Mall Project Is Presented To Council

City Council Wednesday night set in motion one more step in a program for a downtown mall for Holland by referring a petition calling for such a mall and another opposing the measure to the city manager.

Then Councilmen approved a recommendation of the city attorney to retain the firm of Dickinson, Wright, McKean and Cudlip of Detroit as bond attorneys in connection with the proposed mall project.

When Councilman Elmer Wisink asked whether such action were premature Deputy City Attorney William Coupe said it was important to obtain the necessary bonding information early in the program and that Council should be in full possession of the facts and competent advice on the legality and feasibility of the project before final acceptance or rejection of the mall program.

The petition signed by 21 property owners requesting the mall was presented by the Downtown Development Corp. which has had the mall program under study for several months. This petition set forth:

1. The public improvement shall be the creation of a downtown mall.
2. The board of directors of the Holland Downtown Development Corp. shall be recognized as an advisory committee to the city manager in connection with the project.
3. The architectural firm of Kammeraad, Strop and van der Leek shall be retained by the city to lay out and design the improvements.
4. The boundaries of the special assessment district shall be the east line of River Ave. on the west, the west line of College Ave. on the east, a line 125 feet south of the south line of Eighth St. on the south, and a line 125 feet north of the north line of Eighth St. on the north.
5. The cost of the project shall be assessed against the property owners in the benefit district on a square foot basis and in no event shall the cost of the project result in an assessment per square foot in excess of \$2.

The petition opposing the mall and the assessment of cost was signed by owners or representatives of 22 parcels of property located on Eighth St. between River and College Aves.

It was pointed out that several of the 21 property owners favoring the mall own several parcels of property in the two-block area. In promoting the mall under the Downtown Development Corp. each owner was allowed one vote.

The 22 parcels represented in the opposing petition involve fewer owners.

The proposed mall, as designed by local architects, calls for a garden setting geared to the four seasons. Named "Welkom Pleats," the mall would have shrubbery, grass, paths, benches, brick and concrete walks, two sidewalk cafes, pools and fountains, modern lighting, and sufficient plazas to provide an excellent setting for klompen dancing during Tulip Time.

Protruding signs would be phased out, possibly in a five-year program. Total costs are estimated at \$500,000.

2 Injured In Crash

Two vehicles collided this morning along 96th Ave. near Port Sheldon St. in Borculo, injuring the drivers, Ottawa County Sheriff's deputies said.

Taken to Zeeland Community Hospital where they were treated and released were Robert C. Kuylers, 42, of 11695 92nd Ave., West Olive, and Lyle A. Ohlman, 28, of 7375 East Lane Ave., Jenison.

Hospital officials said Kuylers suffered abrasions and a neck bruise and Ohlman was treated for shoulder and leg bruises.

Deputies said Kuylers was operating a stake truck and Ohlman was driving a small vehicle with a snow plow attached. Deputies said the collision occurred at 6:57 a.m. along the west shoulder of 96th Ave.

Kuylers was headed south on 96th while the plow had come from between buildings and turned along the west shoulder, deputies said.

Improper Right Turn

Margaret Sudekum, 20, of Summerset, N.J., was cited by Holland police for making an improper right turn after the station wagon she was driving and a car operated by Simon Sybesma, 48, of 980 South Shore Dr., collided at 12th St. and River Ave. at 1:02 p.m. Monday. The Sudekum vehicle was attempting a right turn from River Ave. onto 12th St., police said.

Car, Truck Crash Kills One Man

GRAND HAVEN — Walter C. Bussing, 59, of route 2, Ravenna, was killed today when the car he was driving and a van-type milk truck collided nearly head-on along M-104 in Crockery Township at 7:26 a.m., Ottawa County sheriff's deputies said.

The truck driver, identified as Bernard Dutkiewicz, 51, of Wyoming, Mich., escaped serious injuries, deputies said.

Deputies said Bussing was thrown from his vehicle and was dead on arrival at North Ottawa Community Hospital. Medical examiner Dr. Peter McArthur said Bussing died of massive internal injuries.

The Bussing auto, eastbound on M-104, apparently crossed the center line, deputies said. Both vehicles went into a ditch and the front of the truck came to rest on the car.

Deputies rerouted traffic around the accident scene in front of 13120 Cleveland St. while the wreckage was being cleared.

