### WHO IS GETTING ALL OF ALLEGAN'S WATER?

CITY IS IN DESPAIR TRYING TO  
FIND OUT WHERE IT'S  
WATER GOES

Have No Meters, But Think of  
Adopting Them To Stop Water  
Thieving

Allegan is having a great old time  
finding out where its water is going.  
This commodity has thus far not  
been connected up with the H. C. L.  
and for that reason it is at a low  
ebb.

The trouble is Allegan consumers  
are also not connected up with meters  
and for that reason users are not  
scrupulous about being saving at the  
faucet.

Holland water users have a different  
proposition. They are compelled  
to pay for every gallon they use and  
an indicator is attached to every  
pipe that enters the home or place  
of business of a consumer.

Relative to this matter the Allegan  
Gazette says:

"The city waterworks furnish the  
subject for much discussion at  
the council meeting last Monday  
evening. The long-looked for report  
of Mr. Winchester, who was employed  
several weeks ago to make a survey  
of the system for the purpose of  
recommending means for supplying  
the city's needs, had not been received,  
and as there appears to be something  
radically wrong, the clerk was  
instructed to communicate with engineering  
companies to learn the approximate  
cost of a survey and an instrument  
by which the amount of water pumped  
may be definitely ascertained. Information  
obtained from reliable sources shows  
that the city plant is delivering each  
day much more water than should be  
required. Fifty gallons per capita per  
day are considered an abundance. With  
only one small centrifugal pump running  
it will supply each person nearly four  
times that amount of water. In addition  
to the supply from one of these pumps,  
large plunger pumps are kept at work  
all the time so it is only fair to suppose  
that at least 1,440,000, or approximately  
360 gallons per capita, are supplied each  
24 hours. Most of this vast amount of  
water is being pumped from the wells  
into the river by way of the city  
sewers. There is but one remedy—  
meters."

Adrian Scholten, who entered the  
University of Wisconsin last October,  
has been appointed one of the three  
editorial writers for the "Daily Cardinal,"  
the student publication of the U. of W.  
This paper has a daily circulation of  
six thousand. Mr. Scholten is a brother  
of Walter A. Scholten, '18, former editor  
of the Hope College Anchor, and is a son  
of Rev. D. Scholten, '83, of Valley  
Springs, South Dakota. He was discharged  
from the army as a disabled soldier last  
summer.

Father Wyckoff will leave Holland  
because he believes there will be more  
opportunity for him to do constructive  
work elsewhere than there is in this  
city. He wants to give himself to greater  
usefulness than circumstances here seem  
to allow. He has made plans for a larger  
program of constructive activity than  
the local parish felt it could undertake.

It is purely a matter of policy, the  
parish and the rector being on the  
friendliest possible terms. Father  
Wyckoff merely thinks he can do a  
bigger work elsewhere, and he wants  
to give himself the opportunity to do  
so.

Father Wyckoff came to Holland  
three years ago. Before that he had  
served Christ's church at Gary, Ind.  
At Gary he suffered a nervous breakdown  
which compelled him to retire for  
a year or two, at the conclusion  
of which period of rest he came to  
Holland to assume the pastorate of  
the local church.

He is an indefatigable worker and  
during his residence in Holland he  
has made himself count to an unusual  
degree in community service. He has  
shown a deep interest in all the  
civic problems and he was always  
ready to shoulder his full share of  
all burdens. His most recent service  
was the establishment of the Community  
Club. This club is not for Grace  
church alone but for the whole  
community.

Father Wyckoff is president of the  
Diocesan Board of Education, and  
Mrs. Wyckoff is president of the Junior  
Auxiliary of the Diocese.

"Who Was in the  
Garden of Gethsemane  
With Our Lord?"

GRAND HAVEN YOUTH TOOK  
HIS MOTHER AT HER WORD;  
'T WAS HARD ON HANKIE

Grand Haven, Feb. 12.—Humor in  
a chunk is not so exceedingly rare,  
even though it be of the unconscious  
variety, indicated in the experience  
of a local Sunday school teacher.

The teacher gave out the topic in  
advance for the ensuing Sunday and  
informed her students they would be  
required the following Sunday to answer  
the question, "Who was in the  
Garden of Gethsemane with our  
Lord?"

During the week the mother of one  
lad wished to teach him his lessons,  
but had difficulty in making him  
remember the names, Peter, James  
and John, and wishing to impress on  
his mind, referred to the names of  
the children of a family named Danhof,  
living near, saying, "All the Danhof  
boys except Hankie."

When Sunday came the teacher  
asked the little boy, "Who was in the  
Garden of Gethsemane with our  
Lord?"

"He arose and very proudly said,  
"All the Danhof boys except Hankie."

The Danhof boys are Judge Peter  
Danhof of Grand Rapids, Judge  
James Danhof of the Ottawa County  
Probate Court, John Danhof, an insurance  
agent at Grand Haven. Henry or  
Hankie lives in Detroit.

**WAG SAYS HOLLAND  
IS GETTING CHEAPER  
GAS THAN BEFORE**

A wag of this city in conversation  
said the other day that Holland is  
getting cheaper gas than they ever  
did before.

In the good old days before the  
high cost of living entered into  
everything including gas, Holland  
was paying \$1. According to the  
state public utilities commission  
Holland is now paying \$1.45. But the  
wag figures that the dollar is cut  
half in two so we in reality are only  
paying one half of \$1.45 or 72½¢  
making it 27½¢ cheaper. How are  
these for figures?

If you want something in the line  
of a phonograph, cheap, see page 5.

### FATHER WYCKOFF RESIGNS FROM GRACE CHURCH

HOLLAND TO LOSE GOOD COM-  
MUNITY WORKER WHEN HE  
LEAVES CITY

Expects To Engage in Bigger Ser-  
vice in Another Place With  
Bigger Opportunities

Holland is to lose one of its most  
enthusiastic community workers  
when Father William Wyckoff leaves  
this city to engage in a wider field  
of usefulness in some other community.  
Father Wyckoff has sent in his  
resignation as rector of Grace Epis-  
copal church to take effect as soon  
as it will be possible for the bishop  
to supply the church with another  
rector.

"There is nothing to be said," he  
said when asked by the Sentinel what  
his plans were. "The fact is, I have  
not decided where I shall go or ex-  
actly what line of activity I shall  
pursue."

Father Wyckoff will leave Holland  
because he believes there will be more  
opportunity for him to do constructive  
work elsewhere than there is in this  
city. He wants to give himself to greater  
usefulness than circumstances here seem  
to allow. He has made plans for a larger  
program of constructive activity than  
the local parish felt it could undertake.

It is purely a matter of policy, the  
parish and the rector being on the  
friendliest possible terms. Father  
Wyckoff merely thinks he can do a  
bigger work elsewhere, and he wants  
to give himself the opportunity to do  
so.

Father Wyckoff came to Holland  
three years ago. Before that he had  
served Christ's church at Gary, Ind.  
At Gary he suffered a nervous breakdown  
which compelled him to retire for  
a year or two, at the conclusion  
of which period of rest he came to  
Holland to assume the pastorate of  
the local church.

He is an indefatigable worker and  
during his residence in Holland he  
has made himself count to an unusual  
degree in community service. He has  
shown a deep interest in all the  
civic problems and he was always  
ready to shoulder his full share of  
all burdens. His most recent service  
was the establishment of the Community  
Club. This club is not for Grace  
church alone but for the whole  
community.

Father Wyckoff is president of the  
Diocesan Board of Education, and  
Mrs. Wyckoff is president of the Junior  
Auxiliary of the Diocese.

### NO GAS QUESTION ON PRIMARY DAY

ILLNESS OF MAYOR AND CITY  
ATTORNEY WILL PREVENT  
THIS

Mr. C. H. Mc Bride Best Informed  
Man in the City On the Gas  
Question

Voting on municipal gas will surely  
not come up at the March primaries.  
It is too late now to advertise  
the proposal legally, and if the ill-  
ness of City Attorney Charles H. Mc  
Bride continues indefinitely, the mat-  
ter will not come up at the April  
election.

Mr. McBride knows all about the  
gas situation, more so than any other  
city official. He has handled the  
whole situation at Lansing with the  
commission and has gone thru every  
suit between the city and the  
company. He is the most thorough-  
ly posted man as to what course the  
city should take in this particular  
matter.

Anyway the report of Mr. Gifford  
is not being presented because of the  
city attorney's illness and it no  
doubt will be some time before Hol-  
land's legal light will be able to at-  
tend to official business.

Snap judgments should not be taken  
on this momentous and vital  
question involving possibly \$300,000.  
Voters should be thoroughly informed  
on every detail legally and other-  
wise and this can only be done thru  
a campaign of education to be had  
by the publication of articles written  
by men who understand the situation,  
and no doubt City Attorney  
McBride is the man most thoroughly  
informed.

In order to save a few weeks and  
a few dollars the voters should not  
be compelled to go to the polls not  
knowing what kind of a proposal he  
is to vote on. Surely there is no  
harm in giving the voter light upon  
this or any other subject.

