Wm. Botsford life has been made miserable the past week, being followed around by young boys with pennies of 1903. One boy in particular was very persistent, following him into a store with the last issue of the News in his hand. "See here it says, Mr. Botsford, \$15 for 1903 pennies. Sheriff Woodbury made the first arrest of his official career Monday. He went to Grand Rapids during the day and served a warrant on William Meerman, charged with larceny. The case grew out of Meerman's securing a wagon and giving note for same, while in partnership with another party. The partnership was dissolved and the wagon disposed of without making final settlement. Meerman's arrest followed. About \$50 is involved. Meerman was arraigned before Justice Hoyt and his friends furnished bail. The case will undoubtedly be settled.

The motorman on the Muskegon Interurban car which leaves Grand Rapids at 6 o'clock in the evening received a bad scare one night this week. The car was bounding along at a good speed and in rounding a curve before arriving at Coopersville a bright headlight hove in sight coming straight at the car. The motorman put the air brake on and stopped his car with a jerk and awaited the crash. But the crash didn't come. The bright headlight was that of the engine on the evening Grand Trunk train and as the tracks parallel each other for some distance it was hard, at first in the dark to tell on which track the light was on and in rounding the curve at a good speed the motor man had forgotten the Grand Trunk track was in existence.

The \$1500 Newberry scholarship was won by Sidney Zandstra graduate of Hope in 1903. Thirteen colleges were permitted to compete which goes to show that the honor is well merited. Zandstra is now studying at Princeton N. J. He worked his way thro college by doing odd jobs, such as working in a restaurant and as operator in the telephone exchange.

An Ottawa county farmer says that he rid his farm of rats in the following manner: "On a number of pieces of shingles I put out about a teaspoonful of molasses and on that put a small quantity of concentrated lye and then put the old shingles around under the cribs. The next morning I found some forty dead rats and the rest left for parts unknown. I have relieved several farmers of the pests in the same way and never knew it to fail."

The village board was honored with an application for a license to operate a pool room in Zeeland from Joe Pino, a Holland saloon keeper, and at their meeting last Tuesday night the council refused to grant the same. Our village is now without such a place of amusement and the village fathers showed their wisdom in denying permission to open a place which can only result in a gambling hole. A visit to Pino's place in Holland is reasonable proof to convince any rightminded person that he is not the subject to furnish our young men with amusement. Evils are already abundant in Zeeland, a traveling man while staying at a local restaurant the other day relating that one of the druggists had disposed of three barrels of liquor during the week between Christmas and New Year. The unscrupulous sale of liquor has been the excuse of the saloonist for years in Zeeland but the proof is not forthcoming and hear say is of no count in law. If the above is true it certainly is a record breaker and if possible the council should take steps to regulate the sale of liquor in Zeeland.—Record. Brother editor, you have either parodied the wrong place or you have been misinformed. Pino does not run a saloon but has a lunch counter where tea coffee and milk are served, there are also pool and billiard tables in connection. No intoxicated liquors sold in his place of business and Mr. Pino is not even a drinking man.

The aged couple enjoy remarkably good health.

The farmers took possession of our town Saturday they held forth in the shape of an institute at the village hall. Saugatuck.

An effort will be made to have repealed at the present session of the legislature that provision of the game laws which forbids the spearing of fish in the Kalamazoo river in the township of Saugatuck. It is held that principally the varieties of fish that would be speared through the ice would be pickerel and carp, and certainly the more of the latter variety taken the better. There would have been more tolerance of the law if the regulation against netting in the river had been more rigorously enforced. But it is justly deemed inexpedient to deprive our citizens of the privilege of spearing the fish during the winter months only that they may be netted during the following summer by Chicago parties, as has been done during the past two years.

Mrs. C. P. Ludwig of Holland is visiting friends here.

Last week a gentleman by the name of George Stern, accompanied by a partner, occupied rooms in the vacant house of Mrs. R. Siple for the purpose of selling job lots of winter underwear. They were from Wayland and while here did a fair business. It appears these two persons had stock stored in a building at their recent place of business and left a Scotch collie dog there for protection of the goods. On Wednesday morning the night watchman of that place came here with a warrant for the arrest of Mr. Stern, claiming that the dog was starving. We were told by Mr. Stern that ample food and water were left for the dog and the whole transaction was, on the part of the watchman spite work.—Allegan Gazette.

Obituary.

Frederick N. Hopkins (deceased) was born at Palermo, Oswego County N. Y. on September 18, A. D. 1832. Came to Michigan with his parents in 1836. Was left an orphan at the age of 6 years, was then taken back to New York state 1839. In 1849 he returned to Michigan, residing at Springfield, Oakland Co. In 1857 he moved to Shiawasee Co. Mich. In 1861 enlisted as artificer in Company B. 1st Michigan Engineers and Mechanics under Colonel afterward Brig. Gen. Wm. P. Tunness of Grand Rapids. Was wounded in the battle of La Vergue, Tenn. Jan. 1, 1863, while protecting Gen. Rosencrans wagon train. The wound received in that fight was the remote and immediate cause of his death. On June 6, 1863, received an honorable discharge on account of the gunshot wound above mentioned. On May 11, 1864, he married Susan M. Taylor, who survives him. April 22, 1902 he moved to West Olive, where he died Jan. 6, 1905, aged 72 yrs, 3 mo., and 18 days. Mr. Hopkins was the youngest of three children. His brother, Harvey James Hopkins of Chesaning, Mich., who survive him and a sister Harrick Jane Chamberlain of Easton, Mich., who died Dec. 19, 1903.

Fennville.

The annual meeting of the Fennville Fruit Shippers Association will be held at the Dickinson opera house in Fennville next Saturday afternoon, Jan. 14, commencing promptly at two o'clock. Important business demands the attendance of all members.

