MRS. KOLLEN MAKES \$10,000 GIFT TO CITY OF HOLLAND

DONATES KING PROPERTY TO
CITY AS A "GEORGE E.
KOLLEN MEMORIAL
PARK"

Announcement of Splendid Gift Is
Made to the Common Council
By Alderman Lawrence

The biggest surprise of several
years was in store for the common
council Wednesday when they met
in special session. Alderman Wm.
Lawrence announced to the council
that Mrs. George E. Kollen had pre-
sented to the city of Holland the so-
called King property to be used as a
park and recreation grounds by the
city of Holland forever, and that
the name of that property was to be
the "George E. Kollen Memorial
Park."

This magnificent gift was made to
the city by Mrs. Kollen in memory
of the late George E. Kollen. It
means a gift of approximately \$10,-
000.00 to the city of Holland, as
that is about the price at which the
city could have bought it of the De
Pree company, the present owner.

Following is the letter in which
Mrs. Kollen tendered her princely
gift to the people of Holland:

Holland, Mich., Feb. 4, 1921
To the Honorable Mayor and Com-
mon Council of the City of
Holland:

Gentlemen—
For a long time, I have considered
doing something in the way of a
suitable memorial for my deceased
husband, George E. Kollen, and
have at length concluded to tender
to the city of Holland, which he
loved and in and for which he labored
all of his days, the King property,
located, to be forever used, main-
tained and enjoyed by the public
for park and recreation purposes,
and to be known as the "George E.
Kollen Memorial Park."

Other causes have appealed to me,
but none so strongly, for I too,
love Holland and will be as happy as
he would have been to see our peo-
ple and their children en-
joy the only suitable lake front
property left for park and bathing
purposes.

If your Honorable Body will ac-
cept this free gift for the purposes
above indicated, you may so signify
and I will purchase the property
from the DePree Company and ex-
ecute the necessary legal documents
of conveyance to the city.

Very truly yours,

Martha Diekema Kollen.
The council thereupon, with a
deep sense of gratitude for the
splendid gift as well as for the spir-
it in which it was tendered, passed
the following resolution presented
by Alderman Lawrence:
To the Honorable, the Mayor and
Common Council of the City of
Holland

Gentlemen—
Whereas, Mrs. Martha Diekema
Kollen has graciously tendered the
lake frontage and real estate, for-
merly known as the "King property,"
as a gift to the City of Holland to be
dedicated as a memorial to the late
George E. Kollen, her deceased hus-
band, and to be forever used, main-
tained and enjoyed by the public for
park and recreational purposes and
to be known as the "George E. Kol-
len Memorial Park;"

Resolved that in grateful apprecia-
tion of the kindly and patriotic
spirit which prompts this gift of the
last available lake frontage which
is ideally located for park and recrea-
tion purposes, and

In recognition and respect to the
valued services which the late
George E. Kollen rendered to this
his beloved city, not only as a citi-
zen but as a public official,

We, the Mayor and Common
Council of the City of Holland, do
hereby accept this gift so graciously
offered by our beloved and highly
esteemed citizen, Martha Diekema
Kollen, and we do hereby forever
dedicate said property to the public
for park and recreation purposes to
be accepted, named and known in
behalf of the public as the "George
E. Kollen Memorial Park;" and

Be it further resolved that the
clerk be instructed to spread this
resolution at length in the minutes
of the Common Council and forth-
with transmit a copy hereof, certi-
fied under the seal of the City of
Holland, to the donor, Mrs. Mar-
tha Diekema Kollen.

William Lawrence.
The history of the city's connec-
tion with the King property is in-
teresting. This piece of property is
the last available site left on Black
Lake that could be used for park
purposes. All the rest of the lake
frontage has been taken up by man-
ufacturing institutions. For that
reason many persons have had their
eyes on it for many years with a
view of getting it somehow for the
people of Holland to enjoy.

But no one has had more to do
with this than Alderman William
Lawrence, and it was finally through
Alderman Lawrence that Mrs. Kol-
len made her gift to the city. To a
committee was at work at the
present time on the matter of find-
ing ways and means of purchasing
the property. Mr. Lawrence as an
individual member of the council
negotiated with Mrs. Kollen as the
city's representative, and it was to
him that she announced her decision

HOLLAND FIRM BUYS OUT THE ZEE- LAND OIL CO.

VANDEN BERG BROS. OF THIS
CITY ADD ANOTHER
BRANCH

John C. Wabeke, running an inde-
pendent oil company at Zeeland,
dealing in high grade oils has sold
out his business to the VandenBerg
Bros. of this city, dealers in the
Sinclair Oil line.

Harry Malink, who has been in
charge for some time will remain
the manager of the business at
Zeeland.

Mr. Wabeke will move to Fre-
mont where he will again enter the
oil business.

Vanden Berg Bros. have been
very successful since they started
up in Holland, a little over a year
ago, and this expansion in business
enterprise shows what young ener-
getic methods combined with busi-
ness reumen may do for a man.

WHY DO JEWELER'S SIGNS READ 8:17?

THIS WAS THE TIME THAT AB-
RAHAM LINCOLN WAS
SHOT

Lincoln's birthday will be duly
celebrated all over the United
States, in fact in every part of the
world where Americans may be
found.

Thousands of banquets will be
given in memory of the great eman-
cipator.
Millions of school children will be
reminded that such a great man as
Lincoln lived.

One of the Chicago newspapers
carries a column each day headed
"Why?"

"Among the different 'whys' men-
tioned from day to day was 'Why
do the jewelers' signs, generally
speaking, have the hands on their
wooden or metal timepieces pointing
to 8:17?"

The reason given was, that that
was the time that Abraham Lincoln
was shot shortly after he had taken
his seat in one of the boxes at the
Ford theater in Washington.

The National Jewelers' associa-
tion shortly afterwards adopted the
plan to have all jewelers' signs in
the future made in such a way that

the hands of the watch or clock
should point out the time at 8:17
in memory of the sad event.

Some of the jewelers of modern
time have adopted different signs
indicative of their business, but
90% of the jewelers of the country
are still hanging onto the watch or
clock with the hands pointing to the
fatal hour when one of our noble
presidents was laid low by the as-
sassin's hand.

In looking over the signs in this
city, we find that at least one Jew-
eler has such a sign, namely, W. R.
Stevenson.

MOTHER OF DICK BOTER DIES WAS SEVENTY-SEVEN YEARS OLD; BORN IN THE NETHERLANDS

Word was received here from Ba-
City that Mrs. S. Boter died at the
age of 77 years at 8 o'clock this
morning.

Mrs. Boter had been living with
her daughter Mrs. H. Ensing for
some time.

The funeral will take place at
Grand Rapids Saturday afternoon
at 1:30 from the home of John Boter
343 Caulfield avenue, and at two
o'clock from the Fifth Reformed
church at that city.

Mrs. Boter is survived by two
sons, Dick of Holland, John of
Grand Rapids and one daughter,
Mrs. H. Ensing of Bay City.

HOLLAND PLANT ELECTS OFFICERS; HAS WEATHERED STORMS

NOW FINDS ITSELF ON TOP
AND IS DECLARING GOOD
DIVIDENDS

Goods Being Sent to Scotland, India,
Philippines and South
America

Many Holland folks will no doubt
recall the erection of the fine two-
story white brick building at the in-
tersection of 20th street and the P.
M. Tracks, back in 1911 for the Hol-
land Wire Fence Co. This building
was occupied in 1913 by Dr. Con-
key, who moved here from Grand
Rapids. The doctor used the front
part as his residence with a small
shop in the rear, where he began
the manufacture of operating tables
and other animal restraining appar-
atus.

In 1914 Thomas Olinger, formerly
of Lansing, bought out the business
and Dr. Conkey moved to Lawrence,
Michigan, his old home town. As a
result of the slump following the
outbreak of war in Europe, immedi-
ately after this transaction, Mr.
Olinger and family also lived in the
factory building until the next year,
when the Veterinary Specialty Co.
was incorporated.

