CITY AND VICINITY.

Born to Mr. and Mrs. H. V. Dekker, Fourth street Saturday—a son.

Born to Mr. and Mrs. Frank Smith, East Fifteenth street, Sunday a son.

D. J. Te Roller is on a business trip to Indiana and Kentucky.

Mrs. C. Nivison of Olive Center is seriously ill.

F. O. Pratt has purchased a house and lot at 262 West Twelfth street of R. H. Post for \$2,200.

John Van Anrooy who was stricken with a paralytic stroke, is slowly improving.

Mrs. George Hyma who has been seriously ill the past week is improving.

Henry Vegter has sold a house and lot on East Twelfth street to John Kollen, of Overisel, who will move to the city next spring.

The I. O. O. F. of Holland went to Hamilton Saturday 21 strong. Six rigs were used and a pleasant evening was spent. Work in the consistory degree was given after which a repast was served.

R. H. Post has sold two houses now under construction on West Seventeenth street to A. B. Kammeraad. He has taken in exchange five acres of land between Maple and First avenues from Twenty-fourth to Twenty-sixth streets.

R. H. Post has bought of B. Wanrooy a house and lot on West Nineteenth street, and the latter has bought of R. H. Post a lot on West Seventeenth street on which he expects to build in a short time.

The next weekly meeting of the local physicians will be held at the office of Dr. G. H. Thomas. Meetings will be held every week for the benefit of the medical profession.

A bill will be presented to the legislature asking for a city charter for Zeeland. The village now has a population of 2000. Part of the village is in one township and part in another. The town wants to install a municipal water works and electric light plant.

Mrs. A. McNab has received word from Mr. and Mrs. Wm. Swift that the latter is improving slowly, and that her recovery is now certain. The beautiful weather at Daytona, Fla., has much to do with her steady improvement, as she is able to get out of doors and is benefitted thereby.

Chris Cook, formerly of this city has gone to St. Joseph's Hospital, Denver, Colo., to undergo an operation, and his many friends here are pleased to learn that Sen. Dr. Jefferson is looking after him. Dr. Cragge, of the same city will assist. Mr. Cook has a nice home in Laretta, Colo., where he has a good position at Laretta Academy, he expected to send for his family, but he had to go to the hospital. He has a cancer of the throat which he had treated in Chicago about a year ago and now it will have to be treated again. A friend of his Frank Julian, who also has been ill of Allegan is working for Chris and is improving in health. Mr. Cook's family is at present staying with her parents, Mr. and Mrs. Wm. Burton, of this city.

The next term of court, or some other term, according to how anxious some of the lawyers may be for delay will be enlivened by a genuine old fashioned suit over a horse trade. W. F. Zeiber of near Fennville asks of James Wadsworth \$3,000 damages for trading him a horse which he guaranteed to be perfectly sound except a little on his hind legs, while the fact proved to be that the animal had a bad case of glanders. This is a communicable disease and Zeiber claims his other horses were infected and his whole threshing outfit quarantined in consequence, resulting in great loss to him. This, of course, is Zeiber's view of the matter. Mr. Wadsworth may be relied upon to present an altogether different story, for who ever knew either side to admit anything but entire fairness in a "hoss" trade?—Allegan Gazette.

William H. Schriener of Ionia has accepted a position with J. H. Nibbelink & Son, undertakers.

Mr. and Mrs. O. A. Byrnes have moved into one of the flats in their new building at Maple and Fourteenth streets.

Henry Lugers of Laketown, Samuel Martin of Hopkins, and Frank Hillman of Cheshire have been appointed deputy sheriffs by Sheriff Whitbeck.

Sheriff Woodbury experienced a bad fall on Washington street Saturday. The officer was very stiff and sore yesterday but will suffer no bad effects.

Postmaster Samuel Falls of Spring Lake fell about eight feet from a step ladder, while working in his store. He struck on his head and was rendered unconscious and carried to his home on a stretcher.

Seventy-nine cases for divorce proceedings were started in Allegan county last year. Of this number 47 decrees were granted, five were denied, six withdrawn, and the others have not been disposed of; some never will be touched even.

A decree of divorce has been granted Mrs. Helen Bloement, who brought action against her husband, John Bloement, on the grounds of non-support and drunkenness. The complainant was represented by Attorney C. H. McBride.

An interesting sight at the Grand Rapids poultry show which interested local fanciers, was an 18-pound bird of the Klondike Fluff variety. A small bird of the same breed was seen at the Holland show. The plumage is not like the ordinary bird, being fine and hair-like feathers which give the bird a peculiar appearance.

Judge Padgham has denied a decree for divorce in the case of Albert M. Hopkins and Ethel B. Hopkins, which was tried in circuit court. The complainant was not only denied the decree but he was ordered to pay \$50 solicitor's fee and the defendant's expenses while attending the trial, as well. In the case of Jurrien Yager vs. Martha Yager the court granted a decree to the complainant.

The repair work at the life saving station is all finished, and Contractor Almeninger has gone to Michigan City to start work there. The station is now in excellent shape. The launchway is built of concrete on a foundation of rough stone, and will stand for years against the heavy seas. The boat house proper has a cement foundation and cement incline at the rear, where the beach apparatus is run out, and a stone foundation was placed under the living rooms that are a part of the station.

J. S. Dykstra was the recipient of a box of oranges and grape fruit sent from the Bahama Islands by his brother-in-law, W. H. Wood, who is interested in a Montreal company which has extensive holding in the Islands, which produce abundant crops of these tropical fruits. The grape fruit sent are beautiful specimens, large and fair, while the oranges are sweeter than the Florida product. Mrs. Wood, who is a sister of Mrs. Dykstra, is her guest while Mr. Wood is in the Islands.

Night Police Meeuwssen arrested F. W. Kellogg, drunk, Thursday night. He was arraigned before Justice Miles Friday morning, and sentence was suspended for 90 days. Kellogg is a victim of alcoholism, and his excesses have rendered him nearly blind. A long sentence to hard labor at the Detroit house of correction is promised Kellogg if he falls by the wayside again, and the charge next time will be habitual drunkenness.

The Rev. Dr. Samuel M. Zwemer, who has been on a two year furlough in this country from the Arabian mission fields, expects to sail for Germany on February 12 to consult Dr. Pagenstocker in regard to his eyes. He goes upon the advice of physicians in this country at the request of the board of foreign missions, and at the sole expense of a friend in New York city. Dr. Zwemer hopes to return before the end of March.

To-day is a day of prayer for Colleges and is being observed in all the churches of this city.

F. O. Pratt will build a house for B. Wanrooy on a lot recently purchased of R. H. Post on West Seventeenth street.

Y., where he spent several months in the factory which turns out the Franklin touring car, and he is now an expert in the construction as well as operation of automobiles.

Will Bosman has finished his year's work as clerk in the Pietersa clothing store and has returned to Holland. He made many friends here during his stay and all will welcome him back at any time. L. T. Cranmer is assisting Mr. Pietersa at present.—Fennville Herald.

Mrs. Cornelius Luidema, aged 44 years, died Saturday morning after six weeks illness. She is survived by a husband and three children. The family moved here from West Olive two years ago. The annual report of the Fourteenth street Christian Reformed church shows that the church is prospering, both numerically and financially. During the past year the debt on the church was reduced \$1,068. The balance of \$200 due on the organ will be assumed by the young ladies' sewing circle, an announcement to this effect being made at the meeting held Monday evening. The church raised a total of \$4,140.37 in 1906. The sum of \$581.38 was expended during the year for missions, charities, etc. The Sunday school collections amounted to \$437.40. The annual report gives the following interesting figures regarding church membership: Total number of families, 134; communicants, 25; members including children, 634; members united by letter and confession during 1906, 29; members by baptism and birth, 71; 5 deaths occurred the past year, and two families removed from the city; number of catechumens, 550; Sunday school membership, 375; there are 50 members in the young people's society, and 66 members of the ladies aid society.

Keep Good Teeth

The pleasure and benefit of a good set of teeth is seldom realized until they begin to ache. Then it's a hurry to get to the dentist.

There are generally surprised at the number of cavities he finds and what it will cost to have them placed in good working order.

Be Warned in Time.

Give your teeth a little attention.

They are the best friends you have

They make or mar your appearance.

They are of the greatest necessity for clear speech.

They must properly grind the food we eat or the stomach cannot digest it.

If you will let us see your teeth we will tell you just what they need.

To carefully care for teeth is our specialty. We have built up a large business by doing careful work. We take no chances. If your teeth are not worth filling we will tell you. We are never satisfied unless we can give A-No. 1 work, and when we are satisfied you will also have reasons to be satisfied.

The prices we charge are low, perhaps much lower than others ask, that is no reason we do cheap work.

The reason we can give you good work at the prices we ask is because we have no bad debts. We buy all our stock in large quantities, pay cash and get discounts.

We work for cash, have no books to keep, no bad accounts, no collectors to pay.

Don't you think our way of running a dental business is right?

Annual Meeting Held.

