Snowmobile Prohibited In City Parks

City Council Wednesday night reaffirmed a policy suggested two weeks ago prohibiting the use of snowmobiles by the general public in its parks and playground areas.

After a review, City Manager William L. Bopf determined that no suitable areas owned by the city now exist for snowmobiling and that snowmobiling should continue to be prohibited in city parks and other city property in view of apparent safety hazards, lack of sufficient legislation and the possibility of damage to park property.

He expressed the hope that between now and next winter a study of possible sites could be made to determine if there are public areas where snowmobiles could be allowed on some public lands under special conditions.

Later in the meeting, Councilman Morris Peerbolt moved that the city attorney research the subject and prepare an ordinance to control same.

A letter from Justin H. Korting, 130 East 24th St., objected to Prospect Park being used for snowmobiles and pointed to deed restrictions on the use of this park at 24th St. and Columbia Ave.

The city manager submitted a brief report on progress with architects on the proposed Downtown Mall and suggested it be referred to the city attorney for further study. The manager expressed concern over start of costs and legal questions should be cleared.

Later in the meeting Councilman L. W. Lamb Jr. pointed out that establishment of a downtown mall with bonds, assessment districts and other arrangements cannot happen overnight. He said under "due process" a public hearing will be held, and perhaps an informal hearing so that all persons interested can be fully informed on all subjects. He said instituting a new one-way street plan also requires time. He indicated it would take months before a final decision is made.

Mayor Nelson Bosman announced appointments to two committees. Serving on a special committee for a new police headquarters will be City Manager Bopf, Lou Hallacy, Robert Dykstra, Elmer Wissink and Police Chief Les Van Beveren. Named to a City Hall space use committee were Morris Peerbolt, Alvin Dyk and the city manager.

Councilman Peerbolt commented that that provision had been made in the budget for an administrative assistant to the city manager and asked Bopf what his preferences were. Bopf replied he would prefer one who could provide assistance to the planning commission as well as carrying out staff assignments. Authorization was given to advertise for such an assistant.

Three communications from the Liquor Control Commission were referred to the city manager for study. One advised that if there are any objections to renewal of licenses to sell beer and wine for consumption on the premises that Council should adopt a resolution to this effect, otherwise licenses will be renewed automatically.

Also referred to the city manager was a request from the Great Atlantic and Pacific Tea Co. for a new SDM license at 36 West 16th St., and a request from May Kooyers to drop Raymond F. Warren estate (May Kooyers administratrix) and add May Kooyers, guardian for Sandra Warren, minor, and Ann Warren on the 1969 SDD-SDM licensed business at 405 Columbia Ave.

A petition requesting sanitary sewer in 16th St. from 264 feet east of US-31 bypass to Waverly Rd. and north on Waverly Rd. for 600 feet was referred to the city manager.

Council set two public hearings Feb. 4. One was an application from Edward Neuman requesting a fire district variance for constructing an addition to the car wash at 975 Washington Ave. The other came from Reliable Dodge of Holland for constructing an automobile dealership building at the southeast corner of Central Ave. and US-31 bypass.

Purchases were confirmed from Councilman Dyk, Holland Litho, engineering department, \$18; Councilman Lamb, storm sewer installation, \$772.60; Councilman Peerbolt, street department, \$66.75; Councilman Smith, police and health departments and library, \$96.10.

Five claims against the city were referred to the insurance carrier. They came from Gary Hibma, 105 East 14th St.; Thys Zwiap, 188 West 15th St.; Kenneth Etterbeek, 560 Central Ave.; Vernon Steinfert, 5978 144th Ave.; Donald Van Oosterhout, 229 West 22nd St.

The city manager advised he will be attending the Michigan City Managers Annual Management Institute Feb. 3-6 in Ann

Arbor and that City Clerk Don Schipper will act as city manager during this period. He indicated he would return for the Council meeting Feb. 4.

The city manager reported receiving a quit claim deed from Crampton Manufacturing Co., also known as Bay Casting Co., for a parcel of property on West 12th St. adjacent to Kollen Park. It was recommended the property be used for additional parking for Kollen Park. Councilman Lamb pointed to the option the city holds on the Sligh-Lowry property west of the park and suggested a new parking arrangement might be worked out using the water front for purposes other than parking.

A notice from the Michigan Public Service Commission calling attention to a hearing in February in the matter of the petition of the C and O Railway Co. to discontinue operations of its passenger trains between Detroit and Grand Rapids was received and filed.

Oaths of office were filed for Lucien Raven, citizen member of the Board of Review, and Jack Leenhouts, officer member.

Council approved a transfer of \$2,200 to redecorate the city manager's office to include paneling, carpeting and replacing existing radiators with well type units.

Mayor Bosman presided at the meeting which lasted just over a half hour. All Councilmen were present. The invocation was given by the Rev. Floyd Bailey of Wesleyan Methodist Church.

Cab Service Discontinues Here Jan. 31

City Council was informed Wednesday night that the Holland Cab Co. operated by Jerry E. Horne will discontinue taxi service, effective Jan. 31.

The communication said the company hesitated to discontinue this service since some customers have said this was their only means of transportation.

"We have had this business listed with a local realtor for 90 days hoping someone would purchase it and continue the service. We are sorry to say that after honestly presenting the financial picture to several inquirers there were no buyers."

"Cab revenue has steadily decreased over the past several years while the cost of automobiles, gasoline and insurance has skyrocketed. We feel we can no longer subsidize the cab company with our other businesses," the communication read.

Councilman Elmer Wissink asked whether the license contained any clause on notification of discontinuing service, but the city attorney could find none.

Wissink then asked whether it would be possible to continue until March 1, but Horne said he was "equipment poor" and it might be a hardship to continue through Jan. 31.

