REFUSE TO STAND BY NIEDRINGHAUS

SIX MISSOURI REPUBLICANS BOLT CAUCUS NOMINEE AT THE JOINT SESSION.

TWO BALLOTS FOR SENATOR ARE TAKEN

Bolters Cast Their Vote for Kerens While Democrats Stand Solidly for Cockrell — May Compromise on Warner.

Jefferson City Mo., Jan. 18. — Representatives Bittling, Branch, Cook, Elliott, Grace and Roach Wednesday bolted the republican caucus nominee, Thomas E. Niedringhaus, for United States senator to succeed Francis M. Cockrell, when the first ballot of house members was taken in joint session, resulting in no election. The vote stood: Niedringhaus, 87; Cockrell, 83; Kerens, 6. The Kerens men were cheered as they bolted the nomination of the state chairman.

Motion to Adjourn Defeated. As soon as Lieut. Gov. McKinley, who presided over the joint session, announced that there had been no election, Senator Fields moved that the joint assembly adjourn until noon Thursday. The motion to adjourn was defeated by a vote of 91 to 85. Only two republicans voted with the democrats for the motion to adjourn. The second ballot was ordered.

Second Ballot Taken. On this ballot Niedringhaus lost two votes, Hatzfeldt of Newlin, voting for Kerens, and Kirkham, of Miller, voting for Dr. Pettijohn, of Linn county. The ballot resulted: Niedringhaus, 85; Cockrell, 83; Kerens, 7; Dr. Pettijohn, 1. After the second ballot, the joint assembly dissolved to meet at noon Thursday. The republicans called a joint caucus immediately after adjournment to consider the senatorial situation.

May Compromise on Warner. It is reported that the name of Maj. William Warner, of Kansas City, will be presented as a compromise candidate. The Warner men are threatening to leave the Niedringhaus forces. Representative Lyons, of Kansas City, Warner's representative, said: "I cannot say at this time whether we will spring Warner's name. We must await developments."

It will be impossible for Niedringhaus, in the judgment of well-posted politicians, to rally the Kerens men to his aid, and as the democrats are solidly organized, there seems to be absolutely no consolation for him in the situation as it now stands.

Majority Report Adopted. The house Wednesday, by a strict party vote, adopted the majority report of the committee appointed to investigate the campaign contributions of Thomas K. Niedringhaus, who Tuesday received a majority of votes in both houses for United States senator. The vote stood 78 to 57. The report was favorable to Mr. Niedringhaus.

King Honors Californian. San Francisco, Jan. 18.—King Christian of Denmark has conferred the title of knight upon H. H. Birkholm, a San Franciscan, who for ten years has represented the Danish government as consul general to California, Oregon and Washington. The rank of knighthood is one of distinct honor socially in Denmark.

Students Injured. Ann Arbor, Mich., Jan. 18. — Four Porto Rican students at the University of Michigan were seriously injured in a coasting accident Tuesday night. They were coasting down Hospital Hill on a bob-sled, when they ran into a sled which was being drawn up-hill by another party. One had his leg broken in two places.

Jealousy Causes Murder. Charlotte, Mich., Jan. 18. — Charles Smith, a 21-year-old farmer, living near Eaton Rapids, shot and instantly killed Morton Kimes, aged 16 years, Tuesday night. Smith was married about ten months ago to a 15-year-old girl and it is said was jealous of Kimes. The shooting followed a scuffle in which Smith was the aggressor.

Resignations Are Accepted. Paris, Jan. 18.—The Combes ministry presented its resignation to President Loubet at the Elysee palace Wednesday morning, and the president accepted it, but asked the ministers to individually carry on their functions until a new cabinet is formed.

Tragedy in Buffalo. Buffalo, N. Y., Jan. 18. — Mary Kiff, a good-looking girl of 19 years, was shot and killed early Wednesday by an Italian as yet unidentified, in a room in a hotel in Lower Pearl street. The man then shot and killed himself.

Seeks Investigation of Charges. Washington, Jan. 18.—Shortly after the senate convened Wednesday Senator Stone was recognized and spoke on his resolution for directing an investigation into charges of election frauds.

"SAVED MY LIFE"

—That's what a prominent druggist said of Scott's Emulsion a short time ago. As a rule we don't use or refer to testimonials in addressing the public, but the above remark and similar expressions are made so often in connection with Scott's Emulsion that they are worthy of occasional note. From infancy to old age Scott's Emulsion offers a reliable means of remedying improper and weak development, restoring lost flesh and vitality, and repairing waste. The action of Scott's Emulsion is no more of a secret than the composition of the Emulsion itself. What it does it does through nourishment—the kind of nourishment that cannot be obtained in ordinary food. No system is too weak or delicate to retain Scott's Emulsion and gather good from it.

