10 Inches Of Snow Covers City

With 10 inches of snow in the last 36 hours, Holland was digging itself out today, and hoping that predictions for continued snow would not bring too much more.

Up to 5 p.m. Wednesday, Holland had six inches of snow—wet, heavy snow coated with sleet. Temperatures dropped and snow resumed Wednesday night, dumping another four inches of snow, but of a light, dry, fluffy variety.

Continued snowfall left all highways in Western Michigan snow covered and slippery and state police urged utmost caution for those drivers who must travel. Smart motorists put on their lights as swirling blizzards threatened to obscure vision this morning.

Several schools in the area remain closed today including Saugatuck, Douglas and Vriesland.

Street department personnel returned to work at 2 a.m. today after a 16-hour day Wednesday. Workers experienced difficulty moving the freezing masses, but snow underneath the coat of sleet remain fairly manageable.

Sleet-covered trees creaked in today's winds, but there was no great amount of snapped branches.

Trouble calls on utilities were only normal today, both at the telephone company and the Board of Public Works. However, the telephone company had some difficulty with toll lines down elsewhere.

The storm was described as the worst of the season in Michigan. Even so, Holland was hit less hard than many other places. The Traverse City-Pellston area had up to 14 inches of new snow this morning. Many areas in the state had a foot of new snow.

Bruen was thrown from his car in the impact and was then hit by a third car driven by William J. Klemple, 19, Grand Haven. The Zysk and Klemple cars were headed for a tournament basketball game in Grand Rapids.

Miss Zysk was acquitted of a charge of negligent homicide in Ottawa Circuit Oct. 28. She also is seeking damages in civil action.

Taxes Make New Record In Township

The largest amount of tax money in the history of Park Township totaling \$360,000 has been collected from the 1959 tax roll, Township Treasurer Harvey Tindholt announced today.

This figure is 89 per cent of the tax roll total set at \$404,000 and represents a record that is expected to stand unchallenged for some time, Tindholt said.

The 1959 figure included taxes on property in the area of Lakeview, now a part of the city of Holland, and money was also collected to start retiring the bond issue for the new high school and swimming pool in the West Ottawa district.

Taxes are still payable to the township treasurer until March 1 with an additional three per cent fine. After the March deadline the taxes will be paid to the county treasurer with an increased levy of four and one half per cent through March. An increase of one half of one per cent will be added at the beginning of each succeeding month.

Tindholt also announced that dog licenses in Park Township are available without penalty until March 1 and all dogs over three months old must be licensed. Supervisors of Ottawa County have been instructed by the Board of Supervisors to make a special effort to make a complete census of dogs. This list will be checked with the dog licenses issued.

The Dutch led 60-47 at the second half ten-minute mark and by 30 points, 82-52, the biggest spread of the game with 2:35 left.

Daryl Seidentop was inserted into the lineup and he did a good job of feeding to Vander Hill, and of screening to turn Hope's top point maker loose. After hitting on three of eight in the first half, Vander Hill bombed nine times in the second half and sank five.

Hope hit 20 of 41 shots in the first half for 49 per cent and added 13 of 39 in the second half for 33 of 80 and 41 per cent. The Dutch made 17 of 27 free shots. Allegan City Manager Gives Details on Sewage Plant

ALLEGAN (Special) — On the heels of a state Health Department survey disclosing "some rather shocking facts" on Allegan's sewage treatment plant, City Manager P. H. Beauvais, Monday night told the city council that "the survey contains some outstanding errors based on assumption rather than fact and I consider it expedient that these be brought to your attention."

In a statement presented to council members, Beauvais said that a review of the situation put the health department survey in a "somewhat less serious light."

He said the health department survey assumes an average of one hundred gallons of sewage per day from each user of the sewage system, which would give an average daily flow of 247,000 gallons through the plant.

As a basis for his figures, Beauvais used an average of the total gallons of water billed to consumers over a three month period. Last month's billing reached 220,968 gallons and he commented that "no one could argue that more sewage should reach the plant than the amount of water that is billed to the consumers."

In fact, it should be far less because the water used for car washes, manufacture of chemicals, consumption in steam boilers, etc., would not enter the sewage collection system at all.

Answering the health department's charge that at the time of the survey, three lifting stations were not operable and that they served 65 sewers, Beauvais told the council the pumping, or lifting stations were not functioning because the pumps froze up during the past winter, flooding the

stations and inundating motors and controls.

Pumps, motors and controls have been overhauled and in two stations, new controls installed, according to Beauvais. He added that heaters have been installed in these stations to prevent future freezing and that the sewage plant operator, Don Foster, is checking the station twice a day to note temperature and operating conditions.

Beauvais told the council he wanted to correct the survey's figure of 65 houses served by the three lifting stations. He said that the one located on Marshall St. serves two homes and a gas station. The one in the flats on Lane St. serves 11 dwellings and the one in Pingree Park serves 18. "Is it any wonder," he said, "considering the pollution that reaches the Kalamazoo River upstream from Allegan, we have not been too alarmed about the shortcomings in our own plant and collection system?"

He reminded the council that revenue credited to the sewage utility from sewage charges never has been sufficient to maintain the treatment plant and collection system, and also provide for the retirement of bonds and interest payments.

Beauvais said the city's failure to abide by provisions contained in the ordinance authorizing the sewage plant revenue bonds resulted in refusal by the Municipal Finance Commission to approve revenue bonds for the addition to the diesel plant operation.

In order to get approval of this proposed issue, a transfer was made from the general fund representing all outstanding sewer bonds and interest and placed in escrow in the Allegan State Bank.

Brochures Coming Soon On Election

The Board of Education Monday night discussed further plans for publicizing information on the proposed school bond program involving \$3,638,000 on which property owners in the Holland district will vote Feb. 23.

An eight-page brochure containing sketches and floor plans of some of the buildings in the unit plan will be available later this week. These brochures will be distributed by local PTAs and through other methods so that the information will be available to all persons concerned.

There was some discussion on millage which is not fixed in the proposed 1960 program. It was explained that people are voting on bonds totaling \$3,638,000 and interest and principal are paid off over a period of 30 years at a rate not to exceed 4.25 mills on equalized valuation. The 1953 bond issue which provided Thomas Jefferson School and other improvements called for 4.75 mills on state equalized valuation.

Based on 1959 figures, the 4.25 mills maximum on state equalized valuation would amount to approximately \$6.50 per \$1,000 assessed valuation.

Other questions which arise will be answered in the Sentinel's question and answer column on the school election.

Purpose of Monday's discussion was to clear some confusion people have expressed on various subjects and to provide some uniformity in information presented.

Meeting with the board in the discussion were Harold Denig, chairman of the publicity subcommittee of the Citizens Committee, George Lumsden and a few others.

It was announced that a large colored sketch of the proposed new high school would be on display soon.

Maroons Win 52-50 for 4th Straight

Holland Christian's cage squad continued their winning ways Friday night on the Civic Center court as they edged a potent Portage outfit, 52-50 in a hard fought contest. The win was Christian's fourth straight and gives them a 7-6 season mark.

Portage came into the contest with an 8-2 mark with an impressive list of victims including Kalamazoo Central. The Mustangs have their finest team in years, under new coach Bob Burns, and nearly pulled it out of the fire in the last minute, which featured a wild and wooly finish and a violent dispute of a call by the Portage coaching staff.