Council accepted the communication with regret.

Ottawa County Leads in Milk Output Per Cow

Ottawa County is Michigan's leader in butterfat and milk production per cow from herds enrolled in the Michigan Dairy Herd Improvement Association. The DHIA is a voluntary cooperative in dairy herd testing, supervised by the Michigan State University dairy department.

Ottawa County has 55 dairy herds in the DHIA program. They averaged 14,366 pounds of milk and 545 pounds of butterfat per cow in 1969.

Other Michigan counties, based on per cow milk production, ranked in this order in the first ten: Missaukee, Bay, Grand Traverse, Gratiot, Isabella, Huron, Midland, Mecosta and Allegan.

In butterfat production per cow, ranking in order behind Ottawa County were: Mason, Gratiot, Missaukee, Kent, Muskegon, Isabella, Allegan, Mecosta and Dickinson.

Michigan State University dairy authorities say that while the number of dairy farms is declining, the average number of cows in the herd increases.

Adopt New Drug Policy In Allegan

ALLEGAN — Prosecuting Attorney George Greig said today his office was adopting an "open door" policy toward drug users.

Greig said any person unlawfully using drugs or in possession of drugs may seek help from his office without fear of prosecution or criminal charges.

The prosecuting attorney said he feels there are probably many people who may be using drugs and want help but are afraid of telling any responsible person for fear of criminal charges.

He also thinks teenagers and young adults may come into possession of narcotics or other harmful drugs — either unintentionally or otherwise — and be afraid to say or do anything for fear of being prosecuted.

"These are the people we want to help before it's too late," Greig said, "if they can't ask our help in this manner then we're telling them — in effect — that no one is entitled to make amends after realizing a mistake."

He said, "drug abuse is a problem on the minds of every conscientious citizen. We must all be aware of its scope and not be complacent and think it can't happen to us. It is happening here and all of us must do our part to help put a stop to it."

Greig said he had undertaken a comprehensive program to stop drug traffic from getting a firmer foothold in Allegan county. Last Thursday a raid led by the prosecutor and Sheriff Robert Whitcomb resulted in the seizure of a large quantity of LSD and the arrest of a young Kalamazoo woman.

He said the incident as well as several other recent raids shows the extent to which drug traffic is on the increase in the county.

Slight Warming Trend Forecast

The Arctic air blanketing Michigan for the past four days was expected to move out tonight after plunging the mercury to record low depths at several points.

It was -6 in Holland early today, the coldest temperature registered so far in January. By 11 a.m. it had risen to -1.

Two subzero readings were registered during December, -6 on Dec. 24 and -8 on Dec. 27. And the snow continued, dumping another 2½ inches Wednesday and 1½ inches overnight and leaving 22 inches on the ground today.

The unofficial total so far this month is 55.28 inches in Holland. This could lead to a record. Sentinel files reveal 66 inches in December, 1963, 50.5 inches in December, 1962, 46.9 inches in January, 1959, 46 inches in January, 1962, and 47 inches in January, 1963.

Greatest total for any recorded season in Holland was 137.5 inches in 1962-63.

Lowest temperature in the

state today was -15 at Sault Ste. Marie. It was -14 at Houghton, Escanaba and Kinross, -13 at Jackson and Battle Creek, -9 at Marquette and Houghton Lake, -7 at Detroit and Flint, -6 at Pellston and Saginaw, -4 at Mt. Clemens, -2 at Grand Rapids and Oscoda and -1 at Traverse City.

Surprisingly, it was 10 above in Pellston, the state's traditional low spot, at 6 a.m. today. The weather bureau forecast cloudy skies and higher temperatures with a chance of snow or snow flurries throughout Michigan tonight and Friday. Subzero temperatures are expected tonight only in the western portion of the upper peninsula. Elsewhere, temperatures are expected to range from 2 to 15 tonight and 15 to 20 Friday. Continued cold is the outlook for the weekend.

Fargo, N. D., finally warmed up to zero at midnight after 145 hours of subzero temperatures and four successive days

when thermometers remained at -10 or colder.

In Detroit, a \$65,000 fire truck was crushed when a coat of ice collapsed on it as firemen fought a blaze in a vacant hotel.

The supercold followed an Arctic high pressure system into the south and east. Chicago had a 2 a.m. reading of -8, Boston had 4 above, New York City read 7, Philadelphia had 8 and Washington 12. Atlanta, Ga., had a 15-degree reading at 2 a.m.

Mayor Unable To Attend Confab On GE Strike

Mayor Nelson Bosman has sent his regrets to Philadelphia Mayor James H. J. Tate, president of the U.S. Conference of Mayors, who had called a meeting in New York Thursday of mayors of cities where General Electric plants are on strike.

Mayor Bosman said prior commitments had made it impossible for him to join in this most commendable endeavor. "I, too, share your concern over this most tragic situation which finds more than 1,100 citizens of this community out of work for three months," the telegram read.

Bosman added, "In addition to these immediate difficulties caused by the strike, our entire community has suffered under its impact. The loss of \$3 million generated by General Electric wages has left a noticeable mark on our local economy."

Fire Burns Vacant House

GRAND HAVEN — Two units of the Polkton Township Fire Department with the assistance of Ottawa County Sheriff's deputies fought a blaze in a vacant house on the west side of 84th Ave. north of Leonard Rd. at 7:24 a.m. today.

The two-story frame building was being torn down. According to Polkton Fire chief Bert Barrett, the fire may have been caused by sparks from a small fire alongside the building where scrap was being burned.

No one was at the fire and no identification of the building's owner has been obtained so far, officials said. Loss was set at about \$1,000.

Arts Council Seeks Aid For Scholarships

The Holland Council for the Arts has sent letters to local businessmen seeking donations for partial scholarships for sending talented young people to camp at Interlochen next summer.