We will send you a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

JIG STRIKE IS CALLED OFF

COTTON MILL OPERATIVES TO RESUME WORK.

Trouble Is Settled at Conference at Boston—Employees Accept the Reduction.

Boston, Jan. 18.—The strike of the cotton mill operatives at Fall River was settled at a conference here Wednesday. The conference was held at the state house here, representatives of the manufacturers and of the operatives having met by arrangements made by Gov. Douglas. The strike began July 25, 1904, when the manufacturers posted notices of a 12 1/2 per cent reduction in wages. A conference held here last Saturday was without result, but both parties came Wednesday authorized to make a settlement.

By the settlement agreement, the operatives will return to work at once under the reduction. The question of the margin between raw material and manufactured goods which shall be required by the manufacturers, is left to be adjusted by Gov. Douglas.

The cotton mill strike, which began here on July 25, 1904, was the greatest disturbance the textile industry of America has ever known. When the mills involved were obliged to close their gates about 25,000 operatives were thrown out of work. Seventy-one mills, controlled by 33 corporations, stopped the machinery, and it remained idle until the middle of November, since which time most of the factories have been running, generally with less than one-half the usual force. The strike was directly due to a reduction of 12 1/2 per cent in wages. The mills had reduced wages ten per cent eight months previously. Under the second reduction the standard price for weaving was 17.32 cents per cut. The last cut down was not met by the six mills of the Fall River iron works, an independent concern. The yarn and thread mills, the Barnaby Gingham and Stevens' quilt mills were also out of the wage reduction agreement.

The mills affected by the strike have a combined capital of \$25,000,000, and have 2,300,000 spindles. During the months the mills were shut down the operatives lost nearly \$150,000 weekly, and the corporations about \$23,000. The aggregate direct losses to all interests up to Wednesday are estimated at fully \$5,000,000. The indirect losses were also considerable.

CREST REACHES LOUISVILLE

Rise in Ohio River Causes Considerable Damage to Shipping There.

Louisville, Ky., Jan. 18.—The crest of the rise in the Ohio which dislodged the gorge four miles above Louisville and caused considerable damage to shipping reached here Wednesday. One small pleasure steamer, one coal boat and a coal barge were torn from their moorings, but were captured after a lively race, at the head of the canal. The steamer Morning Star, which was placed in a hazardous position by Tuesday's crush of ice, was released and taken into the canal for safety. The wharf boats carried from their positions and other minor craft which was damaged cannot be moved until conditions are more favorable.

The big steamers W. W. Hite and City of Jeffersonville, engaged in the ferry business between Louisville and Jeffersonville, are tied up, as they cannot get to their wharf boats. The river continues to rise, but the ice is moving freely in midstream.

Given Authority to Call Strike.

Philadelphia, Jan. 18.—W. G. Lee, vice grand master of the Brotherhood of Trainmen, stated Wednesday that 95 per cent of 12,000 members of the union had voted to give the grievance committee authority to call a strike of the trainmen employed by the Pennsylvania Railroad company, if necessary, to secure the repeal of the company's order making firing by brakemen compulsory. This is the main grievance of the trainmen.

Fee System or Salary System For Sheriff. Which?

Speedy action has followed the decision of the board of supervisors to place the sheriff and his deputies upon a salary system and abolish the fee system now in vogue, and a bill has been prepared for introduction to the legislature. This bill is backed by the unanimous action of the board, every member of which is desirous that it be pushed to a speedy determination.

For the purpose of acquainting its readers with the scope of the bill, the News publishes the following exposition of its provisions. It is a matter that is of vital interest to all residents of the county and a careful perusal is invited. In the event that such perusal will lead to your forming an opinion one way or the other it is your duty as a public spirited citizen to take action on that decision. Either acquaint some member of the board of supervisors of your ideas on the matter or take the public into your confidence and give your opinion for publication.

The members of the board are actuated by a desire to do all that is in their power to serve best the interests of Ottawa county, and it is your duty to accord them all the moral support in your power.

PROVISIONS OF THE BILL.

Following are the main provisions of the bill:

The bill to take effect after the expiration of the term of the present sheriff, Jesse Woodbury.

The salary to be \$2500 per annum, payable monthly. No other compensation, payment or allowance to be allowed.

