Decision on Standard Injunction Is Delayed

Grand Haven, Jan. 10 (Special).—Circuit court Monday afternoon granted a delay, postponing until Feb. 1, on the decision on why the temporary injunction prohibiting AFL picketing at the Standard Grocer Co. should not be made permanent.

The delay was granted so that counsel for the plaintiffs could have time to file answers to the union's arguments. Earl W. Dunn, counsel for the plaintiff, complained that the union had filed no answer until Monday morning and that the plaintiff's counsel had no way of knowing the union's claims.

Four hours were consumed by M. Thomas Ward and I. E. Goldberg, representing the Standard Grocer Co., in arguments before Judge Fred T. Miles Monday.

County Receives Advance to Aid In Polio Program

Municipal Judge Raymond L. Smith, chairman of the Ottawa county chapter of the National Foundation for Infantile Paralysis, announced Monday that the local chapter has received an advance of \$1,000 from the national foundation in order to meet obligations which have arisen recently in connection with several cases in the county.

Smith said in addition to some half dozen current cases in the county, there have been several calls for help from veterans and veterans' families for financial assistance in paying polo bills.

The county foundation which operated the past year on a budget of some \$3,000 cared for about 24 cases aside from the current half dozen cases. It was the first time that the county organization appealed for assistance from the national foundation.

Plans are now under way for the new drive the latter part of this month which will be directed in Ottawa county by Sgt. Vern C. Dagen of the Grand Haven state police post. Mrs. Albertine E. Bly of Grand Haven will head the women's division. Half of the funds collected in the local drives is retained locally and the other half goes to the national foundation for national polio aid and research as well as aiding chapters in need of additional funds.

Week's Illness Is Fatal to John Vander Schel, 97

Believed to Be Oldest Resident in Holland; Came Here When 34

John Vander Schel, thought to be Holland's oldest resident, died Wednesday afternoon in his home at the age of 97, following a week's illness.

Vander Schel, who took his first airplane ride in May, 1941, with his grandson and namesake, John Vander Schel of Burbank, Cal., was well known in Holland where he resided since coming here from the Netherlands when he was 34 years old.

He was born in the Netherlands Sept. 6, 1848, and established himself in a successful business as a hide buyer until he felt the urge to come to the United States. He made the trip with his wife and four daughters and settled in this vicinity, accepting employment with the Cappon and Bertsch Leather Co., where he later became foreman.

When he left the tannery at 58, he felt too young to retire and persuaded his son, who operated a bakery, to let him cover the rural territory. For many years he drove a horse and wagon to rural stores in the vicinity of Holland, Zeeland, Vriesland and Macatawa park. He stopped the outside work to work inside the bakery when motor trucks replaced the horse and wagon. He retired about 15 years ago after an accident in the bakery.

An ardent sportsman all his life, Vander Schel spent much time outdoors hunting and fishing. In former years, he was a great skater and also operated a motorboat, winning several races.

Surviving are three sons, William, David and Henry Vander Schel of Holland; four daughters, Mrs. M. Van Dyke, Mrs. Claus Prins and Mrs. John Vander Werf of Holland and Mrs. Egbert Wilterink of Grandville; 22 grandchildren and 23 great grandchildren.

Mrs. Vander Schel died Dec. 2, 1944, about six months after she and her husband had marked their 69th wedding anniversary.

Funeral services will be held Saturday at 2 p.m. from the home, 253 West 11th St., with Rev. M. Vander Zwaag of Central Avenue Christian Reformed church officiating. Burial will be in Pilgrim Home cemetery.

The body will remain at the Ver Lee funeral home until Friday noon when it will be removed to the home where friends may call Friday afternoon and evening.

Mary Young, 16, sister of one of the drivers, and a passenger in his car, was treated by a local physician for cuts and bruises. The arrests were made by state police who allege that both cars were traveling south on the highway when Morgan apparently slowed down to drive into a gas station and the rear of his own car was struck by Young's car.

Two Choices in Veterans' Issue, Bonus, Insurance

A cash bonus or a bountiful paid-up "insurance policy" for life?

That's the veteran issue, in a nutshell, which will be discussed at Lansing this evening by members of the Michigan veterans' advisory committee, comprising representatives of the American Legion, Veterans of Foreign Wars and other recognized veteran organizations in Michigan, who will meet with Gov. Harry F. Kelly and officials of the Michigan office of veterans' affairs.

Michigan's state treasury has \$51,000,000 tucked away, tagged for use of Michigan veterans.

It is no official secret at the capitol that Governor Kelly does not look with favor upon the politicians' dream of dividing up \$51,000,000, giving a check to each veteran. Massachusetts did this, handing out \$100 to one and all.

On several occasions the governor has inferred strongly that such action would not be in the best interests of Michigan veterans, since history has shown conclusively that veteran problems do not develop immediately after the conclusion of the war but begin to accumulate later on.