It was a nip and tuck thriller throughout with both clubs enjoying no more than seven point margins in the game. Christian's bulge came in the pay off quarter, however, as the Maroons held a 46-39 lead with four minutes left. The determined Mustangs fought back to a 50-46 deficit with 56 seconds left. A hooker by Portage's first center, Ken Schuring, then narrowed the count to 50-48. Finally with 22 seconds left and the Maroons using a stall, Christian's Vern Wedeven was fouled by the pressing Mustangs. Burns protested loudly on the official's call of a deliberate foul which gave two shots. Wedeven made the first and missed the second making it 51-48. Schuring again connected with 10 seconds to narrow the bulge to 51-50. Windmuller was then deliberately fouled again and he also made one out of two. This was the end of the ball game, but not the protests.

Both clubs played tense basketball, missing shots which they shouldn't have, and making a few others that were not expected. Again it was a fine Maroon defense which did a good job of containing the multiple patterns that paved the way for the Maroon win. However some great rebounding by the Christian forward wall of Wedeven, Frank Visser and reserve Ben Bonselar kept the heralded Mustang fast break at a minimum. Schuring, in addition to leading his club with 19 points, was the top rebounder for the losers.

Not enough can be said of the play of Christian's "three" fine guards, Tom Bouman, Ken Walters and Doug Windmuller. They played heads up aggressive basketball and kept the Mustang offense off balance a good share of the time. The two scrappy workmen of the Portage quint were John Kramer who fouled out in the final period and Art Kramer.

Portage held the upper hand throughout much of the first quarter mainly on the strength of some fine driving by Jon Vanderberg. The Maroons knotted the count at 7-7 and held a brief 11-10 margin at the quarter, but trailed 12-11 at the horn.

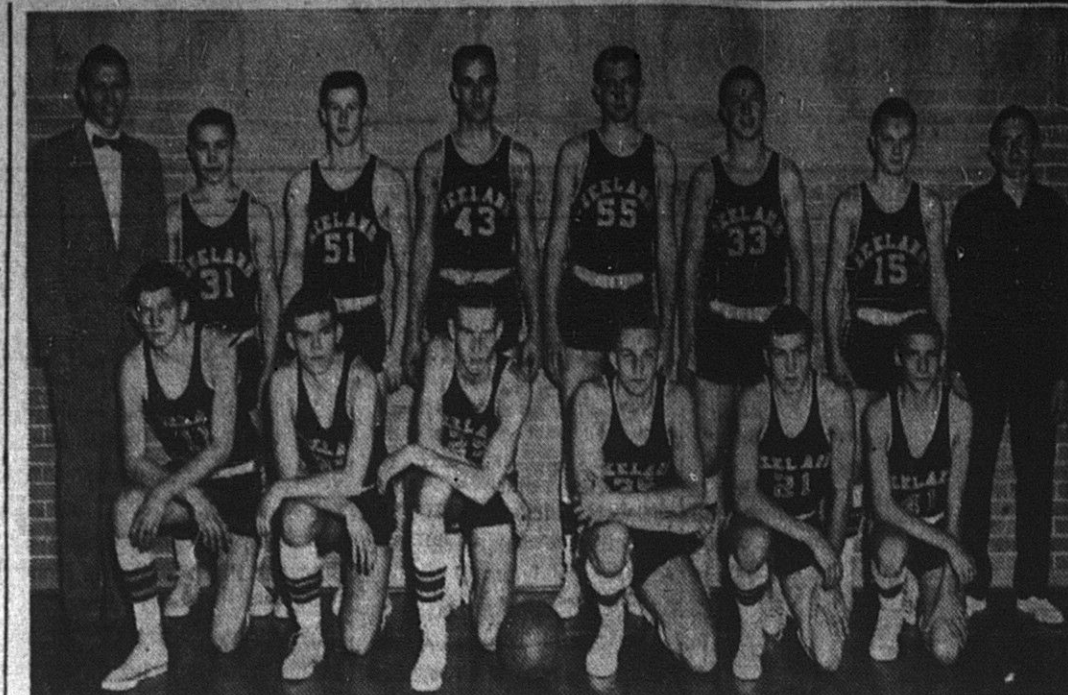

Using balanced scoring the invaders twice held seven point leads in the quarter before the Maroons again knotted the count at 26-26. Then a fine steal off a Portage "one shot stall" just before the half gave the locals a 28-26 intermission bulge.

It was a matter of changing leads throughout much of the third period with the Maroons finally taking a 37-34 margin with three minutes left. Neither club could do much scoring in the latter stages of the period, which saw the Dutch on top 39-35.

With Ken Walters leading the way in the finale, the Maroons started their victory drive immediately. Playing deliberate ball and waiting for the good shot, the Maroons upped their lead to 46-39 before the Mustangs made their determined bid which fell short in the final hectic minute.

Shootingwise, the Maroons hit on 21 out of 55 for 38 per cent and Portage connected on 19 out of 55 for 35 per cent. At the free throw line, the locals hit on 10 out of 22 and Portage on nine out of 19.

Zeeland Beats Comstock Park to Grab Title

COMSTOCK PARK (Special) — Zeeland High's basketball team walloped Comstock Park, 79-56 here Friday night to capture outright its third Keneva League crown in four years.

The game, played in Comstock Park's new gym, was Zeeland's seventh straight league win. They will close Keneva League play at Fremont on Feb. 19 and the Chix will host Grand Rapids Rogers next Tuesday night.

Zeeland jumped off to a 25-11 first quarter lead with Bob Brower hitting four baskets, Larry Zolman and Bill Hansen, three baskets and John Roe, two baskets.

The Chix hit 55 per cent of their shots in the first quarter on 12 baskets in 22 tries. Coach Paul Van Dort inserted his reserves for the last six minutes of the first half and they kept the margin at 14 points as Zeeland led, 40-26 at half. Ron Glass paced the reserves with three jump shots.

Comstock was fired up in the third quarter and with three minutes to go the score was 46-39. But Zeeland didn't allow Comstock Park another point while Zeeland picked up eight to give the Chix a 54-39 lead.

John Roe, who did another fine job on the boards, made five points in the third quarter.

The Hansen brothers, Bill and Chuck, paced the Zeeland fourth quarter drive. Chuck Hansen hit six points on three jump shots from just outside the circle while Bill Hansen had five points.

The Chix reserves played the last

three minutes and Ivan Jekel led the subs with two baskets. Zeeland shot 45 per cent from the floor with 35 baskets in 78 tries for its best shooting of the season. Comstock Park made 23 of 61 for 38 per cent. Zeeland hit on nine of 21 from the free throw line and Comstock Park made 10 of 21.

The victory was Coach Van Dort's 32nd in Keneva League play. He has lost just three games, two to Fremont and one to Coopersville in four years.

Bob Brower led Zeeland with 16 points while Roe had 14. Dick Peless had 18 for Comstock Park. Zeeland (79)

Little Dutch Drop Game

MUSKEGON (Special) — Muskegon High's reserve basketball set a scoring record and Holland had its coldest night of the season and the result was 72-57 win for Muskegon here Friday night.

The 72-point total was the new Muskegon second team record and was achieved as the Little Reds made 28 shots in 57 tries for 49 per cent.

Holland made nine of 41 in the first half and nine of 35 in the second half for 24 per cent, its poorest shooting this season.

Muskegon had halves of 12-27 and 16-30.

But despite the fine Muskegon shooting Holland was within four points of the winners late in the third quarter. But a late spurts put Muskegon ahead 60-44 at the third period's close.

Muskegon led 32-27 at half and 20-10 at the end of the first quarter.

Dick Hilbink and Dan Koop led Holland with 11 points each while Conrad (Skip) Nienhuis, who showed a lot of aggressiveness, followed with 10.

Terry Nyland picked up nine and Bruce Masselink had four and Jim Bouman, two. Mel Pierce had 26 for the winners and Dennis McPherson followed with 18. Holland now has a 7-5 reserve record.

America's total 1958 milk production of more than 126 billion pounds would make a river more than 3,000 miles long, 40 feet wide and three feet deep.

