City Is Slow In Renting Corner Lot

**MAYOR BROOKS CALLS AT-
TENTION TO PRESIDENT
HOOVER'S ANTI-HOARD-
ING PLAN**

Total Aid Given by City During
Past Two Weeks Was
Nearly \$1,900.

The Common Council meeting was rather uneventful. A great deal of routine work was done. No important measures came up and the roll call shows that some of the aldermen were absent for business reasons or sickness.

Frank Brive, dean of the council, has been ill for nearly two weeks and was not in his accustomed place.

It appears that the city has had application to rent the lot at the corner of Lincoln avenue and Eighth street at the Pere Marquette depot. The corner formerly was rented by Russell Haight, the druggist, and it appears that this drug store has opened again and no applicants were given the privilege without giving the drug store owner, Russell Haight, the first privilege to again lease it.

The city welfare money paid out was not quite as high as during the other two weeks, the total amount being \$1,879.99.

Mayor Brooks received a communication from the anti-hoarding committee appointed by President Hoover, calling for a campaign in this vicinity, and by the way, Frank Knox, well known in Holland, who has many friends here, made when he was a cub reporter on the Grand Rapids Herald, is at the head of that committee. Mr. Knox has made some strides in the business world. After leaving Grand Rapids he became the head of all the Hearst newspapers and now runs the Chicago Daily News. But he still remembers Holland and Grand Rapids as the stamping grounds of his boyhood days.

These and other interesting items are found in the official council proceedings below:

Holland, Michigan, February 17, 1932.

The Common Council met in regular session and was called to order by the Mayor.

Present—Mayor Brooks, Aldermen Kleis, Prins, Wolman, Hyma, Habing, Steffens, Jonkman, Huvener, Thomson, Veltman and the Clerk.

Minutes considered read and approved.

Devotions were led by Alderman A. P. Huyser.

Petitions and Accounts
Clerk presented warrants due from John and Minnie De Pree concerning the City of Holland for street purposes the north 1-2 of Twenty-eighth street between Washington and Van Raaie avenues for the sum of \$51.50, this being the amount that Mr. De Pree paid to the City of Holland in special assessment taxes for the paving of 33 feet on Washington avenue, which is now being deduced to the city. Accepted and ordered recorded.

Clerk presented lease between Jay Nichols and City of Holland for the residence located on the fairgrounds together with barn and pasturing privileges for a period of five years at a price of \$200 per year. Accepted and Mayor and Clerk instructed to execute same.

Clerk presented petition signed by several manufacturers and power users asking the city to consider the possibility of giving some relief by granting a lower power service charge or in some other manner lowering power costs. Referred to the B. P. W.

Reports of Standing Committees.
Committee on Ways and Means gave notice that they will present (Continued on Page 4)

**HOLLAND INDUSTRIES ASK
LOWER ELECTRIC RATE**

The Holland Common Council received a petition from the heads of nearly a score of local manufacturing plants asking for a material reduction in electric power rates.

Depression and reduction in the cost of things generally, as well as a reduction in the production of power by the city owing to these conditions were all set forth as reasons why a cut should be made in the price of city current to those industries who would be the first to start progress and better times in the city with the coming revival of business.

Those signing the petition, which was referred to the Board of Public Works, are the following:

Beach Milling company, National Biscuit company, Buss Machine works, Federal Baking company, Dutch Tea Rusk company, West Michigan laundry, Paris Cleaners, Szeaky Aircraft Engine company, Holland Co-operative company, Holland Lumber and Supply company, Liveness Battery and Car Storage company, the G. Cook company, Bolhuis Lumber & Manufacturing company, Essensburg Building and Lumber company, ILL Machine shop and Scott-Lugers Lumber company.

**WEST OLIVE YOUTHS HURT
WHEN CAR HITS THEM**

Nicholas Groth, Route 2, Grand Haven, and John Brelesnik, Route 1, West Olive, were injured early Sunday morning on U. S. 31 a mile north of Ferrysburg when struck by a car driven by Harold Meyers, 22 years old, of Grand Haven.

Groth, who was reported to have a broken arm and Brelesnik, who was bruised, were given emergency treatment in Hutton hospital and discharged Sunday morning.

State police investigating the accident reported the men were walking on the pavement with their backs to traffic when hit. They had run out of gas about midnight and were walking to town to get more.

SERIOUSLY BURNED WITH HOT FOOD

The little three-year-old son of Mr. and Mrs. Dick Bosch of East Holland was severely burnt about the hands, face and chest Monday, when he pulled a dish containing a hot liquid from the table at his home, spilling it over the youngster. Although painful, the accident will not prove serious.

Holland Girl Dedicates Poetical Play to Wash- ington and Lincoln

Miss Ethel Heneveld, daughter of Mr. and Mrs. George E. Heneveld, Virginia Park, who is now engaged as school nurse in the Greenville public schools, has written a poetical play, "The True Soldier," and it was given on the night of Feb. 14 at the First Methodist Church in Greenville, Mich. The play is based on the life of David during his struggle with Goliath. It is especially appropriate and interesting at this time, since we are celebrating the lives of two of our country's greatest soldiers, George Washington and Abraham Lincoln. The production was indeed well received by the Greenville audience and many who came from nearby cities.

Mr. and Mrs. George Heneveld with Misses Georgiana and Jean Heneveld of Virginia Park motored to Greenville Sunday night to attend the production of the play written by Miss Heneveld. In the near future it is to be given by the junior choir of Central Park church under the direction of the author.

Holland Ahead On Most Cities Musically

Civic Orchestra Is One of Many
Reasons; Next Concert To-
Night, Friday.

The second Civic Orchestra concert of the 1931-1932 season will be presented Friday evening, February 19, at Carnegie gymnasium. The enthusiasm shown by the audience at the first concert has interested many more people in the Civic Orchestra and a large crowd is anticipated.

Rehearsals have shown a decided improvement in the orchestra's work under Director Eugene Heister's baton since the orchestra was organized, and the program has grown popular appeal. The personnel has been increased and as before several important additions will be made from the Grand Rapids Symphony for Friday's concert.

Those people who heard the Grand Rapids Symphony when Mr. Erskine was guest soloist no doubt will remember his certain speech, which applies equally well to a Holland audience. He said that he admired any town which made its own music and supported its own musical organizations far more than a city that imported music of a slightly higher calibre. He praised the spirit which prompted small towns to create their own symphonic organizations and said that the musical level of such towns was far above the average town.

It is the sincere hope of all those interested in Holland's musical welfare that the Holland people seriously and patronize the Civic Orchestra in their two remaining concerts. See prices in announcement on page two, this section.

The program for tonight, Friday, is as follows:

Overture to the Opera "Pique Dame," von Suppe; Eighth Symphony in B Minor (Unfinished), Franz Schubert, (1) Allegro Moderato, (2) Andante Con Moto; Hungarian Dances Nos. 5 and 6, John Brahms.

Intermission.

"At Night," Rachmaninoff; "Prologue from Paganini," Leoncavallo (Mr. Walter Groth); "Reve Angelique" (Kamennoi-Ostrov), Anton Rubinstein; "Ballet Sylvia," (1) Valse Lente, (2) Pizzicato Polka, (3) March and Procession of Bacchus, Leo Delibes.

**WILL HAVE PLAYLET INSTEAD
OF BANQUET TALKS**

The Michigan Society of Sons of the Revolution will hold its annual meeting and banquet Monday evening in Warm Friend Tavern. The society lists about 50 members and Dr. George W. VanVest of Holland is president.