Last year, donations sent to the local arts council provided \$450 each for two Holland youths, Mark Zingle and Kenneth Volkers, who attended the full eight-week program. The \$450 covers approximately half of the costs. Zingle was a trombone major and Volkers, piano.

Mrs. Paul McIlwain, local president, announced at a meeting of the board of directors Tuesday night that auditions will be held Feb. 12 at 7:30 p.m. in the Performing Arts Center of Holland High School. All applicants must be enrolled in an accredited high school in Holland area, and requests for auditions may be made with Mrs. McIlwain. Deadline for applications is Feb. 5, 1970.

Auditions are open to students of art, dance, music and theatre arts. The art major must present a life-sized head study of self portrait, still life of five objects in watercolor of pastel, and a figure study of an adult in charcoal or conti.

Dance major applicants must have a letter of recommendation from private dance teacher. Ballet students should have had four years of training and modern dance students at least two years.

Music majors in orchestra, band, piano, voice or operetta workshop must prepare an audition solo, and present a composition on music theory experience.

Theatre arts majors must have written descriptions of past drama experience signed by teachers and directors, and prepare an audition solo reading.

The local board has scheduled another meeting Feb. 17 at which time all budget requests must be submitted.

Grand Haven Will Add 40 Classrooms

GRAND HAVEN — The Board of Education voted Tuesday night to meet with Davenport Associates, architects from Grand Rapids, to finalize plans for addition of 40 classrooms for elementary children, to be erected in 1970 and 1971.

Supt. Ralph Van Volkinburg outlined a schedule of "target dates" for completion of the five projects in the \$1.9 million building program, bonds for which were sold Jan. 12.

It is hoped that plans for additions to Henry W. Griffin, Ferry, Central and Rosy Mound Schools will be completed April 1 and that contracts can be awarded April 28. These units would be completed in time for opening of school next September.

Architects urged at a meeting with the staff Tuesday morning that steps be taken immediately to select a site for a new elementary school, to be known as "Lake Hills" School, in the Ferrysburg-Little Black Lake area. Plans for this seven-room structure will be ready next August and it is hoped that contracts will be awarded Aug. 26. The unit would then be completed Sept. 1 of next year.

Estimated cost of the Lake Hills unit is \$760,000, the addition to Griffin School will cost \$270,000, Ferry, \$183,000, Rosy Mound, \$120,000 and Central School, \$103,000.

Fennville, Saugatuck Discuss School Merger

SAUGATUCK — Voters in the Fennville and Saugatuck school districts face another election to determine whether to merge the two school districts into a single district.

A tentative election date has been set for April 6. Both have petitioned the Allegan County Intermediate school district for permission to conduct the election.

Representatives of the school boards are scheduled to meet here tonight for discussions on the proposed merger. A spokesman at the Fennville superintendents' office said topics would range from debt obligations to curriculum to a possible district name.

A similar merger proposal July 6, 1961, was rejected by voters in both the Fennville and Saugatuck districts. The vote

in Saugatuck was 83 in favor and 304 against. Fennville school district voters turned down the merger 214 to 466.

In 1968, committees from both districts were formed to study pros and cons of consolidation and majority and minority views were submitted.

The Fennville district, with 1,658 students in grades kindergarten through 12, covers an area from Lake Michigan east to the Allegan State Forest and north from Glenn to south of Douglas.

The Saugatuck district, with 793 students, lies between the Holland and Fennville districts and from Lake Michigan east to the Hamilton area.

Fennville's superintendent is Henry Martin and the head of the Saugatuck district is Donald Oylar.

NOSE Tips

by Leo Martonosi

Every successful athletic program must have an equally successful athletic director running the program and Holland Christian has one of the finest in the state of Michigan.

His name is Clare Pott. He has been AD at Christian for the past eight years, and has been math instructor at Christian for the past 23 years.

During his 23 years at Christian Pott was tennis coach for 15 years and junior varsity basketball coach for seven years. In fact, the present varsity basketball coach Elmer Ribbens was the man who replaced Pott as jayvee mentor. Pott reports that this spring the tennis team will play matches on the beautiful courts for the first time and that the cross country track has been deeply improved.

We asked him about the process of the new gym which is slated to hold 3,000 or more fans. Pott said, "We have a committee working on the project of trying to come up with some way to put seats into our fine gym. It looks like it will cost us anywhere from \$35,000 to \$45,000 to put seats into the gym."

Since the Civic Center offers excellent accommodations for the Christian fans, why did the Christian schools decide to build a gym?

"Yes, the Civic Center is an excellent place to play our games, both for the players and also for the fans, but it just got to be too small for the amount of people that wanted to attend the games. Since we have been sold out for every game for the past three years, we decided it would be of the best interest if we could accommodate more people and this is probably the biggest reason we would like to play in our gym," Pott stated.

We asked Pott what was the chance of Christian fielding a football team in the near future and he indicated that if that's what members of the Christian schools wanted, he would back it 100 per cent. But he added, "I won't push the issue."

Since Christian is a private school, it can schedule any teams that it desires. And Pott and Christian do not seek the easy teams to play in basketball, as can be shown in their schedule—Christian plays one of the toughest schedules in the state. And this is probably one of the main reason the Maroons are always so tough at tournament time.

The Maroons could finish the season with an 10-8 mark and still sweep through the Districts and Regionals without too much trouble. The reason, the Maroons play a lot of tough A schools during the season plus River Rouge, etc. And we all know what River Rouge can do with the basketball. By tournament time, the Maroons are tough to beat because of not only their tradition but also because of their tough schedule. Some people won't agree with us but this is one of the reasons the Maroons have always been a fine tournament team.

