Council Okays Chair Purchase For Auditorium

Upholstered Model
With Self Lift Hinge
Selected for Balcony

City Council Wednesday night approved the purchase of chairs for the new municipal building now under construction. The purchase includes 982 permanent seats for the balcony and 1,250 folding chairs for the main auditorium. Both bids were entered by the American Seating Co. of Grand Rapids.

The type approved for the balcony calls for an upholstered chair with metal banded plywood back, leather top seat with mohair sides, and designed with a self lift hinge for a total cost of \$16.48 per seat.

The folding chairs for the main auditorium also will have an upholstered seat at a cost of \$5.38 each. The building committee will be consulted as to colors, although the sample balcony seat submitted was of a light grain back with rich red upholstered seat.

According to restrictions imposed by the state fire marshal, chairs must be in sets of three requiring small grips or attachments at a cost of about 30 cents per chair. Preliminary plans call for approximately 1,000 chairs to be groups and allowing the additional 250 for use in other parts of the building.

Councilman Raymond Holwerda led the fight for a more attractive and comfortable type balcony chair, holding that the additional cost of \$5 or \$6 per chair is negligible over the many years the chairs will be used in the auditorium.

Since Councilmen are always mindful of extra cost to the city, Holwerda suggested some benefit basketball games to help pay the extra expense. He carried his point so well that the final vote on upholstered chairs was unanimous.

With attractive seats in the balcony, Councilmen were loathe to have plain metal chairs on the main floor and voted leather upholstery on the folding chairs at an additional cost of \$1.40 per chair.

On suggestion of City Manager H. C. McClintock that Council follow through on the subject of benefit programs to finance the extra cost, Mayor Harry Harrington appointed Councilman Holwerda, Bernice Bishop and Rein Visser to promote the idea in the public schools, Christian schools and Hope College.

The cost of the balcony seats and folding chairs is in addition to the permanent folding bleachers now under fabrication. The bleachers will cost in excess of \$14,000, and the total seating bill is expected to run between \$31,000 and \$32,000.

Representatives of various seating firms submitting bids and samples were given an opportunity to speak briefly before Council.

All Councilmen were present. Mayor Harrington presided and Councilman LaVerne Rudolph gave the invocation. The meeting lasted two hours and 36 minutes.

New Four-Inch Snowfall Covers Holland Today

A fresh new four-inch blanket of sticky snow greeted local snow shovelers this morning, coupled with slippery roads which slowed traffic over most of Michigan.

Low temperature for the night was 27, and by 11 a.m. it had risen only 3 degrees to 30, but the wet snow abetted by sand and chloride from the street department soon had slick highways reduced to mud. Snow continued to fall at intervals throughout the morning but the sun came out in early afternoon.

Even so, weary shovelers in Holland were lucky. In many places snowfall was seven inches deep across the upper Midwest. New York and New England had snow and rain. Heaviest snow was reported in Michigan. Lansing had seven inches and Grand Rapids had five inches.

Weathermen saw no immediate threat of a cold wave.

The State Highway Department said in its 9 a.m. bulletin today that icy roads were reported in the areas of Ann Arbor, Benton Harbor, Grand Rapids, Holland, Jackson, Kalamazoo, Lansing, Manistee, Traverse City and Muskegon.

Spotty slippery sections were reported in the Bay City-Saginaw zone. Trunklines US-16 from Lansing to Detroit and US-24 from Detroit to the Ohio line were reported in fair condition.

With the exception of scattered snow in the northern Rockies, the rest of the nation enjoyed mostly fair weather.

A principal activity of Boy Scout Week will be paying tribute to the volunteer adult leaders of the 89,000 units for the contribution they are making to the boyhood of the nation.

When the Boy Scouts of America was incorporated in Washington, D.C., on Feb. 8, 1910, it was founded as the voluntary movement it still remains. Dr. Schuck said there are now 860,000 scouts who take time from their own careers to give service in scouting in order to help their communities do a better job of building citizens.

Boy Scout Week is the largest annual observance by young citizens. Since 1910 more than 21,000, 000 boys and men have been identified with scouting, all local, state and national leaders share in observing how the program has indeed become an important element in community living.

Talk on Fishing Features Annual Game Club Meeting

Perch Population Of Lake Michigan Unusually High

Michigan Department of Conservation regulations governing fishing are to allow all the fishing the supply will stand, according to Fred A. Westerman, chief of the fish and fisheries division, who spoke to an enthusiastic gathering of Holland Fish and Game Club members Thursday night.

Occasion was the annual Fish and Game Club meeting and was the first get-together in the new building on the club grounds just off M-21 between Holland and Zeeland.

Westerman said the perch population of Lake Michigan is unusually high at the present time, and added that walleyes may come back in a year or two in Big and Little Bays du Noquet in the Northern Peninsula.

Previous to 1950 the commercial catch of walleyes was approximately 200,000 pounds. In 1950 it was 1,200,000 pounds and then dropped to the former level. But in 1953 it went up to 400,000 fish. Many Holland sportsmen enjoy this exceptional run of fish in early June.

Westerman covered many topics of interest and called special attention to the increased vandalism at public fishing sites and state parks. He pleaded with the sportsmen to arouse public opinion to curb such destruction of property.

Research proves, according to Westerman, that fish plantings are not necessary if the habitat is improved. Emphasis now is on developing food and suitable conditions for natural propagation.

President Hine Van Der Heuvel presided and the following directors were re-elected to three-year terms: Sam Althuis, Lester Pool, Arthur De Waard, Van Der Heuvel, John Jousma and Walter De Waard. New members of the board are Alvin Potter and George Lumsden.

Secretary-treasurer Pool reported a profit for 1953 and assets of the club amounting to \$19,000. The club has 841 members. It was decided to continue the series of educational meetings which have been so well attended in recent years. This popular feature, open to the public, will start soon and continue for four weeks.

It was decided to keep the annual membership dues at \$1 per person and it also was decided to again have the annual summer picnic.

The directors will meet Thursday, Feb. 4, to elect officers for the coming year.

Mrs. Ruth Van Duren Addresses Rotary Club

"Court Services to Children in Ottawa County" was the subject of Mrs. Ruth Van Duren's talk before the Holland Rotary, Thursday noon at the Warm Friend Tavern.

Mrs. Van Duren, retiring county agent, Juvenile Division, Ottawa County Probate Court, is a graduate in the field of sociology from the University of Michigan. For the last 10 years she has been associated with the county's Probate Court. At present she is working on a master's degree, taking special training which will enable her to go into psychiatric social work.

Of special note is that she was recently named a student trainee at the Muskegon Area Child Guidance Clinic.

"Probate Court is a protective agency, not a criminal court," the speaker said. The old colonial idea of the court as a punitive agency has changed to a philosophy which asks: What did the child do; what kind of child is he, and why did he do it; what can we do about it?

Mrs. Van Duren produced figures which show that Ottawa County spends approximately \$60,000 a year for its people who require confinement in state mental and correctional institutions.

"Our work involves the dependent, the neglected, and the delinquent child, to rehabilitate if possible, so that he may make a contribution to life in the community in which he lives."

The speaker outlined the procedure followed in investigating cases where children are found delin-

quent. A home call is made, school records are examined, the physical history of the child involved is studied, after which a report, together with a recommendation, is returned to the judge. Then the case is heard in an informal session of the court at which the child and his parents are present.

Mrs. Van Duren said that in her work the parents, the church and school, and the psychiatric training and skills which are available are all important.

The Rev. Victor Maxim of Kalamazoo was a visiting Rotarian. Among other guests was Sam Muktar of Iraq. Muktar was a student at Hope College in 1946 and 1947. He is assistant civil engineer with the Baarsh Oil Company, and has returned to do graduate work at the University of Michigan.

