Car Slides Into Big Auto Carrier Near Saugatuck

SAUGATUCK (Special)—The return trip from their youngest son's wedding in Wisconsin ended in tragedy for the John R. Weber family of East Grand Rapids Monday afternoon when Mrs. Weber was killed in a crash just north of here on slippery US-31.

East Grand Rapids Fire Chief John R. Weber, 54, was driving his car north toward home when it skidded while rounding a curve just north of the south entrance of Saugatuck and crashed into an unloaded auto-carrier that was traveling south.

Mrs. Weber, 53, died at Holland Hospital at 6:15 p.m. of a skull fracture, internal injuries and compound fractures of both legs.

State Police Troopers William Ogden and William Eichler of the South Haven post, who investigated, fixed the time of the accident as between 3:30 and 4 p.m.

The father also was taken to Holland Hospital and is being treated for head abrasions, right knee lacerations, fractured ribs, bruised shoulders, fracture of ankle and toes and a bruised right hand. He also is suffering from shock. His condition Tuesday was described as good.

Driver of the truck was Lawrence F. Gabover, 29, of Chicago. He is undergoing treatment for internal injuries and shock. His condition was described as good.

The troopers said eyewitnesses saw the northbound car skid on the curb and slide across the highway as the southbound truck driver frantically headed for the shoulder of the road in an effort to avoid the collision. The big rig was almost off the road when the impact occurred, police said.

The victim was pinned in the front seat of the demolished 1951 model car and a wrecker was used to pull the car and truck apart so they could get her out.

It was extremely slippery at the time and snowing.

State police at South Haven were considerably puzzled by the call to the accident scene. An excited caller said, "Send two ambulances near and Sands Hotel." Then the caller hung up.

Because there is a hotel by that name near South Haven they sent two ambulances to that vicinity. However, the ambulances returned and police started to trace the call. They found it came from the Saugatuck vicinity and thus called Holland police who dispatched two ambulances down US-31. There is a Sands Motel near the scene. The ambulances finally found the accident and brought Mr. and Mrs. Weber to Holland Hospital. Gabover was brought to the hospital in the rear of a cleaning truck.

Three sons were in Holland Tuesday. They are Robert, Weston and John, Jr., all of Grand Rapids. Other survivors are five grandchildren, and Mrs. Weber's mother, Mrs. Mary Laban of Grand Rapids.

The body was taken from Dykstra Funeral Home in Holland to the Hollebeck Funeral Home in Grand Rapids Tuesday.

The Weber family lives at 420 Gladstone Ave., S. E., East Grand Rapids.

The youngest son, John, Jr., was married in Racine Saturday and the parents were coming from Chicago, where they had spent Sunday night, when the accident occurred. A crumpled corse was found on the front seat of the tangled wreckage of the car.

Interest Date Named In Condemnation Case

GRAND HAVEN (Special)—Circuit Judge Raymond L. Smith today filed an opinion establishing July 11, 1953, as the date that interest shall be computed in the case of Highway Commissioner Charles M. Ziegler versus Holland Rendering Works for condemnation of private property for highway purposes in Holland township.

On Sept. 26, 1952, a certificate of necessity for land was filed and on July 11, 1953, the court affirmed the award of three commissioners in the amount of \$80,220.10.

A dispute followed on which date the interest should be computed. The highway commission claimed the interest should not run until the court ordered payment of the amount, and the owners claimed that interest runs from the date of the actual taking of possession of the land until the date of payment of the award.

MUSKEGON (Special)—Dr. Henry J. Pyle, 61, native of Zeeland and longtime summer resident and cottage owner at Macatawa Park, died of a heart attack at about 8 a.m. Tuesday.

Plans Under Way For Hobby Show

Initial plans for another hobby show in Holland to be held in Netherlands Museum Feb. 22 through March 5 were made at a meeting of the Community Service Committee of the Chamber of Commerce Tuesday afternoon at Chamber headquarters.

John Emmick was appointed general chairman of the hobby show which will welcome exhibits from all persons in Holland area over 10 years of age. Plans also are under way to expand the exhibits to include some collector's exhibits, the choice to be determined by room available.

It was emphasized that although the age limit is under that of previous years for exhibitors, there will be a definite division between youth and adult and all classifications will be clearly defined.

Joe Moran, a member of the committee, is surveying possibilities of expanding the "youth" section of the hobby show to include a talent show in the high school during the same period.

Nothing definite was determined, and such plans may be given further consideration next year when staging a hobby show in the new recreation center is a good possibility.

Early appointments made by Emmick include the following: Bert Selles, photography; Bob Mason and Arthur Sas, railroad; Louis Mulder, arts and crafts; Jim Frans, collections; Mrs. C. C. Wood, textiles. Other chairmen will be named later, and each chairman will have his own committee of helpers.

Barr is expected to make suggestions to the group, after his visit, based on his experience in operating a similar building.

Attending the meeting were Chairman Clarence Klassen, Arnold Hertel, Ward Hansen, City Manager Harold C. McClintock and City Clerk Clarence Grevengood.

Board Adopts Salary Schedule For Coming Year

A salary schedule for 1954-55 which provides general increases of \$50 to \$150 for women teachers over the current year was adopted by the board of Education at its regular meeting Monday night.

The new schedule calls for a minimum salary for women teachers with an A.B. degree of \$3,200 and M.A. of \$3,400; and a minimum salary for men with an A.B. degree of \$3,300 and M.A. of \$3,500. The new schedule also extends teaching experience to 15 years with a maximum for women with an A.B. degree of \$4,600 and M.A. of \$4,800, and a maximum for men with an A.B. of \$4,700 and an M.A. of 4,900.

The current schedule calls for starting salaries for women with an A.B. degree of \$3,050 and men of \$3,000 and a 14-year maximum of \$4,450 for women with an A.B. and \$4,600 for men with an A.B. degree.

The new schedule also decreases the differential between men's and women's salaries by \$50. The old schedule lists a \$150 differential and the new schedule a \$100 differential. The \$200 differential between A.B. and M.A. degrees is unchanged.

The board estimates the cost of effecting the new schedule next year, based on the present number of 137 teachers (90 women and 47 men), will be \$19,000. Members of the committee on teachers working out the new schedule are Mrs. John K. Winter, Lester J. Kuyper and James A. Hallan.

The board okayed a recommendation of the ways and means committee on investing \$900,000 income from the sale of the school district bonds. The plan calls for investing \$650,000 in the Michigan National Bank at 2 1/2 per cent for six months or more, \$165,000 in the Michigan National Bank at 2 per cent for three months and \$85,000 in Peoples State Bank of Holland in a cash account. The school bonds which will finance a fifth elementary school, provide a two-room addition at Longfellow school and enlarged elementary school sites, were sold at an overall interest rate of 1.76 per cent.

Supt. Walter W. Scott reported on developments on plans for the fifth elementary school and the two-room addition to Longfellow stating consideration is being given to self contained classrooms.

The board also passed a resolution introduced last month turning over \$35,985.03 from the elementary school site to the second-ary fund in accordance with changes in the school program after the 24th St. site was acquired through condemnation.

All board members were present at the 2 1/2 hour meeting over which Mrs. John K. Winter, president, presided. Mrs. Winter also gave the invocation.

Mercury Slumps In Holland Area

Snow flurries continued to flutter down in the Holland area and the mercury was hugging the teens as thermometers registered a chilly 13 above zero Wednesday. Low during the night was 11.

A total of eight inches of snow fell in the area between 5 p.m. Monday and 5 p.m. Tuesday and added to another one-half inch during the night made a total of 12 inches on the ground Wednesday.

Holland appeared to be in a snow belt that extended along the western shore of Lake Michigan Tuesday afternoon. Areas east of Zeeland were relatively free of snow. However, both to the north and to the south, there were large doses of the white stuff.

The Chicago mail train, normally due in Holland at 4:30 a.m., didn't arrive until 9:30, but post office officials blamed it on mechanical troubles rather than the weather.

Midland Favors Big Bond Issue, 4 to 1 Majority

MIDLAND—Midland school voters Tuesday approved a \$4,700,000 bond issue by better than a 4 to 1 majority.

A total of 2,590 votes were cast on the tax limitation increase with 2,045 yes, 489 no, and 56 spoiled ballots. For the proposal to issue the bonds, 2,508 taxpayers voted 2,000 yes, 458 no, and 50 spoiled ballots.

