Snow Drifts Bury Many Area Roads

No new snow fell, but brisk winds early Wednesday night covered many roads in the Holland area with drifting snow and made driving hazardous.

Law enforcement officials in the Holland area reported several accidents caused by drifting, mainly on north-south roads. Ottawa County Road Commission officials said north-south roads took the brunt of the drifting snow although many east-west roads were affected by the southwest winds.

Holland police reported that several trucks had jackknifed on city routes because of high winds and drifting snow.

Two semi trucks jackknifed and went into ditches along the US-31 bypass between 16th and 24th Sts. Another left the road on US-31 near 48th St. and a fourth on M-40 at the south city limits had swerved off the road due to high winds and slippery roads.

Police reported that no one was injured in any of the mishaps. Several officers went to the scenes of the mishaps to direct traffic while the vehicles were being towed out of ditches.

Ottawa County deputies listed two traffic accidents this morning due to drifted roads.

Mrs. Sandra Wolters, 19, of route 1, West Olive, was injured when her car struck a large drift on 136th Ave., skidded out of control and rolled over at 8:10 a.m. near Port Sheldon Rd. Mrs. Wolters was released after treatment at Holland Hospital for bruises of the head and chest.

Gerald A. Brun, 29, of Coopersville, escaped injury when the car he was driving struck a snowdrift on 96th Ave. near Bingham St. at 8:48 a.m. today and skidded sideways into the front of an Ottawa County Road Commission road grader. Deputies said the road grader was being operated by Donald E. Meenz of route 2, Zeeland. Brun's car was demolished, deputies said.

Allagun County deputies said traffic was tied up for about two hours on US-31, a mile north of the big curve between Holland and Saugatuck, after a semi truck jackknifed and went into a ditch at 6:55 p.m. Wednesday.

State police from South Haven said all roads were open south of Saugatuck and reported no mishaps due to drifting.

Officials at the Holland water filtration plant on Lakeshore Rd. said wind velocity at 11 p.m. Wednesday measured up to 20 miles per hour. Earlier gusts probably had been much higher, however, officials said.

Main county roads were open by noon today. Road Commission officials said. Most were still covered with a crust of hard-packed snow and were still slippery.

Several secondary township roads remained drifted over, but officials said all snow removal equipment was out and all roads were expected to be open today.

Faces Trial For False Statement

ALLEGAN — A Detroit truck driver charged with giving a false statement to police when he told them he was the victim of armed robbers near Plainwell, Dec. 22, has pleaded not guilty and demanded a justice court jury trial.

Howard Morgan, 28, is being held in Allegan county jail after his \$500 bond was withdrawn by a professional bondsman. Trial has been set for Tuesday Jan. 30 by Allegan Township Justice Otto Schmitz.

Two "dark men with mustaches" were the object of a six-county roadblock set up early on the morning of Dec. 22 after Morgan told state police he was held up and robbed of \$200 in cash while his truck was pulled off the highway for repairs three miles south of Plainwell. State police ordered the road block lifted later in the morning and arrested Morgan on the false statement charge.

More Students Are Absent Due to Flu

Absences continued to mount Tuesday in local schools because of flu, but contagions as such still remained spotty.

Dr. Ralph Ten Have, head of the Ottawa County Health Department, said the flu seems to have hit Holland at present but may become general throughout the area later. As yet, no widespread absences in school were noted in Grand Haven or elsewhere in the county.

Dr. Ten Have said Asian flu is due to strike the United States this year but said Asian flu can be diagnosed only by specific blood and stool specimens and usually hits the very young or the elderly. He regarded local flu cases as the more common influenza which is often accompanied by a severe intestinal ailment. Bed rest is recommended and the patient usually recovers in two days to a week.

The health department head said flu vaccine is available but must be continued on an annual basis to do any good. He indicated it would be a bit late at present to take flu shots.

E. E. Fell Junior High School today had 225 absent out of 1,150, compared with 185 absent Monday. Holland High School is not holding classes this week because of the move to the new high school.

Attendance at Christian High School remained normal, according to Principal Raymond Holwerda.

Flu also hit West Ottawa Schools. In the high school 70 were absent out of 406 enrollment and in the junior high 75 out of 682. In a survey of schools, Supt. Lloyd Van Raalte said Beechwood with an enrollment of 342 had 39 absent, all in the fifth and sixth grades. There was one case of chicken pox. In Glerum school which has 235 enrolled in kindergarten through third grade, 25 were absent including 12 cases of chicken pox.

Lakewood school with an enrollment of 195 had 25 absent, all in the first and second grades. This included only one case of chicken pox. Pine Creek School had 20 absent in an enrollment of 266. Attendance at Waukazoo School was above normal. Attendance at rural schools was about normal. Some absences were accounted for by the fact some busses could not travel secondary roads. In the entire district, 11 teachers were absent.

Beaux Arts Trio Concert Delights Local Audience

A well balanced program by the talented Beaux Arts Trio of New York delighted an attentive audience Tuesday night in Civic Center.

The program demonstrated the excellent musicianship not only of the trio but of the individual members, each of whom appeared in a group of selections.

The trio, organized in 1953, consists of Menahem Pressler, pianist who was born in Germany but who fled to Palestine with his family when Hitler came to power; Daniel Guillet, violinist, who studied at the National Conservatory in Paris and concertized extensively in Europe; and Bernard Greenhouse, cellist who won acclaim in his New York Town Hall debut in 1946 after studying two years with Casals.

Two trio masterpieces by Beethoven and Brahms demonstrated the exceptionally fine blend of strings which has become a hallmark of the ensemble. Contrasting movements plus variations provided a program which would satisfy any large audience of varying tastes.

Pianist Pressler demonstrated a wide range of talents in selections of Prokofiev, Chopin and a Paganini-Liszt arrangement, drawing thunderous applause for the last selection. Cellist Greenhouse and Violinist Guillet, both playing Stradivarius instruments of the early 1700's, delighted the audience with their solo work. The violinist chose some familiar selections of Bizet and Tchaikovsky and the cellist some selections by lesser known composers but which fully demonstrated the artist's virtuosity.

For encore, the trio played a scherzo from a Mendelssohn trio. The audience, while smaller than the full house which attended the Rise Stevens concert last month,

was attentive and respectful, and generous in its applause.

A reception in the Tulip Room of Hotel Warm Friend followed for members of the board of the Holland Community Concert Association which sponsors the concert series in Civic Center. The trio mingled with the local group and the cellist commented on the excellent acoustics made possible by the new stage shell, in use for the second time at local concerts. The trio is appearing in Saginaw tonight and will leave shortly for a European tour.

Local officers were reelected. They are Mrs. B. P. Donnelly Jr., president; Henry ten Hoor, vice president; Mrs. Arthur C. Vost, secretary, and Clarence Jalving, treasurer.

Mrs. Donnelly announced the following committee appointments:

Membership — ten Hoor, Mrs. Wendell Miles, Mrs. Myron Van Ark, Mrs. Ted Boeve of Holland, Mrs. Harvey Krop of Hamilton, Stanley De Pree of Zeeland, and Robert Gooding of Ganges.

Lee John Terrill, 10, Dies of Chest Injuries Near His Home

GRAND HAVEN — Lee John Terrill, 10-year-old son of Mr. and Mrs. Merlin V. Terrill of 508 Terrill St., Grand Haven, was fatally injured shortly before 5 p.m. Tuesday when a pickup truck hit his sled as he crossed Robbins Rd. after descending a large hill at the rear of the William Booth residence.

The truck, owned by a local service station, was driven by Donald K. Bos, 19, Grand Haven, who had just delivered a serviced car to a residence on Robbins Rd. and was returning to the station. The rear wheels went over the boy's chest. Deputy Laverne Boeve said he detected a faint flutter, but the boy was dead on arrival at Municipal Hospital.

Sheriff's officers were first called but when they realized the accident had occurred just inside the city limits, city police were called.

Young Terrill had gone coasting with 13-year-old Phillip Petersen and several others. Terrill and the Petersen boy were coming down the hill on separate sleds when the accident occurred.

Riding in the truck with Bos were David Klaassen, 20, and Randall Dekker, 22, both of Grand Haven. Dekker immediately went to the Robert Mouw home nearby and summoned an ambulance and officers. The impact occurred on the north side of the road placing it within city limits, the south side being in Grand Haven Township.

The truck was headed east but skidded into the westbound lane when the driver attempted to avoid hitting the sled.

Dr. Peter MacArthur ruled death due to chest injuries.

