## Holland Harbor Improvement Bids Now Under Study

Official Word Expected Soon on Contracts on Widening, Deepening

Holland was represented at a hearing in Muskegon Tuesday on proposed harbor improvements to accommodate ocean-draft vessels on the eastern side of Lake Michigan in connection with the opening of the St. Lawrence Seaway.

The hearing, conducted by Col. Peter Hyzer, Detroit, district engineer of the Army Corps of Engineers, was for the purpose of gathering data in making budget recommendations to Congress for projects to deepen channels and improve harbors.

William H. Vande Water, secretary-manager of the Holland Chamber of Commerce, represented Holland. He was advised by Col. Hyzer that bids for section B of Holland Harbor improvements, involving deepening of the channel and deepening and widening the turning basin in Lake Macatawa, were opened Friday by the Corps of Engineers and are now under study. It is expected announcement of the successful bidder will be made within a week, and work will begin as soon as weather conditions allow.

Port cities represented were Frankfort, Pentwater, Manistee, Ludington, Muskegon, Grand Haven, Holland, South Haven and St. Joseph. The ports seek aid for dredging projects to deepen channels to depths ranging from 25 to 27 feet to allow passage of the ocean-draft vessels expected on the Great Lakes when the seaway is opened.

Adm. Lyndon Spencer, president of the Lakes Carriers Association submitted a letter supporting the Muskegon and Grand Haven bids for federal aid and recommended dredging channels of the two harbors to 25-foot depths. But he did not back the improvement plans of other harbors.

"Only ports that are considered in our recommendation as ports with sufficient economic justification to warrant seaway development should be considered," he said.

The final hearing on aid requests will be held next month in Bay City. Hyzer said he will then file interim reports and the hearing results from all lake ports with the Corps of Engineers division in Chicago.

The reports will be forwarded to the Rivers and Harbors Board in Washington which will make appropriation recommendations on projects to Congress.

Hearings of this type are part of long, long studies on harbor situations. By the time the work is processed through federal channels and proper appropriations made by Congress, it is expected five or six years may elapse before work is completed. Current hearings possibly are a part of 1960 appropriations.

## Medical Facility Vote Scheduled Again in Allegan

ALLEGAN (Special) — In the closing minutes of one of the longest supervisors sessions on record — more than four hours — the Allegan county board approved Friday resolutions calling for an election April 1 on a \$500,000 bond issue for a new county medical care facility and an advisory vote on the site.

The county hospital proposal will be on two ballots, one calling for a \$500,000 bond issue, to be paid off by a ½ mill annual levy, or \$60,000 a year for 20 years, whichever is the smaller amount. The second ballot will seek authority to raise the 15-mill tax limitation.

The resolution was approved by a 19-9 vote, with those in the minority most opposed because they felt that \$500,000 would not provide adequate facilities.

The special election will coincide with village, township and state elections.

The board twice reversed itself in the matter of the advisory ballot. After amending the original ballot form to include mention of the city of Otsego as a possible site, the proposal carried by a 17-13 vote. Harold Fox, of Wayland, said that board rules required a majority vote of all elected supervisors, not just those present.

Since there are 34 supervisors, the 17-13 vote was considered a tie and the advisory vote resolution, in its original form, did not carry.

Later Friday afternoon, on the motion of Edward Lyman, of Cassco, the board voted, 22-8, to permit the people to state their preferences for a site on some form of proper ballot. The original advisory ballot was re-written slightly and approved by the board.

After approving mileage and per diem payments of \$2,686.33 for themselves, the board adjourned the January meeting which had lasted seven days. The closing session, which lasted from 10:30 a.m. to noon and from 1:45 to 4 p.m. was believed to have been one of the longest board meetings on record.

Glen Lee Van Hook, 33, of Stanton, waived examination in Municipal Court Monday and was returned to jail when he failed to post \$300 bond following his arraignment.

Van Hook allegedly threatened his wife with a loaded 20 gauge shotgun following a visit to the Grand Haven hospital Sunday night where they stopped to see Mrs. Van Hook's sister-in-law.

As Van Hook drove his family from Grand Haven he apparently became lost and stopped his car on Arlington St. Mrs. Van Hook jumped out of the car with her daughters, three years old and 14 months.

She ran to a nearby residence which happened to be that of city police officer Delbie DeGram who was at the station. As Mrs. DeGram phoned headquarters Van Hook came to the front door to get his family but fled after telling his wife he would "kill any officer who tried to stop him."

## Water System Awaits Delivery Of Filter Sand

Delivery of a load of mixed sand and gravel for the filtration beds at Tunnel Park is all that prevents 24-hour use of the Lake Michigan pipeline system.

Board of Public Works Superintendent Guy E. Bell said today the filter sand is being shipped by truck from Eau Claire, Wis. One load has been received and placed in the bed and the rest is expected at any time.

The mixture will provide a depth of 37 inches for the water to filter through. The top 10 inches are of coarse rock which thickens to the consistency of road gravel. This covers two feet of fine sand at the bottom.

Starting today, no water is being pumped through the system, which has been supplying up to a third of the city's water for several weeks. Bell said he hoped it wouldn't be necessary to utilize the system until Monday.

He explained that painters will be at work on the pipes at the plant while the system is not in use. Water for the city will come from the reservoir, 19th St. and the one remaining city well on Eighth St. for the rest of the week, unless the demand is too heavy, in which case the lake water will be used.

## Chamber Launches Membership Drive With Breakfast

**Zuverink Featured Speaker at Meet; Seek 100 Members**

The Holland Chamber of Commerce launched its annual membership drive at a breakfast at 8 a.m. Monday in the Warm Friend Tavern with George Zuverink, big league baseball player, as speaker.

The membership campaign this year has a goal of 100 new members. Co-chairmen are Jack Plewes and Frank Kleinheksel. Captains are John Emmick and Wilbur Cobb.

Zuverink, who has been serving largely as relief pitcher for the Baltimore Orioles the last two years, spoke briefly of some of his experiences and offered to answer questions which became quite lively and interesting. Questions ranged from how he felt when called to face three batters on base with no outs (you get used to those), to conversation at the pitcher's box (means trouble if the manager is there), to Zuverink's age (someone once said he was 21 when he was 23), to Zuverink's now famous "rinker ball" designed to have batters hit in the dirt for a double play.

It was Zuverink's opinion that if people want baseball speeded up, why not have batters walk instead of having to pitch four balls. Zuverink said he is leaving next month for spring training at Scottsdale, Ariz.

Pep talks were given by Plewes, Kleinheksel, and Secretary - Manager William H. Vande Water, also by the two captains. Chum of the talks was that the Chamber is more anxious to have new members and new blood to help build the community, rather than just collecting membership fees.

Members of Cobb's team are Victor Van Fleet, Dale Fris, Ray Riedsma, Arthur Alderick, Bernard P. Donnelly, George Good, Andy Daiman, Louis Steketee, Russ Vande Poel, Peter Berneck, W. F. Roser, Gordon Van Putten, Harvey Butler, Cornie Van Voorst, Robert Freers, Willis Welington, Ernest Phillips, Paul Winchester, Howard Van Edmond, Robert Hall, Vern Schipper, William DuMont.

Members of Emmick's team are Simon Steketee, Cornel Brewer, Al Knipe, Lew Deridder, Opal Manthey, William De Haan, Robert Wolbrink, Gerald Vande Vusse, Jack Daniels, Bernard Shashaguy, John Van Tatenhove, Jr., Ray N. Smith, C. A. Van Liere, B. J. Rosendahl, William J. Olive, Steve Waskerwitz, Ben Altana, Merle Boes, Nelson Bosman and Don Williams.

## State Educator Urges Larger School District Under Annexation Program

Wilfred F. Clapp, assistant superintendent of public instruction for Michigan, expressed disappointment that the Holland Board of Education had limited its annexation program to 11 adjoining school districts, but urged school leaders in the entire area to "keep working at it" and eventually arrive at a solution whereby all the children in Holland area will be in a school district serving kindergarten through 12th grade.

Clapp appeared at a meeting of the Holland Rural Area School Board Association Monday night in Lakewood school, attended by about 100 persons. Harold Ramsey, who presided, announced another meeting Feb. 18 in Montello Park school at which time Clemens appraisals will be discussed.

The meeting, largely an open meeting of questions and answers, touched only briefly on matters of alternate reorganization. It was towards the close of the meeting that Clapp said he felt that consolidation of districts outside the city was not the best answer and he expressed doubt that the state would approve a reorganization program of that type.

Wendell A. Miles, president of the Holland Board of Education,

said that although the board's policy calls for an 11-district annexation, it is not the thinking of the Holland board to deprive any student of education, and there is nothing to preclude that more districts cannot be annexed later.

Miles also explained the high school building and site fund of the Holland Board of Education in which \$50 was set aside from tuition from outside students and \$30 for each city student. He pointed out that it was not until two years ago that the Holland board charged the maximum for tuition.