All fees, emoluments and perquisites received by the sheriff from any source whatsoever, such as fees in civil cases, for board of prisoners, for conveying prisoners to state institutions, in other words all pay of any description shall belong to Ottawa county, and it shall be the duty of the sheriff to exact, collect and receive for the county the full amount allowed by law of all such monies, fees, emoluments and perquisites.

The deputy sheriffs shall receive an annual salary of not more than \$600, payable monthly, which shall be in place of all salaries, per diem, fees, mileage, percentage, perquisites, emoluments and compensation now allowed by law.

The sheriff shall appoint all deputy sheriffs, one of whom shall be a competent accountant, but the board of supervisors or other lawful authority shall prescribe the number of deputy sheriffs and shall fix their compensation. Provided that no deputy shall receive a salary of more than \$600 per annum, that deputy sheriffs acting as court officers shall receive a salary of not to exceed \$200 per annum; all salaries of the deputy sheriffs shall be fixed from term to term on or before October, 31, preceding the commencement of the term of office of the sheriff, and no salaries shall be increased or diminished during the term. The number of deputy sheriffs shall be sufficient with the sheriff and under sheriff to perform all of the duties devolving upon the sheriff's office by law.

In times of emergency the sheriff upon the order of the circuit court, made upon the petition of the sheriff or the prosecuting attorney, showing the necessity therefor, may appoint for such day or days as may be required, one or more additional deputies, who, for services actually rendered, shall receive the sum of \$3 per day and no other compensation whatsoever. The sheriff may also appoint deputy sheriffs to protect private interests, who shall receive no compensation from the county.

The sheriff shall keep in his office books showing an account of all monies received. The record shall be complete and shall be open to inspection.

The sheriff shall transmit to the treasurer before the tenth of each month a complete account; shall make affidavit of its correctness and shall at the same time pay over to the treasurer, for the benefit of the county, the whole amount of monies received by him.

All legal papers, the service of

which would be a proper charge against the county shall be served free of charge.

On or before the 10th of each month the sheriff and deputies shall make and file with the county clerk a full account of all necessary expenses and said expenses shall be claims against the county which, after being audited by the board of supervisors or other lawful authority shall be paid by the county of Ottawa.

The county jail shall be kept by the sheriff. All supplies shall be provided by the sheriff and his necessary expenses in providing the same shall be a charge to be paid by the county. He shall keep an itemized account of expenses and shall also obtain a voucher for each item incurred by him as far as practicable and if the item exceeds the sum of \$25 it shall be verified as to its correctness and the payment thereof by the affidavit of the person furnishing the same.

A verified statement of these expenses shall be presented to the county clerk at the end of each month or, ten days thereafter and the clerk shall examine same and attach his certificate thereto, certifying what amount thereof he finds correct. Upon presentation of said certificate to the treasurer, the treasurer shall forthwith pay the sheriff. If a portion of the account is not certified to as correct the same may be presented to the board of supervisors for audit, and the amount then allowed will be paid.

A full detailed itemized report shall be made by the sheriff on oath on or before the fifth of January each year, and said report shall appear in the printed proceedings of the board of supervisors.

The sheriff shall execute to the county a bond, in addition to any other required by law, binding him to faithful performance of duty and to pay the treasurer all moneys which come into his hands, the bond to be for \$5000.

Any officer who keeps the fee or neglects to account for it, shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than \$25 nor more than \$500 or by imprisonment in the county jail for not less than ten days nor more than six months or both, and shall be liable to said county in a civil action for all such money received for the use of the county and not accounted for.

McBrides Report.

The last report of P. H. McBride retiring prosecuting attorney, for the six months ending January 1, 1905, shows that 297 persons were prosecuted. Of this number 275 were convicted, four discharged by the prosecutor, one nolle prossed, three discharged on examination and one settled.

The number of prosecutions for various offenses was as follows: Assault and battery 11, arson 1, attempt to commit rape 1, bastardy 1, boarding moving train 4, burglary 2, carrying concealed weapons 2, cruelty to animals 2, disorderly 16, drunkenness 120, gambling 1, carrying burglar tools 1, larceny 11, murder 1, obtaining goods under false pretense 2, trespass 2, truancy 5, vagrancy 97, using indecent language 2, violating game and fish law 7, violating liquor law 2, violating pure food laws 1, violating school law 1.

