CITY WANTS TO KNOW ALL ABOUT ITS LIGHT

CONSUMER MUST GIVE BOARD INFORMATION ABOUT HOME LIGHTING

Board of Public Works Is Taking An Inventory of Lamps In the City

The Board of Public Works wants to know what kind and manner of electric globes there are in the city. For that reason each light user has received a card with instructions as to what is required on the one side and a place for tabulation on the other.

On February 10 a man will come around to collect these cards in order that the city may have a proper record of the lamps that are in use.

The instructions to light consumers follow:

"In its preparation of the annual report for the present fiscal year, the board of Public Works desires to be able to present an accurate count of the various sizes of lamps in service and also of the various types of electric appliances in use. For the purpose of securing this information with the least amount of annoyance to the electric light consumers this card has been prepared, on the reverse side of which is a form to be filled out by the consumer at their leisure."

"All lamps, when sent out have a label pasted on the glass bulb near the base giving the size of the lamp in watts; thus 60w. means 60 watts."

"The object is to write down opposite the various rooms the number of the various kinds of lamps in that room."

"For example—

"If you have, in your living room two 50 watt lamps and one 60 watt lamp, you would place a figure 2 in the 50 watt column, and a figure 1 in the 60 watt column opposite the words 'Living Room.'"

"If you have an electric iron and vacuum cleaner, place a figure 2 in that column, opposite the words 'Flat Iron' and 'Vacuum Cleaner' or opposite any other electric appliance you happen to have."

"On or shortly before Feb. 10th a man will call for the card, and in case you have some difficulty in filling in the figures desired, he will assist you."

FISHERMEN HAVE THEIR NETS BURNED

FIRE DAMAGES NETS STORED AT DEREMO PLACE

Fire was discovered shortly after 3 o'clock Tuesday morning in the building in Grand Haven back of Clark Deremo's residence on Clinton street. The building, which was isolated from the residence was used principally for storing nets. The origin of the fire is a mystery but the flames seemed to be where a ladder leads to the upper story of the structure. The department succeeded in extinguishing the blaze, but considerable damage had been done to the nets and the building.

CITIES DEMAND FAIR PLAY FROM CORPORATIONS

CITY ATTORNEY JOINS LEAGUE TO FIGHT PUBLIC SERVICE COMPANIES

Unjust Rate Boosting Will Be Fought By Entire League

City Attorney Charles H. McBride who has been in Lansing for a few days because a member of the City Attorneys Association, an organization formed by the city attorneys of 35 of Michigan's largest cities.

The intention is to league together and fight jointly any unjust boost of rates contemplated by or now in vogue in any of the cities where a member of the league is the legal head of City Attorneys of that city. This attorney will be aided by attorneys from other cities in giving opinions and in looking up legal data required in any legal battle that might come up between public service companies and these Michigan cities.

It is contemplated also to pool the interest of different cities thus making the expense of fighting cases in the courts less expensive to cities who happen to be involved in a suit with these companies.

At a meeting held in Lansing, M. J. Schaberg of Kalamazoo was elected president of the association. Other officers are: vice presidents, Bert Cady, Port Huron; C. H. McBride, Holland; A. L. Sawyer, Menominee; C. E. Wilcox, Detroit and G. M. Taggart, Grand Rapids. City Attorney Samuel H. Rhoades of Lansing was elected secretary. A. L. Sawyer, Menominee; C. E. Wilcox, Detroit.

SAYS HOLLAND PLANT HAS BEEN BIG SUCCESS

INTERVIEW BY MAYOR BOSCH PRINTED IN CHARLOTTE AND LANSING PAPERS

City's Chief Executive Offers To Go To Charlotte To Help That City Get Municipal Electric Light Plant

The city of Charlotte is having a hot fight on the question of electric light and power rates and many people there are talking municipal ownership.

Holland has been called upon for information about the plant here and the following article appears this week in the Charlotte Tribune, and was also reprinted in big display in the Lansing State Journal:

Charlotte, Jan. 23.—Ray Poppe, a well known resident of Charlotte, who returned the first of the week from a visit with friends in his native city of Holland, informed Mayor Bosch of that city that the Charlotte city council is contemplating action in the matter of establishing a municipal electric light and power plant, and he asked the mayor's opinion of Holland's experiences in the matter of municipal power and light. The present rates for electric service in Holland are three and one-half cents per kilowatt hour for cooking purposes and five and one-half cents for lights with ten per cent discount for prompt payment and also free lamp renewals; street lighting rate, \$35 per year for 250 candle power Mazda lamps. The lighting rate in Charlotte is ten cents for the first ten hours, eight cents for the next ten and six cents for the balance.

Mayor Bosch said: "Tell your people in Charlotte that the Holland City Municipal power and light plant is one of the best conducted institutions in Holland and in the state. No privately owned plant could possibly give better service and I am willing to stack up the rates the people of Holland are paying against the rates in any other similar community. More than once the rates have been voluntarily reduced. The plant is kept at the highest possible standard of efficiency and no expense has been spared to keep it in such shape that there shall be no necessity or possibility of impairing the service to the consumers."

"The plant has a large surplus that is constantly growing, so that it is possible for the plant to loan money to other departments of the city government."

"The Holland municipal plant has been and is so great a success that it has frequently been commented upon in electrical magazines of national reputation. Holland has had plenty of trouble with private owned public utilities and is in court now with one of them, but its publicly owned electric light and power plant is the pride of the city."

Mayor Bosch said that he was willing to come to Charlotte at any time to talk over the proposition with the people or their representatives.

Half of the show going people of Holland, it is said attended the show at the Powers last evening, when Otis Skinner and his company played "The Honor of the Family." Among those seen in the audience were Mr. and Mrs. John Bosman, Mr. and Mrs. Daniel Ten Cate, Mr. and Mrs. W. J. Garrod, Mr. and Mrs. Percy Reed, Miss Martha Sherwood, Mr. and Mrs. W. H. Wing, Mr. and Mrs. W. J. Olive, Mr. and Mrs. Charles McBride and Mrs. John Telling.

BOY'S CLAIM INVESTIGATED BY GRAND HAVEN POLICE

LOUIS ZIMMERMAN SAYS BULLET WENT THRU CLOTHING WHEN HE WAS FIRED ON

Says He Saw Man who Looked Like a Suspicious Character Before Shooting Took Place

The Grand Haven police are investigating a shooting affray, which Louis Zimmerman, a Grand Haven youth alleges took place Saturday night in the alley in the vicinity of Hopkins and Griffith streets in the Fifth Ward. The lad declares that he was shot at by a mysterious stranger in the alley, and exhibits rips in his clothing as proof that the bullet came near hitting him.

The city police have had the matter under investigation for several days, but as yet there has been very little uncovered, which will lead to any solution of the mystery. The boy main tains that his story is correct, however and final efforts to arrive at some clue as to the stranger who is alleged to have fired the shots are being made by the officers.

According to Louis Zimmerman's story he was taking a short cut thru the alley at about 7 o'clock Saturday night on his way from his home to a nearby store. It was rather dark at the time but he states that he saw a tall man, some distance from him, and that this man fired a shot at him. He believes the stranger wore a mackinaw jacket, but further than that he was unable to give a detailed description. The lad's outer clothing was torn, and he states the bullet passed thru his coat, missing his body. There is no explanation of the affair and no motive can be found for such an act. Only a dangerous degenerate or a fugitive expecting pursuit would attempt such a desperate thing.

TO BRING THE SOLDIER AND THE JOB TOGETHER

WAR BOARD TAKES ACTION TO HELP RETURNING BOYS TO FIND WORK

The Holland City War Board is going to make a strong attempt to bring the returned soldier and the job together. This formed the principal subject matter of the meeting held Wednesday night by that organization.

There are a good many returned soldiers, who left Holland to fight for America, who are without a job. Various factors have contributed to this. It was pointed out that a considerable number of places that were formerly occupied by the boys who answered the country's call have been filled by outsiders. In some cases farm boys secured deferred classification on industrial grounds but later when the war was over they hurried to town and snapped up the jobs, manufacturers at that time being anxious to get everyone they could lay hands on. And in many other ways the jobs of the soldiers have been filled, some by women, some by old men.

The War Board looks upon it as the community's duty to do all it can to find the jobs for the ex-soldiers. A number of soldiers have spoken to individual members of the board asking to be given a chance to work.

To get the matter under way the War board Wednesday night appointed a committee that will take the question up systematically. This committee will confer with the manufacturers of the city to find out what positions are open or will be open in the near future. The committee will for the time being serve as a kind of employment bureau, with services of course, absolutely free of charge. The returned soldiers will be asked to apply to the committee filing with it information as to what they are best fitted to do, what kind of work they desire and anything else that may help the committee to find the right place for them. The soldiers' canteen will be the headquarters and the committee and the soldiers will be asked to file their applications there.

The committee appointed by Chairman Robinson of the War Board is composed of the following: Jacob Lokker, chairman; Bert Slag, John Kelley, Able Smeenge and E. P. Stephan.

It is said that the late E. K. Warren international Sunday School and worker, philanthropist and manufacturer, who became well known in Holland during the Sunday School convention of a few years ago, left an estate valued at seven millions of dollars. The exact amount is not yet known, for the will has not been probated, but men who know something of Mr. Warren's activities believe he was worth this much when he died.

