COUNCIL FAVORS

PAVING ALL OF NINTH STREET

CONSIDERABLE CONTROVERSY DEVELOPE ON THIS QUESTION WEDNESDAY NIGHT

Considerable controversy developed at the meeting of the common council Wednesday night on the question of paving Ninth street the full length. The original petition calling for paving from Columbia Avenue to Pine Avenue, put at a public hearing some time ago, the sentiment was in favor of paving the whole street. Some of the aldermen wanted a new public meeting called to give the blocks not represented a chance to discuss the matter. There is said to be opposition in some of the blocks.

The council has full power to order the paving in. The aldermen want to be fair to the whole street however. The council took a vote to see what the sense of the aldermen is, and the vote resulted 8 to 3 in favor of paving the whole street. This vote is with the understanding that the blocks not represented so far can bring in a remonstrance. When this comes it will be given the necessary attention, and if the property owners have better arguments against it than the council has for it the Council stands ready to reconsider its action.

STANDARD OIL

CO. EXPECTS TO BUILD SERVICE STATION

The Standard Oil Co. is getting ready to build a modern service station on the corner of Ninth street and Central avenue, on the old Taken property. The company sent a petition to the council asking for permission to put up the station there. Several representatives of the company were present at the council meeting to talk for the plan and showed a photograph of the building like the one that will be erected here.

The Standard last year tried to get permission to erect such a station on the corner of Tenth and River but that was denied because that is a business corner with much traffic. The council was disposed to grant the request for building on the new location, but in order to comply with all the rules of the council, the petition was referred to the committee on streets and crosswalks with power to act.

The Standard Oil company expects to put up a building that will be a credit to the city in every respect.

COUNCIL STRONG FOR STREET PAVING

ALDERMEN FAVOR IMPROVEMENT FOR COLLEGE AVE. AND SEVENTH STREET

The common council had the paving fever at its meeting Wednesday evening. Not only did the council come out in favor of paving Ninth street along its full length, but on motion of Ald. Damstra the council went on record as being in favor of paving College Avenue from 6th street to 18th street.

This motion having been carried without dissent, Ald. Wiersma declared that 7th street was in bad shape and was compelled to stand a great deal of heavy traffic in the line of trucking and therefore it should be paved with a good durable material. He moved that it was the sense of the council that the street should be paved either with brick or with some other suitable material. This was also passed.

WOULD PLACE NEW

HOSPITAL IN A DIFFERENT LOCATION

PROPERTY OWNERS ASK THE COUNCIL TO LOOK FOR A NEW SITE

Give Three Reasons Why It Should Be in a Different Place

A petition bearing 97 signatures was presented to the common council Wednesday night, asking that the proposed new hospital, if built, be not built on the present site but in a more suitable location. The petition was referred to the hospital committee for investigation. The petition reads as follows:

To the Mayor and Common Council of the City of Holland:

We, the undersigned residents of the city of Holland petition your body that the proposed new hospital be built on some other site than the site on which the present hospital is located.

As reasons and grounds for the above named request, we call the following considerations to your attention:

1. The grounds of the present site are so limited that of necessity the hospital will have to be built so near the surrounding residences that it will cause serious inconvenience and discomfort to those who live in the near vicinity of the hospital.

2. The present hospital is located in the midst of one of the best residence districts of the city. A hospital in that location seriously depreciates the value of the property of those persons who have already made large investments in the homes in that vicinity. It is believed that a hospital could as well be placed in some other location which is not as yet built up and in this way no one would be made to suffer.

3. The present location is too noisy and the grounds are too small to make the erection of a hospital there advisable.

DISPUTE MERCHANTS' PRICES IN GRAND HAVEN

BUT THE MERCHANTS GIVE THE READERS AN EYE-OPENER

The Grand Haven Tribune has been carrying a few public pulse articles in which customers are berating some Grand Haven merchants for not coming down in prices when everywhere else prices are on the slide. One merchant however, gave the Tribune readers an eye-opener which goes to show that goods have been coming down very rapidly and that merchants generally speak grimly but honestly. Many taking their losses having bought when the goods were high and now find that in many instances, these must go at less than the cost prices.

Anyway the following item in the Tribune would indicate that the dollar is again assuming its full value if the table of prices compiled by R. L. Cook of Grand Haven is a criterion. Here is the article:

One of our customers sent in the following order Saturday and after presenting her with the bill she remarked that prices were not coming down as fast as they should, and that wages were cut about 15 per cent and prices would have to drop still lower.

Looking back over the records of last January and February 1 find that this same bill of groceries would have cost her 100 per cent more last year. In other words your dollar is worth just twice what it was last year at this time in the purchase of food stuff.

Below is the list of groceries with prices that were in effect about a year ago and present prices:

1 Bu. Potatoes	\$4.20	\$1.25
2 lbs. Coffee	.86	.62
25 lbs. Flour	2.20	1.60
10 lbs. Sugar	2.50	.90
2 lbs. lard	.64	.40
3 lbs. rice	.51	.27
5 lbs. Oatmeal	.45	.23
1 sack apples	1.00	.35
2 lbs. Cr. butter	1.48	1.06
2 lbs. Oleo	.88	.68
5 bars soap	.45	.35
Total	\$15.17	\$7.71

Yours truly,
Richard L. Cook,

The Board of Trade thru its Tourist Information Bureau sends this paper the following news item typewritten on a postal card: "G. W. Banning of Holland is among the Michigan visitors here for the winter—Tampa Tribune." While the item in itself is only of personal interest the Board of Trade there see the value of such advertising and no doubt sends out thousands of these personal mentions to different papers from the city or town where the visitor comes from. The newspaper is naturally anxious to mention the fact that a local citizen is visiting in the "Sunny South" but it goes to show that a live organization Tampa, Fla., at least do not miss a bet when it comes to advertising their city.

HOLLAND MERCHANTS

ELECT NEW OFFICERS TUESDAY NIGHT

R. B. CHAMPION GIVES TALK ON BOULEVARD LIGHTING

Association Has Had a Prosperous Time It Was Organized

At the annual business meet of the Holland Retail Merchants' association held Tuesday evening the following officers were elected:

President—G. Cook;
Vice-Pres.—W. Visser;
Sec'y—Fred Beeuwkes;
Treasurer—H. R. Brink.

Together with these officers Jacob Lokker, John J. Rutgers, J. Vanderstuis, John Van Tatenhove and Milo De Vries, constitute the executive committee for this year. This committee will soon meet to appoint the various committees.

The various committees reported on the work done during the year. The reports of the secretary and treasurer were gratifying and showed the association in very good shape. Six meetings have been held since the association was organized months ago.

R. B. Champion, superintendent of the Board of Public Works, gave a talk on street lighting. He said that if the business men of Holland went in for boulevard lighting on the business streets a number of things should be taken into consideration so that a system of lighting might be adopted that would be a credit to Holland. Mr. Champion favors the single light system in preference to the cluster lights, declaring that the former are more desirable both from the point of view of installation and upkeep. He said this has been his opinion for a long time and that he had been confirmed in it when he visited many cities in New York and Pennsylvania that had the single light systems.

The merchants today expressed their gratitude to Mr. Champion for his illuminating talk and also to Mr. Golke of the Limbert Co., for making the drawings which Mr. Champion used in making his ideas clear to the merchants.

WOULD HAVE HOLLAND EXPRESSED IN LAMP DESIGN

R. B. CHAMPION CONTRIBUTES IDEA TO STREET LIGHTING DISCUSSION

Dutch Windmill Panel Is Designed By W. J. Golke of Limberts

To give Holland an ornamental street lighting system that shall be distinctive and that shall express to the public traveling through Holland something of the city's character and traditions is an idea contributed by R. B. Champion, superintendent of public works, to the street lighting discussion. Mr. Champion has been working on this idea for some time. He has been on the lookout for some design of street lamp that shall not only have the necessary illuminating qualities but that shall in a manner be characteristic of this city.

Mr. Champion called in the help of W. J. Golke of Limberts' Company, and Mr. Golke designed an art panel in an eight-paneled street lamp which gives an idea of the general plan. The panel gives the picture of an old Dutch windmill. Two of the panels of the lamp would have this design.

A number of things have to be taken into consideration and the design is wholly tentative. Proper illumination is of course the first consideration, but beauty of design is also important. Before this particular design or any other is adopted all things will be carefully gone into and the illuminating qualities tested out. But the general idea of Mr. Champion to secure a design that "be characteristic of Holland" is meeting with considerable approval.

