Holland Banks Make Unusually Fine Showing

THREE LOCAL INSTITUTIONS HAVE TOTAL RESOURCES OF MORE THAN \$10,000,000

Dr. Dimment, President of Hope College, Now Heads First State Bank

It is rather interesting to go over the three statements of the three local banking institutions of Holland, namely, the Peoples State, First State, and the Holland City State Banks showing in detail the excellent condition in which these banking houses find themselves. These will be found elsewhere in this issue.

The combined resources of the three banks total \$10,984,251.07. Total savings deposits are \$5,593,434.25.

The Peoples State bank, the institution that celebrated its twenty-fifth anniversary the past year, has resources, \$3,144,174; savings deposits, \$1,798,546.52. Capital stock, \$150,000; surplus, \$150,000; undivided profits, \$24,300.65.

The bank started with a modest beginning a quarter of a century ago, and has paid its forty-sixth semi-annual dividend during that time, which is an excellent showing. Today it is more than a \$3,000,000 resource bank and is being conducted by men well known in this community.

Recently it erected one of the most beautiful banking buildings in Western Michigan, a structure very unique as to architecture.

At the annual meeting of the stockholders held Tuesday the following directors were named: B. D. Keppel, C. M. McLean, Frank Holter, Ernest C. Brooks, Henry Winter, John G. Rutgers, Jay H. Den Herder, E. G. Landwehr and A. C. Keppel.

The Holland City State Bank, the oldest banking institution in the city, being the outgrowth of the old VanPutten private bank of nearly sixty years ago, also makes a remarkable showing. The old residents will remember that the private bank before it became a state bank was a one story building on the site now occupied by the Fris book store. In 1891 it was organized into a state bank with local capital and the beautiful building with the tower clock was erected in 1892 and it was remodelled into the present commodious quarters about twenty-five years later. The quarterly statement of the Holland City State Bank is evidence of its substantial growth.

The resources of this bank are: \$3,634,927; savings deposits, \$2,053,702.11. Capital stock, \$100,000; surplus, \$100,000; undivided profits \$33,288.58.

At the annual meeting held Tuesday the following directors were named: Dick Boter, James A. Brouwer, B. P. Donnelly, Frank Dyke, Charles Kirchen, John Kollen, Otto P. Kramer, Charles H. Mc Bride, Charles Landwehr, and D. E. K. Van Baal.

The First State bank was organized early in 1889, and first occupied the building in which the Sells jewelry store is now located on East Eighth street. Steps were immediately taken to build a bank building and in the fall of that year the new bank was practically completed which is the present Woolworth store, known as the Peters Block. Fifteen years ago the present substantial building was erected. This popular bank was organized by local pioneers in Holland finance.

This bank has had a remarkable growth as the following resources will show: resources, \$4,235,150.07; savings deposits, \$2,641,185.62. Capital stock, \$200,000; surplus, \$100,000; undivided profits, \$52,122.01.

At the annual directors' meeting Dr. E. D. Dimment, president of Hope College, was named president of the First State Bank. Mr. Wyn and Wickers, president-elect of Hope College, was made vice-president and cashier. C. Vander Muelen was named first assistant cashier, William J. Westveer, second assistant cashier and A. A. Nienhuis, third assistant cashier.

The directors as named are the following: Edw. Dimment, Henry Pelgrim, Con De Pree, A. H. Meyer, John Bosman, Daniel Ten Cate, Thos. H. Marshall, Wynand Wickers, R. D. Matheson, Stuart Knappen, and G. J. Bosch.

Dr. Dimment, who had been vice-president, was made head of this prosperous institution in the place of the late Mr. G. J. Diekema, who had been an official in the bank since its inception, forty-two years ago.

Holland can be proud of its banking institutions. Every one of them are being conducted by well-known conservative Holland men, whose unswerving policy has always been "Safety First."

Former Sheriff and Mrs. Fred Kamferbeek were recipients of a six-pound pork loin with "the season's greetings." The parcel came from a friend, sent by a former federal woman prisoner sentenced by Judge Fred M. Raymond of Grand Rapids for six months in the Ottawa county jail for violation of the liquor law.

The first consignment of chicks was dispatched via parcel post from the Holland postoffice Tuesday to points in central Michigan. This marks an unusually early opening for the season. The chicks were sent by Brummer & Fredrickson and the Lakewood Poultry farm. Fifteen boxes holding 1,500 chicks were dispatched. Indications point to a good season. With more than 100 hatcheries operating in Ottawa county, annual shipments run into the millions. Special cars will be provided at the peak of the season.

Born to Mr. and Mrs. Gerrit Slenk, Rural Route 1, at the Holland hospital, a son, Robert Earl, on January 13th.

UNDERTAKER GOES THROUGH ICE BUT LIVES

Peter Notier and Steve Karsten went fishing Tuesday through the ice, caught their limit of perch, walked towards the shore to Virginia Park when suddenly both men sank through the ice. Karsten was in the worse predicament of the two, going to his neck through the air hole. Peter Notier in some manner managed to crawl out, helped his friend to safety, but sank through a second time. It seems that there had been an open space there and with the freeze of the last few days, a thin coating of ice was formed and the falling snow had covered it.

The boys rushed home in their wet clothing, drank plenty of hot coffee and are little the worse for their experience. They had enough presence of mind to save the fish.

OFFICES OF RADIO FACTORY MERGER TO BE IN HOLLAND

As a result of a merger with the Cavac Manufacturing Co. of Ann Arbor and the Ellsworth Manufacturing Co. of Chicago, the Cordonic Manufacturing Co. of Holland has been launched at Holland for the manufacture of midrange radio sets. Arthur A. Vischer of Holland has been elected president and general manager; Franklin McDermott of Chicago, vice-president and Edward D. Smalley of Holland, secretary-treasurer. Board members include: C. A. VerSchoor of Ann Arbor, G. Norcross of Grand Rapids, and Mayor E. C. Brooks of Holland.

Officers of the concern state that within a month 200 radio sets will be manufactured daily, with an increase to 500 sets a day within a few months. The working force will be increased from 45 to 100. Offices of the outside concerns will be moved to Holland. Surely a little silver lining to the industrial cloud.

HOLLAND POSTOFFICE RECEIPTS ARE LARGE

Holland postoffice receipts for 1930 in Holland totaled \$178,280, according to Postmaster Adrian J. Westveer.