The Veterinary business did not
grow fast enough to suit Mr. Ol-
inger and in 1916 the Holland Pat-
tern Works was formed, but flour-
ished for a short time only. The
following year, April, 1917 another
organization was formed and incor-
porated with \$20,000 paid in cap-
ital, to manufacture farm lighting
systems. Then the United States
was plunged into the World war and
for two years the entire factory
was turned over to the manufacture
of veterinary equipment for the
army.

After the close of the war the
company purchased the last of the
American Humidifier Co. machinery
and also took over a small tool and
die business located in Zeeland. The
capital stock was increased to \$25,
000.00 and the name changed in
May, 1919 to the Federal Stamping
Co.

Thus goes the story of the varied
experiences which Mr. Olinger
weathered through. The year just
closed has proved a very prosperous
one. A cash dividend of seven per-
cent has just been paid and the
capital stock increased to \$35,000.

The principal product now is
pressed metal accessories sold to the
Warm Air Furnace trade from coast
to coast. Another reason why Hol-
land is becoming known as a "Fur-
nace Town". The company has or-
ders on hand at this time in excess
of their total 1920 sales. A com-
plete nickelplating and oxidizing
plant is being installed with other
new equipment, which will enable
the company to double their output
this year and at the present build-
ing to its maximum capacity. The
veterinary line is still being manu-
factured and sold under the well
established Veterinary Specialty Co.
name. Among the appliances ship-
ped last year, one of their large
horse operating tables went to Scot-
land, one to Punjab, India, sev-
eral to Philippine Islands, with
several shipments to Canada and So.
America.

The newly elected officers are:—
Thomas Olinger, president and gen-
eral manager; Thos. N. Robinson,
vice-president and attorney; John
R. Spencer, secretary and superin-
tendent; Henry Winter, treasurer.
These officers together with A. H.
Landwehr, C. H. Landwehr and E.
G. Landwehr, constitute the newly
elected board of directors.

HOLLAND MAY HAVE ALL ARTIFICIAL ICE

IF JACK FROST DOESN'T COME
ACROSS, LOCAL COM-
PANY WILL

The Superior Ice company has
been testing the ice daily, hoping
against hope, that Jack Frost is
making a little from day to day.
But the old boy is loafing on the job,
and at present at least, folks are not
reprimanding him for being lazy.

Ice in close proximity to Holland
is from two to five inches thick,
varying in places, according to the
Superior Ice Co.

This fact is very discouraging to
the plant that must furnish Holland
ice this summer. The dead line is
fixed however, and if by the 15th of
February, there is no sign that the
ice will get any thicker then the
company has a ten ton ice plant
ordered which they will wire for
immediately.

The present plant has a capacity
of 18 tons. With an additional ten
ton plant 28 tons can be manufact-
ured daily.
Mr. Naberhuis of the Superior Ice
company states that the city uses
between 20 and 25 tons daily in the
summer time. Consequently there
will be ice to spare, even if the
weather remains as balmy as in the
spring time. Anyway it seems that
Holland will not have to worry much
about the ice supply for next sea-
son, no matter what the weather
conditions may be.

C. E. MEMBERS OF CITY ENJOY FINE BANQUET

ORGANIZATION IS 40 YEARS
OLD THIS MONTH, SAYS
SPEAKER

Address Is Given By Rev. J. Van
Peuresem of Kalamazoo
Michigan

One hundred and fifty-six enthu-
siastic C. E. members attended a
banquet at Hope church Wednes-
day night. Eats, conspicuous for the
amount, for the tasty arrangement,
as well as being satisfying to the
palate, were served by a ladies' so-
ciety of Trinity church.

But no matter how interesting
that may be, the banquet wasn't all
eats. Mr. Spafford, field secretary
of the C. E. in Michigan, gave the
assembly a very stirring talk. He
told the C. E. members that Holland
was to have the next state conven-
tion and added that he was sure no
city could accommodate the conven-
tioners as Holland could. Won-
derful speakers are in line for the
convention. Correspondence has
been held with Mr. Landrith for
some time and there is a chance that
Mr. Poling also will be here. The
same bishop, Mr. Spafford expects,
may be obtained for the Quiet Hour
services.

Mr. Gerrit Ter Beek sang two
very good selections—"Little Mother
of Mine," by Burleigh, and
"Anchored," by Watson. He was
accompanied on the piano by Miss
Susanna Hamelink.

Rev. J. VanPeuresem, pastor of 2nd
Reformed church of Kalamazoo,
was the chief speaker of the even-
ing. "Our Vital Relationships" was
his subject. He brought out strongly
that in order to have the right
relationship with God one must re-
main in harmony with God. Rev.
Cheff of Hope church gave an elo-
quent address. Rev. Heemstra of
the 4th Reformed church gave re-
marks which were "extempore," for
he had not been made aware of the
fact that C. E. had already decided
to entertain the next convention and
therefore had prepared a topic un-
fitting for the occasion. Rev. C. P.
Dane gave timely remarks on the
C. E. pledge, stressing especially
that part "in Christ and the
Church" and Rev. J. H. Bruggers,
C. E. counselor, gave excellent ad-
vice as to how the convention should
be boosted.

A vocal solo by Miss Evelyn Kep-
pel, ably accompanied by her sister
Miss Vera, added much to the pro-
gram.

Mr. Spafford brought out in his
address that more C. E. societies
have been organized during the past
four months than during all the rest
of the eight years that he has served
as field secretary. The C. E. is
40 years old this month. There are
about 10,000 societies in the world
with a membership running into the
millions. Forty years ago the or-
ganization was started in London by
Rev. Mr. Clarke with fifteen char-
ter members.

The C. E. State convention will
be held in Holland June 22-26.

SAYS FISH CANNOT LIVE IN THE DIRT OF BLACK LAKE

In answer to Mr. G. W. Kooyers'
request for an expression of public
opinion on the proposed fishing li-
cense law, Mr. A. Vanden Berg today
contributes the following:
Editor:—
In answer to Mr. G. W. Kooyers'
in regard to his anxiety to learn
how the local fishermen feel on the
rod license law, I personally do not
object to this law and would willing-
ly give five dollars for a license,
providing we could get some law
enforced to protect and save our
young game fish, especially in Black
lake. But my reason for this later
on as you read.

At present I would suggest that
our able representative body pro-
pose a law to donate a dollar not
only to the local anglers, but also to
any angler who is in the habit of
fishing in our so-called Black lake
and its tributaries to help pay the
expense of trying to get a mess of
fish. It is only a question of time
when we will not be able to catch a
mess of fish in what used to be one
of the best and cleanest lakes in the
state of Michigan. To the best of
my knowledge the reason is simply
this: I have seen and I know of a
number of other anglers who have
seen thousands of young blue gills,
white bass, black bass and in fact
most every species of fish that
smells in Black lake lying dead on
every shore, principally tho on this
end of the lake. The young frye
cannot exist in the filth along the
river banks and shores of black
lake. It is a positive fact, you can
cut a piece of ice at times on the
so-called North Side of the bay and
scratch off one-half inch of filth and
slime, and there is no doubt in my
mind that it is killing the small fish.

We are catching the old fish at
times, but there is no chance for
natural propagation of the young.
What we need is a good cleaning of
our lake and river and it is a waste
of time and money of the Michigan
Fish Commission to use any part of
a fund supplied to provide for the
preservation and propagation of fish
in the waters of Black lake and
river.

STARTS LUNCH ROOM ON THE ICE OF THE BAY

Everybody is of course familiar with stands at street fairs and at the county fair for the sale of "hot dogs", coffee, and so on, but a wide-awake business man has initiated something new by establishing such a stand on the ice of Black Lake. It is now possible for people spending a day fishing on the bay to step out of their fish shanty for a few minutes, walk over to the refreshment stand, and get a hot lunch at a reasonable price.

"Professor" Clyde Taylor is the man who has started this new business. "Professor" Taylor is well known to many people in Holland. In the summer time he usually does a thriving business giving swimming lessons at Macatawa Park. In this capacity he has taught many persons from other places who spend their summers at the resort.

Because of the fact that there is what practically amounts to a crowded village of shanties on the ice, "Professor" Taylor hit on the idea of erecting a refreshment stand among them and selling good things to eat to the fishermen. His stand is moveable, and as the fishing village moves from one place to another to follow the fish, the refreshment stand moves with it.

