## Many From City Plead Guilty in Circuit Court

11 ADMIT GUILTY TO CHARGES  
OF BREAKING AND ENTER-  
ING, SELLING LIQUOR, etc.

The circuit court calendar for the February term was short of many of the anticipated cases when 11 defendants appeared before Judge Fred T. Miles and pleaded guilty to charges ranging from possession, transportation of liquor, forgery, and breaking and entering. Edward Walters, alias John L. Wallace, 42, of Port Sheldon, pleaded guilty to possession of liquor; Joe Rissalada, Holland, 19 years old, pleaded guilty to forgery and breaking and entering. He acknowledged breaking into five or

## FOUR SENTENCED BY JUDGE MILES

John Wallace, 42 years old, of Port Sheldon, was sentenced to four years in Jackson yesterday by Judge Fred T. Miles. Wallace had pleaded guilty to possession of liquor. State police arrested him, reporting a still in operation, a quantity of liquor on the premises, and discovery of a ledger in which his liquor selling activities in Chicago were reported. Frank Chripell, 57 years old, Holland, was sentenced to seven months in Jackson for possession. Fred Harjes, 27 years old, and Robert Fogg, 24 years old, both of Muskegon Heights, were fined \$100, must pay \$100 costs, and were placed on probation for three years.

six places. Harry Stam, 18, Holland, pleaded guilty to the same charge. He told the judge he had served in Iowa for breaking and entering for one year in 1929. He confessed to breaking into cottages at Zeeland and Waukegan and had stolen some liquor.

George Bauer, 19, Holland, said he had served one year at Iowa for breaking and entering and pleaded guilty to the charge again. He has also been in the county jail 90 days for being drunk and disorderly. He confessed to many jobs, including one at the Nathaniel Robbins home in Holland.

Gerrit Tymes, 27, pleaded guilty to larceny when he entered a store belonging to John Koopmans at Allegan and several cottages at Lakewood.

Louis Mulder, 29, pleaded guilty to forgery and breaking and entering. He said he had found the checks in a house and had signed them. John Thalen, 28, Park township, said he was guilty of entering the home of Dr. William Westrate in the township and had taken a radio. Ervin O'Connor, 28, Park township, pleaded guilty to possession, keeping a place, sale and manufacture of liquor. He said he has been selling for two years and in all had sold about 75 to 100 gallons of liquor for \$4.00 a gallon. He is married, has been divorced and remarried his wife and has four children. He is at present spending 45 days in the county jail for maiming pigs at the Holland Fair grounds belonging to Jay Nichols. He was arrested in July for disorderly conduct.

Frank Chripell, Park, pleaded guilty to the possession of moonshine. He said he was at Ervin O'Connor's the night of the raid and merely put a bottle of moon in his pocket to protect it. Fred Harjes, 27, Muskegon Hts., pleaded guilty to transportation and Robert Fogg, arrested at the same time for the same offense, pleaded guilty. They said they were bringing the liquor from Crockery township to Muskegon Heights. There were 20 gallons of wine and 25 pints of beer.

## 100 CHICKENS ARE STOLEN FROM COOP

One of the year's biggest poultry raids of the season was made in Ravenna township near the Ottawa county line, when 100 chickens were stolen from the hen roosts of Robert Place, one half mile south of Ravenna. The fowl had been taken during the night and removed by truck. No lock was kept on the coop.

Robert Walker, Bolt highway, reported the theft of six chickens and 20 pounds of honeycomb from his father's residence. Two men were taken in custody by the sheriff's department for investigation.

## DANHOFF WILL BE CANDIDATE

DISMISSES MISS VANDEWATER  
SINCE SHE'S BE CANDI-  
DATE FOR SAME OFFICE

Grand Haven Tribune—Miss Cora Vandewater, register of probate court, was relieved of her duties in the probate office this morning by Judge James J. Danhof.

Miss Harriet Swart, who has been in the office for the past 10 years, has been promoted to the register's position and the vacancy in the office will be filled later, said Mr. Danhof this morning. Mr. Danhof stated that due to the announced candidacy of Miss Vandewater for the office of probate judge he did not think it fair or advisable that she remain as his subordinate. He stated that Miss Vandewater's work had been very satisfactory during the past 15 years she has been associated with him and that he had no fault to find.

Although Judge Danhof has not publicly made the announcement before that he would be a candidate for nomination at the primaries on the Republican ticket, he said it was widely known among his friends and in the office that he would run for another term. He, however, made the statement today publicly announcing his candidacy.

Mr. and Mrs. Ed Dykema, of Zeeland, spent Sunday in Holland, the guests of Mr. and Mrs. Nick Kammeraad of Holland.

## Local Teachers Given \$35,000 Salary Cut

HOLLAND CITY NEWS GIVES  
COMPILATION OF OLD AND  
NEW SALARIES IN DIFFERENT  
DEPARTMENTS

Teachers Also Give \$8,000 Voluntarily to Help City Welfare.

For the past year agitation has been rife in the city relative to a reduction in salaries of Holland's entire public school teaching staff from superintendent down.

First, there were recommendations by the mayor and common council. These matters were then discussed by the board of education, as well as privately and publicly by the teaching staff until the matter finally came to a head at a meeting of the board of education Monday. It was decided that a reduction of 12 1/2 per cent on all teachers' salaries and 20 per cent on the principal of the Senior High school's salary and 25 per cent of the superintendent's salary be made, which will reduce the salaries collectively approximately \$35,000.

A total salary schedule of \$66,000 will be asked for the 1932-33 school period in comparison to the \$101,000 provided for the present term.

There was considerable discussion by the members of the board. Trustee Vander Hill wanted a graded scale because a 12 1/2 per cent cut might prove severe on the teachers who receive the lowest pay. Mr. Geerlings thought otherwise, however, stating that a uniform rate of reduction was fair because the older teachers getting a higher salary had invested more money in their studies and advanced education. Mr. Zonnbeek also objected to the sliding scale until he was assured that the teachers were satisfied with such an arrangement.

Trustees Mr. William Arendshorst and Mrs. George Kollen acquiesced in the action although Mrs. Kollen felt that a 10 per cent cut would be ample. Andrew Klompars, Mr. Brouwer and Mr. Beeuwkes also sanctioned to reduction as made.

The board received and voted an expression of appreciation for the voluntary contribution made by the teachers Saturday. The teachers agreed to donate to the board more than \$8,000 from their salaries for the present school year. Trustee Andrew Klompars praised the action.

The budget for 1932-33 as approved by the board carried a total of \$174,876, a reduction of \$28,124 over the total for the present fiscal year despite the addition of \$15,000 to the sinking fund for next year.

Pay for janitors of the schools will be cut from \$21,000 to \$17,000, a \$4,000 cut for next year. Items in the budget are as follows: Administration—Clerk's salary, \$1,487; census and auditing, \$500; attendance secretary, \$900; office supplies, \$250; telephone, \$500; other board expenses, \$200; superintendent's expenses, \$200; secretary of board, \$200; total, \$4,237. A \$213 cut in clerk's salary, \$100 cut in attendance secretary's pay, and \$50 cut in pay for board clerk will effect a saving of \$363 under the \$4,600 required this year in this department.

Instruction—Teachers' salary, \$66,000; text books, \$5,000; manual, \$500; printing, \$700; library, \$500; liability insurance, \$185; other expenses, \$200; total, \$68,785. A cut of \$36,240 under the \$118,025 required this year and brought about by the \$33,000 cut in teachers' pay, \$300 cut in manual training, \$200 in domestic science, \$100 cut in clerks, \$700 cut in library and \$60 addition in insurance. Operation—Janitors, \$17,

EARNST BROOKS

Our present able and faithful mayor, Earnst Brooks, has announced that he is not a candidate for re-election. His announcement will be regretted by many who feel that the present mayor has been and is now steering Holland's "Ship of State" safely through turbulent waters and that he should continue to carry on until after the storm. It is needless to say that conditions have brought many vexing questions, especially as this relates to taxes and welfare work.