The paid up "insurance policy," covering all present and future needs of Michigan veterans and members of their families, would be possible if the state legislature, acting upon the recommendation of veteran organizations, set up a trust fund from the \$51,000,000 now on hand.

The interest on the trust fund, so created, would be made available to accredited veteran organizations for use in meeting the needs of veterans and their families on almost an indefinite, life-time basis.

For example, the state of Nebraska utilized the interest of its veterans' trust fund, established in 1921, to cover such emergency needs as food, fuel, wearing apparel, medical or surgical aid, care of relief, funeral expenses, care of dependent children, or wives and widows who may be in need of assistance.

Since none of the principal itself was used, the Nebraska fund was successful in meeting annual needs of Nebraska veterans and the 1921 fund, augmented substantially to meet 1945-6 conditions, will be available to do the same for veterans of World War II.

Prevention of fraud was provided in a penalty of a \$500 fine or six months' jail imprisonment for any veteran who "knowingly, by fraudulent representations, might obtain any payment or aid from the veterans' trust fund."

One of the unique benefits of the veterans' trust fund plan is the fact that no Michigan veteran would be forced to request public charity or relief for himself or members of his family.

It is akin to a savings account in the bank which is available for "rainy days." Except that the account, in this case, would be administered by veterans' organizations and not through public welfare agencies. Furthermore, the taxpayers benefit by knowledge that they will not be called upon to pay additional taxes for the public relief of distressed veterans.

Whether Michigan veterans' organizations will fall into line with the thinking of Governor Kelly and recommend the establishment of a similar trust fund for Michigan veterans is the question before the Michigan veterans' advisory committee.

There is every indication that the veterans themselves will favor such a program and will solve the dilemma of politicians, who for the sake of ballot votes, lean toward the idea of distributing \$51,000,000 in 1946 to all Michigan veterans and calling it a day.

After all, 1946 is an election year. But veterans' needs will continue in 1947 and the other years one by one, for decades to come.

The decision is primarily one for the veterans to make.

Two Local Youths Put on Probation

Grand Rapids, Jan. 10 (UP).—Robert Lee Victor, 19, and Paul Lokker, 19, both of Holland, were placed on two years probation each today by Superior Judge Thaddeus B. Taylor on breaking and entering charges.

Restrict Parking At 3 Locations

Police Chief Jacob Van Hoff announced today that "no parking" signs have been installed at three different locations in the city.

Signs have been placed on the west side of River Ave. from 12th St. to 19th St. in keeping with an agreement with the Michigan road commission for the widening of River Ave. River Ave., which is US-31, was widened on the west side from 13th to 19th Sts. This fall and will be widened on the east side in the spring. The city street department is doing the work.

Signs also were placed on Michigan Ave. (also US-31) between 24th and 26th Sts. in the vicinity of Holland hospital. This move allows no parking on either side of the highway in front of the hospital and hospital visitors are instructed to park at the rear of the institution where there is sufficient parking space. The parking lot may be reached either from 24th St. or 26th St.

Parking also will be limited to one side of the street on 15th and 16th Sts. at Junior High school and Holland High school. Signs have been placed on the south side of 16th St. and the north side of 15th St.

As for parking in the commercial area, Chief Van Hoff reminded that the tannery lot at Eighth St. and Pine Ave. is available for parking the year around.

He also reminded local motorists that parking on city streets is not allowed between 2 and 5 a.m. This ordinance was originally passed to allow street sweepers and snowplows to do their work unhampered in the early hours of the morning. The chief also pointed out that stolen cars are much easier to locate if streets are empty. He added that many accidents involving parked cars had been reported lately.

Miles Reviews Year's Activities In Local Circuit

Says 264 Cases Begun In Ottawa County and 242 in Allegan County

Circuit Judge Fred T. Miles Tuesday reviewed 1945 activities in the Ottawa-Allegan circuit and announced the apportionment for Ottawa and Allegan counties in paying the salary of the circuit court stenographer. On the basis of 264 cases begun in Ottawa county and 242 in Allegan county, Ottawa is required to pay a little over 52 per cent and Allegan county a little less than 48 per cent, the judge said.

Of the 264 cases begun in Ottawa county, 40 were criminal cases, 46 were actions-at-law where the plaintiff sought to recover a money judgment, 31 were chancery cases where plaintiff sought to have some right established and 147 were divorce cases. During the year 71 divorces were granted, 18 more than in 1944.

In Allegan county there were 34 criminal cases, 33 actions-at-law, 31 chancery and 142 divorces suits. A total of 85 divorces were granted during the year.

In Ottawa county 478 marriage licenses were issued, compared with 315 in Allegan. In the Ottawa-Allegan circuit, 783 marriage licenses and 156 divorces were issued. Alimony collected in Ottawa county and paid out by the clerk totaled \$33,133 and in Allegan county \$37,700, a sharp increase over previous years.