Sandwiches and coffee are the mainstay of the bill of goods on sale and they are perhaps also, the most popular. But besides that, he sells cigars and other articles that a fisherman is likely to want. He runs a special line of frying fish so that the men who go there for a day's fishing can feast on their own catch right in their shanties.

"Prof." Taylor is said to be doing a thriving business in the new line.

ZEELAND BUSI- NESS MEN FORM ASSOCIATION

The business men of Zeeland, at a banquet, took the initial steps for the formation of a business men's association.

After the repast Mr. Isaac Van Dyke was asked to preside over the meeting and those responding to toasts were, M. C. Ver Hage, on city government; A. La Huis, on the financial situation; H. Smith, county secretary, on co-operation between business men and the city; E. J. Prain, on education; and J. N. Clark, on organization of a permanent club. These men all handled their subjects very efficiently and before the meeting was over material progress was made toward forming a civic organization that promises to be of lasting and beneficial quality.

At the conclusion of the meeting a committee was appointed to arrange for another meeting to perfect the organization, and another committee to solicit memberships. During the social hour after adjournment about forty men signed for membership and it is expected that many more will be added before the 28th arrives.

ONE OF THE PIONEERS CELE- BRATES BIRTHDAY

Wednesday afternoon witnessed the happy occasion of a family reunion at the home of Tamme Scholten in Zeeland, where the Scholten family gathered in honor of their mother, Mrs. Tallige Scholten, who celebrated the 85th anniversary of her birth.

Mrs. Scholten is one of the pioneer settlers of this territory having arrived here from the Netherlands with her parents at the age of 13 years. She was a daughter of the pioneer Tamme Vanden Bosch, who came to America in 1849.

After reaching maturity she was united in marriage to John Scholten and settled on a farm about 2 miles northeast from Zeeland, where they spent their days until nineteen years ago they moved to Zeeland. Mrs. Scholten was blessed with a large posterity, totaling in all some 118 souls. She is the mother of ten children, the grandmother of 55 and the great-grandmother of 53.

PARK TOWNSHIP CAR IS FOUND IN IN MUSKOGON

Chief of Police Van Ry received word from Muskogon Saturday forenoon that the Dodge touring car stolen from the home of John Wolters, Holland R. R. 4 on December 10, has been recovered in that city. The car was located by the Muskogon county sheriff's department in a garage in Muskogon where it had been stored for the winter by an Italian. The man who stored the car cannot be located.

The Muskogon sheriff's department is working in cooperation with the Holland police department on the recovery of stolen autos.

ZEELAND HIGH SCHOOL GETS SCHOL- ARSHIP PRIVILEGES

Zeeland high school officials have just received an announcement from the Department of Education of the University of Michigan, stating that Zeeland high school has had its diploma relationship with the University extended for another period of three years.

In addition to the above university relationship, Zeeland high school has been designated by the State Department of Public Instruction as a tuition high school, qualified to receive into its grades pupils from the rural districts in which no high school is maintained, and to charge tuition for instruction rendered the same as is now the case in Holland.

Zeeland high school also enjoys the distinction of being a member in good standing of the North Central Ass'n of Colleges and Secondary schools. On account of the eminent standing of the association throughout the country, the membership enables a graduate of this high school not only to enter any institution of higher learning in the association, but also, in the country on presentation of the diploma. The school had this distinction since 1916.

Zeeland High school recently acquired special distinction. This school is now one of the select list of high schools in the North Central association having special cooperation privileges with the University of Chicago. This cooperation privilege carries with it among several other privileges, the right to nominate from the senior class one pupil for a year's scholarship at the university's annual oratorical contest for a scholarship, and a 50% reduction in tuition fees to the high school teacher attending the university's summer quarters.

CHICKEN MEN GIVEN BANQUET BECAUSE THEY WON AT HOLLAND SHOW

So pleased were friends of the Jamestown poultry men who won prizes at the Holland Poultry show recently held that they gave them a chicken dinner at the home of Mr. and Mrs. Alfred Ter Haar. The prize winners and their wives attending were as follows: Mr. and Mrs. J. Kole; Mr. and Mrs. Martin Kramers; Mr. and Mrs. Clyde Hollis; Mr. and Mrs. Reynold Van Bronckhorst; Mr. and Mrs. Zenas Vandebunte; Mr. and Mrs. George Caball of Vriesland; and Rufus and Henry Van Noord of Jamestown.

DIVORCES FOR LAST YEAR ARE NOW COMPILED

According to the records compiled by Orrie J. Sluiter clerk of Ottawa county, a total of 5 divorces were granted by the Ottawa County circuit court during the year 1920 just closed. County Clerk Sluiter has just completed the compilation of the report a copy of which has been forwarded to the secretary of state.

The figures in the clerk's office show that 34 cases were pending January 1 1920. During 1920 a total of 52 cases were filed. During 1920 there were 46 decrees granted by the court. In the same period 20 cases were dismissed by the court leaving a total of 20 cases pending on January 1, 1921.

WILL POST THE VOTERS ON THE GAS QUESTION

From now on until primary election day on March 15 city officials interested in the gas proposition will engage in a campaign of education to post the voters on this matter so that the vote may be an intelligent one. The motion passed by the common council Wednesday evening to print and distribute handbills to every home in the city explaining the gas question is but one of the means that will be taken to this end. The handbills represent an official effort on the part of the city government to educate the voters on the question, but there will be many unofficial efforts put forth by aldermen and other officials both by those who are for the purchase of the plant and those who are against it.

JAMESTOWN "Y" MAKES ICE SKATING PAY

Jamestown has been the scene of lively attractions the last few days. Both young and old are enjoying a fine smooth skating pond, many from far and near indulging in this great outdoor sport. By night the pond is electrically lighted. The Y. M. C. A. has erected a canteen, selling hot lunches, confections, and cigars, the proceeds which go for the benefit of the Jamestown "Y".

MOST REPUBLICAN DELEGATES GO TO CON- VENTION BY AUTO

Nine-tenths of the delegates at the Republican county convention on Monday came by auto.

Delegates from Georgetown, Jamestown, and Zeeland generally absent from the winter convention were there in large numbers. The court house at Grand Haven was encircled with a row of automobiles coming from every part of Ottawa.

The Holland delegation too went down by auto over the Pike, and in spite of the recent snow that had fallen the roads were better than in mid-summer, in fact the highway was simply wonderful.

As a rule winter conventions have been poorly attended when train service was depended upon. Often a snow blockade prevented most of the delegates from going, but surely this winter was an exception to the rule.

OIL TRUCK DASHES DOWN HILL INTO THE RIVER

A curious accident took place at Hamilton that caused a great deal of commotion in that little village. There is at Hamilton a very steep hill as everybody knows who has ever driven through that village. Andrew Lubbers who conducts a Standard oil station at Hamilton was on his way to the village with a big oil truck. He stopped in front of the postoffice and set the brakes while he went into the postoffice for his mail.

But while he was away from the driver's seat the oil truck took it into its head to start up. It was standing on the top of the hill and as it went down it gained momentum. Moreover it did not maintain a very straight course but swerved to one side of the road, crashed through the fence and dashed down into the river below. The oil tank was knocked off the car by the descent into the river.

The job of salvaging the truck was not an easy one. The truck was first dragged out, and later the oil was pumped out of the tank, after which that part of the equipment was also brought to safety. The trucks there for the first time sometimes have a hard time when the roads are bad. The bank of the river is a also very steep and the truck by the time it came to this point was tearing along at a pretty good clip so that nothing could have stopped its course. Fortunately no one was in the way and no one was injured in the queer accident.

THOS. N. ROBINSON IS NOMINATED OFFICER IN LINCOLN CLUB

Colon P. Campbell of Grand Rapids, was nominated for President of the Lincoln Club by the nominating committee appointed by President Harry D. Jewell to prepare a list of nominees for the offices to be filled at the annual meeting of the club to be held Friday, Feb. 11.

