## Coopersville Girl Dies Following Car-Truck Crash

Car Swerves Around  
And Into Path of  
Truck on M-50

ALLENTALE (Special)—Ottawa County recorded its third fatality of 1954 Tuesday night when 20-year-old Arlene Bronkema of Coopersville was fatally injured in a car-truck accident on M-50 a quarter mile east of this village.

Miss Bronkema was a passenger in a car driven by her fiancé, Willis Potgeter, 18, route 1, Jenison. The truck, a semi owned by Sprague Storage Co. of Highland Park, was driven by Wilbert H. Johnson, 33, Detroit. The crash occurred at 10:25 p.m.

Potgeter told sheriff's officers his right wheels got off the edge of the highway and in getting the car back onto the highway it turned completely around on the icy surface sliding into the path of the oncoming truck.

The truck driver said he was about 150 feet away when he saw the car slide and he applied his brakes and tried to pull to the right, but could not avoid the car. The truck jackknifed after the impact. The '51 car was a total wreck. The front end of the truck was damaged.

Miss Bronkema, who was president of the Coopersville High School senior class, was dead on arrival at Butterworth Hospital in Grand Rapids. She had received a fractured skull, and fractures of the neck and jaw. Potgeter was admitted for bruises on the right hand and leg.

Miss Bronkema was born in McBain Jan. 5, 1934, daughter of Mr. and Mrs. John Bronkema, who currently reside at 410 East St., Coopersville. She was homecoming queen of Coopersville High School last fall. Earlier she had been out of school a couple of years because of ill health.

Surviving are the parents; six sisters, Mrs. Arthur Cavanaugh of Comstock Park, Virginia, Norma, Doris, Betty and Joyce, all at home, and two brothers, Arlyn and Ivan.

Four-year-old Marc Van Dis, a passenger in his mother's car, received a cut lip.

## Two Cars Collide

A 1950 model driven by Milo Schrottenboer, route 1, East Saugatuck, collided with a 1950 model driven by Richard Crew, route 1, Fennville, at 11 a.m. Wednesday as Schrottenboer was coming out of the driveway at East Saugatuck store. Schrottenboer told officers he was unable to stop because of ice and snow. Damage to the Schrottenboer car amounted to \$50 and to the Crew car \$100. Fillmore Deputy Henry Bouwman investigated.

## Don't Figure on Color TV in '54

Because of widespread public confusion on the subject of color television, William H. Vandewater, secretary of the local Chamber of Commerce, issued a statement today concerning the availability of color TV receivers.

The statement was based upon a questionnaire-survey of the nation's television set manufacturers by the National Better Business Bureau with which the local Chamber is affiliated.

"Returns from the questionnaire clearly demonstrate that there is no basis for public expectations that color receivers will be available in quantity in the near future or that the difference in price between color and black and white receivers will soon be a negligible factor. It is the consensus among manufacturers that production of color sets during 1954 will be extremely small; that color television receivers will be relatively expensive, retailing somewhere between \$700 and \$1,000; and that picture sizes of the first color receivers will be relatively small."

"While a few color programs on a limited network will be broadcast to a number of our larger cities during 1954, most authorities in the industry are quoted as agreeing that color programs will be infrequent for many months or until enough color sets have been sold to make color programs worth while to the sponsor. It is also their opinion that black and white programs may always outnumber color telecasts."

## Loaded Oil Transports Collide; No One Hurt

GRAND HAVEN (Special) — A Holland truck driver miraculously escaped injuries when two loaded oil transports collided at 1:30 p.m. Wednesday on icy US-16 in Crocker Township just west of 96th Ave.

Claude Stygstra, 31, of 33 North 160th Ave., Holland, driving a tanker for A.C. Carrier of Muskegon, stayed with his vehicle even though he knew it would overturn in the ditch. The impact knocked open both doors and Stygstra scrambled free and ran from a possible explosion. Fortunately, no fire developed.

The accident occurred when a tanker driven by John Kouw, 44, Grand Rapids, went out of control on the icy highway and swerved into the path of the oncoming tanker driven by Stygstra. Kouw, driving a truck owned by the Verbrugge Oil Co. of Grand Rapids, told state police he applied his brakes for slowed traffic ahead, causing the heavy unit to skid across the highway.

The right fronts of both tractors bore the impact. Stygstra stayed with his truck and rode it off the right side of the highway to avoid traffic on the left. His vehicle was a total loss. The tanker was carrying a full load of heavy black oil which has to be heated before it is put into the tanker. This had to be pumped out from the overturned vehicle before the truck could be righted.

The other truck, also loaded with fuel, remained upright. Damage to the tractor was estimated at \$1,000. Both trucks were 1953 models.

State Troopers Charles Bush, Thomas Krusniak and David Verburg investigated.

## Installation Featured At Fahocha Meeting

Installation of officers of the Fahocha Class of First Methodist Church was held Monday evening in Memorial Chapel. About 40 members were present.

Mrs. A. E. Hildebrand opened the service with a review of "History of Bells." Mrs. Estelle De Vries was in charge of devotions and lead group singing, accompanied by Mrs. Marion Van Lente.

Mrs. Edith Jahm, Mrs. Florence De Graaf and Mrs. Virginia Orr lit the candles on the altar after which the class said the 23rd Psalm. As the group concentrated on the altar Mrs. De Vries explained the meaning of each candle—one for prayer, one for 'your life and my life,' and the green candle as a symbol of safety and security, as the signal to 'Go ye into all the world.'

Mrs. Marguerite Hagans talked on "Self Assurance" and installed the officers. The service closed with the singing of "Lord We Are Able."

Mrs. Florence Baker, the re-elected president, conducted the business meeting in the Emmaus room and Mrs. Avis Brandt, treasurer, distributed yearly pledge cards.

Refreshments were served by the hostess, Mrs. Lily Ann Simpson, and her committee, Mrs. June Pederson, Mrs. Fannie Pay due and Mrs. Eloise Schmidt. Mrs. Ruth Van Kampen and Mrs. Orr assisted in pouring.

## Sirens to Signal 'Mothers March' Here Saturday

When you hear fire sirens Saturday at 6:30 p.m., don't be alarmed.

Those screaming sirens will be the signal for the March of Dimes porch light campaign—the signal when nearly everybody in town will turn on porch lights to welcome polio volunteers who call for contributions.