The postoffice issued 54,668 money orders. There were 22,352 registered letters, 52,000 insured parcels, and 14,500 C. O. D. parcels. Approximately 12,000,000 pieces of mail were received and dispatched. When Westveer entered the post office service nearly 42 years ago the total annual receipts were \$4,810.21.

OTTAWA HEALTH UNIT ORGANIZED

The Ottawa County Health Unit is now organized to assist in the control of communicable diseases. In order to work efficiently it is necessary that every one cooperate in the reporting of suspicious cases to local authorities or directly to us. There are many so-called light cases of scarlet fever throughout the county. These cases should be considered serious.

We are also planning to begin work on diphtheria immunization. When this is being done in your school, be sure to take advantage of this opportunity and protect your child.

Send Account of Mrs. Yates Funeral Rites

WAS ONE OF LEADERS IN HOLLAND SOCIAL CIRCLES TWENTY YEARS AGO

The following contribution was sent in from Pasadena, California, giving an account of the funeral rites over the remains of a former Holland lady.

"Funeral services for Mrs. Gertrude J. Yates, widow of the late Dr. O. E. Yates, and for thirty years a resident of this city, were held on Friday afternoon, January 9th, at the Chapel of the Good Shepherd in Pasadena, California. Dr. Robt. Freeman, minister of the Pasadena Presbyterian church, of which Mrs. Yates attended during her residence there, officiated. Miss Anna Crick of Pasadena sang a favorite hymn of the deceased, 'O, Love That Wilt Not Let Me Go.' Before the services began the organist played softly Mendelssohn's 'Consolation,' the hymns 'Lead Kindly Light' and 'Abide With Me' and 'Why Dost Thou Fear the Beautiful Angel Death' from 'Gaul's Passion.' The chapel was filled with friends and the great quantities of beautiful flowers attested to the affection in which Mrs. Yates was held by all who knew her. Interment was in Sunrise Slope of Forest Lawn Memorial Park at Glendale. Besides the three daughters surviving, all of whom passed their girlhood in Holland, there are three grandsons, Howard Yates Brook of New York City, Marshall Yates Kremers, a medical student at the University of California, and Victoria E. Kremers, a student at Occidental College."

Mrs. Yates was a resident of Holland for nearly thirty years. The Yates home was a large old home-like structure, located on the present site of the city hall. It was Holland's mecca for music and art, in fact the entire family were musically inclined and were real artists. Mrs. Yates was an active member of the Woman's Literary club, was a member of Hope church and for some time president of the Ladies' Aid society. She also was a charter member of Elizabeth Schuyler Hamilton Chapter, Daughters of the American Revolution. After moving to California, she transferred her membership to Sequoia Chapter, the oldest D. A. R. chapter on the Pacific Coast. She was also a member of the California branch of the society of Mayflower Descendants.

In her younger years, Mrs. Yates was an organizer of Grace Episcopal church, Washington D. C. for seven years and later organizer of the 1st Baptist church, Plainwell, and of Grace Episcopal church of Holland. During her residence in Holland, she was active in social, church, musical and club affairs. In 1913 she left for Honolulu, where she lived for three years, later going to California where she had resided since with her daughters.

Mrs. Yates suffered a paralytic stroke one Christmas morning from which she never recovered fully. She died at the home of Dr. and Mrs. Edward D. Kremers, 2315 Mar Vista avenue, Pasadena, Wednesday morning, January 7.

Her daughters, Mrs. Kremers and Mrs. Avis Yates Brownlee of San Francisco were at her bedside almost constantly from the beginning of her illness. Another daughter, Mrs. Albertus T. Brook, of Reading, Pa., also survives.

Dr. O. E. Yates passed away in Holland some years ago. He was mayor of this city for several terms and was a very public spirited citizen.

A bottle exchange will be established at the Grand Haven Farm bureau. One cent each will be paid for bottle and one and a half cents charged to owners to redeem the bottles. Dr. Van Kersen Shows Folks in Distant Lands

PICTURE OF MISSION FIELD TAKES WELL IN ZEELAND

An appreciative audience was gathered at the Second Reformed Church, Zeeland Friday evening to see some of the pictures taken by Rev. Wm. Van Kersen, of Holland, on his recent trip to the mission stations of the Reformed church. Mr. Van Kersen has pictures of all the mission stations he visited which he secured with moving picture cameras. He has at least 8000 feet of films, the pictures of which clearly show conditions in the Orient and give ideas of work done by the missionaries. The pictures shown were of India. This country celebrated the 15th anniversary of the founding of the Arcot mission and several pictures were shown by this jubilee celebration. Pictures of Cobb Memorial Hall and buildings of Voorhees College at Vellore, as also the beautiful campus, were greatly enjoyed.

Several pictures, showing the wonderful work done by Dr. Ida Scudder were especially interesting. Equipped with an ambulance and medicine and instruments of all kinds, she has a regular schedule and patients eagerly look for her arrival and gather at stopping places along the way. Large numbers are treated and go on their way greatly pleased at the remarkable help given. Dr. Ida Scudder performs a real service to the people of India.

The work of Rev. Bernard Ruttschaef at the Industrial School of Catpudi, was also shown on the screen. The task of obtaining the rosewood and mahogany from which all the furniture is made, were interesting pictures. The furniture is made at the school and the lumber often comes a distance of three hundred miles and in large logs, and is carried to the school on bullock carts, a rather small two-wheel affair. Some of this furniture is now found in Hope Memorial chapel.

The agricultural institute at Catpudi also was of interest. Since ninety per cent of the people are engaged in farming, new ideas and instruments introduced to the people are of great benefit. Their system of farming is still crude and aid given by the missionaries is appreciated. The fields of sugar cane and alfalfa proved interesting.

The missionaries also accomplish a real service for the women of India by teaching them fancy embroidery, domestic science, etc. The interest shown by the women in this work is great and their appreciation is shown in various ways.

Pictures of Rev. and Mrs. Wm. Farrar at work in Arni, were attractive to the audience. Work among the boy scouts of the school in this city and their athletic endeavor and activities showed that boys of India are very much like American boys. The school at Kodakal, with the students and teachers, is a valuable institution, providing education for missionaries' children and others living in India.

Pictures on China will be shown by Dr. Van Kersen at Second Reformed church in the near future.

Members of Hope Association union will be Walter DeVelder, former Hope student, at work in China in a motion picture to be staged in Hope Memorial chapel, January 20, by Dr. William J. VanKersen. DeVelder is supported by Hope students as short term missionary in China and VanKersen took several "shots" of him on his recent 30,000 mile trip through the mission stations in the Orient.