Mr. Champion gives the following as desirable elements in any ornamental lighting system:

1. A standard of dignified and pleasing appearance by day and night.
2. A uniform illumination of high intensity on the street and on the sidewalk.
3. An adequate illumination of the buildings sufficiently uniform for general appearance.
4. Absence of glare within the range of vision.
5. Safety, simplicity and reliability of operation.
6. Moderate operating cost.
7. Ease of adaptation to further developments in art.

FREE 7 MEN IN CHAIR VARI CASE; JURY SAYS "NOT GUILTY"

WITNESSES STATE DEFENDANTS DID NOT DESTROY PROPERTY IN QUESTION

Seven prominent Ottawa county business men and farmers were found not guilty in circuit court yesterday afternoon of destruction of property in connection with the charivari at the home of John Zylstra at Drenthe. The case was appealed from justice court in Holland. The men found not guilty are E. K. Lanning, Alfred Lanning, Art Bredeeweg, Peter Huderman, and Roland Nienhuis.

Zylstra was the principal witness in the trial and said his home and furniture were badly damaged by the charivari party. He is a man 56 years of age, who married a blushing bride of 19 and his return home brought about the charivari it is said. The seven men found not guilty were fined \$100 each including jail sentence in the Holland court. Thirty-five others settled for \$275. Many of these were used as witnesses in behalf of the defendants and said witnesses exonerated them from having taken a hand in the destruction of any property.

The arguments were made by F. T. Miles for the people and Clare Hoffman of Allegan for the defendants. The court room was filled to capacity during the morning session and again filled rapidly when court was resumed after the noon recess.

At noon the jury was not permitted to separate and the jurors were placed in charge of Deputy Sheriff Jerry Dykstra, an taken out to dinner.

All officers of the Ottawa County Farm Bureau, were re-elected at the annual meeting held in the court house at Grand Haven. This is in reality the first annual meeting held since the organization was completed following the big drive which brought the membership up to its present high mark. Delegates to the number of about forty were present from all districts in the country, and the enthusiasm indicated the interest which is being taken in farm bureau work in this county.

At the annual election in the afternoon, all of the old officers were re-elected. These are as follows: W. H. Berger, Georgetown, president; Henry Harrington, Olive, vice president; Melvin S. Smith, Tallmadge, secretary.

Mrs. Colon C. Lillie of Coopersville, remains as the woman director on the executive board. The hold-over members are W. B. Easton, Allendale, J. G. J. Van Zoeren, Zeeland; Alex. Klooster, Jamestown. The re-elected members are A. J. Knight Robinson and Fred Gordon, Crocker. The new member is Charles Clayton of Wright township.

Two close games of indoor baseball were played in the high school gymnasium Tuesday evening. In the first game the Shoes were defeated by the Furnace by a score of 7 to 6. The batteries for the Shoes were Serier and Brightwell; hits off Serier 8; struck out by Serier 4; batteries for the Furnace, Prins and Kramer, hits off Prins 9; struck out by Prins 4.

In the second game the Legion was defeated by the Merchants by an 8 to 9 score. Batteries for the Legion, Nash and Battama; hits off Nash 9; struck out by Nash 11; batteries for the Merchants, Dykstra and Spriggs; hits off Dykstra 12; struck out by Dykstra 13. In this game two home runs were made one by Van Huis of the Legion and one by Van Klink of the Merchants. In this game the Legion was leading 8 to 1 at the beginning of the sixth inning. Then by a combination of hits and errors, the Merchants scored 5 runs in the 6th and three in the seventh nosing out by one score.

At the meeting of the Women's Auxiliary of the American Legion, Willard G. Leenhouts Post, No. 6, at the city hall last night, the newly elected officers were installed with appropriate ceremonies. Those inducted into office are Miss Rose Slooter, Pres.; Miss Anna Vischer, Senior Vice President; Mrs. Alice Robinson, Junior Vice President; Miss Anna Whelan, Treasurer; Mrs. George Pelgrim, secretary; Mrs. Mayo Hadden, musician; Mrs. G. J. Van Duren, chaplain; Miss Anna P. Luidens, press reporter.

During the past year the Auxiliary has grown very rapidly, nearly tripling its membership. This is but one example of the growth of the auxiliaries all over the country and next week Jan. 25 and 26 at Hotel Pankind in Grand Rapids the first caucus of the Women's Auxiliaries of the state will be held. The delegates appointed to represent the local auxiliary at the convention are Mrs. John Boone, Mrs. Geo. Lage, Miss Anna P. Luidens. The retiring officers are: Mrs. A. Leenhouts, pres.; Mrs. Geo. Pelgrim, Sen. vice; Mrs. M. G. Manting, Jun. vice; Mrs. B. F. Dalman, treas.; Miss Anna P. Luidens, sec'y; Mrs. Lavina Girard, Chaplain; Mrs. Shud Althuis, musician; Miss Bessie Vanden Brink, press reporter.

TWO MORE STOLEN AUTOS RECOVERED HERE

Two more stolen automobiles have been located by the police of Holland. The cars were purchased by Holland business men after having passed through three or four hands and there was not the slightest reason to suspect that they were stolen machines. One of the cars was purchased some months ago by Charles Dykstra and the other by Joseph White. Both of these cars were Dodges, as was the car located last week, which had been purchased by Frank Fabiano.

In every case the identity of the original owner had been lost until the snarl was unwound by the officers. Cars so far recovered in Holland were from owners in Chicago, Detroit and Grand Haven.

The local police is giving practically all its attention for the time being to the job of tracing the ownership of the various cars that are being recovered. No further details have been given by the police for publication because of the fact that the investigations are in full progress and premature publicity would interfere with the plans of the department. But further developments are promised in the near future.

The tracing of the ownership of the cars is rather a complicated piece of business. The original owner can quite easily be found but it is no easy task to trace the various people thru whose hands the cars have passed innocently, and thus get at the thief or thieves.

The police department has gathered a mass of information that will be used in working out the mystery of the auto stealing wave that passed over Holland the past few weeks.

THIS HUNTING LICENSE WAS AT HOME

Kenneth Olcott of Allegan county was arrested last Thursday for hunting without a license, complaint being made by Deputy Game Warden Hay of Saugatuck. The boy claimed to have a license, but it was at home. The law is specific in declaring a person guilty of violation of the act unless he has his license with him and produces it upon demand. He was arraigned before Justice Brady at Allegan and pleaded guilty. Under the circumstances the justice assessed only the costs \$5.35, which were paid. Later Olcott made an appeal to the circuit court.

LOCAL MAN BACK OF MOVE FOR HIS TORIAL BUILDING

G. Van Schelven, in his capacity as ex-officio chairman of a committee appointed at the last meeting of the State Historical Society at Lansing to consider the question of obtaining a fireproof building at the capitol to serve as a war memorial and to house the state's valuable historical documents, is one of a group sending out appeals to many people throughout Michigan to get back of this movement.

It is pointed out in the document distributed by Mr. Van Schelven and others that the Michigan Historical Commission is now housed in three small rooms in the attic of the capitol building and that there is no place for adequately storing a large mass of historical documents that are beyond value so far as money goes because they could not be replaced.

The Michigan Pioneer and Historical Society was organized nearly half a century ago in 1874, under the impulse of the approaching centennial of the Declaration of Independence. Since then it has collected, indexed and published 39 volumes of historical material of great value to the state and the people of Michigan. Had not this been done it could not now be done, as the records would have perished and the men and women who made early Michigan have passed on.

Other records, however, have perished beyond recovery, because the power of the society was limited. Diligent search would probably bring to light a vast quantity of more recent material which has not yet perished, but which will perish unless it is gathered soon.

In 1913 the Michigan Historical Commission was organized for this among other purposes, as a part of the state government, and one of its first problems was where to put such material when gathered.

No adequate place was provided by the state. The state library was already overcrowded so much so indeed that it has been able to keep only a small number of the newspapers accumulating annually, which in other states are preserved, running into thousands of bound volumes and making an invaluable record of the life of the people.

FIRE CAUSES BIG DAMAGE TUES- DAY MORNING

A disastrous fire that lasted about three quarters of an hour did in the neighborhood of \$2,000 worth of damage Tuesday forenoon in the home of Mrs. Lydia Ederlee, 49 W. 9th street. The fire started in the attic and it had considerable start before the fire department got a chance at it.

Both departments responded to the call and the thick streams of water were immediately turned on to the fire, saving the house from total destruction. A considerable amount of damage was done to furniture by water, in addition to the damage caused by the fire itself.

The roof of the house was pretty well honeycombed by the flames before the fire was gotten under control. In at least one section of the house it will mean practically a new roof. The upstairs ceilings of several of the rooms were also practically destroyed by the fire, and it caused some damage also in the downstairs rooms, although there the water did more damage than the fire.