He also explained that the current program was limited to 11 districts because there are some city residents who will resist any idea of annexation and it was generally felt that annexation in easy stages would be the best answer. He said there likely would be further annexation some years hence, but then the larger area which would be a single school district by that time would share in the decision. "It's not duck soup to sell annexation in the city or the outlying area," he said.

There was a tendency in later discussion to take some of Miles' statements out of context and "pin him down" on depriving students of education in outside districts.

Some school leaders were disgruntled over the double program involving city annexation and school district annexation, and little or nothing was said of any advantages which city annexation would bring.

On the question of requiring some \$10,000 in state equalized evaluation behind a child in order to build a high school, Clapp said there is no basis in law for such a formula, but he pointed out that the state average is around \$13,000 behind each child, and "to do a job" there should be sufficient valuation in a district.

Walter Vander Haar, a member of the 32-member annexation study committee to probe city annexation, explained certain aims of the committee as to determining boundary lines. He also said Holland and Park townships have a separate study committee on annexation problems.

In holding out for a larger school district than the proposed program of 11 districts, Clapp suggested that interested persons hold a series of meetings with the one aim of providing better education for children. "You'll find a way in spite of some of the stumbling blocks in the constitution and state law," he predicted. "Just keep working at it!"

## Zeeland Won't Hold Primary Election

ZEELAND (Special) — There will not be a primary election here Feb. 18, due to a lack of candidates. City Clerk John Holleman said Monday.

Ray Schaap and Harold Becksvort for whom nominating petitions for mayor were being circulated, have both been withdrawn from nomination, Holleman said. It is now up to the nominating committee to secure enough candidates to necessitate an election, with barely enough candidates now petitioning. The nominating committee, if it can, will find two mayoral candidates, two to run for county supervisor one for assessor and four for two posts on the city council.

#### A STRAW IN THE WIND

The eviction of an American diplomat by a London landlord because said landlord was "mad at" Americans has some meaning as a straw in the wind, not much else. It reveals how passionate is the resentment of average Britons that we Americans refused to be the tail of England's foreign policy; for the landlord was doubtless symptomatic of the rank and file of British people. As for the American diplomat, he merely found another place to live and that was the end of it for him.

But the reason why the landlord was "mad at" Americans makes revealing reading. "In view of the despicable conduct of the United States and the consequent profound contempt that I in common with many millions of my fellow countrymen feel for that country and its nationals, I am not prepared to allow an American to occupy any property over which I have control."

It may be taken for granted that "many millions" of average Englishmen. There isn't much of anything to be done about it; if the English public wants to be "mad at" us, well then we'll just have to put up with it. We can certainly get along without them as well as they can without us. Given the state of the world today, it is highly desirable for average Englishmen to like average Americans, and the other way round. But if we must by British love by approving everything the English do when actually we do not approve, then we'll just have to get along without that love.

America is a country, not a British colony. There is not the slightest reason why England should not give us the right to form our own foreign policy. That London landlord, and the thousands of his countrymen that he referred to, were absolutely sure that British policy was right and ours wrong. Those people closed their minds to the idea that perhaps they might be wrong; and they denied us the right to have the same feeling about our point of view.

That used to be the attitude all along the line. American literature, from Cooper and Emerson on, is full of protests against the British assumption that we should always follow the British lead.

That point of view has been abandoned in this country many years ago, and it would seem to be high time that it be abandoned in England. That London landlord and his "countrymen" are about 75 years behind the times. News reports indicate that the people are standing in line in England waiting for a chance to acquire the proper papers so they can migrate to America, Canada or Australia. If they do not like us why move in.

Consider Your Call  
Ephesians 4:1-16  
By Darrell Franken

"Consider Your Call" is the theme for Youth Week which begins Sunday, Jan. 27 and continues through next Sunday. Youth Week is being celebrated in churches of nearly every denomination. It is a time when all the youth of our churches are given recognition. It is also a time when young people are busy. Some will be given the opportunity to lead one of the church services. Banquets are being scheduled, special speakers are being called in, films are being ordered, parties are being planned, and special finance drives are being organized. Plan now to make Youth Week the highlight of this year.

#### To The Leader

Consider Your Call is a descriptive title for the general category of vocations. That is the title of the topic that will be used in youth groups which will meet during the coming week. There is probably more than one way to develop or work out the topic, but here is one way it can be done.

#### A Debate

The proposition for this debate could be, "God calls all people into their profession." Usually a debate team consists of two affirmative speakers and two negative speakers, but for the sake of simplicity and time that can be cut down to one speaker for each side. The time limit could be five minutes for each speaker, along with a two minute rebuttal speech.

Affirmative speaker: "I believe that the proposition we are debating is true, and here are the reasons why I believe this. God created us. He gave each of us different abilities and interests. There are some things we can do and some things we can't do. Just when God calls a man into a job, He calls him through the person's own recognition of those abilities. So if God wants a man to be a leader in some field he gives him those abilities."

"For example, we know that God makes some more capable of working with their hands. These become carpenters and machinists. He makes others more able to work with their minds. These become teachers. Some get along with people better than others. These become personnel managers. The same is true for other types of work. (List several other professions to prove this point) Therefore, I believe God calls all men into their profession. He calls them through the abilities he has given them."

Negative speaker: "I do not believe that God calls everyone into their work. Here's why. There are numerous types of work that do not glorify God. A man who is a 'dope-pusher' is one. A printer who floods the market with 'unnecessary and unwholesome' material is another. (List several more such types of work to prove your point) Certainly God did not call them into their work."

"I believe that God calls only those who become ministers and missionaries. No Christian I know of, except ministers and missionaries, ever talk about being called of God."

Affirmative speaker: (Rebuttal speech) "Say, we really differ in our points of view. But I still don't believe you're altogether right. You said that only ministers and missionaries were called by God into their work. But what about teachers, business men, professional service people, social workers and a thousand others? Don't you think that God is working, directing, and guiding them just as much as a minister? If God is helping them to find the right place in life, is he not 'calling' them just as much as he calls a minister?"

Negative speaker: (Rebuttal speech) "I am beginning to see that we were both partially wrong. I think we could compromise. Let's not say that, 'All people are called into their profession,' nor that, 'Only ministers and missionaries are called of God.' But let's say that God calls Christians into the work for which they have been qualified. He also calls Christians into work where He can be glorified."

#### Conclusion

This is only the skeleton of the type of debate that could take place. We know that God calls people. Whom He calls and how He calls is a question for us all. Invite your pastor or counselor to present some concluding remarks and to answer questions that might arise.

#### Sons of Revolution

Entertained by Warners

The Very Rev. and Mrs. William C. Warner entertained the Holland chapter of the Sons of the Revolution at their home Monday night. "Burgoyne's Defeat" was the subject chosen by R. E. Rena Boven

### Death Ends Long Hospital Career For Rena Boven

Rena Boven, whose entire nursing career has been intertwined with the history of Holland Hospital, died Saturday night at her home at 194 West 11th St. after an extended illness. She was 60 years old.

Miss Boven, whose name has been synonymous with Holland Hospital for almost four decades, officially retired last Oct. 14 after more than 37 years of service with the institution.

She had come to Holland Hospital Jan. 26, 1919, shortly after completing her nurse's training in Grand Rapids. From that date to 1930 she served as assistant superintendent of nurses. In 1930 she became hospital superintendent. After a hospital expansion program, she relinquished the directorship in 1949 to become superintendent of nursing.

After 35 years of service with Holland Hospital, in 1954 she was given the title of director of nursing emeritus. Her duty in 1955 and 1956 was taking care of the recovery room. This latter work returned her to her "first love," care of the patient. In 1952 a hospital guild was named in her honor.

Miss Boven was a member of the American Nurses Association, the Michigan State Nurses Association and the Ottawa District Nurse's Association. For several years, she was active in the work of the Southwest Hospital Council. During her years with "Holland Hospital," she had seen the hospital program grow from remodeled quarters in the former Netherlands Museum building at 12th and Central, to the present hospital on Michigan Ave. more than 25 years ago. Since then, there were two expansion programs.

She was a member of Fourteenth Street Christian Reformed Church, the Woman's Literary Club and its Hospital committee, the Christian Business and Professional Women's Club, and several church organizations.

Surviving are two sisters, Mrs. Herman Garvelink and Mrs. W. C. Koops and two brothers, Cornelius and Jacob Boven, all of Holland.

Needs That Jesus Meets  
Matthew 9:1-13  
By C. P. Dame

(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. and used by permission.) People have many needs. Jesus knows our basic needs and is able to minister to them. In this lesson we are taught how Jesus ministered to persons whose needs Jesus well understood.