The fire sirens will not be alone. There will be the ringing of church bells, the blast of factory whistles and the wail of police cruiser sirens to mix with the noise of the fire truck.

About 350 local women will join 3,000,000 women all over the nation in the annual Mothers March on Polio. The campaign will last from 6:30 p.m. to 7:30 p.m. These volunteer mothers all will have cards identifying them and certifying them as authorized polio workers. Each will carry a jar labeled "Mothers March on Polio—Fight Polio" into which contributions are deposited.

Saturday's signal will be set off by four-year-old Robert Alan Wolters, youthful polio victim, who will ride on Holland's biggest fire truck with Driver Henry Dokter, also a polio victim. Bobby Wolters, son of Mr. and Mrs. Willis Wolters of West 32nd St., has had a long, hard experience with polio. He was hospitalized more than a year and is still under treatment.

E. H. Phillips, chairman of the local inter-club polio committee, today estimated that to date 110,900 has been collected for polio in Holland area. This is less than half of the assigned quota of \$22,500, but polio leaders feel many persons have been saving their contributions for the Mothers March.

Zeeland will stage its Mothers March tonight at 7 p.m. in charge of Mrs. Ray Karsten and Mrs. Charles Zerrip. About 80 volunteers will participate and they hope to collect more than the \$1,640 received last year through the single project. Zeeland's quota is \$3,100.

## 7-Inch Snowfall Covers Holland

A seven-inch snowfall covered Holland Wednesday, resulting in snowy glazed streets and highways which in turn caused several accidents in the area and one fatality in Ottawa County.

The snow, ranging from two inches up, spread from northern Missouri to Michigan and Minnesota. In Michigan, highway maintenance crews waged a night-long battle against the new snowfall and by noon expected to have trunks south of M-21 cleared for normal travel.

All main roads were open but extensive slippery sections were reported on most lower Peninsula trunklines except in the Monroe and Petoskey areas. Heavy drifting was reported in Port Huron, Flint, Thumb, Saginaw, Bay City, West Branch, Alpena and Kalkaska areas. Extensive slippery sections also were reported in the eastern half of the Upper Peninsula.

## Fourth Traffic Fatality Hits Ottawa County

Chester Paris, Nunica,  
Dies of Injuries From  
2-Car Crash on US-16

GRAND HAVEN (Special) — Ottawa County chalked up its fourth fatality of the year today with the death of Chester Paris, 29, Nunica, who was fatally injured in a two-car crash at 1:20 a.m. today on US-16 in Polkton Township.

The county's third fatality occurred Tuesday night near Allendale, claiming the life of 20-year-old Arlene Bronkema of Coopersville.

Today's fatality was the result of a collision involving cars driven by Paris and by David W. Kromer, 19, route 1, Coopersville. The crash occurred at the intersection of US-16 and 68th Ave. just west of Nunica. Paris was driving west on US-16 and Kromer was going north on 68th Ave. State police said evidence pointed that Kromer was traveling at a high rate of speed.

Paris died at 7:45 a.m. today while in surgery at Hackley Hospital in Muskegon. He had received a fractured left thigh, broken pelvis and ribs, head injuries and possible internal injuries besides severe shock.

Kromer was taken to Municipal Hospital in Grand Haven for treatment of a laceration on his left hand and injuries to both knees.

Paris is survived by the wife and two small children, also his parents. His wife is expecting another child.

Troopers D. L. Finkbeiner and Dawn Wilson of the Grand Haven state police post are continuing the investigation.

## Ottawa Estate Exceeds Million

GRAND HAVEN (Special) — William Chandler Wells, the nonagenarian who made his home at Spring Lake for many years, has left one of the largest estates since the days of the lumber barons. Wells died last Oct. 16 and his will which has been admitted to Ottawa Probate Court disposes of an estate valued at close to \$1,500,000. Hackley Union National Bank of Muskegon is executor.

Among his beneficiaries are his son, daughter-in-law and three grandchildren, the American Red Cross, two schools, three religious groups and several friends. Much of the estate is represented by General Motors stock. It is believed Wells held stock since the early days of mass production. At one time he was associated with William C. Durant in the manufacture of the Durant car at Flint.

He left his home on Spring Lake with all its buildings and contents to the American Red Cross. This includes 10 acres on the east side of the lake and total value is estimated at \$29,700. Whether the property will go to the Ottawa chapter or to the national is a policy question which must be settled at the top level. He did not specify it is for the local chapter.

Five bonds of \$1,000 each will go to the Women's Hospital at Flint, the school system of Spring Lake, Bob Jones University of Greenville, N. C., Milford school district high school system, Berry schools of Mt. Berry, Ga., and the First Presbyterian Church of Spring Lake.

The balance of the estate was given to the bank in trust with instructions to leave one-half of the net income to a son, A. McGregor Wells of Petersburg, Alaska, a daughter-in-law, Marian J. Wells of Clearwater, Fla., and three grandchildren; and the remaining half to 10 other individuals including nieces, nephews and four friends including Walter F. Jerio who lived with the deceased at Spring Lake.

The Cub orchestra played and David Meek sang the Cub song, "Cubs Are Fair, Cubs are Square" to the tune of "Jingle Bells." This presentation was arranged by Mrs. J. George Piers' den.

AVERY D. BAKER

## Hope Graduate Appointed to Post In Probate Court

GRAND HAVEN (Special) — Probate Judge Frederick T. Miles today announced the appointment of Avery D. Baker of Grosse Pointe Woods, a graduate of Hope College, as county agent and children's worker for the Ottawa Probate Court, juvenile division.

Baker will replace Mrs. Ruth Van Duren who has resigned to join the staff of the Muskegon Child Guidance Clinic for field work experience while working toward her master's degree from the University of Michigan School of Social Work.

Baker is a veteran court worker, having spent three years with the juvenile division of the Muskegon County Probate Court before moving to Grosse Pointe Woods last summer. He resigned from the Muskegon court last summer to be closer to the University of Michigan campus where he was taking graduate study for a master's degree in social work. He accepted a position at the Protestant Children's Home of Detroit in conjunction with his studies and when a hoped-for second-year internship, similar to the one Mrs. Van Duren has received, proved administratively impossible, he became available for the Ottawa position.