Considering the small amount of fruit sent to the St. Louis exposition from this locality, the award of medals to local growers—nine silver and seven bronze—is quite gratifying. Nearly every exhibit from Fennville was of such high merit as to win a medal, disinterested judges from other states making the awards. It must be remembered that in making these awards, the number of varieties and number of plates shown had much to do with the grade of medal given. Benton Gebhardt of Hart and Paul Rose of Frankfort were the only individual growers who won gold medals and their fruit was not only of high quality but they showed several hundred plates including numerous varieties and classes of fruit. No one secured a silver medal who did not exhibit ten or more plates of fruit and a single plate of fruit had to score high to receive a bronze medal. The following medals to local growers have been announced:

Fennville fruit exhibit, silver C. E. Bassett, apples, silver Marcus Bennett, pears, bronze J. H. Crane, apples, silver Elmer Fry, apples, bronze H. H. Goodrich, apples, silver J. H. Hawley, apples, bronze Kingsley & Bassett, peaches, silver

J. Miller, apples, bronze P. Purdy, apples, silver Fred Seele, apples, silver H. B. Seymour, fruit, bronze Geo. Tucker, apples, silver Wadsworth Bros., fruit, silver Sam Wark, apples, bronze A. L. Whitbeck, pears, peaches, bronze.

Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

BISHOP SPALDING STRICKEN

Noted Prelate Is Suffering from a Stroke of Paralysis—Condition Is Not Dangerous.

Peoria, Ill., Jan. 7.—Bishop John L. Spalding is at his residence on North Madison avenue, this city, suffering from a severe paralytic stroke which attacked him about four o'clock Friday afternoon. While his condition is said not to be dangerous, it is serious enough to keep his brother, Dr. Leonard H. Spalding, by his side continually. The entire left side of the bishop's body is affected, and for several hours after the stroke he was unable to speak. Leeches applied to his head resulted in bringing back in a measure his speech, and in the

BISHOP SPALDING.

evening he was able to converse with those who were with him. The bishop is 65 years old, and while he has been in fair health practically all his life, his age tends to add to the fear of his friends for another and more serious attack.

Peoria, Ill., Jan. 10.—The condition of Bishop John L. Spalding continues to improve, though slowly. He is recovering the use of his left arm, but his lower limb is yet entirely useless. The doctors say the bishop is not likely to recover the use of this limb.

GILLESPIE CONVICTED.

Found Guilty of Murder of Twin Sister—Sentenced to Life Imprisonment.

Rising Sun, Ind., Jan. 6.—James Gillespie, who with his sister, Mrs. Belle Seward and Mr. and Mrs. Myron Barbour was indicted for the murder of his twin sister, Miss Elizabeth Gillespie, on the night of December 8, 1903, was found guilty Thursday night and sentenced to life imprisonment. The other three defendants will be tried separately later. This was the second trial of James Gillespie. At the former trial a year ago, the four defendants were tried together, but the jury failed to agree and was dismissed.

Rising Sun, Ind., Jan. 7.—Judge Cornet overruled a motion for a new trial for James Gillespie, convicted of the murder of his twin sister, Elizabeth. Gillespie then prayed for an appeal to the supreme court, which was granted, and 60 days were given in which to file his bill of exceptions. Judge Cornet then sentenced Gillespie to imprisonment in the penitentiary for life. The cases of Myron Barbour, Belle Seward and Carrie Barbour were continued until the March term of the Ohio county court.

Roberts, of Keokuk, Ia., captain of the University of Illinois baseball team, was killed and 12 persons were severely injured in a wreck on the Cleveland, Cincinnati, Chicago & St. Louis railroad at Rising, five miles west of here, late Monday afternoon. The wreck was caused by a dining car of the train leaving the track. Roberts was standing on the steps preparing to jump, and was thrown under the wheels. He was mangled and lived but a few minutes. The train was running 50 miles an hour when the cafe car left the track, and was dragged 100 feet, rolling down an embankment. The car was demolished. Some of the 12 injured persons were taken to farm houses and others were brought to a hospital in Champaign.

A fourth sailor was injured. The men lost were: Matthew George, 38 years old, of Newfoundland; Martin Solen, 40 years old, of Norway; Charles Beman, 41 years old, of Germany.

Three United States Engineers

Three United States engineers have of late years had considerable to do with Holland harbor.

The first was Col. Harding who thought that the channel should be widened and the piers extended further in Lake Michigan.

The second was Mr. Keller, who thought that no extension nor widening was needed, but that a hydraulic dredge could do the work in good shape.

The third is now in authority. He is Colonel Adams, stationed in Grand Rapids.

Harding's plan to improve the harbor would have been successful but just as he started to carry it in effect Keller was placed in command and killed Harding's idea and hence Holland harbor had to go supperless to bed.

Congressman Smith was busy all the while but it was pretty hard for him to get the needed appropriations in the face of Keller's hydraulic dredge fad. At that, Congressman Smith has done very well. But now he is in a position to do better, for Col. Adams believes as he does and that means that Mr. Smith will not have to meet with the opposition of the war department.

If the economy fever does not strike Washington too hard Holland may be treated with the considerations it deserves. If it is not thus treated the condition of affair's will be deplorable indeed, for never was the need of a large appropriation more imperative.

Circuit Court.

Circuit court opened Monday for the January term and the entire afternoon was taken up with the calling of the calendar and the arraignment of prisoners. Judge Padgham did not arrive as early in the afternoon as was expected and the session was, therefore, delayed in starting.

In the case of the people against John Fox, charged with conveying weapons into the county jail, came first and upon motion of Mr. Farr for the state, the matter was put over term, on account of a state's witness, Fort VanDyke of Zeeland, being ill. Fox is accused of sending the weapon to William Wilson with which shot Sheriff Dykhuis last year and attempted to escape from jail. The case has been put over for several terms.

The case of the people against Fred Wright was also put over term. The case against Minnie Bontekoe, charged with larceny will be decided upon later in the term. H. Mulder pleaded guilty to giving liquor to minors.

In the case of the people against Ishmael Covell, charged with robbing Mrs. Roxy Stauffer of Chester, the defendant pleaded not guilty. Clarence Sinkler entered a plea of guilty to bigamy and in the liquor law violation case against Anthony Seif Jr., the defendant pleaded guilty. M. Kamhout, H. Gildner and George Gildner, all entered pleas of not guilty to the charge of violation of the liquor law and they will stand trial.

In the issue of fact jury calendar, the cases of Henry Veyter vs Walter C. Walsh, assumptit and Hattie A. Dowies et. al. vs Estate of Sarah H. Williams, deceased, appeal, were announced as ready. The non-jury cases of Clark Jewell Wells Co. vs Henry Gildner; Estate of Amanda Cooley, deceased, vs Oscar T. Blood; Arthur Feenstra et. al. vs Edward Tanis; Diena Koning vs Egbert Groeters et. al; Wm. D. Rottshafer vs Peter Oosting were transferred to the jury cases.

