Fish Banquet Now in Progress at Temple

JOE RHEA MADE HEAD
OF HOLLAND CLUB

Fish Game Club Re-elects Him
Unanimously

The Holland Fish Game Club made a wise move when they re-elected Joe Rhea as its head. Joe has spared no time or money doing his part in making the club a huge success and the unanimity with which he was hailed back into office would indicate that the boys want him. A fine choice was also made for vice-president, "Bill" Eaton of Waukegan was named by a unanimous vote. Just now as the news prints a tremendous banquet is in progress at the Masonic Temple and the place is jammed with "game and fish" men from home and abroad. This morning the club had a membership of 835 and more coming every hour and all are eligible to set at the festive board at the Temple tonight. The speakers tonight are Mayor Ernest C. Brooks, toastmaster - Attorney General Wilbur M. Brueker and Mr. P. S. Lovejoy, chief of the game division of the conservation department of Lansing and Prosecuting Attorney C. A. Lokker of Holland. Dr. John E. Kuizenga pronounced the invocation. There also is an excellent musical program interspersing. The prizes for largest fish caught during the year in this vicinity will also be announced as follows: Largest perch, 25 ounces, Reuben Tromp; pickerel, 10 pounds, 14 ounces, Gerard Cook; bluegill, 14 ounces, Peter Smith; black bass, 4 pounds, 5 ounces, C. Klaasen.

The newly elected officers of the club, and they are good ones, are as follows: President, Joseph C. Rhea, Holland; vice-president, W. L. Eaton, Waukegan; secretary, Jacob N. Lievens, Holland; treasurer, C. Van Dyke, Holland; board members, William Glurum, Zeeland; Henry Vanderschel, and Henry A. Geerds, Holland.

Carp fishing, which in the beginning brought Holland money to buy and pay for all its fish ponds and property, will be resumed within a few days. Surely the carp in reality were "gold fish" for the Holland club.

At the annual meeting held last Thursday evening Charles J. Justin of Grand Rapids, president of the Michigan Conservation congress, outlined plans to back the state department of conservation. Upon motion of Dick Boter a committee was appointed to draft suitable resolutions.

Mr. Boter was named chairman of the committee composed of W. L. Eaton, Andrew Klompars, Henry Geerds, and Jake Lievens who is also vice-president of the state congress.

Annual reports were given by the president, secretary and treasurer and disclosed the most successful year in the club's history. There are 834 members and a cash balance on hand of \$1,533.02.

Further deserved honors have come to our president, Joe Rhea, who was elected to the board of directors Michigan Conservation congress at a meeting held at the state capitol Tuesday.

HOLY NAME SOCIETY OF ST. FRANCIS CHURCH MAKE PREPARATIONS FOR BANQUET

The Holy Name Society of St. Francis de Sales church held its regular meeting with practically one hundred per cent attendance. An unusual program had been arranged for the evening in which music, readings and other features figured. Father Ryan and Mr. B. P. Donnelly gave the members of the society these heart to heart talks that have always been pleasing to the members of that organization.

Plans were made for a banquet in the near future and the following Sunday the entire membership of the Holy Name Society presented themselves at St. Francis church in a renewed communion and renewed their pledges in this society to church and state.

THANK YOU!

Mrs. G. J. Van Duren, head of the American Red Cross in Holland and lower Ottawa wishes in behalf of the Ottawa County Red Cross to extend thanks to the Holland Pastors, the American Legion, the Manufacturing and Business Institutions, the Holland Newspapers, to all committee members, in fact, everyone who contributed efforts to making this Red Cross membership drive "go over." The results have been very gratifying. Mrs. Van Duren states: Her report on the drive is found, in full, elsewhere in this issue.

BOUWS OF ZEELAND BUYS NEW FARM

John R. Bouws, formerly of Graafschap but for some years a resident of Zeeland, has rented his farm to James Padnos; in turn he purchased the farm of Melvin Brower, just west of Zeeland and will move on it shortly. Mr. Bouws is at present out west, buying horses to be sold in this vicinity when he returns.

SOCIAL CONFERENCE TO MEET IN HOLLAND

The Western Social Conference is to meet on Monday, January 20, in the Fourth Reformed Church of Holland, Mich. at 10:00 o'clock A.M. Rev. H. J. Ter Keurst is to read a paper on the subject, "Shall our Denomination Unite with the Presbyterians" and Rev. E. J. Tanis is to read a paper on the subject, "Modern Dispensationalism—Is it Biblical?" We hope a good many of our people will take the opportunity to hear the discussions on these timely topics. All those planning to attend will please notify Rev. H. J. Tanis, Holland, Mich., the previous week.

WANTS CITY TO SUPPORT FAMILY OR GIVE HIM JOB

Rather an unusual thing happened at the council meeting Wednesday night when Henry Serier of this city entered the council chamber with his wife and two children. He bluntly demanded that he had just come from Jackson prison and that the city had either to give him a job so he could make a living or the city would be compelled to support him and his family. Serier was sent up from Ottawa county by Judge Cross for liquor violation. The entire matter was referred to the welfare committee.

Amendment To Again Come Up For a Vote

LAST YEAR PROPOSAL WAS
NOT UNDERSTOOD AND WAS
VOTED DOWN AT APRIL
ELECTION

Holland voters will again be privileged to vote on an important charter amendment, one which they voted down last year because a good many of the taxpayers did not know what it involved. The charter amendment to be voted on follows in full below:

Charter Amendment
"Shall Section 5 of Title XXVII of the Charter of the City of Holland, limiting special assessments for any one improvement in any one year to 50% of the assessed value of the property, be amended so as to read as follows:

"Section 5. The cost and expenses of any improvement which may be defrayed by special assessment shall include the costs of surveys, plans, assessments and costs of execution and construction. In no case shall the whole amount to be levied by special assessment upon any lot or premises for any one improvement exceed the value of such lot or land, as valued and assessed in the annual assessment roll for the current year; any cost exceeding that per cent, which would otherwise be chargeable on such lot or premises, shall be paid from the general fund of the city."

COUNCIL NOTES

All aldermen were present with Alderman Kleis offering prayer.

The aldermen turned down a petition from the Pere Marquette R. R. asking that a flagman be dispensed with at the River avenue and Fifth street crossing. The aldermen felt that this being a busy factory district, doing away with the only safeguard was out of the question and dangerous.

The city clerk received a copy of what is known as the "Standard Milk Ordinance," a document largely used in progressive cities when drawing up a milk ordinance. The copy will be handed to the Board of Health and no doubt this will be a guide with that body and the ordinance committee in drafting a new milk law.

The special committee investigating the heating of the city warehouse on Fifth street recommended that steam heat be used and that the heat be piped from the city light and water plant nearby. The committee estimated the cost of installation at \$1,446.00 with \$150 waiving cost per annum. The report was adopted on motion of Ald. Jonkman. At this juncture Ald. Kleis in a substitute motion recommended that since the winter had so far advanced he felt that the work should be started this summer in order that the job might be completed early in the fall. He held that if the work was started now the job would not be completed until spring time when there would be no use for the heat. This motion was carried by the following vote: yes—Westing, Kleis, Steffens, Postma, Wolman, Vandenberg, Hyma, Veltman, Vissers; no—Brievé, Jonkman, McLean.

Welfare as reported by Ald. Westing was as follows: \$148.00 regular aid; \$140.97 temporary aid; total, \$288.97.

The voting machines are here and these will be put up in a public place and the voters will be given an opportunity to become acquainted with the workings of the new method. The aldermen in each ward have been named by Mayor Brooks as committees in their respective wards to give instructions to the voters. They are to enlist the aid of Parent-Teacher clubs and other civic bodies. One machine will be erected in the lobby of the city hall, first floor, and others will be placed in different public places, convenient to get to. At least one will be found in the high school. The school of instruction will be in vogue until early in March, but not later for the spring primaries are held on March 18.

Driving his automobile headon into an interurban car of the United Suburban railway at State and Washington streets, Grandville, Grand Rapids, Nicholas J. Danhof, 35, Zeeland garageman, suffered severe cuts and bruises at 10:30 p.m. Wednesday.

Attendants at Zeeland hospital, where Danhof was taken after first aid treatment in the office of a Grandville physician, Thursday, stated his condition was favorable. He was suffering from shock, but it was believed he had received no fractures.

His automobile, which virtually was demolished, was being driven to Zeeland from the factory at Lansing.

Former West Olive Man Is Burned to Death

CHARRED BODY OF OLD TRAPPER
IS FOUND IN ASHES OF
RIVER HOME

The body of Alphonso Alger, charred beyond recognition, was taken from the ruins of the home of the aged man near the South Channel on the marsh near Grand Haven, which was burned to the water's edge on Monday about midnight. Two boat houses which had been fixed up as lodges were burned with the contents in the conflagration, the origin of which is not known.

Thomas Alger, a son, believes his father might have been endeavoring to get a lamp, which he kept on a shelf over the stove, as it was evident the old man dropped near the small cook stove when overcome. Several pieces of change were found which indicated he was clothed at the time of the fire.

Flames attracted the attention of neighbors who knew the old man lived there as a hunter and trapper. No human power could have extricated anyone from the burning house and all that could be done was to wait until the flames had subsided. Coroner Van Zantwick of Grand Haven took charge of the charred remains. He decided death was accidental and no inquest will be held.

Fearing there might be others caught in the trap, Sheriff Steketee, chief of police, and the coroner searched among the ruins but found no traces of other bodies. The lodge was the rendezvous of many hunters and trappers as Alger was one of the best known trappers in this section. The son said his father escaped a similar fate probably two years ago when his home was burned, but he awakened in time to get out although he lost all his belongings.

Nothing remains of the two houses or the contents but ashes. The Grand Haven fire department could do very little as the low ground prevented them from driving the pumper nearby, and there are no hydrants near.

Despite the late hour a big crowd gathered and when it became known there was a man caught in the excitement grew. Thomas Alger, a son living on Elliott street, was on the scene shortly after the alarm unable to do anything. He said he saw his father last on Monday evening when he took a pair of shoes to him that he had repaired. The old man was comfortable in the cosy little home near to the marsh and river he has worked on and where he has lived for the past eight or nine years. He had complained of severe pains in his side and it is thought he may have been stricken while carrying a lamp which might have fallen and exploded.

He was born in New York 73 years ago and came to this section with his parents who settled on a farm near West Olive. Always a lover of the open he worked in the woods in saw mill days as a trapper and hunter all his life. His family were a part of the Alger family of which Russell A. Alger, of Detroit, secretary of war under the McKinley administration was the most distinguished.

He is survived by the son, Thomas, employed by the Pere Marquette railroad, a daughter, Mrs. Hazel Dennis, of Los Angeles, a brother Horace and a half-brother, Ernest Moore.

The body is held at the Van Zantwick funeral home where it will remain until today, Friday, when funeral services will be held at 2:30 P. M. Burial will be in Lake Forest cemetery.

Chief Pippel of Grand Haven said in his nearly 30 years with the local fire department, it was the first time he had ever encountered a like experience, when a person was burned in a fire in or near Grand Haven.

Suspicion that foul play might have been the cause of the fire which took the life of Alphonso Alger, aged trapper, on Monday, not given credence today by Chief Pippel following an investigation into circumstances which were reported to him later as perhaps having some bearing on the mysterious fire which destroyed the two huts at the foot of Third street on the south channel.

James Mulder living at the foot of Third street said the two men who were said to have been seen coming from the house late that night passed his house at 8:00 p.m. They were apparently intoxicated and might have been coming from the Alger house. One called the other George. Other reports said two cars were seen to go in that direction late that night.

Neighbors said the aged man had a roll of bills which he kept hidden in the hut which might have led to foul play. If he had any money it was not known to his son. He sold a small farm at West Olive a few years ago, but was not known to have possessed much.

Chief Pippel remembered there were no car tracks, as he investigated, when considering the advisability of running the fire truck from the foot of Third street to the scene. Only the usual footpath was found. There was 61 cents, a jack-knife and some keys in front of the stove where the leg bones were found showing the old man to have fallen in front of the stove, evidently with his clothes on with the few cents in his pockets.

Mr. Mulder said he saw a light about 11:00 p.m. which was not unusual as the old man frequently had calls from trappers and hunters.

PUTTING ON A SALE

FOR 32 YEARS

Du Mez Bros, East Eighth street, Holland, is putting on their big 32nd semi-annual Blue Tag clearance sale beginning next Tuesday, and continuing it to and including Saturday, Feb. 3. This sale has always been a great bargain fest for the ladies of Holland and vicinity.

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

The slating of the roof of the new school house is finished and the carpenters are now busy enclosing the cupola. Note: The school in question was the then "Union School" now Froebel school. This school in these fifty years never had to be re-shingled, the heavy slate slabs or shingles are as good today as the day these were laid more than a half century ago.

Rev. P. Pieters, pastor of the First Reformed church, was operating on Dr. Van Camp of Grand Rapids assisted by a large number of physicians from Holland and the neighboring village of Zeeland. The members of the congregation and the citizens as well are indeed anxious about the condition of this able divine. Note: Rev. Pieters was the father of Dr. A. Pieters, 44 S. 15th st.

The Grandvet of this week contains an article entitled "Natuur Kinderen" (children of nature) and proceeds to give the young men, who went around serenading some of their friends on New Year's eve, a gentle chastisement with his pen. One of the boys, who was arrested, was tried before Justice Henry D. Post and the jury brought in a verdict of "not guilty" to the charge of "disturbing the peace." The history of this trial is the best answer we can make to the above mentioned article.