In Muskegon he was active in the Junior Chamber of Commerce and served as chairman of two committees in 1953. He also was a vice-president of the Muskegon Social Agencies Club and was active in church organizations. He served as primary superintendent of the Unity Reformed Church Sunday School when he moved last summer.

The new official has spoken to several church and PTA groups while associated with the Muskegon court—many of the appearances in the Holland-Zeeland area. Baker, 23, who will assume his new duties about Feb. 15, received an A.B. degree from Hope College in 1950. Originally from Illinois, he came to Hope College after his discharge from the U.S. Army Air Force during World War II. While in service he met a service friend, Jack Boerger of Holland, and in turn his wife-to-be and thus became acquainted with Hope College.

While attending Hope, he married Eleanor Donia, daughter of Mr. and Mrs. John A. Donia of 105 East 23rd St., Holland. The Bakers have two sons, Billy, 3½, and David, one year old. The family expects to locate in Grand Haven.

## Local Episcopal Rector Named as One of Four Deans

The Very Rev. William C. Warner, rector of Grace Episcopal Church, was appointed dean of the newly-created Central Deanery of the Episcopal Diocese of Western Michigan at its 80th convention Wednesday. The appointment of four deans was made by the Rt. Rev. Dudley Barr McNeil, D.D., bishop of the diocese, during the convention at St. Mark's Cathedral, Grand Rapids.

Bishop McNeil announced late Wednesday that the diocese had instituted the new deanery form of organization, which brings a more concentrated and centralized form of organization to the diocese which formerly was organized on a regional basis.

Other new deans appointed are the Rev. John L. Knapp, Marshall; the Rev. John G. Carleton, Niles, and the Rev. Glen A. Blackburn, Big Rapids.

As dean, Rev. Warner will represent the bishop in all areas of church life in the Central Deanery, which comprises Episcopal parishes in Ottawa, Kent, Muskegon and Ionia counties and part of Newaygo county. He will be an ex-officio member of the diocesan executive council.

Dean Warner also was elected president of the Standing Committee of the diocese, which he has served as secretary for the last two years. The standing committee acts as a council of advice to the bishop and in the absence of a bishop, directs ecclesiastical affairs of the diocese. It must also pass on all candidates for the diaconate and priesthood within the diocese and on all consecrations of bishops of any diocese throughout the Episcopal Church.

Dean Warner also was elected a trustee of the association of the diocese.

Lay delegates from Grace Church to the convention were Warren R. Townsend, senior warden; Richard E. Kearns, vestryman; and Verne C. Hohl, secretary of the vestry. Hohl was elected a delegate to the provincial synod of the 13 dioceses of the Midwest at St. Mark's Cathedral next October. Kearns served on the nominating committee and Townsend reported to convention the missionary expectation of the local parish in 1954.

The Rt. Rev. William Lockbridge Wright, D.D., bishop of the Algoma, Ontario, diocese, of the Church of England in Canada, was guest preacher at the principal service of the convention which admitted into union with the Episcopal Church the new parish of Trinity Church, Three Rivers; the Mission of St. Ann, Clare, and the Mission of the Incarnation, Grand Rapids.

## Local Team Comes Up in Second Half To Win Game

It took a second half rally by Holland Christian's cage squad Tuesday night on the Armory court to down a stubborn Grand Rapids Creston quintet, 47-32. The lack-luster win was Christian's ninth this season compared to two defeats.

The unheralded Creston outfit, which had won only one game this season, literally outscraped and outgamed the Hollanders for one half of the contest and led 19-18 at the intermission. The Maroons were slow about throughout most of the first two quarters, while the opportunist Creston squad turned Christian offensive mistakes into baskets for themselves.

Offensively the Dutch were not themselves throughout most of the contest. Timing on passes was off as was the Christian shooting department. Time after time they had a series of successive rebound shots at the hoop but they would not drop. Creston's strategy to clog up the Dutch pivoted succeeded in the sense that the Dutch were not able to do much scoring from the pivot posts. However, it took its toll in the foul department, as they lost three men on fouls. To top it off Christian's Ken Scholten sunk nine out of 10 free throws while Rich Sharda sunk six for seven.

Creston was particularly aggressive in the second period as they applied a defensive press on the Maroon guards. They were ever on the alert for Maroon bad passes and did turn a pair into easy baskets. However the Dutch moved the ball much faster in the second half and the press was no longer a threat.

Defensively the Hollanders were in good form as they kept the Crestonites from any sustained scoring off their pattern offense. In fact it was the alert Dutch defense in the third quarter which started the Maroons rolling, never again to be threatened.

Christian's forward wall of Scholten, Nykamp, Sharda and Edwards controlled the boards most of the night, giving the smaller Polar Bears just one shot at the hoop.

The first quarter was a slow moving affair with neither club showing much of an offense. Both were content to move the ball waiting for good openings to shoot. Christian managed a 7-5 lead at the horn.

Play picked up a bit in the second half with Creston finding the range hitting a good percentage of their shots. The Dutch meanwhile were having trouble with their shooting and stayed in the game mainly on Scholten and Sharda's foul shooting. Creston led at the half, 19-18.

Both clubs took turns with one point leads to start the third period but the Maroons made their bid. The Dutch, realizing they were in a battle, became the aggressors and staged a fast break which soon carried them to a five point margin. By the end of the third stanza they were out in front by a 34-25 margin.

Coach Art Tuls' squad continued where it left off in the fourth period and soon had a comfortable 12 point edge. The Dutch mentor sent in a whole new squad with a little less than three minutes remaining with his club leading 42-29. He used everyone on the bench with nine boys breaking into the scoring.

The Dutch's foul shooting was a fine 19 for 30 tries. Actually however the regulars led the fray with 18 out of 22 since the reserves made only one for eight in the final three minutes. Creston hit on five out of 14.

Sharda was the leading Maroon scorer with 14 markers, followed by Scholten with 11. Jim Emery led the Creston attack with 11 points. Art Beals, Creston's center and leading scorer, fouled out in the final quarter with just three points. It was also his last game because of the semester rule.

Christian now points for St. Joseph Friday on the Bears' home court.

