, Double Quartette.

3. The people that walked in darkness, Cora Stroop and Ladies Chorus.

4. Chorus "The Light is Come."

5. "Bethlehem," Mrs. D. Essenberg and chorus.

6. Tenor Solo, J. Van Lente, "and there were shepherds?"

7. Chorus "Hail to the Lord's Anointed."

8. "The Virgins Lullaby" Mrs. J. Van Peursen and chorus.

9. Duet "Room in my heart for Thee," Mrs. G. Michmershuizen and H. Cook.

10. Alleluiah Chorus.

A collection was taken during the evening for the organ fund.

Miss Retta Pas gave a recitation "The Story of the Christ," from "Ben-Hur," in a very acceptable manner.

The accompanist of the evening was Miss Grace Konig.

HERMAN BECKMAN APPOINTED IN PLACE OF DORENBOS

Herman A. Beekman received a Christmas present in the shape of the appointment to the office of deputy county game and fish warden for Ottawa County. The official papers signed by State Game and Fish Warden Oates arrived in Holland on Christmas day. The duties of the new officer begin the first of January.

The appointment came as a surprise to many Holland people. It was made before the petitions that have been circulated reached State Warden Oates; at least the petition for Beekman was circulated so short a time ago that it could hardly have gone through the regular routine. Few here knew that Beekman was in the field for the position.

The position to which Beekman has been appointed has been held for many years by C. Dornbos. He has served under several administrations and it was believed generally that he would be reappointed this year.

Beekman about two months ago was appointed as special deputy to watch the carp fishing operations on Black Lake. Since the state issues the license for this fishing the state department appoints a man to see to it that only such fish are taken as are specified in the document. Beekman has been engaged on this work for some time now and on the first of January will begin his new duties.

FIFTH DISTRICT CONGRESSMAN GIVES FURTHER REASONS FOR HIS VOTE OF THE CURRENCY BILL

Congressman Carl Mapes, discussing why he voted "Yes" on the Glass Owen bill, said:

"I voted for the currency bill in the house before it went to the senate and have seen no reason to change my position. In fact, the senate and the conference committee have made some improvement in it, although the fundamental features remain the same. The administrative features especially have been improved. The house bill providing that the secretary of the treasury and secretary of agriculture and the comptroller of the currency should serve as ex-officio members of the board. The conference committee reduce the ex-officio members of the board by eliminating the secretary of agriculture and providing for five active members, whose term of office is to be 10 years.

"I believe the bill is a good thing, and that it will serve well the needs of the business world. So believing, I have supported it. As said by Representative Lenroot of Wisconsin: 'When the bill is put into operation it will insure against purely financial panics.'

"It establishes the policy of public control over the finance of this country by a federal board similar to the control that is now exercised over the interstate commerce of the commerce of the country through the interstate of commerce commission."

MOVEMENT ON FOOT TO FORM PERMANENT ORGANIZATION FOR MOTORCYCLE RIDERS

A movement has been started by some of the motorcycle riders of Holland to form a Holland Motorcycle club. It is planned to get about twenty charter members, rent rooms in some building in town and make the club a permanent organization. All the local motorcycle dealers are backing the movement and already many have pledged themselves to join. Although the dealers will be members of the club none of them will hold any office in the club, as the organization is to be strictly run by the riders themselves.

The best definition of a demagogue will always remain with the little girl of seven who said, "A demagogue is a vessel containing beer and other liquids."

THE FIRST RESOLUTION

When the Christmas rush and crush is over there annually comes a hush for a day or two and then the New Year and the time of reflection. "Good resolutions" are made, old habits are "sworn off" and the "new leaf" is turned. We make jokes—usually the same old jokes—every year about this custom, about climbing to a water wagon seat and being soon jolted off, about forgetfulness of good resolves and all that. But we keep up the custom because there's something seriously good in it after all, in spite of the failures and the jokes the jesters make.

There will be good resolutions made and new leaves turned on the first day of 1914 just as there were the first day of 1913. Some will make the mistake of discussing these resolutions with their friends and, in some cases, with the general public. This kind of publicity is an invitation to all retrograde forces to get to work to break down all good resolutions and to soil every new leaf. But those who make good resolutions in silence and who hold them as inviolable secrets will be most likely to keep them. They will have fewer temptations. They will have no obstacles except those of their own creation.

So, when you set about making good resolutions for 1914, let this one lead the rest: "I will be silent about my resolves."

Life insurance companies may yet get out a calendar with the days on which your premiums fall due in red figures.

Why not put a scale on the telephone instead of a meter so that people can weigh their words more carefully?

The only sure thing about the weather is that it is always unusual.

A Pennsylvania hen is said to have laid an egg with a nickel in it. Conscience stricken, no doubt.