### FATHER WYCKOFF WANTS SUPPORT FOR COMMUNITY CLUB

CLUB NOW HAS 80 MEMBERS,  
NEEDS MORE FINANCIAL  
SUPPORT

Holland has a club that needs every  
encouragement. Altho it has  
been fostered by Father Wyckoff and  
Grace Church, it is not intended for  
any particular creed.

Boys and girls from the shops and  
factories, nearly a hundred of them  
gather there Mondays, Wednesdays  
and Fridays at the club rooms in the  
Sentinel building.

Father Wyckoff, who was present  
at the Victory club dinner Monday  
noon, stated the object of this club,  
and further stated that strangers  
who work in our local shops had told  
him that Holland was a "dead one"  
for amusement. However one bright  
spot was the Community Club, and  
they were having so much enjoyment  
there, that they were staying in the  
city for that reason.

Chairman Donnelly, A. H. Landwehr,  
E. P. Stephan and Henry Geerlings  
all spoke in favor of such an  
athletic institution where young men  
and ladies who are employed constantly  
during the day may find wholesome  
recreation in the evening. The membership  
to the members themselves is \$2.50 for men and  
\$1.00 for ladies. This amount does  
not nearly sustain the running expenses  
of the club and the Victory club  
members have pledged themselves  
to back up this project to the fullest  
extent with the expectation that  
this nucleus started by Father Wyckoff  
may shortly evolve into the  
beautiful community hall spoken of  
some time ago but which was temporarily  
laid aside for the purpose of  
fostering the housing proposition  
which is the most necessary at this  
time.

Many of the factory heads present  
pledged \$10 towards the project,  
and next Monday a subscription list  
will be circulated around the dinner  
table.

For that reason members should  
not fail to take money with them in  
order to aid this very meritorious  
project.

### OFFERED POSITION AT CALVIN COLLEGE

BUT HOPE COLLEGE PROFESSOR  
HAS NOT MADE A DECISION

A Grand Rapids paper of Wednesday  
evening made the statement that  
Prof. Albert E. Lampen of Hope  
College was to occupy the chair of  
physics at Calvin college the coming  
year. This report was in error to the  
extent at least that Mr. Lampen has  
not accepted the position. He has  
been offered the place on the faculty  
of Calvin College, but he has not yet  
come to a decision in the matter.

Efficiency of the rural mail delivery  
service if not the service itself  
will be destroyed if the carriers are  
not permitted an increase in salary.  
W. D. Brown, counsel of the National  
Rural Mail Carriers' association told  
the Senate postoffice committee. He  
asked that a basic pay of \$1920 a  
year be fixed.

### ORGANIZED A COMPANY TO BUY THEATER

ARE GOING TO GET HOLLAND  
INTERESTED IN KNICKER-  
BOCKER THEATER

Two Good Managers Are Ready To  
Take Hold of Proposition;  
Take Your Pick

An enthusiastic meeting of business  
men and manufacturers took up  
the project last evening of organizing  
an association or company, for the  
purpose of purchasing the Knicker-  
bocker theater, one of the best little  
playhouses in the state in order  
that Holland may have more clean  
amusements, and give it a theater  
commensurate to a city of this size.

As has been said before, Holland  
is amusement poor, and every em-  
ployer of labor has known this fact  
for a long time.

Those at the meeting were imbued  
with the spirit that this project must  
not fail, and those who are interested  
in it and take stock should at least  
get a fair return upon their money.

The building and ground of the  
Knickerbocker can be purchased of  
the Michigan Trust Co. for \$15,000.

Conservative estimators state that  
it would cost between \$30,000 and  
\$35,000 to put up the building alone.

It is the intention of organizing  
two companies, one a building com-  
pany that will have possession of the  
building capitalized at \$15,000. Then  
another company will be organized  
with a capitalization of \$10,000  
which will be called the operating  
company.

It is expected that fifty men will  
be found in Holland who will each  
put in \$200 to take up the stock of  
the operating company which will  
mean \$10,000.00.

At the meeting 21 of the partici-  
pants have already signed for a block  
of stock, each amounting to \$200.00  
and no doubt the balance will be soon  
subscribed when a great number of  
the manufacturers and business men,  
who were not present but want a  
theater, are seen. That would finish  
up the operating project.

Now comes the building project  
with a capital stock of \$15,000.00  
which purchases the building and  
grounds that could not be duplicated  
for \$35,000.00, more than again as  
much as would be represented in  
stock.

The general public is going to be  
asked to help in this project. Some  
moneyed men have already signified  
their intention of also taking some  
of this stock upon which the stockhold-  
ers can never lose for the reason  
that the property value is always  
worth the amount of stock subscrib-  
ed.

It is the intention of the building  
company to lease the Knickerbocker  
theater to the operating company at  
a rental that will yield the stockhold-  
ers 8 per cent on their money. So it  
cannot help but be a safe and sub-  
stantial investment.

It is also considered to distribute  
the stock in this way. Those pur-  
chasing five shares of building stock  
should also take two shares of oper-  
ating stock, and in that way be a  
booster for both projects. It is no  
doubt that this plan will be adopted  
by the stock solicitors.

The heads of the soliciting com-  
mittee are A. J. Bailey and John Van  
den Berg of the Wolverine Advertis-  
ing company and Carl Bigge of the  
Northwestern Life Insurance Co.

Besides the manufacturers and the  
business men, the backers of the project  
are going to interest the general  
public and stock subscriptions as  
low as \$50 are going to be taken, and  
as many as possible are going to be  
secured, thus making boosters of  
several hundred stockholders.

The newly organized company will  
have the pick of two good managers.  
One, Mr. Fitzpatrick of Chicago, and  
the other Mr. Millanson of Benton  
Harbor.

One thing must not be lost sight  
of and that is the fact that Holland  
has one of the best little theaters in  
the state pronounced so repeatedly  
by showmen who come here.

Actors have said that it is one  
of the easiest theaters to work in  
that has ever come to their notice.

The stage too, is large, and the  
dressing rooms are ample. The acous-  
tics of the play house are such that  
a whisper from the stage can easily  
be heard in "nigger heaven," and  
that is going some.

The only thing that can be said  
against this theater is the fact that  
a patron must walk less than a block  
and a half from the very heart of the  
city. On the other hand theaters are  
generally placed on a more quiet  
street in larger cities and for this  
same reason it should in reality be  
an ideal location for a show house.

### RURAL MAIL CARRIERS SEEK INCREASE IN PAY

Efficiency of the rural mail delivery  
service if not the service itself  
will be destroyed if the carriers are  
not permitted an increase in salary.  
W. D. Brown, counsel of the National  
Rural Mail Carriers' association told  
the Senate postoffice committee. He  
asked that a basic pay of \$1920 a  
year be fixed.

Expires Feb. 28—8495  
NOTICE TO CREDITORS  
STATE OF MICHIGAN—The Pro-  
bate Court for the County of Ot-  
tawa.

In the Matter of the Estate of  
Herman Van Ark, Deceased

Notice is hereby given that four  
months from the 11th of February  
A. D. 1920, have been allowed for  
creditors to present their claims  
against said deceased to said court  
of examination and adjustment and  
that all creditors of said deceased are  
required to present their claims to  
said court, at the probate office, in  
the city of Grand Haven, in said  
county, on or before the 11th day of  
June, A. D. 1920, and that said  
claims will be heard by said court on  
Tuesday, the 15th day of June, A. D.  
1920, at ten o'clock in the forenoon.  
Dated Feb. 11, A. D. 1920.

James J. Danhof,  
Judge of Probate.

gines at a very reasonable figure.

If you are in the market for a  
Portable Engine, you can't afford to  
overlook the engines which Holleman-  
Deweerd Auto Co. have for sale.

## HER TOMBSTONE WAS INSCRIBED IN ADVANCE

When her husband tried to administer medicine Monday morning at about 7 o'clock to Mrs. John Fraaijama, 15 East Tenth street, he found that she was dead. She did not answer to his words and on closer examination he found that she had probably been dead for some little time. Mrs. Fraaijama had been ill for some time.

With the death of Mrs. Fraaijama a little incident is again called to mind that in its weird strangeness surpasses anything that a writer of fiction would have dared to imagine. Mrs. Fraaijama will be laid to rest in a grave that for several years has had a tombstone at its head with her name, date of birth and other similar information on it, only the date of death being left blank, to be filled in. This date can now be inscribed on the stone and it will be complete.

Mrs. Fraaijama's former husband, G. Posthumus, was an engraver of tombstones, and he picked out a stone for himself and his wife, inscribing it with the necessary data. At his death the stone was placed on the cemetery, and there for several years Mrs. Fraaijama has been able to read it—perhaps the only case on record of this kind.

Mrs. Fraaijama was laid to later to John Fraaijama. She was nearly seventy years old. The funeral was held Thursday afternoon at 1:30 from the home, 15 East 10th street. Rev. B. J. Einink of the Central avenue Christian Reformed church officiated.

## COUNCIL COMMITTEE CONFERS WITH VICTORY CLUB ON FACTORY

At last week's meeting of the Common Council a proposition was brought up addressed to the Common Council or Chamber of Commerce. It was an industrial proposal from the Gunned Products Co. of Troy, Ohio, makers of gum papers, etc. The company wanted to either buy or lease a building containing 60,000 square feet of floor space; also containing a boiler and an engine and a railroad switch near the factory building.