The annual meeting of the Central avenue Christian Reformed church was held Monday evening. The reports showed the church to be in a very flourishing condition. The congregation raised during the year over \$9,000 which was expended for the pastor's salary, church poor and missions. The church has a debt of \$1,500 on the \$4,000 pipe organ that was purchased less than a year ago. The property was considerably improved during the summer, cement walks having been built and the grounds otherwise beautified.

CORRESPONDENCE

Saugatuck.
The telephone central has been moved to the Schaberg building and the new switch board has been put together and connected but for some unaccountable reason no connections whatever can be made. An expert from Muskegon was here Thursday but failed to locate the trouble, so another from Grand Rapids has been sent for. Mr. Thorpe is doing all in his power to locate the trouble and it is hoped that things will be adjusted so that patrons will be able to use their phone in side of a day or so at least.

Lee Repp, who is connected with the Great Lakes Dredge Co., has been here last week taking soundings at the new harbor. It is reported that the hydraulic dredge will be here in the spring and clean out the harbor, and the Great Lakes Dredge Co. also has the contract for sheet piling the new cut.

W. J. Parsons has returned to Saugatuck and will have charge of J. P. Mohler's furniture and undertaking business here the same as last season.

E. E. Weed & Co. of Douglas have a number of teams hauling wood from near Hamilton.

New Holland.
Rev. J. Wesselink was happily surprised last Wednesday evening at the parsonage by the Sunday school teachers and officers. In a few well chosen words their spokesman, Henry Meengs, stated the purpose of their coming, and in name of teachers and officers presented Rev. Wesselink with a fine fur lined coat. In response the pastor stated that he was very highly pleased with this valuable gift. The evening was pleasantly spent by all. After refreshments were served the toastmistress, Mrs. J. Brouwer, called on the gentlemen, who nearly all responded with a few remarks. After the toasts a few Psalms were sung, after which a quartet rendered some "Winona songs," which were very much enjoyed. After a short prayer by the pastor this happy company of teachers and officers returned to their homes.

Graafschap.
The Classis of Holland held a special session at Zeeland last week. Rev. Heines of Grand Rapids, who has accepted a call to the Reformed church at Graafschap, was received from the Classis of Grand Rapids and arrangements were made for his installation as pastor of the Graafschap church to-morrow. The form will be read by Rev. E. J. Blekkink of Holland and the president of classis, Rev. Veldhuis, will preach the sermon. The congregation will be addressed by Prof. J. E. Kuizenga, formerly the pastor, and the new pastor will be charged by Rev. Wolvius. The last three speakers have as substitutes, in case of their absence, respectively, Rev. Wm. Moerdyke, Rev. J. P. De Jonge and Rev. G. De Jonge.

A Hard Struggle.

Many a Holland Citizen Finds the Struggle Hard.

With a back constantly aching, with distressing urinary disorders, daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Holland people endorse this claim:

John Pilon, farmer near Ebenezer, says: "I had more or less trouble for years from my kidneys and whenever I worked hard or caught a cold it always affected me and caused a heavy aching pain through the small of my back. It was very painful to stoop or to lift anything and at times the aching was so persistent I could scarcely get about to do my work. I used different medicines and wore plasters but they did me no good. As I had seen Doan's Kidney Pills highly recommended for such troubles, I went to J. O. Doesburg's drug store in Holland and got a box. I used them but a short time when I felt better and continuing the treatment I was soon cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

It's the highest standard of quality, a natural tonic, cleanses your system, reddens the cheeks, brightens the eyes, gives flavor to all you eat. Hollister's Rocky Mountain Tea will do this for you. 35 cents, Tea or Tablets.—Haan Bros.

Cheapest accident insurance—Dr. Thomas' Electric Oil. Stops the pain and heals the wound. All druggists sell it.

Beaverdam.
Jacob Gierum, with J. D. Everhard as clerk, will hold an auction sale on the farm of Peter Van Putten, to-day, northeast of Beaverdam.

Celery is again being shipped by express; the light shipments making it more profitable thus than by freight. Over \$1200 has been realized at Vriesland alone.

Hardewyk.
Tuesday evening the new church at Hardewyk was dedicated. This is where Rev. J. B. Jonkman has been serving a steadily growing congregation, ever since his departure from the North Street Christian Reformed church of this village. The new church is 30x50 feet, a frame building of neat appearance. Those who took part in the dedicatory and evening services were Rev. Drukker of Holland, Revs. J. Post and J. Hiemstra, Rev. G. De Jong of Crisp and J. Manni of East Saugatuck.

Olive Center.
A remarkable case of endurance was witnessed near Olive Center. Near that village there is a bridge built over a creek which was greatly swollen by the recent heavy rains. The issuing water has washed away part of the roadway approach to the bridge, leaving a hole which seemed scarcely large enough to admit a grown man. While attempting to cross this bridge one of the horses of a team of D. Van Eenennaam of Zeeland, slipped into the washout, haunches first, and hung in the traces, a heavy weight on its mate. The driver, fearing lest both horses would fall in, cut the traces and was compelled to let the poor animal drop. The force of its fall forced the horse through the ice into the stream and the current carried it down under the ice. At different times it could be seen that the animal was trying to force up the ice. Finally, after drifting and swimming a distance of nearly 400 feet, the submerged beast succeeded in raising the ice, and several men, having cut an opening with an ax, succeeded in dragging the half-drowned animal to the bank. The remarkable thing is that the horse was under the ice, though perhaps not under water, from 20 to 30 minutes. Its head, especially near the eyes, was badly bruised and skinned, showing that the animal had tried to push its way out and searched for air holes. The animal is still living.

Mothers Read This.

Mrs. C. W. Stump of Canton, Ohio, writes: "I wish I could induce every mother who has a weak, sickly child to try that delicious cod liver preparation, Vinol. Our little daughter was pale, thin and sickly."

DAUGHTER OF C. W. STUMP
"We tried various medicines, but without any benefit whatever, and she could not take cod liver oil or emulsions, as they nauseated her and upset her stomach."
"Learning that Vinol contains all the medicinal and strength-giving properties of cod liver oil, but without the disagreeable oil, we decided to try it, and the results were marvelous, so quickly was she restored to health and strength."
"We have never sold a medicine equal to Vinol for delicate children. Con De Pree & Co., Druggists."

Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.

You can keep the system strong with Dr. Miles' Nerve. It assists in generating nerve energy; it strengthens the whole system strong and vigorous.

"I take pleasure in recommending Dr. Miles' Nerve to those suffering from nervous prostration, insomnia and melancholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."

SATISFIED WHERE HE WAS.

Why Buyer's Desire for Good Measure Suddenly Evaporated.

The following anecdote is told of a most careful and sedate druggist in Ceene, N. H.—a gentleman of the old school, who for 50 years occupied the same corner, and who, in all his dealings medicinal, is a very scrupulous man.

Not long since a person of not particularly liberal practices, and withal a close man, came to the good samaritan with a recipe that he wished put up, and the man of drugs proceeded at once to attend to it.

While engaged in weighing out the compound, the customer, with a smile intended to be "childlike and bland," said to him:

"Now, Doc, be sure and give me good measure."

The druggist paused, holding the scales at rest while he looked over his spectacles at the man before him.

"Sir," he replied solemnly, "if I were to give you the merest grain more than this recipe calls for, you would be in hell in five minutes."

The buyer didn't persist.

BOUND TO GO THROUGH GATE.

Colored Man Had One Very Well Defined Idea in His Mind.

Some twenty-five years ago one of the village characters of Stockbridge, Mass., was an old darky named Horace Bird.

Coming home one evening, considerably fuddled, to his tumble-down "shack" which stood on the outskirts of the village, and was surrounded by a board fence, he found the latch of the gate broken, making it a matter of considerable difficulty to open the gate from the outside.

His wife, a buxom person upon whom he largely depended for support, related his subsequent proceedings to me when she brought our washing next day. Said she:

"Dat fool nigger he fumble de latch fo' mo'n ten minutes. Den he heave a big sigh an' start a-climbin' de fence, an' I gits de rollin' pin handy. He gits ober de fence at las' and bang de gate wide open from de inside. Den wha's dat crazy nigger do but climb back ober de fence an' walk in troo de gate jes' like a major gin'ral."

Civilization Doubted.

A Rock Island engineer at Herington was talking about the duplicity of farmers who bring claims against railroad companies for the killing of blooded stock when, as a matter of fact, the animals were walking scarecrows. "About four years ago," said the engineer, "before the Rock Island bought the Choctaw, I was on an engine on the Choctaw Northern run above Geary. Gray daylight was just coming on, so as one could see pretty well ahead, and I noticed two horses on the track. They didn't appear to mind the whistle or the bell and I slowly drew up to them and stopped. The horses, two poor, old, worn-out plugs, were still standing across the road, and on climbing down off the engine to drive them away I found that the hoofs of their forefeet were spiked down to the planks at the road crossing the track. How's that for a civilized country?"—Kansas City Times.

Source of Discontent.

There is a law that runs through all things, which finds its cruellest force in money. The more a man has the less he thinks he has. All that God promises is all that we need, not all that we desire. Our desires are infinite—they are made for God, and what is great enough for Him is too great for anything less. We are always trying to make ourselves little enough for the world to fill us, and we cannot. This is the source of our divine discontent. We perish with hunger so long as we seek to fill ourselves with the husks the swine do eat. It is only in the Father's house that there is bread enough and to spare, and the heart will never be merry with the abiding merriment until we arise and go to the Father.—Mark Guy Pearse.

