### THE LOCAL BANKS ELECT DIRECTORS

PRACTICALLY SAME DIRECTORS  
CHOSEN IN THE THREE  
BANKS

This week stockholders of the different banking institutions in the city have elected their respective directors and with the exception of a few the directors will remain the same as last year.

The officials of the banks are very optimistic for the coming year.

Christmas savings are way ahead of last year and new patrons are coming in daily notwithstanding the fact that Christmas has been over for three weeks. There is still time however to take out a belated Christmas savings.

The officials also state that savings in the other departments are climbing up, which cannot help but indicate that the times of depression are over in Holland at least and that the dawning of prosperity is at hand.

The newly chosen directors are as follows:

Peoples State Bank—B. D. Keppel, C. M. McLean, C. J. Lockyer, Daniel Ten Cate, John G. Rutgers, Seth Nibbelink, Raymond Visscher, A. C. Keppel, Henry Winter.

Holland City State Bank—John P. Kolla, C. H. McBride, Dick Boter, W. H. Beach, B. P. Donnelly, James A. Brouwer, Frank Dyke, Otto P. Kramer, John Kollen, John E. Tellmer, A. H. Landwehr.

First State Bank—G. J. Diekema, E. D. Dimment, Con De Pree, Isaac Mersilje, John Bosman, H. Pelgrim, Albert Meyer, Daniel Ten Cate and Henry Luidens.

The First State Bank at the organization meeting re-elected G. J. Diekema president, and E. D. Dimment, vice president.

The directors of the other two banks will not organize until some time next week.

### MISS DOROTHY PIETERS RECEIVES FIRST PRIZE IN JUNIOR NEWS WRITING CONTEST

The following paragraph about a girl from Holland appeared in "The Columbia Spectator," a daily paper of Columbia University:

"In the Junior News Writing Contest held this week in the School of Journalism by Professor Carl Dick-ey, which the entire Junior class entered, Dorothy Pieters, an American-born girl who lives in Japan and who came here to study journalism, won first prize. Miss Pieters was awarded a book by Melville E. Stone, co-sponsor of the Associated Press on "Fifty Years of Journalism." E. J. Long and E. Gilbert won honorable mention."

Miss Pieters is studying journalism at the Pulitzer School of Journalism and she expects to enter that work as a profession, hoping to secure a position on one of the New York papers after receiving her degree at Columbia. She is a graduate of Hope College.

### MEN FROM THIS VICINITY ON FARM LOAN COMMITTEE

The Grand River Farm Loan Local is prepared for the coming activity and is ready to furnish farmers with in its territory the service for which it is organized.

The following officers were elected to serve during the coming year: Henry W. Harrington, Harlem, president; John D. Goldberg, Grand Haven, township vice president; G. C. Borek, Grand Haven township, secretary-treasurer; Abram Anys, West Olive and Fred Beekman, Grand Haven township directors.

### FATHERS AND SONS TO HOLD BANQUET THURSDAY NIGHT

The fathers and sons of the Washington School will hold a get-together banquet on Thursday evening of this week in the high school gymnasium. This will be the biggest event of the school year for that school and elaborate preparations are being made. It is described as the first annual fathers' and sons' banquet of that school, indicating that the play is to have it repeated in the years to come. The banquet will be given under the auspices of the Washington school P. T. club.

G. J. Diekema has been secured as the main speaker of the evening. His subject has not yet been announced but the address will be an appropriate one and promises instruction as well as entertainment. C. Vander Meulen will be the toastmaster, and John Van Vyven will lead the community singing. Music will be furnished by the high school glee club.

The banquet is being arranged for by C. E. Drew, president of the Washington school P. T. club and the following committee: Marshall Irving, Merriek Hanchett, Andrew Hyman, A. H. Landwehr, and B. P. Donnelly. It will begin promptly at 7 o'clock.

### BEAUTIFUL NEW BLOCK TO ADORN EIGHTH STREET

TO BE ERRECTED BY W. C. WALSH  
WHO EXPECTS TO HAVE IT  
COMPLETED IN 90 DAYS

Will Occupy the Site of the Herman  
Van Tongeren Cigar  
Store

An old wooden shack which has been a land-mark in the city nearly from its time Holland began will be no more within a few weeks.

The only one story building that has been occupied by Herman Van Tongeren's cigar business will be razed within the next few weeks and a beautiful new two story structure 20x80 feet will take its place.

The building is to be built by one of our public-spirited citizens who has done much toward building up Holland, namely Walter C. Walsh.

The front of the new structure will be nearly a duplication in material and architecture as the Fabiano building recently erected on W. 8th street.

The contract has been let to Abel Postma who will begin the work within three weeks, and promises to have it ready for occupancy within 90 days, provided no unforeseen delays take place.

The building is to be occupied by Herman Van Tongeren with his extensive cigar business, who will conduct his retail cigar, tobacco and sporting goods business on the first floor and install his cigar factory on the second floor.

The entrance to the building will be especially adapted to show off goods to advantage and the interior lighting effect will be of the very latest.

The old Van Tongeren place was built some 45 years ago by William Ten Hagen, who first conducted a cigar and pool room there. He later opened up a saloon and conducted this for several years.

For many years the late Herman Roseme, who installed the first real up to date pool and billiard room in this city had seen, occupied the building. This was some 30 years ago. Soon afterward Herman Van Tongeren moved his cigar business from Zeeland to Holland and has built up a substantial wholesale and retail trade in tobacco, cigars and sporting goods.

### GIVES \$200.00 TO FOREIGN AND DOMESTIC MISSIONS

The Young Ladies Mission Society of the Ninth Street Christian Reformed church recently elected their new staff of officers, and they presided for the first time this year at the semi-monthly meeting held this week.

The ladies also donated liberally to foreign and domestic missions and other meritorious causes, \$200 being spent for the following purposes: Jewish Missions, General Headden Mission, "Star of Hope", General Home Mission, Hoboken Seamen's Mission, Helping Hand Mission, Cutlerville Asylum, Home Building Fund, Bethesda Sanatorium.

The newly elected officers who presided are the following: president, Gertrude Holkeboer; vice president, Jean Slenk secretary, Henrietta De Weerd; treasurer, Alice Vos; assistant secretary and treasurer, Florence Branderhorst.

### COUNTY AGENT THANKS NEWSPAPERS FOR AID

B. A. Mulder,  
News and Sentinel—  
Dear Sir—

I wish to take this occasion to thank you for your hearty co-operation with me and my work for the past year.

The work in my line is greatly helped by publicity which the home papers give to farm institutes, etc.

The attendance at the institute at Holland eclipsed all previous records and I attribute the attendance and the interest solely to the publicity given through Holland papers.

Wishing you a prosperous New Year, I am,

Yours truly,  
E. P. Milham,  
County Agricultural Agent.

Arthur S. White, dean of Grand Rapids newspaper writers, publishes Grand Rapids News. A recent issue of the evening news under the caption of "Going Back Some" appeared the following:

The Rev. William M. Ferry, the father of former Senator Thos. W. Ferry, E. P. Ferry, a banker; Maj. Noah W. Ferry, lumberman, and Col. Wm. M. Ferry, who owned a foundry at Ferrysburg in an early day, traveled by boat from Grand Haven to Grand Rapids, and by foot from Grand Rapids to and from Ionia for the purpose of transacting business with the federal land office in the latter city. While enroute he depended upon the farm-pended upon the farmers for the food he needed. On one of his trips he asked a farmer's wife for a dinner and said he would like ham and eggs. "I can furnish ham, but you would be obliged to furnish eggs," she replied. "You might get them of a woman who lives 5 miles west of this place." The pastor took the ham but did not furnish eggs.

### TWO MEN TAKEN FOR CARRYING MOONSHINE

ONE FINED \$24.70 FOR ASSAULT  
AND BATTERY

Chief Van Ry and Officer Rufus Oramer the other night went on a still hunt for moonshiners and they rounded up Herman Serier of Holland and Ed Bouwman of Grand Rapids. The officers understood that there was some loud talking going on, on East Tenth street, and the chief and one of his men investigated the case and found one man, Bouwman under the influence of liquor.

When searched it is alleged they found a pint of moonshine in pockets of each one of the men. During their little spree E. Bouwman picked up a quarrel with two 14 year old lads on E. 8th street and slapped one of them.

He was arrested on the charge of assault and battery to which charge he pleaded guilty before Justice Van Scholven, who assessed the man a fine and costs amounting to \$24.70.

Mr. Van Ry also swore to a complaint, charging the men with having liquor in their possession and the same judge bound them over to circuit court for trial.

### FORMER HOLLAND BOY RETURNS AFTER A LONG ABSENCE

TRAVELS AROUND THE WORLD  
SIX TIMES, HE SAYS

Cornell A. Voorst, who left Holland in 1916 has returned to this city to make his home for a time. He is the son of the late William Voorst, who will be remembered by the older residents as the old cripple tailor on River street who for a time acted as city clerk of this city.

Mr. Voorst is stopping at the home of Mr. and Mrs. C. Roos, 100 E. 15th street, and in a story to this paper he stated that he had been around the world within the past 20 years at least six times. Two trips were made after the war.

Mr. Voorst visited every country in Europe but Russia, took in Japan, China, and India, made a side trip to Australia, taking in the Philippine Islands on the way. He has been in Formosa, has sailed through the Panama Canal, and has stopped off at the Hawaiian Islands.

About the only place to be found that Mr. Voorst has not touched are the north and south poles and the Isle of Yap.

Mr. Voorst was formerly in the navy and is 44 years old and unmarried. He surely is a rover who likes to see things, but we very much fear that he has seen nearly everything and will have to take a trip to Mars in that big sky rocket in order to be amused with sights that he has not seen before.