Battling Zeeland Chix Edged by Sparta Cagers

ZEELAND (Special)—The Zeeland Chix basketball squad went right down the wire with Sparta here Friday night only to drop out in the closing minutes losing 54-47.

The Zeeland cause was hurt by loss of Guard Jim Wyngarden and Forward Vern Padding on fouls in addition to Center Don Schout who injured an ankle. With these three men out of the contest the visitors edged through with the narrow win. They led at halftime 34-29.

Both teams played a fast game, with the lead changing hands four times in the final quarter alone.

Coach Mel Bouna's squad looked definitely improved over the team that was beaten 71-56 in the last encounter.

In the preliminary game the Zeeland reserves trounced the visitors 50-30 with Carl Wissink getting 16 points for the Chix. Shangle was high for Sparta with 12 points. Coach Paul Van Dort's cagers led all the way.

Maroon Seconds Post Win No. 10

Holland Christian's reserve squad also notched its 10th win of the year Friday night at St. Joe as they whipped the Little Bears, 55-41. It was the first victory the locals had been able to take over the Bear reserves at St. Joe in nine years, although the Dutch had beaten them in Holland.

The Dutch really turned on the steam in the final three quarters after trailing 9-7 in a slow first period. The Maroons couldn't find the hoop until the second period when they moved out to a 20-12 lead at the intermission.

Although the losers kept within striking distance throughout the third period, the Dutch still managed a 32-26 margin going into the final stanza. Then came a 23 point scoring outburst by Coach John Ham's outfit which sunk the Bears. They pressed all over the court but couldn't stop the locals.

Christian got some balanced scoring with Dave Vander Hill leading his team with 15, followed by Warren Boer and Dave Bos with 13 apiece, Calvin Dykman with 10, Carl Van Appledorn with two, and Dave Altena and Harve Westenbroek with one each. Ross led St. Joe with 12.

Dutchmen Falter In Second Half To Lose 71-45

MUSKEGON HEIGHTS (Special)—The Muskegon Heights Tigers racked up their second victory of the season over Holland here Friday night and thus continue on the unbeaten path in state-wide rankings.

Final score was a lopsided 71-45.

The loss for Holland again evens the season record at five wins and the same number of setbacks. On the other hand, the win was another path for the rampaging Tigers who already are entertaining hopes of a look-see at the state class A title.

Holland started the first quarter on rather even terms with the Tigers and with just 1:40 seconds to go in the first quarter the score was tied at 12 all. However, from then on it was all in favor of the home team. Holland kept even with the Tigers in the field goal department during that first quarter, but the foul shooting gave the home team a 15-12 advantage when the horn sounded.

Then came Muskegon Heights' Center M.C. Burton during the second quarter with five field goals for 10 points. Holland on the other hand had to be content with 13 points, mostly on the strength of three field goals by Guard Bob Van Dyke.

During that second quarter, Coach Fred Weiss had to take Paul Mack and Ron Israels out because each had four personal fouls. That's when the Dutch defense relayed and Burton came through with his valuable contribution.

The score at halftime was 32-25 in favor of the home team.

Muskegon Heights continued its dominance during the third quarter. This time however it was Forward Murt Johnson shouldering the brunt of the scoring attack as he dumped in nine points, including four field goals.

At the end of the stanza it 48-37.

Guard Lee Howell took over the scoring chores for the Tigers during the last quarter. It was his last game before graduation and Coach Oake Johnson left him in to make the best of an outstanding high school athletic record. Howell came through with eight points to lead the Tigers to the final score.

For the evening Holland made 17 out of 60 field goals for a 28 per cent total and 11 out of 20 tries from the foul line. The Tigers made good on 19 out of 28 free throws.

Aside from that first quarter, the Tigers were the better team all evening. The combination of Burton and Johnson is going to be difficult for any team to beat.

Scoring honors for the game went to Burton by a wide margin. He made nine field goals and seven free throws for a 27 point total. Following close behind was Johnson with 19 and Howell closed out his high school career with 12.

High men for Holland were Dick Plagenhoef and Van Dyke, each with 12 points.

Holland keenly felt the loss of Israels with 6:45 rounds left in the game via the foul route. However, with less than a minute to go in the game Coach Weiss inserted all his subs.

Driver Acquitted In Homicide Case

GRAND HAVEN (Special) — After deliberating 1½ hours, a Circuit Court jury Friday afternoon found Hama Vander Molen, 66, of route 2, Hudsonville, not guilty of negligent homicide.

Vander Molen, who operates a small grocery store in North Blenden, was charged as the result of a fatal accident on Bauer road last Oct. 31, when Marilyn Lou Emmert, 13, route 1, Hudsonville, was fatally injured, and her companion, Eleanor Bytwork, the same age, received a fractured leg and other injuries.

Witnesses called at the afternoon session Friday were Mortician Raymond Vander Laan of Hudsonville, who took the injured persons to the hospital, although Miss Emmert was dead upon arrival; Deputy Sheriff Nelson Lucas who investigated the accident, and Eleanor Bytwork, who wheeled in on a cot, from which she testified. In her testimony she stated she heard the sound of a horn and before they could do anything they were struck.

Vander Molen took the stand in his own defense and testified that he sounded his horn when he saw the girls, that they then turned to the right and then back toward the center lane of traffic when they were struck by his car. He was unable to testify whether he did or did not apply his brakes, because he was frightened. He said he got out of the car and spoke to Miss Emmert who did not answer, and then went over to Miss Bytwork.

Character witnesses called on behalf of Vander Molen included two ministers, Rev. John Edward Hibma, now of Grand Rapids, who formerly preached at North Blenden, and the Rev. Henry Zylstra now of the Ottawa Reformed Church at Grandville, and also a former minister at North Blenden. Other character witnesses were Roy Westveld and Louis Visser, both of North Blenden and Harry Behrens of Bauer.

GRAND HAVEN (Special) — Prosecuting Attorney James W. Bussard Friday authorized a warrant charging David W. Kromer, 19, route 1, Coopersville, with manslaughter in the death of 29-year-old Chester Paris of Nunica who was fatally injured in a two-car crash at 1:20 a.m. Thursday at US-16 and 68th Ave. in Polkton township. Kromer who was driving his car north on 68th Ave. is believed to have run a stop street and struck the westbound Paris car on US-16. Paris died in surgery at Hackley Hospital in Muskegon at 7:45 a.m. Kromer was taken to Municipal Hospital in Grand Haven for treatment of lacerations on the left hand and injuries to both knees.

The speaker explained different types of holders and recommendation for their use, putting emphasis on the careful use of quantity of flowers and harmonizing of colors, adding the probability of using added accessories.

Mrs. William Meengs, president conducted the meeting and plans were made for the charter night banquet to be held next month. Contribution to the local Polio March of Dimes Campaign was made by the club.

Train Hits Snow Plow, But Operator Escapes

A city employee escaped injuries but a city-owned sidewalk snow plow was a complete loss when it was struck by a freight train at the Ninth St. crossing at 8:03 a.m. today.

Andrew Jalving, 53, of 233 East 11th St., told police officers the railroad flashers were not operating as he approached the tracks, but they began about the same time as his plow got stuck. There was not enough time for the operator to do the necessary readjustments and backing up to dislodge the plow before the train bore down.

The wreckage landed clear of the track. G. Richardson was engineer for the train.

Jalving has been employed by the street department since August, 1948, has done considerable work with snow removal operations, both on walks and streets.

A similar situation with a sidewalk plow occurred at a local railroad crossing about two weeks ago, but the operator grabbed a lantern and ran down the tracks a block to signal the oncoming train. The train was not able to stop before hitting the plow, but the impact was slight and damage to the plow almost negligible.

