Twenty-Two Are Entered in Local Primary Election

Barring Ties, Races
Will Be Settled by
Balloting on Feb. 15

Twenty-two candidates will seek election at Holland's annual non-partisan primary election Monday, Feb. 15. It was revealed here by City Clerk Oscar Peterson as he prepared to send the names to the printer for the printing of the official election ballots.

The deadline for the filing of nominating petitions was 4 p.m. Monday. As there are no more than two candidates for any one office, all races will be settled at the spring primary unless there should be a tie vote between the two candidates which would require another vote at the April election when state officers will be elected.

There is opposition in the races for city assessor, city attorney, second and sixth ward aldermen, first and fifth ward constables. Incumbent officials for city clerk, supervisor, member of board of public works, first, third, fourth and fifth ward aldermen, second, third and sixth ward constables are without opposition.

No candidate filed his petitions for fourth ward constable, this being the only vacancy on the ballot.

John Gallen, 278 West 25th St., entered the race for city assessor and will oppose incumbent Peter H. Van Ark. A former justice of peace in Holland, Gallen was a candidate for assessor two years ago.

Nicholas Brouwer, 153 West 16th St., became a candidate for second ward alderman with the filing of his nominating petition late Monday. He will oppose incumbent Ben Steffens. Brouwer was a candidate for second ward alderman at the 1942 election but lost to John Bontekoe.

Egbert Beekman, 65 River Ave., became a candidate for first ward constable by signing a declaration of intention to become a candidate and filing his \$1 fee at the city clerk's office Monday afternoon.

REPORTS FOR DUTY

Camp Roberts, Cal., Feb. 4.—Second Lieut. Irvin J. Wolman, 208 West 13th St., Holland, Mich., has reported for duty at this California replacement training center.

Inclined to believe that his son, Staff Sgt. Steve Fuller, 25, is not dead as reported by the war department, D. J. Fuller, 12 East Ninth St., has enlisted the services of the Red Cross home service in an effort to clear up the mystery.

A telegram, addressed to Mrs. Audrey Fuller, the soldier's wife, was received Wednesday, Jan. 27, in Grand Rapids and delivered to her sister as Mrs. Fuller is now employed at Duncan field, San Antonio, Tex.

When he read Thursday's Grand Rapids paper, Mr. Fuller first learned of his son's death. Staff Sgt. Fuller was killed Dec. 5 in the Southwest Pacific area, according to the telegram.

The father was shocked by this revelation as he had received no official notification from the war department. However, he recalled that Mrs. Maude Horning, 424 Central Ave., had received a recent letter from her son, Sgt. Arthur Horning.

In this letter, which was written Dec. 16 from a hospital where he was recovering from malaria fever, Horning wrote that he had seen Fuller two days after his birthday anniversary which was on Dec. 5. According to this letter this would place Fuller still alive on Dec. 7 while the war department reported his death as of Dec. 5.

To be sure that he had previously read the Horning letter correctly, Mr. Fuller again visited the Horning home Thursday night and reread the letter carefully.

Presented with the facts of the case, the local Red Cross office telephoned the St. Louis office Friday and requested that the Washington office make another check with the war department concerning the report of Fuller's death.

The last letter Mr. Fuller received from his son was dated Nov. 2 and Sgt. Fuller wrote he had been on New Guinea for three weeks. He asked his father not to worry about him if he didn't hear from him for a long time as it was difficult to send mail. Fuller requested his father to keep sending him mail as it was received regularly.

Since then the father has been writing his son twice weekly. D. J. Fuller 12 East Ninth St., was advised today by the Red Cross that its home service is still checking on the report of the death of his son, Staff Sgt. Steve Fuller, 25, in the southwest Pacific area Dec. 5. Full information will be wired as soon as it is obtained.

Born in Grand Rapids Dec. 5, 1918, Fuller was graduated from Holland high school in 1936. He joined the national guards in Grand Rapids shortly after being graduated from high school.

He went to Louisiana in October, 1940, when the national guards were called up for federal service. He was promoted to corporal and sergeant but he forfeited his rank when he asked to be transferred to the service company of the infantry. Since then he became a staff sergeant.

Mrs. Fuller is the former Audrey White of Grand Rapids. They were married in 1938.

Other relatives of Sgt. Fuller, besides the father and wife, are three brothers, Durwood of Holland, Kenneth of Douglas and Don of Louisville; and one sister, Mrs. Peter Kievit of Holland.

Corp. William Clyde Nivison, 22, son of Mrs. Nellie Olsen, Grand Rapids, was also killed in action Dec. 5, according to a war department telegram.

Corp. Nivison is a brother of Milo and Arthur Nivison of Holland. Other relatives are two other brothers, Pfc. Loren Nivison of San Luis Obispo, Cal., and James Olsen, at home. Nivison also left Grand Rapids in October, 1940.