The vote was the heaviest on record for a school bond issue in Midland—something to be expected in view of the fact that the city district recently annexed nine rural districts.

VI BERENS (left) of Bentheim, and Jean Madderom of 1250 Beach Dr., Central Park, know now that they "shoulda stood in Florida." The two girls took a holiday vacation at Clearwater in the Sunny South and lolled on the sprawling beach, a far cry from the drifting snow banks to which they returned. Some of that sunshine — so bright it forces their eyes shut tight — would go a long way in settling this snow business in Michigan.

Jail Escapee Has Long Record; Is Still Missing

GRAND HAVEN (Special)—Edward T. Van Dusen, object of a wide search since his escape from Ottawa County Jail Sunday night, has a well established reputation as an "escape artist," it was revealed Tuesday.

The 30-year-old federal prisoner, awaiting sentence on a charge of transporting a stolen car across the state line and of impersonating an Army sergeant, has previously escaped from three prisons, including a federal reformatory, and four times has been returned to prisons for parole violations.

District Attorney Wendell A. Miles of Holland said Van Dusen has been in and out of prisons for about the last 15 years. His record starts as a juvenile when he was committed to a juvenile reformatory in California. He escaped from that institution and was not apprehended until 1941 when he was sentenced to five years imprisonment for burglary at Sacramento, Calif. Shortly after being placed on parole, he stole a police car and was committed again.

After a parole in 1943 he is said to have enlisted in the Army under an assumed name. In 1944 he was sentenced to a federal reformatory at Englewood, Colo., but escaped. He was recaptured and committed to the federal penitentiary at Leavenworth, Kans., where he served his term and was released in March, 1948.

Upon his release from Leavenworth, he was sentenced to California on a detainer for violation of his parole of 1943 and was committed to San Quentin. Released on parole in 1949, he was returned for parole violation a short time later. He was released in 1950 but was returned to San Quentin in 1952 and released later that year. Early in 1953 he was sentenced to serve 1 to 5 years on car theft and was transferred to the Duell Vocational Institution where he escaped last November.

His current charge started with stealing a pickup truck in Sacramento, abandoning it in Nevada, then traveling with a disabled Korean veteran to Colorado where he purchased an Army uniform and took his companion's car and papers. Posing as a disabled Korean veteran he traveled considerably and finally was apprehended in Bessemer, Mich., where he passed a worthless check.

Van Dusen escaped by sawing through four sections of bars with a blade of a hacksaw, using soap to deaden the sound. His three companions in the cell who witnessed the operations were Thomas and William Hills, awaiting trial on breaking and entering charges at a Holland supermarket, and Erwin Slack, held on assault charges.

It was about 7 degrees above zero when Van Dusen clad in a light Army jacket and trousers let himself down from the second floor with an 18-foot rope he braided from a canvas mattress cover. A pickup truck parked nearby was recovered near Jackson Monday morning. A 1952 car with New York license plates is still missing.

Car Skids Into Train

A 1950 model car was judged a total loss after it skidded into the side of a train at the 12th St. crossing before noon Wednesday. The driver, Shirley Nivison, of 240 East 12th St., received a cut lip. Police said she was driving east on 12th St. when the car skidded some 50 feet before striking the train.

Restitution First Consideration in Vandalism Case

GRAND HAVEN (Special)—Four of the five young people who pleaded guilty Dec. 13 to charges of malicious destruction of property in connection with entering a Lake Michigan cottage Dec. 13, were placed on probation by Circuit Court Monday, and each was ordered to pay \$76 restitution.

In disposing of the cases, Judge Raymond L. Smith said, "We are not going to take a soft attitude in these cases of malicious destruction. People of this community are entitled to feel safe in the protection of their properties and there is entirely too much of this kind of destruction going around in Ottawa County. If there is anything this court can do to stop it, we are going to do it. Before we consider anything else in these cases, we are going to see to it that these property owners are fully and completely reimbursed for this unwarranted destruction of their property."

The case involved vandalism at the R. Doezaema cottage in Grand Haven Township in connection with what officers termed a drinking party last Dec. 13.

The two girls, Shirley Rezy, 17, and Nancy Lou Bray, 17, both of Grand Haven, were placed on probation two years, observe a midnight curfew and pay \$3 a month oversight fees, besides the \$76 restitution. Two youths, Merinus M. M. Hittman, Jr., 19, and Raymond Donald Beebe, 20, also of Grand Haven, also were placed on probation two years, and ordered to pay \$25 costs and \$5 a month oversight fees, as well as the \$76 restitution and put a minimum of \$5 each week into the bank. All four must refrain from using intoxicating liquors or frequenting places where it is sold or served.

A fifth member of the crowd, Edward Wellman, 20, Grand Haven, said he was not prepared to make restitution at present and will return Jan. 29 at 10 a.m. A sixth member, a 16-year-old girl, was referred to Probate Court.

An outgrowth of this vandalism case, two others were arrested for allegedly selling a case of beer apiece to Beebe. The two men, William Robinson, 59, route 1, Grand Haven, and Howard Lewis, 54, of 124 Washington, Grand Haven, were sentenced to pay fine and costs of \$200 each when they appeared before Judge Smith this morning.

Eastmanville Man Named to County Road Commission

GRAND HAVEN (Special)—Richard Ossewaarde, 55-year-old Eastmanville businessman, was elected to the Ottawa County Road Commission on the first ballot taken at Wednesday's meeting of the Board of Supervisors. He received 19 of the 30 votes cast. Other candidates were Henry A. Geerlings of Zeeland, Henry De Ridder of Port Sheldon Township and George Newhouse of Jamestown.

Ossewaarde will succeed Peter Vanden Bosch who resigned effective the first of the year. His term runs one year before expiration. The board accepted reports of the West Ottawa Soil Conservation District, the adult probationer and friend of the court, register of deeds, county treasurer, probate court, sheriff's department and county agricultural agent.

James S. Van Volkenburg, secretary of the Ottawa County Department of Social Welfare, submitted the department's 14th annual report, which was adopted with proper consideration for a \$5,000 deficiency including \$4,500 for the infirmary and farm and \$500 for administrative expenses.

A resolution from the Ottawa County Farmers Union opposing the Benson plan was received. Another resolution by the rules and legislation committee asking the board to favor an amendment to consider unsettled indigent persons residents of the state the same as TB cases with expenses to be reimbursed by the state, also was received.

The board turned down a resolution from the rules and legislation committee to favor a simultaneous small game season with no exception for pheasant season. There was considerable discussion before the board rejected the measure.

The board heartily approved a recommendation submitted by James E. Townsend of Holland commending Mrs. Ruth Van Duren for her 10 years of serving the county as county agent and wishing her success in her new appointment at the Muskegon Area Child Guidance Clinic.

A resolution also was read on the death of Supervisor John H. Ter Avest which occurred unexpectedly Dec. 1.

Eight supervisors and two members of the Social Welfare department plan to attend the State Supervisors' convention in Lansing Jan. 26, 27 and 28.

The board adjourned subject to the call of the chair.

Dutchmen Regain Undisputed First With 73-67 Win

Hope College took undisputed lead in the hot MIAA race here at the Army Saturday night by defeating Albion College the "hard way" by a 73-67 score.

A capacity crowd, with many fans turned away, was on hand to witness the tangle between two of Michigan's hottest teams. Hope continued undefeated in the conference, and Albion dropped its first game in 10 starts.

The first quarter, however, saw a shocked and confused Dutch team. After two minutes of play, Albion had zipped to an 8-0 lead with Hope stalwarts Bob Hendrickson, Bob Visser, and John Brannock each racking up two personal fouls apiece. Ill fortune continued to havo the locals as they dropped further behind 11-0. The Dutchmen were not shooting enough, and when they did, the forward wall was not ready for the rebounds. The Britons were cleaning off the boards without any objection from the idle locals. After five minutes of play, Hope had already spotted the Britons 15 points while they themselves were scoreless.

The hungry fans roared when Visser finally broke the ice for Hope and scored on a long shot. Brannock followed with a two-pointer and brought the count to 16-4. The tragic first quarter finally ended with Hope behind 20-9.

Throughout the first canto, Albion's Cedric Dempsey refused to be stopped, and in the second quarter he pushed the tally to 23-9. Coach John Visser then initiated the same full-court press, which a week before had slashed a De Pauw 15-point lead, and again it paid off. Hendrickson hit for 2; Dwight Riemersma and Willie Rink matched baskets to bring the count to 23-16; and Bob Wagner and Riemersma scored only seconds apart to make it 25-20.

