## Arrowheads Reminder Of Indian Days

LOCAL CHARACTER HAS NOSE FOR CURIOS; FINDS RELICS IN MOST UNHEARD OF PLACES

The editor of The Holland City News has in his archives a great deal of Indian lore from Holland and vicinity covering a radius of many miles. Few folks realize that the Indians played an important part in these environs, the fact is that Saugatuck, Waukazoo, Macatawa, the Kalamazoo River and Pigeon Lake and river at Port Sheldon is simply teeming with true stories of the "Red" men who were here a hundred years ago. There are also legends galore that too make fine reading.

Those who are skeptical whether Indians were here, should visit the News office and find a fine collection of arrowheads made from flint in all colors and sizes. Most of them perfect specimens and strange to say one is a work of art made from copper and since there is no copper here the supposition is that the metal for the arrowhead gradually worked its way from tribe to tribe from Lake Superior along Lake Michigan to Port Sheldon.

The finder of these curios is Henry Schoemaker, who for a long time lived at Pigeon Lake. It is in the vicinity of where that large hotel was built that these fine specimens were found by Mr. Schoemaker. This hotel with its stately pillars it will be remembered was built by an eastern syndicate, ten years before Dr. Van Raalte set foot on the shores of Black Lake. It was the first resort real estate bubble to "burst".

Coming back to the copper arrowhead, the weapon indicates that it is of tempered copper, a method used for hardening and known only by the aborigines of Michigan and is now said to be a lost art. The surface is black but under the black, bright copper peeps out.

Schoemaker surely had a nose for finding things since he brought these articles to the News office he brought four more articles. One was a large piece of oak wood that had been petrified and the indications are that it was chopped off and the grain of the wood as well as the texture is engraved in this petrified stone and has all the earmarks of having been part of an oak tree. It has ten times the weight of a piece of wood of that size.

Some months ago Schoemaker recognized a round Singapore, known as the buried city near Saugatuck and there picked up an old-fashioned army cartridge casing. The cartridge at least a dozen of them were still smooth and shiny, but the iron casing had practically rotted away in the ebbing sands. On the cartridge were these initials, U.S. X.L. and O. Number 17.

A second relic to be brought up was an object that looked like a world like a petrified bullhead or a tremendous pollywog. The eyes were in perfect position, the head and tail and mouth were beautiful and the entire body was almost perfectly speckled much like a brook trout. Miss Belding of the Saugatuck schools now has this strange curio.

Another object was a crystallized piece of vegetable matter that looked very much like the brains of a human being. Schoemaker found this at Goshorn Lake between Castle Park and Saugatuck.

This much for inanimate objects for Schoemaker is quite a hunter and can nose around for live things as well as for relics. He is quite a con hunter; there are still a few fox left in the vicinity of Castle Park. He has shot hundred of squirrels and states that large coveys of quail, as well as pheasants march near his door and although he is poor he shares his meager rations with these birds. He knows how to catch a skunk without any evil effects and the way he goes at it is worth knowing. Schoemaker is a hunter of all sorts of game, but he is strictly a conservationist he states.

We could make this story a column longer using the stored up knowledge of this nature lover. Although not overly blessed with this world's goods, Schoemaker says he is the happiest man in all the world. He now lives near East Saugatuck in Allegan County and can travel the "oak grubs" from end to end without becoming lost and making the trip without a compass and let us say the "oak grubs" are miles long covering a large part of Allegan County.

The card received by the News from Mr. and Mrs. William A. Van Syckle, 184 West 12th St. states that they have arrived at Los Angeles without a mishap. They went by motorcar two weeks ago and will remain until the return of the robins.

Sidney Miller, age 30, of Detroit suffered a double arm fracture and John Epper, 45, of Rodney escaped with severe bruises when their automobiles collided head on on US31 south of Virginia Park on the Saugatuck road Wednesday afternoon in a blinding snowstorm. Both machines were wrecked.

Direct relief cases in Allegan county were returned to the state emergency relief commission last Thursday. Dr. William Haber stated the commission had directed him to reopen the Allegan county relief office at Allegan. He asserted the office will be administered by the same staff operating when it was closed Dec. 9, or by a field representative of the commission. Allegan county supervisors have agreed to raise \$2,000 a month for relief locally until April 1.

Born to Mr. and Mrs. James Hiram, twin daughters, one weighing 7 pounds and the other 7 1/2 pounds; to Mr. and Mrs. Frank Carlson on Sunday, a son, Robert Allen; to Mr. and Mrs. Hilday on Saturday, a son; to Mr. and Mrs. G. Kasebach, 141 W. 18th St. on Wednesday, a daughter.

## Engagement Of Chicago Man of Interest Here

LOUIS F. WATERMULDER TO MARRY MISS HELEN DAWES NIECE OF FORMER V. PRES.

Father of Young Lady has Property Near Pine Lodge Where Vice President Camped in Cabin

The Chicago newspapers are making much of and are picturing the prospective bride and groom, namely, Miss Helen Dawes, youngest daughter of Mr. and Mrs. Rufus Cutler Dawes, who is engaged to be married to Mr. Louis F. Watermulder, young man who is a graduate from Yale university and who has become a prominent banker in the city of Chicago.

The father of the young lady, it will be remembered, is not only a prominent banker and business man, but he was the general manager of Chicago's Century of Progress that closed as a tremendous success.

What is more the young lady is the niece of former vice-president Charles Dawes who was the running mate of President Calvin Coolidge. He is the man who could always be identified by his inverted pipe which was his constant companion. Anywhere there is more to this story, there is a Holland angle.

The father, Rev. Gustavus Watermulder was graduate of Hope College and the Seminary many years ago and married Miss Fanny Ver Beek, a beautiful daughter of Holland's third postmaster, William Ver Beek. As a lad your editor remembers her older sister, Miss Jennie, also a fine young lady presiding at the stamp window in the post office then in a frame structure near where the Pieper's Jewelry store is now. Anyway Louis F. Watermulder, the groom to be is the son of the late Mrs. Fanny Ver Beek Watermulder.

There is still another Holland angle. Rufus Dawes, of World's Fair fame several years ago bought the Webster property east of Pine Lodge. The property was recently owned by John Boone. The Arthur Vischer summer home on Beechwood road is directly west. Rufus Dawes built a log cabin on this property and vice-president Dawes, in the earlier days before he was the second head of the nation, spent part of his summers resorting at this place, for he was a great fisherman. He slept and cooked in the log cabin which is now on the Vischer property.

Close relatives of the Ver Beek's and Watermulder are Al Baker, who lives on West 15th st., formerly connected with the Citizens' Transfer and Mrs. F. James Le Roy 192 West 12th st., whose maiden name was Miss Jennie Baker.

It will be remembered that Rev. Gustavus Watermulder became pastor of the Central Reformed Church of Grand Rapids and later of a large church in Kalamazoo, but in later years has been an Indian missionary in one of the western states a work in which he has taken a deep interest.

The Chicago Tribune states as follows: "Miss Dawes has been in great demand as a model in charity fashion shows ever since she finished college, for she is one of the loveliest looking young women in society. She is one of the cleverest and most charming, also, and is the very capable secretary of the Chicago Junior league. She has two sisters, Mrs. Robert T. Sherman of Winnetka and Mrs. Beverly Jefferson of Evanston and three brothers, Charles C., William M., and Palmer Dawes."

