Invitations To Commemoration Are Now Mailed

IT MUST BE UNDERSTOOD
THAT ALL ARE WELCOME
TO 90TH ANNIVERSARY OF
THE COMING OF THE
DUTCH

Dr. Samuel Zwemer Will Be The
Speaker of the Day at Hope
Memorial Chapel on the Even-
ing of February 9

The committee on invitations to-day mailed invitations abroad to the Ambassador at Washington, D. C., Jonkheer H. M. Van Haerems De With, several consuls representing The Netherlands in different cities, ministers of the gospel in Holland, Zealand and environs, and many in Western Michigan, and others who have been closely identified with this movement, especially from abroad. Many of the clergy in the East and men in our Eastern and Western academies, formerly identified with Hope College, will receive a special invitation.

The front page of the invitation contains an embossed reproduction of the seal of Holland in gold. This seal has done service since Holland was incorporated in 1867. It contains the Dutch lion and a Dutch inscription: "Eene Pragt maak niet, God Ze Met Ons", literally translated it means, "In union there is strength" and "God be with us." Protruding from under the seal is an orange ribbon. To the side of the seal in Old English are the dates, 1847, 1937, the date that the Hollanders colonized in Western Michigan, the vanguard being Dr. Van Raalte and his little band of intrepid pioneers.

The invitation was printed on page three in script. It states that the nineteenth anniversary of the colonization of Western Michigan by the people from the Netherlands is to be commemorated at Hope Memorial Chapel on the evening of February nine, nineteen hundred and thirty-seven at seven thirty o'clock. It also gives the information that this celebration will mark the dedication of a museum of Netherlands lore. The invitation committee is composed of Holland Americans in Western Michigan and consists of the following: C. J. Dregman, Chairman; Van Raalte, Gilmore, Mayor Henry Geerlings, Abraham Peters, Rev. N. J. Monsma, D. B. K. Van Raalte, Ben A. Mulder, E. E. Fell, Nicodemus Bosch, John A. Hartgerink, Adrian Van Koeveering, and Gertrik Yntema.

The main and executive committee appointed at the initial commemoration meeting who have collaborated with the invitation committee are: Dr. Wynand Wichers, Chairman, Dr. Abraham L. Lenthout, Mrs. John St. Dykstra, William Arends, Horst, Cornelius, Vander Meulen and Hon. Jacob Steketee, Netherlands Consul at Grand Rapids. Willard Wichers of Zealand of the Government Historical Record Survey is the Secretary of this movement.

Plans for the celebration commemorating the nineteenth anniversary of the settlement of the Hollanders in western Michigan are nearing completion. Under the direction of the Historical Records Survey, Mrs. Neel Bergen and her committee have planned to restore a room in a typical Dutch home with its quaint atmosphere and devoid family life. Museum exhibits will feature each community with their own particular records and documents. This will be a feature at Hope Memorial Chapel on the floor below the auditorium.

Dr. Samuel M. Zwemer who has been secured as speaker for the February meeting is author of several books and a lecturer of international note. He has been professor of History of Religion and Christian Missions at Princeton Theological Seminary for more than seven years. Prior to that he spent nearly a quarter of a century in Arabia and Egypt and is an authority on conditions in the Moslem world. He is the son of Reverend Abraham Zwemer who came from The Netherlands, province of Zeeland, in July 1849, on the ship "Aria". In 1854 the father was secretary for the laying of the keel of the new missionary ship on Black Lake.

Dr. Zwemer was born at Vriesland, Michigan, April 12, 1867, and graduated from Hope College in 1887 and New Brunswick Theological Seminary in 1890. It was during his years at New Brunswick that his interest in the Near East was aroused and he determined with two other students on the crusade against Islam in Arabia. The persistence of this small group led to the establishing of the Arabian Mission of the Reformed Church. For many years Mr. Zwemer was editor and publisher of the Moslem World at Cairo, Egypt.

Representatives were appointed Monday night for approximately forty communities that are to participate in the commemoration program to be staged at Holland on February 9th. These people stand ready to assist in the collection of material for museum display, and should be contacted by individuals having such material. They are as follows: Allegan, Judge Irving Tucker; Zeeland, A. Van Koeveering, John Hartgerink, Gertrik Yntema; New Grönningen, Egbert Boone; Forest Grove, Abraham Vander Wal; Coopersville, John Ter Avast; Saugatuck, Mrs. Lemuel Brady; Beaverdam, Peter D. Eyre; Jamestown, Louis Zagers; Hadesville, Dr. Henry Most; Grand Rapids, Honorable Jacob Steketee, Dr. G. J. Stuart, Honorable Ate Dykstra, Ben DeJager; Kalamazoo, Cornelius Luyendyk, Dr. Van Urk, John C. Hoekje; Muskegon, John C. Beukema, C. D. Mulder, Martin Frissel; Grand Haven, Frank Bottje; Spring Lake, Frank Scholten; Fremont, Dr. Willis Geerlings; Grandville, C. J. Hoek-

NEWS AWARDED LIFE MEMBERSHIP IN PRESS ASSOCIATION

Percy B. Scott, Editor of the American Press; John H. Perry, President, and J. P. Schneider, Business Manager of New York City News awarded the Holland City News a certificate of life membership in the Half Century Club of the American Press.

The certificate is a beautifully embellished much as a diploma would be and is engraved on fine parchment paper. The Holland City News is placed in a panel and is done with pen and ink, apparently by an artist of rare ability.

Having published continuously more than fifty years the Holland City News has been certified for membership in the American Press Half Century Club and is entitled to proclaim such membership in all public announcements.

In a letter accompanying, Percy B. Scott states: "We hope that your newspaper will continue to uphold the best traditions of American newspaper life and that its force and influence will be felt for many half centuries to come."

The News has just gone into its 66th year and your editor has been in charge entering his 44th year. We sincerely hope that we are filling a modest niche in promoting the welfare of Holland and its environs in every constructive way.

WHERE YOU CAN GIVE TOWARDS FLOOD RELIEF

Leave contributions with Mable Vanden Berg, first floor in the City Hall and with Otto Kramer of the Holland State Bank. The Chamber of Commerce in the City of Holland has a desk in Warm Friend Tavern. Also donations take at the cashier's window of the Peoples State Bank. The Willard G. Lenthout Post American Legion will take care of any clothing, blankets and covering that citizens have to spare and will see that it goes to the proper destination. All calls to 2532, Red Cross, will bring response. The Legionnaires will call for these articles by truck. Remember that haste is imperative, the need is now.

GOVERNOR MURPHY WILL BE HERE TULIP TIME

One of the features of the 1937 Tulip Festival, just released from the Chamber of Commerce, is Governor's Day. Governor Frank Murphy has accepted the invitation delivered by Senator Earnest C. Brooks, to review the Schools' Parade and attend the Governor's Aerodinner on Wednesday, May 19th. A special invitation is being extended through State Highway Commissioner, Murray D. Van Wagoner, to President Roosevelt to grace the festival on the occasion of the Governor's visit. In the words of the Irish Manager of the Chamber of Commerce, William M. Connelly, he stated that "the had appointed our Dutch Highway Commissioner to invite our Dutch President to our Dutch Festival in our Dutch City."

It must be understood that these special invitations cannot be sent to everyone for in that case there would be thousands of them and the expense would be prohibitive. The executive committee wishes to make public that everyone interested in this movement is cordially invited to take part, and that means everyone in Western Michigan and beyond who wishes to see a perpetuation of the commemoration of the coming of the Hollanders in some form or other, through a museum, a "tie-up" with Tulip Time on certain days, or future celebrations. Remember, this is an invitation to you!

