**Monday Holland  
Lady Is To Be  
100 Years Old**ONLY CENTENARIAN IN  
THE CITY OF HOLLANDRELATIVES AND NEIGHBORS  
TO CELEBRATE WITH  
OPEN HOUSE

Holland can boast of a lady who is 100 years old, or rather will be next Monday, January 28. She is Mrs. Emma Arends who has been living in this vicinity for at least eighty years and her home at present is at East Tenth street in the old Meengs residence, directly west of Miss Kittie Doesburg's home, who, by the way, has taken a deep interest in this lady of 100 years.

Mrs. Arends is in comparatively good health and has a remarkable memory for a woman of her age, being able to give the history of her life quite minutely. She also remembers and can quote many psalms and passages of Scripture, as she often does.

Mrs. Arends can picture this city and its environs practically from its beginning, through the pioneer stage, the plank and corduroy roads, the first railroad, followed by interurbans until the present age of automobiles and aircraft. She came with candle light and has seen the evolution of illumination through the electricity stage of the present day. She saw Holland's streets dimly lighted with kerosene lamps, stuck up on poles, "evolving" to the present beautiful boulevard light arrangement.

She came to Holland before the telephone was invented and has witnessed the period of communication by one person to another via the pressing of a button through a telephone exchange system. A radio to her is still one of the "seven wonders of the earth," and bordering on the uncanny.

During these 100 years in a mind picture she can marshal before her eyes a kaliedescope review of America's development more tremendous during this century of progress than any development before that time since the earth began.

She came to America when she was 13 years of age, together with her parents, who settled in Albany, New York.

There were ten children in all in the family, and Mrs. Arends is the only one living today. They were trying times and the young girl in her teens was compelled to go to work immediately, helping toward the family support until her marriage to Mr. Arends.

They had read of such wonderful prospects in Michigan that they looked upon this state as the gateway toward their success, so with their first born child of three weeks they boarded the train for Buffalo, there took a slow-going boat that stopped at every port along Lake Erie, Lake Huron and Lake Michigan, until finally Grand Haven was reached. They found nothing that could hold them at Grand Haven, so they came on by ox team over terribly rough and sandy roads, filled with stumps and stones. In fact, the roads were so uneven with no road at all, that it was difficult to stay on the wagon.

The little family finally landed at Lakeland after having left Grand Haven at 7 a. m., and arriving at the Holland colony at 4 p. m.

In Holland they fared little better when it came to work. They had laid away a little money, however, while still in Albany, and they lived nearly five years without any earnings working for wages.

Uncle Sam was selling land at 50 cents an acre, but this was covered with dense woods, and cutting for a clearing was slow work.

They finally moved to Singapore on the Kalamazoo river, across from Saugatuck, the town that has figured in poetry and prose as "the lost city," and all that remained up to a few years ago was a heap of sawdust purchased by the government during the recent war. It will be remembered that Singapore was once a thriving city with sawmills, banks, a post office, large boarding houses, docks, company stores and residences, all eventually swallowed up and buried by wandering sand dunes.

In the saw mills they also received no money, only when the women went to the lumber offices and demanded cash, then the bosses would "shell out" \$5.00 or so, the wages otherwise being taken in store trade at the company's stores.

They lived in Singapore for 15 years. From there they came on to Lakeland and later to Holland.

Mrs. Arends and her daughter, Miss Nellie, an invalid daughter, who makes her home with her mother, are both members of the Central Avenue Christian Reformed church at Holland, but she remembers as a young woman visiting the "big pillar church," now the Ninth Street Christian Reformed church before it was completed and she was asked by the carpenter to take a seat in the pews which they were building, in order to see if they were comfortable.

Mrs. Arends has three children living. Among them are Mrs. Kathryn Lankhorst of Fremont, age 67; Jacob Arends of Grand Rapids, aged 64; Miss Nellie at home, aged 59.

She also has a number of grandchildren and great-grandchildren.

In a previous writeup of Mrs. Arends in 1930 the News mentioned the names of two children, Mrs. Margaret Blinn of Chicago, then 75 and Mr. Elmer Arends of Grand Rapids, then 71. Both of these have passed away since that time, dying at a ripe old age.

Relatives and neighbors will hold open house for Mrs. Arends next Monday and undoubtedly a large number will congratulate Holland's only centenarian who really can be called a Holland product.

H. A. Ingell, former secretary to Congressman Carl E. Mares, was in the city today on business calls at the county offices—Grand Haven Tribune.

**HAS YOUR DRIVER'S  
LICENSE EXPIRED?**

At least 205,250 motorists in Michigan have failed to renew their drivers' licenses and as a result are placing themselves in jeopardy of the financial responsibility law. In most instances, according to Secretary of State Orville E. Atwood, the failure to secure new licenses is due to oversight and not to any desire to circumvent the law.

On Jan. 1, 1932, there were 765,093 licenses issued while on January 1, this year, but 559,835 renewals have been issued.

**HOLLAND FOLKS  
IN CALIFORNIA**

Hunter S. Robbins, son of Nathaniel Robbins who spends the summers in this city, has been in Florida since leaving here last fall. He has recently gone to California where he will spend the balance of the winter. Mr. and Mrs. Nathaniel Robbins, Jr., of Holland, a brother and sister-in-law, have been spending the winter in Beverly Hills, California—Grand Haven Tribune.

**CAN GO ON EUROPEAN TRIP**

Dr. Arnold Mulder, formerly of Holland, now of Kalamazoo college, has been signally honored by the Thomas Cook and Son, famous international travel bureau.

DR. ARNOLD MULDER

who have invited him to conduct a party of 25 to the places of literary interest in England, Scotland and Ireland. Dr. and Mrs. Mulder took a trip through these countries a few years ago, and the knowledge gained at that time would stand him in good stead on the tour if he accepts the invitation.

**President's Ball  
For Holland On  
January 30**LIONS WILL SPONSOR THIS  
DANCE FOR THE CRIPPLE  
CHILDREN

The papers are filled with president's birthday anniversary balls in different communities, large and small, in behalf of the crippled children, afflicted with the results of infantile paralysis. A large institution has been established in Warm Springs, Ga., where these unfortunate are being treated, and because of these annual balls, the sanatorium is well-endowed and in some communities like Chicago, part of the proceeds goes to Warm Springs and the other part goes to similar patients now being treated in Chicago, and it appears that other communities, including Grand Rapids, are doing likewise.

Just what the "setup" is on the part of the Holland Lions' club is not known and is immaterial. The funds derived from the ball on Wednesday, January 30, will go to the benefit of these little ones, and it is a very meritorious cause regardless of where these children are located.

"Bill" Nies has been made chairman of the affair, and the arrangements are therefore in good hands. All civic organizations are receiving a special invitation through the local press and this welcome is also extended to the general public. There is going to be some good music and the price of 25 cents a couple will undoubtedly be popular.

It will be an informal affair and therefore very democratic, in which party lines must not be implied, for Democrats and Republicans and the personnel of any other party will be as welcome as the "flowers in May," for it is for one common cause, and incidentally, celebrating the birth of "our president" of the United States.