### CIRCUIT COURT AND BOARD ARE IN SESSION

JANUARY SESSION OF CIRCUIT  
COURT STARTED TUESDAY  
MORNING; BOARD MET  
MONDAY AFTERNOON

Both the Ottawa county circuit court and the Ottawa County board of supervisors are in session at the court house. Judge Cross Tuesday morning opened the January term with a session which occupied most of the morning session with the arraignment of the calendar. The judge adjourned court soon after dinner as he had to wind up the court cases in Allegan county.

Because of the crowded condition at the state penal institutions, Judge Cross meted out no sentences at the November term. He stated at the opening, however that if the conditions were improved at the state prisons, people awaiting sentences at the November term. He tented for both the November and January terms will be disposed of at the same time this month.

The regular January session of the board of supervisors began Monday afternoon. The first meeting was a very short one, the board convening only for roll call and the preliminaries necessary for getting started at the business ahead. Adjournment was taken until Tuesday afternoon at 2 o'clock when the committee matters were taken up and matters awaiting the attention of the board were disposed of.

A great amount of routine awaits the board at this session, and while there are no measures of unusual moment in sight, there is enough work ahead to keep the supervisors busy for practically the entire week and possibly some of next. Bills against the county cannot be paid unless they are passed upon and approved by the auditing committee and passed by the board at a regular session.

The bulk of the work of the supervisors will no doubt be out of the way by the time the circuit court grind starts next week. The court will take up the criminal calendar first and the jury has been summoned to be on hand to try cases at the beginning of the term.

Fred Beeuwkes of the James A. Brouwer Co. was at the Furniture Exhibit in Grand Rapids Saturday.

### NICHOLAS BAAS IS ACQUITTED OF A CRUELTY CHARGE

OFFICERS ALLEGE THAT HE  
HAD STARVED HIS HORSES  
AND PIGS

Nicholas Baas, living on West Seventh street, and who was arrested by Deputy Johnson charging him with cruelty to animals, alleging that his horses and pigs were underfed and stating that there was no fodder in the barn and that apparently the horses were dying of starvation, in fact it was alleged that one of the horses did die, and that the other was in terrible condition. The deputy also alleged that the pigs in the barn yard were underfed.

Prosecutor Miles appeared for the people and put on the stand Deputy Johnson. Deputy Lew Bouwman

Attorney Thomas N. Robinson who appeared for Baas called upon several witnesses who refuted the allegations of the deputies and also brought in evidence showing where fodder had been bought for the animals in question.

Both attorneys presented their respective sides of the case to a jury of six men and within ten minutes a verdict was brought in pronouncing Nicholas Baas not guilty.

The jury consisted of Dick Boter, John De Boer, Adrian Van Putten, Alex Van Zanten, Frank Douma, and Nick Dykema.

What do you think of apples selling in Allegan three (small ones) for ten cents or three for 25c? They are neither better nor handsomer than apples grown right here, but they come in boxes wrapped in paper like oranges. They have been brought some thousands of miles by rail and the transportation costs are in the selling prices. When will Michigan orchardists learn to market their fruits in similar manner and get a greater price.—Allegan Gazette.—  
And right in the apple belt too.

### STRAND THEATRE

Today, Mack Sennett presents "Love, Honor and Behave." A comedy of married life and divorces, featuring the well known Sennett comedians Charles Murray and Ford Sterling. It's just one big laugh from start to finish. Two reel Century comedy, "Blue Sunday" also Fox News reel of International Events.

Friday, Jan. 13. Max Linder in "Seven Years Bad Luck". Friday the 13th is not a lucky day, but it will be for you if you see this funniest of five reel comedies. It is guaranteed to make laughs grow where they never grew before. There's a laugh in every foot of the film. Vanity Fair comedy, "Hero Pro Tem". Also 13th episode of "Hurricane Hutch".

Saturday, January 14th William Fairbanks in "Fighting Bill". A tale of the old west in the days when might made right and every man a law unto himself. Star comedy "Should a husband do housework," also Universal News reel of Current Events.

Monday, Tuesday and Wednesday, Jan. 16, 17, 18. David Wark Griffith's "WAY DOWN EAST". Wherever this picture has been shown pandemonium breaks loose, audiences cheer with delight their unfeigned approval. It is a straight forward picturization of one of the standard American rural dramas. Aside from the surprising climax, other touches make this picture a gem of direction. The country store with its proverbial round stove, and the porch upon which lounge the habitués of the place, are true to form; while the cat dozes in the warm summer day is a gem of animal introduction. The coining of a horse up a hill with a bit of grass is another diverting rural touch and the barn dance is superb. Special music. Two shows daily 2:30 P. M. and 8 P. M. All seats reserved at night. Matinees, all seats 45c including tax. Nights 50c and 75c. This war tax. Tickets now on sale. Get yours early. Box office open at 10 a. m. daily.

## NEW JUNIOR HIGH SCHOOL WINS BY 167 MAJORITY

### RINGING OF SCHOOL BELLS ANNOUNCES THAT PROJECT RESULTED IN VICTORY

Everyone was aware at midnight that the vote for the new Junior high school was cast. The project, for no soon after all the votes been counted and the result made known, when students rushed to the different schools and started a merry ding-dong that sent the glad tidings all over the city.

The polls closed promptly at eight o'clock and it took the inspectors only a few minutes to count the ballots. When returns from the different wards came in, it was found that 1183 votes had been cast, 675 being for the new school, and 508 voters casting their ballots against it, leaving a majority of 167 for the proposed school.

The campaign all the way through has been a clean one, everything being conducted in an open and above board manner. It was truly a campaign of education for educational purposes.

Supt. E. E. Fell, who was given authority by the Board of Education to get out the literature, put out all the matter pertaining to the new project in such a concise and understandable way that there could not possibly be a misunderstanding on the proposition.

The pupils of the different schools for the past three weeks have been given circular letters to take home to their parents setting forth every detail of the project in the simplest plainest possible way. This same matter was also given to the newspapers and full information was chronicled through the local press. The way the board of education and the superintendent of schools have conducted this campaign demonstrates that elections can be conducted in a more dignified way than is often the case.

The vote also conclusively shows that Holland is not ready to take a step backward when it comes to education.

The fact that the taxpayers, who alone were privileged to vote on this proposition, according to the state law, sanctioned the expenditure of \$350,000.00, bears out the truth of this statement.

Inspectors of election Thursday were composed mostly of the members of the school board, and the school buildings in different parts of the city were utilized as polling places.

In only one instance two wards voted together, namely the second and third, the polling place being Froebel school.

The vote by wards is as follows:

	YES	NO
1st ward	119	124
2nd & 3rd wards	167	109
4th ward	170	82
5th ward	136	101
6th ward	83	101
	675	508

## HAS POEM IN THE COLLEGE ANTHOLOGY

Hope College is one of the contributors to the College Anthology of 1920-21, a book of poems that is being edited by Henry T. Schmitt-kind, Ph. D., and published by the Stratford Company of Boston.

Peter De Vries, a Senior at Hope and editor of the Anchor, submitted some poems for consideration last year and was informed that his sonnet, entitled "Tonight," had been accepted. His sonnet makes Hope College the sole contributor of all the denominational colleges of the state.

This is the fifth volume that is being issued of the college anthology, entitled, "The Poets of the Future." The edition contains 125 poems representing 68 institutions of learning from the different states, also an honorable mention list of 135 names of those whose poems rank next highest in literary merit. The Michigan Agricultural College is represented with one number, while the U. of M. is credited with four.

## WESTERN CONFERENCE TO MEET IN THIS CITY

The Western Social Conference will meet at the Western Seminary Holland, on Monday, Jan. 23, at 10:30 A.M. The following topics will be treated: "The Council of the Ref. Church holding the Presbyterian System," by Hon. L. Lagers; "The Challenge of the Ref. Church," by Rev. C. Muller.

## NEW SCHOOL TO BE READY YEAR FROM FEBRUARY

The people of Holland having decided favorably on the question of a Junior high school, the board of education will let no grass grow under its feet, but will start the work as soon as the preliminaries can be disposed of. Plans for the building will be gotten out immediately and the actual work of building will be begun very soon.

According to present Plans, the contract for the erection of the new school will be let some time in February. Bonds to the amount of \$260,000 have been contracted for so that as soon as the board is ready to begin the actual work of breaking ground for the building, the funds will be available. The bonds carry interest at the rate of five per cent, which is one per cent lower than city bonds have been sold for recently.

The board was authorized by the election to go up to \$350,000 for the new Junior high school, and such other funds as will be needed over and above the \$260,000 will be sold next July and will be part of the financing of the new fiscal year. But it is not anticipated that the full \$350,000 will be needed. Exactly how much the new school and equipment will cost cannot be known at this time, but it is expected that it will be quite a little below the \$350,000 mark. And there will be no "extras" as is so often the case. The amount will cover everything, from the most expensive steel beam to the least expensive punching bag needed in the gymnasium.

The architects, Robinson and Campau of Grand Rapids, will draw up the plans and specifications immediately. Plans are complete in a general way, but the drawings from which the contractors will work must still be made.

It is expected that the new building will be ready for occupancy a year from the coming February.

## ROBERT WORBURTON IS ARRESTED ON THREE CHARGES

Robert Worburton, lately resigned from the army, was arrested late last night by Mounted Policeman O'Brien and brought before Judge Watts this morning, charged with disorderly conduct, reckless driving, and abduction. The charges were preferred by Miss Betty Annesley, daughter of Col. Annesley of Chevy Chase, Washington, D. C. At a private examination secured through the influence of the press, the defendant pleaded not guilty, claiming that the whole matter was a joke and a mistake on his part. He said that he had been acting as a coachman at a dance, and in the excitement of leaving, got on the wrong carriage, and drove off with the wrong people.