The Dutch strategy had the Britons thoroughly rattled and the fouling shifted to their discredit. Bob Friberg, Albion's ace guard, was hit the hardest by the misdeeds as he committed four personal fouls.

The Dutch managed to whittle 11 points off the 15-point deficit, and at the half it was still Albion 38-24. But the free throw bugaboo was back again, and the Dutch hit only 8 out of a possible 19. Albion, on the other hand, had cooley dropped in 12 of 16 attempts at the foul line. Hope had come back in championship form, however, and Hendrickson was playing the game of his life as he dumped in 14 points in the first half.

In the first seconds of the second half, it was all Hendrickson as he ran around Albion's Travis Barker to score Hope's first five points in the third canto. Albion was now clinging to a skimpy two point lead, 41-39. Wagner brought the fans to their feet as he knotted the score 41-41. The cheers hadn't yet subsided when Wagner again followed with a two-pointer to make it Hope 43 and Albion 41.

The lead see-sawed momentarily, but John Adams, Hendrickson, and Brannock matched talents to make it 54-48 over the Britons. It was a bad moment for Albion's Friberg, when he ran head-long into Wagner to commit his fifth foul. Only seconds later Wagner had to leave the game on the same count. With two minutes remaining in the quarter, Briton center, Barker, fouled out, and Adams and Rink pushed the Dutch lead to 58-52 as the frame ended.

In the final stanza, Hope was the aggressor and the lead went to 62-56 on Hendrickson's jump-shot. Two of Albion's remaining three starters, John Hannett and Dempsey, fouled out only 15 seconds apart leaving only Don Roe as the only Briton original on the floor. Roe brought the count to 66-60, and then Hendrickson made it the third Dutch player to leave the game on personals. Roe tallied six points in the final frame, but it wasn't enough as Norm Cramer, Visser, and Brannock combined for seven points to down the Britons 73-67.

High point honors went to Dempsey with 21 for the losers and Hendrickson with 26 for Hope. Hendrickson was at his best, and after the first quarter he mastered both boards. Albion put three different men on "Henry" in an attempt to stop him, but they succeeded in only fouling out of the game. Adams, Brannock and Wagner supported the lanky center with 11, 8, and 8 points respectively.

Hope's weak-spot was at the foul line. Albion made good 31 free throws while the Dutch tallied only 21 out of 45 for 46 per cent.

A graduate of Ohio Wesleyan University and Ohio State University, Dickman taught part of a year at Goner, Ohio, before entering the United States Navy from 1917-1919. Returning he taught at Watakineta, Ohio, for one year before coming to Lake Odessa where he spent two years.

Home Team Takes Early Lead, Keeps It to Win 57-34

BENTON HARBOR (Special) — It was a dismal night for Holland High's basketball team at Benton Harbor as the Dutch fell behind the Tigers in the first quarter at one time 14-0 and just never could make up the difference as the game ended in a 57-34 win for the home team at the Naval Armory here.

Coach Fred Weiss' crew hit on a mere 11 out of 55 outcourt shots for 20 per cent and 10 out of 17 free throws.

That's about the story of the game as the Tigers kept Holland shooters outcourt most of the evening and the locals just couldn't seem to find the mark.

It gives Holland a season record of three wins and four defeats.

Benton Harbor stepped right off to a 14-0 lead before Holland was in the game and from then on it was an uphill fight all the way. The Dutch weren't getting the rebounds and weren't hitting on their shots. At the end of the quarter it was 18-7 in favor of the home team. During the period Holland got just six rebounds.

Big James Reynolds, Benton Harbor center, made 7 of the 18 Benton Harbor points during that period and most of them were from close in. The big 6'1" pivot man weighs a husky 180 pounds and is just a sophomore.

Holland starters were Dick Plagenhoef and Ron Isaacs at forwards, Mark de Velder at center and Bob Van Dyke and Paul Beukema at guards. Before the evening was over, Coach Weiss had emptied his bench. He sent in an entire new team during the final minute as did the home team.

In the second quarter Holland crept to within five points of the host team but still trailed 24-16 at halftime. During the quarter the Dutch started to hit a bit better and got seven rebounds.

The third quarter ended with Holland on the short end by a 36-27 count. During the time Holland got five rebounds. And as the horn sounded the locals found they were hard pressed and knew they would have a tough time catching up.

The fourth quarter was the clincher as the Tigers dumped in 24 points to a mere 7 for Holland. During the time Holland got just three rebounds.

During the evening most of Holland's shots were from outcourt as the locals just couldn't seem to penetrate the shifting Benton Harbor defense. And for the entire evening the locals threw 13 bad passes and got 10 offensive rebounds.

Holland had 14 foul shots called against them during the first half and 25 for the evening. Forward Isaacs fouled out with 3:25 left in the game and Benton Harbor lost Guard Ken Dyer with 4:16 left in the game.

Holland's high scorer for the evening was Beukema with 11 while Reynolds was far and away the leading scorer in the game with 20 points. The big fellow made eight field goals and four free throws. At that he missed five three throws.

Holland sees action against the Grand Haven Buccaneers next Friday night at the Armory.

Judge Miles Flies East For Kuntz Custody Case

MEDIA, Pa. — Judge Frederick T. Miles of Grand Haven, Mich., flew here at his own expense Thursday to explain why he awarded the 17-month-old daughter of a murdered couple to the child's maternal aunt.

Miles, Ottawa County probate judge, said he made his surprise appearance because he has a "friendly interest" in a subsequent custody case.

The case centers about little Patricia Ann Kuntz. Her parents, Mr. and Mrs. Andrew Kuntz, were murdered last April 10 by a neighboring farm hand in Robinson Township near Grand Haven.

Miles awarded the child to Mrs. Robert Stackhouse of Newton Square, Pa., a sister of Patricia's mother. Mrs. Elizabeth Kovacs of Grand Haven, the child's paternal grandmother, later petitioned the Delaware County Court to have the child turned over to her.

Miles told Judge E. Leroy Van Roden he awarded Patricia to Mrs. Stackhouse because she and her husband were about the same age as the child's slain parents. The Michigan jurist volunteered to testify in Van Roden's court but preferred not to be sworn in as a witness.

Patricia currently is living at Newton Square with Mrs. Stackhouse and her husband, Robert. Van Roden did not set a date for future argument in the custody case.

Little Patricia was eight months old at the time her parents were brutally murdered in their home in Robinson Township last April 10 by a 25-year-old farm hand. The murderer, Harold Gregory, was later declared insane and was committed to the state hospital for the criminally insane at Ionia.

Mixing of modern and period furnishings, or period furniture of different styles, in the same room now has the endorsement of many authorities on home decoration.

The plan produces especially pleasing results, experts say, when a relatively large floor expanse of oak or other attractive hardwood is displayed. The exposed floor area, with its mellow natural beauty of grain and coloring, tends to exert a welcome correlative effect on the variously styled pieces, particularly those in which wood beauty is a prominent feature.

Some period furniture is more adaptable to "mixing" than other types. As one home planning specialist points out, Eighteenth Century fits into this category. Graceful and usually made up in such rich woods as walnut, satinwood and mahogany, it blends well with most other periods.

Some styles, too, are especially well suited to certain surroundings. Early American and French Provincial, for example, are most compatible with informal, "homely" settings.

Well Balanced Garden Has Plenty of Birds

"Your garden is not a real garden unless it attracts birds," Frank L. DuMont, director of the Grand Rapids Museum, told members of the Holland Tulip Garden Club at a dessert meeting at 1:30 p.m. Thursday in Fellowship Hall in Third Reformed Church.

Speaking on "Winged Beauty in the Garden," the speaker said 309 birds have been seen in this state and that a garden devoid of birds is not a well balanced garden. He said a feeding station will bring all kinds of birds regardless of season, and ornamental trees and shrubs such as Montmorency cherry trees, mulberry trees, mountain ash, Hawthornes, junipers and viburnums all will attract birds.

"We have cleaned up Nature too much, and therefore there are too few nesting places for birds to hide and take care of their young. If you plan a feeding station, put it close to shrubs or evergreens or foliage of some kind for protection.