HELPING THE HELPLESS

A cry of distress has come from the river section of the nation. The large rivers of commerce, the great arteries of trade that benefit mankind under normal circumstances, have gone on a flood rampage more terrible than has ever been witnessed in the river valley of the Eastern and Central states.

Large streams and tributaries have ceased to be peaceful waterways, but like Jekyll and Hyde have transformed into a gigantic octopus with tentacles of water ripping large cities and villages ready to obliterate all habitations and the peoples who dwell therein.

A plaintive cry has gone up from over a thousand miles of flood-ricken area. The national press, the radio, the moving pictures, are telling the story so vividly that the need is indelibly printed in the minds and hearts of every red-blooded American.

Holland vicinity, together with thousands of other communities, are responding quickly and liberally. The nation has sent men, money and supplies to the stricken area, but what is more, this "angel of mercy", the Red Cross nurse, was already on the scene when the first sign of an appalling disaster was evident. Her guiding hand, her words of sympathy, her ministrations to the cold, the hungry, the sick and the dying, simply is a repetition of the credit of the Red Cross over a long period of years.

The government is depending upon the Red Cross with all its agencies. The Red Cross is supreme in the flood-stricken area. All civic, state, government, coast guard, and military agencies dovetail their work with this large benevolent organization. The radio is loaded down with announcements directing the work in the flood district. The difficulties that beset every city, town and hamlet, as well as the countryside, is fully portrayed in the never-ending work that these air dispatches convey. The directing of power boats to transport families together with babes who have pneumonia, to take from isolated places surrounded by water expectant mothers, to remove old ladies of over four score, who are marooned without food, to places of safety and warmth, the fighting of fire surrounded by a swirling flood, are only a few of the thousand commands and demands sent out by the "dead tired" announcers and broadcasters from the few stations that have not yet been inundated by the "yellow stream."

Doctors are doing yeoman's work, the nurses are untiring. A call was sent in for five hundred uniformed policemen from all over the nation—within ten hours they had arrived by plane. While in some areas the flood is receding, other areas are in the height of it. While further down the Mississippi the populace are anxiously waiting with trepidation the dammed-up flood waters that are sure to visit them, the entire city's population are busy strengthening levees for flood protection and are more fortunate than their sister cities further East, for everything is ready for evacuation if necessary.

It is an appalling picture. What the loss of life and property will be will never be fully known. The cry for help from our fellow Americans has touched the hearts of every American citizen as it always has.

Help in cash, medicine, food, clothing and bedding is coming in a veritable stream. In fact, the flood waters are being attacked by a benevolent stream assuming flood proportions. In the minds and hearts of everyone is a great desire to give to these unfortunate fellow Americans.

Do not hesitate—the time to give is right this minute when the disaster is here, not after the flood is over.

The Holland City News joins the thousands of other avenues in voicing the call for help. The great American heart still beats and the "good will to all men" still exists even though Christmas has passed and gone.

Give liberally! Give now!

WIFE OF FORMER RACE HORSE MAN DIES

Word has been received that Mrs. Emma Riley, widow of Dan Riley, formerly of Holland, died at Alma, Michigan.

Mr. Riley was a resident of Holland many years ago and at one time was identified with the old Phoenix Hotel on the south side of 8th Street, west of the railroad track, a three-story wooden structure with a large veranda.

Mr. Riley was a great lover of race horses and had fine stables in the days when Holland was a racing center. Later he went to Grand Haven and conducted a livery barn. Dan Riley was the owner of the celebrated Neil Ball, which he purchased from the Boone stables here. This horse was named after the celebrated baseball player who put Holland on the map as a baseball town. He later died what few players have done in the history of baseball, making a triple play unassisted while shortstop in the American League with Cleveland.

It is understood that Mrs. Riley will be buried in Allegan.

FIFTY YEARS AGO TODAY

Last Friday afternoon, just as we had gone to press, a news reached this city that the Scud, owned by Capt. Isaac Thompson of this city, but commanded by his son, Capt. Hans Thompson, had gone on the beach near New Buffalo. The Scud was loaded with staves for Joe Fixter, and was bound for Milwaukee. The crew all escaped after terrible hardships, which is best told in the following from the Chicago News of last Monday: "Vessel men say the last storm, although not resulting in the loss of much property or many lives, have been severe on sailors. The intense cold winds which accompanied these storms benumbed and froze the sailors so that they were unable to handle the frozen rigging or control their craft. The latest tale of hardship suffered in the storm, and which is similar to the experiences of the crew of the Ray S. Carr, comes from one of the crew of the little sailing scud, hailing from Holland, Mich. The Scud, commanded by the Wanderer, another little sailing vessel, left Holland Tuesday night for Milwaukee, loaded with staves. The storm struck them just off Milwaukee and they were driven back. The Scud was driven out into the lake. All day Wednesday the crew worked on the slippery deck, thinking the gale would subside. It grew stronger and colder, however, and by nightfall the men were nearly dead from exposure. At 10 o'clock Wednesday night, a lad named Johnson was put at the wheel, while the crew, headed by Capt. Thompson, turned out to take a reef in the frozen foresail. When this feat was accomplished the only man who remained on the Scud was a boy named John Edwards. The captain was nothing more than a big icicle. Edwards half dragged and half carried him to the little cabin and laid him alongside the fire to thaw out his ice-bound clothing. The deckload of staves was covered with ice, but Edwards managed to help the other two members of the crew into the cabin. Then he found the boy at the wheel. He found him in a pitiful condition. His legs were frozen fast in a solid cake of ice, but he could still use his hands to steer. Edwards carried the boy down to the fire and then went back to the wheel himself. Left alone, he concluded that the best thing to do would be to turn the vessel around and let her go before the wind. This he did, and early Thursday morning he ran her high and dry on the beach at New Buffalo. The boy was so badly used up that he had to be carried to shelter. His feet were frozen, and face and hands were frosted. The captain and the rest of the crew were in a terrible condition but were able to care for themselves. The Wanderer, another Holland schooner, also had hard usage, and a few hours after the Scud struck the beach the Wanderer was also driven in. Her main mast was gone and she was badly battered. The crew all escaped ashore."

There is a voting contest on in Holland at the First Reformed church and the result will be disclosed tomorrow evening. The members of the congregation are voting whether to hold Dutch English services or to stay by the present all-Dutch service. Note: It was decided to hold Dutch service one Sunday and English service the next and continue to alternate. At that, it was a very close vote, 221 for the change, 207 against, with 18 blanks. Today this same congregation holds only English services and has for at least 20 years. During that time there have been two pastors, Rev. Henry Veltman in Grand Rapids, and Rev. James Weyer, the pastor. The latter has "shepherded the flock" for more than 15 years.

Capt. Mayo of Muskegon has invented a new life-saving device that can be fastened to any "Big" and ocean going ships. A picture herewith shows the new, strange looking lifeboat. When a ship sinks the passengers must simply crawl through the openings at both ends, which can be opened and closed at will. After the ship has gone down the cylindrical-looking craft stays bobbing on the waves. It can't be swamped, which is self-evident. However, it would appear that with constant turning the rescued would be pummeled about a bit in a heavy sea.