Young Terrill was born in Lansing May 19, 1951, and came to Grand Haven in 1954 with his parents. He was a fifth grade student at Mary A. White School and was a baptized member of First Presbyterian Church.

Besides the parents, he is survived by a sister, Linda, 12; two brothers, Jeffrey, 7, and Guy, 3; the grandparents, Mr. and Mrs. R. F. Terrill and Mr. and Mrs. John Stap of Grand Haven, and a great grandmother, Mrs. Florence Tompkins of Hudson, Mich.

Holland Hosts Traverse City In Fieldhouse

It appears Holland High's basketball team will enter the fieldhouse "cold" Saturday night for its game with Traverse City.

Coach Fred Weiss has been hoping for a chance to practice in the new arena but it hasn't been possible. Workmen have been scurrying around trying to get the place in shape and it doesn't appear the Dutch will get a pre-game workout.

The baskets were put up Monday and Tuesday but school officials report several other things have to be completed in the fieldhouse prior to the game.

"It looks like we'll hit it cold," Weiss said today after completing his practice in the Holland Armory. The Dutch basketball team, like the Holland Christian and Hope College teams, shuffle to various gyms, throughout the season so as to use a full-length floor.

Holland is expected to use its fieldhouse for practice when the second semester opens next Monday. But the rest of the home games are slated in the Civic Center.

Holland's varsity and reserve teams will practice Thursday in the Civic Center. Weiss doesn't know where he'll practice Friday but he is still hoping to get a brief "shooting drill" in the fieldhouse.

Several Holland players have been fighting the flu but only Harvey Stremler is still out. Weiss plans to start Terry Nyland and Dan Koop at the forwards while Mike De Vries will be the center. The guards are Jack Vander Broek and Tom Essenburg.

School officials report, figuring 16-inch seating, a total of 1,400 persons can be accommodated in the fieldhouse. A capacity crowd is expected to be on hand when the fieldhouse opens.

Battle Creek Has Three Former Oilers in Lineup

ZEELAND—Three former members of Cook's Oilers, who are now members of the Battle Creek Warriors basketball team, will get a chance to slap at their former teammates when the teams tangle at 8:30 p.m. in the Zeeland High gym.

The Warriors, presently tied for first place in the Midwest Basketball League with the Gary, Ind., Whips, have M. C. Burton, Ron Robinson and Emmett McCarthy, all opened the season with the Oilers.

Burton and Robinson are brothers-in-law and both ex-Muskegon Heights prep stars. Burton played at Michigan and Robinson at Western while McCarthy was captain at Notre-Dame.

These credentials earned them spots on the Oilers but owner Don Cook found some other players and this trio joined the Warriors. So they would like to get back at the Oiler owner-coach.

The Warriors will play Friday night in the Chicago Stadium against the Whips for first place in the Midwest League. The Whips are led by Charlie Brown, ex-Seattle star.

John Tully, 6'3" ex-Notre Dame player, is the biggest man on the Battle Creek roster while Burton is 6'3", Robinson, 6'4" and McCarthy, 6'4".

Bob James, 6'4" ex-Battle Creek all-stater and Western Michigan player, is another leading Warrior. Others on the team will be Art Hamilton, who played his college basketball at Miami University and Prince Gibson, ex-Battle Creek Junior College player.

Bruce Cantrell, former Alma College athlete and Ray Hesiken, Joe Armstrong and Art Angelo, all of Battle Creek complete the team.

The Oilers will have Ray Ritsema and Henry Hughes at the forwards with Paul Benes at center. The guards will be Gary Lee and George Duncan. Ron Maat, Bill Fox and Mike Graney will be replacements.

In the 6:30 p.m. prelim, Petersen's Pharmacy of Grand Rapids will play the Muskegon All-Stars. The Grand Rapids team will be led by 6'9" Bob Armstrong, ex-Holland player and Roland Schut, who played at Hope College. Several members of the Grand Rapids Shamrocks football team may complete the roster.

Don Boyink, ex-Hope player, leads Muskegon along with Bob De Wall, Ed Heethuis, Lee Van der Stelt, Dave Hooker and Ken Kenneth, all former Muskegon Christian players. Don Murry and Paul Comes, ex-Muskegon Catholic players and Len Hartman, former Muskegon player.

Lacey and Boos were sentenced to pay \$50 fine and \$4.90 costs and serve five days in jail and Wenzel \$20 fine and \$4.30 costs. Justice De Witt said the difference in the disposition was due to cooperation and attitudes at the arraignments.

Panthers Hand Marne 76-40 Defeat

Duane Overbeek ... scores 24 points

West Ottawa's varsity basketball team, reduced to only seven players by a rash of illness, completely dominated play and overpowered hapless Marne (Kenowa Hills), 76-40 at West Ottawa's new gym Tuesday night.

Duane Overbeek, the 5'8" junior fiery guard and winner of the Knipe Most Valuable Player Award two years ago as a freshman, continued his strong scoring as he scored 24 points. The 24 points erased the old West Ottawa individual game mark of 22 points held jointly by Overbeek and Leroy Vedder. Overbeek was at his best as he hit on 10 of 14 shots in the game.

Marne started the game as though they meant business and held the Panthers even for the first five and a half minutes. Toward the end of the first quarter the Panthers started hitting outside of the Bengal's zone and owned a 14-8 first quarter lead. Overbeek contributed six of his points in the first quarter.

In an attempt to rest some of his starters in the second quarter, Coach Herb Maatman was able to replace only three regulars at a time because of his slim bench. Only five varsity players were in school Tuesday morning, but two more arrived at noon to bolster the squad to seven players. Clary Vandenberg Bosch of the reserves was also moved up to the varsity in case the Panthers might have a couple of players foul out. Vandenberg Bosch, a 6' sophomore, played about one half of the game and was strong on rebounds.

The Panthers substitutes continued the pressure on the Bengals and with the help of Overbeek and Tom Vizithum's seven and six points respectively, were able to outscore their opponents 19 to 11 in the second quarter to pad their lead.

With the same combination hitting from all over the court, the winners scored 34 points in the third quarter for their biggest quarter output in any game this season thus far. The winners held a 57-29 third quarter lead.

The fourth quarter produced more of the same kind of scoring and the play became very rough and ragged at times.

The Panthers peppered Marne's zone defense with good outside shooting and occasional fast breaks. The Panthers hit on halves of 14-31 and 19-34 in field goals to end with 33-65 and approximately a 50 per cent shooting percentage for the fourth time in the last five games. Marne meanwhile had halves of 9-25 and 9-20 for 18-45 and 40 per cent. At the charity stripe the winners made 10 of 22 and the losers 4 of 12.

Following Overbeek in the scoring for the Northstars was Vizithum with 13 and Rodger Borgman with 10. Bob Bundy and Dale Harrison led the Bengal attack with 15 and 12 points respectively.

The 76 points scored by the Panthers were their greatest output of the season and the Panthers will try to duplicate this total Friday night against Godwin Heights of Grand Rapids in a Grand Valley tussle. Godwin defeated West Ottawa earlier this season 65-29 in Grand Rapids.

Coach Maatman hopes that his sick boys, George and Marinus Donze, Ron Westrate, Norm Koop, Paul Bosman, and Glenn Bareman will be off the sick list by Friday night.

The Panthers have an overall record of 5 wins and 4 losses and a Grand Valley record of one win and three losses.

Fennville Drops Game to Panthers

The West Ottawa ninth grade basketball squad had no trouble as they trounced Fennville 43-15 Tuesday afternoon at the West Ottawa gym.

With forward Bruce Van Huis leading the way in the first quarter, the little Panthers grabbed a 15-5 lead which they never lost. Coach Vern Ingalsbee substituted his entire squad in the second quarter but the winners still scored 11 points while holding Fennville scoreless to up their lead to 26-5 by halftime.

The subs of each team staged a defensive battle in the third quarter and the Blackhawks outscored the Panthers 6 to 2. The first string of West Ottawa was again inserted in the last quarter and the winners outscored Fennville 15 to 4.

Bruce Van Huis led the Panther scorers with 10 points. Other scorers were Terry Meyer with eight, Arvin Visser and La Verne Westerhof each with seven. Steve Vander Lip and Dennis Brewer each with three, Duane Overbeek with two and Ken Alderink one. Tim Woody led the losers with nine points, which was over half of his team's total. West Ottawa now has a record of three wins and two losses and will entertain Grand Rapids Godwin Friday at 4:30 p.m.