The speaker of the evening was Judge Fred T. Miles who told of the value gained by having our young boys keep busy in some activity such as Scouting. Judge Miles explained that there is less criminal work in Ottawa county than in most other counties in the state due to the fact that many of the young boys in Ottawa county are taking part in Scout work.

Music was provided by the Van Haven sisters of Zeeland and a play was presented. L. J. Harris led the community singing and commissioner Wood was master of ceremonies.

### YOU BUY EGGS BY WEIGHT NOW, BUT—

John Baron, manager of the Thomas store the other day bought a dozen eggs from Mr. Van Raalte of the North Side and the dozen weighed two pounds and five oz. The eggs were tremendous in size but some had three yolks, and eggs brought 17 cents a pound. Eggs may be eggs regardless of size, but these were super eggs. It is claimed by many merchants that it is the only honest way to buy eggs since it is very apparent that eggs vary a great deal in size.

Mr. Baron states that an average dozen of eggs weighs about a pound and a half. Anyway the Van Raalte eggs would indicate that poundage is more equitable than the number of eggs in a dozen.

It seems to us however that between the storekeeper and the housewife any dispute on size and weight can be amicably settled, and a drove of well paid egg inspectors are unnecessary. Undoubtedly many don't even know what a hen looks like. The system of weighing of eggs is excellent as long as the price is not augmented indirectly by extra taxes because of egg inspectors.

### Zeeland. Peoples State Bank:

Prof. John Kleinhekel, D. B. Yntema, George P. Hummer, Wm. O. Van Eyck, Bastian D. Keppel, Chris J. Lokker, Arend Vischer, John G. Rutgers and Attorney Daniel Ten Cate. Note: All these serving 25 years ago in these three banks have passed on except Otto P. Kramer, at present a director and cashier of the Holland City State Bank, and Attorney Daniel Ten Cate, now a director of the First State Bank. Mr. G. J. Kollen mentioned was president of Hope College. John Kleinhekel and Mr. Yntema were on the faculty of the institution. Mr. Lokker was the Crystal Creamery founder, Marinus Van Putten was a blind man, the son of Jacob Van Putten, Sr., who conducted the 2nd private bank in Holland, later the Holland City State bank. Mr. Veneklaassen was the head of the Zeeland Brick Co. when that was our neighbor's industrial mainstay; when the clay banks gave out there and concrete came the industry gradually disintegrated. D. B. K. Van Raalte was the son of the founder of Holland. Isaac Marsilje was the father of Tom and he was the first cashier of the First State Bank then located just west of the De Pree Hardware on east 8th st. Mr. G. Mokema was a second cashier. He was originally a merchant at Graafschap, Jan Bosman was Holland pioneer tailor and conducted a large clothing store. He is the father of A. B. and John Bosman. Jan W. Gavelink was the unofficial advisor of Fillmore township and served in the Michigan Legislature. The others are well known since their passing was of recent date.

### FIFTEEN YEARS AGO TODAY

Holland talked of installing its ornamental light system on River ave. and Eighth st. W. J. Golke of Limberts Furniture factory, suggested an eight panel street light fashioned like a "Dutch windmill."

Mr. R. B. Champion, superintendent of the Board of Public Works, took the drawings under advisement. Note: Undoubtedly it was a unique design and since we have become "tulip minded" it might appear that we "missed a bet," but Mr. Champion gave several lamp requirements, among them uniform illumination, absence of glare, safety, no shadows, reliable operation, etc. Undoubtedly the plan did not pan out because of expense and other shortcomings, as this relates to efficiency and shadow casting.

## Directors Of Funerals Jolly Too, Would Seem

WARM FRIEND TAVERN SCENE OF ASSOCIATION MEMBERS BANQUET

No Mourning the program indicates

About fifty funeral directors including their wives were in attendance at the dinner given at the Warm Friend Tavern Tuesday evening, January 21st. Members of the association from Grand Rapids, Greenville, Bangor, Spring Lake and Holland were present. The meeting was opened by President Jacob Van't Hof. The local people present besides those of the program were Mr. and Mrs. John Dystra, Mr. and Mrs. Peter Notter, Mr. and Mrs. Jim Nibelink, Mr. and Mrs. Gil VandeWater, Peter Notter, pleasantly introduced the toastmaster Wm. M. Connelley. The program consisted of a marimba and piano number by Donald Kramer and Garry De Haan, a reading by Miss Ethelyn Mett, songs by the Manhattan Quartet, and a presentation of "light of hand" by Magician Henry Dargemond. This was an all Holland program of exceptional entertainment with Hope college talent aiding.

A worthwhile address during the evening was given by Rev. Paul Hinkamp of Hope college. It was very entertaining and was entitled "Sense and Nonsense." Paul told of his early life in Milwaukee where he was born and of his courtship days in an endeavor to encourage the young people who were present but the Mrs. was not disturbed in the least. His rapid wit and humor at the beginning of his address kept the audience convulsed in laughter. The serious part of his message was devoted to pointing out how our country has fallen from its high place of moral leadership among the nations and he admonished all to return to a higher plane of civic righteousness and to suffer the downfall that history records as being the fate of the civilizations of the past.

"Bill" Connelley as toastmaster was a "scream" with his timely and fitting take offs on every participant on the program.

The out of town guests were high in their praise of the splendid dinner and entertainment put on by the local members of the organization.

### HERE'S A DANDY FISH YARN: MUSKRAT TRAP SNARES BIG PICKEREL

A pickerel caught in a muskrat trap sounds like a fish story, but John Elman, Agnew vouchers for it and declares he was as surprised as anyone when he found the eight pound beauty in one of his traps, which he has set in Little Pigeon Creek near West Olive.

J. V. Antles, conservation officer of Holland? and Grand Haven, when he heard the story declared it was the first time he had ever known of such a catch and recommended he send the story to Ripley.

The traps have a bright metal tag which it is believed was whirling in the water when it attracted the big fish and he made a dive for it which landed his head firmly in the jaws of the muskrat trap.

Mr. Elman has been trapping for muskrats for some time and he says the trapping has been good this season.

## Tonsils Of 33 Youths Have Been Removed

"FELLOWSHIP FUND" IS NOW WORKING SUCCESSFULLY MANY CHILDREN RECD. AID

Rev. Paul Hinkamp one of the men in charge of the Exchange Club fund announced to 1117.25 taken care of and on January 17, seven were operated on. On January 18 three more youngsters were given attention, on January 20, eight, January 21, four and January 22, also four, thirty-three in all.

The parents whose children are thus being taken care of through the Exchange Club fund have the privilege of choosing their own physician. Often the parents, the Exchange Club and the Physician collaborate in order that more can be operated on at the same time, saving time and trouble and avoiding extra and repeated preparations for the operation should one or two only be operated on. For that reason the operations are made in larger groups.

The city nurse, Miss Alma Koerger is devoting her time to help in these cases and it is expected that altogether sixty will be taken care of at this time. Anyway it is the intention to go through the entire list. No names of the children operated on are given nor does the Exchange Club mention the names of the physicians in charge. They wish to say however, that they are getting the fullest cooperation of the local doctors, the city nurse and the Holland hospital staff and we would like to add that the Holland hospital has undertaken a real worthwhile work which will prevent young and growing children from going through the early part of their lives under a handicap.