Little Maroons Record Win

Holland Christian's Little Maroons posted their 12th win of the season against one defeat Friday night on the Civic Center court when they whipped the Portage reserves, 67-41. The game was closer however than the final score would indicate as the losers gave it a battle all the way.

Portage was the toughest rebounding club that the locals had faced all season, and it wasn't until the final half that the Maroons gained superiority on the boards. Portage scored the first four points, before the locals took over, never to trail again. The Maroons led 16-11 at the end of the first quarter and then moved out to a 33-25 budge at the half.

The Maroons looked their best in the third period, as they started to pull away. By the end of the stanza, they led 51-39. The Dutch really turned it on in the final period with reserves finishing the game to outscore the Mustangs 16-2.

Balanced scoring again featured the Maroon attack with the two guards, Paul Tuls and Jim Fredricks each getting 17 points, followed by Clare Van Wieren with 11, Paul Stegenga with 10, Don Klaasen with eight, Dan Joldersma with two and Gerard Vander Wall with two. Dowell led Portage with 18.

Holland Frosh Take 6th Win

Holland High's ninth grade team led all the way Friday afternoon, as the local frosh trounced Muskegon Heights' freshman team, 41-24 at the Holland High gym.

It was the sixth straight victory for Holland, against no defeats.

Holland jumped off to an 11-6 lead at the first quarter horn and extended it to 21-13 at halftime.

Heights staged a comeback in the third quarter, to trail by six, 20-26, but Holland poured it on in the final period and won going away.

Carl Walters led Holland with 15 points. Other scorers for Holland were Tom Essenburg, 6; Mike De Vries, 7; Chuck De Witt, 7; Tom De Puydt, 3; Harvey Stremler, 2 and Roger Ten Broeke, 1. Thomas, with 16 points, led the Tiger frosh. The same teams square off again next Friday afternoon at Muskegon Heights.

Full Court Press Halts Dutch, 78-65

MUSKEGON (Special) — A combination of a full-court press and some fine shooting in the fourth quarter here Friday night gave Muskegon High's basketball team a 78-65 decision over Holland before 1,900 fans in the Central Campus gym.

The Big Reds used the full court press so effectively in the final eight minutes that they completely dominated the play and had good opportunity for shots. The Big Reds fired 13 times in the fourth period and hit seven.

Frequently in the final quarter, Muskegon gained possession of the ball on the press and then would work the ball around, waiting for one man to break loose for the layup or to be fouled.

Holland committed eight fouls in the final quarter trying to get the ball after having been charged only six times in the first three quarters, four in the first half.

The eight violations gave Muskegon 15 pecks at the hoop from the charity line and they made 14. The 15th shot was also made but was ruled void because a member of each team stepped on the line. Muskegon had only six other free shots in the first three quarters, four of which were missed.

The 28-point fourth period outburst was the best offensive spurt the Big Reds have had this season. It started when Ben Strong sank a basket right at the third quarter buzzer to put the winners in front, 50-49.

Holland managed to tie the score a couple minutes later, 53-51 and then trailed 55-54 but with 5:35 left the Big Reds had jumped to a 60-54 lead and were on the way to averaging the 72-66 loss in Holland last month.

The Dutch got 13 shots too, in the fourth quarter, but hit on only four and didn't have the aggressiveness that was evident earlier in the game or in other games this season.

In a wild first quarter, Muskegon took the lead 17-15 as the lead changed hands three times and was tied three times. Holland, paced by six points each from Glenn Van Wieren and Ron Maat, took the upper hand midway in the period and moved out 29-25 and then 32-27, Holland's biggest lead, followed by the halftime 35-31 count. Van Wieren had three of Holland's four fouls at half.

Holland made only three baskets in 21 tries in the third quarter but midway in the period had its biggest lead of the game. The score was tied 38-38 with 4:48 left and then Muskegon took a 40-38 lead.

But Holland then scored seven straight points on three shots (two by Van Wieren and one by Maat) and one basket each by Ed Loncki and Van Wieren to make the score, 45-40. But then the Big Reds began to move with sophomores Ben Strong and Sam Moore, regulars who didn't start, leading the way. Moore made four baskets in the third quarter and Strong three as the winners hit nine of 25 in the canto.

Holland shot 42 per cent, which is good enough to win most games on 21 of 50 shots. But their lack of aggressiveness and lack of rebounding in key spots prevented them from getting more shots.

The Big Reds had 87 shots in the game. They hit 31 for 35 per cent with quarters of 8-25; 7-24; 9-25 and 7-13 while Holland had 6-15; 8-16; 3-14 and 4-13. Muskegon made 16 of 21 free shots and Holland 23 of 35.

Maat, who didn't play the first quarter, and Van Wieren led Holland with 15 points. Van Wieren had five of 12 and Maat five of seven. Van Wieren hit five of eight free shots and Maat seven of 11. Jack Naber, who looked best on the boards, followed with 13. He hit five for 11 while Loncki had four for nine from the floor and nine points. Wiersma hit 2 of 10; Rog Buurma, 0-3 and Ben Farabee, 1-3.

Moore, who had six baskets in the second half, had 18 for the winners while Mike Pedler, who made six in the first half, had 17. Al Nichols, who controlled

GODWIN HEIGHTS (Special) — Holland High's wrestling team received a walloping 53-3 setback from Godwin Heights here in an unofficial exhibition match Friday afternoon.

It was the second match for the Dutch after trying Wyoming Park, 25-25 last week in the Jefferson School gym. This is the first year that Holland has had a wrestling team.

Holland's lone varsity winner was Jim Dykstra in the 127-pound class. Wally Grinsby emerged as Holland's single winner in an exhibition match for 180-pounders. Weber said Grinsby looked "the best he has all season" in the match.

Covert Edges Fennville Out of Second

FENNVILLE — Fennville's Blackhawks had a cold second quarter and ran out of time trying to make up for it, as Covert edged Fennville 63-61 here Friday night. The game broke a tie for second place in the Al-Van League.

Fennville led, 12-8 at the end of the first quarter, but the Tigers got hot in the second frame and hit for 23 points, holding the Blackhawks to 10. Covert led at the half, 31-22.

Fennville began its steady advance in the third quarter, pulled to within one point, then slipped to trail 40-36 at the horn. Time ran out in the last quarter, with two points separating the teams.

Dave Turner scored 22 for the Blackhawks, and Ron Chase had 13 to lead Fennville scorers. Coach Ray Feher got good rebounding performances from John Damskas, who also scored 8 points, and Gene Luna who tallied 9.

Bernard Abrams led Coach Bill Briskie's Tigers with 21, followed by Jerry Selridge with 17 and John Calhoun with 11.

The game put Covert in second spot in the Al-Van League with an 8-2 league record. Fennville is 7-3 in League play and 9-3 overall.

The Blackhawks travel to Lawton Tuesday night to play the undefeated league leaders, and entertain Gobles Friday night.

Lowell Winnie scored with three seconds remaining in the reserve game, to give Fennville a 33-31 win.

More than 200 years of Scouting is a record set by the leaders and committeemen of Troop 6 and Explorer Post 2006 of the First Reformed Church.

This represents the combined service the group has given to the two units.

The philosophy of why the men stick with the program year after year is best summed up by one committeeman who says "if you would ask the oldtimers why they have not retired, they would tell you it is pretty hard to tell a group of happy Scouts you are going to quit."

Senior member of the group is Andrew Steketee, who has served on the committee for 35 years. He joined the group two years after the troop was organized in 1923.

Still active and a faithful committeeman, Steketee often takes part in troop activities along with the Scouts.

Ben Mulder, a 32-year veteran, became Scoutmaster of the troop in 1928 and served four years. He was largely responsible for the organization of the first Explorer Post in Holland, which is still active as Post 2006.