Rotarians Hear Talk on Controls

K. R. Haan of Lear, Inc., spoke to the Holland Rotary at the Warm Friend Tavern Thursday noon on "Electronic Flight Control Systems." Haan is a graduate of Oberlin College, and was a fighter pilot in World War II after which he graduated from Cornell Law School. He practiced law in Washington, D. C., until three years ago when he joined Lear as manager of its Government Contracts Division.

The Lear Co. was begun 20 years ago by William Lear who introduced an automatic direction finder. Today its main plant and offices are in Grand Rapids with two branches, one in Ohio and the other in California.

The four basic products include automatic flight controls, missile controls, the yaw damper, and flight indicators, all of which are bought directly by the Air Force. All have one basic system, that of the gyro.

Haan said that because of the terrific developments in aviation which, since World War II, have resulted in planes capable of flying at increased speeds new methods of flight indication were needed. Lear produced a flight indicator which incorporated in one unit an instrument which would show both the direction and the altitude of the plane. This contributed to reduction in two important factors, cost and weight.

Five new members were inducted into Rotary: Andrew Volink with a classification of group insurance; Orville Munkowitz, marine construction; James Hallan, paper box distribution; James Oershaan, transportation accounting; James Lugers, adjusting—automobile.

Junior Rotarians for January were presented by Randall C. Bosch: Roger Garvelink from Holland High and David Vanderploeg from Holland Christian.

Demands Hearing On Homicide Count

Earl Barkel, 21, of 303 East 14th St. Thursday afternoon was arraigned on a negligent homicide charge before Municipal Court Judge Cornelius van der Meulen.

Barkel demanded examination which was set for Jan. 12 at 3 p.m. in Municipal Court. Bond of \$500 was furnished.

Truck Smashed, Driver Not Hurt

GRAND HAVEN (Special) — A 35-year-old truck driver of Marion, Va., escaped injuries but his semi was almost a total wreck when it left US-31 on an S-curve in Grand Haven township shortly before midnight Thursday and crashed into a big tree before rolling over.

Calvin A. Haas, the driver, told undersheriff Harris Nieuwma he apparently dozed off. The trailer load of school desk tops, folding bleachers and bowling equipment was spilled across the highway. The tree which snapped off also fell across the highway.

A road commission crew hauled the tree off the highway and another truck picked up the load. The tractor was a total wreck and the trailer considerably damaged. The truck was owned by Brunswick-Balke-Collender Co. and it was the third trip for the trailer.

Nieuwma was returning home when he lost sight of the lights of an approaching vehicle. He turned on his bright lights and spotted the wreck. State police assisted.

THE DUCHESS IS SLIPPING

The New York Dress Institute has demoted the Duchess of Windsor to tenth place among the "best dressed women."

The would-be queen of England who didn't make that grade is now slipping even in her standing in the dress shops.

Not only is she an ex-would-be queen, she is fast becoming an ex-dresser. A year or two more and she will probably be dropped from the list entirely.

For, roughly speaking, those are the "best dressed" women who happen to be most prominently in the public eye. When a woman like Oveta Culp Hobby is named to the president's cabinet she instantly becomes one of the "best dressed," although the arbiters of fashion had never noticed her taste in clothes before. Or when a former farm girl becomes a Hollywood star, her chances of being included in the list become bright.

The Duchess of Windsor had of course never been noticed by the New York Dress Institute until she snared the royal British simpleton.

Then she was elected, almost inevitably, because she was very much in the news. Since then she has often stood at the top as the "best dressed" woman, again because she remained newsworthy.

But, the world has been forgetting her, and her husband. Her being put down into tenth place is merely a straw in the wind, indicating the disappearance of the duchess from the public consciousness and hence from the news.

Incidentally, it is puzzling to note that Mrs. Eisenhower is entirely absent from the list. If being well dressed goes with being in the public eye, it would seem that "Mamie" should be well up to the top.

The reason probably is politics. A year ago she tied for last place; this year she is nowhere. It seems certain, at least the suspicion will not down, that the strategy division of the Republican high command pulled some wires behind the scenes. How would the farm vote and the labor vote and several other block votes react to the news that the president's wife was among the ten "best dressed" women in the nation? Making the list would probably be a great political liability. And in politics, vote of course always comes first.

Jesus and Nicodemus—John 3:1-16

By Henry Geerlings

Nicodemus was an intellectual. He belonged to the upper class in Jerusalem. He had great influence in his city and among his fellows. He was accustomed to real thinking about the affairs of his nation. He and many others of his kind had been impressed with Jesus and what He was doing. They believed Him to be more than an ordinary individual.

They seemed to be willing to go as far as to believe He was a statesman of no mean ability and that He might be able to do honor and bring an added prestige to their nation. It might be well not to oppose Him but to cooperate with him. It would be a farseeing move to join forces with Him and help along the kingdom of which He spoke so much.

That he might talk over the matter with Jesus, to acquaint him with his own attitude and that of his like-minded compatriots, he came to Jesus and sought a private interview. Much has been made of the fact Nicodemus came by night. He has been called a coward, one who wanted to creep into the kingdom under cover. He has been made to appear in the company of those who want something but who are not willing to pay the price for it.

We have never had the disposition to call Nicodemus names. We do not care to throw stones at him from the safety of nearly two thousand years after the event. We fear to say what we would have done had we been Nicodemus. It is dangerous to attempt to carry courage we think we have back across the centuries and hang it high and say, "That is a sample of what we are."

Maybe he was not a coward at all, but a cautious and timid man, seeking to know only the real situation before he should commit himself. There is a difference between courage and rashness. A cautious and well guarded move oftentimes is more effective than a rash move, even though it may seem like courage. It seems as if the question is not whether he came by night or by day, but whether that he came at all. The thing that commands our real thinking is not the time of his coming but rather the condition of mind with which he came.

Nicodemus was very honest in his introductory remark to Jesus, but he did not understand the nature of the kingdom which Jesus was in the process of founding. He and his ecclesiastical and political contemporaries seemed not to be able to see that Jesus' kingdom was entirely a spiritual kingdom. Honest and sincere as he was in his approach to Jesus, they were spiritual miles apart in their apprehension of the nature of the kingdom.

Nicodemus and his fellows would have been glad to use Jesus as a political brother to the end of a political redemption of the Jewish state. They needed a leader of vision and intelligence and balance and political sagacity. They seemed to think that this young prophet and rabbi would fill the bill. It looks as if Nicodemus had come to Jesus with the thought of making some kind of an agreement with him.

Very evidently Jesus knew all this. He knew what was in man. He read Nicodemus with wonderful understanding. So he saw at once that He must proceed to set Nicodemus right. He must try to get him to see things as He saw them. He must disabuse his mind of his worldly view of an unworthy kingdom. Therefore not with harshness but in all kindness He said to his night caller, "Verily, verily, I say unto thee, except a man be born anew, he cannot see the kingdom of God."

Now it looks as if this shocked Nicodemus into moving wonder. Jesus' words so different from what he expected. It looked to him as if Jesus was talking about impossible things. So Nicodemus came back at Jesus with the question as to how a man could be born when he is old. Well Jesus was talking about one thing and Nicodemus was talking about another. Both were right in the sphere in which each was thinking. Jesus was talking about a spiritual birth and Nicodemus was talking about a natural birth.

Jesus was emphasizing the fact that there is a second birth, but it is the birth of the soul and not of the body. This second birth is a necessary condition of entrance into the kingdom of God. He must be changed on the inside in order to be in harmony with this invisible kingdom. The spirit of man must be in tune with the spiritual.

Traffic Safety Course to Open Here Thursday

The Holland Community Evening School today announced the newest course offered in the adult education program. Director of adult Education, George Lumsden, submitted the new Traffic Safety Course to Municipal Judge Cornelius Vander Meulen.

The new course, designed as an educational series rather than a penalty program, was planned by four qualified instructors who will teach the classes. They are Albert Drost, driver training instructor at Holland High School; Don Oosterbaan, local traffic officer; Robert Strabbing, driver training instructor at Holland Christian high, and Harold Tregloan, vocational instructor at Holland Junior High.

These men hope that the program they have planned will serve to interest the students. The meetings will be held from 7 to 8 p.m. each Thursday evening in room 302 of Holland High School. The instructors will work in teams of two at each session and will use films, film strips and other visual teaching aids wherever possible.

Hope Receives \$30,000 Gift

The Hope College Century of Service fund has just received a gift of \$30,000 from Mr. and Mrs. John Aggen of Fulton, Ill. Dr. Irwin J. Lubbers Hope president, made known today.