You Will Hear A Speech on the Criminal Code

JUDGE C. B. COLLINGWOOD TO SPEAK AT HOPE MEMORIAL CHAPEL, SUNDAY, JAN. 25

The Juvenile criminal is the big problem that causes jurists and police officials to worry and wonder what to do, and what it is going to lead up to. The utter disregard for law and disrespect for the law officials by the youth of the land is reaching alarming proportions. Over fifty per cent of the criminals today are youths below the age of 21. It is a situation that is becoming unbearable and if allowed to grow, it will mean the destruction of our much vaunted civilization. Judge Collingwood, who has been a Circuit Court Judge of Michigan for a quarter of a century, knows what he is talking about when he calls to arms every good citizen to fight this growing army. He says we must arouse ourselves and conquer them or they will conquer us.

The judge will tell you some facts and give figures that will astonish you. His talk on "Delinquency Cause and Cure" will stir you as you never have been before. The tremendous cost of fighting the criminal element in this country confounds one. Our present method of punishment, the Judge says, is all wrong. We must resort to some other method if we are to reduce crime in our country.

The Judge speaks with authority on these matters. He is a convincing and interesting talker and comes to us with a message that every thinking man and woman ought to hear. Remember the day and date, Sunday, January 25th, 4 p. m. at Hope Memorial Chapel. The musical program will be under the direction of Prof. W. Curtis Snow, which assures us a splendid treat.

Marriage licenses have been issued to Gerald Boomers, 20, Holland, and Alice Weener, 18, Holland, and Frank Haisma, 23, Grand Rapids, and Jeanette Hoogerwind, 16, Marne.

REMEMBERED BY GOVERNOR BRUCKER

Earnest Brooks mayor of Holland was named on the state welfare commission yesterday by Gov. Brucker. This is a signal honor to our chief executive. Mrs. John W. Blodgett was also one of the appointees on this board.

FORTY FOOT HIGHWAY BEYOND THE BRIDGE

When the new bridge on north River street is completed it will be a real serviceable and a wide structure with safety walks on both sides. But that won't be all. The highway north of the bridge to the curve as well as south of the bridge to the south curve will be forty feet wide, giving a big entrance into the city.

This is especially desirable considering the Lakewood Farm travel and the resort tourist trade. That north side improvement surely is a most worthy one.

BLACK LAKE FOR EARLY FISHING—FINE

The state conservation commission Friday decided to recommend to the legislature the extension of the rabbit season to January 31 in the northern part of lower peninsula. The present season ends a month earlier in the lower peninsula but extends to Jan. 31 in the upper peninsula.

The commission designated Black Lake near Holland, as a pike lake. This will permit spring fishing for perch and other fish.

Holland Boy Seeks Office In Ann Arbor

PAPER OF THAT CITY GIVES HIM FIRST PAGE MONDAY

The Washtenaw Tribune issued at Ann Arbor prints a picture of Attorney Harold D. Golds, a graduate of Holland High and son of Mr. and Mrs. Bert Golds, 55 W. 13th St. this city. The Ann Arbor paper gives the following story with the cut:

"Harold D. Golds, 421 East Kingsley street, attorney-at-law in the office of V. E. Van Ameringen, 501 Ann Arbor Trust building, makes his official announcement as a Democratic candidate for the office of justice of the peace at the primary election on Monday, March 2. He is the first to announce himself for the Democratic nomination, although five have made announcements for the Republican nomination.

"Attorney Golds, who is 32 years old, is an ex-service man with an overseas record. He enlisted in the United States Marines in April, 1917 and served in France with the famous Second division. He is a lieutenant in the Marine Corps reserve and is a member of the local post of the American Legion.

"Attorney Golds was a federal board student at the University of Michigan from 1919 to 1923 and graduated from the law school of the University of Detroit in 1929. He passed the Michigan bar examination when still a junior. While attending school he did justice court work in Detroit.

"It was during the first part of last year that he started the practice of law here and previously had been employed in a law office for six years in Detroit. He is a married man."

EUNICE SOCIETY HOLDS ANNUAL MEETING; REV. DANHOFF IS SPEAKER

Treasurer's Report Shows Society Has Best Year of History Financially

The Eunice Society one of two local societies organized to advance the interests of and financially aid the local Christian Schools held its annual meeting Friday afternoon in the parlors of the 14th Street Christian Reformed church, with Mrs. B. G. Timmer, president in charge.

Rev. B. J. Danhof, pastor of the Drenthe Chr. Ref. church, was the speaker of the afternoon, taking as his subject "Zeal for Christian Education." Mr. Danhof stated that education primarily should be for the purpose of giving, and said that Christian education had this point in view throughout its whole curriculum. Rev. Danhof's talk was most interesting and those who were privileged to hear him felt much benefited thereby.

The business session called for the annual reports of the officers. The treasurer reported the net proceeds for the year as being \$1,725.00 of which the local Christian schools received \$1,675.00, which makes 1930 the banner year for this society financially. This is especially gratifying when the stressful times of the past year are considered.

Election of officers resulted as follows: Mrs. B. G. Timmer, president; Mrs. Rev. Zwiers, vice-president; Mrs. Raymond J. Nykamp, secretary; Mrs. Peter Kaas-hoop, treasurer.

Collection of winter taxes ended at Grand Haven with a total of \$200,451.31 paid in on a budget of \$245,248.68, or 81.7 per cent. The 1930 budget was \$248,913.13, of which \$212,776.27 was paid in a year ago.

An important proposition for

On such work farmers with their
horses, plows and wagons could be
profitably employed.

Highways need feeders in the
shape of country roads leading to
the farms, and farmers need access
to highways. And they also need
work.

Building great highways of con-
crete, reinforced with steel, is im-
portant. But that work gives no
opportunity to the farmers. Done
by special machinery, heavy trucks,
and a few workmen, it offers no op-
portunity to the average unem-
ployed.

The fact is revealed that five of
Italy's finest flyers were killed, and
three others injured on the marvel-
ous "formation flight" across the
Atlantic to Brazil. The news was
concealed at first, in order not to
spoil the joy of Italy at the great
achievement.

There is sorrow now, but the
glory of the achievement is not dis-
missed, but made greater by the
courage of the survivors, continu-
ing their flight and completing it
successfully, as planned, in military
formation, according to orders.