The life-saving craft is now in the Black Lake at the Graham & Morton dock. Note: Mayo started a plant to manufacture these "life savers", but for some reason the craft did not go over and it is said that there are still a few in the vicinity of Muskegon, where for years it has been the object of curiosity. According to News files, Capt. Mayo perfected his boat so that there was a shell within a shell and while the outer shell might revolve with the waves, the inner shell holding passengers would remain stationary on pivots at each end, much like a "Ferris wheel." The News reporter 25 years ago

approached Capt. Mayo, according to the files, and the skipper still has faith that his "egg-shaped" boat will be put in practical use on the "seven seas." To the News the idea still seems practical, and the perfected idea might prove a boon to shipwrecked passengers and crews.

There is a restaurant war on in this city. The sign, "Regular Meal 25c," posted by L. C. Bradford, caught the eye of John Hoffman, proprietor of "Van's Restaurant" across the street. John, taking it as a challenge, immediately posted a sign, "Regular Meals 20c." Bradford came back next day with a 15c meal. The proprietors at the Boston Restaurant conducted by Hoffman Brothers also put up a sign for cheaper "eats." Note:—All these restaurants have long since "folded up." John Hoffman is in Milwaukee. Nick Hoffman discontinued the Boston Restaurant some three years ago. L. C. Bradford has long since passed away. He conducted the Baltimore in a wooden building on the site of the Holland State bank and Green Mill cafe.

One hundred dollars has been offered by the executive committee of the Alliance of the Christian Schools for the best system of instruction for teaching in the primary grades. These schools have become prominent in circles of the Christian Reformed denomination, and it is expected that by offering a prize a better system will be secured.

FIFTEEN YEARS AGO TODAY

Jim De Pree resigns from the De Pree Co. and will from now on be one of the principal salesmen of the Ottawa Furniture Co. He says he will boost for "San Tox" as hard as ever. Note:—This was 15 years ago. Since that time there is no more Ottawa Furniture Co., since the depression in '29 put a crimp in furniture selling. However, today it is coming back "with a bang." Today Jim De Pree is back in his old love, the De Pree Co. Ottawa was this city—built 50 years ago. For years the tall buildings and high stack held a commanding position on North River ave. Like the "South Side" tannery, it added materially to our industrial picture. Both plants were razed and left only vacant spaces—going begging, as well as sad memories.

The Sixth Reformed church on Lincoln ave. was dedicated last evening and the fine new structure was crowded to capacity. Rev. J. H. Bruggers, pastor of the church, presided. The dedicatory address was given by Rev. Y. De Jonge of Zealand. Pastors from other local churches also spoke, namely, Rev. Paul P. Cheff of Hope church, Rev. J. M. Martin of Third Reformed church, Rev. James Weyer, First Reformed church, Rev. J. P. Heemstra, Fourth Reformed church, Rev. Clarence P. Dame, Trinity church; Rev. Seth Vander Werf, secretary of the Board of Foreign Missions. Note:—The congregation was organized in 1916, when a portable church was shipped in and erected on the present site. Then the basement of the present church was built and during the World War it was completed and service held there. In 1922 the dream of this struggling congregation was realized with a complete and serviceable building.

Someone stole \$40.00 in milk money from the desks of the several teachers at Longfellow school. It has been the custom for the teachers to place the money in their desks but while the desks were ransacked only the money was missing. Two weeks before, a consignment of milk tickets were stolen. The thieves broke in thru a basement window.

Charles Alfred Stevenson, a business man in Holland since 1888, conducting a jewelry store on East Eighth street, passed away at his home at River ave. and 13th St. He was born in London, England, in 1832 and lacked only a few days of attaining the age of 90 years. He was the senior warden and lay reader of Grace Episcopal church.

E. P. Denkmann, a rich lumberman of Rock Island, Ill., is building a fine home at Zeeland, Mich., which, it is said, will contain 17 bathrooms and will cost \$70,000. His garage will be ample to accommodate five automobiles. A concrete drive will go around the entire place, forming a loop. There will also be tennis courts for guests to enjoy. Flowers and shrubs will beautify the new grounds.

One of the most important real estate deals of the new year was transacted at Zeeland when Thomas Van Eenennaam disposed of his Zeeland hotel to Mr. Vander Weide of Holland township. This was the landmark of Zeeland, built in 1848, and all this time an oval sign has been swinging from a long pole in front of this hostelry on the Main street. Note:—This sign would prove to be quite a relic in an old settler's collection.

Mrs. Gertrude Wierda of Holland is spending a few days with her mother, Mrs. S. Wierda, Sr., who is ill at her home on West Main Street Zeeland.

Young Democrats and the Elks of Grand Haven are co-operating as sponsors of the annual president's ball at the Elks temple Saturday.

J. A. Vander Veem and Otto P. Kramer were in Otsego yesterday attending the annual meeting of the Mac-Sin-Bar Paper Co. There are several local stockholders, some twenty in all, it is stated.

Holland Has Never Had A Damaging Flood

IN THE OLDEN DAYS THERE
WERE FRESHETS WHEN
WOODEN BRIDGES WERE
SWEEP AWAY

The Writer Remembers Commons
Between 15th and Hospital Hill
Veritable Mill Pond

Holland is a city blessed in many ways. Since its establishment as a colony 90 years ago there has never been a flood that brought loss of life. Grand Rapids has had many a flood, has built flood walls, Jenison and Grandville were inundated, but that is about as near as any floods came to Holland. This city has had freshets when Black River went on a mild rampage, filled everyone of the nineteen holes on the golf course, but that is about the only damage our principal stream has inflicted.

The writer remembers when the old wooden bridge that spanned the river near New Grönningen at the north limits of the golf course was swept away by water and an ice jam, but for years a high steel bridge eliminated these difficulties. There have been times when the Pere Marquette Railroad had to dynamite the ice in order to let the backed-up water go through at the railroad bridge near Waverly, but never was the bridge swept away.

The Holland interurban nearly had a bridge taken out near the Noordeloos road between Holland and Zeeland, which brought considerable inconvenience for several days. The bridge remained intact, however, but passenger cars from Grand Rapids had passengers detained at the east end of the bridge, walk across the trestle to a waiting interurban on the west end of the bridge, thus taking the passengers, westbound, to Holland and the resorts. The bridge was strengthened, however, after the flood subsided.

Some years ago a small island had formed at the mouth of the Black River as it entered Black Lake. Squatters took possession of the island and the leader of this party was Captain Frank Haven, captain of a sailing schooner, who died in this city many years ago. He built small cottages on that delta of land, which remained there for many years; but, two freshets of ice and water rushed over the island at one time, damaging the buildings to such an extent that some years later they were torn down.

Tannery Creek, which has its outlet at the head of Pine Ave., into Black Lake, was a wild little stream of times with January thaws and spring rains when the only outlet was the bed of the river. This creek, of course, had practically been drained by our present sewer system, but, at that, it was quite a bending rivulet, giving the large Cappen-Bertsch Leather Company ample water to take care of its vats in the earlier days.

This creek, although covered by streets, still winds its way just west of Maple Ave. through Mayor Bosch's property, through the playgrounds of St. Francis de Sales church, through the properties owned by Mrs. George Kollen the Post estate, Browning and Dregman property, continuing across 14th Street east of Cecil Huntley's property and John Greengood's. It turns and runs under the north side walk on 15th Street east to River Ave., continues across River Ave. under side walks on the east side of River Ave. by the Holland Christian High School when it merges from its tunnel course into a small creek again with a water shed at Hospital Hill.

The stream, practically from sight because of modern construction, was a large swollen stream every year, and what is more, a large part of the commons between 15th St. and Hospital Hill was a veritable mill pond during the spring thaw. At times one could skate from the high school nearly to the C. & W. M. railroad, now the Pere Marquette.