Mr. Aggen, a nurseryman, and Mrs. Aggen are members of the Second Reformed Church of that city and have long been active in the work of the Reformed Church.

According to Dr. Lubbers, this is the largest single gift received thus far in the Century of Service campaign which was launched in 1951 to make the period of 1951-1966 an era of building for the second century as 1851-1866 was an era of building for the first century. Only two of the first building era edifices remain. They are Van Vleck Hall, originally a chapel, dormitory and president's home, and now used as a sophomore women's dorm and Knickerbocker Hall which was the former Hope printing office. The second era of building on Hope's campus came at the turn of the century when during a 10-year span Voorhees dormitory, Graves Library, Carnegie Gymnasium and Van Raalte Hall were erected.

Buildings included in the agenda in this second Century of Service drive include Durfee dormitory and a central heating plant, both of which have been completed, the complete remodeling of Carnegie Gymnasium, a men's dormitory and a fine arts building, plans for which are in the progress of completion.

The total amount of the Century of Service drive to be raised during the 15-year period is 2,000,000 Dr. Lubbers said. To date \$504,000 has been given. Of this amount \$220,000 was received through the United Advance, an agency of the Reformed Church in America, \$82,000 from citizens of Holland; \$40,000 from the Women's League for Hope and the rest in individual gifts.

Bonzelaar-Van Harn Rites Read

Mr. and Mrs. Glenn Ellen Bonzelaar

Miss Arlene Joyce Van Harn, daughter of Mr. and Mrs. Abe Van Harn of 642 Washington Ave., became the bride of Glenn Ellen Bonzelaar on Tuesday, Dec. 29, in Zeeland City Hall. The groom is the son of Mr. and Mrs. Gerald Bonzelaar of 319 West 19th St.

The Rev. C. G. Reynen, pastor of Bethel Reformed Church, read the double ring rites at 7:30 p.m. before an arch decorated with chrysanthemums and holiday greens, against a background of ferns and candelabra.

Music was provided by Miss Judy Van Huis and Bob Van Voorst who sang "O Promise Me," "The Lord's Prayer" and "I Love You Truly," accompanied by Mrs. Bob Van Voorst.

Given in marriage by her father, the bride wore a white waltz-length gown of imported French lace and nylon tulle over satin, styled with an empire bodice of lace featuring a bell-shaped insert of illusion below the mandarin collar. The long lace sleeves tapered to points over the wrists and the full skirt of nylon tulle was accented by a panel of imported French lace. White carnations held her fingertip veil of nylon with lace border. She carried a Bible with white carnations and streamers. Her only jewelry was a pair of pearl earrings.

Attending the couple were the brides' twin sister, Miss Aveline Van Harn, as maid of honor; Linda Ruth Bouwman, niece of the bride, flower girl; Kenneth Geurink, cousin of the groom, ring bearer, and Earl Gene Bonzelaar, brother of the groom, best man.

The maid of honor wore a pale yellow dress of net over taffeta with a lace scalloped cape. She carried a bouquet of pink and white carnations and wore a white carnation in her hair. The flower girl wore a mint green dress decorated with yellow flowers and a matching headpiece. She carried a basket of petals. The ring bearer was dressed in a white suit.

Mrs. Van Harn wore a light blue dress and hat and Mrs. Bonzelaar, a pale pink ensemble. They had rose corsages.

At the reception for 110 guests, Mr. and Mrs. Ben Wabeke were master and mistress of ceremonies, Mrs. Justin Bouwman and Mrs. Jim Van Harn arranged the gifts and Mr. and Mrs. William Hildebrand served at the punch bowl. Serving were Misses Arlene Straatsma, Carol Veenhuizen, Violet Marlink, Phillis Vilum and Sandra Myrick. A brief program included a marimba solo by Joy Bonzelaar, skit by Mrs. Harve Meyer, Ray Bert Ten Harnel and Mrs. Ray Scholten, and group singing.

The newlyweds now are at home at 21 West 32nd St.

Two Appear on Alimony Counts

GRAND HAVEN (Special) — Lawrence Robert Hyma of Holland was brought before Circuit Judge Raymond L. Smith Monday afternoon for failure to pay alimony according to a divorce decree awarded his former wife, Elsie May Hyma, July 12, 1952, when he was ordered to pay \$15 a week for the support of his three minor children. Upon his express promise to turn over the entire amount of a check he has coming, the court released him.

Ivan James Stam of Holland also appeared for non-payment of alimony. According to a divorce decree awarded last June 4 to his wife, Florence Ellen, Stam was ordered to pay \$30 a week for the support of his three children. After appearing in court last August, this was reduced to \$22.50. It was reported he is in arrears \$577.50. The court ordered him to pay \$30 a week, \$22.50 of which is for current alimony and the balance of \$7.50 to apply on arrears.

Walter Mosteller, 47, Grand Rapids, appeared twice on a charge of larceny from a motor vehicle. When arraigned first at noon, he informed the court he thought his case should be handled in a lower court and the judge told him to return later in the day. When he reappeared in late afternoon he admitted having taken the wheel and the involved out of a car belonging to Reliable Garage

Soil Conservation District Meeting Scheduled Jan. 23

A lively program that will include election of officers is lined up for the annual West Ottawa Soil Conservation District meeting Jan. 23 at Allendale Town Hall.

All farmers in Ottawa County, whether tenants or owners, co-operators of the District are urged to attend and cast votes for officers. It is a common misconception that many think only co-operators are permitted to vote, according to Richard Machiele, secretary.

The event will open with a welcoming address by Clarence Reenders, chairman of the district, and will be followed by invocation by the Rev. Roland Rauber, St. John's Lutheran Church.

There will be a novelty act by Jan. Lynn and Dale Wiggins of Grand Rapids and a talk by Russ Hill, secretary of the state soil conservation committee.

Town and country relations will be discussed by George Van Koevring, editor of The Zeeland Record.

Machiele will report on the highlights of the year.

Sam Rymer will act as polling superintendent for the election. After votes are cast movies will be shown and then the election results will be announced.

Coffee, doughnuts and apples will be served.

Nominees for the election are Albert Stegenga of Olive Township and Ralph Schmidt of Polkton Township.

Members of the district board are Reenders, chairman; William Sinderman, treasurer, Machiele, secretary; Edward Dinkel, vice chairman, and Henry Ver Meer and Stegenga, members.

JUDGE CORNELIUS VANDER MEULEN (center) presided at the opening session of Holland's new traffic court that will convene each Thursday night in City Hall. City Attorney James Townsend (right), read a commendation to the judge from Holland law enforcement officials on the occasion of starting his second six-year term in office. The Judge then outlined duties of the court and 10 cases were heard. Officer Dennis Ende (left) is official court officer and gavelled the court to order as the judge entered. (Sentinel photo)

10 Persons Appear In Traffic Court

Ten persons appeared at the first session of Holland's new night traffic court Thursday night. Judge Cornelius Vander Meulen assessed fines and costs totaling \$177.70.

Four of those appearing agreed to attend the driver training course that starts Jan. 21 in room 302 of Junior High School and runs for four consecutive Thursdays. Each session will last for one hour.

Katherine Craig, 34, of Lansing, pleaded guilty to a charge of driving while under the influence of alcohol and paid \$100 fine and \$4.70 costs and another \$50 on a charge of leaving the scene of an accident.

Marvin Knoll, 22, of route 1, paid \$6 for driving on the wrong side of the street and Marilyn Geerlings, 18, of 111 Lakewood St., Zeeland, paid \$7 for running a red flasher.

Cecil Terpstra, 58, of route 4, pleaded guilty to a charge of failure to have his car under control and was fined \$12. However, Judge Vander Meulen suspended the fine in view of the fact that Terpstra has been driving since 1914 without an accident and the roads were slippery at the time.

Ed Plaggemars, 20, of 189 West 14th St.; Esther Ruth Ver Hage, 19, of 445 East Eighth St. and Robert Schoon, 19, of 19 West 31st St., each pleaded guilty to speeding charges and will attend the driver training course.

Robert Krommeyer, 18, of 483 Gordon St., pleaded guilty to failure to yield the right of way causing an accident. He also agreed to attend the school.

Kenneth J. Schultema, 19, of 633 West 22nd St., and Fred Vaas, Jr., 27, of 166 East Eighth St., each paid \$5 speeding fines.