OTTAWA COUNTY HAS SMALL FIRE LOSS

NO DOUBT GOOD FIRE EQUIPMENT IS A GREAT AID

Insurance Companies Should Recognize These Facts.

The total fire loss in Michigan during 1918, was \$10,294,918.00. Ottawa county is listed as having had 136 fires, with a total loss of \$38,040. That good fire protection is very beneficial in keeping fire losses down, is self evident. Holland has a fire fighting equipment second to none.

Grand Haven has just added a new motor truck in its department service and like Holland has always had an efficient fighting force. Both Zeeland and Coopersville, the two next largest cities, have more efficiency in their departments today than they have had for many years.

Allegan county on the other hand, with the exception of Allegan city is not so well protected.

The list shows that Allegan county had 74 fires with a loss of \$43,673.00, and considering that Ottawa county has five times as much property demanding fire protection, the loss in Allegan county is proportionately greater.

The burning of the Hamilton mill no doubt boosted the total loss of Allegan county considerably, this fire alone being a \$15,000 loss. But on the other hand with the proper fire protection this mill could have easily been saved.

Muskegon county has a fire loss of \$222,382.00 caused by 284 fires. Kent county had 587 fires with a loss of \$38,217.

Judging from these reports, Ottawa county has a most enviable record, and if fire fighting efficiency counts for anything with the insurance companies future rates in Holland and the rest of the county should receive due consideration by the companies.

Since the first of the years there has been some murmuring going on in this city because of the fact that some risks have gone up. These may be isolated cases, and a just cause may exist for the raise.

However these are figures from the insurance commission, and if this county is entitled to better rates, they should be forthcoming. At least a raise in rates all along the line would not seem to be justifiable considering the showing made. It is said that a general raise is not contemplated.

BUILDING MATERIAL COMES HIGH IN HOLLAND

IN FACT YOU CAN MAKE IT AS HIGH AS YOU PLEASE SHOULD YOUR CONSCIENCE DICTATE

Certain kinds of building materials in Holland are going sky high. Brick and nails especially come in the category. There are no staple prices for these, in fact each man makes his own price, and if he is any kind of a fellow at all, he won't kick on the tax he places upon himself because of these inflated building commodities. A worthy cause is being aided and deserves the support of every citizen of Holland.

The members of sixth Reformed are building for themselves a place of worship on Lincoln avenue, and a unique way has been adopted in which all can help.

Instead of a flimsy printed tag more substantial evidences of benevolence are given.

"Nails are sold at a penny a nail and upper. 'Bricks' are disposed of for 10c and upper. You don't have to keep the nails or the bricks, you can turn them back to the building committee and they will do double service."

It is said that one young boy sold \$20 worth of building material in one day.

Come on, dig down and buy a few 10 penny nails or a brick bat or two to throw at the devil. The cornerstone of this church was laid on New Year's day with appropriate ceremonies.

HOLLAND-AMERICAN SHIP TO CARRY AMERICAN TROOPS

The Holland-America line passenger steamship Rotterdam, 24,824 gross tons which was withdrawn from service and laid up by her owners in Rotterdam in March, 1916, has sailed for Brest where she will load with American troops for New York, it was announced here today by representatives of the line. The representative of this line is J. B. Mulder of De Grandwet and the number of passenger tickets sold during the war by this agency and other agencies about the country was nil.

PETER FERINGA, SON OF RECTOR, GETS WAR CROSS

Peter Feringa, 22, son of Dr. and Mrs. John H. Feringa, formerly rector of St. Johns church at Grand Haven, who recently moved to Racine, Wis., where Dr. Feringa is a professor in Racine college is the first young Grand Haven boy to be decorated for bravery as far as is known now. He has been awarded military medal for bravery in action, according to word received by friends. He is with the 27th division the Rainbow in southern France. is not known when he will be home. He enlisted when he was Lehigh university. He has a Katherine employed at the J. & Co. office in Grand Rapids.

JENNISON PARK

The Christmas entertainment which was postponed on account of the flu was partly carried out Monday afternoon. Each one received presents and ice cream and cake was furnished. This was the last entertainment. Mrs. M. J. Chapman helped to plan so the teachers, Miss Welch and Miss Knutson, did not disappoint the children, both teachers are now doing very fine and much interest is taken in the work.

Fishing has been good. Mr. and Mrs. Sutton are spending a few days at their cottage.

Some who have recovered from the flu are sick again.

Mrs. Roos is spending a few weeks at her cottage with her daughter who recently arrived from Dayton, O.

DRENTHE

Mr. and Mrs. Henry Vredveld from Zeeland visited at the home of C. Ver Hout and family the past week.

Miss Jennie Veitsma from Holland Sunday at the home of P. Kiel and with Mrs. Mattie Spoor.

Mrs. R. Hunderman and son John attended the funeral of Mrs. Edward Nyland at Graafschap the past week Thursday.

Benjamin H. Lanning is the first soldier from this community to return from France. He arrived in Grand Rapids Saturday which was a complete surprise to his parents. He has taken several souvenirs with him from over there and can tell of the many scenes he witnessed and of his own experiences.

Last week Wednesday evening Henry Doezman was surprised at his home when the committee who had charge of the annual 4th of July celebration presented him with a beautiful rocker. The gift was an appreciation for the kindness and loyalty he has shown toward this community by giving the public free use of his grounds in celebrating on various occasions. As president of the committee, Mr. Doezman has been of service to all, and his good deeds have been appreciated in general.

Mrs. J. Dogger and Mrs. J. TerBeek from Holland were visitors at the home of R. DeVries over Sunday.

Miss Alice Holleman from Jamestown spent Thursday evening with Myrtle B. Brower.

Miss Anna De Haan has resigned her position as assistant of the West Drenthe school on account of her mother's illness.

FORMER OTTAWA CO. TEACHER ENDS LIFE AT GRAND RAPIDS

Sarah Crow, 50 years old, principal of the West Leonard street school of Grand Rapids for the last two years, a teacher in the public schools of that city and previous to that time an instructor in the Grand Haven public schools committed suicide Tuesday afternoon in her rooms at the Russell apartment, 257 La Grave avenue, S. E., Grand Rapids, by inhaling gas.

Dependancy over ill health following an attack of influenza, last November, is believed to have been the cause of her ending her life.

The body was found shortly before 7 o'clock in the kitchen by Frank Chickering who occupied the apartment across the hall, and who on returning to his rooms after a trip to Greenville, was attracted by the strong smell of gas and broke open the door.

Miss Crow was found lying on a couch with both gas jets wide open. She had taken the precaution to stop the cracks of the doors and windows with bed clothing. The Blanchard family, occupying an adjoining apartment, was summoned and Coroner Le Roy notified.

Miss Crow before her recent illness was of a very cheerful disposition and during the war had taken an active part in the relief work, being the organizer of a number of Red Cross auxiliaries in connection with her school work.

Which Has the Best of It, The Bunny or the Chicken?

Rabbits and chickens, altho playing quite an important part jointly in our local poultry and pet stock shows, have become quite competitive with the Beechwood boosters club on the North Side.

Two members at least have become so wound up on the subject, that a public debate some evening soon to be designated will settle the matter permanently.

Frank Bertsch who is a chicken fancier, can see nothing but hens as a profit maker, and Al De Ridder of the Howhysha Rabbit Farm, finds that the "Bunnies" have the chanticleers beat all hollow for dollars and cents.

The members of the club are hinting a rabbit and a chicken supper given by the champions of their respective causes in order that the judges and the boosters may also judge as to the palatability of the two morsels.

Anyway there is something going to be doing soon at the Boosters' club, in which rabbits and chickens will play an important part.

The members of the association also elected officers for the coming year as follows:

Pres.—Cornelius Plakke.
Vice Pres.—James Schuiling.
Sec. Vice Pres.—F. J. Bertsch.
Cor. Sec.—Chas. Emmink.
Sec.—Roy Decker.
Treas.—Joe E. Kardux.
Trustees—Leonard Kardux, Edward Parker, Anthony Weida.

HOLLAND MAN HAS ANCIENT ATLAS OF EUROPE

Lee Couvreur of 351 River avenue, has an atlas that is of unusual interest just now at the time when the peace conference is in session in Paris which will materially change the face of Europe. This atlas shows the world as it was a hundred years ago today. Mr. Couvreur estimates that the book is considerably older than a hundred years, although no date of publication is given. In the front however is an inscription and a date in pencil, written presumably in 1821, which is still plainly legible, and it is assumed that the book was printed some time before that.

Mr. Couvreur received the atlas from his father in 1883 and the latter had received it from his father many years before that.

The maps in the atlas show many variations from the present map of Europe. Some countries were much smaller then than they are now, while others were much larger.

SAUGATUCK NOT SATISFIED WITH TWO MONTHS OF SPORT

Beginning July 1 until and including Labor Day Saugatuck is about the liveliest place for pleasure that can be found anywhere. The big pavilion with its wonderful music and its artistic light effect and fine dance floor is the mecca of both resorters and townspeople who look forward to these few weeks of recreation, with longing.

For the Saugatuckers, July and August are bright months on the calendar. They count the days when these pleasures will again return for a short time and dread their passing.