'Red' Ormsby With Literary Club Members and Guests

(Sentinel photo)

## Club Members, Guests 'Cheer' Baseball Umpire

Nobody hissed or booed, nobody threw anything and no one yelled "Kill the umpire!" Tuesday night when Emmet T. "Red" Ormsby—an umpire for 19 years—addressed a large audience of Woman's Literary Club members, their husbands and friends at annual Guest Night meeting.

On the contrary, the crowd found the retired American League ump a completely charming fellow, far removed from the usual villain role of the umpire.

A "Story Teller Supreme," Red brought home a score of entertaining stories of America's greatest sport—all drawn from his own colorful career in the baseball world. All the famous names—Babe Ruth, Lou Gehrig, Joe Cronin, Ty Cobb, Al Simmons—he knew them all personally and with each name there came a dramatic and humorous story.

The speaker was bounded with questions and discussions both before and after the meeting, when the audience gathered in the club house tea room for refreshments. He is pictured above, second from right, answering queries of, left to right, Alvin D. Bos, Mrs. Bruce van Leuwen club president, Mrs. Bos, vice president and program chairman and Mr. Van Leuwen.

Ormsby told the audience of his start in the umpire business in the Three-Eye and Western League after his promising pitching career was ended by injuries received in World War I. In a trek down "memory lane," he lauded stars of the past and present.

Several stories resulted from the "monkey business" of famous Lefty Gomez, who caused Red Ormsby's suspension from the lead for three days.

On one occasion, Bob Feller was pitching to Gomez on a particularly dark afternoon and Lefty didn't care for the umpire's decisions on the pitches. He stepped from the batter's box, and lit a match which he held high in the air.

air like a torch. The umpire, infuriated at the implication, told Lefty in no uncertain terms that he was able to see the ball. Lefty meekly agreed with "Oh yes sir, I know you can see the ball, sir, I just wanted to make sure Feller could see me!"

The suspension came after Ormsby had thrown Lefty out of a game. He received a call informing him that he had been suspended. Red, unbelieving, said there must be a mistake—it was Lefty who was thrown out of the game. But Red had unknowingly revealed his own rising temper by approaching the prankster player with tightly clenched fists.

Ormsby couldn't express praise enough for the most colorful of all players—Babe Ruth, whose baseball feats remain unequalled. Lou Gehrig he lovingly described as one of the "finest gentlemen I ever knew." The Tigers' Ty Cobb, described by Ormsby as the greatest player who ever lived, figured in a rule change in fair and foul decisions when a ball leaves the park. Cobb, whom Ormsby knew as a rough, tough guy, set records in his 24 years of baseball that no one has even approached.

A real baseball park riot, with pop bottles flying—and even bouncing off Ormsby's head provoked the question by the speaker "What happens to a completely rational person when they get into a ball park?" In all his years in baseball, he's never discovered the answer, the speaker said.

Mrs. Lawrence Wade and Mrs. Francis Drake, general chairmen, were assisted by division chairmen in arranging the social hour. Refreshments were served from an attractive tea table decorated in blue, yellow and white with a floral centerpiece and candles.

## Personal Fouls Late in Contest Cause 83-81 Loss

ALMA, (Special) — Hope College's basketball team dropped its fourth contest in a row Saturday night to an inspired Alma College team 83-81.

The loss was a costly one as it placed Hope behind Calvin and Albion in the MIAA title race. The Dutchmen have lost their last two MIAA encounters by a mere total of three free throws.

It was a case of Hope leading all the way, and in the final three minutes losing on personal fouls. Hope had held a nine point lead in the second quarter and a six point lead in the third canto. Despite their advantageous lead, the Dutchmen could not crack the Scot offense, and with each Dutch spurt the Scots would slowly sneak up within catching range.

Coach John Visser started Alden Klomprens and John Brannock at forwards, Norm Kramer at center, and Dwight Riemersma and Willie Rink at guards. The five starters initiated a full-courtness in an attempt to rattle the Scots. After eight minutes of play, the locals had held their own and managed to put a damper on the Alma offense. The Hope mentor then added John Adams, Bob Hendrickson, Bob Visser, and Bob Wagner to the lineup and the boys quickly built a nine point lead.

With a substantial lead, the Dutchmen failed to crack the sinking Scots, and little Jim Fox of Alma quickly rallied his teammates for seven big points to put the Scots only two points behind. At the half, Hope held only a three point lead, 45-42.

At the opening of the third period, the spotty Dutch offense again looked like it was going to run away from the Scots as they built a quick six point lead. Hope couldn't keep a sustained drive going, however, and the Scots again pulled within two points of the locals as the period ended 63-61 to Hope's credit.

Adams, who was just starting to roll in the third canto, was forced to leave via the foul route, and the Dutch attack was hampered even further. Visser playing a heretofore superb game managed to keep the Dutch alive in the fourth quarter.

Going into the final stanza, Hope again held a lead, but the eager Scots were still tagging reluctantly along. When they again came within two points of the Dutchmen with less than three minutes left, the fans began to work into a frenzy. The frenzy caught to the Scots and they tied it up.

The gym, a canyon of noise, seemed to rend to the Scot inspiration as they exhibited their first real hot-streak of the night to put them in the lead. Now it was Hope's turn to come back, and Visser retied the match with two free throws. The Scots rallied with three more free throws while Hope only got one, and Alma went to rest on a cushion of free throws as the game ended to their favor 83-81.

For Alma, the outstanding play came from Fox, the Scot playmaker. Though small, Fox thoroughly commanded the Scot attack and personally accounted for 29 points.

On the other count, Hope's Visser turned in another top game. The senior guard from Grand Rapids constantly "came through" for the Dutchmen with timely scores. Visser tallied 19, Hendrickson 14, Molenaar 10, and Riemersma 10. Sophomore Molenaar was another Dutch standout.

College exams will keep the Dutchmen confined for a week, and they will not resume play until Feb. 6 when they meet Kalamazoo College at Kalamazoo. With two conference defeats, there's a rocky road ahead as the Dutch still must meet Kalamazoo, Albion Calvin, and always tough Adrian. The defeat throws a big monkey wrench into the Hope machine, but with a lot of "ifs" the locals still have a fighting chance.