Van Hoff and Department Credited For Drop in Juvenile Delinquency

Grand Haven, Feb. 4 (Special) —According to Jack Spangler, county welfare agent, the juvenile delinquency is on the increase in Ottawa county, but on the decrease in the city of Holland.

Mr. Spangler said that from 1940 to 1941 there were 34 delinquent cases in probate court. Of this number, 13 were from Holland city, including three girls and ten boys. From 1941 to 1942 there were 42 delinquent cases, 21 of which were from Holland city, or 50 per cent of the cases. These 21 consisted of six girls and 15 boys. From 1942 to 1943 there were fifty-five cases, only 12 of which were from Holland, four girls and eight boys.

This is due, Mr. Spangler believed, to the fact that the Holland chief of police, Jack Van Hoff, together with other members of his department, rather than sign or

file a petition for the first offense of a delinquent child, for some minor infraction of the law, calls these boys and girls to his office, with their parents, and talks the matter over with them and, in most of these cases, the parents are surprised to learn their children are disobeying the law and cooperate with the officers to prevent the children from getting into further difficulty.

Home Deliveries Of Milk in Pints At End in Holland

Local Dealers Comply With Federal Order by Secretary Wickard

Holland milk dealers have completed arrangements to abide by a new regulation of Secretary of Agriculture Wickard who has decreed that deposits must be collected on bottles and other containers and that no more pints or half pints shall be delivered to homes or sold in retail stores.

The order became effective on Monday and its purpose is to conserve bottles and other materials, manpower, delivery equipment, gasoline and rubber tires, Wickard explained.

The deposit must not be less than one cent for each glass container of four quarts or less used in the sale of milk or cream for consumption off the premises of the handler. The deposit on milk cans and cases must not be less than 25 cents each.

Sale of milk in half-pints or pint bottles will be permitted to factories where it is consumed on the premises and at other places of business such as restaurants, hotels and other eating places. In Holland, milk dealers enjoy a large sale of milk in pints and half-pints to the employees of the various factories and industrial firms.

Effective Monday, milk dealers are permitted to deliver milk to their customers only in quart bottles. Milk can only be delivered to retail stores in quart bottles for resale, according to the regulation.

Milk returns from stores, hotels, etc., are eliminated. Delivery truck loads are limited to advance and standing orders and this is designed to save time of delivery men.

Purchases must be confined to not more than two handlers unless the delivery from each handler is in excess of 300 quarts. This applies to retail stores, hotels, etc.

The aim, Wickard stated, is to enable milk distributors to pay dairy farmers more for their milk, where necessary, while at the same time holding consumer price increases to a minimum.

In some areas, producer prices have been increased recently. Wickard, acting as wartime food administrator, said it may be necessary to boost producer prices in other areas in order to encourage greater production of milk. Ordinarily, such increases are passed on to consumers. Distribution savings should, he said, make consumer price increases unnecessary, or at the most much smaller than otherwise would be the case.

The characters in the play, Edna Van Tatenhove, Milton Van Putten, Arthur Prigge, John Mooi, Vivian Dalman, John De Haan, Vernon Rowan, Junior Hill, Elmer Vander Wege, Annis Gillette and Thelma Oonk, created all their own music and sound effects.

CAP Officers in Meeting in G.R.

Members Scheduled To Be Assigned Soon to Units of Most Interest

Officers of the local squadron of the civil air patrol were guests of the Grand Rapids squadron's officers at a luncheon in the Morton hotel, Grand Rapids, Wednesday noon, Jan. 27.

Ideas were exchanged in regard to the handling of the various squadron sections. Two of the ideas, presented by the Holland squadron and favorably received by the Grand Rapids officers, were the ways in which the new recruits are trained and also the way the training courses are mapped out and the planning in back of them.

The internal organization of a squadron was discussed and illustrated by organization charts which when completed will show the entire setup of a squadron. This has been possible in the Holland squadron by the large number of enlistments.

An interesting fact brought out by this meeting was the active part the women are taking in the CAP. Several of the Grand Rapids women have received commissions for their outstanding work in the various sections.

At a previous meeting of the local squadron, the enlisted personnel was asked to specify which section of the CAP they were most

interested in. In a short time it is expected that every member will be assigned to a section he is most interested in or best qualified for. These squadron sections consist of personnel, training, engineering, medical, operations, communications, transportation, intelligence, supply, photographic, adjutant and public relations.

John R. Dethmers

John R. Dethmers, Holland attorney, has accepted the temporary appointment of Atty. Gen. Herbert J. Rushton as chief assistant attorney general.

In Lansing, Rushton stated that Dethmers had consented to help out in the attorney general's office for the duration of the legislative session when the pressure of business is unusually great. The attorney general's office is now short handed because several members of the staff have gone into the armed services.

Dethmers will succeed James F. Shepherd who was named deputy attorney general when R. Glen Dunn resigned to become a member of the state liquor control commission.