The most common cause for divorce was "extreme and repeated cruelty" which allegation covers a large number of claimed acts and neglects. In more than half of the cases, the use of liquor is alleged as either the real or as a contributing cause. In many cases, it was "another man" or "another woman."

Judge Miles said much of the difficulty may properly be laid to the war with its consequent dislocations, absences, liquor drinking, night shifts and the breakdown always accompanying war.

Soil Erosion Factor in Setting Out New Orchards

Fruit growers in Ottawa county who are planning to set out new orchards next spring should give serious consideration to the effects of soil erosion on future returns, says L. W. Kellogg, farm conservationist of the West Ottawa Soil Conservation district.

Many of the good orchard sites in Ottawa county are on sloping land where soil and water losses are likely to be heavy unless effective control measures are taken.

If the slope is suitable, trees may be planted on the contour. Contour planting reduces soil and water losses and increases crop yields. However it must be borne in mind that contouring alone will not control erosion in orchards. Other practices such as cover crops must be used to supplement contouring, Kellogg added.

For more detailed information, contact L. R. Arnold, county agricultural agent, or the West Ottawa Soil Conservation district office, Federal building, Grand Haven.

Continued mild weather has brought ice fishing to a halt on Black lake and other lakes in the state with the exception of western counties in the upper peninsula according to reports by local fishermen and the State conservation department.

Wind and thaw have destroyed many shanties and melted most ice on lower peninsula lakes with result that ice fishing in the southern counties has been brought to a standstill.

Grand Haven, Jan. 10 (Special).—Mrs. Margaret Melanson has gone to Florida where she has been for some time.

It Was Spring Sunday, But It's January Now

"It might as well be spring!" That song was uppermost in the minds of Holland residents Sunday as the mercury jumped to a season's record of 57 degrees. It fell short by a few degrees of the previous records of 63 in January, 1944, and 59 in 1934.

Sunday's record was a direct contrast to the season's low just two weeks before when Holland experienced 18 degrees below zero. But the weather returned to normal Monday with the usual cloudiness and a mercury reading of 33 at 11 a.m.

Sunday's unexpected assault of warm weather was ushered in by a severe wind storm which started shortly after midnight Saturday and continued for several hours. Two large billboards were blown down at Montello park and a tree was reported down near Maple Avenue church.

The appearance of grass turning green after being covered by layers of dirty snow was a welcome sight Sunday. Piles of dirty snow and ice at city curbs melted like magic in the spring-like atmosphere.

Ice on Lake Macatawa melted with the same speed as the snow, and anybody venturing out on the ice Sunday and Monday did so with considerable risk. Thickness of the ice Sunday was estimated at about

Farm Caravan to Show Here Feb. 6

Better farm organization and increased profits that result will be stressed in a farm management exhibit as part of the farm progress caravan from Michigan State college that will come to this community for a one-day showing. According to L. R. Arnold, county agricultural agent, the exhibit will be set up at Holland Tractor Sales on Feb. 6, two miles east of Holland, from 10 a.m. to 4 p.m.

As part of a vast array of labor-saving devices, methods and practices featured in the caravan, the farm management department exhibit will tell how good management saves time and earns money. Use of the Michigan farm account book, its application for income tax purposes, planning the farm business, farm success factors, and measuring the farm business, all will be emphasized.

The rural progress caravan brings together some of the most important developments in labor-saving machines and practices that have come out of the war—those devised by farmers themselves as well as Michigan State college.

Charter Meeting Of SPEBSQSA Set

The charter for the newly organized chapter of the Holland SPEBSQSA will be formally presented at a meeting of the society in the Warm Friend tavern Monday at 8 p.m.

A "parade" of quartets of other chapters, including five units of Muskegon, will be included in the activities which will feature a variety of plain and fancy barbershop singing which has won top prizes in state and national events.

Back in 1938, Owen C. Chah, Tulsa, Okla., attorney, organized the SPEBSQSA, otherwise known as the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America. The privilege of warbling, or trying to warble, must not be limited, he reasoned, and virtually all males looked upon his reasoning and found it good.

The result was that the organization now is international in scope.

Temporary officers of the Holland chapter are Ralph Woldring, president; Rance Overbeek, treasurer; Willis A. Diekmann, secretary.

The charter meeting is open to all congenial men who love harmony in music or have a desire to harmonize. Those desiring to attend as guests of the chapter are requested to notify any officer.

Albion Snatches Early Lead to Beat Hope, 55-47

Albion, Jan. 10—Albion college's basketball team zoomed to an 18-8 lead over Hope college soon after the start of their game here Monday night and then withstood several determined rallies by the Dutch cagers to score a 55-47 victory.

It was Albion's second league victory and Hope's first league defeat.

With about four minutes to play Hope was within striking distance of a tie. The aggressive work of Hope guard Don Mulder made the score 46-43 but again Hope's efforts fell short as center Art Slager and forward Lloyd Heneveld were removed on fouls and Lewis Moon, sensational Briton center, dropped in two buckets to give his team a safe, game-winning lead.