SAID IN JEST

Resolves That Might Come True

Mayor Bosch might resolve to let the Gas Company make extensions on Fairbanks ave., or put King in the "cooler" or allow prize fighting; or sit silent until next spring, or to run for a third term and emulate Roosevelt.

Alderman Van Drezer, could resolve to live without the assistance of the City Treasurer, and allow that Mayor Bee to buzz again.

Grand Trunk Haan might resolve to change his initial to B. M. Haan, or come back into the ranks like a model man.

M. A. Sooy could resolve to strike Fred Boone for a job.

Fred Boone might resolve to give him one in the eye.

Arnold Mulder editor of the Sentinel, might resolve to "Prophet," by the Dominee of Harlem.

Hessel Yntema the New rhodes student might resolve to wear his Oxfords.

Alderman Hansen—might resolve to become a republican, and tell us why the tariff on Sugar should remain?

Ex Mayor Stephan might quit furniture and go "back to the soil" after the big Holland Fair.

Tom Robinson might resolve to run for Prosecuting attorney.

City Clerk Overweg could resolve to take on the job of a free Labor Bureau and still support a wife and six children.

Aldermans Prins or Vander Hill might resolve to run for state senator in "Joos" place if there are any Bull Moose left.

Alderman Drinkwater must resolve to quit asking for street lights in his ward which he can't get anyway.

After the decision of Judge Cross the Board of Supervisors should resolve that at last they have struck a good road without a turn.

Ald. King might resolve to run for mayor next spring and also run!

Ald. Congleton might resolve to construct a subway for bicyclists.

Al Toppen could resolve to allow "Van" to hold on awhile longer.

Grand Haven does resolve to point with pride at the \$450 spent for poor. That in the face of 12 open saloons is a good record.

Jake Glerum and John Van Anrooy the siamese twins might resolve to register themselves for another term.

Holland Town and Holland we pray will resolve to stop digging up the liquor question when ever a meritorious, proposition presents itself.

Capt. Harrington might resolve to change the Capt. to "Burgermeister".

Wm Olive may resolve to let the sick, the lame and the halt, enter into his Franklin.

The Bonus Committee will resolve to get up some "pep" with the addition of a Landwehr.

The above is said in jest, but we might earnestly add:

Resolved that we might this 1914 be more tolerant and forbearing toward one another.

Resolved that the short comings of all of us are many therefore why should anyone of us place ourselves a critic over the others.

Resolved that advice, not criticism, reason not narrow unreason shall dominate our every action.

Let us resolve on this New Years morn that if we cannot speak kindly of some of our fellows we will at least not speak ill of them.

FORMER SHERIFF C. ANDRE TO BE A CANDIDATE FOR THIS OFFICE.

It is stated on good authority that former sheriff Cornelius Andre will be a candidate for the office of State Senator for the Ottawa Muskegon district.

State Senator Haddon, who was elected as a Progressive has left the county, and this necessitates the election of a successor. For years there has been an understood agreement between Muskegon and Ottawa counties that the two counties would alternate in the selection of a state senator. This unwritten agreement has always been observed by the politicians of the two counties. Now, of course, a state senator is nominated by the primary system, whereas in the old days the convention system was in vogue, but it is believed that the old agreement will still be adhered to.

CHRISTMAS ON BOARD SHIPS Grand Haven Boat Crews Are Served With Big Dinner

Christmas was celebrated on board of the Grand Haven ship in true style. The Crosby liner Nyack remained over all day and last night to give the men a complete holiday, and at noon the crew was served with a "bang-up" Christmas dinner, arranged by E. Jones, steward of the steamer.

The Grand Trunk car ferries main tained their schedule, but special Christmas dinners were served to the officers and men on both ships. The feasts were served while the ships were in mid-lake. The men on both ferries celebrated part of the day in Grand Haven and part in Milwaukee.

The Goodrich liner Alabama made her run as usual, remaining on the east shore all day. The officers and men on the government dredge General Meade, spent the greater part of the day ashore, but most of them reported aboard for the big Christmas dinner at noon.

TONY DOGGER WAS RELIEVED BRAKES LEG PLAYING FOOT OF HIS MONEY SATURDAY NIGHT.

Held Up By Masked Robber With a Big Black Gun in Dark Place On Columbia Avenue.

Holland was again the scene of a holdup Saturday night when Tony Dogger was held up at the point of a gun by a masked man on Columbia avenue, about 9:30 o'clock. While passing a dark part of the street Dogger was suddenly confronted by a masked man with a big black gun, and he was politely asked to hold up his hands. The robber then went through his pockets but got only about one dollar in money and a few articles of little value.

