HOLLAND CITY NEWS

S. L. MORRIS, Editor.

SATURDAY, JANUARY 18, 1873.

GRAND HAVEN AND PENSACOLA RAILROAD.

President Bennett informs us that he has secured a loan sufficient to construct and equip the Railroad he has for some time been laboring at, from Grand Haven through Ohio via Columbus on to Cincinnati, and thence to Pensacola, Florida, connecting the best Harbor on Lake Michigan with the best harbor on the Gulf of Mexico. The loan also includes sufficient to construct a line of Ocean steamers, connecting the trains by direct route to Cuba.

This route will connect the peach region with the orange region, the fruits of the tropics will be exchangeable for the fruits of the temperate and northern region, while it will open a vast untraveled tract of country to commerce, and rapid interchange of productions.—Grand Haven Herald.

It is gratifying to publish the above item of news, for the information of our readers, for an enterprise of such grand proportions so surely of being accomplished, can but add largely to our expectant profits. President Bennett certainly has reason to be proud of the distinction awarded him; and the Herald should be proud to be the organ of the great railroad and steamboat King. We as a party interested, however, are enabled by private dispatches per grapevine telegraph, to inform our readers that the loan has been extended so as to include a line of Ocean steamers from Cuba to Simmes' Hole, where preparations will be completed, as soon as the road is in running order, to visit the fairy regions beneath the pole; thus forming one of the most delightful routes for pleasure seekers in the world, and adding to the fruits of the tropics and the temperate zone, the luscious oils of the arctic regions.

And, further, that should our citizens show a proper appreciation of the effort, it is proposed to build a branch road to this city to connect with the steamer Fanny Shriver, running to Saugatuck, from thence to a place called Chicago, about 100 miles from Grand Haven.

CORRESPONDENCE.

Grand Haven, Jan. 9th, 1873.

DEAR EDITOR:

The unprecedented fall of the mercury on the morning of Dec. 24th, has produced fear for the coming peach crop along this shore.

The degree of cold required to kill the germ of the fruit buds, has not been definitely settled. Different growers have placed it all the way from 10 to 20 below zero. Generally 15 is considered fatal except to hardy seedlings. I have known nearly the whole crop destroyed, by the very cold weather of Jan. 1st, some years ago, though no one along this shore observed the mercury lower than 10—zero during those memorable three days. After that cold wave had passed, I found not more than one in one hundred buds alive; and at the following blooming season, probably not over one in five hundred responded to the call of spring.

From reports at hand of the Dec. cold, I should say (making due allowance for imperfect instruments, and for want of observations at the coldest time) that very few if any of our peach orchards were subjected to a less degree than 15—zero. Knowing this, I feared we must wait over one year for this luscious fruit.

On a recent visit to your city, I was happily relieved of this fear, after making a careful examination of the fruit buds on a branch of the White Imperial from a tree standing near where the mercury had reached 18—zero, not over 5 per cent. of these buds were killed and the branches were fresh and perfect to the extremities.

MANTON is the name of another of the villages "away up north" on the G. R. & I., a dozen miles further in the woods than Clam Lake, where but a few months ago all was a howling wilderness, and where now village lots are worth \$125 to \$150 each, and sawmills, stores, hotels, etc., are numerous, and thirty buildings are to be built the coming spring. When a state develops so fast it is wonderful that emigrants are attracted?

Fruit Growers' Prospects.

Geo. Parmelee, of Old Mission, Grand Traverse county, writes to Secretary Thompson, of the State Pomological Society, that the lowest point reached by the mercury on the memorable Tuesday was only 8° below zero. Peach buds and the young wood of peach trees are not at all injured yet. The young wood is perfect to the tips. He thinks that peaches will be plenty this year there.

Chas. E. Soule, of Spring Lake, after a critical examination of peach trees and buds in that vicinity thinks there will be a fair crop of fruit there, and that the damage by the "cold snap" was comparatively small.

President Dyckman, of South Haven, thinks there will be peaches there.

The St. Joseph Herald believes that there will be a first rate yield of fruit in the St. Jo. region this year.

Mr. Husted, of the Lowell nurseries, reports the thermometer 24° below zero on the historical Tuesday morning. He believes the damage to be trifling, in consequence of the ripeness of the wood and the perfect state of the fruit buds. Like the beavers, the fruit trees seem to have anticipated the intense cold weather. Mr. Husted mentions particularly plum and apple tree buds uninjured, and thinks that of one-third the peach tree buds unknilled bear fruit he will be able to exhibit peaches in September, 1873.