After the statement of the defendant, Miss Annesley dropped the charge of abduction and disorderly conduct and recommended leniency. Judge Watts, however, determined to make an example of Worburton, and just as he was about to inflict the limit of the law, Miss Annesley jumped up and—

## TALK BOULEVARD LIGHTS ON THE RESIDENCE STREETS

So well pleased are the people of Holland with the boulevard lighting system that it will be only a matter of time when some of the residence streets will follow suit and install similar lights. A movement is already on foot looking toward the installation of such a system along Twelfth street. Nothing definite has as yet been done and the plan is still in the talk stage, but it is believed by many who are in favor of it that the system can be put through.

Twelfth street is by many considered one of the finest residence streets in the city and two blocks of it are boulevardized. It is more over heavily shaded and in summer time, when the trees are thick with foliage, the street is in many places inadequately lighted by the present system. These facts, as well as considerations of beauty, have led many residents along the street to begin planning for a boulevard lighting system that shall be in conformity with the system along Eighth street and River avenue.

It is now generally admitted that the council and the board of public works were right when they advocated the single light system instead of adopting the cluster system. There is probably no one who does not think that the single light gives as much illumination as is needed along the two streets that are now in the boulevard lighting system, and the appearance of the lights is also all that can be desired.

When boulevard lights are adopted in the residence sections it is expected that the single light plan will be followed.

There are other streets besides Twelfth that are expected to adopt boulevard lights in the not distant future, adding greatly to the city's appearance at night.

Sunday School associations of Kent and Ottawa counties will hold a conference in the Westminster Presbyterian church, Grand Rapids, Jan. 20.

Principal speakers will be J. H. Engle, Lansing, secretary of the State Sunday School association, and E. K. Mohr, treasurer of the state organization, also of Lansing. Mr. Mohr was at one time secretary of the Kent association of the Grand Rapids German Methodist church.

## GRAHAM & MORTON CO. PICKS DIRECTORS FOR NEW YEAR

At the annual meeting of stockholders of the Graham & Morton Transportation company held at Michigan City Monday, directors were elected as follows: Former Sen. William Alden Smith, Claude T. Hamilton and Perry K. Heath, Grand Rapids; Nathaniel Robbins, Grand Haven; J. Stanley Morton, Benton Harbor. Officers will be elected at a meeting of the board of directors to be held in Grand Rapids, Thursday.

## STAIN SERVED INSTEAD OF WINE AT COMMUNION.

Eight members, including seven elders of the congregation of the Seventh Ref. Ch. of Grand Rapids were taken violently ill and communion services at the church were thrown into confusion Sunday morning when a quantity of stain used in the finishing of a recently constructed choir loft was accidentally substituted for wine to have been used in the exemplification of the Lord's Supper.

Poisonous ingredients in the stain, which contained nicotine, potash and ammonia, caused intense suffering to those who unknowingly had partaken of the fluid and all were removed to their home seriously ill. Lives of two of the elders were in danger for several hours, but prompt aid by physicians curbed the effects of the poison and recovery was assured late last night in all cases.

The cause of the mistaking of the stain for the sacramental drink, was the failure of workmen to remove a jug containing the stain from the building and the placing of the jug in a cupboard at the rear of the pulpit where wine usually was stored, according to the explanation of Rev. Arnold J. Van Lummel, pastor of the church.

Rev. Van Lummel, the pastor who served the stain instead of wine, is well known in Holland. He is a graduate of the Western Theological Seminary, and for several years he served as editor of De Grondwet in this city.

## "SKATING NOT SAFE" SAYS CHIEF VAN RY.

Chief Van Ry has been called up repeatedly relative to skating on the lake.

He has made a personal investigation and finds that the ice is not as safe as it might be.

Requests have been made that the police departments place guards at dangerous spots on the lake, but Mr. Van Ry states that if this was done there would be no end to the number of guards that would have to be put up.

He is therefore sending a warning to parents asking them to caution their children against the danger that might result in a tragedy.

The chief states that it would be more advisable to find a safe spot and keep that clean and direct the skaters to it rather than have skaters skate all over the lake regardless of danger.

No accidents have occurred thus far, and the warning is timely.

## YOUNG MAN SURPRISES HIS FRIENDS.

It is generally quite a difficult task to keep a marriage secret, but Henry Wieten put one over on his friends by getting married in July and telling 'em all about it in January.

Mr. Wieten married Miss Theresa Seif on July 14, the knot being tied by Justice Brusse.

The happy couple quietly came to the office of the judge, got spliced, and as quietly went out again, without anyone being aware that marriage vows had been said.

Mr. and Mrs. Wieten are now living at 304 West 12th street, and "Henie" as he is popularly known among his friends is passing around the belated cigars.

## STUDENTS GIVE PLAY BEFORE CENTURY CLUB.

Miss Mabel Anthony, in charge of the program at the meeting of the Century club at the home of Mr. and Mrs. A. Knoolhuizen Monday evening, declared that Holland high school did a great many other things besides defeating Grand Haven at foot ball and then she proceeded to prove it by presenting to the club a company of performers from the high school who put on a play, "Her Superior Intelligence," for the entertainment of the club. The play was given by Otto Van Dyk, Laverne Essenberg, and George Damson. The play was pure comedy and told of the efforts of a bachelor named Nuttz to find a wife whose name would match his. He discovered her finally in his housekeeper whose name turned out to be Hazel.

Mrs. Telling and Mr. Page sang a duet, with Mrs. Martha Robbins accompanying, and Mrs. Robbins played a series of piano solos.

## "Y" MEN ARE BOOSTING HOLLAND "Y"

The Y. M. C. A. of this city is boosting Gym work for the respective classes put on at the High School Gymnasium every week.

The Association has a slogan too. Here it is:—

You need the Gym To keep you in trim.

The schedule for classes is as follows:

Senior "Busy Men"—Mon.—5:00-6:00

Junior "Busy Men"—Mon.—7:00-9:00

Seniors (16-25 yrs)—Tues.—7:00-9:30

The recreation given at these classes is as follows:—Setting-up

exercises, Volley Ball, Indoor Soccer, Basket Ball, and Group Games according to your need.

The annual dues to the "Busy Mens" club are as follows. "Busy Men" \$5.00; Seniors \$3.00.

This surely is an enterprise that deserves the support of all public spirited citizens.

Sheriff Leo Hare of Allegan county cleaned up another promising moonshine still which was located in Dorr on the Ottawa county line. Through knowledge gained indirectly of the operation of such a still in the vicinity of Dorr, the sheriff went to that place on a tour of investigation. Arriving there he saw a Grand Rapids car parked in front of a certain residence. The occupant of the machine gave his name as L. G. Rich, and his home Grand Rapids. The sheriff suspecting the man of possessing liquor, placed him in custody, and on examining him received the information necessary for the arrest of Andrew Sisson, a resident of Dorr. On his arrest Sisson denied having had anything to do with the manufacture and sale of the liquor, but there was sufficient evidence to prove that he had been doing no small amount of business along that line. Rich gave a bond of \$300 while Sisson, unable to produce security, was placed in the Allegan county jail. Both men will be tried in the February term of court.

## DAY OLD CHICKS WILL HELP MAKE STATE FAMOUS

Day old certified chicks may some day make Michigan famous. At least the Wolverine state is to be the first of the 48 to actually attempt to certify baby chicks and maintain a high standard which hatcheries must teach to secure certification for their product.

At a meeting of the Michigan Chick Hatchers' association this week, plans were laid to put the state in the lead in chick production with the aid of the poultry department of Michigan Agricultural college.

Rigid inspection of breeding stock by representatives of the M. A. C. poultry department will be essential before members are entitled to the right to use the emblem of the association, says Prof. E. C. Foiman, head of the M. A. C. poultry department. So stringent are the plans to cull flocks used for breeding that in a few years the emblem will stand for a definite quality of standardized chickens.

Of late years unscrupulous dealers have been selling chicks of a decidedly shady quality; in fact customers simply had to take a chance and abide by the results.

Ottawa county is easily the leading center of the chick hatching business in Michigan if not in the United States. A conservative estimate places the number hatched during the season at 100,000 a day. One firm alone hatches 80,000 to 90,000 every three weeks.

## INSPECTOR SAYS BOTTLED DRINK PRICED TOO HIGH

Charles E. Spencer, inspector of carbonated beverages for the state department of agriculture, on completing his investigation in Muskegon stated that the present wholesale prices do not warrant more than a five cent price to the consumer for bottled soft drinks. The prevailing price in Muskegon is seven cents, although it is stated in some quarters among retailers that a cut to six cents is under contemplation. Mr. Spencer says the wholesale price has never warranted more than a five cent rate to the consumer. Since the removal of the tax, however, it is believed by Mr. Spencer that any doubt as to the justification of a five cent rate has been removed. The wholesalers have made another reduction.

## COMMUNICATION

Jan. 9, 1922.

Holland Sentinel,  
Holland, Mich.

Gentlemen:

Will you kindly print the information given below.

There is considerable misunderstanding concerning the amount of Scarlet Fever in Holland. This undoubtedly arises from the fact that many places in the state are in the midst of Scarlet Fever epidemics. This is not the case in Holland. At present there are six families in the city who are quarantined for Scarlet Fever and at no time this winter have more than that number been confined.

Thanking you in advance for publishing the above.

Sincerely,  
W. C. Koois.

## HAMILTON

Too late for last week

Mrs. James Rutgers of Chicago spent the holidays visiting relatives here.

Mr. and Mrs. Harry Frielman visited Mr. Frielman's parents.

Henry Juries was a Benheim visitor Thursday.