Dethmers said he will continue his law office in Holland and will be in his office part of the time. The local attorney also is state Republican chairman and will be up for reelection at the state convention in Detroit on Feb. 19.

Seriously Hurt When Hit by Car

An aged woman was seriously injured, an 82-year-old man received a traffic violations summons and a youth was thrown from an automobile in a number of accidents which occurred in Holland Tuesday.

Mrs. Jennie Berkompas, 75, 32 West 17th St., is confined in Holland hospital suffering from a fractured skull, a fractured right hand, lacerations on her face and bruises which she received about 8:45 p.m. Tuesday when she was struck at 17th St. and River Ave. by a car driven north on River Ave. by Vesta L. Speet, 24, 142 West 32nd St., as she was crossing the intersection, according to a police report.

The driver reported having seen the pedestrian and turned to the left to avoid striking her but when the brakes were applied the car slid sideways, hitting the pedestrian.

Ronald Wieringa, 12, 106 East

13th St., suffered a shoulder injury when he was thrown from a car of Theresa Lena Wieringa, 34, 106 East 13th St., at Central Ave. and Graves place Tuesday about 12:30 p.m.

The Wieringa car was going north on Central Ave. and turning right onto Graves place when it was struck from the rear by a car driven by Henry A. Lanning, 82, 76 East 17th St., also going north. Police issued a summons to Lanning for failing to have his car under control. Bruce Raymond and Bertal Slagh were listed as witnesses.

Carol Prigge was unable to attend.

Blank Space for Health Officer

Although no candidates filed for the office of city health officer, the non-partisan primary ballot will contain a blank space for this office in which the voters may write in the name of his choice for the office if desired, City Clerk Oscar Peterson reported today.

The primary election will be held Monday, Feb. 15, at which time a straw vote, requested by the board of education, will be held on the question of permitting supervised dancing in the public school buildings.

The city clerk said that even though a health officer is elected, he may not desire to qualify for the office since it carries no salary at the present time.

City Attorney Clarence A. Lokker said the blank space will appear on the ballot because there is no desire to amend the city charter, as it pertains to a health officer, until it has been determined, during the present trial period in which the local health program is administered by the county health department, whether Holland receives the same protection, a local health officer would provide.

Mr. Lokker said that if a health officer should be elected and qualified for the office, his salary could be set by common council to correspond with the duties imposed upon him under the present setup.

Mary gets a war job

Mary is 18—just graduated from high school. She's a patriotic American girl who wants to have her part in the nation's war effort.

In the "Help Wanted" columns she sees an advertisement listing various types of war work for girls in the telephone company's business and central offices, plant and other departments.

She's a little nervous when the guard at the door directs her to the office where she is to be interviewed. But she marches bravely in, and friendly faces soon put her at her ease.

She is interviewed about her qualifications for light mechanical work, office or switchboard work, and it is decided that Mary is best fitted to be a switchboard operator.

Meeting all requirements, Mary is enrolled as a Telephone Company employee. But first, because it's work in a war industry, she is finger-printed and given a building pass.

For several weeks she is trained as an operator—paid while learning. (Selected for any other position, she would have equally thorough training.) And she makes friends with many splendid girls.

Finally comes the thrilling day when she takes her regular place at the switchboard, handling hundreds of calls and knowing full well that many of them vitally affect the war.

That she is now a war worker comes home to her even more vividly when she receives her Civilian Defense arm-band—her blackout "passport" in case she is called to the office in an emergency.

Mary is proud of her work, proud of the War Bonds she buys out of her pay. She has found the place she wanted—an interesting job where her abilities will count for Victory.

THE TEN WORST
DRESSED MEN

Some wag in Hollywood has
come out with a list of the "ten
worst dressed men in America"—
an obvious satire on "ten best
dressed men" list that came out
some weeks ago. The genius
who thought up the idea will al-
most certainly have to go on a
vacation for a while; perhaps he
was about to be drafted anyway
and so did not care much what
the victims of his list tried to do
to him.

Now there is only one more
step to be taken in this "best
dressed" business; someone will
have to come out with a list of
the "ten worst dressed women in
the United States." So far no
one has had the timidity even to
suggest the idea. Whoever takes
this assignment will have to pro-
vide himself with a bombproof
shelter first. Or perhaps some-
one might do it who was tired of
life and would like to find an
original way of committing sui-
cide. Women can take satire as
well as men can, but not satire
on their clothes.

But satire to one side, if the
list of the ten worst dressed men
in America were one that had
been honestly arrived at, it might
prove far more interesting than
the list of the ten best dressed
males. At least history seems to
prove that the more interesting
a man is the less likely he is to
pay much attention to the cut of
his clothes. Einstein likes to slop
along in slippers, and wearing
clothes that the ragman might
turn up his nose at. And every
school child knows that Abraham
Lincoln habitually appeared in
clothes that might have made a
cornfield scarecrow ashamed. Yet
who wouldn't much rather have
had a single word with either
of those two men than a whole
year with anyone or all the fash-
ionable celebrities who were re-
cently enshrined in the annals of
fame as the "ten best dressed
men in America?"