With the advent of the sewer system all these lands were drained dry and these stretches, practically useless for home building because of flooded cellars, have now become very desirable home site without a possibility of water in basements.

It may not be known by many that before the fire of '71 the foot of Hospital Hill was a veritable bog and a log road had to be built across it to sustain the horse and wagon and the ox teams who came to and from Graafschap, East Saugatuck and Fillmore. It was this bog, dried out during the terrible drought during the summer of '71 that helped to spread the flames from the woods fire into the city, that brought Holland's great fire disaster.

How remote the possibilities of a flood are in Holland can be figured out from the lake level of Lake Macatawa to the Pine Ave. hill-top on West 9th St. City Engineer Zuidema states that the distance, if a cut were made at that point level with the lake, would be more than twenty-five feet. Holland is practically on a level with these dimensions up to Hospital Hill where there is a tremendous raise, possibly 75 feet above the lake level. It would take considerable water to fill such a basin and we haven't the streams of any size to make such a flood possible.

Holland is 611 feet above sea level. This is shown at the Holland Post Office on a copper disk on the West stone lamp standard at the steps of the Post Office on 10th St. This has been put there by the United States Geographical Survey. So you can see, Holland stands high and dry and is tremendously blessed compared to our fellow Americans in the Ohio and Mississippi flood areas.

The Coda Campfire group met Tuesday evening at the home of Gladys Bos.

MORE THAN \$1600 FOR RED CROSS

Holland is surely going over the top for the flood sufferers, but by all means do not stop giving because we are doing well. At four o'clock this afternoon Otto P. Kramer, in charge of the Red Cross funds of lower Ottawa, states that thus far, the volunteer collection was \$1602.21. This was practically all from Holland alone.

The countryside, the rural schools in charge of Mrs. Cecil White of Holland, Zealand and other places in this vicinity have not yet reported, but without doubt all will give their full share as they have always done.

At Red Cross headquarters Mrs. Mabel Vanden Berg reports more than \$700. Of course, that is included in the sum total reported by Mr. Kramer.

Overisel is having a Red Cross drive of its own and has set its goal at \$400. Good for Overisel! Watch Zealand come through—they always do!

Hudsonville has also taken in \$100.

The swelling of the funds will be considerable after next Sunday when a vast majority of the churches in Holland will have collections taken up. Grand Haven, we understand, has taken in approximately \$800. That was yesterday morning. Undoubtedly the amount has grown considerably since that time. But then, if you have not given, be sure and give, for judging from the latest reports, the needs will be tremendous.

SKIPPER CLEMONS AND MEN IN FLOOD AREA

At different times men and boats were sent from the Holland Coast Guard station to the flood area. Two motor boats are now at the flood. The 26-foot power boat was sent first and yesterday the 36-foot surf boat was taken by the crew to Muskegon, loaded on flat cars together with other boats from Grand Haven, Michigan, and were rushed to Evanston.

Thus far E. J. Clemons, captain of the coast guards here, Cash Slaghuys, Kenneth Leslie, F. Slaughter, Robert Timmer and Robert Green are now in the flood area. Slaughter went last night and Timmer and Green went a day before. The first named men have been in the flood area since the first call.

CONGRESSMAN HOFFMAN GETS EASTERN PUBLICITY

Congressman Clarence Hoffman for a beginner in Congress surely is being heard from. His debate and discourse on the floor on January 21 appears on page 407 of the Congressional Record, but apparently his efforts struck the right cord for it was printed on the first page of the New York Times, the New York Sun and the Journal of Commerce and Commercial of New York, all old and substantial papers.

Few congressmen are publicized in the national press to that extent and this publicity cannot help but focus the attention of the East on Michigan and the congressman of Allegan County.

ZEELAND TO HAVE BIG MASS MEETING

Zeeland is girding for a special election next week Tuesday to find out whether our neighbor is to have a municipal light plant like Holland, Allegan, Grand Haven and other cities throughout the state. The mass meeting is going to be held this Friday evening at 7:30 p. m. in the Zeeland City Hall.

Att. Arthur Van Duren, for many years a member of the Holland Board of Public Works, will speak on the subject, "The Success of Our Holland Municipal Plant." "Art" surely has his subject well in hand, since besides serving on that board he was city attorney for many years and was constantly in contact with the activities of this board.

Other speakers on the program are the following: Carl D. Thompson, of Chicago, Secretary, Public Ownership League of America, will speak on "Why Zeeland Should Own Its Own Generating System."

J. Nyhof Poel, Secretary of the Board of Public Works, of Grand Haven, will speak on "The Grand Haven Diesel Plant."

Robert Norris, of Ayres, Lewis, Norris & May, Consulting Engineers, Ann Arbor, will discuss the Engineering and Technical Phases of the Proposed Plant.

Friends of a municipal ownership plant are putting forth every effort to get a large crowd to this mass meeting, incident to the election February 2. They are billing the city thoroughly and large announcements of more than a half page appear in the Zeeland Record. These announcements set forth just what is expected for the money so voted, the profits that will accrue towards the paying of the plant, ranging from \$4,200 to \$10,000 a year. The advertisements also state that there will be a reduction in rates and that besides the earnings of the plant, will pay for the plant within twenty years without costing the taxpayers of Zeeland a single penny.

The Zeeland Record goes in detail into the matter editorially and otherwise. The caption of the editorial reads, "Profit in Electricity."

Large Power Life Boats Called Out

HOLLAND HARBOR BOAT AND
MEN ARE INCLUDED IN
FLOOD AREA

The U. S. Coast Guard, 10th district, was called upon again at 10 p. m. last night to mobilize the big power life boats from seven stations in the district for flood duty and Abram Wessel, in charge of the district, with his helpers worked most of the night to get orders to the several stations to immediately get the boats in readiness.

Boats from Ludington, Muskegon, Grand Haven, Holland and South Haven were ordered mobilized at the Mart in Muskegon where a large derrick lifted the boats onto flat cars to be shipped out yesterday afternoon to headquarters at Evanston, Ind. The boats were ordered to proceed under their own power to Muskegon. They are 36 feet in length and weigh 10 tons each, and are stout craft that will hold 40 people.

Boats from Michigan City and St. Joseph stations of the same type were ordered to go to Chicago, where to be loaded on trains for St. Louis. The boats will then go to Cairo, Ill., where conditions are reported to be growing worse.

Mr. Wessel said yesterday that he had not selected the personnel for this latest fleet. He has ordered officers in charge from some of the Lake Huron stations to come here but in case there are not sufficient men available experienced men will be taken from stations on Lake Michigan regardless of whether they already have crew in the flood zone or not. He is determined that experienced men must be in charge of these big boats. Sickness among the crews is a handicap at the present time.

He expects to get the detachment out tonight on the midnight train.

Picket Boat Sent

The picket boat assigned this fall from the east coast to the Grand Haven and Holland stations have been placed in order.

The power boats were mobilized at Muskegon as it was the one Lake Michigan port that was centrally located that had a hoist of sufficient size to handle the big life boats. The power surbouts were sent out first as they are light and draw but little water and have proved of great value in other floods. The order for the life boats indicates that every boat available is being called into action. It is expected that the last consignment of large boats will arrive in the flood district this morning.