The ball will be held at Warm Friend Tavern, and judging from the reaction to the announcement, dining room, lobby and ball room will have to be brought into play. Anyway the big affair will be on Wednesday, of next week, and remember, don't put on your "soup and fish" for this is an informal affair.

Plans for the ball were made at a luncheon held by the local Lions' club at Warm Friend Tavern Wednesday, and the rest of the program was made up of a talk by Dr. E. D. Dimment, former president of Hope college.

Mr. Dimment, at present head of the economics and business administration department of Hope college, spoke on monetary questions, picturing economic conditions in the past six years, drawing the conclusion that recovery from depression, as in the past, will benefit citizens of the nation. He also discussed the gold promise at some length, stating that fulfilling of contracts between parties and individuals was absolutely necessary, he believed. The gold clause in bonds and contracts is now being passed upon by the United States Supreme court and a ruling is expected to be given at any time, possibly in February.

**Teachers To  
Meet Here On  
February 21**SPEAKERS INCLUDE ILLINOIS  
STATE SUPERINTENDENT  
OF SCHOOLS; PROF.  
ELLIS AND DR.  
BARKER

The annual teachers institute for Ottawa county will be held on Thursday and Friday, February 21 and 22, according to an announcement made by Gerrit G. Groenewoud, county school commissioner. Mr. Groenewoud states that teachers from South Ottawa, namely those from Holland, Zeeland and outlying schools in this end of the county, will meet in Holland High school on Thursday, February 21. Schools, of course, will be closed for the day.

Mr. Groenewoud has secured as speakers for the Holland session, Francis G. Blair, superintendent of public instruction in the state of Illinois, and Dr. Charles Barker of Grand Rapids. Dr. Barker, who is a lecturer of national renown, has spoken to Holland audiences on numerous occasions, having been the speaker at the local Rotary club on more than one instance; also at the Century club. Dr. Barker also addressed high school students here at different times. He has the distinction of having been personal physician to the late President William Howard Taft at the time of Taft's tenure in office.

Several musical numbers will also be on the program, Supt. E. E. Fell being in charge of local arrangements.

Teachers in northern Ottawa will meet on Friday, February 22, at Perry grade school on Penoyer avenue, Grand Haven, according to announcement by Supt. E. H. Babcock of the Grand Haven public schools, who is making arrangements for that end of the county.

Speakers for the program at Grand Haven are Francis G. Blair, also on the Holland program, and Manley Ellis of Western State Teachers' college at Kalamazoo, Michigan.

In addition to the speakers a program of music is being arranged.

The institute in Holland and Grand Haven as well, will be conducted by County School Commissioner Gerrit G. Groenewoud. Students in southern Ottawa will have vacation on Thursday, and in northern Ottawa the schools will be closed on Friday.

Later: As the News goes to press, Mr. Groenewoud informs us that Dr. Barker, for unavoidable reasons, had to cancel the date and another prominent speaker is being arranged for in Mr. Barker's place. It is too late to make a change in this article. However, the rest of the arrangements stand.

Former Holland man listed as speaker at Havana C. of C. meet.

Harold Hunt, superintendent of schools, Kalamazoo, a past district officer of Rotary, was one of the speakers at the Grand Haven Chamber of Commerce get-together meeting held at the Hotel William M. Ferry on Tuesday at 6:30 p. m. Mr. Hunt is a Holland product being a graduate and one-time mayor of Holland High school. He is the son of George Hunt, employe of the Pere Marquette in this city for more than 50 years, starting as a ticket agent at Holland's C. and W. M. depot a half century ago. He is now traffic manager for the P. M. with headquarters in Grand Rapids.

Says the Grand Haven Tribune of Mr. Hunt:

"He is well known in western Michigan as a delightful dinner speaker."

Philip A. Grau, Milwaukee, former head of the Association of Commerce there and nationally known as a brilliant public speaker and a recognized student and authority on economics, was also a speaker. The subject of Mr. Grau's talk was "Our Harbor Viewpoint," and those present heard of some very important matters bearing on the development of the harbor.

The banquet was open to the general public and was one of the largest meetings of the kind held in the county seat this year.

George S. Christman of Spring Lake, toastmaster, was introduced by J. Edgar Lee, president of the Chamber of Commerce, following a few introductory remarks.

**News Items Taken From the Files of  
Holland City News Fifty, Twenty-five  
and Fifteen Years Ago Today****FIFTY YEARS AGO TODAY**

It is rumored that Ed J. Harrington and Fred Metz have bought a two-thirds interest in the steamer Macatawa. Note—This large pleasure boat undoubtedly was the most popular craft plying between Holland and Macatawa Park. In the early days there was a constant steamboat war on, the most pronounced when the "Queen of the Lake" stuck her nose into Holland harbor, running in opposition to the Macatawa. The result was that the Harriet association prevented the "Queen" from landing and built a stockade around her docks and all resorters had to pass a turnstile presenting the proper steamer Macatawa coupon in order to get into the park. The "Queen" landed her passengers at Ottawa Beach and "Shady Side," now Jensen Park, and ventured to dock at the lighthouse pier, since that was government property, and the resort association had no jurisdiction over that part of the park. Anyway, the war lasted for two years and steamboating became so unprofitable that the "Queen of the Lakes" did not return the third year. When the Holland interurban came, linking up the resorts and Saugatuck, well, the pleasure crafts were "out of luck," although the boat trip was by far the most pleasant of the two, only it was a little slower. Then the motor car came and the interurban went into the discard as well as steamboats.

**FIFTEEN YEARS AGO TODAY**

Holland investors have high hope of making money in a Silver Black Fox farm started on Lee DeFeyer's place, 1 1/4 miles north on the "West Michigan Pike." There will be 20 pens to start with, with underground houses for the fox. News devotes at least a column to this new enterprise and those interested say that furs of this variety bring from \$500 to \$2000 per hide. The company is capitalized for \$20,000 with Dave Blom president; Lee DeFeyer, vice president; Arend Smith, treasurer; James Kelly, formerly of Holland, now a fox breeder in Muskegon, general manager. Note: Well, the fox farm ran well for a time but of late we have heard very little of it. Furs went out for a time, then the depression came.

Harm Arens, 85, pioneer of Graafschap, died suddenly. He lived in the village for 60 years. At the time of his death there were several other old relatives left, a brother, John H., of Holland, 90 years old; two sisters, Mrs. A. Wolbert and Mrs. H. Jacobs, 80 and 76 respectively. Note: Undoubtedly these have passed away by now, since one would be 105, another 95, and a third 91. Harm, had lived, would now be 100.

Rev. J. P. Battema will preach his farewell sermon as pastor of Maple Avenue Christian Reformed church Feb. 15 and move to Kalamazoo, where he has accepted a call. Note: Dominie Battema was always considered a "live wire" minister and drew tremendous audiences every Sabbath.

A chair in Prof. E. D. Dimment's recitation room is out of commission. Friday, unfortunately, it collapsed, setting the student on the floor in a rather undignified position (much laughter). After the outbreak Mr. Dimment, with a repressed smile, said, "It is not unusual to 'drop' a student—it has been done even at Hope." It reminded the class that graduation was only four months away.