The report shows that the justice and peace officers of the county have camped persistently on the trail of the luckless hobo during the six months and have made him a fruitful source of revenue. One hundred and twenty "drunks" and 97 vagrants are reported and the costs of prosecution in all but 9 of these cases were paid by the county and the offenders with but few exceptions were common tramps.

More than half of these tramps were sent from Holland, and to get them from Holland to the Grand Haven jail it cost the county \$8.92 per head. Of this amount the Holland justice received \$3 and the Holland officer \$5.92, the officer being allowed 15 cents per mile on each prisoner he conveyed to Grand Haven. The supervisors at their late session cut the mileage from 15 to 10 cents on prisoners brought from Holland, making the hobo business to the Holland officers less profitable.

A Bad Wreck

One of the most disastrous wrecks in years occurred in Holland Wednesday afternoon when the fast freight, north bound, in charge of Engineer Snell and Conductor Flickinger, crashed into a freight switching in the vicinity of the main line near the depot. The switch Engine was in charge of Engineer Earl Markham and Fireman De Young who had just sent two cars of coal on the main line from the switch and went back to couple other cars. This being done they started for Waverly and had gone only a few car lengths when the collision took place. Snell's engine was coming at the rate of 20 miles an hour and the impacts sent cars, coal, timber, glass and iron thro the air at a great rate. Fifteen cars were derailed. That no one was killed or injured in the wreck is a miracle. Fireman De Young had a hair breath escape for as he jumped from the engine down the embankment he was followed by a car of merchandise which came so close to him that he was touched by the car as it stopped rolling.

The track was torn up for about 30 rods and merchandise, coal and debris were scattered all along the track.

One of the engines is minus a smoke stack and other minor damages. Engineer Snell claims that the air brakes were not in working order, he is a new man on the road and had but recently accepted a position with the Pere Marquette. On account of the delay in the arrival of the wrecking train clearing up the wreck was carried on with difficulty. Italian laborers were hustled in from nearby stations and worked all night. Yesterday morning the wrecking train put in an appearance and made short work of the heavy obstacles on the track. The loss to the railroad is estimated to be about \$5,000. Travel on the road was resumed as usual at 7 a. m. yesterday.

Suicided by Hanging.

Eric Erickson, a hired man at the farm of Edward Courtright in Tallmadge, committed suicide Tuesday morning by hanging himself in the barn of his employer. Erickson had gone out to the barn to perform the chores, but not returning when expected, Mr. Courtright went to the barn and found the man hanging, with a light cord of binder twine around his throat, and already dead.

The officers here were notified and Sheriff Woodbury and Prosecuting Attorney Dan F. Pagelsen, caught the ten o'clock Interurban and left for the scene of the tragedy.

Sheriff Woodbury arrived home this afternoon. He stated that the suicide was a Swede, about forty years of age, and so far as known had no relatives in America. He had worked for the Courtright's about a year. Recently he had been drinking heavily and it is believed that he killed himself while despondent and in a fit of remorse.

The sheriff says that the man tied the light cord to an overhead rafter in the barn and then deliberately choked himself to death. When found the twine had so far stretched that the dead man was almost in a sitting posture.

No inquest was deemed necessary and the body was turned over to Supervisor Hatch for burial.

Changed Light.

The changing of the flash light from the high bluffs at Grand Haven harbor to the pier head caused some great guessing by the skippers of the Crosby liner Nyack and the Goodrich liner Atlanta when they arrived off this port this morning. Had not both men been so well acquainted with the harbor, the steamers might have wound up on the beach north of the piers. Both skippers claim never to have received any notification of the change and they were taken completely unaware when they arrived off here this morning. The government has seldom if ever changed a light without due notice to mariners and this action is not understood. Had the captains of the boats been strangers, they would have followed their charts and the charts show the flash light upon the hill. Work for the wrecking tug might have been the result.

With the removal of the flash light to the pier head at the harbor mouth here, the old range system is destroyed. It is by this system that navigators have taken the harbor at night for years and the change will be strange at first. A man on the bridge of a ship in the lake at night would probably first catch the flash of the hill light whether he came from the northward or the southward. Then, perhaps, the gleam of the beacon on the pier head would come to him over the water and if he wished to come into Grand Haven, but was loaded deeply, he would run to a point directly opposite the lights. With his eye to the shore, he would watch the relative position of the lights and when the flash above and the beacon below blended into one, he would know he had struck the range. With the lights thus, and

his boat headed directly for them, he could hardly help making the harbor even in the blackest night. This range used to strike the Milwaukee course almost directly and made entrance very easy. Some new system will probably be evolved for the skippers entering here under the new conditions.