I. Through our faith we can be a blessing to others. The story of the healing of the paralytic is found in Matthew, Mark and Luke. Mark and Luke give some details which Matthew does not give. Jesus had returned from a journey to his own home in Capernaum. While he was teaching in the house which was filled with and surrounded by people, four men carrying a paralytic on a bed came to the house hoping to get in but could not because of the crowd. When they could not get into the house in the usual way they climbed to the roof and let the man down into the house through the roof right in front of Jesus who was preaching. The faith of these men caught the attention of Jesus—note the words—"And Jesus seeing their faith said"—whose faith? Why the faith of the four men. These men did some fine team work. We need workers like that in the churches today.

Jesus spoke to the paralytic about sin telling him that his sins had been forgiven. The scribes and Pharisees heard Jesus and murmured in their hearts saying that Jesus was blaspheming because only God could forgive sins. Jesus knew what they were thinking and gave proof of his deity by telling the man to arise and walk which he did. He who had the divine power to make the lame man to walk also had the divine power to forgive sin. "This man was healed—both his body and his soul. The critics saw the man carried on a bed, they also saw him carrying his own bed."

II. Jesus seeks sinners and uses them. One day Jesus saw a man named Matthew working at his job collecting taxes for he was a custom officer. Matthew was a sinner because he had stooped to collect taxes for the hated Roman government. In addition the taxgatherers had bad reputations for they often extorted money from citizens. Love of money made them stoop to take the office.

Jesus called Matthew to follow him and he obeyed immediately leaving everything, in order to follow Jesus. He made a quick and an important decision which he never regretted. It cost him money but it gave him peace of mind and heart. No one loses by following Jesus. Matthew got so interested in Jesus that he made a great dinner for him to which he invited all his old friends. The Pharisees found fault with Jesus for eating and drinking with these publicans but the Lord had an answer for them. "They that be whole need not a physician, but they that are sick. But go ye and learn what that meaneth, I will have mercy and not sacrifice: for I am not come to call the righteous, but sinners to repentance."

The religious leaders of that day shunned the outcasts but Jesus sought them, they were very careful about religious ceremonies and ritual but they showed no mercy and human sympathy and were most unbrotherly. Today there are some sinners who know their needs but there are also sinners who do not realize their condition nor their need.

SAUGATUCK (Special)—Hitting from all over the floor with tremendous accuracy, Saugatuck High School Friday night squashed Lawrence, 70-52, to vault into a third place tie with Gobles in the Al-Van league standings.

Lawrence deposited the first basket of the game and then were forced to take a back seat as the Indians pulled up a 20-12 first quarter lead, a 44-30 halftime bulge and a 59-42 margin by the end of the third quarter.

Four of the Saugatuck starters reached double figures in scoring, paced by Harvey Slotman with 22, Frank Lamb with 20, Bob Brackendrick went home with 15 and Carl Jacobs wound up with 10. Phil Sanborne had 14 for the losers.

The win was the second in a row for the Indians and gives them a 5-3 record for the season. They will face one of their biggest tests of the season next Tuesday when they will be entertained by league-leading Martin.

The Saugatuck junior varsity also had an easy night, trouncing the Lawrence seconds, 56-33. Tony Hinson notched 26 points and Bill Figley put through 23 for the Braves. Bill Beeching had 16 for Lawrence.

### Man Arraigned On Second Count

GRAND HAVEN (Special)—Glenn Lee Van Hook, 33-year-old Stanton man who appeared in Municipal Court Monday on a felony, was returned to the same court Tuesday to face another charge—this time operating a motor vehicle while his license was suspended.

On the new count, he was sentenced to pay \$75 fine, \$6.10 costs and serve two days in the county jail. If fine and costs are not paid he will be required to serve an additional 20 days.

Van Hook was arrested by state police Sunday night after his car landed in a ditch near the junction of US-31 and M-50. Previously, he had threatened to shoot his wife who jumped out of the car with two young daughters. He waived extradition when he was arrested Monday on a charge of assault with a dangerous weapon and was preparing to furnish \$300 bond for his appearance in Circuit Court Wednesday morning when he was confronted with the second charge.

Van Hook's license was suspended following a drunk driving conviction in Stanton last September. Before that arrest he had applied for and received a chauffeur's license which he displayed to officers who arrested him Sunday night.

### Indians, Fennville Take League Wins To Alter Standings

FENNVILLE (Special)—Fennville High School racked up its fifth straight victory here Friday night, beating Gobles for the first time since 1951 and breaking a tie for second place in the Al-Van league.

The shorter Blackhawks used a defensive press to stop Gobles and, thanks to Jerry Smith's 21 rebounds, managed to control the boards in a game which saw Fennville held to a 28 percent accuracy mark from the floor.

Smith's 18 points topped both teams and Doug Allen's 13 and Bob Coffey's 10 further added the winners' scoring. Jerry Fash led Gobles with 14.

Fennville got through a tight zone defense in the first quarter to lead, 10-9, and faced a man-to-man rest of the way. Halftime score was deadlocked at 23-all, and the Blackhawks held a narrow 36-35 margin at the three-quarter point.

Coach Sam Morehead will take his club to Lawton Tuesday before clashing headon with league-leading Martin at Fennville Friday night.

The Fennville second team had a last second overtime basket ruled void because of a mistake in timekeeping and absorbed a 39-38 defeat from the Gobles junior varsity. Loy Loudin made what his mates thought was the winning tally and the team left the floor only to learn of the reversal.

The score was 35-35 at the end of regulation time.

The class will operate under the same regulations as last year and the registration fee is \$2.50 per person. The only other cost is for materials used in making carved leather goods.

At the regular meeting of the Zeeland Lions Club guest speaker was Charles Friley of the Michigan Department of Conservation. He stated that Michigan has too many deer for the food available to them in winter time and that was the reason so many deer are found dead in the woods during the winter and also why so many of the deer do not reach large size. Mr. Friley is stationed at the Swan Creek wildlife preserve in Allegan county.

Star Scout Willard Van Harn, Jr. was present at the meeting and gave a short talk on the history and activities of scouting, as one of the projects for earning a merit badge. He now has eight of the 10 badges necessary to earn the rank of Life Scout, after which there is one more—the top ranking of Eagle Scout.

The choruses will be rated on their performances. All the choruses will combine to sing three massed numbers. In the evening a program will be presented for the public.

A group of Future nurses of Zeeland High visited the Muskegon Children's Home recently. A guide took them through the home and then showed them some slides.

### Intensified Fund Drive Tops Goal in Allegan

ALLEGAN (Special)—An intensive one-week drive for \$75,000 to construct new Sunday school and group meeting facilities for the Episcopal Church of the Good Shepherd, exceeded its goal by more than \$12,000, canvass officials revealed today.

The campaign reached the \$87,000 mark at the end of the one-week effort in spite of the fact that canvassers were hampered by Allegan's heaviest snow storm of the year, according to R. E. Myers, general chairman.

With about 10 percent of the pledges unreported, it was predicted by Charles McClelland, canvass director, that the campaign might well produce \$100,000 before the 150-week pledge period was ended.

## White Stuff Pushed Away; Now Green Stuff Mounts

How much does a blizzard cost?

Not that anyone is apt to try to buy one, but Holland is stuck with a dandy after last week's storm which had set the eastern part of the country to digging.

In estimating your individual cost, be sure to include the extra gasoline burned while warming up the car longer than usual in the morning. There's likely an extra blanket to be paid for and just about everyone in town has some shiny new boots, too.

From the city's point of view, pushing aside the 13 inches of snow before traffic became hopelessly entangled was an expensive, time-consuming process.

Twenty-four men worked 2,100 hours with 18 pieces of equipment in clearing the way. The treasury will be about \$3,670 lighter as a result. The payroll for the crews, who were up at 3 a.m. for 10 straight days, amounted to \$2,463. That's just for the men employed at snow and ice removal.

City Engineer Laverne Serne estimates that 150 tons of sand were strewn around the city during the snow-blitz. Put four sacks of chloride with every ton of sand and the cost for materials mounts to more than \$1,200. Then add the depreciation on the snow loader, six snowplows, six sidewalk plows, four trucks hauling snow and a sanding unit.

By rousting the crews out at 3 a.m., Serne said "we were able to keep ahead of the drifts," even though the working day for the employees didn't end until around 4 o'clock in the afternoon.

## Found Guilty of Criminal Neglect

**GRAND HAVEN (Special)**—Mrs. Evelyn Heath, 19, of 75½ East Fifth St., was found guilty by Circuit Judge Raymond L. Smith in a non-jury trial Friday on a charge of criminal neglect of her two children, 2½ and 1½ years.

In finding the Holland woman guilty, the judge said she had endangered the lives of her two children by exposing them to conditions of filth such as no child in modern society should be exposed to. He referred to exhibits particularly photos of a crib as it appeared Oct. 9 and said it was deplorable.

