## City Voters Defeat Sewer Bond Issue

By a vote of 3 to 1, Holland voters decisively defeated the proposed sewer improvement program Tuesday calling for a \$2,900,000 bonding program.

The vote was 1,184 in favor and 3,026 against. Total vote was 4,210 or about 1,200 more than was cast on the same issue Oct. 19. At that time it passed 1,537 to 1,426 but was later declared invalid because of a required 60 per cent plurality.

The vote followed the 3 to 1 ratio in most of the 16 precincts in the city. In no precinct did the measure carry. The closest vote was in the newly annexed area of Central Park with 107 in favor and 188 opposed. Last October, the measure carried in 12 of the 16 precincts although the margins were thin.

BPW Supt. Guy E. Bell said today that the department would continue to give the best service possible, a statement heartily seconded by BPW President Randall C. Bosch who said everything possible would be done to safeguard the health and welfare of local citizens.

It is expected the board will review policies on providing sewer service for new homes and establishments located on existing lines. Because of overloaded conditions at the plant and in the transmission lines, some changes may be made. Defeat of Tuesday's proposal leaves the department in no position to extend services to newly annexed areas.

One problem currently facing the BPW is sewer service for the new Phelps dormitory under construction on Hope Campus since sewer lines in the area are not equipped for an added load.

Bell said The State Board of Health had called the BPW Friday asking it be informed immediately on the outcome of Tuesday's vote. State health representatives said, at that time, that in case the vote was unfavorable, the mobile unit would be sent to Holland to take water samples. There was no indication when such tests would be made.

Bosch today expressed appreciation to the radio stations. The Sentinel, both Chambers of Commerce, the Woman's Literary Club and other groups working on getting out the vote.

He added that at the last board meeting, action was taken to turn over \$100,000 from electric profits to the city. This amount reduces the tax rate in Holland city \$2.25 per \$1,000 assessed valuation.

## Assessment On Parking Lot Okayed

By a vote of 5 to 4, City Council Wednesday night approved a special assessment roll for parking lot improvements on West Seventh St., between Central and River Aves., a subject which has been under discussion for several weeks.

So close was the margin of vote that City Attorney James E. Townsend requested time to check the charter while Council proceeded with other business.

In a short time he ruled a simple majority was all that was necessary on the original program necessary to approve an assessing roll whereas a two-third majority would have been necessary on the original program had more than 50 per cent of the benefited property owners objected in writing.

The vote followed a full hour of discussion at a public hearing on the subject. Voting in favor were Councilmen William De Haan, Ernest Phillips, Henry Steffens, John Van Eerden and Mayor Robert Visscher. Opposed were Councilmen William Heeringa, Nelson Bosman, John Beltman and Richard Smith.

Council considered delays for further study, but rejected the suggestion since Mayor Visscher explained that the city must exercise its option on the Mercury garage property by May 1, and there is considerable legal red tape including approval for bonds by the Municipal Finance Commission which must be processed before this can be accomplished.

Although several persons voiced objections to the program and some pleaded for special consideration, the hour-long hearing was orderly and at no time out of hand. During Council's discussion after the public hearing, it was evident it was a difficult decision.

Mrs. Jerena Rooks who owns property at 13 West Seventh St. asked a routine question on interest. The answer was 5 per cent if payments are on installments.

Charles Vander Ven, of 307 College Ave., who has a small interest in some property in the area, asked where the program would end since parking improvements would be sought nearby. He questioned the moral obligation of Council, not the legal obligation, and pointed to an agreement years ago in which parking meter funds were to provide free parking lots downtown.

Mayor Visscher explained that that was the original plan, but before meters were placed on lots, local merchants and the Chamber of Commerce released the city from the original agreement. William H. Vande Water, executive secretary of the Chamber of Commerce, corroborated this statement.

Roy Heath, representing the Masonic Lodge, asked how many more parking improvements were contemplated in the downtown area that would affect the Masonic building. Mayor Visscher said this depends on the requests that come in from the areas and Council would not consider requests which do not have the backing of owners of more than 50 per cent of the property.

Visscher reviewed last year's program to bond the city for \$350,000 for parking improvements, the amount to be paid out of parking meter funds over a period of years. This program was roundly defeated and since most persons expressed opinions that merchants should aid in helping, the current program in which benefiting property owners would pay the equivalent of 50 per cent of the costs was proposed months ago.

The mayor felt that the same procedure would be used in the future.

Capt. David Badgley of the Salvation Army asked special consideration for the Salvation Army's plight, stating he felt the Salvation Army does not belong on the rolls, particularly not in the 60 per cent bracket. He said the Citadel will benefit in no way from parking improvement. As a citizen, he agreed that parking lots are necessary and if the Citadel's opposition were to defeat the whole program, it would pay. But he suggested a 30-day delay for further study. Mayor Visscher explained legal difficulties involved in such a delay.

John Arendshorst who owns property at Seventh St. and River Ave. felt it was not necessary to purchase the Mercury garage and suggested parking be improved west of River Ave.

Next meeting will be on Feb. 13 in the evening.