The sidewalk plow is one of four used by the street department in its snow removal program. Holland has about 100 miles of walks to be plowed.

Library Adventures

By Arnold Mulder

Because of a projected trip outside the borders of the United States I have been reading a number of so-called travel books lately. Or, more accurately, I have been skimming through them. Francis Bacon himself told us long ago that some books should be skimmed, not read; many travel books would seem to be in that number.

There are of course travel books and travel books, as is true of any other subject matter. A relatively small number of travel books can be read with profit from cover to cover, and even two or three times over. In the case of a much larger number such intensive reading would be a waste of time.

A travel book like Richard Henry Dana's "Two Years Before the Mast" can serve for perennial delight in repeated readings. The same thing is true of Mark Twain's "Roughing It" and "Following the Equator," to say nothing of his "Innocents Abroad."

Writers of travel records have now and again produced literature. Invariably they have been more interested in people than in mere places or local color or contemporary social conditions. People stay put; they are the same, fundamentally considered, today that they were a hundred years ago or a thousand years ago. What was true of Mark Twain's shipmates in 1870 is true of any similar group today.

Or you can go back much further. One of the most famous travel books of all time is the record left by Marco Polo many centuries ago when that Italian made a visit to a then completely unknown China. Marco Polo gives incidental information about countries he visited, information that has of course long ago become obsolete. His book is remembered because it gets forth the truth that under their skins Orientals are like Europeans. The two were alike in Marco Polo's time as they are alike today; and the people of his day were recognizably like the people of today. A travel book not based on people cannot hope to live.

Most travel books are of course of a different sort. They serve useful purpose but they soon go out of date. A traveler who has been to Mexico or to England or to France or Switzerland gives useful information about the present condition of the highways, about the cost of living, about the best places to eat, about the value of the dollar in foreign exchange. There are a thousand and one bits of information that are welcomed by other travelers who are planning on similar trips.

But unfortunately such books are highly perishable. Any book of that kind written about Europe during the thirties is worthless today. There are a good many such books, but a prospective visitor to Europe would be foolish to rely on them. The changes have been so great that reliance on such travel books would land the current traveler in plenty of trouble.

Take money values alone as an illustration. American travelers of course have to translate their dollar into the currencies of the countries they visit. Unfortunately those currencies do not stay put in terms of American dollars. Even the British pound is not what it was when many of those travel books were published. The current traveler has to re-educate himself on such things.

But that is part of the fun of traveling. Even obsolete travel books help a little as a kind of mental road map. But their rapid obsolescence must be kept in mind.

Fish Fry Canceled

Mrs. Ben Rutgers Dies at Hospital

Mrs. Ben J. Rutgers, 52, of Waukazoo, died Saturday evening at Holland Hospital of a lingering illness. The former Elizabeth Braamse, she was the daughter of Mr. and Mrs. Peter J. Braamse of Holland. She was a member of Trinity Reformed Church.

Surviving besides the husband and parents are two daughters, Mrs. Robert Longstreet and Mrs. William Venuhuizen of Holland; seven grandchildren; two brothers, Cornelius J. Braamse of Benton Harbor and Adrian J. Braamse of Springfield, Ohio, and a sister, Mrs. Harriet Swanson of Grand Rapids.

Whitten said he apparently fell asleep and when he awoke the 1948 model double bottom truck was off the road on the left shoulder. Damage to the truck was estimated at \$150. He was ticketed for driving on the wrong side of the road causing an accident by Zeeland Chief Al Boss who investigated.

Board Discusses Routine Matters

Several routine matters were processed at the monthly meeting of the board of directors of the Holland Chamber of Commerce earlier this week.

The board arranged to provide a cup and two other awards for the Sears cup race in Holland next August. This is the first time the event will be held in the Midwest and the second time in more than 35 years that it is held on fresh water.

Considerable time was spent discussing industry's participating in Tulip Time activities and conferences will be held with Tulip Time leaders before recommendations can be made.

There will be no Business-Industry-Education day in Holland this year, it was revealed. The rural relations committee is studying possibilities of a co-operative market for Holland area farmers, also a Farmers Day.

Progress reports also were given by the Chamber housing committee, the education committee, Christmas lighting, public relations, city and state affairs, harbor and lakes, and transportation.

Plans for staging the annual hobby show and Youth Achievement program Feb. 22 through March 5 also were disclosed.

Horticultural Therapy Uses to Be Described

The use of horticultural therapy for both the physically and mentally ill will be explained to the Holland Tulip Garden Club Thursday at 2 p.m. in Fellowship Hall of Third Reformed Church by Mrs. G. Arthur Ritchie of Battle Creek, state chairman of horticultural therapy for garden clubs. Her subject will be "Gardening is a Therapy."

The promotion of horticultural therapy is a new project for garden clubs, and in preparation for the work Mrs. Ritchie took the first course offered in the subject at Michigan State College in the summer of 1952.

Garden therapy has been used to a great extent at Kalamazoo where it is found that work with flowers does much to aid mental patients. Children's hospital's find working with plants an aid, especially for children who suffer from heart conditions, according to Mrs. Ritchie.

Mrs. Ritchie is a past president of the Battle Creek Garden Club, a member of the National Federation of speakers' bureau, member of the national committee on garden therapy in charge of schools and workshops, past president of the Battle Creek PTA Council; co-chairman of the Calhoun County "March of Dimes," and board member of the Battle Creek Family Counseling Agency.

Her talk Thursday will be in keeping with the local club's theme for the day, "Garden Beauty and Healthful Living."

COFFEE, COFFEE EVERYWHERE

The way things are shaping up about the common man's favorite drink, it may be that some tin-palmy genius will change the old refrain to: "Coffee, coffee everywhere, but not a drop to drink."

Is the time coming when the famous Koffie Kletz in the local restaurants will have to be changed to the British businessman's "Teas"? Will American men be compelled to learn to drink the beverage that since Colonial days has been considered the ladylike drink of the distaff side of the family on this side of the Atlantic? If that time comes, America will not be quite the same in the estimation of most male Americans.

Throughout this nation, and especially here in this section, coffee has always been thought of as indispensable, just as tea has always been regarded in England. There is an old piece of popular verse connected with the early history of Holland that celebrates coffee in a special way.

The Hollander of the early days loved his coffee perhaps even more than we do today. In the Netherlands he had been used to a rich brew made of the coffee beans that did not come from Brazil but from Java, a Dutch possession; the words "coffee" and "Java" therefore became interchangeable; the phrase, "a cup of Java" was perfectly understood.

But in the forests of Michigan the immigrants from Holland faced many hardships. They sometimes had to go hungry, and it is understandable that for long periods a luxury like coffee was not to be had; when groceries had to be carried on a Hollander's back back from Allegan or Grand Rapids, luxuries had to go.

But the writer of the song was not to be silenced. He bewailed the hardships of the early times, and almost chief among them was the fact that coffee was unobtainable. Being ingenious, the Dutch immigrants found a substitute. They roasted rye, of which there was plenty, and made a brew of it.

It was better than nothing but not too much better. The Dutch coffee connoisseurs had used their favorite brew too long to be satisfied with a substitute. At least the frontier poet declared that it tasted like poison; instead of "Java coffee" he had to get along on "rye juice" and he didn't like it.

If prices continue to climb, who knows but the members of the local Koffie Kletzes may have to return to that very rye juice? One of our United States senators thumps the drum for milk. This would be a good time for the farmers and dairy people to do a job of advertising milk.