LIFE SAVERS TO FINISH SEASON Grand Haven Crew To Quit Work At Midnight To-Night Leaving Captain

The United States life saving station at Grand Haven harbor will go out of commission for the season when the midnight bells ring at 12 o'clock tonight. With the ushering in of the new year, Captain Walker's able crew of life savers will cease their patrols and stand their last watch for this season in the lookout. Most of the men will leave the station immediately after the closing hour, leaving Captain Walker alone on the job for several months. The majority of the crew members have homes in Grand Haven, where they spend their off seasons.

In accordance with the regulations, Captain Walker will remain at the station during the winter or engage a substitute to take his place, should he desire a short vacation himself. If at any time during the winter months, an emergency should arise, which might require the services of a life saving crew, the keeper is empowered to call upon volunteers to man the apparatus at the station.

Captain Walker's crew during the season now closing was made up of the following: William Walker, keeper; Herman Castle, Harry Vanden Berg, William Fisher, Charles W. Peterson, Peter Olson, William Wuennecke, Robert O. Roberts and Arthur W. Horning.

The following are the other life saving stations in the twelfth district which will close at midnight Wednesday: North Manitou, South Manitou, Frankfort, Manistee, Ludington, Muskegon, Old Chicago, Kenosha, Racine, Milwaukee, Sheboygan, Two Rivers, Keweenaw, and Plum Island.

The following stations closed December 20: Charlevoix, Pentwater, South Chicago, Michigan City, St. Joseph, Evanston, Point Betsey, Bailey's Harbor, Point Au Sable, Sturgeon Bay Canoe, Sleeping Bear Point. The Holland Station closed December 15, and the following went out of service the last day of November: White River, South Haven and Jackson Park.

SOLDIERS DEFEAT HOPE IN A FAST GAME

Friday Night's Game Of Most Exciting Ever Played Here

Grand Haven Tribune.—The basketball game at the armory Friday night, with the soldier boys and the Hope College Reserves as contestants, was one of the fastest and most exciting games ever played on the Armory floor. A great crowd was present and they had excitement as their portion every minute of the time.

The Hope Reserves have it on the Company in that they are continually practicing and have the coaching of the fast Hope regulars, one of the best fives in the state to help them. The Reserves played a good game Friday night but their defeat should have been accomplished by a much larger score.

In the first half the soldiers missed all of twenty-five attempts for the basket, being way off form in that respect. The game while played large found the Company trailing at the finish of the period by the score of 12 to 8.

The ten minutes rest between halves did the soldiers a world of good and they went into the last period of the game determined to reel off a victory. That lead of four points melted away very soon and the Company took the lead and held it to the finish, the final score being 31 to 23 in favor of Company F.

The game was a rough hardy struggle. Several times the officials had to take a hand and suppress the rough work. One Hope man was laid out and had to retire from the game. In a collision with one of the soldiers his right eye was badly cut.

Company F's game outside of inability to locate the basket, in the tions ever put up by the Company five. It was a rough and tumble game just the kind of a struggle the crowd likes and there were thrills every minute of the time.

Singeling and Swarts played great games; in fact, the entire team put up steller basket ball.

The Company's lineup was: Swartz, center, Singeling and J. Erkes, forwards, Weavers and Abenga guards. The Hope team lined up as follows: Van Tongeren, center, Vos and Vander Broek guards, Prins and Van Putten, forwards.

ANOTHER REASON FOR TRADING AT HOME

Two local people recently sent to a mail order house for watches, they paid \$12 each for watches which they could have bought of our local jeweler for \$10. These people were probably practicing "High Finance."

Installation of officers will take place at the Eagles' lodge Monday night afterward a fine banquet will be held.

I wish all of you who read this a Happy and Prosperous New Year

"Y" FIVE FACES HOPE FRIDAY EVENING

Captain Cook Will Send His All-Veteran Lineup in to the Clash Collegians Now On Trip.

Grand Rapids Herald.—Realizing that, if Hope college is to be defeated in the opening game of the 1914 "Y" basketball schedule, New Year's night, it will be necessary to put up the strongest possible lineup, Capt. Cook has decided to send in his veterans, and unless there is a safe lead gained he will not make shifts in the makeup of the five. It was thought by many close followers of the sport that "Shorty" Standers, last year Central's Captain, would be used and the fact that he is not to be started in the tussle is no reflection on him or his playing but deemed advisable because of the fact that the Vets have played together at least one season and for that reason work better, at this time, than would be the case, were a new player in the lineup. However Standers will be held in reserve ready to be used in case needed.

Hope's swinging around on her way to this city and by the same token is getting in some mighty practice so that the invading five should be right on edge when they hit here Thursday. Owing to a mistake in some of the announcements, the impression is more or less current that the game is to be played on New Year's eve and the management is therefore put to it to correct this misunderstanding. The time for the go has been set at 8:15 and it will of course be staged in the "Y" gym.

The lineup as announced by Captain Cook is as follows: Wilmarth, center; Bennett and Fowle, guards; Montgomery and Captain Cook, forwards.

