HHS Students Buy Defense Stamps at Special Booth

One of the ways in which Holland high school students are co-operating with the national defense program is through the sale of defense stamps sponsored by the school council. Janitors have constructed a special stamp booth which is placed in the east corridor of the second floor just outside the library. The booth is open before and after school and during

the noon hour. In the booth (top photo) selling the stamps is Mayor Dale Van Lente who is assisted by Kenneth Weller, (right) president of the Junior Class. Muriel Veerink is buying the stamps and next in line are Mary Klompars and Tom Van Eyck.

Next to the stamp booth is the book exchange booth (bottom

ADOPT WAR TIME
Jamestown, Feb. 12 Effective yesterday, Jamestown business and schools adopted war time. Schools opened at 9:30 a.m. and continue until noon. Afternoon classes are from 1 p.m. to 4 p.m., according to Principal John Wyman.

Copies of the resolution were dispatched to the three officials. It was drawn up by a legislative committee composed of Peter Van Eyck, route 3, Holland; Lewis Wells, Grandville; and Eugene Ten Brink, Hudsonville.

The resolution expressed a desire on the part of the Ottawa county unit, which represents 700

farmers, to increase production in compliance with the national emergency.

It set forth the following reasons for undue hardships on farmers by the advancing of the time one hour.

War time puts "the working hour in the forefront of the day when the dew is on the ground, a handicap especially during haying, threshing and bean cultivation."

"Irregular milking will result in the loss of at least one pint a day per cow."

"The new time will mean a loss of about 200 hours per year for each worker on the farm."

"Extra light costs, for there are only about 10 days in the year that we wouldn't need electric lights in the morning."

"School children will be compelled to get up an hour earlier, especially be detrimental to the little ones traveling by bus and walking. It is not uncommon for country children to walk several miles."

Holland Schools, City Come Under Faster Schedule

Hope of Legislative
Action Is Abandoned
By Common Council

Forty-eight hours after the vest of the United States had advanced clocks one hour to conform with the federal government's plan to preserve daylight for the duration of the war, the city of Holland, including schools, followed suit and adopted the "war time," effective 2 a.m. Wednesday.

Anticipating that the state legislature will not take any action during its special session to repeal the act of 1931 and place the lower peninsula of Michigan

"WAR TIME" FOR ZEELAND
Zeeland, Feb. 12 — Common council Monday night accepted "war time" in conforming with action taken by Holland's council, at 2 a.m. Wednesday.

Mayor Nicholas Frankena explained that council last week favored adoption of "war time" but felt obliged to "fall in line" with Holland and Grand Rapids after these two cities had shown uncertainty as to what time they would adopt. He said this was necessary because numerous Zeeland residents work in Grand Rapids and Holland.

Zeeland schools, Supt. M. B. Lubbers reported, went on "fast time" Wednesday morning but classes did not convene until 9 a.m. (war time) instead of 8:30 a.m. (slow time.)

In the central standard time zone, common council at a special meeting Monday at 3 p.m. in the office of City Clerk Oscar Peterson adopted a motion to approve eastern daylight time as the city's "official time."

At last Friday's meeting, the aldermen had approved central daylight time as the city's official time which meant that Holland retained its former eastern standard time.

Mayor Henry Geerlings called the special session and recommended adoption of the "war time" after he had learned that several industries already had approved it.

With little discussion, council unanimously adopted a motion of Ald. Bernard Arendshorst which was seconded by Ald. George Damson.

Aldermen voting in favor of the "war time" were Ald. Arendshorst, Damson, Frank Smith, Bertal H. Slagh, Bruce Raymond, John Menken, Albert V. Faasen, Ben Steffens, Herman Mooi and Elmer Scheepers.

Council took no action to rescind its resolutions of last Friday, copies of which have been sent to Governor Van Wagoner, State Sen. Ernest C. Brooks and State Rep. Nelson A. Miles, urging that the act of 1931 be repealed and that Michigan be placed in the central standard time zone. City Clerk Oscar Peterson said these resolutions, since council took no action to recall them, would still be in effect.

Advised Monday night of council's action, the board of education adopted a motion of Trustee Albert E. Van Zoeren, seconded by Trustee Ernest V. Hartman, that the board also rescind its action of last Friday afternoon and adopt the "war time" for operation of the public schools.

No change was made in the operation of the schools, Supt. E. F. Fell reporting that students of the kindergarten and elementary grades would report Wednesday for classes at 8:45 a.m. (EDT) and students of the East Junior high school, Junior high school and Holland high school will report for classes Wednesday at 8:15 a.m. (EDT). Classes convened today on the old schedule.