We asked Pott what might we see at Christian in the '70s and he indicated a complete use of all athletic fields. Girls will be competing in an invitational tennis tourney, track meets on the new track, girls softball leagues and a basketball invitational Christmas tourney.

Pott is a busy man and not only is he a dedicated teacher who puts in a full load in the classroom, he also puts in an extra full session as Christian's athletic director.

Christian's AD is already working on next year's schedule. "Last year we were all set to play Chicago Carver, the same school that Cazzie Russell of Michigan went to but when the racial problems came up in Chicago we had to cancel the game," Pott added.

Yes, Christian seeks not the weaker teams, to just get a winning record, they seek the River Rouge's, East Lansing's and any top schools that will

play them. Congratulations Holland Christian, you are the envy of many schools and we sure are proud to have such a fine school in Holland.

Panel Discussion Marks Meet of Voters League

The Provisional League of Women Voters of the Holland Area met in the auditorium of the Herrick Public Library on Monday with Mrs. Calvin Vander Werf, President, presiding. She introduced Mrs. John Donnelly Foreign Policy chairman.

A panel, consisting of members of the Foreign Policy committee, Mrs. Henry Hekman, Mrs. William LeBarge and Mrs. Donnelly, gave facts on foreign aid, that were later discussed by the membership.

It was stated that the less developed countries now have greater capacity for using external aid effectively than ever before, yet the developed nations, with the economic capacities and affluence on the increase, are leveling off rather than increasing their aid. By progress in agriculture, in social and economic reform and improved education and even family planning, many developing nations are nearing the point of self-sustaining growth.

But, the affluent nations are today farther away from their pledged goal of one per cent of gross national product (GNP) than they were ten years ago, the speaker pointed out.

The United States, the richest nation, is currently devoting just a little more than half of one per cent of its GNP in development assistance. It is now in 12th place among nations in GNP percentage terms.

Also discussed was the division

of military and economic aid. After the panel there were lively discussions and the League came to the conclusion the members needed more study before sending their recommendation to National.

Mrs. Paul De Kruif announced that William L. Bopf, Holland's new city manager, would be the speaker at the Feb. 9 dinner of the League to be held at Phelps Hall on Hope College campus. The dinner is open to friends of the League and anyone wishing a ticket may contact Mrs. De Kruif.

SIGN GOES UP — Supervisor Louis Ter Avest of Allegan township cheerfully mounts a "No Smoking" sign in the Board of Supervisors chamber in the county building to remind board members of their decision to ban

smoking in all of the county's public meeting rooms. Ter Avest who campaigned for the ban for a year paid for the signs out of his own pocket.

'No Smoking' Rule Adopted By Allegan Supervisors

ALLEGAN — The ash trays have gone into storage and the no smoking signs have gone up on the walls of the Board of Supervisors chamber and other public meeting rooms in the Allegan County Building.

According to Louis Ter Avest, district supervisor from Allegan township — the man most responsible for dousing the "smoking lamp" in the county building — it was simply the case of an "idea whose time had come."

A year ago — just after Ter Avest had been seated as a new member of the reorganized county board — he proposed a motion to ban smoking in meeting rooms in county buildings. The motion was defeated, 13 to 8.

He tried again at the December board meeting but Chairman Milton Timmerman ruled him out of order.

Last Tuesday Ter Avest made certain his resolution was offered at the proper time. The no-smoking rule carried this time — by the same 13-8 vote on which it was defeated last year.

"Obviously," Ter Avest said, "we made some converts in 1969."

"It wasn't my idea to infringe on anyone's basic right to do what he wishes on his own time, in his own place, to his own body," he said, "but we're representatives of the people. Our actions not only involve us, but are a guideline for the community. We meet in a room and a building paid for by the people and this implied that although we are free to use these rooms we should not infringe on any one else's freedom while using them."

"When a person smokes," Ter Avest pointed out, "his lungs alone are not involved. Others in the room may not smoke, but they're forced to inhale the smoggy, polluted air... their freedom to breathe fresh, clean air is denied them."

Ter Avest argues on another tack. "As supervisors we appropriate thousands of dollars to help protect and to educate the people in the area of health. And yet, although research has pretty well proven that smoking

is hazardous to health, we continue to allow it in public places.

"As community leaders we should be teaching by example. Indeed," he says, "how can we come to grips with environmental problems like air and water pollution in meeting rooms thick with smoke?"

Smokers on the board have indicated they will demand ten minutes an hour for a "nicotine break" and the problem of enforcement still remains to be solved. Ter Avest dug into his own pockets to pay for "No Smoking" signs which he helped to put up after his issue carried the board. He also helped pick up the ash trays which have been a permanent fixture on supervisors' desks for as long as anyone can remember.

One small group in particular was cheered by the board's no-smoking rule. Building custodians indicated it would save them a lot of work and probably eliminate half the dirt in the county building.

But if the smokers — denied the solace of cigaret, pipe or cigar — turn to chewing tobacco, they'll be in trouble again. There hasn't been a spittoon in the county building since the old court house was razed in 1960.

1969 AND OIL IN ALASKA

1969 was a year of contrast was a year in which the industry opened the way to achievements for the petroleum industry. It that, as "Oil Facts" points out, will rewrite the industry's "history books." It was also a year in which the foundations of the oil industry's future were threatened as never before. Advocates of tax reform, the closing of alleged loopholes in tax laws, and removal of oil import quotas were heedless of the need to perpetuate a national oil policy aimed at preserving the well-being of the U.S.

However, in spite of the discouraging picture in the legislative arena of the south 48, the noble ventures of oilmen in Alaska during the past year constitute an inspiring story. A great new oil field is the heart of that story. Somehow the oil industry must find the billions of dollars for plant and equipment to bring the oil out and turn it into gasoline and usable petroleum products for the U.S. public.