Instead of the customary talks as in former years the program will feature a playlet by Hope college dramatic club under direction of Mrs. W. H. Durfee and special music in commemoration of the bi-centennial birthday anniversary of George Washington. New officers will be elected.

**Grand Haven Milk Price to Be
Cut Cent**

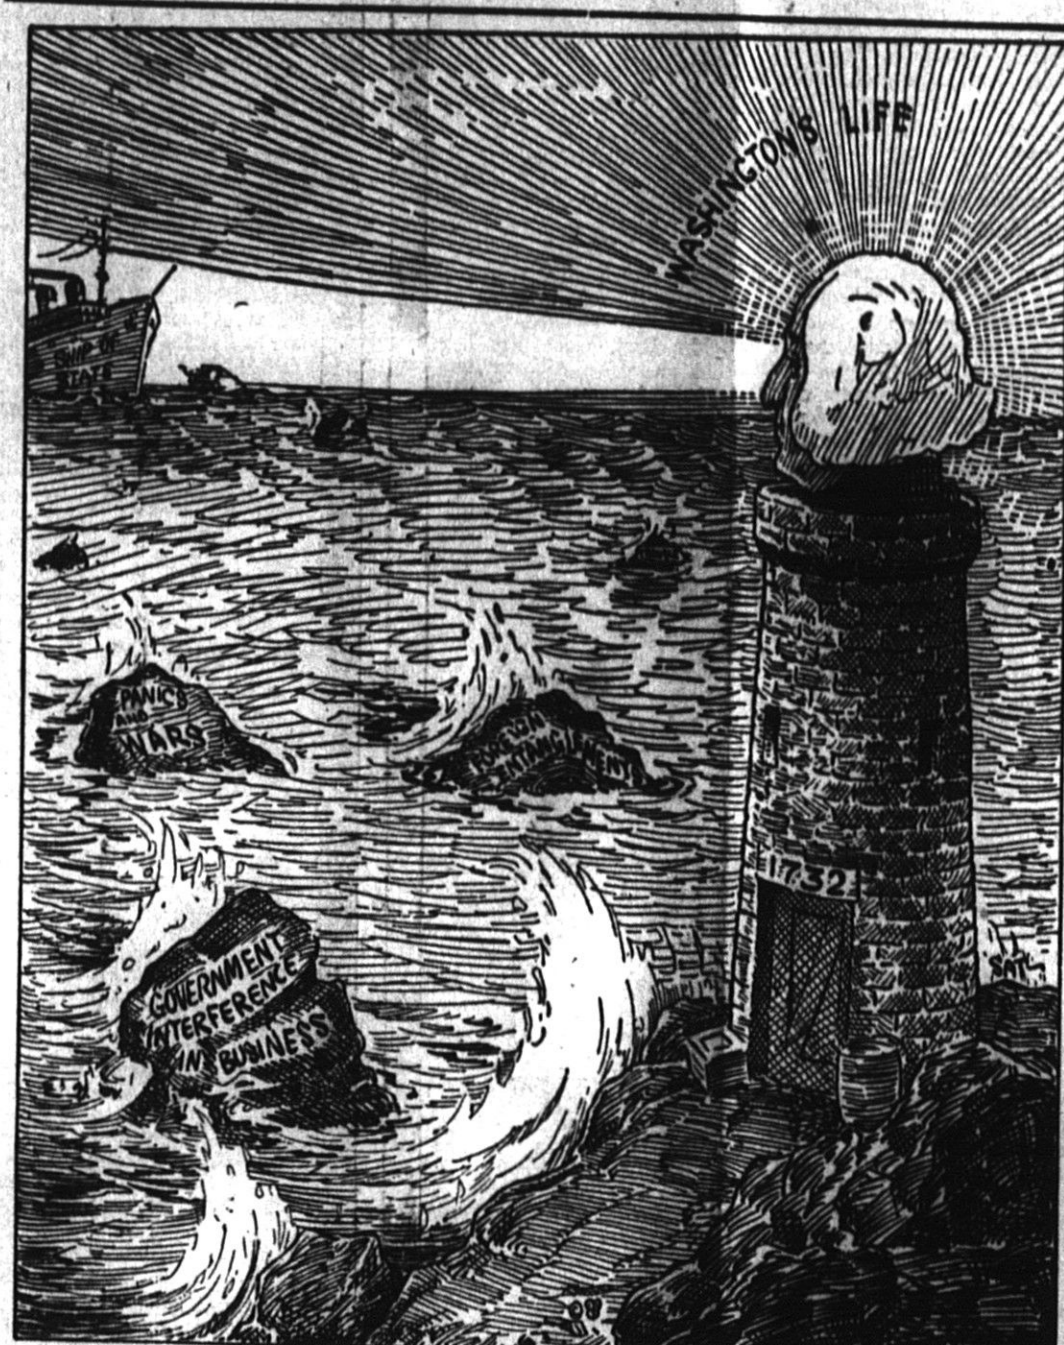

Reduction in the price of milk distributed at Grand Haven was announced at the city council meeting Monday.

The Grand Haven Sanitary Dairy in reply to a recent inquiry by the city regarding possibility of a price reduction, told the council a price reduction of one cent on quarts and pints would go in effect shortly. Quarts will sell at nine cents and pints at five cents.

A. E. Miller, head of the dairy company, said the reduction would be placed in effect within a few days. Letters from other milk distributors in Grand Haven were in accord with a general reduction in all dealers participated. The Grand Haven Sanitary Dairy is the largest distributor of milk in Grand Haven.

The lowered price of milk marks the end of a campaign for reduction started several months ago by Mayor William Ver Duin.

The newly wedded couple will make their home in Zeeland in the residence of the late John Jekel on Lincoln street.

**4 YEAR TERM FOR
TREASURER ASKED
BY GRAND HAVEN**

Amendments to the Grand Haven city charter allowing the city treasurer four years in office and limiting city assessor to four years may be presented the voters of Grand Haven at the regular election April 4 this year. Sentiment in the council last night favored both proposals, the first as tending to make for greater efficiency in the treasurer's office and the latter to prevent assessors remaining too long in office.

J. N. Poel, city clerk, a former city treasurer, explained the treasurer began to understand his job during his first year in office and thought in order to keep good men in, assessors should be retained for several years. The amendments will be presented to the council at the next meeting March 2 and if passed, will be voted upon at April election. The publication of intention to submit charter amendments must be made 30 days prior to the voting date.

**HOLLAND TO HAVE PART

The material consists of double doors, made of heavy timbers of white pine, containing latch and hinges, and bearing the name Michigan.

The doors were made for A. M. Peterson, manager of Lakewood farm, and the Danish-American Park commission, of which he is a member, by the Holland Lumber & Supply Co., and are eight feet in height. They will be shipped to Denmark next month. Peterson is a native of Denmark.

He turned in the alarm, but not a vestige of building and contents was saved since the flames had enveloped the building.

Holland Back to Saw Mill and Lumbering Days

**SAW MILL ERECTED JUST
ACROSS RIVER ON SCOTT
PROPERTY**

It seems almost a pity to cut down large trees, some of them more than two and a half foot through, but that is just what is going on right now and Holland is having a small taste of the lumber-jack age which existed here during the Van Raaie period.

John Owen and his two sons, Frank and Clarence, have put up a saw mill on the northwest corner of Ed. Scott's property on the B-line road just east of the new Grand Haven bridge. The saw mill is located along the old Pere Marquette right-of-way a reminder of the old days when the C. & W. M. came into Holland on a long curving bridge across the swamp and came to a stop at the north side of the old Holland depot. This bridge and trackage was abandoned when the Waverly switch yards were built some 40 years ago.