## Hung Jury Prompts New Trial in Court

GRAND HAVEN (Special) — A Circuit Court jury Wednesday afternoon failed to agree in the case of Donald C. Schmidt, 23, Grand Haven, charged with negligent homicide, and at 5:25 p.m. the jury was dismissed for further deliberation. Schmidt will return for trial in the April term.

Schmidt was charged in connection with an accident July 29, 1959, on M-50 two miles west of Holland in which Henry Martinie, 45, route 1, Zealand, was fatally injured.

After deliberating two hours, the jury returned shortly before 5 p.m. to question the speed of vehicles involved, a subject which Judge Raymond L. Smith said was not brought out in testimony and had no bearing. The judge in dismissing the jury later said he could not understand why the jury found the case complicated.

Guilty Plea Entered  
GRAND HAVEN (Special) — Richard Thiell, 20, of 153 Central Ave., Holland, appeared in Grand Haven Municipal Court this morning for examination on a charge of carrying a concealed weapon but when Judge Jacob Ponstein was ready to proceed, Thiell indicated he wanted to waive examination. He was bound over to Circuit Court and was arraigned almost immediately. He entered a plea of guilty and will return for disposition Feb. 8. Bond of \$200 was continued. The alleged offense occurred on 2 in Georgetown township.

In spite of the increased activity, the sheriff's department succeeded in operating "in the black," having used only \$45,310.05 of the \$46,230 allotted to them out of county funds, leaving a balance of \$919.95.

Feb. 17 has been set as the date for a public hearing for eight water main projects in newly annexed areas in Holland.

City Manager Herb Holt presented reports on the eight projects involving an estimated \$209,822.27 at a regular meeting of City Council Wednesday night.

The projects, each of which was described in detail, are for water service in the following areas: Apple Ave., Legion Park, Holland Heights, West 17th St. (Ottawa to Diekmans), Indian Hills, Montello Park, Maplewood and Lakeview. Each project had its own resolution.

The public hearing was scheduled Feb. 17 instead of two weeks hence so that City Clerk Clarence Greengroed's office would have sufficient time to send written notices to all persons in the benefited districts according to tax rolls.

Maps were available showing where water service is to be extended. The city manager's report also included proposed financing. Cost per foot varies from \$1.51 to \$1.99 to the property owners. Costs vary in different areas because of ground levels and obstructions.

The 1960 water improvement program for the city is expected to be installed by city personnel.

Council appointed Hollis North, of 41 West 17th St., as a member of the Board of Appeals, his term to run to June 30, 1961. Council previously amended the charter in order to have six members on the board instead of five. The amendment becomes effective Jan. 27 and the appointment is effective as of that date.

## Vander Hill Called Greatest Shooter in Hope's History

"Warren Vander Hill is the greatest shooter we've ever had at Hope College," Bud Hinga, Hope's basketball coach from 1931-1948 and presently dean of students, said today in chatting about the 6'1" senior who has scored 305 points this season.

"We've had some fine shooters here," Hinga said and mentioned Don Mulder, Russ De Vette, Bill Poppink and Paul Boyink as just a few of several fine shooters, "but I feel that Vander Hill tops them all," Hinga said.

"And he is the hardest player to guard I've ever seen. He makes the tough shots better than the easy ones. He can have someone practically hanging on his neck and still make a basket while he will miss an easy one when he is driving in by himself," Hinga said.

Hinga, who developed six MIAA championship teams, pointed out two reasons why he thought Vander Hill was Hope's best shooter. "He holds the ball back of his head for his one hand jump shot and this gives him a higher arch and he has an uncanny confidence that the ball will go in."

"Also he is constantly analyzing what he is doing wrong and works to perfect it," Hinga said.

Hinga related that Vander Hill noted against Calvin this season that he was not getting the arch on his jump shots in the first half. So during halftime he studied where he was placing his hands on the ball. He changed the position slightly in the second half and held the ball farther back of his head and made 12 baskets after hitting only three in the first half.

"Vander Hill is a great competitor and is going hard all the time," Hinga said. "He has played a lot of summer basketball in amateur YMCA leagues and has developed his shots on the tennis courts of Long Island," Hinga said.

Hope fans have noted Vander Hill's confidence in his shooting. They have seen him fire four or five times in a game and miss on long jump shots. But he isn't bothered, remains confident and keeps firing away.

Vander Hill has made just a shade under 50 per cent of his shots this season. This figure is fine and even better after a study of the Hope shot charts shows that Vander Hill hit more of his baskets on jump shots from way out where his chances of missing would be higher. He usually gets only one or two layups in a game.

Against Ball State Tuesday night, Vander Hill hit 18 field goals to set a new Hope College field goal mark. Most of the shots were again jump shots from the sides or from behind the foul line. He hit 16 baskets against Central State to tie the old mark.

Bob Montgomery was the first Hope player to shoot a one-hand push shot during the 1939-40 season, Hinga reported. Mulder and De Vette followed during the 1942-43 season and perfected a one-hand jump shot off one foot, fading back with the shot.

Mr. and Mrs. Ben Karsten celebrated their 35th wedding anniversary on Friday at their home. Attending the celebration were their children, Mr. and Mrs. Jake Klynstra, Viola of Zeeland; Mr. and Mrs. John Slenk and Mr. and Mrs. Laverne Zorhof of Holland; and Mrs. Lesley Lampen of Zeeland, Mr. and Mrs. John J. Klynstra of Beaverdam and Lee and Nancy at home. A lunch was served and a gift was presented to the honored couple.