Already the industry has spent nearly a billion dollars leasing the oil lands from the state of Alaska. Then there was the voyage of the SS Manhattan, which was undertaken to prove the practicability of the Northwest Passage as a route to the North for oil tankers.

In addition, plans were pushed for construction of a \$900 million pipeline believed to be the largest single private project ever undertaken, extending from the North Slope to Southern Alaska.

Yes, 1969 was a year of contrast for the oil industry. It was a year in which oilmen proved their ability to meet future petroleum needs of our country. It was a year, too, in which we saw demonstrated the manner in which public policies could conceivably deny the exercise of that ability.

Jesus Interprets the Law
Matthew 5:17-20, 38-48
By C. P. Dame

Jesus was much misunderstood. He who kept the law of God perfectly was charged with being a lawbreaker. Jesus both interpreted and fulfilled God's law.

I. Jesus came to fulfill the law of God. In the days of Jesus the word "law" had different meanings. Sometimes the word referred to the Ten Commandments, at other times to the five books of Moses, and sometimes to the whole Old Testament and in addition to the whole body of oral and scribal law written by the scribes to explain and interpret the law. These regulations Jesus disliked.

The conflict between Jesus and the scribes arose because they considered the interpretations and definitions important while Jesus accepted only what the Old Testament taught. By disregarding the petty rules about keeping the sabbath Jesus was accused of breaking the sabbath.

II. God's law abides — note the words, "Till heaven and earth pass, not one jot, (the smallest letter in the Hebrew alphabet) or one tittle (a stroke used to mark an abbreviation) shall in no wise pass from the law." God's law is absolute — not all agree to this. To break one of the least of God's commandments and to teach others so makes one least in the kingdom but "whosoever shall do and teach them, the same shall be called great in the kingdom of heaven." The person who calls a commandment unimportant will not keep it.

III. Jesus makes great demands. Not the words, "That except your righteousness shall exceed the righteousness of the law, ye shall in no wise enter into the kingdom of heaven." The Pharisees were concerned about the outward forms of religion but not about righteous living. Jesus demanded superior living. He cites an example: "Ye have heard that it hath been said, An eye for an eye, and a tooth for a tooth." This law limited retaliation, and restrained vengeance. Retaliation settled nothing.

Jesus commends love. Note three illustrations. If one smites us on the right cheek offer him the left also. If a person is involved in a law suit yield not only to him your coat but also his cloak — the outer garment which is used during the day and a covering for the night. If a person is compelled by the government official to go one mile with a load go the second mile also. Christians should love their enemies and show that they are the children of God who bestows blessings upon friends and foes. It takes courage and love to obey the Lord's rules.

Columbus Boychoir Charms Audience in Civic Center

Youthful choirs always carry their own charm, and so it was with the Columbus Boychoir of Princeton, N.J., which appeared in concert in Civic Center Monday night under sponsorship of the Holland Community Concert Association.

The 26 boys, under the direction of Robert Haley, sang with a fine lyrical quality, particularly in the opening groups of religious music, often featuring soloists.

Appearing as piano soloist was David McKenas of Onida, N.Y., a three-year member of Boychoir, who displayed a fine interpretive touch in the Mozart "Fantasy in D Minor," and "The Little White Donkey" by Jacques Ibert. The youthful artist has been accepted as a student to the Interlochen Academy this year.

The young vocalists donned colorful costumes for the Benjamin Britten opera "The Golden Vanity," written for a boys' choir by the contemporary composer who has met with Columbus Boychoir on several occasions.

The opera was a vaudeville type state presentation written for the Vienna Choirboys and first performed at the Aldeburgh Festival in 1967. The story deals with two ships, the Golden Vanity filled with gold and the Turkish Galilee, a pirate ship planning to seize the Vanity. A heroic cabin boy digs holes in the pirate ship sinking it, and finally dies aboard his own ship. The opera ends with a solemn burial chorus.

Particularly well received were the madrigals and the popular selections in the last half of the program. A Beatles selection "Yesterday" by John Lennon and an arrangement from the Rodgers-Hammerstein "The Sound of Music" were followed by two encores, "Feeling Groovy" made famous by Simon and Garfunkle and an enchanting novelty "The Dead Old Woman" in which an Adrian, Mich., youth played the little old lady in costume.

The choir came here from a concert in St. Joseph and was slated to perform tonight in Winchester, Ind.

Max Glupker Tallies 28 For Holland

With Max Glupker leading the way with 28 points, Holland High's basketball team smashed Mona Shores, 84-68 Friday night in the Holland Fieldhouse.

For the talented Glupker, it was his top scoring effort of his outstanding career and like coach Don Piersma said, "he jumps like a kangaroo." Glupker did just that as he not only scored at will but forced Randy Martinus to take an early shower with his fifth foul late in the third period.

The victory lifts Holland's record to 4-2 in the VCC and 5-3 for the year while the Sailors are now 3-2 in the loop and 5-2 overall.

"I was real pleased with the improvement of our team on defense, they sure came a long way from Tuesday's game with Grandville," said Piersma. The Dutch hit a blistering 53 per cent from the floor, on 28 of 52 shots while the losers hit on 35 per cent, 32 of 90. But the big difference in the game came at the free throw line where the Dutch made 28 of 39 compared to four of 12 for the Sailors. Glupker himself had an outstanding night from the charity stripe as he flipped in 14 of 16 shots for a red-hot 87 per cent average.

Besides Glupker's total point's,

Ken De Boer came up with 19, of which most of them came on fast break baskets and forward Jim Helmink added 15.

Center Don Hoekenga led the

Max Glupker scores career high

Sailors with 22 points while sub Gary Christiansen had 11 for the losers.