But that is getting away from the story. A saw mill has been established there and around Buchanan Beach, the Williams property, the old Arnold De Feyter farm, and also a few from the Scott property adjoining. Many of the logs are from trees that were in dying condition and some were cut down to thin out when these handicapped the growth of others. This is especially true of those coming from the west part of Park Township and from near Port Sheldon where just a little thinning has been going on to help beautify the standing timber.

Ed Scott states that at least two or three fine white oak, two and a half foot through, from his farm will be turned into lumber. These are on the skids, ready for the mill.

Ernest De Feyter "snaked" in a half dozen large logs of white pine, nearly three feet through, from the old Arnold De Feyter farm, four miles north of the city.

The Owen family bumped up against one difficulty and that is while their engine had power enough to pull the saw through the smaller logs, it was impossible to do much with the larger ones until a more powerful engine is installed. One is being secured and will be connected up with a threshing boiler. The larger logs will then be sawed into lumber of which there already is a sizable pile on the premises.

Yes—at least for a time the "toot-toot" of the saw mill whistle will be heard, those who want a taste of sixty years ago in the woods of Holland might do well to watch the Owen folks do their stunt as lumber-jacks just across the bay. It is interesting even if you haven't seen a saw mill work before.

**Many From This
City Sentenced
by Judge Miles**

Sentences were given seven law violators in circuit court by Judge Miles Monday. The majority of those sentenced by the Judge, who already in 19 cases except one, were youths of 19 to 23 years. All except one were convicted of breaking and entering and forgery.

Harold Kuite, 20 years old, of Holland, was the only one sentenced to a prison term. He is alleged to have violated a previous probation by breaking and entering. Judge Miles gave him one year in Ionia and said he would request Kuite be placed on long parole on release.

William Horning, 19, Detroit, formerly of Holland, pleaded guilty to receiving stolen goods. This was a reduction of a breaking and entering charge. Judge Miles deferred sentence until the young man should complete high school in Detroit this coming June.

Joe Risselade, 19, Holland, who pleaded guilty to forgery, was placed on three years probation and must pay \$100 costs. Louis Mulder, 22 years old, of Blenden, who pleaded guilty to two charges, forgery and breaking and entering, was placed on three years probation and must pay \$100 costs.

John Thalen, 25, Holland, pleaded guilty to breaking and entering recently and was placed on two years probation with \$100 costs added. Gerrit Tymas, 23 years old, of Holland, who pleaded guilty to receiving stolen goods, was put on two years' probation and must pay \$100 costs.

Upon release, De Ridder is to pay \$50 costs at \$5 a month.

Of 12 arraignments before Judge Miles, seven entered pleas of guilty and five of not guilty. Only two of those who pleaded not guilty are known to have legal counsel.

James Verano, pleaded not guilty to violation of the liquor law. Verano is 56 and resides in Holland. William Clayton Symon, 22, of this city, pleaded not guilty to forgery. It is alleged he forged a check for \$16.40 in March, 1931, in Grand Haven. Steve Zimmer, 43, of Muskegon pleaded not guilty to carrying concealed weapons.

Pleas of guilty were entered by Louis De Jonge, 23, Zeeland, charged with breaking and entering; Burt Downs, 57, Jenison, charged with violation of the liquor law; John Hallenthal, 46, Holland, indecent exposure; Harvey Mastman, 20, Virginia Park, breaking and entering.

An economy move for the consolidation of two city offices was launched here Monday evening when the city council voted to submit at the April election a charter change providing for the combining of the posts of city clerk and city treasurer. It was felt that one person easily could fill the two positions.

Our Boy Scouts

If your boy is running around with undesirable companions, why not suggest to him that he join a Boy Scout troop instead?
This is a good week to join.
The Scouts have been celebrating their formation in this country twenty-two years ago. From a small group they have grown to an organization of nearly 700,000 members. They have done more, probably, to help young Americans grow up into useful citizens than any other organization of the kind in the country.
Membership in a Scout troop gives a boy physical, mental and moral training of the best type.
It furnishes an outlet for his energies along the right lines.
It gets him out in the country and teaches him how to keep fit.
It inculcates honesty, decency and consideration for others.
These are lessons worth learning—he cannot hope to learn from loafers and the corner gang.
Talk it over with him anyway. Twenty years from now you may be glad you did.
Ottawa and Allegan counties have been unusually fortunate in having at the head of good christian men regular worth-while foster fathers to the boys, so to speak. Our own Peter Norg and his able aides are outstanding examples. Join the Scouts.

Plenty Court Cases for Term In February

MANY HOLLAND CRIMINAL CASES SCHEDULED FOR THIS TERM

Gus Zarves, charged with felonious assault, will be tried in the February term of Ottawa county circuit court, one of the most unusual cases on the calendar. A large number of breaking and entering charges, alleged forgeries and liquor violations have swelled the calendar to unusually large proportions and the term bids fair to be a long and interesting one.
Zarves, who has been held in the county jail for several months, waived examination before Justice C. E. Burr, when arraigned for felonious assault with a deadly weapon, following the alleged shooting of James Michael at Grand Haven.

The shooting was a sensational affair in which conflicting testimony threw blame on both principals. Zarves claims Michael assaulted him with a hammer and he fired the gun in self defense after Michael had thrown him to the ground. He claimed that Michael objected to alleged attention which he paid to Michael's wife.

LOAN ASSOCIATIONS IN SPLENDID SHAPE

Even during the present industrial depression, building and loan associations of Michigan can point with satisfaction to the fact that they are enabling many persons to acquire homes and also are making a substantial return upon their investments, according to Coleman C. Vaughan, supervisor of the building and loan division of the department.

The statement was made after Mr. Vaughan had studied the last monthly reports from the various companies.

"New problems have been presented to all financial institutions and the building and loan associations, under the supervision of the department, are coping with unusual conditions in splendid fashion," he said.

At the present time there are 66 building and loan associations in Michigan with assets of over \$100,000,000.

The last month for which reports are available is December, 1931. During that month, according to Mr. Vaughan's compilation, fourteen associations showed a decrease of \$58,683 in bank indebtedness, three showed a slight increase, fifteen showed no change, while twenty-four associations had no bank indebtedness on their books. Ottawa County Building and Loan Association has also made a fine showing for a number of years. It is now under the management of Wm. Brusse.

Bible Mentions Birds 290 Times

There are at least 290 references to birds in the Bible, say ornithologists. Of the birds mentioned, 113 are general in the sense that they refer simply to birds and not directly to any certain species. However, 31 species are mentioned by name.

The dove holds first place, being alluded to 35 times. The eagle is mentioned 32 times, the raven, cock and hen, 12 times each. Reference is made 11 times to the owl, 10 to the pigeon, 7 to the sparrow, 6 to the stork and 5 to the pelican.

Four passages refer to the quail, swallow and vulture, three to the ostrich, bittern, peacock and cor-morant. The crane, partridge, osprey, kite, cuckoo, hawk, heron, night hawk and lapwing are mentioned twice each, and the swan and the gier eagle once each.

Hoarding!

"Every dollar hoarded means a destruction of from \$5 to \$10 credit. Credit is the blood stream of our economic life. Restriction of destruction of credit cripples the revival and expansion of agriculture, industry and employment."

President Hoover thus has summed up the reasons for his national campaign against currency hoarding, latest undertaking in his comprehensive plan for revitalizing the economic forces of the nation. Second only in importance to the Reconstruction Finance corporation, the drive to bring dollars out of hiding calls for nationwide backing.