### Beaverdam

Mr. and Mrs. Harvey Palmbo and children were Sunday evening visitors with Mr. and Mrs. Harvey Boersen and family.

Miss Genevieve Blaukamp and William Slenderbrook of Cutlerville were united in marriage last Tuesday in Hudsonville. They will make their home in Cutlerville.

Warren Vander Hill  
... 'hardest to guard'

set by Paul Benes and has made 14 baskets on two occasions this season and 13 baskets each in two other games.

His 305 points now puts Vander Hill a shade behind Bob Hendrickson for second place in the all-time Hope scoring derby. Vander Hill now has 1,325 points and needs only 26 to tie Hendrickson's four-year mark of 1,351. Vander Hill still has 10 regular season games to play. Paul Benes is the all-time point leader with 1,761. Benes also holds the single season scoring mark of 476 points.

The one-hand jump shot has been popularized at Hope in basketball during the past decade. Ron Bos, who played from 1950-53, was the first Hope player to perfect the one-hand jump shot over his head off, both feet. He fired most of his from around the foul circle.

Bob Montgomery was the first Hope player to shoot a one-hand push shot during the 1939-40 season, Hinga reported. Mulder and De Vette followed during the 1942-43 season and perfected a one-hand jump shot off one foot, fading back with the shot.

Bill Vander Bilt, who does most of the screening for Vander Hill's jump shots, fouled out in the closing seconds. He was the first Hope player to foul out this season.

Warren and Jim Vander Hill and Vander Bilt all had three fouls in the first half. Hope was charged with 22 personals and the Cardinals, 15.

Hope seeks its seventh straight MIAA victory against Alma College in Alma on Saturday night. The Scots are 2-3 in league play.

## Vander Hill Hit 37 Points In 86-81 Win

MUNCIE, Ind. (Special) — Hope College's basketball team stopped Ball State Teachers College, 86-81 here Tuesday night for its ninth victory in 11 starts and Warren Vander Hill set a new Hope record of 18 field goals.

Vander Hill hit 37 points in the game, his season's high, and the 18 field goals broke the old mark of 16 made two seasons ago by Paul Benes against Northern Illinois and tied this season by Vander Hill against Central State of Ohio.

Ray Ritsma, the other big punch in Hope's offense, came through with 32 points as he added 14 baskets and four free shots. Ritsma was again strong on both boards.

Hope was in command all the way although Ball State came within two points with four minutes left in the game. But then Hope put its fast break in high gear and scored five straight baskets, two each by Vander Hill and Ritsma and one by John Oosterbaan, to zoom the margin to 12 points.

Ball State cut the margin to five points in the final two minutes when they secured the points on free shots as Hope was charged with several late-game fouls.

The Cardinals scored the first basket of the game. Hope then tied the score and shot out to leads of from 10 to 16 points throughout the rest of the first half. The halftime score favored the winners, 45-35. Vander Hill hit 21 in the first half.

In the second half, Ball State cut the deficit to five and seven points and then down to the two points with four minutes left.

Hope hit 18 baskets in 58 attempts in the first half and 20 of 46 in the second half for a total of 38 of 104 for 36 per cent. This is the lowest shooting percentage the Dutch have had this season.

Ball State connected on 33 baskets in 82 chances for 39 per cent. The Cardinals had halves of 19 of 45 and 14 of 37. Dave Horn led Ball State with 23 points.

Vander Hill, who now has scored 305 points in 11 games, has an average of 27.8 per game. The Tuesday performance increased his average by one point. He is the 10th leading scorer in the nation among small-colleges. Ritsma has now scored 243 points this season and has a 21.2 game average.

Vander Hill and Ritsma played the entire game. Vander Hill fell two short of tying the Ball State gymnasium record and fell two short of tying the Hope individual game record. Benes holds the Hope mark of 39 made against Hillsdale two seasons ago.

Bill Vander Bilt, who does most of the screening for Vander Hill's jump shots, fouled out in the closing seconds. He was the first Hope player to foul out this season.

Warren and Jim Vander Hill and Vander Bilt all had three fouls in the first half. Hope was charged with 22 personals and the Cardinals, 15.

Hope seeks its seventh straight MIAA victory against Alma College in Alma on Saturday night. The Scots are 2-3 in league play.

## Don't Panic at Headlines, Toledo Pastor Tells Club

Speaking informally with many story illustrations, the Rev. Raymond Beals, pastor of St. Paul's Methodist Church of Toledo, Ohio, told the Woman's Literary Club at a guest meeting Tuesday night not to be too concerned over today's headlines but to consider them in the context of today's pattern of living.

His subject was "Don't Lose Your Head in the Headlines" pointing out that violence in black ink represents the unusual, not the usual. "I'm not a rosy optimist, and we all should be concerned about the problems in domestic and international circles and in family life, but for every alarming story on the front page there are many, many good things that we all take for granted."

"Every day 50 million wives kiss their husbands when they come home from work and nobody hears about it, but if one greets her husband with a meat cleaver or a shotgun, that's the one we hear about."