Men that die in the effort to add
luster to the name of their coun-
try never die vainly.

"Hope deferred maketh the heart
sick." That's in the Bible, and it
is also a decision handed down by
the United States Circuit Court of
Appeals, telling Judge Clark of
New Jersey that he was mistaken.
The prohibition amendment was
adopted legally. It stands, and is
the law of the land.

Secretary Stimson warns the
negro republic of Liberia that slav-
ery must be abandoned. Investiga-
tion proves that high officials of
the negro republic, including the
vice president, are engaged in the
slave trade, and persist in it.

This seems surprising consider-
ing that Liberia was planned as a
haven from slavery.

But many of our best people,
North and South, approved of slav-
ery a little while ago, and we can
hardly blame the Liberians for lag-
ging a little behind, especially as
slavery is about their only source
of profit.

Good news for those that hear
with difficulty on the telephone.

The company will supply an am-
plifying device" making the in-
coming voice louder.

Mr. Walter S. Gifford, president
of the big company, informs the
writer that all the Bell companies
will supply the apparatus for use
at a nominal charge. A friend in
Ohio to whom the writer suggested
it tried the device, and writes:
"For the first time in years I have
been able to hear my children talk-
ing to me from the Pacific coast."

If you are interested, write to
your telephone exchange.

"Men fear death, as children fear
to go in the dark; and as that nat-
ural fear in children is increased
with tales, so is the other."

So Bacon said of our most wide-
spread fear.

Marshall Joffre, who has the
gratitude of his nation following
him to the grave, quoted often the
saying, "Nul ne peut se dire
heureux avant son dernier jour."

"No man can call himself happy un-
til his last day."

"Death hath ten thousand doors
for men to take their exit." And
they all lead to peace, rest, free-
dom from the world's worries, re-
sponsibilities and anxieties. It is
fortunate for the race that divine
wisdom makes us cling to life. If
we were all as wise as Bacon and
as philosophical as the old Greeks,
many would be missing.

In Britain 20,000 weavers have
started the kind of strike that, in
the long run, can never succeed.
They are not striking against lower
wages; on the contrary, better
wages are offered them. They are
striking against an arrangement
that would enable each man, with-
out overwork, to take care of eight
looms instead of four, and earn
more. They say that if one man
takes care of eight looms that will
put other men out of work.

That's what stage coach drivers
said when the locomotives came.
Typewriters were invented. There
were more printers than ever, better
paid, and railroads employ 1,000
times as many as stage coaches
ever did.

Germany has a startling idea for
fighting unemployment. Aden-
aue, finance minister, suggests
the use of government money to
increase industrial pay rolls by sub-
sidy, replacing unemployment wages
with actual, productive wages.

Germany's government, now pay-
ing at the rate of \$750,000,000 a
year to 4,000,000 men out of work,
gets nothing in return.

If Germany should subsidize in-
dustry and dump the products on
other nations, including this, we
should have something more ur-
gent than Russian dumping to deal
with.

HOLLAND TO SEE
REAL AMERICAN INDIANS
IN NATIVE ROLE

Dr. Nykerk has made a sub-
stitute for the Roy E. Bendell lec-
ture, having booked a new number
costing considerable more. The
Hope Lecture Bureau is in "the
red" this year, the stressful pe-
riod no doubt having something to
do with this condition. The Bureau
with which Mr. Nykerk has been
dealing wanted to do the right
thing by the dean of Hope college
and because of an open date has
sent down a troupe of "Red Skins"
to pull the Hope course "out of the
red."

We understand that it is a great
company that is to be here next
Monday night at Carnegie Hall
and above is a picture of the com-
pany to present Indian life.

Authentic songs, legends and In-
dian lore are included in the pro-
gram of this company of "Original
Americans." The material used in
their entertainment has been se-
cured from authoritative Indian
sources, notably: Charles M. Skil-
ton of the University of Kansas;
Dr. Carl Busch, internationally
known composer; Mrs. B. M. Barry,
secretary of the College of Fine
Arts, University of Oklahoma;

Thurlock Lurance, one of Amer-
ica's greatest authorities on In-
dian music, and from the Fine Arts
department of Haskell Institute.

HOLLAND MAN AND
COMMITTEE FOSTER CON-
SOLIDATION OF SCHOOLS

More than 100 interested citizens
and their wives attended a meeting
at Ferrysburg to consider a pro-
posal to consolidate the Ferrysburg
school and districts Nos. 4 and 6 in
rural areas nearby.

The meeting was addressed by F.
L. Smith of the rural education de-
partment of C. S. T. college and a
committee of three was appointed
to inquire thoroughly into the con-
solidation plan. The committee com-
prises Henry K. Bolhuis of Ferrys-
burg, John Garnatt of district No. 6
and G. G. Groenewoud, Ottawa
county school commissioner.

The movement is one of the first
for the consolidation of Ottawa Co.
rural schools. Districts Nos. 4 and
6 are among the oldest in the coun-
ty. More than 200 children would
be affected by the consolidation.

CENSUS OF FISH CAUGHT
IS WANTED AT LANSING
—ICE FISH INCLUDED

More than 13,000 creel census
cards have been submitted by an-
glers and conservation officers to
the Fish Division of the Conserva-
tion Department since last spring.
The cards will continue to be re-
ceived throughout the winter. Dur-
ing the past it has been customary
for fishermen to fill out cards only
during the spring and summer sea-
sons. The Fish Division this year
is asking them to continue to fill
out information concerning catches
taken by all manner of fishing;
lake spearing, ice fishing and
spring spearing. If ice fishermen
will submit the cards indicating
catches of various species, the time
spent fishing, etc., the Fish Division
will be able to obtain some ap-
proximate indication of the exten-
siveness of ice fishing and spearing
in the state.

JUBILANT TRIO GIVES

REFORMED CHURCH

The Jubilant Trio of Muskegon
gave a sacred program of music at
the Fourth Reformed church Tues-
day evening. The large auditorium

Fourth Reformed church, intro-
duced the meeting and introduced the
members of the Jubilant Trio.

The trio consists of Edward
Voogd, violinist, Howard Davis,
trumpeter and Herman Voss, pian-

the auspices of the League for Ser-
vice of that church.

Indian Life Company

deeply upon young and old. Their
unique and varied program has the
added recommendation of dram-
atic interest.

The legends of the Indians will
be told as the company heard them
around the night fires in the tepee.
The plaintive Indian songs will be
offered in native tongue. Their
sign language will be described and
illustrated, including the signals of
blanket and fire.