Fourteenth St. Christian Reformed church has just closed a most successful year. The total income during 1919 was \$10,528.17. Statistics gleaned from the annual report shows 200 families, 433 communicants, 842 souls, 210 catechumens, 340 Sunday school scholars.

Prof. Nykerk says that "from now on there will be many a slip 'twixt the hip and the lip." Later—Fifteen years ago, "Dr." you can go back to the old adage by changing "hip" to a more convenient receptacle spelled with a big "C" and when I went to college "John B." was a good speller as well as a good guesser—with a long hickory pointer he guessed your editor right every time.

President Dimment declared while speaking from the chapel platform Friday, that Jan. 16 was a remarkable day in many respects and that the gentleman in your thought hasn't been buried—is still very much alive and is well and we love him even though after these many years (a secret) we find he is seven and a half decades young—Sege, Ponce de Leon!

Marks (war prices)—Pork 19c, eggs 65c, veal 22c, butter, creamery, 64c, dairy 59c, spring chickens 19c, wheat, No. 1, \$2.40; No. 2 \$2.38; oats 86c, rye \$1.65; hay \$29 loose, \$31 baled.

Today's 1935 markets—Pork 9c, eggs 27c, No. 1 veal 8-9c, No. 2 veal 6-7c, butter creamery 34c, spring chickens 12-15c, heavy 12-13c, leghorns 9-10c, wheat 85c, oats 50c, corn 95c, rye 65c.

OLD RESTAURANT MAN  
IS IN SANITARIUM

William Van Dreezer, well known restaurant proprietor of Grand Haven, is confined to a sanitarium in Grand Rapids. He has been ill since he was injured in an automobile accident several weeks ago. His injuries at the time were not considered serious but he has failed to rally from the shock. He is the brother to the late Ed Van Dreezer of Holland, who was a restaurateur here for more than a quarter of a century.

**Christian High  
Wins Victory  
This Afternoon**LOCAL SCHOOL WINS 16  
OF 16 POINTS WITH  
THEIR DEBATING TEAM  
IN FOUR CONTESTS

Holland Christian High school, won unanimously its fourth consecutive debate this afternoon when the local debating team had as their opponents the debating team from the Grand Haven High school. The debate was the last of the series of preliminary contests.

The subject of the debate was: "Resolved, that the federal government should adopt the policy of qualifying educational requirements throughout the nation by means of annual grants to the several states for public elementary and secondary education," the local school upholding the affirmative side of the question in Thursday afternoon debate. Prof. Milton Simpson of Kalamazoo college was judge at the meet held in Holland.

The personnel of the Holland debating team is Lewis Groeneweld, Gordon Butler and Bob Heyns, and of the Grand Haven school, Jack Mulder, Pat Lillie and Charles Elliott.

By winning the debate Thursday, Holland Christian has been awarded 16 points out of a possible 16 points to be won, which is indeed a fine record. This also places the local school in a position to enter the elimination contests which will be held on February 15.

These debates are sponsored by the University of Michigan Forensic association. The local school does not know who their opponents will be in the next contest, nor do they know which side of the question they will have to debate on.

The subject of the debate in the elimination contests will be the same as discussed in the preliminary contests.

Clarence Pott, instructor in Christian High, has shown rare ability as coach of the team.

OFFICER**

The Holland Citizens' League of which Sears R. McLean is president and Peter F. Koopman, secretary, has filed petitions bearing 800 signatures at the city clerk's office requesting that the city attorney and health officer be elected by qualified voters.

The incumbents in both offices are now filled by aldermanic appointments, in accordance with provisions of the city charter.

The matter will no doubt be brought before the next meeting of the council since the petitioners request that council give its approval and that the proposal be submitted to a vote of the people at the primary election March 4. However, since the proposal must also receive the sanction of the governor after the council approves, if they do, it is quite probable that the matter will not be ready by March 4, since in

## Sunday School Lesson

JANUARY 27, 1935  
"Peter's Denial"  
(Mark 14:27-31; 54; 66-72)  
HENRY GEERLINGS

We should not think of Simon  
Peter as being the only one of the  
disciples who pledged unflinching  
loyalty to Jesus and afterwards  
forsook him. Peter was on most  
occasions the spokesman for the  
twelve. He declared that he would  
not forsake and deny his Lord even  
though he should be called upon to  
die with Him. The others said  
the same thing.  
Jesus predicted the failure and  
denial of the disciples. How did  
he come into possession of this  
foreknowledge? Did he know it  
without effort or meditation be-  
cause he was the Son of God? Such  
perhaps, is the usual ex-  
planation, but this conception does  
not take into consideration the hu-  
manity of our Lord. He emptied  
Himself and came to the earth as  
a man that He might be tempted  
in all points like as we are. He  
knew what would happen because  
of His profound understanding of  
the Scriptures. The prophets had  
foretold what would take place  
when the Messiah came. He un-  
derstood these prophecies. He un-  
derstood them. He meditated over  
them. He prayed about them. We  
cannot understand the Scriptures  
as perfectly as He did, but we can  
follow His methods and under  
the guidance of the Spirit find  
what measure of truth which we  
are capable of understanding.  
Peter's fault was over-confi-  
dence. He felt sure that He would  
never deny his Lord. He trusted  
in his own strength of will to give  
him the victory should the mat-  
ter be put to the test. He had  
not yet learned the great lesson  
in humility and trust.  
He meant every word when he  
said that he would die for his  
Lord, but he overestimated his own  
moral strength and the power of  
circumstances to thwart our best  
intentions. In the garden he drew  
his sword and struck off the ear  
of the high priest's servant, who  
was probably the foremost man  
in the throng moving forward to  
seize Jesus. He would have died  
for his Master then and there if  
he could have died fighting. The  
courage which faces death in bat-  
tle with carnal weapons is not the  
highest kind of courage. Jesus  
forbade the fight and saved the

lives of many there in the dimly  
moonlit garden. Fearful scenes  
would have been enacted there  
under the old olive trees if Jesus  
had permitted the fight to go on.  
His quelling of the battle after  
blood had been shed and the fight-  
ing madness aroused is one of the  
outstanding evidences of his  
matchless moral power.  
Those who doubt the existence  
of Satan as a subtle spirit of evil  
which takes men at a disadvantage  
in times of temptation would do  
well to consider this narrative con-  
cerning Peter's fall. The tempta-  
tion came when he was least pre-  
pared to withstand it. It came  
when he was discouraged and cold  
and lonely. It came suddenly  
and unexpectedly. He was taken  
off his guard. He had not thought  
of a little girl recognizing him and  
accusing him of being a disciple.  
The temptation took him at his  
weakest point. He spoke before  
he thought. Having committed  
himself once, he was not able im-  
mediately to regain self-control.  
He could not bring himself to re-  
cant what he had so vehemently  
declared. So he denied his Lord  
a second time and a third time.  
He who lies once is under strong  
pressure to keep up the deception.  
Lying leads to more and more ly-  
ing.  
His third denial was accom-  
panied by oaths. He felt the neces-  
sity of making his denial more  
emphatic as the number of ac-  
cusers increased and their charges  
became more determined. And so  
he used profanity.  
Now it is hardly probable that  
Peter used profane speech since be-  
coming a follower of Jesus. But  
bad habits leave their scar on heart  
and soul. They leave weak spots  
in life and character which do not  
quickly pass away. Perhaps he  
had indulged in profane speech as  
a rough young Galilean fisherman.  
In his hour of stress his old forms  
of speech reasserted themselves.  
In times of crises we are apt to  
speak the language of our earlier  
years.  
Peter's repentance was as sud-  
den as his fall. One look from  
his Master melted his heart unto  
repentance. Followers of Christ  
fall before temptation, but if they  
are true followers they do not  
persist in their sin, excusing them-  
selves and blaming circumstances  
or other people. They repent. Pe-  
ter's repentance was genuine. He  
went out and wept bitterly. Sor-  
row for sin may be a sorrowing  
unto life or it may not be. Peter's  
sorrow was to a newness of spir-