Had No Bargains on Hand.

Mr. Simons did not rise from his chair behind the air-tight stove in the sitting room when his wife hurried in and told him that Abel Sanders was in the kitchen and wanted to see him, says the Youth's Companion.

"What d'you let him in for?" he asked reproachfully.

"He wants to buy a boss, that's why," replied Mrs. Simons. "You'd have made a great to-do if I hadn't."

"No, I wouldn't," Mr. Simons said, as he reluctantly rose. "I know Sanders' size. I can't do business with him. He wants a cheap boss. And I ain't got anything I can sell for less than \$14."

Merely an Outward Sign.

Miss Pluff—The other day at the show I saw a woman carry a man around on her head.

Miss Vassar—That, my dear, was merely the physical expression in acrobatics of a common psychological experience of the sex.

Miss Pluff—Dear me! What do you mean?

Miss Vassar—That nine women out of every ten have a man on their minds.

Quite Satisfactory.

Old Gotrox—So you want to marry my daughter, eh?

Young Man—Yes, sir.

Old Gotrox—Well, I'm going to be candid with you. My daughter will not get a dollar of my money while I live.

Young Man—Oh, that's all right. I had a talk with your physician the other day and he told me you wouldn't live a year.

FARMER WILLIAMS' LESSON

In Time of Adversity He Got to Understand Who Were His Real Friends—Prosperity in Standing Together.

(Copyright, 1906, by Alfred C. Clark.)

"What y' got there, Sis?" inquired Farmer Williams, as he kicked off his felt boots and set them carefully behind the stove to dry. "That's what I thought it looked like, one of them there Chicago catylogs, though I hain't seen one clost fer quite a few years back. Me an' your ma used to buy mighty nigh everthing we used out of them catylogs when we first come to Kansas. Land sakes, I have to laugh now sometimes when I think of the way we would git ketched onct in awhile. They's some cheap things in them catylogs, an' then agin they's a lot 't ain't so cheap. Y' never kin tell till they come, an' then it's too late to send 'em back. But as I was a sayin', we hain't bought nothin' out of a catylog fer a right smart o' years now, an' the way it come about I had as well tell y', cause I don't think y' really remember much about it."

"When we come to Kansas long in the first of the '80's we got along right well. We was able to pay cash fer what we got, and we got the money fer everthing we sold. We was payin' out on the place right along; crops was purty good an' we was a feelin' like the Lord was a smillin' on our efforts, and the happy home we dreamed about when we first got married was in sight."

But they come a change in Kansas long in the last half of the '80's. Times got hard and kep a gittin' tighter. Four straight years it was so dry y' had to soak the hogs afore they'd hold swill—though I will say they was some extry reason on account of the swill bein' so thin—wheat jest died in the ground fer want of rain, and the hot winds billed the everlastin' sap out of the corn. They wasn't no pasture, no nothing. You can know we was a feelin' purty blue about that time, but we was young and strong, and thought with the chickens an' hogs we could git through anyway."

"Then one day you got to complainin' and lookin' so thin it worried us. Your ma is a middlin' good doctor, take it all around, but nothing she could think of done you any good. Well, you kep a gittin' pindler and pindler, till you got so sot y' wouldn't do nothin' but set in a chair by the kitchen stove, wrapped in your ma's old shawl, an' you looked so pitiful that we made up our minds to have the doctor, even if it took th' last chicken on the place. Well, he come, and after he'd looked at you awhile an' felt your pulse, he shet his watch up with a snap, an' says, quiet like: 'Better fix up a warm place fer her in the front room, don't have too much light nor any drafts to strike her.' Then we knowed it wan't no small sickness we had to fight, an' when we got you fixed up in bed I follered Doc. out on the porch an' I says: 'Well, Doc,' sez I, 'what's the matter with our little girl?'

"I don't want to skeer ye, Mr. Williams," says he, 'but I'm afraid she's in for a siege of typhoid fever.'

"Well, after he was gone I went out in the kitchen an' told your ma, but she says, brave as kin be: 'Well, Ezra, if the Lord has seen fit to put that much more on our load we must bear up an' fight it out don't our duty the best we kin, leavin' the rest to him.' An' I thought so too. So we jest kep our hearts brave an' done what seemed right 't do."

"The hardest thing was to figure out where 't git the medicine, an' fruit, an' dainty things your sickness called

for. We hadn't been tradin' much with the stores in Huston, buyin' mostly from the catylog folks y' know, an' so we didn't have any credit there to speak of. But I went 't Foster, th' druggist, an' I told him how things was. I didn't have no money 't pay fer th' medicine an' things, an' the prospects fer the next year was as poor er poorer than th' last."

"Why cert'nies, Mr. Williams," he says, 'jest let us know what you want an' we'll carry you along till times come better fer you. We're all in a tight pinch now, but if we hang 'tgether things is all goin' to come out right

In the end. I have faith in th' country, an' in the people that live here. an' nobody's sick baby is a goin' to suffer if I kin help any.'

"Well, it was the same thing at Harlow's grocery, an' th' coal yard, everywhere in th' town. 'Cert'nies, Mr. Williams, we'll see y' through on this.' It made me feel mean an' small some way, though I don't know why. An' often when they'd put in a few oranges or somethin' like that, sayin' in a 'pologizin' sort of way, 'little somethin' fer th' sick baby, Williams,' why somehow it made a hard lump come up in my throat, an' I had a queer feelin' in my eyes, kinder achy like, y' know."

"Well, to be short about it, fer eight weeks you kep a gittin' weaker an' weaker, an' we kep a feelin' more 'n more hopeless. It was a sad Christmas in our home that year. Your ma was jest wore out with watchin' an' tryin' to do her work between times, an' I was so nigh sick with trouble an' discouragement 't I ust to go around by the barn an' jest cry like a baby. But I never let on to your ma though, ner she 't me. We tried 't encourage each other though we knowed in our hearts 't all our cheerful words was lies, an' each one knowed the other knowed it too."

"Well, jest th' night before New Years Doc. called us outside your

room. Oh, how my heart sunk then! 'I don't want to hold out any false hopes to you people,' he says, 'but I think with proper care from now on, your little girl is goin' 't git well.'

Elsie, it seemed jest like a ton of hay had been lifted off my chest right there. As fer your ma, why she jest busted down an' cried as hard as she could. After Doc. was gone we went out to the kitchen an' kneeled down right there an' thanked God fer the most glorious New Year's gift he ever give 't anybody in th' world—the health of our baby girl. You know your pa ain't no ranter er shouter; yer ma bein' a Baptist has furnished most of th' religion fer our house, but jest then I seen how it was that they comes times in people's lives when they've jest got to have somethin' bigger an' greater than anything human 't turn to with a great joy er a great sorrow."

"Well, it was a long time yet before you was strong enough 't play out doors, an' it was a hard winter. I burned every post of the fence around the south eighty fer firewood afore it was over. But it seemed like we had so much 't be thankful fer that we was strong 't care fer any any of th' smaller troubles that we come across."

"It really hain't so bad to look back at it now after th' trouble is over, but them hard years in Kansas drove nearly all our neighbors 't give up their land an' move away, broke in hopes an' pocketbook. Them of us as stayed is purty well fixed now, but we fit fer everthing we got, an' fit hard, too. An', O, yes, about th' catylogs. Well after you was well an' things begun 't take a turn fer th' better, one night ma brought out that Chicago book an' laid it on the kitchen table an' says: 'Ezry, what do you want 't do with this?' An' I sez: 'Les burn it.' An' your ma sez: 'Jest what I was thinkin', too.' An' so we did burn it, an' an' what's more, we ain't never had one in th' house since, an' we never send away fer anything we can git at any of the stores in Huston, 'cause we want to deal with them as has an int'rest in the country we live in, an' in us people that live clost by."

"Why, you needn't of put yours in th' stove, too, Elsie, I didn't mean—yes, I don't know but what it's jest as well y' done it after all."

Folk Denounces Mail-Order Idea.

Addressing a meeting of retail merchants in Jefferson city recently, Governor Folk, of Missouri, said:

"We are proud of our splendid cities, and we want to increase wealth and population, and we also want our country towns to grow. We wish the city merchants to build up, but we also desire the country merchants to prosper. I do not believe in the mail-order citizen. If a place is good enough for a man to live in and to make his money in, its good enough for him to spend his money in."

"No merchant can succeed without advertising in one way or another. Patronize your town papers, build them up, and they will build the town up in increased trade and greater opportunities. Do not be afraid that business is going to be hurt by the recent exposures of wrong-doing in the commercial world."

MINORITY REPORT ON SHIP SUBSIDY

HILL AND HARRIMAN ARE BITTERLY ATTACKED BY DEMOCRATS.

Rap Given Protective Tariff—House Permits Army to Sell Cattle Feed to Montana Citizens—Beveridge on Child Labor.