Mulder acted as Scoutmaster for the Chippewa District Jamboree troop which went to Valley Forge, Pa., in 1957 and he holds the Scoutmaster Key and Silver Beaver awards.

Elmore (Left) Van Lente, a 30-year veteran, was a charter member of Troop 6, which is the oldest active troop in the district. He became assistant Scoutmaster in 1932 and Senior Scoutmaster in 1933, a position he still holds.

Lefty attended the First National Jamboree in 1937 held in Washington, D. C., as a leader. He also holds the Scoutmaster's Key and Silver Beaver awards. Mulder and Van Lente have been responsible for the fine Indian pageants put on in Holland.

Lawrence Zwemer, a 25-year veteran, was a Scout for four years in Troop 6 and then served as assistant Scoutmaster and troop committeeman. Zwemer also helped organize a troop at Virginia Park.

Albert Bielefeld, a 20-year veteran, served his entire term as committeeman. He has also been committee chairman for more than ten years.

Fred Zeerip, another 20-year veteran and committeeman, has been treasurer of the troop for the last 15 years. Ben Poll, who also has served 20 years, has always been willing to aid the troop and he has been admired by the Scoutmasters for his ability to help. He is a member of the committee.

Elmer Northuis, a 12-year veteran, acted as Cubmaster of Pack 3, Froebel School for two years. He was adviser of the Explorer Post 2006 for nine years and is now a member of the troop committee.

Max Flowerday, eGorge Swierenga, Russ Jonker, Elmer Van Dyke, Chester Raak and Marinus Rozeboom are the most recent additions as leaders and committeemen to assure the continued growth and success of Scouting of the First Reformed Church.

Local Hospital Auxiliary Is a Busy Organization

Annual reports featured a gathering of the Holland Hospital Auxiliary Board Monday afternoon in the conference room of Holland Hospital. All 15 auxiliaries except two were represented. Mrs. Louis J. Hohmann presided as president.

For the year ended July 1, 1959, auxiliary members had donated a total of 10,445 hours in service at the hospital. This figure does not reflect work done at guild meetings or the many hours spent on the telephone scheduling volunteers.

During the same period, gifts to the hospital from auxiliary groups totaled \$8,741.44. These gifts all went for hospital equipment. Hospital Director Fred Burd reported on the Remembrance Fund and the board authorized him to buy two dresser desks and 23 bedside cabinets. The group also voted to provide a new sewing machine for the hospital committee of the Woman's Literary Club and to purchase needed equipment for isolated patients.

Mrs. W. A. Butler reported on hospital shop functions for the year, explaining it had been in operation 305 days involving 2,897 hours of service by workers. During its three years of operation, the hospital shop has filled a real need for the persons seeking light refreshments, or for those just wanting a cup of coffee. There has been a steadily rising volume of business as well as income. The shop was newly redecorated early this year.

Mrs. Butler said Mrs. Leonard Zick is the new treasurer for the hospital shop, succeeding Mrs. Ward Hansen who has competently served the organization for three years.

Mrs. Vernon D. Ten Cate, chairman of the gift shop, cited increases in income from gifts which have a remarkably wide selection. She explained she tries to vary the stock so that there is "something for everyone."

Mrs. Ten Cate also announced the Annual Hostess Day downtown on March 24, sponsored by the Frances Browning guild. Several merchants will cooperate, turning over a percentage of profits on certain items that day to the Hospital Auxiliary. Hotel Warm Friend again will stage a smorgasbord.

Since this is a big project involving auxiliary membership on a wide scale, guilds cooperating were asked to name a contact member to meet with the Brown relay the information to the various guilds.

Mrs. Clarence Jalving reported on a tea given by the Abraham Leenhouts guild for the new practical nurses currently in training in the hospital in January. Director Burd announced another group would arrive the latter part of June.

Mrs. I. H. Marsijle was welcomed into the board as a representative of the newest guild. The next board meeting will be held in March.

OUR SCIENTIFIC KNOW HOW

More and more our scientific know comes in for no end of critical talk. This is as it should be, we think, because many of the researchers find that they are at times far ahead of our ability to digest all of the many new scientific ways to accomplish some of our daily tasks.

We are going to need to spend more of our time in learning how to adjust our ways of life to all of the new technological changes that are fast being developed. Just last week Mr. Charles Conrad, in talking to the Rotary club, explained growth of their company. He showed some of the equipment they are making for many of the scientific operations of both our government and defense departments. Many of our large industries are now also using the Conrad equipment for many of the scientific tests they are making of products that are being used today.

We have also read about another one of our industries who have a plant here in Holland, General Electric, who have a process called thermoplastic recording, that "could in principle record all 24 volumes of the Encyclopedia on a reel the size of a spool of thread, taking only a minute to record each volume." The process also is capable of storing and reproducing photographs either in black-and-white or in color.

We have many problems today. The technological know how should help us find the answers to a great many of them. This is another good reason why we need good schools. We also need to make plans for continued education of our people. So remember this is a good time to give some of your spare time to becoming acquainted with our school problems.

It is well to remember that we are going to need to have the know how so that we can be able to properly use all of the many new scientific instruments that are being developed for our use. We cannot afford to make costly mistakes. A well informed public should come up with the proper answers at least a great part of the time. February 23 is the day that we will vote on the bonding for the raising of money for our schools. We think that it is very important to be informed.

Meeting Organized Opposition
Acts 19: 8-10, 23-26; 20: 1-3
By C. P. Dame

(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. and used by permission.)

In last week's lesson we studied Paul's ministry in Corinth, a city in Europe; in today's lesson we consider Paul at work in Ephesus, a city in Asia Minor. With Acts 18:22, the story of Paul's third missionary journey begins. His ministry in Ephesus belongs to that journey. Paul worked longer in Ephesus than in any other city and there he met with much success and strong opposition.

1. Bold preaching is always needed. From Corinth Paul went to Ephesus and preached in the synagogue, and although he was asked to stay longer, he left and came to Caesarea, then to Jerusalem, and then to Antioch where he spent some time. Paul promised the people in Ephesus to return and this he did. Ephesus was the capital of the Roman province of Asia and the seat of the proconsular government.

The city was called, "The magnificent of the magnificent cities of Asia." It was the meeting place of some of the greatest roads of those times and hence it was a commercial center and was called, "The Treasury House of Asia" and "The Vanity Fair of Asia Minor." It was a free city and self-governing. The Pan-Ionian games were held there in the month of May. The greatest glory of the city was the Temple of Diana, considered one of the seven wonders of the ancient world. Today no one lives where this proud city once stood and the site of the temple cannot be found.

The ministry of Paul in Ephesus can be divided into two parts. He began as he always did in the synagogue and preached there for three months to Jews and proselytes. The bold preaching of Paul hardened some hearts and so he left the synagogue and hired a lecture room and preached there with marked results, "so that all they which dwell in Asia heard the word of the Lord Jesus, both Jews and Greeks." Some converts burned their books of magic "and they counted the price of them, and found it fifty thousand pieces of silver." They showed that they were through with the old sinful life. It cost them something to become Christians, but they felt it was worth the price.

II. The Gospel meets with opposition. For two years Paul preached in the heart of Ephesus and it was telling in the life of the people. One of the biggest businesses of the city was the making of little replicas of the temple. Pilgrims from far and near would buy them as souvenirs. The sale of these shrines was falling off and the manufacturers were getting concerned. Demetrius, a leader, called his fellow craftsmen together and told about the work of Paul and how he was persuading people to stop worshipping the goddess and as a result the trade was falling off in an alarming fashion.