Coach Bud Hinga's Hope regulars were caught off-balance by Albion's older and more experienced cagers at the start of the contest. Hinga tossed in his reserves and they stopped the Briton scoring spree. Hinga then moved his regulars back in and they brought the score to 26-23 at the half.

A hot second half was expected but Albion was up in the 30's before Hope could score and from then on it was similar to the first half.

Two Albion players made the difference last night. They were Moon and Elkin Isaac. Moon dropped in 22 points by moving around with his back to the basket and flipping hook-shots over his head. Isaac, who joined the team last Thursday after his army discharge scored 13 points, including seven free throws, in addition to playing a smooth floor game.

Mulder with 15 and Slager with 11 led Hope's scoring and they sparked the Dutch play most of the way, although not to be excluded was the fine work of Clair Van Lier, a reserve who started "hitting" on his shots after having trouble in four previous games.

There was little doubt that Albion was the best team last night. From Hope's point of view it was another case of being beaten by a team of cooler, steadier players as were the Percy Jones cagers, who defeated Hope twice.

Hope had a height advantage and were as well balanced as the Albion crew but they missed on a greater percentage of their shots and their passing was not on a par with the Britons.

If Your Blood Is Type 4, Rh. Negative, Call Hospital

Is your blood type 4, Rh. negative?

If it is, please get in touch with Herbert Bultuis, laboratory technician in Zeeland hospital, who is trying to locate persons with that type blood for transfusions in the near future.

Persons with blood type 4, Rh. negative, aren't very plentiful. Bultuis explained. Eighty-five per cent of the people register Rh. positive and only 15 per cent Rh. negative. But 45 per cent of the people have type 4 blood, he said.

Anyway, if you have this rather rare type of blood, call the hospital.

Benton Harbor and Kalamazoo were atop the Southwestern conference race this week following victories last week over Muskegon and Muskegon Heights. Coach Bill Perigo's Benton Harbor Tigers trounced Muskegon, 52-25 while Kalamazoo was downing Muskegon Heights, 50-31. In the other league game Holland blasted Grand Haven, 59-36.

There is a chance this week for Holland to jump into the championship picture. The Dutchmen battle Kalamazoo Central in the Holland armory Friday and although a decided underdog, the Dutch gained some prestige by rolling up 59 points against Grand Haven.

Benton Harbor battles Grand Haven Friday and shouldn't have too much trouble with the Bucs. Muskegon Heights and Muskegon will also tangle Friday in what should be a toss-up.

The important game of course is at Holland where Kalamazoo will be doing its utmost to stay in the picture with Benton Harbor's powerful team. Holland will also be going all out. A victory would tie them with Kalamazoo and put them in a position for a clear-cut shot at the championship.

TIME TO REDUCE THE
SALES TAX

Repeatedly in past years this
paper has called for a reduction
of the Michigan sales tax. Its voice
has not been strong enough to get
action from the powers at Lansing,
and not enough other
papers have joined in to achieve
results. Moreover during the war
years the time was inopportune;
people were so tax-minded that
any reduction would have seemed
incongruous to them.

But the time has come for an-
other demand for a reduction of
the sales tax. Although all the fig-
ures are not yet in, it seems cer-
tain that the amount for the sales
tax in 1945 will reach the all-
time figure of \$105,000,000. Tax
experts estimate that for 1946 and
1947 the sum will rise to some-
thing like \$120,000,000 each year.

When the sales tax was first
passed, the objective in revenue
was hardly more than a fifth of
that figure. The returns have been
climbing and climbing, until the
tax produces a revenue that the
people of Michigan would never
have tolerated as an objective
when the tax was first imposed.
They pay it now because it comes
in relatively small amounts that
are not noticed too much. But in
the aggregate it is a heavy drain
annually on the average citizen's
pocketbook. If he had to pay it
at the end of the year in a lump
sum he would yell a blue streak.

Why is it not reduced? Ask
something harder. A tax is never
reduced, unless people get up
enough gumption to stage a tax
strike. The people at Lansing (no
matter whether the administra-
tion is Republican or Democratic)
do not want the level of the gravy
bowl lowered. It is so nice to have
all that money to play with; pub-
lic officials can always find plenty
of plausible arguments to prove
that the government would go to
the bowboys if the tax income
were lowered. There are always
plenty of the faithful who have
to be kept supplied with jobs; if
there isn't any essential work
connected with the positions, it
can be created.

It is estimated that if the sales
tax were reduced from three to
two cents the revenue from it
would, at present business levels,
still amount to \$75,000,000. This
is several times as much as was
first contemplated. True, expenses
have gone up since the tax was
first passed, but the time has
come to think of reductions and
economies. After all, we the peo-
ple do the paying, and expenses
have gone up for us also. The re-
duction of the sales tax might
well become a campaign issue.