The remaining non-jury cases to be tried are, John Vyn vs Cornelius Nyland and John Vaupell; Frank G. Thurston vs J. A. Miller et. al.

The law and impurance cases are in the matter of the petition of Roe of Verburg to discharge mortgage; petition of George Berdler to vacate street; Woodmen vs Board of Supervisors, writ of certiorar; petition of Amy Best to discharge mortgage.

Chaucery—George H. Long et al vs Lewis W. Heath et al; Watson P. Reed vs Gerard H. Kanters et al; Sena Hovenga vs John Hovenga, divorce, non-support; Reka Kuite vs Cornelius T. Kuite, divorce, extreme cruelty; Mattie Bush vs Peter P. Bush, divorce, extreme cruelty; Mabel C. Hass vs Cleve McCulloch et al; Ira M. Cobb vs Alex McKenzie et al; Frank Hasenping vs Henry C. Hazen et al Tannie Vanden Bosch, vs Jennie Vanden Bosch, bill to correct deed; Charlotte Fox vs John Leggett et al; Royal Circle vs Lucy Hayes et al, bill to enter plea; Panny Lillie vs Lillian Hopkins, bill to charge real estate with a certain mortgage.

The case of the people against Ishmael Covell, charged with stealing money from Mrs. Roxy Stauffer

of Chester, was the first case called at circuit court at the forenoon session. A jury was secured without trouble and Mrs. Stauffer was the first witness called for the people. She told the story of how Covell had been employed upon her place and of his disappearance. Mrs. Stauffer attended church one Sunday morning and returned to find her pocket book and her hired man gone. She went down to Paw Paw with Sheriff Dykhuis and positively identified Covell as the hired man who had disappeared at the same time as the pocket book.

Prosecuting Attorney Pagelsen is handling the people's case and Charles E. Soule is defending.

The jury is composed of Gerrit Ten Have, Holland township; Teunis DeTrel, Olive; George Green, Polkton; William Miller, Robinson; Nicholas Phillip, Tallmadge; Fred Pfaff, Grand Haven, 3rd ward; John Lamer, Blendon; Adelbert Morey, Chester; John Mackey, Crockery; W. L. Clark, Georgetown; Cornelius Ryendrandt, Jamestown; Hermantes Weener, Olive.

Sentenced.

Ishmael Covell of Chester was convicted of larceny from Roxy Stauffer's house in Chester. The jury had not been out an hour.

George Gildner, who had plead not guilty to keeping his bar open on December 25 appeared in court yesterday and requested that his plea be changed to guilty. The case against Henry Gildner charged with selling liquor to minors was put over the term on motion of W. I. Lillie who is defending.

The adjournment is taken to accommodate the attorney's who are working on the Ferry cases in probate court and who cannot attend to both courts.

Judge Padgham finished up this week of circuit court by sentencing three prisoners Wednesday, who were awaiting disposal at the county jail. Ishmael Covell, who was convicted of larceny Tuesday, was sentenced to not less than four years at Jackson prison. Covell was convicted of stealing \$190 from Mrs. Roxy Stauffer of Chester in November, 1902, while she was away at church one Sunday morning.

Clarence Sinkler, who pleaded guilty to bigamy, was sentenced to not less than two years at Ionia. Sinkler was married originally in Allegan County in 1900, and in 1904 he took unto himself another wife, Miss Helen Ormsby of Holland, without first making arrangements with his Allegan wife.

Harry Mulder of this city, who plead guilty to giving liquor to minors, was fined \$25 and costs amounting to \$30.10 with the alternative of thirty days in jail. Mulder took the alternative and is now in jail.

Board of Supervisors.

The Board of Supervisors met in regular session Monday and the routine work was started with the most important of which was settling with the county treasurer. At Tuesday's session the board appointed a committee to draft a resolution asking the legislature to put the sheriff of Ottawa county on a salary. The committee consists of Messrs. Hatch, Ward, Veltman, Pruim, and Geerlings. The board acting upon the recommendation of the building committee voted to place telephones in all of the county offices at a contract rate of \$90 for the year.

The Board of Supervisors held another short session Wednesday in order to give the committee an opportunity to get up their reports in time for presentation to the board before the end of the week.

The special committee to which was left the matter of drafting a resolution to the effect that the sheriff and deputies of the county be placed under a salary, has not as yet reported.

Members of the board are saying very little in regard to the matter, but the report will probably be presented and acted upon Friday. The board, taken as a whole, seems to be in favor of changing the sheriff's manner of remuneration from fees to a fixed salary. Just what that salary will be, is of course, undecided but there is a general sentiment in favor of placing it about \$2500 per year. The deputies too, will be effected if the change is brought about and there is also an agitation in favor of putting the justices of the peace in the county under a salary. The committee will visit Muskegon and Grand Rapids to investigate the matter and after a thorough investigation, the resolution will be prepared. If it is adopted, the board will petition the state legislature for a bill covering the proposed changes.

Even though the legislature does establish such a system here it probably will not go into effect until the sheriff or other officers' present terms of office expire. The agitation is caused principally by the tramp past which is becoming more of a problem in Ottawa County every year. Tramps flock to the towns in cold weather and do something that will get them into jail for a few days out of the

weather. Often they are arrested again upon the expiration of their imprisonment and put back into jail to serve out another term. Just where the blame lies, it is hard to say, but if there were no tramps there would be no trouble with them and it is against this evil particularly that the board wishes to aim its blow.

Muskegon county for some reason is not pestered by tramps and hoboes and if there is any way to bring about the same conditions here it will be done.

Sheriff Woodbury is now just beginning his term of office and the board does not aim any reform shafts at him, but they hope to stop the tramp evil before another year.

The committee on buildings and grounds recommended that the sheriff's residence stairs be carpeted and several minor recommendations were made to the board at to-day's session.

The board of supervisors at their session yesterday received a communication from Sheriff Woodbury requesting that the amount allotted for the care of prisoners in the county jail be raised from thirty to forty cents per day. The sheriff stated that thirty cents could not buy food and leave a just compensation for preparing it. The matter was referred to the finance committee.