## Holland Youth Placed On Probation by Court

GRAND HAVEN (Special) — Alfred Heath, Jr., 17, of 414 Roost Road, Holland who pleaded guilty Jan. 11 to a charge of nighttime breaking and entering, was placed on probation Monday for two years. Conditions of his probation provide that he pay \$50 costs, \$3 a month oversight fees, leave intoxicating liquors alone, cannot leave the state without permission of the court and do all he can to support his family.

Heath, who is married, allegedly broke into the Bradford Paper Co. on West 16th St., in Holland Dec. 2.

THESE THREE YOUNG MEN are among the 17 members of the Dutch Pikers Model Railroad Club who are working on an operating layout at the club rooms at 49 West 11th St. The club is planning to have an operating model of the Hobby show in the Netherlands Museum Feb. 22 through March 5. (Penna-Sas photo)

## For Hobby Within Hobby Try Model Railroad

What do you like to do in your spare time? Carpentry . . . electrical work . . . building in metal or wood . . . painting?

You can and will do all these things and more if model railroading is your hobby. If you drop in at the local Model Railroad Club layout under construction at 49 West 11th St. you'll see the wide variety of work and skill that is a part of the hobby.

Local model railroads hobbyists are planning to install an operating model at the annual hobby show Feb. 22 through March 6 at the Netherlands Museum, sponsored by the Chamber of Commerce, the Netherlands Museum and the schools.

Whether you put the tracks in your home, or belong to the club, the actual running of trains is something that happens only after a great deal of time and thought has been put into the layout. First step is building a frame, then comes the shaping of the "roadbed" and spiking the track to it. Next, an electrical plan must be developed and installed so that a number of trains can be routed and run through a maze of switches. The finishing touches are in building and scenery to give a realistic look to the model railroad.

Everything is done to scale. Engines, cars, track and buildings are 1-64 actual size on the local model railroad club layout. A six-foot engineer on the train is actually only three-quarters of an inch high in this miniature duplication of real railroading practice.

Model railroading will be only one of the many hobbies displayed or demonstrated at the hobby show in the museum. Others will include painting, crafts, textiles collections and many other phases. John Emmick is serving as hobby chairman.

## Mrs. Martin Addresses Local Camp Fire Council

More than 100 leaders, officers, assistants and guests attended Holland Camp Fire Council's annual dinner meeting Monday evening in the Fellowship Hall of Third Reformed Church.

Highlight of the evening was an address by Mrs. John B. Martin, Jr., of Grand Rapids, an enthusiastic Camp Fire worker who is the wife of Michigan's auditor general.

Mrs. Martin, basing her talk on Camp Fire's birthday theme for the year—"Let's Be Different Together"—said there is no one formula by which everyone can live. Although all persons share the basic needs, the ways in which the needs are filled differ. It is the sharing of these differences that provides exciting experiences in being "different together," she said.

In emphasizing the importance of programs such as Camp Fire, Mrs. Martin said "The world marches forward on the feet of its children." She referred to the beginnings in 1910 of the Camp Fire organization, which pioneered in many programs of recreation, study of careers and group activity which are now taken for granted as necessary by other groups.

Thus, Camp Fire must constantly look for new emphases. She suggested as fields most lacking in emphasis "family life" and "race and international relations."

"Anything that can dignify the role of homemaker is important," she said, because the art of homemaking is basic to all other arts. In the field of race and international understanding, Mrs. Martin said we can develop mutual respect through "knowing" others. If we can "learn to be different together at home—in our community, our state and nation—we can do it throughout the world."

Other program features were several songs by the Pleasant Blue Birds under Mrs. Jack Leenhouts, Mrs. Gordon Groenewoud, and Miss Linda Raven, an original skit depicting the birthday theme by the Falcio-Cantewaste Camp Fire Group led by Mrs. M. Johnson and Mrs. D. Morrison, and two violin solos by Horizon Girl Jeanie Zeidler, accompanied by Dolores Vandenberg.

Mrs. James K. Ward, council president, introduced new council officers, Mrs. Robert Gordon, vice president; Mrs. H.C. McClinkock, secretary; Mrs. J. Earle Van Eenennaam, treasurer; Mrs. Ray Vandenberg.

## Woman Convicted Of Topsy Driving At Second Trial

GRAND HAVEN (Special) — After deliberating 1 1/2 hours, a Circuit Court jury rendered a verdict of guilty at 10:50 a.m. Tuesday in the case of Mrs. Esther Thomas of Grand Rapids who was charged with driving while under the influence of intoxicating liquor. The case was an appeal from a justice court conviction Aug. 11, 1953, when Mrs. Thomas was sentenced by Justice F.J. Workman to pay \$100 fine, \$11.90 costs and serve five days in the county jail. On June 24 a justice court jury failed to agree and Prosecutor James W. Bussard immediately cited for another trial.

The charge was the result of an accident last April 8 on M-104 in Spring Lake Township in which Mrs. Thomas' car collided with one driven by Mrs. Ray Vander Zwaag, route 1, Nunica, sending four persons to the hospital. These included both drivers, Mrs. Vander Zwaag's 12-year old son and Russell Coeling of Grandville.

Circuit Judge Raymond L. Smith sentenced Mrs. Thomas to pay \$100 fine and \$75 costs. In disposing of the case, the judge said the respondent has been found guilty by two juries and it cannot be said there is any reasonable doubt of guilt. Commenting on elimination of the jail sentence, the judge said, "I would not like to have it said that this court looks with disfavor upon any jail terms for drunk drivers because certainly there are circumstances that require it. However, the court is aware that Mrs. Thomas has recently submitted to several very serious major operations and that her present physical condition is such that the court ought not to entertain any thought for a jail term. The court takes into consideration that Mrs. Thomas' driving history is a decent one with the exception of two recent experiences."

Witnesses called by the prosecution were Mrs. Marie Vander Zwaag, driver of the other car involved in the accident; Trooper Dawn Wilson who investigated the accident; Robert Dille of Spring Lake who recognized Mrs. Vander Zwaag at the scene as one of his customers; Mrs. Lois Schrier, hospital nurse on duty at the time Mrs. Thomas was admitted; Dr. F.W. De Young of Spring Lake who took a sample of Mrs. Thomas' blood; Trooper Reed Harris who transferred the blood test to Lansing; and Dr. Merle M. Woodward who testified as to the alcoholic content in the blood.