A telegram was received, Thursday morning, by John Oert, Holland, from his brother, the Rev. Frederick H. Oert, pastor of the First Presbyterian Church at Paducah, Ky. which is in the flood district of the Ohio river valley, stating that his family were all safe and well. Attempt to contact his brother earlier in the week had been to no avail. The Rev. Mr. Oert is a former resident of Holland and a graduate of Hope College and Western Theological Seminary. He has been a resident of Paducah for the past seven years.

Despite numerous attempts, Mrs. Marvin De Vries, and her sister, Lavina Cappon, 228 West Ninth St. have been unable to learn of the safety of Mrs. John Malibetsch, a sister who lives in Huntington, W. Va. However, they feel that their sister is safe or they would have heard otherwise.

It was also decided to hold council meetings once in three months. Refreshments were served by Mrs. Root and Miss Adrienne Steketee.

The annual banquet of the Holland Business Institute, which will be held Feb. 2 in the First Methodist church, will have as speaker Dr. John R. Mulder, of the Western Theological Seminary. An entertainment was sponsored in Central Park Church, Thursday night, by the Circle of Cheer class. They planned to give the proceeds derived to the Red Cross for flood relief work. Lunches were also sold during the evening.

Mrs. Phillip Brooks, 99 West 11th St., received one of the first messages through to Michigan residents from Portsmouth, O., which has been cut off from the outside world since Saturday by the flood waters of the Ohio and Scioto rivers. The message was received Tuesday from her brother, Dr. C. M. Fitch who called over an emergency telephone line erected on top of the Portsmouth Bottling Co. Dr. Fitch reported that the building was one of the few in the hilltop residential section of Portsmouth, not covered by water.

Members of the Willard G. Leenhouts post No. 6 are continuing its drive of co-operation in aiding the Red Cross in its program of relief for victims in the Ohio river valley flood. The Salvation army also joined in the campaign to provide wearing apparel for the refugees. They are sorting and packing in bales the various articles of clothing which are being donated. A shipment will go out today. Contributors are asked to call the Salvation army at No. 4461, or preferably as trucks are lacking, to leave the clothing at its headquarters. Articles of clothing and blankets are being collected by the legion and turned over to the Red Cross officials here who are shipping the donations to the flood centers. Bedding and warm clothing are asked for in the flooded districts and any person who can spare any blankets or clothing are asked to call the local Red Cross, No. 2532, and it will be picked up immediately by the Legion's truck. Cash donations may be made to the Holland State Bank, Peoples State Bank or at The Sentinel office. Contributions thus made are sent to the stricken sections immediately.

AUTO TAGS GOOD UNTIL MARCH 1ST, BERTAL SLASH CONFIRMS

Michigan motorists Wednesday received another month's grace before expiration of their 1936 automobile license plates.

Extending the expiration deadline to March 1, Secy. of State Leon D. Case said he was motivated by the fact that strikes in the automobile industry had left many persons without funds with which to purchase new licenses.

He added a belief that it would have been impossible to meet the demand for new plates before Jan. 31, the previous deadline.

Bertal Slag, the newly appointed local License Bureau manager, is now on the job at his store, 56 E. 8th St., where the bureau has been moved. Alex Van Zanten who retires will aid Mr. Slag for a few days. Mr. Slag today confirms the extension of auto tag date to March 1st. The telephone now is 3885 instead of 4755.

WIFE OF MISSIONARY, COLLEGE HEAD AND ORATOR, PASSES SUDDENLY

Mrs. Samuel M. Zwemer, 71, wife of Dr. Zwemer of Princeton Theological Seminary, died suddenly, Monday afternoon, in New York city where she had been attending a board meeting. Mrs. Zwemer suffered a fainting spell at the meeting and was rushed to the Presbyterian hospital where her son is a doctor. It was stated in a telephone call to Dr. Zwemer's sisters, Misses Nellie and Henrietta Zwemer that Mrs. Zwemer died shortly after reaching the hospital. Death was due to a heart attack.

Both Dr. and Mrs. Zwemer have been outstanding in missionary activities and are known the world over. Mrs. Zwemer, the former Amy Elisabeth Wilkes, received her education and missionary training in Australia. In 1894 she went to Arabia as a missionary nurse supported by the Church of England.

Dr. Zwemer went there in 1890 supported by the Reformed church of America.

After their marriage in Baghdad, Mrs. Zwemer also worked under the Reformed church. From the Arabian Mission field after working there for several years, Dr. Zwemer became associated with the Nile Mission Press at Cairo, Egypt. His duties kept him in Cairo six months of the year and the other six months he spent touring the world investigating the Mohammedan Religion. Dr. Zwemer is said to be the greatest authority in the world on Mohammedanism.

During this period, Dr. and Mrs. Zwemer spent some time in Holland where their children were attending Hope college. While here Mrs. Zwemer taught the Woman's Adult Bible class of Hope church although she was a member of Third Reformed church. For about the past six years, Dr. and Mrs. Zwemer have been living in Princeton, N. J., where Dr. Zwemer connected with the Princeton Theological Seminary, a Presbyterian training school.

Besides Dr. Zwemer, Mrs. Zwemer is survived by the following children: Mrs. Claude Pickens, a missionary in Hankow, China, Dr. Raymond Zwemer, Ph. D., who is engaged in research work in the Presbyterian hospital in New York city, Mrs. Homer Violette of Baltimore, Md., and Mrs. Robert Brittan of Columbus, O., all of whom are graduates of Hope college. Eleven grandchildren also survive. Mrs. Zwemer had no living brothers and sisters.

Funeral services of Mrs. Zwemer will be held this Friday at 2:00 o'clock in the Third Reformed Church, Holland, with private services at the home of Dr. and Mrs. S. C. Nettinga on 12th Street, who is a nephew and niece of the deceased. The funeral services will be in charge of Dr. Albertus Pieters of the Western Theological Seminary, who is a life-long friend and classmate of Dr. Zwemer. Dr. William J. Van Kersen, District Secretary of the Board of Foreign Missions of the Reformed Church in America, will assist in the services. Rev. Bernard D. Hakken, missionary to Arabia, who with Mrs. Hakken is in America on a

tour, will officiate at the private services.

Interment will take place in the Zwemer family plot in Pilgrim Home Cemetery.

The remains arrived early this Friday morning from the East. The pallbearers will be Henry Steketee of Holland, Henry Strabbing of Hamilton, John Van Huis of Central Park, Abraham Zwemer of Lowell, John Neerken of Detroit all nephews of Mrs. Zwemer and James Nettinga of Holland, grand nephew of the deceased.

The following is taken from the New York Times:

Mrs. Amy Wilkes Zwemer of Princeton, N. J., wife of Professor Samuel M. Zwemer of the Princeton Theological Seminary, died suddenly yesterday of heart disease

in the Harkness Pavilion of the Columbia Presbyterian Medical Center, at the age of 71.

Surviving, in addition to her husband, are three daughters and a son, Mrs. C. L. Pickens of Hankow, China; Mrs. Homer Violette of Baltimore, Mrs. Robert Brittan of Columbus, Ohio and Dr. Raymond L. Zwemer of this city.

A native of Wolverhampton, England, Mrs. Zwemer became a trained nurse and served in the Prince Albert Memorial Hospital, Sydney, Australia, before entering mission work at Bagdad. After her marriage to Dr. Zwemer in 1896, both continued as missionaries in Bahrien, Arabia, and at Cairo, Egypt, until Dr. Zwemer's appointment to Princeton in 1930.

The appointments of the postmasters at Douglas and Hamilton have been sent to the senate by President Roosevelt for approval. The nominations included John D. Campbell, Douglas; Herman Nyhoff, Hamilton.