THE CHURCH INVITES YOU
Worship

Worship is not simply an al-
titude from which one sees life in
wide horizons or the inner secret
of spiritual liberation. It is one of
the great sources of moral trans-
formation. Worship is the delib-
erate exposure of one's life to the
highest that one knows. All day
long we are exposing our lives to
other things, the profane, the com-
monplace. All day long we take the
things and catch the impress
of the low. It is an unconscious
process of the soul.

Worship is the deliberate use of
this amazing and influential pow-
er. It is the conscious exposure of
the heart to the highest that we
know.

Why not make a good start the
first day of the New Year and go
to church next Sunday?

A People Delivered
Exodus 13:17-22
By Henry Geerlings

It was God who brought the peo-
ple of Israel down into Egypt, and
now it was God who was leading
them out. We are not to conclude
that their stay in that land was
no purpose, for it was. They had
learned many a lesson during their
sojourn among the Egyptians. All
through those hundreds of years
God had been preparing them for
a very definite purpose. He was
ruling over them, even though
they may not have been conscious
of it.

There were only a few of them
when they journeyed from Canaan
to the land of the Nile, 76 in num-
ber, but when they came out under
the leadership of Moses they num-
bered millions. It was to their ad-
vantage to be located in a particu-
lar part of Egypt, that section
called Goshen. I. wa. Pharaoh who
directed Joseph to have them lo-
cate there. It was one of the most
fertile parts of the land. They
seem to have had pretty much their
own way, undisturbed by
Egyptian government, until they
became so many in number and so
strong in power that they came to
be feared.

Pharaoh did not let the people
go because he felt it was the best
for him and for them, but because
God forced him to do so. He held
on to them as long as he felt it
was safe to do so, but there was a
power greater than his own, and
to that he had to bow. The chil-
dren of Israel were now on their
way to the Promised Land. The
question was, which route should
they take? There was a very di-
rect and short easterly and then
northeasterly through the land of
the Philistines, whose land lay
along the coast of the Mediter-
ranean sea, into Canaan. But they
were not to move in that direction.
It was not a question of the short-
est or longest route, but the route
that would train them in those
qualities which would best fit
them for good citizenship in the
land to which they were going.

One reason why they were not
directed that way was because it
would have brought them into di-
rect conflict with the Philistines
who were a mighty people, and
great warriors. The Israelites
were only lightly armed, and had it
been necessary for them to go into bat-
tle they would have become dis-
couraged and made a desperate
effort to return to Egypt. As a re-
sult the route of march was de-
flected southward into the penin-
sula of Sinai, where they
were to be instructed in the law
and learn obedience to the divine
will.

Pharaoh knew he would miss
the departing Hebrews, but he did
not know he would miss them as
much as he did. It was not because
he loved them so much, but be-
cause he missed the output of their
labor. They had been profitable to
him, and now they were gone. He
saw the work on his treasure cities
and other enterprises at a stand-
still because his slaves had been
freed. He pursued them with
real anger in his heart. He har-
bored resentment toward Moses,
for it was he who had taken them
from him. He vowed that he would
not use peaceful means to get
them back.

He took an army with him. His
purpose was to subject them to
even worse slavery than they had
known before. His armed force
was not burdened with children
and flocks and herds, and so could
travel much faster than the Israel-
ites whom, when they spied their
enemies coming, became panic
stricken. We do not much wonder,
for they remembered
the cruelty of their masters
and they knew what the future
had in store for them if they were
forced back into Egypt again. The
Egyptians blamed the fleeing Is-
raelites for the destruction of their
crops and their livestock, and also
for the death of their first-born.
It was serious business to the
ruler of the hosts of Egypt. It
is not much wonder that the Is-
raelites called upon Jehovah. Their
call, however, did not mean that
they were so loyal to him as it
did that they were afraid for their
lives.

As they called upon the name
of the Lord they blamed Moses for
the dangerous position they were
in. It did not seem to enter their
minds that it was God who called
him and sent him down to lead
them out from under the domi-
nation of Pharaoh. Moses did not
want to hear the call or obey it.
He fought against it with every
excuse at his command. Still the
people blamed him, though he was
only an instrument in the hand of
God.

The thing the people dreaded
was that they might die in the
wilderness, and rather than do
that would be willing to go back
to Egypt no matter how severe
their hardships were. They re-
minded Moses that they did not
want to follow him when he called
upon them to quit their work
and themselves with him. It seems
that some of them had been slaves
so long that they did not have the
desire to assume the responsibility
of a free people.

Century Club Told About
Russian Foreign Policy

In an enlightening and timely
lecture on "Russia's Foreign Pol-
icy," Dr. Wynand Wichers, vice-
president of Western Michigan
college at Kalamazoo, formerly
president of Hope college, told his
fellow members of Century club
Monday night that what Russia
wants is a long peace. The need for
peace is so desperate in all parts
of the world, there now seems to
be a possibility that the ideals
written into Atlantic charter may
become a reality, he said.

The meeting was in the Ten
Cate home on West 14th St., with
President Vernon D. Ten Cate
presiding.