Holland, during the past four years, has been ably governed by a man who has had the interest of the city of Holland at heart constantly. It is doubtful whether any former mayor of this municipality has ever given so much of his time and money towards our civic well-being as has Mr. Brooks.

It is safe to say that Mr. Brooks has given more time to the mayor's job than he has devoted to his own personal interests, and he has performed these duties with tact, ability and with diplomacy, attributes rarely found bundled up in one man. "Earnst" has made his mistakes without doubt, but these never have been expensive mistakes to the city. He has been untiring in his efforts and his fairness in all matters pertaining to civic government has won for him the respect and esteem of all his colleagues in the council, and this holds true of the members of the other city boards as well.

The News sincerely believes that Mr. Brooks holds the love and admiration of the City of Holland, generally speaking, and that its citizenry fully appreciates that he has been a faithful, careful and honest executive.

He has brought dignity to the city's highest office, and we hope and feel that although Mr. Brooks believes he has had enough of honor and hard work as this relates to the mayorality, that his unstinting services and unselfish efforts will continue to be available in behalf of this beautiful home loving city of ours.

Sport in Short

Muskegon copped a southwestern conference tilt at the Holland armory court Friday evening by defeating Holland, 24 to 12.

The Holland Christian Maroons were forced into over-time play here Friday in defeating Hart, 30 to 23, with the score tied at 23-all at the close of the regulation playing time. Coach Muijken's team ran up 7 points in the extra session to win its eighth victory of the year. The Holland Christian reserves defeated the Hart reserves, 19 to 7.

A perfect bowling score was made by John Mills, local bowling star, when he rolled 12 consecutive strikes for a 300 score on the Levee alley. Mills, who was practicing with Art Van Kolken, ran up six more strikes in the second game before he was stopped—Grand Haven Tribune.

The Grand Haven Oils slipped from the cup of revenge last night when they defeated the Holland Mosser Leathers at Holland, 35 to 21. The Mosser had previously defeated the Oils here. The local team went away to a 7-2 score in the first quarter and were never headed. Denton and Dirks led the local attack while all the other gasers crashed into the scoring column. Eunnagot got five points. Beckman, former Holland Christian High star, was best for the losers. — Grand Haven Tribune.

Stray Cats Are Doomed

License laws for cats, similar to those now in force for dogs, have been announced as the 1932 objective of the International Cat Society, as its first active move toward abolishing all stray cats in the cities and country.

The present interest of the society in the cat license measure has arisen from the assertions of experts of the United States Department of Agriculture and State conservation departments that straying and night-hunting house cats are a serious menace to wild bird life. It has also been pointed out that cats are subject to a more virulent form of hydrophobia than the dog and to numerous diseases of man, which makes the abolishing of stray cats a desirable measure for the protection of the public health, especially in crowded tenement districts.

COPPER TOO EXPENSIVE FOR CAR PLATES

Because of the difference in the cost between copper and steel, the department does not feel justified in using copper for the 1933 license plates, therefore making it necessary to continue with the 24 gauge steel material. Plates for 1931 and 1932 cost the department 15c per set but the department is in hopes to reduce this cost for 1933 plates to 10c per set.

Estimates from various copper companies show that copper plates would cost from 17c to 19c per set. The additional cost of copper for the 1,350,000 sets which will be needed for 1933 is too great to be disregarded even though the department desires to aid Michigan copper mines.

While the department has shown a decided preference for a 1933 plate with a white background and black numbers, final decision is not to be made until after ranking police officials in the several Michigan cities have been consulted. The order for the 1933 plates will be placed in about 30 days.

Thought for Today

There is nothing quite so hygienic as friendship; to love and be loved means—even pulse, clear eyes, good digestion, sound sleep—success.—Gilbert Hubbard.

The Woman's Literary Club celebrated its nineteenth birthday anniversary last week, Tuesday afternoon. The large number of guests and members that attended the celebration were received by Mrs. J. P. Oggel and Mrs. C. J. Dregman, former presidents; Mrs. J. H. DenHerder, incumbent president, and Miss Martha Sherwood, chairman of the education committee. The meeting was presided over by Mrs. Oggel, who presided at the initial meeting in the new clubhouse in February, 1913. The aims of the Kate Gerrod post scholarship fund, sponsored by the club under a committee, was explained by Mrs. Martha Sherwood. It was stated that financial aid is given to young women to assist them in obtaining an education. An offering was received at the meeting to aid in the work. The program for the day was in charge of Mrs. Sears R. McLean, who with the aid of the former presidents of the club presented a three-act comedy entitled "Aunt Betty of Butte." The cast included Mrs. John Van Der Veen, Mrs. Charles McBride, Mrs. Joseph Rhea, Mrs. George Kollen, Mrs. J. H. Den Herder, Mrs. Sears R. McLean and Mrs. William Olive. The club will give a benefit bridge on February 19.

TWENTY-SECOND ANNIVERSARY

BOY SCOUT WEEK

SCOUT WEEK

The twenty-second anniversary of the Boy Scouts of America begins Sunday February 7. Sunday is to be known as Scout Day in the churches. Troops in every community are attending special Scout services. In some cases Scouts are taking part in the Sunday service.

In some cases troop charters are being presented. February 8, Anniversary Day (also known as School Day). There will be a radio broadcast from 8 to 8:30. At 8:15, Scouts and leaders are expected to stand at attention and recite themselves to the Scout promise and laws. This will be part of the radio broadcast and will be by Bobby West, son of the Chief Scout Executive (NBC and WJC).

Tuesday, February 9, Parent Institution Day. Several troops will invite parents and friends to inspect the meeting rooms. In some instances father-and-son banquets will be conducted.

Wednesday, February 10, National Day. Local Scouts are to keep in mind their brother Scouts across the seas. In the jamboree this year there will be a special exercise; bring out in a special exercise; bring out in a special exercise; bring out in a special exercise.

Thursday, February 11, Home Day. Scouts are expected to do special good turns in the home. To put into effect some safety device in the home.

Friday, February 12, Lincoln's birthday (also known as Citizens' Day). Troops in several instances are working out plans for mobilization. Also the Pennsylvania Railroad, is making a special trip to the Lincoln birthplace for Scouts. A two-day trip. The cost will be \$12.50, which takes care of transportation, hotel, bus, street car and meals.

Saturday, February 13, Outdoor Day. Several troops are planning all-day hikes. In some cases the entire district will get together for outdoor activities.

The twenty-second anniversary will in some respects be most significant since scouting has taken an active part in community welfare work. This year scouting will give demonstrations of its value in times of need.

COUNCIL CONDUCTS FIRST ANNUAL FLAGSHIP: SHIP 28, SAUGATUCK, WINNER

With new ships organizing and more boys coming into Sea Scouting, it was decided by the executive board, upon the recommendation of the commodore, C. L. Beach, that a Council flagship be selected each year. In order to find the outstanding unit to receive this award it was decided to follow the plans as outlined for the regional and national flagship. The award is to be a regulation parade size Sea Scout flag with the lettering, "Ottawa-Allegan Council" (with the proper date). This is to be carried by the unit on all parades and formations. Also at area jamborees and field meets this ship is to head the Sea Scout division.

This high honor has gone to ship No. 28 of Saugatuck, sponsored by the Bruner Fresh Post No. 137, American Legion.

The officers and ship committee are as follows: Skipper, Nelson Wood; mate, George Wright; mate, Don Bird; Ship committee chairman, John M. Bird; committee members, Leonard Brittain, H. L. Calbetzer, R. Phelps.