Those who through timidity have withdrawn their savings from circulation are not asked to spend or to loan them to the government. They are not asked to give up anything they have earned or acquired. They merely are urged to restore the currency to the normal repositories in order that it may become a part of the credit foundation upon which business is built.

President Hoover wisely made no appeal to the hoarders until Congress had enacted the necessary laws to reinforce the banking structure of the nation and to make well regulated and honestly conducted banks as reliable and safe as they ever were. With this reinforcing under way, he feels that all possible excuse for hoarding has ceased to exist.

Those who are keeping their money out of circulation are harming themselves as well as others. Their co-operation now is needed—just as much as it ever was needed during wartime. In a patriotic drive to get the dollars out of the trunks and into constructive circulation. —Grand Rapids Herald.

GRAND HAVEN COMES FROM BEHIND TO WIN OVER HOLLAND CAGERS

Grand Haven came from behind, slow but sure Friday to turn defeat into victory, when they triumphed over Coach Breen's Holland High basketball five, 20 to 17. The game started out to be a low-scoring fray, the Woodshoes outplaying the locals by a good margin in the first half, but missing basket after basket. The Grand Havens were also having a hard time locating the hoop.

Captain Nordhouse, who has been ill the past week and didn't start the game, was injected into the fray in the third quarter and he seemed to be the spark the Havenites needed. Boyink went on a scoring rampage and counted 4 field goals and 2 free throws from that time on and the Havenites were supreme the rest of the way.

Boyink led the locals' scoring with 5 goals and 4 free throws for 14 points, and Nordhouse played a good defensive game while he was in. Woldering, a substitute forward, led the Hollanders' scoring with 2 field goals and 3 free throws for 7 points, followed by Sluiter with 4 points. Essenberg and Heusing played good games until they went out via the personal foul rout.

The Holland Reserves defeated Grand Haven Reserves, 20 to 18, in the preliminary game.

Ancients Stored Wine in Earthenware Jars

The vessels chiefly used in the early days for holding wine were invariably the skins of animals. These skins were formed into crudi-bags and the seams were cemented with pitch or resin. Such were the wineskins successfully employed by the wily Gibonites in their negotiations with Joshua. These were succeeded by the earthenware jars known as amphorae, the size and shape of which are obviously modeled on the primitive wineskin. The amphorae was glazed inside and outside, the glazing being a resinous composition evidently copied from that used for wineskins. Its capacity was three gallons, and its aperture was at the thick end or top, like the wineskin, which was filled and emptied at the thin end or bottom. This simple but thoroughly practical vessel for containing wine remained in use without change for many centuries in Egypt, Greece and Rome. It was stored by thrusting the small end into the cell floor of dry sand. When the first tier was completed it was covered up deeply with more dry sand, another tier of amphorae was placed above it, also smoothed in sand, and then there it was left for years to mature at an even temperature.

The alarm was spread by Martin Sale, a neighbor living across the road. When the Hamilton fire truck arrived part of the building was in full blaze and for a while the firemen fought to save the main building. The flames, however, had crept along partitions to the straw filled loft and the firemen were forced to retire. The other buildings were saved after a hard fight. The stubborn fight put up by the men gave the owner an opportunity to remove all the animals, harness, etc. However, all machinery, two cars, one of which had been purchased two weeks ago, besides a large amount of feed was lost in the blaze. The total loss is close to \$10,000 and is not covered by insurance.

The gentleman had parked his car on the west side of the post office. A few moments later he found that his car had disappeared. In the meantime the employees in the offices of the Hamilton Transplanter were startled when a car crashed through the large window into the office, hurling glass and demolishing a large table. Confessions were made, the car was excommunicated and good feeling was restored when the salesman explained that the car was inquisitive since it has heard so much about the Hamilton celery planters.

The Woman's Literary Club held their regular meeting Tuesday afternoon in the clubroom. George Washington was the theme of the program, which was in charge of Mrs. C. C. Wood.

Mrs. Frank E. De Weese sang "My Days Have Been So Wondrous Free" and "Enraptured I Gaze." She was accompanied by Mrs. Harold Karter.

"The Youth and Manhood of Washington" was discussed by Mrs. William Tappan. Mrs. E. J. Yoe-mans gave an account of the social life of Washington.

The nominating committee, with Mrs. James Weyer as chairman, presented a slate of officers for the ensuing year.

ZEELAND ALDERMEN CUT THEIR SALARIES

The Zeeland city council took action Tuesday night to aid the unemployment situation by ordering the relaying of several blocks of water main in the residential section. The work will be conducted on Maple St. and Wall St. Six-inch pipe was purchased several months ago. The four-inch pipe will be removed from Maple St. and will be placed in Wall St.

The mayor's committee stated that each of the city fathers, including the mayor, will take a 20 per cent reduction in salary. G. P. Rooks, city superintendent, returned \$100 of his salary for the unemployment fund as a voluntary gift.

The council decided Tuesday to purchase a compressed air pump and tanks to operate the new fire horns to take the place of the present whistle. The horns also are to act as curfew and time signals three times a day.

CORNER'S JURY UNABLE TO PLACE BLAME IN VAN DAM FATALITY

The coroner's jury impaneled in the death of Henry J. Van Dam, composed of A. De Kruij, J. Boonstra, J. H. Holleman, H. Derks, George Van de Weide, and John Hartgerink held at the Zeeland city hall on Tuesday afternoon, rendered the following verdict:

That Henry Van Dam, who died at 12:25 a. m., February 7, 1932, came to his death due to an automobile collision, February 6th at about 8:30 p. m., at corner of State street and 16th street roads, two miles south of Zeeland.

From evidence presented we are unable to place the blame on either party and pronounce death accidental.

CENTRAL PARK

Miss Sarah E. Lacey, organist at Central Park church, is visiting in Chicago for over a week. Mrs. D. Van Der Meer will supply in her place next Sunday.

Mr. and Mrs. John Harthorn and their children, Cornelius, Marie and John journeyed to Oshkosh, Mich., last Tuesday. Rev. F. J. Van Dyke accompanied them on the trip. Cornelius and Marie were left there to join their sisters, Lillian and Jacoba, who have been patients at the Pine Crest sanatorium for some time.

The Friendly Circle of the Aid Society, under the leadership of Mrs. C. Davenport, will hold a pancake supper in the church basement Friday evening beginning at 6 o'clock.

The various candidates for township treasurer have been making the rounds here making themselves known to the voters so that a highly intelligent vote ought to be cast at the primaries March 6.

The regular monthly Parent-Teacher meeting will be held at the Lakeview school next Tuesday evening. The program committee, under the leadership of George T. St. John, has prepared the following interesting program: Song, by the audience; prayer; piano solo, Mary Jane Miles violin and trombone duet, by Alfred Berkompas and Frank Working, accompanied by Edna Berkompas; address, by Prof. Clarence De Graaf; piano solo, Ruth Williams; business meeting; violin and trombone duet, piano solo, Pauline Nyland. The following committee will serve the refreshments: Mrs. Stanley Efferdink, Mrs. Vernon Bishling and Mrs. George St. John.

In order to accommodate the large number singing in both the senior and junior choirs at the church it has been necessary to move the organ console out of the choir loft onto a specially built platform located between the pulpit platform and the choir loft. All agree that this is a great improvement and as the material used and the labor were donated by members the church was spared considerable expense. Those contributing time and money were Dick Miles, Henry Van Huis, George St. John, John L. Van Huis, Ben Nyland, Gerald Van Lente and John Harthorn.