Charge Man In Breakin

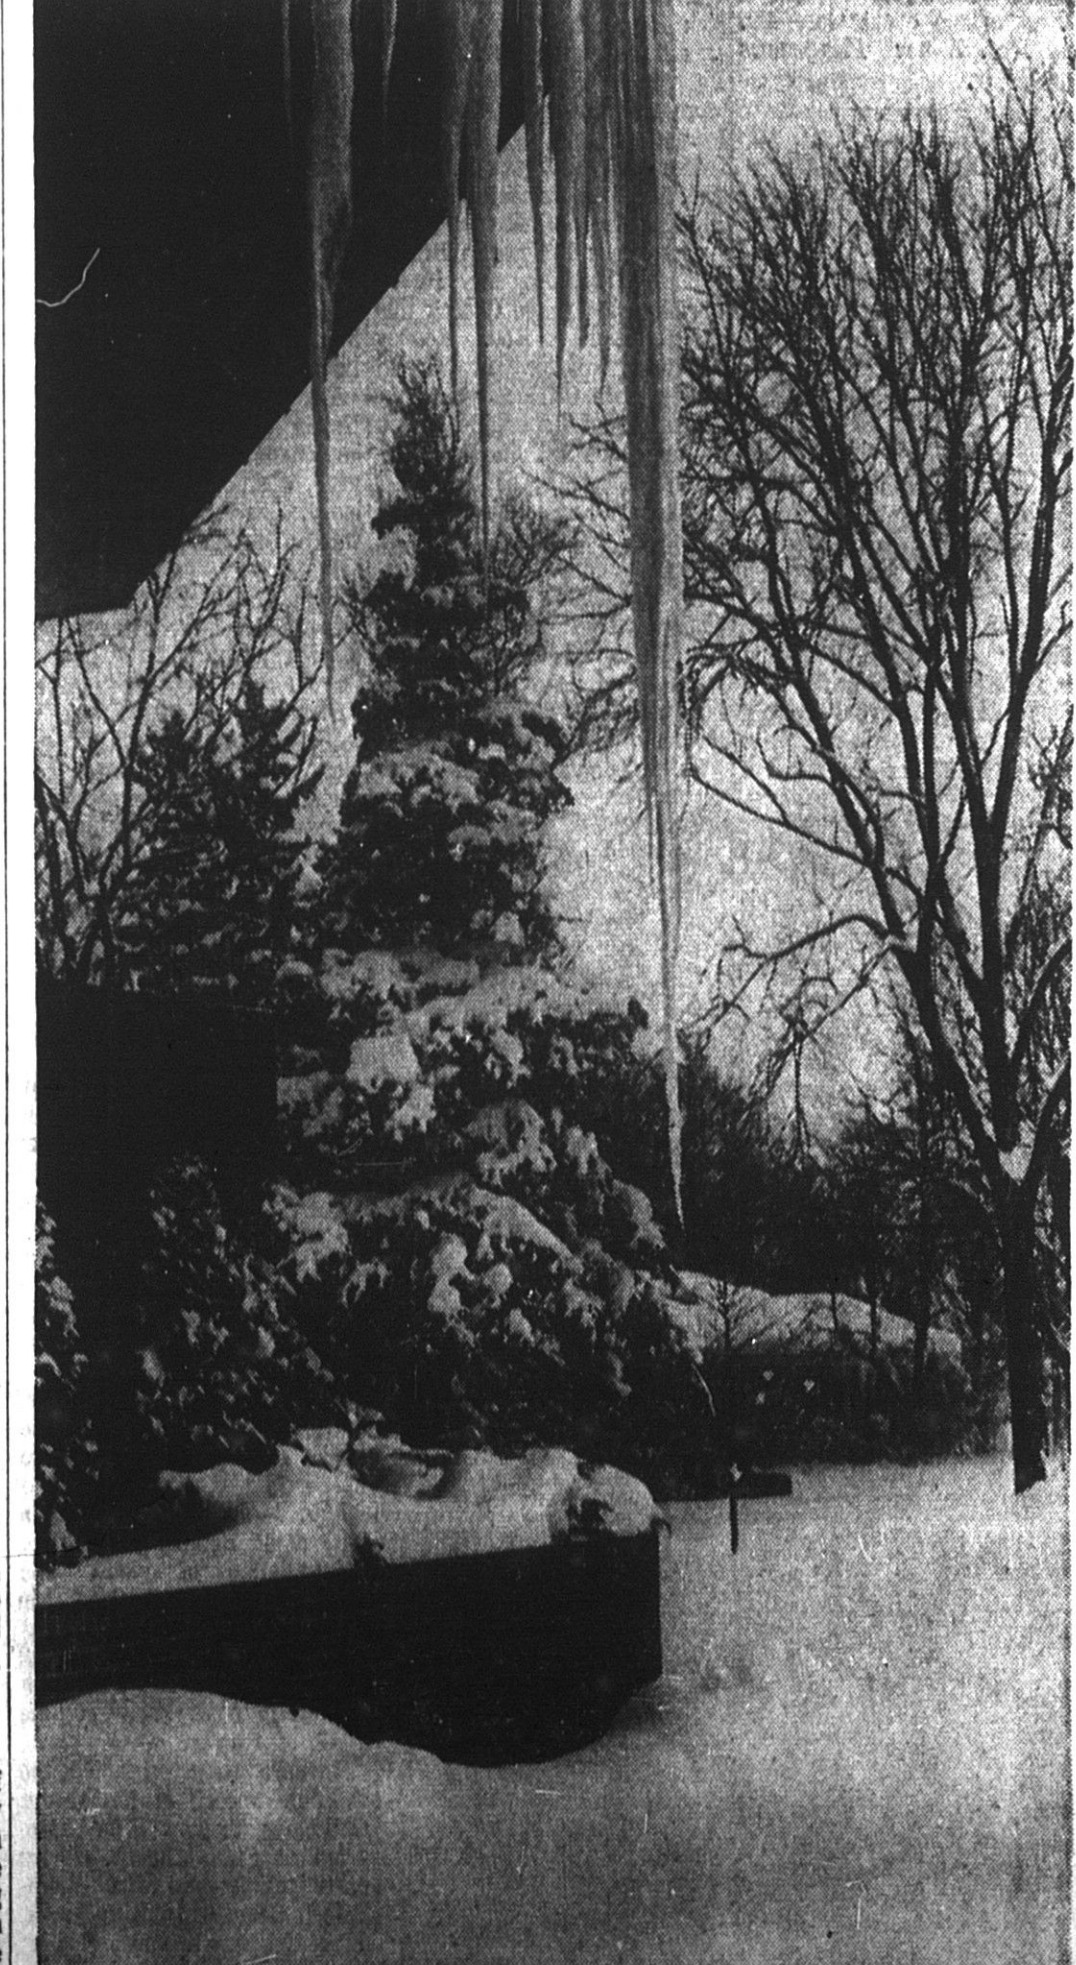

Charles Starrett, 27, of 17 West Tenth St., arrested in connection with a breakin Tuesday at a doctors office, demanded examination at his arraignment Wednesday in Holland District Court.

Judge John Galien set bond at \$5,000, not furnished, and Starrett was held at the Ottawa County jail to await a hearing.

Holland police detectives arrested Starrett Tuesday and recovered a green suitcase containing an assortment of non narcotic pills police said were taken from the office of Dr. Warren Westrate in the same building in which Starrett had an apartment. Starrett was charged with breaking and entering.

Also recovered were checks and a .38-caliber pistol taken from the office.

Police said the pills included tranquilizers, sedatives and amphetamines. The breakin was discovered by office personnel when they reported for work Tuesday.

Bids Slated Jan. 27 For Fire Station

Bids will be taken Jan. 27 for the new suburban fire station on the northeast corner of 32nd St. and Waverly Rd., City Council was informed Wednesday night.

Councilman L.W. Lamb Jr., chairman of the special committee, said recommendations would be made at the following Council meeting. The new station will serve the eastern part of the city, particularly the South Side Industrial Park with heavy concentrations of industrial development.

The station will be located on part of a five-acre site which the city purchased two months ago. The site was approved by the Planning Commission.

Wednesday's meeting was the first for Holland's new city manager, William L. Bopf, formerly city manager at Mason, who assumed his duties here Monday. He was welcomed by Mayor Nelson Bosman and he responded that his welcome in Holland had been warm indeed, and he looked forward to his new work with staff and council.

At one point, City Clerk D.W. Schipper reported that former City Manager H.H. Holt had by resolution of Council Jan. 5, 1956, been designated as administrator for the city in all transactions with the State Highway Department. Council passed a new resolution naming Bopf to the post.

Council adopted a proposed resolution prepared by Detroit Bond Attorneys Dickinson, Wright, McKean and Cudlip in connection with issuing \$1,230,000 special sewage disposal bonds which will run through 1989.

Reappointed by Council to the Board of Review were Gordon Cunningham and Jack Leenhouts as officer members for one-year terms and Lucien Raven as citizen member for a three-year term expiring in January, 1973. Meetings were set for four days early in March from 9 a.m. to noon and 1 to 4 p.m. in City Hall.

Salary of \$18-a-day was boosted to \$30 a day.

Council acknowledged gifts to Holland Hospital of an electronic Nebulizer valued at \$360 and a Cam Tent valued at \$460 from the Christian Reformed Auxiliary unit.

The drugs were reported missing Tuesday by nurses in the

December Snowfall Hits 14.9 Inches

Light snowfall during December resulted in a month's total of 14.9 inches, a review of weather statistics by Lynn P. Wheaton revealed today. The heavy snowfalls that local residents remember were Nov. 14 and 15, and the current one that began on New Year's eve.