GIVES \$650.00 TO LOCAL CHRISTIAN SCHOOL FUND

The heads of the alumni of Holland's Christian School are surely live wires. Early in the fall they planned ways and means to do something for the institution from which they had graduated. The members of the Alumni got together and decided to give on stated occasions, programs in which mostly local talent took part.

It was further planned to make arrangements with Mr. Fell to have the programs pulled off in the high school auditorium for which the superintendent of the public schools obligingly made arrangements.

The first program made a hit and the one of Thursday night was also enthusiastically received, the assembly room being crowded to capacity. Thus far for school purposes \$650 has been collected, \$500 of which comes from the entertainments given. The alumni took in at Thursday night's entertainment the sum of \$225.

The numbers given Thursday were all very fine. As a headliner, Miss Helen Lorch, the harpist of Grand Rapids, was at her best. Miss Lorch has been here on several occasions and never fails to please the most exacting audience.

Besides the other numbers, two unique skits were pulled off. In the one Teunis Prins, Jay Schadelee and Henry Haveman were the principal actors. Teunis (son of the alderman) was taken with a severe toothache. All loving and petting would not alleviate the pain. Dentist Haveman's forceps and laughing gas were resorted to. The unusual size of the extracted molar so surprised Mr. Teunis that he supposedly made a dive from a window several stories up—curtain.

The next sketch represented a Jew store and this particular clothing outfit would make present day toboggan prices look sick, men's suits being marked down from \$200 to \$1.98, in fact the audience had to hang onto their seats in order not to make a rush for the bargain counter. It seems that Holland has two new Jews. John Kleinkenbergh was the shop keeper, and Richard Schadelee, the customer, and believe us, when the Jewish bargain with each other there is some "Jewing" going on. All the tricks in the trade were resorted to. The pulling of the coat in the back in order to make it fit in the front was one of the wily Jew merchant's tricks, but the Jew customer was not slow, and the bargaining went on until the price was at the zero mark and the business venture broke up in a row.

One number altogether different from the rest was a pantomime depicting the beautiful hymn "Near My God to Thee." Five young ladies in flowing white robes giving the living picture angelic effect portrayed in pantomime the interpretation of the much beloved song. With realistic effect Miss Lorch played softly on her golden harp.

The young ladies who took part in this tableau were the Misses Minnie Heerspink, Julia Dykstra, Helen Dieters and Jeanette Dekker. The program follows: Opening, William Beekman; piano prelude, Misses Jeanette Jellema, Johanna Boersma Octet; reading, Miss Bertha Nienhuis; harp solo, Miss H. Lorch; sketch, "Going to the Dentist"; a reading; pantomime, "Near My God to Thee"; Octet, Prospect Park; reading, Miss Deane Rinck; sketch, "Dat Coat"; harp solo, Miss H. Lorch; closing, Mr. D. W. Jellema.

Erects Large Monument

The Holland Monument Works last week erected on the Johannes Stegenga lot in the North Holland cemetery, a new large monument to the memory of Mrs. Stegenga.

This monument is of unusual design and is the finest and largest to be erected in this cemetery. The Monument Works has also recently erected in the Holland cemetery monuments on the G. Winter, H. Van Lente and E. Westerhof lots and on the Welton lot in Ottawa cemetery and on the A. Kool lot in the East Saugatuck cemetery.

HOLLAND MAN PULLS DOWN A \$25.00 PRIZE

During the holidays the Pathe Phonograph company gave several prizes for the best Pathe show window display, and the window of the Van Ark Furniture Co. in this city was chosen for the second prize. The show window was in evidence during Christmas and attracted a great deal of attention.

It was the work of William Deur, the window trimmer of the local company, who also excelled in a previous trim for Armistice day.

The first prize of \$50 was won by Percy Boatright of Van Buren, Ark. The Van Ark Furniture Company was the only business institution to win in the state of Michigan. There were only seven other prizes awarded in the United States.

Mr. Deur is proudly flashing the \$25.00 check from the Pathe company, which Henry Van Ark of the local furniture store has turned over to him.

SEVENTEEN HOLLAND HI-Y GO TO THE COUNTY SEAT

A county conference of Hi-Y boys was held in Grand Haven Tuesday and delegates to the number of sixty were present from the four organized high schools at Holland, Grand Haven, Zeeland and Coopersville, with fraternal delegates from Spring Lake.

Holland had a very large representation, headed by Principal J. J. Riemersma. The following young men were chosen to represent the Holland Hi-Y: Harry Albers, Bernard Vander Meulen, Theodore Hidding, Cornelius Houtman, Frank De Young, Russell Damstra, John Albers, George Damson, Fred Yonkman, Fred Steggerda, Rutherford Huizinga, John Van Putten, Geo. Steketee, John Breen, Kenneth Parish, Clyde Geerlings.

HOLLAND BOY HELPS HARDING PULL IN FISH

A Holland boy, William Romeyn, had a good chance to get a close-up view of President-elect Harding. Romeyn is employed on the yacht "Shadow VI" that Harding used while fishing in Florida, and the Holland boy helped Harding pull in some of the big ones. Mr. Romeyn is the son of Mr. and Mrs. Anthony Romeyn of E. 9th street. In a letter dated February 3, he tells about the experience as follows:

"I am working on a private yacht owned by Mr. Carl Fischer, a multi-millionaire. The name of the yacht is 'Shadow VI'. It may be of interest to you to know that this is the same yacht President-elect W. H. Harding did all of his fishing on while here for the past four days. He was the guest of my employer during his visit and they surely showed him a wonderful time. I was on the yacht during the entire two days of fishing trip and besides doing my regular work I was kept busy helping the president and other of his party pull in the big fish. They also caught a 600 lb. deep sea turtle, the largest ever caught in these parts. He is still alive and they have put him in the aquarium here. They named him the big 'Warren'. We surely had a wonderful time and I will never forget it."

Miss "Bee" Du Saar of Michigan State Normal, Kalamazoo, spent the week-end in this city with her parents.

WANTS TO KNOW SENTIMENT OF THE LOCAL ANGLERS

Representative G. W. Kooyers of this district of Ottawa Co. is anxious to learn the sentiment of his constituents in regard to the proposed rod license law. John A. Galster, of Petoskey, member of the Michigan Fish Commission, is backing the idea, and the legislative committee on fishing is said to be also backing it.

JUST THREE DAYS MORE To Save Money At The Big Sale John J. Rutgers Co. HOLLAND, MICHIGAN

It is proposed to place on the statute books a law requiring every angler to purchase a license at a cost of a dollar. The revenue derived from this fee would supply the commission with funds variously estimated at from \$350,000 to \$500,000, which money would be used for purposes of preservation and propagation of fish, and thus result in direct benefit to those who paid the license and to their successors with rod and reel. The commercial fishing interests of the state would also come in for considerable benefit, also.

Commenting on the proposal, Mr. Kooyers says: "I should like to get the sentiment of Holland fishermen and of occasional fishermen on this matter. I should very much like to know how they feel on this point."

A good deal of sentiment has been aroused in favor of the measure, especially in the northern part of the state. The non-resident fishermen are now paying for the privilege of fishing in local waters, but until now these waters have been free to local anglers.

Some months ago there was much sentiment here against the proposal. It was pointed out then that many fishermen, especially among the laboring men go but once or twice a season. The proposed rod law would practically deprive them of this pleasure. It would not be a hardship on those who go fishing often, but it would be a real hardship on those who are classed by Mr. Kooyers as "occasional fishermen."

The point is that now is the time when those who are either in favor of the proposed law or opposed to it should make their sentiments known. They should do this by dropping Mr. Kooyers a line in care of the House of Representatives at Lansing.

READS SOCIAL SATIRE OF ANA- TOLE FRANCE

Scenes from favorite American writers and a play from the pen of the great French satirist Anatole France formed a delightful program of readings by Mrs. George E. Kollen before the Century Club when that organization met Monday night at the home of Mr. and Mrs. Albert Knooihuizen. Anatole France's play "The Man Who Married a Dumb Wife," shot through with subtle social satire, was the main feature of Mrs. Kollen's group of readings. The comical things that happened when a French judge found a cure for his wife who was dumb, but who talked so much after the cure that the husband was compelled to have himself made deaf to avoid going crazy, were delightfully portrayed in Mrs. Kollen's reading. Before giving this play she read

a number of poems by such writers as Douglas Mallock, Robert Service, whom she described as the "Canadian Kipling", Edgar Guest of Detroit and others. Mrs. Kollen was repeatedly encored, responding each time with some humorous skit that added spice to the program.