Washington, Jan. 29.—J. J. Hill, E. H. Harriman and the Republican policy of protection were assailed in the minority adverse report on the Littauer compromise ship subsidy bill, which was filed in the house Monday by Mr. Spight, of Mississippi, and bears his signature, as well as that of three other Democratic members of the house committee on merchant marine and fisheries, Messrs Goulden, Sherley and Patterson.

After reviewing the proposed subsidies to South American and oriental lines, the report says: "It is not pretended that the proposed appropriations are intended merely to compensate for services rendered, but admittedly the larger part is pure gratuity. This objection is fundamental, and no amount of sophistry or volume of specious argument can obscure it. Were it limited simply to payments for new mail routes it might be acceptable for that purpose, though not as a real aid to merchant marine."

Assaults Hill and Harriman. The report discusses the two proposed lines which are to be subsidized between the Pacific coast and the orient, saying:

"But when it is recalled that at Seattle, north of Cape Mendocino, is the existing steamship line owned by J. J. Hill, and south of it at San Francisco is the Harriman line, the Pacific Mail, we may begin to suspect that there is a bigger in the woodpile. Who are J. J. Hill and E. H. Harriman? The former is the great railway magnate of Northern Securities notoriety, who tried to merge vast interests in violation of the law, and was only prevented by proceedings in court. Harriman is another leader of corporate wealth who controls more railway trackage than any other man in the world. Is it hard to guess who, under this bill, would pocket \$1,400,000 of the people's money?"

It is then stated by the report that the proposed line from the Pacific coast to Chili would be a mere extension of the Harriman line to Panama, and the general principle of governmental subsidy is attacked. The report declares that governmental aid of this sort can never result in a great merchant marine and urges the repeal of tariff legislation which hinders shipbuilding in this country.

Relief for Montana.

Twenty bills relating to the District of Columbia were passed Monday in the house, that being "District day" under house rules. A joint resolution was passed granting permission to the secretary of war to sell, during the next three months, to citizens of Montana, at actual cost to the United States at the place of sale, limited quantities of hay, straw and grain for domestic uses from the stock provided for the use of the garrison at Fort Assiniboine, Mont. Mr. Dixon, senator-elect from Montana, explained that there were 20,000 head of cattle in the vicinity of Assiniboine threatened with starvation by reason of the blizzard now raging, and in dire need of hay, straw and grain.

Senator Beveridge occupied the attention of the senate throughout the day with a continuation of his argument in behalf of his child labor bill. He had but reached the legal and constitutional phases of the question after speaking for more than four hours, and arrangement was made whereby he will conclude Tuesday.

After Navy Lobby.

Washington, Jan. 26.—Resolutions to check naval officers from "lighting a fire under senators and members to compel the enactment of the naval personnel bill at this session," were presented in the senate Friday by Senator Hale, and after causing a snappy debate of short duration, went over for future consideration.

Senator Hale's resolutions cite the president's order forbidding government employees to "lobby," and direct an inquiry by the secretary of the navy to ascertain whether the order is being violated.

The urgent deficiency appropriation bill, carrying \$279,000, as it came from the house and authorizing by a senate amendment a loan of \$1,000,000 to the Jamestown Exposition company, was passed. The latter part of the day was devoted to the disposition of pension bills.

New Child Labor Bill.

Senator Simmons introduced a child labor bill which is designed to make it unlawful for an interstate carrier to transport from the state of production into another state products of a mine or factory in which children are employed or permitted to work in violation of the child labor laws of the state and seeks to make them effective. It is based upon the idea that nearly all the states have child labor laws and that they are largely ineffective and will remain so as long as they can only be enforced by local prosecution for their violation.

Michigan Did Not Wait.

The loss to Michigan through the death of Senator Alger is that of a man who found enjoyment in making happier the lives of those whom he could assist. He was true and helpful in all his relations, and the people of Michigan were glad to be true and loyal to him when he was bitterly assailed from many directions at the close of the Spanish war. It is recognized now that Senator Alger deserved approval rather than criticism, but Michigan did not need to wait and did not wait until he was dead to give to him assurances of confidence and endorsement. That the closing days of Senator Alger's life were made happier by the cordial approving attitude of his home people will be to citizens of Michigan always a source of gratitude and gladness.

Democratic Leaders Will Ignore Plank.

It comes from Washington and is said to be at least semi-official, that the democratic leaders of the legislative representation of that party have decided not to permit the demand for the government ownership of railroads to find any expression in the next national platform of their party. It is now known to them, the leaders declare, that their party strongholds in the south will instruct their delegates if necessary to oppose

a government ownership plank in the platform, regardless of how that action will affect Mr. Bryan's candidacy. It will evidently be up-hill work for a party to create enthusiasm for a presidential candidate whose most eager purposes they are compelled to check and hinder through decided convention expression. In any event it is quite certain that Mr. Bryan has not now one half the strength as a possibility for the presidency which he seemed to possess on the day he landed in New York from his trip around the world.

No Fees In This Case.

A. H. Wilson has returned to Holland and this will end the squabble which of the two, the Marshal or Sheriff will serve the papers on him, Wilson who deserted his wife and children in November, went East visiting points in Pennsylvania, New York and West Virginia. In the mean time his wife made complaint and a warrant was issued, charging him with non-support. There was some delay and finally when Wilson was located in West Virginia, Marshal Kamferbeek wanted to go and get him, but as extradition papers were necessary the prosecutor held that the Sheriff was the man to handle the case instead of the Marshal. This decision created friction between Marshal and Sheriff. Wilson came home penitent and will try and do better, on the strength of these promises no proceeding will be brought against him.

Wins Silver Medal.

Earl Luther is the proud owner of a silver medal won in a contest Thursday evening under the auspices of the W. C. T. U. His delivery of the "The Prodigal's Soliloquy" won for the young man the honors, although he had four misses as opponents. The winner is the son of Rev. A. T. Luther, pastor of the M. E. church.

This is the second silver medal contest held here under the auspices of the local union, and the young people are taking great interest in them. Not only in their interest in the cause of temperance stimulated, but those who participate are learning valuable lessons which will later aid them when called upon to appear in public in some capacity.

The contestants were Miss Edith Boylan, whose recitation was entitled "The Converted Rumseller;" Miss Maud McClellan, who gave "Elder Lander's Cider Mill;" Miss Lydia Gunser, a pathetic story of "Rum's Tragedies;" Miss Goldie Price, whose monologue "The Expectant of Dr. Diggs" aroused the laughter of the audience by its contrast to the pathetic tales preceding it; the winning recitation, "The Prodigal's Soliloquy," Earl Luther. The contest was held in the M. E. church parlors, and there was a fair sized audience present, which would undoubtedly have been larger but for numerous other attractions.

The program was interesting, the recitations being interspersed with pleasing musical numbers. After the prayer by Rev. Mr. Luther, Mrs. H. Van Ark sang a solo; Miss Pearl Bingham and George Dok rendered two mandolin duets, a solo by Miss Dalman, duet by Miss Myrtle and Chester Beach, duet by Misses Fairbanks and St. Clair, and by Benj. De Jongh and G. Van Peursen completing the musical part of the program. During the deliberation of the judges, who were Supt. W. T. Bishop and Miss E. Cronin of the city schools, and Prof. J. W. Beardslee, jr., of Hope college, the Misses Evelyn De Vries and Ruth Post entertained the audience with readings.

Damaged By Fire.

At 1:15 Saturday afternoon fire was discovered in the brick structure of the Walsh De Roo Milling & Cereal Co. The fire originated in the baking ovens and communicated along the elevator shaft to the drying bins on the third floor. It was a difficult job for the fireman to locate the blaze owing to the dense smoke, but by their untiring efforts and two hours of hard work the fire was brought under control. The loss has not as yet been adjusted but will be about \$4,000. Remarks of comment could be heard on every side praising the firemen for their diligent work, as most people thought that the building was doomed. Mr. Klooster's men worked under great difficulty. In the first place the weather was bitterly cold a thing always dreaded by the fire laddies, then again owing to the heavy smudge the fire was hard to locate. These conditions prevailing the firemen deserve the credit for doing a good job of fire fighting.

Several orders received this week by the company had to be turned down, on account of the stock on hand being damaged by water.

Cosmopolitan Banquet.

Friday evening the Cosmopolitan Society held a banquet with their friends in Cosmopolitan Hall. It commemorated in a way the twentieth anniversary of the existence of the society. Hitherto the society has always felt itself one of the youthful organizations of the college, but as the date of its majority approaches and other new societies are constantly being organized this feeling of newness gives away to the veteran, and the banquet of Friday evening was in true style of veteran societies.

The hall had been appropriately decorated for the occasion and the large floor space was occupied by the richly laden banquet tables. The committee had done its work exceptionally well and good cheer and hearty laughter were the stock in trade of the evening.

The membership of the society is thirty five: which made the company gathered at the banquet tables seventy in number. Every one reported a good time, a time not to formal and yet not to informal put the golden mean between these two. But after the repast had been served the guests enjoyed the feast of pun and wit as six members responded to toasts.

A. Mulder, president of the society acted as toast master, and after a general introduction of everybody to everybody else, he introduced each speaker to guests, dwelling with particular emphasis on the peculiar traits of the members he introduced. The toast master as well as most of the other members received his full share of slams; and formal repartee of a rather inclusive nature was the feature of the evening.