Messrs. R. K. Heald and Jake Kuite, sr. were attorneys for the defense. Perhaps the editor of "De Grandvet" meant something by calling these boys "children of nature." Perhaps he meant that they were barbarians—or else they needed shaving or hair-cutting. Note: The News does not give the names of these young men at this time. A few of them became prominent and very useful citizens later. New Year's visiting was so common in the early days that no one thought anything about it. A New Year's wish at a home in Holland was always followed by a glass of wine "Annis" or "Tom and Jerry," a concoction of eggs and sugar and brandy. Several New Year's wishes meant a "skin full" of all these mixtures, generally topped with "Boeren Jongens" or rather raisins soaked in sweetened whiskey. One may imagine the results after a half day or an evening of visiting. But it was the custom and few thought ill of it. In the above article the name of R. K. Heald and Jake Kuite, sr. are mentioned as attorneys. They were not really attorneys but men who were able with their tongues. Mr. Kuite was a butcher and father of Jake, jr. of the Economy Market and Mr. Heald was a farm implement merchant doing business in a one story frame building located on the site of the Colonial Theatre. The Heald home was occupied for many years by Miss Nellie Churchford at this same corner, but was torn down about five years ago.

TWENTY-FIVE YEARS AGO TODAY

L. T. Beardslee of Jenison, father of Mrs. Dr. Godfrey and Mrs. Ida Hoyt died Tuesday.

Joe Pino of Holland, attempted to get a pool license in Zeeland but was turned down flat and was given a word lashing in the Zeeland Record for making the attempt. The paper stated that Zeeland had enough places to lead young folks astray without adding a gambling hole as pool rooms generally turn out to be. It goes on to state that one druggist, it was common talk, had sold three barrels of liquor during New Year's week. The sale of liquor in a drug store has always been the argument of pro-saloonists in Zeeland in favor of licensing liquor—the paper continues.

The new Second Reformed Church at Zeeland will be completed and dedicated Jan. 22. The pastor, Rev. Wm. Moerdyke, is expected to arrive any day and the parsonage is awaiting him and family.

Mulder and Breuker of Graafschap have a fine line of cutters and sleigh bells they are offering for sale very cheap.

Born to Mr. and Mrs. E. Fredericks, First Ave.—twins; to Mr. and Mrs. Ed. Vanden Tak, East 7th st.—a son.

Van Alsburg Brothers on the "north side" will be cutting 700 cords of ice Monday, Holland's supply for next year.

Gerrit Van Schelven, Geo. E. Kollen, Prof. J. B. Nykerk, Prof. Henry Boers, Prof. H. J. Kleinhekel were in Grand Rapids to hear Edward Bok, editor of the

Ladies' Home Journal give his lecture. They had an interview with Mr. Bok endeavoring to secure a future date and a visit to Holland, but he was sorry and could not promise. Note: Mr. Bok died a few days ago in his Florida home. He did not forget the visit however and later awarded a Dutch essay prize to one of Hope's students. The degree of L. L. D. was also conferred upon Mr. Bok by Hope College in 1910. The winner in the prize essay contest was George Huizinga, of Zeeland.

As the donor of a \$100,000 prize for a plan by which the United States might co-operate with other nations in attaining and preserving world peace and the writer of "The Americanization of Edward Bok," an autobiography, Bok became widely known. Relating his details of a messenger boy at the age of 13, his efforts to educate himself and his success as a journalist, the book was received as an outstanding work of its kind.

Following his retirement in 1919 as editor of The Ladies' Home Journal, Mr. Bok spent much of his time in Florida. Within a short distance of his estate rises one of his principal philanthropic enterprises—a carillon of 61 bells erected on a bird sanctuary.

For the dedication of the mountain lake singing tower and preserve, Calvin Collidge, then president, made a special trip from Washington last Feb. 1 and delivered an address in which he accorded high praise to the accomplishments of Mr. Bok.

Mr. Bok, his friends said, considered the town and its grounds a tribute to his grandparents in the Netherlands, sturdy folk of the old world who found enjoyment in music.

The Holland Camera Club elected the following officers—President, Gerrit Heneveld, Vice-President, James Derks, Secretary, James Schoon; Treasurer, Gus Kraus. This "snap shot" aggregation is growing in numbers with each new Kodak.

FIFTEEN YEARS AGO TODAY

Jacob Poest and Mrs. Nellie Veneklasen were wed at Zeeland. Dr. and Mrs. J. W. Vandenberg of North Holland received word that their son, Wynant, was killed in New Jersey when his automobile was struck by a railroad train. Both Mr. Vandenberg and another passenger were killed. The body was sent to Zeeland and the funeral was held from the home of Henry De Kruijff. Rev. Paul P. Cheff and Rev. G. De Jonge officiating.

The Holland City News is filled with arguments why we should have a boulevard lighting system on our main street, instead of seven hanging glims from depot to dock and on River avenue.

John Dinkelo, age 59 years, suffered fatal injuries when struck by a runaway team near his home on East Eighth street while he and his son William were crossing the street. The only witness was H. Vander Water, with the Vande Veere, Meat Market. Dr. Geo. Thomas attended the unfortunate man. The son, although thrown some distance, was not seriously injured.

Sheriff Hans Dykhuys named his deputies, under-sheriff Henry Dykhuys of Holland (father); Delbert Fortney, deputy on jail duty. Deputies from Holland are Jerry Dykhuys (brother) and C. J. Dornbos.

Prof. Wynand Wichers of Hope college read a paper on the subject, "Moving Pictures" at a Social Progress club meeting held at the home of Rev. and Mrs. John Van Peursem on Central avenue.

Mr. and Mrs. Herman De Fouw celebrated their twentieth wedding anniversary with 37 guests present. Note: We no doubt will soon hear of a 25th anniversary in that family.

Born to Mr. and Mrs. Gerrit De Vries, a daughter; to Rev. and Mrs. P. A. Hoekstra, East 14th street, a daughter.

Gerrit Van Dyke of Holland from Tuesday until Tuesday evening, including Christmas and Sunday, caught 783 perch on Lake Zeeland through the ice on an average of 190 for the fishing days. Mrs. Pearl Himelburger caught a black perch rarely found in this lake. The black beauty weighed 2 1/4 pounds and was 16 inches long.

Miss Ruth Keppel has returned to Oberlin college to resume her musical education.

Prof. and Mrs. John E. Kuizenga and daughter have returned to Ann Arbor after spending the holiday with Mrs. L. Mulder at her home on East 14th street.

FOLKS PUZZLED IN BELIEF

"What Then Shall We Believe?"

On this commonly asked question, asked in particular by young people, Rev. C. P. Dams of Trinity church will preach Sunday evening. This sermon is of the series, "Questions of Observant People." Many people are puzzled in these days as to what they should believe because there are so many conflicting opinions uttered about religious subjects. Some people are unsettled and some are drifting away from the Old Gospel. A special invitation is extended to puzzled and troubled people to come and hear Sunday evening in Trinity church. The unchanging gospel is even for this changing age. A brief time is given at the beginning of the evening service which begins at 7:30 o'clock to the singing of favorite gospel hymns. People who have no church home are specially requested to come.

More Business Activities For Next Spring

GAS COMPANY PLANS LARGE
EXPENDITURES. RUSK COMPANY
BUYERS ADDED GROUND

Things are looking up in Holland for next spring. The Holland Gas company has let the contract for some new large boilers, automatic stokers and electrically driven blowers together with other machinery. The installation of this equipment will start almost immediately. The installation of the boilers will mean fifty percent more efficiency over the present plant and there will be no delay in cutting over after these are installed. The installation will also be a factor as far as safety goes. The plant is now steam driven but in adverse conditions, it can either be steam driven or electrically driven, so there is no possible chance for the Holland Gas company to go mechanically out of business for a spell.

The installation of the new equipment will once and for all settle the major portion of the smoke trouble complained of by neighbors living adjacent the plant. Manager Groth stated that he had been working on this problem for some time and he believes that the new arrangement will satisfy all concerned. It is expected that the Holland Gas company will spend in the neighborhood of \$150,000 in Holland next spring and are doing their part in the program of expansion being taken on by public service companies throughout the nation.

Another public service company that already has a large force of men working, which has not been figured in Holland's employed mechanics, are the force of 100 men in the employ of the Bell Telephone company. This has been a new avenue of labor working in Holland and vicinity with headquarters in this city.

A tremendous lot of work will have to be done by the Bell company between now and the time when the Phone company cuts over into their new system. It means men and it means labor at the best kind of pay and the Bell company is sparing no time and no men and are working top speed with no lay offs. Manager Ripley states that the Bell force, although large, has not yet been figured in Holland's labor compilation.

The Holland Rusk company has just purchased 400 feet of ground east of their large plant on Ninth street along the Pere Marquette railroad track. Included in this purchase are seven houses, that will have to be moved. The first step toward a building program will be the laying of side tracks to the Holland Rusk company plant, in order that cars may be loaded right at the factory. A definite building program has not yet been mapped out but Manager William Arendshorst hints that something may develop during the spring and summer that will materially aid Holland.

The National Biscuit Co. owns the local plant and their official are alive to Holland's possibilities. The houses and property are valued at about \$35,000 and include the homes of P. Vander Gak, John Rank, J. Glatz, R. Shank, Geo. Tiebergen, R. Siebema, and Frank Eby.

A few weeks ago the Holland City News gave an inventory of the brighter side of Holland's industrial and labor conditions. Readers may add these to the list and look through more optimistic glasses. Remember, the foundation of this nation is solid. Holland as a city is rock-ribbed. Believe in ourselves and Holland and spring will open with a prosperity sun shining.

TREE PLANTING IN PARK TOWNSHIP PLANNED

The county conservation committee of the board of supervisors authorized the county agricultural agent to purchase 11,000 trees and cuttings to plant on the county property in Park township. The order consists of 5,000 Chinese Purple Cuttings and 1,000 each of Purple Willow, American Green Willow, Lemley Willow, White Spruce, Scotch Pine and Jack Pine transplants. This property is being used as a demonstration in sand blow control and reforestation and is in charge of the following committee men, Phillip Vinkemulder, George Root and Harm Plaggemeier. It is very likely that the planting will be done by Boy Scout troops in the south part of Ottawa county.

Anyone desiring to plant trees this spring should secure a forestry price list from Mr. Milham.

Dr. Arthur J. Brower, 99 West street, Holland, left last Monday for New York where he will board the steamer Caledonia for a cruise of the Caribbean sea, calling at 14 different ports, of the West Indies, the Dutch West Indies, the Virgin Islands, the Panama Zone, and South America.

He will return to his office February 14, 1930. About two years ago the doctor made a world tour including the "Holy Land."

The U. S. Patent Office has just granted to Andrew Marquis of Saugatuck, a patent upon a novel and distinctive raincoat. The garment is designed in such fashion that it is alleged to be more comfortable than the type of raincoat now in common use. It is constructed of a coat portion having a cape over the shoulders and upper portions so as to eliminate the necessity of sleeves. This gives greater freedom to the arms and at the same time protects them well from the weather. Bundles or other objects may thus be carried under the cape in perfect safety from the rain.

STEAL BEAUTIFUL PAINTINGS FROM FENNVILLE HOTEL

The Stevens' Hotel, Fennville, was entered late Saturday night by two art-loving burglars who took all of Mr. Stevens' oil paintings which he had ready for delivery and which he valued at \$250. Suspicion rests on two young men, strangers, who came in shortly after midnight. Mr. Stevens arose and asked them what they wanted, to which they replied they were waiting for a young lady to escort her home. They went out shortly but evidently returned later and took the paintings. Nothing else was disturbed.

WORLD'S COLORED CHAMPION BASKETEERS HERE TONIGHT

Tonight, Friday, the World's colored champions, called the "Savoy Hottentots," of Chicago, will play the Holland Rusk team at the Armory and surely this will prove to be an interesting game. This Chicago team has quite a personnel and can boast of such stars as Fiall, N. Y. U. and "All-American"; Lillard of Iowa U.; Harding of Knox College; Stephenson of Toledo U. The rest have all earned their letters in basketball in other universities. The preliminary will be at 7:15 between the Visscher-Brooks and Conoco Oils of Grand Haven. Tickets at Superior cigar store and Ollie's Sport Shop.

MISS VAN ANKOOY IN A MOTOR CAR MIXUP

Grand Haven Tribune.—Miss Margaret Jones narrowly missed serious injury when she was struck down by a car driven by Miss Cornelia Van Anrooy on Saturday night at the corner of Howard and Lake avenue. Miss Jones, although bruised and shaken up, will be able to resume her duties at the Greyhound station within a few days.

She was walking toward her home at the time of the accident and attempted to cross the street. Due to the sleet and the bad weather, Miss Van Anrooy did not see the young woman. She stopped immediately and did everything possible to assist Miss Jones, who was picked up 50 feet away from the car, unconscious.

The sleet storm on Saturday night made driving perilous and cut the range of vision as the rain froze covering the windshield with a sheet of ice.

HOLLAND FIVE FACES FORMIDABLE QUINSET IN W. S. T. HIGH TODAY

Western State Teachers' high will be the next basketball foe for Coach Hinga's Maroon and Orange cagers Friday. Holland high travels to the Celery city seeking revenge for its court defeat of last season when normal noted it out by a close score. Kazoo presents the same lineup this year and the locals will be up against a veteran squad.