All members of the company are
stars and have studied in western
colleges, and have added a liberal
education to their inherited Indian
lore.

They are descendants of
noted warriors, famed in history,
and have been reared from infancy
in the romantic atmosphere of In-
dian life, with its intimate cus-
toms, its legends, its songs, rites
and ceremonies.

Their personnel is as follows:

Wesley Robertson (Chief Ish-
topia), a choctaw graduate of Okla-
homa University, is a famous mu-
sical Indian star who has taken
part in important "Broadway" pro-
ductions.

Genevieve Greer, a well educated
Choctaw, who has a lovely voice.
She is also an excellent whistler,
reader and actress.

Miss Emma Brazilia Dunn, also
of the Choctaw tribe, is nationally
known as an interpreter of Indian
music and dancing.

Blue Eagle Macintosh, a full-
blooded Creek, who is a fine singer
and entertainer.

ALMOST PERSUADED

"Almost Persuaded Yet Lost," is
the subject of the sermon next Sun-
day evening of Rev. J. Vanderbeek
of the Sixth Reformed church of
Lincoln avenue. The subject of the
morning's discourse is "Preach
Christ Everywhere." The church
choir will sing special selections
at both services. The Men's Chor-
us of this church under the direc-
tion of Mr. John Vandersluis will
sing again soon. They hope to be
able by the 15th of next month.
Special efforts are being made by
this congregation to reach all the
strangers and others who have not
yet a church home of their own.

ELECTROL OIL BURNER

The ELECTROL OIL BURNER embodies the principles of oil burning which have proved the most efficient, satisfactory and economical in the Navy, Industrial Plants, and thousands of homes.

ONLY ELECTROL can give you the ball-like flame, in which the oil is completely consumed before it leaves the combustion chamber. Only hot, clean gases travel through your furnace. There is no waste with such combustion—no smoke or odor.

THE ELECTROL BURNER is located entirely outside the heating plant. No part is exposed to deterioration by the reflected heat of combustion. Every element is quickly and easily accessible.

ELECTROL ignition is by far the most dependable and positive—all electric and continuous while the burner is in operation, thereby eliminating the expense and complications of gas ignition.

ELECTROL design is simplicity itself. There is only one motive part. Lasting, dependable performance with a minimum of upkeep and wear assured. And this absence of complicated machinery, coupled with the slow-burning flame, adequately insulated and muffled makes ELECTROL as quiet as a smooth-flowing stream.

Let us show you the ELECTROL in operation.

MRS. VAN OMMEN IS
BURNED TO DEATH AT
HOME ON SUNDAY

Mrs. Lee Van Ommen was fatally
burned in an explosion Sunday
morning at 7 o'clock as the result
of pouring kerosene into a stove
containing a slow fire.

The Van Ommen home was locat-
ed about four miles east of Holland.
Mrs. Van Ommen, who had just
arisen Sunday morning, was in the
act of pouring kerosene into the
fire when the gas formed by the
hot metal exploded throwing her to
the floor and setting fire to her
clothes.

Mr. Van Ommen, who was still in
bed at the time of the explosion,
came to her assistance immediately
and found her in a mass of flames.
After carrying her out of doors,
he quickly smothered the flames in
an effort to save her life. In doing
so he received severe burns on his
hands, arms and feet.

Mrs. Van Ommen was rushed to
the Zeeland hospital where she
died Sunday evening at 6:30 o'clock.

After rescuing his wife, Mr. Van
Ommen still faced the task of sav-
ing the lives of their small children
the eldest of whom was only eight
years and the youngest is three
years of age. Access by the door to
the room where the children had
been sleeping was already cut off by
the flames and he was forced to
break through the window in order
to save them, which was accom-
plished with bad cuts to himself by
the glass, but without injury to the
children.

The Zeeland fire department was
called but it was too late to save
anything. The building was com-
pletely destroyed and nothing could
be saved. Mr. VanOmmen and the
children were forced to seek shel-
ter at the home of a neighbor
dressed only in their night clothes
and barefooted.

The oldest child was in Grand
Rapids at the time of the fire where
she underwent an operation for re-
moval of tonsils.

Mrs. VanOmmen, who was only
26 years of age, is survived by her
husband, Lee VanOmmen, and five
children, Beatrice, Marjorie, Leroy,
Alvin and Donald. She also leaves
her mother, Mrs. M. J. Trip of Hol-
land, but formerly of Graafschap;
two brothers and four sisters, John
Trip and Edward Trip of Ironton,
Iowa, Mrs. B. Plasger of Chicago,
Mrs. B. Bazuin and Mrs. R. Rater-
ink of Holland.

The funeral services were held at
the home of Mr. and Mrs. David
Van Ommen, 25 Lincoln St., Zeel-
and, on Tuesday afternoon, Rev. R.
J. Vandenberg, officiating. Inter-
ment took place in the Graafschap
cemetery.

Jacob Zuidema, Jr., son of Mr.
and Mrs. Jacob Zuidema, submitted
to a mastoid operation at Butter-
worth hospital, Grand Rapids, Sun-
day night. He is improving nicely.

Mrs. Hazel Guild, of Topeka,
Kas., is visiting her mother, Mrs.
W. H. Wing of this city.

Harry Banger, who underwent an
operation at the Holland hospital
last week is improving.

TO GIVE ADDRESS AT FOURTH RE'D CHURCH, JAN. 20, AT 7:30 P. M.

Dr. William Masseling, formerly pastor of the Fourteenth Street Reformed Church and now of the Alpine Avenue Christian Reformed Church of Grand Rapids, is coming to Holland to give a popular address on the subject, "The Christian and the Theatre." Dr. Masseling is known to Holland audiences as a forceful and thought-compelling speaker. During his pastorate here, he always spoke to a full house.

As far as numbers are concerned his success in Grand Rapids is even more notable. Recently, when he reached a series of sermons on "Modern Amusements" in the Alpine Avenue Church, scores had to be turned away for lack of room. A few weeks ago he spoke on one phase of this general subject to a Zeeland audience; here also, the church was filled to capacity. Dr. Masseling is the author of a recently published book entitled "Why a Thousand Years."

Besides the address, the program includes several organ numbers to be played by Leonard Greenway, a well-known radio organist. The Seminary quartet will also favor with a few numbers.

The program is sponsored by the missionary committee of the 4th Reformed Christian Endeavor society.