The musical part of the program consisted of a vocal duet, "The Day is Done," (Hermann Lohr) by Mrs. R. M. Waltz and Martin Dykema, accompanied by Miss Imogene Dykema; a piano solo, "Little Story" (Friml) and "Etude Fantastique" (Friml) by Miss Helen Mosier; vocal solo, "Habanera" from "Carmen," (Bizet), by Mrs. Arthur Heuer. All responded to encors.

United Doctors Specialist

Brings The Knowledge of their Organization and Experience in Their Successful Treatment of

THOUSANDS OF CASES Offers Services Free of Charge

The United Doctors is an organization of reputable, licensed physicians. They are all specialists in the treatment of certain diseases. They treat without surgical operations diseases of all internal organs, stomach, intestines, constipation, piles, liver, spleen, heart, nerves, skin, rheumatism, sciatica, goitre, tape worm, leg ulcers and all long standing, deep-seated diseases. Many years experience. The complete record of thousands of cases successfully treated prove that their methods are right. They were among the first to earn the name

"BLOODLESS SURGEONS"

Each staff member has at his command the knowledge and resources of the organization. Many people suffer from diseases that can be alleviated just because they cannot afford to go to high priced Specialists and hospitals at a long distance from their home. No community has a sufficient number suffering from these diseases to support special hospitals for their treatment and cure. The United Doctors have solved the problem. Their highly trained specialists go to each community and will advise a proper course of treatment for the sufferers and instruct them how to take care of themselves at home. No matter what you have been told or the experience you had with other physicians, consult him on this visit. It costs nothing. If your case is incurable he will give you advice as may stay and relieve the disease. Married ladies must come with their husbands and minors with their parents or guardians. Laboratories, Milwaukee, Wisconsin.

HOUSES CAN BE PRICED BUT HOW ABOUT HOMES?

The value of a real home can hardly be expressed in money. Old associations destroyed are not put together or replaced for a sum of gold.

It is a keen satisfaction that we find in our part of Turning Houses Into Homes -- of contributing Coziness.

That is not all that earns praise for the Holland Furnace from its 150,000 users. The letters that we are constantly receiving show that the following points are appreciated just as much:

1. Clean, circulated air to breathe.
2. Uniform warmth in the home.
3. Economy in the use of coal.

G. W. Deur was called to Fremont because of a critical operation to which his father William Deur submitted. Mr. Deur was injured many months ago when a grain box fell on his head, puncturing his skull. This caused the formation of a blood clot, which had to be removed to avoid serious results. The operation was performed at Gerber's hospital at Fremont and appears to have been successful.

Perhaps one of the most enjoyable occasions in the history of the local Masonic lodge occurred last Tuesday night when the members of Unity lodge of Holland, Damascus lodge of Fennville and Dutchess lodge of Douglas were entertained. Four candidates were given the Master Mason degree in the afternoon by officers of the local lodge and one in the evening by Unity lodge, the candidates being Thomas Carey, Don Devine, Russell Valeau, Fred and Edward Scales. At six o'clock a sumptuous banquet was served to about two hundred. The Saugatuck Commercial-Record.

Otto Brandt who has been employed at the VanDam general store at Oakland has moved to Holland to make his home here.

Miss Jennie Van Ree of Drenthe underwent a serious operation at the Blodgett hospital while John De Haan of West Drenthe was operated on at Holland hospital.

Edwin Oakes of Grand Haven was elected president of the Ottawa County Students' association at the Western State Normal at Kalamazoo. Other officers are: Vice-president, Louise Moll, Grand Haven; secretary and treasurer, Cornelia Mulder, Holland.

You can never make a girl think short skirts are improper as long as they show good form.

Peter Johnson, of Forest Grove, on the Holland Interurban, is on his feet for the first time within a year. Last winter he was buried under a mass of coal in a cave-in and for one year he remained in a wheel chair recovering from his injuries. It is said it will take at least another year before he will have full use of his lower limbs.

John Opholt of Forest Grove is on his way to California to remain the balance of the winter. He will take the Rio Grand R'y visiting the Royal Gorge, the most beautiful scenic mountain pass to be found in the west.

Maurice Luidens of Olive has been elected president of the Holland Co-Operative Association to succeed Simon Harkema of Park township. Harkema recently resigned the office when George E. Heneveld tendered his resignation as manager following a spirited meeting of the stockholders of the concern. Herman Ratering was appointed acting manager.

Here we have two modern "Paysons" in the persons of the young pretty co-eds of Hope College, Miss Frieda Guneman and Miss Lillian Brouwer who walked to Coopersville a distance of thirty miles. Quite a "hike" in one day for the fair sex. Prof. Evans thought he was doing some strides when he hooped it to West Olive and back recently, a distance of 22 miles.

Says the Detroit News of Sunday in referring to the auto thefts in Ottawa and Muskegon counties in which the Holland police played an important fact: "A farm in Laketon Township, Muskegon County, has been used by automobile thieves as a resort and a workshop where more than 100 cars have been revamped and placed on the market. Who said that under improper management a farm couldn't be made to pay?"

News has been received in Holland of the death of Mrs. Elizabeth Hayes. Mrs. Hayes died Friday in St. Luke's hospital in Chicago. She has many friends here and was in the habit of spending her summers in this city. The deceased is survived by one son James.

The increase in deaths from pneumonia due to bad weather is probably offset by the decrease in deaths from automobiles due to the same cause.

Your Dollar's Opportunity

Your dollar's opportunity is now, today! Set it to work for you. Give it the task of multiplying itself. In doing so it will perform its part in the world affairs.

Every man's money should be making use of this opportunity. Farmers, for instance, can not only feed the world; through businesslike handling of their farms and businesslike handling of their incomes they can help to develop the world.

Thrift Is Patriotism

Saving is a form of serving. It is one of the biggest forms of national service—service to your country. Our first president said, "Economy makes happy homes and sound nations."

The way to start right is to start right now! Saving is as much a habit as spending or putting things off. Once formed, it is easy to continue. But unlike other habits, it is a good habit.

ONE ICE HOUSE HAS FINISHED SEASON'S HARVEST

Not in years has the ice on Black lake been as clear as this winter, according to those who have been cutting ice for the Baker ice house at Ottawa Beach. The Baker place is now packed full to the doors with a fine quality of ice. Work of cutting the ice has been in progress for some days and last Friday the job of filling the ice house was completed.

Ice at present is seven inches thick and it is remarkably clear. Other ice concerns have not yet begun gathering in their season's supply probably waiting until the ice gets a little thicker. There is however only a very short time left in which an ice crop can be expected and all ice will have to be gathered during the next week or two.

WORKING DAY AND NIGHT TO HARVEST G. H. ICE

H. J. Dornbos & Bros. of Grand Haven Monday noon began the harvest of 1500 tons of ice for use in their commercial fishing plant the coming summer. To supply the need of this company it will be necessary to store about 1500 tons of ice, and this will be put in as rapidly as possible from the ice now available on the river. While much of the ice now formed is not over six inches in thickness, it is very clear and hard and considered of good quality. The company fears to take chances on waiting longer in case of one of the thaws which have been common this winter, may cause all of the ice to go out. The Dornbos Co. also have the contract for filling the big ice house at the Grand Trunk icing station. This harvest requires about 3000 tons, and the job will be completed at once along with their own harvest if possible.

In order to beat the possible thaws the company will put on two big gangs of men, working night and day. The first day gang went to work at noon and the night shift began the same night. Wages are 50 cents an hour.

ELKS MOVE TO HOLLAND CITY STATE BANK BLOCK

The Holland B. P. O. E. have moved from the Ward Block on E. 8th street to the new Holland City State Bank Block, where they are now comfortably located.

The officers of the lodge made arrangements to lease the second floor of the present building, and in so doing the new rooms were made very commodious and comfortable.