Sunday School Lesson

February 7, 1954
Christ the Living Bread
John 6:48-59, 66-69
Henry Geerlings

There were times when Jesus desired to get away from the crowd. His popularity, due largely to the miracles he performed, made him a central figure. The very hatred of his enemies increased his fame. There was so little time he could have to himself. The crowds were not so eager to listen to his words as they were to benefit by his works of mercy. These were the signs which are referred to in another chapter of this gospel. He found joy in the performance of miracles, in healing the minds, the bodies and the souls of the people; but they emphasized the minds and the bodies. There were not many who shared his point of view relative to the great religious teachings. He placed the emphasis on the deep inner values, while those values largely escaped them.

Jesus, taking the disciples with Him went to the northeast corner of the Sea of Galilee, where he might find quiet. A large plot of ground was there, for the most part uninhabited. He had scarcely reached his destination before the crowds, moving around the head of the lake, warned about Him. The question of providing food for them immediately arose. The people had come empty handed, save a lad who had his lunch with him, and that was to become the nucleus of the meal. The loaves of bread made of barley were coarse and cheap and used by the poor.

This miracle was considered of sufficient importance to be recorded by all four of the gospel writers. Jesus insisted that the feeding of the multitude should be done in an orderly manner. Mark tells us that they sat down by hundreds and fifties. In this way the feeding would be expedited and confusion avoided. The time was the spring of the year when the ground would be covered with green grass. Matthew tells us that the 5,000 did not include women and children.

When the loaves were placed in Jesus' hands he blessed them and returned them to the disciples for distribution. The form of blessing which our Lord used would be, "Blessed art thou, Jehovah, our God, king of the world, who causest bread to come forth from the earth." There is scarcely any element of a blessing that is not here included. It is a sincere recognition of the source of all material gifts.

There had been plenty to satisfy the hunger of the multitude, and something remaining over. But that something was not to be cast out. There would be further need for it. Jesus here gave a much needed lesson in the principle of economy which, in a land of plenty like our own, is not strictly observed. We are told that the poor are proverbially wasteful in the East, when a measure of good fortune comes their way.

The meal began with five loaves and two fishes, and probably more than ten thousand people were fed, and there was much left over. Each traveler in the land on those days carried a small basket, possibly somewhat like a hamper. There was plenty for all, but there was to be no waste. There was an abundance, but frugality was to be observed. It is said that we waste enough food in this country to feed another country whose population is half our own.

Here is another demonstration of the fact that people are far more impressed with the outward and the material than they are with the deep and creative spiritual forces. They seemed to be so obtuse in this realm.

The Jews were not responsive to the spiritual lessons Jesus was teaching every day. They wanted something visible, tangible, concrete. As though the multiplication of the loaves and the fishes did not meet these conditions. In short, they wanted to set their own measuring rod. They insisted that he leave no room longer for doubt as to his claims. If they had been honest with themselves they would have admitted that what he had taught them and the miracles he had performed in their presence were wholly adequate to meet all reasonable requirements. That they did not. These people were specific as to the nature of the miracle they insisted Jesus should perform. It was to duplicate the feeding of the Hebrew people with manna from heaven. They looked upon that miracle as the outstanding wonder of the Old Testament. They ascribed it to Moses and now they wanted Jesus to assert a like power and duplicate it.

ALLEGAN (Special)—Petitions are being circulated in the Allegan business district which would ask the city council to take "immediate action" on construction of new off-street parking areas.

The petitions, being circulated by an unofficial "citizens' committee" point out that parking meter funds have been earmarked for the purpose, that there is now no shortage of building materials and that funds on hand are sufficient to start the work.

The project was discussed but no definite action taken at a recent meeting of the council.

The petitions, which ask that work be started so that the parking area will be ready for use before next winter, will be presented next Monday night, it was indicated.

As Church Leaders Burned \$38,000 Mortgage at Hope Church Congregational Meeting.

Mortgage Burning High Point of Church Meeting

Burning of a \$38,000 mortgage incurred in 1948 for church improvements was the highlight of the annual congregational meeting of Hope Church Thursday night. The item was regarded as the outstanding financial event of the year, closely tied to the all-time record of contributions which amounted to approximately \$60,000, spread over a membership of 673 active members. Both contributions and membership are records for the church.

(Shown in above picture, left to right, are J. J. Riemersma, Randall C. Bosch, Russell Wells, Treasurer John Plewes, C. E. Drew, Peter Van Dornen, Jr., Dr. Mario de Velder and Vernon D. Ten Cate.

Announcement also was made that the church has acquired the Spritsma property which lies immediately east of the church on 11th St.

Six elders and three deacons were elected. Elders are J. Harvey Kleinhekel, Paul E. Hinkamp, Clifford D. Hopkins, Russell H. Welch, James K. Ward and John W. Hollenbach. Deacons are Gerard W. Haworth, L. W. Lamb, Jr., and Herbert Marsijie. J. J. Riemersma, vice president of the congregation, presided.

In his pastor's report, Dr. Marion de Velder reported 72 new members in 1953, 29 baptisms and five deaths. There are 21 young men in the service, and he pointed to the return of Prisoner-of-War Ted Sticks as one of the experiences most deeply felt by Hope Church members during the year.

Dr. de Velder said the church's radio ministry each Sunday is proving to be the best job of public relations Hope Church has ever undertaken. "Though one of the oldest churches in the city, we were still largely misunderstood and most outsiders found it inconvenient or were reluctant to

visit our services. The response we have received on our radio broadcasts has been much more enthusiastic than we dared expect, and the committee of the Men's Club sponsoring the broadcasts has done so well that we are assured of a year's programs."

The minister also urged expansion of the church program and a more adequate staff. He said many congregations invest huge sums in buildings without really changing the church program, and for the present he urged that Hope Church put the major emphasis on church leadership. "The church with the greatest future in Holland will be the church offering a superior program of enlistment, training and service," he said. He added that Hope Church was the first to offer English services in this Dutch community and he urged continuing emphasis on having outsiders make Hope Church their church home in the absence of certain Protestant denominations in this city.

The congregational meeting started with a church supper served by the Ladies Aid society. Reports on activities of various church organizations also were given, including one on the Church Expansion Study Committee.

One sad note was announcement that Miss Elsie Stryker, director of education at Hope Church for 4½ years, has accepted a similar position at the Salem Evangelical and Reformed Church in Rochester, N. Y. Through the last few years, Hope Church had an enrollment of 450 in its educational program with 70 persons working as teachers.

The monthly Hope Church News is currently mailed out to 500 addresses, it was reported. The mortgage burning ceremony coincided with Dr. de Velder's birthday.