But Holland registered two subzero readings during December, -6 on Dec. 24 and -8 on Dec. 27.

The average temperature was 27 degrees or 2.4 degrees below normal for December. The maximum was 47 on Dec. 14. The average maximum was 33.7 and the average minimum 20.1.

Precipitation measured .72 inch or 1.61 inches below normal. Precipitation fell on 19 days and the greatest amount was .22 inch Dec. 7. Greatest snowfall in a 24-hour period was 2.5 inches on Dec. 19 and 23 and the greatest depth on Dec. 26, 3.6 inches.

No Injuries Reported In Three Car Crash

Three cars collided at 17th St. and River Ave. Tuesday at 1:38 p.m. but Holland police said no injuries were reported.

Police said a car driven by Timothy A. Sweet, 20, of 1967 104th Ave., Zeeland, northbound on River, collided with a car operated by James Piersma, 17, of 47 Lynden Rd., heading east on 17th.

The impact sent the Piersma auto into a third car operated by Louise M. Lubbers, 38, of 326 West 28th St. which was westbound on 17th St.

Police cited Sweet for running a red light.

Snow in Holland 24 Inches Deep

An overnight snowfall of eight inches, most of it falling after 6 a.m., boosted ground deposits to 24 inches in Holland Wednesday and it seemed that every piece of snow removal equipment including hand operated shovels were in use.

The mercury slumped to 4 degrees overnight and by 11 a.m. had risen to 9. A maximum of 22 Tuesday allowed little or no thawing and the snow on the ground remained fairly fluffy and easy to move.

More cold and snow are predicted through Thursday with temperatures plunging to as low as -15 in some parts of the upper peninsula tonight. Lows in the lower peninsula are expected to range from -8 to 2 above.

Holland's newest snowfall was somewhat localized. Grand Rapids has only about an inch of snow on the ground.

May Ban Rock Fetes In Holland

New ordinances banning rock festivals in Holland such as Saugatuck experienced last July 4 and controlling noise are in prospect for the city.

In addition, a study also may be made on allowing snowmobiles in such undeveloped park areas as Prospect Park at 24th St. and Columbia Ave.

The ordinance banning rock festivals was advanced by Councilman Lou Hallacy who felt action should be taken early to prevent a recurrence of undesirable rock festivals locally. It was referred to the city attorney to meet with the police chief and city attorney.

The anti-noise ordinance was suggested by Councilman Robert Dykstra who cited the need for some standards in noise volume or decibels if such an ordinance is to be enforced. He said the present ordinance drafted in 1955 did not provide for such measures.

Suggestion for an anti-noise ordinance followed a report by Police Chief Les Van Beveren on a complaint of squealing tires on Eighth St. some months ago. The chief pointed out unmarked cars could be used in effective enforcement.

The snowmobiling subject was introduced by Councilman Jacob Smith who asked whether the city's liability carrier could be held liable in case of damage to trees or shrubs by snowmobiles in parks. Deputy City Attorney William Coupe was of the opinion no insurance carrier would be liable for such damage.

Smith said he did not question Park Supt. Jacob De Graaf's decision to ban snowmobiling in developed parks where the turf could be torn up but thought such sport would not harm a wooded area like Prospect Park which has little grass. While no official action was taken, a study on snowmobile use in undeveloped parks appeared a certainty.

Council denied a permit for Rollaway Movers to move a house from 178 West 35th St. to 803 Maple Ave. following a public hearing in which several persons objected to the move. A letter and telegram from Isabelle Van Ark Hoving of Boulder, Colo., objecting to the proposed move, were read.

Objecting in person were William Vogelzang representing his brothers and sisters, and Bob Vork who is planning erection of two-family homes in the area. The hearing took just over 10 minutes.

Two ordinances also were passed by Council. One amended the precinct map of the city to include the newly annexed portion lying just east of the US-31 bypass in the second precinct of Ward 1.

The other ordinance amended the zoning map reclassifying an area in the vicinity of 19th St. and College Ave. from A-2 residential to A-3 residential. The rezoning was on petition of Ken Beelen who purchased six lots on 19th St. near College Ave. from the Board of Public Works, subject to the rezoning to allow development of four-flat apartments. A public hearing preceded action on this rezoning.

A petition requesting water service in Maple Ave. from 33rd to 34th Sts. was referred to the city manager.

A communication from Park Township requesting subsidy for airport maintenance for the Park Township airport was received for study.

Council named City Attorney Gordon Cunningham as local legislative contact man for the Michigan Municipal League.

Council confirmed certifications from Councilman Dyk, Holland Litho, engineering department \$96; Councilman Lamb, Lamb Inc., various departments including installation of sanitary sewers, \$8,844.04; Councilman Smith, Wade Drug Co., Windmill Island and library, \$36.60.

Claims against the city from Moor Shoes, 11 East Eighth St.; Charles Hutter, 188 West 11th St., and Mrs. Margaret Cobb, 714 South Shore Dr., were referred to the city insurance carrier.

Council approved a new plat named Melborne Subdivision lying between 33rd and 35th Sts. just east of Providence Christian Reformed Church on Ottawa Ave. The subdivision has 28 lots.

Council approved an \$800 transfer to the police department for narcotics investigation.

Mayor Nelson Bosman who presided at the session which lasted an hour and 10 minutes welcomed government class students of Junior High School. About 35 were in the audience. All Councilmen were present. The invocation was given by the Rev. Frank Thompson of Ventura Baptist Church.

County Board Will Vote On New Officers

GRAND HAVEN — Annual election of officers—chairman, and vice chairman, and adoption of rules, will take place at the January session of the Ottawa County Board of Supervisors Jan. 12 and 13.

There will be open house at the new \$375,000 wing to the county building, on Fourth St. Jan. 13, when tours of the addition, completed last fall, will be offered to the public and officials from neighboring counties.

Mrs. Harris Nieuwsma, the board's clerk, reports annual reports of department heads are on the agenda for the two-day session. Members of the election scheduling committee will be appointed. The terms of Henry Van Noord, Hudsonville city clerk who does not wish to be renamed, Clerk De Witt of Jamestown township, and Ed Kinkema, member of the Grand Haven Board of education, expire. The terms are for one year.

Grand Haven Sets New Bond Sale

GRAND HAVEN — The \$1,900,000 building program planned by the Grand Haven board of education, stymied last month because there were no bidders on the sale of the bond issue, will soon "get off the ground," it was reported at a board meeting Tuesday night.

There were no bidders on the bonds Dec. 16 because of the ceiling on interest rates then in effect. Since then the state legislature has lifted the ceiling from six per cent to eight per cent and the bond sale has been rescheduled Jan. 12 at five p.m. at the office of Supt. R. M. Van Volkinburg.

Considerable interest in the local sale has been shown by bonding companies and several bidders are expected at the Jan. 12 sale.