Besides having the regular lodge room which occupies the greater part of the floor space, a cozy library and reading room has also been provided for.

Books by the latest authors, all the popular magazines and the leading newspapers can be found in this room, properly filed. Writing material is also handy, so you can see that the "Hello Bills" are not wanting for comforts.

A billiard room with billiard and pool tables is also in evidence, and any member wishing this form of recreation can find ample occasions to try his skill in that way.

The rooms have been beautifully decorated and with the elegant lodge furniture installed, makes it one of the coziest lodge rooms to be found anywhere.

The opening meeting was held on Tuesday night when regular business was performed and a social session with refreshments followed.

DYKE SCHOOL CONTRACT LOW COMPARED TO OTHER BIDS

Frank Dyke, the local contractor, who has secured the Allegan high school contract for \$138,441.41 is said to be by far the lowest bidder. According to the Allegan Gazette, the difference between the next bidder was \$40,000 while the Allegan News states the \$30,000 is more conservative.

Apparently there is some mix-up as to figures here. Mr. Dyke personally states to a representative of this paper that the difference is between \$16,000 and \$18,000, and because of a wonderful buy on some of his material, he alone saved in the neighborhood of \$8,000 besides making his fine margins on other things.

The market is favoring the contractors today and there is a falling market on a great many things that enter into a building of this kind, which cannot help but favor the local contractor.

There has been considerable comment because of the publicity of these figures, but Mr. Dyke says he is satisfied and is willing to take several more contracts of a similar nature, at that figure.

ADMINISTRATORS NAMED FOR HOLLAND ESTATE

Probate Judge J. J. Danhof on Monday appointed Cashier Otto P. Kramer, of the Holland City State bank as one of the administrators of the estate of Mrs. Jacob Kuite, who recently died, without leaving a will. Ex-Mayor Henry Brusse was finally chosen as the other administrator.

Mr. and Mrs. Kuite were pioneers of the Holland colony. Kuite died a few years ago and left his entire estate to his wife. The estate comprises considerable real estate and personal property.

MERCHANTS OPPOSE NEW PROPOSED FISH LAW AT MEETING

A fair sized crowd gathered Tuesday evening at the city hall to attend the meeting of the Retail Merchants Association.

The newly elected officers were installed and Attorney Arthur Van Duren spoke on the gas question and Mayor E. P. Stephan spoke in the place of City Attorney Charles H. McBride, who was suddenly called out of town on legal business.

The merchants of Holland went on record as being against the contemplated law charging residents of the state one dollar license fee for angling with a pole. The merchants stated that as individuals, they would be glad to donate their dollar to any meritorious cause that the state might have, but that they were unanimously opposed to this new law because in many instances it would deprive hundreds of laboring men from going to Black lake and angle for a small mess of fish, which has been their custom for so many years.

Relative to the gas question Arthur Van Duren went into all details of the situation, telling the merchants that the most important position was that they were voting on many of the arguments brought out by Mr. Van Duren have been repeatedly chronicled in the local press.

E. P. Stephan, altho he dwelt shortly on the gas question, impressed forcibly upon the minds of the merchants that the most important matter to be decided was the amendment to the charter where in case of emergency he city would be able to get money which now is impossible to any great extent, under the present charter.

In order to have the gas question win, both the amendment and the gas question must have enough votes in order to pass it. Should the amendment fail the gas question also fails by virtue of the lost amendment.

The contention of both Mayor Stephan and Attorney Van Duren was that while the gas question is of very great importance to many people, there are also a great many others who do not favor the buying of the plant at this time. And whether the gas question passes or does not pass it is very essential that the amendment to the charter passes just the same.

The amendment is not intended for the gas question alone, but Holland may find itself at any moment confronted with a big sewer problem that will cost thousands of dollars, that would be an imperative need, ordered by the state board of health.

"Holland is at this time nearly forced to build a new hospital. Every summer Holland is confronted with a water shortage. All the available water sheds have been tapped, and we are right on the edge of a problem, when we must think of where our next water supply is coming from."

"No matter how this problem may be worked out, that situation is going to mean a tremendous expenditure of money."

"It is to safeguard ourselves on such emergencies that the change in the charter, such as the voters will be asked to vote on, should be made."

"Some day we may find ourselves stuck by the present charter, unless these amendments are properly passed and made part of the city's governing law."

After the speaking there was a great deal of talk among individuals and while some were for municipal ownership, there were also some who were lukewarm on the subject, feeling that this is not the time to go into any expenditures costing a quarter of a million dollars.

After the speaking a phonograph musical program was given. Meyers Music House kindly donated one of their large Victor phonographs for the occasion, with enough Victor records to keep the gathering in good humor for awhile. Refreshments were also served.

The newly installed officers were the following: president, G. Cook; vice president, W. Visser; Sec'y, Fred Beeuwkes; treasurer, H. R. Brink.

Together with the officers, Jacob Lokker, John J. Rutgers, J. Vanderla, John Van Tatenhove and Milo DeVries, constitute the executive committee for this year.

LINCOLN REVIEWED BY WOMAN'S LITERARY CLUB

The business session of the Woman's Literary club preceding the program, the president announced that Tuesday, February 8, nominations for the various offices of the club would be in order. Mrs. H. Loveland was welcomed as an associate member.

Mrs. Aldworth put before the members of the club the matter of securing an automobile for the city nurse.

The program was opened with a piano solo by Miss Gertrude Kramer. It was a Mac Dowell Sonata, 1st. movement. Miss Kramer gave an encore. Dr. Wicher's review of "A man for the Ages" by Irving Bachelier was the main part of the program. Before reviewing the book, the speaker gave a short biography of Lincoln, for he is the hero of the book.

Various recent books about Lincoln, were named showing that this man's presents an ever fresh subject for writers.

The book reviewed shows Lincoln as a human being rather than as a statesman. Int the introduction it is claimed that Lincoln is the greatest democrat since Jesus Christ.

The novel is in three parts. The first ends with Lincoln's enlisting in the Black Hawk war; the second takes him to his 28th year; and the third to his nomination in 1860.

Miss Mabel Anthony closed the program with two songs, "My Garden," and "Down in the Desert."

HOLLAND Y QUINTET DEFEATS HORLICKS

The Holland Y quintet had an easy time Monday night when they defeated the highly touted Horlick's Malted Milk Team from Racine, Wis. by the score of 40 to 9. The Y boys played a fast game and showed the crowd that Holland has a fine association team. Irving scored the first point for Holland thru a foul shot. Horlicks then got a point thru a foul. Klomparsen got a basket through a fast play under the basket. Irving played a wonderful game for the Y. His dribbling was the best seen on the floor this season and his passing was accurate. Stykesma the Zeeland boy was the heavy point getter securing 8 field baskets. Sweeny and Klomparsen played a good floor game while Cappon held the opponents away from the basket, playing a fine game at guard. The Horlicks have been playing almost every night and it seemed as if they were basketball stale. They showed flashes of speed and in the first part of the game their passing was accurate, but they were soon winded and were powerless in the hands of the locals. The first half ended with the score 20 to 5 while the finals was 40 to 9.

Managers of the baseball teams of Allegan, Holland, Grand Haven, Continental Motors of Muskegon, Ionia and Otsego will meet in Grand Rapids at an early date with the managers of the Pope & Heyboers, the American Legions and perhaps one or two other Grand Rapids semi-pro teams, to organize the West Michigan Semi-pro Baseball league. The plan is to adopt a complete schedule for the season, the teams to play an equal number of games with each other at home and abroad on Saturdays, Sundays and holidays. The season will start on the first or second Saturday in May and end late in September.

The object of the league is to put semi-pro baseball on a stabilized basis in this part of the state. Heretofore it has been conducted in a hit and miss manner, clubs scheduled games whenever and wherever they could and being liable to be left without a game by an eleventh hour cancellation. The league will be organized with all the strictness of a professional league, as far as the rules go. Every team will post a forfeit to play out the season, will be expected to fulfill its schedule to completion, making up postponed games in doubleheaders and season records will be kept showing what every player has done.—Grand Rapids Press.

The American Legion Indoor ball team easily defeated the Grand Rapids Refrigerators last Saturday night at the High school Gym. by a score of 14 to 1.