Citizens are dissatisfied however and are clamoring for more amusements including better and more picture shows. Other means of entertainment are being suggested for the ten months of the year when pleasure is a dead letter.

At a banquet held recently golf was one of the amusements discussed. This spread was attended by most the business and professional men of the village when a golf club was organized and officers and committees selected to attend to preliminary details. It is the purpose as expressed by all the speakers to provide for recreation for summer guests as well as for home people and therefore an 18-hole course unsurpassed on the east shore is contemplated. The matter had been considered two years ago but was dropped on account of the war.

FORMER EAST SAUGATUCK PIONEER DIES

John H. Brunsink, aged 87 years, died Sunday evening at the home of his daughter, Mrs. Albert Deur, 24 West 21st street. The deceased was a retired farmer, having come here from East Saugatuck some four years ago, in which community he was very well known.

He is survived by five daughters, Mrs. J. Vande Water, Chicago, Mrs. J. Van Huis, East Saugatuck, Mrs. Geo. Jensen, Mrs. Fred Bouwma and Mrs. Albert Deur of Holland.

The funeral was held Wednesday afternoon at 1 o'clock from the home, Rev. Veltman, pastor of the Prospect Park Christian Reformed church, officiating. Interment took

SAWS WOOD BY AUTOMOBILE POWER

H. P. Zwemer is trying out a new method of sawing wood and the automobile is being put to a new use. Mr. Zwemer hit on the idea of using the power from his Republic truck to run the saw and he declared that it works fine.

Mr. Zwemer has a tract of woods near White Cloud from which he gets firewood in pole lengths. Bringing it to Holland he has it sawed up into 15 hours by the truck power method.

LAKEWOOD FARM HAS SOME LAYING HENS

Holland people are prominently mentioned among the prize winners at the Kent County Poultry and Rabbit exhibition held at the Coliseum at Grand Rapids this week and many chicken and rabbit fanciers were at the show during the week.

One of the judging features was the winning by the Lakewood farms, at Holland, Michigan, of first prize on a pen of white Wyandottes that has made very high egg laying records. The average then, according to the U. S. Census, lays 70 eggs in a year, but the four white beauties in this pen each laid one than 204 eggs in one year. The cock bird was hatched from an egg laid by a hen that made an egg record of 212 eggs in one year.

There was sharp competition in the White Leghorn class, the Ferris Leghorn farm of Grand Rapids and Bekker Bros of Holland competing for honors. The Ferris farm won first prize on cocks, cockerels and hens, and Bekker brothers also won a 3rd and 4th on the same class of birds.

James J. De Koster of Holland also came in for blue ribbons winning 1st prize and 2nd prize on his Buff Rock cockerels.

G. J. Michmershuizen of Holland too, came home with some blue ribbons having prize winners at the show.

There are ten turkeys exhibited. The largest of these weighs 24 pounds and is owned by Mrs. F. Canfield, R. 3 Ada, Mich. This turkey may take 1st prize. A special coop had to be built for this gobbler.

Probably the strongest poultry class in the show are the Buff Leghorns, and Frank G. Hill, 615 Scribner avenue, N. W., master mechanic of the fire department has some excellent stock with strong egg blood as bred by Dr. Hensley of Holland. There are also some very good individual showings from out of town.

Among the rabbit exhibits is an American Spotted Giant, a prize winner and valued at \$100. It belongs to John Stegenga of the police department who is officially registrar of rabbits for Kent county.

There are fully as many rabbits at the show as chickens. John C. Fehor of Indianapolis is the judge.

ZEELAND POULTRY MEN ELECT OFFICERS

The Zeeland Poultry and Pet Stock Association met and were treated to a lecture on poultry raising by B. I. Hagerman, assistant county agent. Lectures on the different phases of the raising and breeding of poultry and pet stock will be given in that city from time to time. The following officers were elected: President, Wm. D. Van Lee; vice-president, Harry VandePels; secretary, J. A. Hartgerink; treasurer, Matt Looker; executive committee, Henry Van Hoven, Thos. VandePels and Paul De Groot.

ROOS' LIFE SAVED BY TOOTH BRUSH

Private Ben Roos, 31 West 17th St., is one of the first Western Michigan's sons with the 85th army division to return from overseas.

Roos was wounded while fighting against the bolsheviks in Russia and has returned to Camp Custer for treatment of his wound. In his first engagement with the Russian terrorists a machine gun bullet tore away a part of his upper lip and six teeth. Another bullet struck him in the breast pocket of his shirt, but was deflected by a tooth brush which he carried with him. Roos left Camp Custer May 20, 1918. He was assigned to Company D, 339th Infantry. He sailed July 21, and arrived in Archangel about the first of September.

Roos said that when he left Russia the 310th engineers, made up of many Grand Rapids men under command of Col. P. S. Morris, Jr., was still in Archangel but had received orders to proceed down the line.

"We left Archangel on a Friday night at 7 o'clock," said Roos. "We biked 40 miles with heavy packs and did not stop until 6 o'clock Saturday night. Then we rested until Sunday morning and went on. We saw some of the Bolsheviki several times.

"On Friday night we had our first skirmish. When we came to within 75 yards of them they opened fire on us

responded to, the local truck going even so far as Hamilton, not only outside of the limits of the city but outside the limits of the county. In time of danger from fire no questions are asked about boundaries.

But the fire board has been having under consideration for some time to work out a schedule of remuneration from the outside concerns, when calls are responded to. Nothing has yet been definitely worked out but it will be in the near future, it is expected.

Fire Chief Blom went to Grand Rapids to find out what is being paid there by outside concerns for fire calls. A number of rather important manufacturing concerns are located outside the city limits, and they are getting the benefit of the city's fire protection. Chief Blom learned that when the big steamer is called out the firm pays \$35, when the chemicals are used alone \$25 is charged and when the truck is used also \$35 is charged. These are fixed charges which any concern outside the city limits expects to pay when the department is called in.

Holland may not adopt this same schedule, but Mr. Blom wanted to get some kind of figures on which a schedule for this city could be reasonably based. Some of the factories outside of the city limits of Grand Rapids even have installed fire boxes of their own, thus adding to their protection.

ORRIS J. SLUITER IS AGAIN ON THE JOB

County Clerk Orris Sluiter, who has been serving his country many months in the U. S. Navy, returned home last Saturday from Great Lakes, Ill., having secured his release from the navy that he might resume his duties as the clerk of Ottawa county as soon as possible. Mr. Sluiter, who is also a Co. F veteran, was a yeoman in the service and has been on duty at the U. S. Naval Training station at Great Lakes

sailor clerk was re-elected to the office of County Clerk of Ottawa, without opposition. He will resume his duties at the court house at once.

OFFICERS ARE ELECTED BY BIBLE CLASS

The annual meeting of the men's adult bible class of the First Reformed church was held Monday night. The reports of secretary and treasurer were read and approved after which the following officers were elected:
Pres.—A. P. Kleis.
V. P.—H. P. Zwemer.
Sec'y—Bert Slag.
Ass't Sec'y—Jacob Lokker.
Treas.—Wm. Dinkeloo.
Ass't Treas.—Wm. Mokma.
Chorister—Fred Van Lente.
Pianist—Sarah Veldman.
Reporter—Fred Slag.

After the election of officers, Martin Kammeraad, who has just returned from service in France, gave an interesting talk on his experiences while in the service.

After all business had been transacted, refreshments were served and a social hour was enjoyed.

TOO MANY DIFFERENT KINDS OF PAPER MONEY

Gradual reduction of the great variety of designs of United States currency to minimize the danger of counterfeiting and "bill raising" is under discussion between treasury officials and members of congress.

The United States now has fifty-four different designs for bills of various denominations, and officials believe the resulting unfamiliarity of the public with designs enables counterfeiters to operate more easily.

There are now in circulation five different kinds of \$1.00 notes, five different kinds of \$2 bills, six \$5 bills, seven \$10 bills, seven \$20 bills, six \$50 bills, six \$100 bills, four \$500 bills, five \$1000 bills, and \$5000 bills.

GETS FIGURES ON WHAT OUTSIDERS SHOULD PAY

What should an outside concern pay when the Holland city fire department responds to a call for help? That a factory or an individual not in the city limits should pay something when they are assisted by the firemen seems perfectly fair to all. The people of Holland are paying to maintain the department and when outsiders in Holland and Park townships get the benefit of the department, they should be willing to pay something. The local department wants to respond to outside calls when they can do any good.

HAS SENT CARRIER PIGEONS FROM FRANCE

Frank Van Ry, jr., son of Chief Van Ry of this city, writes his "dad" that he has sent a cage of trained carrier pigeons from France to the Police chief in Holland. These pigeons were captured by the French soldier from the Germans and were used by the enemy in carrying messages between camps.

Frank Jr. asks his father to place these pigeons on display in the window of some local store so that Holland people may be able to see them.

The chief's son is on his way home but will not arrive as soon as the birds, because of the government red tape that has to be gone thru with before a soldier can be honorably discharged. Frank Van Ry Jr., was a trainer of carrier pigeons in France.

MEN PLEAD GUILTY TO GAMBLING

Thos. P. McCarthy, Dave Blom, Andrew VerSchure and John VanderHeide who were arrested upon a warrant sworn to by Chief Van Ry before Justice Van Schelven, charging them with playing cards and betting upon cards in Dave Blom's place, No. 5 W. 8th street pleaded guilty and Judge Van Schelven fined them each \$25. They promised that no "more penny ante" would be indulged in from now on.