Supt. Van Volkinburg, who is recovering from an illness at Butterworth Hospital in Grand Rapids, expects to return home after tests Friday or Saturday. His condition was improved Tuesday.

AIR - WATER AND LAND POLLUTION

The air, water and land pollution problem is more and more in the news today. The message rings loud and clear. The question in the minds of many is just how are we going about correcting some of the problems.

Specialists at the Atmospheric Sciences Research Center in Scotia, N.Y. are reported to have said the last pollution-free air in this country was detected near Flagstaff, Arizona — six years ago.

A spokesman for the Research Center puts it thus: "We ran out of clean air, so to speak. For six years we have been looking for some clean air in the remotest parts of the United States."

The information would indicate that some scientist now think air throughout the Northern Hemisphere will be dangerously poisoned by 1990 unless the present trends are halted. Air pollution is said to be increasing much faster than the air can cleanse itself.

The many kinds of pollution are no longer just the problem of the large city areas. With more and more people and more and more air, water and land problems, it looks like we are all going to need to take a little of our spare time and ask the people that are in charge of our governmental affairs, just how they expect to work on the problem . . .

Jesus Confronts Evil
Matthew 4:1-11,
Hebrews 4:14-16
By Dr. C. P. Dame

We all meet temptations. To flirt with temptation is folly and to yield is sinful. Jesus who was tempted, can help us to overcome our temptations.

I. The Holy Spirit led Jesus into the wilderness. John the Baptist at first refused to baptize Jesus but he finally consented to do so. At the Lord's baptism, two things happened—the Holy Spirit came upon him and the Father spoke from heaven and said, "This in my beloved Son, in whom I am well pleased." At his baptism Jesus became very conscious of his mission.

After the Lord's wonderful experience at his baptism, the Holy Spirit who had come upon him, led him into the wilderness to be tempted of the devil. What a change! His temptation was a part of his ministry.

II. The devil tempted Jesus and he tempts us all. The three synoptic gospels tell about the temptation. The devil, a fallen angel, "the slanderer," "the adversary" called Satan, who had seduced Adam, tried to seduce the second Adam but failed. Because Jesus was human he could be tempted. Jesus was tempted about his messiahship. Different people are tempted in various ways depending upon their mode of life or gifts. Professional people have peculiar temptations, those of business men and tradesmen differ.

Jesus was tempted in all points yet without sin. Several times it has been stated in these lesson expositions that there are three basic temptations — and Jesus met all three. The devil tempted Jesus to make stones into bread, since Jesus had fasted forty days. This was the temptation to enjoy. We meet many temptations of that kind today.

The second temptation was of a different nature. The devil challenged Jesus to do something sensational—to cast himself down from the pinnacle of the temple quoting the promise, "He shall give his angels charge concerning thee, and in their hands they shall bear thee up, lest at any time thou shalt dash thy foot against a stone." (Psalm 91:11-12). This was the temptation to do.

The devil next took Jesus to a high mountain and showed him all the kingdoms of the earth and their glory and offered them to Jesus if he would fall down and worship him. The devil lied for he did not possess the kingdoms. This was the temptation to get.

Jesus overcame all three temptations by quoting Scripture. We do well to follow his example. This means that we should know it. What is the use of having a weapon and we do not know how to use it? We have a bigger Bible than Jesus had — let us use it as effectively as he did.

III. Jesus helps the tempted. We have a merciful and faithful high priest who knows the power of temptation and understands what sin is and can do. The best doctor knows what diseases are but he did not learn through personal experience of having been afflicted with every ailment. Jesus, the sinless Saviour and Victor knows the subtle power of Satan and sin and can help us to resist and conquer.

WHERE'S THE BASKET—Tom Dykstra (14) of Hope College appears to be trying to locate St. Joseph's basket Saturday night in the Civic Center. The Pumas held on to defeat Hope, 80-72. Looking on for Hope are Dave Harmelink (44) and Dave Gosselaar (50). (Hope College photo)

St. Joseph's Tops Dutchmen, 80-72

Hope College's basketball team played its heart out Saturday night only to lose, 80-72, to powerful St. Joseph's of Rensselaer, Indiana in a non-league tilt in the Civic Center.

The Pumas of Coach Jim Holstein boast an average height of nearly 6'5" for the entire 12-man team and the starting lineup was even taller as 6'10" senior center Bill Weliky held down the post position.

That height helped St. Joseph's to a 6-1 record before meeting the Flying Dutchmen. Just last Tuesday they edged another powerhouse, De Paul University 86-85.

The only defeat suffered by the Pumas was at the hands of the University of Wisconsin at Milwaukee, 80-71.

Hope gave the Pumas all they wanted and even more Saturday as they outrebounced the taller visitors, 64-52 as Holland's 6'5" Dave Gosselaar outshone the 6'10" Weliky, pulling down 12 rebounds compared to only seven for the Pumas ace Ken Hendrix helped out with 10 rebounds for Hope.

However, the Dutchmen only hit on 31 baskets out of 93 attempts for a 33 per cent average. The winners netted 46 per cent of their shots, on 33 of 71 tries.

Grand Rapids senior Ted Hillary, ex-Catholic Central prep star, paced the second half splurge by St. Joseph's which enabled them to win. Hillary tossed in 11 of his 17 points in the final 20 minutes.

Scoring honors went to St. Joseph's forward Bill Gladieux who threw in 18 points. Roger Morgan who scored 13 points in the first half for the Pumas tallied only two more in the second half for 15 points. George Brun, helped out with 12 counters for the winners.

Gosselaar led Hope in scoring with 12 points. Big Dave was followed by Wyoming's Marty Snoop who dropped in 11 markers. Holland's Dan Shinabarger, who was leading the team in scoring, contributed 10 for Hope.

The score was tied five times, the last time at 40-all with some 14 minutes left to play in the game before St. Joseph's went ahead. Hope didn't help, its cause by committing three straight turnovers during this span which opened the way for the Pumas victory.

The last time Hope could come close was at 54-50, with 10:43 remaining before Hillary put the decision out of reach by scoring three straight baskets.

Gosselaar staked the fired-up Dutchmen to a 2-0 lead with a basket at the outset of the game and after Brun and Gladieux hit for two-pointers, Gosselaar faked Weliky out of his shoes to tie the game at 4-4.

Two baskets by Tom Dykstra and one by Hendrix gave Hope an 8-4 lead in the close game. The half ended with Hope trailing St. Joseph's by two points, 34-32.

Gosselaar led Hope in scoring in the first half with eight points while Dykstra, Hope's slick moving guard notched seven points. Morgan led St. Joseph's with 18 points at the intermission.

St. Joseph's reeled off two

quick buckets at the outset of the second half and gradually started to pull away from the determined Dutchmen.

Even though the Dutchmen were down by as many as 14 points, they never gave up as they battled St. Joseph's to the very end.

Coach Russ De Vette said, "I thought we played fine defense but we sure have to improve on our shooting."