Supt. Fell said he had conversed with teachers Monday and the reactions which they had heard was that parents favored the "fast time." He also told of having seen various school principals and talked with two (See: Time Problem—Next Page.)

Bill In Readiness as
Governor's Message
On Issue Is Awaited

Lansing, February 12 — The Michigan legislature today planned to have the state back on its old time by Monday.

Sen. Chester T. Howell, R., Saginaw, said he had a bill ready for introduction the minute Governor Van Wagoner sends a message to the legislature opening the time subject.

The bill would merely change one word in the present time law by substituting "central" instead of "eastern."

The measure would also provide the change would become effective 2 a.m. Monday.

Howell said the senate could pass the bill this afternoon if the

VAN BUREN OBJECTS
Paw Paw, Feb. 12—Van Buren county's board of supervisors will protest adoption of "eastern war time" in Michigan in a petition to be sent to Governor Van Wagoner. Action was taken at the one-day February meeting.

governor's message came in time, and that the house could pass it tomorrow and it would become law as soon as the governor signed it, probably Saturday.

However, Governor Van Wagoner said he was uncertain as to whether his message to the legislature, which was to include the time question, would be submitted today or tomorrow.

He said he had not received sufficient information from the interstate commerce commission, which controls the time for railroads and other interstate business.

Governor Van Wagoner indicated Wednesday he probably would allow the legislature to consider putting the state back into the central time zone because "90 per cent of the legislators seem to want to." He said, however, he would make no recommendation on the subject until he learned whether the interstate commerce commission would cooperate.

Under a change to central time, Michigan would adopt daylight saving time in compliance with the national program and place the state on "central war time," which is the same as the eastern standard time previously in effect.

Should the legislature amend the state time law to put Michigan back in the central time zone and the ICC demur, confusion would likely result as legal time in the state courts would be an hour behind railroad and federal government time in Michigan. Some suggested the governor may have agreed to submit the time question in return for a concession by Republican legislators to the governor's program.

The governor said he should recognize the demands of 90 per cent of the legislators. "It must be important to their districts or they wouldn't be so insistent."

Personally, the governor said, he considers rural residents who oppose the advanced time schedule "are more scared than hurt," but that majority will should rule.

He added that Wendell L. Lund, executive director of the Michigan unemployment compensation commission, is inquiring in Washington into possibility of enlisting ICC assistance. An ICC ruling setting federal time standards in Michigan back an hour would simplify the task, but the governor pointed out "it took the ICC five years to act" the last time Michigan asked it to intervene in its time affairs.

Meanwhile the senate deferred for a day a vote on time resolutions, pending word from Lund. (In Washington, Lund was told by an ICC member that the only way Michigan could return to central standard time would be by a petition to the ICC.)

Dutch in Second MIAA Place After Trouncing Kazoo

Guard Kleinjans Tops Scoring in 44-26 Win; Reserves End Game

Hope college rocketed into undisputed second place behind Alma in the MIAA Thursday night in the local armory by walloping a rangy Kalamazoo college five, 44-26.

The game was played before a capacity crowd that witnessed brilliant playing on the part of the Dutch. The guarding of Els Kleinjans stood out and he also led the scorers with 11 points. George Dalman followed with 10, while Freshman Don Mulder played a brilliant floor game and tallied 8 points. For Kazoo, Reserve Forward Bob Braithwaite garnered 8, while Phil Jakeway had 7. Hope stamped itself as a definite contender to wrest the crown from Alma. These two teams battle Feb. 20.

The Dutch started fast, with Dalman breaking the ice with a charity toss, followed by a set shot by Kleinjans and a 10-foot hook shot by Visser to build up a 5-0 lead that was never relinquished. Jakeway broke away for an under-basket shot to give Kazoo its first points. Then Hope applied the pressure. Three Long Toms by Kleinjans, three short shots by Mulder paced the Dutch into an overwhelming 19-4 lead with 10 minutes of play left in the first half.

The reserves were sent in, and the Hornets outscored the substitutes 8-3 to creep up to 24-12 at the intermission.

The second half started slow with each team trading foul shots. A set shot by Dalman after four minutes gave the Dutch a 28-15 lead. Kazoo then made its only bid of the evening as Ryan sank two set shots and Braithwaite added a drop to draw up to 29-20. This score was the closest the Hornets were to the flying heels of the Dutch. Hope rammed in 10 points while the Hornets watched and increased the lead to 29-20. The attack was led by two buckets apiece by Dalman and Kleinjans. With seven minutes of play remaining, the reserves were sent in and floated in to victory for the Dutch. Tuesday, the Hope visits to Hillsdale and returns home Saturday to meet Olivet on the armory floor.