The clerk read a circular letter asking the board's support in the matter petitioning the legislature to put justices of the peace in fourth class cities under a salary. This matter was referred to the special committee which has the matter of placing the sheriff under salary and will be acted upon as soon as possible.

Common Council.

The clerk reported 28 bids for the purchase of the \$12,000 and \$8000 light and water refunding bonds.

The bid of N. W. Halsey & Co., was the highest, 4 percent, premium of \$365.50 and accrued interest.

The bids were referred to the committee on ways and means, and the council took a recess of twenty minutes.

After recess the Mayor and all the Aldermen being present except Ald. Van Zanten, the committee on ways and means reported that they had investigated the different bids for bonds and had found the bid of N. W. Halsey & Co., the most advantageous to the city and recommended that said N. W. Halsey & Co. be awarded all the bonds as per their sealed proposal dated Jan. 11, 1905.

On motion of Ald. Nies. A special committee consisting of Ald. VanPutten, Ex-ayor Wm. H. Beach and Postmaster VanSchelven was appointed to proceed to Washington D. C., in the interest of the Holland harbor, said committee to expend not to exceed the sum of \$300.

Adjourned.

Hope College

With the opening of the second term five young men enrolled themselves as students at Hope. Mr. DeVries, from Drenthe, Wm. Kremers, from the far west and Mr. Whitney residing at Jamestown entered the "C" class, while William Leenhout from this city and Mr. Poelman from Grand Rapids took up the work with the "D" class.

At the meeting of the Adelpic society C. W. Deelsnyder read a paper on the Anti-Christ. The meeting was held at the home of Dr. and Mrs. Dubbink.

Students of the seminary will on next Sunday occupy pulpits as designated: M. Koster, Forest Grove; J. Wesselsink, Coopersville; A. Karreman, North Blendon; P. Grooters, Gano, Ill.; C. W. Deelsnyder, Dalton; J. VanPeursum, Kalamazoo.

On May 1st an order by Secretary Shaw of the treasury department goes into effect whereby all customs inspectors will have to wear uniforms. The uniforms will be of dark blue. The Grand Haven office will probably come under this ruling and the force uniformed as prescribed in the regulations.

Received Diplomas.

Over 3000 students graduate each month. An educational institution that deserved the success it has won.

Mr. Oliver Wilms and Mr. Henry Vander Linder of this city have completed courses of instruction in the I. C. S. of Scranton Pa., and been awarded diplomas. Mr. Wilms is a graduate of the Ornamental Designing Course and his work speaks highly of the results of instruction carried on by the I. C. S. Mr. Vander Linder graduated from the Show Card Writing School. He speaks in the highest terms of the I. C. S. and advises anyone who is looking for a technical education look out for a course in the great educational institution. Mr. Vander Linder also shows the show card writing and window trimming work in Goldman's clothing store. We are informed that a large number of the local students have received a great deal of benefit from pursuing a course in the I. C. S. and would advise those interested in securing a better technical education to visit the display at Van Ark's furniture store to-morrow or address a letter to the I. C. S. at Scranton Pa. for information.

Caught in the Act.

N. VanSlooten living on W. 10th St. was arrested for burglarizing the Harwood Cottage on Griswold Ave. at Macatawa Park. Deputy De Loof brought him to the city on the one o'clock car and locked him up. The facts of the case are these. VanSlooten landed at the park on the 10 o'clock interurban and was seen by Charlie Knutson, custodian of the park getting off the car, all at once he disappeared, which seemed suspicious to Charlie, who with his dog followed his track in the snow to the Fern Cottage, he rapped on the door but getting no reponse he entered, as he went in VanSlooten jumped through the window breaking the screen and ran away but Knutson's dog was too much for him and soon had him captured. In his fright he threw away a screw driver and a pair of pinchers. They were found in the snow afterwards. The crime was committed in Allegan County and will have to be tried there.

Spoiled Her Beauty.

Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at W. C. UNCLE SAM'S TOREADOR TO THE RESCUE.

MAY DECIDE UPON AN EXTRA SESSION

PRESIDENT ROOSEVELT SEEMS TO BE DETERMINED ON SUCH A COURSE.

Holds Conference with Party Leaders in Congress—Tariff Revision and Railway Legislation the Chief Topics of Discussion.

Washington, Jan. 11.—President Roosevelt favors the earliest possible action looking to a revision by congress of the tariff. He so informed the senators and representatives who were in conference with him at the white house last Saturday and he has made plain his position to others since that conference. He will call the Fifty-ninth congress into extraordinary session as soon as the committee have indicated that they are prepared to submit a tariff measure for passage.

The President's Views.
One of those present at the conference Saturday said that the president informed them that while he did not believe in any sweeping revision of the tariff, and would abide absolutely by the judgment of the two houses of congress, in a matter that related so particularly to them, yet he did think the time had come when the schedules should be thoroughly examined and there should be a readjustment as to certain of them. The president added that his own view was that the special session should take place at the earliest date by which the committees of the two houses could come to an agreement as to a bill. If they took this view, he said, he would hold himself ready to call the extraordinary session at whatever time the members of the two committees, and especially the house committee on ways and means, should inform him they would be ready with their report.

No Time Fixed.
While no decision of a definite character has been reached as to the time of the extraordinary session, it is reasonably certain that, if one should be held, it will be called to meet next autumn, probably in October. On this point, however, it is too early to speak definitely, as by the agreement to be reached between the president and the leaders of the senate and the house of representatives the extraordinary session will not be called until the committees are ready to report a bill.

Railway Legislation.
On another question, however, that of legislation relating to the interstate freight rates of railroads, his mind is quite made up. He will fight for that legislation and fight hard. He hopes to secure from congress some definite action regarding that legislation at the present session, but if he does not, he will bring the subject again before congress at the proposed extraordinary session, and will urge with all his power the crystallization into law of the recommendations he already has made to congress on that question. The freight rate question he does not regard as one of expediency. He holds that it is a subject in which a great moral principle is involved and one very near to all the people of the country. He regards it, in fact, as the paramount issue at this time, far and away more important than the proposed revision of the tariff.