Witnesses called by the defense were Donald Shooks of St. Mary's Hospital of Grand Rapids who testified as an "expert witness" on blood tests but who had no association with Mrs. Thomas' case, and Mrs. Florence Taylor, barmaid at the tavern where Mrs. Thomas and two companions had stopped for two hours. Mrs. Thomas also testified at length.

The case was heard Tuesday afternoon and Judge Smith dismissed the jury shortly after 5 a.m. until 9:30 a.m. today. When the jury assembled today he gave the charge to the jury. Deliberations followed.

The jury was dismissed until Friday morning when the negligent homicide case of Hama Vander Molen is scheduled.

**JOEL MCCREA ON "WESTERNS"**

Joel McCrea thinks that there is  
too much violence in the "West-  
erns." He said so out loud the  
other day in a theatre publication.  
Super-violence, he argued, is de-  
feating itself. Its stimulation ef-  
fects are so great that the dose has  
to be increased almost weekly and  
monthly to satisfy the psychologi-  
cal violence dope addicts.

The result has been—still re-  
flecting McCrea—that murder and  
sadism and blood and horror are  
being shoveled into the "Westerns"  
in such huge volume that they are  
becoming too fantastic for even  
the mental stomachs of small boys.  
The time is at hand, he thinks,  
when horror and murder will have  
to be heaped up by theatrical  
steamshovels instead of by the  
methods that have been adequate  
up until now.

McCrea is not preaching against  
the possible social effects of all  
this horror in the "Westerns." He  
is talking about the industry itself  
and the effect that too much vi-  
olence may have on such movies  
as entertainment. If the present  
trend keeps on, satire will soon  
step in and laugh the "Westerns"  
off the screen. That would throw  
the disseminators of the violence  
yarns out of employment.

There is a social side to the issue  
also, not mentioned by McCrea.  
Since 1914 the world has lived in  
an atmosphere of violence. The  
dope has been rapidly increased,  
so that the alleged "atrocities" of  
the first World War would hardly  
raise a hair today and would not  
be recognized as atrocities. We  
have become hardened to violence.  
It is a question whether the  
super-violence of the movies and  
television is an effect of this world  
atmosphere or whether the horror  
in the people's art is encouraging  
the disease on the political and  
social levels. That its manifesta-  
tions have become almost univer-  
sal is obvious.

Almost any day a small boy in  
the street or in a store will point  
his tiny finger at you and shout  
"Bang." You laugh and perhaps  
pat him on the head. He doesn't  
know any better; the idea of vi-  
olence has become the air he has  
breathed from babyhood on. As he  
grows up his dose of stimulation  
will have to be increased, and the  
violence of the "Westerns" is only  
one of the means of doing so.

No one is simple enough to argue  
that we can go back to the nine-  
teenth century with an atmosphere  
in which "Mary had a little lamb"  
was the main ingredient. But it is  
a question whether we of the twen-  
tieth century have not gone too far  
into the opposite direction. Vi-  
olence in the "Westerns" is merely  
a reflection of the violence in the  
atmosphere we breathe. Has that  
atmosphere become poisoned by  
the idea of violence?

## Sunday School Lesson

January 31, 1954  
Doing the Works of God  
John 5:2-18

By Henry Geerlings

The first revelation regarding  
God which meets us is the God  
of creation, calling all things into  
being by the word of His power.  
And no sooner is the work of  
creation finished than the work  
of Providence begins. All things  
are dependent upon God. It is in  
Him that the whole creation con-  
sists; by His power that all things  
living are governed and sustain-  
ed.

And yet, clear though this is,  
it is an aspect of God we are only  
too apt to lose sight of. The mar-  
velous scientific discovery of our  
time have brought so vividly be-  
fore us the secondary causes by  
which things are produced, and  
the laws by which their workings  
are guided, that we are in con-  
stant danger of forgetting the  
great first cause whose will these  
laws express.

Still more wonderfully is this  
continual working of God display-  
ed in redemption. We can trace  
the work of God's redeeming grace  
manifesting itself at first only  
imperfectly and by degrees as  
men were prompted to receive it,  
but working ever towards men's  
highest good, until at length He  
sent forth His Son to redeem  
them. The life of Christ on earth  
as it unfolds itself in the gospel  
pages, is the story of a contin-  
ual struggle with the sins and the  
sorrows and the cares of men, a  
struggle which taxes the Savior's  
utmost energies.

There never was a ministry so  
varied, so intense as was the  
public ministry of Jesus. He  
preached in the synagogues, heal-  
ed the sick, and with infinite pa-  
tience and tenderness trained the  
disciples. Charged with His  
mighty task and with only three  
short years to work it out, there  
still was no unrest in His life.  
Each hour was full of work. No  
day handed on its debts to tomor-  
row. He came to do His Father's  
will. That was His business.

We need not think of Jesus only  
as the Redeemer in order to enter  
into the full force of these words  
of His and I work. It is a very  
significant fact, too often lost  
sight of, that of the short 33  
years, that comprised the whole  
of His earthly life only two or  
three were devoted to His public  
ministry, while thirty were passed  
in the quiet seclusion of the  
home at Nazareth, where, as  
soon as He was able, the youthful  
Jesus worked with His own hands  
in Joseph's shop, a fact sufficient  
in itself to dignify labor, and to  
make us pause before we call any  
work common. We are called not  
only to great and noble deeds of  
missionary and philanthropic en-  
terprise, we are called to the  
daily round and the common  
task.

Work is in itself a blessing. We  
know that it is so for ourselves.  
What is it but work that calls  
forth a man's best faculties and  
trains and invigorates those pow-  
ers which would otherwise lie  
dormant and useless? And when  
we turn from earth to heaven it  
is to find that work in some  
form is to be the lot of God's  
people. His servants shall serve  
Him. And though it is little we  
know of heaven or how we shall  
be occupied there, the very idea  
of service carries with it the  
thought of activity and work.

Work is also an undoubted  
blessing to our souls. It keeps us  
from evil imaginations, from the  
power of temptation, from spiri-  
tual doubts and uncertainties.  
There is a quaint legend which  
tells how Thomas, the apostle  
was troubled a second time with  
doubts as to Christ's resurrection.  
He began to pour his troubles in  
to the ears of the other apostles,  
but as they had so much to do,  
they could not find time to lis-  
ten to his tale. Then he tried to  
impart his woes to some devout  
women, but they were busy, like  
Dorcas, making clothes for the  
poor, and gave him to understand  
that they had no leisure. At last  
it dawned upon him that it was  
because they were working that  
they were free from his doubts.  
So he went to Parthia, where he  
wrought hard for Christ and was  
never troubled with doubts any  
more.

