Capt. Paul G. Bast Killed in Thailand

Capt. Paul G. Bast, 29, a graduate of Holland High and Hope College and son of Temple Time radio minister Dr. Henry Bast of Grand Rapids, was reported killed Monday while flying a military plane over Thailand, according to word received Tuesday by his family.

Information received said Bast's Phantom jet came down near his base at Udorn, Thailand, but other details of the mishap were not known.

Bast was an Air Force pilot and had been assigned to the 355th Tactical Fighter Squadron in 1969. He received the Silver Star for gallantry in combat in 1969.

A 1961 graduate of Holland High and 1965 graduate of Hope College, Bast received his Masters degree from the University of Michigan in 1967 and was commissioned a lieutenant the same year through Officer Training School at Lackland AFB, Texas.

While at Hope College and Holland High, Bast played foot-

ball. He majored in English at Hope.

The Bast family lived in Holland while Dr. Bast was professor of Bible at Hope College from 1939 to 1944 and professor of practical theology at Western Theological Seminary from 1956 to 1963.

Bast was married in Dec., 1971, and sources said his wife was living with him in Thailand where he was stationed.

Capt. P. Bast's Body Being Sent Home

GRAND RAPIDS — The body of Air Force Capt. Paul G. Bast, 28, killed in a military plane crash earlier this week in Thailand, was being shipped to Grand Rapids for services, according to word received today by the family from Bast's wife.

Bast's father, Dr. Henry Bast, radio minister for the Temple Time program, was notified Tuesday of the death, but details of the crash were not learned.

A spokesman at Temple Time said today Bast's wife contacted the Bast family in Grand Rapids by telephone from Bangkok and said she was returning to Grand Rapids Saturday and her husband's body was being shipped home.

The air crash apparently occurred near the Thailand base at which Bast was stationed.

Bast was a graduate of Holland High, Hope College and the University of Michigan. He was married in October, 1971. He was commissioned a lieutenant in 1967 through Officer Training School at Lackland AFB, Texas.

His wife was with him in Thailand.

Fire Levels Building At Turkey Farm

BORCULO — Fire leveled a 200 foot long brooder building at Bill & Marve's Turkey Farm, Inc., 8300 96th Ave. at 2:26 a.m. today. No turkeys were in the building and no injuries were reported.

Gary De Witt, secretary of the turkey firm, said the loss to the cement block building, 40 gas heaters, a truck and other equipment, could run to \$15,000. De Witt said the facility was being readied for placement today of 12,000 baby turkeys. Ottawa County sheriff's deputies said it was believed the fire may have started from an overheated gas stove.

Firemen from the Olive-Blendon fire department were called by a passing motorist who noticed the flames. Firemen were at the scene about two hours.

De Witt said the fire was well involved when firemen arrived. The facility was one of several buildings in the Bill & Marve complex. No damage was reported to the other structures.

238 Appointments Scheduled So Far On City Appraisals

A total of 238 city property owners have requested appointments with James R. Laird and Associates next week on property appraisals which were mailed late last week.

Appointments are Monday through Friday from 9 a.m. to noon and 1 to 4 p.m. on the third floor. There also are two evening sessions, but Laird representatives said both sessions are nearly filled. All interviews require appointments which may be made by calling the Laird office in City Hall. Discussions usually take no more than 15 minutes.

Persons having difficulty getting to the third floor of City Hall will be accommodated in the city treasurer's office on the first floor.

Answers Are Found In Mayor's Letter

City Manager William L. Bopf today asked persons objecting to the new property appraisals to read the accompanying letter from Mayor L. W. Lamb Jr. since answers to the greater share of all questions are included in the letter.

Arrival of new appraisals in the mail late last week resulted in a large number of calls to City Hall. Representatives of James R. Laird Associates of Appleton, Wis., starting taking appointments today, scheduled the week of Feb. 7 with two night sessions, but the appointments were relatively light. The night sessions next week will be Tuesday and Thursday from 7 to 9 p.m. by appointment only.

Representatives said about 10 per cent usually request appointments and in Holland's case, this would be 800 property owners.

The Laird appraisal was carried on over the last 18 months, geared to market prices. Assessments are 50 per cent of appraisals, according to state law. Holland's total assessment is up some \$13 million over last year. The increase includes considerable new construction.

Citizen recourse is clearly outlined in material accompanying the new appraisals. Persons objecting should first consult Laird representatives. If such a discussion fails to satisfy the property owner, he may appear before the Board of Review March 7-10. Later appeals may be taken to Circuit Court.

The mayor's letter points out that the city's tax rate last year was lower than in 1970, but taxpayers often are confused over total taxes which include school taxes and county tax, all payable in City Hall.

South American Slides Highlight Club Meeting

The Woman's Literary Club celebrated the 58th anniversary of its clubhouse at a birthday tea Tuesday afternoon which featured a travelogue by a former president, Mrs. Kenneth De Pree, on her two visits to South America.