Mrs. Heath originally had been charged with two counts, criminal neglect and failure to provide for her children while receiving aid. The latter charge was dismissed. When Mrs. Heath pleaded not guilty Nov. 7, Judge Smith appointed Gordon Cunningham to represent her.

After Prosecutor James W. Bussard rested his case, the defense attorney moved for dismissal which was denied. Sentence was deferred until Jan. 23.

Witnesses for the people included Avery D. Baker, former juvenile agent; Dick Brandt and John Otting of the Holland Fire Department, and Al Bransdorfer, Sentinel reporter. Mrs. Heath took the stand in her own behalf. Her brother, William Mooney, also appeared.

## Parke, Davis Co. Voices Appeal

**DETROIT**—Possible outbreaks of diphtheria, whooping cough and tetanus due to parents' failure to get booster shots for their children has caused a leading pharmaceutical house to take space in newspapers in the United States and Canada for "An Open Letter to Mothers and Dads".

Parke, Davis & Company said today the public-service would run in approximately 100 newspapers of around 50 cities, including The Sentinel, starting today. The letter also will emphasize the need for completion of the polio vaccine program of three immunizing injections, and vaccination or re-vaccination for smallpox.

"Despite constant work and vigilance on the part of public health officials, physicians say that complacency and laxity about immunization programs - on the part of parents - can create potentially - dangerous situations throughout the country," the open letter points out.

"In Detroit, for example, a recent outbreak of diphtheria - the disease everybody thought was completely under control - struck down 168 children, five of whom died. Last year, more than 2,000 cases of diphtheria occurred in the United States . . . and most of this suffering and heartbreak could have been prevented, if parents had made sure their children were protected by adequate immunization.

The same is true of whooping cough, another childhood disease that is particularly serious with children less than one year of age. An initial series of shots in the first few months of infancy . . . with the prescribed subsequent booster shots . . . will modify or prevent the disease in most instances.

"Tetanus (lockjaw) - a dangerous disease that frequently follows injuries occurring in childhood - can be prevented with a series of initial injections and subsequent booster shots.

"As a matter of fact, three-way protection against diphtheria, whooping cough and tetanus is provided now in a triple immunizing agent, which reduces the number of injections."

The open letter also refers to the need for maximum polio and smallpox immunizations.

For just one day, at least, the war clouds rolled away, and the snow drifts were forgotten and the balmy south winds blew and the sun shone in all its brightness and even the crows, harbingers of spring, flew over the town to usher in the wedding day of Marguerite, daughter of Hon. G. J. Diekema, and John Manly Rodger of Chicago. The ceremony took place at Hope church Saturday evening. This news appeared in the Monday, Feb. 25 issue.

The decision of Miss Blanche E. Post to leave Ottawa county, as announced today is likely to mean that Ottawa county will lose its visiting nurse service, unless the friends of that service get busy now to save it. At least that is the opinion of many who have been watching the situation.

The boxes for old gold and silver articles which have been placed in several prominent places in the city for the benefit of the Young Women's Christian Association's war fund will soon be opened and the campaign closed. There are many people who have been intending to contribute to this fund by turning the old broken spoon or chain or even the old watch that is of no use into money that will help this good cause. The Young Women's Christian Association are safeguarding young girls near the cantonments, are providing aid for the million girls in munition factories, for the women of our allies who need aid and for our nurses in service abroad.

## Library Adventures

By Arnold Mulder

The Macmillan appointments to his ministry lifted a corner of the curtain on the stresses and strains that are inevitable in any government. Such glimpses behind the scenes are seldom allowed either in London or in Washington, or indeed in any government anywhere.

Normally it is not possible for the average citizen to learn what goes on behind those political curtains until years later. His best chance to get at the facts is found in literature. Years after an administration of government has ended, historians and the writers of creative literature patiently dig out the real facts with which to counter the legends that are always growing.

There is, for instance, the Roosevelt regime of fairly recent memory. At the time the average American was hardly conscious of the temperamental personality conflicts that raged in the administration's "family." Many writers today are exposing them.

The diaries of Harold Ickes, for instance, written in strict secrecy at the time but published since Ickes' death, throw a flood of light on the cat-and-dog fights in the Roosevelt cabinet. Ickes himself hated Secretary Morgenthau, of the Treasury department, and Morgenthau despised Ickes. Both took every chance they got to display their hatred - but usually behind the scenes. Now such things can be told.

In some of the British ministries of the nineteenth century the conflicts of temperaments were equally severe, but then as now they were usually kept under cover for political policy reasons. A great many books have been published exposing the "family" quarrels of the ministers. Posterity knows much more about the realities of the Gladstone regimes than the people of Gladstone's own time knew.

The same thing is true about military personalities. In times of war we hear a great deal about how we hate the enemy and how the enemy hates us. We seldom hear little, until many years later, of how generals on the same side hated their fellow generals; how statesmen in the same cabinet hated fellow statesmen.

We know by this time that Douglas MacArthur has no love for President Eisenhower, and Eisenhower has of course not in any way cuddled up to his fellow soldier in World War II.

Farther back the picture is still clearer, because many historians have made it their business to reveal the facts; those facts can no longer do any political or military harm.

Thus in the Confederacy. In the Civil War, General Beauregard despised President Jefferson Davis, and the Confederate President more than returned the compliment. Technically Davis was Beauregard's commander, but he did

not dare to fire him because Beauregard had much popular support and it would have been politically suicidal to relieve the general of his command.

In Lincoln's regime almost identically the same situation prevailed. General George B. McClellan's hatred and contempt for Lincoln began early in the war. And Lincoln soon lost confidence in McClellan. But McClellan was popular and it would have been bad politics for Lincoln to fire him in the early years. Finally he did so, but it was with fear and trembling.

General Halleck was highly critical of Grant, and Grant was resentful of Halleck's attitude. In both the Union army and in the Confederacy generals on the same side were often bitter enemies.

One of the greatest sources of interest in reading history stems from such a lifting of political or military curtains.

## The Beauty of Water

The beauty of water is reflected in a quiet pool, in a bubbling fountain, in a thundering cataract, in a majestic iceberg, in a downy snowflake and the hoar-frost.

But now let's be aware of danger, for the power of freezing water is terrific. It can break your pump and burst your water pipes and cause your water supply to fail. Guard your water system with electric "no freezing" elements and thermostats.

### Quarterly Meeting

ALLEGAN (Special) — George Nanna, president of the Allegan Improvement Association, announced Wednesday that the organization will return this year to its original schedule of quarterly general membership meetings. First such session has been scheduled for Wednesday, Jan. 30, at 8 p.m. in the lower lounge of the Griswold Memorial building.

George Zuverink will arrive at Scottsdale, Ariz., next month without his contract signed.

Zuverink wasn't satisfied with the figure quoted on the first pact sent him in December and he returned it. He plans to confer with the Baltimore Orioles club officials upon his arrival. He will leave Holland Feb. 16.

The big right-hander has been busy getting in shape officiating basketball games this winter and has been limbering up about three times a week either in Civic Center or the Armory for the past couple weeks.

Vern (Dugan) Zuverink, George's brother, has been catching him. Vern is a candidate for Hope College's baseball team.

"The first time I worked out I was stiff," George said, "but the second time the arm felt good, just like in the middle of the season and I had to hold myself down so as not to throw too hard."

Zuverink will referee the Detroit Lions - Grand Rapids Sullivan's game in Grand Rapids Civic Auditorium Jan. 30. He will also officiate the Jackson-Kalamazoo high school game Friday.

Spring training officially opens Feb. 23 and Zuverink will continue to work on his fork pitch along with his sinker, which is his natural pitch. The sinker, referred to as the "Zuverink zinker," has helped George in relief chores.

He is undecided on trying to pitch without a windup. A few pitchers are expected to try hurling without a windup this year because of the success of Don Larsen in the World Series last year.

Zuverink expects to be the No. 1 right-handed relief hurler for the Orioles this season and he sees the Birds finishing sixth again this campaign. Baltimore starting pitchers, according to Zuverink, will be Ray Moore, Connie Johnson, Don Ferrarese, Charles Beaman, a rookie who pitched a few games last September and probably Fred (Skinny) Brown.

Fred Besana will probably be the first lefthanded reliever. Irv Palice is expected to follow Zuverink as a right-handed fireman.

Bob Boyd, with help from Bob Hale, Bill Gardner, Willie Miranda and George Kell will make up the Baltimore infield and Tito Francona, Dick Williams and Bob Nieman the outfielders.

Big Gus Triandos is the catcher with Joe Ginsberg in reserve. Zuverink said Richards will attempt to make outfielder Jim Pyburn into a catcher, a spot he played in college.

The Baltimore manager was reported by Zuverink as wanting to obtain Jim Briedewiser and Jack Phillips from Detroit for reserve infield strength in exchange for relief hurler Mike Fierolles.

Zuverink will be accompanied south by his wife, Lorraine, and their two children, Dawn and David.