The Appropriations.
Some consideration was given at the conference to the subject of appropriations to be authorized at the present session of congress. The president cordially approved of the disposition of congress to hold the appropriations down to the lowest possible limit, but he urged very strongly that the naval appropriations should not be materially disturbed, saying that the best guarantee of peace for this country lies in a strong and homogeneous navy, and that the naval programme as mapped out should be carried into effect without the dropping of a single vessel. The president maintained that congress should authorize the construction, not merely of one or two cruisers, but of fighting ships, battleships, and he expressed the hope that agreement with him in this regard might be reached in congress.

IN CONGRESS.

A Brief Resume of Proceedings in the Senate and House of Representatives.

Washington, Jan. 6.—In the senate a report was presented from the committee on privileges and elections, fixing one o'clock on Wednesday, February 8, for the canvass by the two houses of congress of the vote cast at the last presidential election. It was agreed to. The joint statehood bill again occupied the major portion of the attention of the senate.

The house tabled a resolution requiring the secretary of agriculture to furnish certain information regarding cotton statistics. The house committee on appropriations reported the fortifications bill, carrying \$6,747,893, which is \$770,299 less than appropriated at the last session.

Washington, Jan. 7.—The time of the senate on Friday was mostly taken up in discussion of the statehood bill. A few measures of minor importance were passed. The house on Friday passed the fortifications appropriation bill and adjourned until Monday.

Washington, Jan. 10.—The senate on Monday passed the omnibus claims bill, and fixed January 23 for the delivery of addresses in memory of the late Senator Hoar.

The house adopted the senate resolution providing for the holding of the inaugural ball in the pension building.

Washington, Jan. 11.—The session of the house Tuesday was given over almost entirely to discussion of the bill reported by the committee on banking and currency "to improve currency conditions." The impeachment charges on which Judge Charles Swayne will be tried were presented.

The senate continued consideration of the joint statehood bill, the chief accomplishment being the acceptance of most of the amendments suggested by the committee on Indian affairs.

LOUISE MICHEL DEAD.

Famous French Communist and Agitator Passes Away at Marseilles, Aged 75 Years.

Paris, Jan. 10.—Louise Michel, prominent as a communist and revolutionary agitator for the last 35 years, died Monday in Marseilles, aged 75 years.

Louise Michel first came into prominence during the Franco-Prussian war, when she joined an ambulance corps and took part in the defense of Paris, later siding with the commune and advocating the burning of the Versailles troops. She was arrested and tried for treason, and sentenced to transportation to New Caledonia, where she remained until 1880, when she was allowed to return to Paris under an amnesty act. Three years later she was again imprisoned for three years for her activity in communist movements. She then removed to England, where she continued her advocacy of communist and anarchistic doctrines.

May Have Small Surplus.

St. Louis, Jan. 11.—At the regular monthly meeting of the board of directors of the Louisiana Purchase Exposition company a financial report was read showing that when all debts are paid there will probably be left a small surplus to be divided among the stockholders.

Gamblers Held Up.

Decatur, Ala., Jan. 10.—Two unknown men robbed six men who were engaged in playing poker on a house boat on the Tennessee river, 30 miles above here. About \$1,000 in diamonds and jewelry and \$400 in cash was secured.

Pay Heavy Tax.

New York, Jan. 10.—Only 20 persons in Greater New York paid taxes on personal property in excess of \$500,000. Among these were Andrew Carnegie, \$5,000,000; John D. Rockefeller, \$2,500,000; Russell Sage, \$2,000,000.

City Hall Burned.

Springfield, Mass., Jan. 7.—The city hall, valued at more than \$50,000, was completely destroyed by fire in less than an hour Friday.

Make It Public.

Publicity Counts—That's What the People Want.—Holland's Expression on the Subject.

Make it public. Tell the people about it. Gratitude promotes publicity. Grateful citizens talk. They tell their neighbors; tell their friends. The news is too good to keep. "Bad backs" are numerous. So few understand the cause. Many Holland people are learning. And, better still, they're being cured. Lambacks are lame no more. Weak ones regain their strength. This is the every-day labor in Holland of Doan's Kidney Pills. Our citizens are making it public. Here's a case of it:

Mrs. B. Volmare, of No. 85 West 13th street, says: "My kidneys bothered me for years until the dull aching pains through my loins became almost constant. I easily tired and became stiff from sitting or lying in one position for any length of time and I rose in the mornings feeling thoroughly unrested and devoid of energy. Often I could hardly stand up straight and I walked about in a stooped position. There was also a stiffness and numbness in my limbs. I had seen Doan's Kidney Pills highly recommended and I got a box at J. O. Doesburg's drug store and commenced their use. The result was most gratifying, and in spite of my advanced age, I soon began to feel better. Aside from the natural stiffness of the joints in a person of my age, I feel splendid."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's and take no substitute.

A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and to day she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by W. C. Walsh druggist. Trial bottle free.

Sickenings Shivering Fits

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At W. C. Walsh's drug store; price 50c, guaranteed."

Spoiled Her Beauty.

Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at W. C. Walsh's drug store.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles—horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At W. C. Walsh's drug store, 25c, guaranteed.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia, constipation; invigorates the whole system.

IS PAROLED.

Gov. Durbin, of Indiana, Liberates Rev. Hinshaw, Convicted Ten Years Ago of Wife Murder.

Indianapolis, Ind., Jan. 10.—The last official act of retiring Gov. Winfield T. Durbin was the unconditional parole Monday of William E. Hinshaw, convicted of the murder of his wife, Thurza Hinshaw, whose death occurred at Belleville just ten years ago. Since his conviction Rev. Hinshaw has been confined in the Michigan City prison, from whence he will be liberated. In issuing the unconditional parole, Gov. Durbin took the position that the state in the prosecution of the case had failed utterly to establish a motive for the crime.

MR. CON DE PREE, OUR LOCAL DRUGGIST.

SAYS THAT THE WONDERFUL POPULARITY OF VINOL IS DUE TO INTRINSIC MERIT.

"The intrinsic merit of this new cod liver oil preparation, Vinol," said Mr. De Pree, "is beginning to be realized by the people of Holland. Of course in my position as a druggist I have seen innumerable medicines and proprietary articles introduced, but never in my long experience have I ever known or heard of a medicine that would produce more beneficial results than Vinol."