According to the resolution printed in last week's issue of the Holland City News the fund will be in charge of Albert Keppel, chairman three years; Prof. Paul Hinkamp two years; William Brouwer one year; each year thereafter an appointment will be made of a member of the Exchange Club to fill the vacancy of the retiring member.

The president with the approval of the board of directors of the Exchange Club shall fill any vacancies for the unexpired term of any member. In this case the president is Jacob Prins.

### INTEGRATED BAR BILL PASSED BY LEGISLATURE AT LAST SESSION EXPLAINED

Judge O. S. Cross of Holland was the speaker at the Rotary luncheon yesterday. Judge Cross explained the integrated bar bill passed at the last session of the legislature. He stated that when a similar bill was proposed for North Dakota that the laymen promoted the legislation and the attorneys opposed it. In Michigan, he stated, just the opposite was true, the attorneys promoted it and the layman opposed it.

The law provides that all attorneys practicing in Michigan must be members of the Integrated Bar Association; all active members must pay dues of five dollars a year, inactive members do not have to pay dues. The bill provides a commissioner from each congressional district and four at large. These commissioners constitute a board of directors for the association. The first commissioners were appointed by the supreme court. Hereafter they will be elected by the attorneys in the several districts and states. Judge Cross is the director from this district.

The principal work of the organization is done by committees. The committees are as follows: legislation and law reform; legal education and admission to the bar; unauthorized practice of law; professional ethics; local bar association; criminal jurisprudence; civil procedure; grievance; state bar journal; corporation and securities; judicial selection and tenure of office; and legal aid.

Judge Cross explained in detail the duties of each committee. He stated that the legislation and law reform committee was planning an extensive study of taxation.

He referred briefly to the securities legislation under which every laborer will start paying tax on his wages January 1, 1937. He stated that if all government indebtedness were to be paid today by taxation every person would pay over \$1900 in tax.

Members of the Educational committee of the Woman's Literary club were entertained at luncheon Wednesday at the home of their chairman, Miss Miss Martha Sherwood, 94 West 13th St. Plans were made for the annual guest tea to be held Feb. 11. Guests at the luncheon were: Mrs. Randall C. Bosch and Mrs. J. D. French, club president; Mrs. Heasley, Mrs. G. E. Kollen, Mrs. Henry Geerlings, Mrs. James Weyer, Mrs. J. A. Vander Veen, Mrs. W. J. Olive, Miss Laura Boyd is also a member of the committee.

Piano and trumpet pupils of Miss Evelyn Beach were presented in recital Wednesday at her home on West 11th St.

**AID FOR DEAF PERSONS TOLD MEMBERS OF ROTARY CLUB**

At a meeting of the Holland Rotary club, held in the Warm Friend Tavern Thursday noon, Sherman K. Smith of the Michigan department of Oral Deaf, talked on "Aid for Deaf Persons." Smith said that deafness is inherited from the table and an unbalanced diet given way to over-acidity causes a great many cases of deafness.

"When it comes on you late in life you hate men and God; you have no interests and no desire to live—at first. Later you take on added interest through lip reading. A deaf child is not different even though he does not hear and his eyes does not discern the sounds. These persons born deaf can make marks in life, and be released from their solitary confinement through education," Smith said.

Mr. Smith said that about 50 per cent of the deaf persons who are now taught to speak through lip reading will have a possibility of regaining their hearing through amplification.

Following the lecture, Mr. Smith introduced Miss Leona De Nuy, a student in the Holland Oral department. She demonstrated with him the adeptness with which a person born without hearing can read and translate lip movements. Mrs. Bernice Lamont, instructor in the Oral Deaf Department, was a guest of the club. Henry S. Maentz, who came from Allegan to assume the presidency of the First State Bank this week, was also a guest of the club.

Mr. and Mrs. John A. Brieve left Sunday for California.

ed entirely too much. They could not see the claims in him. He was one of them. He was brought up with them. They associated with him daily for years. They saw him at work. They were familiar with his products. Maybe they had some of his furniture in their homes. This very familiarity dimmed his glory and hid his greatness. Nobody whom they knew so well could be so great as he claimed to be. A prophet is not without honor save in his own home town and among the people he lived with daily. It is possible to get so near greatness as to be blind to it and in proportion to the blindness is the certainty that the greatness is not there. It is easily possible for a blind man to think that there are no mountains. Logically, might a deaf man declare there is no music. Naturally, might a dumb man think there is no speech. So this young preacher was hammering against a stone wall of prejudice. Prejudice is the yardstick that is several inches short.

Included in the claims Jesus made was the very patent declaration that he was going to put into effect this social program of the prophet. He said that it is his clearly appointed task. He was going to make real the great prophet's words and give tangibility to the prophet's vision. It was too much for his hearers. But of course their patriotism was stirred for a while. They seemed for a time to be warm with the fires of his own enthusiasm. They may have seen a flickering light cast across the coming days, but the light soon faded and an ugly reaction set in. The reaction set in because the preacher quit generalizing and began to apply the truth right at home.

Congregations can be worked up in a great glow of favorable feeling toward the preacher and can become enthusiastic about his message as a song as it is delightfully general and touches at no particular spot. Human nature is tickled with platitudes and can become riotous in its emotions over patriotic effusions that glorify ancestors and compliment present-day folk. Any preacher can get a response that is hearty and warm enough to make his own soul glow when he talks eloquently about Bunker Hill and Valley Forge and Gettysburg, but if he points out the political corruption of which some of his parishoners may be guilty and he laments the lack of patriotism that is seen in the present day touching great needed reforms, he is liable to awaken an ugly feeling against him and possibly some will clamor for his resignation. This is the kind of an attitude Jesus finally called forth on the part of his congregation. Jesus intimated that his hearers were admirers of the great prophet, but they failed to get the present-day application of his truth. Just as the people of the long ago had ignored the prophet and so lost the prophet's blessings, so now they today were unbelieving and contemptuous regarding Jesus, so they were making it impossible for him to do any great thing for them. Their unbelief lost to them the great blessing they might have had. It is not hard to see the psychology of this situation.

We are wondering how far we of this day are willing to follow Jesus in his program of creating a new social world. How strenuous are our efforts to readjust and to clean up according to the teachings of Jesus. How far can we go without Christ in any undertaking for better conditions. Have we found any philosophy that has the healing medicines in it like unto those that Jesus offers to a sick world? What will bring liberty to captive souls, what will provide for the poor, what will mend broken hearts, what will lend visions to those that do not see, but the teachings and program of Jesus? But, our problem, the cause of our greatest worry, is not whether or not the teaching and program of Jesus are efficacious. By test they have proved the best. But the present cause of anxiety is the refusal of people to heed his teachings.

AN OLD HOLLAND BOY OF PIONEER FAMILY PASSES

The older Holland citizens were grieved to hear of the death of Daniel W. Elferdink of Detroit who passed away at the age of 68 years, he being born on the 18th day of March, 1869 at the old family residence of the parents the late Mr. and Mrs. John Elferdink at 10th St. and Pine Avenue. He was one of a family of eleven children born to this union, the parents being early pioneers of this community.