The attic was pretty well destroyed by the flames. Furniture was hustled out of the house and some of it was damaged in the process.

The cause of the fire is unknown. The firemen had no theory as to how it got started, their only information being that it began in the attic.

The upstairs rooms were occupied by roomers, while the downstairs is occupied by Mrs. Ederlee.

CIRCUIT COURT OPENS FOR TERM WITH JURY PRESENT

The Ottawa county circuit court opened at 2 o'clock Monday afternoon for the real grind of the January term. The criminal calendar will be disposed of first to be followed by the civil jury cases. The January jury panel was ordered to report there Monday afternoon for duty. It is expected that the court will be in session for several weeks.

SECURES 242 CONVICTIONS OUT OF 266 CASES

The semiannual report of Prosecuting Attorney Fred T. Miles for the last six months of 1920 shows that the total number of persons prosecuted in Ottawa county during that time was 266, and that 242 of these were convicted. The number acquitted was six. Four were dismissed on payment of the costs, nine were nolle prossed, one person was discharged on examination, and four cases were disposed of by settlements.

The details that make up this summary show that there were two cases of adultery, with two convictions; one case of arson followed by conviction; 14 cases of assault and battery, resulting in ten convictions, two acquittals, one dismissal on payment of the costs, one settlement; one case of assault with intent to rape, followed by conviction; two cases of burglary, both nolle prossed; four cases of contributing to delinquency, followed by three convictions and one settlement; three cases of cruelty to animals, followed by three convictions; 32 cases of disorderly with 29 convictions, two acquittals and one settlement; four prosecutions for disturbing motor vehicles with four convictions; nine cases of disturbing religious meeting, nine convictions; three embezzlement cases, with one conviction and two dismissed on payment of costs; one case of false pretense, followed by conviction; one case of felonious assault, followed by conviction; one forgery, followed by conviction; one fraudulent issue of check, nolle prossed; 37 prosecuted for violation of the game laws, of whom 35 were convicted, and two cases nolle prossed; one case of illegal sale of cigars, nolle prossed; one prosecuted and convicted for indecent exposure; 23 prosecutions for larceny, 20 convictions, one acquittal, one dismissal on payment of the costs, one nolle prossed; one prosecuted for lewd and lascivious association and cohabitation, nolle prossed; 93 violations of the motor vehicle law, 93 convictions; three prosecuted and convicted for profanity; 11 prosecuted for violation of the liquor law, 10 convicted, one dismissed on examination; one prosecuted for slander, acquitted; eight for trespass, all convicted; one for vagrancy, convicted; one for violation of the food law, convicted; one for wife desertion, convicted.

BREAKS THRU ICE THREE TIMES IN TWO DAYS

Like the man who was kicked down stairs three times in succession and then came to the conclusion that he was not wanted upstairs, Robert Knowles has come to the conclusion that it is dangerous to go on thin ice after nearly drowning three times in two days.

Thursday while putting his fish shanty on the thin ice Knowles broke through, going into the water up to his knees. That experience did not convince him, so he continued his efforts to get the shanty placed, with the result that he broke through once more, this time into water 15 feet deep. He was compelled to keep breaking the ice until he reached shore.

Friday morning Knowles decided the ice must have become strong enough, so he tried it again. But once more he broke through, and this time his fish shanty went to the bottom. So now he has decided to postpone further action until he is sure the ice is strong enough.

LADS STOPPED BY OTTAWA JUDGE IN CRIME CAREER

Two lads who had made a start on a bandit career by holding up a farmer on a lonely country road near Coopersville on a dark evening a few days ago have been checked up in their career by Judge James J. Danhof in the Ottawa County Juvenile court. The boys who were picked up by Sheriff Dornbos and Deputy Ed Boomgaard in the Coopersville Interurban station within a few hours after the escapade on the road which put a serious charge against them, were sent before Judge Danhof of the Ottawa County Juvenile court.

Graydon Wheeler of Grant, who it was learned was already on probation in the Juvenile court in Gr. Rapids, was returned to Grand Rapids. Having broken his parole there it seemed to Judge Danhof that Judge Clark E. Higbee was the proper person to handle the matter.

Basil Wildfong of Newaygo, the other youth in the case was placed on probation by Judge Danhof and returned to the care of his parents. This was his first offense and the judge was disposed to give him a chance to make good. He was given to understand by the court that his promise to turn over a new leaf was a binding one. It was impressed upon his mind that though he might succeed in breaking promises to his parents, his teacher or his pastor, he could not break faith with the court and get away with it. If he does he will be promptly returned and dealt with accordingly.

TRINITY CHURCH HOLDS FINANCIAL MEETING

The annual congregational meeting of Trinity Reformed church to consider the finances of that church was held Friday evening. Financial statements were made by the various organizations connected with the church, and all societies were shown to be in good condition. A total of \$14,906.71 was collected during the year in this church.

The number of families is 172. The church has 470 communicant members, and a total number of persons connected with the church including the children, of 885. After the business meeting a social hour was enjoyed.

HOOVER FUND COMMITTEE MAKES SECOND REPORT

The committee appointed some weeks ago by Mayor Stephan to take charge of the Hoover fund in this city today made a second report. The following sums were collected and turned in to the committee since the first report was made: Hope church, \$325.01; First Reformed church, \$51; Holland Banks \$27.50.

In their first report the committee gave the sum of \$3,162.29 collected up to that time. This together with what has been collected since that time makes a total for the city of Holland of \$3,469.80.

No report has as yet been received from Grand Haven for the northern half of the county. Zeeland has collected a total of \$3,967.50, to be divided between the Hoover fund and the Armenian fund.

HOLLAND BEATS SOUTH HAVEN IN CLOSE GAME

After being outscored in the first half of the game with South Haven Friday night in the high school gym, the Holland high school basketball team made a strong come-back in the final period and won 20 to 18.

The game was close throughout and was marked by the strong defensive playing of both teams. The score at the end of the half stood 10 to 8 in the visitor's favor.

Hill and Beeuwkes both played a fine game for Holland and scored most of the points, while Fouts did the stellar work for South Haven.

FORMER GRAND HAVEN MAN IS READING CLERK

John L. Boer, lieutenant colonel in the transportation service in France, and formerly city clerk of Grand Rapids, has received an appointment as reading clerk in the house of representatives at Lansing. Col Boer is a former Grand Haven resident and served in the Michigan National guard in the Spanish-American war.

ACCIDENT HAPPENED AT CRITICAL MOMENT

The telephone service of the Citizens' Company was out of business for a couple of hours Tuesday in the business district and in most of the rest of the city, when a master relay gave way. This is something that is not likely to happen once in a score of years; ordinarily it is not very serious. But today it happened just as the fire whistles announced a fire. That is always a signal for a large increase in the 'load' and that in turn caused other parts of the mechanism to let loose.

Thus a series of accidents happened. The necessary parts had to be secured from Grand Rapids. They were immediately brought to Holland and the service was resumed at about 2 o'clock.

A. H. Landwehr of the Holland Furnace Co. was in Chicago on business the latter part of the last week.

CHRISTMAS TREE VANDALS BUSY HERE TOO

Christmas tree vandals seems to have been more than ordinarily busy in and about Holland the past Christmas. Recently the cutting down of several beautiful evergreens at Pine Lodge and other North Side places was reported, and today Irving H. Garvelink of Detroit, while visiting in Holland discovered that the tops had been cut out of a number of evergreens on his property in Holland. The cuts were fresh ones and the parts of the trees were undoubtedly used at Christmas time.

Mr. Garvelink is the owner of 7 1/2 acres in the fifth ward and the evergreen trees had been carefully helped along in their growth for many years. Those who committed this crime of cutting out the tops caused hundreds of dollars of loss to Mr. Garvelink. Mr. Garvelink claims to have found some of the discarded tops in the back yards of the guilty parties and prosecution may result.

VETERINARIAN DIES IN G. RAPIDS HOSPITAL

Dr. Henry Nienhuis, aged 33 years, died in a hospital in Grand Rapids Saturday after an illness of several weeks. Dr. Nienhuis came to Holland in October to open a practice here as a veterinarian. He had been practicing in Zeeland before that time. About six weeks ago he was compelled to stop work because of illness, and death came Saturday. The deceased is survived by his wife and two children. The funeral was held Wednesday afternoon at 12:30 from the home, and at one o'clock at the 9th Street Christian Reformed church, Rev. J. W. Ghyssels officiating.