## THE LION'S DEN

Chicago, Jan. 24.—Daniel in the  
Lion's Den, a tale inspired by the  
Old Testament account of The  
Handwriting on the Wall, will be  
presented by Montgomery Ward  
on a coast-to-coast NBC-WFAP  
network as the third of a series  
of "Immortal Dramas" Sunday,  
January 27, at 2 p. m., eastern  
standard time.  
The dramatic qualities of such  
scenes as Daniel's interpretation of  
the handwriting on the wall and  
the episode of his being thrown  
in the lion's den are further en-  
hanced by appropriate symphonic  
music and special song effects by  
an A Capella choir.  
"Immortal Dramas," a new ven-  
ture in the field of radio, has been  
receiving the praise of the public  
and press alike. Ashton Stevens,  
veteran dramatic critic of the Chi-  
cago American, stopped out of his  
immediate field of the stage to laud  
the production of David and Go-  
liath, the first of the series.  
"I heard over a nation-broad  
broadcast . . . the oldest thing in  
our common literature, the Old  
Testament, become the newest  
thing in drama," writes Stevens.  
" . . . what might be called the  
mental visibility of the piece was  
the highest I have known in the air  
since Maude Adams last season  
radioed 'The Little Minister' and  
'Peter Pan.'"

Referring to the absence of a  
commercial announcement on the  
program the review continues:  
"And I hope I am not exceeding  
the liberty of the press by con-  
gratulating Montgomery Ward for  
sponsoring it without trying to tell  
an ether-sickened world whether  
that establishment deals in Bibles  
or breakfast foods."

### Revival of Railroad Purchases is Necessary to National Recovery

The railroads are not only sellers of transportation; they are billion-dollar buyers of equipment and supplies. In 1929, their purchases meant jobs for 2,000,000 workers.

Today the railroads are not buying. Their revenues have been so curtailed by unfair, unregulated competition that their buying power is sharply restricted.

The railroads want to buy. They will buy when and if their purchasing power is restored.

To increase railway purchases railway earnings must be increased.

Legislative fair play for the railways will mean railway recovery.

Railway recovery will mean increased railway buying and jobs, again, for millions.

Our State Legislature and National Congress, now convened, should eliminate the unfairness in the competition between the railways and other agencies of transportation.

(Allegan News)

A new policy in the distribution of relief to Allegan county indigents will go into effect within the next ten days and those applying for relief will be asked to prove to the satisfaction of ERA officials their necessity for relief. In addition, ERA officials have announced that under a new ruling of the state administration, prosecution with possible imprisonment will follow for fraud in obtaining relief.

F. C. Gallagher, relief administrator for the county, today declared that a thorough investigation of all relief cases will be made in order to prevent fraud and to make certain that those not actually in need of relief are not "chiseling" from the government.

Within the next ten days the new program will get under way and all cases will be dropped after they have been carried for two weeks on relief rolls of the ERA. After that two week period, actual proof of the necessity for relief must be submitted to the ERA commission.

Those applying for relief after all have been dropped from the rolls, will be required to make a personal visit to the Allegan office and in addition they must bring all their paper assets, if they have any, or detailed statements of their financial condition. Applicants will be required to bring the following: Insurance policies, deeds or contracts, auto titles or payment books, list of debts, bank book, statement from last employer, proof of legal resident and three references from taxpayers.

If applicants have any of these assets hidden and fail to bring them, thus obtaining relief when they may not be entitled to it, they will be prosecuted for fraud and will be liable to punishment. Mr. Gallagher, speaking for the commission, today declared that prosecution for fraud is not an idle threat and that it will certainly be brought.

After applicants have placed their application, a case investigator will be sent to their home and the investigation will be thorough, Mr. Gallagher declares.

It is expected that the new policy of the state and the local ERA office will be the means of eliminating some of the expense now incurred in this county for care of individuals not actually entitled to relief.

Those dropped from relief rolls will receive notice to that effect as soon as they are dropped and a date will be specified for their visit to the Allegan office for personal interviews.

The news might add that Ottawa also comes under this same ruling and registration is already in progress.

Holland and Ottawa welfare authorities, backed by the government and state, will not stand for fraud any longer on the part of those receiving aid through welfare.

Ottawa county relief offices received definite orders from the state administration that persons found guilty of obtaining assistance through fraud and false pretense must be prosecuted. The order was signed by Administrator William Harber.

In several localities throughout the state charges have been preferred and violators convicted and sent to prison. Local officials are making a thorough check-up on all names now appearing on the rolls.

Not a few of these rumors have come to the News office during the past year. Undoubtedly by far, the majority are fair about the matter and deserve assistance. However, there are some who ask for aid after they have been employed profitably for some time, according to these rumors. If this be true those are the individuals the department in Ottawa county are going to look after.

### NEXT ZEELAND LITERARY CLUB HEARS MRS. WICHERS

The Zeeland Literary Club held its regular meeting in the club rooms, City Hall, Tuesday afternoon.

In place of the Charter Member Tea, which had been scheduled, the Travel Group presented its program of April ninth, and the Charter Member program will be given on that date instead.

Mrs. Wynand Wichers, who with Dr. Wichers spent last summer in Europe, gave an informal talk on her experiences on that continent and it was indeed interesting. Mrs. Earl Ver Hage sang Brahms' "Cradle Song" and "Slumber Boat" by Jessie L. Gaynor. The Travel Group served tea, with Mrs. Van Peursem and Mrs. Wells pouring.

### CHARLES R. SLIGH CO. EXPANDS AT HOLLAND

Handicapped by crowded floor space in its plant on E. Twelfth St., the Charles R. Sligh Co. has leased space in a building owned by the Bolhuis Lumber Co. for expansion in the manufacture of furniture.

The concern started operations about 14 months ago in the vacant Thompson factory on agreement with the Holland Chamber of Commerce to employ 20 to 30 men and now has 85 men, with indications of additions soon.