We must work that God's  
work may be done. He needs our  
effort. However poorly equipped  
in other things, if we are Christ's  
we shall cherish the loftiest hope  
and be content to work for it in  
the lowliest ways.

## City Gets New Fire Insurance Rates

Holland has been re-rated and  
placed in the fifth class for fire  
insurance rate purposes. City  
Manager H. C. McClintock was in-  
formed Friday afternoon. The city  
previously had been in the sixth  
class.

The advancement will effect no  
change on dwellings in the city,  
which already are in the same  
classification as those in Detroit  
which carry the lowest rates avail-  
able in the current schedule. Nor  
will there be any change in classi-  
fication for establishments that  
have sprinkler heads throughout  
the place.

On everything else outside of  
dwellings and "sprinkler risks,"  
the rates eventually should show  
a reduction of 5 per cent on build-  
ings and 3 per cent on contents.  
The change will be effective after  
the Michigan Inspection Bureau  
makes a reinspection of all prop-  
erties affected by the change, per-  
haps a matter of weeks.

Holland city has always had a  
low rating on fire inspection. The  
work is done on deficiency points  
by the Michigan Inspection Bureau  
and is based on the water system,  
fire department, fire alarm sys-  
tem, police, building laws, fire  
prevention and structural conditions  
in the city.

McClintock pointed out that a  
few places may be rated higher  
premiums than currently are being  
paid because of some deficiencies  
that may be found in individual  
establishments during the new in-  
spection.

## MBYC to Host Sears Cup Race

Macatawa Bay Yacht Club has been elected as site of the Sears Cup final races to be held in August this year, according to a telegram received by Commodore Clarke Field of MBYC Saturday.

Ted Dunlap, director of the Lake Michigan Yachting Association, sent congratulations to the local club for obtaining the international event for the second time in the 34-year history of the race. Last year was the first time the international event was held on fresh water. In the past the races have been held on the East Coast.

The North American Yacht Racing Union's Sears cup series determines the national junior sailing title for 1954. Eight junior crews, selected by elimination races, will compete from all parts of the United States. These junior crews are all under 18 years of age.

For most of the last 50 years, no race that took place West of Execution Rock Lighthouse at the Western limits of Long Island Sound was considered of any importance in the yachting world. To have the Sears cup series at Macatawa this year is of much importance, according to Commodore Field.

## Pleads Innocent On Forgery Count

GRAND HAVEN (Special) — Claude Baldrige, 29, Columbus, Ohio, pleaded not guilty when arraigned on a forgery charge in Circuit Court Friday. Bond was set at \$2,000 and Baldrige will remain in county jail until his trial sometime during the present term.

Baldrige requested that an attorney be appointed for him at county expense, and the court appointed Harry Lieffers of Grand Haven to represent him. Baldrige admitted to the court he had been in trouble before and served time on a similar charge. He said he has not been employed since the first part of November.

When asked about other checks he allegedly passed he said he would rather not talk about it and said, "I am entitled to a trial, ain't I?"

Bruce Martin, 36, Nunica, failed to appear Friday for trial on a non-support charge. Prosecutor James W. Bussard who talked with the respondent in Pennsylvania was granted a court order for a bench warrant for Martin's arrest, plus permission to have him incarcerated in county jail until new trial date.

The jury was dismissed until Monday morning when the case of Mrs. Esther Thomas of Grand Rapids, an appeal from a justice court conviction on drunk driving, will be heard.

Anton Johnson, 39, Detroit, stood mute when he appeared on a charge of violating the Michigan narcotics law. A plea of not guilty was entered and the case will be tried during the April term. Johnson was arrested Jan. 15, by state police while in the act of giving himself a shot of heroin. Six capsules of the drug also were found in the car and were turned over to police. He provided \$1,000 bond Thursday and was released.

She was found dead under the car by a farmer living nearby who was first on the scene.

Her husband, Herbert, is employed as a truck driver by the Mac Sin Bar Paper company and was in Chicago at the time. Officials of the company sent a car and relief driver out to meet him rather than contact him by radio since they explained he had only recently recovered from a nervous breakdown.

## City Library Discussed By Board at AAUW Meet

Members of the Holland city Library Board presented an excellent, informative program on "Our Library" for members of Holland Branch, American Association of University Women, Thursday evening in Durfee Hall.

With Mrs. O. S. Cross, library board chairman, as moderator, the board presented an enlightening panel discussion on services, history, philosophy, the future and financing of the local public library.

Mrs. Hazel Hayes, new city librarian, told of recent changes made at the library and the extensive services offered. There have been rearrangements of books to relieve the crowded shelves, the desk has been moved to just inside the door to encourage use of the stacks, and plans are complete for a "browsing room."

Services offered by the library are extensive and varied and many available services are not even realized by local residents who could take better advantage of them.

Mrs. Hayes told of the weekly children's story hour on Saturdays at 10 a.m. and announced that an additional story hour will be inaugurated tonight at 7:30 p.m. for the convenience of those children who cannot attend on Saturday, and also for parents, who can leave the children at the library for story time while they go shopping.

Mrs. Hayes said services include telephone information of all kinds, library tours for school children, renewals or reservations by telephone, a Dutch language section of books, a Michigan section, special interest collections, a ceiling projector for bed patients and many others.

Mrs. Henry Steffens, newest member of the library board, told the history of the local library, which is recorded in 1850 as a township library. When Holland was incorporated in 1867, books from that library were divided, giving the city a nucleus for its own library. The first librarian was appointed in 1893, and a city board has supervised the library almost from the beginning. Mrs. Steffens pointed out, that since its beginning, the library has always been located "on a second floor," at first in the local fire house building.

E.E. Fell emphasized that the philosophy of the library is service. "We aim to give cheerful and efficient service not as a keeper of books, but as a selector and circulator of books," he said.