Time Problem

(Continued from page one.) mothers, their reactions being that they favored their children reporting for kindergarten or elementary grade classes at the regular hours.

The Rev. J. M. Westdorp reported that the St. Francis de Sales parochial school will operate on "local time" as follows: 8:25 to 11:45 a.m., 1 to 3:30 p.m. (war time), effective Wednesday.

Supt. John Swets of the Holland Christian schools announced here that the Christian school system had adopted the "war time" Wednesday morning. He said the only change in schedules would be that students from the kindergarten through the sixth grade will report for classes at 8:45 a.m. (war time) instead of 8:30 a.m. (slow time). Their classes will then dismiss for the noon hour at 11:45 instead of 11:30 a.m.

Students of the grades above the sixth will continue to report for classes at 8:30 a.m. (war time), he said.

Dr. Jacob Vander Meulen of Western Theological seminary said the seminary will operate in keeping with the "local time" and classes will convene at 8 a.m. (war time).

The Hope college office said the college will also operate on the fast time.

Red Cross Goal in Ottawa Is Increased to \$19,500

The Rev. Paul E. Hinkamp, chairman of the Ottawa county Red Cross drive for southern Ottawa county to raise money for the war relief fund announced the county has been asked to increase its quota by 30 per cent.

As the original goal was \$15,000, this will necessitate the raising of an additional \$4,500 or a total of \$19,500. This resulted, he said, when the Red Cross increased its national quota from \$50,000,000 to \$65,000,000.

If this latter goal is reached, the Red Cross does not plan any more drives during the remainder of the year, barring a major catastrophe.

To date, \$4,245.35 have been raised in Holland city, he reported. A check for \$3,608.55 was mailed

to national headquarters last Saturday and \$636.80 or 15 per cent of the total was retained for use by the local chapter. This division of money is made in accordance with instructions from national headquarters.

Zeeland city has raised more than \$700, Rev. Hinkamp said.

Allegan, Feb. 12—George Updyke, Allegan county chairman of the Red Cross war fund campaign, has been advised by national headquarters to raise an additional 30 per cent in Allegan county.

This 30 per cent increase will raise the quota to around \$8,840. The campaign will be kept open indefinitely to reach the new quota, he said.

Lincoln's birthday was observed today with special programs in most of the local schools.

At chapel exercises in Holland high school Herbert Colton led devotions and Joyce Timmer read the Gettysburg address and Edwin Markham's poem entitled "Lincoln the Man of the People." A talk on Lincoln was given by Raymond Holwerda of the social science department. Henry Bengelink, new member of the faculty, spoke briefly and John Tuls gave concluding remarks.

Christian Junior high school also observed the day with a program. Dr. Wynand Wichers, president of Hope college, spoke briefly at chapel exercises at the college this morning giving appropriate comments on Lincoln. Patriotic hymns were sung.

May Expand Soil District in County

Grand Haven, Feb. 12 (Special)

—Hunter Hering, Nunica, chairman of west Ottawa soil conservation district, was reelected chairman of the State Association of Directors of the nine conservation districts in the state at the annual session of the association at Michigan State college, East Lansing. The association was formed in Grand Haven one year ago. Mr. Hering received the unanimous vote of the directors.

The west Ottawa district has been functioning since 1938. It embraces seven townships on the west side of the county. About 500 farmers have signed up as cooperators and are carrying on a definite program in cooperation with the district office.

Robert Briola, district conservationist, in charge of the SCS personnel, said farmers of four outlying townships have indicated a desire to be included in the district. Mr. Briola and Agricultural Agent L. R. Arnold are conducting a series of meetings in the county, discussing the work in the district.

Mr. Arnold is confident that the four townships will be included in the district area before the end of the year.

Poultry Meets Set Next Week

Grand Haven, Feb. 12—L. R. Arnold, Ottawa agricultural agent, today announced a series of poultry meetings will be held next week at which Otis Shear, extension poultryman from Michigan State college, will discuss poultry problems, particularly feeding and housing.

The schedule of meetings follows: Feb. 16, 10 a.m., Smalegan's hall, Forest Grove, 1:30 p.m., Blendon township hall; Feb. 17, 10 a.m., Olive township hall; 1:30 p.m., Nunica township hall.

The county U. S. D. A. agricultural war board is urging a greater production of poultry meat and eggs in Ottawa county to meet the goal set by the government. Mr. Arnold says poultrymen have been enjoying a good year in production and price and there is every reason to believe that poultry will be a paying farm enterprise during the next year.