The events considered in making the rating are as follows:

BEAVER AND MACKINAC ISLAND TRIP

On August 10 a representation of ten Scouts, three leaders and a cook, hailing from the four corners of the area, left their happy homes for an adventure trip to Beaver Island. There were three cars and a trailer to carry the adventurers and all their camping and cooking equipment that was necessary.

The first night was spent at Interlocken state park. The next morning, after a little trouble with one car, the party got started for Charlevoix where they were to take the boat for the island. On Wednesday, August 12, they sailed for the island, which was to be their home for the coming week. Upon arriving they picked a camp site, set up camp and did a little exploring on the side.

The time on the island was spent in hiking to other parts, exploring, fishing, etc. The week went all too soon, but all had a fine time and was ready to go for the next part of the trip, which was to continue north to Mackinac Island.

One day was spent on Mackinac taking in all the sights that were possible including a speed boat ride around the island. The party was very fortunate in having an Eagle Scout guide, who took them to places that never would have been seen had it not been for his knowledge of the island.

That night was spent at Mackinac City State park. On the way home stops were made at Cross Village, Marquette Memorial and other points of interest. The somewhat tired but happy party arrived home on August 20 after a long-to-be-remembered trip, and with fond hopes of attending the adventure trip next year.

SCOUTS MAKE MATERIAL ADVANCE IN TESTS

During 1931 Scouting has made a material advance insofar as tests are concerned. Although the entire council was up and coming the Southeast district are the winners. This district earned the largest number of merit badges, while Troop No. 24, with Mr. Withrow as scoutmaster, topped the district with 176 badges.

The following information shows last year's standing as compared with the results of 1930:

| Badges             | 1930 | 1931 |
|--------------------|------|------|
| First Class Badges | 50   | 91   |
| Merit Badges       | 291  | 745  |
| Star Badges        | 7    | 21   |
| Life Badges        | 2    | 21   |
| Eagle Badges       | 4    | 4    |
| Eagle Palms        | 3    | 4    |

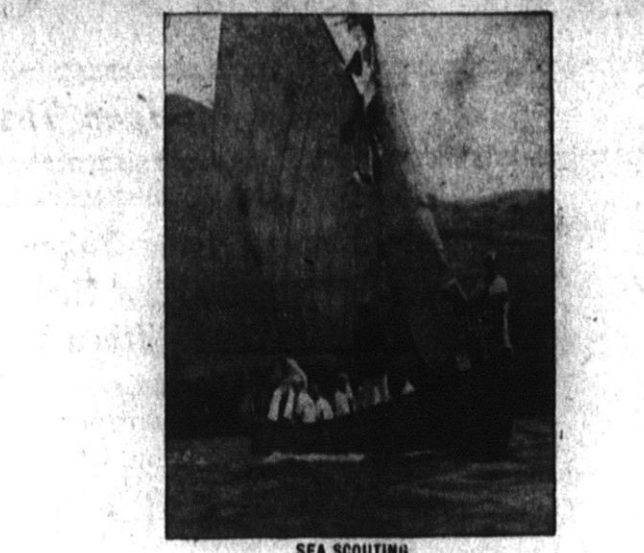

Out of the 740 now enrolled in this area, 213 have advanced at least one rank during 1931.

The following list gives names of Scouts by troops who have advanced one rank:

FOREIGN CORRESPONDENCE

The Boys' Life is sponsoring a World Brotherhood of Boys, which extends to each boy in any country the opportunity to correspond to anyone else in a foreign country. Several boys have already been a peppy correspondence and find it most interesting. One boy in Grand Haven reports that he writes regularly to a boy in the Hawaiian Islands, and one in the Philippine Islands. He finds this particularly interesting as much of the correspondence right now concerns the military activities.

To open such a correspondence one must merely write to The World Brotherhood of Boys, 2 Park Avenue, New York. You will receive instructions as to where and how you are to write. No charge

STANLEY TROPHY

The Stanley Trophy, a beautiful cup, given each year to the highest ranking troop in the Ottawa-Allegan Council, was won by Troop No. 10 of Holland for having the best percentage in attendance, hikes and tests. Troop No. 13 of Grand Haven came in a close second.

Each month the troops send in a report which records the average number of Scouts that attended the meetings during the month, the hikes and the number of those passing tests.

Four meetings a month must be held to obtain 100 per cent for all the meetings. If 90 per cent of registered Scouts attended four meetings they receive 100 per cent for attendance. If 80 per cent pass a test they receive 100 per cent for tests. If 75 per cent attend at least one hike they receive 100 per cent for hikes.

This trophy does a great deal in spurring the troops on to bigger and better meetings. If a troop wins the cup three times they keep it permanently.

The race for the cup for 1932 is on. Thus far troops No. 1, 14, 22 and 10 have a claim on it. Twenty-two has had it for two years and may be counted on to put up a furious battle.

SCOUT LEADERS HOLD BANQUET AT ZEELAND

The annual Ottawa-Allegan Council Area election banquet was held at Zeeland on January 12, 1932. A very interesting representation of land Scouts, sea Scouts and Cubs comprised the opening. After the invocation music was furnished by Allegan Scout orchestra, directed by H. Pribe.

After a hearty dinner R. Van Bunte led the group in a spirited singing period. As a special treat Louis Mulder and William Lundie entertained with a piano and musical saw duet. Ben Mulder was in charge of a presentation of a badge ceremony in which various parts of the first class badge were placed on a shield. As each boy placed his part on the shield he explained what it symbolized.

Rev. S. E. Kelly presented to Walter Clark, Troop 1; Isaac De Kraker, Troop 7; Carl Benson, Troop 24; Charles Smith, Troop 24; their Eagle awards. J. Elmer Spangler, Troop 3, was presented with a Gold Palm. Many training course certificates were also presented to the scoutmasters earning them.

After the presentations the district commissioners each gave a report of their respective districts. The nominating committee moved that the 1931 officers remain in office during 1932 as they did so well during 1931. A unanimous vote of approval followed.

The speakers of the evening were Rev. H. D. Terkeurst, Professor Winter, and W. W. Slover. All of the speeches held a very good message, which will bring reminiscences when the color and glamour of the banquet have long faded. After taps and an inspection of the exhibits another annual election banquet was brought to a close.

MESSAGE FROM PRESIDENT HATTON

February 1, 1932.  
The Boy Scout Publicity Club,  
Dear Scouts:

I am very sorry on account of my illness over the last three months that I have not been able to give more attention to the Boy Scout movement—something that I am deeply interested in.

It is particularly gratifying to me to know that in spite of the depression which has affected so many organizations, the Boy Scouts are holding their own. If we can get a desirable camp within a hundred miles of this area—something which I am trying to do—we will be all set for next summer.

I sincerely hope the time will come when every boy of Scout age will belong to an organization that has done so much to elevate the character of our boys. The Boy Scout movement, to my way of thinking, is the finest organization that was ever launched for the elevation of human character in our boys the world over. That is the reason that it has grown and will continue to grow as fast as we get trained leaders.

Scoutingly yours,

WM. HATTON, President.

PUBLICITY CLUB

The Publicity Club was formed in Grand Haven in September, 1931. It consists of one or two interested members from each troop in the city who act as troop reporters. Thus each troop has its news in the daily paper once each week. The club meets every week and studies the merit badge in journalism. When five members pass the requirements the club may become nationally chartered.

Upon Mr. Norg's suggestion this paper is a product of their efforts. The club asks the reader not to judge too harshly as this is the first attempt.

This new and prospering group is also sponsoring a Troop Log contest. Each scoutmaster was sent a letter concerning it but only one responded. The club became discouraged, but is going to make one last effort. A pennant to make one last effort. A pennant to make one last effort. A pennant to make one last effort.