A former school teacher, Mrs. De Pree explained the geography of America's sister continent, the fourth largest in the world, adding that Brazil is the fifth largest country in the world and Argentina the eighth. She spoke of the Amazon River, the Andes mountains with its highest peak of 22,800 feet, the highest in the western hemisphere.

Total population of the continent, she said, is 250 million which is 30 million more than the United States and Canada together. She called attention to President Kennedy's statement that South America is more crucial to the welfare of the United States than any other

country. In Argentina where her daughter has lived since 1966, beef and meat are synonymous although there is pork and lamb and lots of fish. She said Buenos Aires is a typical European city where people dine late and the opera opens no earlier than 9:30 p.m. She also spoke of the serious inflation, mounting 45 per cent in 18 months, and said there is little or no political interest since the country has been under a dictatorship five years.

Her slides showed scenes of Rio de Janeiro, the bustling Sao Paulo which has many high-rise condominiums, mountains and waterfalls, cathedrals, modern airports, elaborate mountain terraces, herds of llamas, forests, ruins and the monument at the equator in Ecuador.

She was introduced by her daughter-in-law, Mrs. Tom De Pree, club president, who pointed out that the speaker was presiding at a similar birthday party in 1938 when the clubhouse was 25 years old. "Among other things, she raised a wonderful son," the younger Mrs. De Pree said.

The president reviewed some of the early history of the club founded in 1898 with truly noble purposes. Meeting weekly, the club studied history on the first and third Tuesdays, art and literature the second Tuesday and science the fourth. A critic was appointed every other month to correct the pronunciation of the persons presenting the programs. A rule called for no whispering.

Her review also paid tribute to Mrs. Louise Thurber, financial chairman back in 1913, who led the way for the club to have its own clubhouse. One year later, the clubhouse was built at a cost of \$10,000 raised through gifts and loans. It was dedicated in February, 1914.

The tea was arranged by a division of the club headed by Mrs. Arnold Dood and Mrs. Frank Dieleman who poured. Door hostesses were Emma and Clara Reeyerts.

Travelers warning were in effect this morning for south-west Oklahoma, northwest and northcentral Arkansas, and parts of Missouri, Kentucky and Tennessee.

Narcotics Arrests Doubled in Holland

Holland police, citing a doubling of narcotics arrests in the past year, urged better cooperation and coordination with treatment agencies.

In his report on police department activities for 1971, Chief Charles Lindstrom said "coordination and cooperation with treatment agencies has failed to materialize to any appreciable degree."

He added that while "every effort is being made to coordinate with such agencies, until such time as there is effective coordination, enforcement efforts will not achieve its maximum potential."

Narcotics arrests in 1971 climbed to 63, more than double the 26 arrests in 1970.

Narcotic complaints were among the 11,207 complaints handled by the department in 1971, up from the 10,368 recorded in 1970. The total non-traffic criminal cases reported to police was 4,765.

Serious crime as defined by the FBI increased 3.4 per cent last year over 1970 with 1,193 major offenses, including robbery, assault, burglary, larceny and auto theft, being reported. Police cleared about 27 per cent of the major offenses through arrest and prosecution.

In August and October, complaints topped the 1,000 mark, a monthly record.

Officers issued 2,830 traffic citations in 1971 and 2,270 written warnings. There were 132 arrests for driving while under the influence of alcoholic beverages, a slight decrease from the previous year.

In the area of parking and meter enforcement, 17,849 parking violations were issued in 1971.

Officers logged 28,653 hours in patrol, footpatoles and security checking. The department's Community Relations Unit and School Safety Unit contributed 1,966 hours promoting safety and community relations.

Lindstrom said his department would consider narcotic violations and traffic safety as high priority activities this year.

The department lauded an effort against traffic accidents with a special traffic unit concentrating on traffic enforcement, accident investigation and accident prevention.

To keep abreast of new developments in law enforcement, Holland officers completed 1,708 hours of training in specialized schools, 64 hours in in-service training and 152 hours of time at the pistol shooting range.

The department operated with a staff of 55 in 1971 as compared to about 47 in 1970.

The sun shone in Holland Wednesday on Groundhog Day assuring local residents of another six weeks of winter.

Intermittent sunshine cut in to the overnight snowfall of 1.8 inches, reducing it to slush on traveled roads, although the temperature remained at 22 degrees. Another inch of snow or two may fall tonight.

The snowfall in Holland during January was 38.5 inches, a sharp contrast to the 4.7 inches which fell in November and the 2.7 inches in December, according to Lynn P. Wheaton, weather observer. After a long wait, skiers and snowmobile operators had an opportunity to use their equipment.

Holland had subzero readings on four consecutive days during January and two days in which the mercury remained below zero at 11 a.m. readings.