Mrs. Warren Chennelles of Olivet Michigan and Mrs. John Rutgers Kalamazoo was home over the holidays.

Mr. John Danberg is ill in the home of Mr. H. Juries.

## Congratulations!

If you have driven an automobile for even a month or so and still have it, and have met with no accidents.

## You Have Been Lucky

Gasoline driven vehicles are always in danger of fire. Thieves find auto thefts exceedingly profitable. Thousands of accidents happen daily.

Even the most careful driver needs protection against these dangers and the recklessness of pedestrians and other drivers.

You need automobile insurance against fire, theft, liability, property damage and collision. This agency sell "Two Harbors" policies.

JONES made his Will and considered that matter done with. He did not realize that mere lapse of time has brought changes in his family that would nullify part of his Will.

He has now made a new Will providing more adequately for the comfort of each of his beneficiaries, on the basis of present living costs. Some of the Trusts will extend far into the future. So he has, of course, done the obvious thing and named The Michigan Trust Company to be Executor and Trustee.

## AFTER THE PRICE, THEN WHAT?

Insurance service doesn't mean just writing the policy and collecting the premium.

It is something more than the personal element, or a matter of patronage.

It means at least three things to you.

First, an insurance contract to meet your requirements. The lowest possible rate for this contract. The absolute assurance that any loss you may have will be paid promptly.

For fifty years the McBRIDE INSURANCE AGENCY, has been building up the largest, strongest insurance agency here on this kind of service.

## FORMER HOLLAND BOAT IN SIXTY MILE GALE

After having been buffeted in a sixty mile gale and then stuck in the ice of the straits for 15 hours, the D. P. Perry, a small tourist steamer and mail boat plying between Mackinac Island and St. Ignace, was released Friday, according to state dispatches. Her 15 passengers, including one woman, and her crew were almost overcome from exposure and lack of food.

The little vessel afforded only slight protection from the chilling blasts which swept across the straits and to add to the discomforts, there was no food available, which accentuated the hunger of those aboard during the long period of waiting.

The ferry Chief Wawatom unsuccessfully attempted the steamer's release, utilizing the ice breaker on her prow in an effort to smash the glazed pack which held her in its ever tightening grasp. The Wawatom managed to pass a basket of sandwiches to the almost famished passengers before relinquishing the task. These were hungrily devoured.

The steamer D. P. Perry formerly belonged to the Macatawa Transportation company, doing duty as a ferry boat between the different resorts and Holland.

It also took excursionists from the Holland resorts on short trips into Lake Michigan during the resort season.

The boat for a long time was captained by Frank Van Ry, chief of police of this city, but three years ago it was sold by Swan Miller to the Arnold Transportation company, who took the steamer up north to be placed on the St. Ignace-Mackinac Island run. The boat was named after the late D. P. Perry of Macatawa and Chicago who was prominently connected with the local resorts.

## REVISION OF ORDINANCES WAS A BIG TASK

It is perhaps not generally understood what a big piece of work the ordinance committee has completed in the revision of the ordinances of the city of Holland. Aldermen Wiersma and Lawrence, members of the committee, and City Clerk Overweg and City Attorney McBride have been meeting almost weekly since last spring and their task is not yet completed, altho the worst of it is over. Their meetings often extended far into the night and the volume of detail work was large.

The result of this work will be a volume about as large as a good-sized book. The committee has been given permission to have the revised ordinances printed. When this has been done the completed document will be presented to the common council as a single ordinance and will be passed upon by the aldermen as a single ordinance. Before that vote is taken however all the differences of opinion as to details will have been ironed out. Most of these differences have already been disposed of and there will be taken up later.

The city of Holland has been getting along for a generation with a curious jodge of ordinances, many which conflicted with others on the statute books. In some of the other ordinances whole sentences had been left out, and in still others the phraseology was so obscure that it took a trained lawyer to decide what was meant.

Incidents have come up that have shown from time to time that something should be done to straighten this tangle, but it was so big a job that no one was anxious to tackle it. But during the past summer and fall the job was taken up, and it is expected that the ordinance book of the city of Holland will for the first time in a generation be really understandable. It will be like a tree that has been pruned of its dead lumber and will be a much more workable document than Holland has possessed for many years.

### ANNUAL MEETING

Notice is hereby given that the annual meeting of the Farmers' Mutual Fire Insurance Company of Allegan and Ottawa counties will be held in Strecker's Opera House, in the city of Allegan, Michigan on Thursday, the 12th day of January, 1922, for the purpose of electing Officers and Directors and for the transaction of any other lawful business that may come before the meeting.

## BUGGIES WITHOUT LIGHTS SOURCE OF MUCH DANGER

A few farmers and others who still cling to the horse and buggy as a means of locomotion have learned that it is wise to carry a light when riding in the evening, but many others have not learned this in spite of the danger that the want of a light subjects them to. A few nights ago an autoist ran into a buggy without a light. Serious harm was avoided but the collision took place in spite of the fact that the auto was going so slowly that it shoved the buggy only three feet and that in spite of the fact that the streets were icy.

Persons riding in buggies do not always appreciate the fact that it is almost impossible for an autoist to see them under certain circumstances if they do not carry a light. Often an autoist is compelled to dim his lights and when this is done he can not see far ahead. Then if a buggy is in his way and does not carry a light, the driver of that buggy is in real danger, even though the autoist is a careful driver.

The natural thing used to be to blame the autoist in all cases of accident. But that is changing, and today the man in a buggy without a light gets comparatively little sympathy if he meets with an accident. The reason for this change of sentiment is of course that many own autos and understand from personal experience how hard it is sometimes to avoid such accidents.

The only safe way for drivers of buggies is to carry a light. This is not only for the sake of auto drivers but for their own sakes.

## WEEK'S PROGRAM OF MEETINGS AT GRACE EPISCOPAL CHURCH

The program of meetings at Grace church next week will be as follows: Monday at 7:30, St. Agnes Guild meets in the Parish House. Tuesday at 7:30, annual Parish meeting. Reports of the year's work will be received, a new vestry elected, and other business transacted. Every member is urged to be present. On Wednesday afternoon the Ladies' Guild will meet and at 7:30 there will be a meeting of the officers and teachers of the church school.

## ICE FISHING BEGINS LATE THIS YEAR

The winter fishing season is beginning unusually late this year. Jesiek Brothers of Jenison Park recalled today that two years ago the fishing village on Black Lake started to go up December 15, while this year it will be nearer January 15.

The ice has been forming rapidly the past day or two, and Jesiek Bros. have put up one or two shanties on the lake. But these are merely the advance guard of the village, which is not expected to go up for some time.

Even though the ice is strong enough the water is still so muddy that fishing would be practically out of the question. But this is expected to clear up in a week or so and then ice fishing can begin in earnest if the cold weather continues.

## GIVES REPORT ON VISIT TO NATION- AL CONVENTION

More than sixty ladies were at the regular meeting of the W. C. T. U. held Friday at the home of Mrs. Jas. Weyer, to hear the report of Rev. G. B. Fleming, delegate from this district to the Anti Saloon League convention held recently in Washington. Enforcement was the keynote of the convention and each speaker urged that all do their best to secure this enforcement. Rev. Fleming quoted a number of national prohibition leaders and statesmen urging the enforcement of the 18th amendment.

The pledge of the convention was "With God's help we'll see this thing through. The fight is on and we must be in fighting trim to the last."

Mrs. J. W. Vischer had charge of the devotions while Mrs. G. W. Kooyers arranged the program. Two duets were given by Mrs. Vandenberg and Rev. Fleming, "I Came to Jesus as I was," and "In the Garden."

Tea and cakes were served by the Mesdames Schulling, Slagh, Zalsman, Vander West and VanArk. Jan. 16 will be celebrated in a fitting manner as that is the 2nd anniversary of prohibition. On Jan. 20 the meeting will be held at the home of Mrs. Schulling instead of at Mrs. Zwerner's as announced in the year book.

Miss Lalla McKay was a Grand Rapids visitor Monday.

## BASKETEERS SUFFER INGLORIOUS DEFEAT

The following was taken from the Grand Haven Tribune relating to the Holland High and Grand Haven High game Friday when both the county seat teams were defeated at Holland: "Tounded 21 to 6 with never a field basket to their credit, such is the sad story of the invasion of Holland last night. The locals have no alibi to atone for their inglorious defeat. The Blue and Gold team work failed to connect, the squad failed to get started and the basket shooting was below par. None of the glory gained by Holland by defeating the Havenites can be taken away. The Red and Gold players were playing as good a game as they were capable of. Their defense was excellent and their offense well developed. Grand Haven fell, fighting to the last ditch before a good team. Coach Almy said after the game, 'We have no alibi to offer but I am of the opinion that I have the better team.' This opinion is also shared by many critics who saw the game."

"Holland scored first on a free throw. On the next tip off the locals rushed the ball through the Holland defense in speedy style but the try at the basket failed. It was the prettiest bit of work seen during the game and had the ringer been made the outcome might have been different. The missed chance seemed to take the pep out of the locals and from then on they were a different team. Holland fought hard while the Havenites put enough scrap into the game to have won most contests but it all went for naught."

"In the prelim to the big contest the Grand Haven Reserves were taken into camp by the Holland Seconds in a hotly contested tilt 13 to 7. Captain Fraga starred for the Havenites and Welling played an exceptional floor game. Fraga scored the first Grand Haven point of the year against a Holland team when he slipped through the Holland defense and rung up a field goal. The score at the end of the first half was 3 to 2. Holland speeded up in the last period and garnered ten points. The locals seemed unfamiliar with the large floor and the ragging of the crowd seemed to have an undesirable effect."