Alderman Lawrence, acting mayor during the illness of Mayor Bosch appointed Aldermen Kammeraad, Dykstra and Prins to go into the matter and work jointly with the industrial committee of the Victory Club.

This committee met Monday morning and at noon the chairman, Alderman Kammeraad and Alderman F. Brieve were present at the usual Monday noon dinner in the Sentinel building and presented their factory project.

A few of those present felt that we would not be able to deliver, first because there is not an available factory building left unoccupied in the city and there were also some who were worried about housing families when they came to the city, every home now being filled and in not a few instances families are doubling up in homes.

A. H. Landwehr stated that he knew that both labor, and homes were scarce and that factory buildings were not available but that when the Milk Products Co. had purchased the old Gelatin plant, that they had use only for one of the buildings and that altho the remaining building contained only 35,000 square feet it has a boiler, an engine, a side track and if the proper arrangement could be made he would see to it that this concern got this building. The Housing committee on the other hand would soon furnish the houses.

E. P. Stephan stated that Holland must let no reliable projects pass by its doors. Holland is on the high road to industrial success and if factories can be secured that are found to be financially all right, we should bend our every effort to secure them.

A committee consisting of Henry Geerlings, Henry Winter and Jacob Lokker was appointed by Chairman B. P. Donnelly, to work in conjunction with the council committee for the purpose of landing the Gunned Products Co. It should be a good neighbor of the Milk Products Co., and would fill the last available building both in and outside of the city.

Alderman Kammeraad was spokesman for the committee and stated the proposed project clearly to the Victory club and was given a hand of applause after he gave his little talk.

## GAME WARDEN GETS FISHERMEN WHO MAKE NETS OF WEEDS

James Garlock of Allegan county pleaded guilty to taking fish unlawfully and paid a fine of \$5 and \$4.35 costs in Justice Brady's court. Deputy Game Warden Agan found Garlock on Wetmore lake taking small bluegills and other fish for bait by twisting large masses of grass from the bottom of the lake on a crocheted stick. The minnows would become entangled in the grass and were just the thing for catching perch.

John H. Dolton, chef at the Mari-gold Lodge, saw a robin last Friday. He saw the little harbinger of spring

## OTTAWA HAS A NEW WAY OF KEEPING ACCOUNTS

The system of bookkeeping which will hereafter be followed in Ottawa county is now being installed at the county court house. County Clerk Orrie J. Sluiter, upon whom the installation of the new system will fall, is busily engaged getting the work going properly. The new system of accounting goes into effect in accordance with the new state law, which makes the county clerk the accounting officer for the auditor general in each county.

Hereafter all state accounts will go through County Clerk Sluiter's office in Ottawa county. The clerk will be accountable to the auditor general's department for all the business which passes through the county office. It will be readily seen that the new system involves a vast amount of work, although it works toward a much greater degree of efficiency than the old methods.

All moneys will be handled, of course, through the county treasurer, as has always been the case, but the account of the funds will be kept in the county clerk's office. Reports are returnable to the auditor general's office and the new plan practically makes the clerk a representative of the auditor general's department.

The extensive office work connected with the county road construction in itself makes necessary a complete system of office accounting. Much of this is state work, and without a complete system of accounting the book-keeping would become most complicated and difficult.

It is interesting to note that the new state accounting system is to a great degree built upon a system evolved by County Clerk Sluiter himself and submitted to the state officers when the new plan was being considered.

In fact, the accounting system in Ottawa, used by Clerk Sluiter both in road construction and county business, has been taken as a model in a number of counties where conditions are similar. For that reason many of the Ottawa ideas have been adopted for the general state system. The new system, while it throws a heavy burden of work upon the county clerk's office, works toward greater efficiency and accuracy.

In this connection it may be stated that in their audit of the county, before the installation of the new system of accounting, no errors of any kind were discovered in the books of Ottawa county.

Att. T. N. Robinson gave an address Sunday morning at the monthly meeting of the Holy Name Society of St. Andrew's Cathedral of Grand Rapids. This is an organization of several hundred persons and Sunday happened to be the organization's annual meeting. The Sunday Herald printed a cut of Mr. Robinson.

Mr. Hall, interurban agent at Saugatuck, has resigned his position to go into the ice business in Zeeland the coming season. Zeeland now has no ice plant or ice house to give that city a supply. The ice is sent from Holland.

## DIES AT THE AGE OF SIXTY-SEVEN

Holland lost another of its pioneer residents when death came Monday evening at 10:30 at Holland hospital to Mrs. James Meeusen. Mrs. Meeusen had submitted to an operation at the hospital and she did not rally from the shock. The operation was performed by Dr. Smith of Grand Rapids, Dr. Nichols and Dr. Weststrate. She was 67 years old.

Mrs. Meeusen was born in the Netherlands and came to America as a babe in arms less than one year of age. This was in 1855, only a few years after the first Van Raalte colony arrived in this country to form a settlement in Western Michigan. The family settled in Beaverdam and there Mrs. Meeusen passed childhood and her girlhood. She was married at seventeen, and later she lived for a time in Zeeland.

Soon after the big fire of 1871 she moved to Holland, and she has made this city her home ever since. She was a home-loving person, but she had many friends. She was a member of the Ninth Street Christian Reformed church and was an active worker in that congregation. She is survived by her husband and three daughters, Mrs. Percy Osborne, Mrs. Con De Pree, and Miss Katherine. The funeral will be held at the home 544 College avenue, Friday afternoon at 2 o'clock. Rev. James Ghyssels, pastor of the Ninth Street Christian Reformed church officiating.

## THREE LADY JURORS DRAWN

Among the following list of jurors drawn for the February term of circuit court at Allegan, it will be noted are the names of three ladies. The jurors are to report for duty February 23.

Here are the jurors—Mae Baker of Allegan city, Charles W. Allen of Allegan township, Edwin D. Lyman of Casco, Ralph J. Brower of Cheshire, C. W. Holton of Clyde, Richard Worm of Door, Cornelius Zoerman of Fillmore, Perry Wright of Ganges, Rena Lasher of Gun Plains, H. Kemper of Heath, John Baker of Hopkins, John H. Jenk of Laketown, Lemuel Armintrout of Lee, Hiram Meyering of Leighton, John Siebelink of Manlius, Oren Herbert of Martin, Birney Belka of Monterey, George Eddy of Otsego City, Alexander Miller, of Otsego township, J. Arink of Overisel, Wm. Curtis of Salem, Cephus E. Weed of Saugatuck, Howard Hicks of Trowbridge, John T. Shepard of Valley, Baron Treece of Watson and Elizabeth M. Clarie.

## CRISP COUPLE CELEBRATE GOLD- EN WEDDING

Mr. and Mrs. Klaas Redder of Crisp celebrated the 50th anniversary of their marriage on Thursday. All the children were present at the family reunion, and they presented Mr. and Mrs. Redder with \$50 in gold.

Mr. and Mrs. Redder have lived on the same farm all their married lives. They came to this country from the Netherlands in 1867. They remember conditions in Holland when this city was hardly more than a village.

In the evening all the neighbors of the couple from within a radius of about a mile from their farm home surprised the old couple. They were headed by Rev. Mr. Bruinooge who made the presentation speech for the gift of the neighbors of ten dollars in gold. A curious fact about the celebration was that two of the neighbors, John Dolmeyer and Klaas Rouwhorst, both attended the wedding of the couple 50 years ago.

Mr. Redder is 73 years old, and Mrs. Redder 69. Both are still in good health. They have nine children, 17 grandchildren, and one great grandchild. Following are the children: John Redder, Mrs. S. Meeuwse, Henry Redder, Mrs. H. Boers, Edw. Redder, Albert Redder, Mrs. C. W. Dornbos, Mrs. H. Maat, and Mrs. B. Maatman.

Nicholas Hoffman of Holland, assistant supervisor of census for Kent and Ottawa counties, estimates that the official population of Holland will exceed 14,000. Grand Haven's population is put at about 8,000. The school census proportion figures sometime ago weren't so far out of the way after all.

Clyde Burgess was arrested by the police for being drunk. What he became drunk on Chief Van Ry has not been able to find out. The man is a stranger who came in on the interurban in a "piffled" condition.

## DELIRIOUS MAN ESCAPES MINUS ANY CLOTHES

There was a good deal of commotion in a neighborhood in the west end of the city early Friday morning when it was discovered that Tony Niesink, 296 West 13th-st., in a fit of delirium, had divested himself of his night clothes, escaped the vigilance of those who were taking care of him and gone out into the street minus any clothes whatever.

Niesink had been ill for some time and he was delirious at times. His absence was discovered at 4 o'clock Friday morning when a member of the family rose to see how he was resting. The alarm was immediately given, and the police department was called upon to help in the search. Neighbors were aroused and a searching party went out to find the unfortunate man before he should freeze to death.

The searchers concentrated on the district of the Bay View Furniture Co. because Mr. Niesink at one time worked in that place and it was believed that he might have returned to his old haunts in his delirium, thinking that he had to go to work. But he was not to be found there.