Exchangites Hear About Boys State

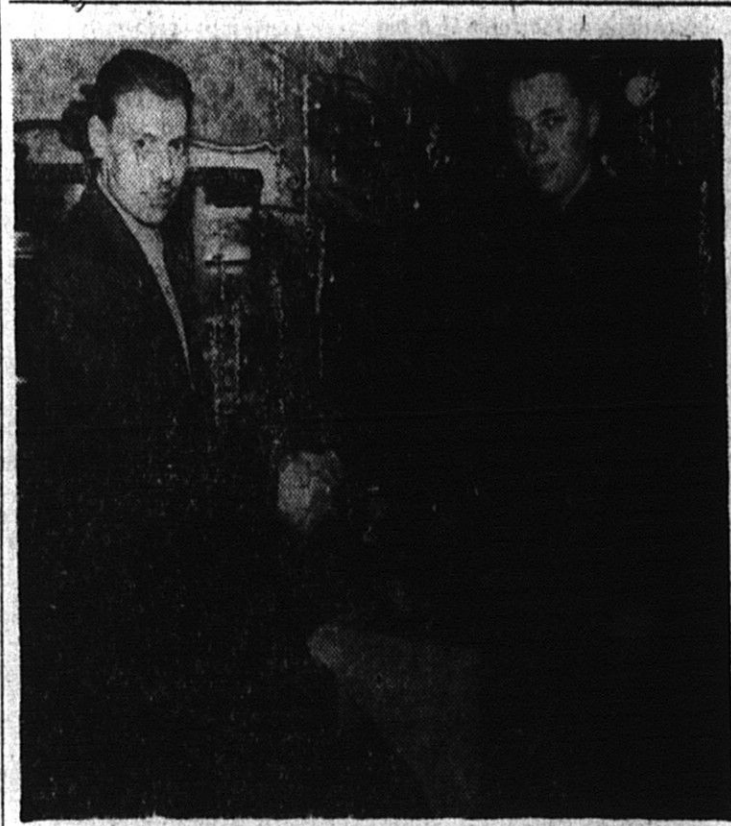

Nine high school boys spoke to the Holland Exchange Club at its regular noon luncheon Monday. The boys were Holland's delegation to Wolverine Boys State, a workshop in citizenship and politics which has been sponsored by the American Legion. VAUGHN B. JENSEN of Holland, right, and Peter Stockmar of Berlin-Charlottenburg, Germany, met at Stockmar's home during the holiday season after knowing each other only through letters for seven years. Jensen, serving with the Army in Germany, spent 15 days at Christmas time with his pen pal's family. Their friendship began when Jensen chose Stockmar's name from a list of prospective pen pals while a student at Holland Junior High School.

Soldier Visits Pen Pal And Family in Germany

A pen pal friendship which started seven years ago culminated recently when Vaughn B. Jensen of Holland visited Peter Stockmar of Berlin-Charlottenburg, Germany. Jensen is the son of Mr. and Mrs. Bernard Jensen of 134 West 14th St.

Jensen, now stationed with the U. S. Army in Hammelburg, Germany began writing to Stockmar seven years ago when he was a student at Junior High School. The school has obtained a list of names of prospective pen pals in various countries and Jensen chose the German boy to write to.

When Jensen's Army service took him to Germany, he took advantage of the opportunity to visit his long-time friend, known only through letters. He arrived at the Stockmar home on Dec. 21 and was met at the station by Peter's father and brother, who recognized him immediately. Peter was unable to be there, as he was ill with an affliction affecting his legs and had to be in bed. However, he was up long enough to pose for photographs.

Jensen's visit was saddened when Peter's grandmother died unexpectedly the night after Christmas.

The Stockmar residence, an apartment, is situated in the midst of ruins and rubble of the war. Jensen said prices are extremely

high and wages low, making things difficult for the Stockmar family. Peter's brother, Michael, had worked part time after school for just a few marks per day. He saved long and finally had enough to purchase a bicycle. He had the bike just five days, however, and his prize possession was stolen.

After a 15-day visit, Jensen had to leave the family which had welcomed him as one of their own. When Jensen first began to correspond with Stockmar, Peter's father had been gone for seven years, first as a soldier then a prisoner. During the bombing of Berlin, the family was evacuated and lost all their worldly possessions. Returning to Berlin, they lived in bombed-out quarters with little to eat and few clothes. At that time, and in the seven years since, the Jensens have sent numerous boxes of clothing to the family.

When shoe leather was not available, Peter's mother asked the Jensens if they could get her shoes repaired. The shoes were mailed from Germany, repaired by a local shoemaker and returned. It was some time later that Peter's father returned home to start life anew. He expressed gratitude for the help from his family's American friends and commented on the help given him by American chaplains.

After the ceremony, Ed Brolin, artist, entertained the group by drawing chalk pictures and caricatures of Cub Scouts, with entertaining comments on the surprising developments.

Den 4 closed the meeting by leading the Cub Scout pledge. The "Cubbird" was given to Den 6 for having the greatest percentage of Cub Scouts present.

Maroons Sparkle As They Play Outstanding Game

A fighting spirit and top notch basketball makes a winner. That's what Holland Christian's basketball squad proved Friday night at St. Joseph as they completely outclassed the St. Joe Bears in taking a 59-43 decision. The win was Christian's 10th of the season and their sixth straight.

Actually the final score does not indicate the superiority of the play of the Maroons Friday night, as they held the upper hand all the way, taking a 21 point lead at one point in the second half of the contest. A fine tribute to the Maroons' "will to win" attitude was the fact that they continued to gain on the Bears in each of the first three quarters, going about their business in a methodical, workmanlike manner. Coach Ray Haack's outfit was a fighting band, however, and didn't quit plugging even with the score mounting against them.

Coach Art Tuls' quintet flashed as versatile an attack as one will see by almost any high school club. For the first half, the Dutch were predominately a set up ball club, using the pivotmen and screens for most of their points.

Then came the third quarter and a blistering fast break which completely stunned the Bears. Rewriting the pages of Christian's control ball history, the locals staged a well planned fast break which saw them net 18 points in five minutes in the third stanza. For all practical purposes that was the ball game as the Dutch were riding high on 47-29 lead. There wasn't much the Bears could do about the change in tempo, as the Maroons time after time had three men down court without a single Bear performer up front.

Another feature of the Dutch victory was the balanced scoring with the first five players breaking into the scoring column with regularity. Rich Sharda, who turned in a magnificent driving game, along with steady Ken Scholten each had 13 points followed by Jun. Buurman with 12, Ron Nykamp with nine and Carl Edwards with eight. Edwards and Scholten had the boards under almost complete control with Nykamp and Buurman doing the playmaking in fine fashion.

The steady performance of St. Joe's Bob Ellis and Nate Duncan were the features of the St. Joseph attack. A big factor in the Bears' offense was ability to hit 16 out of 19 from the charity lane. Christian managed 11 for 21.

After Duncan had given the Bears a 3-1 lead in the first period, the home club never held the upper hand again. Christian began to find the range and soon had a 11-5 bulge by the end of the first quarter.

Both clubs looked good offensively in the second quarter as they traded almost basket for basket for the first four minutes. Christian led 19-11 midway in the period. Scholten was the big gun in this rally as he collected eight points in the stanza. Buurman also connected on three longs to boost the lead to 29-19 at halftime.

Then came the Maroon flurry which dashed any Bear hopes of coming back to make a game out of it. The Dutch were all over the court, as they quickly moved out to a 45-25 lead with three and a half minutes remaining. By the end of the period, the Dutch held a comfortable 50-32 lead.

After a slow start in the final period, both coaches substituted often with the Bears getting the best of the offensive argument, outscoring the Dutch in the closing minutes of the contest.

Duncan led the St. Joe attack with 15 points, on four baskets and seven out of seven free throws. Ellis followed with 11 tallies. He fouled out with two minutes remaining.

Christian next entertains Allegan Tuesday night on the Armory court.

If you notice a lot of high school students eating banana splits in Zeeland these days, you'd better tip your hat. You're looking at the brainy youthful element.

One of the leading drug stores offered free banana splits to all Zeeland high students making the semester honor roll. There were 42 honor students out of 287 enrollees.

The banana splits were excellent, all honor students agreed.

Know any long-time nurses?

Local nurses are planning a recognition meeting of the nursing profession sometime in May and would like to get in touch with all old-time nurses. The meeting will mark the 50th anniversary of the founding of registered nursing.

Anybody knowing any nurses who were in the profession years ago is asked to call Angie Van Hoven at the county health office or Betty Heneveld at Holland Hospital.

Mrs. Kenneth De Pree and Mrs. John K. Winter are having quite a chuckle over their adventures in Detroit some time ago. As president and secretary of the Board of Education, they had to sign their names on 900 bonds for the \$900,000 bond issue which Holland citizens voted for elementary school aid.