FACING DISGRACE HE CHOOSES DEATH

INDIANA LODGE OFFICIAL UNABLE TO ADJUST SHORTAGE IN HIS ACCOUNTS.

Kills Man Who Persisted in Uncovering His Irregularities, and Then Takes His Own Life—Tragedy Occurs in Barber Shop.

Veedsburg, Ind., Jan. 16.—John Brant, of the Veedsburg News, and Charles Eckburg, a barber, were found dead Sunday afternoon in a barber shop where they had gone to balance the books of the odd fellows' lodge, in which both held official positions. At a late hour they had not appeared and citizens began an investigation which resulted in their finding Brant in a barber's chair, shot through the head, and Eckburg lying on another chair, shot through the temple. A revolver was found in a cuspidor near Eckburg's body. On Eckburg's body were found three letters. One was addressed to the public and was dated January 1. In it Eckburg declared his intention of killing himself because of his financial troubles. He admitted that he could not adjust the shortage. The second letter was written to Harry Wertz, the dead man's best friend. In it he said that he had determined to take his life, and that he would "take Brant with him." To Wertz he admitted his troubles and asked Wertz to settle up his affairs and do the best he could for his family. The third letter was addressed to his wife and was not made public. The coroner's verdict charges that Eckburg shot and killed Brant and later killed himself. Eckburg was financial secretary of the local odd fellows' lodge for several years. About January 1 an auditing committee, composed of Brant, John Labaw and Charles Pugh, was appointed to audit the books, and in this Brant took the initiative. He has since been persistent in trying to discover the alleged irregularities.

Lukens, Gosport, serious; Moses Bass, Bedford, not serious. The men, who were employees of the Central Union Telephone company, had been working on the line that is being run east of this city. The men had quit work and were returning to town in a two-horse wagon, into which they had thrown the dynamite explosion caps and tools. The jarring of the wagon caused the explosion of the caps. There are days of dizziness; Spells of headache, sideache, backache; Sometimes rheumatic pains; Often urinary disorders. All tell you plainly the kidneys are sick. Doan's Kidney Pills cure all kidney ills. Here is proof in Holland.

Mrs. M. Shonaker, 256 West 15th St., says: "I suffered from constant heavy aching pains across the small of my back so that I could not rest comfortably at night in any position and during the day I felt tired and languid. The kidney secretions became badly affected, irregular, too frequent, scanty and were attended by a good deal of pain besides depositing a heavy sediment. I suffered also from headaches and spells of dizziness so that I either had to sit down or hold on to something from falling. I used a great many different remedies but without obtaining any benefit. Friends advised me to use Doan's Kidney Pills and I got a box at J. O. Doesburg's drug store and used them. They helped me from the very start. They are the best remedy I ever tried and I have no hesitation in recommending them."

HIGH HONOR FOR AN ILLINOIS MAN

CONGRESSMAN WARNER PLACED AT HEAD OF PENSION DEPARTMENT.

Bristow Quits Postal Service to Accept Commission to Make Investigation of Trade Conditions and Freight Rates.

Washington, Jan. 14.—The president Friday appointed Vespasian Warner to be commissioner of pensions. Mr. Warner is now a member of congress from Illinois. Mr. Warner is from the Nineteenth district of Illinois and was re-elected last November for the fifth term and was strongly endorsed by the state delegation and by prominent members of the G. A. R. and other organizations of ex-soldiers.

Confirmed. Washington, Jan. 17.—The senate in executive session confirmed the nomination of Vespasian Warner, of Illinois, as commissioner of pensions.

New Position for Bristow.

Washington, Jan. 14.—Joseph L. Bristow, fourth assistant postmaster general, on Friday tendered to the president his resignation as an officer of the postal service to take effect on the 20th instant. By an executive order issued late in the afternoon President Roosevelt designated Mr. Bristow as a special commissioner to make an investigation into the present trade conditions and freight rates between the Atlantic and Pacific coasts and between the west coast of South America and the east coast of the United States, and Europe, to determine the best policy of managing the Panama railroad. The announcement came at the conclusion of an extended conference between the president, Secretary Taft, Mr. Bristow and Senator Long, of Kansas. After the conference at the white house, Senator Long said that the transfer of Mr. Bristow from the post office department to work in connection with the proposed isthmian canal had been under consideration for a long time. Mr. Bristow has had interviews with the president and Secretary Taft regarding the matter, but his final determination was not reached until Friday. His decision to accept the special commissionership was hastened, it is understood, by the transfer Thursday of the division of post office inspectors from the bureau of the fourth assistant postmaster general to the direct control of the postmaster general himself. Mr. Bristow regarded the issuance of the order of transfer of the division as a reflection upon him. That the order as to the inspectors' division was not issued with the idea of humiliating Mr. Bristow is evidenced by the president's action on Friday.