The following responded to toasts: John Van Zanten, who subject was "Green Peas," Fred T. Miles on "Our Sisters," Gerrit Van Peursen on "Colors," John Vander Schaaf on "Characteristics of a Modern Dutchman" and William Walvoort on "Woman Suffrage."

The following are the names of guests and members: The Misses Grace Knooihuizen, Jennie Van Dyke, Etta Eskes, Kate Vanden Brink, Muller, Lena De Haan, Jennie Plasman, Josie Kerkhoff, Henrietta Bloemendaal, Estella Kollen, Arendsen, Elizabeth Grotamat, Minnie Riksen, Anna Witvliet, Reka De Feyter, Hilda Stegeman, Marie Blom, Gertie Wabeke, Rose Brusse, Jennie Rozeboom, Ida Taylor, Wyuven, Grace Post, Kate Kollen, Henrietta Westrate, La Fever, Van Tol, and Hattie Massalinck, Messrs. J. M. Slagh, Benj. De Young, Philip Jonker, Henry Mollema, C. Mulder, J. A. Roggen, A. Roosenard, Joseph Rizoo, G. Van Peursen, J. Van Zanten, A. Renskers, H. Reukis, J. Van der Schaaf, Wm. Officials Visit Holland.

Officials of the Graham & Morton line and the G. R. H. & C. railway made a trip over the railway system yesterday and inspected the dockage of the steamboat company at Macatawa Park. A special car was provided, and after the trip the party was taken to Grand Rapids.

The Macatawa dock will be used the coming season, and it is at this place that the transfer of freight to the interurban line will be made for Grand Rapids and intermediate points. This will save time and will enable the railway company to get shipments into Grand Rapids in quicker time than has been the custom.

The boats will stop at Ottawa Beach as has been the custom in previous years. There may be some change in the schedule of the boats, but the company is not ready to make any announcement before the opening of navigation, which will be inaugurated at this port as early as spring weather will permit.

In the party Friday afternoon were President J. S. Morton of the Graham & Morton company, General Manager Strathearn Hendrie, Vice President W. H. Beach, Traffic Manager C. A. Floyd and Superintendent John Busby of the Interurban line, Agent Fred Zalsman of the local office of the G. & M. Co., and Will H. Morton who is assistant to the president of the steamboat line.

The Smith Case.

Marshal Kamferbeek, who is collecting evidence for the prosecution in the arson case against Mrs. Jennie Smith, has discovered three important witnesses whose testimony was taken at the preliminary hearing in Justice McBrides court Monday.

Earl Velzy, 15 years old, and his twin sister are the newly discovered witnesses and if the Smith woman is convicted it will be on the evidence of these two children. Earl Velzy told a closely connected story of the facts as observed by him on the night of the fire. He stated that he saw Mrs. Smith emerge from the yard of her residence about eight o'clock on the night that the fire broke out in her home, and the witness' sister testified that she saw the woman in the glare of the electric light and could not be mistaken in her identity. The woman was hurrying west on the street, walking and running.

George Vrieling testified that on the night of January 9, the date of the fire, he reached home at 6:30 and saw fire in the Smith house, puffs of smoke coming out of the roof of the kitchen. He also saw a woman moving about in the house. He called the attention of his father to the flames and they watched it until it seem to die down. At 7:30 o'clock when the witness and his mother went to church no fire could be seen but at 9 when they returned home the fire was again blazing and the witness turned in the alarm.

Deputy Marshal Koeman stated that as a member of the fire department he visited the Smith house, arriving after the members of No. 2 company had begun work and the fire was nearly extinguished. He investigated the surroundings, and found oil soaked rags in the cupboard on the first floor.

The case was continued until next Friday.

A Splendid Entertainment.

The Lulu Tyler Gates company entertained at Winants Chapel last night. The large audience and its undivided attention showed that the program throughout its course was appreciated. Every number on the program received its due amount of encores and was generously responded to on the part of the entertainers. All show marked skill and promise good for the future. Especial mention must be made of Mrs. Gates, the reader of the evening. It is quite impossible to convey in words her power of expression and delivery. Her stories and sketches were true to nature and were of such a nature that the most critical auditor could not help but be charmed by them. The entertainment was of a high order and gave universal satisfaction.

Van Leeuwen-Onk.

A very pretty wedding took place at the home of Mr. and Mrs. C. Van Leeuwen about three miles southeast of the city last Thursday afternoon at three o'clock when their daughter Mary was united in marriage to Garret Onk by Rev. Wayer in the presence of relatives and intimate friends. The bride was prettily gowned in white crepe de chene and carried bride's roses. She was attended by her sister, Maggie Van Leeuwen, who wore a gown of white dotted mull and carried carnations. John Van Leeuwen, brother of the bride, was best man. The wedding march was played by Miss Minnie Van Leeuwen, sister of the bride. The rooms were decorated with smilax and carnations. Many beautiful and useful presents were received. Doelker Gets New Position

W. F. Doelker, formerly with the Holland Gas Co., who has been located in Mattoon ever since the Child-Hulswit syndicate secured control of the business of the local gas company, being employed as the "new business" man to procure consumers of gas, has been promoted, and on the 15th of February will leave for Cadillac, Mich.

Mr. Doelker has been here but two years, but he has shown more than unusual interest in this city and has taken advantage of every opportunity to "boost" the town. He is a member of the Knights of Pythias and the Knights Templar, the members of which lodges and the business men in general will regret his departure.

The Cadillac plant is owned by the Child-Hulswit company, the same concern which owns the local plant, and Mr. Doelker's assignment to Cadillac is in the nature of a good promotion, as the town is much larger than Mattoon and the prospects for the future of the gas plant there are much better than in this city, as there is a larger field.—Mattoon Journal-Gazette.

A FABLE FROM NATURE.

A nightingale wooed, in a garden green,
The loveliest rose that ever was seen,
And he sang for her, with his wilding art
The tremulous plaint of a wistful heart

"Dearest nightingale," said the little rose,
"Such a wonderful gift you songs dis-
close,
That I long for this world to share with
me
The magical charm of your melody."

The nightingale thrilled with a joyous
pride,
As he flew to the tree-tops far and wide—
And plaintive and tender and sweet he
sang,
Till the whole green earth with his praises
rang.

But the rose no echo nor tidings knew,
And paler and frailer each day she grew;
Yet, bravely she answered the jeering
rain—
"Nay, hush! for my love will come back
again."

When the first wild joy of his song was
spent,
The nightingale back to the garden went
"Dear rose, I have brought you my
fame!" he said,
But no answer came—for the rose was
dead.

Diving for a Wife.

In many of the Greek islands diving
for sponges forms a considerable part
of the occupation of the inhabitants.
The natives make it a trade to gather
these, and their income from this
source is far from contemptible. In
one of the islands a girl is not per-
mitted to marry until she has brought
up a certain number of sponges, and
given proof of her skill by taking
them from a certain depth. But in
some of the islands this custom is
reversed. The father of a marriage-
able daughter bestows her on the best
diver among her suitors. He who
can stay longest in the water and
bring up the biggest cargo of sponges
marries the maid.

SOME ONE HAD BLUNDERED.

Information and Postmark in No Way

An editor said of the late Mrs.
Craigie, or John Oliver Hobbes, as the
brilliant American novelist was
known:

"I had the honor of dining with Mrs.
Craigie during the London season at
her beautiful house in Lancaster Gate.
She lived there in great luxury with
her father, who is a millionaire chem-
ist. Across the street dwells the earl
of Meath, the marquis of Alisa lives a
few doors above, while next door is
the mansion of the earl of Dunmore,
a Scottish peer whose servants all
wear the highlander costume, with
the kilt, plaid and bare knees.

"Mrs. Craigie was a superb mimic.
Mimicry, as she had mastered it, is
one of the fine arts. I remember well,
that night at dinner, how she mim-
icked a silly, empty-headed little lady
whose husband, a lover of gaiety, was
inclined to neglect his wife.

"Mrs. Craigie told us that this lady,
while spending the winter in the coun-
try, said one day at the country post
office:

"Dear me, what a silly mistake
you post office people have made."

"How, madam?" asked the clerk.

"Why," she explained, with a titter,
here I have just gotten a letter from
my husband, who is working hard in
London, and the envelope is post-
marked Monte Carlo."

GROWTH OF THE DICTIONARY.

Twenty Years of Work Before Book
Is Completed.

What would the wise men of Nine-
veh, who, 700 years before Christ,
wrote down the words of their lan-
guage on small tablets of clay, think
could they come to earth and see, after
its completion, the master dictionary
which is now under process of making
in Philadelphia.

Those wise men of so many cen-
turies ago were the infant beginners
in the business of lexicography. One
set of cuneiform tablets for the Assy-
rian king's library was all that they
were required to furnish.

Not so easy is the job of dictionary
making in these advanced times. The
Philadelphia publisher above referred
to has kept a large staff at work on
his new dictionary for 14 years, ex-
pending \$400,000, and has just com-
pleted for printing the matter from
"A" to two-thirds of "E." It is esti-
mated that \$250,000 more will be re-
quired to complete the work, which
will consume at least five years in ac-
complishment.