He pointed out there is a minimum price established on eggs and poultry meat but for months the market price has remained above this minimum price.

The agricultural agent urges farmers not to put up new poultry structures but to use all existing facilities. Ottawa county, he says, has the honor of being the leading poultry county in the state and there is still room for more hens. Farmers have the advantage of procuring chicks "right here at home from the best of hatcheries."

Mr. and Mrs. Henry Prince and son, Henry, Jr., of route 4, Miss Sarah Slenk and Mrs. J. Ter Haar have returned from a few days visit with the formers' son, Joe Prince, who is stationed at Ft. Knox, Ky. He will leave for California this week.

On Wednesday afternoon the St. Bernard dog appeared at Dr. Masselink's home carrying in his mouth a copy of The Sentinel which contained the advertisement. The paper wasn't the dentist's, so the dog must have picked it up from somebody's doorstep.

Hoffman Blasts OCD Assistants, FDR Pension OK

Says Waste of Funds Won't Make Doughboys Fight Any Harder

Washington, Feb. 12—How much frosting should we pile on the cake when we need bread?

Cong. Clare E. Hoffman, R., Mich., asked that question this week in protesting the appointment of a dancer and an actor as OCD assistants and in pointing out certain other expenditures.

Although opposing pensions for congressmen, he said that in all the criticism against the pension plan none had been directed at President Roosevelt who could have halted the measure through a veto.

He declared: "Because we are in war, and due to the pressure from home, congressmen have been granting the president every power and every dollar for which he asked—\$46,900,000,000 since Jan. 1. Last week, at the president's request, congress loaned (gave) China \$500,000,000, ostensibly to aid her in getting war materials. In reality, the money—plus \$250,000,000 which is to be contributed by Great Britain, is to be used to 'hire' Chinese generals, whose steadfastness is questioned. Apparently, we are bidding against Germany and Japan for their continued support."

"Congress supplied \$100,000,000 for the office of civilian defense, the OCD, of which LaGuardia and Eleanor Roosevelt are co-directors

Dutch Keep Pace In Conference by Victory Over G.H.

Holland Shows Power In Two Quarters as It Wins by 43-14 Score

Showing great offensive power in the first and third quarters, Holland kept pace in the South-west conference race by walloping Grand Haven, 43-14, on the local court Friday night before a capacity crowd of screaming fans.

Benton Harbor maintained its conference lead with a 40-31 win over Muskegon. The leaders now have a record of six wins and one loss to Holland's five wins and two losses.

The Dutch bounced into a commanding lead, faltered in the second stanza, then roared back in the third canto to win in easy style. Chuck Ploegsma led his team with 13 points, while Wally Bradley tallied 8. Ken Rotman and Pete Groeters played fine floor games. For the hapless Harborites, Constant and Jonker each garnered 3.

In the first six minutes of the game, Holland really looked like a championship ball club, pouring in bucket after bucket. Rotman dribbled the length of the floor to chalk up a two-pointer and start the Maroon and Orange rolling. Three buckets by Groeters and one piece by Ploegsma and Bradley boosted the score to 14-1 with two minutes of play remaining. Then Grand Haven made its strongest bid. Harbeck scored on a 10-foot set shot. Natgzaam tallied on a dog and Jonker swished a push shot to narrow the gap to 14-7 at the quarter. The second period saw both teams play sloppy ball, with the Dutch scoring on field goals by Bradley and Ploegsma, while Grand Haven scored on a dog by Constant. The half saw Holland out in front by the score of 18-9. Numerous fouls were missed by both sides in the second quarter.

During the half, eight youngsters under the direction of Miss Shirley Rutgers gave a baton-swirling exhibition.

In the third stanza, the Dutch really rolled. Holding Grand Haven to three charity tosses, they collected 17 points. Ploegsma led the drive by his brilliant play under the basket. He tipped in three buckets, and pushed in a hook shot for good measure to lead his team into a comfortable 35-12 lead at the start of the final quarter. During the period, in a scramble under the Holland basket, one of the Grand Haven players tipped in a bucket for Holland and the two-pointer was awarded to Bradley, the Dutch captain. The reserves entered the game and played the fourth quarter. Dell Koop dropped in 5 points to lead the offense, while Grand Haven scored only on two foul shots by Casemier. During the entire second half, the Buccaneers failed to score a single field goal. Next Friday, Kalamazoo Central invades Holland for a crucial game.