The log may contain such things as snaps, humor, history, advancements, etc. Each troop should be thinking of new ideas concerning the book and original ways of covering it. The publicity committee of the council will act as judges.

On February 15 the club will entertain the scoutmasters of the Northwest district to try and show them what is being done and also to attempt to sell the log contest. In the near future an attempt will be made to interest other Scouts in forming a similar club in other sections of the area.

The publicity club wishes to take this opportunity to show their appreciation and to thank everyone who helped to make this paper a success.

## OTTAWA COUNTY FARM NOTES

Ottawa county club boys again demonstrated that they grow superior products at the Farmers' Week show at the state college. Leonard, William and Benny Westra from Coopersville won first, second and third places on Irish Cobbler potatoes grown and exhibited by club members. They were in competition with potato exhibits from the entire state. Their methods of seed and exhibit selection for type and methods of fertilizing and growing as taught in club work have proven their effectiveness.

It will soon be time to organize corn, potato, poultry and calf clubs for summer work. Any community may have a 4-H club by requesting assistance from the county agricultural agent.

Five potato growers' meetings have been scheduled in the heaviest producing areas in Ottawa county for next week. J. J. Bird, from the state college, has been secured by Agricultural Agent Milham for the meetings which will be held on Monday, February 15, at Chester Town Hall at 2 p. m. and at Coopersville High school at 7:30 p. m. On Tuesday, February 16, at Robinson Town Hall at 10 a. m.; Blenden Town Hall at 2 p. m., and Smallegan's Hall, Forest Grove, at 7:30 p. m. Subjects to be discussed will be good seed, treatment, fertilizing, cultivation, harvesting, grading, storing, marketing, disease and insects.

Poultry flocks and dairy herds should be culled closely, says Agricultural Agent Milham. Pulletts that show underize, long slim heads and pullets that show by the color of shanks, beak and condition of mouth that they have not been producing should be culled.

Dairy cows that are low testers, short period producers, sterile cows and unprofitable ones should be sold for slaughter. With present prices for eggs and dairy products there is no profit but a loss in feeding culls.

Eight celery growers from the Grand Haven area attended the lectures on celery insects and diseases and the discussion on marketing.

Farmers and waste land owners interested in reforestation, Christmas tree plantations and windbreaks have an opportunity to secure small trees for this purpose. Christmas trees can be produced in ten years that will add farm income materially on non-agricultural soils. Much of the sand land in the western half of this county will produce good growth of evergreens such as Scotch pine, red, white and Western yellow pine, states Agricultural Agent Milham. A spacing of four feet square requiring 2,720 trees per acre is advised for Christmas trees and 6 by 7 foot square requires only 1,000 per acre and is advised for forest planting. At a small cost for trees and labor each year an acre could be set that in time would yield considerable revenue.

## Holland Festival

To Start May 13

Success Predicted Despite Fact That Opening Day is Friday

Holland's third annual tulip festival, sponsored by the Chamber of Commerce, will be staged May 13 to 20. Despite the fact the opening day falls on Friday the thirteenth officials are preparing for the biggest event of its kind in Holland's history.

The festival will feature a flower show in the Armory, the largest building available for that purpose, and the garden club's display in the Women's Literary clubhouse. Tentative plans will include a band contest, with a prize for the winner and music by a cast of 300, consisting of a 100-piece orchestra and 200 mixed voices, drilled by some talented musicians.

Band music will be staged daily and diversified vocal and instrumental music will be rendered by various groups. Owing to the larger building, the flower show, which at the two previous festivals was a big attraction, this year will eclipse all previous efforts in beauty and grandeur.

Charles A. Gross, commerce secretary, and John Van Bragt, superintendent of city parks, estimate 250,000 tulips will be in bloom for the festival. Tulip lanes now lead from Centennial park, Holland's beauty spot, to various limbs of the city. These include 26 square city blocks with intersections and boulevards. Hundreds of new tulip beds have been constructed in curbs and thousands of beds will be found in parks, hospital and school grounds, public places and home gardens. The lanes consist of three rows of tulips winding up with a bed at each intersection.

Holland entertained the biggest crowd in its history last year and officials are planning to bring persons from a still larger area for the next show.

The executive committee consists of Mrs. Arthur Visscher, chairman; Mrs. J. A. Vanderveen, Mrs. John E. Telling, Harry Nels, John Van Bragt, Arthur W. Wrieden, Mayor Earnest C. Brooks, Chester Van Tongeren, George Dauchey, Gertrude Steketee, Albert P. Kleis and C. A. Gross, secretary.

## TO COAX OUT THE

HOARDED DOLLARS

Chicago Daily News—President Hoover's conference on hoarding is timely and, for several reasons, promises good results. It synchronizes with the start made by the Reconstruction Finance Corporation, and follows the enactment of the measure increasing the capital of the federal farm loan banks, the signing of the important railroad wage agreement, and other recent steps calculated to restore public confidence in the future of American commerce and industry. By reason of those constructive developments a campaign of education against panicky hoarding of currency should be notably successful.

The appeal will not be to patriotism or public spirit alone but also to enlightened self-interest and the practical sense of the hoarders. Whatever justification they may have thought they had in the economic and financial situation of six months or a year ago, certainly there are now no rational grounds for vague distrust.

The hoarders surely are not despairing of the republic or of the economic system. They must realize that the withholding of \$1,250,000,000 of gold silver and paper money from circulation has become a totally unwarranted obstacle to the improvement of business, the extension of proper credit and the stimulation of useful production.

The idle funds of the hoarders yield them no return. Therefore, they sustain an irretrievable loss. Directly and indirectly they pursue a policy detrimental to themselves and to the general welfare.

President Hoover proposes an educational campaign against hoarding. He desires to enlist in it not only the financial and business leaders of the country but churches, civic organizations, the radio and the press. He may count on the whole-hearted co-operation of those forces.

## HOLLAND CAGE TEAM

PLAYS GRAND HAVEN

QUINT THIS FRIDAY

Coach Gerald Breen and his luckless aggregation of basketballers of Holland High school travel to Grand Haven Friday to meet the Cohrmen in a return engagement for the county championship.

Holland battled Muskegon to a standstill here last week during the first half, but could not keep up the fast pace set by the Reds. Breen intends to start the same combination against Grand Haven. Slighter and Ottman will be at the forwards, and Essenberg at centers, and Huesing and Bosworth, guards. The fact that Holland has lost nine straight games this season may be in favor of an upset, as the Breenmen are bound to secure some good breaks in the remaining five games on the schedule.

Japan Would Not  
Be Foolish and  
War on the U. S.DR. ALBERTUS PIETERS OF  
HOLLAND, 32 YEARS IN JAPAN,  
GIVES HIS VIEWSUncle Sam Often Made Blundering  
Mistakes As This Relates  
To Japan

Much of what you read in some of the newspapers relative to the Japanese and Chinese war, it appears, must be taken with a grain of allowance judging from a new light which Dr. Albertus Pieters has shed on the situation.

Mr. Pieters with his family has lived and worked as a missionary for 32 years in Japan and he has a wholesome respect for the Japanese people and his information should be considered first hand.

Mr. Pieters does not fear a war between the United States and Japan; however, in an article he points out where this nation has at times made foolish mistakes as this relates to Japan which irritated the Japs often — however Uncle Sam likewise has done some commendable things that in a measure allayed these Japanese feelings toward this country.

Anyway, here is what Dr. Pieters of the Western Theological Seminary of Holland has to say relative to war conditions in the "Far East" and also a short historical review dealing with the relationship between the United States and Japan, covering a period of years.