Hitting Back.

The suburban trolley was tied up
and they had been walking toward
home for an hour.

"John," she ventured after a long
silence, "how far have we walked?"
"Dunno," growled John, as he felt
his melting collar. "You didn't take a
pedometer for a husband."

She said nothing. The next morn-
ing John was going fishing and in-
stead of awakening at four he slept
till seven.

"Great Scott!" he exclaimed, search-
ing for his shoes. "Why didn't you
arouse me earlier?"

"Arouse you?" she said, sweetly.
"Why, my dear, because you didn't
take an alarm clock for a wife."—
Chicago Daily News.

So Sweet of Him.

"I believe she remarked," said Miss
Richley, angrily, "that I might be a
success as a vendor of catfish."

"Er—not exactly," replied Mr. Gall
aunt. "She said your mouth was your
fortune."

"Indeed?"
"Yes; and I told her I was surprised
to hear that your fortune was so
small."

HOUSE IN COMMITTEE OF WHOLE VOTES TO CONTINUE DISTRIBUTION.

OLD METHOD PROVES THE MOST POPULAR

Bill to Loan \$1,000,000 to Jamestown Exposition Meets with Opposition—Beveridge Continues Speech on Child Labor Bill.

Washington Jan. 30.—Under the leadership of Mr. Candler of Mississippi, Tuesday, the house in committee of the whole voted to continue the free distribution of garden and flower seeds along old lines and not according to the methods as recommended by the agricultural committee in the appropriation bill.

Mr. Jones of Washington made a point of order against the amendment that no distribution of seeds were authorized by law.

Mr. Foster of Vermont in the chair, sustained the point but admitted that it was an exceedingly close question. Were it a new proposition, there was no doubt in his mind that it should be sustained, but in view of the long continued practice and some precedents, he felt that the house should itself decide. In order that it might do this he sustained the point.

Mr. Candler appealed from the decision and by a vote of 84 to 136 the chair was overruled. The amendment appropriating \$238,000 for the free distribution of ordinary seeds was, then adopted, as has been the practice for a number of years.

On a point of order made by Mr. Macon of Arkansas the increase of \$1,000 in the salary of Chief Forester Pinchot, recommended by the committee on agriculture, was stricken out. Balk Jamestown Loan.

Mr. Littauer of New York reported to the house Tuesday the item attached by the senate to the urgent deficiency bill loaning \$1,000,000 to the Jamestown exposition and asked that the house consider the senate amendment as in committee of the whole, this being the most expeditious way in which to reach the issue. Considerable opposition developed, Mr. Foster of Vermont objecting to the consideration as proposed.

Mr. Macon of Arkansas asked if the loan was of the same character as that made to the St. Louis exposition. Mr. Littauer stated that he would hardly say that it was.

Rather than precipitate a debate Mr. Littauer withdrew the bill with the senate amendment and the bill will take its regular course through the appropriations committee for consideration and report.

Beveridge Continues to Speak.

In continuing his speech in behalf of his child labor bill Senator Beveridge Tuesday presented a number of affidavits setting forth conditions in southern cotton mills and asserted that many children under 12 years of age were working in these mills. In reviewing the many indorsements which, he said, had been given his bill, he said hearty commendation of the measure had been made by "The man who will be the next standard bearer of the Democratic party," and also by the present president of the United States.

"I want to know about the indorsement of the next standard bearer of the Republican party," suggested Senator Carmack.

"My dear—" began Senator Beveridge, and then as the remark caused laughter—"I was going to say my dear boy, there are many things you want to know which I am not going to tell you."

SHOOT WIFE AND SELF.

Divorce Proceedings Results in Tragedy at Kenosha, Wis.

Kenosha, Wis., Jan. 30.—After waiting for his wife at a corner in the business section of Kenosha Tuesday, Jacob Gerbovitz, aged 24 years, shot his wife four times and then sent a bullet into his own neck.

Scores of people saw the shooting and some pounced on the assailant, while others hurried his wife to a hospital. Gerbovitz is said by surgeons to be dying from the bullet wound. Mrs. Gerbovitz is suffering from nervous shock. The trouble is said to have resulted from divorce proceedings which were started yesterday by the man's wife.

Grocery Store Blown Up.

Carome and his family, who slept in the rear of the store, were badly bruised and one Italian who slept in a room over the store, was seriously injured. The explosion is said to have been the outcome of a feud between Italians employed by local contractors.

SWETTENHAM STEPS OUT

KINGSTON UNDERSTANDS GOVERNOR HAS RESIGNED.

People of Ruined City Are Relieved of Rates and Taxes for Fifteen Months.

Kingston, Jamaica, Jan. 28.—It is understood that Gov. Swettenham tendered his resignation to Lord Elgin, secretary for the colonies, a few days ago in consequence of the Admiral Davis incident and his inability to solve the problem created by the earthquake.

On Saturday the governor visited the temporary offices of the municipal council, and informed the vice chairman, who is acting in the absence of Mayor Tait, who is injured, that the government had decided to relieve the people of Kingston from all rates and taxes for a period of 15 months beginning the first of January. This announcement has been received with gratification by the residents of the city, who will be encouraged to start the work of rebuilding as early as possible.

Most Rev. Enos Nuttall, archbishop of the West Indies, in an interview said that the municipal council was unable to deal with the present extraordinary emergency and should be abolished and one commissioner with full powers should be appointed to govern the city during the period of reconstruction. He also declared that in addition to the generous contributions from the United States, Canada and elsewhere, it was absolutely necessary to obtain an imperial grant and a large imperial loan to rebuild Kingston, more particularly in view of the attitude of the English fire insurance companies, which have disclaimed all liability for losses sustained during the earthquake and fire.

Kingston, Jamaica, Jan. 26.—The lack of cooperation on the part of the central control here is greatly hampering the work of extending relief, providing shelter for the earthquake sufferers, pulling down the unsafe walls and repairing the damaged buildings, for which Gov. Swettenham is severely condemned. The Daily Telegraph in an editorial says:

"His excellency is still careering around the city, poking his nose into various corners and attending to petty details which his subordinates ought to attend to. The result is that when prominent officials and other gentlemen in charge of important work call at headquarters house to consult him they cannot find the governor. There is a total absence of a deliberate, organized movement. This is a state of affairs on which the British and colonial governments cannot congratulate themselves."

A report issued by Health Officer Ogilvie warmly thanks the crew of the American battleship Missouri for their assistance in erecting tents and commends the services of Surgeon Norton of the Missouri in establishing the American hospital in Winchester park. The report that the sailors were guilty of some looting is authoritatively denied.

OLIVER GETS CANAL CONTRACT.

Given Ten Days to Associate Himself with Two Others.

Washington, Jan. 28.—Following a conference at the White House Sunday, it was officially announced that the contract for building the Panama canal would be awarded to William J. Oliver, who, with Anson M. Bangs, was the lowest bidder in the recent competition, provided that within the next ten days he associates himself with at least two independent contractors whose skill and experience, combined with his own, shall cover the field of the work to be performed under the contract.

When informed of the statement, issued by the direction of the president, Mr. Oliver's representatives said: "There is absolutely no doubt about Mr. Oliver's being able to fulfill the requirements of the canal commission. There are now at least 20 of the most responsible contractors in the United States who have expressed a willingness to join Mr. Oliver in the work of constructing the canal at the figure mentioned in his original bid. These names will be submitted to President Roosevelt with proof of their financial ability. Before entering into another arrangement, Mr. Oliver wants to know positively that the contractor he chooses will be acceptable to the government."

SHAWNEETOWN HAS A SCARE.

Levee Breaks, But Entire Town Turns Out and Repairs It.

Evansville, Ind., Jan. 28.—The Ohio river is falling here and Sunday night stood at 45.7 feet. The Wabash river is again rising rapidly. At one o'clock Sunday morning a break occurred in the south part of the levee at Shawneetown, Ill., and the men stationed in the churches rang all the bells and soon every able-bodied man in the city was at work on the levee and the break was finally stopped.

A telephone message from Shawneetown stated that the levee is holding, but fear is expressed that the great volume of water now coming out of the Wabash river will do serious damage to the big embankment. The levee is heavily patrolled.

CELEBRATE CARNATION DAY

THE MEMORY OF EX-PRESIDENT M'KINLEY HONORED.

Officials in Washington All Wear Blooms—Canton (O.) School Children Attend Concert.