HOLLAND ROBBER ROUTED BY A KENTUCKY GIRL

Grabbing a rusty toy pistol from a drawer Miss Ethel Cunningham routed a robber who demanded the money given her for housekeeping by Henry Winter, by whom she is employed.

Miss Cunningham had entered the kitchen where she faced the robber. Pointing the pistol at him she told him to clear out or get hurt. The man fled. He picked up a purse which later was found near the garage. About \$200 in church collections was untouched. Miss Cunningham is a Kentuckian and a Hope college student.

for introduction at a later meeting the annual appropriation bill. Committee on Claims and Accounts reported having examined claims in the sum of \$3,551.06 for extra labor payrolls, and \$8,757.59 for regular claims, and recommended payment thereof. (Said claims on file in Clerk's office.) Allowed.

Welfare Committee reported poor orders in the amount of \$595 for regular, and \$1,284.99 for temporary aid; total \$1,879.98. Accepted and filed.

Alderman Thomson reported that he had been approached by Mr. Pete Botsis who wanted to lease from the City of Holland the lot on the corner of Lincoln Avenue and Eighth street for a stand. Mr. Botsis contended that he had been promised by Mr. Kleis that he could get this for \$150 per year but now upon seeking the lease had been refused. It was explained by Alderman Kleis and Mayor Brooks that the promise to Mr. Botsis had been a conditional one depending upon whether the drug store located on the adjoining lot was to be opened, and if so, Mr. Russell Haight or whoever opened the drug store, which was now closed, would be given the first opportunity to lease the property. After some discussion on the matter in which it was pointed out that whoever leased the property should make payments in advance in order to guarantee the city the rental, it was moved by Alderman Prins and seconded by Hyma.

That the matter be left in the hands of the Ways and Means Committee with power to act. Carried. Communications from Boards and City Officers.

The claims approved by the Library Board in the sum of \$509.99; Park and Cemetery Board, \$249.93; Police and Fire Board, \$2,408.14; Board Public Works, \$11,004.30; were ordered certified to the Council for payment. (Said claims on file in Clerk's office for public inspection.) Allowed.

Clerk reported total amount of checks drawn on People's State Bank and paid by First State Bank since the last Council meeting, \$630.85. Allowed and warrant ordered issued.

Clerk reported recommending several transfers from various St. Imp. District Funds to the St. Improvement Bond Fund. Adopted.

Clerk reported recommending several transfers to and from the Sinking Fund. Adopted.

Clerk presented report from city treasurer showing an item of \$720.40 for interest that has been added to the savings account in the Defective Paving Repair Fund. Accepted and filed.

Clerk presented report from B. P. W. recommending several transfers from the Main Sewer Fund to various district sewer funds. Adopted.

Motions and Resolutions. Alderman Veltman reported recommending that as soon as the gas testing apparatus was in order that a report should be presented to the Common Council periodically, perhaps every month. Adopted.

Mayor Brooks called attention to the program of President Hoover for getting as much publicity and favorable response as possible for getting hoarded money back into circulation. The Mayor suggested that now as spring was approaching, there would be several odd jobs to be done around the home and recommended that the citizens of Holland get back of this movement to help bring back prosperity.

On motion of Alderman Jonkmann, seconded by Veltman, the polls for the primary election on March 7, 1932, were ordered to be opened from 7 a. m. to 5 p. m., eastern standard time.

On motion of Alderman Kleis, the salaries of clerks and election inspectors were ordered fixed at \$6 per election for serving on the election boards.

On motion of Alderman Kleis, Clerk was instructed to send Alderman Blywe flowers together with a note wishing him speedy recovery.

Adjourned.

OSCAR PETERSON, City Clerk.

Noxious Fish Caught in Local Waters Many

BLACK LAKE IS ALSO LISTED AS BODY OF WATER WHERE NETTING IS GOING ON

More than 100,000 noxious fish were removed from Michigan waters during the year 1931 by the Department of Conservation or by persons operating under the direction of the Department according to a report issued by the Fish Division.

The report shows a total of 116,643 noxious fish speared or netted and the catch of carp alone showed a gross weight of more than a half million pounds.

The largest catches were made by individuals operating under contract with the state and under which a percentage of the income received from the sale of carp is turned over to the Department of Conservation. The law makes it necessary that a regular conservation officer be in attendance when noxious fishing is in progress. In Black Lake, George Bender and Maurice Kuite were in charge.

Persons taking noxious fish under contract with the state operated on the following waters: Gun Lake, Payne Lake, Emmus Lake and Thornapple River in Barry County; Black Lake and the Grand River in Ottawa County; Raisin River, Lenawee County; Tittabawassee River, Midland County; and Lake St. Clair in Macomb and St. Clair Counties. From these waters 862 garpike were taken; 2,584 dogfish were removed and 92,257 carp weighing 448,109 pounds were caught. The largest catches were from Lake St. Clair from which 694 garpike, 2,555 dogfish and 65,000 carp were taken.

"Spear parties" under the supervision of Conservation officers took 1,199 garfish, 5,245 dogfish and 738 carp from 62 lakes in 17 counties in both upper and lower peninsulas. Most of these fish were speared during April, May and June when the fish are "laying in." Of the dogfish taken by this method, 2,748 were taken from Lake Leelanau in Leelanau County. The state's crew of two men, using spears, removed 850 garfish, 162 dogfish and 25 carp from various lakes. The same men, using gill nets, took 2,331 garfish and 28 dogfish.

MUCH TROUBLE AND COMPLAINT ABOUT THE SPREAD OF MEASLES

(By Dr. Ralph Ten Have)

There has been some trouble and criticism regarding the spread of measles in certain communities. Up to the present there have been 220 cases of measles reported since the first of the year with 48 active cases at present. In several instances cases have been reported to us of families who have been exposed in other communities. These families were kept under observation and isolated. This prevented the disease from being carried to the school by exposed children. In other instances cases were not reported, children continued to go to school when they were ill with what was considered a cold, exposing the entire school. After such an exposure an epidemic is certain to follow. The only measures taken used are to isolate all the cases and follow up all reports of absence from school which has been carried out.

There are two measures which can be employed and which are effective in the prevention of measles when the time of exposure can be determined. These are the injection of whole blood of the parent or the injection of serum of the blood of children who have just recovered from the disease into the muscles of the exposed child. These means may be used in case of infants or children who might be in poor physical condition. Convalescent serum is not yet obtainable but whole blood has been reported as very favorable.

It has been emphasized in previous reports that the cooperation of everyone is necessary to effectively control an epidemic. Experience of the past few months has proven that there are still those who are very lax. No one would intentionally expose an entire school to these contagious diseases as has been done. It has been emphasized also that when children are having colds to keep them at home until the acute symptoms have subsided. Until this is followed out epidemics will continue to occur.

It has been stated by some that the health department has failed to check an epidemic. Measles has never been combated effectively because of its extreme contagion, because almost all children are susceptible and because children are sent to school in the early stages of the disease.

The same may be said of mumps. At present there are 41 cases in Hudsonville. The first cases were not reported, but after exposure had occurred. The people may be assured that any information regarding questions of contagious diseases in a community will be gladly received and will be thoroughly investigated.

The health unit has made every effort to cooperate with local health authorities and has not received any criticism from this source. It is hoped that when any local epidemics occur, that people in these communities will use every effort to keep it from spreading to other communities, which can be effectively done with their cooperation.

Two caucuses will be held in Saugatuck, No. 1 today; Friday, at 7:30 o'clock, when candidates for the village offices will be chosen. An opposition caucus No. 2 will be held Saturday night at the same hour. Both caucuses will be held at the Village Hall through a call of two different committees. The call is signed by James M. Brown, the Village Clerk.