The score would indicate that the visitors were some Grand Rapids discards but to the contrary the team was composed of a number of the average class of indoor players in that city. In their catcher and first basemen they had two of the School Equipments' best players. The score rather indicates the ability of the local Legion team. In every department of the game they are hard to beat. No pitcher can stand up long against their ferocious attack. De Maat started on the mound for Holland and in the four innings he pitched allowed six hits one run and struck out eight. Naal finished the last five innings and was almost invincible. He allowed one hit, no runs and struck out 10. The local batsmen were not so easy on Klondyke, the visitor's pitcher. His delivery was found for 14 hits and as many runs. He however had some of the boys on the hook securing 12 strikeouts. B. Batemaled both teams in batting with a perfect average and one of his hits was a home run. However a couple of the local men pressed him hard with securing four hits out of five times at bat.

A fair size crowd attended the game but with the School Equipments on deck next Saturday night the biggest crowd of the season is expected. The high school bleachers will be available to seat easily and comfortably a large crowd. No indoor fan can afford to miss this coming attraction. Battery for G. Rapids—Klondyke a n d Lucasse; for Holland—De Maat, Nash and Spriggs. Umpires—Peterson and Rowan.

The Hope were defeated here Friday night by the Kasoo Normals, 28-24, in a fastest and cleanest game that has been seen here this season. The teachers held the lead from the beginning and altho the game was hotly contested the Hopeites were unable to attain to the usual form of basket shooting in unwinding the plays. Accurate distance shooting contributed to the success of the visitors, Miller and Borman doing the speculative work in outside territory before the Hope lines of defense. The first half-ended 11-15 in favor of the Normals.

"MAN MUST WORK," SAYS HENRY FORD

"Man must work—that is inevitable," says Henry Ford, "He may work grudgingly, or he may work gratefully; he may work as a man or he may work as a slave. He cannot always choose his work but he can go about it with cheerful, generous temper and with an unlooked heart. There is no work so rude that he may not exalt it; there is no work so dull that he may not enliven it. But—he must work"

CARPENTERS AND JOINERS CUT OWN WAGES

Another boost was given to the downward slide of Old Man Hi-Cost-Living in Holland when the carpenters and joiners by a unanimous vote decided to cut their rate per hour ten cents. The carpenters and joiners of Holland have for many years maintained an organization whose membership comprises nearly all the carpenters and joiners in the city and their action to cut down the rate will mean a considerable saving to any one who goes into a building proposition.

The rates for the past several months have been 95 cents per hour. By the action of the association this has been cut down to 75 cents per hour making a saving of 90 cents a day on each carpenter and joiner employed on a job the day being figured a nine hour one.

DISCUSS WORK AMONG THE INDIANS

The W. C. T. U. met Friday afternoon at the home of Mrs. J. Pessink 209 West 12th street. The subject was "Work Among the Indians." Miss Jennie Steketee, who spent about a year in Oklahoma, spoke of the growing menace of the peyote habit among the Indians of the Southwest and showed many curios and articles of Indian dress. Mr. Silas Bosch at one time a preacher to the Indians of his own tribe, the Ojibways in Michigan, told of his conversion, and his work. He also went overseas in the war, and was gassed in the battle of the Argonne. At the close of the talk he sang a hymn in his native language. Current Events were given by Mrs. Blekkink, and a reading by Mrs. E. Fairbanks.

Tea was served by Mrs. M. Manting, Mrs. G. Nash, Mrs. Herrick and Mrs. C. Markham.

FORMER HOLLAND MAN MAKES GOOD IN BELDIN

A. C. Loyer who for years was connected with the C. L. King basket factory of Holland has become a successful business man at Beldin, Michigan.

When the local basket factory ended its long career as a business institution in Holland, Mr. Loyer was then out of employment and went elsewhere in order to find employment in his line.

He landed in Beldin, Michigan, took a position in the basket factory there, and has apparently been very successful.

The Beldin Banner-News has the following relating to Mr. Loyer:—"The report made at the meeting of the Beldin Basket Company showed a fine lot of business transacted last year. The company increased its business more than \$40,000 over 1919 and more than \$40,000 over 1918. The pay roll for 1920 reached the total of \$59,000. The amount of business done and the money paid in labor being the largest in the history of the company."

The election of officers resulted in A. C. Loyer who has managed the concern since Mr. Chapple's death being chosen as president, treasurer and general manager. D. M. Gerber was chosen vice-president and C. S. Johnson of the Michigan Trust Co. secretary.

The outside stockholders express themselves as being highly satisfied with the way the business had been conducted and paid great credit to Mr. Loyer for his work during the past year.

While the outlook for business at present is not as good as it was a year ago, the factory is running with a full force and conditions are bettering daily.

SOME OLD STEAMER HISTORY ON THE LAKE

In Joe O'Brien's office a fine portrait of the old Grand Haven steamer Gracie Barker of which the mayor had been master is shown. Also displayed in the former's office are his pilot's papers issued many years before.—Gr Haven Tribune.

The Barker later came to Holland having been purchased by Capt. Brower who formerly lived on West Ninth street near Maple avenue. Capt. Brower took the steamer to Ashland on Lake Superior and his family went with him. The Browns have not been in this city since, but at that time some 30 years ago, they were prominent citizens here. The Barker was on the Holland-Macatawa run for a few seasons and was replaced by the Steamer Macatawa.

HOLLAND COUPLE MARRIED FIFTY EIGHT YEARS

On Sunday Captain and Mrs. George Nauta observed the 58th anniversary of their marriage. Both Captain Nauta and Mrs. Nauta are as a rule in good health, but by reason of the fact that Mrs. Nauta is at the moment slightly unwell there was no celebration of the anniversary at the present time, but a little later it is expected to hold a family reunion.

Mr. Nauta is 79 years old and Mrs. Nauta 75. They were married in Chicago, and moved to Holland shortly after, making this city their home ever since. They live at 45 East 7th street.

LOCAL COUPLE MARRIED SATURDAY

Saturday evening in Chicago, Dr. Henry Boss and Mrs. M. Martin will be married according to advices received from Chicago Saturday. Relatives of the contracting parties admitted that the event was to come off at the time stated. The couple returned to Holland Monday and may a little later go on a honeymoon. They will occupy the home of Mrs. Martin on East 16th street. Dr. Boss expects to resume his practice here about April.

Dr. Boss has been spending the winter in California, and when he returned home a week or two ago his friends wondered why he did not stay there until spring. But the secret is now out.

The Grand Rapids Press in a story about an art exhibit in that city has the following: "The three Bermuda landscapes by Mrs. Francis Childs have fine rhythm, color, sunlight and harmony. She paints Bermuda as she sees, giving an interesting personal tone to her interpretations. Her portrait of her daughter, Mrs. Sears R. McLean, also is finely done."

MORE THAN 1000 SCRAMBLE FOR THE BONDS

John J. Rutgers Clothing Co. for the past few days has been advertising a unique feature in the local press. The Rutgers company's big sale was to start off Saturday morning, the opening gun was fired the proprietor got on the roof of his building and threw down \$100 worth of merchandise bonds ranging from a "jittney" to \$2.50, good for any cash purchase at his store.

This stunt was pulled off at 9:00 o'clock and traffic was temporarily blocked, at least until all the bonds had made a parachute drop to some lucky scramblers below, and believe us, there was some scrambling. A football scrimmage wasn't in it, and the human fly act was repeated edly recalled when youngsters climbed up the side of the building to grab off a bond that had lodged in an awning or a second story window ledge.

Opinions differ, as to how many there were in the crowd, but from 1,000 to 1,200 is a conservative figure.

CO. IN DEALS

Joseph H. Boon, 9 year old registered Merced, has a high record as a butter producer.

Malcolm H. Gardner of Delavan, Wis., superintendent of advanced registry of the Holstein Friesian Association of America, gives her a score of 619.6 pounds of milk and 24.29 pounds of butter fat in seven days and a 30-day score of 2,754.5 pounds of milk and 99.8 pounds of butter fat, equivalent to 124.75 pounds of butter. The tests were made under the division of the dairy division of the agricultural college and were carefully checked up before being published. Mr. Brewer is one of the original owners of the Holland Gas Co.