FAMILY PERISHES.

Man, His Wife, Two Children and Servant Lose Their Lives in Burning Home.

New York, Jan. 16.—William T. Mason, a lawyer, and his family, consisting of wife and two children, Ellen, four years old, and Marion, six months, with a servant, Annie Wells, lost their lives in a fire which partially destroyed the brown stone dwelling occupied by them at No. 133 West One Hundred and Thirtieth street early Sunday morning. Although neighbors say they heard cries of "murder" and "burglars" the police found nothing to indicate that the fire was not accidental. The whole family appears to have been suffocated. The bodies of the father and youngest child were untouched by the flames, and those of the others were probably burned after they had died. A policeman and a neighbor who heard the cries attempted to get into the house by breaking windows of the parlor floor, but were driven back by the smoke. The firemen were unable to enter until after the lower part of the house and the halls had been burned out. The charred bodies of Mrs. Mason, the servant and four-year-old child were found in a closet under the roof scuttle, through which they are supposed to have been attempting to escape. The bodies of Mr. Mason and the younger child were in a bedroom.

Colored Bishop Dead.

York, Pa., Jan. 18.—Bishop John Bryant Small, one of the best known negro bishops in this country, is dead at his home here, after an illness of ten days. Bishop Small was born in Barbadoes in 1835. He came to the United States in 1871, and afterward joined the African Methodist Episcopal church. In 1896 he was elected by the general conference at Mobile, Ala., to the episcopate. He made two trips to Africa, returning from the last on October 11, 1903. On this trip he secured \$50,000 worth of property in Cape Colony and \$20,000 in Quitnah for the church from native chiefs.

Banks to Be Merged.

San Francisco, Jan. 18.—It is announced by I. W. Hellman, Jr., that the Wells-Fargo company bank and the Nevada national bank of San Francisco will merge their capital and interests under the corporate name of the Wells-Fargo national bank, with a capital of \$6,000,000 and a surplus of \$3,500,000. Mr. Hellman says the combined assets of the two banks after consolidation will approximate \$30,000,000.

Willard, advocate of prohibition, and for many years identified as the head of the Women's Christian Temperance union, will be the first woman to have her life and deeds commemorated in Statuary hall. MRS. JOHN HOSKINS

SAYS: "WHY DON'T YOU PUBLISH WHAT VINOL HAS DONE FOR OUR BOY."

So That Other Holland Patents May be Benefited as We Have Been."

Such requests are continually coming to us, and we have over and over again published in the News for the benefit of Holland people, not only our opinion of Vinol and why it is so far superior to all of the other tonics and cod liver oil preparations, but unquestionable testimony from our best class of citizens and physicians proving its wonderful curative and strength creating properties.

Mrs. Hoskins writes: "Our boy since a child has suffered terribly with bronchitis during cold weather. For years we used cod liver oil, emulsions and other medicines, which upset his stomach, gave only temporary relief and did not cure. Vinol was recommended and we tried it, and I am thankful to say he is entirely cured and in better health than he has been for years. I wish you would publish this in the News, as I am sure many mothers

CLIFFORD HOSKINS.

will be glad to know of such a healing and strength creating medicine for their children."

Mr. De Pree says: "The reason Vinol accomplishes such results after everything else fails is because it contains in a concentrated form all of the curative, strength-creating properties of cod liver oil, but without a drop of oil to upset the stomach and retard its work, where as many of the imitations of Vinol, claiming to be cod liver oil preparations contain drugs and chemicals claimed to have the same effect as Vinol, but which cannot, as they never came from the cod's liver at all and contain no cod liver oil elements. The secret of separating the medicinal elements of the cod liver oil from the oil is known only to the makers of Vinol. Therefore, there can be no other cod liver oil preparation just as good or just like Vinol."

So sure are we that Vinol is far superior to all other tonics, cod liver oil and emulsions that we freely offer to return the money in every case where it fails to give perfect satisfaction. Con De Pree Druggist.

Nick Van Slooten the Macatawa Park burglar was taken to Allegan Saturday by Sheriff Whitecock.

The congregation at Niekerk has extended a call to Rev. Drukker of the Fourteenth Street Christian Reformed church.