Before the largest and most enthusiastic crowds ever in attendance at the Holland High Gym. the High School Basket ball team not only crushed her ancient rivals to the tune of 21-6 but sent them home without even making a field basket and scoring but six times from the foul line. The Grand Haven team heralded as one of the fastest teams in the state and touted as being of Collegiate calibre came here with a large delegation of rooters all confident of victory. The Holland team, although not counted as being very strong completely out-classed, outplayed, and out-scored her opponents. At no time during the contest did the Havenites resemble a team of college players, they passed poorly and missed what few chances they had to make field goals, while Holland's passing was good and they worked the ball through Grand Haven's defense easily. On account of the keen rivalry between the two teams the play was slow considerably due to roughness. Capt. Zuidema of Grand Haven was banished from the game late in the second half, he being guilty of four personal fouls. The game started out with a rush Holland scoring first from the foul line, Weersing quickly adding two points with a field goal. Boone made 3 points from fouls and added a field basket, Weersing made the count 9 with another field goal. Coach Almy's team seemed bewildered with Holland defense and had to be content with two points made by the foul route. The half ended 9-2 in Holland's favor. The second half was a repetition of the first, Holland again outscoring her opponents due to good passing and baskets by Lordahl and Weersing, they each contributing two. Campbell was easily Grand Haven's star, he scored all of his team's points and played a good all around game. Although the entire Holland team played a fine brand of ball, Weersing was the bright lights he tossing four baskets. Lordahl at center broke up many of Grand Haven's plays and he scored twice from the field. In spite of the one-sided score, the game was very interesting from a spectator's standpoint, it being filled with thrills due to the fighting spirit of both teams. Swanson of Grand Rapids officiated in a capable manner. Summary and lineups as follows:

Holland: Grand Haven  
Boone.....F.....Zuidema  
Weersing.....F.....Campbell  
Lordahl.....C.....Den Herder  
Hill.....G.....Van Weelden  
VandenBrink.....G.....Harvey  
Field Goals—Weersing 4, Boone 1, Lordahl 2, De Loof 1. Goals from Foul—Campbell 6 out of 11, Boone 3 out of 8, Vanden Brink 2 out of 6. Substitutions—Grand Haven Nyland f. Harvey; DeKief for DeHerder, Fese for Van Weelden, Den Herder for Zuidema; Holland—De Loof for Boone. Scorer—Riemersma. Time-

keeper—Van Putten. Referee—Swanson.

In a fast and exciting preliminary game which was hotly contested the Holland High Reserves defeated the Grand Haven Reserves 13-7. The score at the end of the first half stood 3-2 in favor of Holland, both teams playing great defensive games. In the second half Holland pulled away from her opponents and scored three field baskets. The play was very rough and resembled the first game in fighting spirit. For Grand Haven, Welling and Fraga were the stars, the latter playing a fine defensive game. Damson and Van den Brink starred for Holland, Damstra scoring three field goals.

## K. OF P'S ENTERTAIN THE BOY SCOUTS AND KNIGHTS ARE ALSO ENTERTAINED

Thursday night at the lodge rooms Castle Lodge No. 153, Knights of Pythias installed the following re-elected officers for another year:

C. C.—O. Peterson;  
V. C.—C. Vander Meulen;  
Prelate—Geo. Pelgrim.  
M. W.—B. H. Lievense;  
K. R. & S. and M. F.—A. J. West-  
veer;  
O. G.—Rue Bertsch;  
I. G.—L. Van Schelven.

The year 1921 was the most prosperous in the history of the local lodge. This was due largely to the co-operation of all the officers and the support of the members, but as a token of appreciation of his untiring efforts, Chancellor Commander O. Petersen was presented with a beautiful gold and silver jewel of his office, which he has faithfully filled.

The presentation speech was made by Past Chancellor Commander Ben Van Raalte and was responded to with difficulty by the recipient who was surprised beyond measure when the jewel was presented.

After the ceremonies, the meeting was turned over to Troop 5 of the Holland Council, Boy Scouts of America. This troop has been sponsored by the Knights of Pythias and very successful "get together" party was enjoyed by all. The troop

in charge of Herb VanDuren is the youngest troop in Holland and the members are also the youngest scouts in Holland. They certainly made a creditable showing in their presentation of scout work for which much credit is due their Scoutmaster.

The only frolic of the evening was caused by the scouts themselves when lunch was served. The scouts insisted upon calling it "mess" and

the dignified members of the Knights of Pythias, Order who doaned agons to serve the food, very strongly resented the implication that the product of their culinary efforts was a mess.

The Knights would no doubt have been satisfied with the word "grab", "feed", "chuck" or refreshments. Anyway they all got theirs and a high old time was the result.

## Breaking the Grip of Rheum. on the Body

Health Talk No. 31

By JOHN DE JONGE, D. C.

The principle characteristic of rheumatism is pain. There is dull and continuous aching, with severity and sharpness at times. If the pain would stop for intervals it might be more bearable, but the fact that it is continuous is what makes rheumatism the most dreaded of diseases.

The cause is weakened functioning of the kidneys, due to displacement of the spinal joints at what is known as "kidney place." This displacement causes pressure on the spinal nerves. Chiropractic spinal adjustments restore the spinal joints to alignment and with the pressure removed the kidneys act normally and the disease gradually clears.

## Suffered Two Years Then Found Help

"For two years prior to consulting a chiropractor I suffered with rheumatism. In August 1919 the pain was so intense that I was unable to move. After the first chiropractic spinal adjustment the pain ceased. I continued until December when I was discharged. I have been shoeing horses ever since."—John Schauss, Chiropractic Research Bureau Statement No. 1282R.

If Jim De Pree can boost furniture as well as he has boosted Coach Yost the Ottawa will be working night and day.

D. Van Lente of Lincoln, Nebr., is in Holland on business for a week.

Nearly everyone in Holland who has visited Reeds Lake will remember the old steamer Major Watson that has been skimming about this little two by four lake for thirty years and was never able to get out of it. Well, last summer was her last season as a pleasure boat and she will be replaced by a steel craft 110 feet in length with a beam of 25 feet 6 inches and will cost \$40,000. The new ship will have two decks and will be able to carry 700 passengers. The first large boat to be run on Reeds Lake was the "Florence," a revenue cutter from the government, and brought from Grand Haven piece-meals and put together in 1833. In 1891 the Watson was built at Reeds Lake.

Mrs. N. J. Whalen and daughter and son, Nicholas, Jr., have arrived from Eau Claire, Wis., for a month's visit with Mrs. C. Blom, mother of Mrs. Whalen, living at 147 River avenue. Mrs. Whalen is now in California on an extended business trip of two months. This is the second western trip the former Holland man has made within the past six months, the former one taking him through Mexico and lower California.

Orrie Koolman of Grand Haven has a fine flock of White Leghorn pullets at his "back lot" poultry farm at his home on South Fourth street this winter. Mr. Koolman believes in pullets for winter layers and sells his old flock every fall and puts in young stock. This winter he has thirty-three fine pullets and is averaging better than 20 eggs daily. With eggs at winter prices the back lotter finds poultry well worth the keep besides he is always sure of fresh eggs at his own table.—Grand Haven Tribune.

Born to Mr. and Mrs. Jake Frijns.

Ed Fisher, leading poultry fancier, expects to place on the market this season 500 capons. He will use Barred Rocks, Rhode Island Red, and Rhode Island Whites. Fisher tried the experiment last year and says the capons are a real table delicacy.

A small bone in a spoonful of soup found its way into the windpipe of a small child of A. Gunther and the child narrowly escaped death. Gunther was feeding the child some soup when it was seized with a choking spell. First Aid was administered at Holland hospital but the bone could not be located and the child was rushed to a specialist in Grand Rapids and the obstruction was removed.

The Rebekah Lodge members are invited to attend a banquet given by the losing side in the membership contest on Friday evening, Jan. 13. This is a regular meeting night and the meeting will begin at 7:30 sharp. The banquet will come immediately after the business session. All visiting members are cordially invited.

The Saugatuck paper gives an account of the marriage of Miss Marion Hamilton of Douglas to Ivan H. Arends of Grand Rapids, the ceremony being performed by Bishop John M. McCormick at St. Mark's Pro-Cathedral church. Miss Hamilton is well known among the young set of Holland, having been a student at Holland high and also at Hope college.

There were many Grand Rapids Scouts who passed through Holland for Port Sheldon Saturday. Scout Executive Walker of the Furniture City and a number of the troop leaders spent the week-end at the summer camp at Port Sheldon. While here the men engaged in a discussion on the spiritual and social values of the Scout laws.

Mr. Charles Ter Beek, of Montell Park, submitted to a serious operation on Saturday morning. Mr. Ter Beek's condition today was reported as favorable. The operation was performed at Holland hospital by Dr. H. Vanden Berg of Grand Rapids, Dr. Tappan and Dr. Weststrate of Holland.

The neighbors on East 9th street Monday night were considerably stirred up when they thought somebody was shooting up the town. For at least 15 minutes heavy shots were heard, which proved upon investigation to be the back fire of an automobile that a driver had trouble in starting.

At a congregational meeting of the Sixth Reformed church Monday evening the following officers were named: elders, S. Ver Berg, re-elected and Jacob Van Voort, elected; deacons, F. Van Voorst, re-elected, and H. Vande Water and B. Vande Ploeg, elected.