Demetrius mixed religion and patriotism, but his speech showed that he was most interested in business. The speech got his hearers excited, their income was at stake and the confused crowd poured into the huge amphitheater. Paul wanted to go there and face the crowd but the disciples and the Asiarchs, some of the leading men in the city, whose function it was to preside over sacred things and public games kept him back. In a smooth speech the town clerk calmed the crowd and sent them home. Paul left the city after this event.

This story tells us that the gospel when it is faithfully preached meets with opposition especially when it hurts business and lessens income. There are types of business in our land which do much evil and harm. Some make much money by selling narcotics, obscene literature, and in gambling. Although the liquor business is legal it can't be denied that it is deceiving many by its subtle advertising and that it is contributing much to the making of broken homes and causing many needless accidents and deaths on the highways. The gospel opposes everything that hurts mankind and promotes all things that glorifies God and blesses the human race.

Hope Loses Game To Central State

Dutch Drop 82-81 Tilt For 4th Loss

Hope College's basketball team saw a 15-point lead vanish in the final ten minutes here Saturday night and lost a one-point, 82-81 decision to Central State College before 2,500-plus surprised fans in the Civic Center.

It was Hope's fourth loss against 11 victories this season and its second to the Wilberforce, Ohio All-Negro school. Central State, which has a 9-4 record, stopped Hope, 79-71 in December.

Central State was trailing by ten points, 80-70 with 3:40 left. But then putting on a full-court press, they completely broke the Hope offense and scored six baskets to Hope's one free shot in the time remaining.

The Marauders lived up to their nickname as they raided the Hope backcourt and intercepted a few passes and riddled the Hope defense with some clever under the basket work in the closing minutes.

Reserves Bob Hutson and Adolphus Ward each made two baskets in the drive with Walt Stovall adding one basket and Jerry Cummings the final two-pointer with 54 seconds remaining.

Ray Ritsema, who made 33 points in his best effort of the season, sank the lone free shot with 2:51 left. Warren Vander Hill, who had 20 points, made the final two Hope baskets on jump shots with 4:31 and 3:40 left.

This Hope duo figured in an out-of-bounds play with 24 seconds to go that didn't count. Vander Hill threw the ball into Ritsema who made a layup but the play was nullified by a timer's buzzer signaling a Central State substitute.

The crowd was standing and the timer couldn't see over them as to when the ball was put into play and he sounded the buzzer just as the play went into motion. The play was ruled dead and the basket didn't count. Previously the ball had gone on the stage and time was out while the official retrieved it. The timer, Bob Smith, thought that time was still out when he hit the buzzer.

With 12 seconds to go, Central State missed a free shot and Jim Vander Hill caught the rebound and called time out. Hope set up its play with Warren Vander Hill firing with two seconds left but the ball bounced off the hoop.

The first half was close with Hope taking 20-15 lead at the ten-minute mark. Central's Jim May, who later sprained his ankle, hit a basket just before the half to narrow the count to 37-35 at intermission.

Hope had a fine offensive spurt early in the second half and scored 14 points to Central's six. Leading 45-41 with three minutes gone, Jim Vander Hill hit a basket, Bob Reid picked up two quick buckets and Warren Vander Hill threw in a jump shot to make the score 51-41 before the Marauders scored.

The Dutch then added six more points, four by Ritsema and two by Bill Vander Bilt to make the score 57-43 before Central hit again. Baskets by Ritsema and Warren Vander Hill made it 61-45, the biggest spread of the game with 12 minutes to play. The ten-minute score was 63-48.

Hope was still 14 points up, 69-55 with eight minutes to go but Central State, led by clever Turner Russell, then scored nine straight points to cut the margin to five points, 69-64 and this gave the Marauders new life and on they came.

The Dutchmen picked off 45 rebounds in the game and Ritsema led with 17 while Vander Bilt had

14 and Jim Vander Hill, eight. Ritsema now has 340 points in 15 games for a 22.10 average while Vander Hill, who was forced to the bench in both halves for about a total of eight minutes because of fouls, now has 405 points this season for a 27 point average. Vander Hill, who had three fouls early in the first half, made 10 of 31 shots, six of 18 in the second half. Ritsema hit on 14 of 27, eight of 14 in the first half including five of his first six on jump shots from the corner.

Jim Vander Hill had five for 10, including four of six in the second half and Vander Bilt had four for six. Russell led the winners with 18 points.

Hope made 35 of 90 shots for 38 per cent with halves of 16 for 46 and 19-48. They hit 11 of 15 free shots. The winners made 37 of 87 for 42 per cent with halves of 15-42 and 22 of 45. They made eight of 18 free shots.

Firemen Put Out Two Fires

Holland firemen answered two alarms Sunday afternoon in the city.

At 12:55 p.m. firemen were called to the home of Forrest Blackburn on 48th St. just east of the US-31 bypass after a can of paint thinner in Blackburn's car exploded and burned. Firemen said the entire interior of the car was burned, and they estimated damage at \$400.

At 1:25 p.m. firemen were called to Western Theological Seminary after someone apparently threw phosphorus on the steps of the building. There was no damage to the building, firemen said, but they warned would be pranksters of the danger involved in handling phosphorus.

The highly combustible chemical must be stored in water, they said, and handling it with bare hands will produce severe burns. Also there is the danger of accidentally dropping it inside a building and causing a severe fire, firemen warned.

DEADLY WEAPONS — Allegan Police Chief Howard Falk examines an array of homemade weapons which teenagers surrendered to him during the weekend. A group of Allegan high school youths planned a fight with boys from rival Otsego high school Friday but called it off when authorities learned of the "rumble" and appealed to the boys to let police solve the dispute. The weapons included two "zip" guns which fire .22 caliber bullets, a sawed off shotgun mounted on a pistol grip, billy clubs, metal pipes, filed down hay hooks and a bicycle chain. (Joe Armstrong photo)

Possible Gang Fight Averted

ALLEGAN (Special) — Allegan high school students have voluntarily turned over to Allegan Police Chief Howard Falk a cache of 19 home-made weapons after Falk urged them to "let the police handle" a rumored "rumble" between rival gangs from Otsego and Allegan.

Falk said Saturday that the weapons included home-made "zip-guns" designed to shoot .22 short rifle bullets, hay hooks with their points ground down to needle sharpness, a bicycle chain, a leather black-jack filled with steel ball-bearings, several billie clubs turned on lathes, a pair of clubs made from halves of an automobile axle, a variety of home-made saps and black-jacks, and a sawed-off, 12-gauge shotgun mounted on a hand-carved pistol grip stock.

Falk credited state police cooperation for frustrating the gang-rumble which, according to rumors in Otsego and Allegan, was scheduled to be held at Eko point, in the Allegan State Forest, following Friday night's basketball game between the two schools in Allegan.

State troopers checked out the rumors and found there was enough fact to warrant concern, and action. Together with Falk, state police searched cars and lockers at Allegan high school. Falk believes the youths had advance knowledge of the search, however, since they found no weapons.

In a direct appeal to several Allegan youths, believed to be involved in the impending battle, Falk urged them to let the police handle any trouble that might develop.

Falk said the local youths did not respond immediately to his urging and for a time, city, state and county police worked on a plan for massing all available officers in the area Friday night. Then, late Friday afternoon, one of the local youths contacted Falk and showed him where he had concealed several of the weapons in the garage at his home. The weapons were confiscated and, around supper-time, more members of the gang appeared at Falk's home and turned over the balance of their armament.

Chief Falk reported he was satisfied that the boys actually had been arming themselves over a long period of time out of fear of the Otsegoans. He said he felt that their willingness to turn over the weapons to officers after being assured of police protection "seemed to be pretty good indication of this."

Local police who examined the weapons Saturday said the home-made fire-arms probably would be more dangerous to the user than anyone else. The zip-guns probably would have exploded the first time they were fired.