Officers Bontekoe and Wagner, and Chief Van Ry caught the above named men gaming Sunday night, Jan. 12. A player piano obscured the party from the front window, and for that reason the three officers watched the game from the rear windows.

E. K. WARREN, FAMOUS SUNDAY SCHOOL LEADER AND MILLIONAIRE DIES

Edward K. Warren, Three Oaks millionaire died Thursday afternoon at his winter home in Evanston, Ill. He was 73 years old.

The death of Mr. Warren is of unusual interest to Holland people by reason of the fact that he has hundreds of friends and admirers here. He was one of the leaders in the big Sunday School convention held here a few years ago and came into close touch with many Holland citizens at that time.

Mr. Warren gained fame when he amassed a fortune from the manufacture of "featherbone" a dress boning material from turkey feathers.

He was formerly president of the Michigan Sunday School association and had been continuously on the executive committee or president of the World Sunday School association.

He gained prominence when he organized a delegation of 800 prominent American Sunday School leaders and chartered a liner for a pilgrimage to the Holy Land, where an informal convention was held.

FOUND GRIPS ON PLATFORM HAD "KICK" IN THEM

Police headquarters at the city Hall will soon be so well stocked with "wet goods" that a saloon or a whole sale liquor house could be started with the stock on hand. Saturday night 21 quarts were added to the collection on hand when the local officers picked up two satchels of liquor at the Pere Marquet station. The grips in which the goods were found are at present at police headquarters and the owners may have them by identifying their property.

However, they cannot have the booze which has been confiscated. And also, in view of the fact that the owners probably know that if they claim the grips they will have to pay several times their value in fines, with the additional possibility of a jail sentence, it is fairly certain that the satchels will not be claimed.

"How did you know there was any liquor in the grips?" Chief of Police Van Ry was asked. "That's easy," was the answer, "we gave them a kick and we found there was a 'kick' in them."

The grips were standing innocently on the platform apparently waiting to be taken up by their owners. It is assumed that they came from Chicago and that the owners were waiting for the Muskegon train. They probably noticed that the officers were on to the secret and so went on without their baggage.

The local officers have confiscated a considerable amount of liquor since the state went dry. No plan has yet been formed as to what to do with this stock. It cannot be disposed of in Michigan and a year from now it cannot be disposed of anywhere in the U. S. If the supply continues to increase as it has been doing lately, it is possible that the council will some day have to take up the question in earnest as to how to get rid of its supply of municipal booze.

OFFICERS ELECTED BY MEN'S BIBLE CLASS

The Men's Adult Bible Class of the Maple Ave. Christian Reformed church held its annual meeting. The secretary's and treasurer's reports were read. The balance in the treasury was \$16.64 of which \$10 was donated to the pipe organ fund. The mission box contained \$20.42 which was given to foreign missions.

The following officers were elected: Alex Van Zanten, president; J. A. De Weerd, vice-president; Henry J. Becksford, secretary; Wm. Duer, treasurer; M. J. Mulder and John C. Bos assistant secretary and treasurer respectively. A paper was read by A. Van Zanten "What Benefit Should a Member Receive in a Bible Class?" which brought on a lively discussion. After all business had been transacted refreshments were served and a social hour was enjoyed. The Maple Ave. orchestra furnished the music.

LITERARY CLUB ROOMS WERE PACKED TO THE DOORS

The Sunday afternoon meeting conducted by the local Y. M. C. A., is meeting with big success. Sunday afternoon the Woman's Literary Club rooms were packed to the doors. Rev. H. J. Veldman led in the devotional. Song service was conducted by John Vandersluis assisted by John Van Vliet at the piano. Sgt. Major Roone gave a few of his experiences while at Camp Gordon.

Wm. Vander Hart gave a reading and made a big hit with his audience. Martin Kammeraad, who recently came back from abroad, gave a short talk describing mostly the trip across the Atlantic and the receiving of mail while away from home.

An effort will be made to secure an outside speaker for next Sunday's meeting. Announcement will be made later.

DIRK TE ROLLER IS RE- LEASED FROM JAIL

For the past month Charles Fairbanks and friends have been paying the board of Dirk TeRoller while he was being held in the county jail for the reason that he became involved in a civil suit and because he was unable to get bondsmen.

Good friends at last came forward and signed his bonds in the sum of \$10,000 for his appearance in Circuit Court in March, and consequently TeRoller is now at large until the day when his case will be called.

TeRoller is involved in a civil suit in which Charles Fairbanks of Holland alleges that the real estate man got from him different amounts aggregating \$7,000. TeRoller claims on the other hand that he borrowed the money and did not even solicit the loan.

ALLEGAN AND OTTAWA LEAD WHOLE STATE

State Superintendent Keeler's annual report for the year ending June 30, 1918, which was just been issued, shows that Allegan and Ottawa Counties lead the state in the number of "Standard Schools." There are a total of 500 such schools in Michigan and of these Allegan and Ottawa have 97 or practically one fifth. Allegan leads with 67 and Ottawa has 30. The next two in the list are Oakland, with 25 "Standard Schools," and Mason with 24.

The report as a whole shows that Ottawa and Allegan Cos. are well in the lead in educational improvements and opportunities. A copy of the report will be placed in each school library in the county. Any school not maintaining a library in the school building will not receive one.

The report is full of valuable information of special interest to all who are in touch with educational problems. It should be examined by every teacher and school administrator in the county. Among the articles of special interest are subjects such as "The Training of Rural School Teachers," "Mentally Deficient Children in Rural schools," "Rural School Buildings and Improvements," "Vocational Education," "Agriculture in High Schools," "The Schools and the War," "Effect of the War on the Colleges."

The problem of teachers' salaries is discussed at length and a comparison of salaries for this year and last is included.

The two "Dutch counties" in Michigan, as Ottawa and Allegan are frequently known, are living up to the best traditions of the Hollanders in the matter of education. Schools and colleges have always been fostered by the Hollanders and their descendants in America are following this same lead.

The department of education at Lansing is giving a good deal of attention to these two counties and is often holding them up as an example for the rest of the state.

CONVENTION TO COME TO CITY NEXT APRIL

Arrangements are being made for a big state convention which will be held in Holland some time in April, probably the last week of the month, the exact dates not yet having been decided on. At that time Holland will be host to the representatives of Parent-Teachers' organizations all over Michigan, affiliated with the Michigan State P.T. organization.

This state association was organized a year ago when the first meeting was held in the city of Battle Creek. It is a branch of the National P.T. organization, and hundreds of parents are now joining the state organization, which automatically makes them members of the national association as well. Several of the local P.T. clubs have been holding meetings for purpose of securing a large membership for the state organization, and several others are planning to do so this week or in the weeks following.

When the convention comes here, it is expected that between 300 and 400 of the leading educators in Michigan will come to Holland to attend the two days' convention. Among them will probably be State Superintendent Fred L. Keeler, as well as some of the leading school superintendents of the state. There will also be many members of P.T. clubs in other cities.

The program has not yet been completed, but work on it is now in progress. The meetings will probably be held in the high school and plans are being made to give the visitors a fine welcome.

Membership in the state and national organization means the sending of name and address to state headquarters, together with ten cents, half of which goes to the state organization and the balance to the national. In return for this the members receive the literature of the national organization, which is franked to them, since the association has an office in the department of education at Washington.

LOCAL PASTOR GOES TO NEW JERSEY

Rev. J. Walkotten, pastor of the 16th Street Christian Reformed church announced to his congregation Sunday that he had accepted a call extended to him by the First Christian Reformed church of Paterson, N. J. Rev. Walkotten has not definitely decided when he will leave Holland, but it will probably be early in March. He came to Holland four years and five months ago from Chicago where he had served the First Christian Reformed church of Roseland.

ANOTHER ROOF FIRE
CALLS OUT THE FIREMEN

Fire was discovered at 10:45 Sunday morning and both departments were called out to 185 East 8th St. to the home of Mrs. John Dinkeloo.

The fire had started on the roof because of dropping coals from the chimney. Chemicals put out the fire, and the damage was very slight. Mr. Jones of the P. M. ticket office occupies the floor below, while Mrs. Dinkeloo, who is spending the winter with her sister in Ann Arbor, has rooms on the second floor.

WENT THRU ICE
WITH AUTOMOBILE

Six Allegan men, Frank Marty, Frank Switzerberg, Andrew Baker, E. E. Stratton, Joseph Falk, and Martin Reed, had an experience at Pine lake last Wednesday afternoon that they will not forget soon. They had gone to the lake to fish through the ice and the forenoon had been spent both pleasantly and profitably. They had been to the Marty cottage for their noon-day meal and were crossing the lake in an automobile to get to the east end, traveling about 20 miles an hour, when a large opening appeared in the ice before them. There was no possible way to turn the car and thus avoid the open water and very soon the thin ice let the machine and its occupants into the lake. Mr. Stratton was riding on the hood and he received a few cuts about the face and hands by being thrown upon the ice. Fortunately the water was only about five feet deep at that point and the men reached safety altho thoroly drenched. They repaired to the cottage where an attempt was made to dry their clothing while Mr. Marty came to Allegan, took his car and went after the men and the other machine which they towed back. The fish were left in the lake.