Low readings registered -1 on Jan. 14, -10 on Jan. 15, -16 on Jan. 16 and -1 on Jan. 17.

Average temperature for January was 21.2 degrees or 2.7 degrees below normal. The maximum was 49 on Jan. 10.

Snow covered the ground most of the month with the greatest depth of 8.5 inches Jan. 31. On Feb. 1, Holland street crews used the snow loader downtown for the first time this season.

Up to February last year, the season's snowfall was 95.1 inches, listing 8 inches in November, 35.6 in December and 51.5 in January.

Average maximum temperature last month was 29.5 degrees and average minimum 13 degrees.

Precipitation totaled 1.1 inches or 1:56 inches below normal. Precipitation fell on 23 days. Greatest amount of snow in a 24-hour period was 4.5 inches Jan. 28.

Holland experienced heavy blizzards Jan. 25 resulting in closing of most schools.

BPW Asks 15 Per Cent Water Hike

A request to City Council Wednesday night from the Board of Public Works recommending a 15 per cent increase in water rates was taken under advisement. Council plans a meeting with the BPW to study all aspects.

The communication pointed out that the last increase was put into effect in September, 1954, when action was taken to change from the well system to a Lake Michigan supply. The pipeline was completed about three years later and in the 16 years that have elapsed water usage has increased from 2.7 million gallons a day to 6.3 million gallons and often 12 million gallons a day in the summer.

According to projected plans, expansion was envisioned in the early 1970s and studies are contemplated. Costs have increased over 50 per cent in labor and chemicals, the letter stated. Council approved low bid of Zwief's Greenhouses for 26,025 annuals in various varieties for Windmill Island in net amount of \$2,082. Three bids had been received.

A request from Hope College asking for "no parking" signs in the vicinity of new construction for the Science-Academic building was approved. For the duration of the construction period, parking will be restricted for 120 feet west of College Ave. on the north side of 12th St., 140 feet west of College Ave. on the north side of Graves Pl. and 140 feet west of College on the south side of Graves Pl. The restrictions are provided specifically to assist the contractor in gaining access to the site.

By a vote of 6-3, Council finalized plans to offer \$14,500 for the purchase of the Vining property on Ninth St. adjacent to the Lincoln Park project. Dissenting were Councilmen Al Kleis Jr., Hazen Van Kampen and Elmer Wissink.

Council approved a revision on the Blue Cross-Blue Shield contract whereby dependents covered by other health insurance will use these benefits before the obligation is assumed by Blue Cross.

A city manager's report on installation of a culvert on 40th St. at the driveway of Lear Siegler Inc. would cost \$4,774 and recommended the city pay 50 per cent of the construction of the junction box and related appurtenances at a price not to exceed \$2,387. It carried unanimously. Council passed a resolution presented by Councilman John Bloemendaal acknowledging the city's 125th anniversary during 1972, urging all residents of the greater Holland community to participate in scheduled celebrations and activities, geared to the spiritual and cultural advancement of the American Way of Life.

Safety Patrol Given Bus Instructions

A bus safety training school was held at Glerum School recently for the safety patrol members and sponsors in the West Ottawa elementary schools. It was conducted by Tom Reimink, director of transportation, with the assistance of Ottawa county sheriff's deputy, Sgt. Don Pikaart.

The patrol members were instructed in emergency and safety procedures in the operation of school buses including emer-

gency evacuation; location of all safety devices and equipment such as flares, fuses, etc.; operation of the two-way radio; location and use of fire extinguishers; location and operation of ignition switch and emergency brake; and emergency door operation.

Proper procedures in loading the bus and in assisting students in crossing in front of stopped buses were explained.

Special emphasis was placed on the fact that the safety patrol members are not disciplinarians on the bus, rather their responsibility is to assist in the safe operation of the school bus.

NOSE Tips

by Leo Martonasi

William Kool Sr., 73, of 62 E. Lakewood, a master plumber by trade, is quite a man when it comes to Calvin sports.

Kool was knighted at halftime of the Calvin-Kalamazoo basketball game recently for his great contribution to Calvin basketball.

The Kool family has meant a great deal to the success of basketball at Calvin. Kool's oldest son, Bill, played basketball from 1944-46 while Preston "Butts" Kool established an outstanding name for himself on the court for the Knights also.

Preston had the record for the most points scored in one season and also the mark for the most free throws which stood for 10 years before the season was extended from 18 to 20 contests.

The third Kool brother to play for Calvin was Jim. He only played one year because of an injury but did shine on the baseball diamond.

Bill is now the principal of South Christian High School

while Preston is currently the Director of Corporate Development at Calvin and Jim is a principal of a Christian grade school in the Chicago area.

The senior Kool had three daughters who attended Calvin. Joanne, a registered nurse married the well-known ex-basketball coach at Holland Christian Art Tuls Sr.

Art's son, Art Jr., is a starting guard on this year's Knights squad and is the first of Kool's grandsons to play for Calvin.