"Dan" Elferdink lived within a few hundred feet of the old Mulder home. He was one of the playboys of the neighborhood in his youth and enjoyed the sports that youngsters in yesteryear had to be content to enjoy. Most of that vicinity was an open commons and baseball, run sheep run, prison goal, marbles and swimming were the seasonal sports and "Dan" was generally one of the leaders in these sports.

He was the captain of the "Black Diamonds", a west end team when a puny future editor was made short-stop with reservations. A column could be written on this baseball team and its personnel.

At the age of 16 years Mr. Elferdink enrolled at the Chicago College of Pharmacy. When he graduated he started his career as a druggist in Grand Rapids, later taking a more responsible position in the city of Detroit where he followed this vocation for the last 32 years. He was considered an expert in pharmaceuticals.

Mr. Elferdink was taken ill on November 13, last, and was confined to his bed until death came on January 17.

Mr. Elferdink had been twice married, both of his wives preceding him in death. He leaves no children, however, surviving to mourn his death are a brother, John Elferdink of Grand Rapids, Mich., formerly of Holland and a sister, Mrs. Joseph Hume who lives in the old homestead on W. 10th St.

Funeral services were held Sunday afternoon at the Nibelink-Notter Mortuary, Rev. B. L. Post, pastor of the Seventh Day Adventist Church officiating. Interment took place in the family plot in Fairlawn Cemetery. Six nephews of the deceased were pallbearers.

I. Bosman's team is the winner in the first half of the Busman's volleyball league play. Winners Tuesday night were teams captained by L. Dalman, V. Ten Cate and C. C. Wood. The following teams play next week Tuesday: De Fouw and Bosman, Ten Cate and Wood and Dalman and Klaasen. The league play starts at 5 p.m. in the armory.

LEE W. FINCH ADDRESSES LOCAL WOMAN'S CLUB

Lee W. Finch, vice-president of the Grand Rapids Trust Company was the guest speaker at a meeting of the Woman's Literary club

held Tuesday afternoon. Mr. Finch took for his topic, "What Women Should Know About Will and Trusts." Mr. Finch told of booms and depressions and also traced the history of money from the time of exchange to the present time when the government stamp is placed on money.

"The cause of booms," continued Mr. Finch, "is over-consumption for a period. We live beyond our means. We spend what our fathers earned, what we earn and go into debt, that is what our children will earn and so we bring on a depression. Depressions are periods of under-consumption to make up for the extravagance of the boom."

"What benefits have we to show for the billions of dollars the government took in 1935?" asked Mr. Finch. "You in Holland have a share in this debt. Last year 35 billions was the debt and Holland's share of this will be \$4,335,000. This burden will come in the future and our interest on it at the usual rate for one year is \$11,000. Mr. Finch concluded by saying that the only way to avoid danger is to bring about a complete public understanding of the situation."

AMERICAN LEGION NEWS

The next regular meeting of the Post will be held on February 12th. And, is-as-much-as Heinie Cook and Jack Riemersma did not have to arrange the program for our last meeting, we will let them handle it for the next (February 12th).

The Post entertained the Auxiliary at the meeting on January 22nd; and eventually we all had a good time. A number of obstacles had to be overcome, such as getting prizes after 9:00 p. m. and getting tables after the janitors had left and preparing a lunch. But, after we got under way we had a little time left for fun.

Some remarks were heard from the feminine element of the group regarding the lack of plates for serving and the fact that we had but four spoons for stirring coffee. Gosh, that's four times better than our usual meetings when we have but one spoon, and tickled to death to get hold of that.

Plans are practically complete for entertaining the near-by Posts on February 26th, the time and place will be announced at a later date. We expect, Grand Haven, Zeeland, Saugatuck and South Haven to be with us.

Serious financial problems are confronting many municipalities and the committee has been selected to make a study of the situation for a report of the league later on.

SNOW STORMS BLOCK AUCTION SALE

It has been sometime since winter storms were kicked up by a "Nor'wester" that would block traffic and suspend trade.

That however is just what happened this week when DeVries and Dornbos published through the local newspaper a public auction. Large numbers who wished to attend the auction from rural districts and not a few from Holland phoned asking that the auction be postponed. Furthermore the auctioneers phoned that they were snowbound and that it was impossible for them to get to Holland Wednesday.

The officials of the local furniture firm debated the matter for some-

time and then made an announcement that the auction would be postponed until Saturday afternoon when it will begin at one o'clock at the DeVries and Dornbos store on East 8th Street.

## Expect Big Crowd at Birthday Ball

for President Here on January 30th

WARM FRIEND TAVERN THE PLACE — WILL BE NON-POLITICAL AND FOR BENEFIT OF SICK CHILDREN

Infantile paralysis sufferers throughout the nation will benefit from funds raised by the five thousand or more dances honoring President Roosevelt's 54th birthday anniversary on January 30, 1936. Holland's birthday ball for the president will be held at Warm Friend Tavern, Holland, under auspices of the Holland Lions club on the above date.

The biggest birthday party in the world will be celebrated in various manners, but everywhere the net proceeds will bring aid to unfortunate sufferers of the dread disease, infantile paralysis. Again this year 70 per cent of the net proceeds remain in the local community, the other 30 per cent going to the President's Birthday Ball Commission for Infantile Paralysis Research.

Ray Smith, general chairman has thru his music committee engaged one of the leading orchestras. The birthday ball for the president is not a political idea, and the local committee invites everyone to attend and do their part in the fight against infantile paralysis.

Tickets for the 1936 birthday ball for the president will go on sale in the very near future, and an intensive campaign, led by "Bill" Nies, chairman of the ticket committee, will cover the entire city and surrounding communities. The birthday ball is an informal affair and everyone is urged to buy their tickets early to avoid confusion at the door.

Russell Rutgers is on the prize committee, orchestra and entertainment committee is composed of Jerrold Bolhuis and Robert Kouw, and Russell Haight on publicity. There will be fine decorations and those who attend the birthday ball for 1936 will dance in novel surroundings befitting the occasion. All committee chairmen are concentrating their efforts to make the 1936 birthday ball for the President a financial and social success. The Lions club of Holland is fostering the ball of the President.

The committees selected for this occasion are:

Orchestra Committee—Gerald Bolhuis, Robert Kouw  
Ticket Committee—Wm. Nies

## PURCHASE CORN AND FEED BIRDS, SCOTT URGES

Myles Scott, president of the Michigan Sportsmen's Association, is urging all hunters to co-operate in a winter feeding project. "We can all help buy some feed from the farmers and place it out for hungry pheasants, quail and other birds," he says.

Scott suggests that the hunter visit the farmer during the winter buy a bushel of corn from him then ask him to let it be placed out for the birds. "Never mind if the farmer's land is posted. Buy some corn from him anyway," says Scott.

Sportsmen who do not know exactly how to proceed are invited to affiliate with the Michigan Sportsmen's Association through its president, Myles Scott, at R. F. D. No. 1, Trenton. In addition to winter bird feeding, the association promotes field trials in the interest of better dogs and better sportsmanship.

## Local Sportsmen at Holland Rifle Club

(Coopersville Observer)

Seven local sportsmen attended a meeting of the Holland Rifle club Tuesday evening in Holland in order to obtain additional information regarding the formation of a similar organization in this locality. Those who made the trip were John Lillie, Lloyd Kirby, Clifford Albrecht, Oscar Pool, Carl Eldridge, Howard Benson and son Stanley.