West Ottawa Reserves Win

The reserve basketball team of West Ottawa moved to a large first half lead and soundly defeated Marne's reserve team 42-24.

The first string got off to a slow start in the first quarter but gradually gained momentum as they moved ahead 13-6 after the first seven minutes. The Panthers zone defense was effective in the second quarter and Coach Karl Essenburg's entire team got into the act to gain a 27-10 first half lead.

The subs continued playing throughout the third quarter and increased the lead to 38-13. The regulars returned in the final quarter to outscore Marne again 14 to 6.

The Panthers in the shooting department had halves of 11-28 and 8-34 for 19-62 and 31 per cent. West Ottawa made 14 of 28 free throws for 50 per cent and Marne had 6 of 13 for 46 per cent.

Bruce Johnson led the Panthers balanced scoring with 10 points, followed by Harvey Goosen with eight, Steve Piersma with seven; Paul Buscher, Gale Romine, and Jim Corwin all with six; Dave Underwood with four; Mike Hilbink three; and Dennis Van Rhee two.

Frank Hamilton scored nine points in the losing effort for Marne.

The Panthers now have an overall record of four wins and five losses and will attempt to avenge an earlier 42-52 loss to Grandville Friday at home when they entertain the Bulldogs in a Grand Valley conference game.

Hilbrand Case Is Dismissed

GRAND HAVEN — A suit filed against Ottawa County by a former deputy in an effort to regain his job and lost pay was dismissed by Circuit Judge Raymond L. Smith Tuesday.

Smith, in an opinion filed with the Ottawa County clerk, said former Deputy Sheriff Albert Hilbrand had waived his rights under the veteran's preference act because he failed to serve Prosecutor James Bussard with written notice of his protest.

Hilbrand, a Hudsonville resident who became a deputy in August, 1953, and was fired by Sheriff Bernard Grysen Sept. 6, instituted his suit Dec. 26. Bussard replied to the court Jan. 2 that the suit should be dismissed because of the lack of written complaint.

In his opinion the judge said, "The importance of the notice of protest is such that the requirement that it be in writing is reasonable. No talk over coffee or in the locker room of the country club will do."

THE SNOW

We have had a goodly supply of snow the last few weeks. Even though winter still has another two months to run, many people already are dreaming of spring. With each snow, farmers are aware of the need for water. Since snow was scarce earlier in the season, the continuing snow has been appreciated by those in agriculture.

The cold weather has brought on hardships for fruit growers in many sections in the south. The northerners who are used to the big freezes are always mindful of the moisture the snow brings. Heavy snows in Michigan have been a boon for winter sports programs. When you are complaining about the snow and the cold, think about the many good things the falling snow does for many people.

Keep feeding our feathered friends. They are flitting around looking for a handout. Be sure to drive safely and keep a safe, clear distance from other cars. Keep the snow off your car so that your vision is good. Have your cars serviced for added protection. All these things will help you reach your destination safely.

Reverence for God's Name

Exodus 20:7 Matthew 5:33-37; 6:5-9
By C. P. Dame

In the epistle of James it is said that "the tongue is a little member and boasts of great things. How great a forest is set ablaze by a small fire." The tongue can do much evil and much good. In this lesson we are taught a truth that ought to be proclaimed loudly from the house-tops—God demands that men show reverence for His name.

I. To take God's name in vain is a sin. The third commandment tells us that we should not take God's name in vain. Human names are but identification tags. Every name of God — and the Bible contains a number — reveals something of God's nature. His attributes, providence and truth. They who speak lightly of God's name speak lightly of God himself. The use of profanity is common. Years ago the ignorant and the outcasts used profanity but now all types of people stoop to this sin. It is a useless practice. A thief gains loot, a liar may escape blame temporarily, a sensualist may obtain momentary satisfaction but what does the person who swears get? It is an enslaving habit.

The person who uses profanity shows that he has a limited vocabulary and has no reverence for God in his heart and reveals an ignorance of the third commandment or an indifference to it. The common use of profanity is due to the moral slump of our nation. The large number of divorces, the embezzlement of funds, the thievery among employees, shoplifting and dishonesty and the disregard of sacred promises are all connected with the use of profanity for the people who commit these sins have no reverence for God and His laws.

People make all kinds of excuses for their profane language but they are lame in the sight of God—it is forbidden. God will not hold him guiltless who takes His name in vain. This command tells us to use God's name only for a worthy purpose.

II. A person's word should be sacred. People have always shown a carelessness about speech. To this Jesus objected. Today and in times past people took oaths thoughtlessly. Some religious people today refuse to take oaths. When Jesus was tried before the High Priest He responded to his words, "I adjure Thee by the Living God, that Thou tell us whether Thou be the Christ, the Son of God" by answering in the affirmative.

In this lesson the subject of making and keeping promises is much in place. There is a terrible indifference to promises. And it is tragic that it is just assumed that people should disregard promises. In every church there are parents who ignore their baptismal vows and pledges. Not many people think it is real bad when a politician ignores the promises he made before election after he won the election. There is in the world a disregard for the truth and the sacredness of vows and promises that is sure to have ill results.

III. Jesus calls for sincerity in prayer. There are two sins which Jesus denounced many times — hypocrisy and unbrotherliness. When a person enters a telephone booth he shuts the door. The person who prays should seek to be alone with God. There are times for public prayer but most of our praying should be done in secret. God does not hear us because of "vain repetitions" but because of sincerity.

A noted writer once said, "The worst blasphemy is not profanity, but lip service"—and that statement deserves thought. Prayer is not judged by its length but by its sincerity. We all have listened to long prayers which should have been shortened. Absolute sincerity of heart expressed in a concise manner is pleasing to God.

Mrs. John Babjar welcomed members of the Eta Gamma Chapter of Beta Sigma Phi and guest, Mrs. John Semishko, in her home Monday evening.

The program, "Pleasures of Possession," was presented by Mrs. Leif Blodee and Mrs. Ward Pippel.

A collection is precious to the one who collects it, and not necessarily to those who view it, said Mrs. Blodee. It can be a creative leisure time activity.

Before starting a collection: study to learn as much about the subject as possible, look for some of the items, ask others about their collections, and then if still interested invest your money, the speaker said.

Many reasons are given for collecting, such as a status symbol, a craving for beauty, or as a hobby.

Mrs. Pippel mentioned four well known collectors of the arts: Mrs. Potter Palmer a Chicago society queen and astute business woman, she introduced impressionist painting to the mid-west. Isobelle Stewart Gardner was satisfied with nothing but the best and the most expensive. J. Pierpont Morgan was the most prodigious of the painting collectors. Christian Notches 9th Straight Win

Maroons Hand Ludington 71-57 Defeat

Five players scored in double figures for Holland Christian Saturday afternoon as the Maroons ground out a decisive 71-57 win over the highly touted Ludington basketball team before 2,100 fans on the Civic Center.

The Christian victory pattern for their ninth straight win in 10 starts, was a methodical one as the Maroons increased their margin with every quarter until they had built up a 20-point bulge and then coasted in the final period.

Ludington which warmed up for its Saturday clash with the Maroons by easily walloping Mt. Pleasant, 58-25 the night before, has now won six and lost three. Two of their losses have been to Christian and one to River Rouge.

Holland's balanced scoring was just too much for the visiting Orioles. When they sagged on defense to stop the Maroon front line, Jim Fredricks and Paul Tuls scored from the outside.

Then when the invaders tightened their defenses with a mild all-court press, the Christian front line of Jim Langeland, Clare Van Wieren, Paul Steigenga and reserve Ron Lubbers were able to score. The Maroons' front line accounted for 41 markers and the two guards collected 30 tallies between them.

In the overall shooting, Christian connected on 26 out of 65 for 40 per cent, while the Orioles managed to hit on 24 out of 66 attempts for about 36 per cent. Both clubs did well at the charity stripe with the Maroons hitting on 19 out of 25 tries compared to nine out of 14 for the losers.

Coach Art Tuls' club controlled the boards but without a fight from Ludington's big Mike Irvin and Van Tillotson. Irvin was Ludington's best performer as he led all scorers with 23 points on some great outcourt shooting. Tillotson, although doubled teamed most of the time had his troubles periodically, but finally came through with 16 markers, 10 in the last half.

The Maroons also had some fine shooting of their own as Jim Fredricks showed his old form again as he hit from all angles to lead the Maroons with 19 markers.