Stillwater, Okla., Jan. 17—John F. LADIES FURNISH PROGRAM AT VAN RAALTE P.T. MEET

The ladies of the Van Raalte P.T. club furnished the club Tuesday evening with a splendid program. Mr. Cornelius De Koster, the vice president, presided in the absence of the president, Mr. Damstra. After a short business session the following program was rendered: community singing, conducted by A. Berkompass; little Helen Shaw very delightfully entertained the audience with a solo "In Barefoot Times," and responded with two readings, "The Moo Cow Moo," and "Somebody Did It." Henry Karsten accompanied by his sister, rendered a pleasing violin solo; Jack Prins gave a reading, "The Sign of the Cross," and Mr. and Mrs. Berkompass sang a duet, "In Shadow Time." Then, last but not least entertaining, came the little playlet, "The Train to Mauro," given by Mrs. Shaw, Mrs. Kardux and Mrs. Van Vulp.

After the program refreshments were served. Next month the men will furnish the program and eat.

HOLLAND HIGH TO MEET STRONG ST. JOE TEAM

Next Friday evening the basketball fans of Holland will have an opportunity to see one of the best games of the season when St. Joseph High meets the Holland High team. St. Joseph comes here with a special record. The team is composed of practically the same men, who won the state Class B championship at the tournament held at the Michigan Agricultural college last March. A battle royal is expected. The preliminary game will be played between the Hope Freshmen and the High School Reserves.

HOLLAND Y RESERVES DEFEAT HART LEGION

The Holland Y Reserves journeyed to Hart Friday morning and played the strong Legion team of that city. The game was played in the High school gym and the score was 45 to 24. The Holland Y Reserves easily outplayed the Hart team and also got baskets at leisure.

The Hart team outweighed Holland by 20 pounds to the man and were slow in their passes.

Following is the article which was printed on the posters in Hart: "The Holland Y is a fast team and defeated the Legion last year in a close game but lost to Grand Rapids Junior college recently. It looks like our turn to win. Come out and see a snappy game."

The Hart Legion defeated Junior College and last night the Y Reserves defeated Hart. Wyngarden and Knutson starred for the Y, while Bennette and Bates starred for Hart. The game was fast and clean.

This is Thrift Week make a start to strike off the shackles of Want

There are two ways to live: SLAVE OR SAVE?

Knock the "L" Out of Slave

Make up your mind that you are not going to slave all your life, by making a rule to put aside so much each week to care for those who are dependent on you, and for your old age.

Just think of the old folks that you know who neglected this one all important thing in their earlier life. Make up your mind that you are not going to be dependent upon the generosity of some relative.

You can start an account here with \$1.00 and you can continue to add to it from time to time with a feeling of utmost confidence and security. For this bank is safe, sound and conservative and pays 4 per cent interest on savings.

HOLLAND FURN. CO. TO FIGHT SUIT OF PERKINS GLUE CO.

Suit has been brot against the Holland Furniture Co. by the Perkins Glue company charging that the furniture company is using glue made and sold by infringement upon the patent rights of the complaining company. This is one more step in the war which for some little time has been going on between the manufacturers of vegetable glue and the Holland Furniture company along with others against whom suit has been brought and will fight the suit.

The Perkins Glue Co. was the first to introduce vegetable glue which is very superior to animal glue and which is in general use in the furniture factories now. But the Perkins Co. had a system of selling the glue which, it is claimed by the manufacturers, placed them at the mercy of the glue company.

The Perkins company made it necessary in order to use its glue that a manufacturer lease a machine for spreading the stickum. It would not sell the machine but leased it at \$100 a year and then allowed one cent a pound on all glue used to be taken off the lease price. For a big concern like the Holland company this lease money was more than absorbed by this 1c a pound allowance.

But it was not so, so E. P. Stephan manager of the Holland Furniture company explains, before the price of the Perkins glue began to mount. Other companies appeared in the market with vegetable glue and undersold the Perkins Co.

There have been several actions by the Perkins company against its competitors. The Perkins company now has an injunction against them which it secured from Judge Hess in Grand Rapids. Other companies have gone ahead selling their glue, having figured a way around the injunction, and so the Perkins Co. has begun on a new tack by attacking in suits the manufacturers who use the competing products.

The result is expected to be a long legal battle for which the manufacturers propose to fight as hard as they can any action which tends to bring them back into the hands of the Perkins company.

HORSE FOND OF PASTRY, CUTS OUT HAY AND OATS

One day last summer the woman who lives next door to J. A. Pickens, agent for the American R'y Express company at Waukegan, left a pan of doughnuts on her kitchen widow sill to cool. Prince the Pickens horse sampled the doughnuts. And ever since then Pickens has not had a bite of the choicest hay and oats on the market, Prince can't be induced to eat good night's rest. Though he buys anything but pastry.

Matters reached a climax when

Prince was hitched back of a bakery wagon and discovered a bountiful supply of bread and cookies inside. Now he insists on chasing every bakery wagon he sees until the bakers are frantic, traffic coppers are sore and Pickens is thin from worry.

Pickens has sent out an appeal for cures for the pastry habit in horses. If he doesn't get a good one—well Prince may be a good horse but automobiles can be counted on not develop unnatural appetites.

A minstrel show will be presented Thursday evening in the Hope College chapel by members of the Junior class. The performance is given to advertise the annual "Milestone" which is published by that class and will mark the beginning of the subscription campaign. The entertainment, which is free, will include a big variety of negro songs, choruses, and solos. Two of the college's best humorists will be the end men. All the departments of the "Milestone" staff are busy in forwarding their particular phase of the work, and the new publication will show many new features.

On Saturday, Jan. 17, Troop No. 4 Holland Boy Scouts took their first hike to Waukegan. They left Holland at 9 o'clock in charge of Scout Master C. Bergen and Assistant Scout Master George Shaw.

HOLLAND C. E. UNION TO BANQUET IN FEBRUARY

Plans have been initiated by the executive committee of the local C. E. Union for a banquet to be held February 9, at the Hope church parlors, which, it is believed, will contribute a marked impetus to the C. E. work. Although all the plans have not yet been definitely arranged, the committee made ample provision to distribute the work among the different societies, to insure the success of the banquet.

The Hope C. E. committee, in charge of the program, is directing its efforts to secure both local and outside speakers for the occasion. A deep interest in this work is shown on the part of the different societies, and it can be expected that each society will be well represented. The price of tickets has been set at 75c and tickets can be secured now from the officers of the societies.

The C. E. Union is also considering to render a missionary pageant, perhaps sometime during the coming spring. In addition to this the Union is co-operating with Miss Churchford in her work, and is extending its "bit" toward providing music for the sick at the local hospital.

In view of the fact that the Michigan C. E. Convention is to be held here in June, the Union expects to busy and promising year, and solicits the support of the city organization in its endeavors.

GRAND HAVEN WON'T HAVE CURFEW WHISTLE

Like Holland, Grand Haven has a curfew ordinance which provides for the blowing of a whistle or the ringing of a bell at certain periods in the evening. In Grand Haven the steam in the whistle has been shut off years ago and the bell is cracked.

In Holland the curfew whistle still blows and folks tell time by it knowing that when it blows the first picture show is nearly over and in order to get to the second in time they must hustle.

Anyway in Grand Haven the ordinance providing for the blowing of the curfew whistle as a signal for all young folks under a specified age to streak it for home every evening at 8 o'clock will be repealed by the city council. Steps were taken in this direction Tuesday night and the repealing ordinance was passed. The necessity of doing one thing or the other with the old ordinance was recognized by the council and it was decided to discard it altogether and to regulate the loitering of children under police orders.

The repeal of the curfew ordinance does not mean that children will be allowed to loiter about the streets at night as they please. The police department will exercise its authority in all cases, which require their attention. But the practice of blowing the alarm at the city pumping station, which has been abandoned for several years will not be revived.

The best and only workable curfew ordinance should be found in the home not regulated by a police department but by the firm but loving guidance of a fond parent. Make pals of your children and you won't need a city curfew.

MAY ASK LOCAL REFORMED CHURCHES TO ENDOW CHAIR

Tuesday evening Hope church was host to the Consistorial Union of the six Reformed churches of the city of Holland. Dr. J. B. Nykerk acted as chairman of the meeting and refreshments were served by Mrs. W. J. Olive and a committee.

A masterful address was delivered by Rev. T. E. Gouwens of Mountain Lakes, N. Y. Rev. Gouwens spoke impressively and convincingly on "The Challenge of the Church of Christ."

During the business session the matter of establishing a chair at Hope college, to be supported by the Reformed churches of the city of Holland, was discussed. By a unanimous vote of the members present a committee was appointed to take this matter under advisement and report at the next session of the Union on the second Tuesday in April.