Dramatic Attempt In Final Seconds Fails for Locals

GRAND RAPIDS (Special) — The Hope College Dutchmen lost their first MIAA game Tuesday night to Calvin College at the Civic Auditorium in perhaps the most dramatic showings in the long rivalry between the schools.

An estimated 5,000 people roared as Hope's Harold Molenaar grabbed the ball from a Knight player with seven seconds left in the game. The Dutchmen were trailing by one point, 66-65.

Molenaar whipped the ball to forward John Adams. The clock read four seconds as Adams paused and arched a long back court shot.

The horn sounded as Adams' shot hit the rim. The ball juggled momentarily between the rims and it looked as if it was the game winning shot, but it bounced out of the pocket instead of going through.

The pre-game tension carried into the opening tip from center as Calvin's Paul Newhof and Jim Kok combined on field goals to enable the Knights to take first advantage 4-0.

Guard Don Vroon made it 5-0 before Adams could make it 5-2 for the Dutch. The Hope fast break was in fine form as they seemingly outshined the Knight defense, but the hot-shooting Calvinites managed to hold a 9-7 lead after five minutes of play. The expected Calvin height was at full strength as it played the boards with masterful control. At the end of the period, Calvin led 18-14.

The eager Dutchmen came out in the second quarter with a quick two points by John Brannock to bring it to 18-16. After a basket by Calvin's Tony Diekema, Brannock again kept the locals within two points of the Knights by swishing a long shot. The Dutch uprising was soon stopped as the Knights forged ahead 29-24. Bob Hendrickson, again turning in a superb game, narrowed the lead again with a quick four points.

Calvin's lead sparked momentarily, but Dutch guards, Bob Visser and Bob Wagner, brought Hope within one point 33-32. Seconds later, Wagner knotted the score at 33-all with a free throw. Diekema of Calvin then tallied with a charity toss. It was Adams who brought the coveted lead to the Dutch for the first time as he dropped in a lay-up to make it 35-34. With 10 seconds remaining, however, Garries Timmer recaptured the lead for the Knights as the half ended Calvin 36, Hope 35.

Perhaps the most astounding fact in the first half was Hope's free throw average. Contrary to the Dutch record of late, the locals hit seven for seven or 100 per cent.

Calvin drew first blood in the second half and jumped ahead 38-35. Quick to retaliate, Hendrickson and Willie Rink combined talents to again knot the score at 38-38. It became a battle of giants as both teams fought ruggedly for board control. For the remainder of the game, neither team acquired a distinct advantage in this respect.

With three minutes left in the third stanza, Hendrickson, Rink, and Visser hammered away at the basket to give the Dutch a four point lead 48-44. The score stayed that way for over a minute with both teams at a bit over-eager. It was Calvin that settled down first as they brought the count to 49-49. The canto ended with Calvin again on top 51-50.

The fourth quarter opened with the same unrestrained brand of ball, and after three minutes it was still Calvin 58-56. Calvin held its two-point lead at 60-58 on Gord De Kruyter's basket, but the seasaw affair was not yet finished as Hendrickson made it anybody's game at 60-60. Kok dropped a free throw for the Knights, but Visser kept Hope ahead with two pointer to make it 62-61. With three minutes remaining, Kok added a field goal to Newhof's free throw to make it 64-62 Calvin. Brannock evened the count at 64-64, and Hendrickson put the Dutch ahead 65-64 on a free throw with only a minute and nine seconds remaining.

Kok was again the man of the hour for Calvin as he pushed in

a big two points on a drive-in shot. This left only a slim 32 seconds for the Dutch to regain their lead. Calvin gave Hope every opportunity to do so as they missed four free throws in that interim. As fate would have it, however, Adams shot was just a matter of how it rolled around the hoop.

From every angle, the game was executed in true basketball greatness. Both teams were heads-up all the way. High point honors for Calvin went to Diekema with 18. For Hope, Hendrickson tallied 19 and Adams 14.

At the free throw line it was all Hope as they tallied an impressive 19 out of 27 for 70 per cent. Calvin, on the other hand, made good only 14 out of 33 for 42 per cent.

Maroons Take Off In Early Stages To Post 63-31 Win

A sharpshooting Holland Christian cage squad notched its sixth win of the season Tuesday night on the Armory court, as they coasted to an easy 63-31 victory over the Zeeland Chix. The contest which was played before a full house, is the only scheduled meeting between these two clubs this year.

The outcome was never in doubt as the Maroons took control of both backboards most of the time, and displayed some fancy shooting to down the fighting Zeelanders. Coach Mel Bouma has a comparatively small club at Zeeland, and it just couldn't cope with the Dutch height. On very few occasions did the Chix get more than one shot at the hoop.

Christian's shooting, particularly in the first half, was the best it has been all year. Much of the scoring was outcourt during the early minutes with Jun. Buursma leading the way. Before the night was over, he had connected for seven swishers from out, and he played only three quarters. Ron Nykamp and Carl Edewaards were the big guns for the Dutch on the boards and in the pivot spots.

Zeeland presented a fast scrappy outfit, but found difficulty in connecting on the few shots they were able to take. Speedy John Vanden Bosch looked good, drawing several fouls on drives into the basket. Don Schout, playing center for the first time Tuesday, also did fine work on the boards despite the fact that he was out-gunned.

Neither club was able to use its regular center. Ken Scholten, lanky Maroon pivotman, who has missed the last three games, is still out with a back injury. Dave Tyink, Zeeland's regular center, was injured in a game last week and was not in uniform either.

Both Coach Art Tuls and Bouma used most of the players on their squads. Although Tuls didn't use a complete substitute crew until the last quarter, he did use reserves scattered with the regulars throughout most of the game. The Zeeland mentor also substituted freely in an effort to find a scoring combination.

The two clubs used a fast type of ball whenever possible, consequently the tempo of the game was lively most of the night.

Christian bounced off to a 12-1 margin in the first few minutes of the game, completely sweeping the Chix off their feet. The losers narrowed the count to 13-7 at one stage, before the Dutch were off again to increase their margin to 19-7, at the first quarter horn.

The Tulsman really got hot in the second quarter and were leading 28-7 before the quarter was two minutes old. They continued to hit with consistency throughout the remaining minutes to lead 40-12 at halftime.

Christian's regulars started the third quarter, but didn't stay in long, as Tuls, one by one, replaced them in the lopsided affair. Midway in the stanza the locals held a 50-18 lead. By the end of the third canto it was Christian 55-18.

Zeeland outscored the Dutch reserves in the final period as they finally began to find the range. Frequent jump balls and fouling slowed the pace of the last quarter considerably.

The Dutch also had a good night at the foul lane hitting on 17 out of 28 attempts. Zeeland connected on 11 out of 25 tries.

Ron Nykamp led the Maroon scoring with 17 points, followed by Buursma with 14 and Edewaards with 13. Vanden Bosch led the Chix with nine markers.

Christian's next game is with Muskegon Catholic Central at Muskegon on Saturday night.

Police Warn Against Throwing Snowballs

Police issued a warning that throwing snowballs can be expensive as well as dangerous.

One 12-year-old youngster and his parents discovered the expensive phase after the boy threw a snowball and smashed a car window. The car was a Holland police cruiser.

Chief Jacob Van Hoff said anyone caught throwing snowballs at cars and buildings will be brought into the station and dealt with accordingly.

He also warned children against hitching rides on the rear of cars and then letting themselves be pulled along the icy streets. Van Hoff said, "we've been very lucky in keeping down accidents and this dangerous practice is a sure way to get hurt."

Forum and Book Review Occupy Woman's Club

"What We Can Expect in Holland in 1954" was subject of a forum conducted by a group of city representatives at a meeting of the Public Affairs group of the Woman's Literary Club Tuesday afternoon.

Speaking for the hospital, Director Fred Burd told the women Holland can expect more crowded conditions in 1954, but they also can expect some solid planning to relieve that situation. He said the James A. Hamilton Associates have been retained as consultants for planning a new addition, and the board hopes ground will be broken in 1954.

He gave a simple outline of proposed plans for financing the construction which cost an estimated \$1,100,000. A \$600,000 bond issue for Holland city is under consideration and a fund drive for \$200,000 in adjoining townships. The board hopes a hospital will be eligible for \$300,000 in federal funds.

Burd also explained that plans are under consideration to abolish the differential in rates between city and outside residents. Under such an arrangement, townships would contribute a "fair share" toward the annual deficit in operations.