Mona Shores took the opening tip and raced down to score on a jump shot by Frank Howell Jr. to quickly put the Sailors up, 2-0.

The Dutch didn't waste any time in taking the lead for good as Helmink and Glupker fired in two outside shots. The score was only 4-2 but the Sailors should have gone home as the Dutch were about to score at

ease in their fast break offense.

Holland held a seven point advantage at the close of the opening period and increased its margin to 11 points at the half as they forced the Sailors to throw the ball away on numerous occasions, to set up easy dog shots for the Dutch.

One of the prettiest plays in the first half came on a behind the back pass from De Boer to Fritz Steininger which resulted in a Dutch basket.

The Dutch kept adding to their margin in the third quarter as they pulled out to a commanding 60-39 lead with 1:23 left in the period.

Mona Shores was in foul trouble from the outset of the game as Martinus was trying to stop the hard driving Glupker and eventually fouled out of the game with 3:25 left in the third period. Howell followed Martinus to the bench with his fifth personal 35 seconds later.

The Dutch ended the third period with a 22 point cushion, 64-22 before the Sailors salvaged something in their drastic evening by scoring 26 points to 20 for the Dutch in the final eight minutes to make the final score, Holland 84 Mona Shores 68.

Coach Ken Bauman's junior varsity team raced to their fourth straight victory by beating the little Sailors, 81-70.

All five starters for the Dutch scored in double figures. Dave Brownson paced Holland's attack with 25 points while Jim Lorence followed with 15. Guard Steve Shinabarger chipped in with 14 while both center Mike Riksen and Hue Simpson added 12 for the Dutch potent offense.

Mike Regeji led the losers with 26 markers with Kent Arbor and Larry Andree scoring 12 each for the baby Sailors.

The Dutch play at Muskegon Heights next Friday in the top VCC game of the week.

Chix Beat Lee For 7th Victory

GRAND RAPIDS — Friday night the Chix of Zeeland ran their season record to 7-1 by scoring a 79-67 victory over Lee Zeeland jumped off to a quick 16-4 lead, and they led at the end of the first quarter 19-10. Mark Raterink and Chuck De Pree led the Chix with eight and six points respectively.

In the second quarter the Chix got their fast break going and with Raterink scoring another eight points and Bob Lamer adding eight, Zeeland jumped to a 42-19 halftime lead. The Chix hit 16 of 41 shots in the first half for 39 per cent, on the other hand the Rebels could only manage six of 22 for 27 per cent.

In the second half, with substitutes playing most of the game for Zeeland, Lee came back behind the scoring of their guard Steve Belstra as he scored seven of his game high 22 points for the Rebels.

In the fourth quarter substitute forward Denny Schepel led the Chix as he scored 10 points for Zeeland. Belstra added eight for the Rebels but it was not enough as the Chix defeated the Rebels 79-67.

In the second half Zeeland was 15 of 40 from the field for 37 per cent while Lee hit 17 of 43 for 39 per cent.

West Ottawa Loses Battle On Boards

Tough Wyoming Rogers' basketball team stopped the West Ottawa Panthers cold here Friday night in a battle for first place in the O-K Red Division, 76-58.

Rogers jumped off to an early 16-5 lead in the first quarter and the Panthers never recovered. Rebounding was the big factor in the contest as the shorter Rogers squad pulled down 40 compared to West Ottawa's 23. The rebounding difference was reflected in the shooting statistics as the Panthers could not rebound their offensive shots.

The Hawks attempted 71 shots and hit on 30 for a 42 per cent clip. In contrast, West Ottawa managed to get off only 50 shots, of which they made 26 for a hot 52 per cent.

Rogers' zone press proved to be another thorn in the Panthers' side in the early going as they forced several West Ottawa turnovers and made the Panthers shoot the poor percentage shot.

First quarter action began with the Hawks jumping off to an early lead as they were hot from the floor. The Panthers matched baskets with Rogers through the rest of the first quarter which ended with Rogers leading, 20-9.

West Ottawa got more of the same treatment from the Hawks in second quarter action as Rogers' scrappy defense kept pace with the Panthers awakening offense. The first half ended with the Panthers still down by 11, 38-27.

Rogers was hotter than a pistol in first half shooting percentage as they hit 51 per cent. The Panthers did quite well themselves as they connected on 46 per cent of their shots. The main difference in first half shooting was West Ottawa's inability to get the second and third shot at the bucket as Rogers was able to do.

Center Lynn Loncki lead all scorers in first half action with 13 points while counterpart Jim Garvelink banged in 12 for Rogers.

Determined West Ottawa came out the second half and narrowed Rogers lead to six points, 46-40 as the Panthers began finding faults in the Hawks stingy defense. The equally determined Hawks capitalized on West Ottawa's mistakes

and increased their lead to a comfortable 10 points, 55-45, at the end of the third quarter.

The fourth quarter belonged to Rogers as they gradually increased their lead. Rogers' team play led them to a deserving victory as they never let up on the hapless Panthers.

Hot shooting Garvelink led all scorers for the contest with 24 points. Loncki paced West Ottawa with 23 counters.

The victory left Rogers in a two way tie with co-leader Hudsonville who were also victorious in a league game against Wyoming Park.

The Panthers host Wyoming Park next Friday night in a league encounter.

The West Ottawa reserves lost a heartbreaker to Rogers by a score of 67-66 as a pair of clutch free throws clinched the victory for the Hawks.

The Little Panthers placed four men in double figures with Pat Allen leading the way with 23 points. He was followed by teammates Mike Gormen and Tom Kamphuis with 10 points and Ron Holstine's 12 counters.

The Panthers are now 6-3 for the season and will host Wyoming Park next Friday night.