It was not until after daylight that the searchers got results. At about 6:30 o'clock one of his neighbors came upon the man, huddled up in a coal pile near the Holland-St. Louis Sugar factory. He had fallen on the jagged ice of the walks a number of times and was bruised about the body in several places. Also, in his attempt to burrow into the coal pile with an instinctive attempt to keep warm, he had accumulated a considerable amount of coal dust on his anatomy, so that he looked more like a negro than a white man.

He was hurried back home and given medical attention.

## MAKE PLEAS FOR THE ORIENT AT W. C. T. U. MEETING

Oriental costumes and dolls dressed in the styles of those countries added greatly to the interest of the W. C. T. U. meeting at the home of Mrs. J. C. Post on Friday afternoon. The subject was "World Temperance Work" and the program was in charge of Mrs. Post.

Mrs. S. M. Zwemer, who could speak from first-hand knowledge, was dressed as an Egyptian woman and made a strong appeal for the Orient to be set free from the liquor which is shipped in from Christian America, as it is the greatest hindrance to all missionary work, the same ship often bringing the missionaries to save them and alcohol in the hold for their ruin. At the close of her talk Mrs. Zwemer saluted each lady present in Arabic and allowed them to examine her costume, and all decided that they liked American styles best, as an Egyptian woman is not allowed to show her face, nor her hands and feet in public.

Miss Maud Zwemer, dressed as a Chinese bride, began by apologizing because her costume was slightly out of date now, styles having changed in China since it came to her. She told what strenuous efforts the mis-

## FAMILY QUARREL AT THE COLLEGE IRONED OUT

Students of Hope College were all in a flutter after the defeat of the Hope Basketball team with Kalamazoo last week Wednesday, when by a narrow margin the local team went down before the Kazoos. Murmurs were already heard after the game, but Thursday morning a general discussion arose amongst the students when it was alleged that Dr. A. T. Godfrey, head of the chemistry department, was responsible for the humiliating defeat when he refused to allow Teunis Prins, captain of the basketball squad, to play in the Kalamazoo game, because, he did not come up to the scholastic requirements in his school work.

Captain Prins is known and called "The best basketball guard ever developed in Michigan" by no less a sporting man than Dinnie Upton, former athletic coach at Grand Rapids Central High. The absence of Capt. Prins and other members of the team from the lineup, it was said, weakened the morale of the team and the "pep" of the student body at Wednesday night's game.

Said Coach Schouten: "The men have lost their pep and I do not know from week to week who is going to play on the team. I cannot coach the men to play together when I don't know where I'm going to play them, or who will be in the lineup. Hope College has the reputation of turning out a fast basketball team. As an advertising medium to the college it is a great asset.

"Our chances for the state title are better than they ever have been before, unless we get such uncalled for reverses.

"On our Christmas trip through Indiana and Illinois, our reputation of having a clean and fast team seemed to be known in every town before we came, and when we left the fans were not disappointed.

The charge of the Hope College students was that Dr. Godfrey was trying to throw a monkeywrench into the sporting machinery, and all day Thursday little knots of students were gathering here and there upon the campus discussing Hope's defeat and attributing the cause to the Professor of Chemistry.

As the day advanced the little knots of students resolved themselves into a large mass-meeting, taking in practically the entire student body, where their grievances were aired and where resolutions were presented and passed covering several typewritten pages in which specific charges were made against Dr. Godfrey, covering a period of some time.

In the resolutions Dr. Godfrey was asked to explain his attitude towards athletics at Hope college, and why, with a single exception, all athletes who have been prevented from playing have been thus prevented several times by Dr. Godfrey only.

There are many charges made that have nothing whatever to do with the sporting side of the college, but were brought up because of it.

It was stated that a strike was to take place if Dr. Godfrey did not resign, but this has been denied by President Dimment.

At a meeting of the students, about three hundred in number attending, the resolution was read, but it is said that Dr. Godfrey, who was present, refused to answer the questions as they were read, at this time.

The controversy between the students of Hope College and Dr. A. T. Godfrey, head of the department of chemistry, has been settled on a basis that seems to be satisfactory to all and that vindicates the reputation of the administration and student body of that institution for good sense and reasonableness. Teunis Prins, captain of the basketball team, will be allowed to make up his conditions in Dr. Godfrey's department, taking another examination before the Hope-Y. M. C. A. game. President Dimment in the future will personally see to it that in the matter of eligibility to play on the team both faculty members and students will be treated in accordance with the athletic rules and regulations of the institution. The scholastic requirements of Hope College will not be lowered in any degree. Both faculty and students at the mass meeting held Monday afternoon, were agreed that Hope's reputation for high scholarship must be maintained.

The whole trouble was ironed out satisfactorily Monday afternoon in Winants Chapel, when a committee from the faculty met with the students. The first action that was taken was the passing of a resolution by the students to refer the entire matter to the college council. When this action had been taken, Professor J. B. Nykerk, who is at the head of the English department arose as spokesman for the faculty. He pointed out that Dr. Godfrey was one of the most valuable men of the faculty, that he had several times been offered other positions at salaries several times that received at Hope, but he remained at the local school out of a spirit of loyalty to the institution; that the same thing was true of most of the other members of the faculty. He declared Dr. Godfrey was very much wrapped up in his work and that hence there

was not much time left for him to give to outside interests, such as taking an active interest in athletics; but that he had built up a chemistry department that had helped to give Hope College a high standing. He made a plea for a more conciliatory attitude on the part of both parties to the controversy.

Both Prof. Nykerk and Prof. P. E. Hinkamp, another faculty member who spoke for the faculty, asked the student body that a protest be sent to a Grand Rapids paper for its reports in regard to the controversy. Such a protest was decided upon by the student body, and reads as follows:

"The reports published concerning the friction between the students of Hope College and Dr. A. T. Godfrey, were greatly exaggerated. At no time during the controversy was there any intention of striking on the part of the students. Furthermore, no resolution requesting the resignation of Dr. A. T. Godfrey was passed by the student body. Neither did the students pass a resolution recommending that the rules of the Athletic Board of Control be amended so that the marks given athletic students by Dr. Godfrey be ignored."

The purely personal grievances enumerated in the now famous "nine points" of the student body were characterized by the speakers for faculty as irrelevant to the main issue and were dropped.

The controversy seems to be settled and today both the faculty and students seemed to be happy that peace had returned after the little family squabble. In the words of Harry Lauder, describing a quarrel with his wife, "When the row is finished, we never know how it started."

Mrs. Edward Vaupell of Holland and Miss Ella Pellegrom of Grand Rapids are guests of Judge and Mrs. James J. Danhof.—Grand Haven Tribune.

## SAUGATUCK TOWNSHIP TO HAVE TWO PRECINCTS

Saugatuck township has outgrown its voting facilities, and hereafter will consist of two voting precincts with polling places in each. The Kalamazoo river will form the dividing line from the east township line to the west shore of Kalamazoo Lake at the line between sections 9 and 16, thence west to Lake Michigan. The territory south of this line, which includes the village of Douglas, will comprise the First precinct, while the Second precinct will consist of the village of Saugatuck and the other territory north of this boundary line.

Six Dairy products associations formed a state alliance at the joint annual meetings of the ice cream manufacturers and creamery owners and managers' associations Thursday of last week in Grand Rapids. Besides the two named those that are in the alliance are the milk producers, milk distributors, the condensaries and the cheese manufacturers' associations. Members of the board were elected: Geln Overton of Allegan representing creamery interests; E. J. Desert, Detroit, ice cream interests; A. H. Pray, Charlotte, condensaries; R. A. Page, Zeeland, cheese manufacturers; N. P. Hull, Diamonddale, milk producers, and A. H. Sparke, Saginaw milk distributors.

## FORMER CENTRAL PARK WOMAN IS KILLED

Mrs. John Teerman, daughter of Klaas Koster living on the Park road met with an accident Thursday that resulted in her death. A truck, driven by Albert Minderhout of Grandville, was struck by a Pere Marquette passenger train at Jenison.

The truck was caught squarely by the locomotive and Mrs. Teerman was thrown out. Minderhout was caught in the truck which was thrown several rods. Both were rushed to Bldget Memorial hospital, where Mrs. Teerman died shortly after arriving. The woman's legs were crushed and she received internal injuries.

Mr. Minderhout had his left foot crushed and suffered internal injuries of which later in the day he died. He had been drawing milk for the Grand Rapids Dairy company and was bringing a load to that plant when he met Mrs. Teerman and asked her to ride.

Mrs. Teerman is well known in Holland. She was formerly Miss Henrietta Koster. She was married about three and a half years ago to John Teerman. She was 29 years old.

Mrs. Teerman is survived by her husband, her father, and mother, Mr. and Mrs. Klaas Koster, one full brother and sister and two half-sisters.

The funeral was held Saturday. The body was then taken to the home of Mr. and Mrs. Koster at Central Park, from which place funeral services were held Monday afternoon at one o'clock, with services at the Central Park church at two o'clock.

## BIG RAISE IS MADE IN THE SCHOOL BUDGET

A school budget of \$146,000 was decided upon, by the Board of Education for the coming year. The size of this budget will give a vivid idea of the average person of the increase there has been in the cost of living. The cost of education has risen by leaps and bounds in the same way in which prices have gone up in all other lines.