C. B. Kelsey has sold an 80-acre farm near Hudsonville to Peter Hoerzer and his wife and the price of \$225 per acre has attracted wide comment. Mr. Kelsey explains however, that the land contains considerable muck on which can be raised celery, onions, head lettuce, and sugar beets. In the vicinity of Hudsonville some land in small parcels has sold for as high as \$1,000 per acre. Mr. Kelsey is one of the members of the Kelsey-Brewer Co. of Grand Rapids.

SKATING POND IDEA ABANDONED FOR THIS YEAR

Holland's boys and girls who enjoy skating have been out of luck this winter. This was the first time in many years that they would have had a chance at some fine sport on well regulated skating ponds in at least three parts of the city, but the weather man was against them. All conditions were favorable for once, but Jack Frost was not to be won over.

Charles Zalsman is spending a few days in Chicago with friends.

STATE OF MICHIGAN—The Circuit Court

for the County of Ottawa: In Chancery—
Twentieth Judicial Circuit
Suit pending in the Circuit Court for the County of Ottawa, in Chancery, at Grand Haven, on the 17th day of January, A. D. 1921.

JAN TEN HAGEN, Plaintiff,
vs.
HENDRIK LAMERS, J. H. BE' L.

Upon filing the bill of complaint in this cause, it appearing that it is not known and that the plaintiff, after diligent search and inquiry, has been unable to ascertain whether the defendants, Hendrik Lamers, J. H. Be' L., J. W. Bell, Nelson Rower, Charles Tuttle and Return Strong, are living or dead, and if living, where they may reside, and if dead, who their heirs-at-law may be, and where they may reside and if living where they may reside, and if dead, who their heirs may be and where they may reside or whether the title, interest, claim, lien or possible right to the real estate, hereinafter described, has been assigned to any person or persons, or if dead, whether they have representatives or heirs living, or where some or any of them reside, or whether or such title, interest, claim, lien or possible right to the following described real estate has been disposed of by Will, and the plaintiff has been unable, after diligent search and inquiry, to ascertain the names of said persons included as defendants herein.

NOW THEREFORE on Motion of Diekema, Kollen & Ten Cate, attorneys for plaintiff it is ordered that the said defendants, Hendrik Lamers, J. H. Be' L., J. W. Bell, Nelson Rower, Charles Tuttle, and Return Strong, if living, and if dead, the unknown heirs of each and every one of them, and their respective devisees, legatees, and assigns, and every one of them shall enter their appearance in this cause within three (3) months from the date of this order, and that within twenty (20) days, plaintiffs shall cause this order to be published in the Holland City News, a newspaper printed and published and circulated in the city of Holland, Ottawa County, Michigan, and that such publication shall continue once each week for (4) weeks in succession.

STATE OF MICHIGAN—The Probate Court

for the County of Ottawa.
At a session of said Court, held at the probate office, in Grand Haven, in said county, on the 26th day of January, A. D. 1921.

Present: Hon. James J. Danhof, Judge of Probate.

In the Matter of the Estate of **JOHN J. BLUM, Deceased**

Alida Kate Blum having filed in said court her petition praying that said court adjudicate and determine who were at the time of his death the legal heirs of said deceased and entitled to inherit the real estate of which said deceased died seized.

G. J. Diekema left yesterday for Columbus, Ohio.

The state of Michigan expended last year more than \$100,000 as bounties for the destruction of noxious animals and birds, while the appropriation made by the legislature for this purpose was only \$16,000. It is now proposed to repeal the laws on this subject, increasing hunting licenses to \$2.50 for residents and still more for non-residents, and employ expert hunters and trappers to get after the animals and birds. The increased fees would pay for a great many such hunters and it is believed there would be more results. The wolf and woodchuck payments exceeded \$30,000 and those for weasels \$12,000.

A large and representative crowd of people attended the Colonial last night to witness "Everywoman," a Paramount Art-craft Super special credited with being the most elaborate in its costumes and stage effects of any picture ever shown in Holland.

The pressed brick for the remodeling of the third church is now on the grounds, and remodeling has already begun.

Jennie Van Dam has discovered that there is an element of adventure in skating on Black Lake. In stepping off the dock to the ice, she suddenly found herself to her shoulders in the water. However, she had presence of mind to seize hold of the dock and advise Sadie Kuyper to call for help, which advice Sadie heroically followed. Maurice Vischer, hero that he is, heard the cry of distress and rescued the fair lady.

to make the gift. The announcement came as much as a surprise to the other members of the so-called King property committee as to the rest of the council.

Mr. Lawrence has been chairman of every single one of the committees that has been appointed in the last seven years in regard to this matter. He has been in the council for ten years and is now the oldest member in point of service there. Several times Mr. Lawrence came near succeeding in securing the property for the city, but each time his plans were wrecked on the rock of lack of funds. But the acquiring of the King property was his hobby all through the years while he was in the council and he did not rest in his efforts. And finally his dream has come true in a much more splendid way than even he had anticipated until quite recently.

The gift of the King property to the city of Holland by Mrs. Kollen is the first instance in the history of the city that a gift has been made to Holland as a municipality. Until some years ago when the charter was revised it was not legal to make gifts to the city, but when the new charter was adopted a clause was added making this legal, and it is by reason of that fact that the present gift could be made.

The King property is one of the finest pieces of lake frontage in the city. It was acquired by the DeFree Company two or three years ago, that company having planned to erect office buildings there. But some months ago the DeFree Company acquired the Jas. Kole building on River avenue, and that caused the company to modify its plans. Thus the King property was once more placed on the market.

Mayor Stephan thereupon asked Mr Con De Pree to let the city have the first chance at the property, which was not only granted, but Mr. DePree further offered the city the property for the actual price he paid, for it plus the interest he paid, so that he would not make a cent on the turnover. When this offer was made, a new committee was appointed to find ways and means of buying the property. Mr. Lawrence was chairman of this committee, but meanwhile he also began operations on his own hook, and the result is the splendid gift announced Wed-

nesday night.
In recognition of the splendid work that Ald. Lawrence has been doing in this connection, Ald. Briere offered the following resolution, which was adopted by a rising vote of the aldermen:
To the Honorable, Mayor and Common Council of the City of Holland

Gentlemen:—Whereas, our senior alderman, William Lawreace, for years has bent all of his energies in untiring effort to reserve and obtain for the city of Holland suitable lake frontage property for park purposes, and Whereas, through the civic patriotism and generosity of Mrs. Martha D. Kollen, the hopes and plans of our fellow member have finally been realized, therefore

Resolved, that we do hereby congratulate our fellow alderman and the city of Holland in the accomplishment of a long sought and much cherished plan in securing this valuable parcel of land fronting on Macatawa Bay suitable for park purposes.

Mayor Stephan, after this resolution had been passed, gave an informal talk in which he most heartily thanked Mrs. Kollen on behalf of the city for her splendid gift, the first gift that has come to Holland as a municipality in its entire history.

"Holland is not a city of millions," he said, "and we have in the past not received from private cit-

izens such institutions as have fallen to the good fortune of many other cities. But Mrs. Kollen has shown a way. She has shown what a genuine love for Holland can prompt one to do. While Holland has no rich people, in the sense in which that word is used today, there are a number of others who are as well off financially or perhaps better off than the donor of the King property, and it is not at all unlikely that Mrs. Kollen's gift will in the future prompt others to do something similar, so that her liberality may have results that are not measured by the actual value of this gift. Holland needs a great many things, but at present the city cannot afford to buy them, and will have to go without them unless generous-hearted people follow Mrs. Kollen's example.

Mr. Stephan congratulated the aldermen on the spirit of goodwill shown by them. He said that there had been times when fewer than ten aldermen were jealous while one of their number accomplished some outstanding piece of work, but that in this case the work of all had been rewarded with such reception, but all rejoiced heartily in the completion of his task. Mr. Stephan said that Mr. Lawrence's work showed what could be accomplished if an alderman set his heart on a task. Each alderman, he said could do some constructive piece of work if he could point it back to his own accomplishment.