Mrs. H. Damveld of West 19th St. has been confined in Holland hospital due to injuries received in a fall.

CO. D, NATIONAL GUARDS, HOLLAND, AT FLINT

By Chuck Bertach

Flint, Jan. 22, 1937.

The boys here are hungry for news from home. A few copies of Holland papers have arrived but the men of the company are lone some for regular copies. Drop a hint to "Ye Editor" of the City News.

You know we are not allowed to leave the building except by special pass and these are not issued to but five men from each company at any one time and are good for two hours. The rules are strictly enforced. No passes are issued after sundown.

The people of Flint are very appreciative of the fact that the guards are here and are doing everything they can to furnish entertainment. And it is of high order, too. Mr. George Strake, Public Relations Director for the Flint city schools, in co-operation with the chamber of Commerce, has got us some good moving pictures

TULIP BULBS UNHURT BY LACK OF SNOW

Lack of snow has not injured the tulips in Holland, according to Henry Nelis, local tulip bulb raiser.

The steady cold, with ample freezing, has kept the bulbs in good condition. The rain of last fall has served the same purpose as a snow thaw in regard to the tulip beds.

Nelis, who conducts a showplace during Tulip Time with his many large tulip beds, is expecting a larger display this year than ever.

And we have boxing matches and band concerts, too.

One of the boys here, while lolling face down on his cot, with no shirt on after his shower, was quietly approached by a joker, who grabbed a fistful of back muscle and gave it a pinch.

"Lay off that, you blockhead," shrieked the half-naked private, and rolling over to kick at the offender, saw his captain roaring with laughter. Were his ears red!

We are getting used to lap lunches—you know, soldiers eat all their meals out of their hands. Yesterday Jim TeKer, while balancing his mess kit on his knees, looked up solemnly and in the deep rich voice, inherent from his father, remarked, "People do eat from plates, on tables, don't they?"

Lots of things look funny here: Rimless glasses peeping out from under a tough-looking steel helmet. . . Dashing officers flaring light breeches and all with muddy rubber over spick-span shining leather boots. . . Gallant looking soldiers wearing galoshes (almost as funny as Chinese regulars carrying sun parasols on the march). . . Common soldiers (like myself) who blissfully believe they are sleeping on their cots, but who awake suddenly lying on the maple floor, with a wrecked cot frame hanging about their neck. . . Our cots, like Niagara, falls continually—and hard.

Lady visitors, civilized and refined, wander into our barracks room occasionally. There is always one of the 300 men who might be a member of a nudist camp, unwillingly, of course. A loud, sudden crash somewhere in the big gymnasium indicates that that one went heading under a cot, tipping it over, and in his embarrassed nakedness crept on his belly to the next cot, seeking shelter like a scared cricket in bluegill season.

A team composed of privates of Co. D, 126th Infantry, home station at Holland, defeated one made up of non-coms from the same outfit by a 1-0 score in a fast game of soccer on a frozen field yesterday morning. The lone tally was made by Private George Zietlow.

Nation's \$1,000,000 Birthday Cake and Its Beneficiaries

With more than 6,000 celebrations in prospect for January 30, President Roosevelt's birthday, a fund of approximately \$1,000,000 is forecast for the war against infantile paralysis by Colonel Henry L. Doherty, chairman of the National Committee for the fourth year. Seventy percent of the fund thus raised will remain in the communities where collected, the other thirty percent going to the Warm Springs (Georgia) Foundation.

President's Ball Fostered In Holland

LION'S CLUB TO STAGE EVENT AT WARM FRIEND TAVERN

At Least 6,000 Cities Will Dance For The Benefit of Unfortunate Youth

Undoubtedly the largest party in the history of any cause will be staged throughout the nation on President Roosevelt's birthday on Saturday, January 30 of this week. Never has an event of this nature been given so much publicity through the national press, over the radio, through the theatres and in moving pictures, as has the Grand President's Birthday Ball, staged in practically every city of importance in the nation.

In this vicinity, Holland, Grand Haven, Muskegon, Allegan, Saugatuck and Grand Rapids all have Balls commemorating President Roosevelt's birthday. The larger cities of the nation will stage gigantic demonstrations. For instance, in New York City, the Waldorf will see one of the liveliest and most magnificent social events of recent years, when ten orchestras tune up in the fire ball rooms of that large hotel. The party will begin when Mrs. Sarah Delano Roosevelt, the President's mother, will begin receiving the guests who arrive. Similar brilliant affairs of like proportion will be held in Chicago, Detroit, San Francisco, New Orleans, Los Angeles, and all the larger cities in the nation. After eleven o'clock, when the party in the larger centers will go on the air to listen to President Roosevelt's broadcast, the smallest and most obscure gatherings will be able to join by ear in the metropolitan entertainment.

The broadcast being on short-wave, ships at sea and Americans throughout the world will be able to take part in the celebration.

Holland, too, will celebrate through our patriotic Lion's Club. The President's Ball will be held at Warm Friend Tavern beginning at 9 o'clock Saturday. Excellent music for dancing has been secured by the music committee, Tony Schmidt's seven-piece orchestra of Grand Rapids will be present, fully uniformed and those participating can be assured of an evening of real pleasure aside from the fact that the proceeds of this and 6,000 other balls throughout the nation go for the benefit of unfortunate children who have been afflicted with infantile paralysis.

As last year, the fund so collected on January 30 will be divided in the proportion of seventy and thirty per cent, the larger percentage going towards the rehabilitation of infantile paralysis in the communities where the respective parties are held. For instance, in Holland's case, seventy per cent of the revenue of the Lion's Ball at Warm Friend Tavern, Saturday, will go for local cases; thirty per cent will be presented to President Roosevelt to be turned over to the Warm Springs Foundation for the national battle against poliomyelitis.

As we have said before, the Holland Lion's Club is going wholeheartedly into the matter primarily for the wonderful work which is being accomplished through available funds thus derived.

The Club reports an increased public interest over past years. William Nies, General Chairman, has appointed the following committees:

Russell Rutgers.....Ticket Sales
Everett Spaulding.....Treasurer
Russell Haight.....Music

Five Months Old Pigs Set Weight Record

L. A. Letson, who lives northeast of Coopersville, on the "narrow" cement road to Conklin, is becoming somewhat of an authority on the raising of pigs, if one may judge by some of the achievements of some of his "porkers." It is not many years ago that a sow owned by him, established something of a maternity record by an unusually large litter of pigs.

Recently, however, Mr. Letson sold twelve pigs, averaging five months old, which weighed at marketing time 2,525 pounds. Ten of the pigs were slightly over five months old while two were about two weeks under the five months record. When the animals were marketed, Mr. Letson was informed by the buyer that this was the best weight which he had heard of in some time. "Ton litters" is a record which every swine raiser tries to achieve but there are not many who realize their "dreams." While all of the twelve pigs were not of the same litter, Mr. Letson at least feels that his stock exceeded the equivalent of a "ton litter."

WILL STAND TRIAL FOR 1936 ACCIDENT

Franklin VanderVeen, 34, of Holland, will stand trial in Justice Raymond Smith's court Saturday on a charge of reckless driving, the outcome of an accident here Nov. 29. Arraigned Dec. 1, he pleaded not guilty.

Involved in the same accident was Tenus (Tony) Evink, who pleaded guilty of reckless driving and was fined \$25 and costs. The two men figured in an automobile accident at a local intersection. Justice Smith Friday said that Evink, now serving 90 days for bicycle theft, admitted to him that one of the reasons he "stole so many bicycles in December was to pay my fine."