POULTRY MEN TO
ELECT OFFICERS

The poultry and rabbit fanciers of Ottawa County are invited to attend the annual meeting of the Holland Poultry and Pet Stock Association, Thursday evening, January 23, at 7:45 o'clock in the basement of the Ladies' Literary Club hall.

Amusements have been provided for as dalso speakers for the evening.

Hon. G. J. Diekema, Roy Heath, the Rev. Bowerman and others will give short talks and the Central Avenue orchestra will furnish the music. The committee has arranged to serve a plate lunch and this will all be free. A big gathering is expected, in view of the successful show which was held in Holland.

The association is very anxious to do all in its power to instruct and educate the members of the association and those who are not members are invited to join. Plans are now being made for the coming year. Officers will be elected at this meeting and other important business disposed of.

FRANCE AND
HER WOMEN
CLUB'S THEME

At the weekly meeting of the Woman's Literary Club, held Tuesday afternoon, Rev. H. J. Veldman gave a short address urging the members to register this week for the spring election, so that they may bring their influence to bear in defeating the saloon amendment. A paper on "Recent History" was read by Mrs. W. R. Stevenson. Mrs. W. J. Garrod gave a very complete review of Margaret Deland's "Joan of Arc."

The music for the afternoon consisted of a solo, "Joan of Arc," by Miss Anthony, who responded to an encore, and "The Marseillaise," rendered by a quartet composed of Evelyn De Vries, Mabel Anthony, Jeanette Mulder and Evelyn Keppel, accompanied by Adelaide Borgman.

The closing number on the program was a paper on "The French Women of Today," by Miss La Fraugh.

WANT WOMEN TO
HELP DEFEAT THE
LIQUOR LAW

The Western Social Conference in session in this city passed the following resolutions:

"Notwithstanding the fact that the State of Michigan has by Constitutional Amendment prohibited the manufacture and sale of intoxicating liquors:

"Notwithstanding the fact that more than two-thirds of the States have ratified the Federal Prohibition Amendment to the Constitution of the United States, thus making the liquor business a year after date, Jan. 16th, 1919 illegal in the nation:

"The saloon men of Michigan, with brazen effrontery, will present to the voters of Michigan, at the spring election the following amendment to the constitution of the state:

"Section 12—It shall be forever unlawful in this state to import, transport, manufacture, use, buy, sell, keep for sale, give away, barter, or furnish every kind of cider wines, beer, ale, and Porter, and to possess the same in a private residence. So much of section 11, article 16 of this constitution as prohibits the manufacture, sale, keeping for sale, giving away, bartering or furnishing of vinous, malt, brewed or fermented liquors, is hereby repealed. The legislature by general laws shall reasonably license and regulate the sale and keeping for sale of vinous, malt, brewed or fermented liquors; Provided, however, that the electors of each city, village or township forever shall have the right to prohibit the manufacture, sale, or keeping for sale of vinous malt, brewed or fermented liquors within such city, village or township."

"We ask, what can be the motive that there is back of this movement? None other than that they hope to throw the national constitutional amendment into the Supreme Court for some years and thus secure the right to carry on a business possibly for years, that has been condemned by both the State and the nation. Therefore,

"First, In view of this movement the Social Conference of the Reformed churches in Western Michigan, and to all like-minded people, in every part of the state, to determine from now on to defeat the Amendment and vote it down at the polls.

"Secondly, We appeal to the women to register at once, and if there is no other object for which they desire to cast the ballot, they may be ready to do it to defeat an amendment that means ruin to our boys and girls.

"Thirdly, We especially appeal to those who live in the country, in view of the fact that it comes in the spring of the year, when road and weather conditions are usually bad, and that they may not fail to vote whatever the obstacles may be that need to be overcome.

"Fourthly, Let us show by a united, long and determined effort at the polls next spring that the 'Saloon Amendment shall not pass,' and there shall be no resurrection of the nefarious business in the state of Michigan forever."

HOLLAND TO
HAVE A GAR-
DEN FESTIVAL

Mrs. N. Bosch, chairman of the January division of the Woman's Literary club announced to the members of that organization at the meeting Tuesday afternoon that her division will stage a garden festival at the W. L. C. hall on the evening of Feb. 7th. Active work on the festival has been in progress for some little time and those who with Mrs. Bosch have the direction of the affair promise a great time for all who attend.

The festival will have a number of features and it will be for the general public. Local people will be provided a good time and several original ways of entertaining them will be devised.

MORE MAGAZINES ARE
WANTED FOR THE
'SOLDIERS' CANTEN

The soldiers' canteen maintained in the Hotel block by several patriotic organizations in Holland continues to attract boys in khaki both from the city and from surrounding communities. The room is well equipped with material for entertainment, including piano, victrola and other things of this nature.

The supply of magazines however is not keeping pace with the demand for them. The committee in charge is asking for as many more of them as the people of the city may wish to donate for the entertainment of the soldiers. For the balance of this week these periodicals may be left at the home of Mrs. Arnold Mulder, 94 East 14th street. The magazines are not to be more than one month old.

IMPORTANT DAIRY
MEETING AT ZEELAND

A dairy conference will be held on Tuesday Jan. 28 in the Wyngarden Hall in Zeeland. All farmers are urged to attend as this will be a very interesting meeting to all dairymen.

Prof. A. C. Anderson of the Dairy Department at M. A. C., at Lansing, and R. C. Reed of the Michigan Milk Producers Association, will be among the principal speakers. The meeting will begin at 10 o'clock in the forenoon and will last all day.

TREND OF POLITICAL THOUGHT DESCRIBED BEFORE S. P. CLUB

The trend of things in their larger political aspects during the past century formed the theme of a scholarly and well-balanced paper with the caption "Weltanschauung," read by Prof. Wynand Wichers before the Social Progress Club Tuesday evening when it met at the home of Dr. and Mrs. A. T. Godfrey.

The German word which formed the title of the paper was translated as "a world view." It is a favorite with German "intellectuals" and was used by the Kaiser in explaining Germany's entry in the war, the ex-emperor declaring that the war was a conflict between the German and the Anglo-Saxon world views. The reader of the paper merely borrowed the term to give a world view of his own and of all people who subscribe to the democratic ideal of government.

Throughout the nineteenth century, he declared, one department of political thought has stood for an unpatriotic internationalism, finding expression in such movements as that of Nihilism and finally of the Bolshevism of today. At the other extreme there has been a self-regarding nationalism which believed that the boundary of its own nation was the limiting factor in a person's patriotism and that that patriotism requires that each country shall grab for itself, regardless of the interests of any other country.

At the same time there has been the evolution of what the writer called a patriotic internationalism. This holds that the interest of one nation is interrelated with the interest of all the other nations and that one country shall not disregard the rights of other countries. It calls for just as intense a love of country as before and does not seek to destroy the individuality of any people, but it holds that all nations shall live as a family, not as a group of mutually suspicious individuals.

To give practical expression to this latter world-view is the aim of the various plans for a league of nations. At the peace conference in Paris the peoples of the earth are trying to cause the world to subscribe to some such patriotic internationalism, the writer declared.

HOT LUNCHES ARE GAINING POPULARITY IN OTTAWA COUNTY

The hot lunch club, as organized by the Ottawa County home demonstration agent, Miss Grace Hitchcock, under the supervision of the Michigan Agricultural College for the purpose of serving hot lunches to school children is steadily gaining popularity in Ottawa county. This is doubtless due to the evident success of the Clubs where they have been organized and to the advantages which make the parents as well as the members themselves so enthusiastic.

The Copersville club which operated during the winter of 1918 has re-organized and started work on a larger scale than ever before. Through the interest of the school board of education the use of a room and additional equipment has been placed at the disposal of the club. This together with splendid support from the superintendent and his teaching staff have made it possible for the girls to serve on an average of 75 children with one and sometimes two hot dishes each noon.

Incidentally this club has a trained demonstration team who have been requested by the M. A. C. to demonstrate the hot lunch work before the farmers attending Farmers' Week at East Lansing, Feb. 3-8. The program for their trip is not complete as yet but will surely include a tour of the M. A. C. campus and buildings and a trip to the Capitol in addition to their demonstration work.

On January 15, seventeen children under the leadership of their teacher, Miss Anna Cook of the McNutt school of Chester township were organized into a hot lunch club by the home demonstration agent. Equipment had been secured from the proceeds of a social and a big kettle of steaming hot soup was served for over thirty children on the first day. This is the largest one room school lunch club serving lunch in Ottawa County.

The Zeeland Hot Lunch club is re-organizing at the present time and if their past work is any measure fine things may soon be told of their work for 1919.

Anyone interested in organizing the hot lunch club may secure information and assistance from Grace H. Hitchcock, Home Demonstration Agent of Grand Haven, Michigan.

Corporal Wilsie M. Mattison has been given an honorable discharge from Camp Meade, Md. Mr. Mattison was a radio operator and had received his overseas equipment when the news of peace came. He was sent to Camp Custer and was mustered out from there.