The people who make a living
selecting lists of this kind might
make a virtue out of necessity
by pointing out that it is no
longer patriotic to be the best
dressed man; contrariwise, it may
be regarded as some brand of
super-patriotism to be the worst
dressed man. Nearly everything
else has been excused or account-
ed for on the score of patriotism,
so why not the deterioration of
the male wardrobe?

Whether or not this handy little
excuse is resorted to, the change
from the "best dressed" to the
"worst dressed" is at least re-
freshing. And as satire it can
hardly be improved upon.

THE CHURCH INVITES YOU
Surprising Blessings

That place of worship which
has become dear to us through
our experiences with God there,
deserves frequent visiting. We
never can tell what new visions
of God and what fresh encour-
agement of soul may be given us.
To miss a service in God's house
is too big a risk for us to run;
we might, by our absence, be de-
prived of a special blessing.

Isaiah found his greatest ex-
perience with God in his ac-
customed place of worship. Why
not accept the invitation to go to
church next Sunday?

Plans Discussed for
World Day of Prayer

At the call of Mrs. George E.
Kollen 32 women delegated by
various churches in the city met
in the Fourteenth Street Chris-
tian Reformed church on Friday
afternoon to make plans for the
observance of the World Day of
Prayer, annually observed by the
women of this city.

This day is set aside for pray-
ing by the Christian women of the
world. It comes on the first Fri-
day in Lent, which this year falls
on March 12. The program will
be announced as soon as it is
completed. Women of the enter-
taining church served refresh-
ments at the close of the meet-
ing.

The Deity of Christ

John 8:12, 25-35, 56-59

By Henry Geerlings

There is a law of teaching which
says: "Begin with the known and
proceed to the unknown." Every
wise teacher, instead of beginning
with the deep and difficult thing
he knows as he sits before a class,
finds out what his students know
and starts at that point to add to
their knowledge. That is precisely
what our Lord did. He would
have overwhelmed His hearers had
He tried to impose upon them the
things that were far beyond their
understanding. If anyone
would like to know why He talked
to them about light and water and
the vine and the good shepherd,
the answer is found in the fact
that these were the things they
had been learning about from their
childhood. They knew much about
them. It was, as a consequence,
very easy for the Master
to lead their thoughts from the
water in the pool and stream to
Himself as the water of life; and
from the light that flooded the
temple to Himself as the true
light. In this way we can explain
much of our Lord's teaching.

Jesus is our light because with
Him we need not walk in dark-
ness. It is a blessing to have good
sight. But it is possible for one to
have good sight and yet not be able
to see. Suppose you step into a
dark room at midnight. You are
no better off than if you were
blind. You have eyes but you do
not see. Jesus is light as opposed
to darkness. Would it not be true
to say that He is both light and
eyes to us? By His creating and
keeping power we are able to
walk without stumbling. He is the
way and without Him there is no
safe going. A blind man was
walking at a good gait along the
street one day. He had gone that
way many times and knew every
inch of it. But when he spent a
certain day in the city workmen
dug up the sidewalk to repair a
pipe. When he returned he would
have plunged into the hole had
some one not called to him. It was
daytime and light but his eyes
were blind.

When we think of our helplessness
without light to walk about and
perform our daily tasks we gain
some idea of what Jesus meant
when He spoke of Himself as
the light of the world, and as
our light.

Now light shows where danger
is. That is probably the first use
of light. With this light we are
enabled to avoid the places of dan-
ger and walk in safety. That is
precisely what Jesus does in the
realm of right and wrong. We
know what is right because Jesus
came to teach us that very thing.
And what the New Testament says
about those matters is what Jesus
both taught and lived.

In the teachings of Christ we
find the supreme lessons of life.
No teacher approaches him in the
depth of principles. His teachings
are true, not just because they
were presented by Him, but they
were taught by Him because they
are fundamentally true. Mankind
has tested them through the ages
and has found them to be applic-
able to life and has found in
them the solutions of life's prob-
lems.

In His many deeds of mercy and
helpfulness He revealed light. He
embodied His principles in life.
He is the exemplar of His teach-
ings. At the basis of His teachings
good deeds were principles which
He could reveal in this manner
better than by means of didactic
teaching.

His entire life bears out the
truth that He is the light of the
world. Men saw in Him the revela-
tion of God in personality. He
was the light of the world be-
cause He embodied in His per-
sonality the qualities of God.

The light of Jesus, as light in
general, does several things for us.
Light shows the goal of our endeav-
ors. We need light to know where
we are going and what we are
seeking to achieve. Light illumines
the route we are traveling. We
need light not only on the final
outcome of our activities, but must
be instructed every foot of the way.