"I attribute this to the fact that Vinol contains in a concentrated form all the medicinal elements contained in cod liver oil, actually taken from fresh cods' livers, but without a drop of oil or grease to nauseate and upset the stomach, and it contains no sickening drugs."

"A prominent physician writes: Vinol is the most valuable preparation of cod liver oil known to medicine. It is of untold value to create strength and build up the general system for old people, weak women and children, and it has no equal for hard colds, bronchial and all lung affections."

"In cases where cod liver oil, emulsions and other tonics fail, Vinol will heal, strengthen and cure. 'There are hundreds of people right here in Holland who can testify that there is nothing equal to Vinol to make rich, red blood, to increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds, and build up the convalescent."

"We freely offer to return your money in every case where Vinol fails. Try it on this guarantee." Con De Pree, Druggist.

CRIME OF DRINK-CRAZED HUSBAND

KILLS WIFE, TWO BABES AND THEN TRIES TO END OWN LIFE IN CHICAGO.

MURDERER ANGERED BY WOMAN'S SCOLDING

He Draws Revolver and Slays Her at the Door—Children Shot in Their Bed—Razor Used to Complete Awful Work.

Chicago, Jan. 11.—John Miller, 25 years of age, a waiter employed in a restaurant, killed his wife and two children at his home, 83 Lewis street, early Wednesday. After shooting them, he cut their throats with a razor. Then he cut his own throat and shot himself in the breast.

His wife's upbraidings, following his drunken and spendthrift ways, led to the tragedy. Neighbors broke into the home upon hearing the pistol shots. They found the interior like a shambles. The injured were still breathing. The police ambulance was summoned and the wife and children were taken to the German hospital, where they died. Miller was removed to Alexian Brothers' hospital, but there is no hope of his recovery.

The dead: Annie Miller, 27 years of age, shot twice and body hacked with razor; Martha Miller, two and one-half years of age, shot in breast while sleeping; Mary Miller, one year of age, shot once while in bed.

Drinking All Evening.

Miller had been drinking in North side groceries all evening. He returned to his home after midnight with all his money gone and much the worse for liquor. His wife, who is a waitress also, met him at the door. She lectured him severely upon his drinking and dissolute life, which had shifted the burden of the family's support upon her own shoulders. Stung to madness by her tongue lashing, the drink-crazed man drew a revolver from his pocket and began shooting. His wife fell at his feet with two bullets in her body.

Miller, thoroughly aroused, then dashed past her prostrate form into the room where his two little children had been sleeping. They were wide awake and were rubbing their eyes to learn what all the noise was about, when their father leaped upon them and shot them, one after the other, with unerring aim, and they toppled over upon the bed unconscious.

Cuts Throat with Razor.

To make sure his work of death had been successful, Miller secured a razor from a bureau drawer and deliberately cut the throats of his wife and children, and then hacked their bodies. Then, standing where he could survey his murderous handiwork, he cut his own throat. He did not die quick enough to suit him and he pressed the pistol to his breast and sent its remaining load into his bosom. A moment later neighbors burst down the door of his rooms. Miller regained consciousness after being taken to the hospital, but sullenly declined to say a word in explanation of the tragedy.

RUN ON BANK IN NEW YORK

PANIC AMONG DEPOSITORS AND POLICE CALLED OUT.

Foreigners Damage Property in Their Excitement Over Delay in Obtaining Their Money.

New York, Jan. 11.—There was so great a panic among the crowd of 5,000 persons waiting to withdraw their deposits from the State bank on Grand street Wednesday that the emergency detail of police from the Delancy street station was called out to preserve order. Policemen were stationed five or six feet apart for a distance of several blocks from the bank. Despite this display of force the mob became so excited over the delay in securing their deposits that they rushed against a heavy iron railing around a light well in front of the bank and tore it from its fastenings. To prevent the crowds from falling into the well a detail of police forced the crowd back just in time, but in the struggle three policemen were injured in the jam against the iron railing. Two women were badly hurt, but both refused to drop out of line, so anxious were they to secure their deposits. Meantime the bank was paying all who applied. According to Cashier Voorhees the State bank has in deposits \$10,500,000, representing the savings of 5,000 or 6,000 persons. The bank, he said, has about \$7,000,000 out on loans, a surplus of \$750,000 and a cash reserve of \$4,000,000. Everybody would be paid, he said. There was absolutely nothing the matter with the bank.

Five hundred excited Hebrew depositors waited at the doors of the bank all night Tuesday night, and early Wednesday more than 1,000 persons were waiting anxiously to withdraw their money. Since daylight the number of excited depositors had doubled, and police reserves had been called out to maintain order in the crowd. The run on the bank, which began Tuesday afternoon, was resumed as soon as the doors were opened Wednesday. The trouble began from a rush of depositors to place their money in the bank. The excitable small depositors of the East side misunderstood the nature of the rush to the bank, and mistaking it for a run, joined in and began to take out their money.

SMOOT DEFENSE IS BEGUN

WITNESS TESTIFIES IN BEHALF OF THE SENATOR.

Former Governor McConnell Declares Mormons Were Hounded—Many Women Are Present.

Washington, Jan. 11.—Senator Smoot had his inning Wednesday in the senatorial investigation. He had hundreds of witnesses here to testify in his behalf. When the senate committee met at ten o'clock the committee room was filled with them and the aisles were thronged with others attempting to get in. The senator has brought some of the biggest men of the west—of the Gentile faith—who come to give the Mormon republican legislator a clean bill.

Taking former Gov. W. J. McConnell of Utah as a specimen witness—he was on the stand for hours—Senator Smoot and all the other apostles of the Mormon church represent a citizenship that the most enthusiastic American well might envy.

He says they are the cleanest of people; that they have gone along in a simple, unobtrusive and inoffensive manner, worshipping their God, only to be hounded, persecuted and vilified by Gentile democrats, because they wanted further political preference. He told of the methods of the democrats in the far western states to get votes. For instance he said that in Idaho the democratic party had two separate platforms—one that they distributed among the sheepowners and the other among the cattlemen.

"Why is it the Mormons, as a rule, vote the republican ticket uniformly?" he was asked.

"In Idaho," he replied, "they are decent citizens, and they resented the infamous charge heaped upon them by Senator Dubois that they were a set of low-down criminals."