Mrs. Hazel Hayes, new city librarian, outlined a host of plans for improving the library, looking forward ultimately to a new building "but not at the expense of the schools or hospital."

The energetic new librarian currently is rearranging library equipment, making reading areas for children, young adults and adults. She has moved all the dark board reference books to special stacks in the south annex, making this area of the library accessible to visitors.

"The library has 22,000 books, but a city of this size, particularly a college town, should have 65,000 books," she said. She agreed a new library is not possible immediately, and meanwhile urged everybody to make use of the library. "Children and young people who use a library are least likely to become delinquents," she said.

City Manager H. C. McClinck explained plans for water and light developments in the city and called attention to the new recreational building which is expected to be completed in May. He said the committee would welcome suggestions from the organization on building uses. He gave a bright picture on the electrical expansion program, a slightly darker picture on water problems, saying it is quite likely a bond issue may be required for water improvements. He also pointed to necessary sewer improvements, and the coming paving program in 1954.

Willard C. Wichers, chairman of the planning commission, spoke briefly on the new plan for Holland area, calling attention to the two local problems facing cities all over the United States—suburban sprawl and urban blight. He explained the operation of service areas and said there would be many hearings and plenty of education on the subject before it can be accomplished.

Municipal Judge Cornelius vander Meulen served as moderator of the forum and cut short his remarks on the Greater Holland Community Trust fund.

The meeting was arranged by Mrs. A. C. Yost, co-chairman of the Public Affairs group.

Grace Church Elects Vestry

The congregation of Grace Episcopal Church conducted its annual business meeting Tuesday evening in the parish house, following a parish supper served by St. Catherine's Guild.

Elected to three-year terms on the vestry were Clarke Field, William A. Jesiek, O. W. Lowry and Warren S. Merriam. Lawrence M. Williams was elected to a one-year term.

At the reorganization meeting of the vestry, which followed the annual meeting, Warren R. Townsend was elected senior warden; George W. Copeland, junior warden; Verne C. Hohl, secretary, and William E. Dekker, treasurer. Elected delegates to the 80th annual convention of the Episcopal Diocese of Western Michigan to be held at St. Mark's Cathedral, Grand Rapids, on Jan. 26 and 27, were Richard E. Kearns, Townsend and Hohl. Alternates named are Williams, Edward M. Brolin and Jesiek. Arthur R. Visser, chairman of the new church building committee, and Gerald R. Kramer, building fund treasurer, complete the vestry.

For the third successive year, the congregation unanimously instructed the vestry to "take whatever steps are necessary to complete the new Grace Church building as soon as possible."

The Rev. William C. Warner, rector, presided and reviewed the entire building program. He reported the congregation now numbers 465 baptized members including 346 communicants.

Dekker, treasurer, reported receipts of over \$85,000 since the beginning of the new church building program. Otto P. Kramer, senior warden emeritus, and Alex Avery, junior warden, briefly addressed the congregation. Reports from all parish guilds and other organizations showed completion of a successful year.

City Digging Out From Deep Snow

SNOW SHOVELS were as much in abundance as sleds Monday after a heavy snow fall blanketed Holland. Mrs. Russell Rutgers, Jr., of 270 West 22nd St., bundled warmly against the biting cold, bends to the task of cleaning her walks and driveways. The work was a lost cause as Monday night's snowfall left three more inches of snow and predictions were for more of the same.

(Sentinel photo)

VISIBILITY WAS PRACTICALLY NIL Monday afternoon as winds drove heavy snow in blinding sheets across Holland streets and sidewalks. Traffic was slowed to a crawl and pedestrians elected to remain at home if at all possible. By early morning hardly a vehicle could be seen on the roads except for an occasional truck creeping along.

(Sentinel photo)

Holland was slowly but methodically "digging out" of the winter's most treacherous snowstorm Tuesday, and things were looking up as clogged streets and walks became passable, although dangerously slippery.

The city's snow loader was put to work Tuesday for the first time and plows and sanders were manipulated by the street department most of the night in an attempt to keep ahead of the fast drifting snow.

The snow piled up here to almost nine inches with the addition of almost three inches during the night. It seemed like much more as the wind tossed the white stuff into huge drifts along roads and over the landscape.

Fishermen, in the meantime, viewed the lake with anticipation as ice formed to a hopeful thickness. Coast Guardsmen and Conservation Officer Elmer Boerman warned, however, that the ice is not completely safe. Boerman reported that although there has been some fishing, with only fair success, the ice is safe only in very limited sections and fishermen are warned to use extreme caution if they attempt their luck.

Some school kids in the area got "storm" vacations today as rural roads were clogged by drifts. Some buses from the outlying areas failed to make it to the local high school.

The State Highway Department repeated warning Tuesday about hazardous road conditions. Extensive slippery sections were reported especially in the Port Huron, Holland, Manistee and Traverse City areas. Drivers were advised, however, that roads are icy in nearly all cities and villages and at main intersections throughout the state.

Sligh Urges T-H Adjustments for Employee, Boss

Equitable Revisions Would Gain Support Of American Public

GRAND RAPIDS, Mich. — Charles R. Sligh, chairman of the board of the National Association of Manufacturers, urged Monday night that a revision of the Taft-Hartley law be made to provide "equitable adjustments for both management and labor."

Sligh, a Holland and Grand Rapids furniture manufacturer, addressed the Grand Rapids Furniture Exposition Association at the Piantino Hotel in connection with the semi-annual furniture market here. He is past president of the NAM.

"When the Taft-Hartley law is revised to provide equal responsibilities and equal rights and opportunities for the employee and employer it will have their wholehearted support as well as the support of the American public," Sligh said.

"The interests of the employer and employee are fundamentally the same," he said. "We want industrial peace and harmonious labor-management relations; high wages based on high productivity with sufficient incentive and opportunity for all; working conditions that protect the health, dignity and self respect of each worker; stabilized employment to as great a degree as possible through intelligent direction of all the factors under management control, and a mutual respect for the rights and responsibilities of employees and employers, furthered by full and free interchange of communications."

Sligh urged seven revisions to the Taft-Hartley act to include: Prohibition of recognition strikes; abolition of all forms of compulsory unionism; a stranger guarantee of freedom of speech; clarified procedures to fix union responsibility for its actions; regulations to end uneconomic "make work" practices; a re-definition of secondary boycotts and a return to authority to the states to protect their citizens in labor disputes.

Second Damage Suit Contemplated

ALLEGAN (Special) — A fatal accident Oct. 17, 1952, on US-131 four miles north of Cooper, will result in a second suit for damages, attorneys for the wife of the victim said this week.

An Allegan circuit court jury recently awarded Henry Tuinstra, of Martin, a verdict of \$30,799.78 in his suit against Russell Campbell, Plainwell; Cornelius Lynema, Martin; Edson R. Soop, Grand Rapids, and the Standard Oil company. Tuinstra was permanently disabled in the 1952 accident.

The jury absolved Campbell from blame in the case, bringing in a verdict of no cause for action so far as he was concerned.

Leo W. Hoffman and Dwight Cheever, who represented Tuinstra, said a second suit would be started against the same defendants in behalf of Mrs. Wiede Tuinstra, as administrator of the estate of her husband who was killed in the accident. Wiede Tuinstra, 38, was survived by his wife and three children.

The jury's verdict, one of the largest ever awarded in the local court, probably will be appealed to the supreme court, defense attorneys indicated.

Two Men Escape Serious Injury As Boxcar Falls

Loading Dock Crushed
At Crampton Mfg. Co.
Early This Afternoon

Two men were miraculously alive today to tell what it's like to be around a 25-ton freight car when it topples over.

Bernard Dykema, 29, of 525 Douglas Ave., was working between the loading dock and the freight car early this afternoon while Lawrence Smith, 45, of Fennville, was inside, when without warning the partially loaded railroad car, fell over on its side at the west side of Crampton Mfg. Co.

The car crushed the wooden dock into splinters but the concrete base held the car at approximately a 10 degree angle. Somehow Dykema managed to fall between the car and the dock. He is undergoing x-ray examination at Holland hospital and treatment for shock.

Smith said he was starting to drive out a heavy lift truck loaded with zinc when the car crashed over. The lift truck remained upright while the car was practically on its side.

Smith was protected inside the car with a cab over the lift truck. He said the first thing he thought of was Dykema.