Light guards against the pitfalls
of the way. There are many by-
ways, many ditches, many danger
spots. The light of Jesus aids us to
avoid these missteps in life.

Jesus throws light upon the char-
acter of God. He teaches us that
God is love, and that He is the
Father of us all. Such a revelation
surpasses that from any other
source. He throws light on the
nature of the Holy Spirit. He tells
us that the Holy Spirit will guide
us into all truth. He assures us of
the presence of God in our life.

Through Jesus we learn to put
first things first. The teaching
and life of Jesus give us a proper
perspective. They aid us in placing
a true value upon the choices of
life and the opportunities offered
us in life. He indicates the des-
tiny of man. He shows that each
person is valuable in the sight of
God and that we should place a
high value on every individual.
Man's mission is to serve God and
his fellowmen. He reveals the du-
ties of man and his mission in this
life. There are some things which
must be done and others which
must be avoided. He aids us to
determine what our duties are and
for what we are accountable.

Jesus throws light upon our so-
cial problems. Many of our eco-
nomic problems would vanish in
the light of the teachings of Jesus.
He gives us the hope and promise
of immortality. He assures us of
the immortality of man's soul.

Holland
In 1912

This morning the teachers and
pupils of North Holland took pos-
session of the new school house
that has been built by the district
during the summer at a cost of
nearly six thousand dollars, ac-
cording to a story in the Mon-
day, Nov. 11, issue of the Hol-
land Daily Sentinel published in
1912.

"Few people realize," said one
of the local leaders of the Pro-
gressive party today, "that the
large vote given the Progressive
cause in Michigan and in the na-
tion means a good deal. It means
a good deal not only as indica-
tion of the Progressive sentiment
among the people but it gives the
party a slice of actual power."

The Junior class of Hope col-
lege in connection with the course
in Argumentation and Debate
with Prof. Nykerk is to have a
series of class debates. The first
debate was held this morning on
the question "Resolved, that a
Progressive income tax should be
enacted by the federal govern-
ment." The affirmative was up-
held by Cyrus Droppers and Miss
Katherine Pelgrim. The negative
by Henry Ter Kuurst and Miss
Ann Hamelkool. The affirmative
won on the merits of the ques-
tion but on the merits of the
argument the negative was vic-
torious. Tomorrow there will be a
debate between C. Muste and
Miss Hazel Clements for the af-
firmative and Harry Hoff and
Miss Henrietta Plasman for the
question "Resolved, That Presi-
dent Taft had more right to the
Presidency than Theo. Roosevelt."

The Rev. John Vander Meulen
of Grand Haven preached in the
Third Reformed church here Sun-
day and occupied the pulpit where
his father stood more than forty
years ago, when the latter was
the first pastor of that congrega-
tion. A few Sundays ago his
brother the Rev. Jacob Vander
Meulen of Kalamazoo was ac-
cording the same privilege.

Nine students have been added
to the Student Volunteer move-
ment at Hope college, making the
largest number in its history. The
total enrollment now is 16. Con-
rad Jongewaard of Sioux Center,
Ia., is president and J. D. Mys-
kens of Alton, Ia., is secretary.
The society was organized 11
years ago as an auxiliary to the
national student volunteer move-
ment with a membership of three.
Fifteen of its members have been
sent to foreign fields.

In response to an insistent de-
mand for a night school in Hol-
land the board of education on
recommendation of Superintendent
E. E. Fell last evening made
provision for such a school, the
school buildings to be used for
this purpose, began a story in the
Tuesday, November 12 issue.

The Social Progress club met
last evening at the home of Dr.
and Mrs. Frank Patterson, West
Sixteenth St. The subject of the
evening was "Hereditry," and Dr.
Patterson gave a splendid expo-
sition of this subject.

Next Monday evening there
will be an important meeting of
the Holland Merchants association
and as a result of that meeting
it is expected that Holland will
get the boulevard system of light-
ing along its principal streets.

Another permanent camp site
for the Michigan National guard
has been suggested, this time
close to Holland. A tract of about
10,000 acres north of Ottawa
beach, adjacent to Black Lake,
will be inspected Thursday by
the commission appointed by Gov.
Osborn to look over prospective
permanent camp sites for the M.
N. G.

Martin De Haan of Zeeland a
junior medical student at the
medical department of the Uni-
versity of Illinois has been hon-
ored by his class by being elected
valedictorian. Mr. De Haan is the
son of Mr. and Mrs. R. De Haan
of Zeeland and he graduated from
the Zeeland high school four
years ago when he also carried
away high honors.

On recommendation of Suplt.
E. E. Fell the board of educa-
tion last evening authorized the
purchase of a stereopticon lantern
for the purpose of using it in the
daily work in the schools.

The board of education has
again leased the Lyceum Rink as
a gymnasium for the use of the
high school students.