Mrs. Winter made the trip armed with a brand new briefcase complete with a fancy new pen. Mrs. De Pree just used her old fountain pen. Somehow the new pen needed a little breaking-in and Mrs. Winter found she had to blot nearly all her bonds whereas her companion went blithely along without that service.

It took Mrs. Winter a half hour longer.

Ade Klaasen was headed for his office Friday when he picked up a dime lying on the sidewalk. Good fellow he was, he put in a parking meter for the police campaign.

Sylvia Tanis had a real brainstorm sometime ago when she decided to advertise for a waitress for Mary Jane Cafeteria under "Lost and Found" instead of female help wanted.

She advertised something to the effect, "Lost: One good waitress. Want to replace with another good waitress."

Yes, she got a replacement, but more people asked whether she obtained a new waitress than those who applied for the job.

Wayne Mulder, 15-year-old son of Mr. and Mrs. Paul Mulder of 476 Columbia Ave., now has photographic proof he shot a fox. A roll of film in the camera for a long time was developed a short time ago and up came a shot of the fox Wayne had shot on Thanksgiving day. He even missed his Thanksgiving dinner because he trailed the fox four miles before he bagged it. His mother was worried, but the prize was worth it.

It was a long way around, but the Chamber of Commerce obliged. The local office received a letter from Harry Jackson, operator of Mt. Baldhead Hotel at Saugatuck who is currently vacationing in Boca Grande, Fla., enclosing an inquiry from a Stamford, Conn., resident.

It seems the Stamford man had melon served to him at hotels in Lansing and Fort Wayne, and he learned that the fruit had been produced in Holland area.

A check by Chamber of Commerce revealed two leading melon growers and the names were forwarded to the Connecticut man. It seems he has some extra greenhouse space, and wants to grow some good melons.

From Paul Wooden, former Sentinel city editor, we received this clipping from Lowell Nussbaum's "The Things I Hear!" Column in the Indianapolis Star:

"It may be a little early to be thinking of tulips. But some of you may be interested in the date for the annual tulip festival at Holland, Mich. It's May 12-15.

"An Indianapolis man has more than a passing interest in the Holland festival. He is Norman J. Boyle, manager of the Merome B. Rice Seed Co. here. Mr. Boyle supervised the setting of 29,000 tulip bulbs at Holland last October for Sears, Roebuck.

"It's Sears' practice to take about 25 samples from each shipment of imported bulbs and grow them. Ordinarily this is done at a breeding station, but this year the results of their tests will be shown at Holland.

"Mr. Boyle has been going to Holland about once a week since the bulbs were set to see that they're getting along well."

We learned through the Sears office here that the tulip testing garden is located on Lakewood Blvd.

Garry Batema, former Holland resident who currently is working for a venetian blind firm in Fort Lauderdale, Fla., gets kidded a great deal because of the sign on his truck which reads, "Watch Out; This is a Blind Man Driving Truck."

Mae Van Tongeren writes from Fort Lauderdale that Garry is known as the blind man and one little fellow asked his daddy, "Is this man really blind who drives that truck? Better watch out for him!"

Garry formerly operated the bowling alleys in Holland.

Farewell Party Given For Mrs. Van Duren

GRAND HAVEN (Special) — Mrs. Ruth Van Duren of Holland, who has resigned her position with Ottawa County as county agent and children's worker in the Ottawa County Probate Court juvenile division, effective Feb. 1, was guest of honor at a farewell party in the supervisors' room of the Court House Friday morning for fellow county employees.

The party was planned by Probate Judge Frederick T. Miles, Miss Catherine Crane, and Mesdames Harriet S. Yonkman, Charlotte Vokal and Annafred Palmer, close associates of Mrs. Van Duren.

Refreshments were served from a beautifully appointed table. Mrs. Van Duren was presented with a white gold wrist watch from her county friends. Judge Miles made the presentation speech.

Mrs. Van Duren will be succeeded by Avery D. Baker of Grosse Pointe Woods who expects to assume his new duties about Feb. 15.

Holland Reserves Eke Out Win

MUSKEGON HEIGHTS (Special) — A one-point margin was enough for the Holland High School reserves Friday night as they upset the Muskegon Heights Tiger reserves 51-50.

The Dutch had a slow start and were trailing 16-9 at the end of the first quarter. A full court press by the Tigers started to break down as a fast Holland offense got behind it and the Dutch climbed to trail by only one point 25-24 at halftime.

A free throw by Jim Vander Poel tied the ball game at the opening of the second half but the Tigers surged ahead 31-25. Again the Dutch plodded along to trail by three points at the third period marker, 37-34.

In the fourth period Ron Van Dyke's free throw tied up the game as the Dutch took the lead. The lead see-sawed throughout the remaining three minutes until with seconds remaining Holland trailed by one point.

Then Holland's Tom Overbeek coolly stepped to the charity line and cashed in on two shots just before the game ended.

Overbeek led the Dutch scoring

with 17 points while Sheridan Shaffer and Bill Japinga followed with 11 each. Van Dyke had 5, Vander Pole 3 and Bob Van Wieren and Tom Klomprens 2 apiece to round out Dutch scoring.

Drunk Driver Placed On Two-Year Probation

GRAND HAVEN (Special) — Kenneth Harvey, 25, Spring Lake, appeared before Municipal Judge Louis H. Osterhaus Friday afternoon on a charge of drunk driving. Harvey, who has a wife and two small children, ages 3 and 1, has been arrested several other times.

The court placed him on probation for two years. Conditions require him to pay \$100 fine, \$7.40 costs, \$5 bill for physical examination, leave intoxicating liquors alone, and report to the chief of police once a month.

Harvey was arrested by city police after he had fallen asleep at the wheel of his car on North Seventh St. The car was going down the street driverless. It was late at night and traffic was light.

Miss Violet Klinge to Wed Paul Riemersma

Herman Klinge of Grand Rapids announces the engagement and approaching marriage of his daughter, Miss Violet M. Klinge, to Paul J. Riemersma, son of Mrs. C. C. Riemersma of Zeeland. The couple plan to be married March 12.

MR. AND MRS. FRED VELDHUIS of 532 East Main St., Zeeland, were surprised earlier this month when they received a telephone call from their son, Pfc. Leon Earl Veldhuis, who was spending a short rest and recuperation leave from Korea in Tokyo, Japan. Pfc. Veldhuis entered the Army July 30, 1952, and had basic training at Fort Breckinridge, Ky., and advanced mechanics training at Fort Knox, Ky. He left for overseas in April, 1953, and now is a member of the 5th Regimental Combat Team, Third Division, as a driver for officers. On Dec. 27, he was the driver for Cardinal Spellman and General Haby. He told his parents he planned to visit Carol, Van Zoeren, a teacher in Yokohama. They were classmates in Zeeland High School and are both members of Second Reformed Church of Zeeland. Veldhuis is pictured in the barracks at Christmas time.

Ninth Graders Defeat Tigers

The Holland Ninth Grade basketball team defeated the Benton Harbor Ninth Graders, 52-35, in a game played Friday afternoon at Holland High gym.

The locals jumped to a 10-5 first quarter lead but Benton Harbor bounced back to tie the score at 23-all as the halftime buzzer sounded.

Benton Harbor took a three-point lead as the third period opened but the Dutch fought back to make it 33-30 at the end of the quarter.

Led by aggressive floor play by Terry Otting and an 11-point scoring spurge by David Hilbink in the last five minutes of the game, the Dutch were able to post their second win against one loss.

Roger Plagenhoef with 16 and Lester Overway with 15 and Hilbink with 11 were the leading scorers for Holland.

Jerry Barchett with 15 and John Hadley with 10 were high for the Tigers.