A pleasing miscellaneous program was presented at the regular meeting of the Maplewood Parent-Teacher association Friday evening, at which the president, Russell Boeve, presided. Mr. and Mrs. F. Kooyers were in charge of the program.

### 65,000 Milk Bottles Missing So Dealers Seek Their Recovery

The milk dealers of Grand Haven, Spring Lake and Ferrysburg are conducting a drive to recover lost milk bottles and are making an urgent request of all housewives to look through their basements and out-of-the-way places for bottles and put them out for the deliveryman to collect.

The dealers point out that few people realize how many bottles disappear in the course of a year and what a tremendous expense this loss represents. Records show that 135,000 milk bottles were purchased by these milk dealers in 1934. Of this number approximately 65,000 have been lost or held out of circulation by milk customers. The present cost of these bottles is 6 1/2 cents each and a loss of more than \$4,000 has been sustained by the north county dealers unless these bottles can be recovered.

It is pointed out that consumers are trusted with the dealers' property as no charge is made when the bottle is left at the home. A large loss is taken on every quart of milk sold if the bottle is not returned.

Through an exchange agreement bottles are returned to the rightful owner regardless of who collects them from the home. It is expected that the present drive will bring in hundreds of bottles that have been unthinkingly kept out of circulation by milk consumers in this community.

### Zeeland Finds Way of Using Uncle Sam's Aid

REPAIR WORK ON PUBLIC JUNIOR HIGH BUILDING IS COMPLETED; ZEELAND AND HOLLAND TOWNSFOLKS EMPLOYED

During the past few weeks a crew of some thirty FERA employees have been busily engaged in making necessary repairs in the Zeeland Public Junior High school building, making complete refinishing jobs in every room, at very moderate cost to the district.

This work had been necessary for several years, the Zeeland Record says, but it was felt that the economic conditions prohibited making the expense, but at this time all the labor was made available to this district without cost, and the work was undertaken at once.

The work was under the supervision of Walter Wierenga, which included resetting of all the windows and window glass. All sash was removed, the large panes taken out and cut into quarters, the sash rebuilt with cross bars and the quarter-sized panes reset. The sash was reset and made air-tight. These were refinished and repainted.

All the inside woodwork was scraped, sanded and refinished and all seats and desks were treated likewise. Some of the desk tops had been badly mutilated and were dressed down with a planer and made smooth, looking all the world like new desks.

Arrangements were made to move classes from one room into another so that much of the work could continue during school hours but the Junior High Assembly was started on a Friday afternoon after school was dismissed and was completed the following Tuesday evening, requiring but two days layoff for pupils in the use of that room.

The work was completed just before the closing of the present session of the FERA, which is being revamped, and the employees were selected from residents of Zeeland city and Holland township.

### NO CHAIRS IN AISLES OF PUBLIC BUILDINGS

The band cordially invites all music lovers to be present at the concert and assure them that their time will be well spent.

### Lloyd Shafer is Asked to Come with the Ottawa County Boy Scouts

(Grand Haven Tribune)

Lloyd Shafer, field executive in Barry and Allegan counties of the Battle Creek area, Boy Scouts of America, for the past four years, will be offered the position of executive of the Ottawa county council of Boy Scouts, it was announced at a meeting of the executive board of the council at the new city hall at Grand Haven.

Mr. George Mooi of Holland, president of the council, notified Mr. Shafer, who has headquarters at Hastings, and if Shafer accepts he will succeed Peter H. Norg, executive of the Ottawa council for five years before leaving for a like position at Green Bay, Wis., at Christmas time.

Mr. Shafer, a comparatively young man, is said to be an unusual go-getter and has been instrumental in raising money in the Hastings section. He has been assistant to T. Ben Johnson, executive of the Battle Creek area, which is operating at present under the Kellogg foundation. He is a native of Battle Creek and graduated from high school there.

The nominating committee, which was appointed by President Mooi of Holland to recommend an executive, was headed by Chester L. Beach of Holland, chairman, and other members were Stephen Mead of this city, Rev. J. Bruggers of Coopersville, Mr. Mooi, and Rev. Richard J. Vandenberg of Zeeland.

It was decided at the meeting Tuesday night to postpone naming of the date of the annual meeting of the council until a new executive was located in the county. The meeting will be held at Coopersville probably some time this month. Members of the board present at the Grand Haven meeting were William Hutton, honorary lifetime president of the council, B. P. Sherwood, Jr., A. J. Fisher and Mr. Mead of Grand Haven, Carl T. Bowen, formerly of Holland, and Jacob Braak of Spring Lake and Dr. A. Leenhouts, Mr. Geo. Mooi, Mr. Chester Beach and William Arendshorst of Holland.

### ZEELAND LEGION TO PUT ON LINCOLN BANQUET

The Lincoln Day banquet will be held on Monday evening, Feb. 11, 1935, instead of the 12th. The committee is planning a repast to be put on by the Zeeland Legion auxiliary at a price so low that it will be able to attend. A fine program is in prospect, with instrumental and vocal music and an address by a well known speaker. Mark the calendar right now and step out with the Mrs. on that night at this bang-up banquet.

### Plans have been completed for holding a Lincoln banquet in Allegan in Griswold auditorium Tuesday evening, Feb. 12. It is being sponsored by the Republican county committee. Speakers will be announced later.

### Hunting Season Is Nearly Over

The last of the open hunting seasons of the current winter will come to a close Thursday, January 31, with the end of the legal rabbit shooting in the upper and lower peninsulas. Michigan small game hunters have but one week left in which to enjoy their rabbit hunting. The close of small game hunting for the current winter, however, will not prevent the shooting of certain non-game animals on which there is no closed season. Hunters who hold small game licenses and gun permits may shoot the following at any time. Mink, coyotes, wolves, lynx, bobcats, fox, skunk, porcupine, woodchuck, house cat, ground squirrels, red squirrels, weasels, owls, crows, hawks, starlings and blackbirds.

### Jan. 29 Is Final Date for Filing for March 4 Vote

Candidates for circuit judges and for the various county offices elected in the spring must file nominating petitions by 4 o'clock Eastern Standard time on Jan. 29, if they are to secure places on the primary ballots March 4. Friends of Judge Fred T. Miles of Holland have already filed his petition for a second term in the Ottawa-Allegan circuit as judge.

All candidates for circuit judge must, under the law, file their petitions with the Secretary of State while candidates for county office file with the county clerk. In order to secure a place on the ballot candidates for circuit judge must file petitions containing signatures of at least one per cent of the vote cast for their party's candidate for secretary of state in the judicial circuit. The same percentage of signatures is required for county candidates filing with the clerk.

This year the spring primary will be held March 4 and the general spring election April 1. Nominations for the state officers to be elected are made by conventions of the various political parties.

The final date for filing petitions for the special elections to fill the vacancies in the house of representatives caused by the Hotel Kerns fire was last Saturday. The primary is set for Feb. 4 and the election for March 4. The special election will be held in the Second Legislative District of Genesee county, the Midland-Gladwin district and in Sanilac and Tuscola counties.

Under the law adopted by the 1933 legislature, the Republican party will again have the first place on the April ballot.