OTTAWA BOY HUN PRISONER SEVEN MONTHS

When the armistice was signed on November 11 Corp. Leonard Kammeraad, U. S. Marines had been a prisoner in the Hun prison camps for many months. With the armistice was the stipulation for immediate release of all allied prisoners of war, and thousands of men who had been held in the German military prisons came across the frontiers into the allied lines.

Among these was Leonard Kammeraad, son of Berard Kammeraad, Ottawa Co. Drain Commissioner. He was serving in the Fifth regiment of the Marines, when he was taken by the enemy. For many months he was shifted about the various camps of the Hun-land. Naturally he was very glad when he was moved across the Swiss border, where the welcome warmed the hearts of the American soldiers.

His letter home to his mother tells the story of his joy in being released:

December 12, 1918
Well, mother, at last I am free and out of the German's hands and believe me, I am thankful too. I have been a prisoner now over seven months and I am heartily sick of the life. Believe me it is a pleasant sensation to feel that there aren't any barbed wire fences around me and to know there isn't somebody guarding me with a rifle. Altho we had quite a lot of liberty the last three weeks we were in Bastatt and could go down town pretty much as we pleased.

But the best sight I have seen I think was the U. S. Ambulance train when it pulled up to the camp. A sure-enough American flag and also soldiers and Red Cross nurses. Gee! It sure made us feel good. And when we passed through Switzerland it seemed as if every man, woman and child turned out to welcome us and at "Basle" we were given a banquet. The girls treated us like long lost brothers and everybody seemed to try to outdo the other in giving us a good time. They gave us candy, cigarettes, small flags and souvenirs of all kinds. Why they actually spoiled me for once. Just imagine being in prison for seven months and then taken out and given anything you want.

And at Geneva we got the same reception. When our hands were full they would put things in our pockets—I cannot begin to describe what the Swiss people are on paper so I will wait until I get home again, which won't be very long any more, I think.

We are staying at a hotel now and are as comfortable as any one could be. But I won't feel right until I set foot on the good old U. S. A. soil again and am on my way home.

I am hoping and praying that you are all as well as when I left home. Well mother, good cheer and good luck is the wish of your loving son, Leonard Kammeraad.

HUSBAND AND WIFE DIE WITHIN WEEK OF EACH OTHER

A young husband and wife dying within five days of each other leaving an infant child seriously ill presents the sad case of a local family. Last evening Mrs. Della Depledge died at her home at the corner of 21st and 1st avenue. Last Thursday her husband passed away, both being victims of pneumonia. Their daughter is now ill with the disease.

Mrs. Depledge was nearly nineteen years old. Besides her child, she is survived by her father and mother, Mr. and Mrs. Cochran, and one brother, Charles Cochran. The funeral was held Thursday afternoon at 1 o'clock from the Dykstra Undertaking Parlors, Miss Nellie Churchford officiating. Friends were given an opportunity to view the remains from ten to twelve o'clock Thursday forenoon at that place.

DR. G. STEGEMAN WINS POSITION AT PITTSBURGH U.

Dr. Gebhard Stegeman, has become a member of the faculty of Pittsburgh University. He accepted a very fine position as Professor of Physical Chemistry and at the opening of the new semester assumed the duties of his position.

Dr. William Brasser Pittenpol, who was appointed Professor of Physics at Hope College in 1916 to succeed Prof. D. B. Yntema left Hope last year to become professor of physics in the University of Pittsburgh, one of the important institutions of the country. During the past year it had an enrollment of 4,000 and its total enrollment including summer school was six thousand.

When Dr. Stegeman graduated from Hope College in 1913, he received a scholarship in Chemistry at the Ohio State University. He spent four years in graduate work in the Ohio University, securing his Ph. D. degree last June. He then accepted the position of Professor of Physical Chemistry in the University of Washington, which place he gave up to enter military service. During the past six months he has served the government at the Aetna Chemical Plant of Carnegie, Pa.

Dr. and Mrs. T. G. Huizenga and George Huizenga, and Mr. and Mrs. J. C. De Pree of Zeeland have left for Miami, Fla., to spend the remainder of the winter.

JANUARY 25, NOT FEBRUARY 11, LAST DAY TO REGISTER

Holland women voters are still confused as to the last date on which they may register to be allowed to vote in the primaries this spring. The state papers are giving the date as February 11, and that date is being given by the publicity department of the Michigan Equal Suffrage Association in its press bulletins. There seem to be many women in Holland who are depending on that date, having read it in several outside papers.

The date holds for the rest of the state but not for Holland. In this city the women will have to register on or before Saturday of this week, January 25, if they wish to cast their vote in the primary election that is to be held in February. Holland has an election law of its own incorporated in the city charter and this law calls for January 25 as the last day on which to register.

The News has called attention to this before, but so many inquiries are coming in regard to the registration that this paper has been requested to say so once more. This is the last week for registration and the indications are now that a number of women will lose out on their ballots in the primaries unless they get busy now.

The city clerk nor any one else can grant the privilege of registration after the time is past. The new woman voter will have to understand that voting and registration is somewhat different from some other matters and the usual feminine methods will not avail. Even the most bewitching smile will not win the right of registration after Saturday of this week. The City Clerk might be ever so anxious to grant the petition of tardy women voters, but the basic law of the city would bar him from doing so. He is bound by the charter provision and he will have to turn down all requests after Saturday, as if he were a hard-hearted autocrat.

The only way to avoid an unpleasant rebuff, the announcement comes from the city hall, is to register now.

CELERY CROP BRINGS THE GROWERS \$1,000,000

Hudsonville, Jan. 22—This week will see practically the last of Ottawa county's great celery crop crated and marketed. This year's celery crop has netted the growers a much greater profit than ever before in the history of this industry. While the number of crates shipped will fall short of some seasons the net price has been about \$1.95 per crate. About 600,000 crates have been shipped from the west Michigan celery belt and the farmers have received more than \$1,000,000.—G. R. Press.

PREPARED PAPER JUST BEFORE HIS DEATH

Shortly before his death a week or two ago the late Arthur Baxter Cotton prepared a paper on the subject "Michigan" which he intended to read at the next regular monthly meeting of the Holland chapter of the Sons of the Revolution. This meeting is to be held Thursday evening, January 23, which also happens to be the anniversary of Mr. Cotton's birth.

The paper will form the program of the meeting which is to be held at the home of Dr. A. T. Godfrey. It will be read by Dr. Godfrey in his capacity as secretary of the chapter.

J. G. VAN ZOEREN IS HEAD CHEMIST AT THE HOLLAND ANILINE CO.

G. J. Van Zoeren, who graduated from Hope College in 1912, has accepted a position as head chemist at the Holland Aniline Company. When Mr. Van Zoeren graduated from Hope he won a scholarship in Chemistry at the University of Illinois.

His ascendancy in the Chemistry World has been very marked. He held the fellowship at the University of Illinois for two years. Then he became research chemist for the Canadian Government at McDonald College, McGill University, Montreal, Canada. Early in November, he resigned his research position and entered the Ordnance department of the United States Army as Chemist-at-Large and was stationed at Nobel, Canada. When he received his discharge he immediately assumed the duties at the Holland Aniline Co.

Born to Mr. and Mrs. H. Volkers 206 East 13th street, Friday—a son.

Local Church Plans Soon To Fly a "Christian Flag"

The Fourth Reformed church of this city Monday night smashed what almost amounts to a hide-bound rule when it decided to extend a call to a pastor of a church located only a few blocks from the building of the 4th Reformed. It is something of a general custom for a church to go to another city for a pastor when one is needed in a vacant church. There is no definite rule requiring this, but it is generally observed nevertheless, and has something of the same authority that the unwritten prohibition against a third term for the presidency has.

The Fourth Reformed church Monday night however, at a well attended congregational meeting decided to extend a call to Rev. M. Flipse, for the past few years pastor of the Third Reformed church. So sure were the people of the congregation that they wanted Mr. Flipse and no one else that they nominated him on the first ballot and extended the call to him by a unanimous vote of those present at the meeting.

The Fourth Reformed church has been without a pastor for several months, since the time when Rev. M. E. Broekstra left that congregation to take up his work in Chicago. Rev. Flipse has several times helped the congregation out by preaching for them during the absence of a pastor and the people responded by deciding to ask him to become their pastor permanently.

Rev. Flipse has made no decision as to the call but the people of the 4th church expect that they will make their precedent-smashing a success.

CHURCH PLEDGES FUNDS FOR A NEW ORGAN

Trinity Reformed church held its annual congregational meeting Tuesday evening. The reports showed that \$7079.31 had been collected during the year. The church debt was decreased by \$1100. The sum of \$1700 was contributed to missions, education and benevolences.

The ladies aid society reported that the second \$1000 mortgage on the parsonage, assumed by the society, had been paid and the congregation witnessed the burning of the mortgage and extended a vote of thanks to the society for the work done. At the beginning of January a committee was appointed to canvass the church for moneys for a new pipe organ. A total of \$1250 had already been collected for this purpose by the Ladies' Organ Fund. The congregation had decided at its December meeting to add \$2000 to this amount before July 1, 1919.

The organ committee reported Tuesday night that this amount had been oversubscribed already, although a few families still have to be called on. The congregation by a rising vote extended its thanks to the canvassing committees. The budget system and every-member-canvass were adopted for this year. About 250 members were present at the meeting.