Painting a background of his-
tory—Russia's rapid expansion in
the 18th century, the events of
World War I and her loss of ter-
ritory, the development of intense
nationalism beginning in 1890, the
Finnish war and the familiar
events of World War II, the speaker
explained that certain Russian
aims are obvious.

Among points emphasized as ap-
parent in Russian foreign policy
are her insistence on including
within her influence those former
states lost during World War I;
her penetration into the regional
states of the Balkans and her in-
creasing interests in the Mediter-
ranean, where she is constantly
pushing westward, running into
the British sphere of influence.

Dr. Wichers discussed Russian-
American relations and the situa-
tion in Syria, Iran and Iraq where
American business interests are
involved. He characterized the
American policy for the most part
as appeasement, expressing the
opinion that appeasement is prob-
ably necessary at the present
time.

Although the picture looks dark
in many ways, the need for peace
is a brightening factor, the speaker
declared.

The musical part of the program
was arranged by Miss Adelaide
Dykhuizen. William Vander
Yacht, Holland High school senior,
accompanied by Miss Barbara
Lampen, sang three solos, "Hills of
Home," "Invictus," Huhn,
and "Tommy Lad," Margaretson.

Refreshments during the social
hour were served by Mr. and Mrs.
Roy M. Healey, Mr. and Mrs.
John F. Donnelly and Mrs. C. J.
Dregman.

Christian Stops Spirited Creston Polar Bears 32-22

A confident Holland Christian High school basketball team took the floor in Holland armory Thursday night and quelled a fiery Grand Rapids Creston squad, 32-22. The Maroons led all the way as their advantage in experience was clearly evident.

A good sprinkling of Creston fans, who yelled themselves hoarse, and the fact that the game grew exciting, rough at times might have led to the belief that the contest was closer than it actually was.

But, as a matter of fact, Coach Conney Tuls' gang jumped off to a 11-2 lead in the first quarter, led 18-12 near the end of the half and then in the second half steadily moved in front and finally won by a comfortable 10 points. Creston never was closer than four points of a tie after the game was three minutes old.

The Maroons would have been good competition for most high school teams of the state last night. They went to work on the

Polar Bears with cool determination, seeking revenge for a 36-20 lacing they received last season.

Bob Altena and Fred Brieve led the scoring with 13 and nine points respectively but their play was no more spectacular than the work of guards Dale Artz and George Slikkers and the other man in the back line, forward Kearney Zoerhof. They functioned with keen precision against the class A Creston team.

Jimmy Command was Creston's lone offensive weapon. He has a keen eye and is a great team player. He seems destined for all-city honors in Grand Rapids and with a more experienced group of teammates would certainly go a long way toward state honors. He had 10 points for the Polar Bears.

A hot streak by Bob Altena started Christian off right last night. He chalked up seven points in the early 11-2 Maroon lead. From then on he and Brieve alternated scoring. Brieve and Artz were removed late in the game on fouls.

VFW Post Starts Work on New Home in Holland

With the membership catapulted from 97 to 456 during the war years, the Henry Walters post 2144, Veterans of Foreign Wars, has outgrown its present headquarters at 1794 River Ave. and has completed plans for a new home in the Bowman building at 28 West Seventh St.

The 50 by 80 foot building will be completely renovated at a cost of \$20,000. A new front of Bedford graystone with glass block windows is included in the plans.

P. P. McLaughlin of Grand Rapids is the architect and Gerrit Klomparsen holds the contract for construction which will begin immediately.

The roof will be raised about four feet to give a better ceiling for the second floor which will house a fairly large auditorium with a stage at one end. A kitchen, cloak room and foyer also will be on the second floor.

On the first floor will be various meeting rooms, a kitchen and an office for the board of directors. The basement which has the same floor space as the first and second floors will be developed later for recreation.

The property was acquired by the post April 10, 1944. The new building is expected to be ready for occupancy by June. The organization at present occupies two floors at the River Ave. address.

The national VFW was founded in 1899 and predates organization of the USVW and the American Legion. It was organized for all service men who served on foreign soil or in foreign waters.

The local post was organized June 11, 1931, with 39 charter members. John Bremer was the first commander. Other commanders serving in rotation were John Homfield, Archie Van Der Wall, Charles Ash, John Sundin, Frank Jilison, John Tiesenga, Paul Wajahn, Watson Lundie, Shud Althuis and Peter Borchers. Russell V. Huyser is the present commander.

The organization sponsors a widows and orphans home at Eaton Rapids where widows and orphans are taken in at all ages. Children are provided schooling through high school or until they are 18 years old.

Present officers are Huyser, commander; Oscar P. Peterson, senior vice commander; Oscar Van Anrooy, junior vice commander; Paul Wajahn, chaplain; Watson Lundie, officer of the day; Len Overway, quartermaster; Ben Roos, adjutant; Fred Kolmar, sentinel; Henry Klomparsen, quartermaster sergeant; John Tiesenga, sergeant major; Peter Borchers, post advocate; Peter Sierma and Louis Tenchink, color bearers; Henry Woudstra and George Van Der Wall, color guards; Harm Van Ark, Peter Sierma and John Sas, trustees.