At the home of the bride's brother-in-law and sister, Dr. and Mrs. A. A. Hughes, 3711 Seminole avenue, Detroit, Mich., Dec. 28, occurred the wedding of Miss Jewel May Knooihuizen to Mr. John Calvin Robins at half after four in the presence of the immediate families only. The marriage service was read by Dr. Henry J. Veldman, pastor of the First Reformed church of that city. The bride wore a gown of brocade georgette and the bridal flowers were Ophelia roses and lilies of the valley. A sumptuous four course luncheon was served. The bride has been the honor guest of numerous showers for the past eight weeks. The bride's education consists of a diploma from the Holland High school, two years' academic work at Hope College, Holland, and she is a graduate of the Western State Normal School, Kalamazoo, class 1916. She has been a successful teacher in the Detroit schools for the past five years. The groom is a graduate respectively of the Fenton High school, Ferris Institute, class 1915, and the Detroit College of Law, class 1921. He is a member of the law firm of Doig and Robins. At home cards announce their residence at 4489 Seminole Ave.

Former Mayor Henry Geerjings of Holland has tendered his resignation as president of the Ottawa County Sunday school association, a post which he has held for several years. A meeting of the executive committee soon will be called to choose his successor.

According to the history of the month of December as prepared by H. Tullsen of the Ottawa county weather bureau the recent month furnished not one clear day in all its 31. This is in keeping with the autumn months of 1921, which have been unusually cloudy. There were five partly cloudy days and 26 were cloudy. The precipitation for the month was 3.56 inches. The average temperature for the month was 31 degrees, which is about an average for many years past. The warmest day of the month was the 1st when 54 degrees was attained by the government thermometer and the coldest day of December was the day before Christmas when local thermometers went down to 6 degrees.

A Holland minister who talks frequently to the workmen in a furnace factory says he has reached the conclusion that the spiritual element is essential in the manufacture of furnaces. Undoubtedly all furnaces should be given the best possible start, considering the associates they are likely to have when they go out into the world.—Detroit News.

The year 1921 did not keep pace with 1920 in the matrimonial race in Ottawa county. The year's record at the office of County Clerk Orrie J. Cluiter shows that 468 licenses to marry were issued by that office in 1921. This drops behind the 1920 mark which was 529, the high record in the last four years. In 1919 there were 465 licenses issued and in 1918 the Board of Supervisors opens its January Session Monday at Grand Haven.

A match game of pool will be played Thursday evening, Jan. 12th at Will Blom's pool room, between Mike Manion, champion of Alma, Michigan, and Will Blom, city champion. Manion is a very clever player and will give Blom a very hard game. The game will be 150 points and will start at 8 o'clock. Everybody welcome.

The Star of Bethlehem members will meet Thursday afternoon in the Chapter rooms for sewing. The officers will meet Thursday evening for practice.

The Royal Neighbors will hold a class adoption in Woodman hall on Thursday evening. All officers are requested to be present.

A marriage license was issued in Grand Rapids Tuesday to Bert Zoet of Zeeland and Tillie Timmers of Byron Center.

Born to Mr. and Mrs. Adrian B. Bosman, 111 E. 9th street, a boy.

Morton Harvey of Lansing was the speaker at the Commercial club meeting Tuesday night. The John Robinson hospital at Allegan was reported to have a larger deficit than ever last year due to the unusually large amount of charity work and the club decided to appropriate \$1000 to aid it. Judge Cross and Burrell Trip each subscribed \$100 to start the fund. The board of supervisors has promised an appropriation.

### HOME MISSIONARY SOCIETY

#### HOLDS JANUARY MEETING

The January meeting of the Home Missionary society of the Methodist church was held Monday evening at the parsonage, Rev. G. B. Fleming conducted impressive devotionals. Mrs. H. W. Smith was in charge of the program and very clearly outlined the 4th chapter of the study book "From Survey to Service," by Harlan Douglass. "The Prophet of Galilee" was given by Mrs. S. A. Haight and "Trouble," by Mrs. G. H. Hays. Violin and piano music was furnished by the Misses Martha Rich and Eva Clark.

The pastor, Rev. Mr. Fleming rendered vocal selections.

Gratifying reports were given by various committees and it was decided to hold a bazaar at Easter time. The hostesses were Mesdames Fleming and Whitman and Miss Georgia Atwood.

### MANY DIVORCE CASES GO THROUGH CIRCUIT COURT

County Clerk Orrie J. Cluiter has compiled his circuit court records for the year 1921. Among other things he has discovered that 20 divorce cases were pending on Jan. 1, 1921. The number of cases filed during the year was 42; number granted, 24; number dropped or dismissed, 16. On the first of January 1922 there are 22 cases pending in the Ottawa county circuit court.

### NEW BUILDING WILL BE DEDICATED ON JANUARY 18

Another beautiful \$25,000 church is to be added to Holland's list of churches on Wednesday, January 18 when the formal dedicatory exercises for the new building of Sixth Reformed church will be held. The new church has been in process of construction for several months and it was completed a week or two ago, with the exception of putting up the pews. These were to be supplied by the American Seating Co., but that firm was so crowded with orders that it was impossible to attend to the local church immediately, which caused some delay in holding the

dedicatory exercises.

The seating capacity of the church will be 425, and there will also be plenty of room for Sunday school and other purposes. The church has been built with the idea in mind that there should be room for normal expansion as the congregation grows, which it has been doing steadily since the congregation was organized a few years ago.

The new building, the basement of which was built a few years ago and the superstructure the past few months, is convenient and up to date in every respect. It is an asset and contribution to the eastern part of the city, being the only large church in that section. The contractor was Martin Oudemool and he has produced a building that is attractive and substantial.

Dr. G. De Jonge of Zeeland, classical missionary, under whose supervision the church was organized and who fostered its growth during the early days of its existence, will deliver the dedicatory address. Rev. S. Vander Werf, secretary of the board of domestic missions, will speak on some phase of church extension. The five local Reformed church pastors will each give a word of congratulation. Rev. J. H. Bruggers, pastor of 6th Reformed church will be in charge of the services.

Fred Beeuwkes, member of the Board of education, and Supt. E. E. Fell were in Benton Harbor and St. Joseph Tuesday to inspect the high

school buildings in those cities with a view of getting ideas for Holland's new Junior high school. Benton Harbor has one of the finest high schools of any city of its size in the state; the school having a seating capacity of nine hundred students.

Mr. Fell and Mr. Beeuwkes picked up a number of ideas that it will be desirable to incorporate in Holland's new school and they found some features also that they decided clear of in the local building.

## JIM DE PREE GOES WITH THE OTTAWA FURNITURE CO.

For a week or more negotiations have been going on at the Ottawa Furniture Co. that will somewhat change the personnel of that organization. James De Pree has resigned his position with the De Pree Co., where he has had charge of the sales department, and has purchased an interest in the Ottawa Furniture Co. and has gone into the sales department of the company, in fact he is already on the job.

The Brownings, who were interested heavily in the Ottawa, have sold their holdings to Mrs. A. Visscher Arthur Visscher, Raymond Visscher and James De Pree. This includes the stock of Mrs. Frances Browning of Holland, widow of the late manager, George W. Browning, who was one of the principal stockholders in the Holland concern.

There will be no changes made in the management of the Ottawa. Mr. W. H. Wing and Mr. Arthur Visscher will hold the same positions that they have always held with the company.

In an interview with Mr. De Pree he stated: "The buying of a substantial interest in Ottawa Furniture was presented to me together with a proposition to go in the sales department of that concern. The opportunity seemed an exceptional one with great promise for the future and for that reason I could not pass it up. I still retain my interest in the De Pree Co. and always will and I am as strong a booster for San Tox as I have ever been."

Mr. De Pree no doubt will be as popular with the furniture trade as he has been with San Tox trade and the Ottawa Furniture Co. is to be congratulated in being able to secure the services of Jim De Pree in their sales department, a position for which he is exceptionally well fitted.

## MALLOCH TO SPEAK AT BANQUET OF EXCHANGE CLUB

There was no regular meeting of the Exchange Club on January 11, but this omission will be more than made up for by a banquet to be held at the Woman's Literary club rooms on the evening of Friday, January 13. And what is still better, the wives or sweethearts of the members will be invited to this feast. No outsiders will be invited and the banquet is to be strictly an Exchange Club affair, the wives being regarded as members.

The big card on the program will be an address by Douglas Malloch, known as "the poet of the woods." Mr. Malloch has appeared in Holland before, and last week he made a big hit with an address before the Lion's club in Grand Rapids. He is a well known lecturer and he has many admirers in this city. He is a prolific writer of verse and has published a number of volumes, the latest of which is "Tote-road and Trail." Others are, "In Forest Land," "The Woods" and "Resawed Pables."

Mr. Malloch, whose home is now in Chicago, where he is connected with the "American Lumberman Magazine," is a Michigan man. He was born in Muskegon in 1877 and was engaged in newspaper work for a number of years.

The banquet will begin promptly at 6:30 and an exceptionally large audience is expected by the committee. That the banquet will be worth attending from the eats point of view is shown by the following menu: Fruit cocktail, salted nuts, chicken and hot biscuits, mashed potatoes and peas, pickles and olives and celery, salad, ice cream (Jandorff's), coffee and cake.

Mr. Malloch's address will be of special interest to a mixed audience such as will attend the banquet, his subject for the evening being "Husbands and Wives."

## WIFE OF A CONFESSED FORGER PLEADS FOR HIM

The wife of William J. Benson, confessed forger, arrived in Muskegon on Thursday night from Niles with her year-old baby. She was penniless and members of the sheriff's force found temporary relief for her and the baby with the Salvation Army.

Mrs. Benson was in court yesterday to plead for her husband. He pleaded guilty to forgery and Mrs. Benson, carrying her baby, went to talk with the judge. She came to Muskegon as soon as she learned of her husband's trouble.

## HOPE RESERVES DEFEAT LOWELL BY 38 TO 6 SCORE

Hope Reserves defeated Lowell team at Lowell by score 38-6. The Hope team completely outclassed her opponents, Lowell failing to solve Hope's defensive play. Van Lente, Yonkman and Eggink were Hope stars each contributing five field goals. The Reserve team is very strong this year and play its next game at G. R. with Junior College.