Coach Hinga is confronted with the task of grooming a man to fill Teed Van Zanden's forward position as the clever Holland captain has developed infection in his feet. Nykerk, a very able first-string substitute, will undoubtedly fill the gap in fine shape as he is a formidable tosser, although he lacks experience. Netting's fine work in the Grand Haven game ranks him as an outstanding center and the local mentor is well pleased with his scoring. A real problem must be decided as to a co-guard with Bonnette.

VELDMAN OF HOLLAND HEADS FARM INSURANCE CO.

The annual election of the Farmers Mutual Insurance Co. of Ottawa and Allegan counties was held in the high school auditorium at Zeeland Wednesday: President, Gerrit J. Veltman of Holland; vice-president, Henry Weber of Dorsey; secretary-treasurer, Gerrit Yntema of Jamestown; directors, J. Freeman of Dorsey, O. Scholten of Holland, G. J. Duer of Holland, L. J. Mulder of Coopersville, Gradus Lubbers of Zeeland, A. Schrottenboer of Holland, G. J. Brouter of Hamilton, William Kooijens of Byron Center, Henry Sierma of Holland, D. Bekius of Hudsonville and H. Knoppers of Allendale.

The company, one of the largest of its kind in Michigan, now is in its forty-ninth year. Last year a total of \$43,938 was paid out. Receipts amounted to \$109,448 with a balance of \$60,309.

MONUMENT OF 4,000 POUNDS FOR SAUGATUCK FERRYMAN

The seat for the Jay D. Myer Memorial arrived at Saugatuck. It is cut from a solid block of sandstone—seven feet long and weighs 4,000 pounds.

It was shipped by rail to Holland and from there by the Associated Truck line to Saugatuck. It was then reloaded onto Freeman & Newham's truck and hauled around to the other side of the ferry and placed in position on the concrete base already prepared for it.

The committee wishes to acknowledge the kindness of Freeman & Newham, who did the hauling free of charge, and of Messrs. Freeman, Edgcomb, Jackson, Underhill, Taylor, Allen, Naughtin, Costello, Brittain and Wicks, who helped unload it and put it in position.

The memorial is now complete except for the bronze tablet which is to be inserted on the back of the seat.

Rev. J. Lansing, pastor of the Immanuel Church has announced his Sunday sermon topics as: Morning speaking of the Twelve Sons of Jacob, taking up the son Benjamin. In the evening Mr. Lansing will take as his topic "The Prophetic Word." The prayer meeting and the Moody Bible Institute class will be held on Wednesday evening at the rooms at 20 W. 8th St., 3rd floor.

Ottawa Sunday School Ass'n to Stage Contest

SECOND ANNUAL SUNDAY
SCHOOL ORATORICAL MEET
TO BE HELD IN GR. HAVEN

The second annual oratorical contest in religious education which is conducted by the Ottawa Sunday School Association is to be held in February and March, as announced by Principal J. J. Riemersma. The contest is open to all high school students who wish to compete, and Mr. Riemersma urges many to do so this year.

"The Influence of Sunday School upon Every Day Living," is the subject for this year's oration. The essay to be written in connection with the oration should be from eight hundred to a thousand words in length and should be as original

The Reason for the Tariff

Theoretical anti-tariff arguments cannot offset the fact that unrestricted, cheap-labor and foreign competition injures American farm and factory labor.

We have established a new industrial ideal where workers are paid high wages and enjoy the best living and social advantages of any workers in history.

Many foreign countries still exist under a modified feudal system and are far behind in prosperity. European workers are poorly paid compared with American wages, and their social disadvantages cannot be compared.

Our tariff endeavors to equalize so that our producers can sell in our home market on an equal price basis with foreigners.

CUT DOWN FINANCIAL LOSSES

Each year millions of dollars are lost through unwise speculation and investment. "Get-rich-quick" stocks are sold with promises of fabulous earnings and appreciation. The "enthusiastic" promoters of such ventures rarely have a dollar of their own invested. Even first mortgage bonds, thought of by many as being assurance enough, are subject to the same hazards of over-enthusiasm and mismanagement.

Most of these lost millions could be saved if, before purchase of any security, a well informed bank or reputable finance house were consulted. Get all the advice possible from nationally known financial experts and it will then be found that probably the safest route is to confine purchases to securities listed on the solidly established stock and bond exchanges of our larger cities and through the advice and guidance of member brokers which in itself is assurance that the security has been given careful analysis by experts before it is offered the public through exchange listing.

CHICK BUSINESS IN HOLLAND STARTS EARLY

The first chick shipment of the season was registered at the Holland post office Monday, the earliest on record. The consignment comprised 500 chicks sent by the Lakeview Poultry farm, M. Kole proprietor, to Flint.

Indications point to a successful year. There are nearly 60 hatcheries in Holland and vicinity, which together annually ship millions of chicks to all parts of the country. Many hatcheries have added increased equipment and within a few weeks chicks will be dispatched everywhere.

Ottawa county has for years been the center of the chick industry in Michigan. There are close to 90 hatcheries within 14 miles of Holland, with capacities of 20,000 eggs or more. Holland also is the center of the egg and poultry industry as the Michigan Egg and Poultry association now is located here.

TRUCKS TO HAUL SHIP'S CARGO, G. H. MUSKEGON

Contracts were given the Vyn company for freight hauls between Muskegon and Grand Haven by the Wisconsin and Michigan Transportation company, owners of the steamship Missouri, which is unable to make the Muskegon port in the winter months due to ice blockades. This harbor was only tied up 24 hours during 1928.

CORN SHOW WILL SHOW UP OTTAWA CO. CORN

A corn show to determine the champion corn growers in Ottawa county, will be held Tuesday, January 21, in connection with the annual meeting of the Ottawa county farm bureau. Five awards will be made on ten ear samples of yellow dent corn, three on white corn and three on the best single ears. The business meeting commences at 10:00 A. M. at the Methodist church in Grand Haven. Following dinner Clark L. Brody, secretary of the State Farm bureau and others will address the gathering.

REMOVE LICENSE BUREAU AT GRAND HAVEN TO STATE BANK BUILDING

The Grand Haven license bureau office which has been conducted from the cafeteria room in the Elks temple will be moved back to the offices of VanderVeen & Ehrmann in the State Bank building Monday. Following a few arrests, there was quite an influx of applications for plates after Jan. 6, the clerks reported. Many local motorists who ventured outside their precincts were promptly arrested by the state police at Grand Haven.

Doctor Lucas, one of the many able scientists employed by the telephone company, has perfected a "violet ray" microscope, expected to work wonders in the fight against disease, specifically in treatment of cancer and other malignant tumors.

A violet ray machine, using 10,000 volts, magnifies to an extent absolutely amazing, making the specimen examined "seem to jump through the lens."

Following a typhoid epidemic at Ovidio, in Spain, drinking fountains were closed and people ordered to drink only cider. In a week the epidemic vanished. Spaniards believe that apple juice kills germs.

Perhaps cutting off a bad water supply had more to do with it. But every human being would be the better for an apple a day at noon and an orange in the morning.

Some one should make a little cider press that could be used at the family table, to squeeze out the cider and give it to children with their noon meal, fresh from the apples.

If you have a darling pet parrot, do not bury your nose or mouth in its pretty feathers or stroke the parrot and afterward put your hand to your mouth. Surgeon General Cummings of the national health board says parrots are bringing into the country a highly dangerous disease, easily contracted, often fatal. Several cases have occurred in Maryland.

The big ill wind that blew in Wall Street did somebody good. New York's savings banks report more than eighteen thousand new accounts within a few days after the slump. The "little" man seems to have learned a lesson.

At the royal wedding in Rome four foreign sovereigns, five rulers who had recently lost their jobs, and fifty-four other royalties looked on. Queens, princesses and princesses crowded the chapel.

The interesting moment came when Mussolini, Italy's dictator, entered and was saluted by all the royalties with the Fascist salute, the outstretched right arm.

Mussolini did not march with the royalty. But when they saw him and gave him that salute, angels, looking down, could easily identify the real ruler of Italy.

Doctor Heyl, physicist of the United States bureau of standards, says science will produce life artificially. "It is chemical, not supernatural," and there is "nothing occult in the processes of life."

Nothing occult, perhaps, but Professor Heyl will not produce life nor will any other physicist by chemical means. Things may be made to wiggle, but that will not be life.

This universe is a great trinity—matter, force and spirit or consciousness. No scientist will produce consciousness, possessing the potential ability to think. Chemicals can't do that.

A Mr. Morgan of California is returning from England with "overwhelming proof" that Bacon wrote the plays credited to Shakespeare.

On the way Mr. Morgan might read a critical study of Shakespeare by the Danish author.

He says truly that whoever asserts Bacon wrote Shakespeare simply proves that he himself, has never intelligently read either Bacon or Shakespeare.

Mexico experiments with the criminal law. Instead of a jury there will be five "technical experts," the degree of guilt based on the criminal's intelligence and realization of his crime.

No punishment for your first crime if you were hungry and hurt no one. Here we allow a dog one bite, but don't allow a thief one theft.

No Mexican death penalty for civil crimes. Revolutionists will be shot as usual.

The new law assumes that crime is largely a "disease." Criminologists in many countries have suggested similar changes. Mexico is first to try them.

This country is prosperous, full of opportunities. But many of us reach old age poor. A careful survey shows in the United States 2,000,000 individuals past sixty-five years of age dependent for support on others.

Save while you have strength. "The hateful road of old age," as Hector's father called it, is bad enough at best.

The United States army of stampters that buy stocks when gentlemen ring the doorbell and tell them "now or never," or when other gentlemen call them on the telephone, are interested in this:

One get-rich-quick concern on trial in a federal court is said to have spent \$400,000 in one year for telephone messages to fools.

You may imagine how much the grease at the other end of the telephone must have cost to justify a \$400,000 telephone bill in one year.

Robert Graves, British poet, who was an officer in the big war, publishes startling reminiscences. He says British officers in the trenches were generally stupid and drunk, and British soldiers had more respect for the Germans than for the French.

HOLLAND BANKS

HOLD ELECTION
OF DIRECTORS

Very Few Changes and Some Directors Are Added

The three Holland Banks, namely the Peoples State, First State and Holland City State, held annual meetings Tuesday afternoon, naming their directors and organizing for the ensuing year.

At the Holland City State Bank meeting the following men were named: John P. Kolla, John Kollen, Otto P. Kramer, A. H. Landwehr, C. H. McBride, D. B. K. Van Raalte, Charles E. Kirchen, D. Boter, James A. Brouwer, B. P. Donnelly, and Frank Dyke. The new director in this list is Charles Kirchen, head of the West Michigan Furniture Co., named in place of W. H. Beach, who resigned because of ill health.

The organization of the board takes place next week when a president and vice-president will be named. The Peoples State Bank stockholders named the following: Henry Winter, Jay H. Den Herder, Ernest C. Brooks, B. D. Keppel, A. C. Koppel, C. M. McLean, John G. Rutgers, E. G. Landwehr, Frank Bultuis, Alex Van Zanten, and Charles A. Fors. The last two directors were added to the original list. The directors will organize the first part of next week, naming president and vice-president.

The First State Bank stockholders named the following directors: G. J. Diekema, Edward D. Dimment, Wynand Wichers, Stuart Knappen, R. D. Matheson, Henry Pelgrim, A. H. Meyer, Con De Pree, John Bosman, Daniel Ten Cate, Thomas Marselle and Gerald J. Bosch. After the directors were named the organization for the year was also perfected with G. J. Diekema president, Ed. D. Dimment, vice-president, and secretary Wynand Wichers, cashier. A new member on the board is Mr. Gerald J. Bosch, one of the heads of the Western Machine Tool Works and son of former mayor Bosch.

At this annual meeting the First State Bank declared a stock dividend of 100 per cent. This banking institution has on hand \$76,000 in undivided profits and a capitalization of \$200,000.

The three Holland banks are exceptionally strong institutions as the statements of each printed in full on page three, section one, of this issue will indicate.

HOLLAND MIGHT HAVE
"CLICKED" ON A COMING
FACTORY—BUT?

What applies to Allegan more than ever applies to Holland with its large apple crop and right on the edge of the "fruit belt"—not taking in consideration shipping facilities by boat, truck and rail.

However here is what the Allegan Gazette says about a coming factory for their town.

"There is some talk and interest about the city concerning the advantage of having a canning factory located here. Benefits derived from such a concern are known to be numerous, such as giving employment to a number of persons; as an outlet for fruit and cereals in large and small lots; as an impetus to boys and girls to engage in agricultural pursuits, as individuals or in clubs; and in the saving of fruits and vegetables such as corn, peas, and beans. Beginning with the preservation of strawberries in early summer and continuing until autumn, when squash and pumpkin are put up for trade, would mean money to many people. It is understood that a large co-operative canning company might be induced to erect a plant here as in Fennville where one is operated with much profit."

PAYS FINE AND PLEDGES
TO LEAVE LIQUOR ALONE

Mrs. Jacob Japenga of Holland paid a fine of \$5.40 costs in Justice C. E. Burr's court at Grand Haven Tuesday and signed a pledge stating she would not touch intoxicating liquors for three years, following her arrest for being intoxicated.

Mrs. Japenga came into the sheriff's office to get warm on Tuesday. Sitting beside the radiator it was not long before her real condition was evident. When she attempted to go out to her car the sheriff detained her and she was kept over night at the Grand Haven jail.

CHRISTIAN HIGH SCHOOL
TEAM WINS WITH SCORE
39 TO 9

The Holland Christian High School basketball team defeated Grand Rapids Christian High at the local court Friday evening by a score of 39 to 9. Many visitors from Grand Rapids were present to witness the game. The Holland boys were ahead throughout the entire game. Captain Arnie Van Faassen, Ditmar, and Timmer made several points for the local team while M. Schaafsma and Helmus shone for the losers.