By PROF. ALBERTUS PIETERS

Before 1853, Japan and America had nothing to do with each other, but in that year Commodore Perry came to insist upon a treaty, whereby American sailors should receive better treatment, and Americans should have the right to live in Japan. His insistence was backed by naval powers too great to be resisted, so he got what he wanted. Although the Japanese were forced into a treaty with us, they bore no grudge either against Com. Perry, whom they learned to regard as a benefactor and friend, or against the United States. The earliest American ministers to the government of Japan were very fine men and gained their hearty respect. The same was true of Dr. Guido F. Verbeck and others of the first missionaries.

Hence, from the fifties until the nineties, there was a condition of fine friendship between Japan and America. Neither country was afraid of the other, neither coveted anything that the other possessed,

and neither had done the other any sort of injury. Where these three breeders of international hatred — fear, greed, and injustice are absent, it is easy to be friends.

## Spanish War Opens Rift

This began to change in the nineties, in connection with the Spanish war and the building of a great American fleet. The former led to the annexation of Hawaii and the Philippine Islands. That brought the United States into the Far East. Japan began to think of us as a land-grabbing power, like the rest, and we began to feel uneasy lest Japan might covet our possessions.

Still, things went along pretty well for a time, until after the war between Japan and Russia. In that war American sympathy and moral support were pretty much on the side of Japan, and President Roosevelt did a great deal to bring about the Peace of Portsmouth; for which however, the Japanese did not feel very grateful, since they thought they did not get, in that treaty, what they ought to have.

The worst result of the war was that it made many Americans afraid of Japan. That country had done such great things against Russia, people began to ask whether any country was safe, if they should choose to attack it. The Japanese felt pretty much the same way, and the militaristic elements talked over the chances of annexing the western coast of America. They really did — I have read editorials of that kind in the Japanese press myself. Just at that time what must happen but the Japanese school question in California, which was the first of a long series of irritating laws directed against the Japanese, ending in the exclusion law enacted some years ago, and still in force. Nothing more stupid and more gratuitously unjust has ever marred the history of America than the way these things were handled. If our public men had been determined to irritate and anger Japan, they could not have proceeded more successfully.

In addition to these acts directed against the Japanese, the proposal of Secy. of State Philander C. Knox to neutralize the Manchurian railway made the Japanese feel that we were the next enemy, and that war would surely come. Many Japanese believed that, and many Japanese did, too. During the early part of the World War, there was a general expectation in Japan that they would soon be fighting us. All this was altered when the United States entered the World War, and succeeded in placing about two million men in the field.

Then came 1922 and the Washington conference, with its naval limitation agreement. It is the fashion nowadays to say nothing good of the Harding administration, but the wonderful way in which Secy. Hughes, under authority from President Harding, lifted the cloud of imminent war from the Pacific in this conference, ought to give them immortal fame. The world will be a sweeter place to live in if the disarmament conference, now sitting in Europe, can do for the land what the Washington conference did for the sea.

There is not now any reason why Japan and America should be enemies. Each country needs the other and has much more to gain by friendship than by war. So far as the affairs of Asia are our business, they are equally the business of the great nations of Europe. It is as certain as anything can be that Japan will yield to the pressure of Great Britain and the United States combined, when firmly exerted in a diplomatic way.

## Blundering of U. S.

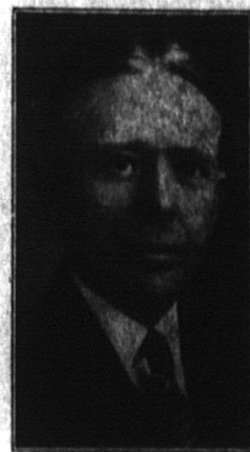

So far as direct relations are concerned, Japan can not come here and fight us, nor can we go to the other side of the Pacific and fight her. To be sure, Japan might, so far as mere power is concerned, make a sudden attack on the Philippines or Hawaii or the Panama

## A Match We'd All Approve

ANOTHER MAYOR CANDI-  
DATE ANNOUNCES HIMSELF

The latest announcement for the mayoralty of Holland is Mr. Dick Boter, who will try conclusions with the others at the primaries March 7.

Mr. Boter has been much in the public eye as a civic and church worker. He has repeatedly been president of the Merchants' Association and is now president of the

MR. DICK BOTER

Chamber of Commerce and has recently been re-elected as director of that body.

Before allowing his friends to advance his name as a candidate for mayor, Mr. Boter said that should he be elected he would insist upon a rigid form of economy in the operation of the city because he realized that local manufacturers with their strong competition and the small home owner were vitally in need of the lowest taxation possible.

With the co-operation of the aldermen and members of city boards he would try to use the same judicious care as though he were spending his own money, he stated.

Woman Is To Cast  
"Hat in Ring" For  
Probate Judge

Miss Cora Van de Water, register of probate in Ottawa county for the past 15 years, definitely announced her entry into the race for probate judge.

Miss Van de Water seeks nomination on the Republican ticket in the September primaries. She is the first woman to become a candidate for nomination to a county office.

Miss Van de Water states that there is nothing new in the fact that a woman aspires for the Probate Judgeship since several are now serving in the state. In an interview she enumerates at least three counties in Michigan, Muskegon, Barry and Calhoun, where women have been elected.

Miss Van de Water is a sister of Coroner Gilbert Van de Water of Holland. She became register of probate in 1917, a half year after Judge Danhof took office. She graduated from Holland high school in 1914 and from Holland business college the year following. Later she studied law for two years in the office of Judge Fred T. Miles, prior to his being elected prosecutor of Ottawa county.

In a letter to the Holland City News Miss Van de Water states in substance: "That there never has been a woman candidate for any office in this county and my thorough knowledge of Probate work prompts me to become a candidate for this important position."

"Almost every county in the State has one or more women county officials and three of our counties in the State of Michigan have women Judges. Everyone knows that Hon. Ruth Thompson of Muskegon County has been a very satisfactory and efficient Judge for many years. Before she became Judge of Probate, she was Probate Register for many years just as I have been. Hon. Ella Eggleston is Probate Judge of Barry county and Hon. Louise Johnson is Probate Judge of Calhoun county. All of these women have proven very efficient and capable Probate Judges, and I am sure no one can give a reason why I should not prove satisfactory also."

HOLLAND ATTORNEY IN RACE  
FOR PROBATE JUDGESHIP

Friends of Attorney Elbert Parsons, in the capacity of a self-appointed committee favoring his candidacy for the office of Judge of Probate of Ottawa county, are pleased to make formal and authorized announcement that Mr. Parsons will be such candidate for the office of Judge of Probate on the Republican ticket at the next September primaries.

Mr. Parsons came to the City of Holland in 1923. He has been practicing law for over twenty years, except for the period during which he served in the World War, almost a year of which was on foreign soil. He has reservedly won the confidence of this community in his ability and integrity. He is 45 years of age, is married and has a family of four children.

The Probate Court functions in many important matters besides the administration of estates of decedents, minors and incompetents. All juvenile offenders under the age of 17 years are brought before it for disposition. The poor and unfortunate of the county are largely dependent upon this court for help and humane consideration.

It is pointed out that Mr. Parsons is a skilled attorney, well qualified to perform all the duties and responsibilities of this office and that the people's interests, generally, can be better served in this office by an attorney of Mr. Parsons' known qualities. His keen sense of justice; his sympathetic interest in humanity and his unselfish efforts for the good of society should commend him to the voters of this county.

Is Found To Be  
"Not Guilty" of  
Illegal FishingGR. HAV. MAYOR ACQUITTED  
OF CHARGES BROUGHT BY  
HOLLAND CONSERVA-  
TION OFFICER

Mayor William Ver Duin was found "not guilty" of having illegal sized fish in his possession on July 6, 1931, by a jury of six Grand Haven men after two and one half hours deliberation. The case was received by the jury with Josh C. Lehman, prominent Sunday School worker and barber being the foreman.

Mayor Ver Duin had this to say regarding the disposition of the case:

"I want to thank the public for their loyalty and their continued confidence in me during the time that elapsed before I was given the opportunity to prove my innocence. I also wish to thank the jury for the fair and just verdict rendered."