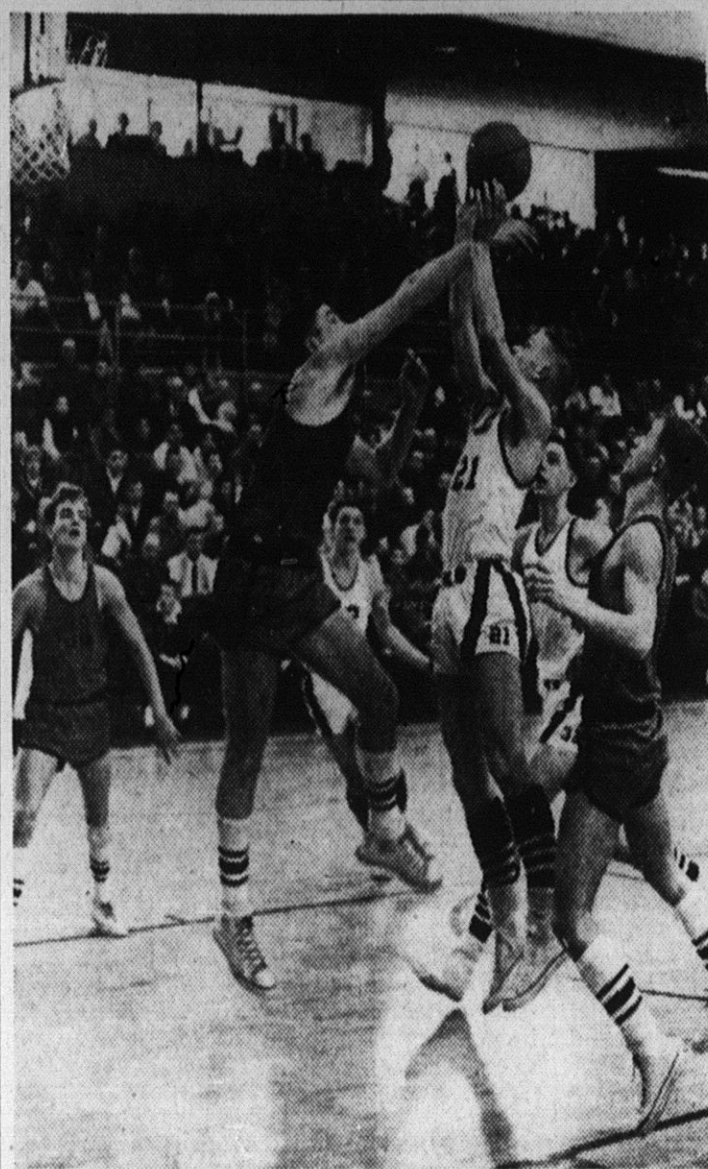

Langeland was a real threat as he connected on five straight one hand push shots from the free throw line. Lubbers also came off the bench to spark the Maroons with some good shooting from the lane and base line, as did Van Wieren.

Play in the first period was close all the way with the count knotted six times and neither club holding more than a two point bulge until the Maroons scored on a free throw in the last seconds to take a 15-12 first period lead. Mike Evans popped in eight points to pace the Orioles while Tuls and Fredricks led the Maroons with 10 points between them.

Christian pulled out to a 17-12 lead before the Orioles sparked by Irvin came back to knot the count. Then began a Maroon drive of seven straight points which put the locals out in front for good. Lubbers hit for three baskets while Van Wieren was cashing in on five free throws and a basket to send the Maroons out to a 28-19 lead at one stage. Ludington fought back twice to five points in the quarter on some phenomenal shooting by Irvin who collected 11 points in the period. By halftime the Maroons were out in front 38-30.

Flashing great team effort in the third period, Christian made it look easy as they steadily pulled away from the Orioles. They built up a 48-32 lead in the first three minutes and were never headed after that. Holland outscored the losers 20-12 in the period to go ahead 58-42 going into the last stanza.

Christian pulled out to a 20-point, 62-42 margin at the start of the fourth period for their big-

gest lead of the game. At this point the Maroons played it conservatively as the play became a bit ragged. Tuls tried various combinations in the period and eventually inserted practically a new team. Ludington trailed by about 18 points throughout until they collected on two baskets in the final 30 seconds to narrow the bulge to the final 14 markers.

Following Fredricks in the scoring was Van Wieren with 15 markers and Langeland with 13. Christian rests until next Friday when they entertain Muskegon Christian on the Civic court.

Northwestern Freshman Coach Attends Contest

Brad Snyder, freshman coach at Northwestern University, was scouting the Holland Christian-Ludington game Saturday afternoon. Although he drove in from Evanston to look over several players, he said he was primarily interested in seeing Van Tillotson, Ludington's 6'5" center.

Tillotson is a younger brother of Pete Tillotson who played for the University of Michigan basketball team, and also played several games for the Cook Oilers this season.

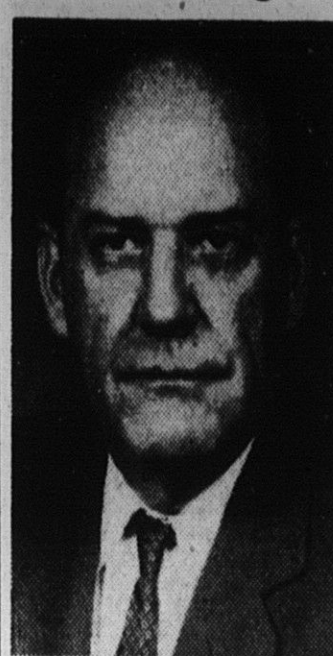

Besides being a good basketball player, Tillotson starred as an end on the Ludington football team this season. In the two games against Christian this season, Tillotson scored 26 points, 16 on Saturday.

Municipal Court Processes Total of 1,751 Cases in 1961

Of these cases, 1,671 were convictions, 14 acquittals, 34 dismissals and 43 bound over to Circuit Court.

Speeding charges accounted for the greatest number. There were 412 convictions for speeding 5 to 10 miles over the limit, 103 for 10 miles or more over the limit, 38 for 15 over the limit, six for 20 miles over the limit and 1 for over 25 miles over the limit. There were 52 convictions for improper speed and 3 acquittals. Stop signs totaled 125 convictions, 1 acquittal and 1 dismissal. Red light convictions totaled 108 with 1 acquittal and 2 dismissals.

Right of way convictions totaled 139 with 3 acquittals and failure to yield right of way to pedestrians totaled 6 with 1 acquittal.

There were 34 convictions of interfering with traffic and 1 acquittal, 93 convictions on failure to stop in assured clear distance and 1 dismissal; 50 convictions on improper turn and 1 dismissal; 23 convictions on improper passing and lane usage, 1 acquittal and 2 dismissals.

A number of cases in the last two paragraphs were referred to Circuit Court.

About 75 area teenagers are continuing their volunteer efforts on behalf of the 1962 Greater Holland March of Dimes as the campaign approaches its climax. The drive will conclude officially at the end of January. Thus far, in their "Teen Age Program" activities the young people have raised over \$300.

One of the objectives of the drive this year is to help erase a \$22,000 deficit of the local March of Dimes group which resulted from the high costs of polio patient care by the chapter in this area. One area patient has received more than \$66,000 in medical expense assistance from the chapter, \$5,000 of this amount in 1961. A total of 123 polio patients have received financial assistance from the local office.

The imagination shown by many of the members of the Teen Age Program is exceeded only by their zeal. Several school groups have already conducted "blanket-tosses," in which groups of students parade through the stands during the half-time intermission of a basketball game to collect coins from spectators. One recent blanket-toss added over \$60 to the March of Dimes purse.

Another widespread activity has been the "Peanut Sale." Student groups from most of the area high schools have braved the bitter cold weather of recent weeks to sell "peanuts for polio" on downtown sidewalks and in outlying shopping centers.

Students of West Ottawa have held a charity dance and Holland High teenagers have plans for another. Proceeds of both affairs, go to the local chapter's fund drive.

Students of Hope College and several area high schools are participating in this Teen Age Program "TAP" of the March of Dimes. At West Ottawa High School, Angela Donnelly and Nancy Peon are serving as co-chairmen of polio drive activities, while Pat Vander Kolk and Kay Borlace serve in similar capacities at Holland High.

Martin Bolt and Ron Lubbers directed a peanut sale by students of Holland Christian and Mark Wagenfeld is organizing a blanket-toss for polio funds at a Holland Christian basketball game this week.

Hudsonville High students, led by Karen Van Noord, Don McCow, and Lloyd Ensing, are planning a car-wash at that area school this week, weather permitting.

Hope College activities are being conducted by members of the Fraternal Society.