The victory lifts the Pumas to 7-1 compared to Hope's 3-5 overall mark.

The Panthers chalked up eight of the eleven first places, yielding only to Holland's Jim Bradford in the butterfly. Mike Landis in the individual medley, and Bruce Keen in the breaststroke.

Opening the meet in first place for the Panthers, the medley relay team composed of Dan Meyers, Jeff Boone, Rick Zavadi, and Jon Helder turned in a time of 1:50.4.

Chalking up second place points for the Dutch in the medley relay, Don Clark, Bruce Keen, Fred Bertsch, and Jim Steininger registered a 2:00.1 clocking.

It was a stroke-for-stroke race for Holland's Mike Landis and West Ottawa's Jim Streur, with Landis stroking for first place points, followed by Streur in second spot, and Holland's Mark Keen in third position.

Churning the deep blue for first place in the 50 yard freestyle, Ken Wiley recorded a :24.3 time for the Panthers followed by Holland's Dick Beedon with second place points, and West Ottawa's Dave Ketchum in third.

In an equally matched event, boardsman Dave De Feyter maneuvered into first place in the diving competition for West Ottawa with 131.9 points. Holland's number one diver Henry Diaz tallied second spot with 120.6 points, followed by Panthers Don Mc Donald in third with 119.5 points.

Bruce Keen did the honors for Holland in the breaststroke competition capturing a 1:12.5 first place for the best time of his career. In second and third places respectively for West Ottawa were Pete Plomp and Phil Boeve with times of 1:15.2 and 1:15.8.

Again attempting a varsity mark for the Panthers, the 400 yard freestyle relay team once again came within inches of the record, but couldn't quite make the grade. Turning in a time of 3:34.5 for first place were Dan Meyers, Chris Raphael, Ken Wiley, and Rick Hamstra.

Chalking up second place points for Holland in the freestyle relay, Tom Van Huis, Kevin Kuipers, Terry Marlink and Dick Beedon turned in a time of 4:56.0.

Coach Henry Reest was unimpressed by the times turned in by his tankers, but attributed most of it to the heat in the pool.

Holland's Coach Bob Andree noted the performance of Jim Bradford and Bruce Keen in their specialty events, and also

BUSY AT WORK — Mrs. Thomas Burgess, new manager of Park Township Airport, is busy at work at her desk in the airport office. She is continuing the work of Burgess Aviation, Inc., at the airport, succeeding her late husband who died of injuries in a plane crash in November.

Unique in Michigan . . Woman Runs Airport

Park Township Board has re-assigned the Fixed Base Operator contract on the airport to the Burgess Aviation Corp. headed by Mrs. Thomas Burgess, widow of the late Mr. Burgess, who operated the airport from 1966 to the time of his death in an airplane accident on Nov. 2, 1969.

The Board's decision to continue its contract with Mrs. Burgess was motivated by the fact that her husband had done an outstanding job in improving the services offered at the airport and also in view of the large investment the corporation has in planes and equipment. Mrs. Burgess will be assisted by other members of the corporation and by three pilots. She has been active in the operation of the airport.

Burgess who was 38 years old at the time of his death, had 20 years of experience, 15 years of which were in the Air Force, and had logged 14,000 hours of flying time. He had almost every type of license available, both Federal and State. The present pilots at the field and their license qualifications are: Dennis R. Panthers Take Thrilling Contest From Dutch

Loncki Cans 37 Points For West Ottawa

In one of the most exciting basketball games one would ever want to see or one's heart could take, West Ottawa won a cliff hanger from arch-rival Holland High, 82-80 Friday night in the Panthers gym.

With the Dutch leading 80-79 with only eight seconds left in the game, the Panthers called time out. Coach Don Piersma's Dutch went into a full court press in an attempt to stop the Panthers bid.

With both Ken De Boer and Fritz Steininger hanging all over Les Sommermaand at the mid-court, Les, the Panthers football quarterback, threw an unbelievable over-the-head pass to Dan Tripp under the Dutch basket which saw Tripp lay in the two points.

On the same play he was fouled by Jim Helmink and Tripp calmly sank the charity toss to close out the determined bid of the Dutch.

Just seconds before Helmink came through for Holland by swishing a short jump shot from the side to give Holland an 80-79 lead with time running out. But as it turned out lady luck was on the side of the Panthers in this see-saw affair.

It was the first game ever played in basketball between the two schools and both teams played their hearts out in an attempt to give each school the victory. For the Dutch, it was deeply a heartbreaker after being down by 10 points, 47-37 and coming back to almost pull out the victory, while for West Ottawa they proved that they also have a great team that can beat another fine team on any given night, as they brought their record to 5-1, compared to 2-3 for the season for Holland.

Lynn Loncki, the Panthers outstanding center, who is an all-state candidate, led all scorers for the evening with 37 points. Lynn hit on a torrid seven of 11 shots in the first half from the floor to pace the Panthers and also netted 13 of 13 free throws for his great night.

Only five Panthers saw action with Sommermaand held to only 15 points by Steininger, who was hanging all over Les in an attempt to close off the deadly shooting of the Panthers leading scorer, while Dave Vork came through with 13 points for West Ottawa.

Holland was led in scoring by junior Helmink, who canned 10 fielders and four free throws for 24 points. Max Glupker proved to the Panthers why he is one of the finest players anywhere by scoring 18 points, with many of these coming on neat moves to the basket, combined with fine outside shooting. De Boer, who was Holland's clutch man at the free throw lane, also tallied 18 points.

Ray Munson, Holland's starting center fouled out late in the third quarter, but not before scoring eight points. His replacement, Tom De Vries, came off the bench to notch an additional eight markers for the Dutch.

The contest was tied eight times and changed hands 16 times, which shows why both schools' students were yelling for all they had in the top game of the season for both schools.

The Panthers found the range from the field with accuracy all night as they hit on 33 buckets out of 63 attempts for a percentage of 52. Holland wasn't far behind as they swished 32 baskets out of 66 tries for a 47 per cent clip, which is the highest they have mustered all season.

Holland outscored the winners, 35-29 as Glupker was leading all over the place to lead the Dutch with 13 rebounds while Loncki added 15 for West Ottawa.

West Ottawa took an early 3-2 point lead before the Dutch came back to go ahead 9-8 with 3:34 left in the first stanza. The Panthers closed out the first eight minutes by leading 19-17.