Prosecutor John Dethmers, when asked for a statement said he had nothing to say on the matter.

This is the second trial of Capt. Ver Duin for the same offense. The first trial was held Aug. 10 when the jury failed to agree. The case was not reopened within the legal time specified and was dismissed on Dec. 24. A new warrant was issued and Capt. Ver Duin stood mute and the second trial was set for Feb. 4.

Admitting that he had the fish in his possession that day, Capt. William Ver Duin took the stand at the opening of the defense testimony, claiming that the rough sea, size of the catch and inability of two seafaring members of the crew to do thorough work prevented him from sorting out all the fish, so that he had 285 of over the legal weight when the boat docked.

The court room filled at both morning and afternoon sessions as interest in the matter has been keen. Some lively altercations between the attorneys over both testimony and arguments introducing the idea that politics lay at the bottom of the alleged persecution, created excitement in the court room, and forced Justice C. E. Burr to make rulings that this side light had nothing whatever to do with the case. However, it appears that the defense attorney had registered his points with the jury.

The people introduced Maurice Kuite, conservation officer of Holland, who made the arrest; Gerrit DeGraf and Neal Verbeek, employees of H. J. Dornbos Bros., wholesale fish firm who received the fish that day. Mr. Kuite underwent severe cross examination of the defense as he was asked as to why he had picked out this particular case for prosecution. He said it was his duty to make arrests when he saw violations and the evidence proves that there were undersized fish and not a few of them.

Cornelius Ver Duin, son, and John Ver Duin, nephew of the respondent, Elmer Roossien, all members of the crew, upheld the captain's contention that the weather was very rough and part of the crew were down and out with seasickness. Charles Jobin, local fisherman, and William Holcomb, pound net fisherman, were defense witnesses. Gerrit Dornbos, 42 years in the wholesale fish business, testified to the illegal sized fish, saying it was the largest percentage he had seen in a catch for some time.

Inability to fulfill the law, was the basis of the defense claim and Mr. Minner both in his opening statements and arguments quoted from court opinions showing the law to be so confusing as to make it impossible to carry out one section without violating another.

It was not proven in the testimony, he stated, that the fish were injured or dead when taken. If they were dead or injured it would have been backing the law to have thrown them back into the lake.

He stated the fish and game laws were a hodge podge, so vague and impossible to fulfill, that they presented a bewildering problem.

In his rebuttal argument, John Dethmers challenged every statement made by the defense attorney, claiming there was no inconsistency in the law, that the case was a simple one. The actual possession of the fish as admitted by the respondent Mr. Ver Duin. The ramifications of the law are not for this jury to decide upon, he stated. The actual facts are the matters to concern the jury. It is in the charge of the law that must be borne in mind, which is the preservation of the fish, he concluded.

He pointed out that the respondent, Mayor Ver Duin, could have abandoned his operations that day if he saw the weather conditions were too bad to obey the law.

DREAMLAND RAISES "MOVIE"  
ADMISSION PRICES

Ed Nickerson of Fennville announces a change in the price of admission to Dreamland Theater Tuesdays and Wednesdays, when a charge of 15c to all instead of ten cents will be asked. Van Dyke of Fourth Reformed church entertained members of the old and new consistories and their wives at their homes on West Fifteenth street Wednesday evening. About thirty were present. A social evening was spent and games were played. A two-course luncheon was served.

Members of the Young Men's Bible class of First Reformed church, their wives and friends, enjoyed a social gathering in the evening. Dick Boter is teacher of the class. The program consisted of the singing of several hymns by the group, opening prayer by Mr. Boter. Several selections were offered by Boter's male chorus, after which Arthur Hoffman of Hamilton entertained by playing guitar and harmonica selections. A budget in the form of a "class prophecy" was submitted by H. Vening. Rev. C. A. Stoppels, pastor of Bethel Reformed church, gave an address on the topic "Putting Windows into the Souls of Lives." The last numbers consisted of two selections by the male chorus and several selections by Mr. Hoffman. Closing remarks were by Mr. Boter and H. Tyase of Trinity Reformed church. Rev. Stoppels pronounced the benediction. Harry Weves, president of the class, presided. Refreshments were served by the social committee and helpers.

Mrs. Lloyd Maatman entertained a group of friends Friday evening at her home, 264 West Sixteenth street. The evening was spent in playing bunco. Head prize was awarded to Mrs. L. Kolean. A dainty luncheon was served by the hostess. Fourteen guests were present.

Members of the Holland Rotary Club were entertained last week, Thursday noon, with a humorous talk by William H. Maas, Chicago financial writer. Mr. Maas entitled his talk "Dip the Bucket Where You Are." Donnelly, president of the club, presided.

Members of the American Legion auxiliary enjoyed a 12 o'clock luncheon in the city hall Tuesday in celebration of the eightieth birthday of Mrs. C. J. Van Duren. ## COMMON COUNCIL

(Official)

Holland, Mich., February 3, 1932.

The Common Council met in regular session and was called to order by the Mayor.

Present—Mayor Brooks, Aldermen Prins, Kleis, Wolman, Brieve, Vandenberg, Hyma, Habing, Steffens, Jonkman, Huyser, Thomson, Veltman and the Clerk.

Devotions were led by Alderman A. P. Kleis, chaplain.

Minutes of last meeting read and are approved.

Petitions and Accounts.

Clerk presented operating report of the gas company for December, 1931. B. P. W. for reference and filing.

Clerk presented petition signed by Henry Stenberg for permission to erect a gasoline filling station on the southeast corner of State and Twenty-first streets. Referred to Board of Appeals.

Clerk presented communication from the Men's Federation of Bible Classes requesting the Council to amend chapter No. 33 of the General Ordinances making it prohibitive to operate shows on Sundays. Referred to License Committee with a request to report in two weeks.

Clerk presented report of boiler inspection at the Holland hospital showing that this plant is in good order. Accepted and filed.

Reports of Standing Committees.

Committee on Claims and Accounts reported having examined claims in the sum of \$4,102.91 for extra labor payrolls, and \$7,519.86 for regular claims, and recommended payment thereof. (Said claims on file in Clerk's office.) Allowed.

Welfare Committee reported poor orders in the amount of \$55.50 for regular aid, and \$2,777.77 for temporary aid, total of \$3,333.27. Accepted and filed.

Committee on Ordinances reported progress on an amendment to the traffic ordinance.

Reports of Special Committees.

ments, and for these reasons felt that their former action should stand, and the salary of the Park Superintendent and Cemetery sexton at \$2,600.00 per year, and that of the Cemetery Clerk or Superintendent remain at \$300.00 per year.

Alderman Brieve reported that his committee had met with the Park Board, but could not come to any agreement, and

On motion of Alderman Brieve, seconded by Jonkman,

RESOLVED, that the salary of the Park Superintendent and Cemetery Sexton be fixed at \$2,500.00 per year and the Cemetery Clerk (also known as Cemetery Superintendent), be fixed at \$200.00 per year as originally recommended by the Council.

This brought up considerable discussion on the part of several aldermen. Alderman Hyma contended that the action of the Board should be approved, since they acted in good faith and had the best interests of the city uppermost in their minds. He felt that their judgment should be respected and there should be harmony between the Council and the different Boards, and not dissension.

Alderman Vandenberg and Alderman Kleis also spoke in favor of approving the Board's action.

Alderman Brieve, Jonkman, Steffens, Prins and Huyser spoke in favor of having the original recommendation of the Council adopted.