Kool's second grandson, Dick Frens, is also on the Calvin varsity while Phil Tuls, brother of Art Jr., is on the freshmen team. Kool's daughter Hazel, whose husband is Lee Vander Ark, principal of West Side Christian, are the parents of Dick.

Besides the three grandsons playing for Calvin, there are 13 more on the way up, so it looks like the Kool's will continue to dominate Calvin sports for many years to come.

Our hat's off to you, Mr. Kool.

GENERAL LACK OF RESPECT

Vandalism has risen to such
heights that the new John F.
Kennedy Center for the Per-
forming Arts in Washington,
D.C., has asked Congress for
an "emergency" \$1.5 million
appropriation to keep the Cen-
ter open for tourists.

Visitors to the Center — be-
tween 6,000 and 20,000 every
day — have removed or defaced
everything within reach and
more guards are needed to
make people behave. Reportedly,
chrysal chandeliers have
been stripped, pieces of rugs
and curtains snipped away, fau-
cets pried from bathroom
basins.

Not only do the tourists steal
everything moveable, but they
leave souvenirs of their visits
in the form of cigarette burns
and smears of candy and chew-
ing gum.

This kind of destruction of
public property makes some-
thing of a joke out of public
concern for the environment
and public interest in natural
beauty.

Perhaps it is true that a very
small percentage of the public
is made up of vandals and lit-
terers, but the fact remains that
the public is environmentally
destructive. Left to its own de-
vices, it is a monster that
makes the alleged industrial ex-
ploiter of old look puny by
comparison.

In reality, much of today's
disregard for environmental
aesthetics is the result of a
general lack of respect for the
rights of other persons and their
property.

Sunday School Lesson

Sunday, Feb. 6
Christ's Concern for the City
Luke 19:37-48
By C. P. Dame

We live in an urban civiliza-
tion. Christianity has always
been active in cities. The gospel
was first preached in Jerusa-
lem, Paul preached in the big
cities of the Roman Empire
and today many of the strong
Christian churches are in the
big cities of the nation.

It is also true that the gospel
is needed in the cities which
influence the whole nation for
better and for worse.

I. Jesus showed His concern.
The triumphal entry into Jeru-
salem proves this. All the four
gospels record the unusual
event which caused much ex-
citement among the disciples
and the citizens of Jerusalem
except the Pharisees who dis-
liked it. In going to Jerusalem
Jesus offered Himself as the
Messiah but the city did not
accept Him.

Jesus showed His concern for
people, many of whom lived in
Jerusalem which was the reli-
gious center of the nation. To-
day the majority of the nation's
population lives in cities and
their suburbs and that is one
reason why Jesus is concerned.

Most of the nation's problems
are in the big cities and the
cities need Jesus Christ. It is
the task of the church to pre-
sent the gospel to the cities.

Today the churches use dif-
ferent methods in the different
sections of the cities. People in
the ghettos differ from those
living in the suburbs—they are
alike in one aspect—all need the
gospel.

II. Rejection of Jesus is costly.
Jerusalem rejected the Lord
who wept over it.

It was a great moment when
Jesus offered Himself to Jeru-
salem and it was a sad moment
when the city refused Jesus.
He predicted its destruction
which happened when the Ro-
man army took the city 70
A.D., destroyed the temple
and its mansions and killed
and enslaved many citizens.

Many people reject Jesus —
some live in the cities, some in
rural districts and some in the
suburbs. How different Jeru-
salem's history would it have been
if the city had accepted Jesus!

III. Jesus demands purity in
worship. The triumphal entry
took place on Sunday, the
cleansing of the temple on
Monday. Jesus spent Sunday
night at Bethany and on Mon-
day He returned to the city
and chased out of the temple
the traders who sold animals
for sacrificial purposes and ex-
changed money for the conven-
ience of the worshippers. It
was a racket and the priestly
family got rich from the deal-
ings.

The religious leaders disliked
this deed of Jesus but feared to
do anything about it because
the people heeded Him.

Worship is important. Any-
thing that interferes with wor-
ship is out of place. Keeping
worship spiritual and pure calls
for diligence in this materialis-
tic day.

The second puppet show, en- titled "The Monster That Wasn't Sorry," will be given in March and is educational as well as entertaining. This show has been written especially for Junior Welfare League by one of its own members, Mrs. Clyde Line. It emphasizes the impor- tance of listening and certain sounds in speech development.

Because of the nature of this
puppet show, it will only be
given for kindergartners, and
first and second graders. Since
it is impossible to cover all area
schools in one year, Junior Le-
ague is planning to visit schools
on a rotating basis over a pe-
riod of three years.

The ten schools which have
been selected for the spring of
1972 are Holland Heights, Pine
Creek, Maplewood Christian,
Maplewood Public, Drethe,
Federal, Montello, Saugatuck
Public, Saugatuck Catholic and
Lakewood.