The future of the library was discussed by Mrs. Ed Donovan, member of the board and Holland High School librarian. She praised the many new developments at the library and cited the need for larger facilities. In discussing the possibility of a new building, she pointed out the city's pressing needs for more schools, enlarged hospital facilities and water improvements, which to date have taken precedent over library considerations. She said the board hopes to include in future developments a film library, record library "bookeries" in outlying areas, and a return box, which will be placed soon outside the City Hall.

City Clerk Clarence Greengood, who also serves as secretary of the board, discussed financing of the library, which is done through some taxation, but primarily with money from payment of city ordinance fines and library fines.

During the Branch business meeting, conducted by Mrs. Orile Bishop, the group appropriated \$50 toward the training expenses of a county psychiatric social worker, and several study group chairmen discussed projects.

Dessert was served preceding the program.

## Dutchmen Post 68-61 Victory In Exciting Game

A scrappy Holland High basketball team had enough zip left Friday night to fend off a determined St. Joseph fourth-quarter bid and win a thriller-diller, 68-61.

A packed house of screaming fans at the Armory watched the Dutch get revenge for an early season loss to the Bears and at the same time boost their record above the .500 mark to five wins and four defeats so far.

Holland was ahead all the way but the margin was mighty skimpy at times and the visitors at one time early in the fourth quarter had it cut to a mere point before Paul Beukema sank a long shot to run it back up to three points.

And the game had its rough spots. St. Joe especially felt the brunt in this department at the Bears lost rangy Bob Ellis about two minutes before half-time when the referee noticed him shoving Holland Forward Ron Israels.

Holland, on the other hand, lost Israels on personals with 7 minutes to go in the third quarter and also lost Beukema with four minutes to go in the game. St. Joe also lost lanky Forward Glenn Zerler with just 20 seconds left in the game.

Holland put up a terrific first half and had the spark left when they needed it during the third and fourth quarters. The Dutch forward line was all over the boards, during the first half especially, and kept St. Joe's shooting to a minimum, and, in most cases, it was from out court.

Mark de Velder, Israels, Beukema, Plagenhoef, Bob Van Dyke and Paul Mack all were in there pitching for the rebounds.

And Coach Fred Weiss had St. Joe all-star Nate Duncan pretty well figured out. Duncan's favorite shots are usually from the corners and that's where the Dutch were double-teaming him so effectively. But don't take it away from Duncan, he's an all-star all the way. Despite Holland's effective defense he managed to lead his team with 15 points and he was shoved into the pivot slot many times by Coach Ray Haack.

St. Joe keenly feels the loss of three varsity members since they were kicked off the team for violating training rules.

Holland connected on 37 and two-thirds per cent of their field goal tries and what's more important, on 16 out of 27 foul shots. St. Joe did better on foul shots with 19 out of 27.

The first period started with Holland taking a 2-0 lead and from then on the Dutch were ahead the entire game. Van Dyke and de Velder each had three field goals and one foul shot to lead the way to a 19-15 advantage at the horn.

St. Joe managed to narrow the lead to 26-24 at one time during the second quarter with Ellis' six points, but the Dutch retaliated with 10 free throws in the quarter to lead at halftime, 40-29. Those foul shots really paid off toward halftime.

Holland was a little sloppy during the third quarter and St. Joe kept creeping up until at the end of the period it was a close 48-46. Holland went ahead briefly, but with 7 minutes to go St. Joe cut it down to one point. But the Dutch came through, paced by two field goals by Beukema, to win going away.

Holland's scoring was evenly divided with Van Dyke and Beukema, leading the way with 15 apiece and de Velder and Plagenhoef close behind with 13 and 11 respectively.

Both teams shot a lot from out court and if they didn't go in, in most cases, they were mighty close.

Plagenhoef was the best rebounder for Holland with 14. Others were: de Velder, 8; Mack, 11; Beukema, 3; Van Dyke, 5; Israels, 8; and Vande Wege, 1.

## Pete's Beats Fox And Morse Bows To Ludington Five

Defending champion Kole Auto practically wrapped up its second straight title Wednesday night in the Armory in City Basketball League play by scoring a convincing 59-43 victory over Economy IGA.

The grocers thus muffed a golden opportunity to move into first place and with just one more league game to play, Kole now appears as a shoo-in for the 1953-54 bunting.

In other games Wednesday, Pete's Place turned back last place Fox Jewelers, 63-50, and the strong Ludington Dow A. C. team whipped H. E. Morse, 57-48.

Kole Auto, the team that was upset by Pete's Place just one week ago, had all its regulars for the show-down game against Economy IGA, and they were needed.

The grocers stepped ahead 9-8 at the end of the first quarter and clung to the one-point difference as the score read 23-22 at halftime.

Kole moved ahead 41-37 at the end of the third quarter.

High man for the winners was big Al Nelson with 17. Others figuring in the fairly balanced scoring were: Jerry Jacobson, 15; De Young, 11; Bob Bolema, 5; Zeke Piersma, 6; and Schultz, 5.

Scoring honors for the losers were split between Ken Schippers, Ron Fortney and Tim Beerthuis, each with 8. Others were Paul Fortney, 4; George and Ken Zuvierink, 6 apiece, and Dale Van Dort, 3.

Big Bob Van Dyke once again was the big gun for Pete's Place as he led his team to the win over hapless Fox Jewelers with a 24-point contribution.

His total included 10 field goals and four free throws.

The winners held quarter leads of 15-7, 35-15 and 47-29.

Behind Bob in the scoring column were: Lou Van Dyke, 14; Frank Van Dyke, 3; Del Koop, 3; George Botsis, 6; and Walt Bradley, 7.

Fox, the team that hasn't won a league game to date, was paced by Jim Slag with 12; Whitney Witteveen, Ken Van Wieren and Ron Appledorn each had 8 and Bob Kruthof had 6.

The Grissen twins each had 4.

The strong Ludington team trailed H. E. Morse 17-10 at the end of the first quarter, then came back in the second quarter to hold a 25-21 halftime lead. At the end of the third quarter the eventual winners were ahead 38-31.

Ludington is considered one of the better teams around this area and boasts a 70 per cent winning record since it was organized two years ago.

High man for the locals was Gene Schrotenboer with 16. Others were: Earl Schippers, 13; Ed Altena, 7; Kearney Zoerhoff, 4; Roger Beckman, 3; and Lampen, 6.