Mayor Brooks took the position that the continued good-will and co-operation of the different city boards was essential in order to get the best results from the various departments. The mayor further stated that in his opinion the charter does not give the Council the authority to dictate to the Boards what individual salaries or wages they shall pay so long as they do not exceed their budget allowances as fixed by the Council. City Attorney McBride stated that in his opinion the mayor's position was correct in regard to elective Boards, but that Boards appointed by the Council were in the same status as committees and that the Council had the right to tell them how they should spend their money.

After considerable discussion a yeas and nay vote was called for on Alderman Brieve's motion, resulting as follows:

Yeas—Aldermen Prins, Brieve, Wolman, Steffens, Habing, Postma, Jonkman, Veltman, Thomson; total, 9.

Nays—Aldermen Kleis, Hyma, Vandenberg, 3.

Holland, Mich., Jan. 31, 1932.

To the Hon. Mayor and Common Council, City of Holland, Mich., Gentlemen:

Whereas the Common Council

If baby has COLIC

CRY in the night. Colic! No cause for alarm if Castoria is handy. This pure vegetable preparation brings quick comfort, and can never harm. It is the sensible thing when children are ailing. Whether it's the stomach, or the little bowels; colic or constipation; or diarrhea; when tiny tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it safe for frequent use.

And a more liberal dose of Castoria is always better for growing children than strong medicine meant only for adult use.

Fletcher's CASTORIA

has recommended a certain cut in the salaries of the superintendent of parks and the clerk of the board, we are led to believe that the Common Council did not fully understand the economies that have been in effect during the past four years.

About six years ago the sexton of the cemetery was receiving a salary of approximately \$1,380 and the superintendent of the cemetery approximately \$550, or a total of \$1,930. The board, upon the resignation of Mr. W. H. Vandewater as sexton at that time, shouldered this work on the park superintendent at a salary of \$400, and the clerk of the board at a salary of \$300 or a total of \$700.

Prior to this time a commission of 8 and 10 per cent was paid on the sale of graves and other collections. This was discontinued and is now being done under the supervision of the board at no extra expense, the collections during these years amounting to approximately \$4,000 per year.

For your further information we would like to call your attention to what has been accomplished in our park system.

Under a former superintendent the park system was composed of Centennial park, Twelfth street boulevard; Morton park, Prospect park and one greenhouse, and this work was taken care of by six (6) men. Nearly all of the labor was expended on Centennial park and the Twelfth street boulevard.

At the present time we are taking care of Centennial park, Lincoln park, Pere Marquette park, Morton park, Washington boulevard, Twelfth street boulevard, Kollen park, three greenhouses, both old and new hospital grounds, and Prospect park. This work is now being done by seven (7) men or only one man additional.

The planting and the care of "Tulip time" is also under the supervision of the superintendent of parks.

We especially wish to call your attention to the work that has been accomplished on Kollen park. When the city acquired this property the board felt that it might be desirable to employ some outside landscape gardener to supervise the laying out and beautifying of these grounds.

Upon getting figures of the cost of such supervision it was found that under such plan it would cost the City of Holland a considerable amount varying from \$1,500 to \$5,000 commission, depending on the total amount expended.

On a commission basis such as proposed this would have cost the city about \$4,800.

The park board, however, felt that our own superintendent was fully competent to perform this work and we believe that the result has justified the judgment of the board.

The City of Holland has recently acquired the fair grounds for cemetery purposes, and the laying out of these grounds will require considerable landscaping, and the services of someone who is familiar with such work.

Your board has at all times worked for the best interests of the City of Holland, and felt that a reduction of \$400 in the salary of the park superintendent was fair and equitable and in line with reductions in other city departments.

For this reason your board feels that the former action of the board should stand, and that the salary of superintendent of parks be remained to stand at \$2,600 and the clerk of the board remain at \$300 per year.

Respectfully submitted, Board of Parks and Cemeteries.

Clerk presented communication from the Park Board recommending that there be turned over to the Welfare Committee for their disposal a quantity of beech and maple stove wood of approximately 60 cords, which they now have on hand at Prospect park. Accepted with pleasure.

The claims approved by the Hospital Board in the sum of \$3,632.81; Park and Cemetery Board, \$367.18; Police and Fire Board, \$2,890.83; Board Public Works, \$33,324.02, were ordered certified to the Council for payment. (Said claims on file in Clerk's office for public inspection.) Allowed.

The Board of Public Works reported the collection of \$50,423.99; City Treasurer, \$16,972.28. Accepted.

ed and treasurer ordered charged. Clerk reported bonds and interest coupons due and presented for payment in the amount of \$103,018.29, and recommended that the Mayor and Clerk be authorized to issue a warrant in payment thereof. Adopted and warrant ordered issued.

Clerk reported checks drawn on the People's State Bank and paid by the First State Bank during the past two weeks totaled \$1,382.59. Adopted and warrant ordered issued.

Motions and Resolutions.

On motion of Alderman Kleis and seconded by Hyma:

RESOLVED, that the City Clerk be instructed to advertise for bids covering the sale of \$40,000 General Obligation Cemetery Bonds, and \$25,000 General Obligation North River avenue Improvement Bonds. Bids to be received not later than 1:00 p. m., E. S. T., on Friday, February 12, 1932. Said notice of bond sale to be published in the Holland City News, being a newspaper published in the municipality and carrying financial items.

On motion of Alderman Prins, seconded by Jonkman,

RESOLVED, that the Common Council submit to the electors at the primary election to be held on Monday, March 7, 1932, the proposition of adopting Central Standard Time during four winter months of

each year, and

RESOLVED further, that the proposition shall be submitted in the following form:

"Shall the Common Council of the City of Holland adopt Central Standard Time for four months during the winter. —Yes; No."

The following election inspectors were appointed for the Primary Election to be held on Monday, March 7, 1932:

First ward, Simon Kleyn; second ward, J. A. Drinkwater; third ward, Ray Knoolhuizen; fourth ward, Wm. Lawrence; fifth ward, Henry De Weerd; sixth ward, Herman Staggenda.

Mr. Sheffield from Battle Creek appeared before the Council in the interest of securing a contract for the collection and disposal of garbage and ashes. Mr. Sheffield's proposition was to make collections twice a week in summer and once in the winter in the residential districts. His charge to be \$1 per month, which he himself would collect from the customer getting the service. His service to be optional with the householder. Mr. Sheffield would furnish the necessary cans for this service.

The Council took no action but the majority took the position that our present system was good enough for the present time. Adjourned.

OSCAR PETERSON, City Clerk.

## Actors Thrill to Lines in "Martha-by-the-Day" Daily Practice

The class of 1932 has started its work on the annual senior play, which will be produced some time during the latter part of March.

This year's play is an optimistic comedy, full of homely philosophy and amusing incidents. The audience will chuckle over its remarks for days after having seen it. This play is "Martha-by-the-Day," and was made most famous by Mae Robson, who played the title role for several years.

Margaret Van Raalte, a popular young senior, will play the part of Martha, the scrub woman, who goes out by-the-day. Margaret is now exhibiting real talent in the interpretation of the lines.

John Leland and Barbara Evans will play the parts of the young lovable pair, who, of course, are very happy when the play closes.

Helena Visscher, an old lady of 70, is a most interesting old person who grumbles constantly and has a great love for listening over party lines on the telephone. Baxter McLean, who plays the part of the husband of Martha, promises to be a really admirable and heroic actor.

Jean Rottschaefer and Austin Kronemeyer will be the center of a most interesting robbery and the source of much worry for the other characters in the play.

The children of Martha and her husband are a source of much trouble and even greater amusement. These parts will be played by Vera Damstra and Clara Witteveen.

The complicating lover is also present in this play, the part to be played by Harriet De Neff.

The butler, Ray Souter, and the landlord, George Good, are progressing nicely and their parts are well taken.

Miss Lindsley is more than satisfied with the opening rehearsals, and she says this is as promising a group of actors and actresses as she has ever had.