### SEVERAL HOLLAND AND ZEELAND DEMOCRATS TO CONVENTION GO

Ottawa county's nine delegates to the state Democratic convention will go instructed to vote for Paul Voelker as superintendent of public instruction. They will also go pledged to George Caball of Zeeland as a member of the state board of agriculture. The delegation will be governed by the unit rule.

Resolutions adopted by the convention praised the Comstock administration and expressed regret at the death of John Stack. The appointment of former Judge John S. McDonald to the liquor control commission was deplored as was the effort of Fitzgerald to replace the nonpartisan welfare commission with a one-man appointment. The resolution also recommended Louis Vandenberg state central committeeman.

Gerrit Van Coevering of Grand Haven was temporary chairman of the convention and Marvin W. Turner of Grand Haven was chosen as permanent chairman and chairman of the county delegation. Delegates are: Charles E. Misner and Marvin W. Turner, Grand Haven; Walter Ames, Spring Lake; Louis J. Vandenberg, Willard B. Elferink and Joe Borgman, Holland; Peter Cook and George Caball, Zeeland, and Floyd Harrison, Conklin.

### HAS TROUBLE SAVING SELF AND FAMILY FROM FIRE

James Weesby had difficulty escaping from the basement of his home in Pullman, Allegan county, when he went to investigate smoke in the basement, after emerging through a cellar window, he had to work quickly to save his wife and two children from the building. The fire, of undetermined origin, destroyed the residence with an estimated loss of \$3,000.

Mrs. James Douma of Grand Rapids is reported to be slowly recuperating from a major operation at St. Mary's hospital. She was formerly Miss Jennie Woldring of this city.

### Cats, Dogs, Baby Cabs and Railroads

Junior's velocipede and Betty Jane's doll buggy no longer will be an excess baggage problem to mother when she travels on Michigan trains, and "Pandemonium," the family pooch, will be only half his former baggage liability, according to Col. Roy C. Vandercook, manager Michigan Railroads' Association. The lines making up the association, he announces, like those elsewhere, have just put into effect a new baggage allowance policy.

Under it parents traveling with small children may now include in their free baggage allowance such articles as baby carriages, go-carts, velocipedes and tricycles on which separate charges heretofore were assessed.

Sportsmen invading the deer, fishing and partridge county also get a break under the new policy as do other outdoor enthusiasts. Guns, fishing rods, golf clubs, etc., toboggans, skis, snowshoes, camping outfits including boxed provisions and other sporting paraphernalia now enter the category of regular baggage.

The rate on dogs, cats and birds has been cut 50 per cent. Present restrictions as to shape and additional charges for oversize animals are generally abolished. Single pieces of baggage now may weigh up to 300 pounds, but present value and weight limits on baggage transported free are continued.

Storage charges at stations on trunks and hand baggage are considerably reduced and the list of destinations to which baggage may be checked for delivery direct to hotels or residences at a moderate charge has been greatly expanded.

Regular meetings of the various groups will begin this week and persons interested may still enter. Mr. Fell has announced. ### Insurance Co. Doubles Volume of Last Year

FARMERS' MUTUAL PAYS ALL LOSSES AND HAS BIG BALANCE LEFT

The annual meeting of the Farmers' Mutual Fire Insurance Company of Ottawa and Allegan counties was held at the Zeeland city hall when nearly two hundred members gathered to hear the report and to elect directors for the ensuing year. In all there were 160 votes cast at one time, but there were several members who voted only for directors from their respective sections, which reduced the number of votes cast considerably below the number in attendance. It is customary to choose directors from various sections of Allegan and Ottawa counties, so that all the territory may be represented by someone from each district.

Under state laws recently enacted it was also necessary to make changes in their method of electing directors and officers, there being a change in the period any director may serve, and the officers are now elected by the board of directors from among their own number instead of having the officers elected by the membership at large at the annual meeting.

Under the new law all the directors' terms expired this year and a full number of thirteen directors were to be elected at this time. As a result the following members were elected, or rather all the old directors were re-elected except Mr. Henry Weber of Dor, who resigned, and was replaced by Mr. Shumaker of Byron Center. The result of the election is as follows: Directors for three years, L. J. Mulder of Coopersville, C. C. Zeeland of Holland, A. Klotter of Zeeland, and Fred Berens of Blenden; for two years, John Freeman of Dor, A. Scholten of Holland, H. F. Knoper of Allendale, A. Schrottenboer of East Saugatuck, and Gerrit J. Brower of Hamilton; for one year, M. De Kleine of Forest Grove Station, G. J. Veldman of Holland, Joseph Schumaker of Byron Center, and Gerrit Yntema of Zeeland. The present officers are G. J. Veldman, president; Henry Weber, vice-president; and Gerrit Yntema, secretary-treasurer.

The membership of the company has increased from 4,507 to 4,650 during the past calendar year, and the property carried at risk has decreased from \$19,023,740.00 at the close of 1933 to \$18,228,900.00 at the close of 1934.

The company has paid 126 losses by fire during the year 1934 and the total sum of the losses paid amounts to \$46,788.97. The losses ranged from \$60 damage by lightning to \$5,700.00 for the destruction of all farm buildings and livestock, except the house, on the farm of John Baker, two miles northwest of Vriesland. There were two losses over \$5,000, one other over \$4,000, one other over \$3,000, three others over \$2,000, ten others over \$1,000, six others over \$500, six others over \$100, and the remainder of the fires resulted in losses of less than \$100.

Although the company suffered with the bank closings and still has \$23,229.70 impounded, it has been financially successful so that it closed the year with a balance cash on hand of \$30,135.41.

The annual meeting of the Allegan Farmers' Mutual Fire Insurance Co. was held in Allegan. Reports of the officers showed the company in excellent condition. The number of members on Jan. 1, 1934, was 3,900. Insurance in force totaled \$7,500,000. Losses in 1934 were small and all were paid in full. Officers elected were: President, John C. Willenburg, Conklin; secretary, Charles Ellis, Moline; directors, E. H. Collar, Coopersville; Arthur Odell, Allegan; Gale Dugan, Otsego; David Laraway, Martin; O. J. Atwater, Wayland, and Elmer E. Gable, Ganges.

Joel Smith of Cheshire, Allegan county, a colored man whom almost everybody knows, a man who has always been industrious and of good conduct, who raised a good farm, built a good home on a good farm and in many ways showed himself worthy of respect, went to pieces one night last week and lost just about all the ground he had gained in many long years. Sheriff Miller was called to the Smith home after Joel Smith had actually shot his own son with a revolver and without any malice.

The bullet grazed the son's scalp and did no injury. It seems that Smith was drunk at the time and Sheriff Miller found three revolvers in the home, two of them old automatics and the third of much less proportions. What was Joel Smith or any other man doing with such an arsenal?

Judge Miles dealt with Smith Tuesday and talked right straight at him. "What were you doing with those revolvers in your home? One is too many and you had three; and what are you doing with liquor? Don't you know that you have been handling carelessly two of the most dangerous things you could get hold of?"