RABBIT SEASON NEARLY AT AN END

Only four days remain of the rabbit hunting season in northern Michigan.

On Feb. 1 small-game hunters will have to put away their guns until next fall since the closed season on cottontail and snowshoe rabbits in the counties north of northline of Townline 16 and west of Saginaw bay begins on that date. All other counties closed to rabbit hunting Jan. 2.

Seasons on hunting opossum, skunk, and badger also end Jan. 31.

NEWS BOYS, SCOUTS AND OTHERS HELP YOUTH FOUNDATION

Augmenting the President's Ball in Holland, another matter is fostered by the Lion's Club in co-operation with the local telegraph stations. Many signatures may be affixed to a telegram sent to the President on his birthday.

The signatures of the individuals will cost twenty-five cents, however, this twenty-five cents does not pay for the telegram for the telegram and the names are free; but, the twenty-five cents will be added to the fund that will help the fight against infantile paralysis in youth.

In Holland already six hundred names have been affixed to the telegram in both the Western Union, managed by C. R. Leachman, and by the Postal Telegraph Company, in charge of Miss Angie Zwerling, in the Tavern.

It is understood that these messages, coming from all parts of the nation including the one from Holland, will be bound in a large binder in leather and will be presented to the President. The telegram is headed as follows:

Birthday Greetings
Holland, Mich., Jan. 29, 1937.
To The President,
White House, Washington, D.C.

Happy Birthday, Mr. President. I am proud to participate in the sending of this personal greeting to you and thereby help in the fight against infantile paralysis to which you have given such notable leadership.

The telegram is beautifully embellished at the top with a sun dial in the center of a cozy garden of red flowers in a background of green. The picture has a dark blue sky setting and the garden is made more realistic with butterflies winged in variegated colors, pictured as flitting among the blooms.

The telegraph companies are handling the entire matter without charge.

THE SUNDAY SCHOOL LESSON

January 31, 1937
The Slavery of Sin—Matthew 24: 45-51.

Henry Geerlings

Liberty and slavery are not determined by social standards. A man of rank may be held in the bondage of sin, while a faithful slave may enjoy liberty in the household of his master. Freedom and bondage are alike progressive. A servant who manifests increasing trustworthiness and dependability will enjoy increasing privileges. On the other hand the servant who takes liberties at the expense of his master will find his privileges increasingly limited. The fact that sin enslaves so insidiously led Christ to warn His disciples frequently concerning the dangers of carelessness and indifference. This admonition is vividly portrayed in the parable of the faithful and faithless servant.

Our Lord introduces this parable immediately after expressing the admonition to be ready for in an hour when men think not the Son of man will come. The picture is that of a master who has entrusted his servant with the affairs of his household during his absence. The servant has the liberty of choice. He may show himself worthy of confidence, or abusive of privilege. He may exhibit prudence and foresight in arranging

the affairs of the household, or manifest neglect, ignorance and indifference toward his master's return. In proving faithful, the servant is richly rewarded.

According to the account in Luke, Peter inquired of Christ whether His teaching was specific or general. In the parable our Lord indicates that the principles underlying the rewards of fidelity are applicable to all believers. All Christians are stewards in the household of God, entrusted with liberties and responsibilities. Ordinary servants are affected by the principle of graduation in respect to faithfulness and prudence in the exercise of their privileges. Liberty is not license, but the freedom to display greater faithfulness and prudence. The faithful servant in the parable was not demoralized by delay, but habitually devoted to the best interests of his master. For this reason he was richly blessed.

How different is the evil servant! His heart is not right with God. He is immediately demoralized by the thought of delay on the part of his master. Sin does its foul work in the heart. Given the opportunity to show himself faithful and dependable, this servant abuses his privileges, and finds himself at last an outcast. Sin has thoroughly fettered his soul. The process of demoralization goes on to a climax. Thoughts of delay sow the seeds of neglect and indifference. Then follows abuse of privilege and, instead of encouraging his fellow servants, this faithless steward smites them. Sin produces wrath. Excessive indulgence follows. The wicked servant eats and drinks with the drunken. Bad habits ensue. In time demoralization is complete. There is left no concern for the master's coming. Sin engages the soul.

At an unexpected moment the master will return. Instead of receiving the rewards of loyalty and devotion, the wicked servant, who has been living as though the master would never return, finds severe punishment awaiting him. The picture is an abject one. Sin dulled the conscience. It has completely subjugated the servant. He is no longer a servant of his master, but a slave of sin. Perhaps the punishment seems too severe. To be cut asunder with a saw was the actual mode of treatment administered to faithless slaves in ancient times. Doubtless Christ used this gruesome expression to portray the severity of the master's rage. In the parable, however, the servant continues to live, so this may mean that all relationships are to be severed, and the servant cast out with the hypocrites.

There is only one way of escape from the bondage of sin and that through faith in Christ. He broke the shackles of death and set captivity free. He delivers men through the power of His atoning blood. He became a curse for us that He might redeem us from the curse of the law. In order to save us from

the bondage of sin He became a slave. By faith man lays hold of the righteousness of Christ and thus the fetters of sin are made to fall from the soul. Christ has given His word as a means of grace to overcome sin. Men find liberty through continuance in His word. Multitudes have overcome evil desires through the power of the word. The truth liberates. Through constant fellowship with God in prayer, in the church, in the midst of believers, the Christian breathes the atmosphere of the glorious liberty of the children of God.

YOUNG HOLLAND LAD OVERCOMES
SERIOUS HANDICAPS — IS NOW
ATHLETICALLY STRONG

The past football season was the first that Holland has been represented on the University of Michigan football field since the days of "Capple" Cappon. That representative is Clarence "Doc" Vande Water, son of Mr. Henry Vande Water of Lincoln ave. The fact that Doc is representing Holland is not so great a feat but the fact that he has already won one hard fight against man's worst enemy, the white plague, which already labeled him as one of the greatest battlers in the city.

"Doc," in his battle at the University this fall, outplayed five other candidates to get the starting position of guard on the Kipke "11". This same spirit has been shown by the lad all through his short career. He has had many handicaps in life.

As a small boy he lost his mother through death. His first great blow in life. He regulated himself to the fact and made the most of his lot. When still a small lad he frequented the Lincoln school playground and attended the first playground meets staged under the direction of the Holland Playground commission. While a member of the playground group he took part in all types of games offered. He was a member of the championship playground ball team of the year. He also was a member of the horseshoe and other groups that took the various championships.

The dark shadow then fell on the lad, he was forced to leave all athletics as the great white plague had struck. It floored the champion. He was forced at the age of 13 to give up all types of athletics. He was taken to the Muskegon Sanatorium, a victim of tuberculosis. The future seemed dark for the lad. Confined at the Muskegon health resort for nine months under care and obeying orders he threw off his disease and won his first fight.

The hard test was then to follow; the most rigid rules were laid down by the physicians. The hardest rules that any football player ever followed. Vande Water had

to be in bed at 9 p.m. every night. He was now attending Holland High school and many of his pleasures were sacrificed to adhere to the orders. Today he still follows the original orders. While he was coming back he would spend hours rowing on Black River, getting his strength back and developing himself for his beloved game of football.

He began the football game as a freshman, he was placed under the guidance of Coach Chapman, the local coach knowing the situation and the love for the sport by "Doc" aided him. He only allowed the lad to play one-half a game with the reserve team. He had already developed himself very well. As a sophomore under the guidance of Coach Jerry Breen, the local lad displayed his wares and was counted among the starters on the varsity. He was then playing on the line the same position Kipke has placed him this year.