Parents of the youths involved expressed dismay when shown the cache of weapons. They told police they thought the boys had been working on old cars in a shop provided by one of the parents. The hardwood billie-clubs, some of which had been loaded with lead for extra weight, had been turned on lathes in the school shop. The boys had told their instructor they were making lamp stands.

Oilers Split In Tournament

NORTH LIBERTY, Ind. (Special)—Cook's Texaco Oilers of Zeeland won the consolation championship in a five-team basketball tournament here Saturday. The Oilers lost to Marion Kay Products of Brownstown, Ind., 82-76 in the opener and then defeated Robert's Gulf of Valparaiso, 94-78, in the consolation game.

In the opener, the Oilers had a tight game with the Marion Kay quintet with the lead changing hands frequently. With six minutes remaining, Marion Kay built up a nine-point lead, mostly on baskets by Ray Scott and moved to the six point win.

Scott formerly played at Butler University and made 21 points Saturday. He was topped by Lee Merriweather, former Purdue University star with 24.

The Oilers led 23-17 at the end of the first quarter but the winners took a 36-35 halftime lead. The winners were also ahead, 54-52 at the end of the third quarter.

Bill Fox paced the Oilers with 27 while Don Koopman followed with 14. Tiger Teusink had seven while Don Vron, Joe Lee, Ron Nykamp and Jim Kok each had six. Dave Vander Hill added four.

In the consolation game played Saturday night, the Oilers ran into a hot-shooting club and trailed until late in the third quarter.

But many fast breaks resulted in easy layups against the tired Gulfers with Koopman and Fox getting most of the points. Koopman led with 21 and Bill Fox followed with 20.

Vander Hill, who made 10 points and Koopman, were strong on the boards. Nykamp added 13 points while Jim Kok had 12. Vron and Teusink made six; Lee, three and Dave Kemper, two. Bob Truck and Bill Hendricks each had 22 for the losers.

The Oilers trailed 28-26 at the end of the first quarter and 44-41 at half. They took a 64-62 third quarter lead. Paul Benes of the Oilers didn't make the trip.

The Marion Kay team won the tournament and defeated the Indiana Mainers, 81-72 in the finals.

The Oilers now have a 10-5 season's record. They will play Grand Rapids Sullivan for the fourth time Saturday, Feb. 13 in Grand Rapids Burton Gym and then on Wednesday, Feb. 17 will play in Lansing against the Lansing Sheehans as part of a doubleheader. Sullivan and the Northern Indiana All-Stars will play the other game.

The next home game for the Oilers will be Feb. 20 against Fort Wayne, Ind., in the Zeeland High gym.

Your New High School: Here It Is

Bond Issue Election
Scheduled Feb. 23
In Holland District

Holland's proposed high school follows the unit plan, a concept new in Holland but one which has been used in a number of places elsewhere.

Unit plan means one school, but several buildings or wings, each designed for its specific purpose. This plan offers the flexibility of adding units and meets a real educational need by separating activities which tend to conflict with one another if housed in a single building.

Moreover, the unit plan is cheaper. Unit schools eliminate much costly corridor space. School leaders have visited several such schools, two of them in Michigan at Traverse City and Chelsea.

Property owners in the Holland school district will vote Feb. 23 on a new high school for Holland as well as needed improvements to other schools. Total bond issue lists \$3,638,000 which includes the new high school development, renovation of the present Junior high and Senior high into a Junior high plant, some needed improvements to elementary schools, and refunding \$138,000 of debt in the former Apple Ave. and Montello Park districts.

Site selected for the new school is a 40-acre plot lying south of 24th St. and west of Van Raalte Ave. The Board of Education has been acquiring property in this area over a period of years for this purpose.

Voters will face two issues at the Feb. 23 election, one for \$3,388,000 for the new high school, renovation of other buildings and refunding of debt, and \$250,000 for a swimming pool.

In recent years, Holland floated two bond issues for primary schools, one in 1949 and the other in 1953. Both issues are now paid up and the district is debt free. The 1953 bond issue which financed Thomas Jefferson School and other improvements called for a millage of 4.75 on state equalized valuation.

The millage requirement for the proposed 1960 bond issue will be less than 4.25 on state equalized valuation. Based on 1959 valuations, the fee will be approximately \$6.50 per \$1,000 assessed valuation.

Studies for a new high school for Holland have been going on for several years. More important than the brick and mortar or the layout of classrooms, is the plan for a good curriculum, one to meet the complete educational needs of the community for some time to come. Since his retirement, J.J. Riemersma, longtime principal of the high school, has given his time, effort and the benefit of long experience to coordinating this study. This report was given to architects as a guide to producing a plan to fit the curriculum.

For years, Holland High School has been overcrowded. Built in 1912 for 450 students, the building for more than a decade has handled 1,000 to 1,200 students. Coordinating classes with the junior high school, some overloads were relieved when the seventh grade was relegated to elementary schools for two years. Classrooms at Third Reformed Church, a rented store building two blocks away, conversion of an old house, and staggered lunch hours, all helped but never solved the problem.

Solution to these problems earlier were difficult to resolve. While serving a large suburban and rural area on tuition fees, there were several years when students from outside the city provided well over 50 per cent of the high school enrollment. Annexation has solved much of this problem with Apple Ave. and Montello Park districts now annexed to both the city and the school district, and Lakeview, Maplewood and Van Raalte districts annexed to the city.

Plans for the new high school include initial construction of some 60 classrooms to accommodate 1,200 students in the 10th, 11th and 12th grades. There is provision for expansion in units of 300, with the next expansion caring for 1,500 and the final expansion 1,800.

Initial construction would include an auditorium, physical education areas, shops, library and cafeteria adequate for enrollments up to 1,800. The long hoped-for swimming pool for school and community use is a separate bond issue.

Here is a breakdown of costs anticipated in the \$3,638,000 bond issue:

New high school, furnished and equipped	\$2,515,000
Present junior-senior high renovation	240,000
Apple Ave. School	10,000
Lincoln School	130,000
Longfellow School	25,000
Montello Park School	30,000
Van Raalte School	25,000
Washington School	40,000
Site development	235,000
Refund indebtedness, Apple Ave. and Montello Park	138,000

Swimming Pool	3,388,000
	250,000
	\$3,638,000

Use of the present junior high and a renovated senior high building will provide much needed space for seventh, eighth and ninth grades. This arrangement will eliminate the need to rent Third Church and the Bosman store and also will remove classes from old

houses and other temporary facilities. The old high school building also would house the Board of Education administrative offices which now occupy an old house.

Washington school needs important revisions in lighting, some alteration of mechanical and electrical equipment and storage room. Lincoln school needs a new gym and the present all-purpose room,

an old building around which the new facility was built 10 years ago, will be converted into classrooms.

Van Raalte school needs changes in plumbing and heating; Longfellow school needs fire escapes, floor repair and some improvements in plumbing and heating in the old portion; Montello Park school requires repair of outside walls and

improvements in basement facilities; Apple Ave. school needs some improvements in heating, safety and health features.

Existing school sites need enlargement and some new sites should be acquired for future school needs such as junior high and elementary schools.

Estimated costs appear to be a mighty imposing figure, but the bill

is not so large as it might be. Selection of this most economical plan has trimmed many dollars from the bill. And Holland's excellent reputation for bond repayment should make the sale of bonds easy—at a low interest rate.

The Citizens Committee welcomes any questions people may have. They will be answered in a question column in the Sentinel.

Contracts Will Be Let Late in '61

Interstate Expressway Will Bypass Both Saugatuck, Douglas

LANSING — Contracts for Interstate 96 (US-31) from the Ottawa-Allegan County line south to the Berrien-Van Buren County lines are expected to be let late in 1961, according to Highway Commissioner John Mackie.