Godwin Tumbles Holland, 56-45

WYOMING — Holland High's swimming team absorbed its sixth defeat of the season, tumbling 56-45 to the Godwin Wolverines Tuesday evening in the Godwin Natatorium.

Hampered by the absence of some of the team members, Coach Bob Andree commented that "If we had been able to take the medley relay, we probably could have taken the meet."

The Dutch opened the meet with a disqualification in the medley relay, being disqualified for an improper turn in one of the relay legs with Don Clark, Steve Bruggers, Bruce Keen, and Terry Marlink swimming.

Doing an about face, Jim Bradford posted first place points for Holland in the 200 yard freestyle, but was not aided with any depth.

In a close race in the indi-

vidual medley, Mike Landis snatched top position for Holland, aided by third place points from Mark Keen.

Carrying home second and third places respectively in the 50 yard freestyle, Dick Beedon and Jim Steininger tailed Godwin's Steve Scharphorn by a close margin.

Dutch diver Henry Diaz executed the best performance of his career maneuvering off the boards for 161.75 points for second place in the board competition.

In the butterfly competition, sophomore standout Dick Beedon pulled for first place points with a 1:06.0 clocking, followed by Mark Keen with a third place tally.

Sweeping the freestyle competition, co-captain Jim Bradford and Mike Landis stroked for first and second places in the 100 yard freestyle with clockings of :53.7 and :56.5 respectively.

In the specialty competition, Don Clark snatched second place points for the Dutch in the Backstroke, while Bruce Keen pulled for first place in the breaststroke event.

Distance man Bill Hakken swam a tough race, but couldn't make enough headway to dunk Godwin's distance men, coming home with third place points.

In the final event of the meet, it was still a matter of sink or swim for the home squad, but Andree's aces fell a little bit short, giving Godwin the event and the meet. Jim Steininger, Terry Marlink, Henry Diaz, and Tom Van Huis posted second place points for Holland in the freestyle relay.

With a 6-6 dual meet record, the Dutch will entertain Grand Haven in the Holland Community Pool Thursday at 7 p.m.

Coach Elmer Ribbens' Maroons came out in the second half with a blistering fast break which they used to near perfection. In the first four minutes of the third quarter Christian scored 19 points while holding St. Joseph to seven, as they broke the game wide open. Scholten had three baskets during this surge.

The Maroons never let up as Frens (4), Dennis Bos (4), Phil Tuls (3) and De Groot (3), combined for another 14 points in the final half of the third quarter, giving the winners 32 points to 16 for the Bears in the period. The score going into the fourth quarter was Christian 65, St. Joseph 40.

With the subs playing nearly the entire final eight minutes, the Maroons still rang up another 21 points, thanks in part to making 11 charity tosses in 13 tries. This gave Christian 53 points in the second half. St. Joseph tallied 20 fourth quarter points, for their best quarter.

The entire Christian team looked good, with Frens leading in scoring with 24 points, plus gathering 11 rebounds. De Groot scored 22 points. Scholten added 12, and Tuls, 11, all in the second half, in addition to leading the team in rebounding with 12. Phil De Jonge did a fine job as quarterback of the team.

Bos, in a substitute role, in addition to scoring three baskets, played by far his best floor game of the year, and subs John Dykstra and Rick Mosher combined to convert seven of eight free throws.

The Maroons connected 24 out of 29 times at the charity stripe in the game. St. Joseph made 10 of 15 attempts. From the floor Christian hit 45 per cent on 31 baskets in 68 tries, including 14 of 23 (60 per cent) in the third quarter. The Bears were 25 of 65 for 38 per cent.

Ryan, with 21 points, was the only St. Joseph player to reach double figures.

Christian travels to Whitehall on Tuesday, Jan. 27.

In the prelim game, the Holland Christian reserves took a 79-64 decision over St. Joseph's seconds. Trailing 20-19 at the first quarter, the Maroons forged ahead 44-37 at halftime, and led 61-53 at the end of the third quarter.

Dan Plasman tallied 22 points for the little Maroons, followed by Steve Vogelzang with 16. Doug Kiekintveld added 12 and Tom Klaasen 11. Tom Crossman had 24 for the Bears and Dennis Kugle 20.

Holland Sinks Maroons For 6th Victory

Holland High's swimming team recorded its sixth victory of the season, sinking the Holland Christian tankers, 62-37 Saturday afternoon in the Holland Community Pool.

The Dutch, coached by Bob Andree, were paced to eight first places by co-captain Jim Bradford with a pool-breaking record in the 400 yard freestyle, while the Maroons, coached by Jack Bannink, slashed five of their own team records.

Opening the meet in first place for the Dutch was the medley relay team composed of Mark Hopkins, Henry Diaz, Bruce Keen, and Scott Veurink. Second place points were tallied by Tom Luidens, Bob Veneklaassen, Rick Endean and Scott Roels for the Maroons.

Things continued to go the way of the Dutch in the 200 yard freestyle with Terry Marjak snatching first place honors. Mark Dykstra and Nick De Vries stroked for second and the Maroons.

In a stroke-for-stroke race in the individual medley, Holland's Don Clark inched into first place followed by Bill Hakken in second for the Dutch and Mike Hillebrands for the Maroons, all coming in within one second of each other.

Racing for a close finish in the 50 yard freestyle, sprinters Mark Keen for Holland and Jack Heyboer and Steve Zwiap for Holland Christian finished first, second and third respectively.

Coming off the boards in first place for the Dutch, Dave Strengholt chalked up 132.55 points in the close diving competition. He was followed by Bill Knoll and Tom Van Wyk in second and third for the Maroons.

Exhibition diver Henry Diaz pulled out 158 points for the best tally in his diving career at Holland.

Butterflying for first and second places for the Dutch were Mike Landis and Dick Beedon, followed by Bill Knoll with third place points for Holland Christian.