The VFW flag for members and sons and daughters of members in service bears 232 stars. Twenty-nine were in the service but did not go overseas. A total of 197 joined the VFW while still in service.

Serving on the building committee for the new headquarters were Paul Wajahn, president; Harry Griffin, vice president; Frank Jilison, secretary-treasurer; Watson Lundie, Peter Hardenberg, Shud Althuis, Oscar Van Anrooy, Oscar P. Peterson and Russell Huyser.

Two Zeeland Men, Long Missing, Presumed Dead

Zeeland, Jan. 10—Corp. Laverne Van Dyke, missing in New Guinea for almost three years, has been officially declared dead, according to a notice which his father, Isaac Van Dyke, 141 South Maple St., received from the War department a few days ago.

Corp. Van Dyke, who was director of art in Flint before his induction in June, 1942, had been missing since Jan. 18, 1943, while on an aerial reconnaissance mission over enemy-held territory on New Guinea. He was one of a crew of air corps men whose plane took off from Jackson Drone at 9:45 a.m. that day to fly over the New Guinea coast from Buna to Dona-Zaka.

No sign of the plane or its crew has ever been found. Intensive search for evidence of a wrecked plane was continued for several days without success, and to date there is no official information as to the fate of the crew members. It is considered possible that the plane may have been forced down at sea and lost.

Van Dyke, who would have been 41 years old next March, was an artist by profession and had studied at the art institute in Chicago and in Detroit before becoming director of art in Flint.

Surviving are the father; a brother, Russel, of Rochester, N.Y.; and a sister, Dorothy, a registered nurse employed by the Grand Rapids city health department. His mother died about 24 years ago.

Alma Goes Strong Late in Game to Beat Hope, 73-60

The combination of a fancy shooting Alma college basketball team and a tired group of Hope players Wednesday night in the Holland armory turned what seemed imminent victory into defeat for Hope, 73-60.

It was Hope's second MIAA loss in three days, Albion having beaten them last Monday.

Except for about four minutes at the start of the game Hope led all the way. They held margins of 19-12, 21-14, 30-25, 36-31, 45-37 by out-running, out-jumping and out-fighting the Scots. But with 10 minutes to go, they tired fast and Coach Bud Hing didn't have the reserves to stem the onslaught which finally turned into a rout.

The Scots missed few shots in that last 10 minutes of play. They missed by one point doubling their score in that time.

After a free-shooting first half Hope led 36-33. But the scoring practically stopped when the second half got underway. Hope slowly built up a 45-37 advantage. Then like a bolt out of the blue the Scots came back, whizzed to a 47-47 tie. Hope caught fire too and held on for a couple of minutes and the score read 53-52 for Alma. But the Dutchmen couldn't hold any longer and when the clock showed four minutes to go Art Slager and Lloyd Heneveld of Hope were on the bench with five fouls and the Scots held a safe 63-56 margin.

Ken Zuverink sparked the Dutch into a lead soon after the game started with 14 of the first 23 points Hope scored. He kept Hope in the game after Alma took the lead midway in the fourth period with a total of 24 points, high for the evening. Lloyd Heneveld had 13.

For Alma, Bud Howe, all-league player before he entered the army, had 21 points. He was ably assisted in the scoring column by Pete Greenhoe and Al McQuaig, with 17 each.

**Charges Jurors
Being Influenced**

Lansing, Jan. 10 — Prosecutor Victor C. Anderson today charged an attempt to improperly influence prospective jurors for the trial of former Michigan Republican boss Frank D. McKay, petitioning Circuit Judge Louise E. Coash to issue a show cause writ against five individuals on contempt charges.

Anderson said the alleged conspiracy was founded to not only influence jurors but to discredit the prosecution on the eve of the McKay trial scheduled to start Monday in Mason.

Basing his petition on six affidavits, the prosecutor charged jurors were mysteriously contacted and grilled or their beliefs and, in one case, threatened.

The petition named Edwin A. Goodwin, publisher of the Michigan State Digest, Ira H. Marmon, chief of the Michigan State police detective bureau, and three other individuals identified only as Jack A. Wilson, a Mr. Susman, alias John Doe and Richard Roe.

McKay and four co-defendants including William H. McKeighan, former Flint mayor, Fisher Layton, former highway department personnel chief, and Earl and Charles Williams, Detroit liquor sales agents, are charged under a grand jury operation by manipulating liquor orders and sales.

Anderson described the petition ordering the five men to show cause why they should not be cited for contempt a "quasi-criminal" proceeding. He said Judge Coash would set a date for hearing on the petition.

Court contempt under Michigan law is punishable by a fine or 30-day jail sentence.