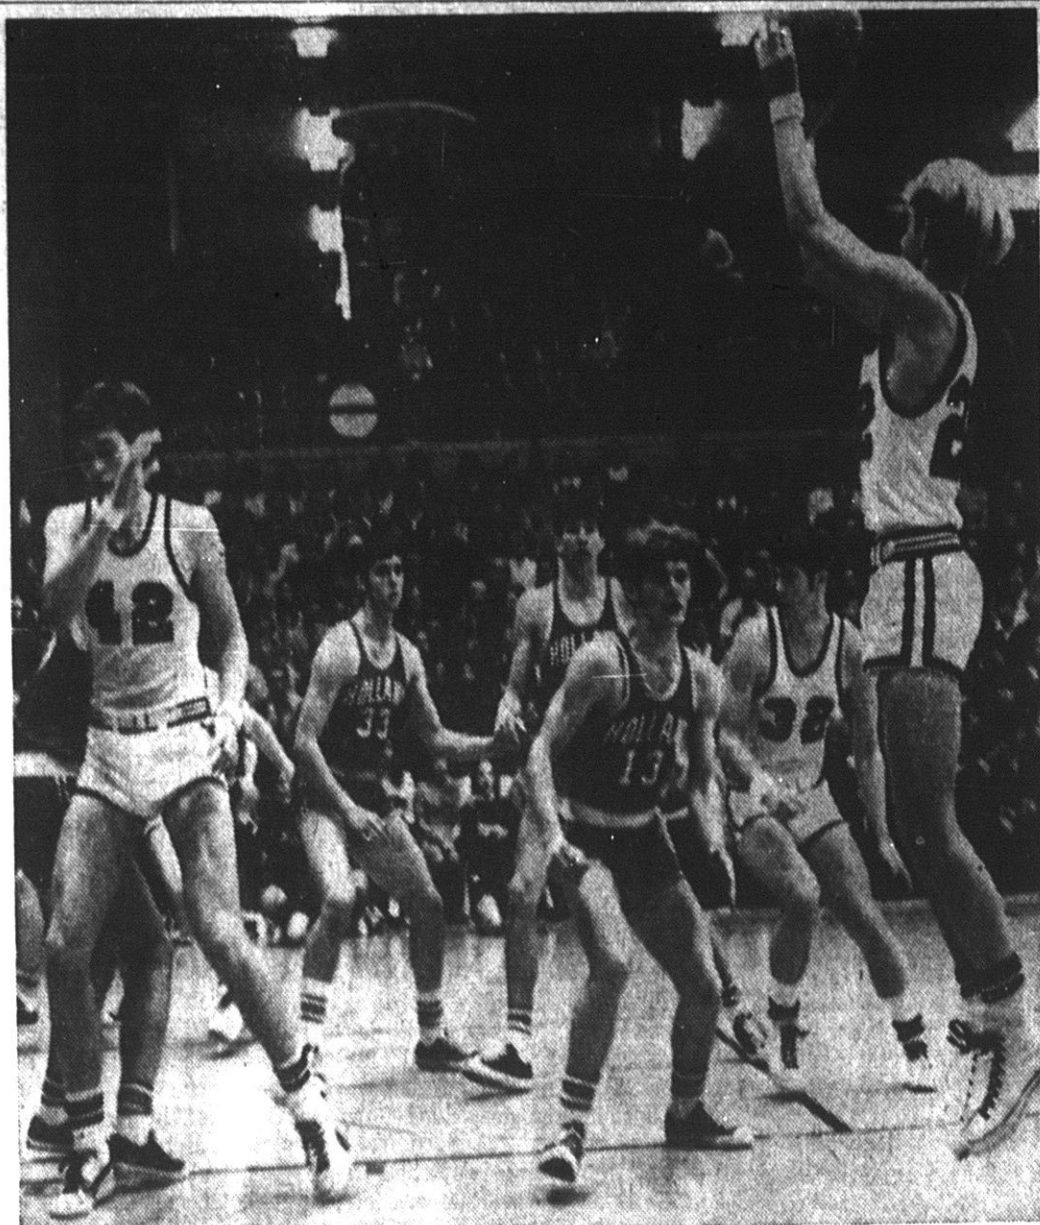

With Loncki scoring from all points of the court, the Panthers increased their lead to eight points at the intermission, 45-37 as Lynn pumped in 24 of his 37 points in the first half.

The Dutch were a fired up team in the second half as they came out of the locker rooms and fell behind by 10 points, 47-37 before they rallied behind three baskets by De Boer and two by Glupker to tie the game at 47-47.

Vork canned a long jumper from the key to put the Panthers back up by two as the game was starting to turn into one of those nip and tuckers that drives coaches, fans and even sports writers crazy.

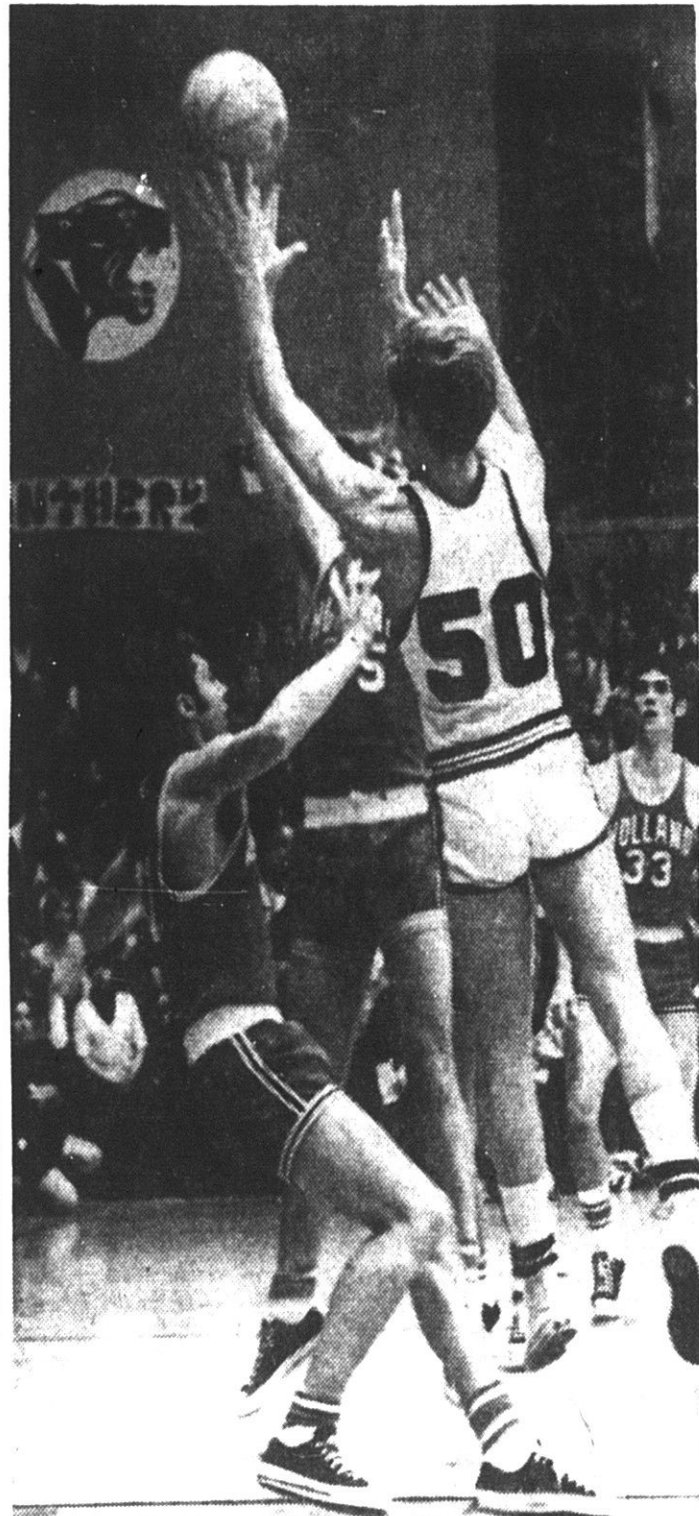

Both teams seemed to have the momentum at one time but neither could shake the other in this thrilling contest that proved once again why basketball is one of the most favorite of all high school sports.