The school budget last year was \$83,000, so that an additional sum of \$63,000 has been added for the coming year. It is the largest amount of increase in the school budget that has been authorized in any single year for as far back as can be remembered, which is probably the largest in the school's history.

While the increase may seem large when taken in a lump, an analysis of it somewhat modifies this first impression. For instance, \$2,000 of this sum will be used to pay off all the old school bonds. This will take care of all the bonds still outstanding, with the single exception of the high school bonds. All the other buildings will then be cleared.

Another important item that is not in the nature of a current expense but the payment of a debt is the appropriation of \$15,000 to repay a loan to the city of Holland. The schools in the past have been compelled to borrow on certain occasions and this money will now be returned.

Then there is the item of salaries for teachers. This will be very much greater than it was last year and the board had to make provision for the increase. The sum of \$30,000 will be added to the budget for this item alone, which will account in a large measure for the increase.

Moreover, the cost of text books has greatly increased, as has the cost of all other supplies, janitor's service, and so on.

The tuition for non-resident students in the high school has been raised from \$50 to \$75 and for non-resident pupils in the grades from \$25 to \$40.

## DISCUSSES THE RE- ACTIONS OF TODAY

Because of the near approach of Lincoln's birthday, a touch of the Lincoln spirit was given to the program of the Social Progress Club on Tuesday evening when that organization met at the home of Mr. and Mrs. W. J. Westveer, the host giving a number of typical Lincoln stories as the special entertainment of the program.

The paper of the evening was read by Arnold Mulder, whose theme was "The Reactions of the New Day." Attention in the paper was called to the fact that the roseate and often grandiose predictions during the war of the bettered conditions that were to follow the conflict have not materialized. A description of the spirit of turmoil of the times was given as manifested in politics, religion, education, social relations and so on. Attention was called to the super-emotionalism and sentimentalism of the day, and a plea was made for a greater infusion of the scientific spirit that investigates calmly before it passes judgment.

## FOR SALE

## LOCALS

The soldiers' athletic club of Grand Haven which has been in the process of organization for some time, was completed at a mass meeting held at the Armory on Tuesday night, Feb. 17, when the constitution and by-laws were adopted, officers elected and the club started on a firm foundation. Manufacturers and businessmen of the city are financing the organization. It is for all the ex-service men and members of the national guard and it will engage in every branch of sport.

Mrs. Webb McMartin, formerly of Holland, died in Grand Rapids at the age of 72 years. She left Holland some 15 years ago to make her home in Grand Rapids. She is survived by one daughter, Mrs. L. Kochling. Burial took place at Pilgrim's Home cemetery Monday noon.

After visiting for four weeks with her children, Mr. and Mrs. C. J. Parreant in outh Bend, Ind., Mrs. G. VanSchelven has returned to her home in Holland.

Frank Walsh was arrested on an assault and battery charge. His wife brought the complaint that Frank struck her repeatedly.

The Saugatuck Pike, which has been blocked with snow for some time, is open to traffic again.

J. F. Burns of this city was operated on at the Mayo Bros. hospital in Rochester, Minn., for chronic hypertrophic arthritis of the left hip. He was sent to the Mayo Clinic by Dr. Wm. Westrate of this city.

Alice Wassink, aged 25 years died at her home in Fillmore township, children. The funeral was held on forenoon at 11 o'clock from the home.

John Kleis, aged 65 years, died Tuesday morning at the home of Hendrik Veldheer at North Holland. The deceased is survived by two children. The funeral will be held Friday. Mr. Kleis had been living at the home of Mr. Veldheer for about four years, coming to North Holland from Wayland.

Rev. J. Wesselink of Pella, Ia., has been extended a call from Bethany Reformed church, Grand Rapids. He is located at Pella Ia. Mrs. Wesselink is a daughter of Mr. and Mrs. Peter Vanden Tak of this city.

Mrs. Fannie Rockefeller, aged 27 years, died Monday night at her residence on West 20th street. She is survived by her husband and two children. The funeral was held Wednesday Thursday afternoon at 1:30 from the home.

Little Beryl Rice, aged six years, died Thursday at her home in Detroit. The body was taken to Holland for burial, and short services were held at the home of Mr. and Mrs. Ray Nies on Michigan avenue.

Pat Sparks accused of violation of the state trapping laws, was acquitted by a jury in Justice D. C. Wachs court at Grand Haven.

The infant child of Mr. and Mrs. Henry Van Putten died at its parents' home 368 West 18th street. The funeral will be private.

Mayor William H. Loutit's home at Grand Haven is under quarantine at the present time. His son, William is ill with diphtheria.

Miss Jennie Van Huis, 26 years old, daughter of Mr. and Mrs. Albert Van Huis, died at the home of her parents at 144 East 18th-st. The funeral was held Monday at two o'clock from the home, Rev. B. J. Einink officiating. The deceased is survived by her parents, two brothers and two sisters.

Isaac F. Dick, aged 82 years, died at the home of his daughter, Mrs. Arthur E. Conley, Jenison Park. Mr. Dick passed away suddenly. The body will be taken to Charlotte for burial.

Born to Mr. and Mrs. George H. Gee, 57 W. 10th street—a boy, weighing 8½ pounds.

Mrs. Albert Timmer, aged 21 years, died at her home in Grand Rapids, 1114 Baldwin Avenue, Sunday afternoon at 5:30 o'clock, as a result of pneumonia. Mrs. Timmer was formerly Miss Mae Stegenga, a daughter of Mr. and Mrs. Peter Stegenga, of this city. The funeral was held Monday afternoon at 3:30 o'clock. Mrs. Timmer is survived by her husband and one child.

The best evidence of Holland's rapid growth is the crowded conditions prevail in graded schools with an enrollment of 485 students is the largest on record. The same conditions prevail in graded schools and a new building soon will become a necessity.

Mrs. Florence Watson, aged 33 years died Saturday at her home at 45 East 7th street. The body was taken to Reed City for burial on Tuesday morning. The deceased is survived by her husband, Lee L. Watson, and one son.

Ben Mulder has purchased a new Oldsmobile touring car.

Harry Kierman of Ganges was the owner of an athletic cow. The animal however, was killed while performing its first stunt. It climbed upon a strawstack, lost its balance took a tumble and struck on its back. Its back was broken.

The schools at Hamilton are closed owing to an epidemic of measles. Upward of 60 pupils were absent from the school. In addition to the measles the flu has made its appearance and many cases have been reported.

North Carolina has established a traveling dental clinic for rural schools, it having been discovered 75 per cent of the children have cavities in their permanent teeth.

Miss Reka Riksen of Holland has accepted a position as matron of the Ottawa county infirmary at Eastmanville for a year.

Forty-six cases of influenza have been called to the attention of the city health dept. at Allegan. All are confined in 35 homes.

A marriage license was issued in Allegan county for Edward J. Dozeman and Anna Sneller, both of Overisel.

Mrs. Henry Van Putten, aged 26, died Tuesday evening at 368 West 18th street. The deceased is survived by her husband and two children. The funeral will be held Friday forenoon at 11 o'clock and it will be private. Rev. J. P. Battema will officiate. Mrs. VanPutten's maiden name was Kate Wierenga.

Mrs. Leonard Caauwe, aged 22 years, died at her home at 97 East Eighth street, upstairs. The deceased is survived by her father and her husband. The funeral was held Thursday afternoon at three o'clock from the home.

The regular meeting of the Elizabeth Schuyler Hamilton Chapter, D. A. R., will be held Thursday afternoon, Feb. 12, at the home of Mrs. W. J. Olive, 90 West 11th street. A special program has been prepared to commemorate Lincoln's birthday.

The funeral of little Walter Brooks, the three-year-old son of Mr. and Mrs. Ernest Brooks, whose death occurred in Miami, Florida, a short time ago, will be held Friday afternoon at 2 o'clock from the Walsh home at 42 East Ninth street.

The Rebekah Lodge has postponed the party that was to have been held Friday evening. The postponement was made necessary by the death of one of the members.

Tuesday night the Holland Y basketball team will take on the strong Junior College team of Grand Rapids. This team has been playing a wonderful game all winter. The past week they scored victories over Albion college and M. A. C. All Fresh. The game will start promptly at 7:10 p. m. so as to get the Indoor baseball game between the Shoes and Warm Friends, started on time. Next Monday evening the Holland Y will probably play the Camp Custer officers.

The Grand Rapids Wolverines were beaten at Zeeland Friday night by the Zeeland Progress club's team 30 to 29. It was a close game all of the way, the first half ending with score tied, 15 to 15. E. DePree was the best for Zeeland. In the preliminary the Zeeland High school defeated the Fremont high school team 28 to 13.

## PERSONALS

Ben Van Raalte of the Kraker Plumbing Co. was in Jamestown on business Wednesday.

City Attorney Charles Mc Bride and Mayor Bosch are steadily improving.

All three of the local banks will be closed all day Thursday on account of Lincoln's birthday.

Agents of the Standard Oil Co. purchased ground in Allegan costing \$6,500 upon which a beautiful service station is to be built.

Three ton of carp were caught in Black Lake by the local netters on Monday.