Social and Political Unity Vital for Peace: Voelker

"A complete universal state of social and political unity must be achieved before a successful and lasting peace can be formulated," Dr. Paul Voelker, president of the University of Grand Rapids, told the Holland Rotary club at its meeting in the Warm Friend tavern last Thursday noon.

Introduced by Program Chairman Duncan Weaver, Dr. Voelker stressed the fact that only sound Christian principles could provide an adequate and dependable basis upon which such world wide unification would be permanently constructed.

"How can such a Christian peace and resulting a unified and rehabilitated Christian race be gained," he asked. "With the broken and hateful conditions that are rampant over the earth today, with the political, social and economic quibbling that goes on between nations in peacetime and wartime alike, that ideal can only be looked upon as a dream of the far distant future."

"However, if man begins to realize that he is a brother to every other man, no matter what the person's creed or color, then he will become more tolerant and thoughtful of the rights and privileges of his fellow man; if he can begin to understand that a peaceful solution can be found for any problem, then he will think twice before involving himself in any unprovoked conflicts; if he can comprehend the fact that though wars are fought and battles won and lost, neither side can be victorious in the end, then he will realize the futility of bloodshed, mutilated bodies and poisoned minds; then and only then, will the idea come to him that social and political unity along with the unity of Christian thinking on a universal scale are necessary for that permanent peace he desires but is afraid to hope for."

"One of the candid points in this plan of unification is the factor of self-sacrifice," he continued. "Mutual concessions must be made by each and every one of us. The politician must forget his insignificant party problems which usually consist of a 'get the other fellow before he gets you' program. The wealthy industrialist must condescend to relinquish his powerful all-inclusive monopolies because these monopolies, especially the larger ones, are not conducive to democratic principles of government. And, most important, we as average citizens must sacrifice some of our stilted and juvenile ideas and opinions as concern other men and other nations."

"To illustrate this latter point I refer to a story of a Japanese official who was visiting in this country and who walked into a barber shop and asked to be shaved. He was instantly rebuffed by the proprietor who mumbled something about 'no accommodations for Japanese in this establishment.' This man returned to his country and later became one of the highest officials in the present regime. His influence was, without a doubt, one of the important factors that fostered his country's attitudes and actions toward us which was so suddenly and viciously manifested in the attack on Pearl harbor. This case, extreme as it may be, is all too typical of our shallow prejudices. This is not only true with us, however, but with all men in all nations."

Preceding the main speaker, the Rev. Marion de Velder gave a short talk on China in collaboration with the plan to Rotary International wherein a few minutes of each meeting would be set aside for a short discussion of eastern Allies. Rev. de Velder discussed the importance of China to us and the necessity for continued support for that nation.

It was announced that this month commemorated the 37th anniversary of the founding of the Rotary club.

It was also announced that the Chamber of Commerce building, the Hope College library and all the public schools are the designated collection stations for the Victory Book campaign. All the members were urged to cooperate in this drive.

The meeting was opened with a prayer by Prof. E. Paul McLean. Following this the group joined in the singing of "America." E. D. Whitesell of Ann Arbor, district sales manager of Western union, was a guest.

John Swieringa Directs Hymn Sing in Trinity

What the singers lacked in number, they made up in enthusiasm at the last scheduled hymn sing of the year Sunday night in Trinity Reformed church under the auspices of the Holland Christian Endeavor union.

John Swieringa, formerly active in Christian Endeavor circles and at present choir director of Sixth Reformed church, served as song leader and led the 300 or more persons in enthusiastic singing. Mrs. H. D. Terkerst served as accompanist, playing part time on the organ and on the piano. In many instances the song leader provided trumpet accompaniment and for offertory gave a special trumpet and vocal arrangement of the hymn, "After," accompanied by Mrs. Terkerst.

Charles Stoppels, union president, introduced the song leader. Due to a misunderstanding, many churches did not learn of the hymn sing until evening.

The board of the Holland union will meet tonight in Bethel Reformed church. Plans will be completed for a union Valentine party Wednesday night in Sixth church.

The Kiwanis club of Holland celebrated its charter night anniversary with a party Friday evening in the Virginia Park Community club house. The club was organized Feb. 6, 1939, with Dr. Henry Masselink as president. Dick Zwiap served in that capacity in 1940. The club has had a fine growth since and has undertaken many worthwhile projects.

About 175 attended the anniversary party including delegates from Detroit, Pontiac, South Haven, Grand Haven, Muskegon and Grand Rapids.

A stirring address was given by Nels Knudsen of Pontiac, past governor of the Michigan district, who spoke on "The Widening Horizon."