ACCUSED OF TAKING RAW GAS FROM LOCAL COMPANY'S MAINS

A former taxi driver, Jack Zwiers, 39 years old, was arrested Friday charged with taking gas from the Gas Company's mains.

According to the manager of the company and the police it appears that the home in which Zwiers lives was without a meter, the company having removed it. It appears, however, that the man did a plumbing job of his own, connecting the gas mains up with the stove as well as with the furnace and for some months Zwiers had been using gas for his cooking as well as for heating. It seems that the man had connected an open pipe with the furnace and this pipe when lighted, while giving a large flame and using a tremendous lot of gas, gave very little in the way of heat units, since specially made burners are required not only to save gas but to throw out heat as well.

Zwiers was given a preliminary hearing before Justice Elbert Parsons and the man is endeavoring to make some adjustment.

Whether he has succeeded in this has not yet been made known. In any event he is subject to prosecution under the law, if found guilty. In some manner the local company "got wind" sent two of their service men to the house and there they found the connections cleverly made and the open pipe blowing out a big flame from the fire out. Police were called in and Officer Spruit also verifies the contention of the local company.

Zwiers asked for a hearing which will be held next week Monday to find out whether there is evidence to bind him over to circuit court.

Jamestown Lady Hurt When Auto Meets Accident

YOUNG MAN FRACTURES LEG AS HE IS PITCHED FROM AUTO; FOUR CARS DAMAGED

Fatal results were escaped only through sheer luck when four cars and one wrecking truck got into a jam on State road M-21 near New Groningen, Saturday evening. One young man is laid up with a broken leg and several others were cut and bruised, the result of carelessness on icy pavements.

The jam was made up of two distinct accidents at the same point, though some claim the second accident was caused by the road being obstructed by the first. However, eyewitnesses say speed was the cause of the second accident because the obstruction was visible from a great distance.

Louis Slagter, of Grandville, accompanied by Mrs. Slagter with their son and Mr. Gerrit Meyer of Jamestown, was returning from Holland, and when he arrived at the point where the accident occurred he attempted to drive into the yard of John Deters at New Groningen. After crossing on to the lane for the opposite traffic he discovered he had missed the driveway and instead was facing a trench that had been dug for some purpose. This caused him to stop suddenly and Lawrence Van Hattuma of Zeeland, who was driving to Holland struck the stalled car a blow squarely in the side, damaging both machines. When Van Hattuma attempted to avoid this collision he found himself confronted by a car from the opposite direction and he had no choice but to swing around the other side of the Slagter car. In doing this the icy roadway caused the car to skid with the above mentioned result.

Mrs. Slagter suffered a broken nose and other severe bruises that were given aid by a physician at the home of J. Deters.

While the J. H. Kole Co. wrecking car was busy at work disentangling the wreck the other collision occurred.

Melvin Achterhof, accompanied by William Goodyk, both of Zeeland, and Don Faber of Zeeland, accompanied by Milton Van den Berg of New Groningen and Ernest Smith of Holland, came together head-on from opposite directions as they attempted to pass the wreck. Both cars were traveling at a good rate of speed and when they discovered their lanes blocked they attempted to stop only when too late. Both drivers attempted to avoid a collision by choosing the roadside where they came together. Milton Van den Berg was thrown from the machine and suffered a broken leg. Smith and Goodyk were also injured, while Achterhof was cut by glass and Faber escaped.

The last accident was plainly due to carelessness, it is said, because of too much speed on the slippery road.

Mr. and Mrs. Frank Huizenga and Garret F. Huizenga, of Zeeland, spent Thursday with their parents, Mr. and Mrs. B. Huizenga in Holland.

A Better Farm Program For Ottawa County

BOARD OF SUPERVISORS AND COUNTY FARM AGENT CONFER

The second of a series of four winter muck schools is scheduled for January 20 by Agricultural Agent Milham. Paul M. Harmer will conduct the illustrated lectures at Hudsonville High school at 9:30, Zeeland High school at 1:30 and at the court house at Grand Haven at 7:30. At the first meeting Mr. Harmer discussed results of managing acid and alkali soils and proper use of lime and sulphur.

The agricultural committee of the Ottawa County Board of Supervisors and Agricultural Agent Milham have worked out a program for 1931. This program brings to Ottawa County many college specialists who will conduct demonstrations and give lectures of real economic value to farmers.

Recommendations were made that the agricultural agent should cooperate with parent-teachers' associations, farmers' clubs, farm bureau, grange, cooperative marketing organizations, cow testing associations, chamber of commerce and other groups in carrying out this program and that the following program be carried out as nearly complete as possible.

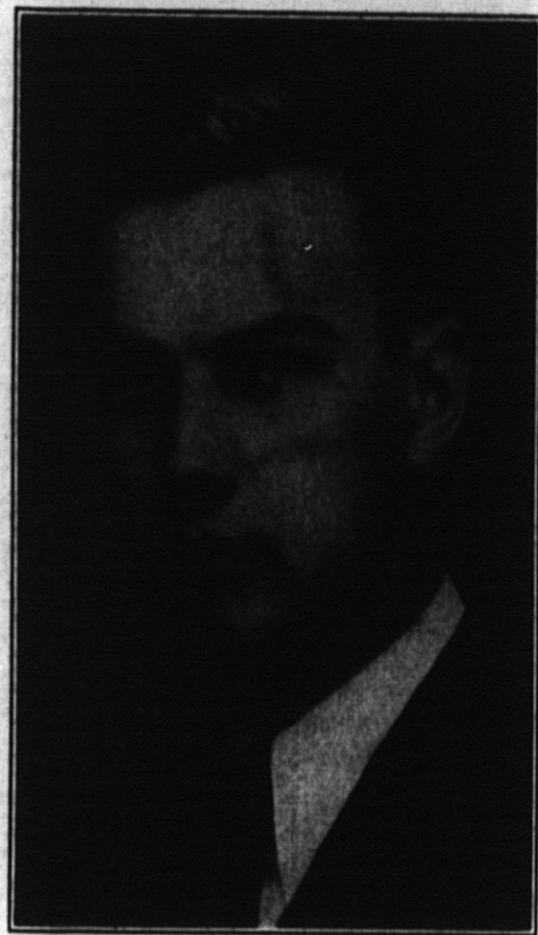

Here's the contractor, the mason and carpenter to rebuild it.

Dependable fire insurance means the quick replacing of a burned home. With prompt and satisfactory adjustment it enables you to rebuild immediately.