The church has 158 families, and 394 members in full communion. The number of catechumens is 500 and the enrollment in Sunday school 638.

STORK BRINGS HOLLAND'S SHARE OF LITTLE ONES

ONE HUNDRED MORE JOIN THE MICHIGAN ASSOCIATION

One hundred more members were added to the Michigan association of P.T. clubs Tuesday night when the Froebel school club met for the purpose of joining the state organization. The meeting was a large one and interesting addresses were given by Prof. J. B. Nykerk and Harry Geerlings. The other features of the program were also interesting and highly appreciated by the audience. They consisted of music by the Central Ave. orchestra and a children's program.

EXPRESS MAN ARRESTED ON CHARGE OF STORING BOOZE

Chief Van Ry swore-out a warrant before Justice Van Scheiven charging Bert Adams, local express agent, with having six quarts of whiskey hidden away in the basement of the express office.

Mr. Adams alleges that the liquor had been purchased and stored before the state went dry, but the police contend that they saw the box come thru, and that officer Dave O'Connor marked said box, and that when a search warrant revealed the booze under some kindling wood, the box showed the identification marks placed there by the police.

Officer Bontekoe made a search of the express office and found the goods.

Mr. Adams appeared before Justice Van Scheiven at 2 o'clock Friday and waived examination giving bonds for his appearance in circuit court to convene in March.

WASHINGTON'S BIRTHDAY PARTY IS PLANNED

The Star of Bethlehem, O. E. S. No. 40, is making arrangements for its annual party which is scheduled for the evening of February 21. It will be a Washington's birthday party and a number of special features are being planned for the occasion. The party will be held in the W. D. C. rooms. Music will be furnished by an orchestra from Grand Rapids. A cafeteria lunch will be served and dancing and other amusements will follow.

LADIES BIBLE CLASS HOLDS BUSINESS MEETING

The Ladies Adult Bible Class of Trinity church at their annual business meeting elected the following officers for the year:

Mr. Peter Huyser, teacher.
Mrs. Osewaarde, president;
Mrs. A. Clark, vice president;
Mrs. H. Michershuizen, secretary.
Mrs. J. Wiersma, treasurer.

The retiring president, Mrs. Charles Dykstra was presented with a beautiful cut glass vase. Mrs. C. Dressel made the presentation speech.

Mrs. Clark was next on the program and she presented Mr. Huyser with a bible as a token of appreciation for the fact that he has taught the class since it was organized.

ZEELAND MAN MARRIES IN NEW YORK CITY

Martin A. Johnson of Zeeland was united in marriage to Miss Alta Blythe in New York city on Dec. 31, 1918. Johnson enlisted in the U. S. navy early in April, 1917, together with Peter Ver Hey and Jack Mulder also of Zeeland. They were among the first from that city to offer their services to their country. He was first sent to the Great Lakes training station where he later served as instructor in the Rifle range and was afterward transferred to Peekskill, N. Y. Here he was promoted to second class gunner's mate.

He is still in the service and after receiving his discharge he will come home with his bride.

"ALL AMERICAN NOW" SAYS ZEELAND RECORD

Zeeland village with 900 population has but five American families—The foregoing was read from the columns of the Grand Haven Tribune of 25 years ago. Zeeland has grown considerably meanwhile, and now boasts of a population of 3,000 and all it families are American—Zeeland Record.

LOCAL CHURCH HAS MUTUAL BENEFIT SOCIETY

Trinity church is the only church in the city that maintains a mutual benefit society. It is known as the Relief Society and was organized as a Relief the church came into being. This organization takes care of many cases of need that the church itself would otherwise have to take care of.

Friday night the society held election of officers, the following being named: President, A. Van Ry; V. P., H. Van Lente; secretary, Chas. Dykstra; treasurer, George Albers. These officers together with Henry Smeenge, George Hyma and M. Vander Water constitute the board of directors.

The membership at present is 81 and the society has set 100 members as the goal for 1919. The treasurer Friday night reported a balance in the treasury of \$1,016.68. The society showed its patriotism during the year by buying \$200 in Liberty bonds and \$100 in War Savings Stamps. At the meeting Friday night it was decided to donate \$100 to the new pipe organ fund.

Prof. J. B. Nykerk was in Grand Rapids visitor Monday.

COUNTY STARS IN BERLIN MEETING NAMED OFFICERS

The Ottawa County Organization Order of the Eastern Star held its annual winter meeting last Wednesday at Berlin with representatives present from all of the county chapters in the organization. Visitors from chapters at Muskegon and Grand Rapids were also present at the gathering. Grand Haven Chapter No. 245, sent a large delegation to the meeting and in the evening the Grand Haven chapter exemplified the work. Holland Star of Bethlehem also had 20 members present and members received several of the honors to the respective offices to which they were elected.

The business session opened at 3 o'clock in the afternoon and the following officers were elected: President, Mrs. Jennie Lacey, Star of Bethlehem Chapter, Holland; First Vice President, Mrs. Mabel Patterson, No. 245 Grand Haven; Second Vice president, Mrs. Mildred Bilz, Spring Lake; Secretary, Mrs. Emma Van Duren, Holland Chapter, Holland; Treasurer, Blanche Mooney, of Coopersville; Marshal, Margaret Kinney, Spring Lake; Organist, Gertrude Burt, Star of Bethlehem, Holland.

A series of readings by Imogene Wickett and a vocal solo by Dorothy Kelly added to the pleasure of the session. The guests were admirably entertained by the members of the Berlin Chapter. The next meeting of the county organization will be held on the first Wednesday in June at Coopersville. At the session the organization adopted a French orphan for one year by paying \$36.50 to be used for the child's support. At the banquet which was one of the features of the meeting about 150 were seated at the tables.

ZEELAND MEET MARKET HAS CHANGED HANDS

John J. De Pree of Zeeland has sold his interest in the market business there to his son, Edward DePree and Cornelius G. Schaap. Edward DePree has had charge of the business several years. Cornelius G. Schaap has conducted a milk route in that city for many years. The young men will do business at the same stand which will be called the Central Market under the name of DePree & Schaap.

1500 HEAR CALVIN COLLEGE QUARTET

The second number of the young men's lecture course was given Friday night at 9th street Chr. Refd. church and about 1500 citizens attended. The program was most interesting and included numbers by Rev. E. J. Tuuk, N. J. Munsmas, S. A. Dykstra, a debate by H. Moes, J. Breen, H. Wierenga and R. P. Pousma; a dialog by J. Holwerda and A. J. Pousma. An extra number not expected on the program was given by A. J. Bousma of Calvin College whose impersonations of different characters brought side-splitting laughter from the audience.

FERRIT HUNTERS PAY FINES FOR OFFENSES

Frank Peck and Joe Warner both of Grand Rapids and both charged with using a ferrit for the purpose of hunting rabbits in Olive township, appeared in Justice Dickinson's court Thursday morning to answer to the complaint of Deputy State Game Warden Frank Salisbury, who held the ferret as evidence. Attorney Dunham of Grand Rapids accompanied the defendants to Grand Haven and it was expected that they would put up a fight against the charge, as they had entered a plea of not guilty. In court this morning they changed their pleas to guilty, however and paid fines and costs amounting to \$17.50 each.

RESOLUTIONS

Holland, Mich., Jan. 13, 1919
Whereas it has pleased Almighty God in his wise providence, to take out of this world our honored president Mrs. Elsie Lane de Mauriac, we, the officers and members of the St. Agnes Guild of Grace church hereby express our sense of personal, as well as official loss. The organ which we have in our church is practically the result of Mrs. de Mauriac's efforts. She was untiring in promoting the interests of our Guild and in her devotion to the church.

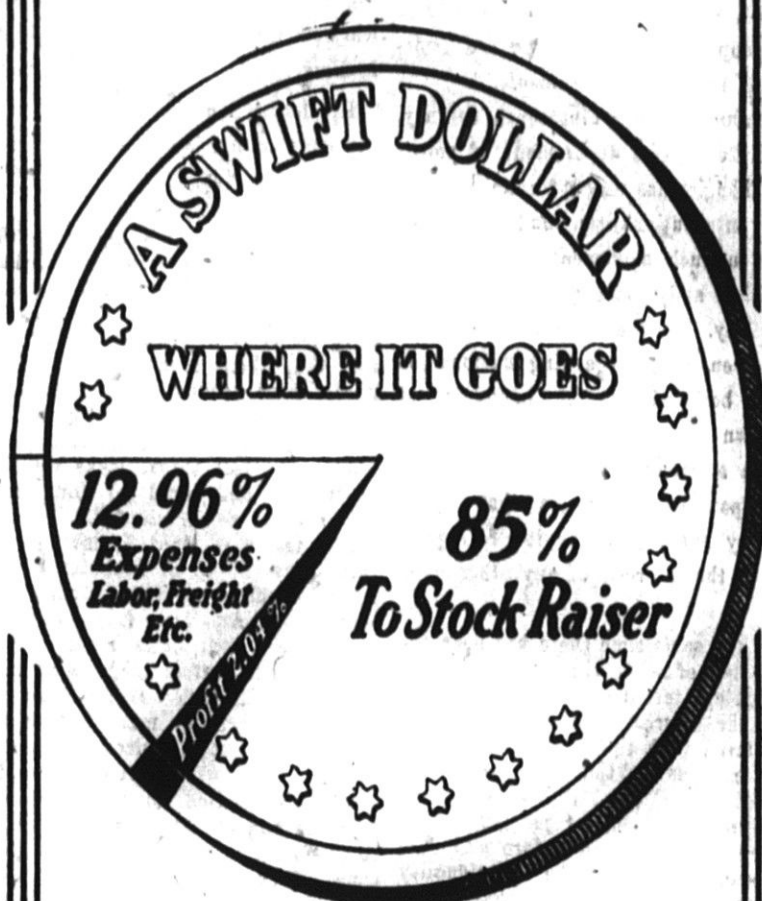

Therefore, be it resolved that we extend to her bereaved husband and parents our deepest sympathy and earnest desire that God's peace may rest upon them.