In the preliminary the Holland Christian high girls also won the game from Grand Rapids with a score of 48-26.

JUDGE FRED MILES

INDUCTED INTO
BAR ASSOCIATION

G. J. Diekema and Judge Cross Are Made Honorary Members

Ottawa County Bar Association meeting at Warm Friend Tavern, Holland, Michigan, January 9th, 1930. Dinner at 6:30 p.m.

Hon. Gerrit J. Diekema, Minister to the Netherlands, and Hon. Orien S. Cross, former Circuit Court Judge, were elected honorary members of the Ottawa County Bar Association, the following resolutions being adopted.

Resolved, That whereas Hon. Gerrit J. Diekema, a former member of the Ottawa County Bar Association, has been appointed and is now acting as Minister to the Netherlands, that it is fitting and proper that he be, and he is hereby elected as an honorary member of this association.

Resolved, That whereas Hon. Orien S. Cross has acted and served as Circuit Judge of the 20th Judicial District for the past 18 years, with credit to himself and honor to the profession, it is fitting and proper that he be, and he is hereby elected as an honorary member of the Ottawa County Bar Association.

President Louis H. Osterhaus made an excellent address of welcome to the new Circuit Judge, Hon. Fred T. Miles. He commented upon the social, professional and political changes in the Bar Association since its inception two years ago; regretting the death of George W. McBride, former Civil War veteran, attorney and political campaigner; the death of George A. Farr, who formerly practiced in the city of Grand Haven; and Raymond A. Visscher, a young attorney of Holland, who had a brilliant career before him.

Mr. Osterhaus stated that the Bar Association has been a great success; that it had brought the members of the profession together socially about a better understanding between them; that it had accomplished a great deal in providing and carrying through with more than unusual success the farewell banquet in honor of Gerrit J. Diekema. President Osterhaus welcomed Hon. Fred T. Miles, the new Circuit Judge of the 20th Judicial District to the bench and assured him of the co-operation of all the members of the Bar Association during his term of office, and wished him a successful career.

Hon. Fred T. Miles replied in kind, voicing his keen appreciation for this expression of confidence and co-operation from the members of the Ottawa County Bar Association through its president. The Judge assured the members of the Association that he had no personal animosity toward any attorney and welcomed the co-operation of all members of the Bar.

Louis H. Osterhaus was re-elected President of the Bar Association. Jay H. Den Herder was elected Vice-President and Leo C. Lillie was re-elected Secretary Treasurer for the year 1930.

STOCKHOLDERS OF HOLLAND HITCH CO. HOLD MEETING

The stockholders of the Holland Hitch company met last night at which time the board of directors was re-elected and officers named for the coming year.

The directors are Otto Kramer, Henry Pelgrim, Henry Ketel, J. Y. Huizenga, Harry Vissecher, and Henry Geerlings.

Officers for the next term include Otto Kramer, president; Henry Pelgrim, vice-president; Henry Geerlings, secretary and treasurer, and Henry Ketel, manager.

Rev. John Vander Beek, pastor of the Sixth Reformed church, will be the speaker at the regular meeting of the W.C.F.U. to be held this afternoon, Friday, in the Woman's Literary club rooms.

HAMILTON

Union services were held in the local churches during the week of prayer. Although the weather was unfavorable the attendance was good. Prof. Robinson and Rev. Roggen gave brief addresses emphasizing the various phases of the topic, "The Fulness of Christ." Special music was furnished by the young people of the churches. The meetings were very successful and a splendid spirit of fellowship prevailed. Weekly prayer meetings on some evening of each week will continue during the rest of the winter.

Sophie Van Der Zanten, daughter of Mr. and Mrs. Jacob Van Der

Zanten, passed away suddenly last Sunday evening. She had been ill with a light form of grippe for some time, and seemed to be recovered, but was suddenly stricken with a heart attack. Funeral services were held Wednesday afternoon at the Ten Brink funeral home.

Mr. and Mrs. Herman Schievink and children of Grand Rapids visited at the Geo. Rankens home last Tuesday.

Ben Kuite, who has been suffering for several years with stomach trouble, was operated on at the Zeeland hospital last week Thursday. The operation revealed that the trouble was caused by an ulcer. The operation was successful and Mr. Kuite is recovering rapidly.

Curly Hopkins and family motored to Lansing the last week-end to visit relatives.

The Woman's Study club met Wednesday evening at the home of Mrs. Jack Nieboer. A large number of ladies were in attendance. Mrs. Nieboer gave an interesting talk on the subject, "Good Citizenship."

Mr. and Mrs. Fred Mason spent the past week-end with their children, Mr. and Mrs. Chas. Ash, in the Furniture City.

Mr. and Mrs. Jacob Van Dyke, Johanna and Garret Van Dyke of Holland were guests of Mr. and Mrs. Richard Haakma Sunday.

A special meeting of the C. E. Society of the First Church was held Sunday evening. The meeting was in the form of an installation service, the leader spoke on "Mutual Duties in C. E. Work." This was followed with responses by the new officers and chairmen of the various committees. Several former members also gave short talks. About 100 young people were in attendance.

tendance. The officers of the society are President, Janet Kaper; Vice-President, Josephine Bolks; Secretary, Gladys Borgman; Treasurer, Stanley Japink.

Roy Ashley was in Chicago for several days last week on business. Mr. and Mrs. Jacob Schamp motored to Grand Rapids last week Thursday.

Mr. and Mrs. Jack Nieboer were entertained at supper at the home of Mr. and Mrs. John Nysson in Holland Sunday.

A joint meeting of the Men's and Ladies' Bible Classes of the American Reformed church Monday evening was held. A very large crowd was in attendance. The meeting was in charge of Joe Hagelkamp, president of the Men's class. Prof. Robinson opened with prayer. After the devotion Herman Brower, as chairman of the committee, announced the following program: reading, Mrs. J. A. Roggen; vocal solo, Josephine Kuite; address by Dr. A. Pieters of the Western Seminary on the subject, "The Miracles of the Bible and the Story of Jonah and the Whale." The address of Dr. Pieters held the attention of all from the beginning to the end, even though to follow Dr. Pieters some of us found at times that we were down so deep that several waves of his splendid message went over our heads. At the end many of us, if not all, felt rather foolish at the remembrance of the explanations which we had so confidently given of Jonah and the whale. The address was nevertheless heartily enjoyed by everyone with but the one regret that not many more had heard Dr. Pieters' original, clear, logical and convincing explanation of "Miracles in general and Jonah and the whale in particular." A lively social hour followed the splendid program.

Mabel Luyten, who has been on the sick list for several days, was able to return to the Allegan high school Monday.

Mrs. G. E. Vanden Brink of the North Side entertained with a surprise party Tuesday evening in honor of Mrs. O. Van Den Berg. Games were played and a dainty two-course luncheon was served.

Mrs. H. G. Hicks of Allegan fell through a trap door to the basement at her husband's store and fractured several ribs and suffered body bruises. Mrs. Hicks was taken to John Robinson hospital for first aid and then to her home.

Andrew Marquis, Saugatuck tailor, has been granted a patent upon a distinctive raincoat. It is made as a coat with a cape over the shoulders and upper part so as to do away with sleeves. Bundles may be carried under the cape in perfect safety from the rain.

One of the divisions of the Saugatuck Woman's club has an unusual way of earning its quota for the building fund. It is giving a series of "vanishing teas." Mrs. Abbot Davis entertained 16 guests, each of whom will in turn entertain 8, and these will entertain 4, who will entertain 2. So the parties go merrily on.

Hope college defeated St. Mary's quintet of Orchard Lake at Carnegie Hall, Holland, Wednesday evening, 20 to 20. Hope led, 12 to 10, at the half. With the exception of the first quarter, when St. Mary's led 7 to 4, Hope kept a consistent lead throughout the game. Spoelstra, center, led in the count for Hope with 10 points, Coach Schouten made no substitutions. St. Mary's defeated Hope last season by 1 point.

Peter and Jake Weller of the Weller Nurseries, Holland, are attending the National Nurserymen's convention at Chicago, attended by at least 400. The Holland men are stopping at the Sherman hotel.

John R. Bouws of Zeeland, representing Bouws and De Jongh of that city, has gone west to buy a carload of horses. He is expected back shortly with a fine consignment and no doubt these will be put up for sale.

William Wilds of Grand Haven, county clerk, was a Holland business visitor Wednesday.

Among those who attended the auto show at Grand Rapids Wednesday evening were Dr. and Mrs. Wm. Westrate, Mr. and Mrs. H. J. Karsten, and Mr. and Mrs. Ray Knooihuizen.

The Welcome Corner Class of the Methodist Episcopal church will hold a class meeting tonight, Friday, at the home of Judge Fred T. Miles, 14 East 26th street.

Mrs. Carl E. Swift and children have returned home after spending three weeks in Biloxi, Mississippi, where they visited with Mrs. Swift's father, Mr. J. H. Landwehr.

Attorney Jay H. Den Herder was a Grand Rapids business visitor on Wednesday.

Classes of Christian High school are having their pictures taken this week for "Footprints," the school annual. The staff of the book is also having a drive for subscriptions to the year book.

A. C. Keppel is spending a few days in Detroit on business.

George Schulling left for Lansing Wednesday where he will attend a board meeting of the Michigan Sunday School council.

Prof. Albert Lampen and Andrew Klomparsen will go to Saginaw on Monday, Jan. 27, as delegates of the Holland Exchange club. The State annual convention is being held there.

COMMITTEE MAY COMPILE RESORT BOOKLET

The Tourist and Resort Committee of the Grand Haven Chamber of Commerce is considering compiling the list of attractions for the Tri Cities for the resort and tourist business in an attractive booklet which will be much more elaborate than the folders of last year. The booklets will be distributed at the Outdoor Life show which will be held in Chicago some time in April. Last year 10,000 leaflets gotten up in attractive design and color, resulted in many inquiries so the committee feels justified in preparing a more detailed description of the beauties and attractions of this section.

HOLLAND FOLKS ATTEND ZEELAND ANNIVERSARY

Henry Scholten, sr., who resides on his farm one mile northeast of Zeeland, was very happily surprised at his home last Saturday when his children and grandchildren gathered there to help him celebrate his sixty-fourth birthday anniversary.

Those present were Mr. and Mrs. Paul Scholten and children of Grand Rapids, Mr. and Mrs. Gerrit Scholten and children and Mr. and Mrs. George Nienhuis and children of Holland, Mr. and Mrs. Tom Wyngarden and children and Mr. and Mrs. John Warner of Vriesland, Mr. and Mrs. T. Scholten and children of Zeeland, Mr. and Mrs. Alfred Meyer, Henry Scholten, jr., and Misses Henrietta and Cornelia Scholten, who are living at the paternal home.

A very enjoyable evening was spent and many good wishes were in order as well as good eats.

Annual Meeting of Stockholders At Zeeland State

SURPLUS AGAIN INCREASED OVER CAPITAL STOCK ISSUE; NO BIG CHANGES IN STAFF

The annual stockholders' meeting of the Zeeland State Bank was held at the bank's offices and the cashier's report shows that 1929 has been a very prosperous year, and that in spite of an apparent recession in business, deposits had not materially been affected and still held up to their high mark around three million dollars. This speaks well for the thriftiness of the people of this community and their confidence in this banking institution.

The meeting was held on Tuesday, Jan. 14, and the following directors were elected for the ensuing year: C. J. Den Herder, D. F. Boonstra, H. Miller, David De Bruyn, J. H. Moeke, and Adrian Vanden Bosch. The officers are C. J. Den Herder, president; D. F. Boonstra, vice-president; Wm. D. Van Loo, cashier; H. Baron, A. Vanden Bosch, and E. M. Den Herder, assistant cashiers.

The only changes made in the lineup of directors and officers is the increase from six to seven members on the board of directors with the addition of Mr. Vanden Bosch, and the election of Mr. E. M. Den Herder as an additional assistant cashier.

As has been quite persistently customary with this bank, the surplus has again been increased by \$12,000 making the investment standing of \$100,000 capital and \$112,000 surplus. This bank has assets amounting to \$3,104,860.83. Mr. C. J. Den Herder, who has guided this bank so successfully the last several years, is to be congratulated upon another year of success, and we consider him entitled to the two weeks' vacation he expects to spend in Florida this winter.

The annual meeting of the Zeeland State Commercial and Savings Bank was held at the bank on last Tuesday, with the result that all the old directors and officers were re-elected. The directors are John Wichers, president; John Smalle-gan, vice-president; Fred P. Kieft, cashier; John N. Haan, H. Van Eenennaam, C. E. Boone, and C. Roosenraad, directors.

This bank has assets of \$1,145,666.29.

SIXTEEN WILD LIFE REFUGES NAMED

Sixteen new wildlife sanctuaries in eight southern Michigan counties were dedicated by the state conservation commission during the month of December. In addition, three sanctuaries in two counties were renewed for five years.

The 16 sanctuaries dedicated in December have a total area of 4,688 acres and the terms of the dedications range from 5 to 25 years. One has been established in Ottawa county, a woods in Robinson township comprising 30 acres.

CENTRAL PARK CHURCH HOLDS ANNUAL MEETING

The annual congregational meeting of the Central Park church was held last evening. The attendance was good and after the devotions led by the minister, the following were elected members of the consistory: as elders, Mr. Ralph Van Lente and Mr. Henry Van Huis were re-elected; as deacons, Mr. Jacob De Pree was re-elected and Mr. Bernard Rosendahl and Mr. Floyd Boerema were also chosen for this office. Reports from the treasurers of the church and its organizations were on the whole encouraging, all showing at least some increase over the year before. More than a thousand dollars was raised for benevolences besides about \$3,500 for all congregational purposes.