A policy in the HARTFORD FIRE INSURANCE CO. will furnish you the money to bring the contractor, the mason, and the carpenter to rebuild the property fire destroys. To delay buying this protection may be most disastrous.

Mr. Raymond De Young

The sad news of the death in Arabia on December 31, 1930, of Raymond DeYoung, a graduate in the class of 1929, came to Hope College students upon their return last week from Christmas vacation. The upperclassmen, who knew him personally, mourn the loss of a friend, and the other students regret the death of an alumnus whose life was full of promise.

Mr. DeYoung was born on January 31, 1908, in Waupun, Wisconsin, where his father, the Rev. Abraham DeYoung, was pastor of the Reformed Church. He attended public schools in Coopersville and Grand Rapids, Michigan, being graduated from South High School in the latter city in 1925.

He entered Hope College in the fall of the same year, and became prominent at once in many lines of activity. As Professor Paul W. Hinkamp, who knew him during his entire college career, said at the memorial service in Kalamazoo, he was an all-round and ideal student. He was proficient in his studies, being graduated with honors. He had great skill in athletics, playing football for three years, the maximum time, and serving as captain of the team for one year; being for three years a member of the basketball team for two years. In extra-curricular activities he also took a prominent part, for he was president of the Knickerbocker Society, a member of the Milestone staff, a member of the Athletic Board of Control, and in the past of the Senior play. In addition to all these activities, Mr. DeYoung helped to strengthen the religious life on the campus through joining the Student Volunteer Band, and Y.M.C.A., and serving on the "Y" Cabinet and Gospel Team.

Before his graduation from Hope College in 1929 Mr. DeYoung received his appointment as a short-term missionary to Arabia and in September, 1929, sailed from New York to take up his new duties. In a boys' school in Basrah, Arabia, of which Dr. John VanEas is the Principal, he was head of the English department and in charge of all subjects taught in English. He was also director of athletics in the school, which has about 300

pupils, and lived with and had charge of 30 boys in the boarding school. On Sundays he conducted a Bible School for 22 young men. Mr. DeYoung's death, which was very sudden, believed to have been caused by blood poisoning, but complete reports have not been received as yet. Burial was made at Basrah in the same cemetery in which the Rev. Henry Bilkert, who was killed by bandits, was buried a year ago. Several relatives, who are missionaries in Arabia, were present at the funeral.

Hope students sympathize deeply with Mr. DeYoung's parents and younger sister, who survive him, and feel that the life he lived and the memory they cherish of him will be an inspiration to them throughout the coming years.

A most inspiring service was dedicated to the memory of Raymond James DeYoung last Wednesday evening, the service was under the auspices of the Consistory of the First Reformed Church of Kalamazoo of which Ray's father is pastor. About twenty Hope students were present at the service and also at the home afterwards to help in a small measure cheer the bereaved parents and sister. Rev. A. Kerk of Kalamazoo presided at the service and the following addresses were given: Rev. W. J. Van Kersen spoke on behalf of the Board of Foreign Missions and told of Ray's work at the School of Hope in which he was an instructor of English. William Eikenhout of Grand Rapids spoke on behalf of a Sunday School Class of which Ray was formerly a member. Mr. Eikenhout paid a wonderful tribute to Ray's life. Professor Hinkamp spoke on behalf of Hope and told what an exemplary life Ray's had been while he was here on the Campus. Reverend Laman spoke on behalf of the Classis of Kalamazoo and Rev. J. J. Burggraaf, on behalf of the Reformed churches in Kalamazoo. Each speaker brought out that it has been a wonderful privilege for the parents to be able to sacrifice their son to such a noble cause. The services ended with the singing of "Crossing the Bar" composed by Corrie B. Adams and sung by a male quartette.

DR. A. LEENHOUTS SPEAKS AT CENTURY CLUB MEETING

A regular meeting of the Century Club was held Monday evening at the home of Mayor and Mrs. Earnest C. Brooks on State street. Mr. A. C. Van Raalte Gilmore, who had charge of the music, secured Rudolph Nichols to play several violin solos. Among the selections which he rendered were "An Old Minuet," by Boccherini, "A Mazurka," by Mlynarsky, and "Gavotte," by Kern. Mr. Nichols was accompanied by Prof. W. Curtis Snow.

Dr. A. Leenhouts, the principal speaker of the evening, spoke on his recent trip to France where he visited the grave of his son. Dr. Leenhouts was one of two Gold Star fathers who accompanied the Gold Star mothers whom the government had invited to make this pilgrimage to France.

Dr. Leenhouts' son is laid at rest in the cemetery at Chateau-Thierry, near Belleau Woods. There a large crescent-shaped design has been made of the marble crosses which mark the soldier graves.

Dr. Leenhouts showed a reel of pictures taken during his trip, among them being pictures of the late Minister G. J. Diekema at his home in The Hague, where the Leenhouts paid the Diekemas a short visit.

The program was brought to a close with a few piano duets by Sluiter, Mr. and Mrs. Curtis Snow. They played "In the Garden," by Clough Leichter, and "Finale to the Eleventh Symphony," by Hayden. Mrs. William J. Olive, president of the club, presided. After the program refreshments were served.

Born to Rev. and Mrs. Edward H. Tanis of Grand Rapids, at St. Mary's hospital, a daughter, Marilyn, Joy, on Jan. 11. Rev. Tanis formerly was pastor of the Bethel Reformed church of this city.

J. A. Hoover and R. A. Howitt, after spending a week attending a convention of the H. J. Heinz Co. officials.

SMUGGLERS OF THREE SCORE YEARS AGO "LOST" CARGO IN SHIFTING SANDS ON LAKE MICHIGAN, IS LEGEND

It's quite a secret hidden by the restless, shifting sands of Dewey Hill at Grand Haven Harbor a "sand mountain," overlooking this city on the shores of Lake Michigan. It involves a tale of buried treasure—a cargo of liquor nearly three score years in "its cache"—hidden by smugglers who were unable to retrieve it.

There is no one to vouch for the story, either with first hand information, or an authentic tale told by, but enough persons hereabouts believe in it for the hopeful to have been able to organize several treasure hunts—all fruitless.

It was more than half a century ago, so the story goes, that a mysterious ship visited the port, badly in need of repairs at the then thriving dry docks. But first there was a little matter to attend to. In the hold was a cargo of liquor from Canada on which the skipper did not intend to pay duty. The size of that cargo has grown with each telling of the tale.