If the plan should materialize, the Reformed churches of Holland will fall in line with Consistorial Union of the Reformed churches of Grand Rapids, which is endowing the chair of the President of Hope College with a \$25,000 foundation.

Some years ago the late Dr. G. J. Kollen succeeded in getting the Collegiate churches of New York City to endow the chair of history at the local institution.

It was brought out in the discussion of the matter at the meeting Tuesday night that many friends of the institution feel that Hope College has not received the proper financial support in the city where it is located. About a dozen individuals have made handsome gifts to the institution, but it was felt by many that, barring these, Holland had not done for Hope college what might be expected in view of the fact that the institution is one of the city's best assets.

The first case to be tried by the circuit court at the January session this week resulted in an acquittal. This was the case of the people against Jacob Reims of Grand Haven charged with violation of the liquor law. It was charged that Reims had given liquor to two Grand Haven boys.

Mrs. John Hoffman and son Nelson and Mrs. Albert Van Heuveln, spent a day this week in Kalamazoo with John Hoffman.

C. E. SOCIETIES OF MICHIGAN TO MEET HERE

Holland's fame as a convention city still lives. The Christian Endeavorers of Michigan will hold their annual convention in Holland this year during the week of June 22-26. This will be one of the biggest gatherings ever held in this city, and the local Christian Endeavorers will be given a splendid opportunity to show the young people of Michigan how to entertain. The local C. E. Union is already planning to make this convention a big success. There will be many noted speakers among them being Ira Landrith who always makes a deep impression at all of his Christian Endeavor meetings.

The P-T club of Beechwood met in the school auditorium Friday evening. John Ter Beek favored the Club with the following selections: "The Three Tars," "The Gypsies' Trail," and "The Rosary." Mr. H. Kammeraad of Holland discussed the need of the child's faith in the parent, and the duty of the latter to do all in his power to sustain that faith. The Lemon trio of Graafschap sang a number of songs and presented several original stunts.

Choice refreshments were served consisting of cookies, donated by Mr. Brieve the cooky man, cheese donated by the Milk Products Co., and the bread at cost price from Mr. Vander Schel.

The committee in charge of the program were the Messrs Fred Bock, Roy Decker and C. Plakke, and the refreshments in charge of Messrs Joe Kardux, J. T. Van Dyke and Henry Rooks.

An entertainment under the direction of the Finance committee will be given in the near future to replenish the treasury.

The Holland Y. M. C. A. basketball team got revenge for a defeat handed it on its own floor early this season by outplaying and winning from Grand Rapids Junior College quintet in the Central High gym in Grand Rapids Monday night, 18 to 4.

Getting the jump in the opening minutes of play, which they retained throughout the entire contest, and at no time did the locals look dangerous.

The collegians did their best work in the first half but failed to show up to their usual form at any time, while the visitors presented some good team work, passing and basket shooting. Four field baskets were caged by the association team during the initial period while Junior was able to score but one.

The visitors completely outclassed Junior at all departments in the final half, duplicating their feat of scoring four field baskets. The Grand Rapids players were held to a single point, that coming on a free throw by Hill. They did not score a single basket from the field.

Irving proved to be the main cog in Holland's scoring machine, being responsible for four baskets. Kuite did some good offensive work and accounted for four tallies. Cappon, end on the 1920 U. of M. football team, is now on Holland's lineup and not only did good defensive work last night but caged two baskets. Klomparsen's floor work was good.

Hill did some good work for the Junior College and scored all the points, although his work was far from being up to its standard. Small and Stegmeyer showed up fair at passing while Scott played a good defensive game.

The preliminary game between the college reserves and the Central Reserves was won by the former, 10 to 8. Dancing followed the contests.

The lineup and summary:
Holland "Y" Junior College
Irving.....R. F..... Hill
Knutson.....L. F..... Small
Kuite.....C..... Stegmeyer
Cappon.....R. G..... Newby
Klomparsen.....L. G..... Scott

Score by halves—
Holland "Y".....10 8-14
Junior College.....1-4

Goals from Field—Irrving 4, Kuite Cappon 2, Klomparsen, Hill. Goals from fouls—Kuite 2 out of 5; Hill 2 out of 8. Substitutions—Howell for Small, Small for Howell, Krieger for Newby. Referee—Litchner.

In one of the hardest fought games of the year, the Holland Y basketball team went down to defeat at the hands of Northwestern College by the score of 17 to 15. It was anyone's game until the last minute. In the last few minutes due to the closeness of the game the battle was furious and rough. Northwestern did the first scoring after a few minutes of play when they caged a pretty basket from the middle of the floor. They increased their lead soon with a free throw. From then on the locals played better and soon had the visitors agog. Kuite scored three baskets during the first half while Knutson and Irving each got one. The first half ended with the locals leading 11 to 7.

The second half opened with the visitors fighting hard to overcome the lead. They soon tied the score and then forged ahead. The score was tied every little while but finally Brown substituting for Scheller of Northwestern scored a pretty shot from the side.

This makes four defeats and one win for the locals for the season. For the four games in which they have been defeated only a total of 13 points were the winner's margin. Basketball fans should also remember that only one game has been played on the locals' own floor and that was the first game of the season when they were defeated by Kalamazoo College by two points.

In a preliminary to the main game the Y Reserves defeated the Hope College Reserves 15 to 8. This now makes one game apiece for the two teams.

ASKS RULING ABOUT CHOOSING COUNTY DELEGATES

John Van Anrooy, secretary and treasurer of the Republican County Committee, was in Holland Friday and discussed the coming county and state conventions. The county committee is up against it as to the manner of electing delegates to the county convention. The law seems to require that the delegates to the county convention shall be elected at a primary. This works all right in the fall when the August primaries can be used for that purpose, but there will be no primary in Ottawa this spring before the county convention is held. If the letter of the law is to be lived up to, a primary costing thousands of dollars, would have to be held solely for the purpose of electing delegates to the county convention, according to Mr. Van Anrooy.

The county convention is to be held in Grand Haven on February 7, and the state convention is scheduled for February 17. If the delegates to the county convention were to be elected at a primary the election would have to be held ten days before Feb. seventh.

Mr. Van Anrooy on behalf of the Republican county committee, has written to the attorney general of the state for ruling on this question. The chances are that Ottawa will be allowed to select the delegates by the old caucus system that was in vogue for many years. Mr. Van Anrooy has as yet received no answer to his query.

Ottawa this year will be entitled to 21 delegates to the state convention, instead of 22, as has been the case before this. A reapportionment was made, allowing one delegate for every five hundred votes cast for secretary of state at the 1920 election. While Ottawa and other counties have lost by the reapportionment, Wayne county has gained enormously.

Mr. Van Anrooy on behalf of the Republican county committee, has written to the attorney general of the state for ruling on this question. The chances are that Ottawa will be allowed to select the delegates by the old caucus system that was in vogue for many years. Mr. Van Anrooy has as yet received no answer to his query.

CUT DOWN EVERGREENS NEAR NORTH SIDE COTTAGES

A piece of vandalism has just come to light that for lowdown mean ness can't easily be surpassed. Three beautiful evergreen trees on the premises of Pine Lodge on the north side have been cut down and carried away. These trees were planted there many years ago by the owner and they were carefully nursed thru the years to add to the beauty and attractiveness of the grounds. One of the trees was especially highly prized. It had been planted near the porch and provided considerable shade during the summer.

An evergreen tree was also cut down on the Smith place next to Pine Lodge. People living in that neighborhood have reported the loss of the trees. The cottages are at present unoccupied.

It is presumed that the trees were cut down at Christmas time and were used for Christmas trees.

ZEELAND OBJECTS TO TELEPHONE RATE CHANGE

The business men of Zeeland this week made a protest against a raise in their telephone rates. They also made a move to secure free mail delivery in Zeeland. These matters were taken up at a meeting of the business men. The main purpose of the meeting was the matter of considering raise of thirty per cent, requested by the Citizens Telephone Co., in the telephone rentals in Zeeland. After some deliberation a committee was appointed to formulate resolutions, presenting a form to be presented to the State Utilities Commission, objecting to the proposed rate, which resolution was adopted and this was laid before the commission for their consideration. At last Monday's City Council meeting the matter of the proposed raise was directed to their attention and the council then decided that City Attorney Clark should present the city's case before the commission at the hearing.

Another matter of general interest taken up at this meeting was a request that Postmaster B. Kamps make application to the U. S. Post Office department for free mail delivery in Zeeland. Mr. Kamps presented the proposition and vouchsafed the information that the prospects for attaining this convenience were very good. It seemed the unanimous opinion of the meeting that it would be wise to inaugurate this move.