This puppet show will be given
by two traveling casts made up
of Mrs. Ronald Boeve, Mrs.
James Von Ins, Mike Cala-
han, Mrs. Jack Dozeman, Mrs.
Donald Wassink, Mrs. Ed Shid-
ler and Mrs. John Tysse. Co-
chairman are Mrs. Dan Zuver-
ink, Mrs. Siegers and Mrs. Don
Miller.

Puppets and backdrops for
both shows were made by Mrs.
Paul Dykema and Mrs. James

Gorman and VandenBerge Top Scorers

JENISON — West Ottawa
played one of its finest basket-
ball games of the season but
to a tough Jenison team by a
99-73 score. The final score was
not indicative of the game as a
whole.

"Jenison was a strong team
and we played well," Coach Joe
Iaich said. This is a team that
has only lost two decisions this
season and in just could not
miss the hoop no matter
how they shot or where they
shot from. This is the same
team that won the O-K White
Division title last year and are
almost sure to repeat again this
year. The Wildcats jumped off
to a quick 9-0 lead before the
Panthers were able to get on
the scoreboard.

The Panthers didn't let that
bother them however, and
quickly bounced back to within
six points at the end of the
first period with some fine team
hustle.

Jenison continued in the sec-
ond period with their fantastic
shots from the field and torrid
shooting from the foul line, but
West Ottawa was not to be
denied as Doug Vork, Mike
Gorman and Bill VandenBerge
did some super shooting for the
Panthers. Just when the Pan-
thers would come within reach
it seemed that Jenison would
get hotter and too many fouls
called on West Ottawa would
put the Wildcats back in front.

VandenBerge had one of his
best nights scoring 18 points,
mostly from way out, and was
a constant threat to the Wil-
dcats with his fine defensive
work. Ray Wells showed some
fine defensive plays, blocking
shots of big Jim Hovinga, Jeni-
son's 6'4" forward. Tim Glup-
ker and Vork also bothered the
big offense of the Wildcats with
some steals. But the Panthers' big center, Gorman, really
showed the fans some thrills
with his excellent moves and
fine shooting and rebounding.

Gorman led the Panthers with
23 points, VandenBerge had 18
and Vork 11 followed by Glup-
ker with eight.

Surprisingly, with all their
height, the Wildcats only out-
rebounded West Ottawa by
34-32. If the Panthers continue
this type of hustle they are
sure to give the remaining
teams on their schedule a rough
time.

Jenison shot at a 51 per cent
clip compared to the Panthers
42 per cent. Four of Jenison's
starters reached double figures
and when Iaich put in a new
team in the final period, the
Wildcats poured it on.

The Panther reserves lost
their game by a 73-61 score as
Mark Visser poured in 22 points
followed by Vander Ploeg with
16. The Panthers meet Forest
Hills this Friday night at home.

Hamilton Chalks Up 7th In Row; Trips Fennville

HAMILTON — Hamilton's
basketball team made it seven
victories in a row by stopping
Fennville, 73-60 here Tuesday
evening.

The Hawkeyes were 23 of 60
from the court while Fennville
was 22 of 63. The big difference
was at the free throw lane as
Hamilton made 27 of 34 while
Fennville canned 16 of 27.
Hamilton pulled down 43 re-

bounds to 28 for the Blackhawks.
Center Kerwin Roelofs of the
Hawkeyes led both teams with
14.

Fennville trailed at the end of
the first period, 17-13 but with
Gordy Alderink firing in 22 of
his game high 27 points before
the intermission, the Black-

hawks rallied to lead at the
half, 36-33.

Hamilton outscored the los-
ers, 17-10 in the third quarter to
chalk up their eighth win in 12
decisions. Fennville is now 8-6

Maroons Nip State's No. 2 Rated Squad

HUDSONVILLE — Holland Christian's improving basketball team has taken on the role of giant killers in recent weeks. For the second time in the last four games the Maroons defeated a team rated No. 2 in the state in Class B, as Friday they handed Hudsonville Unity Christian a 72-68 setback.

The Crusaders, losing for the second time this season as against 10 wins, probably wish they had never heard of the city of Holland, as both their defeats were to Tulip City teams, Holland High and Holland Christian.

Unity started fast, scoring baskets by Mark Veenstra, Chuck Alderink and Dean Van Vugt in the first minute of play to take a 6-0 lead. Van Vugt paced the Crusaders in the early going, garnering half of Unity's first 16 points, as the Maroons trailed 23-15 at the end of the first quarter. Van Vugt had nine and Veenstra eight points in the period.

The Crusaders stretched their lead to 27-17 before Christian fought back as Tom Klaassen, Chuck Visser, Ray Schrotenboer and Dan Plasman did the scoring, bringing the Maroons within two at 30-28. Veenstra, who should make All-State this year, then took control of things and hit eight of Unity's next 11 points to pull away to a 41-31 lead. In the final minute of the first half Plasman hit a pair of buckets and Klaassen two free throws to make the halftime score Unity 41, Holland Christian 37.