Mr. Henry Holt, of Cascade, reports 35° below zero at his place, but anticipates little damage to his plum, pear or apple trees, or grapes, for the reason that the maturity of the trees was perfect, and that the approach of the cold cycle and its declination has been gradual and steady. All hardy varieties are certainly safe. As a test of hardy sorts, this winter will prove an invaluable guide, for this reason the fruit growers of the State should attend the Lansing meeting, where a list of fruits will be adopted.—Grand Rapids Daily Eagle.

FROZEN TO DEATH.

Milwaukee, Wis., Jan. 12.—A St. Paul dispatch received here says that the great storm resulted in many fatal cases of freezing in Minnesota, and that it was unprecedented in its severity. It was so blinding, many persons perished within a few rods of where succor could have been obtained had they known in what direction to go. Three brothers, Charles, John, and Stephen O'Neill, and Thomas and Michael Holden, each with a two horse team, started for Willmar with wheat on Tuesday last. Two of the O'Neills and one of the Holdens were found in sleighs frozen to death, the others were alive, but will scarcely survive. Five ox teams in the same vicinity were found frozen to death, and the drivers are supposed to have abandoned them, and shared the same fate. At Herman Station, on the St. Paul and Pacific Railroad, a man was frozen to death while going from the depot to the water tank. At New-Ulm a little boy, while endeavoring to reach his home wandered eight miles and perished, and a man was found frozen near St. Peter's. Many other casualties will undoubtedly be reported.

During the storm the blinding snow rendered it impossible to see a foot in advance, and many persons were unable to find their homes or shelter, and consequently, perished.

A TEST CASE.

It will be remembered that the barn in which Wilkes Booth was captured was destroyed with its contents. The owner, Mr. R. H. Garrett, presents a claim of several thousand dollars to Congress for the loss he sustained on that occasion. The claim committee have decided that the Government cannot be responsible for the claim if the property was destroyed by the lawless acts of soldiers, or if its destruction was ordered by officers commanding troops. In the former case the circumstances were beyond the control of the Government, and in the latter the loss was one of the unavoidable casualties of the war. The committee substantially say, by this decision, that the only claims of this nature for which the Government is responsible are those in which the property is sold and the money paid into the treasury. This special claim was in itself unimportant, but in its decision it was intended to make it a precedent for a great mass of similar claims for destruction of property by military operations in the Southern States during the war.

St. Louis January 13.—The Democratic caucus at Jefferson City this afternoon nominated Col. Lewis V. Bogy, of St. Louis, for Senator. The vote stood Bogy 64; Blair 47.

Prospectus for 1873.—Sixth Year.

THE ALDINE.

An Illustrated Monthly Journal, universally admitted to be the Handsomest Periodical in the World. A Representative and Champion of American Taste.

THE ALDINE, while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light, and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then, there are the chromos, best les!

Art Department.

Notwithstanding the increase in the price of subscription last fall, The Aldine assumed its present noble proportions and representative character, the edition was more than doubled during the past year; proving that the American public appreciate, and will support, a sincere effort in the cause of Art. The publishers, anxious to justify the ready confidence thus demonstrated, have exerted themselves to the utmost to develop and improve the work; and the plans for the coming year, as unfolded by the monthly issues, will astonish and delight even the most sanguine friends of The Aldine.

The publishers are authorized to announce designs from many of the most eminent artists of America.

In addition, The Aldine will reproduce examples of the best foreign masters, selected with a view to the highest artistic success, and greatest general interest; avoiding such as have become familiar, through photographs, or copies of any kind.

The quarterly tinted plates, for 1873, will reproduce four of John S. Davis' inimitable child-sketches, appropriate to the four seasons. These plates, appearing in the issues for January, April, July, and October, would be alone worth the price of a years subscription.

The popular feature of a copiously illustrated "Christmas" number will be continued.

To possess such a valuable epitome of the art world at a cost so trifling, will command the subscriptions of thousands in every section of the country; but, as the usefulness and attractions of The Aldine can be enhanced, in proportion to the numerical increase of its supporters, the publishers propose to make "assurance double sure," by the following unparalleled offer of

Premium Chromos for 1873.

Every subscriber to The Aldine, who pays in advance for the year 1873, will receive, without additional charge, a pair of beautiful oil chromos, after J. J. Hill, the eminent English painter. The pictures, entitled "The Village Belle," and "Crossing the Moor," are 14 x 20 inches— are printed from 25 different plates, requiring 25 impressions and tints to perfect each picture. The same chromos are sold for \$30 per pair, in the art stores. As it is the determination of its conductors to keep The Aldine out of the reach of competition in every department, the chromos will be found correspondingly ahead of any that can be offered by other periodicals. Every subscriber will receive a certificate, over the signature of the publishers, guaranteeing that the chromos delivered shall be equal to the samples furnished the agent, or the money, will be refunded. The distribution of pictures of this grade, free to the subscribers to a five dollar periodical, will make an epoch in the history of Art; and, considering the unprecedented cheapness of the price for The Aldine itself, the marvel falls little short of a miracle, even to those best acquainted with the achievements of inventive genius and improved mechanical appliances. (For illustrations of these chromos, see November issues of The Aldine.)