Mr. and Mrs. M. Notier observed the fifty-second anniversary of their marriage on Saturday. They were married by Rev. Jacob VanderMeulen, then pastor of the Third Reformed church, the ceremony taking place in a house standing on the site now occupied by the city hall. After living in Holland for awhile the couple moved away, coming back to Holland 35 years ago when Mr. Notier built the Holland Crystal Creamery.

The anniversary was observed with a family reunion Monday evening at the Notier home, at which the children and grandchildren were present.

COUNTY OFFICERS WILL GUARD WOMAN'S SECRET

Wrapped in a copy of "De Hope" bearing the date of 1896, the body of a new born baby was found in the attic of the farm home of Harry Selzig, two miles south of Jamestown. The baby's skeleton was found by the Selzig children on December 31.

There were various rumors afloat in regard to the matter, rumors in regard to the alleged confession of a woman who occupied the house at the time indicated by the date of the newspaper in which the skeleton of the baby was wrapped, but the county authorities who have been investigating the matter refused to make a statement or give out information in regard to the case.

Prosecuting Attorney Fred T. Miles stated that all the steps that should be taken in the matter had been taken. As soon as the skeleton was discovered Coroner Cook was called and the little body was given into his charge as required by law. No steps were neglected that should be taken in a case of this kind, and all county officials will use duty it is to take cognizance of such an affair took the matter up, and have done all that could be done in the case for the time being, according to statements of the officials. The officials refused either to affirm or deny the rumors of an alleged confession by an unnamed woman.

The farm home in which the skeleton was found has passed into other hands since the date when the body is supposed to have been placed there and the family that occupies it at present did not move in until many years after that.

The skeleton was found by the Selzig children when they lost their teddy bear in the attic. The parcel was found stuffed in the partition when the children turned on a flash light.

No case will be brought against the Jamestown woman who, it is admitted has confessed that she is the mother of the child whose tiny skeleton was found in the attic of the Harry Selzig family. This is the word that comes from the Grand Haven end of the investigation in charge of Sheriff Fortney. The Grand Haven Tribune tells the following about the investigations made by the sheriff: "The farm house has been occupied by the present family during a period of ten years, and the discovery was made known to Sheriff Delbert Fortney, who made a complete investigation of the matter, and thereby unearthed a story which is seldom equalled in fiction.

"For twenty-two years a woman has carried a secret which might have been forever buried had not the tiny bones been found by accident. The family which occupied the house 20 years ago, has moved out this many years, and while the officers are not revealing the name of the woman involved in the affair, it is admitted that she made a confession of her secret.

"The sheriff's office is not ready to make public any of the details of the story, and the officers are guarding the woman's identity with every possible precaution. She is said to be an estimable matron, who bears an enviable reputation in her community. She has a grownup-family and has long occupied a firm position in her home section.

"It is possible that there will be no prosecution in the case. The investigation unearthed nothing that could possibly connect the woman with a crime punishable by law, or establish evidence on which a jury could convict. For twenty years she has lived down the secret in making a home and filling a place of wife and mother in every manner. Her name is a secret as far as the officers of this county are concerned, and in this decision they will be backed by the better element of their constituency.

"At the county jail the officers decline to speak of the case, either, to affirm or deny any of the rumors which may be afloat thru the rural districts."

C. Scholter, Zeeland truck driver, narrowly escaped having his truck demolished and receiving injuries to himself Friday noon when the truck which he was driving struck the noon limited electric car bound for Holland. The Interurban was going at a fair rate of speed.

The front bumper of the truck hit the rear step of the urban as it passed by. The step was slightly damaged but Scholter's machine received only a jolt.

MONTAGUES COMING TO HOLLAND NEXT WEEK

The success and popularity of the Montague Light Opera Company which will be heard in Carnegie Hall next Wednesday evening is said to be largely due to two reasons.

One reason is the program is un-hackneyed, the numbers being especially arranged and written for the company. The other is that it is not an organization with a "star" and a supporting company but in this company each of the four members is equally good. Their programs feature light opera in costume, but as the city newspaper critics have pointed out each member of the company is capable of giving a strictly recital program.

The Montague Company is touring from coast to coast under the management of the well-known Redpath bureau.

PROJECT WOULD MAKE HOLLAND AN OCEAN PORT

The proposed Great Lakes-St. Lawrence Waterway that has been widely discussed in both the United States and Canada was the theme of the meeting of the Social Progress Club at the home of Mr. and Mrs. Henry Winter Tuesday evening. Dr. A. T. Godfrey read an informative paper on the subject in which he outlined the route of the waterway, gave many reasons that are being urged in favor of it, stated the objections to it and also stated the objections to these objections. Dr. Godfrey massed a great many facts and figures in support of the project, while some of the members, during the discussion, stated some objections.

If the Great Lakes-St. Lawrence waterway should be dug even the city of Holland would become an ocean port, and vessels could load in any port anywhere in Europe, Asia or Africa and deliver the cargo here without transference of the shipment. Similarly it would make every harbor along the Great Lakes an ocean port, Dr. Godfrey pointed out.

Members of Holland Lodge B. P. O. E. will gather at the Woman's Literary Club on Friday evening, Jan. 21 to enjoy the second of the season's dances to be given by the local lodge. The dance is not limited to members alone, however, as each member is privileged to invite one couple as his guests to enjoy the program that has been arranged by the committee. Several surprises are in store for those who attend, stunts and novelties of every description are on the program, buffet lunch will be served in true Elk style.

Lacey's orchestra has been engaged to furnish the music and promises the very latest in dance music.

The dance committee composed of W. G. Stephan, James DePree, Edw. Michmershuizen, T. N. Robinson, E. W. Dick, F. B. Welsh, W. H. Gohlke, J. Hoffman have left nothing undone to make this the banner event of the season in local Elksdom. Members are urged to secure their tickets at the earliest possible moment so the committee may know approximately the number who will attend.

The program at the meeting of the Woman's Literary Club Tuesday afternoon was given by Hope College girls. It was not a program specially prepared for the occasion but was representative of the work being done in the various girls' literary societies of the college.

The program consisted of the following: an editorial on "The College Girl of Today," recently printed in the Hope College Anchor, read by Miss Margaret Smallfield; two piano numbers by Miss Wilma Meyer; original story, "An Interview with Modern Greece," by Miss Maxine McBride; a musical number furnished by a trio of girls; story of the opera "Aida," told by Miss Vander Speck; two vocal solos by Miss Virginia Van Verst; a reading by Miss Everdeen Kuiper, with piano accompaniment by Miss Hamelink, "Four Bars in the Key of G"; piano solo by Miss Hamelink; two songs by a chorus of about 20 girls, "A Rose in the Bud" and "Good Night Ladies."

Through the kindness of Mr. Harris Meyer, a Victrola was played on the platform and several selections from the opera "Aida," sung by high class artists, were played.

GRAND HAVEN SUFFERS SEVERELY BY SUNDAY'S STORM

Grand Haven suffered Sunday from the ravages of the most disastrous gale which swept that region for many months. Not only was the discomfort keen as a result of the howling gale, which blew in from the West, but more property damage resulted than is usual. The storm started Sunday morning, but appeared to reach its height in the afternoon. The snow fall which accompanied the gale was not heavy, but the flakes which did come were hurled about in a blinding blizzard.

The U. S. Weather bureau instruments registered a high wind velocity of 68 miles an hour at 2:10 Sunday afternoon. A close examination of the sheets when they are removed from the machines may reveal

even greater velocity than this. This mark, however, is unusual even for that section of the country. The Gas company's plant on Water street, suffered the heaviest damage during the storm. The roof of the ventilator which extends the whole length of the main plant was ripped off completely by the wind and portions of it were blown back, tearing holes in the roof of the coke sheds in the rear. Then the smoke stack on one of the benches blew down, and matters became serious. For a time it was difficult to keep operations going, and Grand Haven came near being without gas.

This was not the end of the troubles of the gas company. Toward the evening the wind twisted the smaller gas holder off of its supports and put it out of commission completely. The total damage

result of the storm will go well over \$500. Portions of the roof of the warehouses along Water street were torn loose and the air was filled with flying pieces of debris at various times.

At the height of the storm a fire alarm came in from Pennoyer ave. and the truck started out along 5th street. When turning into Lafayette street, the big truck skidded in the snow and brought up against the curb. The front axle was bent in the contact with the curb, and the fenders and running board were also damaged by bringing up suddenly against a tree.

Chief Pippel immediately sent in a signal from Box 5B to the Fifth Ward company to cover the fire and went on with the truck to the corner of Slayton and Ferry streets where a chimney burned out. The truck was then returned to the 2nd ward house where an inspection was made.