"Today's headlines were about an airplane crash and while we sympathize with the grieving families involved, we think little of the thousands of flights made without incident," Rev. Beals said.

The speaker said the American people should be thankful for today's standard of living, something not often reflected in headlines. "Preachers usually warn against emphasis on material standards, but I'm grateful for our comforts. The 'good old days' brings back nostalgic memories but few would really want to return to them. Today we live longer, have more time to do the things we want to do, and have more freedom from suffering. One of our greatest social wastes is ignoring the experience and skills of our retired people. Certainly they should continue to live creatively, usefully and happily, but at a slower pace."

He described operations of a "Life Enrichment Program" started in Toledo and expressed the hope that this movement would spread. He pointed to the gradual improvement over the years in race relations, not ignoring the tensions but emphasizing that the story of a successful school integration program involving months and years can't hope to compete with a riot.

Rev. Beals pointed to improvements in the cultural patterns in America, the interests in music and satisfying hobbies and the hopeful signs on the world front bringing in such organizations as UN, World Health Organization and UNICEF. He said the cultural exchange between the United States and Russia opens a field for understanding between peoples, and this can sometimes produce better results than a government treaties.

Of course, we'll continue to make mistakes, but we should be grateful for the good things we have, and we must find a way of living together with mutual respect," he said.

Mrs. Carl Harrington, club president, briefly reviewed functions of some club activities and announced a Civic Health committee meeting Jan. 26 and a benefit bridge party Feb. 9 in the clubhouse.

Hostesses were Mrs. Francis Drake and Mrs. Theodore Van Oosterhout. Refreshments followed in the newly decorated tea room.

## Hope Church Guild Has Installation

The Hope Church Guild for Christian Service became active Monday evening with 165 members present for dinner in the Parish Hall. Mrs. Milton Hinga presided at the meeting.

Mrs. Herman Hoek, from Fifth Reformed Church in Grand Rapids, was introduced by her long-time friend, Mrs. James Wayer. Mrs. Hoek spoke to the Guild from experience with the three-year planning committee which gave form to the new women's Guilds.

Her topic, the value of leisure time, followed the meeting's theme of "The Forward Look," as she urged members to take inventory of their lives, recognizing that God-given time is accountable to Him. Mrs. Hoek's delightful anecdotes brought her message of mastering leisure time to practical planning for the women.

Mrs. J. I. Lubbers conducted installation of the officers, who are: Mrs. Hinga, president; Mrs. Gerald Rocks, first vice president; Mrs. John Hollenbach, second vice president; Mrs. Roy Klomprens, secretary; Mrs. Frank De Weese, treasurer; Mrs. Wayer, education secretary; Mrs. Paul Hinkamp, organization secretary; Mrs. L. W. Lamb, Jr., spiritual life secretary; Mrs. H. K. Alexander, service secretary; Mrs. L. W. Wade, permanent nominating chairman. To close this dedicatory service, Mrs. Carl Selover sang "Take My Life," accompanied by Mrs. Howard Dowstra.

The budget prepared by the committee headed by Mrs. J. D. Jencks was unanimously accepted. Mrs. Hinga outlined the year's program, emphasizing the next meeting, Feb. 17, when Mrs. Wayer will review "Africa Disturbed" following luncheon.

Dinner arrangements were directed by Mrs. Alexander, who was assisted by the service chairman of each of the ten circles of the guild, Mrs. Vernon Ten Cate and Mrs. James De Helder. The service was arranged by Mrs. Hinga.

The Young People of the Church plan to have a toboggan party next week Tuesday.

## WOMEN

Women who are property owners in the city of Holland as well as wives of property owners are eligible to vote in the election being held today to bond the city for a new sewage disposal system in the amount of \$2,900,000.

We think this is important because women are fast becoming a majority of the voters since they were given this voting right in the United States 40 years ago. Some of us remember when a woman on the election board was an exception. Now they are quite common. This also indicates that our women folk are becoming more and more concerned with public affairs.

Back in 1920 and 1926 the Census Bureau issued statistical reports indicating the margin was narrow with the statistics showing more men than women voted. This year there may be a turn so that the balance of power will rest with the women, like it does in the home.

The Census Bureau estimates that there will be 3.3 million more women of voting age than men. The increase expected in another decade is estimated at 4.7 million and by 1980 at 5.5 million. This could place the women way out in front.

There are many women who will vote about the same as their husband or some member in their family. So some of the dyed-in-the-wool politicians do not seem to worry a lot about this increase or increases in the number of women voters.

With all of the many problems locally by states, nationally and world there is every reason to believe that there will be some changes made.

We men will just have to wake up and do a little more hard and good thinking about all of the many problems that face us today.

Think it over men. Lets hear from the women. Remember to vote. Today the polls are open until 8 p.m. This is an election year for the states and the nation. It is well to be informed; everyone is affected. Government is a huge business today and it affects all of us. Remember it is your duty to vote. We think it is a privilege. How about you and you and you?

## Officer Nabs Wanted Man

— Patrolman John Atkins decided he needed a coffee break Sunday and walked into a local coffee shop. He walked out with an escapee from the Wisconsin State Penitentiary.

Atkins said he thought the man he sat down next to looked like someone he knew. The man looked a bit nervous as Atkins watched him, trying to remember where he had seen the face before.