Resolved, further that a copy of these resolutions be sent to them and to the papers and spread upon the minutes of the St. Agnes Guild.

St. Agnes Guild,
Irene Hicks, Sec.

Mrs. G. W. Browning was a Grand Rapids visitor Monday.

Taxes on amusement admissions will not be increased by the war revenue bill. The conferees agreed to rescind their previous decision to increase the rate from 10 to 20 per cent on all tickets purchased at the theater box office window. The conferees recently determined to make the rate one cent on each time paid under 30 cents—to exempt cheaper moving picture theaters—and two cents on each ten cents in excess of 30 cents thereby brought upon themselves a deluge of protests. Petitions against the increase bearing more than 350,000 names had been received and representatives of the amusement interests had planned to submit personal protests today.

Even missionaries say advertising pays. If that is the case all doubt should be removed. Rev. Albertus Pieters, missionary for the Reformed church in Japan for nearly 30 years has demonstrated that advertising Christianity in newspapers pays. On his last furlough to America five years ago Mr. Pieters explained his proposed project to business men and raised \$1,000 for giving it a trial. When Mr. Pieters returned to Oita he purchased space at \$2.50 a column in the leading newspaper and his work has been so successful that he received an average of three replies a day for five years for free literature. Mr. Pieters is a son of the late Rev. R. Pieters, second pastor of the old Van Raalte church.

LIEUT. VAN IN AT HOT FINISH

"It Wasn't a Health Resort" and the World Seemed Turned Upside Down The Order to Cease Fighting

Ulster Park, N. Y., Jan. 17, 1919

Editor of Holland City News—

Dear Sir:—I send you enclosed article which may interest my friends in Michigan, as it includes the last army field order of the great war. In addition to my son's letter, he writes later that in the final battle they did not have anything to eat from Sat. Nov. 9 at 3 p. m. until it was all over on Mon day noon.

Horace is a 1st Lieut. of Co. E. 109th but was in command of Co. F during the last battle since every officer of Co. F had been either killed or wounded on Sept. 4 by a piece of shrapnel tearing his side, breaking a rib and a small piece penetrated into his right lung. He was in command of his Co. at the time. Stayed in the scrap for two whole days after being wounded. Then walked to the field hospital where he was sent to the base hospital in Paris where he remained till Sept. 29. Returning to the front in time to take a hand in the last four days in the Argonne Front scrap, where his company lost over one hundred men. He was sent to the rear to reorganize the company and returned to the front. He went into the front line

July 4, at 2:30 p. m. and has been in every battle in which his regiment has been engaged from July 1st till the finish. We had a letter from the Chaplain of his regiment in which he says "Your son has done magnificent service, and we are all very proud of him." Of course we are too. He does not expect to be home before next summer.

Sincerely yours
C. Van Oostenbrugge.
First Lieut. Horace van Oostenbrugge son of the Rev. S. van Oostenbrugge, of Ulster Park, N. Y., describes the last hours of fighting as follows in a letter to his wife:

"I received the final order (enclosed herewith) a few minutes before the 11th day of the 11th month, 1918, when the Hun was sending across all the old hardware they had left and our artillery was sending three shots to their one. Tell Dad I was 'in at the finish' all right, in command of Co. F right up under the German wire. Company F was the left flank attacking company on that morning. Oh, yes, I was there and wishing that I wasn't too, believe me. Glad of it in a sense but take it from one who knows it wasn't a health resort. For about three hours the world was turned upside down or the bottom had dropped out. I don't know which, but something was taking place and I was glad to find myself alive and unhurt when it ended.

From a newspaper clipping I see that the states went as crazy over the signing of the armistice as we did on the line. We went "nuts" all right but still there was plenty to do to keep us busy, such as keeping the Germans from crossing their line. A German captain with his whole company came over. I gave him five minutes to clear out or be taken prisoners. He seemed to think I was kidding him until I pulled out my watch and began counting time. Then he and his bunch of Hunns got out and quick too. We are now back at the old routine drill, battalion, regimental and divisional maneuvers, etc.

HORACE.

The final field orders referred to read as follows:

U. S. Army Field Message

Rec'd by Time Check
These blanks for signal operations only Form—Relay No. 1.
At—Haumont.
Date—11 Nov., 18; Hour, 9:16.
How sent.
To—C. 2nd Bn.

In compliance from higher command, announcing that the armistice is signed, effective 11 a. m. Nov. 11, 1918, and that on or before that time all hostilities and advances must cease, the Div. C. O. directs that there be no further advances or attacks, but that all small outpost elements be pushed forward and dug in front of outlying units for defense. There must be no advance after 11 a. m. (this morning). At that time all Bn. C. O.'s in the front line will submit an accurate sketch showing their most advanced elements. No communication will be held with the enemy in any manner whatsoever.

GRAND RAPIDS SAY A SLASHING GOOD GAME

HOLLAND DEFEATED BY A VERY SMALL MARGIN AT THE FURNITURE CITY GAME

Staging one of the best exhibitions of basket ball that has been seen on a Grand Rapids court for some time, the local "Y" quintet won from the Holland "Y" last night 27 to 23.

The game was as hard fought as a court contest could be and the game was in doubt until the final whistle was blown. The stellar work of "Shorty" Stander, star forward on the local squad was the outstanding feature of the game. Earl Knutson, the Holland High school player who almost single handed defeated the local South high five at the Lake City two weeks ago, played during the final period for Holland team and caged five field goals that time. Nykamp also showed a fine brand of basket ball, caging three field baskets in the initial session.

Capt. "By" Cook, who has been unable to participate in the "Y" games for two weeks, took part in the contest during the last half, and looped two baskets from the floor. Van Ess and Phillips also played fine games. The former playing every position on the team before the game's close, while Phillips was the chief menace to the Holland offensive set. He was banished from the game in the last few minutes with four personal fouls to his credit.

The game started off with a smash the team work being exceedingly fast and the basket shooting accurate. Nykamp caged the first basket of the game after about three minutes of play and was followed by a free throw by Stander. With Warnshuis caging another goal from the floor, the score stood 4 to 1 in the visitor's favor. The biggest lead that they managed to possess, Stander looped two goals from the field, putting the locals one point in the lead. The Grand Rapids quintet was never headed again throughout the game. At the end of the first half the score stood 14 to 11 in the local's favor.

Capt. Frank Rand, who will bring his Muskegon high five here Friday night to meet Union's team, refereed.

The lineup and summary:
Grand Rapids: Van Ess, R. F., Kuite, Stander, L. F., Nykamp, Haynes, C., Warnshuis, Montgomery, R. G., Van Hazel, Phillips, L. G., Bouwman.
Scores by Halves:
Grand Rapids "Y" 14 27
Holland "Y" 11 23

Goals from field—Van Ess 3, Stander 4, Montgomery, Cook 3, Kuite, Nykamp 3, Warnshuis, Knutson 5. Goals from free throws—Stander 7 out of 13, Nykamp 9 out of 14, Kuite 2 out of 5. Substitutions—Knutson for Nykamp; Nykamp for Bouwman. Cook for Van Ess, Van Ess for Haynes, Nieboer for Cook. Cook for Van Ess, Van Ess for Phillips. Time of halves—20 minutes. Referee—Rand of Muskegon.

Mr. and Mrs. De Vries and Mr. and Mrs. G. Klompars are spending the week end at Mr. and Mrs. Ovens' at West Olive.

Arthur Van Duren is in Chicago on legal business.

SUNDAY WAS DAY WHEN DATE HAD RARE PECULIARITY

LETTER WRITERS GIVEN OPPORTUNITY OCCURRING ONLY ONCE IN A LIFETIME

If you wrote a letter Sunday or in any other way made use of the date of the day in writing you did something that people of the world have not had an opportunity of doing in exactly 101 years and one day.

Sunday was January 19, 1919, or using figures to denote the month, was 1-19-1919. Not since January 18, 1818, has the opportunity been offered to so write the date and there will not be another opportunity to do so for another 101 years and one day, or until January 20, 2020.

Of course the chance to couple the nineteenth day of the month with the 1919 year date will come every month this year and expressed in figures November will give even a better opportunity for an unusual combination of figures as that month can be written 11-19-1919 and never again will come the chance to express in eight figures the numerals for the months, day and year.

Charles Van Duren, son of Mr. and Mrs. Arthur Van Duren of this city, who has been in the aviation department of the United States army during the war, has received a 1st lieutenant's commission and has been honorably discharged. He expects to be home on a visit in a few days.