It is expected that at least two weeks will be required to complete the repairs. In the meantime the department has secured one of N. Robbins big trucks which has been loaded with hose, ladders and chemicals ready to go at a moment's notice.

At the height of the gale several windows were blown out of the west front of the Central school and these had to be hurriedly replaced. Several windows were broken in the downtown section, and great branches were torn from the maple trees in all parts of the city.

AGGIES HAND HOPE FIVE 21-17 REFEAT

East Lansing, Jan. 14—Developing even greater team play and individual ability than they have shown during the season, the Michigan Aggies triumphed over Hope college on Friday night 31 to 17.

Heasley was the brilliant performer of the game, the Aggie forward registering eight field goals during the game, while exceptionally good defensive work on the part of Mattson and Foster was another feature of the game. This pair was mighty hard to penetrate, and shortly after the opening of the game Hope began to take long chances for scoring. Hope came to East Lansing with a season's record of 12 victories out of fourteen games, some of the best college and independent teams in the west being among the victims of the Hollander's attack.

THRIFT is more than saving money. It is spending it wisely—getting the greatest possible returns. By cutting out waste, there will be more money for those things which are needed and that which adds to brightness and joy of living.

Music in the home puts sunshine in the heart.

It makes little difference whether the home is on an isolated farm or in the congested city, whether it be a small cottage or a palatial residence, music brings pleasure which can be secured in no other way. It educates the children and knits the family closer together.

Save your nickels and dimes which are frittered away to satisfy passing whims and use them to make the monthly payments on a piano, a player piano or a Victrola, and you will be investing your money in something of real value. It will pay you big dividends in pleasure and happiness—not once a year but every day.

At this store you will find the best makes of pianos offered for sale at lower prices than have been seen in a long time for pianos of equal quality. Here you can buy Victrolas and Victor Records, the best and cheapest, quality considered.

OTTAWA CAR IS RECOVERED BY HOLLAND POLICE

The Holland police department did a bit of detective work that has solved the mystery of the disappearance of at least one automobile that was stolen in Ottawa county the past half year. The police learned that a Dodge car was stored in a Holland garage by one who was supposed to be the owner. The garage had accepted the car for storage in the usual way and had no reason to suspect that there was anything wrong. But there were certain circumstances that caused the police to suspect that the car belonged to some one who did not know where it was.

An examination of the engine showed that the engine number had been chipped off, which is a pretty sure indication that the car is stolen goods. It was discovered that the missing Dodge had been advertised in the Detroit Auto Club Bulletin for September, and further inquiry showed that it was the property of Silas Harvey, of Highland Park, Grand Haven. The car had been stolen last September.

Chief Van Ry communicated with Sheriff Fortney and the sheriff and the owner of the car immediately came to Holland and identified the automobile.

That is as far as the matter has gone up to the present time, but further developments are promised. The Holland police department and the sheriff's office are co-operating to bring the parties who stole the car to justice. The car was sold and perhaps re-sold since it was originally stolen, and the officials are now working on the job of unwinding these various ownerships and getting at the thief.

DUTCH IMMIGRANTS ARE WANTED IN THIS STATE

Michigan needs and wants immigrants that know how to farm and are willing to work in the fields, G. L. Lusk, secretary of the public domain commission said Monday and the commission will ask the legislature to send an agent to Holland to encourage Dutch immigrants to settle in this state.

"The last census tells the story of the constant trend from country to city, Lusk said. "Industrial developments and high wages are the explanation. It is probable that a reaction will soon set in, but we need many men on Michigan farms and it is evident that at least a part of the new supply of farm workers must come from immigrants.

"It may be deemed advisable for Michigan to have a representative in one of the countries from which has come to us heretofore a goodly number of men that have proven themselves as successful farmers. The federal government will try to establish new methods of handling the immigration problem, but it seems advisable for the state to do something on its own accord."

Ottawa county may be pointed out as a good example of what the Dutch farmer can do with Michigan land. At the present time a great area of this country is being farmed by the descendants of Dutch immigrants who came to America seeking a chance to work and prosper. The original colonists who came to the southern section of Ottawa and settled on the site of what is now the city of Holland have many of them passed on to their reward. Those who remain are most of them inactive.

While Dr. A. C. Van Raalte's little group of courageous Dutch colonists who came to this region three-quarters of a century ago, centered their interests first about the settlement at Holland, their descendants have gone out and taken up farms in all sections of Ottawa county. Even the so-called old "Yankee" districts have been entered by the Dutch farmers, and the land has blossomed productively under their efforts at agriculture.

The Americanization of the Dutch immigrant has been completed in the second generation. Most of the earlier arrivals from the Netherlands took immediate steps toward establishing citizenship, in order that their children might become full-fledged Americans. For a long time the old people clung to their home tongue however, and used it almost entirely in their homes and in their churches.

Gradually among their descendants the Dutch has been disappearing. Few churches use it entirely any more and the coming generation will lose it entirely. The state of Michigan is making no mistake in urging Dutch citizens to come to the farms.

A marriage license was issued to Marvin Slotman and Dewetta Root both of Hamilton.

COUPLE WHO FIGURED IN BOAT ACCIDENT WED

The Chicago papers carried the picture of Mrs. P. T. Stanton, formerly Miss Marjorie Armstrong of Waukazo on the occasion of her marriage to Phillip T. Stanton of Grand Rapids. The Armstrongs spent their summers at Waukazo and are well known here. The bride is the daughter of Mr. and Mrs. Jas. J. Armstrong of Chicago. The ceremony took place last Saturday at the home of the bride's parents in Chicago.

The bride and groom figured in a thrilling episode at Central Park last summer when a rowboat in which they were crossing over from Central Island to Waukazo went down. They were returning from Grand Rapids about 10 o'clock at night and had been out for about an hour when the boat had sprung a leak. Some distance out from shore the boat began to sink. The occupants saved themselves only by jumping into the water, reaching shore with considerable difficulty.

NEW OFFICERS ELECTED BY TRINITY CHURCH BIBLE CLASS

The Ladies-Adult Bible Class of Trinity Reformed Church held its annual business meeting Wednesday evening in the parlors of the church. The following officers were elected for the ensuing year: President, Mrs. M. Ossewaarde; vice president, Mrs. S. Pas; secretary, Mrs. E. J. Barkel; treasurer, Mrs. N. Schepers; secretary of the Ladies' Federation, Mrs. Frank Essenberg; assistant secretary of the Ladies' Federation, Mrs. E. J. Barkel. Dainty refreshments were served during the social hour that followed the business session.

NEW OFFICERS OF W. R. C. ARE INSTALLED

Very impressive services were held in G. A. R. Hall Wednesday evening on the occasion of the installation of officers of the Woman's Relief Corps. The services were participated in by the W. R. C., the G. A. R. and the Spanish War Veterans. Mrs. Lusy Wise acted as installing officer.

The retiring officers were: Mrs. Retta Orr, Pres.; Mrs. Sophia Van Tak, S. V. P.; Mrs. Ruth Nash, I. V. P.; Mrs. Ada Churchill, A. C.; Mrs. Grace Thompson, 2nd C. B.; Mrs. Lucile Tyner, G.; Mrs. Coby Bender, A. G.

The newly elected officers were: Mrs. Clara Elferdink, Pres.; Mrs. Edna Bertsch, S. V. P.; Mrs. Grace Thompson, J. V. P.; Mrs. Ella Thompson, Chaplain; Mrs. Ada Churchill, Sec.; Mrs. Herman Damson, C.; Mrs. Edith Philip, A. C.; Mrs. Edith Moomey, G.; Mrs. Lucile Tyner, A. G.; Mrs. Florence Boot, P. I.; Mrs. Retta Orr, P. C.; Mrs. Wolfring, M.; Mrs. Lucy Wise, 1st C. B.; Mrs. Katie Hofstee, 2nd C. B.; Mrs. Bertie Lokker, 3rd C. B.; Mrs. Mary Wis 4th C. B.

Mrs. Mae Hiler and Mrs. Clara Elferdink have held their respective offices for the past ten years and were the Past Department Officers during the regime of Mrs. Florence Boot, when the latter held the office of Past Department President for state of Michigan.

Refreshments were served, the refreshments being furnished by the Spanish War Veterans, and were served by members of the W. R. C. The retiring officers were remembered with appropriate gifts by the members. There was a large representation of Spanish War Veterans and Relief Corps members, but the ranks of the G. A. R. are getting so thin that only a few were able to be present.