When the man stood up without finishing his food Atkins remembered where he had seen his face before, on an FBI wanted poster.

Malcolm Gile, 37, a former Allegan resident, offered no resistance when Atkins suggested they go to the Allegan County jail to talk things over.

Gile escaped from the Wisconsin prison four months ago. He was serving a life term for armed robbery.

He indicated that he would waive extradition.

## Seeks to Halt Pushing Snow Into City Streets

Chief of Police Jacob Van Hoff today issued a word of warning to persons who remove snow from their walks and driveways and deposit it on city sidewalks or streets.

There is a city ordinance prohibiting this practice, the Chief said, and he added that driving conditions are bad enough without the added snow being pushed into the streets.

Chief Van Hoff asked the cooperation of all Holland residents in curbing this practice.

## Sunday School Lesson

Sunday, January 24  
The Converting Power Of the Gospel  
Acts 16:13-15; 16:25-34  
By C. P. Dame

(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. and used by permission.)

The lesson tells about the conversion of two people, a woman and a man. Conversions still take place. It is the work of God to convert people but He uses His workers.

I. The Lord directs His workers. Before Paul began his second missionary journey he had a quarrel with his friend Barnabas about John Mark whom Barnabas wanted to take along on the new journey but Paul objected because John Mark had deserted them in the previous journey. Barnabas and John Mark went to Cyprus and did missionary work there.

Paul took Silas as his new companion. The two men left Antioch which was also the starting point on the first missionary journey and they revisited Lystra, Derbe, Iconium and Antioch of Pisidia in which cities there were congregations.

At Lystra, Timothy joined the missionaries. The Holy Spirit prevented the missionaries from preaching in Asia Minor and so they travelled on and came to Troas where they got their orders.

At Troas Paul had a vision of a Macedonian man who said, "Come over into Macedonia and help us" and they responded "concluding that God had called us to preach the gospel unto them." In the lesson text are two pronouns, "we" and "us" which indicate that Luke the writer joined the party at Troas. We do not know where Luke was born, when and how he became a Christian but we do know that he became the first medical missionary.

The party was now composed of Paul, Silas, Timothy and Luke—four consecrated men.

The missionaries sailed from Troas to Samothrace and arrived at Neapolis and walked from there to Philippi, the most important city of Macedonia. Evidently there was no synagogue in Philippi but a small group of Jews met for prayer on the Sabbath day by the side of a river. The missionaries went to this place on the first Sabbath day and found a group of interested women to whom they men spoke. In Macedonia women had much freedom and it was perfectly proper for these men to speak to them.

II. God converts people. In this group of women was one named Lydia "a purple-seller of Thyatira", located in Asia Minor, whose heart the Lord opened. Lydia was a Gentile, wealthy, she lived in a large house, she was a Jewish proselyte, a business woman and much interested in religion. We are told that she "attended unto the things which were spoken of Paul"—and she and her household were baptized. She gave proof of her conversion by her desire to serve—she wanted to entertain all the missionaries at her house.

Paul and Silas healed a demon-possessed girl in Philippi and this angered her owners for the girl made much profit for them by foretelling the future. When they realized that their income was gone they seized Paul and Silas, stirred up the crowd and the authorities put Paul and Silas in jail. At night the missionaries sang. An earthquake shook the jail to such an extent that he doors flew open.

The jailer thinking that all the prisoners had fled, was about to kill himself when Paul called and stopped him. The jailer asked an important question — "Sirs, what must I do to be saved?" Paul had the answer, "Believe on the Lord Jesus Christ, and thou shalt be saved." All in his house heard the gospel, and believed and were baptized. The jailer gave proof of his conversion by washing the stripes of the missionaries and giving them food and by rejoicing in the Lord. Real conversion showed itself in deeds.

**CITY DIGS OUT OF SNOW** — Merchants shoveling sidewalks and drivers scraping snow off their windshields were common sights in Holland Monday as a storm dropped about 2 inches of snow on the city by 11 a.m. Streets and roads in the area were treacherous and hazardous driving warnings were posted throughout the southwestern part of the state. About four inches of snow fell Tuesday.

## Local Ministers Protest Sunday Military Drills

The Holland-Zeeland Ministerial Association is forming a committee to consult National Guard leaders protesting drills and military training on Sunday after the Rev. Harland Steele, association vice president, reviewed reports at a meeting of the association Monday morning in the lounge of Duffee Hall on Hope Campus.

After a preliminary conference with Adjutant General Ronald MacDonald of Lansing, and after consulting leading ministers of the community, Rev. Steele is of the opinion that drills and military training on Sunday violates basic American concepts of the sanctity of the Lord's Day.

The opinion also was pressed that exploiting the National day of worship for military training in times of peace was a usurpation of a privilege not granted to the National Guard by the Christian citizenry of Holland-Zeeland area.

Ministers felt it was not conceivable that the National Guard will aid or abet the policy of the Communists to break down Christian institutions. As an indication of the willingness of the association to cooperate with the government at every possible point, the association went on record that the March meeting would be devoted to national defense. The association will work with the Ottawa County Civil Defense organization to map a program of speakers. Dr. Miner Stegenga will serve as contact person for the ministerial association and Civil Defense.