The Literary Department.

will continue under the care of Mr. Richard Henry Stoddard, assisted by the best writers and poets of the day, who will strive to have the literature of The Aldine always in keeping with its artistic attractions.

TERMS.

\$5 PER ANNUM, IN ADVANCE, WITH OIL CHROMOS FREE.

The Aldine will, hereafter be obtainable only by subscription. There will be no reduced or club rate; cash for subscriptions must be sent to the publishers direct, or handed to the local agent, without responsibility to the publishers except in cases where the certificate is given, bearing the facsimile signature of James Sutton & Co.

AGENTS WANTED.

Any person, wishing to act permanently as a local agent, will receive full and prompt information by applying to James Sutton & Co., Publishers, 58 Maiden Lane, New York.

The Grand Lodge of F. & A. M., was in session this week in Detroit. Grand Master Henry Chamberlain submitted his annual report. The number of new lodges chartered during the year was twelve. Grand Master Chamberlain took strong ground against the erection of a State Masonic Temple.

F. & A. M.

There will be a regular communication of Valley Lodge of F. & A. M. on Wednesday evening, January 8, at 8 o'clock in this city for the purpose of electing officers for the ensuing year. It is hoped that every member may be present.

By order of W. M.

I. O. O. F.

Holland City Lodge No. 102, meets every Wednesday evening at 8 o'clock in Masonic hall on Eighth street. Visiting brothers are cordially invited.

Overcoats \$5.00 to \$25.00
at the Star Clothing House, Grand Rapids, 39

Holland, January 18, 1873.

Local News.

Be sure and call upon D. Bertsch, if you want anything in the line of Furs or Winter goods, he means what he says.

The people of Ludington have voted to apply to the Legislature for a city charter. Only one dissenting vote.

Workmen are engaged in building a brewery on the grounds formerly occupied by Elverink & Spritsma's tannery.

THANKS.—To Governor Henry P. Baldwin, for a copy of his retiring Message and accompanying estimate of receipts and expenditures for the years 1873 and 1874.

The engine and three cars of the mail freight train ran off the track near Bangor, Wednesday evening, causing a delay to the night express, of some four hours.

A gentleman in Iowa claims to have made the discovery that tea can be grown in Crawford county, in that State. The experiment has been tried, and it is said that 700 pounds of tea have actually been raised on one acre of ground.

We have received No. 2 of vol. 1 The Paw Paw Courier, it is a folio, eight column page paper, neatly and correctly executed. Edited by C. A. Landphere and G. W. Mathews, with ability. Republican in politics and d should meet with a cordial reception.

GRAND RAPIDS, January 13.—The roof of the freight depot of the Grand Rapids & Indiana Railroad in this city fell in to-day because of the weight of snow on it. The freight in the building was damaged somewhat. The damage to the building is \$400 or \$500.

NEW ARRANGEMENT.—Those from this city who wish to go to Lansing, will leave here on the early morning train for Grand Rapids, at that place they will take the 12:30 p. m. train on the G. R. V. R. R. to Eaton Rapids, connecting there with the train on the Lansing division of the L. S. & M. S. R. R. lately opened and arrive at Lansing at 5:15 p. m.

Dr. Bossum Van Walkers, of Vriesland, committed suicide last week, by taking strychnine, he was a man of considerable ability; but he had become so confirmed an inebriate that life became burdensome. For some days previous to his death, he had intimated to his friends his design, no attention was paid to his remarks, hence his success—he was a man about 35 years of age. Leaves no family.

Mr. Homer W. Nash, of Sweet's Hotel hands us a private telegram from Mr. T. H. Lyon, received since noon, which states that the Joint Committee of the State Society and N. M. A. & M. S., have agreed on a plan of consolidation, to be ratified at a Joint meeting of the two societies, to be held soon. They also agree that the joint fair shall be held north of the Michigan Central Railroad.—Grand Rapids Daily Eagle Jan. 16.

Hon. F. J. Littlejohn did not put in his appearance as announced for Wednesday evening at Hope College Chapel. Although a small select audience faced the storm and waded through the slush to hear the great commoner.

After waiting until the train had come and gone that should have brought the lecturer, and the audience wishing to have something called upon President Phelps, Revs. Uiterwijk, Stewart, Crispell, Scott and G. W. McBride, who each in turn told their stories and drew their conclusion in true philosophical style, each speaking a good word for the absent one, regretting the circumstance which may have caused the disappointment. We are unable to announce the next lecture.