Special grand jury Prosecutor Kim Sigler, who is preparing the state's case against McKay and the four defendants, said he had "no comment" to make on Anderson's petition.

Affidavits were signed by Edna Reuling, Lansing; Edna Williams, Lansing; Mrs. Elma C. Bombenik, Lansing; Mrs. Dena Morgan, Haslett; Edith Roberts, Okemos; and Mrs. Hattie A. Wyckoff, Lansing. All said they received calls from the mysterious Wilson about Dec. 28 or 31.

The affidavits each said that the so-called Wilson identified himself as a circuit court official or representative of the judge, asking the prospective jurors to state their religion, politics, occupation, family status, previous jury service, and other personal information.

Mrs. Morgan, one of 100 jurors already drawn for the court panel, said her conversation with Wilson ended with a threatening tone. She averred that Wilson asked about her husband and when he found the couple had no children he allegedly said, "Well, you are the only one he has to leave then."

The affidavit said Mrs. Morgan interpreted the remark to mean that something might happen to her husband.

State toxicologist C. W. Muehlberger reported here today that candy which Rev. Frank E. Siple, Southlawn Church of God minister, is accused of giving to Lyle Doan, 42, an elder of the church, contained poison.

Siple, 33, waived examination today before Justice of Peace Willard McIntyre on a charge of attempting to murder Doan. Doan accused the pastor of hitting him on the head with a 14-inch lead pipe as they were sitting in Doan's car. The pastor was unable immediately to provide \$10,000 bail set by Judge McIntyre, and was remanded to jail.

Dr. Muehlberger reported to Menso R. Bolt, Kent county prosecutor, that the fudge sent to him for analysis contained 23.7 grains of phenol-barbitol per ounce.

"This amount might produce serious poisoning if as much as an ounce were eaten," the toxicologist said.

The arraignment had been twice postponed while mental and physical examinations of Siple were conducted. The sanity test has been completed, Bolt said, but results have not been revealed.

**State Sugar Refineries in
Pepsi-Cola Negotiations?**

Wall Street gossip includes Michigan's beet sugar company in these negotiations. A recent issue of the Investor's Reader of New York carried the following item about corporate mergers:

"Another story is that Pepsi-Cola will acquire the \$8,500,000 Michigan Sugar Co., a midwestern beet sugar producer. Pepsi-Cola is after sugar, not dividends."

"It acquired a large sugar plant and mill in Cuba in 1943. And only recently sugarmen report it has leased storage space from the Isabella Sugar Co."

**Says School May
Close Without Aid**

Lansing, Jan. 10 — Wayne university faces the prospect of closing its doors to thousands of qualified students unless the state provides financial aid or takes over operation of the institution, members of the legislature's finance committees were told last night.

Dr. David D. Henry, president of the university, said \$3,000,000 is urgently needed to provide facilities for a rapidly growing enrollment.

He said a new classroom building and science and laboratory structure are necessary.

A. D. Jamieson, vice-president of the Detroit board of education, said the board believes future welfare of Wayne demands that the state assume complete financial responsibility and authority over the university. If the state decides not to take over the institution, he said a joint control program might be worked out.

Wayne enrollment is now 12,500 students, including 1,274 veterans. Dr. Henry estimated veteran enrollment would increase to 3,000 by next school term.

Expert Shooting Enables Dutch to Beat Bucs, 56-39

The Holland High school basketball team won its second Southwestern conference game against one league defeat at the Holland armory Friday night, overwhelming Grand Haven, 56-39 with some expert marksmanship.

Connecting from the floor with remarkable consistency and with big Bob Van Dyke doing a nice job on the backboards the Dutchmen poured 27 two-pointers through the hoop.

The contest was played on a slick armory floor before a packed house and the boys slipped around like butter on a hot knife. Like many times last season, when big crowds jammed into the place, moisture coated the floor.

The closest the Bucs could come to tying the Dutch was midway in the second quarter when they worked a 16-6 score to 18-14.

Because of the slippery floor neither team had a chance to open up with the fast break. It kept the game cooled down, few fouls were called and each player had plenty of time to concentrate on his shots.

Bob Van Dyke led scoring for the Dutch with 15 points followed by Jack Van Dorpe with 10. Johnny Van Straat and Bud De Witt shared Grand Haven's scoring honors with 12 apiece.

Holland looked greatly improved over their performance against Benton Harbor a couple weeks ago which found them on the short end of a 60-22 count but playing under the slippery conditions which existed last night it was hard to determine just how much better the club actually was.

Grand Haven definitely lacked polish and class. Van Straat and De Witt seemed to be pretty fair boys and a lanky guard, Gene Ribbink, also showed promise but they were definitely outmanned by the Dutch.

The locals drew to a 10-4 lead at the quarter and from then on it was largely a case of the team with the best marksmanship moving ahead. The Maroon and Orange took a 26-15 halftime lead and led at the third quarter 44-33 and Coach Malcolm Mackay started using his reserves.