Rev. Martin Flipse, pastor of the Third Reformed church was in Chicago Sunday.

James Van Ark of M. A. C. spent the week-end at his home on West 12th street.

Mr. and Mrs. Frank Oosting are spending a few days with relatives in Kalamazoo. While there Mr. Oosting will attend a banquet to be given by the Kalamazoo B. P. O. E.

Dan DenUyl, student at M. A. C. is visiting his parents, Mr. and Mrs. T. Den Uyl, West 15th street.

John Kelly of the Donnelly-Kelly Glass Co. is in Pittsburg, Pa., on business.

Mr. and Mrs. Lewis Holley who have been visiting friends in Holland left Wednesday for the south where they expect to spend the winter.

## DIES OF PNEUMONIA IN NORTH DAKOTA

News was received Tuesday night of the death in Westfield, N. D., of Joseph Slagh, son of Mr. and Mrs. Conrad Slagh of Zeeland, and a nephew of Bert Slagh of this city. Mr. Slagh was taken ill with pneumonia a few days ago and his father went to Dakota after an urgent telegram.

The deceased was 36 years old. He formerly lived in North Holland and is well known here. He is survived by his wife and three children, as well as his parents and brothers and sisters.

## CAPPON-BETSCH LEATHER COMPANY IN DISSOLUTION

The Cappon-Bertsch Leather Co., of Holland, a subsidiary of Armour & Co., meat packers, is involved in the contemplated dissolution of the packer interests and will be included in the Armour Leather Co., organized under the laws of the state of Delaware and for which \$10,000,000 preferred and \$10,500,000 common stock has been issued.

"The officers and directors of the Armour Leather company in Holland remain the same," said Mr. Henkle of the Pigskin Leather Department.

All the tanning companies and leather assets now owned by Armour & Co., will be acquired by the new company. The gross volume of tanning business in 1919 was approximately \$90,000,000, according to the company's figures.

The segregation of the leather interests of the packing company is in accordance with plans agreed to with the federal attorney general some time ago.

## CITY STORE TO OPEN THURSDAY AT NINE O'CLOCK

Holland's municipal store will open for business for the first time on Thursday morning at 9 o'clock in the court room of the city hall. The complete stock of the store has not yet arrived, but so impatient are the people to buy the goods that City Store Keeper Peter Brusse has decided to open with what there is. Another shipment of other kinds of goods is expected to arrive in a few days when the store will get into its full stride.

Mr. Brusse announced Wednesday that the buying public coming to the municipal store will have to bring baskets. The War Department does not furnish paper and twine, so that the goods will have to be passed out to the patrons unwrapped. The person who comes unprepared and without any basket may find that it will be a hard proposition to get his goods home.

The third floor of the city hall has been arranged as a store, long tables having been placed in the court room which are to serve as counters. Mr. Brusse will be in charge and he will have full responsibility for the venture into municipal merchandising.

The goods that have arrived so far are as follows; a quantity of blankets in three grades, selling for \$2.50, \$3.50 and \$5 apiece; canned tomatoes, one pound cans selling at eight cents, and two pound cans selling at 11 cents; bacon in slabs selling at 20c a pound; woolen socks at 55 cents a pair; lanterns at 65c; barrack bags at 75c; hand axes at 75c.

These are the main items now here and they will give an idea of the prices that will prevail. A considerable variety of other goods are on the way. Mr. Brusse has received a telegram that they have been shipped and that they will be here soon.

## ICE SUPPLY IN THE CITY IS ALL RIGHT

Holland's ice supply for next summer is said to be ample.

The question was brought up when E. P. Stephan of the Holland Furniture company stated that he had heard that only one company was putting up ice, and if there was an inadequate supply now is the time to remedy it.

Said Mr. Stephan "Surely there can be no possible excuse to cry ice famine next year. Never has there been such an abundance of nice clear ice before, and if enough ice has not been put up there is still time for this club to use its influence in seeing that this is done."

With the abundant crop there is no excuse why every family whether well-to-do or in moderate circumstances should not get ice at a reasonable figure and plenty of it."

Mr. Stephan was informed that while last winter none of the creameries had had ice, the butcher shops were without, and the ice cream men had none, and our neighbors such as Zeeland, the resorts and Saugatuck, had to get their supply from Holland, this year these are all amply supplied and besides every available ice house in the city is filled, and Mr. Landwehr states that the Holland Milk Products Co., have put up an abundant supply, that the company would share with the city in case of an emergency, while Mr. Donnelly of the Holland Aniline Co. has put up 500 cords of ice, and besides they have their newly acquired ice plant to help in case of emergency.

The officials of the Superior Ice Co. state that they are better equipped to handle Holland's ice situation than ever before, and besides the artificial ice that this plant can turn out, the company has also put up a larger supply of natural ice than has been the custom in the past, so Holland "should worry" about the ice situation.

## POLAND WAS THEME OF W. L. C. MEETING

Poland was the theme of the meeting of the Woman's Literary club Tuesday afternoon. A very comprehensive review of the book, "Thaddeus of Warsaw," the scene of which is laid in Poland and England was

given by Mrs. W. C. Kools. Miss Ed three splendid selections from Henrietta Zwemer gave an excellent Paderewski.

Mrs. Post announced that a gift tent with being the world's greatest pianist became a world ruler when he assumed the office of prime minister of Poland.

A general discussion from the floor was enjoyed and Mrs. Robbins played by them some time in March.

# Extra Phonograph Sale Extra

EAST EIGHTH STREET**

## CONSOLIDATION OF THE SCHOOLS IS TALKED OF

At least four hundred members of school boards of Ottawa county's rural schools were in Holland Tuesday at the invitation of county school commissioner Nelson R. Stanton, to talk over the much-needed requirements of our district schools.

Mr. Otwell, assistant superintendent of public instruction of Michigan was the principal speaker and while a great deal of important work was gone over, the one great theme that seemed to concern the board members was the consolidation of our district schools, a plan that has been adopted in other states.

The idea is to have one large school building with all the modern conveniences taking care of, say two or three districts. No doubt this would mean a revision of the districts and the schools would have to be built very centrally and near or on our trunk line roads. The pupils would be taken to school by means of conveyances, able to hold a large number in comfort, both in the winter and in the summer, especially built for that purpose as is being done in other states.

One large school would take care of a radius of six miles, and the pupils living the farthest away from the school would be approximately three miles. The plan would be to have a teaching staff of the same calibre as those in our lower grades and high schools in the cities and consequently all equipment necessary would also be installed.

Social environment and sporting requirements would no doubt be added as a matter of consequence. The big idea is to get several schools consolidated, thus creating great economy in the way of fuel and teaching staff and at the same time giving the pupils the benefit of a high school education at their very doors.

This new departure will also have a tendency to keep the young folks on the farm, besides giving more diversion even to those in the country who do not go to school.

It has been noteworthy that few of our young folks who have attended the college or high school in the city ever go back to the farm.

## DIES AFTER AN ILL- NESS OF THREE YEARS

After an illness of about three years, Mrs. William De Bruyn, aged 33 years, died at the home of Mrs. George Fitzpatrick, 174 East Fifth street, Monday evening at 11 o'clock. Mrs. De Bruyn had many friends in Holland. Her maiden name was Miss Tillie Lyons, and she was formerly employed in the Blom Candy Shop.

The deceased is survived by her husband and two children; also by two sisters and three brothers. The funeral was held at the home of Mrs. George Fitzpatrick, 174 East Fifth street, Thursday afternoon at 1:30, Miss Nellie Churchford officiating.

## THIS IS SOME EGG

### FROM A LITTLE HEN

Eggs at 50 to 75c a dozen would not be considered extravagant with the breakfast bacon if all hens would be as liberal as a nine months old White Wyandotte pullet owned by Mrs. J. H. Phillips of Allegan county. An egg laid by this little bird is on exhibit in the front window of the Saugatuck print shop. It is perfect in shape and measures 8 inches in circumference one way by 6½ the other.

Undertakers and funeral directors have been notified by the department of health at Lansing that in all cases of death from influenza or pneumonia following influenza when the body is to be shipped it must be placed in a hermetically sealed casket the same as in cases of smallpox except that body is not required to be wrapped in cotton and bandaged. Public funerals are forbidden.

## BELCHING

Caused by

## Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food-repeating, indigestion, bloated, gassy stomach, dyspepsia, heartburn and other stomach ailments. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not eat a bite without belching it right up, sour and bitter. I have not had a bit of trouble since the first tablet."

Millions are victims of Acid-Stomach without knowing it. They are weak and ailing, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Cirrhosis of the liver, intestinal congestion, gastritis, catarrh of the stomach—these are only a few of the many ailments often caused by Acid-Stomach.

A sufferer from Catarrh of the Stomach of 11 years' standing writes: "I had catarrh of the stomach for 11 long years and I never found anything to do me any good—just temporary relief—until I used EATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and see how much better you will feel in every way.

At all drug stores—a big box for 60c and your money back if you are not satisfied.