"The Mormons do not believe in free silver," he went on to say. "I remember the speeches of senators now in this room on the money question. These speeches went out into my country and they assisted in educating our people."

The witness then went on to tell of Mormon persecution, led on by Senator Smoot's counsel, Van Cott & Worthington.

At 12 o'clock a recess was taken. The room of the senate committee on privileges and elections was as crowded as during the progress of the inquiry into the secrets of the Mormon church, which was conducted by the attorney for the protestants against Senator Smoot retaining his seat. Most of the spectators were women. Senator Knox, recently appointed a member of the committee, attended the hearing Wednesday for the first time.

MAKES SERIOUS CHARGE.

Missouri Legislature Attacks Niedringhaus, Candidate for United States Senate.

Jefferson City, Mo., Jan. 11.—Representative Grace, of St. Louis, on Tuesday introduced a resolution in the lower house of the general assembly, calling for an investigation of the report that St. Louis brewers had given \$21,000 to Thomas K. Niedringhaus, chairman of the state republican committee and caucus nominee for United States senator, to influence legislation during the present session of the legislature. The resolution created a sensation. In an instant a dozen representatives were on their feet clamoring for recognition. A motion to lay the resolution on the table was lost, after a roll call had been demanded.

In the house of representatives Wednesday a resolution was unanimously adopted providing for the appointment of a committee to investigate the campaign contributions of Thomas K. Niedringhaus, of St. Louis, the republican candidate for United States senator to succeed Senator Cockrell. The speaker appointed Representative Tubbs, of Gasconade; Lyons and Casey, of Kansas City, and Bickley and O'Donnell, of St. Louis.

Bill Will Carry \$180,000,000.

Washington, Jan. 11.—The house committee on post offices and post roads has completed the post office appropriation bill and will report it to the house early next week. The items of the bill have not yet been computed, but the approximate amount carried is \$180,000,000, which is \$10,000,000 greater than the current appropriation. No increase of salaries is provided for and no new legislation is contained in the bill.

Case Is Postponed.

New York, Jan. 11.—The final stage in the struggle for possession of nearly three-quarters of a million dollars between John R. Platt, an aged millionaire, and Hannah Elias, a negro, who, he charges, wrongfully obtained the money from him, was scheduled to begin before Justice Bischoff in the supreme court Wednesday, but the case went over until Thursday.

Fatal Boiler Explosion.

Cleveland, O., Jan. 11.—The boiler of a locomotive attached to the east-bound fast express train on the Erie road blew up while standing at the Creston (O.) station Wednesday, killing the engineer and fireman instantly and badly injuring another man who was riding in the engine cab.

Man Frozen to Death.

St. Louis, Jan. 11.—A heavy fall of snow, followed by rain and sleet that froze on the ground, delayed the train service and crippled the trolley lines. One man was frozen to death. Reports from the surrounding country and the west tell of severe snow and sleet storms.

AS TO TRY AND STEM THE TIDE THAT HAS SET IN ALL OVER THE COUNTRY FOR

A salary earning education

The facts are simply these: It is being demonstrated every day in all parts of the country that those who have received special instruction along the line of the work in which they are engaged are succeeding very much better than those who have not received such instruction, and hence very many who are ambitious, and every body should be, are losing no time in arranging to receive instruction. That is why the

International Correspondence Schools

Of Scranton, Pa.

Are enrolling at the present time on an average of from 12,000 to 15,000 new students each month. Think of what an army of educated workmen it is going to make in a short time, and think of how difficult it is going to be for the uneducated workman to compete with that higher grade of efficiency that is bound to result.

Take this matter home to yourself, apply it to your own case, and determine what you are going to do about it. If you conclude to keep up with the procession of the ambitious ones we will be glad to tell you in detail on what easy conditions you may do so. To make the inquiry and receive the information will not cost you anything.

Cut this out and mail it to the Local Representative whose address is given elsewhere in this announcement.

Thomas Savidge of the Washington St. livery of Spring Lake believes that after all there is some hope for the world. He lost a five dollar bill the other day and had it returned to him a few days later by Mrs. Calkins, who found it in Peter DeBoe's store, and upon hearing that Mr. Savidge had lost it, it returned it to him.—Grand Haven Tribune.

Mrs. J. Boone and three children arrived at the home of her parents, J. H. Boone of Oklahoma last Saturday and will be followed by her husband in the near future. They went there about three years ago when Mr. Boone embarked in the general store business of which he later disposed and took up a homestead.—Zeeland Record.

The property of the Zeeland Canning Co., including the buildings and grounds, will be sold at public auction on Monday, the 23rd inst. An effort will be made to induce some good, thrifty manufacturer to purchase the plant and change it into a furniture factory. The canning business is not paying and it is really too bad to allow \$12,000 worth of property to lie idle. The business men of Zeeland should make a united effort to give our town another factory and this opportunity should not be slighted.

G. Van Schelven Geo. E. Kollen Prof. J. B. Nykerk, Prof. H. Boer and Prof. J. H. Kleinhekel were in Grand Rapids last evening to hear Edward Buck, editor of the Ladies Home Journal, lecture in the Baptist church and had an interview with him after the lecture. They tried to persuade him to stop off at Holland, but his lecture dates are such that he did not have the time to do so, but said that at some future date he would be glad to make Holland a visit and would also lecture here. Mr. Buck is a Hollander and a brilliant man. He came to this country when he was 6 years old and can still speak the mother tongue quite fluently.

It is held by good authority that the Kalamazoo river drains 2,064 square miles of land while the Grand drains 5,572 miles. Inasmuch as it frequently occurs in summer (is so as a rule) that there is more water in the Kalamazoo at Allegan than in the Grand at Grand Rapids, it must be that the Kalamazoo valley is more prolific in springs than is that of the Grand. The Kalamazoo is less prone to extreme fluctuations of volume, perhaps because its valley is very largely composed of sandy and gravelly soil, with but little clay, which more readily takes up the rain and gradually yields it to the stream. Such soils are also more productive of springs.—Allegan Gazette.