Mr. Henry Van Den Berg, the retiring treasurer, was given an expression of appreciation for his faithful work and the congregation also gave expression to the gratitude felt toward the Willing Workers Aid Society for the splendid work of decorating the interior of the church auditorium. Mr. John Reimink, a member of the congregation, who is well known for his work as interior decorator, endeavored to make this the finest piece of workmanship that he has ever done and all agreed that he succeeded remarkably well. A social hour followed in the church parlors at which the wives of the consistory members acted as hostesses.

PORT SHELTON

Mrs. Thomas Scheon has practically recovered from her recent illness.

Just think of it, in a small way Port Sheldon harks back to saw mill days, Grove Smith and Art Taylor have the old mill going.

The hearts of Mr. and Mrs. Ernest Klein were gladdened when the stork brought them Miss Leona Violet.

Despite the bad weather going from the main drag to Port Sheldon is quite passable. Of course U. S. 31 to Holland is always good.

This has been an unusual winter, heavy going in November and rather mild in January.

Abe Anis was in Grand Haven the greater part of last week as Port Sheldon solor at the Board of Supervisors. Mr. Anis has always made an able supervisor.

Mrs. Wm. Haggerman is spending the winter in Chicago with relatives, but will be back with the birds in the spring.

CHANGE OF FUEL Will Make a Difference

Have you been burning coal?

Have you burned it because your father did or because you knew no other fuel?

Have you continued year after year burning a fuel that smoky, dirty, unhealthy, and at best inefficient because you did not know that here in Holland is manufactured from carefully selected and prepared coals a fuel that is recognized everywhere as being the ideal domestic fuel?

Our product is called coke, and is produced directly from the finest grades of bituminous coals from which all of the impurities and smoke producing volatiles have been driven off.

There are several good reasons why you should burn coke in your home and the major ones are these:

Pound for pound, dollar for dollar, genuine gas coke is the most economical solid fuel on the market. [Incidentally there are several varieties of coke to be had but our claims thru out are based only on GENUINE GAS COKE.]

It is the cleanest solid fuel you can burn. [Removal of impurities eliminates 95 percent of the smoke.]

It is easier to handle. [This is of particular benefit to the housewife who has to fire the furnace during the day. Being 40pct. lighter than coal it is less tiring to handle.]

Less ash. [To the man who has to clean out the ash pot it represents a saving in time and labor well worth while.]

These reasons alone should convince you that a change to coke for the balance of the winter will be a happy one for you. However we shall appreciate your careful reading of the balance of this series of advertisements wherein we propose to set forth other advantages of coke.

Genuine Gas Coke manufactured in Holland by Holland workmen may be obtained from the Holland Gas Company or from your regular dealer.

As Grand Haven Looks At Holland Game

Holland High and Reserves Both
Win Over "County Seat"

Grand Haven Tribune.—A record crowd witnessed one of the hardest fought games played this season either by Grand Haven or Holland. The local high took a 16 to 13 tumble after a tight game. Reserves also bowed before the invading Holland scrubs, 19 to 15.

The Cochrans were off their usual form and could not stage the last minute comeback. The Havenites held a 10 to 7 advantage at the end of the first half. Although the ball was in the local territory practically the whole game they failed to drop the sphere into the hoop. Capt. Huttenga played a remarkable brand of ball but could not find the ring as often as usual. Carlson's close range basket shooting did not function and he spent the evening with a single counter. Shultz, star forward, led the locals in scoring but became a bit too rough and was forced to leave the game with four personal fouls, as did Bonnette of Holland.

Nettinga led the Furnace Makers' scoring list with three ringers. Bonnette performed defensively.

One of the hottest preliminary games witnessed here for some time featured Coach Bosworth's Reserves and the Holland Reserves. Babcock played the best ball for the Reserves, sinking a pair of bracers. Nordhouse starred defensively. Gordon came to the rescue of the Champanites with three sinkers.

Grand Haven's loss to Holland proved only one thing, and that is that the local boys will have to go a long way if they expect to get to the state finals this year. They show fine class in all the fundamentals but one, and that is the shot baskets. At the beginning of the season Carlson was hitting them pretty well, but for some reason he isn't good for more than one counter. Last night he should have connected with at least three more than he did. The same applies to most of the others.

Play by Play Account
In the main go of the evening the tip-off gave Holland the ball,

who held it but a short time when the local combination intercepted it and Shultz pushed the ball through the meshes. Nettinga then looped a counter. Huttenga contributed a free toss. Quarter ended with the score in the Blue and Gold's favor, 3 to 2.

The second quarter began with a bracer. Van Kolken contributed a free throw as Shultz left the game on four personals. Bonnette drove a long shot into the hoop and also left the game on four fouls. Carlson tossed the final point for the locals when the game ended. Holland nosed out the Havenites, 16 to 13.

Nettinga, the visiting pivot man, was high point man for the Dike Walkers, making three field goals. Shultz led the locals with a pair of ringers and a free throw.

BELIEVE HOLLAND MAYOR WILL HAVE CLEAR FIELD

Grand Rapids Press.—With the city primaries only 10 weeks away, chief interest in candidates for city offices centers in the treasurer, John Karreman, who will complete his fourth year next spring, is ineligible for re-election and a new candidate must be chosen. It is expected many will seek the office.

Mayor E. C. Brooks, whose first term expires next spring, probably will be a candidate to succeed himself and his friends believe he will have a clear field. Brooks, the youngest mayor in many years, has devoted considerable time to the mayoralty duties.

Other offices to be filled include members of the public works and police boards, supervisors, and aldermen for six wards.

The annual congregation meeting of the Third Reformed church was held Monday evening. Election of elders and deacons was held and the following elders were elected: Prof. A. E. Lampen, Henry Van Ark, Mat Van Dyk, Henry Hoffman and J. Koroelje. The deacons elected were Bert Naberhuis, Henry Steketee, J. Muller, J. De Konig, and L. Kardux. It was decided to organize a Relief Society and Prof. Vander Borg gave a report on the work at Gibson was also reported as being very successful. The financial report given showed that \$29,000 had been raised and \$12,000 was used for missions and benevolences. The new budget adopted for the year of 1930 called for the raising of \$29,000.

Mr. and Mrs. D. Sluyter of Milwaukee, Wis., are visiting here for a week.

The Hollanders took advantage of this and ran up six points. Nettinga and Fisher looped one apiece with Van Zanden making a pair of free throws. This quarter ended with the Wooden Shoes in the lead, 13 to 10.

The last stanza resulted in three points each. Shultz came through with a bracer. Van Kolken contributed a free throw as Shultz left the game on four personals. Bonnette drove a long shot into the hoop and also left the game on four fouls. Carlson tossed the final point for the locals when the game ended. Holland nosed out the Havenites, 16 to 13.

The first two members receiving calls to Reformed pastorates are William Buitendorp of Muskegon and George Muyskens of Alton, Ia. Buitendorp has a call from the church at Middleburg, N. Y., and Muyskens from the churches at Atwood, Mich., and Oskaloosa, Ia.

GRAND HAVEN GETS A \$100,000 FACTORY

The Kiddie Kovers Manufacturing Co. of Detroit will move to Grand Haven and occupy the Homel Shirt Co. building here within three weeks, the industrial committee of the Chamber of Commerce announced Monday.

The new Grand Haven concern will be incorporated for \$100,000 with \$50,000 paid-in capital. It will be a closed corporation with Abraham Coleman as president and Arthur Coelton as secretary-treasurer. These two men started the business, manufacturing children's clothing, as a partnership 11 years ago.

There will be at least 125 persons, mostly girls, employed in the factory here, it was announced. Removal here will be department by department, to be completed in three weeks.

The building here will be purchased from its owner, Sam Garbin of Grand Haven.

COOK YOUR OWN MEAL OR GO WITHOUT WAS EXPERIENCE OF SCOUTLEADERS

By Francis Geiger

Forty men taking the Scout-leaders Training Course encountered a novel experience at the second session of the Minimum Scout-leaders Training Course, which was held in Coopersville Thursday evening for North Section men and in Zeeland on Friday evening for Central Section men.

The supper was scheduled to be provided by the council. It was, but to the surprise of the men they were given the food in its uncooked state, a canned heat stove, and a fry pan, and allowed to choose between preparing their own suppers or going hungry. Not strange to say most of them cooked a supper that would be the envy of the average housewife. Each patrol operated as a family circle and the fare consisted of baked beans, fried eggs, bacon, pickles, buns and coffee.

The men are grouped into a troop and patrol formation similar to the organization of a regular scout troop. These units are employed in all the activities, and a keen competition has developed between the patrols and their leaders are the Rattlesnake Patrol with H. J. Huismann as Patrol Leader, Black Bear Patrol and Patrol Leader W. Preston Bilz, and the Lion Patrol with J. J. McCracken as Patrol Leader, and in the South section the Teddy Bear Patrol with Geo. Mooi Patrol Leader, and the Raven Patrol with Al Van Lente as Patrol Leader.

The instructional activities of the session consisted of opening and closing ceremonies, the use of patrol emblems, the patrol unit in scouting, troop programs, mimetic exercises, voice and pep drill, plans, exercises, formations and contests, and troop morale.

The third sessions will be held on Monday in Grand Haven First Reformed Church for the North section, and on Tuesday in the Holland First Reformed church for the Central section. At this meeting the following subjects will be taken up: troop administration, troop and patrol officers, troop council, record and routine procedure, troop committee, advancement standards and procedure, services of the council, signaling, Indian sign language, stunts, and craftwork.

The annual congregation meeting of Hope Church will be held in the church parlors next week Thursday evening. A supper will be served at 6 o'clock by the Women's Aid society.

Mr. and Mrs. D. Sluyter of Milwaukee, Wis., are visiting here for a week.

LESS MARRIAGES, MORE DIVORCES DURING 1929

William Wilds, county clerk at Grand Haven, has compiled figures on the number of marriage licenses and divorces in this county which shows there were 31 less marriages in 1929 than 1928. A light increase in divorces granted was noted, when it was found there were 42 granted and 15 dismissed this year, as against 44 granted and 18 dismissed in 1928.

There were 415 marriage licenses in 1929.

"BILL" LOUITT SAYS THAT ONLY NON-GAME FISH CAN BE SPEARED IN STATE WATERS

Spearing blue gills on the rivers and bayous of this locality was called to the attention of William H. Loutt of Grand Haven of the state conservation department here today, who stated that according to the revision of the law relating to conservation compiled by the department for 1929, it is unlawful to take fish of any kind from frozen streams by spearing except non-game fish.

Those who were found spearing the fish claimed to have been following a digest of the state game laws which was issued in April, 1929. Mr. Loutt is calling the attention of game wardens in the state to watch for any infringement of this law and to acquaint fishermen with the facts.

The clause bearing on this matter reads as follows: "Spear, with or without the use of jack or artificial light, which may be used from April 1 to May 31, for taking non-game fish in the rivers and streams of this state; provided, however, that it shall be unlawful to use a spear in any trout stream in this state; provided further, that nothing in this act shall prevent the spearing of pickered, suckers, mullets, and red-horse during the time when the lakes are frozen."

DETROIT DIVINE GUEST SPEAKER AT CENTURY CLUB

By Dr. T. W. Davidson

Dr. J. W. G. Ward of the First Congregational Church of Detroit gave his own dramatized version of Dickens' historical romance, "A Tale of Two Cities" at the Woman's Library Club Monday evening when the Century club met. There was a large attendance of members and guests.

Dr. Ward's first appearance in Holland was an unqualified success. For an hour and a half he held the club spellbound, while he presented five scenes from the romance and without any means of reference played seventeen different parts during the evening. In addition, he kept up a continuous descriptive dialogue, building up his situations to dramatic climaxes.

As a feat of memory, the recital was remarkable, but of much more interest was the ease with which he changed from mocking levity in one character to sentimental in another, and in the next naive, then charmingly dignified, and again hypocritical, cynical or morose.

The whole recital revealed in a powerful fashion the struggle of the dual nature, in which the good triumphed. His final climax in the last words of Sidney Carton, the hero of the romance, as he ascended the scaffold—melted the audience to tears and in the direction of noble living. "It is a far, far better thing that I do than I have ever done; it is a far, far better rest that I go to than any I have ever known."

The musical part of the program was in charge of Dr. J. B. Nykerk who had secured Rudolph Nichols of the Grand Rapids Conservatory of Music, who rendered two violin solos, and who was accompanied by Miss Ethel Lettama of the Hope College School of Music.

The refreshment committee in charge of Mrs. Chester L. Beach, gave the finishing touch to the delightful evening.

FORMER HOPE STAR TOPS LEAGUE POINT SCORING

Clarence Klaasen, former Hope college and high school star, has taken the lead in individual scoring in the Thirty league, latest reports show. Last year Klaasen counted 97 points in 10 games, while this year at the halfway mark he has 58. Russ Japinings is second with 40 points.

These men represent the Holland Rusk and People's State bank teams respectively, who are at present tied for the top honors in the circuit.

Mr. and Mrs. Gerrit Lemmen entertained at their home Friday evening in honor of Miss Henrietta De Kline, a bride-to-be. The rooms were beautifully decorated in yellow, orange and white. Games were played and prizes won by Miss De Kline and Miss Nella Miedema. A mock wedding, symbolizing the wedding of Miss Ruby Taylor and Amos Jones was performed by six girls. The wedding march was played by Miss Henrietta Geerds.