A COURT SCENE.

Extraordinary Scene at Justice Court—City of Holland.

His Honor" with "Tiffany's Justice

Guide" and the revised statutes of '72

in hand, presiding. As a stranger to

the language, we can but admire the

superb acting of the Walking Gent, the

stately grace of the Philanthropist, and

the wicked gleam of the heavy man's

eye; as the old lady was called, a very

tunny scene follows, with a swift rush

embracing his "Honor" in her sinewy

arms, clasps him fondly to her

maternal bosom, and weeps with the

warmth of a great passionate heart.

Who wouldn't be a Justice of the

Peace? oh, no! We would wish for a

clean arm to embrace our shirt-studs,

with a more pleasant phiz, to ruffle

our collar.

sidering the delays on account of bad

weather, also the conductors reports

show the cash receipts a little more

than ticket collections; more than one

half of passengers not purchasing tick-

ets.

RAILROAD ACCIDENT.—Thursday

last as the mail train going South, on

the C. & M. L. S. R. R., was nearing

Richmond, the passenger coach with

about 20 passengers left the track, the

forward truck remaining, while pass-

ing over on embankment, turning

over twice and bringing up about 18

feet below grade. Only two passen-

gers were injured, one a lady Anna

Rhodes of Muskegon seriously, a gen-

tleman whose name we could not learn.

It is thought the woman will recover.

CIRCUIT JUDGES.—An effort has

been made in Kent County to increase

the salary of Judge Hoyt, \$700 from

the County Treasury. A petition pre-

sented to the Board of Supervisors for

that purpose was defeated by a vote of

10 for and 17 against it. A proposition

is before the State Legislature, of al-

lowing Circuit Judges \$1,500 a year,

with which to hire clerks or which they

may keep for themselves if they do not

choose to hire clerks, this proposition

has received no definite action

SALMON EGGS.—Prof. Baird of the

Smithsonian Institute, United States

Commissioner of Fish and Fisheries,

has just been informed, by telegraph,

that 750,000 salmon eggs will be ship-

ped from Bremen, by the steamship

America, on the 11th of January, and

will consequently be due in New York

about Jan. 25. They will be in charge

of Rudolph Hessel, an eminent German

fish culturist, and on their arrival will

be distributed in greater part to the

State Commissioners of Fisheries, for

introduction into the waters of the

great lakes and the Atlantic coast. One-

third of the eggs are a present from

the German Government.

INSURE WITH THE OLD

"North America"

INS. Co. OF PHILADELPHIA, PA.

(ESTABLISHED 1794.)

Why? Because it is the oldest Ins. Co. in the United States.

Because it was the first to pay its Holland losses in Ready Cash.

Because it has paid over \$36,000,000 losses.

Because it has a surplus (over and above its debts) of more than two Ins. Co's. in the United States.

Because it has a surplus of more than five times that of all the other Ins. Co's. in the city combined.

For proof, read the (Jan. 1872) Report of the Superintendent of the Insurance Department of New York.

Policies issued at the Holland agency, as low as by any other responsible Company.

Vinegar Bitters are not a vile Fancy Drink, made of Pot Still, Whisky, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the lipper on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcohol, Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints. In young or old, or during or after the period of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout. Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Rheumatism, Liver, Kidneys and Bladder. These Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

For Skin Diseases. Eruptions, Tetter, Salt Rheum, Boils, Spots, Pimples, Pustules, Bores, Carbuncles, Itch, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will remove the most inveterate of their curative effects.

Cleanse the Vitiated Blood when ever you find it impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape and other Worms. lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is scarcely an individual on the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like the Bitters.

Mechanical Diseases.—Persons engaged in Pulpits and Minerals, such as Plumbers, Typsetters, Gold-beaters and Miners, as they advance in life, are subject to paralysis of the bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS twice a week.

Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula, or King's Evil. White Swellings, Ulcers, Erysipelas, Swelled neck, Gout, Scrofulous Inflammations, Intolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, &c., etc. In the treatment of these constitutional diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the Blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure is effected.

The Aperient and mild Laxative properties of Dr. Walker's Vinegar Bitters are the best safe-guard in cases of eruptions and malignant fevers. Their balsamic, healing, and soothing properties protect the humors of the fauces. Their Sedative properties allay pain in the nervous system, stomach and bowels, either from inflammation, wind, colic, cramps, &c.

Disorders of the Liver. The Bitters on going to bed at night from a half to one and one-half wine-glassful. Eat good nourishing food, such as beef-steak, mutton chop, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirit.