**EATONIC**  
FOR YOUR ACID-STOMACH

## OFFICERS AND TEACHERS ENTERTAINED

Former Mayor E. P. Stephan Friday evening entertained the teachers and officers of the Third Reformed church at his home on West Ninth-st. There were 60 present and the gathering was a most enjoyable one. An inspiring talk was given by Dr. J. E. Kuizenga on the subject, "The Play, Beauty and Art of Religion." J. Vandersluis formed the guests into a huge chorus and they sang a number of brand new songs. Harold Sywasink furnished a solo. Henry Geerlings gave a talk, Rev. M. Flipse outlined the Sunday School lesson for next Sunday, and the host, E. P. Stephan, also gave a fine talk. Elaborate refreshments were served.

## LOCAL FIRM GIVES CASH PRIZES TO SALESMEN

This is the second time that Dr. Fred Brower won a prize for salesmanship. The firm of Holleman & Dewerd who have three garages, one in Zeeland, one in Byron Center and one in Holland have a contest on between the three salesmen at the different establishments. In December Dr. Brower of Holland won a \$50 suit of clothes for having sold the largest number of Fords during the month. He again won in January when he sold 27 new Lizzies and received as a prize the sum of \$30 in gold.

A. A. Curtis of Byron Center won the second prize of \$15 in gold having sold 23 Fords and two Ford tractors.

Rev. Samuel M. Zwemer, Reformed church missionary and editor of "The Moslem World," of Cairo, Egypt, spoke Sunday afternoon at the Y. M. C. A. on "Christianity, the Final Religion; Christ the Only Savior."

## NEW COMPANY GETS AN OPTION ON MILL PLANT

The new Zeeland Canning company organized a week or two ago, has secured an option on the property known as the mill, grounds and warehouses of the Zeeland Milling Co., which has been secured thru agents of the canning company. This is very desirable property with the very good rail connections. The price at which the option was secured was considered very reasonable and the building being equipped with power and steam would greatly facilitate the beginning of operations. This option will be honored and calls for possession being turned over about the middle of March. The milling machinery will be disposed of and canning machinery will take its place. The present hard wood floors will be replaced with concrete floors and it is hoped to have the plant in shape within one month from the date it comes in their possession.

When the company was first in prospect it was intended to raise a capital stock of \$25,000. The idea was to build a smaller frame building of one story for the factory part besides warehouses of cheap construction, but as the plan developed and more subscribers were available than was anticipated, it was decided to increase the capital limit to fifty thousand dollars, with a possible paid in capital of \$35,000. It is now estimated that this sum will be adequate in supply funds for the first year's operation.

It is planned to have the factory in operation nearly the whole year with possibly two weeks or a month given to repairs in the late winter. Perishable produce and fruits will be canned at once as soon as it is received, but vegetables will be stored to work on during the winter season. The canning of celery is a new feature in the canning industry and will prove one of the most interesting and profitable winter lines, Zeeland being situated in the heart of the celery growing district.

## FOREST GROVE IS CENTER OF BIG POULTRY GAME

The little settlement of Forest Grove, in the heart of the Dutch section north of Zeeland, is one of the greatest poultry districts in the state of Michigan if not in the country. Some of the chicken breeders there have incubators of 100,000 egg capacity and a plant of 25,000 egg capacity is not considered particularly large.

Walter Ter Haar of Forest Grove described the industry as follows: "The pullets down our way are beginning to do their duty. The egg production is fine just now and it is increasing. We are selling to the trade at around 57 cents to 58 cents."

"The price will be lower later, but an immediate drop can hardly be looked for because next week the poultry growers will begin accumulating stock for their incubators and this will take a great many eggs out of the market. Some of the Forest Grove growers have incubators of 100,000-egg capacity, and the 10,000-egg capacity plant is not uncommon. The early sets do not run high in hatch, probably not more than 40 per cent, but they take a lot of eggs. Forest Grove growers have a wide reputation and the early hatched chickens are shipped to all parts of the country. And then we keep a lot of the early birds of June and July broilers. Our favorite breed is the White Leghorn."

## D. L. HAGERMAN RESIGNS AS OTTAWA FARM AGENT

D. L. Hagerman, for the past four years county agricultural agent of Ottawa county, has resigned his position, to become agricultural and industrial commissioner for the Grand Rapids & Indiana railway company. The resignation of Mr. Hagerman and his appointment to the big railroad position came like a bolt out of the clear sky. It was almost as much so to Mr. Hagerman as his conference with the railroad company relative to the position was but a very recent occurrence.

Mr. Hagerman succeeds W. P. Hartman, who recently resigned the railroad position and the work carries with it much more prestige and salary than the Ottawa county position.

The duties of the agricultural and industrial commissioner of the G. R. & I. Railway are largely along the lines of Mr. Hagerman's work as county agricultural agent. He will work in stimulating and developing agricultural conditions in the territory traversed by the railroad and will also be advisor in regard to locating industries in the town and territory reached by the railway.

Much of the time Mr. Hagerman expects to be in the northern part of the state. This district is now opening to settlement and families from all over the country will be going there to settle. Mr. Hagerman will have offices in the G. R. & I. building in Grand Rapids and when in the city can be found there. His duties, however, will undoubtedly keep him on the jump.

## OFFICER FINDS MAN ASLEEP ON AN OUTSIDE PORCH

Under Sheriff Lawrence De Witt was called at Grand Haven Saturday night to investigate some groans a neighbor had heard issuing from a deserted house at the corner of Columbus and Second streets, at about midnight. Upon his arrival the officer found that the cause of the groans had removed himself from the house to the fresh air and was serenely sleeping on a nearby porch.

With the sleeper, securely tucked away under his arm, as a guard against the cold, and in lieu of blankets, was one quart bottle three quarters full of real whiskey. The officer confiscated the liquor and dragged the happily unconscious man to the jail. The sleeper proved to be Thomas Madigan, a sailor but where he found the last bottle of real booze in the world is a mystery.

The open air nap with the thermometer touching zero came near being Madigan's last sleep. Within a short time he would have been frozen to death, but he appears none the worse for his orgy beyond a headache and frost nipped fingers. He was arraigned before Circuit Court Commissioner Daniel Pageisen at Grand Haven on the charge of having liquor in his possession.

## STATE TRUNK LINES TO BE NUMBERED IN STEAD OF NAMED

Michigan Good Roads association and state of Michigan proper have adopted a new way of designating trunk lines not by name, but by number. This was brought out by Mr. Gray of the Michigan Tourist Resort association at the Victory Club dinner Monday.

For instance the West Michigan Pike is officially known as road eleven, and when a tourist goes down this pike and meets with number 11 at intervals of two miles he may know that he is still on the right road.

Should some other number meet his eye the autoist will know that he is on some other road and he must go back to the first cross road where the right number will direct him.

At every turn in the road numbers will be conspicuously placed not alone at the turn but also a short distance beyond the turn, so that when the tourist makes the wrong turn and fails to see the number the first time, he cannot help but see that he is on the wrong road when he has gone a little beyond.

The numbered roads will be designated by large square figures in a square design that can be easily seen by day or night, and arrangements will be made to have the road workers keep these in shape and have the figures restenciled at least once a year.

All automobile guides through Michigan will use the number system in the future. Surely this system is about the most convenient thing one can possibly adopt.

Wisconsin has followed this system for the last two years, and other states are also adopting it. No doubt within a few years the national trunk lines will be designated by number rather than by names, and the main arteries of travel will be the same numerically in passing from one state to another.

For instance the West Michigan Pike going through Michigan, Indiana and Illinois will be known as number eleven in all three states.

# CLEARANCE SALE

At the Enterprise Shoe Store is now in full Swing  
SALE CLOSSES SATURDAY, FEB. 21

We will place on Sale our Entire Stock of Shoes,

Pomps, Oxfords, Felt Shoes and Slippers

Mrs. J. Sas, Jr., of Grand Haven is visiting her mother, Mrs. J. Sas, Sr., for a few days.

Mrs. J. Sas, sr., was a Grand Rapids visitor Sunday where she visited her sister, Mrs. S. Zant.

The first woodpecker of the season was found busily working in a tree at the residence of Mrs. G. Doll Wednesday afternoon.

Candidate J. Kuite of the Western Theological Seminary has received a call from the Reformed church of Sanborn, Ia.

Dick Boter of the P. S. Boter Clothing Co. was in Grand Rapids on business Wednesday.

H. Vanden Beldt with the Holland Furnace Co. at Morrison, Ill., has been in the city for the past week.

Henry Luidens and Ben Brower are in Grand Rapids on business today.

Prof. Winant Wichers and Miss Anna Visscher, instructors at Hope have not been able to meet their classes because of illness.

Rev. B. F. Brinkman of Pella, Ia., is in the city for a few weeks visiting relatives and friends.

Rev. and Mrs. A. Vander Ploeg of Newton, Ill., were called to the city because of the illness of their son Harold, a Hope college student.

Mr. A. De Feyter who has been visiting at the home of his daughter Mrs. Rev. V. Van Heuvelen at Jakima, Washington, has returned to his home in this city.

Jim Kelley of the Wolverine & Silver Fox Farm of Muskegon has been in the city for a few days developing the Holland Black Fox farm to be located north of the city.

Prof. John Hoekje of the Western State Normal of Kalamazoo was one of the guests at the Victory club dinner next Monday. He has been invited to speak by the committee on entertainment.