Miss De Kline was the recipient of many beautiful gifts. Those present were the Misses Henrietta De Kline, Nella Miedema, Henriette Geerds, Goldie Mae Lampen, Augusta Van Eerden, Anna Hamburg, Marian Van Dam, Katherine Toppin, Nellie Van Eerden, Albertha Geerds, Myrtle Lampen, Marie Kammeraad, Katherine Bos, Marie Bareman, Mrs. Lampen, and Mrs. Barkel.

The Woman's Mission Auxiliary of the Third Reformed church held their regular meeting Wednesday evening. Mrs. Peter Nohr gave an address on "Arabia" and Miss Dena Muller read "Excerpts from the Mission Field." Miss Annetta McGilvra entertained with a piano solo and a vocal number was given by Miss Helene Van Kersen, Miss Clara Reverts and Mrs. Wilson Diekema.

Chick Season to Pay Fine Profit This Year

OTTAWA COUNTY PETALUMA
OF MIDDLE WEST TO BE
PROSPEROUS

Another prosperous year is in prospect for the Michigan baby chick industry, hatcherymen in Ottawa county, the "Petaluma of the Middle West," declared this week. They already have booked large orders for chicks and the hatching season is still a month away.

The high price of eggs and relatively high quotations for poultry have tended to stimulate interest in poultry husbandry, causing buyers of chicks to place their orders early for February and March hatched chicks. Some orders also are being received for April, May and June deliveries, but most of the business at present is for early hatched birds.

This encouraging outlook is in the face of the previous profitable season. Hatcherymen have not grown accustomed to experiencing two profitable years in a row. Usually the chick industry has its ups and downs every other season. Business was so good last season that some hatcherymen feared a reaction in 1930. Still others took a more optimistic view of the future and placed orders with manufacturers for additional incubators. This equipment now is being installed and made ready for the opening of the hatching season in February.

Flock owners also are chucking the feed to their pullets, conditioning the birds for the opening of the hatching season. Hens have not laid well this winter and hatcherymen believe that hatchability of the eggs will be improved by the lighter winter production. Chief concern at present is over the size of the eggs. The pullets still are laying small eggs, but much improvement in size is anticipated during the next 30 days.

A number of hatcheries in this section are equipping their plants with electric heaters. All electric incubators are being installed by a few operators. Owners of coal and oil burning outfits have announced intentions of switching over to electrically operated units if the all-electric units prove a success this season. A more uniform temperature can be maintained with electrically operated equipment. A saving in labor also can be effected.

John Vander Sluis celebrated his 70th birthday anniversary Monday quietly at his home. The room was beautifully decorated with flowers. Those present were his daughter and son-in-law, Mr. and Mrs. H. J. Boone and family, and Dr. and Mrs. C. J. Abbott.

\$200.00 PAID FOR ONE COPPER CENT

J. D. Martin of Richmond, Va., is the proud possessor of a check for \$200.00 paid him for an old copper cent. The Numismatic Company, Dept. 661, Fort Worth, Texas, who purchased this penny from Mr. Martin, says there are numerous old coins, bills and stamps in circulation for which they will gladly pay big cash premiums. So that you will know the value of old coins and stamps and what to watch for in your change, the Numismatic Company will send for only 4c to any reader of this paper who writes them, a large illustrated coin folder describing some of these wanted articles and the big profits to be made. Better write them today for this large folder so you can post yourself and know just what to look for. Remember that Mr. Martin's knowing the value of his penny meant a difference of \$199.99 to him. Without knowing its value that penny might still be in circulation, passing through the hands of thousands until someone like Mr. Martin, who knows old coins, recognized its value. It pays to be posted. Send 4c now for the illustrated coin folder. You have nothing to lose, everything to gain.

Mr. and Mrs. B. L. Dekker entertained with a party at their home on West 10th street Friday evening at which time they announced the engagement of their daughter, Dorothy, to Bernard H. Shoemaker of Columbus, Ohio. The wedding was the main event of the evening, prizes being won by Miss Theresa Mooi and Miss Hazel Albers. A delicious luncheon was served. The guests were Theresa Mooi, Arlean Haan, Anne Vander Werf, Delia Helder, Mae Beekman, Dorothy Dekker, Hazel Albers, Edna Cook, Edna Tuttle, Leone Zimmerman, Mrs. Hubert Newhouse, Mrs. Dale Fogarty, and Mrs. Albert Bluekamp. Miss Dekker is employed at the Hart & Cooley Manufacturing Co. of this city. Mr. Shoemaker is studying at Ohio State University.

The Adult Bible Class of the Bethel Reformed church held their annual meeting in the church parlors Monday evening, at which time the following officers were elected: Rev. E. B. Tanis, teacher; A. Schuitema, president; H. Cook, vice-president; Mrs. Wm. Van Alabur, secretary; H. Sprik, treasurer, and Mrs. N. Noordhuis, assistant secretary and treasurer. Following the business meeting the Sixth Reformed church quartet composed of Garry De Haan, accompanist, Joe Greengood, Arthur Greengood, Albert Berkompaas and Wm. Jekel, gave several vocal selections. Rev. F. Jonker of the Sixteenth Street City gave a splendid address on the subject, "Our Glorious Christian Distinctiveness."

Clara Dekker and Clara West were presented with bouquets of flowers.

LOWER OTTAWA DOES WELL IN RED CROSS DRIVE

Mrs. Van Duren, Local Head, Makes Final Report

Mrs. G. J. Van Duren, local head of the American Red Cross, makes a very gratifying report on the recent drive for membership. She was ably assisted in this work by Jack Knoll, who through the American Legion, made a solicitation of the local shops and factories where the response was very gratifying. The Legion committee also canvassed the downtown district where the response never fails to "click." Mrs. Van Duren and Mrs. Knoll were backed by an able committee who were right on their toes. Mrs. Van Duren handed in to the Holland City News the following report of what had been done including collections made:

Miscellaneous collections included a collection in charge of F. J. Geiger, \$11; banks, in charge of the American Legion auxiliary, \$165.75; council members, \$9; teachers in the city schools, \$85; post office force, \$36; Woman's Literary club, in charge of Mrs. Albert Diekema, \$37. This collection makes a total of \$358.75.

Factories in the southwest part of the city contributed \$92.75. The work was in charge of Mrs. Nick Stanaway. These factories, and the sums of each are: Dutch Tea Rusk, \$40; Dunn Manufacturing company, \$21; Federal Baking company, \$11; West Michigan Laundry company, \$8; Essenburg Building and Lumber company, \$8; and Holland Lumber and Supply company, \$4.75.

Branches, which were heavy contributors to the roll call, and the sums collected include: Zeeland, which was in charge of the American Legion post, \$275.25. North Holland, which was in charge of James Van Der Ven, brought in memberships that totaled \$59.

Beechwood, under the leadership of Mrs. Arnold, collected and turned in \$29.

Central Park and Lugers Crossing, where the collection was in charge of Miss G. Lugers, brought in \$80.

Montello Park, which was in charge of Mrs. Nella Stanaway, joined to the extent of \$38.

Hudsonville, a strong contributor, turned in the sum of \$117.59. H. P. Stegeman was in charge of the collection there.

West Olive, where Mrs. Drescher was in charge of the work, contributed to the extent of \$14. Jamestown, where D. Van Der Bunie was in charge of the work, added \$43 to the total of the branches, which was \$758.34.

Vriesland, with the Rev. J. Minema in charge of collections, turned in a sum of \$86.

School district of rural route 6 was in charge of Miss Anna Kamps and turned in \$16.

The sum of \$103.50 was taken in at the office by Mrs. Van Duren, for membership brought in voluntarily by supporters of the Red Cross.

The total collections for those under the charge of Mrs. Van Duren is \$1,313.34. Those groups in her list that went 100 per cent include the city hall employees and the post office force.

The American Legion work, which was in charge of Jack Knoll added \$1,365.05 to the roll call. Firms which contributed to this amount include:

West Michigan Furniture company, \$143.50; Seekely Aircraft and Engine corporation, \$18; Bolhuis Lumber company, \$15; Ottawa Furniture company, \$42; Home Furnace company, \$18; De Free Chemical company, \$36; Hart and Cooley Manufacturing company, \$197.

Holland Furnace company, \$374; Manufacturer's Foundry company, \$11; Vandenberg Oil company, \$4; Bay View Furniture company, \$61; The Karr company, \$14.75; H. J. Heinz company, \$12.85; The Style Shoppe, \$1; Bush & Lane Piano company, \$11; Holland Furnace company, \$104.95; Holland Crystal Creamery, \$6; C. P. Limbert company, \$19; and the Holland Shoe company, \$47. The last addition

was made by the Buss Machine Works, which turned in \$3.

Personal collections by the American Legion include those of Russell Rutgers, 8th street merchants, \$30; Russell Huyser, River avenue merchants, \$20; Ben Lanning, River avenue north and 7th street, \$32; Chester Van Tongeren, 8th street east, \$22; Gus De Vries, 8th street west, \$21; Ben Lanning, 6th, 7th and River avenue, \$15; E. V. Spaulding, \$24; Nick Jonker, \$1; Harry Kramer, \$1; Al Joldersma, personal at Holland City State Bank, \$25; and B. Slagh, \$26.

Final returns are now in with a total of \$2,669.30. The quota for South Ottawa county was \$2,400. Holland and vicinity never falls.

BEECHWOOD

The Beechwood Parent-Teachers' club held their regular meeting Friday evening. The meeting was opened with community singing, after which a short business meeting was held. The following program was given: Miss Kashoba rendered two vocal solos, "I Hear You Calling," by Marshall, and "Songs My Mother Taught Me," by Dvorak. She was accompanied by Miss Mapes. The Messrs. Hanson and Schaafsma entertained with a number of old favorites on the harmonica and banjo. Mr. Erwin D. Hanson of the high school faculty, and speaker of the evening gave a very interesting address on "How the Teacher and Parent Can Co-operate in the Vocational Guidance of the Child." A novelty act of music, mirth and melody was then staged by The Majestic Three sponsored by Topp's Radio shop. The final number on the program was the masterful presentation of two cornet solos by twelve-year-old John Olert. The selections were "Holy City" and "Moonlight and Roses." After the program refreshments were served and a social hour was enjoyed.

Mr. and Mrs. V. Chalmers and sons have returned to their home in Chicago after spending a two week's vacation with friends and relatives in this city.

Mrs. David Beebe, who has been

visiting at the home of her parents, Mr. and Mrs. Alva Fairbanks, for the past two weeks, has returned to her home in Cheboygan, Wis.

Mr. and Mrs. E. S. Edwards have returned to their home in Cincinnati, Ohio, after spending two weeks visiting relatives and friends in Holland and vicinity.

Mr. and Mrs. E. De Lano of Detroit visited with friends here for several days.

Mr. and Mrs. M. A. Horan of Plainwell spent the week-end with friends in Holland.

Miss Bessie Kraker, a teacher in the Otsego public schools, spent the week-end at the home of her parents in Holland.

Mr. and Mrs. W. L. Manly of Grand Rapids spent the week-end at the home of Mr. and Mrs. Norman Cobb.

Mrs. J. C. Hoek has left for Portland, Oregon, where she will spend the winter months with relatives.

NORTH HOLLAND

Red Cross roll call \$59, North Holland school district. Chairman J. Vander Ven—Mr. Bernard Bosman, Mr. Berlyn Bosman, Mr. Albert Sierma, Mr. Marvin Jongekrigger, Mr. Davis Bosch, and Mr. James Brower. Nearly everyone responded.

The Looman Electric Co. of Holland had charge of the wiring of the school house. The Consumers Power company has nearly completed the line.

Mr. B. H. Vanden Bet of the State Department of Education inspected the school this past week for approval as a tuition school.

A combined class of the 8th, 9th and 10 graders has been making a complete study of the Constitution of the United States. An outline is kept by each pupil.

Louise Veenhoven and Anna Schilleman have returned from the Zealand hospital after having successful operations for appendicitis.

A Parent-Teacher meeting will be held as soon as electricity can be used to light the building. This should be a grand celebration for the people of North Holland.

HOPE COLLEGE
-NEWS-

The Girls' Glee Club are enthusiastically planning their trip through Illinois and Wisconsin, which is to occur during the first

two weeks of February. Unless an engagement can be secured in Kalamazoo, on Friday evening, they plan on leaving Holland on Saturday, February 1, arriving in Chicago early in the evening. As they have no concert Saturday evening the girls are "doting" on seeing the city under the guardianship of Miss Boyd, who has kindly consented to accompany the girls on their tour. The group is to remain in Chicago four days, rendering four con-

DUTCHMEN SKATE

Skating has been popular with Hope students this last week. Some of those seen on the ice were: Ruth Weidner, Josephine Rodenberg, Olivia Johnson, Olive Peeke, Lois De Wolfe, Charlotte Koelker, Louise Bosman, Janet McKinley, Edith Drescher, Anne De Young, Evelyn Steketee, Alma Cook, Margaret Steketee, Lillian Sabo, Connie Cook, Harold Dykhuizen, Lewis Scudder, Donald Wade, Myron Leenhouts, Wm. Haken, John Flikkema, Herman Kruijsenga, Harry Freisema, Bob McGilvra, John Mullenberg, Carl Walvoord, Dutch Pop-pink.

certs in various parts of the city, including Cicero and South Holland. They leave Thursday morning, February 6, for Milwaukee, remaining there a day or two, visiting the smaller towns of Wisconsin and Illinois on their way back.