Efforts are being concentrated at the present time in securing a suitable location—one which is at least 60 feet in length, is easy to heat, and which is 20 or 30 feet in width. The hope of those who are interested in the work of organization is that at least twenty local men can be persuaded to join. Such a group would make it possible to affiliate with the National Rifle Association and membership of this kind would enable the local club to secure the targets, four rifles and a limited quantity of ammunition. Many splendid ideas regarding the work of organization were gained at Holland. As was stated in last week's issue, if you are interested, see some of these men and they will be glad to give you any details. Local sportsmen are hoping to effect an organization soon because it is understood that the National Association already has over 1500 applications for membership and it might take some little time before the equipment could be obtained.

FENNVILLE TERMS EXPIRE IN SPRING

Bale; the clerk, Ernie Crane; assessor, J. E. Burch, and treasurer, Edward C. Foster, also expire. No one has made an announcement as yet for the coming year election, which will be held early in March.

## URGES CAR OWNERS TO PURCHASE PLATES NOW

Just two weeks remain for Holland motorists to purchase license plates and there are approximately 5,000 tags yet to be sold. Alex Van Zanten, manager of the branch bureau in the Vinscher-Brooks building, 29 East Eighth street, said today and urged prospective purchasers to "buy now or stand in line."

There will be no extension after Feb. 1, Van Zanten has been definitely informed by the secretary of state's office. Formation of lines of waiting buyers is inevitable unless the necessary 1936 plates are bought now, it was pointed out.

The plate sale deadline was advanced one month due to the fact that the tags have been sold since Oct. 23. Car owners must present titles when buying plates. Registration cards are not sufficient.

## PRICE OF GASOLINE REGULATES TRADE IN COOPERSVILLE

After weeks and months of discussing and "cussing" on the part of motorists and retailers, gasoline prices have at last been equalized between Grand Rapids and Coopersville. For some time there has been considerable difference between the price quoted in our neighboring city and that quoted by local retailers. This fact has driven much of the gasoline business out of town and along with this other business has gone to the larger city as well, all of which rightfully belonged here. Some dealers claim their business dropped off as much as 70 per cent and no doubt would have been forced to close had the matter not been adjusted.

The past week the Grand Rapids price was raised to correspond with the price here. As far as local retailers were concerned, it would have been much better to have allowed a drop in price here, but such was not the case. However, there is some satisfaction that at last the prices are the same. Rumor has it, however, that a general advance of one cent a gallon is due shortly.

## Sunday Rates by "Long Distance" Reduced, Says Manager Ripley

Extension to all day Sunday of the same reduced rates which have been in effect on long distance station-to-station telephone calls, after 7 o'clock each night, and the establishment of reduced rates every night and Sunday on person-to-person calls, become effective January 15. These changes will mean a large annual saving to Michigan telephone users, according to C. E. Ripley, manager in Holland for the Michigan Bell Telephone Co.

This additional discount in rates, which affects most calls between points on which the present station-to-station day rate is more than 35 cents, is the sixth major long distance telephone rate reduction offered by the Bell system since October, 1926.

This also is the first time that discounted rates have been offered on station-to-station day long distance calls on Sunday and the first that discounts ever have been established for person-to-person calls for any period. A person-to-person long distance call is one on which the operator is requested to locate a particular person at the distant telephone, while a station-to-station call is one made to a telephone by number rather than to some person in particular. A station-to-station call requires less time for making the connection than does a person-to-person call and therefore the rate is considerably less.

As an instance of the savings made possible under the new schedule, Manager C. E. Ripley says that the day person-to-person rate from Holland to Lansing heretofore has been 80 cents at all times. Now the same call can be made nights and Sundays for 60 cents, a saving of 20 cents.

The week-end discount period on both types of long distance calls will extend from 7 o'clock Saturday nights until 4:30 o'clock Monday mornings.

Mrs. S. Pas, R. R. 3, had as her dinner guests Friday Rev. and Mrs. Dirk Dykstra of Arabia and Mrs. Kate Pas.

## Local Game Club Holds 14th Annual Meeting

The 14th annual meeting of the Holland Fish and Game club was held Thursday evening in Warm Friend Tavern and a program "to do something for the man with the fishpole" was unanimously adopted.

Jacob N. Lievense, president; George Vrieling, vice president, and Neal Van Dyke, treasurer, were all re-elected. Henry Vander Schel was elected secretary and Harry Lampen, Hamilton, Peter Oosting and H. Vanden Brink were chosen to serve on the board of directors.

Plans were made to contact the department of conservation to learn why Ottawa county has received fewer rabbits for "planting" than some other counties in the state. One move in that direction was made this year by C. Tubbergen, who released 51 pheasants, hatched from eggs received from the state conservation department.

The carp fishing activities were discussed and it was learned that the club has already realized \$1,500 from the venture for all of last year. Compared with \$795 for all of last year. All carp caught are contracted for according to a report from Andrew Klomparsen. The club pond at Conservation park was reported nearing completion. When improvements to the 500 by 100-foot pond are completed it will be considered the best in western Michigan.

Treasurer Van Dyke gave a report of the finances of the club and the cash balance on hand amounts to \$433.18.

A banquet will be held in the spring and sale of memberships will be open until the evening of the banquet. Prizes were awarded to four club members for the largest fish caught during the year. For the second consecutive year S. H. Houtman was winner of the prize for hooking the biggest muskellunge. The fish weighed ten pounds and two ounces. Gerrit Geerds was given a prize for catching the largest bass, a four pound bass. A perch measuring 13 inches and weighing 17 ounces won George Zuverink an award. George Vrieling was given a prize for catching a three-pound four ounce brown trout in Pere Marquette river.

Dr. O. Vande Velde, vice president of the Pointer and Setter club, gave a short talk on the aims and functions of the dog club. Feeding of birds during the winter months, improving hunting conditions, encouraging breeding of good dogs and annual field trials were named as club activities for this winter.

## DOUGLAS YOUNG MAN MARRIED IN CANADA

The romance began about two years ago when the bride was here visiting her uncle and aunt, Mr. and Mrs. William Coxford, Sr. Both the bride and groom have many friends here who unite in wishing the happy couple a long and prosperous married life. They expect to make their home in Douglas.—Saugatuck Commercial Record.

## HOLLAND MEN GET CAR CRASH JUDGMENTS

Harvey Poll and Henry Veldheer, both of Holland, were awarded judgments of \$300 and \$250 respectively yesterday in an opinion filed by Judge Fred T. Miles of Ottawa county circuit court. Both were defendants in a suit for damages brought by Joseph E. Kardux of Holland, alleging damages from an automobile accident. Mr. Poll and Mr. Veldheer filed a cross bill. A judgment of no cause for action was entered for Mr. Kardux.

Judge Miles held the approximate cause of the accident in which a car driven by Gordon Kardux and one owned by Mr. Veldheer collided April 20, 1935, to have been the speed of the Kardux machine.

Herman Petersen of Fennville was badly injured when his clothing got caught in a pulley used for sawing wood. No doctor was immediately available and his limb was so badly swelled that it was necessary to reduce the fracture at a later date. Petersen it is said had a close call from death.