With the ice getting thick enough so that the fishing village can go up on Black Lake, Deputy Game Warden Oscar Johnson announced Friday that the law in regard to catching perch less than seven inches long will be enforced here by order of the State Game Warden Mr. Baird. Some time ago Mr. Baird wrote that the 24-limit law might be disregarded here but that the seven inch law would be enforced. Since then there have been suggestions from various sources that the seven inch law would also be disregarded by the department, but Deputy Sheriff Johnson Friday said that the order from the game warden is made now so that all fishermen may know what they can and what they cannot do in catching perch this winter.

## FURNITURE MEN TWIT ONE AN OTHER THRU NEWSPAPERS

The Grand Rapids Herald had an interesting item Saturday referring to Mayor Stephan of Holland and Mayor Fred Green of Ionia, both furniture men. The article follows below:

Grand Rapids Herald—It has become altogether popular for furniture men to bemoaners of their home towns. Fred W. Green has been mayor of Ionia for the last 20 years and is still young and going strong, and E. P. Stephan of the Holland Furniture company has been mayor of Holland since Hendrick Hudson first sailed the Half Moon to American shores. Stephan is out after Green's record in the mayor business and believes he has a good chance to overtake him. Of course, Abe is modest and declares he doesn't desire to be mayor again, but at the same time he brings the entire Holland city government to Grand Rapids, feeds them, takes them to a show and then drags them around through the furniture market just to make them envious.

"When I permitted myself to become mayor again," says Abe modestly, "I had three purposes I wanted to execute. I wanted first to settle our age-long gas controversy. That has been done and everybody is happy. I wanted to install boulevard lights and after a couple of years we have succeeded in getting that done, and I want to add that Holland has it so far over Grand Rapids in the matter of boulevard lights that there is nothing to be said."

"I opposed the cluster lights such as you have here because I was convinced the single light with the right kind of lamp in it was better. I was opposed in this by the merchants all one year, so that we got nothing done. This last summer, however, they came to my way of thinking and now everybody is entirely happy. We have it on you all. Our principal streets are as light as day. The posts are beautiful and we get real light. Everybody who has seen them has commented upon the beauty of our system and I'm naturally pretty proud of them myself."

"The third thing I wanted to accomplish was some street paving. I have that well under way and more is coming this next summer. My three objects are performed and I would like to quit."

But the fact is that the people of Holland don't want him to quit. They are forcing him to be a candidate to succeed himself this spring. They won't put up anybody against him, so what can the poor girl do? Looks like he must hold down the job, but of course, that party to the common council hasn't anything to do with it, or Abe wouldn't have given it.

## RESIDENT OF GRAND HAVEN FOR HALF CENTURY IS DEAD

William Felix Verberkmoes of Grand Haven, well known in Holland, following a long period of ill health, died Thursday at the county infirmary. He was born in the province of Zeeland, the Netherlands, March 12, 1848, and came to Grand Haven in 1872, where he had made his home half a century.

He is survived by his sons, Leonard of De Kalb, Ill.; Adrian of Chicago, and his daughter, Mrs. O. C. Rutledge of Mount Sterling, Ill. Three brothers, Adrian and Cornelius of this city and Peter of Grand Rapids, and his sister, Mrs. J. Hieftje of this city, also survive him. The funeral services will be held Monday afternoon at 2 o'clock at the home of C. Verberkmoes, Columbus street. Rev. Schipper will be in charge. Burial will be at Lake Forest.

## FRIENDLY RECEIVER APPOINTED FOR FURNITURE PLANT

Allegan News—Upon the petition of a Chicago creditor the Ahdawaham Furniture company was placed in the hands of a friendly receiver. The action was taken Saturday last in the Grand Rapids federal court.

Appointment of the Michigan Trust company of Grand Rapids as the receiver will enable the company to continue its business uninterrupted without danger of being held up by the action of individual creditors. It is pointed out by Weldon Smith, president.

The company which represents an investment of about \$200,000, and which was reorganized only last spring is not by any means insolvent, according to Smith.

Inventory reveals more than \$60,000 worth of furniture now in process of manufacture. That this will be disposed of during the present furniture show and that many additional orders will be booked, are the expectations of the officers of the company.

Since reorganization the local furniture plant, which, incidentally has been paying out an average of \$1,100 to workmen recently, has charged off a considerable amount of old debt which was assumed by the company at the time of the reorganization.

The company is by no means bankrupt, Smith says, and in reality welcomed the court action which resulted in the appointment of a friendly receiver. Because of his action other creditors who might not be disposed at this time to wait for their accounts to be settled, are prevented from taking individual action against the company. A series of such actions could easily throw the company, which is a going concern, into a serious predicament.

The action taken not only provided the company with the opportunity of making good, as its stockholders declare it will, but will mean the settlement of all outstanding accounts, thereby netting the creditors more in the long run than they could gain through forced proceedings.

The infant daughter of Mr. and Mrs. Walter Mitchell died Friday at 398 W. 16th street. The funeral took place in the afternoon.

## FORMER LOCAL MAN REBUILDING BELL PHONE SYSTEM

Materials are arriving daily at Grand Haven and it is expected that work will start very soon on the extensive construction program that the Michigan State Telephone company has planned for the county south of this winter. The streets south of Washington will all be cabled and will replace the open wires, that have long served that section of the city. The four cables on Washington street between Fifth and Seventh will be replaced with one single cable of 400 pairs capacity. When this job is finished a cable will extend through to Beech Tree street, and that manufacturing section of the city will be served entirely with a new cable plant. Manager Ripley, formerly manager of the Holland Bell exchange, has just received the complete plans which show that all of these improvements have been approved and which calls for an expenditure of upwards of \$21,000.

An effort will also be made to eliminate as many poles in the streets as possible, following the recently expressed desire of the City Commissioner to that end. District Manager C. E. Wilde and F. J. Mosher, plant engineer of Grand Rapids, were in Grand Haven Saturday conferring with City Manager Taylor, with a view to making an arrangement for the use of poles jointly with the city. It is proposed to have the telephone company and the city use the poles of the other whenever it can be done to advantage; this will not only tend to reduce materially the number of poles but be economical as well and also tend to reduce the hazards of construction and maintenance of the lines of both. It is expected that these improvements will be completed by May 1st.

## SAUGATUCK WANTS A DEEPER HARBOR

Now that a boat line is assured for Saugatuck, it becomes necessary to provide a depth of water sufficient to enable a craft 286 feet in length and of 1,749 gross tons to enter the harbor and get to its dock safely. Fortunately we have the "makins" of an excellent harbor here, the bottom being of sand and easily handled by a dredge or sand-sucker. That it has been neglected for some years is due to the fact that the tonnage did not warrant government maintenance appropriations. With the changed conditions, however, harbor work is an imperative necessity. Senator Townsend and Representative Ketcham have been appealed to and the urgency of the situation explained to them, and it is confidently expected they will find means to secure an emergency appropriation to put the harbor in shape for the season of 1922.—Saugatuck Commercial-Record.

## A FEW FAVOR PLAN TO RE-DISTRICT OTTAWA

The next state legislature is likely to be called upon to redistrict the representative districts in the state and as these divisions are made largely upon the recommendations of the people of the counties interested Ottawa county may begin to figure out the best and most satisfactory plan for redistricting Ottawa.

State representative districts are determined by the population. Wayne county has increased in population so rapidly since the 1920 census that a perfect shoal of new representatives will go to Lansing from Detroit and vicinity this year. Ottawa county will still have two representatives at Lansing, one from the first district composed of Grand Haven, Olive, Holland and Park and one from the second district comprising Spring Lake, Crocker, Polkton, Chester, Wright, Talmadge, Allendale, Robinson, Bendon, Georgetown, Zeeland and James-town.

Former State Senator William Connelly has been making a careful study of the question of representative district division, and like many others he has come to the conclusion that the present division in Ottawa county is neither equitable nor fair. Under the present plan both of the cities in the county are in the same district.

In order to remedy present defects in the district he has drawn an imaginary line through the county along the southern boundaries of Grand Haven, Robinson, Allendale and Talmadge townships. This cuts the county practically in two. The territory north of this line would be included in District No. 1. All of the territory south of this line would be in District No. 2. This would give the first district nine townships and the second district eight townships.

Population is Divided The present division of Ottawa is based on the last census. In 1900 the population of Ottawa was 39,667 and in 1920 it had increased to 47,643. The population of the first district in 1900 was 18,697; in 1920 the population was 25,717. The second district population in 1900 was 20,970 and in 1920 the population has been increased to 21,926.

Under Mr. Connelly's plan the first district would be composed of Grand Haven, Polkton, Spring Lake, Talmadge, Robinson, Chester, Crocker, Wright and Allendale, with a population in the 1920 census of 21,926. The second district would be made up of Holland, Zeeland, Olive, Bendon, Georgetown, Jamestown and Park with a population of 25,717 in 1920 census.

The advocates of the plan believe that the interests of the county will be best served by such a division, and that such a step will go far toward improving the political feeling between the north and south sections of the county.

Mr. and Mrs. John Riemersma were the guests of friends in Grand Rapids Saturday.

Fred Beuwkes of the James A. Brouwer Co. was at the Furniture Exhibit in Grand Rapids Saturday.

R. A. Voss has gone to Detroit for two new Maxwells.

## RUSSIAN DIPLOMAT ATTEMPTS TO BUY GOVERNMENT SECRETS

Count Sergius Karloff, agent of the Russian Government, was apprehended today, just outside the city by secret service men, who frustrated his attempt to buy certain government secrets. These secrets and plans were in the possession of Col. George Annesley, a trusted government official.