Veenstra had things pretty much his own way in the first half as he hit for 22 points, including nine baskets, most of which were follow up shots which his teammates missed. Unity held a 31-17 advantage in rebounds in the half with Veenstra getting about two thirds of them.

At halftime coach Elmer Ribbens instructed both Steve Vogelzang and Visser that whoever was closest to Veenstra, to check him off, in order to keep him away from the backboards. This bit of strategy proved to be the key to the Maroons' win, as they held big Mark to one point in the third period, and nine in the entire second half before he fouled out with less than two minutes left in the contest.

Vogelzang gave the Maroons their first tie in the contest, 45-45 with 5:13 left in the third quarter. He again tied the count at 47-47. Visser put Christian in front 49-48 at the 3:06 mark for their first lead. The Maroons never trailed again and continued to roll to a 59-53 lead going into the fourth quarter.

Veenstra twice brought the Crusaders within one point, before connecting for his 13th and final bucket to knot the score at 66-66 with 2:40 to play. Plasman countered for the Maroons at 2:11 and with 1:52 to play Veenstra fouled Visser, who hit two pressure charity shots for a 70-66 lead. Van Vugt and Vogelzang traded baskets to end the scoring, as Christian won its fourth consecutive game, making their season record six wins and seven losses.

The Maroons outrebounded Unity 30-24 in the second half to narrow the Crusaders' edge to 55-47. After hitting 11 of 18 free throws in the first half, Christian made only nine of 20 in the last two periods, missing several one-and-one chances. Unity, likewise, cooled off in the second half, hitting on five of 10 attempts, after making nine of 15 charity tosses in the first half.

Veenstra led all scorers with 31 points and Van Vugt followed with 19. The Maroons had balanced scoring with all five starters in double figures. Plasman led with 18, Vogelzang had 15, and Visser, Dave Mulder and Klaassen 11 each. Each player to perform for Coach Ribbens turned in a good performance, as it was a real team win.

Veenstra also topped both teams in rebounding, hauling 25 off the boards, while Visser, who continues to improve, led the Maroons with 16.

In the pregame game Unity Christian's reserve team led at each quarter stop, 15-10, 24-23 and 47-43 while taking a 70-67 win over Dave Vander Hill's charges.

Ray Buursma scored 26 points for Christian to lead all scorers. Dave Tuls added 17 and Russ Boeve 12. Tom Vander Lugt had 22 and Cal Van Koeveing 20 for the Crusaders.

BATTLE OF BIG MEN—Chuck Visser (33) 6'7" forward for Holland Christian's basketball team fights hard to take this rebound away from Hudsonville Unity's standout Mark Veenstra during the Christian-Unity contest Friday night in Hudsonville. Visser finished the evening with 11 markers while Veenstra fouled out with 31. The Maroons surprised the Crusaders, 72-68. Greg Aten (21) of Unity is in the background.

Dutch Take Easy Victory Over Godwin

Creating its own storm in defiance of a frigid wintery blast, Holland High threw off the effects of a four-game losing streak by breathing fire in a 89-58 basketball win over Godwin Friday evening in the Fieldhouse.

Don Peirsma's host Dutch took immediate control of the game and never let up, as they hit on a phenomenal 63 percent of their shots from the floor (36 of 57) while Godwin managed 28 baskets out of 62 attempts for 46 percent.

It was hard to believe but the Wolverines only hit on two out of 14 free throws. Holland sank 17 of 22 for a blistering 77 percent clip.

Holland did commit 26 turnovers compared to 24 for Godwin.

"It's sure nice to get back on the winning track," said Peirsma. "All the guys played well and I was glad to see them all score."

Holland led at the end of the first period, 25-14 and at the intermission, 50-29. Godwin only tallied six points in the third stanza compared to 21 for the Dutch, as they trailed 71-35 heading into the final eight minutes.

By the time the Wolverines caught their breath, they were on their way to their ninth loss in 11 outings.

Holland's victory was its first of the new year and gives them an overall 3-8 mark.

Godwin took its only lead of the night when guard Terry McCauley picked up a bucket on a steal at the outset of the contest.

Steve Shinabarger, who's getting better with each game countered with a swisher and Jim Lorence and Dave Brownson added two-pointers to put the Dutch on top for good, 6-2.

Jed De Boer, Lorence and Shinabarger went to work, as they led the Dutch to their comfortable 50-29 halftime bulge. De Boer scored all of his 17 points in the first half.

Shinabarger looked like Greg Landry, the fine quarterback of the Detroit Lions, as he threw four long passes downcourt that resulted in easy Dutch buckets. Lorence played one of his finest games ever, as he hit on six of eight shots and four free throws for 16 counters. The deadly eye Shinabarger gunned in 21 to lead all scorers.