## 500 BRICKS TAKEN FROM FIRM AT SAUGATUCK — FOUR ARRESTS MADE

Theft of 500 bricks from the Lyon Construction Co., contractors who are setting up equipment for construction work on the bridge over the Kalamazoo between Douglas and Saugatuck, was reported to the sheriff's department and an investigation of the case is being made.

A number of minor thefts from construction companies has been reported in the county during the past few months but to date no trace of the thieves has been obtained.

Four arrests were reported by the sheriff's department today. Edward Bouck, 30, Kalamazoo, was arrested for non-payment of alimony and when taken before Judge Fred T. Miles was ordered to pay \$1 per week on costs of the case and \$2 per week alimony.

Arthur Ellenwood, Fennville, arrested on charges of assault and battery, was ordered to pay costs of the case and serve 5 days in jail.

## GRANDVILLE YOUTH IS SENT TO IONIA

Marvin Swiers, age 19, Grandville, was sentenced to Ionia state reformatory from 1 to 14 years by Judge Fred T. Miles in circuit court for violation of his probation.

Swiers was sentenced for forgery on Aug. 26, 1934, and placed on probation. He violated the probation by failure to report to Jack Spangler, probation officer, and getting drunk, the court held.

## APPEALS \$10,000 HOLLAND NOTE CASE

Notice of an appeal to the state supreme court from a decision of Judge Fred T. Miles in Ottawa county circuit court, denying the claim of Cornelius Blom of Holland who sought to collect \$10,000 he alleged due on a note endorsed by C. H. McBride, Holland attorney, was filed with the county clerk, William Wilda.

Mr. Blom, Holland, chief of the fire department, brought suit to collect \$10,000 on a note given him by the Bush & Lane piano company of Holland and co-endorsed by Mr. McBride and C. L. Beach. The suit was against Mr. McBride.

Judge Miles held the note should have been presented at a Holland bank for collection on maturity date and failure to do so discharged the maker. At that time the company had \$46,000 on deposit, it was testified.

## Our Neighbor May Start A Fish-Game Club

GRAND HAVEN SPRING LAKE BECOME FISH POND MINDED (Grand Haven Tribune)

Residents of Grand Haven, Spring Lake, Perryburg and surrounding area who are interested in hunting, fishing and conservation are invited to attend a meeting at 7:30 o'clock Friday evening at the Sport Shop.

The purpose of the meeting is to interest sportsmen here in membership in the Holland Fish and Game association, an organization that has done a great deal of work in the county in conservation projects.

Memberships in this association are available to local people at a very nominal cost, the club itself being self sustaining through its activities of seining carp and marketing them.

Walter Lehman and others who know the activities of the Holland club say they believe that a local organization may eventually grow out of the movement if enough interest is shown.

The Holland association will hold its annual banquet some time in March and a 75-cent membership covers dues for the year as well as a ticket to this event.

It has been pointed out that little has been done locally to restock the fields, streams and lakes that are continually being depleted and that a local organization, working with the state department, could accomplish a great deal.

The Holland club has a large tract of land leased in Robinson township where game has been planted and that is available to members for hunting. This feature of a Grand Haven organization is particularly attractive to many who have felt the growing inconvenience and embarrassment of having to seek permission from the land owner to hunt over every piece of land they may wish to cover in a day's hunt. It is hoped that many will be present Friday night and that this meeting may be the beginning of a conservation movement in Grand Haven that will have far reaching effects in the future.

## Banker Resigns From Zeeland Hospital Board

The board of directors of the Dr. Thomas G. Huiszings Memorial Hospital operating association held their annual meeting and organization at the hospital office on Tuesday evening of this week, at which the financial report for the year was adopted.

The election of officers resulted in electing Herman Miller, president; James C. De Pree, secretary; and Jack Boonstra, treasurer.

The outstanding circumstance of the meeting was the acceptance of the resignation of Chris J. Den Herder as a director and president of the organization. Mr. Den Herder had tendered his resignation as president and director to the secretary about two weeks ago and was absent from this meeting. His resignation was due to a wish to be relieved of the office because other duties demand his full time and attention. He has put in nearly 10 years of faithful service during the most trying period.

Mr. Den Herder has been president and a director of the association since the time of its organization on July 15, 1927. Although he had not requested that his resignation be held secret, it was not generally known. After acceptance of the resignation and due consideration, Adrian Van Koeveering, editor of the Zeeland Record, was chosen by the remaining members of the board to fill the vacancy caused by the retirement of Mr. Den Herder. Mr. Den Herder is the father of Attorney Jay Den Herder of Holland.

The present board of directors is composed of Herman Miller, J. C. De Pree, George F. Huiszings, Jack Boonstra, David Vereeke, Mrs. D. Boonstra, Mrs. Wm. Glerum, Martin C. Ver Hage and Adrian Van Koeveering, the latter not having yet been inducted into office.

## ALLEGAN PROVIDES MONEY FOR RELIEF

The county board of supervisors Saturday afternoon appropriated \$1,000, which with \$5,000 appropriated at the October session, provides \$2,900 a month for relief for January, February and March.

The relief commission will be composed of Carl Winslow, Frank Hall and one of the following: C. Benson, Floyd Rockwell and Claude Firestone.

Miss Hannah TeRoller, 79 E. 10th St., celebrated her 80th birthday anniversary Monday. Miss TeRoller is one of the veteran music teachers in Holland having taught piano and organ for 50 years. She is in good health considering her advanced age.

Miss Georgia Ann Dieters, daughter of Mrs. Henry Dieters, 128 West 13th St., this city, and C. E. Campbell, son of W. L. Campbell, 55 West 11th St., were united in marriage Saturday in Indiana. The couple will be at home at 840 Ardmore, S.E., Grand Rapids. Mr. Campbell is a representative for the Webster Cigar Co.

Nick Brouwer, West 16th street has returned from a trip to Chicago.

## TAXPAYERS OF PARK TOWNSHIP ATTENTION

### County Still In Red But Are Cleaning Up

#### TREASURER'S REPORT SHOWS COUNTY \$114,338 BEHIND; CLERK'S REPORT READ

Reports of the county treasurer and the county clerk were received by the board of supervisors at the opening meeting of the January session, showing the condition of the county finances.

According to the figures of the treasurer the county is in the red \$114,338, which is the accumulation over several years. At one time the county was in arrears nearly \$250,000.

The report lists the monies held in Ottawa county banks, and shows the credits received from the various funds in the accounting system. It also shows a deficit of \$15,588.64 in the tuberculosis patient fund, this obligation being assumed by the townships, as the county operates under a township unit plan. The total credits, according to the report are \$1,887,365.

The county clerk's report shows receipts during the past fiscal year to be \$1,203,751.83, with total disbursements \$1,173,517.55.

The sinking fund committee recommended calling of Covert Refunding bonds of \$100,000, which are callable May 1, 1935, as there are sufficient funds in the sinking fund.

They also recommended that \$20,000 be placed in the following banks: Grand Haven State Bank, Peoples Savings Bank of Gd. Haven and State Commercial and Savings Bank at Zeeland, at two per cent interest.

Bids were opened at the meeting of the committee on Jan. 11 where in the above banks were the highest bidders for the deposits. No action was taken.