"This is a new day," Mr. Knudsen said, "and in this ever-widening horizon we cannot gully through responsibility. We must face the new day and accept its challenge. To say that all is chaos, warfare, unrest and that there is nothing we can do about it is wrong and does not become real American manhood."

"The real Kiwanian faces the new day with boldness. He accepts the responsibility. The task is not easy. America was not built easily; men worked for it, lived for it, died for it. Sometimes things look a bit hopeless. We are continually threatened by forces that would destroy our democracy. We are menaced by many isms—but the real Kiwanian believes that life presents a challenge, that it is not hopelessly complex. He knows the battle is hard, but he is pulling off his coat and, tackling the job. He believes that the spiritual forces can and will be victorious and is out to fight for victory."

Kiwanians Hear Talk by Knudsen

The Kiwanis club of Holland celebrated its charter night anniversary with a party Friday evening in the Virginia Park Community club house. The club was organized Feb. 6, 1939, with Dr. Henry Masselink as president. Dick Zwiap served in that capacity in 1940. The club has had a fine growth since and has undertaken many worthwhile projects.

About 175 attended the anniversary party including delegates from Detroit, Pontiac, South Haven, Grand Haven, Muskegon and Grand Rapids.

A stirring address was given by Nels Knudsen of Pontiac, past governor of the Michigan district, who spoke on "The Widening Horizon."

"This is a new day," Mr. Knudsen said, "and in this ever-widening horizon we cannot gully through responsibility. We must face the new day and accept its challenge. To say that all is chaos, warfare, unrest and that there is nothing we can do about it is wrong and does not become real American manhood."

"The real Kiwanian faces the new day with boldness. He accepts the responsibility. The task is not easy. America was not built easily; men worked for it, lived for it, died for it. Sometimes things look a bit hopeless. We are continually threatened by forces that would destroy our democracy. ELEANOR ROOSEVELT:
ECONOMIST

Eleanor Roosevelt clashed re-
cently with Dr. William Haber,
University of Michigan econo-
mist, in Haber's own field. The
university specialist had ex-
pressed the opinion that the "United
States will pay for the war with
a drastically reduced standard of
living." Mrs. Roosevelt came back
with the statement that "the
war will not cut living standards
if local defense councils are on
the job."

That statement is just tantalizing
enough so that it incubates
a desire for more—at least for
some details. On general prin-
ciples a professional economist may
be presumed to know more about
his specialty than an amateur
like the First Lady. When there
is a clash of opinion between two
such persons the sensible thing to
do is believe the specialist until
the amateur has brought con-
vincing evidence.

And in advancing evidence Mrs.
Roosevelt is at her most tantaliz-
ing best (or worst, depending on
the point of view). She simply
says the standard of living will
not go down "if local defense
councils are on the job"; though
what in heaven's name local de-
fense councils can have to do
with the decline in the standard
of living is more than a plain
citizen can understand. Nor does
she explain.

A standard of living is merely
the ability to buy the food, the
clothes, the services, the luxuries
that you need or desire. Apparent-
ly Mrs. Roosevelt's idea is
that the local defense councils
are to see to it that prices are
not unduly boosted. In the long
run local defense councils will
have about as much power over
the operation of the laws of econo-
mics as a child with a spoon
has over the ocean.

But even if that point is con-
ceded to Mrs. Roosevelt, there is
that other stubborn fact that
when a citizen's income is rad-
ically reduced he will be compell-
ed to reduce his standard of liv-
ing. If, as Dr. Haber estimates,
we will presently be giving half
our income to the government to
finance a part of the defense ef-
fort, it is hard to see how the
standard of living can remain the
same, even if prices do not rise
above the normal level. There is
hardly one in a thousand who
can keep up his present standard
of living on half his income.

This is not saying that the de-
fense effort should be reduced or
that anything should be reduced
that is now being done to win
the war. That isn't the question
at all. It is merely an exclamation
of wonder that the First
Lady can so confidently make an
assertion that is wholly out of her
field of information and one that
seems to fly directly into the face
of common sense. She merely
gives the impression of picking a
rabbit out of a plug hat.

THE CHURCH INVITES YOU

Eddie Cantor said recently in a
radio broadcast: "The world today
is going through something far
more threatening than a wind-
storm. Every single one of us
needs refuge of one kind or an-
other. I know of no better place
to go for it than a church. The
church must be a very strong and
righteous thing, for it has survived
every enemy it ever had. And the
book which embodies the prin-
ciples of the church, the Bible, is
still at the top of the best-seller
list. We are extremely fortunate
to live in a country where we can
worship as we please when we
please. Let's make the most of
that blessing. Go to church! The
greatest calamity that can befall
a people is the loss of religion."
Why not accept the invitation and
come to church next Sunday?