## Ottawa County Farm News

Richard Machiele  
County Agricultural Agent

Ottawa County farmers can get an expert evaluation of their roughage at a clinic to be held during Farmers' Week at Michigan State University next week. Hay, grass and corn silage samples will be tested for quality and pH level at the clinic on Tuesday, Wednesday and Thursday. Michigan State University specialists will make the tests at 1 p.m. each day and those farmers entering samples may talk with the judges at that time.

In addition to evaluating the roughage, recommendations for grain rations to supplement each sample or roughage also will be made. Roughage samples should be taken to Room 211, Anthony Hall, 9 a.m. to 1 p.m.

Other dairy program features include tours of the main dairy barn, dairy nutrition experimental barns and loose housing barns; and dairy equipment exhibits in the football stadium and the agricultural engineering building. The equipment exhibits will include bulk tanks and other milk handling equipment.

Some of our county vegetable growers will be interested in a discussion to be held Tuesday of Farmers' Week at 9:45 a.m. dealing with "Building Your Plastic Greenhouse." The Agricultural Engineering Department at Michigan State University will conduct this discussion and everyone will have an opportunity to visit a plastic greenhouse on display. I am sure many of our folks are interested in this as a means of increasing their greenhouse capacity. It certainly would be worthwhile to hear this discussion and see the exhibit.

Word has come from the Michigan Department of Agriculture that starting Jan. 1, 1957, all cattle except steers, spayed heifers, and calves under eight months old, come under federal control to curb the spread of brucellosis.

The new rules are aimed primarily at strengthening and unifying control of interstate movement of cattle relative to brucellosis, particularly to counties and states already designated modified certified brucellosis - free under the accelerated federal - state cooperative brucellosis eradication program. Violation of the regulation already in force will still apply after Jan. 1, 1957 to reactors to the brucellosis test.

Strawberry growers will be interested in knowing that seven Michigan nurseries were selected to further propagate for commercial use certified virus-free strawberry plants. Varieties available are Catskill, Marshall, and Robinson.

Some small fruits adapted to Michigan are available for purchase. A strawberry variety called Pocahontas looked good for two years in southern Michigan both for processing and shipping, a mid-season variety, productive fruit, firm, tart, and bright red fruit.

A black raspberry variety worthy of trial is New York 3001, mid-season variety, maturing a high percentage in its first picking, looks promising as a processing variety.

Dundee is a new variety but one that is not too popular. This black raspberry has good possibilities on a local market and as a home garden variety. It opens in mid-season. Berry is high in quality and a good producer.

## Dutch Have Easy Time Moving Into Third Place Tie

Hope College's basketball team missed the century mark by a point but managed to get the astronomical total with such ease that the warning flag went out today to beware of the Dutch in the MIAA's home stretch race.

Hope used third-place Adrian as the latest springboard to record a 99-73 win in Civic Center Saturday night before 1,800 impressed fans.

What impressed the fans most was the way the Dutch did everything right and the comparative ease with which they amassed the highest point total of the season and took home a chunk of third place in the MIAA scramble.

**Ray Ritsema**  
... big hands pay off

Hope now has a 4-3 league record. It was only Coach Russ De Vette's decision to pull his regulars with 10 minutes to play that kept Hope from shooting past the 100 mark.

As it was, the game provided De Vette with an opportunity to use his entire 14-man squad for the first time this campaign and 13 of them scored. Only Merv Vanderlinde, who sacrificed his substitute role to some others farther down the bench, didn't score.

Hope had its best night from the floor and for the first time they really seemed to jell for a home crowd. They fired exactly 100 times and hit 42.

Particularly pleasing again was the balanced double-figure scoring. Four of the regulars made 16 or more points and three of them had 10 or more in the first half.

Paul Benes, who reached new heights with his backboard sweeps.

made four tips in the first 10 minutes to lead the early attack, but had to wait for Hope's first basket of the second half to enter double figures.

The Dutch fractured an Adrian zone-press so fast that after six minutes elapsed, the outcome was a big reason for breaking up the zone as he hit seven jumping one-handers from outcourt in the first half.

Warren Vander Hill added 12 points on a variety of shots Ray Ritsema, picked up another 10 with his work under the basket. These contributions worked the score at the 10-minute mark to 29-15 and the halftime count to 48-35.

Ritsema, whose big hands are going to play an important role in Hope's backboard game for the next few years, really got going in the second half. The 6'5" freshman plucked off six buckets in 10 minutes, including five in a row and pushed Hope to a 78-45 margin at the second half, 10-minute mark. Thirty-five points, a half-minute later, was the game's biggest spread.

In the shooting breakdown, Hope made 19 out of 48 shots in the first half and 23 out of 52 in the final 20 minutes. Adrian connected on 26 out of 87 in the game for 30 percent.

Leon Harper, Adrian's high point man with 21 points, most of them on layups following clever fakes, was especially impressed with the Dutch. "That bunch is the best we've seen this year," the 6'3" all-MIAA forward said.

Ritsema took top scoring honors with 24 made on 10 baskets and four free shots while Harper was followed by Jerry Gilbert, 6' guard, who racked up 19 points in such a way as to leave no doubt why he was an all-state Pennsylvania prep player last year.

Benes was second for Hope with 18 and Buurma and Vander Hill each added 16.

Henry Hughes, the most valuable player in the MIAA two years ago, scored only seven points, his lowest total in four years of competition. Coach Stan Albekoe chose to shuttle the 6'5" forward in and out of the game frequently and the Adrian unit appeared to operate better with Hughes out of the game.

Hope, busy with exams this week, doesn't play again until Feb. 2 when Ferris comes to Civic Center.

## Dutch Again Bow To Bears, 92-75 In Racehorse Tilt

ST. JOSEPH (Special) — A red-hot Holland High basketball team played its best game of the season here Friday night but wasn't good enough to beat a sizzling St. Joseph quintet in a racehorse game.

The final score was 92-75 in the St. Joseph gym before 1,500 fans. Holland hit its biggest point total of the season in compiling its best shooting average. The Dutch sank 27 baskets out of 71 attempts for 38 percent.

Les Overway, who chose to be a "sleeper" several times, connected on eight baskets and added six charity tosses to amass a 22-point total, highest made by any

... season's high of the Dutch this campaign and tops for both clubs.

St. Joseph for the second time this season racked up more than 90 points against Holland. The first game Dec. 27, saw the Bears settling a Civic Center mark with 97 tallies.

The Bears turned in a highly respectable accuracy mark of 45 percent derived from 36 field goals in 75 tries.

The winners were phenomenal in the first half and that was the story of the game. St. Joe converted 21 of 35 shots for 60 percent to supply the cushion against the relentless Holland team.

The Bears scored the game's first 10 points, holding the Dutch scoreless for 2:45. Once Holland got started they moved right along and sliced the margin to six points, 26-20 at the end of the first period.

Holland added another 14 points in the second quarter to leave the floor at intermission with 34, their best offensive show of the season. But St. Joe matched it with another 26 points to walk off with 52 points, Holland's worst defensive show of the season.

The Bears made the first basket of the third quarter but the Dutch countered with the next 12 points to narrow the margin to 54-46. Two minutes later a basket by Tom Aye made it 58-51, the closest second half gap. But in the last three-and-a-half minutes the Bears sparked with 14 points to none for Holland to ice the game.

Trailing 72-51 at the start of fourth quarter, Holland outscored the Bears, 22-19, including a seven-point run midway in the period.

Balanced scoring was evidenced on both clubs but the difference came as the Bears had four boys with 15 points or more and the Dutch had to be satisfied with getting five players 10 or more.

Following Overway was Aye with 11 while Dave Hilbink and Rof Plagenhoef, starters, and sub Gary Gibbons, each had 10.

Jerry Neidlinger, playing the best game of his career, led the Bears with 21 points and all-state center Jason Harness had 18. Dick Kesterke, who finished his prep play because of February graduation, netted 17 and was hoisted on the shoulders of his teammates and carried from the floor. Dave Dase, who bothered Holland here especially last month, popped 15.

Coach Fred Weiss, who said that spirit has remained high on the club despite its 1-6 record, was pleased with the offensive showing but was disappointed with Holland's "lack of quick reaction" on defense.

The Dutch return to Civic Center next Friday night to play unbeaten Muskegon Heights. The Tigers won their eighth straight Friday with an 81-45 win over Muskegon.

## Pine Windows Tested

Window units of ponderosa pine are prefitted at the factory where they must pass tests for air infiltration and where weatherstripping is precisely installed. The wood also is treated chemically to resist warping, shrinking and swelling.

BOARDING A PLANE for their first flight in top picture are Mrs. Alice Nienhuis, 77, (left) and Mrs. Roy Billings, 82, of Holland, who flew to New York City from Grand Rapids airport a few days ago. This modern transportation was a sharp contrast to the old days when the two women were children. That was a matter of walking or horse and buggy. Bottom picture shows a popular mode of transportation in the days 50 or more years ago. Mrs. Nienhuis is one of the passengers in the surrey outside a Holland parsonage.