Many of the students are helping out in the local drive "just because it seems like the right thing to do." Others, like Teen Age Program chairman Don Mitchell have experienced polio and its effects with the immediate family or among friends.

Sen. Hilbert Hits Proposals

ALLEGAN — State Senator Frederick Hilbert (R-Wayland) promised the Allegan county board of supervisors a "down the line fight" against any congressional reapportionment plan which "would make Allegan an appendage of Kent county."

Speaking to the board Friday, Hilbert said a fight is developing in the senate on congressional reapportionment and commented that the so-called "Morris Plan" — which would take Allegan from the present Fourth District and attach it to Kent and Ottawa counties — is "winning support from some strange quarters."

Hilbert told supervisors he had adopted a wait-and-see attitude toward proposals for a state income tax.

"I want to see what taxes they propose to eliminate first," he said. Hilbert indicated he favored elimination of the business activities tax which he described as "actually a tax on jobs" and the personal property tax which, as now levied, he called a tax on a farmer's or mechanic's tools and a businessman's inventory. "Both

impose an unfair burden on business, both large and small, agriculture and industry," he charged.

He pointed out, however, that elimination of the personal property tax would pose a problem for schools planning to issue bonds for construction, since bond purchasers prefer the firm tax base of a property levy, rather than the fluctuations which might occur in the revenue from a tax based on personal income.

High School Starts New Class Schedule Jan. 29

The proposed new schedule of classes at Holland High School, slated to take effect at the beginning of the second semester, Jan. 29, in the new high school, is being viewed with mixed reactions by some students, although most appear anxious to "give it a try."

The most obvious change in the new schedule is the appearance of predominantly two-hour class periods, meeting three times a week. Under this system, students are able to crowd six hours of class per subject into a week, rather than the previous five hours per week when classes met an hour a day, five days a week.

Also missing from the new high school schedule are "study halls." School officials pointed out that the new program recognizes the student's maturity, and makes it necessary that the student, along with his teacher, work out his own study habits.

The new program contains built-in flexibility in this respect, officials said. Students and teachers may work out time spent in class and outside study to fit the individual student's needs.

The current schedule program, which has been used for generations, made it mandatory that the student serve the schedule. The new setup is designed with the opposite view—that the schedule serve the student.

Under the new program, officials are giving the responsibility to study to the students, and they are hopeful that the program will encourage the student to work more closely with his teachers.

Although the majority of individual classes are scheduled for two-hour periods, they will not necessarily consist of a full two hours of lecture or recitation, officials said.

It is expected that part of each class period will be given to work on special projects, used for study time or for research at the library on related subjects.

Vocational and science studies are particularly adaptable to the new schedule program. Science laboratory classes and shop classes may be scheduled for a full three-hour period, giving ample time for students to follow through experiments.

One shop class is scheduled to meet all day on Tuesday's and Thursdays. Officials said that 90 per cent of all classes, however, will meet for two-hour periods.

No all-school assembly will be held under the new program. Students will meet between 8 and 9 a.m. on Tuesdays and Thursdays for club meetings, devotions and announcements.

The noon hour each day is from 11:45 a.m. to 12:15 p.m. Students may go home or they may bring their own lunches. Facilities for serving hot lunches at the school are being provided.

During periods of time in which students have no classes scheduled, they are free to go home, work, or stay in school to study in any one of several study areas provided, including library or labs. Sophomore Tom Shashaguy thought the new schedule program would be "great" for science classes. He said he thought two-hour class periods for social studies and mathematics classes were too long, however.

Tom, who had a physical education class scheduled for Tuesday and Thursday mornings from 9 to 11 a.m., was to be excused from these since he is a member of the Holland High wrestling team and is meeting his physical education requirement by participating in the varsity sport. He said he would probably use his time on these mornings studying and completing class assignments.

Tom said he did most of his studying at home under the current schedule so that the absence of study halls under the new program would not affect his study habits.

Tom's new schedule will be comprised of six hours of class on Mondays, Wednesdays and Fridays, beginning at 8 a.m. and concluding at 2 p.m. He will meet Tuesday and Thursday afternoons for a three-hour geometry class. Darrell Dykstra, a junior, said he was anxious to try the new schedule. He said he did not think the absence of study halls would affect his study habits.

Darrell, who is carrying five subjects, will attend classes for eight hours on Mondays, Wednesdays and Fridays. He has a three-hour English class from 9 a.m. until noon on Tuesdays and Thursdays.

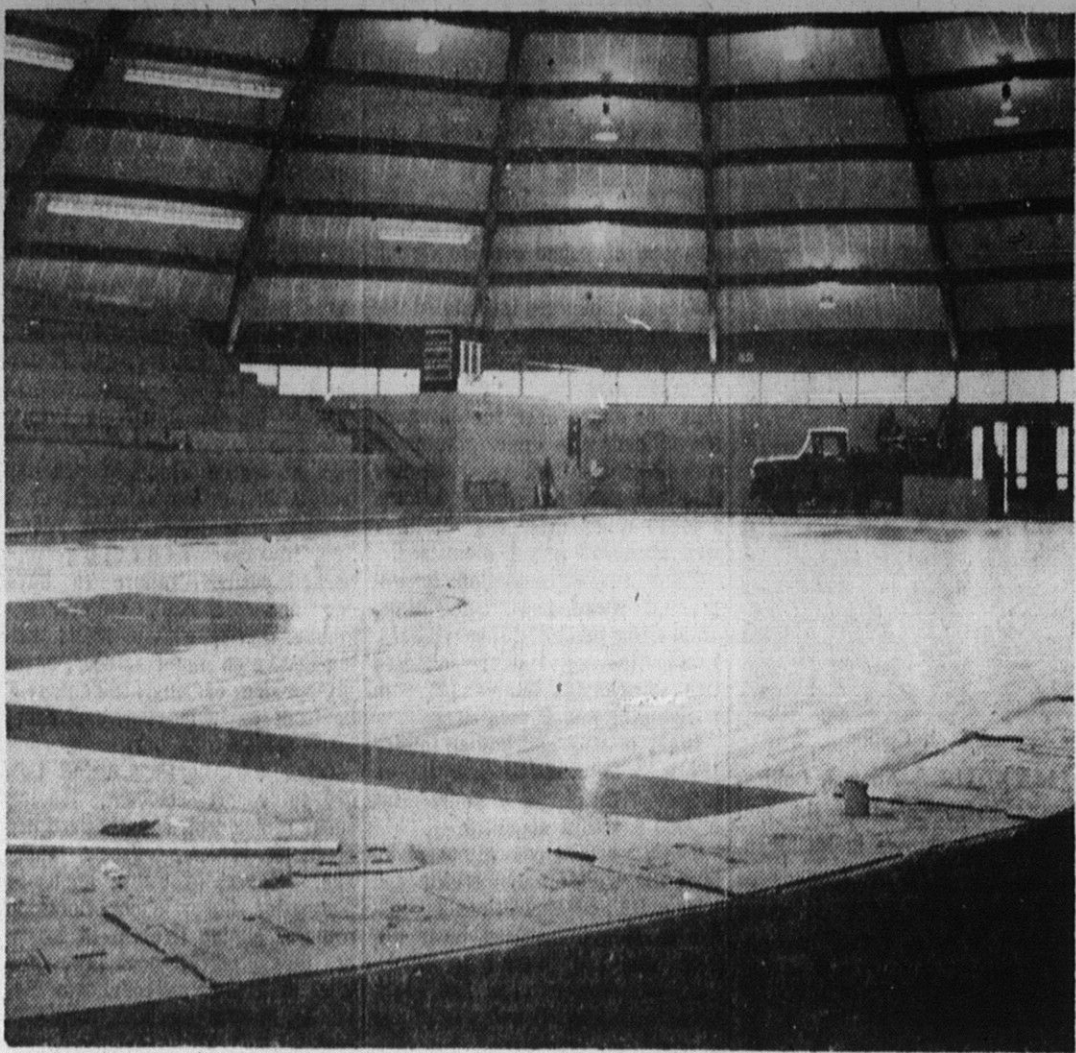

As a member of the high school basketball team, Darrell has had to work out a schedule conflict with his U.S. History teacher since basketball practice falls during the last hour of the history class. Darrell has received permission to attend only the first hour of the class on its regularly scheduled days and, will meet with the teacher on Tuesdays and Thursdays during his free time.

Although the new schedule will mean more time in school on Mondays, Wednesdays and Fridays for senior Judy Baker, she said she believed that free time on Tuesdays and Thursdays would relieve her study load and possibly result in less homework than under the current program.