The bosom of Macatawa Bay is dotted with fish shanties. Over one hundred have been placed on the ice and more coming.

Grand Haven grocers are watching the steady rise of sugar with anxiety and the Saturday quotations placed the eastern sugar at \$6.32 with a promised advance today.

The apportionment of the court stenographer's salary for the Twentieth Judicial Circuit has been made. Ottawa county pays the stenographer \$720 in monthly installments of \$60 and Allegan pays \$780 in portions of \$65 per month.

A. Vander Wagen of Ferrysburg butchered two hogs last week which weighed 1365 pounds. He marketed them in Muskegon. Undoubtedly these were the two largest hogs that have been raised in Ottawa County in a number of years.

At a recent sale in the county treasurer's office Supervisor Enno Pruim of Spring Lake purchased a coin which is undoubtedly of value to the numismatist. It is a German silver piece, "ein theler," dated 1796. On one side is the figure of "Friedrich Wilhelm, Koenig von Preussen" and on the other the coat of arms of Prussia.

A petition was circulated in Allegan Co. asking the two representatives in the legislature to use their influence in having enacted a law establishing in this state juvenile courts. The idea is to have special courts established in counties whose population is above 50,000 and in less populous counties the judge of probate shall be given jurisdiction.

Considerable trouble is being experienced by manufacturers and coal dealers in getting freight over the Pere Marquette system to this city. C. L. King & Co. although having large consignments of logs on the road, were compelled to shut down their saw mill because material did not arrive. Coal dealers are also kicking, some say that they have had cars of coal in the road for the past two months.

Holland Council, No. 109, North American Union, Monday evening installed the following new officers: President—A. Vanden Berg, Vice president—D. J. Sluyter, Chancellor—P. J. Zalsman, Orator—F. The new Huggins bridge at Allegan is complete except the plank and it is not certain when this will be done, though probably within a couple of weeks. The structure is so well placed that it can be swung open for passage of boats in one and half minutes. It is no doubt the finest steel bridge that crosses the Kalamazoo river. It was half payment for this bridge that accounts for the increase in township taxation this year, but probably all will agree that it was better to pay for it in two years than permit a large sum of interest to accumulate.

Frank Kitson, the celebrated base-ball player who has won fame for himself as well as Allegan, has received notice from the management of the Detroit American League club of a cut in his salary for this season. The notice of the cut came with the contract for 1905 last week. All players have had contracts sent them so far this year with the salary clause cut down. The price stipulated in the contract sent Mr. Kitson was \$2000 for the season, but was returned unsigned. Frank will not play for less than his price, \$2,400 and unless this is conceded he may sign with one of the Pacific coast clubs, having received several flattering offers to go there. However, he will not play with any club until he has been released from the Detroit club.

Mr. Hans Dykhuysen wishes us to state that the announcement of his candidacy for marshal next spring was not authorized by him, but that some over-zealous friend must have circulated the story.

The salesmen of the Ottawa Furniture Co. presented Manager George Browning with a beautiful vase filled with American Beauty roses. Mr. Browning has been ill for a number of weeks.

There are some persons receiving aid from the city who are not entitled to it, and the committee on poor has gone over the list and cut these off the pay roll. They have found several cases where families are receiving aid and the head of the house is able to work for a living the same as others do.

The Pere Marquette Railroad has filed a mortgage for \$60,000,000 with Register of Deeds, John Rutgers at the court house here. The Grand Haven is doubling back and forth across the lake as rapidly as possible in order that she may catch up with the great number of cars awaiting her on both sides of the lake. The steamer is using but four of the eight boilers just at present, but she is running in good shape never-the-less and making fast enough time to answer the requirements.

The Grand Rapids, Holland & Chicago railway, discontinued the local car which has been making trips between Grand Rapids and Jenison morning and evening last Saturday. The company also discontinued the cars leaving Holland for Grand Rapids at 8:40 p. m. and leaving Grand Rapids for Holland at 10 p. m. Monday. The patronage given these cars is not sufficient to warrant the company in operating them.

Fillmore Bird of this city left for Chicago yesterday, from where he will start with a party of friends to Cuba. They will take a special car at Cincinnati to Mobile, Ala., then taking the steamer Saratoga to Havana. The trip is for business and pleasure combined. After sight-seeing in Cuba the company will go to the Isla de Pinos. This island lies directly south of Cuba in the Caribbean Sea, and contains 600,000 acres of productive soil. It also abounds in mahogany and black walnut, and the climate is said to be of the finest. It is the intention of Mr. Bird and party to look over this island for speculative reasons.