The meeting of the Federation of Men's Adult Bible Classes that was to have been held next Monday evening has been postponed for one week on account of the large amount of illness in the city.

Rev. James Wayer, pastor of the First Reformed church, has recovered from his illness and he will conduct the mid-week prayer meeting this evening. He will resume the studies in the gospel of St. John. The subject for this evening will be, "The First Miracle and the First Cleansing."

Those who intend to attend the Lincoln banquet at Grand Rapids this evening are the following: E. P. Stephan, W. Stephan, G. J. Diekema, W. Vander Ven, B. Brower, J. Lokker, B. DuMez, T. N. Robinson, S. L. Henkle, Wm. Olive, Dr. Waltz, Dr. M. J. Cook, H. Wilson, George Pelgrim, H. Geerlings, J. Westrate, J. Bale.

Mr. Henry Boven of Benton Harbor, formerly of this city, who has been seriously ill with pneumonia the past ten days is slowly improving according to last reports.

The Strand will have Norma Talmadge in "Temperamental Wife," Friday. It is a story written by John Emerson and Anita Loos, and is their first effort since their marriage recently. It is a very amusing play and will please all lovers of the movies.

The members of the Victory club have been invited to a convention of the State Advertisers League by Mr. Bailey of the Wolverine Advertising Co. of Holland. The convention convenes on Feb. 19 and will be of vital interest to men who believe in advertising and eye-opener to those who do not.

In the Sunday Grand Rapids Herald appears the cut of Nicholas Hoffman, assistant supervisor for the Ottawa and Kent counties' census enumerating board. The Herald states that all the work along this line will be finished by February 15. However the stormy weather and flu have retarded the work greatly.

Van Vleck Hall at Hope College is a veritable hospital, six being ill. Those on the sick list are John Louwe, Fred Decker, Dan De Graff, John Hager and Albert Berkompas. Harold Vander Ploeg is very seriously ill and it is feared that pneumonia may result. He could not be taken to the city hospital, that institution being full to capacity.

A meeting of the Grand Haven Ministers' association was held at the home of the Rev. De Kraker of the Presbyterian church. The meeting was enlivened by an interesting discussion on "The Gospel." An election of officers was held which resulted in the following being named to head the association for the ensuing year: Rev. H. Schipper, president; Rev. W. Groen, vice president; Rev. G. W. Maxwell, secretary; Rev. T. Smith of Spring Lake, treasurer.

## THIRTY-ONE ROUNDS OF BOXING AT THE COMMUNITY CLUB

## LADIES WILL ALSO BE ON HAND TO WATCH THE BOYS WITH THEIR "DUKES"

The Community Club in the Sentinel building supervised by Father William Wyckoff is to put on the first series of boxing and wrestling contests given by local talent.

Monday night 31 rounds of boxing, army style, has been arranged for with several young "bloods" of Holland as participants.

Nivison and Fabiano, recently of the U. S. Army will supervise and referee the contests. Of course no knockouts are going to be permitted and the sport will be such as gentlemen only participate in.

The late Theodore Roosevelt was a great believer in the manly art of boxing and the United States government and military men have adopted the method as one that makes healthy strong men of new recruits in the army.

There are several ladies belonging to the club, and not alone will those be present, but all others interested are invited. The public generally is given a hearty invitation by the young men and young women of the club.

This form of recreation should be encouraged not alone, but the project should be assisted in every way.

## HOLLAND CARS THROUGH AFTER LONG WAIT

Approximately \$15,000 worth of new automobiles pulled into Holland Monday afternoon after having been on the road for a week or two in

transit from the factories in Lansing, Detroit, Flint and Cleveland. The machines were enabled to make the home port Monday afternoon after their long stay in garages on the road by reason of the efforts of A. Harrington, Ottawa County Road Commissioner.

The trouble centered in three miles of road between Hudsonville and Forest Grove. The road all the way from Detroit was open all the time so that the cars could come thru but the hitch came in the little stretch on the main road between Holland and Grand Rapids. But that proved an effective barrier, and local dealers were unable to get their cars to the persons who had purchased them and who were clamoring for them. So on Saturday Mr. Harrington took the situation in hand and took the matter up with the highway commissioner of that section. As a result teams were set at work and the road was put into proper condition for traffic.

The following cars were driven through: A Cleveland and two Chandlers by Dulyea & Vander Bie four Dodges by the Venhuizen Auto Co., two Reos by Peter Lievense of the Peoples Garage, and two Dorts by H. P. Zwemer. The combined value of these cars amounts to nearly \$15,000.

The trip from Grand Rapids Mon-

day was made without any mishap and took only about two and a half hours, from 11 to about 1:30, with a fifteen minute stopover in Zeeland. All the cars came through on their own power all the way, and not one needed to be assisted by any of the others.

Holland High's basketball team annexed another game to its string of victories Friday evening by defeating Grand Haven 32 to 11. Capt. Irving, Holland's star, was not in the lineup due to injuries and his absence was sorely felt, at times as the team did not work as cleverly as in the previous games of the season.

After the opening of the game it was soon apparent that the county-seat lads were not in a class with the Holland team. Grand Haven scored only two goals during the entire game. The playing of Stegenda at center proved too much for Grand Haven as he alone scored 14 points, and his clever passing puzzled the whole opposing team. Beeuwkes was the next highest scorer for Holland, caging the sphere five times. Van Lente was substituted for Knutson during the last five minutes of play and made a creditable showing for his first appearance scoring two baskets. Westerohoff of the opponents scored all Grand Haven's points.

## ELECTRIC RAILROAD FREIGHT

The Service is Superior and the Delivery Much Quicker via Electric.

THE UNIVERSAL CAR

## FORDSON TRACTORS

## WHO RUNS YOUR FARM

Probably you think you do, but if your spring work is regulated by a slow moving team, green from a winter's rest, we're not so sure you do.

## RUN IT YOURSELF

Over 80,000 Fordson tractor owners will soon be in the fields for their spring work. They can work when they please and are always sure the seed will be in on time. They are their own boss.

## HOW YOU CAN DO IT

Ask a Fordson owner near you about the tractor. Talk to your Fordson dealer. If you don't know who he is we'll tell you.

## BEGIN THIS SPRING TO FARM WITH A FORDSON

During November we sold Fordsons to Abram Marshall and Floyd Pfeiffer of Byron Township; during December to Raymond Homrich of Byron Township; during January to B. A. Ter Haar of Dorris Township and to Bos Bros. of Jamestown Township. These gentlemen were far sighted enough to buy early, taking no chance on spring delivery.

## CONSULT OUR NEAREST FORDSON SERVICE STATION

Don't put it off—next spring, even next month, is an uncertainty. We cannot take orders for spring delivery. So the only way to be sure of getting a Fordson is to order it now. Get your name on an order. It is your protection.

## HOLLEMAN-DE WEERD AUTO CO.

Authorized FORD and FORDSON Sales and Service

Byron Center

HOLLAND

Zeeland

Insist on using genuine Ford parts

FOR SALE—Day old baby chicks: S. C. White and Brown, S. C. Black Minorcas, S. C. Aconas. J. Stoetker, 360 Colonial Ave., P. O. box 218, Zeeland, Mich., Phone 291. Circulars free.

If you want a Model 90 Overland touring car in first class condition see Holleman-DeWeerd Auto Co.

## Republican Caucus

A republican caucus of Park township will be held at the Townhouse in Waukegan, Saturday, Feb. 21, 1920, at 2 p. m. to nominate candidates for various township offices and for such other business as may come before the meeting.

12-19 Republican Committee.

## Manure for Sale

Farmers and gardeners in need of fertilizer should see me before buying. I sell the Wizard Brand Concentrated Manure, the best on the market. Sheep manure; cattle manure. Gerrit Warmeling, 642 First Avenue, Phone 2112, Holland. 3t49-9.

ROOM FOR RENT—Large front room. Two gentlemen preferred. Inquire 100 East 18th St. If you are in the market for a Portable Engine, from ten to fifteen horse power see Holleman-DeWeerd Auto Co.

## Make Your Selection

We offer you any business course you may desire, as:

Bookkeeping

Stenography

Typewriting

Penmanship

Dictaphoning

Operating Burroughs Calculators

and other allied subjects. Personal instruction is given by teachers with practical experience.

You can begin a course in bookkeeping on Monday and a course in stenography on the first Monday of every month.

On account of the increased demand for office help, our school will be open all year round to enroll students.

Opportunities were never better nor brighter.

Why not enroll now?

Classes both day and evening.

Safeguard Yourself With

The **Had-Leen** Company

## Dichloramine-T Prevents Influenza and Pneumonia

Influenza, pneumonia and tonsillitis begin by breathing in germs that lodge in the throat and nose, inflaming the delicate membranes.

Had-Leen Dichloramine-T covers these passages with a film of germicide eight hundred times as effective as Mercury Bichlorid. Yet it does not injure the tissues. It remains active for twelve hours killing every germ.

## Doctors Recommend It

Dichloramine-T did such wonderful work in the war-hospitals of France and Doctors all over the world endorse it. Ask your physician.

Get it at your neighborhood druggist's ready to use. In Had-Leen Dichloramine-T vaporizers that preserve its full strength, \$1.25.