A system of medical inspection
will be introduced into the public
schools in Holland as a result of
action taken last evening by the
board of education. There has
been considerable agitation for a
system of this kind and some
have asked that regular nurses
should do this work.

The Star Furniture Co. of
Zeeland is building an addition to
its plant to care for increas-
ing business. In 1903 the com-
pany started with a force of
about 25 men and at the present
time is employing about 90 men.

The Rev. John Luxen of Mus-
kegon has been invited to take
the position of classical mission-
ary for the classes of Holland,
Michigan and Grand Haven. Mr.
Luxen is a graduate of Hope col-
lege and has been in the minis-
try for 17 years.

The women of Holland who favor
woman suffrage as well as the
man who wants to give woman
the right of franchise are very
much worked up about the at-
tempt on the part of anti-suffra-
gists to have the vote in five
counties thrown out on a techni-
cally, according to a story in
the Wednesday, Nov. 12 issue.

Mrs. Richard Kleine and sister
Helen Huizenga entertained twen-
ty of their friends at the latter's
home with a miscellaneous show-
er last evening in honor of Miss
Susie Bouwkamp who is to be a
November bride.

Residents of Grand Haven are
agitating a movement to convert
Leggatt hill into a public park
and the idea is meeting with
much favor. The site is well
adapted for park purposes and
owing to its natural advantages
it can be improved with little ex-
pense. The standpipe of the city's
new water system is located on
the summit of this beautiful hill
and the sprinkling service could
be easily installed.

The Rev. John M. Vander
Meulen was formerly ordained as
pastor of the Second Presbyter-
ian church at Louisville, Ky., last
week.

Miss Esther Bazaan who has
been visiting with her sister in
Thompsonville returned to her
home in this city today.

Miss Catherine Oosting and
Miss Jennie Meppelink are at-
tending the Sunday school con-
vention at Lansing.

Mrs. F. F. Ambrose of Boston
is spending a few weeks with her
sister Mrs. John Karreman in her
home in this city today.

Zeeland—Born to Rev. and Mrs.
P. P. Cheff, a boy.

One of the peculiar things
about the recent general election
in Ottawa county is the fact that
despite the landslide for Wilson
in other sections of the country,
the Princeton professor received
fewer votes in Ottawa county
than did W. J. Bryan, the Demo-
cratic nominee for the presidency
four years ago.

Allegan—A man drove into this
city yesterday afternoon with a
light rig to which were hitched
three wolf collie dogs, one full
blooded timber wolf and one other
dog. He states he has driven
them from Ashland, Minn., each
day drive being from 35 to 40
miles.

Two Local C.G. Units
Hold Joint Meet Here

The coast guard temporary re-
serve and the coast guard auxil-
iary held a joint meeting Thurs-
day night in the city hall to begin
the new 12 weeks' training pro-
gram as prescribed by the U. S.
coast guard service.

The evening's period was divided
up into instructions on military
drill, sea accidents and man over-
board, fire causes aboard ship and
prevention and combat of fires
which were taught by Comdr.
Kenneth Campbell, Vice-Comdr.
Martian Michelson taught Morse
code and semaphore signaling.

Boatswain's Mate, first class,
Tom Smith, in charge of the
Holland coast guard station, took
fingerprints of the auxiliary mem-
bers, a requirement of the coast
guard service.

Several new applicants for the
coast guard temporary reserve
attended the meeting. Enlistment
can still be made in the tempo-
rary reserve or the auxiliary.

Two years ago the village authori-
ties at Allegan voted to allow
a rebate of one third the cost of
laying down cement or concrete
sidewalks to take the place of the
wooden ones. Under that action
the citizens have put down several

Allegan claims to have the largest

will be about \$45,000.

Local scientists are greatly pu-
zled over the fact that dozens of
the lakes in this part of the state
are slowly receding. At the present
rate it will be a matter of only a
few years until nearly all of them
will be under cultivation. Pine
lake, eight miles east of Niles, once
abounding in fish, and an ideal
place for the angler, also a beauti-
ful body of water, has almost en-
tirely disappeared and in a few
years will be entirely obliterated.
The bottom now consists of a mud-
dy slime. Mud lake a few miles
east, is now dry, and Wagner lake,
near Galien, occupies only a third
of its former territory. Barron
lake, Indian lake and other small
bodies of water are steadily grow-
ing smaller.—Ex.

Depression-Born Debts
Are Retired by Detroit

Detroit Jan. 29 (UP)—Common
Council turned to consideration of
blanket pay increases for city
employees today after having retir-
ed two depression-born debts total-
ing \$2,200,000 out of the city's es-
timated operating surplus of \$3,457,-
000.

It was estimated the proposed 5
per cent wage increase for 19,000
employees would cost the city \$2,-
637,000, which also could be met
out of surplus revenues.