City Treasurer Wilterdink has collected \$100,000 of the entire tax roll of the city, which leaves about the sum of \$3,300 still to collect.

At a meeting of the board of supervisors it was recommended that William T. Dust of Detroit be re-appointed to the state tax commission. In another resolution the board requested the legislature to place the justices of the peace of Ottawa counties under a reasonable salary. It was decided to accept the proposition of Dan F. Kanters vs Reed Case Settled Out of Court

The suit started last summer in the circuit court of this county by Watson P. Reed against Gerard A. Kanters, and which was to have come up for trial at this time of court, has been withdrawn by Mr. Reed, and will not be tried. It will be remembered that, some three years ago, when Mr. Reed, deserted by his relatives and being sick and without care on his farm in Laketown township, near the car barns, requested Mr. Gerard A. Kanters of this city, who had constantly befriended him, to take a deed of his property and care for him and support him during the remainder of his natural life. This arrangement was entered into, Mr. Kanters taking a deed to the thirty acre farm and agreeing with Mr. Reed to provide for him and care for him, furnish him with medical attendance when sick, etc.

Things went along smoothly for a year or two, but last summer, when it was rumored that Mr. Kanters was going to leave Holland and go to Louisiana, Mr. Reed became frightened and worried and commenced suit against Mr. Kanters to set aside the agreement thus entered into. In the petition he alleged that he had been ill-treated and abused and not properly cared for.

Mr. Reed now withdraws this suit and admits that the statements made in his petition are not true, and says that he was properly cared for, given proper attention, good care and support, and that he had no fault to find in any way, shape or manner; but that the suit was brought because he was afraid Mr. Kanters was going to leave the state.

This completely exonerates Mr. and Mrs. Kanters from the charge thus made against them. Mr. Kanters has entered into an agreement with Mr. Reed for his future care and support, satisfactory to both parties.

King Winter

BY W. ROBINSON

King Winter has come in his armor of ice.
His white hair besprinkled with glittering snow.
With a crown of dry autumn leaves, withered and sere.
That rustle and droop in a way that is drear;
His breast is entwined with a gallant device
Of beautiful holly and gay mistletoe.

He glides not in peace over meadow and wood.
As Summer caresses the garlands of Spring;
He plows up the earth, he roars through the glen.
He rushes, he rages through forest, o'er fen;
Oh, naught can withstand him and naught has withstood,
His song is of triumph and well does he sing.

Then buries he a mantle of shimmering white,
As wildly he circles and dances about,
Now tossing the foliage of the coverlet here,
Now tearing and twisting and twirling it there;
He is mad as he soars through the whistling night,
And waves all before him in shuddering rout.

He screams wild with hatred, as vainly he tries
To tear from its shelter the covering heat;
How fiercely he battles at window and door,
And shrieks through the rafters and under the floor—
Then away through the night on his wild raid he flies,
On the wings of the west wind unfettered and free.

All is still—and the moon from her dome in the sky
Looks agast upon spirit-land sparkling and white,
Upon castles and ramparts and wide, rolling seas,
And shadowy cities with silvery trees;
While peacefully resting the world people lie,
Knowing not that King Winter has come in the night.

She was a native of Thurso, County of Caithness, in the North of Scotland, being of the family of Henderson and came to Michigan in the early thirties, when it was still a territory. Her parents settled in Rochester, N. Y. and then in Detroit for a few years, finally traveling overland to Allegan, about the year 1836. There she spent the balance of her long life. Don C. Henderson, a former publisher of the old Allegan Journal and Mrs. H. S. Clubb of Philadelphia were brother and sister of the deceased.

Holland Harbor.
A Washington dispatch says: Representative William Alden Smith has had a hearing before the house rivers and harbors committee on three western Michigan projects in which he has been deeply interested ever since he came to congress. These are improvements, or rebuilding of the Holland harbor, improvements at Grand Haven and the improvement of Grand river.

In respect to Holland harbor Mr. Smith urged upon the committee the necessity of carrying out the scheme of improvement designed some years ago by Capt. Chester Harding when he was in charge of river and harbor work in that district. This plan included the extension of the pier 800 feet into deep water, and to that plan Mr. Smith has added on his own account a plan to widen the entrance of the harbor 300 feet.

On the subject of rivers and harbors, Mr. Cannon said that wise provision would be made by congress for the improvement of our waterways and great inland seas so far as practicable.