The Maroons pulled for victory in the 100 yard freestyle, with co-captain Mike Hillebrands doing the honors with a 59.4 clocking. Holland's Jim Steininger tossed in second place points for his team, while Jack Heyboer posted third place points for Holland Christian.

The Maroons continued their winning way in the backstroke with co-captain Tom Luidens capturing first place. In second and third for the Dutch were Mark Hopkins and Scott Veurink.

Erasing an old pool mark of 4:33.4 in the 400 yard freestyle, Jim Bradford slashed nine seconds off the old mark to register a 4:24.3 first place for Holland. Teammate Tom Van Huis stroked in for second while Holland Christian's Nick De Vries took home third place points.

Holland's German exchange student Rolf Ilge paddled in for first place in the breaststroke competition, with teammate Steve Bruggers in second spot. Holland Christian's Reed Nevis tallied third place points.

In the final event of the meet, Holland Christian was the sole scorer with their team composed of Dennis Nykamp, Steve Zwiap, Rick Endean, and Mark Dykstra.

Holland final relay team composed of Greg Cook, Bob Poll, Jeff Baron, and Dave Sundin was disqualified when one of the legs in the relay jumped the gun.

Christian Girls Take Second Basketball Win

Holland Christian's girls basketball team picked up its second victory of the season here Thursday by trimming South Christian, 39-34.

Mary Vanderberg led the Maroons scoring with 12 points. She was followed closely by Jo Ann Gras and Jan Raak who each tossed in 10 points.

Alma Hands Hope 3rd MIAA Defeat

ALMA — Guard Charles Hudson of Alma College tossed in 27 points Saturday night to lead the Scots past Hope College, 76-62 in a MIAA basketball game.

The victory by Alma, coupled with Calvin's victory over Adrian, left the Scots as sole possessors of second place in the league, one-half game behind the Knights. The Scots are 3-1 in the loop while Coach Russ DeVette's team is 2-3.

Hudson, the Scots captain who had entered the contest with 1,006 career points, topped the game's scorers with 27 markers while Al Vander Meer and Jerry Hill cleaned the backboards with 14 and 17 respectively, to stake Alma to a decisive 38-40 advantage in that department.

The Scots jumped into a 20-13 margin at the 10-minute mark of the first half before the Dutchmen got hot and closed the gap to two points on one

occasion but the Scots still enjoyed the bulge at the intermission, 37-31.

"They broke open the game in the first thirty seconds of the second half when they tallied five quick points," DeVette said. "Alma sure has a fine team but I still think the schedule is in Calvin's favor," DeVette added.

Ken Hendrix was the only Dutchmen player to reach double figures with 12 points for Hope as the Scots held Dan Shinabarger to only nine points. Shinabarger went into the contest averaging over 24 points a game in the MIAA.

Both teams were rather cold from the court, as Alma only made 37 per cent of their shots, 30 of 81 while Hope connected on 24 of 62 attempts for 38 per cent.

Vander Meer and Hills backed the scoring punch of Hudson with 14 and 13 points respectively for Alma.

The defeat was extra costly to the Dutchmen who also lost the services of their starting center Dave Gosselar of Holland who injured his knee with only two minutes gone in the game. "He has a pinched cartilage in his knee and it looks like his future is in doubt," DeVette added. If this is the case, Hope would only have Tom Wolters at the center post and Wolters like Gosselar is only a freshman.

The Flying Dutchmen won't see action until Saturday when they host Lake Forest College.

Junior League Seeking Talent for 1970 Follies

With approximately two weeks left before the arrival of the New York Jerome H. Cargill Company's professional writer and director for "Shades of the Seventies," the local committee of the Junior Welfare League has been conducting a local "talent search" for singers, dancers, actors and specialty acts.

The Follies will be presented in the Holland Civic Center on Feb. 21 and serving as local talent chairman and Mrs. Ron Buzbapies and Mrs. Ron Appledorn. All residents interested in being in the revue are asked to contact either Mrs. Buzbapies or Mrs. Appledorn.

Invitations have been mailed to associate members and others interested to attend a special "meet the director" party at the Holiday Inn on Feb. 4 when cast members will be assembled. Holland is fortunate in having a large amount of talent with which to present a show.

In the past the shows have proved to be an evening of delightful and hilarious entertainment. Names for the "shadiest character" contest have been announced by Mrs. Ron Boeve. The "fun contest" spotlight of the Follies will be the voting for the "shadiest character" among candidates appointed by local men's service organizations. Included are Les Van Beveren, Exchange Club; Ed Barnes, Veterans of Foreign Wars; John Vander Broek, Optimists; Ned McLaughlin, Rotary; Don Hand, Jaycees; Harris Pieper, Lions; Avery Baker, Kiwanis; Roger Parrott, Shriners; Ted Bos, Elks; Bill Grabowski, Moose. Voting for the "shadiest character" will be done by the public beginning Feb. 6 at the following locations: Readers' World and Warm Friend Hotel.

Beginning this week tickets will be on sale for the show from any League member or

by telephoning Mrs. Carl Van Krimpen, 765 Concord Ave. Also available are patron tickets with non-reserved seats in the reserved patron sections. Deadline for patron tickets is Jan. 31.

The Junior Welfare League, one of Holland's charitable organizations, is dedicated to "give all for the children of Holland." Funds raised by the Follies will be used to continue support of projects such as Ventura School, Civic Center's "Swings and Things," playground equipment and clothing for the Holland Day Care Center and the pediatric ward and playroom at Holland Hospital.

The first and second Follies which the Junior League presented more than 10 years ago went to the furnishing and decoration of the children's section at Herrick Public Library. Junior League members also have voted to support the Higher Horizons of Holland which receives three years sustained support with a pledge of funds.