SPECTACULAR FIRE RAZES BUILDINGS ON OTTAWA FARM

Heavy damage was done at the C. F. Smith farm located on the Ottawa county road about a mile west of the county infirmary at midnight when fire broke out in the outbuildings.

A wind of gale force swept the flames about the farmyard, setting fire to sheds and barns. The house was saved only through strenuous efforts of the volunteer fire fighters and the Coopersville fire department, which responded to the alarm with its chemical truck.

The livestock was saved with the exception of a few chickens but the barn full of hay and to silos, one filled with silage, were destroyed. A truck, machine shed, and cattle shed were also burned. The blaze is believed to have started by sparks from the house chimney. The buildings were partially covered with insurance.

GAME BIRDS MAKING WINTER HOMES HERE

Thousands of wild ducks, geese and swans apparently have taken up winter headquarters on Lake Erie between Toledo and the mouth of the Detroit River. Fred Shinevar, a deputy State conservation officer, reports. Usually these birds leave for points farther south early in December, but Mr. Shinevar believes that since they have remained in this vicinity thus far they are likely to stay here all winter.

RUN RIGHT OUT AND TURNED ABOUT AND RUN RIGHT IN AGAIN

The Richland Trust Company of Mansfield, Ohio, which closed three months ago because of heavy withdrawals, reopened today and experienced another "run."

This time, however, the depositors went to the bank to leave their money instead of taking it away. Hundreds of persons, panicky three months ago, indicated complete confidence and during the day the bank took in \$94,000.

Mansfield folks have had their lesson of experience what it means to have a bankless town and the business stagnation and loss it brings to every phase of community life. They saved themselves by helping to save the bank by bringing back their hoarded deposits.

WHITEHALL DEBATE TEAM WILL MEET ZEELAND THURSDAY

Whitehall, Feb. 17.—Whitehall High school's debating team, composed of Julia Austin, Amie Jean Holmblad and Betty Blank, will meet Zeeland High school's team Thursday night in a final elimination contest leading to the state championship.

The deer were set free from the park near the Ottawa club recently, but they did not wish to leave and could hardly be driven out of the park where they had protection. They still stay near running back in the park to eat the feed that is there. Two of the youngest fawns were held for a longer time. There is plenty of feed and good yardage along the river and they should do well if not molested.

Early Hatching Expected Again

CONTINUED MILD WEATHER AND HIGH WATER TEMPERATURE MAKE IT NECESSARY

Early hatching of commercial species of fish in the various fish hatcheries of the state is expected again this year by officials of the Fish Division of the Conservation Department on account of the continued mild weather and consequent high water temperatures. Last year trout eggs hatched in late January and early February and whitefish hatched early in March, at least a month earlier than during ordinary winters.

There are approximately 134,000,000 lake trout and whitefish eggs now awaiting hatching in the federal and state hatcheries in Michigan. Approximately one-third of these are trout eggs and the rest whitefish.

STATE FISH DEPARTMENT WILL BE HIT BECAUSE OF OPEN WATERS

Michigan commercial fishermen and the Department of Conservation are worrying about a possible ice famine next spring. With little or no ice on the inland or the great lakes and with a normal ice forming season of but six weeks remaining for the winter it is feared that a real shortage will be felt next summer.

State law compels commercial fishermen to carry ice on their fishing boats during the period May 15 to September 15 that fish might be taken. As a rule commercial fishermen "put up" their own ice and are not located in places where artificial ice is obtainable.

Most of the fish hatcheries are not equipped with automatic refrigerators. None of the hatcheries have been able to store any ice so far this winter and difficulty in keeping fresh fish food is expected next summer.

Measles Spoils a Fine School Record

Miss Cecelia Johnson of Fennville is recovering from an attack of measles which was the cause of breaking her rather unusual record of attending school nearly twelve years without having been either tardy or absent. She will graduate from Fennville high school this year and is an honor student as well as being a fine musician.

ALLEGAN MAN IS FLY MAKER

Doug Nash, Allegan, has always been a fly fisherman. Of late the insurance business hasn't been so good, so he is now operating a one-man factory, whose product is trout flies. The daily output is running close to 2 1/2 dozen per day. Nash finds a ready market for his flies. He ties 'em well and puts into them a knowledge of trout and trout fishing. He has fished virtually every worthwhile stream in Western Michigan; and it is said he knows what a fly should look like to attract trout.

Prof. John R. Mulder of Western Theological Seminary, Holland, conducted services at Bethel Reformed church, Grand Rapids, Sunday. Other Holland pastors at Grand Rapids were Rev. J. P. De Jong at Ninth Street Church and Rev. Wm. Wolvins, Third Reformed.

Rev. J. Lanting, of Holland will be one of the many speakers at the Bible Conference to be held at the Bridge Street Mission at Grand Rapids. It will be an anniversary week, the mission being a year old. There are 12 speakers on the program including G. Hasekamp of Moody Bible Institute, Chicago. The anniversary revival will continue until Feb. 28 and many from Holland plan to go.

NO BLACK LAKE FISH VILLAGE THIS YEAR

A great many Michigan fish escaped death this winter because of the absence of ice on the lakes. Some anglers asked the state commission if they might under such circumstances spear in streams and from boat but were told they could not legally do so. At least for one year Holland ice fishing village of some 500 shanties is conspicuous for its absence. The mild weather may have been a boon to poor folks in one way, but not when it comes to fish food upon which many have been depending.

The open winter has upset the fishermen's sport for want of ice that would hold, but the late freezing has made fishing through the ice possible for a few days at least. Frank Rhodes took a thirteen-pound pickerel last Saturday at Silver Lake, a bayou of the Kalamazoo near New Richmond. Some fine catches of perch have also been taken in Hutchens Lake.

Double Acreage of Sugar Beets

William H. Wallace, president and general manager of the Michigan Sugar Co. at Saginaw announced that production schedules for his company for 1932 call for the operation of two plants, instead of one as in 1931.

The new schedule is expected to double the tonnage of beets over the mark of 1931, it was said.

Although the directors of the company have not yet decided which of the company's plants will be placed in operation this year, Mr. Wallace said that the contract for acreage during 1932 will nearly double the approximately 12,000 acres in 1931. We are wondering what Holland could do with a little cooperation.

BAGS COON ALONE AFTER PACK FAILS

For six years now "Old Three Toes," an elusive raccoon of the Verdigris River and Big Hill Creek district, near Cherryvale, Kan., has defied capture. Walter Johnson, pitcher of the Washington Senators, offered a reward of \$2 for his capture. Ed. Ballew succeeded in capturing the creature after repeated failures with the Johnson pack of hounds. Hunting alone, without dogs, Ballew bagged the coon.

TEACHERS' CLUB HOLDS SKATING PARTY

Zeeland Record.—The monthly meeting of the Teachers' Club took a novel form last Tuesday evening when all the teachers gathered at the Virginia Park rink for an old-time skating party. Troublesome cares and coming age were all forgotten as soon as the skates were fastened on. Experience and inexperience vied with each other as to who should attain the greatest number of tumbles, but experience seemed to win out, the honors being divided between Mr. Vande Water and Mr. Muller. Only success crowned the valiant efforts of those who indulged in the delightful pastime for the third or second or even the first time. De Weerd's Orchestra from Holland furnished the music for the slow and fast skating, the grand circles and grand marches.

When the last "Home, Sweet Home" had been played, the company adjourned to Miss Van Kersen's hospitable home in Holland.