McCauley led the losers with 19 markers while Dan Kietzman chipped in with 14.

Holland also won the reserve contest in another thriller, 68-67. Tim Van Tongeren led the scoring parade with 17 points while Tim Boeve and Andy Emmert followed with 14 markers apiece. Paul Van Oostenburg helped out with 12.

Rockford Hands Panthers 10th Loss in Row, 91-70

ROCKFORD — West Ottawa Rams stuck to their starting five throughout most of the game and had five players in double figures giving them a well-balanced scoring attack.

Mike Gorman, West Ottawa's big center had another good night as he led all scorers with 9 field goals and 10 free throws for a total of 28 points.

Gorman made some excellent fakes and also led the Panthers in rebounding. Vanden Berge had nine points followed by Tim Glupker with eight. The Rams leading scorer was John Hokstra with 22 points followed closely by Hiebolt and Bernie Hunting with 18 and 16 points respectively.

Both teams played on pretty even terms in the third period but again in the final quarter the Rams would throw the long pass to the man in the clear and he would take it in for an easy layup. It seemed that Rockford is a much faster team now than what they were earlier in the season although they own a disappointing 3-10 record for the season with two of their wins coming over West Ottawa.

West Ottawa's reserves lost also by an 81-61 score. This is

the same team that the little Panthers beat easily in the first part of the season.

Next Tuesday the Panthers will play at Jenison.

Hawkeyes Not Stalled For Long, Defeat Lee

WYOMING — It seemed like everything happened to Hamilton's basketball team Friday night.

First off, the Hawkeyes bus stalled in Overisel and the reserves had to ride the student bus to the contest against Lee. Second, on the way to the clash with the 11th rated Rebels, the Hawks hit a car on M-21 near Byron Rd.

But to top it off, Coach Tom Bos' Hawks handed Lee its first loss in the league, 66-63.

"Words can't describe how I feel about our kids," said Bos. "They all were just great and I would have to say that it was one of my most satisfying victories ever."

Hamilton trailed by 10 points, 22-10 at the end of the first

DeBruin led Lee with 23 points.

Hamilton was only charged with 13 turnovers compared to 20 for Lee, as they ran their winning streak to six in a row.

Lee won the jayvee tilt, 62-57. Ron Jones had 19 counters for the Little Hawks.

The Hawks, now 7-4 for the season and 6-3 in the O-K Blue Division host Fennville Tuesday.

Gem, Mineral Club Sees Slides Taken at Museum

Percy Zimmer showed slides of the Lizzardo Museum to 75 members of the Tulip City Gem and Mineral Club at its meeting Wednesday evening in the Civic Center. The club took a chartered bus trip to the museum recently.

This is a public museum, located on the Elmhurst College campus, founded by Joseph Lizzardo and family, who over a period of 30 years collected many gems, minerals and objects of art made of gem materials to promote interest in the lapidary art and preserve great pieces of art that took a Chinese family a lifetime to carve.

An example of jade carving was two separate vases, connected only by carved leaves and twigs, all fashioned from a single solid mass of jade. There is a story of a man who wished to have a pair of cuff links made from a mass carving which he had purchased in the Orient, and found that the carving was an art piece worth \$25,000.

Much of the jade that China received was sent by coolies helping to construct railroads or working in gold mines in the old west, and which by far out-valued the gold found or wages earned in hard construction.

Chet Smith conducted a short business meeting at which Bob Sherwood, field trip chairman, reported on the trip to St. Francisville Mines in Keokuk, Iowa, April 29-30 which will be conducted by Stephen R. Sihotte of Portage. A trip to the Grand Rapids gypsum mines is planned for February.

Prizes, donated by Al Nuttle and Zimmer, were won by Bob Dick and Miss Judy Visser.

January was contest time for members and five categories were judged. Bob Dick won the lapidary prize for best of finds, six toad stools carved from a Petoskey stone. John Kingshott won the best of Michigan find for a copper display that required 40 hours of cleaning and polishing.

Winner in the fossil division was Bob Zigler for a section of baculite from South Dakota. Norman Gibson won in the rock and mineral section for geode from Wyoming and Christine DeVries won in the child's division for a geode from Brown County, Ind.

The next meeting will be Feb. 23 at 7:30 p.m. in the Civic Center.

Hostesses were Janice Dick, Betty Smith and Janet Boone.

Committee For Artrain Enlarged

Further plans for Artrain's visit to Holland May 31-June 6 were made at a meeting of the local Artrain committee Tuesday afternoon presided over by former Mayor Nelson Bosman, local chairman.

The committee is being enlarged to provide coordinated activities to enhance the attractions of Artrain, a train of art objects collected by the Michigan Council for the Arts. Artrain opened last summer in Traverse City, toured the upper peninsula and currently is in Detroit.