DOUGHERTY OUTCLASSES WALLACE IN FAST SIX ROUND EXHIBITION

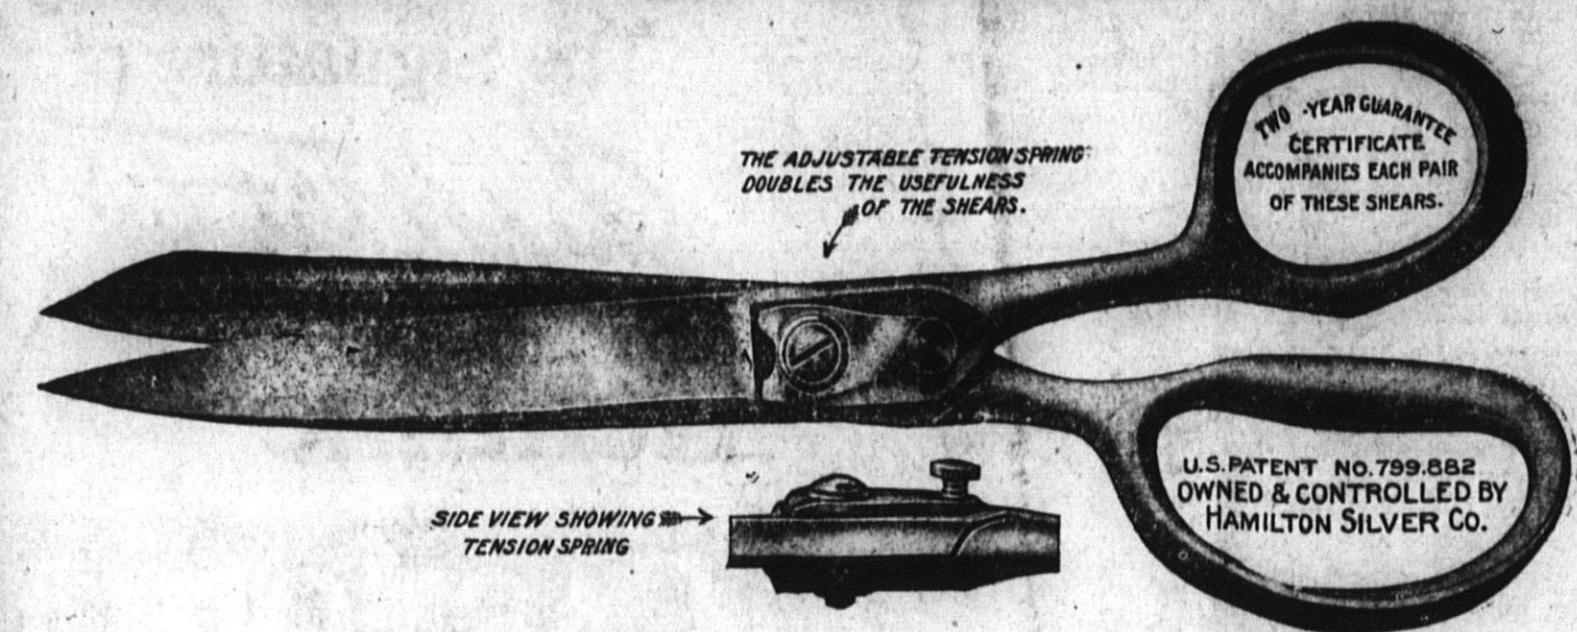

Tommy Dougherty outclassed Jimmy Wallace in a six round exhibition boxing match at the Knickerbocker theatre Monday before an audience of 200 people. Both men showed themselves to be topnotchers in the boxing game and gave a real exhibition contest. At no time did either man try to score a knockout nor did they give love taps. Both men guarded cleverly and showed some of the different styles of fighting. Several times Dougherty who showed the greater experience and cleverness of the two, came in with his favorite knock-out punches but they stopped within about two inches of his opponent's jaw or solar plexus. Wallace showed his gameness and tenacity by always coming back strong and often forcing Dougherty around the ring. Dougherty gave a fine exhibition of rushing, dodging and covering up. He would rush Wallace, land several fast blows on his opponent's body and then cover as Wallace recovered and commenced to return his blows. Once he led Wallace around the ring, keeping his hands at his side and merely dodging Wallace's blows.

Young Jeffers of Grand Rapids and Red Bailey of Jackson gave a good six round exhibition, Jeffers showing greater knowledge of the ring and getting a shade the better of the match.

George Ver Hoef and Seth Holt gave an excellent exhibition of wrestling. They were very evenly matched in weight and strength, and both were light on their feet and quick. Holt won the first fall in twenty minutes with a scissors hold. During the next thirty minutes neither got a fall and the match was called off.

Red Hansen and Young Cortes wrestled for thirty minutes without a fall and the match was called off.