The Rev. Bernard Vanderbeek reported for the Rev. Roy F. Hilton on the study of indecent printed matter circulated throughout the community with what ministers feel is without adequate supervision or control. Rev. Vanderbeek's report, restrained yet impressive, drew a committed response from clergy present, and the February meeting will be devoted to this community problem. The aim is a community committee covering all religious and educational groups serving as a permanent agent of a united community conscience on the matter. The ministerial group has been working with Mayor Robert Viesscher, City Council and the local police department. Appreciation was expressed for cooperation by these groups.

The Rev. Henry Kik, representative of the Grand Rapids-Holland Christian Guidance Bureau, emphasized the need of cooperative efforts of ministers and lay leaders as a first essential for building good homes and a rich family life. He also confronted ministers with a new responsibility to teenagers and young men and women in the matter of preparation for marriage.

The Rev. William Brink presided. The association expressed appreciation for the decade of service by the Rev. Henry Rozendal of Bethel Reformed Church who has accepted a call to a Reformed Church in San Francisco. Rev. Rozendal had served in the field of radio and Christian education.

## Chamber of Commerce Opens Annual Membership Drive

More than 50 persons attended the Early Bird Breakfast of the membership committee of the Holland Chamber of Commerce to kick off the annual chamber membership drive in the Tulip Room of the Hotel Warm Friend.

George Van Peursem, former president of the La-Salle-Peru, Ill., Chamber of Commerce and ex-member of the Michigan House of Representatives, gave the keynote address and asked what members were getting from the Chamber.

He then answered the question and pointed out that members could draw from the experience of more than 600 members and didn't have to go through growing pains. He pointed to the fact that the Chamber had the services of a trained staff and an outstanding board of directors.

Van Peursem said the Chambers provides members with an opportunity to raise their voice in government. He said the Chamber has something to promote and advertise Holland, all the assets of the community such as industry, labor, supply of nature and a good living.

"The chamber takes care of the problems of the community, spearheading drives and keeping posted. The member always gets back more than he puts in and those that put in a great receive great returns," Van Peursem said.

Veteran Chamber member W. J. Olive gave a "pep" talk and asked division members to be leaders not followers. "You do not work for the Chamber of Commerce, but with them," Olive said. He praised the work of the Chamber in the past and said support is needed to continue the work of the future. Chairman James Brown presented

# Hope Scores 110; Maroons Triumph

## Christian Wins, 76-64 Over Kazoo

Holland Christian's cage fortunes took another swing upward in the Civic Center Saturday afternoon as the Maroons took a convincing 76-64 win over highly touted Kalamazoo University High. A crowd of 2,000 fans saw the Maroons hand the fifth ranked Cubs their second defeat in nine starts.

The Maroons had given a hint of what might come in their last minute loss to powerful St. Joseph Tuesday night. Then against the Kazoo outfit, the determined Maroons made up for their poor shooting of recent weeks to blast the Cubs with a 51 per cent shooting mark.

It was the best Christian shooting of recent years and the 76 points came within three points of tying the unofficial school record which has been reached on several occasions.

The contest was a well played thriller from start to finish with U-High looking every bit a state ranked ball club. Kalamazoo, coached by Earl Borr, formerly of Holland, is a flashy ball club made up of great speed and excellent shooters. Coach Art Tuks' Maroons needed the great shooting to win as the high scoring Cubs hit on 43 per cent, good enough to win most ball games. Holland collected on 29 out of 57 tries from the field, while the losers scored on 24 out of 56. Christian's shooting was consistent as their poorest mark was 46 per cent in the third period.

Tuks started three juniors and they carried the brunt of the scoring load as they hit for 48 points. Frank Visser at center continued his fine offensive play with 25 points, getting nine out of 11 from the field. The two junior guards, Tom Bouman and Doug Windemuller got 12 and 11 points apiece. A third guard, senior Ken Walters, came off the bench in the fourth quarter to spark the Maroons with some fine "feeds" and shooting during the stretch drive.

U-High was paced by Dave Hamilton, one of the finest players to perform against the Maroons in a long time. Only 5'10". Hamilton can do everything well with his tremendous speed and shooting. Shooting from out as well as driving under, he pumped in 25 markers.

Both clubs started fast and hit almost from the opening whistle. U-High took one of its two leads of the game at the outset with a 1-0 margin. Both clubs traded basket for basket until the locals spurred to a 15-7 count. The losers narrowed the gap before they again trailed by eight, 21-13 at the quarter. Vern Wedeven hit all four of his game baskets in the opening stanza.

Paced by some superb outcourt shooting by Bouman and Windemuller, the Maroons upped their margin to 31-19 and later to 41-25 before the Cubs fought back. Forward Dennis Ketcham started to connect for the Cubs and helped to close the gap to 42-33 at halftime.

Kalamazoo really caught fire and staged a blistering fast break to open the second half and within four minutes had cut the Maroon bulge to 46-45. Hamilton spearheaded the attack with four fielders. Finally at 2:47 of the third stanza, the Cubs overtook the Maroons and went out in front 49-48. This only served to ignite Christian's spark and they pumped in 10 points in the next two minutes to move out again to a 58-51 lead going into the final period.