## Flight to New York Is Far Cry From Old Buggy Days

Modern air transportation proved quite a thrill for two Holland women a few days ago when they boarded a plane at the Grand Rapids airport and flew to New York City. It was their first flight.

As they winged across the nation, Mrs. Martin P. Nienhuis, 77, and Mrs. Roy Billings, 82, had plenty of time to contrast this mode of modern transportation to the old days when they were children.

Mrs. Nienhuis remembers the days when a trip from Holland to Grand Rapids with horse and buggy would take all day. She remembers being snow bound in the country for a week at a time. People in those days walked to Holland from Crisp and North Holland carrying their farm produce. They would sell it in local stores and then walk back home with groceries.

The late Mr. Nienhuis was former owner of the Holland Packing Co. on West 14th St. and as a sideline would train racing horses as operate a farm west of the city.

Mrs. Nienhuis lives at 707 Washington Ave. and Mrs. Billings lives at 245 West 17th St.

## Child Hit by Car

GRAND HAVEN (Special) — Pierre Gerber, five-year-old son of Mr. and Mrs. Harold A. Gerber of 1013½ Madison St., Grand Haven, was slightly injured when he was struck by a car driven by Mrs. Isabel Vaughn, Spring Lake, at Fulton and Despard Sts. at 3:32 p.m. Friday. The child was taken to Municipal Hospital in an ambulance and was released. No ticket was issued.

## Chain Reaction Crash

Three cars were damaged in a chain reaction accident blamed on slippery roads Thursday evening. Allegan County deputy Henry Bouwman said the collision began when an automobile driven by Ray Wiersma, 46, route 1, East Saugatuck, slowed down to discharge a passenger about three miles south of Holland on US-31. A car driven by Clifford Shoemaker, 23, route 1, Holland, then hit the rear of the Wiersma's car. A third vehicle, operated by Bernard Greving, 28, route 2, Hamilton, then struck the Shoemaker auto. Damage to the three cars was estimated at \$200. No tickets were issued.

## Improved Maroons Take 60-43 Win For 3rd Straight

Holland Christian's Maroons romped to their third straight win and their sixth of the year by outclassing a strong Dowagiac quintet, 60-43 on the Civic Center court Friday night. A homecoming crowd of 1,600, held down by the weather, watched the well-played affair.

The Hollanders were a poised, smooth working outfit Friday night and continue to improve with every contest. Dowagiac, which had lost only twice in seven starts before Friday's clash, couldn't stay in the game once the second half got underway.

Again a tight Christian defense and some fine rebounding were telling factors in the Dutch victory. Coach Art Tuls continued to rotate his players and kept the club at peak efficiency throughout the tilt. Warren Otte, a junior, who didn't start, but came in at the second quarter played a terrific ball game on the boards and shone offensively as well. He teamed along with Cal Klaassen, another junior, to give the Dutch almost complete domination of the boards after the first period. Standout performers in the Dutch offense were Dave Klaver, with his outcourt swishers, and Herm Tuls with his driving tactics. Between the two of them, they garnered one half of the Dutch markers.

Dowagiac, coached by Walt Wilson, was truly a fine ball club, and one of the strongest met by the Maroons this season. Three outcourt performers, Sam Keys, Bill Reynolds and Jim Waters, were the best the Dutch have encountered all year. The entire Chiefton offense revolved about the setting up of screens for these boys to shoot one handed jump shots from well outcourt. All three are great ball handlers and constant threats with or without the ball.

Although the Dutch shooting percentage was below that of the Chieftans, it was an improvement over recent games. Christian hit on 23 out of 76 tries for about 30 percent while the losers connected on 19 out of 57 for an even 33 percent.

Dowagiac, fresh from wins over St. Joseph and Three Rivers, looked sharp in the opening quarter, to connect on over 50 percent of their shots, from well outcourt. They took an early lead and once led 11-7, before the Dutch rallied. Christian still trailed 15-11 at the quarter mark, however.

The Dutch sparked by Otte and Tuls began to move once the second period got underway. They tied the count at 15-15, before the Chieftans again took a 16-15 lead at the four minute mark. Two straight one handers by Tuls gave the locals the lead, which they never again relinquished. The Dutch continued to pull away steadily and held a 27-21 halftime margin.

Holland took over immediately in the third stanza, and before the firing was over had pumped in 22 markers to the Chieftans 10. Before the quarter was half gone, the Dutch held a 35-25 lead. Klaver hit four of his specialties to lead the Dutch attack.

Dowagiac, known for its comebacks in the fourth quarter, started out in earnest in the finale to whittle the margin to 49-37, before the Maroons again took over to win the game out of reach. The Hollanders held their biggest lead, 57-39 with three minutes left in the tilt. Tuls emptied his bench in the final minutes as the Dutch coasted to the victory.

From the foul line, the locals connected on 14 out of 25 tries, while Dowagiac was hitting just five out of 16 attempts. Klaver was high man for the Maroons with 18 followed by Tuls with 13. Waters, in a reserve role, led the Chieftans with 13, followed by Reynolds with 11 and Key with 10. Key fouled out in the closing stages.

## Little Maroons Coast to Victory

Holland Christian's Little Maroons got off to a fast start Friday night on the Civic Center court and then coasted in to their eighth win of the season by topping Dowagiac's reserves, 49-32. The Hollanders have lost two contests so far this season.

A 20-point scoring outburst in the first period, sparked by Jim Hulst and Jack Bouwman, sent the Dutch off to a 20-9 lead. Christian netted 10 before the Little Maroons could score. With reserves filtering into the lineup, the scoring tapered off to give the Dutch a 28-13 lead at halftime.

The Dowagiac outfit narrowed the gap to 12 points before the Maroons again spurred to lead 37-18 at the third quarter horn. The Hollanders' biggest margin was 44-20 at one point in the fourth period. Hulst led the locals with 23 tallies, followed by Bouwman with 10. Ben Bonselaar with five, Vern Wedeven with four, Arlyn Lanting with three, Paul Rillema and Bob Kapenga with two each. Terry Ferguson led Dowagiac with 12.

## Miss Judith Ann Ypma Marries Edwin Elzinga

First Reformed Church parlor in Zeeland, decorated with palms and altar bouquets of white and yellow carnations, was the scene of a wedding Friday evening when Miss Judith Ann Ypma and Edwin D. Elzinga were united in marriage. The double ring ceremony was performed at 8 p.m. by the Rev. John den Ouden, pastor.

Parents of the couple are Mr. and Mrs. John Ypma, 39 Sanford St., Zeeland, and Mr. and Mrs. Dick F. Elzinga, 245 Lincoln Ave., Zeeland.

The bride was attired in a floor length gown of antique taffeta with a chapel sweep. She chose a simple but elegant styling with a fitted bodice which complimented the unpressed pleates in the full skirt. The short sleeves and enchanting scoop neckline were enhanced with lovely scroll detailing. Her dress buttoned in the back and was completed by a perky bow. She selected a simple pillbox styling for her headpiece enhanced with sequins and seed pearls and fingertip veiling in imported bridal illusion.

Her attendants, Mrs. Willis E. Hall of St. Joseph, matron of honor, and Miss Mary Elzinga, sister of the groom, bridesmaid, chose taffeta gowns styled similar to the bride gown, in lovely Arday blue. The princess styled gowns featured velvet panels in deeper shades of blue, meeting in the

front at the perky bow and cascading in panels to the hemline in back. Their headpieces were fashioned of matching velvet and net, sprinkled with rhinestones.

Douglas Elzinga attended his brother as best man and Glen Schrotenboer and Evert Schrotenboer, Jr., settled the guests.

Wedding music was played by Bernard Vugteveen, organist.

For her daughter's wedding Mrs. Ypma chose a rose beige sheath dress of brocade, trimmed in satin, with matching hat, black accessories and a corsage of white roses. Mrs. Elzinga, the groom's mother wore a dress of Dior blue lace with navy accessories and pink rose corsage.

A reception in the church basement was attended by 100 guests. Assisting as master and mistress of ceremonies and also in charge of the gift room were Mr. and Mrs. Roger J. Brouwer. Mr. and Mrs. Roger L. Brouwer presided at the punch bowl.

Following the reception the newlyweds left on a honeymoon to Washington D. C. They will be at home in Mt. Pleasant after Feb. 1.

The groom will resume studies at Central Michigan College in February where he is affiliated with Tau Kappa Epsilon Fraternity. He is a veteran of two years military service with the U. S. Army in Germany. The bride attended Western Michigan College at Kalamazoo.

## Holland Fresh Win First Game

MUSKEGON (Special)—Holland High's ninth graders picked up their first win of the season here Friday afternoon, besting the Muskegon Catholic frosh, 49-42.