Collide on Icy Road

Snow covered roads were blamed for a collision between two cars at McKinley and Jefferson Aves. Friday afternoon. Involved were cars driven by Donald G. Bouman, 33, of 332 Dinday Ave., Zeeland and Mildred B. Lipe, 31, of 309 Woodward Ave., Zeeland. The '36 model car driven by Mrs. Lipe was judged a total loss, police said, while damage to the Bouman '50 model car was listed at \$300. Ottawa County Deputy Clayton Forry investigated.

THE SWIMMING POOL in the new Grand Haven high school is 75 feet long and 24 feet wide with depths from 3 to 10 feet. Temperature of the 165,000 gallons of water is kept constantly at 75 degrees. The water is changed completely every six hours

run through filters which take out sand and dirt, passed through a hair remover, checked for chlorine content twice a day and automatically heated to 75 degrees if the temperature drops during the purification process. Presumably the water in the pool is twice

as pure as drinking water. None of the water splashed out runs back into the pool but goes directly into the city sewers. By re-purifying the water constantly, the same water may be used indefinitely, although more water may have to be added.

Maroon Defense In Second Half Stymies Tigers

Holland Christian eagles had to stage a second half comeback Tuesday night on the Armory court to down a good Allegan quintet, 40-36. The win was Christian's second over the Tigers this year and their 11th this season compared with two defeats.

There was little doubt once the game got underway that the invading Tigers were a steamed up, inspired ball club. Shots were clicking and they were doing everything right for the first 12 minutes of the contest. Allegan officials reported that it was the best the Tigers had played this season and Coach Ken Otis said following the contest, "I was real proud of my boys out there tonight."

While Allegan was hitting a spectacular percentage of shots, the Maroons were getting more opportunities, but hitting a much poorer percentage. Allegan had plenty of scrap for the first two quarters and had the better of the argument during these two periods.

It was a different story in the second half, however, as the Maroons began to take charge of the uphill battle. The Dutch swarmed all over the boards and exhibited plenty of spirit. Another factor in the Dutch second half drive was the terrific defense of the Maroons. They permitted Allegan few shots, mostly from outcourt, and allowed only three Allegan baskets in the second half, one coming as the final horn sounded.

In field goals the Dutch outscored Allegan 18-12. However, in the foul shooting department the Tigers hit 12 for 19 while the Maroons connected on four in only 11 tries.

In that first half, the losers actually had a nine point lead on the Dutch, but in the second half the locals at one stage in the final period had a 10 point lead, making a 19 point net gain in a little better than two quarters.

Christian's offense did suffer some through the loss of Ron Nykamp, who sat out better than half of the contest with four fouls. Reserves John Mulder and Sylvan Disselkoen filled in well however.

The big gun in the first quarter for Allegan was Don Miller, sharp-shooting guard. Some excellent outcourt shooting plus a couple of defensive lapses for the Maroons gave the stocky Tiger, nine of his team's 12 points in the first quarter. Christian meanwhile was getting eight.

Allegan spurred to a 17-8 margin early in the second quarter before Rich Sharda and Scholten came through with some timely baskets to make the count 22-17 at the intermission with Allegan still leading.

It took the Dutch about two minutes to knot the count at 23-23 in the third stanza, thanks to baskets by Sharda, Scholten and Nykamp's only field goal. Allegan continued to hit from the foul line and again took a four-point lead before the Dutch could knot the count at 27-all going into the final stanza.

Jun. Buursma gave the Dutch their first lead in the game on a long swisher soon after the final period opened—but there was more to come. Following a two pointer by Scholten, Buursma hit for three more from outcourt to send the Dutch out to a 40-30 lead. Miller, who didn't get a basket the second half, hit four straight foul shots, but the Maroons were on the march and were out of danger. Allegan's final basket came by reserve Hunter, scored on a desperation heave as the gun was sounding.

Scholten was high for the Dutch with 14 markers, followed closely by Buursma with 13 allies. The offensive star of the game was Allegan's huller with 20 points on six baskets and eight out of 11 foul tries.

Christian guns for a big victory Friday night when they take on class A Owosso on the Trojans' home court.

'My Heart Lies South' Is Reviewed for Club

"Admiration, respect and affection can build an effective bridge between two cultures," Mrs. George Pelgrim said in reviewing the book, "My Heart Lies South," by Elizabeth de Trevino, at the regular meeting of the Woman's Literary Club Tuesday afternoon.

Mrs. Pelgrim, member and former club president, said the locale of the book was Monterrey, one of Mexico's greatest industrial centers which lies not far from Laredo, Tex.

The book gave many humorous and heart-warming incidents of life in Monterrey as experienced by Mrs. de Trevino, a former Boston newspaper writer who has lived there since her marriage to a Mexican 20 years ago.

The book reviewed her courtship, marriage, her difficulty with the language in which pure Spanish is abetted by gestures and Indian words which nobody puts into the dictionary, furnishing a home, getting along with servants, and above all family devotion.

The author, who was sent to Monterrey by a Boston newspaper to do a story, was shown about by a handsome young cultured Mexican who later became her husband. One chapter was devoted to a hilarious account of the author's courtship and engagement, a fact known to everyone but herself. After her marriage she found herself snubbed for a time and later learned it was because her husband had by-passed most steps of the traditional Mexican courtship. All this, however, was forgiven at the arrival of the first child.

Another chapter was devoted to Mexican servants who are usually elected with great care since the employer assumes considerable responsibility in the matter. Mrs. de Trevino said she learned many lessons in humility from her servants and she spoke highly of their memory and intellectual integrity.

One of the most touching subjects in the entire book was the Mexicans' devotion to the old. Mrs. Pelgrim said it is unthinkable that an old person without relatives would ever be lonely or bewildered. "Besides it solves baby

sitting problems and teaches children deference for their elders," Mrs. Pelgrim said.

Mrs. Bruce G. Van Leuwen, club president, presided. Next week's program will feature a talk by Col. William Herzog, an authority on Lincoln.

Devotions were in charge of Mrs. William Tummel and Mrs. James Barkel presided at the business meeting.

Hostesses were Mrs. Barkel and Miss Theresa Achterhof.

VANDE WOUDE — Mother, Matilda "Tillie" Vande Woude, would have been seventy seven years of age on January 30th. Had she lived to be many years older she could not have surrounded herself with finer or more loyal friends, young and old, old and new, than were present to pay their respects on her passing from this world. We are also very grateful to many wonderful neighbors who contributed so generously to a beautiful floral tribute.

Amount Is \$1,200 More Than Total Taken Last Year

**Holland's Intake \$250
Short of Quota;
Zeeland Over the Top**

Response to this year's March of Dimes campaign, particularly the climactic Mothers March, has been so enthusiastic that sections in Ottawa County have either passed their quotas or are within a hair's breath from the top.

Holland's Mothers March, staged in bitter cold weather on icy walks and streets, brought in approximately \$6,500, or about \$1,200 more than last year's figure of \$5,300. And the Newcomers' polo dance staged Saturday night in the Warm Friend Tavern brought in more than \$1,150.

This brings Holland's total to \$21,240.44, which is about \$250 short of the \$22,500 quota which covers Holland city and Holland and Park townships. E. H. Phillips has been serving as polo chairman for Holland. The figures were compiled by Ray Helder, local treasurer.

Zeeland has gone over the top, according to Charles Zerrip, one of the co-chairmen. Zerrip said the Mothers March staged last Thursday night brought in \$1,612 and will probably go to \$1,650. He said last year's total the night of the march was \$1,597 and it was boosted later to \$1,640. He said he has banked \$3,350 and is awaiting arrival of the canisters plus reports from two township teams. Total collected last year was \$3,610, and he hopes this year's total will reach \$3,850. Zeeland's quota was \$3,100.