It was still nip and tuck throughout the first half of the last period as Kazoo came within several points on a couple occasions. Then at the four minute mark, the Maroons really turned it on and the Cubs were forced to wilt. Christian upped the lead to 72-60 and later to 14 points, aided by some fine foul shooting.

Christian had a good night at the foul lane as well, hitting on 18 out of 23 with Visser collecting seven out of eight and Windemuller, seven out of seven. U-High did as well with 16 out of 20 tries.

The win evened the season series with the Cubs who took a 51-39 decision three weeks ago.

On Friday, Christian will step into Class A ranks again to entertain Grand Rapids Creston in the annual homecoming game.

## Dutch Defeat Albion; Take 6th Loop Win

Warren Vander Hill and Ray Ritsema put on their best home scoring performances of the season as Hope College's basketball team rolled over Albion, 110-68 for its sixth straight MIAA win before more than 2,500 fans Saturday night in the Civic Center.

The deadly Dutch duo dropped 61 points through the basket and almost personally defeated the Britons. The win was Hope's eighth in 10 games and kept them unbeaten in the MIAA while the Britons are now 4-3 in the league and 6-7 overall.

Vander Hill continued to bomb from the sides and near the foul circle with his colorful jump shot. After missing his first four shots, Vander Hill connected four straight times on the one-hand jump before another shot dribbled off the hoop.

Displaying smooth coordination on the shot, Vander Hill lets fly with a certain unexpedient that makes him probably the most difficult man to guard in the MIAA. Although the defender senses the shot is coming, Vander Hill's timing, as to the exact instant, throws off the defense.

He hit 13 shots in 23 tries in the game, including seven baskets in the second half. He added five free throws for 31 points. The Hope co-captain made six of 13 in the first half and seven of 10 in the second half.

Points in 10 games for a 26.8 point average, tops in Michigan. He leads the MIAA with 166 points in six games for a 27.2 average and is 15th in the nation among small college scorers.

Ritsema, the master of the hook shot, started in the first half for Hope as he hit nine of his 13 baskets. He added four free shots and ended with 30 points.

The 6'6" co-captain turned in another fine game on the boards. Challenged by 6'2" muscular Garth Richey, a fine Albion rebounder, Ritsema picked off 28 rebounds, his season's high to date.

Several of Ritsema's baskets were made on tip-ins as he continued to play his king of the board role. Ritsema fired 23 times in the game, hitting nine of 16 and four of seven. He has 211 points for a 21.1 average and has scored 131 in the MIAA for a 20.5 mark.

Hope fired a fine 49 per cent of its shots with 46 baskets in 94 tries while the Britons hit on 26 of 80 attempts for 32.5. The Dutch made 19 of 42 in the first half and 27 of 52 in the second half. Albion had 13 of 42 and 13 of 38. Hope made 16 of 20 free shots and the Britons hit 16 of 21.

The Britons, featuring a tricky weave, gave Hope a ball game in the first half. The Dutch led 20-17 at the 10-minute mark and were in front 44-35 at half.

But in the second half, it was all Hope as the winners doubled the score on the Britons, hitting 66 points to Albion's 33. A fast spur about four minutes after the second half began which saw Hope shoot to a 63-46 margin paved the way. Hope led 76-53 at the 10-minute mark.

Coach Russ De Vette was again able to use his entire 14-man team as Hope passed the century mark for the second straight time. Freshman John Oosterbaan hit a layup for the 100th point with 3:20 left. In the last five minutes of play, Albion made only three baskets and the Hope reserves jumped the score from 94-64, a 30-point bulge, to the final 42-point margin.

Jim Vander Hill, the lone freshman in the starting lineup, had 17 rebounds for runnerup in this department while Daryl Siedentop again looked good in his reserve role, hitting on four baskets and two free shots for 10 points. Oosterbaan made eight points.

Hope held Albion's high-scoring Bill Losey to 10 points. The Dutch defense forced Losey out beyond his range for his long one-handers.

## Little Maroons Defeat Kazoo

Holland Christian's Little Maroons copped their ninth win in 10 starts in the Civic Center Saturday afternoon as they downed the Kalamazoo University High reserve squad, 65-40. The loss was the third in nine games for the Kazoo club, two losses coming at the hands of the Maroons.

Christian started out slow but managed to hold the upper hand throughout the first half. Then they began to roll in the second half, netting 40 points to win going away. U-High was a much taller club than the Dutch, but weren't able to control the boards against the Maroons.

The first quarter was close all the way until the Maroons moved out to a 13-10 lead at the horn. From this point on, the Maroons steadily increased their margin and led 25-16 at halftime. The Maroons really clicked against the sagging U-High defense in the third stanza to go out to a 47-28 third period lead. With reserves playing a good part of the last stanza, the Dutch outscored the losers 18-14.

Christian's defense did a fine job to hold the classy high scoring Cub guard, Bob Engels to no points in the contest.

Leading scorer for the Maroons was Paul Steigenga with 20, followed by Clare Van Wieren with 16, Jim Fredricks with 11, Paul Tuls with nine, Dan Joldersma with four, Jim Newhouse with three and Don Klaasen with two. Warren led U-High with 16.