Judy is carrying four subjects, all meeting on Mondays, Wednesdays and Fridays, giving her a full eight-hour day on those days. A member of the year book staff, she will meet on Tuesday and Thursday mornings to work on the high school annual.

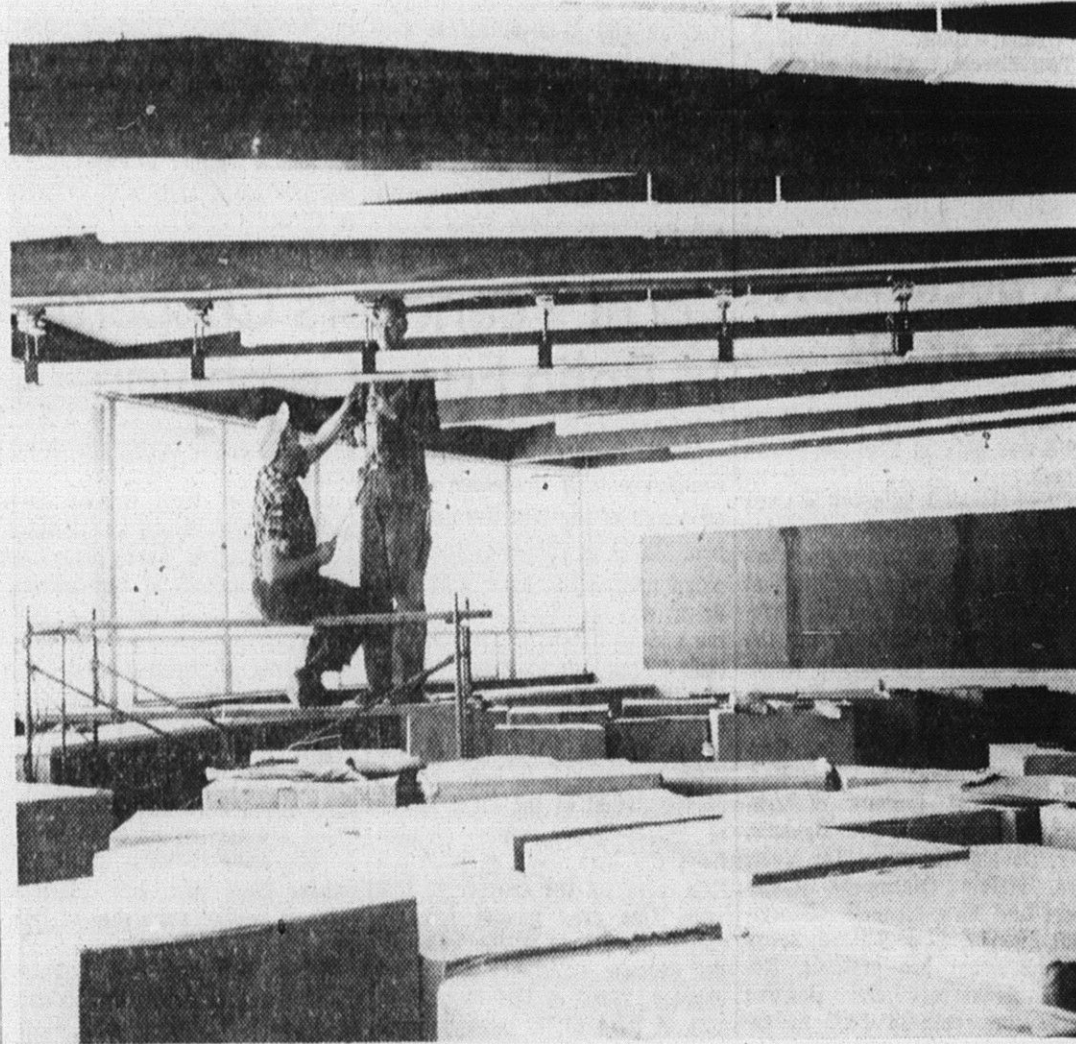

Judy said she will possibly audit a class or get a job in the library on Tuesday and Thursday afternoons. She didn't think the loss of study halls under the new program would affect her studies since most of her school work was done at home anyway.

Judy said she thought the new

Close Down High School During Week-Long Move

Moving operations continued today at Holland High School with trucks provided by common carriers of Holland moving athletic equipment, administrative records, and equipment of the business department to the new school at 24th St. and Van Raalte Ave.

Trucks also were moving art supplies from the Bosman store and classroom furniture from temporary classrooms in Third Church. Music supplies and library books had been moved earlier.

There will be no school for high school students all this week and on Monday, Jan. 29, students will report to classes in the new high school.

Students at E. E. Fell Junior High School will continue regular class schedules all next week, reporting to their regular classrooms Monday morning. There will be some limited use of the old high school building, confined mainly to some classrooms already in use by Junior High teachers, the gymnasium which also has been

Classis Meets In Local Church

Classis Holland of the Christian Reformed Church met last Thursday in the Maple Avenue Christian Reformed Church.

The Rev. James C. Lont, pastor of the Graafschap Christian Reformed Church, was chairman for the day, and the Rev. Leonard Van Drunen, pastor of Pine Creek Christian Reformed Church, served as clerk. Forty-six delegates were present, representing the 23 churches of the classis.

The "Men-for Ministry" committee recommended that the Classis set aside one week each year to stress to the youth the need and to present the challenge of special kingdom service. The week will be announced later.

The public relations committee requested all churches to contact the committee before March 1 if the churches desire to broadcast their evening services. At present 10 of the churches of the Classis are doing this.

The Rev. The bride, who was given in marriage by her father, approached the altar wearing a floor-length gown of white chintilly lace over satin. The bodice featured a high, scalloped neckline edged with satin and long, tapered sleeves coming to points over the wrists. The full skirt fell from the tightly fitted bodice. A finger-tip veil of pure silk English illusion fell from a Swedish crown studded with tiny seed pearls and larger drop pearls. She carried a cascade bouquet of white carnations and pink sweetheart roses.

Mrs. Wayne Wagner of Bauer served as matron of honor while bridesmaids were Miss Sandra De Kraker of Grandville and Miss Carol Roersma of Standale. Roger Hamstra attended his brother as best man and Russell and Harley Parrish, brothers of the bride, were ushers. Dressed similarly were the two bridesmaids — Miss De Kraker in pale pink and Miss

Roersma in pale gold. Each carried a colonial bouquet of carnations.

Miss Diane Ver Strat of Byron Center, cousin of the groom, and Lesley Parrish, brother of the bride, lit candles for the service. Ottawa County Farm News

By Richard Machiele
Extension Agent, Agriculture

This past week I received a summary of the activities of Lloyd Cogswell, our district forester, which included the number of calls he made in Ottawa County during the past year and also some suggestions as to where we should be going in our forest stands in the years ahead. A total of 56 farm calls involving 193 acres was shown on the summary. Our readers may not know the services of Lloyd Cogswell are available to any land owner in Ottawa County for assistance in what timber will be marketable in timber stands, outlets for marketable timber, assistance in thinning and release of both pine and hardwood plantings, and especially of pruning pine stands, also in securing or suggesting outlets for pulpwood. His greatest concern for the years ahead is for the thinning and release of our pine plantations. Many are 25 to 30 years old and practically at a standstill as far as growth is concerned. We will be glad to handle your referrals if you need the assistance of the district forester. Just give us a call and we will be happy to make the contact for you.

I had an opportunity to visit with Laurie Dean, office manager for the local ASC office. He tells me the surplus potato program has been approved for Michigan. Under this program the ASC is authorized to buy U. S. No. 1 potatoes at \$1.65 per hundred weight.

These potatoes will be used for state institutions, school lunch program, nonprofit outlets in general, however in certain cases they will go to private outlets such as nursing homes and old peoples homes operated either by church groups or individuals. The offerings to this point in potato growing areas of Michigan have been heavy, in fact, some individual counties have offered enough potatoes to fill the entire quota.

So, according to Mr. Dean, the Southern Michigan growers should not be too hopeful of moving large quantities under this program. He said however, if any Ottawa County growers have potatoes to offer, they should contact his office as soon as possible.

A view of tv from behind the scenes was given to members of the Holland Branch of the American Association of University Women last Thursday night at its regular monthly meeting at the Woman's Literary Club. Pete Kizer, program director of WOOOD-TV presented a highly interesting and entertaining talk on "The Quality of TV."