J. W. Hough of Kalamazoo was in the city Tuesday on business.

The Grand Haven & Muskegon Interurban has embarked in the illuminating business and farmers along the line of the road are being supplied with power for lighting their homes. The company also furnishes the illumination for the village of Fruitport. The camera club elected the following officers at a meeting held Monday:

President—Gerrit Heneveld, Vice president—James Derks, Secretary—James Schoon.

Treasurer—Gus Kraus. The club contemplates renting rooms in the near future if the increase in the membership continues as rapidly as it has the past year.

The term of Guy Delp sentenced to Ionia reformatory from Allegan expired Thursday according to Judge Padgham's sentence, which was for not less than six or more than nine months, but a recent decision of the supreme court held that under the indeterminate sentence law, the judge is not allowed to fix the maximum time, where the limit is mentioned in the penalty. The board of pardons have also ruled that they will not consider a case until the prisoner has served at least one year. Theo. Wade and George Hendricks were at Ionia Thursday to see what could be done and it now appears that young Delp will have to stay for a year before he can be paroled.

J. P. Nies of Lewis institute, Chicago, who was here last fall looking over the city electric lighting plant has submitted the report of his investigations to the city. Among other things Prof. Nies states that the plant appears to have sufficient boiler capacity but that the engine economy is very low and there is no reserve. As to the lines he finds that the power is all furnished through one pair of wires and states that greater reliability could be placed in a divided circuit. Prof. Nies's report is a long one and he states technically, the conditions he finds and the means by which he thinks they can be remedied. Mr. Nies is a son of Alderman John Nies of Holland.—Grand Haven Tribune.

The franchise difficulty with the Interurban and the village of Zeeland is not yet settled. This consent is granted and these rules and regulations are adopted with the understanding that the company shall endeavor to obtain some other right of way and to build thereon another track for the carrying of freight and express matter through the village as soon as the required right of way can be secured."

Diekema, J. Veneklassen, M. C. Sherwood, B. P. Sherwood and Elbert Lynn. The only change in the State Bank's directors is the election of M. C. Sherwood to the board of directors in place of Geo. P. Hummer. Mr. Sherwood has recently purchased Mr. Hummer's stock in the institution.

The case of John Vyn against Cornelius Nyland and John Vaupell was disposed of in circuit court before the adjournment was taken. This suit is an echo of the old Grand Haven Leather Co. failure and is brought by the plaintiff for collection of note of \$1500 against the defendants, which Mr. Vyn had purchased. The note was introduced in evidence and the case was submitted to the court. Mr. Vaupell not being in the state, Mr. Nyland appeared as defendant. The judge will render a decision later.

Basket Ball

For the first time in two years the Hope College basketball team was defeated last Wednesday evening by the Kalamazoo Y M C A. The Kalamazoo team is strong and fast and outplayed the college team during a considerable part of the game. The latter, however, were at a great disadvantage because of the strange and rather peculiar floor of the Kalamazoo Y. M. C. A., and also because of the fact that they were still tired from the hard game which they had won the night before from the Evanston Crescent Five. Score: Kalamazoo, 33; Hope, 18.

Elected Officers

At the annual meeting of both State banks held Tuesday the following officers were elected.

First State Bank—Directors, J. W. Bosman, J. W. Beardslee, H. Kremers, G. J. Kollen, W. J. Garrod, J. W. Garvelink, G. W. Mokma, G. J. Diekema, L. Marsijie. A meeting of the directors will be held next Tuesday when the present officers will undoubtedly be re-elected.

Holland City State Bank—President, D. B. K. VanRaalte; vice president, W. H. Beach; cashier, C. Verschure; assistant cashier, O. P. Kramer; directors, D. B. K. VanRaalte, C. Verschure, W. H. Beach, P. H. McBride, A. Van Putten, M. VanPutten, J. Veneklassen, O. J. Kramer.

Both institutions are in a prosperous condition and the directors are well satisfied.

The Crescent Five claim the championship of Illinois, Indiana, Ohio and Mich. and administered defeat to the Wheaton college team which took second place in the world's championship series at the St. Louis exposition. The stars of the game were Orr, Youngs and Hermis of the visiting team and Pieune, Kolynd and DeKruif of Hope college. The Hope college team played in Kalamazoo Wednesday night.

New Factory

There is strong talk of having another new factory here in Holland for the purpose of manufacturing soap jelly, which has been invented by Ben Hall of 254 First avenue. The business men of Holland have tried to interest Hall in a stock company to have his new product put upon the market but he says he is in no hurry about it as he intends to sell if he cannot get his price he will interest them later on. Hall says he will take \$15,000 for all rights on his new invention. There will be another meeting of the business men on the 14th of this month. ***

Greensborn N. C.

As I am spending the winter here and have more time than money I thought I would give you a few items that may be of some interest to your readers. Greensborn is a city claiming at the last census twenty thousand people counting white and black and that is the only time the black man is counted except when they vote and then he is counted out especially if he votes the Republican ticket. It is situated in the western part of the state is the county seat of Guilford Co. quite a business place, has some very nice buildings, quite a R. R. center. As a rule they pay very little attention to their streets they have but two or three streets in the city fit to ride on and side walks are as scarce as hens teeth. The climate in winter is very changeable one day the sun will shine and the next day it will rain or snow so I have not seen anything but mud since I came here. The people here have not the push and hustle like they have in the north; they do not keep their streets clean like they do in our Holland City with its miles of cement walks and beautiful shade trees showing the people have the push and energy that keeps the ball a rolling. The "colored Geman" is a prominent feature on the streets as you meet him he doffs his hat with a "Morning Boss how's you feeling" thinking you'll give him a nicker, if you don't he is just as happy. But every place has some redeeming features and I am glad to note some in Greensborn they have good schools and churches they have the state Normal School and a college for young ladies supported by the M. E. Church making it available for all classes to attend. Another good work has been done in the closing of all the saloons in the city especially here where there are so many colored people and the bitter feeling that exists between the races and I am told that the Rev. Sam Jones was the promoter of this good work. If so he will at least have one star in his crown and I hope he will continue in the good work, but above all we can but recognize the hand of Providence over all.

It is with pleasure I read the Holland City News that my wife sends me reminding me of the many dear friends I have in the beautiful little city of Holland and I can but say.

Hall, Hall! dear North-east the land of my birth, The dearest to me of all places on earth. When time and things with me shall have past; In the dear land of my birth, rest my ashes at last.