By night, the liquor, rumor and legend has it was transferred from the ship to the top of the nearby hill. The boat underwent repairs, but customs officers were about, and the crew never got a chance to get back the cargo. Liquor was then not a very valuable commodity, and the cache, the story goes, remained untouched in the shifting sands.

Years later a man visited Grand Haven and said he had been a member of the crew. He organized the first search, and others followed. Lack of results caused the treasure hunting to die out as a popular sport. From time to time since, the story has been revived, and parties organized to look again for the lost cargo. All the treasure hunters ever have gotten out of it has been invigorating exercise with shovels and picks.

ZEELAND MAYOR ON HOSPITAL BOARD

Mayor John H. Moeke of Zeeland has been made a member of the board of directors of the Thomas G. Huizenga Memorial Hospital, in accordance with a resolution that was passed by that board at its meeting especially held to amend its by-laws, last week.

This amendment provides that each succeeding mayor of Zeeland automatically becomes a member of the hospital board, this membership continuing as long as each mayor holds that city office.

This membership fills the vacancy left by the passing of the late Albert H. Bosch.

NEW OFFICERS ELECTED BY HOLLAND MERCHANTS

At a meeting of the Holland Merchants' Association Monday evening the election of officers was held and C. Dornbos was unanimously re-elected president. Jacob Lokker, vice-president; Charles VanZylen, secretary; and Kenneth DePre, treasurer. John Rutgers, who has so long been the faithful watch-dog of the treasury covering a period of some years, wanted to be relieved and Mr. DePre was named in his place.

The hold-over members of the board of directors are Jacob Lokker, John Hulst and Henry Kraker. The new directors named are C. A. French, Jacob Fris and Fred Beeuwkes. Austin Harrington, Gerard Cook and C. A. French were the retiring directors. Mr. Harrington and Mr. Cook both left word that they would not be able to serve this year.

NOW WANT RED FOX PROTECTED

The red fox, for years classed as a predator, is becoming scarce in Michigan and many hunters and trappers are beginning to agitate for a closed season on these animals. The argument is advanced that the fox has become an important game and fur species and that it should be afforded the same protection given other species of this kind.

John Van Anrooy and his daughter, Cornelia, of this city, attended a gathering of relatives at the home of Mrs. M. G. Manting in Holland recently in honor of the hostess' sixty-fourth birthday. A delightful evening was spent and a two-course luncheon served. The guests included: Mr. and Mrs. Henry Van Anrooy and son of Grand Rapids, Mr. and Mrs. Jacob Van Anrooy, Mr. and Mrs. Gerrit Van Anrooy, Mr. and Mrs. Jack Marcus, Mr. and Mrs. Duncan Weaver of Fennville, Mr. and Mrs. George Manting and Mr. and Mrs. Preston Manting—Grand Haven Tribune.

Discussion on the advisability of keeping the Ferrysburg property, leased by Grand Haven for airport purposes, held the Harbor commission and the directors of the chamber of commerce in close session here last night. The area has lost favor as an airport due to the wide operation of the Construction Materials company, but is considered valuable for future industrial expansion and water front property. A committee including E. J. McCall, J. F. Johnston, William H. Hatton, William Connelly and F. C. Bolt, was appointed to study the situation and make recommendation to city council. The land was acquired in 1928 on a 10-year lease.

William Hatton, Grand Haven, manufacturer, Monday night appeared before the council and served notice he would oppose any future plans for the airport. He declared the lease for the port was exorbitant and that the \$1800 paid yearly "was out of sight." The council authorized Pearce, Grasley & Hanson, Chicago engineers, to draw up a rate structure pertaining to the sewage disposal plant.

G. H. TRIBUNE TELLS HOW THEIR TEAM DEFEATED HOLLAND BY 28 TO 12 SCORE

Grand Haven Tribune—Grand Haven's High basketball squad stamped itself as a serious contender for the Southwest Michigan Conference title by easily disposing of Holland High at the local gymnasium last night, 28 to 12.

The game started off to be an interesting affair in the first quarter which ended with the local team on the long end of a 6 to 4 count. Huttenga, after not competing in the Muskegon Heights games, was inserted into the lineup at the beginning of the second quarter and added the needed spark to the Grand Haven attack.

Holland led once during the game, that time being at beginning of the second quarter when Van Zanden parted the meshes with a long shot to put his team ahead, six to five. Huttenga, Weavers, Babcock and Dirkse each counted with field goals, while Heusinger got a gift shot. Grand Haven leading at halftime, 13 to 7.

Grand Haven gathered eight points in the third canto while they held Holland to a field goal and two free shots, the local boys going in to the last quarter with a 21 to 11 lead. In the last quarter Holland scored even less points, VanZanden getting a lone free throw while Huttenga, Dykhuis and Nordhouse each parted the meshes once, the score at the final whistle being Grand Haven, 28, Holland, 12.

Huttenga, the short time he was in the game, was back in his old scoring form with 4 field goals and 2 gift shots for a grand total of ten points. Babcock handled the game, this lanky redhead getting 8 points. Capt. Web Dirkse and Weavers played their usual stellar defensive game.

The Holland forwards failed to function last night, leaving the scoring burden to the two guards, TeRoller and VanZanden. VanZanden got seven points and TeRoller three.

DR. A. LEENHOUTS SPEAKS AT CENTURY CLUB MEETING

A regular meeting of the Century Club was held Monday evening at the home of Mayor and Mrs. Earnest C. Brooks on State street. Mr. A. C. Van Raalte Gilmore, who had charge of the music, secured Rudolph Nichols to play several violin solos. Among the selections which he rendered were "An Old Minuet," by Boccherini, "A Mazurka," by Mlynarsky, and "Gavotte," by Kern. Mr. Nichols was accompanied by Prof. W. Curtis Snow.

Dr. A. Leenhouts, the principal speaker of the evening, spoke on his recent trip to France where he visited the grave of his son. Dr. Leenhouts was one of two Gold Star fathers who accompanied the Gold Star mothers whom the government had invited to make this pilgrimage to France.

Dr. Leenhouts' son is laid at rest in the cemetery at Chateau-Thierry, near Belleau Woods. There a large crescent-shaped design has been made of the marble crosses which mark the soldier graves.

Dr. Leenhouts showed a reel of pictures taken during his trip, among them being pictures of the late Minister G. J. Diekema at his home in The Hague, where the Leenhouts paid the Diekemas a short visit.