Mr. Kizer told his audience that up to now broadcasters have tended to neglect open criticism, feeling that they knew more about the critics. But they are finally realizing that the public wants certain things and they — the broadcasters — will have to find out what the public wants instead of producing only that which would bring the most money.

Kizer said that there is being established a National Foundation for Research in Television. This organization will have branches at colleges and universities to discover the needs and wants of the tv audience. Up to now there has been no research in this field.

Mr. Kizer was very honest in admitting that the basis behind the programs has been "strictly to make money." This commercialism resulted in programming towards a "middle ground" of the population and brought to the screen much trivia. Now they have discovered that they can still make money by producing programs suited to special wants and needs.

The speaker went on to explain that the National Association of Broadcasters is now a strong organization with a code of good practices and an excellent inspection system. The code includes such things as the advancement of education, responsibility toward children, community responsibility, and news and public events.

Mr. Kizer conducted a question and answer period.

Following the program refreshments were in charge of Mrs. George Wise. Her committee consisted of the Mesdames Brian Athey, George Wedel, James Taylor, Orlie Bishop, Hart Egger, William T. Hakken, Jr., H. J. Knutson and John Winter.

Preceding the program in charge of Mrs. Lowell Heneveld a business meeting was conducted by Mrs. John Bender, president.

The Holland Board of Education and others interested in television teaching will meet in the auditorium of the old high school at 8 p.m. Thursday to view a special program, "Operation Airborne," which will outline possibilities of a permanent organization of the airborne system which member schools will own and finance.

Plans for educational television for the coming year and a status report will be presented. The telecast originates on ultra high frequency channels 72 and 76 from aircraft of the Midwest Program on Airborne Television Instruction (MPATI) at Montpelier, Ind. The new plan is designed to upgrade the quality of education.

While MPATI has attempted to supply school superintendents with information about the airborne program, it has been difficult for superintendents to communicate fully adequate descriptions to their boards. Scholarship Awarded to Robert Hoover

ZEELAND — Robert Hoover, a member of the Zeeland Junior High School faculty, was named as the first recipient of the Herman Miller annual Travel Scholarship Award, it was announced today following his selection at a meeting of a committee Thursday afternoon.

Mr. Hoover was one of eight teacher applicants who submitted requests to be considered for the \$1,000 tax free award which was announced last spring by Hugh De Pree, general manager of the Herman Miller Inc. at the annual school board-staff dinner.

The purpose of this award is to offer an opportunity for people in the teaching profession to broaden their outlook and in turn be able to pass this on to the students and the community. Any teacher in the Zeeland Public Schools who has served in the district for a period of two or more years is eligible for this award.

Mr. Hoover stated that it was his desire to travel for a period of six to eight weeks in the following countries: England, Scotland, Netherlands, West Germany, Belgium, France, Switzerland, Austria and Italy. He said his main study objectives were in the field of geographical relationship between the visiting countries and the United States.

Firstnighters Cheer Ibsen's Play, 'Enemy of the People'

A full house applauded the opening performance of Palette and Masque's "Enemy of the People" Thursday night in the Little Theatre on the fourth floor of the Science building on Hope College campus. Other performances will be given Friday and Saturday at 8:30 p.m.

The Ibsen play, adapted by Arthur Miller, is a powerful story of the fallacies of majorities in democratic rule. Written by Ibsen in the early 1800's the play's central character is an idealistic but impulsive doctor who clashes with his practical brother who in his own way probably had equally good intentions for the welfare of the Norwegian townspeople.

Lewis Scudder, a senior from Kuwait Arabian Gulf, dominated the play as the doctor who shook the town when he verified his fears that the water supply of the town's world-famous health resort springs was contaminated.

Less dramatic but fully as convincing was Carl Benes, senior from Mohawk, N. Y., in the role of the stolid brother who was mayor of the town, a stockholder in the springs and really less selfish than first impressions would indicate.

Best scenes were the highly dramatic "public meeting" in which political red tape deprived the doctor from making a fair defense of his convictions, and the final scene in the doctor's home when he still stood firm despite derision, eviction, discharge from the United States.

Mrs. Van Haitsma Dies in Hospital

ZEELAND — Mrs. Gertie Van Haitsma, 76, wife of Gerrit T. Van Haitsma of Drenthe, route 3, Zeeland, died in the Zeeland Community Hospital Friday morning following a stroke about 10 days ago.

She was a member of the Drenthe Christian Reformed Church. Surviving besides the husband are a son, Ivan of Allegan; two sisters, Mrs. Fannie Brower of Drenthe and Mrs. Hattie Cook of Holland; two brothers, Dr. Bert A. Roelofs of Kalamazoo and Dr. Richard A. Roelofs of Battle Creek.

Only about four per cent of the mental patients in the United States are in private hospitals.

his job, and facing a future with little hope.

Scudder and Benes received strong support from Julie Blough as the doctor's wife, Lesley Brouwer as the daughter, Bruce Gillies as the wife's eccentric father, Robert Jaehnis as a compromising editor, and Albert Nicolai, a leading citizen who believed in moderation.

Others in the cast were Dirk De Velder and James Howell as the doctor's sons, Richard Benink as a newspaperman, Larry Haverkamp, as the sea captain, and Don Kardux who had a wonderful time as the drunk at the public meeting. Appearing as townspeople were Bonnie Peddie, Ruth De Boer, John Crozier and John Draper.

"An Enemy of the People" could be classed as one of Palette and Masque's better productions, just a little short of last month's "Medea" which likely will go down as the prestige piece of the season.

"Enemy" was directed by James L. De Young with David P. Karsten, director of the theatre serving as technical director. Mary Ten Pas was assistant to the director and B. J. Berghorst was stage manager.

"Enemy" moved extremely well despite the theatre's small stage. The public meeting scene somehow gave the impression of dozens or hundreds of people. An early scene in the doctor's home had a great deal of activity simultaneously in three rooms.

Supervisors Okay 2 Plans

ALLEGAN — County supervisors Friday approved two road commission requests as submitted and a third with revisions.

The board approved the sale of the commission's Monroe St. property for \$50,000 to Harding and White, Inc., owners of a supermarket located adjacent to the one and a third-acre plot, and gave its approval to a ten-year, \$160,000 bond issue to be retired with anticipated, state-collected revenue.

Funds realized from the sale of the garages and office building on Monroe St. and the bond issue will be used to construct new facilities at the commission's 16-acre site on M-29 southeast of Allegan. The commission already operates a former state highway department garage on that site and Engineer-Manager Donald Rakekin said consolidation of activities would effect savings of from \$15,000 to \$20,000 a year.

The road commission also had asked the board to call for an election on a special, one-mill tax for a three year period to provide funds for removal of trees killed by the Dutch Elm disease.

Instead, the board apparently agreed with the recommendations of its roads and bridges committee, and approved an election on a one-mill levy for one year, with all money raised by the tax to remain in the township or city in which it was levied. The committee felt that tree disposal was a "township problem" and should be handled on the township level.

Supervisors had hoped to wind up the January session Friday, but too much unfinished business remained by mid-afternoon, so they recessed until Monday.

County Jail For Allegan Gains Okay

Allegan — Preliminary work on Allegan county's new 60-inmate jail proceeded "on schedule" Thursday when the county board of supervisors unanimously approved final plans for the \$370,000 structure.

Prior to Thursday's action, the plans had been approved by William H. Nestle, state jail inspector, and the supervisors' special jail building committee.

Bids will be sought in advertisements scheduled for Jan. 20 and 27. The jail building committee will open and tabulate bids on February 21 and the entire board is expected to convene shortly afterward to hear the committee's recommendations.

Architect R. S. Gerganoff told the board he was confident the county could expect "many bidders" in the size project contractors like.

Work could start as soon as the weather permits and committee members felt certain the new building would be in use before the end of the year.

In other action at Thursday's board meeting, Sheriff Walter Runkel submitted a formal request for approval of the purchase of three additional radio units and the board heard annual reports from the Bureau of Social Aid, Social Welfare department and Board of Sinking Fund Commissioners.

Holland Plans Sports Night In Fieldhouse

A "Big Dutch Booster-rama,"

featuring the Holland High fall and winter team sports of basketball, cross-country, football and wrestling along with a gymnastics exhibition, will be staged Tuesday, Feb. 6 in the new Holland High fieldhouse.

This will be followed at 7:40 with the introduction of the junior high football teams. A wrestling clinic and exhibition bouts by the varsity wrestling team will be held from 7:50 to 8:20 p.m.

A short explanation of the 1961-62 basketball rules will be given from 8:20 to 8:30. The explanation is expected to include a demonstration of some of the rule changes.