George Heneveld, chairman of the board, drew attention to the

### HOLLAND IS AIDING TRAVELING PUBLIC

(Grand Rapids Press)

The Holland Chamber of Commerce tourist and resort committee is getting set for the 1936 season with the incorporating in its program of several new projects of real value to the traveling public.

These include the new airport in Park township, near Waukazoo; enlargement of the oval and construction of a boardwalk, 300 x 12 feet, from the bathhouse to the beach in Holland state park at Ottawa Beach, and an extension of the Tunnel Park road to connect with the Ottawa Beach road.

The Holland Exchange club will seek funds through the city council for the construction of a 175-foot dock off Kollen park in Lake Macatawa for large vessels and mooring slips for small crafts, as a distinct benefit to resorters.

Copies of a new attractive booklet, of wooden shoe design, is ready for distribution, according to director Connolly. The booklet features views of Holland's resorts, Lake Macatawa, bathing beaches, parks, boulevards, tulip festival scenes, fishing and other attractions.

### COMMUNICATION

Grand Haven, Mich.

Gentlemen:

Mr. Jack Spangler, Chairman of the Old Age Assistance Bureau at Grand Haven, Mich. states that at the present time the State of Michigan is paying to Ottawa County each month the sum of \$897.

There are about 105 applicants in the County receiving assistance each month. The checks average about \$11 per month. This amount will be increased if and when the Federal Funds are available. The Federal Government has agreed to match the State dollar for dollar, and where circumstances warrant, this increase will be given.

Yours very truly,  
Jack Spangler  
Chairman Old Age Assistance Bureau.

### PERCH ANGLERS LITERALLY SWARM OVER WHITE LAKE

Muskegon Chronicle

From the appearance of all roads leading to White Lake, choked with cars bearing license plates from counties in western Michigan as far as 50 miles distant in all directions, the lake perch was truly king for a day, as devotees of ice fishing swarmed and milled about in an effort to procure warm shanties, which were not available at any point, on the lake after 8 a. m.

The largest crowd of the season, and what was described by an old timer as one of the largest "gangs of people" he had ever seen fishing, literally covered the entire surface of the lake, and those who were not in time to rent a shanty, dug their holes in the open and turning their backs to the wind, prepared for a day of fishing in the open. Automobiles were parked on the south side of the lake in all directions for a quarter of a mile on both sides of the road. Traffic on the north side was not as heavy, but the fishermen were just as numerous.

The ice assumed the appearance of a gold rush in the Klondike, as it became dotted heavily with fishermen about 11 a. m.

Catches were good with few fishermen leaving the ice without their limit.—Attention Vaudie and Klomp!

### SUGAR BEET CROP UP 500,000 TONS

An increase of about 500,000 tons in this year's sugar beet crop, as compared with last year, was reported Wednesday by the agriculture department at Washington, D. C. The department's crop reporting board said the preliminary estimate on the 1935 crop was 7,984,000 tons. This harvest is approximately 3,000,000 tons less than the record crop of 1933. The five-year (1929-1932) average of production is 8,118,000 tons.

### Townsend Plan Would Bankrupt The Government

#### SO SAYS REPRESENTATIVE MAPES IN DETROIT NEWS QUESTIONNAIRE

Congressman Carl E. Mapes replies to an interview to the Detroit News as this relates to the Townsend plan as follows:—

I believe in a liberal old age pension for those along in years and without adequate resources of their own, one which will enable them to live comfortably and well.

I do not believe that the Government could finance a plan—it could not raise the money—to pay every one over sixty \$200 per month as advocated by Dr. Townsend. To enact such a plan into law would be an idle gesture. It would fall of its own weight. The amount proposed to be paid is both unreasonable and unnecessary. Society, or the Government, owes no obligation to care for those abundantly able to care for themselves and it is not necessary to give anyone \$200 per month—\$400 in absolute comfort. How many people ever enjoyed that much income in the most productive years of their lives?

I am not impressed with the argument that the adoption of the plan would be a cure-all for the depression. It would be more likely to plunge the country into chaos.

It is far from being perfect as yet, but it seems to me that the system of Federal contribution of the states as provided for in the Social Security Act passed during the last session of Congress is a step in the right direction towards the solution of the problem of taking care of the aged.

Our state law should be liberalized and perfected and the federal contribution perhaps increased, but the plan is practicable and gives promise of accomplishing something real. The friends of old age pensions might better direct their attention toward perfecting that legislation than to chase off after a will-o'-the-wisp which will inevitably prove to be a delusion and a snare.

To enact into law the plan now advocated by Dr. Townsend would be a mockery, a pretense only. It would be holding out a false hope to those in distress who need, and ought to be provided with, relief. I do not want to be a party of any such procedure, and I am satisfied that those who are will bring upon themselves eventually the bitter condemnation of those whom they have misled.

In view of the foregoing I take it that it is not necessary for me to add, in answer to your last question, that I have no thought of leaving the Republican Party to join a Townsend Old Age Pension Party should one be organized.

### Where the Capital Ought to Be

(Chicago Tribune)

A few weeks ago James O'Donnell Bennett, in describing the G. A. R. convention, found himself singing the praises of Grand Rapids, Mich., where the gathering was held. He liked the city's hospitality. He liked its convention hall. He liked its climate. On all counts Grand Rapids appealed to him as a place for great national meetings.

Some day the capital of the United States is going to be moved to the eastern shore of Lake Michigan in the vicinity of Grand Rapids. The capital will then be where it ought to be, close to the center of the nation's population, in a setting of great natural beauty, and in as fine and healthful a climate as can be found anywhere in the country.

Lake Michigan tempers the oppressive heat of summer and the extremes of cold in winter. A Washington summer is devastating. It injures the health and wrecks the nerves. Air conditioning is a boon to those who can afford it, but many cannot afford it and all have to go out on the streets more or less frequently. In such a climate good work cannot be expected of most men and women between May and October.

By way of contrast, southwestern Michigan is one of the nation's principal summer playgrounds. Families travel thousands of miles to enjoy its climate and facilities for recreation. The year around, the climate is healthful and invigorating. Some day the move from the steaming tidal flats to the pleasant shores of Lake Michigan will be made and men will wonder from that day onward why the capital was ever allowed to remain on the Potomac once the danger of Indian raids in Michigan had passed.

Note—The News might add why not on the high bluff at Lakewood, a beautiful garden made to order for the White House, and the present might use the new canal to our suburban city, Grand Rapids, for official business.