After waiting a few minutes to clear his head and try and figure out what had happened he looked for some way to get out. Smith said he crawled through the partially opened door, out under the tilted car on his stomach, and finally up between parts of the crushed dock.

Smith said he wasn't injured but admitted he was a bit shaken up by the accident.

FENNVILLE (Special) — A Fennville driver and a freight train met at a crossing at the north end of Fennville at 5:40 a.m. today demolishing the car but leaving the motorist uninjured.

Ransom Ford, 26, route 3, Fennville, told South Haven State Police, he was eastbound on Butler Rd. and was unable to stop on the slippery road.

The '39 model car slid into a tank car. The impact swung the auto around and it was struck again in the rear by the next freight car in line.

The trainmen did not know they had been involved in an accident until they arrived in East Saugatuck when the damaged freight car slipped off the tracks.

State Police said 78 freight cars had already passed the crossing and if Ford had driven along a few minutes later the train would have been passed.

Mrs. Frank Walters led devotions and Mrs. William Neff introduced the speaker, Mrs. George Damson, who gave an excellent review of the book "Inside" by Helen Bryan. The book is the story of the only woman's prison in the United States. Mrs. Damson related various cases of women in the prison and told how difficult it is for them to readjust to society after they are released. She emphasized the necessity that everyone have a more sympathetic understanding of these women and assist in rehabilitating them.

Hostesses for the dinner were Miss Gertrude Althuis, Miss Henrietta Althuis, Miss William Schrier and Miss Jennie Spielstra.

The February meeting will feature a talent and variety night.

The U. S. House of Representatives had 65 members in 1889 as compared with 435 members in 1933.

LAWRENCE SMITH, 45, of Fennville, (top) shows how he crawled out from under a toppled freight car and up between the crushed dock when the car fell over Thursday afternoon. Smith was inside unloading zinc when the accident occurred. Another worker, Bernard Dykema, 29, of 525 Douglas Ave., was working between the dock and the freight car at the time. He was uninjured when he dropped to the ground in a narrow pocket between the dock

and freight car. The freight car (bottom) lies nearly completely over on its side, held up only by concrete blocks, similar to those in left foreground. Railroad authorities believe the mishap was due to improper unloading. An estimated 20 tons of metal were still in the 25-ton freight car at the time of the accident. It was standing on siding on the west side of Crampton Mfg. Co. (Sentinel photo)

Riddled Maroons Boost Up Morale With 59-51 Win

Holland Christian's cage squad got back on the winning trail Friday night on the Armory court, registering a fine 59-51 victory over the St. Joseph Bears. Christian broke a two game losing streak in annexing their fifth victory of the season.

The win was a big one for the Maroons and one which was earned the hard way. Playing without their ace, Center Ken Scholten, the Maroons were up against a tall St. Joe quintet, and it took plenty of team spirit and superb play to notch the victory. The win was Christian's fourth straight over the defending state champions.

Although the Maroons were in the lead all the way, and sometimes by whopping margins, they were never out of trouble against the bothersome Bears. However, it was a bit of coaching strategy and some fine work by Ron Nykamp, who had been sidelined all week with a strep infection, that really broke the game wide open.

Christian had nine point margin at the half, but to open the second half, Coach Art Tuls inserted Nykamp into the center slot. Scholten's position. That was all the Maroons needed as Nykamp went wild against a befuddled Bear defense which had expected Carl Edwards to go back to work in the center post. By the time the losers got their defenses straightened around, Nykamp with the help of some fine "feeding" had eight points to his credit. Coach Ray Haack's Bears never did come close after that.

All of the Maroons turned in fine games, with substitutes Gary Vander Ark and Sylvan Disselkoen coming through at crucial times. Carl Edwards and Rich Sharda did great rebound work, although Sharda sat out much of the game with four fouls. Jun. Buursma and John Mulder, who started his first game, formed an all-junior back line and came through with several timely out-court swishers.

There wasn't much doubt that the outstanding performance Friday night was turned in by St. Joe's Nate Duncan, all state guard. The stocky boy, for a high school athlete, is terrific both offensively and defensively, and will go down as one of the truly great performers in St. Joe's brilliant cage sport history.

The game was spotty from the scoring angle with both clubs taking turns with rallies and defensive lapses. However, the well-oiled Dutch machine always held the upper hand through the tilt.

Christian jumped off to a 16-5 lead at the first quarter horn with Sharda sparking the club with seven points. Meanwhile, Duncan did all of the scoring for St. Joe with two baskets and a foul shot.

St. Joe started to move in earnest in the second quarter and nearly closed the gap, trailing by just two points at one time. However, the Dutch caught fire in the closing minutes of the half to race to a 28-19 margin.

Then came the Dutch's finest performance in the game as they piled up a big lead throughout the third period. They were leading 46-29 going into the final stanza. St. Joe's Bob Ellis got hot from the corners in the last canto to pull his club to within eight points. However, a spectacular tip-in by Edwards started the Dutch rolling again and they were content to hold the ball for the last two minutes making no great effort to shoot.

The locals connected on 13 out of 20 foul shots for a good average. Meanwhile the losers were hitting on nine out of 22 tries. Nykamp led the Maroons with 17 points, followed closely by Edwards with 16. Duncan led his club with 17 points also.

Her companion, William Huls, owner of the car, was charged with allowing an unlicensed person to drive.

Maroon Reserves Lose Second Game

Coach John Ham's Holland Christian reserve squad lost a real heartbreaker to the St. Joseph second team Friday night on the Armory court as they bowed 51-50. It was Christian's second defeat in five starts so far this season.

The locals were an inspired ball club as they gave everything they had in playing their best game of the season. They operated at a disadvantage at the outset as they spotted the winning Bears a 10-0 lead. However, they fought back to a tie and only trailed 12-10 at the quarter. The lead see-sawed in the second quarter, ending up in a 26-26 tie at halftime.

Play in the third period slowed up a bit, but it was nip and tuck all the way, with the Little Maroons finally taking a 38-36 margin going into the final period. The final period was fast and furious with the locals nearly closing a four point gap in the final seconds.

High scorer for the Dutch was Dave Bos with 15, followed by Calvin Dykman with 12, Warren Boer with 10, Dave Vander Hill with seven, Carl Van Appledorn with four and Harve Westensbroek and Dave Altema with one point apiece. Guard Ross was high for the winners with 12 markers.

Ninth Graders Notch Lone Win

BENTON HARBOR (Special) — Holland's ninth grade basketball team salvaged the only honors for the school Friday as they dropped the Benton Harbor ninth graders.

But they only did it by one point—29-28. Both the varsity and reserves were soundly whipped.

Holland jumped to a narrow 7-6 edge at the end of the first period but dropped behind 16-11 at halftime.

The third quarter found the Dutch hitting the bucket for 10 points while holding the Little Tigers to 2 and regaining the lead 21-18. Roger Plagenhoef tallied 8 points in the final stanza to lead his team to the win.

Plagenhoef took top scoring honors for the Dutch with 12 points while Jerry Barrett had 12 for the Tigers. Other scorers for Holland were Tom Stall 11, 5, John Winter and Tom Aye with 4 each and David Bihlank and Lester Overway with 2 apiece.

Saugatuck Wins Against Lawton

SAUGATUCK (Special) — In a game that wasn't supposed to be close, but was, Saugatuck nipped Lawton by a 32-30 score.

The winners were able to score two field goals to just two free throws for the visitors in the last quarter and thus won out. The score had been tied at 28-all at the end of the third quarter.

Kim Greene grabbed scoring honors for Saugatuck with 19 points including all of his team's four points in the last quarter.

Lawton was ahead 10-6 at the end of the first quarter and held a slim 19-16 lead at the half.

However, the Indians came back and managed to make up a tie at the end of the quarter and from then on it was all Greene.

The local reserves lost in the prelim 46-14.

IT'S COLD OUTSIDE, but there's plenty of sunny warmth inside from where mom and dad can keep a watchful eye on their youngsters at play. A spirited fire in the decorative high-hearth fireplace adds a cozy note in striking contrast to the snow-chilled evergreens and fields. The big windows of thermopane insulating glass lets in the wintry scene yet helps to block out the cold and hold in the heat.

PATTERNED GLASS at the stair landing lends a decorative note to the living room of this modern California home, at the same time admitting diffused light to the stairwell. The pattern makes an interesting background for the recessed planters, another cheerful note added by the designer.