The varsity and reserve basketball teams will play the first half of a game from 8:30 to 8:45 and the second half of the "Red and White" game will be from 9:05 to 9:20 p.m.

Between the halves of the basketball game, a gymnastics exhibition will be presented by junior and senior high school boys and girls. This exhibition will be from 8:45 to 9:05 p.m.

From 9:20 to 9:30 p.m., the cross-country letter winners will be introduced and the event will conclude with the introduction of the high school football letter winners from 9:30 to 9:40 p.m.

Moran said the objective of the show is to stimulate the participation in and the excellence of the Holland athletic program. Moran said "the recognition that this program will give to our athletic program will make a big impression on all the younger participants and will be of tremendous significance in the future."

The Boosters want to assure the Holland athletic department program of continuous parent and community support throughout the year, Moran said.

Varsity letter winners will sit in a group and the athletic sisters will attend and assist in the sales of concessions. Cheerleaders will also attend and it is hoped that the Pep Band will attend.

West Ottawa Drops 60-38 League Tilt

ZEELAND—West Ottawa saw its basketball winning streak stopped at four last night as they were trounced by Zeeland, 60-38, here before 1,500 fans.

The story of the game seemed to be Zeeland's tremendous man-to-man defense that held the Panther's leading scorers Tom Vizithum and Duane Overbeek to six and three points respectively. Chuck Hansen was guarding Vizithum and Terry Buter took care of Overbeek. West Ottawa was getting only one shot at the basket and this shot was often forced and hurried. The Panthers were not able to use their fast break at all.

Zeeland was strong on the boards as their front line of Jerry Klinger, Dan Zuverink, and Gary Boeve averages 6'4".

Zeeland also enjoyed a good night in shooting as they put together quarters of 6-18, 6-14, 7-13 and 5-12 good for 24-57 and 42 per cent.

Klinger and Buter of Zeeland both put on good exhibitions of shooting as Klinger was deadly from the side and Buter from far out court. West Ottawa used both a man-to-man defense and a zone at different times in the game but it made little difference.

West Ottawa stayed close to the Chix during the first quarter and was behind only 15-11 at the quarter mark. G. Donze had six points for the Panthers, while Klinger and Buter had seven and six points respectively for the winners in this quarter.

Early in the second quarter Zeeland caught fire and scored ten straight points and held a 31-18 halftime advantage. Buter also led the second quarter scoring with six points.

West Ottawa enjoyed their best quarter right after intermission as they outscored Zeeland 15-14 to gain one point, but still be behind 45-33 after three quarters of play. Both teams substituted freely in the fourth quarter and Zeeland gained a 15-5 point advantage as Zuverink found the range for seven points.

West Ottawa, after shooting 50 per cent in the last three games, ran into a good defense and a cold night as they had quarters of 5-14, 1-16, 5-22, and 2-21 for 13-73 and only 18 per cent. At the free throw line, the losers made 12 of 31 for 39 per cent and the winners 12 of 26 for 46 per cent.

The Panthers now hold a record for the season of 44, while in the Grand Valley they are 1-3. Zeeland now has an overall record of 6-3 and is 3-1 in Grand Valley play.

Leroy Vedder, who was rebounding well against Zeeland's big front line, led the Panthers in scoring with 10 points, followed closely by George Donze with nine.

The big three for Zeeland were Buter, Klinger and Zuverink with 16, 15, and 14 points respectively.

Finish Work On Track In Fieldhouse

The final three-eighths of an inch coating of "grasstex" was put on the Holland High fieldhouse track Monday and the substance will then have to dry from three to five days.

With the installation of the "grasstex," the work in the fieldhouse is about completed, school officials said today. The first coat of an inch and a half thick "grasstex" over gravel base was laid a few weeks ago.

The "grasstex" is a substance used on many indoor tracks and is composed of several ingredients, including chopped up cornshells. The "grasstex" will be covered with cardboard and canvas matting after it is completed. It will be covered during the basketball game Saturday night.

Holland High's basketball team will play basketball in the fieldhouse Saturday night against Traverse City at 8 p.m. The contest will be an LMAC game and will be the first athletic event staged in the round building.

Bleachers have been erected on the exercise areas and school officials said, figuring 16-inch seating, a total of 1,400 persons can be accommodated.

School officials reiterated today that the fieldhouse will not be used primarily for spectator sports but will be used for the Holland physical education program.

The fieldhouse will be used for basketball only if conflicts arise over dates in the Civic Center, school officials said. Hope College is playing Lake Forest in basketball Saturday night in the Civic Center.

Prestatie Huis Gets \$4,700 From United Fund

Donald Cochran, James Townsend and Paul Winchester of the Greater Holland United Fund joined the directors of Prestatie Huis at a board meeting Monday afternoon and announced that the fund had made available \$4,700 in operating funds for the year 1962. Prestatie Huis must provide an additional \$750 through donations and tuition.

Treasurer P. H. Frans gave his report showing that, of the \$750, \$600 would still have to be raised to complete yearly operations. Mr. Cochran complimented Prestatie Huis on its tightly controlled and realistic budget of \$5,400 for the year.

Also in attendance, Eugene Scholten, school psychologist for the Holland Board of Education, stated that he felt Prestatie Huis is doing an outstanding job of helping retarded children and that Mrs. Ada Staal, superintendent is unusually competent.

It was pointed out that no funds are available from the county's mill taxation, as the state law still prohibits the usage of tax money for children who are not at "B" level or higher. This means that Prestatie Huis will have to remain as an independent project for the community until the state laws are revised.

However, director Victor Van Oosterhout pointed out that there are 10 children presently in attendance and an 11th will be added this week, and that the cost of slightly over \$500 per year was just about the cost of public education in our area, and greatly less than the \$1,500 per year that the state spends on children at a state-operated school.

Mrs. Paul Jones reported that Hope College had announced that it will give credit to students of Hope who assist Mrs. Staal in working with the children. Mrs. Jones, John Ver Beek and Edwin Raphael were constituted a committee to discuss the project with Dr. Robert De Haan of Hope College.

Last semester, there were almost 80 Hope students who registered to donate their time and aid to assisting Mrs. Staal with the program of teaching the children.

In closing, President Raphael noted that Prestatie Huis was in a unique position among retarded schools of the nation because of the high degree of rapport between it, the Greater Holland United Fund for its complete support, the Board of Education of Holland through its special education department's constant help and Hope College with its encouragement of their students to assist in the actual programming and that this agreement is something of which the entire community may be proud.

Board members present were Edward Donivan, P. H. Frans, John Ver Beek, Victor Van Oosterhout, Nelson Lucas, Raphael, Mrs. Paul Jones, Mrs. Staal and two parents.

Rus, 24, of 12600 James St., collided at 10:20 a.m. Monday at the intersection of Howard Ave. and Scotts Dr. Ottawa County deputies said the Bonzeaar auto was headed east on Howard Ave. and the truck was headed north-west on Scotts Dr. when the collision occurred.

Shooting Spree Ends In Probation

GRAND HAVEN—Three Grand Haven area persons who pleaded guilty Dec. 20 to malicious destruction of property involving indiscriminate shooting of windows and other objects over a wide area, were put on probation for two years by Circuit Court Monday.

The three, James Warber, 19, and Helen Boomgaard, 17, Spring Lake, and Arden Pace, 18, Fruitport, must each pay \$100 costs besides each paying one-third of the damage which is so widespread the court has been unable to come up with a total, although it was indicated it may run \$700 to \$800 apiece.

Judge Raymond L. Smith said there will be no leniency of probation since leniency already is shown by not sentencing the three to jail. He added he felt the three really should go to jail and said it was hard for him to believe normal people would destroy other people's property in such a manner. He also imposed an 11:30 p.m. curfew.

James Williams, 17, Grand Haven, who pleaded guilty Jan. 8 to unlawfully driving away an auto, was sentenced to serve six months in the county jail. He was given credit for time already served and any time that he may earn while in jail. Williams and a 13-year-old male companion had taken a car from an apartment house parking lot Dec. 23 and drove to Crawfordsville, Ind. In pronouncing sentence, the court stated Williams has been an unsatisfactory and uncooperative probationer, and felt further probation would be useless.

Calvin Mullins, 23, of North River Ave., Holland, pleaded guilty to issuing a check without an account. Bond of \$300 was continued for his return for sentence Feb. 15. The \$90 check, drawn on a Holland bank, was in payment of an auto motor sold by a Spring Lake auto parts dealer.