The Healing Ministry of Jesus
Mark 2:1-12

By Henry Geerlings

It is apparent from a careful
reading of the gospels that Jesus
desired to make known His mis-
sion among men gradually. He
did not from the start begin pro-
claiming it from the housetops.
That would have been a very un-
wise thing to do. He would have
hindered more than he helped
His cause.

His method was to gather about
Him a few men to whom He would
make known what He came for
and the method He would adopt
in the establishment of His King-
dom. When they understood these
things and came into sympathy
with His purpose then would be
the time to tell widening circles
about His work. But this prom-
iscuous heralding of His name and
works by irresponsible persons,
such as the leper He had just
cured, could only result in stirring
up the antagonism of the religious
leaders against Him. His aim all
along was to work rather quietly,
revealing a little more each day
of the nature of His kingdom. It
was for this reason He sometimes
enjoined people not to tell abroad
what he had done for them.

The large number of cures Jesus
wrought gives us a good under-
standing of His power in the phys-
ical realm. There was hardly any
one who could deny that He was
able to heal the sick and cast out
demons. People were so impressed
with His power in this realm that
they rushed all who were afflicted
to Him no matter what the nature
of their malady. Had he been so
disposed he could have spent all his
time healing the diseased bodies of
men. But there was something
deeper that engaged Him.

It is the business of every one
to be a friend of some one. The
names of the four men are not
given, but their good deed told
wherever this gospel is proclaimed.
The friendly interest they man-
ifested brought to the soul and
body of a needy man more than he
had a right to expect. Perhaps
he was not the only one they be-
friended in that way. McCauley
once said, "When life's real his-
tory is written it will be the bi-
ography of little deeds performed
by great souls." The names of
very few people rise to the level of
popularity. Thank God it is pos-
sible to possess a great soul in
humble and obscure surroundings.

There are some tasks that must
be done jointly. It is the way of
beds to have four corners, and no
one can carry them all. The Lord
made much of united service. He
often spoke of twos and threes.
It is when we join our hands
and hearts that we get the biggest
tasks done. A father cannot make
a home; neither can the mother
or the children; but together they
can. A pastor and his council can-
not run a church, but when they
have a hundred or two hundred
people standing with them and
back of them, then it can be done.
Where there is cooperative endeavor
there is sure to be progress. It
is often better for us to be given
a piece of work with others than
it is for us to do it alone.

Faith laughs at obstacles. No
doubt there were difficulties that
lay in the way of these four men
getting their patient into the pres-
ence of Christ. Now the thing
that arrests our attention is not
that they might have had good rea-
son for turning back, but that they
refused to consider any excuse for
turning back. They as much as
said to Jesus who was surrounded
by the crowd, "We will not let
thee go except thou bless us." Now
it was that faith that Jesus recog-
nized. They got everything they
asked for, and much besides. I im-
agine there was much grumbling in
the crowd because of the persist-
ence of these few determined
souls. It all teaches us that a great
faith in Jesus will get a great
blessing from Him.

Jesus not alone claimed to for-
give sins. He did it. It is true we
have no eyes to see the hidden
work of forgiveness in the human
soul, but we have eyes to see the
new and changed life of the man
who has been forgiven. And we are
ready to say that something has
happened on the inside or he would
not be transformed in conduct.
What our Lord wanted His critics
to see was that the power with
which He healed the bodies of
folk was identical with the pow-
er with which He forgave their
sins. Now He wants us to see as
much, yes, more. He wants us to
see that if He is able to help us
overcome evil ways and break the
sins by which we are enslaved,
that He is also able to pardon our
sins and set us right with God.
And in the whole transaction,
whether He is dealing with the
bodies or the souls, He wants us
to behold His divinity. The words He
spoke and the works He did were
beyond the power of man. They
lay alone within the power of God.

Guidance Tea Attracts
High School Students

Approximately 100 girls, stu-
dents at Holland High school and
Christian High school, attended
the "guidance tea" given Thurs-
day, Feb. 5, in the Woman's
Literary club under auspices of
Holland branch, American Asso-
ciation of University Women. The
affair was planned for those stu-
dents of the sophomore, junior
and senior classes who are in-
terested in a college education.

Miss Laura A. Boyd, professor
of German at Hope college, a
member of A.A.U.W., talked to
the girls, explaining the purpose
of the tea, what it means to go
to college and why it is worth-
while. "It does not matter so
much where you go as that you
have the desire to go on with
your education," she said. Miss
Boyd also told of the origin, aims
and projects of A.A.U.W.