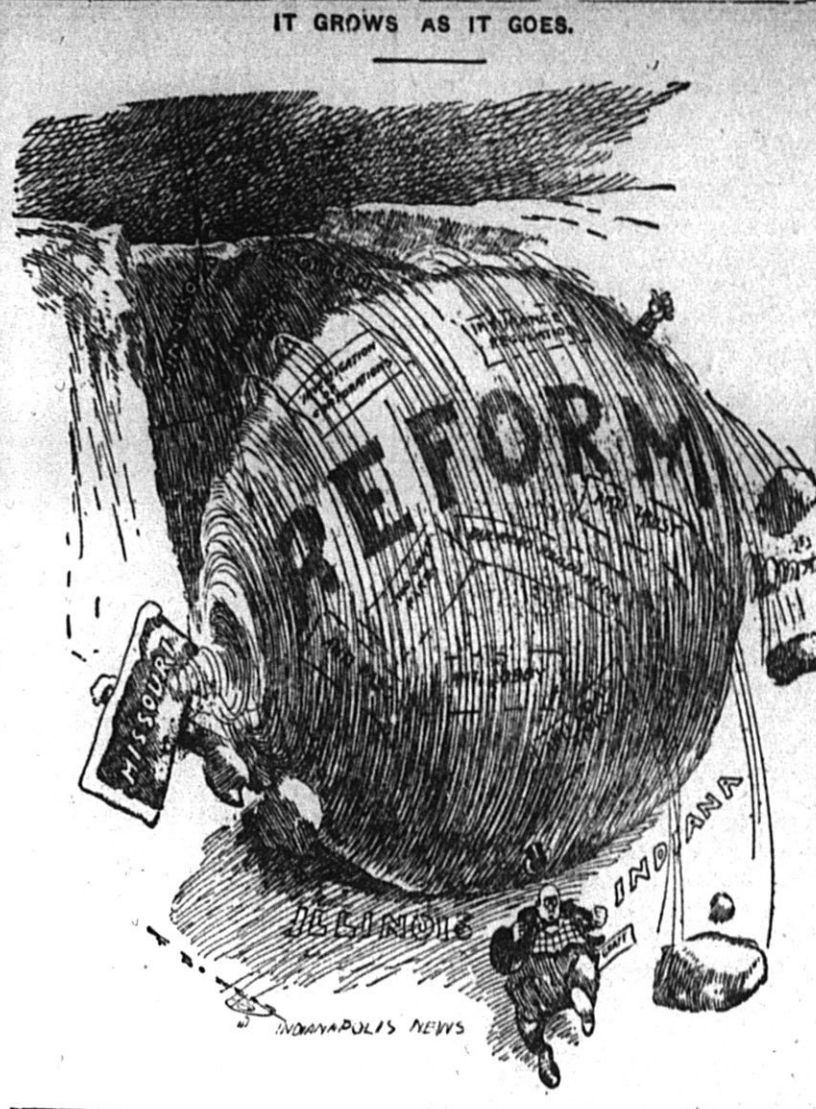

Washington, Jan. 30.—Tuesday was the sixty-fourth anniversary of the birth of William McKinley. Named "Carnation day," the anniversary was observed generally in the nation's capital. Government officials, members of congress and private citizens wore the slain president's favorite flower.

President Roosevelt had on his desk a great vase of carnations. A similar bunch of carnations adorned the desk of Secretary Loeb.

Postmaster General Cortelyou, one of the founders of the "Carnation League of America," presented carnations to bureau and division chiefs and members of his executive staff. In a circular sent broadcast by the trustees of the McKinley memorial it is indicated that the purpose of the "Carnation League of America" is to instill into the hearts and minds of the people a desire for a real patriotic observance of all of our national days. "Carnation day, in its simplicity and delicate sentiment, is particularly appropriate as a memorial to William McKinley."

Canton O., Jan. 30.—"Carnation day" was observed in Canton public schools by the recital of incidents in the life of McKinley, by teachers and pupils. The public schools were dismissed early in the afternoon to allow pupils to attend a McKinley human flag concert in the Auditorium, where 400 girls were dressed to represent a human flag. The concert was repeated in the evening and Mrs. McKinley occupied a box.

A local florist placed on the McKinley casket by order of Postmaster General Cortelyou a large wreath of carnations, tulips and hyacinths. Many other floral remembrances were sent to the McKinley tomb by Canton and out-of-town friends of Mrs. McKinley.

STANDARD OIL IS WORST OF TRUSTS

ACCUSED OF MANY CRIMES BY INTERSTATE COMMERCE COMMISSION.

Probe Bares Monopoly—Discrimination, False Pretenses, Bribery, Corruption of Press and Debauchery of Public Officials Charged.

Washington, Jan. 29.—The most terrific arraignment of the Standard Oil company yet made by either private or public investigator was that filed with congress Monday by the interstate commerce commission.

Every conceivable corporate crime, from discrimination and false pretenses to bribery, corruption of the press and debauchery of public officials, is contained in the catalogue of charges.

After a long and painstaking investigation ordered by congress, in which hundreds of witnesses were examined in various cities of the country, and ample opportunity was given the oil octopus to defend itself, the commission makes a report that completely overshadows the sensational disclosures revealed in the report of Commissioner of Corporations Garfield on the same subject last May.

Bares Oil Monopoly.

Garfield's report was confined largely to the relations of the Standard Oil company to the railroads of the country; the interstate commerce commission's report goes into the whole subject of monopolistic control of the oil market. With a wealth of detail it describes the devious methods employed by the Rockefeller combine to crush competition.

Some of these methods are outlined by the commission as follows:

"The Standard has sold 'different' grades of oil at different prices from the same barrel.

Widespread Bribery Charged.

"It has paid employees of independent oil companies for information as to the business of those competitors, and has paid employees of industrial companies to secure the adoption of its oil in preference to that of its competitors.

"It has followed every barrel of independent oil to its destination. Its agents are instructed to secure customers at any sacrifice.

"It has tampered with the oil inspectors in different states. The laws of several states concerning the inspection of oil are singularly defective, and this has been turned to profit by the Standard.

"The Standard buys advertising space in many newspapers which it fills, not with advertisements, but with reading matter prepared by agents kept for that purpose and paid for at advertising rates, as ordinary news. The assumption is that this literature furnishes many of the ideas touching the great benefits conferred upon the public by the Standard Oil company.

Operates "Fake" Concerns.

"The operation of such fake independent concerns has been one of its most effective means of destroying competition.

"The Standard has habitually reduced the price against its competitors in a particular locality while maintaining its prices at other places. When competition was destroyed, it restored or advanced former prices."

Government Must Take Action.

"It is becoming necessary," says the report, "for the uprooting of established wrongs and the prevention of others, that the government shall fix in the first instance the rates and regulations for the transportation of oil. This method has been adopted by the legislature of one state.

"It will probably be found necessary to disassociate, in the case of oil, as in that of other commodities, the function of transportation from that of production and transportation.

The investigation by the commission failed to disclose any instance where a railway company has been interested directly in oil lands or in petroleum production, only one instance was discovered where officials of a railway company were interested in the production and sale of oil.

SIX DIE IN BURNING FACTORY.

Mill at Dover, N. H., Destroyed with Loss of Life.

Dover, N. H., Jan. 28.—At least six lives were lost Saturday in connection with the destruction by fire of Mill No. 1 of the extensive plant of the Coheco Manufacturing company, manufacturers of cotton goods in this city. At noon, six hours after the fire broke out, it was announced that the overseers of the factory had satisfied themselves that none of the employees was missing. At about two o'clock, however, firemen found in the ruins the bodies of six boys who had been employed in the mill room. Nearly every one of the bodies had been burned beyond hope of their identification. The financial damage is estimated at between \$50,000 and \$60,000.

Jealousy Causes Tragedy.

Philadelphia, Pa., Jan. 28.—John Glacken, a salesman, shot and instantly killed Maria Morris in front of her home early Saturday and then fired two bullets into his own body, causing wounds that are believed to be fatal. Glacken, the police say, was jealous of the woman and shot her because she had refused his proposal of marriage. Glacken is 26 years of age and the woman one year older.

BIG INCREASE IN SICK ROLL.

Many New Scarlet Fever Cases Reported at Chicago.

Chicago, Jan. 30.—Epidemic conditions in Chicago Tuesday jumped beyond all record of the health department. Officials declared, however, there were many reasons to account for the large number of new cases reported. There were 407 scarlet fever cases reported, as against 18 Monday. Diphtheria showed a decrease, 29 cases being reported, as against 43 Monday. There was an increase in measles of 27 cases Tuesday and 23 cases Monday. Miscellaneous cases of contagion were reported as 9, making a total of contagious diseases reported today as 472. Dr. Heman Spalding, in charge of the contagious disease division, was startled at the alarming increase, but insisted that the figures did not tell the true story.

DeKalb, Ill., Jan. 30.—The epidemic of scarlet fever which has prevailed here for a month or more and resulted in the closing of the State Normal school and the public schools, has abated to such an extent as to justify the reopening of the schools. The State Normal will be reopened Thursday of this week, and the public schools Monday next.

HUNDREDS KILLED IN MINE DISASTER

EXPLOSION OF FIRE DAM OCCURS IN SHAFT NEAR SAAR-BRUECK, RUSSIA.

Terrific Hurricane at Hong-Kong
Drowns Over 100 Chinese—More Than 50 Junks Sunk and Harbor Full of Wreckage.

Saarbrueck, Rhensish Prussia, Jan. 29.—A firedamp explosion occurred Monday morning in the Reden coal mine at St. Johann-on-Saar, opposite Saarbrueck, and caused the loss of from 150 to 200 lives. The Reden mine is owned by the Prussian government.

Up to six o'clock Monday evening 77 bodies had been brought to the surface and 56 corpses were known to be still under ground. Only 50 live men have been brought out, and of these the doctors say at least 35 surely will die as they are frightfully injured through having been hurled against the walls of the galleries by the force of the explosion.