Broadway Jazz for Chinese. This looks like a possibility for when Mr. and Mrs. C. H. Judd missionaries to China left Holland to return to their field in the interior of that country they purchased a phonograph and a large number of records. According to Mr. and Mrs. Judd, the people in the section have never seen or heard a phonograph. So they took one along and with it enough needles to outlast the mainspring in the machine.—Grand Rapids Herald.

A-a-a-h— the Soothing Difference!

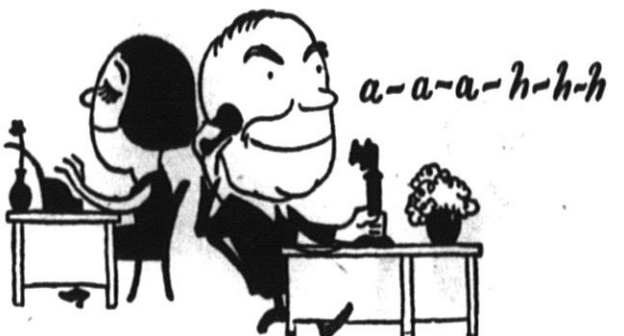

Training for a college cheer leader

Long Distance Telephone Service has changed.

It used to be that calling forty miles was as trying to the temper as calling, say, an absent young son at dusk.

You waited an interminable length of time, the line clattered and sputtered, and when finally you did get your party you had to shout like mad to make yourself heard.

But Today—ah, the soothing difference!

Service is prompt, quiet, efficient. You can usually get cities outside the state in ten minutes—Michigan towns in less. And every word spoken in an ordinary tone is heard distinctly.

Have you realized that YOU can use toll service profitably in business and personal affairs?

Such affairs, you know, are best "put over" when they are talked over.

And Long Distance Service affords the quick, convenient, economical means of communication. Try it.

LUNG HEALTH AND Pneumonia Prevention

Health Talk No. 9

By JOHN DE JONGE, D. C.

When the temperature inside the house is seventy or better and outdoors the mercury is flirting with the zero mark, it takes a vigorous body to resist the sudden change and fight off colds, coughs, bronchial and lung troubles. Let a cold begin to settle deep in the lungs and it is time to take the most vigorous measures to prevent pneumonia—that most dreaded and fatal of acute lung diseases.

Chill and rapid rise in temperature is almost a sure forerunner of pneumonia. The pulse is rapid and the breathing shallow and jerky, with expirations noisy and prolonged coughing is frequent. When there is a decrease of frequency in coughing it is a bad sign. The Chiropractor finds pressure on spinal nerves in the dorsal region, nerve tenderness in the region of the nipples, and a subnormal flow of nerve impulse to the kidneys. Spinal adjustments have an immediate tonic effect, and when action is prompt, are followed by good results and a rapid recovery.

SUPERVISORS ARE AGAINST COMMISSION

If the Ottawa County board of supervisors have the deciding voice, there will be no more talk of running counties in Michigan under the commission form of government, instead of under the present plan which puts the control into the hands of the board of supervisors. The Ottawa board believes that the commission idea is radical and dangerous, and that it takes away the right of the people to choose their representatives in their county government.

At the closing session a resolution to that effect was put thru and decision of the board thus made will be forwarded to Lansing to the representatives and senator in the state legislature, in order that they may know how the official board feels about it, if the proposition ever comes up.

The board goes on record as absolutely opposing the commission government scheme for counties. In their resolution the board declared that its members believe in efficiency and economy in management of public affairs, but oppose the enactment of any law providing for the management of county affairs by a commission and abolishing of the board of supervisors.

The resolution denounces the plan to replace the supervisors by a few men as being as radical as to abolishing the state senate and house of representatives and placing the control of the state in the hands of a few men.

The resolution states that the board recognizes the advantage of the commission form of government in a city, but points out the difference in character of the duties of the two. The board states the duties of the commission are largely matters of business management, while the work of the board of supervisors or the state legislature is largely legislative in character.

The board in conclusion voices the opinion that it is necessary for the protection of the people of the state and county to be represented by men of their own personal choice, in county and state government.

MUSKEGON MAN TALKS AT ROTARY CLUB

A. M. Larson of the Shaw Crane works in Muskegon, an ex-president of the Muskegon Rotary club and a delegate to the National Rotary convention held recently in Atlantic City, N. J., was the speaker at the Thursday luncheon meeting of the Holland Rotary club held in the parlors of the M. E. church.

Mr. Larson's talk was purely along Rotary lines, and he advocated the formulation and execution of a comprehensive service program and the adoption of a conservative policy toward the growth of any Rotary unit.

Mr. Larson was the guest of former Mayor Bosch. Mr. McEwan of the West Michigan Steel Castings Co. of that city and P. M. Brotherhood of the Manning, Maxwell, Moore, Inc., of New York were also guests. A letter from Dr. E. D. Dimmet, president of Hope college, who is convalescing following an operation in St. Mary's hospital, Grand Rapids was read.

FORMER EAST HOLLAND WOMAN DIES

Mrs. Trientje Janssen, one of Zeeland's original settlers died at the home of her daughter, Mrs. Henry Geerlings, two miles south of Zeeland at the age of 78 years. She was born in the Netherlands and came to this country at the age of 6 years with her parents and other members of the family, and arrived here one year after the first settlers came. She was married to Mr. Janssen and settled on a farm at Niekirk where they lived until 24 years ago, when they moved to Zeeland to spend the declining years of their lives. Mr. Janssen died nine years ago, since which time the mother has made her home with her children. She is survived by nine children. The funeral was held at the home of Henry Geerlings, two miles south of Zeeland, on Saturday at one o'clock and interment took place in Niekirk cemetery. The Revs. Van Vessum, Drukker and De Vries will officiate.

HOPE ALUMNI

TO GATHER AT

A LUNCHEON

Invitations have been sent out by the officers of the Hope College Alumni Association to members of the association in Holland and vicinity to attend a noon luncheon to be held in the basement of the 1st Reformed church on Thursday, January 27. That is the date of the annual Day of Prayer for College, at which time it is expected that a considerable number of alumni of the college will be in Holland. All are invited to attend the luncheon.

The meeting will be a get-together gathering and will be informal, with no program of toasts. The interests of the college will be discussed informally. The meeting will adjourn in time so that all who so wish can attend the Day of Prayer exercises in Winants Chapel in the afternoon.

At the closing session of the county board of supervisors at Allegan, a resolution was passed endorsing Gov. Groesbeck's plan on the state police issue.

SAYS ZYLSTRA SHOT FOUR TIMES AT OFFICER

A new sensation was sprung in the famous Drenthe charivari case early Wednesday morning when Deputy Sheriff Oscar Johnson of Holland declares he was shot at four times by John Zylstra of Drenthe when Johnston went to Zylstra's home to secure certain pictures wanted by the court as exhibits in the case that is now being tried in circuit court. Deputy Johnson, according to the

story told by the deputy himself, went to the Drenthe farm of Mr. Zylstra on instructions from the court to secure pictures of the premises of Mr. Zylstra. The deputy went to the farm at 2 o'clock Wednesday morning so that he would be able to get back to Grand Haven on the early train with the exhibits that were to be used in the charivari case this forenoon.

He alleges that Zylstra opened fire at him, firing four shots. Whether Zylstra thought the officer was a burglar is not known. Johnson took no more chances and waited until daylight. Then he once more approached the house and served the court's orders for the pictures. Incidentally he placed Zylstra under arrest and took him to Grand Haven. Not wishing to take any chances he handcuffed Zylstra and in this way the man was transferred from his farm home in Drenthe to the jail at the county seat.

On instructions from Prosecuting Attorney Fred T. Miles, a complaint was lodged against Zylstra charging him with assault and battery with intent to do great bodily harm. Zylstra will be given a hearing in Justice Dickinson's court in Grand Haven on this charge.

Zylstra is one of the principal witnesses in the charivari case now being tried in which a number of the Drenthe farmers are involved.

MAY CUT OUT REGISTRATION DAY

ALDERMEN WILL MAKE ATTEMPT TO DO AWAY WITH IT THIS MONTH

Several of the aldermen do not like the idea of sitting around in the polling places all day on the last Saturday in January for the mere sake of registering a couple of dozen of people throughout the city. Any person who is not now properly registered has an opportunity any day to present himself or herself at the office of the city clerk and be enrolled on the polling list.

The charter however provides that the last Saturday in January shall be a general registration day when the voter can call at the polling places to be registered. Experience has shown that sometimes not more than 3 or 4 in a ward present themselves but for sake of enrolling these the election officials have to spend a whole day in the polling places at considerable expense to the city.

At the suggestion of Ald. Wiersma an attempt will be made to change this this year. If it can be legally done, the general registration day will be eliminated and the voters will be asked to register at the office of the city clerk.