The Dutch were never headed, and held 11-4, 22-11 and 39-32 quarter margins as they peppered the basket with a balanced attack. Ralph Lawson's 12 markers were tops for the club. Ron Maat had eight and Harley Hill, Ed Loncki and Burton Wiersma had seven apiece. Bill Scott tallied four and Jerry Groeters and Jerry Rice each netted two.

Holland clicked on 17 field goals to 15 for the losers and added 15 free throws to 12 for Catholic. The Crusaders only missed three charity tosses as the Dutch had only nine personals charged against them.

Coach Bill Noyd's team will take its 1-3 record out against the Muskegon Heights frosh Jan. 30 here.

## Placed on Probation In Non-Support Case

GRAND HAVEN (Special) — Edward Powers, 29, Muskegon, was placed on probation for two years by Circuit Judge Raymond L. Smith Friday, after Powers pleaded guilty to charges of non-support and desertion of his wife and daughter.

The court decreed that Powers, who has no job at present, must pay \$22.50 out of the first \$50 he makes, and half of any more he makes, plus pay \$5 a month over-sight fees. There must be no drinking and he cannot leave the state.

The court pointed out that Powers has a bad criminal record and he failed to assume his obligations to his family properly. The only thing in Powers' favor was the fact that he returned to Grand Haven voluntarily from California. Prosecutor James W. Bussard had been in the process of having the man returned under the Uniform Reciprocal Enforcement Support Act.

## Divorce Granted

GRAND HAVEN (Special) — A divorce decree was granted in Ottawa Circuit Court Friday to Nellie Vice from Louis Vice, both of Holland. Custody of the minor child was granted to the mother.

## Man Released Without Bond in Desertion Case

GRAND HAVEN (Special) — Jasper L. Lunsford, 30, Gary, Ind., who pleaded not guilty previously to non-support and desertion charges, appeared in Circuit Court Friday afternoon and in view of the fact that his trial will not be held for 2½ to 3 months, the court released him on his own recognizance.

Edward Fox, 50, Ferrysburg, who previously had requested a court-appointed attorney to defend him at public expense, reappeared in Court Friday and pleaded guilty. Bond of \$1,000 was not furnished. Fox allegedly had assaulted his sister, Mrs. Mary Sands, at her home Jan. 5 inflicting two broken ribs. Atty. George Lievens of Holland had been assigned to defend him.

## License Denied

GRAND HAVEN (Special) — Circuit Judge Raymond L. Smith Friday denied restoration of an operator's license for Robert E. De Jonge, 26, Allendale, who was given a 30-day suspension by the examiner from the drivers' division of the Secretary of State's office Jan. 3 for being "habitually negligent." De Jonge has been operating his own diesel truck and trailer. He had admitted four speeding violations during 1956, also passing at an intersection.

## Chix Grab 5th Straight Win in Kenewa Loop Play

COMSTOCK PARK (Special) — Although outscored from the floor by three baskets, Zeeland High's basketball team countered with some good free throw shooting to win its fifth straight Kenewa League game and remain unbeaten in league play with a 64-60 win over Comstock Park here Friday night.

The Chix sank 22 out of 34 foul tosses while the Panthers could tally on only 12 of 27 attempts. The loss was Comstock Park's fifth in league play.

Comstock Park threw its biggest score in the fourth quarter when they outscored Zeeland, 19-17. But the four points at the game's close was the closest the

third period and Zeeland held a 52-31 advantage at the quarter's finish. Then came the final eight minutes and the last Panther push which at one time narrowed the score to 48-41.

Comstock Park used a full-court press in the late stages of the game and it bothered the Chix.

Boeve led both teams in scoring with 22 points and sank 10 out of 11 free shots. Dave Van Peursem followed with 13 and Max De Jonge popped 10. Fortune had 16 for Comstock Park.

The Chix entertain Hudsonville next Friday night in another Kenewa League game. The Eagles lost to Coopersville, 57-56 Friday night.

## Holland Reserves Drop Second Game

ST. JOSEPH (Special)—Holland High's reserve basketball team let a big St. Joseph second quarter prove too much for them and they failed to come back and received their second defeat against five victories.

The Little Bears won the game 59-47.

Tied at the end of the first period, 8-8, the St. Joe seconds got rolling on a smooth fast break and scored 17 points to Holland's eight and led at halftime 29-16.

They maintained this margin throughout the second half holding a comfortable 46-32 third quarter advantage.

Hubby Harrington led Holland with 10 points while Jim Overbeek and Ron Dorgelo each had eight. Other Holland scorers included Chuck Ritters, Jim Van Putten, 5; Bob Chambers, 4; Dave Wehrmeyer, 2; Jack Hulst, 2 and Ted Walters, 2.

George Erickson had 14 for the winners and Tom Schader sank 12.

## Martin Stops Saugatuck to Increase Al-Van Lead; Lawton Nips Fennville

MARTIN (Special) — Martin High School's basketball team Tuesday night showed Saugatuck why they are on top of the Al-Van league with an unblemished league record by thumping the visitors, 70-49.

The winners took the lead after the Indians had scored the game's first basket and never relinquished it. They led, 22-7 after the first period, 37-23 at the half and 60-38 going into the final quarter. Saugatuck crept to within nine points in the second period for their nearest advance.

For Saugatuck, now in fourth place with a 4-3 record, it was a dismal night from the floor which cost them the game. Holding their own on the boards, the Indians could connect for only 14 field goals in recording a miserable 15 percent shooting average.

**Al-Van League Standings**

	W	L
Martin	7	0
Fennville	5	2
Gables	5	2
Saugatuck	4	3
Lawton	3	3
Covert	2	4
Bloomingsdale	1	6
Lawrence	0	7

Martin's Bud Snook, tied with Bob Coffey of Fennville for the conference scoring lead, paced both quintets with 18 points. Harvey Slotman had 15 and Frank Lamb 12 for Saugatuck.

Saugatuck will see its final action before the Al-Van tournament Friday night when they trek to Covert to meet the Bulldogs, defending loop champions. The Indians topped Covert earlier in the season.

LAWTON (Special) — Although Fennville's basketball team managed to outscore Lawton 16 but in the free throw department sank only eight while the winners cashed in 13 times.

The Blackhawks made 17 field goals and Lawton tallied 16 but in the free throw department sank only eight while the winners cashed in 13 times.

Big 6" Ed Edwards picked this game to be his best of the season and swished in 20 points. Edwards, head and shoulders above the Fennville lads, was fed continuously and would lay the ball up, pass off or be fouled.

In previous games, the foes had been able to hold down Edwards to about seven or eight points a game. The Lawton club is probably the biggest in the Al-Van League, with two 6'2" boys, one 6'3" and one 6'4" along with Edwards but doesn't possess any speed.

Lawton led at the end of the first quarter, 10-7, but Fennville came back and tied the score 19-19 at halftime. The third period score favored the winners 31-27. The win ended up Lawton's season's mark at 3-3 and left Fennville tied for second with a 5-2 record.

Bob Coffey, tied with Bud Snook of Martin for the scoring leadership in the Al-Van League, paced the Blackhawks with 15. Jerry Smith followed with 10 while Doug Allen had seven.

Lawton hit 36 percent of its shots and Fennville 34 percent.

The Fennville reserves stopped the Lawton seconds, 54-37 in the preliminary. Turner led the winners with 21 followed by Loudin with 19. Baird had 16 for Lawton.

League leading Martin invades Fennville Friday night.

## Taxpayers Urged To File Returns

Most taxpayers who find that they are due refunds on federal income taxes withheld in the preceding year will make every effort to prepare and file returns as soon as the filing season starts, in hopes of an early check from Uncle Sam to reimburse the excess tax payments.

"We're glad to receive returns," District Director A. M. Menninger said. "Most of them can be processed pretty quickly and refund checks sent on their way back to these alert filers. But we'd also like to get some of that same co-operation from those who owe nothing, and those who owe a few dollars."

"We suggest that every taxpayer, and especially those who spent during 1936 large sums that might be deductible, compute his tax both ways, or by taking the standard deduction and itemizing deductions — then file under the method which is to his advantage. The taxpayer who does that now, even if he finds he owes a few dollars, will be putting behind him a task which he must find easier to look back on than forward to."

## Beechwood Group Discusses Schools At Tuesday Meet

Applause from an audience of more than 500 persons greeted comments from the floor against the way the initial municipal annexation proposal had been presented and in favor of reorganization of the area north of the Black River into a single school district which would provide high school facilities.

The comments came up at an informative meeting at the Beechwood School, at which Dr. George Mallinson, dean of the graduate school at Western Michigan College, joined with Superintendent Lloyd Van Raalte and board of education president Harvey DeVree in a panel discussion to present to the audience the results and progress of the area school study.