An official report given out Monday evening says the number of dead may not exceed 160.

Immediately after the explosion rescue workers were hurried from all the adjacent mines and boldly entered the Reden shaft in great numbers.

The work of rescue was greatly hampered by the poisonous gases resulting from the explosion and by a fierce fire that broke out immediately afterwards. During the afternoon the efforts at rescue had to be suspended for these reasons, and the workers had to be ordered out of the mine.

Second Explosion Occurs.

After all the rescuers had reached daylight, according to one version, a second terrific detonation was heard underground. But, according to another report many of the rescuers were still below when the second explosion occurred, and it is estimated that the casualty list from the two explosions reaches a total of 300 men.

It is regarded as certain that the lowest levels of the mine are completely wrecked, and the inspectors are deliberating upon further measures to get control of the fire. The managers are discussing the advisability of flooding these levels as the only means of extinguishing the flames. It is believed that all the men who were in the lower levels assuredly are dead. It will take a full week to enter and explore the mine.

Three Die in France.

Paris, Jan. 29.—An explosion in a coal mine at Llevin in the Courrières district, caused by a gas leak, caused the death of the chief engineer and two of his assistants.

Hundred Chinese Drown.

Hong Kong, Jan. 29.—A terrific rain squall broke over Hong Kong Monday morning and in the space of ten minutes sunk over 50 Chinese craft in the harbor, more than 100 natives being drowned. There were no casualties among the white population. Launches from the shore rescued many occupants of the swamped boats. The harbor was littered with the wreckage from the sunken junks.

North Dakota Needs No Money.

Washington, Jan. 28.—Representative Marshall of North Dakota in an interview Sunday night declared that, while there is a shortage of fuel at some points in North Dakota and danger of shortage at others, growing primarily out of the so-called car shortage and later out of the unusual snow storms, North Dakota is in no need of financial assistance whatever.

Charles G. Evans Killed by Gas.

Springfield, Ill., Jan. 29.—Charles G. Evans, brother of Senator Evans, of Aurora, was found dead in his bed Monday morning at the Henion hotel. The coroner's jury returned a verdict that Mr. Evans came to his death by being accidentally asphyxiated by gas.

PALMA TELLS OF REVOLT

SAYS HE COULD HAVE PUT DOWN REBELLION.

Could Not, However, Prevent Bloodshed or Destruction of Property—Now Living in Retreat.

Manzanillo, Cuba, Jan. 29.—Ex-President Palma gave out an interview Monday in the remote retreat on the Cauto river where he is establishing a home. He is now living in a shanty with his two sons. His wife and other members of his family are at Matanzas waiting until Palma can build for them a home. The ex-president has 1,000 cattle on the ranch, and will soon erect a house.

Senor Palma in the interview told of his struggles since 1898 to throw off the Spanish yoke and obtain permanent peace and security for Cuba.

"When after years of bloodshed and sacrifice," he said, "the Cuban people, with the aid of the United States, set up the republic, I thought turbulence was a thing of the past, and a long era of happiness and prosperity was ahead.

"During the four years of my administration there was peace and confidence. Public improvements were made, foreign capital flowed into the country to build railways and develop natural resources. The country's credit was high and there was millions in the treasury.

"When this position had been attained after such havoc and protracted struggle it was a painful shock to see the Cuban people had not the patriotism to stand united before the world, but were fomenting dissension and starting a revolution against their own government.

"With the millions in the treasury I could unquestionably have suppressed the revolution, but in doing this I could not prevent the destruction of property or the shedding of Cuban blood by Cubans.

"It was to avert these calamities that I stood aside to permit the United States to exercise the right and duty it had assumed of preserving Cuban independence and protecting life, property and individual liberty."

ALGER HAS SOLDIER'S FUNERAL.

Military Note Predominant in Obsequies of Dead Senator.

Detroit, Mich., Jan. 29.—It was distinctly a soldier's funeral that was held Monday over the body of the late United States Senator Russell Alexander Alger, who died suddenly last Thursday in Washington. With delegations present from the national congress and the state legislature, with the state of Michigan and the city of Detroit fully represented, there was no lack of recognition of the fact that Gen. Alger had been a statesman and senator. But as the title of "general" had never wholly capitulated to that of "senator," so the military note was predominant in his obsequies.

The funeral was held at two o'clock at the dead senator's home on Fort street, West. The service, consisting only of prayer, scripture reading and a benediction, was read by Rev. E. H. Pence, pastor of the Fort street Presbyterian church, assisted by Rev. D. M. Cooper.

The procession to Elmwood cemetery was led by a military escort consisting of the seventh regiment, United States Infantry and the First regiment, Michigan National Guard, with Lieut. Gov. P. H. Kelley and the military staff of Gov. Warner, who is confined to his home by illness. Thousands of people lined the sidewalks as the procession passed.

New Parsonage.

A new \$4,000 parsonage will be built for the pastor of the Ninth Street Christian Reformed church as was decided at a meeting of the congregation held Monday evening. It is the intention to do this work without incurring any debts and for this reason the church will sell a portion of its parsonage property on East Tenth street and raise the rest of the money by subscription.

The present parsonage is a brick structure, much in need of repairs which would necessitate an expenditure out of proportion to the value of the building, and the church believes a new parsonage will prove the best economy in the end. The old building will be raised and as much of the material as is available will be used in the new house which will be a modern frame building.

A committee of twelve will be appointed to solicit subscriptions among the members, to raise the needed funds. The lot on Tenth street has 185 feet frontage, and 50 or 55 feet of this will be sold, netting the church a neat sum to start its new building. The church is at present without debt and the members want to maintain this position.

The annual reports of the officers showed that the congregation numbers 285 families, 620 full members and 1,337 attendants; 395 catechumens. The attendance at the Sunday school is 300; there are 27 teachers; 900 books in the library; 62 members of the Ladies' Aid Society; 34 members of the Young People's society and 36 members of the singing school.

The total receipts for the past year, from all sources, were \$7,549.91; expenses, \$7,387.41, for the pastors salary, poor, missions, etc.

The overturning of a red hot stove filled with burning coals, in the waiting room of the Grand Rapids, Holland & Chicago Interurban Railway company at Forest Grove, led to the arrest of eight young farmers, consisting of Will Knoll, Joseph Barnds, Albert Karsten, Nicholas Lanning, Lambert Karsten, Alfred Lanning, Peter Roan and George Pater. They were arrested by Marshal Kamferbeek and when arraigned in Justice Van Duren's court plead guilty with the exception of Pater, and paid fines and costs amounting to \$5 each.

EXCITING INCIDENT IN CHURCH.

Burning Hat Not Unnaturally Cause of Great Commotion.

An exciting incident occurred in a church at Heaton Moor, Manchester, England, during a recent service. While the congregation were singing the last hymn a tall waving plume in a young lady's hat was ignited at a gas bracket and began to blaze. The flames were observed by a member of the choir, and he immediately left the choir stalls and ran down the chancel. Pulling off his coat as he went he rushed past the lectern and down one of the aisles to where the lady was standing. Two school boys sitting behind saw what had occurred, and instantly began to search for the hat pins. The lady, not knowing the reason for such a liberty, had not recovered from her first shock of indignation surprise before she was stunned with amazement by the apparition of a wild-eyed, coatless person unmistakably bearing down on her. The congregation naturally turned round to follow the movements of the sprinting choirster. Just before he reached her the school boys solved the mystery of the hat pins and dragged the hat off her head and stamped the fire out with their feet. This act, however, was too late to save her from the intention of her imperious rescuer, who enveloped her face and head with his coat. The congregation were inwardly convulsed, the young lady collapsed, and the reaction of the excitement was clearly defined on the face of the gallant gentleman as he retraced his steps to the choir stalls.

TO BREAK INTO SOCIETY.

One Must Be Able to Contribute to the General Gayety.

Some one has said that to get into London society you must feed people, amuse people or shock people. In New York, according to Good Housekeeping, you must at least attract their attention.

Having once attracted their attention you must make it evident, if you are an outsider, that you have something to bring. Beauty, if it is conspicuous enough; brains, if they are coined into the small change of social intercourse; money, if you know how to use it.

It is not enough to be well born, well bred, well off, well dressed, well educated. Not a block of the residential parts of New York but is filled with people who are all of these.

There is another requirement in order to be desirable socially, namely, to have something to contribute to the general gayety. Men have grasped this fact in business. A man does not go and ask another for a job on the ground that there is nothing against him. But women seem to feel that an absence of any disqualification should set them in society at once.

Many a Holland Citizen Finds the Struggle Hard.

With a back constantly aching, with distressing urinary disorders, daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Holland people endorse this claim:

John Pilon, farmer near Ebenezer, says: "I had more or less trouble for years from my kidneys and whenever I worked hard or caught a cold it always affected me and caused a heavy aching pain through the small of my back. It was very painful to stoop or to lift anything and at times the aching was so persistent I could scarcely get about to do my work. I used different medicines and wore plaster but they did me no good. As I had seen Doan's Kidney Pills highly recommended for such troubles, I went to J. O. Doesburg's drug store in Holland and got a box. I used them but a short time when I felt better and continuing the treatment I was soon cured."