The cost of the 25 miles of Expressway is estimated at \$12,500,000.

The Expressway route under study will hook up at the US-31 bypass and US-31 business route near the south city limits of Holland and head southwest.

It will cross present US-31 approximately two miles north of Saugatuck. The expressway will remain east of US-31 to a point about one mile south of Douglas where it will again cross US-31.

A new bridge will be erected to carry the Expressway across the Kalamazoo River. After crossing US-31 near Douglas the new highway will continue on the west side of US-31 to north of Glenn, where it once again crosses existing US-31.

From this point, north of Glenn, the Expressway will be east of the existing trunk line to the Berrien-Van Buren County line.

The route under study contains two interchanges in the Saugatuck area, one two miles north of Saugatuck and one about a mile south of Douglas. Both interchanges will be at the points where Interstate 96 crosses existing US-31.

Exact plans for the new Expressway will not be unveiled until a public hearing is held later this year, Mackie said.

Plans to build several interchanges and grade separations on the M-21 bypass around Zeeland and the US-31 bypass around Holland have been dropped Mackie said.

The Highway Commissioner pointed out that the cost of converting the existing road would be prohibitive because of roadside development on the four-lane divided highway.

These two sections will not become a part of the Interstate System or Interstate Route 96.

Long range plans call for the construction of a new limited access expressway from the Grandville area to the Ottawa-Allegan County line over an entirely new route, although it will be close to the existing four-lane highways.

When built it will be known as Interstate 96. It probably won't be built for 10 years or longer, Mackie said, because a divided four-lane highway now exists between Grandville and Holland.

Table Settings Featured At Garden Club Meeting

Table arrangements varying from a child's birthday party to "grandma gives a party" highlighted the Holland Garden Club meeting Thursday afternoon in Grace Church parish hall.

As members entered the parish hall they were greeted by the colorful "Let's Have A Party" table settings. The tables were for informal buffets, a neighbor's birthday coffee break, a picnic, dinner for two, a strawberry festival, a golden wedding, seafood luncheon, bridal breakfast, an Austrian buffet and a Japanese table.

Mrs. Glen Stewart of Parchment National Council judge, gave a delightful informal talk on "The Appropriate Thing" in the line of table settings. She said the trend now is to the Oriental style for its use of natural growth and simplicity. If the setting is appropriate to the occasion, if it has beauty of balance in design and rhythm and if it is pleasing to the arranger, it is appropriate. She stressed the term "relax" when entertaining or when entering flower show competition.

Taking each table, Mrs. Stewart told the Club her criticisms of each. The praise of the arrangements far outweighed the items of criticism.

A list of the tables included: informal buffet, Mrs. J. M. Van Alsburg; seafood luncheon, Mrs. Robert Sessions; picnic, Mrs. C. C. Candee; chocolate brunch, Mrs. R. A. DeWitt and Mrs. W. F. Beebe; French breakfast, Mrs. Louis Hohmann and Mrs. John Donnelly; child's birthday party, Mrs. Lincoln Sennett; bridal shower breakfast, Mrs. Robert De Nooyer; strawberry festival, Mrs. Edward Herpolsheimer; Viennese drawing room, Mrs. W. A. Butler; neighbor's spring birthday, Mrs. William C. Vandenberg Jr.; golden wedding anniversary, Mrs. James B. Walsh; grandma gives a party, Mrs. Carl Harrington, and Japanese table, Mrs. William Schrier.

Mrs. Butler conducted the business meeting and quoted a well-known preacher when she said "Service is the rent we pay for the space we occupy here." She announced the program committee appointments of Mrs. Robert De Nooyer, chairman; Mrs. Carl Cook, Mrs. James Pollock, Mrs. William Hakken and Mrs. Jack Glupker.

Mrs. C. J. McLean will chair the nominating committee assisted by Mrs. T. F. Coleman, Mrs. Sidney Johnson and Mrs. W. C. Kools.

Mrs. D. K. O'Meara gave her report on the Christmas tea at the home of Mr. and Mrs. Joseph Lang. There were 23 arrangements placed in the Lang home by members of the Club.

Mrs. J. J. Brower reported on the library project. She said that preliminary plans on the plantings have been received and approved and the final plans will be available soon.

Mrs. J. M. Van Alsburg has been appointed to the Junior Garden Club Committee of the State Board. Guest tickets for the March meeting are in charge of Mrs. Joe Moran.

Mrs. Edgar Smith of Grand Rapids highlighted her missionary travelogue entitled "Daybreak in Dark Continents" with slides of Nigeria Wednesday when she spoke to the Missionary Group of the Guild of Third Reformed Church.

Using her knowledge of Africa and her years as a missionary as a background Mrs. Smith spoke of the evangelism, education and medical projects followed in her work.

Tea was served by Mrs. William Vander Schel and Mrs. Henry Pelgrim to the 44 women attending the meeting. Guests were Mrs. Fannie Boersma, Mrs. John Breen and Mrs. Smith, all of Grand Rapids, and Mrs. Arthur Hoedema.

Polio Drive At \$11,000 In Holland

A total of \$11,000 has been raised in Holland area for the annual March of Dimes, it was reported at a meeting of the Inter-Club committee earlier last week.

The local quota is \$25,500 covering the city and Holland and Park townships. Of the amount collected, more than \$8,000 came from the Mothers March, conducted by the Junior Chamber of Commerce Auxiliary and the Kiwanis Queens, assisted by hundreds of volunteers.

Joe Lang and Gordon Cunningham, south Ottawa co-chairmen, reported that the campaign in outlying areas was progressing satisfactorily. Goal for the entire county is \$64,000.

The local group discussed ways and means to meet the Holland quota, pointing out that the usual contributions from Community Chest or Single Solicitation no longer was forthcoming. During the 1959 polio drive, \$6,000 came from these sources. These organizations have now been replaced by the United Fund.

Mrs. Loretta De Weerd, Ottawa county chapter chairman, announced a chapter meeting to be held at her home Feb. 9, and that the annual meeting of county officers, chairmen and workers would be held Feb. 15 at Grace Episcopal Church.

Polio canisters will remain in public places until Feb. 15.

Plan Speech Contest Here

Plans to conduct a community-wide "My True Security" program were announced today by Kenneth E. Scripps, chairman of the program for the Holland Junior Chamber of Commerce.

"My True Security" is a script-writing and delivery competition which encourages high school seniors to think, write and speak on the importance of initiative and self-reliance as the basis for real personal security. Entries are judged on the content, originality and delivery of a five-minute script on the subject "My True Security — The American Way."

All seniors graduating from Holland and Zeeland High Schools in calendar year 1960 are eligible to enter. Following school eliminations, a community winner will be selected to represent the Holland-Zeeland area in the state finals.

The state winner will receive a \$200 scholarship and an all-expense trip to the national awards program in Washington, D. C. in June. During this program the national winners will be announced. The first-place national winner will receive a \$2,000 scholarship, while second and third-place winners will receive \$1,000 and \$750 scholarships respectively.

Information about the project sponsored nationally by the U.S. Jaycees is now available in all community high schools. Chairmen in the high schools are Miss Natalie Bosman, Holland High; Mrs. Marie Saunders, Zeeland High; and Marjorie Pott, Holland Christian High.

Battle Blaze At Borculo Farm Service

BORCULO (Special) — The Blendon and Olive Township fire departments assisted by firemen from Zeeland battled a blaze early Sunday morning which caused an estimated \$3,500 damage to the Borculo Farm Service building on 96th Ave. just north of Port Sheldon Rd. in Borculo.