As time went by, Vande Water took up basketball and developed into a first class court artist. He then went into the back field for Breen and for two years carried the burden of advancing the ball when needed. His position and work at fullback during his last year in school gave him a mention as all state fullback in his senior year. The careful training rules observed by the local lad were so beneficial that he never lost a minute of play while in his senior year. He was in every minute of the local High school's scheduled games.

Besides being all state choice, Vande Water was given all national conference fullback honors in the southwestern conference league. He was captain in 1934. Besides his regular football years he also played basketball three years, paying at center or guard.

In addition to having time to play football and basketball Doc was elected president of his class in the senior year. He was a popular student because of his ability and was placed on the school honor roll.—Contributed.

SUGAR BEETS

MOST MONEY

This one big, bold fact stands out above all others:

Sugar Beets have been the most profitable crop, of all major cultivated crops, in Michigan during the last five years.

Sugar Beets offer the farmer a means of getting a larger aggregate annual income.

It will pay farmers—and pay them well—to grow beets every year. Start 1937 on that basis.

Back this with good farm management and you will get the most profit out of your farm over a period of years.

Through action taken last Friday in Lansing by the Michigan Conservation committee, the Holland Post of the American Legion was awarded the concession at Holland state park for a three-year period. The new contract was awarded on a bid of \$300. Grand Haven's concession also was awarded to the Grand Haven Legion post on a bid of \$900 for the three years. The Holland post has operated the concession for the past four years. Ben Lieverse, chairman of the Legion's board of control for operation of the concession, pointed out that the commission had expressed itself as well satisfied with the way the Legion posts operated their respective concessions in Holland and Grand Haven. Mr. Lieverse explained that in addition to planting trees on the route from Holland to the oval, the Legion planted trees in the park and played an important part in getting the added parking space and other improvements at the oval. It was explained that funds from the concession have aided the Legion band and other projects. In addition to Mr. Lieverse as chairman, the board of control is composed of Major Henry Geerts, Alderman Jacob Bultman, Alfred Joldersma, and Dr. William Weststrate, who are past commanders of the post here. Henry Boeve, Fred Kieft, Dick De Kleine and J. Viedema, farmers of this vicinity, attended a statewide meeting of farmers and representatives of Sugar Beet Growers' associations held in Saginaw, Saturday. A government representative of the Agricultural Adjustment program addressed the meeting relative to proposed government aid to beet growers. The consensus of opinion was in favor of a dollar processing tax per 100 pounds of sugar provided the farmers would receive the direct benefits of a larger proportion of this in an increased price for sugar beets. The representative felt that a processing tax of this amount would net the farmer not less than \$8 per ton for his sugar beets produced, with no increase in price to the consumer. The experience with a processing tax in the past has shown that sugar does not increase in price by the amount of the processing tax. It was explained that as only about 25 per cent of domestic consumption is produced, the balance must

CENTRAL PARK

Dr. E. D. Dimment, former President of Hope College, conducted the Union Service at Central Park Sunday evening. Mr. Dimment's subject was "Working for a More Just Distribution of Wealth." It was a very able discourse and the Doctor had his subject well in hand. He was introduced by Dr. Fred Van Dyke, Pastor of the Church.

Election of officers was held by the ladies Missionary Society of Central Park Church at the home of Mrs. John L. Van Huis, she being assisted in the entertaining by Mrs. George De Vries and Mrs. George St. John. It was decided to stage a membership drive in the near future. The organization allies itself with both the Foreign and Domestic Missions. The guest speaker was Miss Mattie Dekker of the Holland Public Schools, who in her discourse vividly pictured the difficulties that beset her in her work with pupils of lower mentality. Miss Dekker is doing a wonderful work nevertheless. The offering received at this meeting was indeed gratifying, in fact the largest in several years. There was a spontaneous response and members all felt that their organization was progressing towards the goal of greater usefulness. The officers elected were: president, Mrs. Ralph Van Lente; vice president, Mrs. Dick Miles; secretary, Mrs. John Van Huis; treasurer, Mrs. Dick Van Der Meer.

It has just been announced that the marriage of Richard St. John, son of Mr. and Mrs. George St. John of Central Park, and Miss Joan Garvey of Martin, Allegan County, was solemnized on December 25 last year at South Bend, Indiana. The plant there resumed work yesterday after the employees were forced out of employment because of sit-down strikers in other General Motors plants in Flint and Detroit.

The Circle of Cheer class, taught by Mrs. George E. Heneveld at Central Park Church, entertained the young men's class with a dinner at the church parlors, and it goes without saying that the repast was par-excellence and prepared by the dainty hands of the ladies of the church. Many sat around the festive board. Later a program of games was provided under the auspices of the entertainment committee, with Mrs. Jo Wiersma presiding. Some of these games featured were rather new to many of the participants and brought about laughable situations. It was an evening of good cheer, one of these "homey" affairs so pleasing in community life. There was also a few minutes of more serious thought, in which prayer and the singing of gospel hymns entered. Mrs. Richard Bouwman proved an excellent pianist during the evening. The cheerful young men wish to heartily thank the Circle of Good Cheer, composed of the young women, for a most pleasant evening.

A Show Window Cloaked in Beauty and Style

According to Women's Wear Daily, published in New York city, the Rose Cloak Store of Holland can be congratulated. Thad Taft received a letter from A. Hollander & Sons, Inc., of Newark N. J., largest fur dressers and dyers in the world, stating that the local firm has won a prize for a most beautiful window display. Thousands of stores of the United States

entered the contest for prizes of \$100, \$50, \$25 and \$15, and it must be rather gratifying to the Rose Cloak Store to find that they are included as receiving a prize from among all these thousands.

The A. Hollander & Sons company writes the Rose Cloak company in part as follows: "Mr. Taft: Originally we announced thirteen prizes in our nationwide winter display contest. These are all being awarded. The judges felt, however, that the Rose Cloak Store window too good to pass by, even if it did not win one of the original thirteen prizes. They felt certain that consideration was due you for the excellency of your display. It, therefore, gives me great pleasure to send you a check as

well as giving your window very honorable mention." Sincerely, A. Hollander & Sons, Michael Hollander, President.

The Women's Wear Daily of New York publishes the list of prize winners and also that the Rose Cloak Store of Holland received a cash prize and honorable mention. The winning show window in question is portrayed above.

The Men's Adult Bible class and the Sunday school teachers and officers of Maple Ave. Christian Reformed church were entertained by the Women's Adult Bible class last Thursday evening. The program included several duets by Mrs. R. Schadelee and Mrs. J. Cook; a violin solo by Raymond Bontekoe; original poems, composed and read by David Van der Schel, and an address by the Rev. H. D. Ter Keurst, pastor of Trinity Reformed church, on "Worship." Mrs. Benjamin Veltman, president of the Ladies' class, was in charge of the meeting. Devotions were conducted by J. A. Swets, teacher of the class, and C. J. De Koster. Approximately 125 attended the meeting. A social hour was spent and refreshments were served.

Supt. and Mrs. E. B. Killian of Allegan were called to Bitley, Sunday, by news of an accident which befell their brother-in-law, Mr. W. J. Howe. Mr. Howe had fallen from the roof of his house to the ground when placing an aerial for his radio. He struck on his head, sustaining fractures of six ribs and a badly injured shoulder. His condition would not permit of moving him to a hospital for taking of photographs.