Both teams had numerous heroes, but according to Coach Jack Bonham of West Ottawa,

BULL IN A RING—Jerry Plaggemars, (22) West Ottawa's fine guard, shoots this jump shot in the first period of the Panthers' game with arch-rival Holland High Friday night in the Panthers gym. The shot was good as the Panthers won a thrilling 82-80 contest from Holland. Other West Ottawa players are Lynn Loncki (42) and Les Sommermaand (32). Dutch players shown are Ken De Boer (13), Fritz Steininger (33) and Jim Helmink.

one stood above the rest. His name, naturally, was Loncki who Bonham said did a "whole of a job."

Even though the Dutch lost they had nothing to be ashamed of and Coach Piersma said, "I'm proud of all the boys. They just did a tremendous job and anytime we play like we did tonight, I'm sure we are going to win a lot of games."

Holland will host VCC for Muskegon Orchard View next Friday in the Fieldhouse while the Panthers will play at Hudsonville next Friday in an O-K Red Division clash.

Coach Ken Bauman's Dutch Reserves won its first game of the season after four setbacks by turning back the little Panthers, 73-64.

The game was close in the first half as it was tied eight times before the Dutch led by its team effort pulled out the win.

Steve Shinabarger and Dave Brownson led the winners in scoring with 16 points each while Mike Riksen and Hue Simpson followed with 15 and 13 respectively for the Dutch.

The Panthers, now 4-2 for the year, were paced by Pat Allen's 19 points and 12 and 10 each from Ron Holstine and Bill Vanden Berg.

Dutch Tie For Seventh In Relays

GRANDVILLE — Combining power and depth, the West Ottawa swimming team stroked to victory over 14 other Western Michigan swimming teams in the seventh annual Southwestern Invitational Swimming Relays Saturday evening in the Grandville Natatorium.

Taking home gold medals in five of the eight events, the Panthers were edged into second for silver medals in the remaining three events, once by Kalamazoo Loy Norrix, once by South Haven, and once by Grandville, all in close races.

The Panthers chalked up 95 points in the competition, followed by Loy Norrix with 66 and Grand Haven with 36. Other scorers included Godwin 22, Grandville and South Haven 21 each, and Holland and Rockford 16 each.

Swimming with a final time of 2:09.6 were Steve Hopkins, Jeff Boone, Jim Timmer and Randy Hamstra, failing behind the first placed Loy Norrix team with a 2:09.1.

The Panthers regained control in the 500 yard progressive relay, as John Boes got up from his sick bed to join Jon Helder, Rick Hamstra and Chris Raphael to knock 4.1 seconds off the seeded preliminary time of 4:49.9, for a first place clocking of 4:45.8.

Paddling in fourth for the Dutch were Dick Beedon, Mark Keen, Mike Landis and Jim Bradford who combined for a time of 4:56.4.

The next event, a seventh and eighth grade 200 yard freestyle relay did not count in the scoring. Taking first place, the Grand Haven team broke a record set by Rick Wiley, Fred Nelis, Bruce Visser and Mark Smith in last year's relays. The old mark of 1:58.3 fell to make the new mark 1:56.2. West Ottawa's seventh and eighth graders Serne, Van Beek, Johnson and Streur took third with a 2:07.3 clocking.

With two events remaining the Panthers were up 67 to 52 over the second place Loy Norrix combination.

Panther takers Gary Van Kampen, Steve Hopkins, Mike Zavadi and Jon Helder then stroked for gold medals in the 200 yard medley relay with a time of 1:52.0, to give the Panthers an 81 to 56 margin.

Teaming for first place in the final event of the meet, the 200 yard freestyle relay were Dave Ketchum, Dan Meyers, John Boes and Rick Zavadi recording a 1:38.5 clocking.

For Coach Henry Reest's Panthers it was a much sought after victory, as in seven years, with two state championships under their belts, the Panthers had not, until this year, found the combination of depth and power needed to win the Invitational Relays.

The next contest for both Holland and West Ottawa will be a dual meet, Tuesday evening at 7 p.m. in the Holland Community Pool.

Consumer Council Aims Related for Early Birds

"The Michigan Consumer Council is not designed to disrupt commerce but to improve it," Miss Dianne McKaig, newly appointed executive director of the council, told Chamber of Commerce Early Birds at breakfast this morning in Hotel Warm Friend.

"We intend to sharpen the total focus of the consumer program, not to encourage gripe sessions," she said.

Miss McKaig who was appointed to the state post only a few months ago after several years with the Health, Education and Welfare Department on the federal level, said the average consumer is often confused over tags on products — particularly in supermarkets where clerks are not easily available.

As a case in point, she told of receiving a letter from a woman who wanted to buy an eight-cup electric immersion coffee pot and spent a whole morning going to eight stores before finding one.

The speaker said 85 per cent of young people go into debt when they marry, and learning to utilize credit wisely is one of the biggest challenges today. She said personal bankruptcies are up every year.

She spoke of labeling, the truth in packaging law, the threat of irradiation in color TVs or microwave ovens as brought out by Ralph Nader, unit pricing, warranties and repairs, and general safety in products. She said some toys on the market can injure or maim babies and children — witness the rattle in which the

top could be unscrewed and three sharp rattles released for goodness-knows-what.

As for warranties, this often results in problems whether the retailer or the manufacturer is responsible, but Miss McKaig was inclined to believe progress is being made all the time, and the resident in a small city often has an advantage in knowing the retailer, the repairman or whoever should deal with the problem.

As for HEW removing cyclamates from the market while allowing the sale of cigarettes, Miss McKaig said HEW has no authority to remove cigarettes since it is not a food or a drug, whereas cyclamates are drugs and overdoses have proved injurious to animals. She personally misses diet drinks and expressed the hope the problem would be straightened out in the future.

The speaker was introduced by James Hallan who later presented her with a pair of wooden shoes.

Mayor Nelson Bosman introduced Holland's new city manager, William L. Bopf, who started work on the new job Monday. Bopf served as city manager of Mason, Mich., for 2½ years. The family has just returned from California where they spent Christmas with Bopf's parents.