The debts included an \$1,800,000
federal loan received in 1932 and
a \$318,000 balance on a 1934 bond
issue for financing construction of
four incinerator plants.

SUNDAY DINNER
Suggestions

NEWS on the food front for East-
ern homemakers is somewhat
brighter this week. There is a plen-
tiful supply of Eastern food chickens
and also a little more beef. Eggs are
also more plentiful in the East. Be-
cause of their high food value, their
versatility and the fact they offer so
excellent a substitute for meat, eggs
should be used as often as possible.

In its weekly food market re-
port for American homemakers, the
points out that while many
foods are rationed or limited, there
are no restrictions on egg purchases
and the market is well supplied with
fresh, top-quality eggs.

Western artichokes, cauliflower,
iceberg lettuce and onions are rea-
sonable and there is a good supply
of Florida oranges in market.

These balanced menus planned
for three different budgets offer sug-
gestions for Sunday dinner:

Low Cost Dinner
Meat Loaf Ring with
Whipped Potato Filling
Buttered Kale
Whole Wheat Bread
Carrot Sticks
Raisin Bread Custard
Hot Tea

Activities of CAP Told by Officer At Club Session

Members of Holland Squadron Guests at Exchange Luncheon

Capt. Squire D. Eulich, executive officer of the Michigan Wing 63 of the civil air patrol, addressed the Holland Exchange club at its luncheon meeting Monday noon in the Warm Friend tavern.

Activities of the CAP were depicted in Capt. Eulich's talk. Although he is only 29 years, he has flown for 20 years and has been a test pilot. He is a member of the "Caterpillar club," being forced to use his parachute three times in leaving his plane.

Financing itself, the CAP is doing considerable work in the national defense program, he said. More than 1,000 industries want to and do use the CAP courier service for transportation of vital machine parts and equipment.

Capt. Eulich also stated that 28 "emergency" airports will be established in Michigan for the purpose of transporting medical supplies and personnel after air raids. Lake patrol, fire patrol and training personnel for defense against sabotage are all a part of the CAP duties.

Flying the coastal patrol is one of the most interesting and important duties of the CAP but it is impossible to divulge any information concerning this activity, he explained. However, he stated

that "the CAP has assisted greatly in curtailing the submarine menace."

Guests of the club were the following CAP members from the Holland squadron: Comdr. Charles R. Sligh, Jr., Second Lieut. Leon N. Moody, Pfc. Jack French, Pfc. Mrs. Paul Vandenberg, Second Lieut. Larry Kolb, Second Lieut. Jake Rezelman, Second Lieut. Arthur Peters, Second Lieut. Paul Vandenberg, Second Lieut. Henry Ter Haar, Second Lieut. Chester S. Walz, Second Lieut. Gertrude Steketee, Second Lieut. Dick Zwier, Second Lieut. Eugene F. Heeter and Second Lieut. Clyde Geerlings.

Other club guests were Prof. Bruce Raymond, Jay Vander Meulen, Mr. Stuart, Sherman Massingham, O. P. Kramer, E. P. Stephan, William C. Vandenberg and Mayor Henry Geerlings.

Bakery Specialty Is Fine Pastries

The Triumph Bake shop, 384 Central Ave., has been owned and operated since 1938 by William Dumond Charles Davis, former assistant manager of the Peter Pan bakery of Kalamazoo, has been employed there since the fall of 1942. The motto of this modern shop is "You Specify, We Comply."

The bakery specializes in the making of wedding cakes and other fine baked goods for all special occasions. They also carry a complete line of pastries, cookies, bread and rolls, and have complete facilities for roasting meats. The shop is equipped with the latest-style wall cases and has built-in refrigeration. A new dough retarding machine which enables pastries to be made up more quickly, saves labor and improves the making of other baked goods was recently installed.

Two Men Admit Being Drunk and Disorderly

Grand Haven, Feb. 4 (Special).—William Ernest Kline, 34, and Alfred Goodin, 51, both of route 1, West Olive, pleaded guilty to a charge of drunk and disorderly conduct on arraignment before George V. Hoffer Monday.

Each paid \$10 fine and \$25 costs. The arrests were made by state police Saturday night in Port Sheldon township.

Doctor Advises Care of Feet

Dr. K. C. Myers, Holland's only chiropodist, recently said in regard to many questions which have been asked him concerning his profession, "Chiropody, as defined by state laws, is the mechanical, surgical and medical treatment of the human foot."

In telling the history of the rise of the practice of chiropody, he said that it was less than 25 years ago that the first effective efforts were made to organize an association of chiropodists. In this brief span of time, the vision and untiring efforts of those earlier chiropodists and their successors have brought about almost universal recognition of chiropody as a respected and highly regarded profession.

Just as the dentist specializes in the care of the teeth, the chiropodist specializes in the care of the feet. The chiropodist, by training and experience, has the necessary knowledge to interpret the tell-tale signs in the feet, signs that may be warning signals of serious disorders. Since feet cannot be replaced, it is important to take care of them. Regular visits to a chiropodist are advised by Dr. Myers.