## Civic Concert Thursday Features Mezzo Soprano

Martha Lipton, glamorous mezzo-soprano of the Metropolitan Opera, will appear in Holland Thursday at 8 p.m. in Holland Civic Center under the auspices of the Holland Civic Music Association.

This beautiful, dark-haired artist was featured at the Metropolitan's 1957 opening night in the revival of Tchaikowski's opera "Eugene Onegin."

Martha Lipton

She had been a leading member of the Met company since her debut there. Her amazingly varied repertoire embraces over three dozen roles in four languages by 20 composers.

Her successes in opera in Europe are no less significant than those achieved in the United States. In 1953, she made her debut at the Vienna State Opera.

In 1954, she toured with Benjamin Britten's English Opera Co. as the first American ever engaged to star with the troupe.

They performed Britten's "Rape of Lucretia" in Germany and England, concluding with three performances at the Sadler's Wells Theater in London.

Paris witnessed Miss Lipton's highly successful debut in 1958, in the role of Amneris.

As a recitalist, Martha Lipton joins ranks with that small and exclusive group of artists whose talents embrace both opera and concert.

As guest artist with orchestras and at the nation's major music festivals, she has performed under the direction of such eminent maestros as Bruno Walter, Dimitri Mitropoulos, Fritz Reiner, Leopold Stokowski, Eugene Ormandy, Leonard Bernstein, Guido Cantelli, Antal Dorati, Igor Stravinsky and Artur Rodzinski.

A reception to which all members of the Holland Civic Music Association are invited will follow Miss Lipton's concert in the exhibition area of Civic Center.

Serving on the reception committee are Mrs. William G. Winter, Jr., Roger Rietberg, Peter Prins, Mrs. T. E. Van Dussen of Fennville and Bernard P. Donnelly, Jr.

Treating conservation in its broader aspects involving the saving of natural resources for future generations and the maintaining of a proper balance among these resources, Mrs. Wetter pointed out that many of the present problems come under the category of conservation. Birth control, she said, is an effort to maintain a proper balance between population and food supply.

The speaker said the need for provision of adequate and sound schools also is a matter of conservation since it concerns the full development of a most important resource, youth.

## Big Crowd Sees Dutch Take 7th Win

Playing before more than 2,400 fans, the biggest crowd ever to watch a Holland High basketball game in the Civic Center, the Dutch defeated Grand Haven, 73-64 Friday night for their seventh win in nine starts this season and fifth straight victory.

The near-capacity crowd was the largest since Holland began playing in the Civic Center six years ago but the fans witnessed the spottiest home performance by the Dutch this season.

Holland had flashes of fine play, three times running up 11-point margins, but they had some lapses and committed several mistakes, including bad passes and missed assignments.

With 2:43 left in the third quarter, the Dutch were waiting along with an 11-point bulge, 53-42 when scrappy Grand Haven took over and scored 10 straight points before Holland recovered.

This lapse made the game close in the late stages and with one minute gone in the fourth quarter, Grand Haven trailed, 53-52. For the next two minutes the teams exchanged two baskets each before Holland again straightened out, gained command and moved to an eight-point lead with about three minutes left.

During this period the Dutch fast break looked good and Holland was tough on the boards. Grand Haven came within four points, 68-64 with 36 seconds to go but Ron Maat hit three straight free shots and Ed Loncki added a basket to supply the final nine-point margin.

Maat and Glenn Van Wieren were the big guns for Holland again with Maat hitting for 26 points, including 18 in the second half while Van Wieren made 24, including 18 in the first half.

Holland had its best shooting in the fourth quarter with eight of 15 and Maat led the drive with three buckets. Van Wieren was the first half star, hitting on seven of nine baskets and handling many of the rebounds.

Loncki came in for 10 points on five baskets including two straight in the fourth quarter. He had five for 10 in the game.

Holland hit for 30 baskets in 76 cracks for 39 per cent while Grand Haven made 24 of 67 for 35 per cent. This was Grand Haven's best shooting this season. Holland had quarters of 9-26; 6-19; 7-16 and 8-15 while the Bucs were 6-14; 9-21; 4-14; and 5-18. Holland made 13 of 20 free shots while Grand Haven hit 16 of 22.

Grand Haven scored the first two baskets and then Holland scored seven straight points. The teams were tied 7-11 before Holland took a 10-7 lead and never again trailed.

Van Wieren made his fifth basket of the first quarter with 29 seconds left to put Holland in front 20-13 at the quarter. Holland zoomed to a 30-19 spread with 4:40 gone in the second quarter before the Bucs closed in to trail, 36-33 at half. The Dutch played a man-for-man defense in the first half and moved into a zone in the final two periods.

Maat hit four baskets in the third while sub Dave Hettinga, playing his finest game, came through with 10 points for Grand Haven. Holland held a 53-48 margin at the canto's close as Hettinga scored the final six points.

Hettinga was Grand Haven's leading scorer with 16 points while Dave Foutz followed with 15. Hettinga hit five for 11 and Foutz made seven of 13. Foutz missed his first free throw attempt in 20 tries this season in the third quarter after sinking his 19th straight in the first period.

The loss was Grand Haven's sixth against two wins. Holland will host unbeaten St. Joseph on Tuesday Jan. 26 while Grand Haven plays at Benton Harbor on Jan. 22.