Everyone certainly will be watching this group of people as they progress through the various stages of the play production and hope they will emerge with a most finished and polished presentation of "Martha-by-the-Day."

## New Sophomores Housed in Home Rooms 301, 302 This Semester

Enrollment in the Senior High school now approximates 700 pupils. Since J. J. Riemersma, principal of Holland High school, was at home the past week because of illness, R. E. Chapman acted as his substitute, and other teachers helped organize classes for the new semester, which began Monday, February 1.

Seventy-six tenth graders entered the school, being housed in rooms 301 and 302, with their seats in the balcony during assembly periods. Clothes racks are now seen in both third and second floor corridors.

The beginning class in history held contests during the first hour of each day under the direction of

Miss Evelyn Stetekee. The two captains were Marian Lambers and Helen Giebelink.

Those on Marian's side were Adelaide Eberhardt, Lester Van Tatenhove, Baxter McLean, Bill Combs, Lawrence Maxam, Ruth Westing, Janet Van Til, Helena Visscher, Melvin Lievense, Olive Wismeier, Marjorie Quist, Thelma Homkes, Ruth Stetekee, Minnie Marie Dalman and Vera Heeter.

Those on the opposing side were Helen Giebelink, captain; Florence Brouwer, Marian Carrier, Kathryn Boere, Jean Rottschaefer, Lois Vander Meulen, Bernice Bauhaun, Edna Dangremont, Vera Damstra, Stuart Gross, Arthur Witteveen, Evert Vanden Brink, Gordon Grinwis, Nelvina Wierema, Angelyn Venhuizen, Cornelia Van Voorst and Helen White.

In the end Helen Giebelink's side found themselves in the lead by a few points. It was a close contest and many facts were gleamed from the answers given.

## President Leland, Chairman Vivian Visscher Receive Class Plaudits

The Seniors of Holland High school reported having had a very enjoyable time at the senior party held at the Masonic Temple Saturday evening. Games were provided for those who did not care to dance.

The program consisted of two guitar solos by Morris Kronemeyer; a clog by Dorothy Mae Kleis, Verna Van Dort, Olive Wismeier and Helen Jean Peigrim, accompanied at the piano by Gene Van Kolken; several popular selections played by a dance orchestra sequestered just for the program, and a quartet consisting of Barbara Evans, Jean Rottschaefer, Earl Cook and William Vander Ven, and solos by Louis Jalving.

To the music of Emmet Van Duren's orchestra, dancing followed the program and continued until 11:30 o'clock. Several members of the faculty were present, Miss Lindsley and Mr. Hanson being class patrons. The committee had worked hard and were rewarded for their labors.

Egbert E. Fell, superintendent of the public schools, left Sunday evening for Ithaca, Michigan, because of his father's death Sunday morning at 4 o'clock. The elder Mr. Fell was past 90 years old, and a veteran of the Civil War in which he served for three years.

E. D. Hanson and L. N. Moody, both instructors in Holland High school, attended the funeral as representatives of the faculty.

The father had lived on a farm near Ithaca, Michigan, since 1866, at which time he came to Michigan. During his active days Mr. Fell was an ardent worker in church.

The hand writing department of Junior High school on January 21, 1932, awarded advanced high school diplomas to Hilda Bos, Theresa Bos, Susan Grissen, Ruth Witt, Albert Kleis, Jr., Florence Kampker, Geraldine Zietlow, Angelyn Postma, Anna Van Der Wegge, Rose Vandenberg, Hazel Scholten, Esther Bultman, Jeanette Griep and Virginia M. Ellison.

Student's final certificates were awarded to Earl Kow, Louise Scully, Marian Kruthoff, Geraldine Hofmeyer, Robert Curtis, Harris De Neff, Eunice Loyer, Geraldine Rinckus, Gordon Scheerhorn, Faye Van Langevelde, Dorothy Hulst, Florence Klengle, Evelyn Vander Molen, Paul Houtman, Walter Scheibach, Marvin Stetekee, Lois Potter, George Wolfert, Marion Woldring, Marion Tyse, Marvin Shearer and Gordon Berkel.

The students awarded improvement certificates were Leland Culins, Franklin Kammeraad, Milton Verborg, Dorothy Mulder and Arthur Wrieden.

**To End Hoarding**

Grand Rapids Press: — Full response to President Hoover's appeal to end hoarding — carried out under the leadership of our old friend, Frank Knox — would accomplish more than to bring a billion dollars out of hiding. The cumulative effect would be to place several times that amount in constructive channels. Banks which have been forced by hoarders to maintain a ridiculously high percentage of liquidity could immediately match almost dollar for dollar the influx of funds.

With operation of the Reconstruction Finance corporation in full swing there is no longer any reason, real or imagined, to fear for the safety of strong financial institutions. The government now stands ready to bolster the strength of any bank which can show a reasonable degree of solvency. Indorsement of the president's campaign by officials of the corporation amounts to a pledge that depositors' funds will be safeguarded to the fullest extent.

There is no excuse for keeping money hidden in old stockings, in cupboards and in other unsafe caches. There are scores of dependable securities, profitable bonds, wise construction projects and other avenues for the placement of funds. Even if patriotism is lacking, self-interest should not permit further withholding of money from normal channels of trade and investment. Today's opportunities of bargain purchase in all fields may not offer themselves again in many years. Certainly the opportunity of lending assistance to the revival of industry and the alleviation of distress never will be greater than now.

The scraping of the old bark on apple trees, to destroy the hiding places of worms, is the leading work at present among fruitgrowers. This is one of the efforts being put forth to try to clean up the worm infestation which has been so destructive to the fruit. Some officers should see to it that several old neglected orchards are either spruced up or down. They are a source of infestation and are being killed by the scale so that they have no present value. The big orchard southwest of the Gidley schoolhouse is one of the pest breeders that should be given the axe, if not the spray gun.

Cleveland (Bonny) Reynolds now lives on M89 west of Round lake. The other day he was fooling with a rifle in the house when the charge exploded, the bullet tearing the sole off from the shoe which his daughter was wearing. **SAUGATUCK AND FENNVILLE POST OFFICES RACE FOR PLACE**

Despite the large holiday trade at the Fennville post office, the sales for the year lacked a little of bringing the amount to \$8,000 necessary to move the office from third to second class. Saugatuck exceeded the necessary amount by twenty-two cents. Any enterprising citizen or group of citizens could have stocked in a few extra stamps to make the grade in Fennville.

A petition is in circulation for Henry Ketel, 183 West Fifteenth street, as a candidate for police and fire commissioner. The primary election will be held March 7.

Abraham Lincoln

In the Life of Lincoln, one finds Courage and Hope. For . . . if ever a man had no fear of the future . . . if ever a man possessed fortitude, foresight and determination . . . if ever a man saw the silver lining to every cloud . . . it was the Great Emancipator. When things looked darkest, 'twas but his great wisdom and character, that held a nation together.

Q If ever a man instilled confidence it was Lincoln. The present generation might do well to follow the teaching of our martyred president. All honor to his memory.

## Mouse Feasts On \$1,000 Meal

'Private Banker' Forced to Try Illegal Game to Recoup. Judge Is Told

A money-eating mouse was responsible for the failure of the private bank of George Murray, a negro of Philadelphia.

His tale of woe was presented to Judge Francis Shunk Brown, Jr., who placed him on a year's probation.

George was arrested for selling lottery tickets.

And, according to George, he was forced into that illegal means of obtaining a living because a mouse ate his money.

It seems that George had a thousand dollars, which he had saved over a period of 24 years working as a laborer. His bank was a cigar box on the shelf. Twice a week he opened the "bank" to make sure his funds were safe.

Once he forgot to inspect the bank.

When he did, only a corner of his roll of bills remained.

So, said George, the only thing left for him to do in an effort to recoup was to sell lottery tickets.