The sentence of the court was that Smith go to the county jail for forty-five days, pay costs of \$10 and be placed on probation three years. Smith understands that it will not be well for him within the next three years to be caught entertaining in his home either booze or firearms.

Joel Smith had too much booze, and too many firearms.

## GRAND HAVEN COUPLE WED FIFTY YEARS JANUARY 7

Taking their places before a bank of flowers as they did 50 years ago, Mr. and Mrs. Klaas Poel, with Mrs. Art Kooiman, sister of the bride, and Isaac Poel, brother of the groom, received about 130 guests at the celebration of their golden wedding in the parlors of the Christian school at Grand Haven, arranged for them by their children.

Mrs. Poel was dressed in a gown of triple-sheer crepe trimmed with velvet and carried a corsage of talisman roses, her smiling and youthful face easily belaying the many years which had passed since she had stood to take her marriage vows 50 years ago.

All were seated as the bride and groom entered, ushered in by two flower girls, Gladys Marie Poel and Janna Naai Poel, who carried beautiful bouquets of roses which were presented to the couple as gifts from the grandchildren. The Lohengrin wedding march was played by Josephine Poel.

The decorations of the room and supper table were in gold and pink and lamps about the room tended to make a home-like atmosphere. Nelson Poel was master of ceremonies and announced the numbers on the program, which were given by the grandchildren.

One novel feature was a song of tribute sung by 33 grandchildren. Rev. J. Van Dyke spoke briefly on the exemplary lives of Mr. and Mrs. Poel. Old pictures of the bride and groom and their children taken many years ago were also shown on a screen.

Rev. R. J. Karsten led in prayer preceding the supper served at tables in the dining room, which was decorated in gold and pink.

Many gifts were presented, including purses and flowers.

Mrs. Henry Casimier was in charge of the two-course supper and the waitresses were nieces of Mr. and Mrs. Poel, including Ruth Kooiman, Ruth Verhoeks, Helen Kooiman of Zeeland and Jennie Vyn—Grand Haven Tribune.

## PLANNING AHEAD FOR LARGER HIGH SCHOOL THRU SINKING FUND

The board of education met in regular session Monday evening and Prof. Albert Lampen opened the meeting with prayer. Many matters of importance was discussed by the board at great length. One was the enlarging of the old high school to conform with the rapidly growing needs of a constantly growing student body.

Trustee William Arendshorst, chairman of the buildings and grounds committee of the school system, sponsors a plan calling for the establishment of a sinking fund to raise money during the next five years for an addition to the high school, which is overcrowded.

His plan was to set aside \$15,000 each year for five years, as a start toward raising \$75,000, which, it is estimated, will cover the cost of an addition. He stated that the necessary additional tax rate could be added to the tax bills, if such a proposal carried by a two-thirds majority of the voters. The board was not favorable toward Arendshorst's plan, but conceded that the proposal deserved a thorough study and this will be given it. Trustee Geerlings, secretary, reported that the school would be able to operate in a satisfactory financial manner. Present figures indicate there will be a balance on July 1 of over \$18,000.

Cash on hand at the present is in excess of \$78,000. The board agreed to send Supt. Fell and Trustee Geerlings to the convention of the National Educational association in Atlantic City, February 23. Claims amounting to \$15,302.54 were accepted and orders drawn for payment.

Relative to the sinking fund proposed, Mr. Arendshorst stated: "Not just now but before long we must think of an addition to our high school in order to accommodate the students who graduate into it in larger numbers each year. Surely all must be given a chance."

Under the 15-month limitation, we have no way of finding funds to alter conditions. If we could annually raise a certain amount for five years, we would have something to work with. It's our only solution to the problem. "The pay-as-you-go plan will work no real hardship on anyone."

Trustee Arendshorst, chairman of the building and grounds committee, reporting, stated that general heating conditions in Van Raalte school have been improved

by the stoker recently installed. He said the basement rooms were also adequately heated this year. He stated that the committee deemed it inadvisable to provide a room in the basement for the Parent-Teacher club.

Cash on hand includes \$36,904.77 in the Holland City State bank and \$42,210.54 in the First State bank for a total of \$79,115.31, he asserted. Anticipated revenues are \$8,000 equalization, \$10,000 in tuition and \$3,000 in a Fillmore township bond due for payment.

Disbursements will be \$50,000 for teachers' salaries, \$5,000 for janitors, \$1,000 to redeem scrip, \$10,200 for interest, \$15,000 for incidentals, for a total of \$81,200, he reported.

The matter of fire hazards also came up, not taken seriously by the board of police and fire commissioners and the common council.

Trustee Ernest C. Brooks inquired about the south door of Froebel school which was reported to be locked during school hours. He was informed that the door was open and had been locked only during the repair program at the school when the hall was used as a storeroom.

"We might rather abandon the building than burn up 100 children," Trustee Brooks stated in comment.

## ANOTHER INCREASE IN SALES SHOWS BETTER TIMES

Cincinnati, Ohio, Jan. 24—An increase of \$14,684,256 in sales of the Kroger Grocery and Baking company during 1934 over 1933, was made public in an announcement by the concern here today.

Total sales in the company's 4,356 stores for the year just ended reached \$220,375,971, compared to \$205,691,715 in 1933, the report disclosed. This represented an increase of 7 per cent.

Sales during the four weeks ending December 29, totaled \$17,772,063, compared to \$16,923,302 for the same four weeks in 1933, an increase of \$848,761, or 5 per cent.

Commenting on prospects for the new year, Mr. Albert H. Morrill, president of the Kroger company, said:

"The year just ending has been a year of experimental effort on the part of business, with immense tax burdens and untold governmental regulations creating new problems that placed obstacles in the way of ordinary progress."

"Lessons have been learned and, despite these handicaps, business has assumed a vigor that indicates a healthy expansion during 1935, unforeseen economic upheavals, labor disturbances, or a drastic curtailment of resources."

"To aid this continuation of recovery the mass mind has been stimulated with optimism, which has encouraged buying and has diminished fears to a degree that assures a more balanced form of reasoning."

"So we enter the new year with a feeling of encouragement, but with a watchful eye for any pitfalls that may be lurking along the way."

### LOUD CHEERS FOR THE SILENT OYSTER

By  
Jean Allen

"So if you're ready, oysters, dear, we will begin to feed."

—Lewis Carroll, "The Walrus and the Carpenter."

Oysters "R," and in fact have been "ready" for several months, but in case you have not yet "begun to feed," by all means let us do so at once.

As we wait while the butcher fills our carton, it is interesting to consider these fresh, plump young oysters which only a few hours ago were stretching themselves contentedly in the oyster beds of the Atlantic Coast. Scientists tell us their family has remained practically unchanged for 50,000,000 years, so if you ever wondered what kind of animals lived in those remote times, this is your chance to see one. Here, in any place, do the extremes of youth and age meet!

For practical purposes, the oyster is worth considering on the grounds of both health and economy, and a natural taste for them is worth cultivating for both these reasons. They are particularly fine and reasonable in price this year, and as they contain no waste and a lot of nutritive value, they are distinct budget-savers as well as menu-changers. They are especially valuable throughout the middle west where their available iodine and copper help to protect us respectively against goiter and pernicious anemia, and their other mineral salts and vitamins make them an ideal winter food.