In Grand Haven, Don Bishop, tri-dities polo council campaign treasurer, reported that \$13,625.56 has been collected, just short of the \$14,000 quota based on the \$1 per capita goal. He said some sources are yet to report.

Saturday's Mothers March yielded \$3,416.35 in Grand Haven, \$1,897.50 in Spring Lake and \$480.10 in Ferrysburg, compared with last year's figures of \$3,081.61, \$1,915.95 and \$285. Spring Lake's Mothers March figures are incomplete.

Two bakeries provided cakes for Mothers March workers, and also put three "money" cakes in their bakeries, bringing in a total of \$172.28.

Grand Haven Man Caught by Police

Muskegon, Mich. — Gale Chilson, 22, Grand Haven, one of two men sought for the strong arm robbery of a University of Michigan co-ed, has been arrested in South Bend, police reported Friday.

Chilson was taken in custody Thursday. His companion, Paul Whipple, 18, Grand Haven, is awaiting Circuit Court arraignment. Whipple was arrested by Cass County officers in his car Sunday.

The co-ed, Marilyn Lein, 22, was knocked down and robbed of \$3 by the men after she left a bus and was walking toward her home.

She obtained the license number of the car, leading to the arrest of the pair.

Young Man Given 30 Days For Malicious Destruction

GRAND HAVEN (Special) — Robert Edward Wellman, 20, Grand Haven, one of five young people who pleaded guilty Dec. 18 to charges of malicious destruction in a cottage, was sentenced to serve 30 days in the county jail when he appeared before Circuit Judge Raymond L. Smith Friday. He also was assessed \$50 costs and additional 15 days if costs are not paid.

Wellman had previously been on probation and reports to the court indicated his conduct had been unsatisfactory. In sentencing the young man, the judge said he would be given no probation on this offense since probation to Wellman "is just a big joke."

Of the six young people apprehended in the case, one was a minor and was referred to Probate Court. The other four appeared Jan. 11 and each was ordered to make restitution of \$76 for damage in addition to other probationary considerations.

Plea of Not Guilty Entered for Barkel

GRAND HAVEN (Special) — Earl Barkel, 21, of 303 East 14th St., Holland, waived the reading of the information and stood mute when he was arraigned Friday before Circuit Judge Raymond L. Smith on a charge of negligent homicide. A plea of not guilty was entered by the court.

The charge against Barkel is the result of an accident June 26, 1953, in which a car allegedly driven by Barkel struck a tree on Butternut Dr., claiming the lives of three companions, John Fendt, Duane Lyons and Douglas Hazebrook. Barkel and another occupant, Orville Tien, were seriously injured.

Barkel is specifically charged with the death of Hazebrook. The warrant was authorized by Prosecutor James W. Bussard.

Nelson Mulder, 27, Zeeland, arraigned on a bastardy charge, stood mute and a plea of not guilty was entered. His case will be heard during the April term.

Lawrence Vink Declared Dead

GRAND HAVEN (Special) — Word was received here Saturday by Mr. and Mrs. Walter Vink of Spring Lake that their son, Corp. Lawrence Vink, who had been missing in action since Nov. 30, 1950, died of dysentery March 14, 1951, in a prison camp. He was 22 when he was reported missing.

It was the first word the family had received since the young man was reported missing. It revealed that Corp. Vink had participated in a northward march to a prison camp at Pyoktong where he died.

Corp. Vink was a member of the 38th Field Artillery Service battalion. He landed at Pusan in August, 1950, and participated in the long push north, almost the length of the Korean peninsula. He was wounded once and returned to action. His unit was given a commendation for bravery in battle by its commanding officers Oct. 3, 1950.

At the time he was taken prisoner his unit apparently was surrounded in the "northeast ice-box" by Chinese Communist hordes. The last letter his family received was written Nov. 16, 1950 in it he marked his location as approximately 250 miles north-east of Seoul near the Changjin reservoir.

He was born in Spring Lake and attended Spring Lake schools and Grand Haven High School. He was employed as a refrigeration apprentice at the Bastian Blessing Co. before enlisting in the service Aug. 26, 1948. He received his basic training at Fort Knox, Ky., and served with the demolition squad at Saipan for 15 months before coming home on furlough from May 7 to June 5, 1950.

He was stationed at Fort Lewis, Wash., for three months before sailing for Korea.

Youngest of seven children of Mr. and Mrs. Walter Vink, he is survived by the parents; four brothers, Donald J. Vink of Holland, Floyd and Gordon Vink of Spring Lake and William of Grand Haven; two sisters, Mrs. George Vander Veen of Spring Lake.

Saturday's government letter was based on information received from several returned prisoners of war, including one who was an eye witness. Further details will be forthcoming, the letter said.

Three Fined On Drinking Charge

ZEELAND (Special) — Three persons paid \$28.90 fine and cost before Justice Egbert J. Boes last week on charges of drinking beer in a vehicle on a public highway.

Paying fines were Abraham Ortega, 30 of 1019 Baxter St., Grand Rapids; Lorenzo Campor, 22 of 264 Lincoln Ave., Holland and Thomas Prodoizeux, 21, of 264 Lincoln Ave., Holland. Elizabeth Smith, 20, of Grand Rapids, paid \$13.90 on a charge of being a passenger in the car while drinking was going on.

Other fines include Charles Siriss, 22, of Grand Rapids, disobeyed traffic signal, \$7; Russell Oldebeeking, 18, of route 1, Hamilton, improper passing, \$12; Robert De Weerd, 23, of Holland, speeding 40 miles in 25 zone, \$12. Jerald Kuysers, 22, of route 2, West Olive, failure to yield right of way, \$12; Jacob Grass, 34, of Zeeland, failure to yield right of way and disobeyed stop sign, \$16; Ryan Talsma, 22, of route 3, Zeeland, disobeyed stop sign, \$7.

The British treasury department acquired the name Exchequer from the fact that accounts were figured, and money counted on a checkered table. The word exchequer means chessboard.

Surviving are three sons, Dr. C. J. and Dr. J. H. Locke of Detroit; Attorney Matthew C. Locke of Muskegon; three daughters, Mrs. Atwell, Mrs. James (Jeanne) Smoot of Hendersonville, N. C. and Mrs. Gordon (Joan) Jaughhead of Grand Haven; a son, James Richard died in 1943.

Thyme, now used as a seasoning, was used by the ancient Greeks as incense in their temples.

Bell Contributes To School Fund

The Michigan Bell Telephone Company again last year was the largest single contributor to the state primary school fund with a payment totaling \$7,086,904.

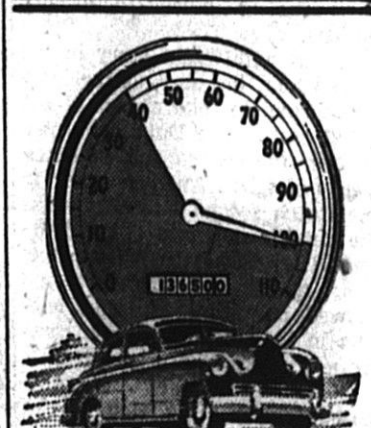

According to figures released today by Andrew G. Sall, manager here for Michigan Bell, \$16,114 of the total was allocated to the public school system of Holland.

Schools throughout Ottawa County, including the city of Holland, received a total of \$92,322 from the company's tax payment.

Sall said the payments were based on a school census of 3,613 in Holland and 27,700 in Ottawa County, as compiled by the State Department of Public Instruction.

The company's tax payment last year amounted to \$4.46 for each of the 1,589,923 youngsters in the state between the ages of 5 and 19 who are on the census rolls.

Michigan Bell, in common with railroads, Pullman, railway express, telegraph, and other telephone companies, pays a state property tax earmarked for the primary fund in lieu of other property taxes.