Artrain will be stationed on the Heinz spur on the upper level of Kollen Park for the seven-day visit, and plans call for programs in the band shell nearby, as well as encouraging picnicking and other activities.

Artrain will be open weekdays from 9 a.m. to 2 p.m. and 3 to 9 p.m. Sunday hours will be 1 to 5 p.m. and the possibility of a psalm sing and/or the appearance of a group like the Singing Boys is being considered for an afternoon program.

Schools will play an active role in Artrain visits, and Bosman is setting up a program devoting a day to Holland public schools, another to Christian Schools, a third for West Ottawa, another for Zeeland, and also other nearby schools. Costumed klompen dancers will serve as guides under the direction of Mrs. Leonard Dick.

Schools will be asked to have their school bands present concerts in late afternoon or early evening. Since this is exam time, scheduling may be complicated. Christian schools may possibly repeat the pageant planned for Tulip Time. Golden Agers may be asked to sponsor the psalm sing.

The Holland Friends of Art will have some of their members doing working exhibits in the special studio car. The group also will consider an art show, perhaps a one - day clothesline art show or more likely extending their Tulip Time art show in Herrick Public Library.

Artrain has three full-sized cars, two of them showing films, slides, music, art work and narration to familiarize the visitors with the importance of art in today's society. Car 3 is an art gallery with examples of art work by contemporary artists, paintings, sculpture, ceramics, prints, weaving, jewelry and the like.

Car 4 is the baggage-studio car. Artists among the seven-man Artrain crew will demonstrate art work here, supplemented by artists of Holland Friends of Art. The caboose is the staff office and lounge. It has been renovated into a "Gandy Dancer" motif.

Bosman is being assisted by Park Supt. Jacob De Graaf who will take charge of site design; Wendell Rooks, educational coordinator; Larry Zuidema, Friends of Art; Terry Hofmeyer, City Hall staff; Gerit Van Ravenswaay, publicity; Cornie Van Voorst, publicity; Mrs. Dick, guides; Mayor L.W. Lamb Jr., ex-officio. Further appointments may be made. R. J. Petzak of the C and O and Burton J. Kleinsmith of H.J. Heinz Co. also are working with the committee.

Mrs. William G. Milliken, wife of Gov. Milliken, is the Artrain general chairman. She emphasizes that Artrain is largely financed by private contributions, that for every dollar from state funds, four are raised privately.

Cooperation Is Theme Of Mayor Lamb's Talk

Holland Mayor L. W. Lamb Jr. Tuesday listed five good reasons for inter - governmental cooperation in addressing Chamber of Commerce Early Birds at their monthly breakfast in Hotel Warm Front.

He listed (1) the Christian and neighborly thing to do, (2) it's common sense to avoid the jog in the road between municipalities, (3) it's more economical to work together, (4) state and federal aid increasingly are based on area plans, and (5) what affects one affects others like working together to control pollution in Lake Macatawa. He said Chambers of Commerce are always area-wide organizations.

He said considerable planning is under way involving Holland and area municipalities. Townships are represented on Holland's 125th anniversary committee. Considerable planning is being done on another bridge over Black River, transportation studies improving the M-40 route and other situations involving two counties, two cities and several townships.

He said the Board of Public Works has been working with Park township authorities for over a year to provide water for Waukazoo area which would include a pipeline crossing of Lake Macatawa in that area, thereby providing a loop in the city's water system. That plan currently is being implemented by the Ottawa County Board of Commissioners through the road commission.

The mayor said this would include plans to expand the Holland water plant at a time when original plans back in the 1950s expected expansion would be necessary. New areas would be paying their fair share, it was emphasized.

Other areas in which townships are cooperating with the city are in the fields of sanitary sewer study, planning sessions with the Holland Planning Commission, the forthcoming visit of Artrain to Holland May 31 to June 6; vocational school needs, police and fire services, airport, social services and hospital services. The mayor said the city does not contribute any tax monies to hospital operations, that all hospital expenses are paid by room rates and other services.

The mayor paid tribute to hard-working Councilmen who spend many hours in study sessions outside regular meetings, and hoped one day to entertain a motion on the council floor to boost the pay of councilmen (not the mayor) to something approximating \$500 a year instead of the \$100 to \$150 currently paid. Increases have been defeated twice in public votes, he said.

Chamber Vice President Floyd Folkert presented a

Mrs. Alvin Vanderbush Tells Questers About Pressed Glass

the members interesting stories about different pieces of her collection which she started about 1930.

There are many patterns of pressed glass and she stressed that a collector must know what to look for in reproductions or she might buy one thinking it was the real pressed glass.

Many reproductions are made from the original molds and this makes it hard to distinguish the difference. She used two wine glasses as an example of this. She had purchased the original pressed glass but believes one of them is a reproduction and asked the members to try to distinguish which one. A good thing to watch for