Age Humbles Circus Queen

RIDER WHO ONCE THRILLED PRINCE, FOUND ILL, HUNGRY AND FACING EVICTION

Mile. Cinq. the beautiful little equestrienne of Barnum's circus in the gas light era, was found again today in New York City.

Thousands applauded her in her heyday 30 years ago. Even Prince Albert, later King Edward VII, gasped at her grace and charm when she played in England.

Today a representative of the Home Relief Bureau found her, cold, hungry and facing eviction.

She was quietly waiting the movers. In her hand was her only asset, a large scrap book filled with pictures of a beautiful girl on horseback and stories of the silver and tinsel of the sawdust ring.

She had taken in washing until she became too old and sick. The relief worker, after securing fuel and food, arranged with her landlord and turned the evicting workmen away.

LOWER FREIGHT RATES ON MICHIGAN GRAPES

Freight rates on grapes shipped in carload lots from producing points in Michigan to destinations in the eastern and western trunk line territory were reduced by the Interstate commerce commission last week. The new rates, which become effective by April 25, are not to exceed 60 per cent of the corresponding first class rates. The order requires that cars be loaded to a minimum of 24,000 pounds.

This ruling means a saving to grape growers of 14 per cent on freight rates.

SEES 54 SPECIES OF BIRDS ON 135 ACRE PARK

Within a period of nine months, 54 species of birds were identified within the 135 acres making up the Bay City State Park.

Eldon L. Swanson, formerly employed in the Fish Hatchery situated in the park counted the 54 species from January to October and has submitted his list to the Parks Division of the Department of Conservation.

Among the birds identified was a Pigeon Hawk, considered rare in Michigan.

WASHINGTON BUST CONTEST TO BE FEATURED IN CELEBRATION

Marie Verduin and Harold De Windt To Give Orations at Central Church

The week of February 21, the week in which special celebrations in honor of the bicentennial of George Washington's birth will be held, is drawing nearer, and final arrangements are being made. Professor Bruce Raymond is general chairman of all the activities connected with the celebration. The Holland High School and various city organizations are co-operating with the college in the program to be given. The following is an outline of the plans for the week:

Friday, Feb. 19.—Elimination contests for the Washington bust contest are to be held in Winants Chapel. This preliminary contest will affect the entrants from the freshman, sophomore and senior classes.

Sunday, Feb. 21.—Several local ministers have agreed to preach Sunday morning sermons in keeping with the theme of the week. Sunday afternoon a public service will be held in the chapel. The Sons of the Revolution, the Rotary Club, the Exchange Club, and the American Legion are co-operating in this meeting.

Dr. Benjamin Bush, one of Detroit's leading ministers, will be the speaker at an afternoon service at 4 o'clock in the Hope Memorial chapel.

His speech will be of a patriotic nature, commemorating as it does the two hundredth anniversary of Washington's birth. Mr. Snow has arranged special music for the occasion.

Dr. Bush is an exceptionally stirring speaker and is known as one of the best pulpit orators in Detroit, where he is at present minister of the Westminster Presbyterian church. Even in his undergraduate days at Hope college Dr. Bush was known for his oratorical ability since one year he was Hope's orator.

Upon his graduation from Hope Dr. Bush attended the New Brunswick Theological seminary. After his ordination he held charges in Jersey City, Lexington, Ky., and now his present position in Detroit.

Dr. Bush, a Hope graduate and pastor of a large church in Detroit, will be the speaker. Marie Verduin and Harold De Windt, Hope college orators, will give their orations on the George Washington at the Central Reformed church in Grand Rapids, of which Dr. Dykstra is the pastor, in connection with Washington evening service.

Monday, Feb. 22.—As this is the birthday, special chapel services in charge of President Wichers will be held. The Holland High School will also have a special program in the morning, including plays by the history department and a speaker.

Wednesday, Feb. 24.—In the evening Hope students will present an entertainment consisting of three plays picturing Washington's life and times, "A Dish of China Tea," by Elizabeth Neff will be presented by girls of the Althean, Dorlan, and Silbyline societies. Sorosis, Frater, Delphi, and Knickerbocker will be represented in the production of "Crimoline and Candlelight" by Jean Latham. "The Prophecy" will represent the Cosmopolitan, Emersonian and Addison societies.

Thursday, Feb. 25.—Wednesday's program will be repeated.

Friday, Feb. 26.—The Washington Bust Contest will be held in the evening. There will be five local judges not connected with the college. The prize is a bronze bust of Washington, after Houdon.

HOPE LOSES TO ALBION TEAM IN HARD FOUGHT GAME; SCORE, 20-17

Albion upset the prediction of the M.I.A.A. by defeating Hope at Albion by the close score of 20-17. By staging a sparkling rally in the last few minutes of play, Albion overcame a two-point lead and road home to a hard earned victory. This was Hope's second defeat in the conference against three wins. However, as a result, Hope still remains in second place. The game was a defensive battle from start to finish, with Hope missing repeated efforts at the basket. Albion led most of the entire game, with Hope obtaining it for only a few minutes off to a flashy start and ran up a 10-5 lead in the first fifteen minutes of the game. A Hope rally brought the score up to 10-9 at the half.

In the second half Hope fought valiantly and finally took the lead with less than three minutes to play. Then Riley, Albion star, got loose and sank a field goal that tied the score at 16 all. Shortly after that, Chapman, flashy Albion forward, raced in for two field baskets, which actually sewed up the game. Spoelstra sank a foul shot to close the scoring of the game. In an exciting preliminary, the Hope frosh lost to the Albion frosh in an overtime game, 32-28. This was the Hope yearlings first defeat of the year. Hope led at half-time, but Albion came back strong and the score was tied at the end of the regulation time. Brown and Smith led the Albion attack while Worjanke and Bowman starred for Hope yearlings.

Mrs. C. M. McLean entertained her Sunday School class of college girls at a dinner held at her home last Wednesday evening. Mrs. Kollen, the former teacher, was guest of honor.

HOPE COLLEGE NEWS

Of the sophomores Daniel Boone and Elmer Wissink are from Zealand, and Howard Wassenaar is from Holland. Two of the four enrolled in the freshman class, Jacob Rezelman and Helene Steketee, are natives of Holland, but Hoppers, Iowa, claims Nathan Stegeman, and Roy Chatters hails from Flint, Michigan.

Freshmen Elect New Officers On Monday, Feb. 5

Amid cheers and shouting Davis J. De Witt was hailed as the new Frosh president at a meeting held yesterday afternoon in the Y. M. C. A. room. Howard Voskuil, running a close second to De Witt, was elected to the office of vice president by a large majority. The remaining officers were chosen after a protracted vote. Secretary, Gertrude Varr Peursem; treasurers, Kenneth Karsten and Lillian Mulder.

The outgoing president, Vic Turdo, expressed his keen enjoyment of service to his class, commending highly the excellent spirit shown by the Freshmen. The services of the outgoing officers were rewarded with a spontaneous flow of applause from the group.

It was the consensus of opinion that the matter of a class party be laid on the table until a future date.

MONTANA PROBLEMS ARE BROUGHT TO HOPE STUDENT BODY

The Chapel services of last Tuesday morning were made especially inspiring by the presence of Dr. Brooks, president of the Inter-Mountain Union School of Helena, Montana, and a brother of Mayor Brooks of this city. After leading the student body in devotions, he addressed them in a delightfully informal talk on the state of Montana, "The Land of the Mountains." He described how the Indians, awed by the remarkable beauty and grandeur of the broad valleys and snow-capped mountains, gave it this meaningful name, and how, gradually, it came to be settled by the white men — prospectors in search of mineral wealth. Vastly rich in minerals and forests, Montana, however, failed to adequately provide for the spiritual and intellectual growth of her inhabitants.