Raid Wardens to Receive Training

Chief Air Raid Warden T. P. Rhodes today announced a school for training additional air raid wardens will be held in the American Legion clubrooms beginning Tuesday, Feb. 9, at 8 p.m.

All members of the local air raid warden groups are expected to attend this training school, Mr. Rhodes said. School will be held each Tuesday night and will require five nights to complete the course.

During this time, demonstrations of the functioning of control centers and of various types of bombs will be given. Moving pictures of the many types of defense activities also will be shown.

Calvin Nykamp In U.S. Army

Calvin Nykamp

In July, 1941, Calvin Nykamp was involved in an automobile accident in which he lost one of his legs. On recovering from the injury he became somewhat discouraged as he felt he would be unable to get a job of any kind because of his handicap.

Then the war broke out and one by one his friends either enlisted in the armed forces or were drafted into the army. This hurt him more than ever.

But things have changed for Calvin and today he is serving in a branch of the U. S. Army. With a commission of second lieutenant, he came home last week end on a short furlough to visit his parents, Mr. and Mrs. Gerrit Nykamp, 124 East 20th St. and to tell them all about his army duties.

Calvin recently resolved that he would attempt to enlist in a branch of the armed service and last Jan. 7, much to the surprise of his parents and friends, he went to Detroit where his application for enlistment in the installation division of the signal corps general development laboratory as a dispatcher was accepted and he was sworn in the same day.

He reported for duty Jan. 13 at Detroit. As a dispatcher, he supervises the work of 52 Waacs and he also has 40 trucks and jeeps under his direct supervision. In enlisting, Lieut. Nykamp also signed up for overseas service.

Calvin was born in Holland April 22, 1925. He attended Holland high school. He also has a brother-in-law serving in the army, Corp. John Lepo.

The man who is sure of himself can be ignored by his fellows without any great bitterness or despair.

The fellow who says it cannot be done is likely to be interrupted by somebody doing it.

\$34,850 Is Ottawa County Share in Red Cross Drive

Ottawa county's quota of the \$125,000,000 national Red Cross war fund to be raised in March will be \$34,850, it was announced today by the Rev. Paul E. Hinkamp, campaign chairman for the southern half of the county.

Of Ottawa's quota, \$20,000 is for national needs and \$14,850 is for the local chapter. The national goal calls for \$80,000,000 for national needs for a world-wide service program and \$45,000,000 for the nation's chapters.

Because of greatly expanded needs arising from the war, the goals of the combined roll call and war fund drive are nearly double those of last year.

On the basis of population and assessed valuation, southern Ottawa is asked to raise 60 per cent and northern Ottawa 40 per cent of the \$34,850 county total.

Campaign headquarters will be in Holland and Grand Haven. W. H. Loutt is chairman of the drive in the northern half of the county. Sectional chairmen of southern Ottawa will meet at the Red Cross production center in the Temple building here at 7:30 p.m. Wednesday, Feb. 10, to receive instructions and campaign supplies, Rev. Hinkamp said.

The chairmen and quotas are as follows:

Blond township, \$836.40. Mrs. H. Serum chairman; Georgetown township, \$1,777.35, Mrs. Lorraine Bloomberg chairman; Holland township, \$2,718.30, Julius Bonte chairman; Jamestown township, \$1,254.60, Mrs. L. De Kleine chairman; Olive township, \$627.30, Mrs. Anne M. Polich chairman; Park township, \$1,568.25, Mrs. George E. Heneveld, the Rev. C. Witt and Mrs. Theo. P. Cheff co-chairmen; Port Sheldon township, \$209.10, Frank Garbrecht chairman.

Zeeland township, \$1,254.60, Martin D. Wyngarden chairman; Zeeland city, \$1,672.80, Mrs. D. F. Boonstra and Mrs. Homer Dickman co-chairmen; Holland city, \$8,991.30, Mrs. W. S. Merriam, roll call chairman; J. J. Mikula, factories and industries; George Damson, merchants; Jacob Bultman, labor unions; Ervin Hansen, schools; and E. V. Hartman, special groups.

On the publicity committee are Willard Wichers and Mrs. William G. Winter, Jr., as co-chairmen of public information, and Mrs. Roy Klompars as chairman of speakers.

"One of the special services which the Red Cross is rendering in this war with good effect is the gathering and distribution of blood serum for victims of wound and shock," Rev. Hinkamp said. "This alone has already saved many lives. In the name of humanity we appeal to the people of Ottawa county to go over the top in this campaign."

"Gifts are receivable now, although the organized drive will not begin until March 1. The Red Cross treasurer for Ottawa county is Otto Kramer, Holland State bank. Checks should be made out to the Red Cross War Fund."