Firemen confined the blaze to the roof and rafters of the building but water and smoke damage to the contents of the building were expected to raise the damage considerably, according to George Overweg, Blendon Township Fire Chief.

Several hundred bags of feed and several containers of poultry remedies stored in the building were damaged by water. In addition some office equipment and other machinery suffered some water damage. Overweg said.

The fire, which apparently started from a short circuit due to defective wiring, was discovered about 11:50 p.m. Saturday by the owner of the farm service, Herschel Weaver, who lives next door to the building.

Weaver said he had just stepped out of the house to dump some trash when he noticed the blaze. Weaver immediately notified the Blendon and Olive Township Fire Departments. When they arrived at the scene, the Zeeland Fire Department was called for assistance.

Firemen said they believed the building had been burning for some time before the fire was discovered. Firemen were at the scene for one hour.

Commission Studies Plats

GRAND HAVEN (Special) — The Ottawa County Road Commission has taken under study proposed changes in platting regulations for land developers.

Previously, the commission approved a plat on filing a cash or surety bond assuring roads, streets, and drainage in plats. It is now proposed that this work be completed before the plat is approved.

Several other items of business were discussed at a regular meeting Thursday afternoon.

The commission rejected a request from Martin Geerlings for using the road embankment of 96th Ave. as one side of an agricultural pond. This was denied in the interest of public safety and possible damage to the road by water seepage.

Also rejected was a request from Ray B. Knooihuizen to widen the shoulder of the road in front of his building on Van Dyke Ave. in Holland. It was denied because road commission funds are not intended for constructing private parking areas.

The commission approved proposed layout plans of Consumers Power Co. for its steam generating plant at Port Sheldon.

Economics Workshop Proposed

Plans for an economics workshop for high school students next summer which would include a tour which would subject the students to government and commerce in a real education experience were outlined at a meeting of the Board of Education Monday night.

As a preliminary plan, the summer workshop would be designed for a class of high school age, possibly sophomores and juniors preferred, to hold four weeks of classroom instruction and two weeks of travel to Washington, D.C., and New York in which students would see government and industry in action. Fees per student would run \$250 to \$300.

The proposed program is part of a new concept of summer schools, a plan which would appeal to above average students. Too often, summer school is thought of as remedial courses.

Robert Van Dike of the public school faculty and Vern Schipper, summer session director, have been working on plans for this economics workshop which would be open to students of the local area, not just the public school system.

The program is proposed in keeping with the school system's responsibility for initiating, developing and implementing a program of teaching of economics and understanding of economic endeavor. Among aims are to provide education and vocational guidance, and to perpetuate the private enterprise or capitalistic system. The four-week classroom session in Holland would have lectures, research, problem analysis, case study, and discussion.

Hope College is assisting with plans. Those completing the course would receive a regular high school credit.

The board voted to grant Van Dike some released time to study plans further with Purdue University, University of Illinois, University of Michigan and Michigan State University.

The buildings and grounds committee submitted a report on needs at Lincoln School which has 393 pupils with all classrooms occupied. The committee listed the need for a new gymnasium complete with showers, locker rooms, kitchen, adequate storage; also additional library space since the present library is too small to accommodate one class; also space for music, foreign language, testing, conferences, visual aids, clinic, books, paper, supplies as well as additional storage for custodians.

One solution may be to remodel the present gym into a library, clinic and custodian storage. These added facilities could be used by special teachers for foreign language, music, clinic and special classes. The present library could be used for a visual aids and conference room. The administration was instructed to interview an architect.

Bills for the month totaled \$130,750 of which the February payroll listed \$114,750.

A communication signed by 46 persons requested consideration for extending services in the special education department to serve the needs of retarded children up to 18 years old.

President Carl C. Andreasen presided. Harry Frissel gave the invocation. Wendell A. Miles and Jack Plewes were absent.

Chopin Played by Hautzig Delights Civic Audience

Holland audiences will probably never hear Chopin played as beautifully as they did Monday night, when the brilliant young pianist, Walter Hautzig, devoted the last portion of his concert to Chopin's work. The young Vienna-born musician played before a large audience in the Civic Center.

It was evident from his selections that Chopin was Hautzig's favorite. The fourth section of the program started with "Nocturne in C Sharp Minor, Opus Posthumous." The Nocturne played in a somber key has been called a masterpiece and "the gloomiest and grandest of Chopin's moody canvases."

Three Mazurkas, Opus 33, 1, 2, 3 in G Sharp Minor, C Major and D Major were a contrast to the preceding music. One of the best loved of the 15 Valses composed by Chopin, "Valse in E Minor," and the "G Flat Valse" continued the section which concluded with the brilliantly played "Andante Spianato and Grande Polonaise Brillante, Opus 22," known more popularly as the Grande Polonaise. Hautzig opened the concert with "Aria" by Marcello-Bach. Handel's "Passacaglia in G Minor," as played by Hautzig, showed the extended use of arpeggios, scales in octaves and choral passages. The first portion of the concert concluded with Mozart's "Fantasy in F Minor, K. 608," never published and now part of a private collection at the disposal of Hautzig.

The "Wanderer Fantasy" by Franz Schubert was interpreted by the artist as only a Viennese could play it, with true feeling for the simplicity and unforgettable beauty of Schubert's best work for the piano. The four movements were played without interruption.

After a brief intermission the program continued with two preludes by Claude Debussy, "La Cathedrale engloutie" and "General Lavine." Bela Bartok's Rumanian Folk Dances were charmingly played as the finale of the midsection of the program.

Responding to the continued applause, Hautzig played five encores, a waltz by Brahms, a mazurka, a favorite Chopin polonaise and a series of short Schubert waltzes—the "hit parade of Vienna 100 years ago," and a modern Spanish suite for children.

Shoptlifting Is Discussed

Shoptlifting in local stores was discussed briefly by Supt. Walter W. Scott who informed the Board of Education Monday night that he had been conferring with various retail establishments on the problem.

He said the problem is more widespread than merchants or the schools would like to admit, but he seriously questioned whether school age youngsters were as much to blame as some would think. He said there is a particular danger of generalization in facing such problems.

Scott said if a public school student is apprehended in shoptlifting, merchants are asked to notify school officials. Counselors will work with youngsters involved and parents will be called in at an appropriate time for consultation. Some merchants who have tried to deal with parents directly have been subjected to severe tirades, Scott said.

Teenagers often are blamed for shoptlifting since it frequently occurs during lunch hours when store personnel is limited. Merchants are considering ways and

means to change such hours, Scott said.

Scott Addresses St. Francis Club

Walter W. Scott, superintendent of Schools, spoke Sunday evening to members of the Christian Family Movement of St. Francis de Sales. The meeting was held at the home of Mr. and Mrs. Leonard Marcinkus. Twenty-five persons heard Mr. Scott describe the need for the new high school.

The present Holland High was built in 1912 for 450 students. It is now struggling to accommodate 1,200 students, he said. Population studies indicate that this number will rise to 1,810 by 1970.

Mr. Scott showed proposed plans for the new school and explained the value of the Unit system of using several smaller buildings or wings rather than one large building. The units cost less to build because more economical construction methods can be used. The smaller buildings also satisfy the strong need of students to feel they are an integral part of a group. Sociologists and educators have discovered this is an important factor in learning.

A question and answer period followed the talk. The group learned that the proposed swimming pool will add only 40 cents per \$1,000 of local assessed valuation to the taxpayers' yearly bills. The pool will be available year round to the entire community.

Mr. Scott told the group that members of his committee will be happy to speak to any group in the community desiring to learn more about the new Holland High. Arrangements can be made through Mr. Scott's office.

After the meeting Mrs. Marcinkus served refreshments from a table decorated with a valentine motif and floral centerpiece.