Van Raalte, speaking of the suggestion from the audience, said he believed the matter of reorganization north of the river "must be further explored to bring out all advantages and disadvantages to the people concerned so that it can be compared to the advantages and disadvantages of annexation to the city."

Another suggestion from the floor questioned the possibility of reorganization so that one section would not be prevented from annexing because another part of the same area had decided not to annex.

Dr. Mallinson told the group that any time a community proposed annexation, the proposed annexation must include:

1. A significant number of students to warrant the operation of 12 grades.
2. An adequate tax base to support the entire school system.
3. A strong enough community interest to provide from the tax base adequate funds to operate the entire school system and a willingness to contribute their efforts to the formation and improvement of a good educational system.

Walter Vander Haar and Peter Meur also attended and answered questions about the 32-member citizens' committee recently named to study annexation.

The meeting, Van Raalte said, was purely for informative purposes, and no action has been taken on any of the suggestions raised.

**Semi Drops Gas Tank, Burns Completely**

GANGES (Special) — A semi-trailer and tractor were completely destroyed by fire Tuesday morning when a saddle tank of gasoline fell off the truck and ignited on US-31 at the south limits of Ganges.

Harry Gilbert Clark, 45, of Kalamazoo, driver of the truck, estimated the loss at more than \$5,000. The load of tar paper and shingles was not severely damaged, according to South Haven state police.

Fire trucks were called from Glenn and Ganges and spent more than an hour extinguishing the gasoline.

DELWYN OVERBEEK, 11-year-old son of Mr. and Mrs. Willis Overbeek of 108 Jefferson Ave., is shown here in the wheelchair in Thomas Jefferson School where he goes twice a week for therapy treatments by Ethel J. Herrick, shown with him. Delwyn returned home just a year ago after 13½ months in Butterworth Hospital. Both he and his twin brother, Duane, contracted polio some 14 months ago but Duane made a quick recovery. Main improvement for Delwyn the past year was removal of the throat tube, and he now can breathe "on his own." He is in the fourth grade in Beechwood School. He can take his left arm out of the brace 15 minutes of the hour and the right arm out of the brace three hours a day. His swallowing is improved to the point where he can even eat a hamburger. He still goes to Butterworth clinic every two months. (Sentinel photo)

## Seek Recreation In Annexation

A recommendation to City Council that recreational areas be included in the annexation study was unanimously passed Monday night at a meeting of the advisory committee on recreation, appointed by Mayor Robert Visscher.

Larry Wade, Arthur Read and John Keuning drew up the resolution stating that recreational areas be developed. The areas also would tend to screen residential locations from highways.

The committee wishes to inform Council that in Midland, 10 percent of new sub-divisions has been designated for recreational purposes.

Barnard Arendshorst suggested that the facilities committee of the recreation group obtain the views of the Board of Education, Christian schools, Catholic school, Seventh-Day Adventist school and other groups in regard to a cooperative development of recreational areas owned by these schools. The facilities committee will report its findings at the next regular meeting.

A total of \$5,000 has been set aside for capital improvements for recreational purposes in Holland and Joe Moran, city recreation director, was instructed to draw up a report on what improvements are needed and how the money should be spent.

There was considerable discussion on the responsibility of Holland to provide funds and facilities for recreation, paid for from the tax dollar.

Committee chairman Bill Hinga conducted the meeting in Civic Center and presented an article from the Physical Education Journal "Fitness for Youth" which prompted the resolution.

## Sub-Committees Named for Area Annexation Study

Eleven sub-committees were appointed for special study at a meeting of the 32-member Citizens Annexation Advisory Committee.

Thursday night in Peoples State Bank, Committee Co-Chairmen Ernest C. Brooks and Marvin C. Lindeman appointed the chairmen who in turn convened to select their own committees from the committee membership. Each committee has four members, two from the city and two from the townships.

Committees follow:

Schools — Mrs. Bruce M. Raymond, chairman, Peter Meurer, James Lugers and Peter Kromann.

Water — George Lemmen, chairman, John Siebelink, John Van Dyke, Jr., William H. Vande Water.

Light and power — Bertal Slagh, chairman, A. J. Cook, James Lugers, Gordon Van Putten.

Police and fire — Tom Parker, chairman, Walter Vander Haar, Bertal Slagh and Leonard Steffens.

Zoning and planning — Walter Vander Haar, chairman, Jacob Zuidema, Russell-Klaasen and John Siebelink.

Recreation — Henry Kleinheksel, chairman, Mrs. John Van Deusen, George Good and one to be appointed.

Sewage disposal — W. H. Connor, chairman, Merle De Feyter, Jacob Zuidema, Vern Van Lente.

Private-owned utilities — James Brooks, chairman, Mrs. Alvin D. Bos, Merle De Feyter and an appointee of Lakewood township.

Legal — Gerald J. Van Wyke, chairman, Edwin Raphael, George Lemmen, George Good.

Industrial and commercial — William H. Vande Water, chairman, Peter Kromann, Gordon Van Putten and Edwin Raphael.

Budget and taxation — Clarence Jalving, chairman, Russell Klaasen, John Van Dyke, Jr., Vern Van Lente.

The committees will begin work immediately on the separate studies and will present preliminary reports at a meeting Thursday, Jan. 31, at 7:30 p.m. in Peoples State Bank.

Many questions were asked during the general question period over which Ernest C. Brooks presided. Special guests present were City Attorney James E. Townsend, BPW Supt. Guy E. Bell and City Engineer Lavern Serne.

William H. Vande Water, secretary-manager of the Holland and fairly large area to be annexed, tentatively 112th on the east, 48th on the south, Lake Michigan on the west, and the north not determined.

Allegan county representatives were particularly concerned with the split of the Maplewood school district, and felt boundaries could be improved.

BPW Supt. Bell said Holland's new water supply system would be adequate to service a large area and said water could be supplied as soon as water districts clear legal channels. Between the Holland power plant and Consumers Power Co. which have agreements on its own boundaries, there should be no trouble in supplying light and power. It was generally agreed that sewer service would take a longer time. This would involve study on whether there should be one central plant or smaller plants. It was pointed out that if water is available, the threat of contamination from septic tanks is not so great.

City Engineer Serne felt that service on streets, roads and walks would be largely a matter of personnel and equipment, although there might be need for special study if the boundaries should extend far into the rural area. Holland city's general policy on paving and walks has been a matter of petitions from property owners, although in some cases City Council has ordered jobs done.

City Attorney Townsend explained procedure on voting for annexation. In case of a proposal to annex to the city, the people in the annexed portion under consideration have their own vote which must have a majority. Also casting votes would be the city and the remainder of the township in question. The total of these votes also must have a majority in favor to make annexation complete.

Should the Maplewood area be annexed, property owners would pay city taxes to Holland but county tax to Allegan county.

After annexation is resolved, there would be an "accounting" between city and township of certain properties such as township halls located in newly annexed city areas.

## Dog Notes

By Peter Boggs

The Dog That Cures Hay Fever

This has been told to me many times and I pass it on to you for what it is worth. At least 50 people have told me that they had been sufferers of hay fever but when they purchased a Chihuahua dog their trouble ceased. The Chihuahua is the small dog that originated in Mexico. Just what power these dogs have in curing hay fever I don't know, but there must be something to this thought — too many people have told me about it to be only a myth. I thought it interesting enough to pass it on to you. Let me know if you have ever had any experience along these lines.

Should You Give a Dog a Bone?

Only young puppies should be given bones to gnaw on. It helps to strengthen his jaw muscles and is an aid in removing his temporary teeth. Many dog owners believe that bones keep their pets teeth in good condition. However, after a pup gets his permanent teeth, forget about giving him bones. All they will do for an older dog is wear down his teeth.

There are many dogs today whose teeth are worn down practically to the gums because some ill-informed owner thought bones were a necessary part of his pet's diet.

It won't hurt occasionally to give your dog a bone for pleasure's sake, but make sure it is a hard knuckle bone and is uncooked. Never let young dogs chew on cooked bones. They have a tendency to splinter.

Something We Want

The Russians haven't much that in this country would care to have — with perhaps one exception, a certain breed of dog. Behind the iron curtain is a type of dog used by Russian Shepherds. For almost one hundred years Russian shepherds have been developing one of the best all-around sheep-dogs in existence.

An interesting feature of these dogs is that they are so well trained that they can be left alone for weeks with their own cack of food while they guard a flock of sheep. Each day they will eat only a small amount of their food, leaving the rest for days to come.

Somewhere these dogs realize that the food left with them has to last a certain length of time and they budget their eating accordingly. Too bad we couldn't train some of our dogs the same way. Wouldn't it be nice to leave your dog in his kennel in the back yard with his own food while you went away on vacation?

**The Question Box**

Question: Does a dog's heart normally beat fast or slow?

Answer: An adult dog's heart beat is about 90 beats a minute. As he ages it drops to about 60 beats per minute.