### Oyster Delicacies

JANUARY IS the peak of the oyster season, so plan to enliven mid-winter menus often with this choice food. Oysters can be prepared quickly and in such a variety of ways, it will be easy to include one new dish in each week's menu plan throughout the rest of the open season. Your family, too, will enjoy this special touch, for oysters have long been considered a great delicacy. The old Roman lords, who treated their epicurean tastes to every conceivable luxury, used to cultivate the inferior native variety in great oyster beds in their rivers. When they discovered the more delicious oysters from the coast of Britain, they imported these instead, deeming no effort too great for this superior variety. Fortunately, it is easy for us to get oysters today at little trouble or expense every bit as fine as those enjoyed by the old Roman emperors. We have only to order them from the local market and follow a few good recipes to serve our families a tempting array of this succulent delicacy. Try these recipes for special oyster dishes and you will be delighted with their novel variety:

Oysters, Mexican Style (serves 4 to 5)—Have 1 pt. large oysters and drain well. Blend ¼ cup Tomato Ketchup, ½ teaspoon Worcestershire Sauce, ¼ teaspoon salt and a dash of pepper. Mix 1 cup soft bread crumbs (packed) and ¼ cup cracker crumbs and fry in 3 tablespoons butter to a golden brown. Place a layer of crumbs in buttered casserole. Arrange a single layer of oysters over crumbs and sprinkle with one-half of the Ketchup mixture. Repeat each layer and top with remaining crumbs mixed with ¼ cup grated American cheese. Bake in a hot oven (400° F.) 25 minutes. When preparing a larger proportion, use additional casseroles or a large baking pan so there are only two layers of oysters.

Oysters Scalloped—Have 1 qt. oysters, 1 small can Cream of Mushroom Soup and 1½ cups fine cracker crumbs. Drain oysters well reserving ¼ cup of the oyster liquor. Roll oysters in cracker crumbs and fry in shallow fat until browned on both sides. Salt lightly. Combine Soup, oyster liquor and ½ cup of the cracker crumbs. Arrange the oysters in a casserole in three layers, covering each layer with a thin layer of the Soup mixture. Sprinkle top with remaining cracker crumbs which have been browned in pan oysters were fried in. Bake in moderate oven (350° F.) for 30 minutes.

Creamed Oysters and Mushrooms—Melt 3 tablespoons butter in top of double boiler, add 4 tablespoons flour and ½ teaspoon paprika and blend. Add 1 medium can Cream of Mushroom Soup and stir until smooth and thick. Cook 1 pint oysters in their own liquor until the edges curl; then add, with 4 sliced hard cooked eggs, to the Soup mixture. Heat well and serve in patty shells or on toast.

Oyster Sandwiches—Combine 2 slightly beaten eggs, ¼ teaspoon salt and ¼ teaspoon Worcestershire Sauce. Dip 1 pint oysters in egg and then in bread crumbs. Fry in butter until golden brown. Place 8 or 4 fried oysters between slices of buttered whole wheat bread or hard rolls and sprinkle with Chili Sauce or Tomato Ketchup.

By JOSEPHINE GIBSON  
Director, Heinz Food Institute

Oysters in Blankets—Have 1½ dozen large oysters. Roll each oyster in a slice of bacon and fasten with toothpicks. Fry in hot skillet in butter until a golden brown. Make a sauce of ¼ cup water, ¼ teaspoon Worcestershire Sauce and 3 tablespoons Chili Sauce, and pour over the oysters. Bake in a moderate oven (375° F.) for 20 minutes, turning the oysters once during the baking. Serve very hot on buttered toast and pour over them some of the liquid that remains in the pan.

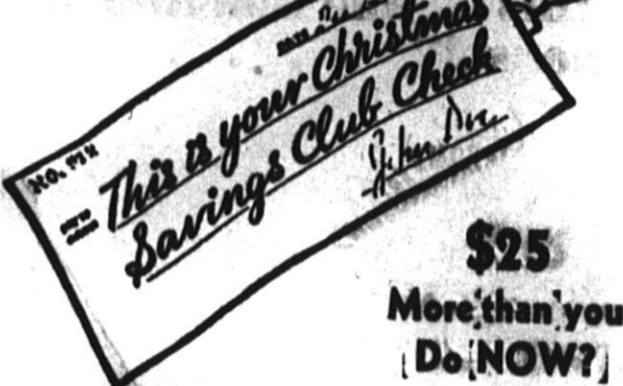

Oyster Cocktail—Allow six oysters to each person. Serve on half shells if desired. These should be arranged on cracked ice in a deep plate (a soup plate may be used), or mix oysters with cocktail sauce and serve in stemmed glasses.

Cocktail Sauce—Combine 1 cup Tomato Ketchup, 3 tablespoons Chili Sauce, 2 tablespoons Pure Vinegar, 2 tablespoons Evaporated Horseradish (soaked for 10 minutes in 2 tablespoons cold water), few drops Pepper Sauce, dash of pepper and ½ to 1 teaspoon salt and mix thoroughly. This makes about 1½ cups of the sauce.

IS A BANK WORTH TO ITS COMMUNITY?

YOU may know how much a week you would have to pay a good cook, book-keeper or farmhand. But how much are the services of a good bank worth to you?

In a word, a good bank's services should be worth what it costs the bank to serve your account, including a fair return on its invested capital. By maintaining a compensating balance in proportion to your account's activity, or by paying a service fee on small, or highly active accounts, which otherwise would cause the bank a loss, you can "hold up your end." Sound banking requires support from the public as well as from bankers.

EDUCATOR SPEAKS TO  
WOMAN'S LITERARY CLUB

At a meeting of the Woman's Literary Club held Tuesday afternoon, Dr. Nancy E. Scott, professor of modern European history at Western State Teachers' college, Kalamazoo, addressed the group on the topic "Italy the League and the Present Crisis." "The causes of the World war are still the causes of the present crisis, both economically and in regard to the impending war of all nations," said Dr. Scott. The speaker, introduced by Mrs. Telling, brought out that the peace treaties of Versailles not only failed to remove the causes of conflict, but increased them. Italy did not gain from the World war what she was promised in the line of colonies and new resources; and until she and Germany are able to gain more territory, there will be conflict, she prophesied. In conclusion she said, "People must become convinced that their interests are the world's interests. The Versailles treaty must be revised, and the League of Nations must be given the whole-hearted support of all nations." The speaker's next meeting will be Lee W. Finch, vice president of the Grand Rapids Trust Co. who will speak on "What Women Should Know About Wills and Trusts."

HOLLAND PASTOR'S WIFE  
TALKS BEFORE ZEELAND LIT.

A regular meeting of the Zeeland Literary Club was held on Tuesday afternoon in the club room. The meeting was opened with a brief business session in charge of the president, Mrs. T. A. Dewey. This was followed with special vocal music by Mrs. H. Borst, accompanied by Miss Antoinette Van Koeveing. The special feature of the program was a book review presented by Mrs. James Weyerer of Holland, who, in an interesting way traced the biography of Erasmus, a brilliant scholar of the 15th century. She presented him as a man with wonderful possibilities who did not measure up to his opportunities. His outstanding works of literature were discussed and his connection with the Reformation. He opposed Martin Luther with great bitterness and aroused the opposition of many who were high in authority, but he kept the friendship of the pope. Tea was served by the social committee and hostesses were Mrs. W. Claver and Mrs. W. Berghorst.—Zeeland Record.

APPLES are the big news in this week's markets—cooking, eating and all-purpose apples are being featured at attractive prices. Fresh pork is cheaper and beef and lamb as well. Fresh eggs are now plentiful, and even the top grades are reasonable. Last week's lower price of butter has been maintained due to increasing production.

Many vegetables are in market—most of them fairly inexpensive. Worthy of special mention are broccoli, spinach, beets, peas and cabbage. Iceberg lettuce continues to be an excellent value.

Florida oranges, navel oranges, Temple oranges, tangerines, grapefruit and bananas are the outstanding fruits with the big exception of apples. Here are three menus at different budget levels for Sunday dinner.