There has been some rumor that the girls, like the boys, may charter a bus in order to make the connections between the smaller towns more certain. The bus is equipped with reclining chairs, a radio, and ice cooled water. Mrs. Fenton has been trying to make the necessary arrangements and with the new caps and gowns and the possibility of the bus the girls are anxiously awaiting the date of the start of this adventure.

From all quarters of the campus we hear sounds, some musical and some otherwise. If one listens closely one can distinguish the melodious tones of the Glee Clubs as they go through their daily practicing. Sometimes they can be heard in the Y-room; then again in Winants and even Voorhees has the privilege of entertaining them for an hour.

All are in preparation for the TRIP. In fact that is all they talk about. Bob McGilvra, men's club business manager, is kept busy making engagements, renting busses, and endeavoring to take care of every necessary detail.

The boys expect to leave early on Friday, the 31st of this month to meet their first engagement in Detroit that same evening. Rochester is second on the list, followed by a few days in the Hudson River valley. About four or five days will be spent in New York City and then the bus will carry them over to New Jersey where three or four engagements have been arranged.

On February 20 Philadelphia will be hosts to the Club and then Washington will be made headquarters. After the capital has been thoroughly inspected and passed upon, the boys will turn towards home, possibly stopping at Cleveland. This is but a rough sketch of the itinerary; details will be given later when the complete schedule is obtainable.

However, a few pre-trip engagements will educate the new members to the concert stage. On Sunday the 19th the Club will sing in the Third Reformed church of this city. The following Tuesday they will be at the Home Acres church in Grand Rapids; and the First Reformed church of Kalamazoo will hear them on Monday, the 27th.

Three of the Girls' societies informally initiated their members last week. Thursday night the Sorosis freshmen were made to submit to the wishes of their superiors. Although very little is known about the proceedings it is rumored that "Dutch" Poppink, Harry Friesema and Everett Potts are being called for every morning and that Olive Peeke and Grace Hudson are making early morning trips around the dormitory calling people for breakfast and closing windows.

The same night the Dorian new girls felt the sting of Sophomore cruelty. Among the instruments of torture present, paddles were not the least evident. Original poetry and prose, which contained more than literary value, were read.

A potluck supper was a feature of the Sibylline initiation held Friday. Sibylline new girls were very charming with their hair in rag curlers and proved duly submissive. Velda Blair headed the initiation committee. After the eight girls had been properly received into the society, the entire group of Sibylline members attended the mass meeting at the gym.

Every year when the Christmas vacation is over it seems as a matter of habit that the students are very much interested in where their friend or fellow classmate spent the holidays. It is of still more interest to them to know where their instructors spent their vacation. In order to satisfy the interest of the students, we have tried to find out as far as possible what our instructors did during this time.

Dr. J. B. Nykerk spent his vacation in Holland and in Chicago. While in Holland he used his time to advantage by catching up on correspondence and doing a great deal of reading. He made his annual visit to Chicago to make plans for next year's lyceum course. While in Chicago he heard Muzio and Marshall in "Othello" at the new Chicago Opera House. He also heard Libby and his company in the presentation of one of Shakespeare's plays, "The Taming of the Shrew."

When Dr. E. E. Dimmet was asked where he spent his time he said that he spent it in Holland, Chicago, and Kalamazoo, and that he came back . . . "mostly spent."

One of the most interesting vacations is that of Mr. Ritters, who was in New Orleans with his boy. While he was there he spent much time on the "sunny" golf links. He said that he was in the state of Mississippi for a short time and that the ground was covered with three inches of snow. Many of the people had never seen snow before and were very, very much excited at such a spectacle.

Miss Meta Ross spent the holidays in Grand Rapids, Pontiac, and Detroit. While in Detroit she saw

the well known play, "Remote Control." She also visited the new "Detroit Times" building. She was very interested in the manner that they transmitted messages thru-out this place.

Our new professor, Van Saun, spent his vacation in Holland and said that "this was the nearest that he had ever been to Santa Claus." He also saw the first iceberg that he had ever seen. Most of his time, however, was spent in catching up on his reading.

Professor Hinkamp and his wife spent Christmas in Kalamazoo with his brother-in-law. The rest of the time he stayed at home with the exception of going to Fremont one day to give a stereopticon lecture on the "Life of Christ."

Mr. E. P. McLean was in Holland and Evanston during the holidays. While in Evanston he did research work at Northwestern University.

Our French instructor, Miss Nella Meyer, spent a quiet vacation at home. She said she was glad when school started again.

Dr. Robinson was in Chicago with his parents during the Christmas recess. Although Chicago is long distance from here, he returned every Sunday in order to continue his new work at the American Reformed Church in Hamilton. He plans to continue his work there each Sunday until spring.

Dr. Van Zyl said that he spent his vacation at home "entertaining his children." He also said that he was very much pleased at the number of visits that were paid to him by former graduates of Hope, who are now studying medicine in other schools.

Dr. Gray spent most of his time in Rochester, New York. While he was there he did some research on some ballads and visited the University of Rochester. On his return trip he stopped in Detroit where he gave a speech on "Folk Songs and Ballads" at a dinner of the Ministers' Association in Hamilton. He plans to continue his work there each Sunday until spring.

Another one of our new instructors, Mr. Sprague, spent his vacation in Holland. He said that his vacation was really a "fireside vacation."

Mr. Raymond spent most of his time reading history and fiction, a book a day. Much of his reading was done on the debate subject.

Miss Boyd stayed at home during the holidays with the exception of a day when she went to Grand Rapids to attend a dinner for the Girls' Pine Lodge Association, where she gave a talk. Miss Boyd was at her annual Christmas dinner for those who remained at the Girls' Dormitory over the holidays.

Another one of our science teachers, Mr. H. Kleinhekel, stayed at his new home in Waukegan. As Dr. Kleinhekel built his new home this fall, he has had very little time to spend there during the school year. He says that the scenery around his house is very beautiful as it is situated in the midst of woods.

Mrs. Durfee spent the holidays at Voorhees and in Grand Rapids visiting old students and friends. While in Grand Rapids she attended the services at Central Reformed Church where Mr. Dykstra is pastor.

Miss Fulmer, Mr. Lampen, Mr. Thompson, Mr. Timmer and Mr. Winters spent their vacation in Holland. Prof. Winter did some work on the college catalogue.

The holiday season climaxed two romances that had their beginnings at Hope college.

Christmas Eve in Albany, New York, Miss Mary Crouch '27, became the bride of Adrian Zwemer '26. Mr. and Mrs. Zwemer are now at home in Lowell, Mich.

Saturday, December 28, at 4:30 o'clock, Helen Hoppers, formerly of the class of 1930, became the bride of Otto Yntema '29. Miss Ruth Hoppers attended her sister as maid of honor, and Nellie Tanis '29, was the best man. The bride was given away by her father, also an alumnus of Hope college. Cornelius Hoppers '26 and Frank J. Hoppers were ushers. The Misses Josephine and Alice Cooper were bridesmaids. The ceremony was followed by a dinner at the Wedgwood hotel, Mr. and Mrs. Yntema are making their home in Jamestown, Mich. where Mr. Yntema is principal of the high school.

Among the alumni callers in Holland during the vacation were Martha Van Buren, Mary Waldron of last year's class and Nina Lindeman Gisbilly, '14, of Chicago. Rev. George Steinger, '16, pastor of the Southern Reformed church of Brooklyn, New York, led the chapel service last Friday. This well known alumnus of Hope college was the winner of the national

The local fire department was called to the home of L. Derks, 322 East 13th street, Saturday night. Escalator gas from a main was the cause. Mr. Derks was working in the basement after supper and decided to clean around the gas main. In order to turn the line off he loosened the shut-off which started to leak gas. He lighted a match to discover where it was leaking and it caught fire, according to firemen. The firemen could only burn the woodwork from catching fire until someone from the gas company arrived to shut off the main. But little damage was done. City officials warn home owners about the misuse of gas equipment and pipe lines.

WALLES DETECTIVE HAS MIRACULOUS POCKETS

The beaming-faced chap so often seen with the prince of Wales, and whose identity puzzles many persons, is Inspector Wirt, the prince's detective.

Inspector Wirt's schoolboy countenance hides a tremendous physical strength which is never taxed by the unceasing round of activities of his royal charge.

The inspector has miraculous pockets. He has been known to carve out biscuits for the prince's prince puppy or a postage stamp for the prince without a minute's fumbling.

CENTRAL COLLEGE WANTS MORE MONEY

During the next decade a series of important Reformed church anniversaries will occur. These include the seventy-fifth anniversary of the board of publication and Bible school work and the Arcot mission in India, the latter occurring this year; the centenaries of the Christian Intelligencer in 1930, the board of domestic missions in 1931, in 1932; the jubilee of the woman's board of domestic missions in 1933, the diamond anniversary of the Japan mission in 1934, the jubilee of the Arabian mission in 1935, and the centenary of the Amoy mission in 1942. A campaign also is planned for an endowment of \$300,000 for Central college, Pella, Ia.

MASTER OF MARQUETTE IN OCT. 31 BOAT CRASH SUSPENDED 6 MONTHS

Federal steamboat inspectors at Milwaukee suspended for six months the license of Capt. Walter Marquette, master of the ore boat Marquette, for his responsibility in a top off Port Washington, Wis., Oct. 31. The Senator sank with loss of nine lives, one a woman.

Ansberry admitted the Marquette was running full speed ahead at the time of collision.

Senator survivors testified the boat failed to stand by to offer aid. The suspension dates from Jan. 10.

FRUIT MEETINGS SCHEDULED AT PENNVILLE

Four Farmers meetings have been scheduled at the Pennville high school this winter for the aid and benefit of those attending these meetings. All are invited to attend, in fact, everyone interested in growing "better fruit" is expected to attend. The meeting starts at 10 a. m. (All day meeting.)

The following meetings have been scheduled:

Yearbook Shows That Reformed Church Grows

MEMBERSHIP AND FINANCES INDICATE INCREASE ACCORDING TO FIGURES

The Reformed Church in America has issued its third annual yearbook. Rev. Seth Vandeweyer of Holland, field secretary of the board of domestic missions, is the editor.

Statistics show: Churches, 739; ministers, 846; families, 87,132; received on confession, 8,858; certificate, 4,510; dismissed, 3,409; discipline, 42; deaths, 2,291; communicants, 159,662; absent list, 26,616; adherents, 28,323; infants baptized, 5,743; adults baptized, 1,357; baptized non-communicants, 53,118; catechumens, 28,311; Bible schools, 749; enrollment, 141,629; total contributions for all purposes, \$5,617,375.

The total budget for denominational benevolences this year is \$1,316,000, of which \$1,100,000 is needed from churches and organizations for the regular current work of the boards.

The church in the past decade has shown consistent gains in contributions. Receipts for church expenses have risen from \$2,200,000 annually to more than \$4,000,000, and receipts of the boards from regular church offerings from \$567,000 to \$937,000.

Special funds for various objects have added a total of at least \$1,500,000. Total receipts of the boards from all sources, including interest and legacies, increased from \$700,000 in 1919 to more than \$1,500,000 in 1929.

Permanent holdings, including endowments, trust funds, conditional and annuity gifts, have increased for foreign missions from \$538,000 to well over \$600,000; domestic missions, from \$516,000 to \$556,000; education from less than \$550,000 to more than \$730,000, and ministerial relief and pensions from \$341,000 to more than \$1,600,000.

The last decade has brought 75,000 accessions on confession of faith as compared with 65,000 and 55,000 in the two previous decades.

New buildings erected during the past decade include hospitals in China, India and Arabia, memorial chapel at Hope college, gymnasium and new Central college at Pella, Ia., Kuyper memorial hall in Japan, Talmage college, new buildings at Winnebago, Neb., and Lincoln hall and a number of substantial improvements in Jackson county, Kentucky.

The progress council suggests at least 100,000 new members should be enrolled during the next decade and \$1,000,000 for worldwide denominational work during the coming year.

1930 Hunting Seasons Favor the Midweek

PERUSAL OF OPENING DAYS SHOWS THAT MOST OF THEM START IN MIDDLE OF WEEK

One of the most interesting things about the 1930 calendar to the average sportsman is a search of the various and sundry season opening dates to determine what day of the week they will fall upon. Of course, it doesn't really make a great deal of difference in most cases, because the trout in all probability will be biting better by the first Saturday and Sunday than they will on the opening day.

Nevertheless taking part in these opening day ventures is a religion with many western Michigan sportsmen, and so it is interesting to note what 1930 offers in the way of starters.

The first thing on the list is the opening of the trout season, a ceremonial which is indulged in by many. This year May 1 falls on Thursday. Not such a bad day for the opening at that. It will mean that many of the boys will make a week-end jaunt of it.

The opening of the lakes to bass fishermen comes on June 25 this year for the first time, and that date falls on Wednesday. Not so good. For the opening of the bass season a Saturday or a Sunday designated as pike lakes, from which pike, pickerel, and wall-eyed pike may be taken, will be opened on May 1.

The duck season opening on Sept. 16 will fall on Tuesday. It doesn't seem to make much difference to the first day duck hunters what day of the week it is, they are all out. The rabbit season will open on October 15, which will fall this year on Wednesday, and unless there is a change, partridge shooting will start the next day. The pheasant season will open on Oct. 25, which falls on Saturday. Here is a break for the boys.

The deer season will open on Nov. 15, of course, and this year this date also falls on Saturday. Another break.