Last Sunday, at the Diamond Springs Wesleyan Church following Sunday School the morning worship hour began with the organ prelude. The message was presented by Miss Betsy Schott and entitled, "The Faith of God in Christ." Special music was the song sung by Miss Jan Tuvey. She also illustrated the message with pastel drawing on velvet. During the evening services Miss Schott presented the message with Miss Tuvey's illustrating of pastel drawing on velvet. Miss Schott and Miss Tuvey are the special workers here at the special evangelistic services at the Diamond

Spings Wesleyan Church. Bible Studies are presented daily at 10 a.m. and "Moments With the Children" each evening during the services.

Warn Children Against Playing Near Roads

Recent heavy snowfall has brought out both private and public snowplows to keep streets and driveways clear. Again, as in winters past, children enjoy playing in the piles of snow near roads, driveways and streets, particularly in the vicinity of schools.

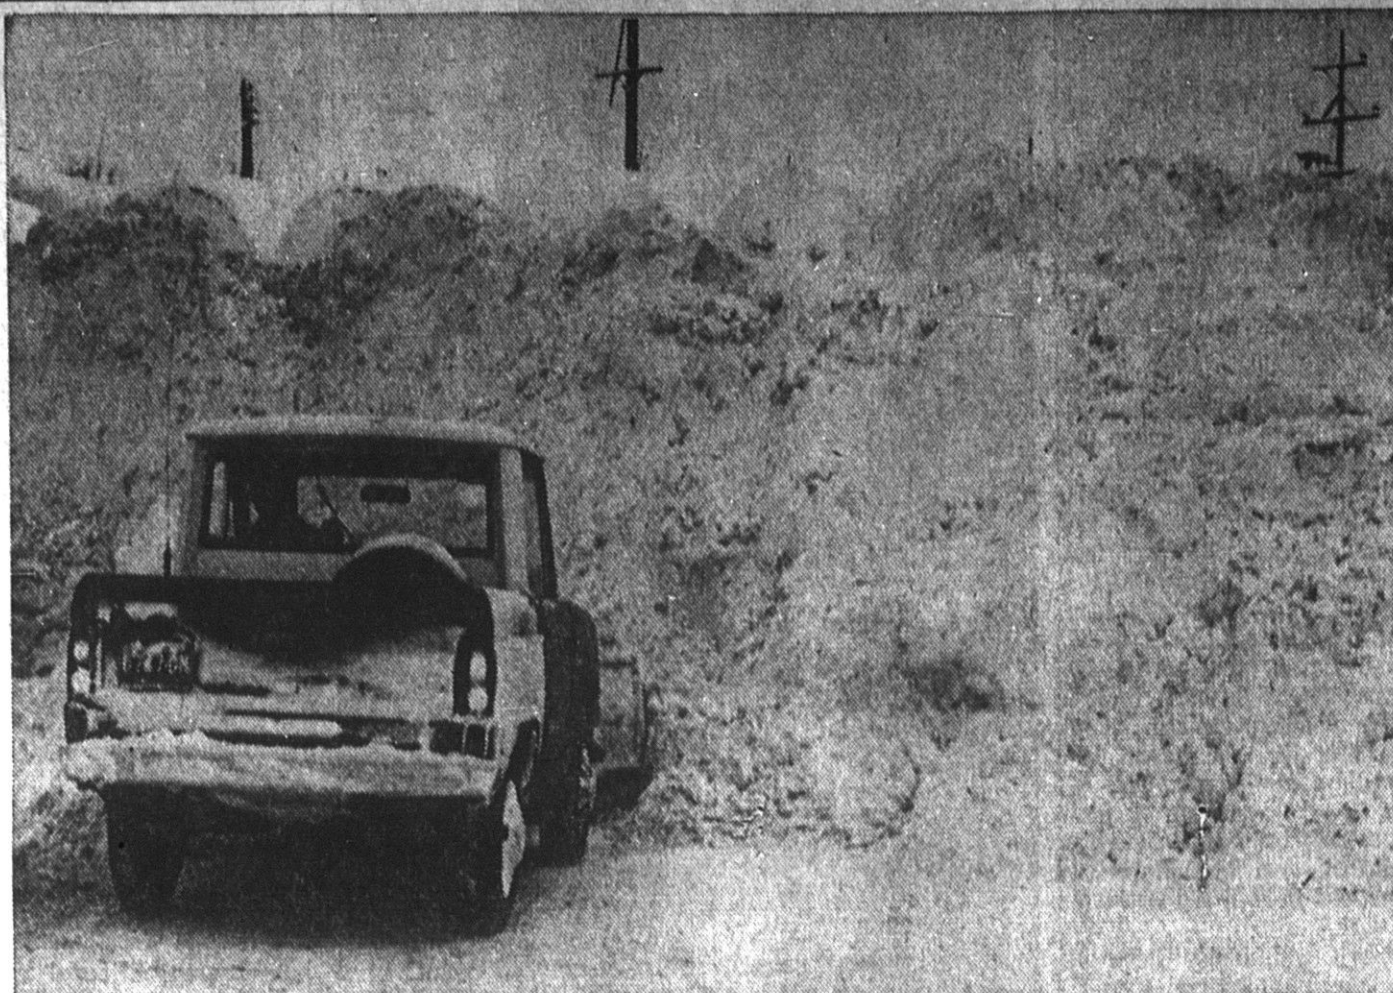

This is an extremely dangerous pastime, as plows must keep up a certain speed to be effective, and the large county plows, especially, have large blades and throw snow with large force, according to the Ottawa County Road Commission.

Parents should impress on their children, particularly grade schoolers, the danger of playing in the snow near the road or street.

Baldwin Heights Baptist Church emphasized Jewish missions Sunday. H. Dayton Ogden, staff member of the American Messianic Fellowship was the guest speaker for the entire day. Baldwin Heights Church helps support the AMF with a special communion offering monthly. Those attending the first Sunday of the New Year shared in assisting with this particular missionary work among the Jewish people.

The Rev. John Blankespoor, pastor of the First Christian Reformed Church of Hudsonville, announced Christmas morning the decline of a call to the First Christian Reformed Church of Kalamazoo. The building program of Hudsonville First Christian Reformed Church is progressing. Construction of the new educational wing is expected to be finished by May 1.

Two board members will be elected when the Jenison Businessmen's Association holds a dinner meeting Jan. 14. The slate includes Jim Holtvliet, Gerald DeWindt, Sid DeYoung and Earl Wilcox. DeWindt, Georgetown Township supervisor, and the manager of Union Bank's Jenison branch will be after-dinner speakers, tracing community growth and future plans. A special attraction will be a magician act. The dinner will begin at 6:30 p.m. in the all-purpose room of Jenison Christian Junior High School.

17 INCHES ON GROUND — When Holland is covered by a 17-inch blanket of snow, this is the way the banks mount at local shopping areas. The busiest vehicles in Holland these days are those dealing with snow removal ranging

from the heaviest graders of the street department to private commercial jeeps which dig out private drives and lots. Four inches of snow fell Sunday.