Karloff, some years ago, placed Col. Annesley in a very compromising position, by lending him a large sum of money. This transaction took place at Monte Carlo, the famous gambling resort, where Col. Annesley had lost his fortune. The Count, in return for this favor, now demanded that Col. Annesley sell the plans for certain government fortifications, Annesley, facing ruin and shame, could not choose, but agreed to sell the plans and betray his country when—

If you want to know how it all came out, see THE MAN ON THE BOX, presented by Hope College Dramatic Club at Carnegie Gym. Thursday and Friday evenings, Jan. 12-13. Tickets at Boter's Shoe Store.

Jack Knoll, the man arrested for assault and battery on his wife, wishes to refute part of the story printed Thursday which makes reference to the little child. Mr. Knoll states that both his wife and himself have the greatest affection for the little one, and he states further that in the future he will straighten out and make a man of himself.

Joe Kooiker of the Huizenga Jewelry Co. was in Grand Rapids on business Saturday.

## LOCAL FIRM'S RECORDS TO BE SENT BY RADIO

DeVries & Dornbos have a unique method of advertising on a small scale their new Columbia Records each month.

Mr. A. Sirrine has a radio phone over which speech and music may be sent for a radius of 40 to 50 miles from Holland. Each month hereafter as the new records come out Mr. Sirrine will be given them and he will play them for two or three successive nights from 6:30 to 7 P. M. and at stated times.

A group of radioinstruments in South Haven get this music very clearly at present and it is also received in Vriesland and Grand Rapids. There are a dozen radioists in this city also who of course will get the music.

One or two business men of Holland have installed sets and often hear grand opera and musical programs from Chicago and Pittsburgh.

At least this method of advertising is unique, if not brot before as many people as the more used methods.

# FORD The Universal Car

## ATTENTION, FORD OWNERS!

Ford parts, like most everything else worth while, are counterfeited. The manufacturers of these imitation parts are obviously not as interested in maintaining the high standard of quality and the complete satisfaction of Ford owners. Imitation parts are manufactured to sell at the highest possible rate of profit and the grades of steel used are consequently not the same high quality, specially heat-treated alloy steels specified in Ford formulas for the manufacture of GENUINE FORD PARTS.

Don't be misled. Insist upon GENUINE FORD PARTS made by the Ford Motor Company. By so doing you will get from 35 to 100 per cent more wear from them, and you will pay the lowest possible cost—the same everywhere.

LOCALS

Mr. and Mrs. Jean De Witt, 262 W. 11th street, are going on a vacation to Owosso, Saginaw, Flint, and Florida. They expect to be away about a month.

The fire departments have been called out quite frequently of late since receiving a call for two fires. Five fires are reported by Chief Blom, the last occurring at six o'clock last evening when an alarm was turned in from Box 141. It was found that the home of James Annis on East 17th street was ablaze, and the loss sustained will be at least \$700. The fire started in a clothes closet on the second floor and had gained quite a headway before the firemen got there. Through hard work the firemen succeeded in getting the blaze under control. The home however is a bad wreck.

Miss Myrtle (Lynn) and Miss Rena Breuhr of Holland, Mich., who have been the house guests of Miss Metta Hanson, 425 W. 6th Avenue, were the honor guests at two attractive parties during the past week end. Saturday evening Miss Hanson entertained 16 guests at a watch party. Games and music, cards and dancing, were followed by a supper at midnight. Monday evening Miss Dorothy Johnson was hostess at her home in Smith street complimenting them. Fourteen guests were invited for an informal evening of cards. Refreshments were served at the close of the games. (Flint Journal).

The Rotary clubs of the county which includes the one in Holland are sending propaganda broadcast tending to create a spirit of optimism throughout the land. On every bill board in the country including those in this city the following large poster appears: "You can have prosperity, if you are willing to pay for it with faith, work and co-operation. —Rotary Club Members." The Holland Rotarians are doing their share to pay for this advertising matter and the local billboard men are donating their boards for this purpose as well as are the poster men in other cities.

Unity Lodge F. and A. M. are planning to be in attendance at an association meeting to be held at Saugatuck, Feb. 3rd, when the Grand Lecturer will address the Pennville, Douglas, Holland and Saugatuck lodges.

The stockholders of the Grand Haven State bank has named the following directors to succeed themselves. Jos. W. O'Brien, chairman; W. H. Beach, Elbert Lynn, B. P. Sherwood J. Edgar Lee, N. Robbins, Thomas Johnston H. F. Harbeck, W. H. Loutit, Peter Van Lopik, G. J. Diekema, H. S. Robbins.

Mrs. John Pieper visited with friends in Zeeland yesterday.

A card from Mr. and Mrs. J. W. Hamebaugh who are spending the winter in Florida, says that the weather there is like June and the expenses very reasonable. They will visit the most prominent wintering places there before their return to Holland in April.

City surveyor and engineer, Jacob Zuidema is busy with his instruments on the new school site on River Av. and 15th street. He is getting information necessary to be used by the architects who will have charge of the erection of the new \$350,000 senior high school building.

Notices are being sent out by the secretary and treasurer, Arend K. Brouwer stating that the annual stockholders meeting of the Harlem Telephone Company will be held at the Harlem school house on Saturday, Jan. 28 at 7 p. m. for the purpose of electing officers and to transact such other business as may be brought before the meeting.

Company F basket ball quintet defeated the last Zeeland "Y" five at Grand Haven in a hard fought game 33 to 21. Zeeland carried the battle to the Grand Haven team in the early stages of the game, but were overwhelmed later. Olendomp was the visitors' star. H. and C. Westerhof and Vyn played a strong defensive game for Grand Haven, while Koopman and Capt. Stang played well on defensive. Capt. Stang was injured in the last period.

The annual business meeting of the Woman's Bible class of Hope church will be held Friday afternoon at the home of Mrs. W. G. Wanter, 94 W. 11th street.

BIG FIRE KNOCKS OUT PHONOGRAPH SALE SCHEDULED FOR TODAY

At 8 o'clock Tuesday evening an alarm was sent in from box 13 and it was found that there was a fire in the rear of the Harrington building that had just been filled to the ceiling with phonographs. According to an advertisement placed in the local papers a factory phonograph sale was to start on Wednesday.

The firemen were on the job very quickly but found that the fire was so corralled with phonographs and partitions that it made it impossible to get anywhere near the blaze until Chief Blom had the rear end of the structure practically torn out. He

In all about fifty of the phonographs were burned and no doubt many more will be found damaged by water and fire, when the large stock is gone over and a thorough investigation is made.

There are also a great many phonographs left, that are undamaged and no doubt these will be placed on sale later.

As no one connected with the establishment could be reached, it could not be ascertained how heavily the stock was insured, or whether it was insured at all.

For the same reason the amount of the value of the phonographs could not be secured.

The wooden structure was simply stacked full with just enough space remaining for desk room near the door.

The damage to the Harrington building is said to be between four and five hundred dollars, and Chief Blom was informed by the owners that there was no insurance on the building for the reason that the rate

on a wooden structure was altogether too high to warrant placing a policy.

Anyway the phonograph sale for Wednesday no doubt has been postponed indefinitely.

It is stated that a large consignment of these phonographs was made by the American Cabinet Co. West 16th street.

ONE OF THE MANY THRILLING SCENES IN D.W. GRIFFITH'S

"WAY DOWN EAST."

The most amazing spectacle ever seen on sea or land or any moving picture screen.

A thrill the like of which has not been felt since the Clansmen rode over the hills, in "The Birth of a Nation."

From the slow lifting of the curtain amid the plaintive strains of Home, Sweet Home, to its fall amid the tumultuous cheers of wildly enthusiastic audience, "WAY DOWN EAST" is more than a motion picture—it is a story of human hearts, unfolded in a simple, soul reaching way, under the master guidance of D. W. Griffith. It will go thundering down the ages, because it is so human.—Boston Traveler.

RATTLING GOOD BASKET BALL GAME FRIDAY NIGHT

The Holland High school basketballers are putting in some hard work in order to meet the Muskegon Heights team Friday night.

The basketballers from the Heights have gone into sports for the first time this year. Their new school building with a large gym was completed last fall and athletics is being taken up there strong.

The boast of Muskegon is that the Heights has a strong team and that this is their first time out. Who knows Holland High may get an unlooked for surprise Monday night, and Coach Martin is not losing any bets by having his men lay down on the job.

The fast preps from Hope will meet the scrappy high school reserves and that in itself gives a real basketball game.

Pop Churm of Grand Rapids, the popular referee will again be on the floor Friday night.

He has refereed most of Holland's games for the past few years, but owing to illness was not able to start out this season. Having recovered he will be with us again when the whistle blows Friday.

What promises to be one of most hotly contested matches ever played in this city will take place Thursday night at Post's Billiard Academy, when Lloyd Purchase, winner of the Palace tournament, meets Harvey Sullivan, winner of the Academy tournament.

COUNTY COMMISSIONER M. R. STANTON ISSUES CALL FOR GATHERING JAN. 18

The school officers' institute for Ottawa county will be held Wednesday, Jan. 18 at the First Reformed church, Grand Haven. The morning session will begin at 9:30.

According to the new law it is now the duty of all members of the school boards to attend these meetings. While no per diem is allowed as under the old law, all necessary traveling expenses of all members of school boards shall be paid from the general fund of the school districts.

School officers' meeting will hereafter be held once in each two years. In order that these meetings accomplish the object for which they are held it is necessary that all the school officers be present. All phases of the school law, the administrative work of school officers, and topics of general interest to school officers, teachers and patrons will be discussed. This meeting will afford the one opportunity in two years for all school officers, county commissioner, and representative of state department of education to meet and discuss personally those things that have to do with the work of the schools.