NOT TO FIRST BUT THE LAST ROBIN

A robin is wintering in Holland. The red breast makes daily visits to the home of John Otting, 174 Fifth St. E. It prefers to take its place on the kitchen window ledge, waiting for feeding time. Otting made a box for the bird to shelter it from the cold, but it would not be coaxed. The bird disappears at night but always comes back during the day.

ALL BUSES MUST BE PROVIDED WITH OIL FLARES

The Michigan Public Utilities Commission recently sent letters to all bus and truck companies in the state announcing that hereafter all buses and trucks must be equipped with two oil flares. These flares are to be lighted and placed one hundred feet in front of and the same distance behind any truck or bus stalled on the road at night.

The order was issued as a result of the recent accident near Monroe which cost five lives. A bus crashed into a truck stalled on the highway.

Allegan County Road Commissioner Fred McOmber stated the maintenance cost of the 344 miles of country road would be \$75,000 for 1930.

John Boeve of Peckskill, N. Y., is visiting at the home of Mr. and Mrs. Ed Hietje, East 11th street.

The Ladies' Auxiliary 1594 will hold a regular meeting this evening, Friday, at 8 o'clock, in the city hall.

Cecil Seery of the Model Drug Store has successfully passed the last state pharmacy board examinations.

The Holland Heights Home Economic group will meet this afternoon, Friday, at 1:30 in the Holland District No. 4 school. Miss Esther Lott, Home Demonstration Agent, expects to meet with the group.

Sander Wolters of Overisel was taken to Zeeland hospital as the result of a horse falling on his right leg, fracturing it below the knee.

The Star of Bethlehem will hold a dance tonight, Friday, in the Masonic Temple.

Will Brouwer is in Chicago this week on business.

Born to Mr. and Mrs. Norman Dorgeloo of Macatawa Park, a son, Norman Junior.

The Men's Society of the First Methodist church will hold a banquet Tuesday evening, Jan. 21st, in the church parlors.

Miss Josie Van Zanten, of the Board of Public Works, is attending a school for electric range demonstrators at Beaver Dam, Wis. This school is attended by men and women from all over the nation.

The Eureka Rebekah Lodge held installation of officers Friday evening. Mae Hiller acted as District Deputy President and Leona Norlin as Grand Marshall. The following officers were installed for the coming year: Nellie Haight, Noble Grand; Gertrude Homfield, vice grand; Dora Haight, past noble grand; Grace Urick, chaplain; Lana Lett, recording secretary; Leola Haylett, financial secretary; Flora Tuttle, treasurer; Myrtle Bennett, warden; Josephine Bender, conductor; Minnie Homfield, outside guardian; Mary Debraski, inside guardian; Mae Hiller, R. S. N. G.; Blanche Shaffer, L. S. N. G.; Clara St. Johns, R. S. V. G.; Ella Drinkwater, L. S. V. G.; Sarah Van Slooten, pianist; Blanche Burrows, staff captain. The Past Noble Grand was presented with a Past Noble Grand pin and a beautiful bouquet of flowers in appreciation of her services rendered during the past six months. The Noble Grand was presented with many bouquets. Mae Hiller and Leona Norlin were also presented with bouquets for their services for the installation. A pot-luck supper was served.

THE ODD FELLOW HOLLAND CITY LODGE NO. 192 HAS INSTALLED THE FOLLOWING OFFICERS FOR THE COMING YEAR:

P. Grand, A. Armbruster; N. G., Rex Webber; V. G., Fred Van Slooten; R. S. U. G., Fred Van Slooten; R. S. U. G., Fred Van Slooten; H. Danson; Ward, Frank Dulle; Cond., George Nash; Chap., L. Yearbook Shows That Reformed Church Grows

MEMBERSHIP AND FINANCES INDICATE INCREASE ACCORDING TO FIGURES

The Reformed Church in America has issued its third annual yearbook. Rev. Seth Vandeweyer of Holland, field secretary of the board of domestic missions, is the editor.

Statistics show: Churches, 739; ministers, 846; families, 87,132; received on confession, 8,858; certificate, 4,510; dismissed, 3,409; discipline, 42; deaths, 2,291; communicants, 159,662; absent list, 26,616; adherents, 28,323; infants baptized, 5,743; adults baptized, 1,357; baptized non-communicants, 53,118; catechumens, 28,311; Bible schools, 749; enrollment, 141,629; total contributions for all purposes, \$5,617,375.

The total budget for denominational benevolences this year is \$1,316,000, of which \$1,100,000 is needed from churches and organizations for the regular current work of the boards.

The church in the past decade has shown consistent gains in contributions. Receipts for church expenses have risen from \$2,200,000 annually to more than \$4,000,000, and receipts of the boards from regular church offerings from \$567,000 to \$937,000.

Special funds for various objects have added a total of at least \$1,500,000. Total receipts of the boards from all sources, including interest and legacies, increased from \$700,000 in 1919 to more than \$1,500,000 in 1929.

Permanent holdings, including endowments, trust funds, conditional and annuity gifts, have increased for foreign missions from \$538,000 to well over \$600,000; domestic missions, from \$516,000 to \$556,000; education from less than \$550,000 to more than \$730,000, and ministerial relief and pensions from \$341,000 to more than \$1,600,000.

The last decade has brought 75,000 accessions on confession of faith as compared with 65,000 and 55,000 in the two previous decades.

New buildings erected during the past decade include hospitals in China, India and Arabia, memorial chapel at Hope college, gymnasium and new Central college at Pella, Ia., Kuyper memorial hall in Japan, Talmage college, new buildings at Winnebago, Neb., and Lincoln hall and a number of substantial improvements in Jackson county, Kentucky.

The progress council suggests at least 100,000 new members should be enrolled during the next decade and \$1,000,000 for worldwide denominational work during the coming year.

1930 Hunting Seasons Favor the Midweek

PERUSAL OF OPENING DAYS SHOWS THAT MOST OF THEM START IN MIDDLE OF WEEK

One of the most interesting things about the 1930 calendar to the average sportsman is a search of the various and sundry season opening dates to determine what day of the week they will fall upon. Of course, it doesn't really make a great deal of difference in most cases, because the trout in all probability will be biting better by the first Saturday and Sunday than they will on the opening day.

Nevertheless taking part in these opening day ventures is a religion with many western Michigan sportsmen, and so it is interesting to note what 1930 offers in the way of starters.

The first thing on the list is the opening of the trout season, a ceremonial which is indulged in by many. This year May 1 falls on Thursday. Not such a bad day for the opening at that. It will mean that many of the boys will make a week-end jaunt of it.

The opening of the lakes to bass fishermen comes on June 25 this year for the first time, and that date falls on Wednesday. Not so good. For the opening of the bass season a Saturday or a Sunday designated as pike lakes, from which pike, pickerel, and wall-eyed pike may be taken, will be opened on May 1.

The duck season opening on Sept. 16 will fall on Tuesday. It doesn't seem to make much difference to the first day duck hunters what day of the week it is, they are all out. The rabbit season will open on October 15, which will fall this year on Wednesday, and unless there is a change, partridge shooting will start the next day. The pheasant season will open on Oct. 25, which falls on Saturday. Here is a break for the boys.

The deer season will open on Nov. 15, of course, and this year this date also falls on Saturday. Another break.

NOT TO FIRST BUT THE LAST ROBIN

A robin is wintering in Holland. The red breast makes daily visits to the home of John Otting, 174 Fifth St. E. It prefers to take its place on the kitchen window ledge, waiting for feeding time. Otting made a box for the bird to shelter it from the cold, but it would not be coaxed. The bird disappears at night but always comes back during the day.

ALL BUSES MUST BE PROVIDED WITH OIL FLARES

The Michigan Public Utilities Commission recently sent letters to all bus and truck companies in the state announcing that hereafter all buses and trucks must be equipped with two oil flares. These flares are to be lighted and placed one hundred feet in front of and the same distance behind any truck or bus stalled on the road at night.

The order was issued as a result of the recent accident near Monroe which cost five lives. A bus crashed into a truck stalled on the highway.

Allegan County Road Commissioner Fred McOmber stated the maintenance cost of the 344 miles of country road would be \$75,000 for 1930.

DEALER IN MINNOW BAIT NOW NEEDS A LICENSE

Confusion Results from New Law; Angler Who Catches His Own Bait Not Hit by New Rule

The new minnow law passed by the last legislature, requiring dealers selling minnows for bait to obtain a license from the state conservation department, has resulted in some confusion among ice fishermen as to whether a license is needed in taking minnows for personal use.

The new law provides that all persons over 18 years of age shall be required to take out a license in order to take minnows for sale. The cost of this license is \$10. Persons under 18 do not need the license and dealers using only dip nets not more than two feet in diameter for taking minnows also are exempt from the license fee.

The law provides that the minnow license must be displayed at the place of business where the minnows are offered for sale. The license expires December 31 of each year and must be renewed annually.

The law does not require a license of any kind in taking minnows other than for commercial purposes, however, except in the case of non-resident fishermen, who are required to have a non-resident angler's license before taking minnows for bait.

Minnow seines not more than 30 feet long and 8 feet wide may be used in the inland lakes and streams, and seines not more than 80 feet long and 8 feet wide may be used for taking minnows in the Great Lakes. These seines are permitted either in taking minnows for sale or for private use as bait.

The taking of minnows from any trout stream is prohibited by the present law, as is the transportation outside the state of minnows taken from Michigan waters.

The opening section of the new minnow law designates chubs, shiners, suckers, dace, stone rollers, muddlers, and mud-minnows as the varieties to which the law applies.

Interfrat League Plays B. B. Tilts

— Hope College Anchor —
Beginning this week, an Interfraternity basketball tourney will be in existence, involving five fraternity teams. The first game was played Monday afternoon between the Fraternals and Cosmopolitans and the second on Monday evening between the Emersonians and Addison's. The Knickerbockers drew a bye.

Keen competition is looked for in these games. Any society member, who is not a member of the varsity or freshman squads, is eligible to play. The tourney is under the direction of Coach Schouten, who is sponsoring the movement in the hope of bettering the participants physically and to create better feeling, between campus literary groups. Those wishing to view games will be able to obtain information about these contests by watching the Van Raalte Hall bulletin boards.

Frosh-Soph Plan Annual Anchors

In the next two weeks, in the order named, the Freshman and Sophomore editions of the "ANCHOR" will make their appearance. The Frosh have already chosen the staff which is to produce their paper. It is composed of the following:

Editor.....Alice Boter
Associate Editor.....Edward Damsen
Athletics.....James Tysee
Art Work.....Margaret Steketee
Business M'gt.....Justin Homkes
Campus News.....Mildred Klow
Humor.....Hester Pellegrom
Head Reporter.....John Lomson
News of Societies.....
Katherine De Jongh

The purpose of these two editions of the paper is to stimulate lower-class rivalry of the right sort; that is, in proving superiority in the things that really count in the student life. These editions also serve as means of picking promising material from each of the two classes involved, especially the freshmen. Do not be backward about congratulating or criticizing both issues. In other words, maintain your usual attitude toward your beloved campus publication.

Elections for position on the Anchor staff take place after Friday's chapel service.

The following have been nominated:

*Editor.....
Gordon Van Ark
Associate Editors.....
J. Coert Blylaarsdam
Alton M. Alday
Esther Mulder
Anne Ruth
Nicholas Burgergraaf
Business Manager.....
Willard Meengs
Harry Ver Strate
Ivan C. Johnson
(*Paul Brouwer, other candidate, retired from the running due to other duties.)
Additional candidates may be added by a petition from fifteen subscribers.

Jim Crowley, Noted Coach, to be Evening's Speaker

— Hope College Anchor —
On the evening of January 20, the Holland Exchange club will banquet the two football teams of the city: Hope College and Holland High. These banquets have become an annual affair in appreciation of the work the players have done and the publicity their playing has given to the city. The event will be held at the Warm Friend Tavern on the date mentioned at six o'clock.

One of the big features of the evening will be the appearance of "Jim" Crowley, coach of Michigan State college and member of the ever famous "Four Horsemen" aggregation of Notre Dame university. As guest of the evening, Crowley will be the feature speaker.

All the Exchange Club, of which our own Professor A. E. Lampen is secretary, will also be in attendance, besides the letter men of the schools and their "dads." According to present records, the following Hope men won letters in football last year, although records have not yet been compiled: Captain Cook, Dalman, H. Japiged, Van Lente, Wingarten, Just, Stefens, Brunson, Winter, Leenhouts, Scudder, Becker and Oosting. All men whose father does not live in Holland, or vicinity, will have "adopted" fathers for the evening.

OTTAWA STATE POLICE ARREST THOSE MINUS PLATES SOME FROM HOLLAND

The Ottawa County State Police are bringing in numbers of delinquent license plate purchasers so rapidly they recently drew editorial attention by the fearless way in which they are detaining all those who drive in their territory without 1929 plates.

The following paid fines of \$5.00 and costs of \$3.35 before Justice C. E. Burr, Grand Haven: F. M. Gray, C. E. Waizer, Sammie Smith, Grand Rapids; H. Goodins, West Olive; R. Bruenner, D. McCarthy, Grand Rapids; W. T. Riley, Geneva, Ill.; Elmer Schellman, Holland; Adam Bausiak, Grand Haven.

Sam Gibson, Floyd Lucker of St. Joe, J. D. Blaauw, Holland, and Walter Taylor paid \$10 and costs in Saugatuck.

Frank Dailgel of Muskegon, who was arrested by the State Police for statutory rape, waived examination in a Muskegon court and was bound over to circuit court on \$2,000 bail.