If you don't care for a mouthful of ocean real estate, oysters are easily cleaned by placing them in a strainer over a bowl. Pour over them a half cup of cold water to a quart of oysters, and pick over carefully to loosen sand and remove bits of shell. This water used in cleaning retains considerable flavor, and may be used for or with the oyster liquor by pouring it off the heavy particles which sink to the bottom.

Here is an oyster dinner which offers your family healthful variety, and to which you may confidently invite the most critical of guests.

With a total alumni of 1,896, Hope college has contributed nearly 500 ministers to the home field and 100 missionaries in foreign lands. Ten graduates were honored with the presidency of the Reformed general synod, twenty were named seminary professors and eight college presidents. Western Theological in 50 years, most of whom entered the ministry in the Reformed church and 29 were commissioned foreign missionaries. Thirteen graduates became professors in theological seminaries. For outstanding service as a leader in education Hope college presents the name of Dr. John B. Nykerk, who this year completes a service of 50 years as a member of its faculty and who has stood for the highest ideals and purest conduct and proficient service.

## ANNUAL LADIES' NIGHT AT EXCHANGE CLUB

(Omitted by Mistake Last Week)

There were a hundred and thirty at the Exchange Club annual festive board in the Warm Friend Tavern Wednesday when the ladies of Exchange members were guests. In the absence of President Jay H. Den Herder, Vice President Jake Fris presided. Jake handled the situation with tact. Dr. William Westra, president of the Michigan Exchange, was called upon and commended the Holland club for its fine cooperation and living up to what the club stands for.

Joe Geerds was also called upon to identify all the old and new members and his takeoffs were witty indeed. He even introduced Dr. C. E. Loew, who has transferred his membership from Bedford to Holland. Miss Tricie Moore had charge of the musical program, in which a sextette of Holland High school girls gave pleasing entertainment.

It was altogether fitting that Dr. Wynand Wichers, president of Hope College, should introduce Dr. Harry M. Crooks, president of Alma college, who was the guest speaker of the evening. Dr. Crooks stated that there was uncertainty even in education and the trend that education will take will depend largely on the relative importance of present and future world conditions. Personalities, possessions, individuals and the state in which they are in and the races of particular nation or nations, will enter in.

Dr. Crooks stated that he was not agreed with the idea that the end of education should be to sustain a government, since the government is for the citizens, and it is for the good of all that all are allowed the maximum amount of law abiding freedom.

Dangers of educating people for the sake of the state, a method common to rigorous systems of government like Communism and Fascism which could gain popular justification no other way, he suggested were imminent in the present system in the United States, where party leaders ask that school children be educated to accede to a particular national reform. He declared that such a practice is certain to eliminate future progress and intelligent attitudes on the part of a nation's citizenry.

The discourse was a real literary treat and at the close the president of Alma was given an ovation. Despite the inclement weather, there were many present.

When it comes to trained elephants, there is not a greater herd than the renowned Cole elephants who are the fastest working pachyderms in the world. Cole Brothers bring an exhibition of seemingly impossible feats performed by a trio of seals in feats of balancing and juggling that is remarkable. The Bert Doss flyers, a combination of the champions of Europe and America in daring displays of unrivaled accomplishments, who defy the laws of gravitation and fly like winged birds through space. The wonder girl, Cyse Odell, an aerialist of strength and marvelous skill, in a fly through the clouds. Besides there is to be a tremendous horse and pony show.

Claims and Accounts Committee reported having examined claims in sum of \$4,446.57, and recommended payment thereof.

Adopted.

Ald. Drinkwater reported that he had been approached by a widow in the Second Ward stating that she was in urgent need of coal, and further, that this party had been to the Welfare Department but without immediate success and inasmuch as he felt that he needed this coal at once, he instructed City Inspector Bosch to order ½ ton coal for her. There was some discussion among the Aldermen in regard to the necessity for the Aldermen taking this matter upon their shoulders since we have an efficient Welfare Department to look after such cases if they are entitled to aid. Mr. Drinkwater reported, however, that he had been informed that due to a re-registration, the department would not take on any new cases immediately.

He further recommended that the Mayor appoint a committee to check up with Mr. Wiersema in regard to this particular case.

Adopted.

The Mayor stated he would appoint such a committee later. Public Buildings Committee reported they had received a request from the Knickerbocker Society, who are occupying the former hospital building, for repairs to their sewer line. Mr. Drinkwater stated that upon investigation, he found this had been clogged before, and that there would be considerable expense in making the necessary repairs. He further stated that he understood they were in arrears for back rent, and wanted an expression from the Council as to how much expense their committee should incur on this building.

After considerable discussion, the matter was referred to the Sewer Committee to make temporary repairs, and if it was found necessary to put in a new sewer line that they should report back to the Council before going ahead.

Sewer Committee again brought up the matter of a bill in amount of \$33.00 against Susan Vander Veen for work done by Mr. Bouwman. This bill covers work of re-laying a party sewer line. After considerable discussion in regard to the city assuming this obligation, it was moved by Ald. Thomson, seconded by Bultman, that the city pay the bill and have it assessed against the property as a C.S.C.

Motion lost by ayes and nays as follows:

Ayes—Alds. Kalkman, Bultman and Thomson—3.

Nays—Alds. Prins, Drinkwater, Van Zoeren, De Cook, Steffens, Damsen, Huyser—7.

Reports of Special Committees

Mayor Bosch announced having sent telegrams through the Clerk's Office to Congressman Mapes and Senator Vandenberg and the A. A. A. recommending increased sugar beet acreage for the local sugar plant.

Mayor Bosch also announced for information of the Council that he had just received a telegram from Congressman Mapes stating that he was introducing a bill to make Armistice day a legal holiday. The Mayor explained that a little over a year ago the Council had passed a resolution recommending that this be done, and that since that time, he, the Mayor, had discussed the matter with Congressman Mapes, and the matter is now being presented to Congress, and he hoped that Mr. Mapes would be successful.

City Attorney Parsons announced having received a telegram from the Public Utilities Commission in regard to the recent request of the Michigan Bell Telephone Co. for an increase in rates. Mr. Parsons announced that he had attended several of the hearings and the Commission had now denied the request for an increase. He further stated that there is now to be a hearing on a reduction in rates, such hearing to be started on Jan. 22.

Mayor recommended that the City Attorney be delegated to attend this opening meeting, and as many other as may be necessary, to keep in touch with the situation.

## How a Bank Meets Its Expenses

—that are incurred in rendering services and in furnishing necessary supplies.

To render banking services and to furnish checkbooks, deposit slips and passbooks costs money.

A well-managed bank ordinarily covers a large part of the cost of rendering such services to its depositors by employing their free balances in good loans and investments. This bank gives its depositors full benefit of this principle by conducting its business with maximum efficiency to keep its operating costs low. On small, or highly active accounts, which otherwise would not pay their way, a service fee is charged in accordance with sound banking principles. These principles will be fully explained by our officers on request.