ROUSING PROGRAM BRINGS EVENING TO A HUGE SUCCESS ON FEB. 3

On the evening of Wednesday, Feb. 3, the Warm Friend Tavern entertained the Fraternal Society. The meeting was held in the small dining room on the second floor, and was a huge success.

The fun began with the society attempting an impromptu, a capella song session. Frater President H. Schade then turned the chair over to Frater H. Dalmann who remained the presiding genius.

The program began with a semi-serious paper, "Tables of the Serpent," by Frater B. Rottschaefer. The educational touch was given by Frater Webb in a paper entitled "Hockey and Its High Lights."

Frater Slagh's "Horsefeathers" was even funnier than its name. Frater Vanden Belt extemporized on the theme "Suggestions for Campus Improvements."

"On the Road to Mandalay," "In the Northland," and "Gunga Din" made the Fraters see visions and dream dreams. Frater Schade was the medium of expression.

TEA IS IN THE FORM OF SAINT VALENTINE GATHERING

A "sophisticated" group of senior girls, women faculty members, and wives of our professors were entertained by Mrs. William J. Olive at a tea Saturday afternoon. The Valentine motif was carried out artistically by means of white and heart-shaped, red decorations, while the broad smiles of the guests clearly displayed their appreciation for the hearts offered them. (Alas they were only sandwich hearts!) Chats over the tea cups this year were replaced by the more serious discussions about the China-Japanese situation and the fact that a man from Wisconsin, stationed in China as a reporter, declared that he still liked American girls better. Depression unceremoniously was shoved aside and seemed non-existent while next September's probable positions were enthusiastically discussed. At 5:30 the seniors reluctantly made leave of their charming hostess—and the hearts.

ROY MOOI LEADS IN Y. W. IN EXCHANGE MEETING

The Y. W. meeting last Tuesday evening opened with a song service led by Louis Cotts. A vocal solo rendered by Everett Potts who was accompanied at the piano by Jerry Gaillard followed the hymn singing. Roy Mooi then took charge of the meeting, and after the devotions, very ably led the discussion on the subject, "Campus Problems." Mr. Mooi considered the relations of students and faculty, students and students, faculty and faculty, and fellows and girls. The group discussion was lively and many participated.

Kazoo Wins Over Hope By 3 Points On Home Floor

Last Friday evening, Kazoo, Hope's most bitter rival, journeyed to Holland and defeated Hope on their own court by the close score

of 29-28. By virtue of this loss, Hope dropped to third place in the conference standings.

The game was very fast and thrilling. Kazoo was off to a flying start, scoring six points before Hope finally found the basket. Hope ran up nine points before the half ended against Kazoo's twelve.

The second half found Hope opening up an offensive attack which gave them the lead several times during the half. With Hope only one point behind, "Waddy" Spoelstra was ejected from the game due to the foul penalty and a few moments later "Andy" Dalmann followed the same fate. Deshr of Kazoo left the game for the same reason. The ejection of Spoelstra allowed Kazoo to control the tip-off and this Hope greatly hindered.

The Schau brothers, Ralph and Maynard, were the high scorers for the Baptists, getting twelve and eleven points, respectively. Nykerk and Spoelstra led the Hope scoring with nine and eight points, respectively. "Howie" Dal-

man played a beautiful floor game, breaking up many Kazoo passes.

Hope scored eleven times from the field to ten for Kalamazoo but the Baptists made nine from the penalty mark to four for Hope. The officials called only eight fouls against the Hornets, while calling thirteen against Hope.

GREAT AMERICAN WHOPPERS

From "The Readers' Digest"

Snakes

Jack Bryant, of Dry Fork, Va., and his pa started down to the creek to go fishing. They arrived at the creek and discovered they had no bait. They saw an old water moccasin lying beside a log with a frog in his mouth. Mr. Moccasin had a happy look on his face and was just ready to swallow the frog. Jack took a forked stick, clamped it over the snake's head, and took the frog away from him, intending to use it for bait. Now, the old water moccasin had such a sad look on his face, at having the frog taken right out of his mouth, that the two fishermen were sorry for him. So they gave the reptile a drink of old white oak moonshine—and that's moonshine that was wiggling away, and Jack and his pa cut up the frog and began to fish. "In 15 minutes," says Jack, "I was attracted by a strange thumping on my leg. I looked down, and there was that same water moccasin looking up at me, and he had another frog in his mouth."

DOGS

George Kinelsy of Covington, Ky., writes of a fish-hound owned by Pistol Jim Hendrix. For a long time Pistol Jim didn't know that dog was a pure-blood, blue-ribbon fish-hound. One day he went fishing on the Licking river at Falmouth. He wasn't getting a bite. His dog was with him. Pistol Jim thought he would amuse himself by seeing if the animal was a good diver. He took a silver half dollar out of his pocket, showed it to the dog, and tossed it into the river. The dog dived into the water, and a few minutes later came up with an eight-pound catfish and 15 cents in change.

Earl Gwin of Hot Springs, Va., once put his dog Traller on the scent of a wild turkey that had disappeared in the brush. Unfortunately the dog took up the back scent of the bird, which was an old trail. So Traller just trailed over half of Virginia, and since he was on the back trail, never caught up with the bird. Instead, he was found barking at the nest in which the turkey had been hatched many years before.

Trouble Ahead

Not the Right Way
I never wait until the first of the year to make good resolutions. I make them every morning. And by January 1 sometimes almost hope I have made a little progress. But I am never able to accomplish anything by promising to quit all my bad habits at once.—E. W. Howe's Monthly.

Quail Need Protection
Quail cease to increase in number after a time, even when not molested. Probably for lack of cover and food. After a territory has its full population of quail the birds do not increase in number unless man, by planting food and cover, makes more cozy ranges.

SAYS PAST 18 MONTHS HEALTHIEST PERIOD IN U. S. FOR 50 YEARS

COUNTY FARM AGENT ADVISES FARMERS NOT TO BUY "CHEAP SEED"

Four hundred farmers attended the soils-alfalfa meetings held in Ottawa county last week. Many farmers stated that they were drawing marl this winter to sweeten sour soil and prepare the ground for alfalfa.

Acres of this crop has grown from 317 in 1919 to 3,146 in 1929 and Agricultural Agent Milham states it should grow to 31,460 by 1939 so there will be an acre of alfalfa for each cow in the county.

Mr. Sackrider from the college recommended first drainage, then soil testing, applying marl or lime if needed and fertilizing with a high potash fertilizer. Mr. Milham advised using Hardigan, Grimm or Ontario variegated seed, inoculation with wet culture, seeding in the spring with a nurse crop of Sparan which is a heavy soil or seedling on sand alone during June or July. He also advised dragging all stands of two years old or older alfalfa after the first cutting.

To destroy wild oats in alfalfa drag before the first cutting is started. Sow 8-10 pounds of seed per acre when seeding.

Michigan this past season produced sufficient alfalfa seed to plant all the acreage this state will seed this year. Most of the seed was produced in the thumb section of Michigan and some in the northern part of the state. Michigan is advised because of its purity and adaptability. This is no year to buy so-called bargain seed from outside of the state. A number of Ottawa county farmers have purchased cheap seed in the past and later found out that they obtained obnoxious weeds that cost them a great deal more to kill than the saving in the cost of seed.