Greetings were extended by
Mrs. James Brierley, branch
president, who introduced Miss
Boyd.

Tea was served in the club
house tea room from a table de-
corated with smilax and red can-

dles in crystal holders. Mrs. J. J.
Brouwer and Mrs. Warren S.
Merriam poured. Red hearts on
the frosted cakes carried out the
Valentine motif.

Chairs were arranged in circles,
where the girls could inquire
about the various schools. Litera-
ture and information were avail-
able on schools of music and art,
denominational colleges, state and
other universities, schools of
nursing, teacher training schools,
eastern colleges, Hope college,
University of Michigan, North-
western, and Michigan State col-
lege.

Following the tea there was a
short branch meeting with Mrs.
Brierley in charge. Miss Elizabeth
Lichty, Miss Enid Bush and Mrs.
Henry Steffens were appointed to
serve on the nominating commit-
tee. Those volunteering to assist
in the draft registration on Feb.
16 were assigned to their stations.

Tentative plans were made by
those who desire to attend the
A.A.U.W. workshop conference
in Ann Arbor on Feb. 14, when
the national president of the or-
ganization will speak.

Hope College President
Talks to Century Club

In an inspiring address before
members of the Century club
Monday night in the home of Mr.
and Mrs. Jay Den Herder, Dr.
Wynand Wichers, president of
Hope college, challenged his lis-
teners to "make ourselves watch-
ers and guardians of the world"

and to rise to new heights of
courage and fruition in the fight
for freedom, democracy and a
new order of world security.

Developing his subject, "Ideas
Set in a Wilderness," Dr. Wichers
showed how the great city of
Washington, once an idea in the
mind of an architect, has become
one of the world's great capitals.
To illustrate that ideas never
come into the world all born.

Many ideas today are still in
the wilderness, and there is need
to learn patience in critical times,
he said. Through the reading of
history, it is realized that ideas
sometimes are centuries old be-
fore they reach fruition. As an
example, the speaker traced
through the ages the history of
the magnificent cathedral of
Chartres, "a religious idea trans-
lated into stone."

"What shall be our reaction to
the times in which we live?" Dr.
Wichers asked, stating that he
"does not believe the cards of the
world are stacked for despair."

Two ideas not yet set in stone
are vital to the peoples of today—
representative constitutional de-
mocracy and a new world order, he
said. Going into history, Dr.
Wichers traced the gradual de-
velopment of the idea of democ-
racy, which contains something of
the Greek philosophies, the Chris-
tian belief in the unity and
fatherhood of God and that "man

is a spirit capable of develop-
ment," plus the Teutonic idea of
personal independence and a self-
developing system of law.

New attacks are being made
on these ideas just as "we are
about to realize their fruition," he
said. "Shall we have faith in their
validity?"

As long as there is the present
concept of life, as long as econ-
omic integration is possible, there
is hope for a new world order,
the speaker pointed out. Nation-
alism is an obstacle of political
integration which must be mod-
ified if a new world order is to
come. World mindedness rather
than narrow mindedness must be
the watchword.

"We must have faith, and
guard and cherish truth in the
thought and life of the world, for
ideals will never triumph unless
they exist in our minds," he de-
clared.

Several delightful vocal solos
were presented by Robert Cavan-
augh of the Hope college music
department, accompanied by Mrs.
W. C. Snow, also of the college.
Mr. Cavanaugh sang the aria, "Il
Lacerto Spirito," from the opera
Simon Boccanegra by Verdi; the
Old English, "Some Rival Has
Stolen My Love Away," by Broad-
wood, and the request number, "I
Love Life," by Mana Zucca.

An encore he sang "God Bless
America," in which the group
joined.

Henry Winter, president of the
club presided.

On the social committee were
Mr. and Mrs. Milton Hinga, Miss
Kittie Doesburg, Mr. and Mrs.
Albert Diekema and Mrs. C. J.
Hand.

Leonard Vander Wege, Stanley
Nieboer and Bernard Borgman,
played a few selections. A three-
course lunch was served to 30
guests by Mrs. Kaper and Misses
Anna Jacobs and Fayne Spoor.

The bride was honored recently
at four showers.

ers, Mrs. Albert Lampen and Mrs.

tertainment. Mrs. Oscar Thomp-
son and Mrs. Bernard Arendshorst
and Mrs. Robert Cavanaugh were

Two applications were filed for the construction of coolers at a cost of \$300. Two other applications, totaling \$185, were filed for permits to re-roof homes.

There was one application for each of the following classifications: Storage building, \$500; replace storage bins, \$700; photo studio, \$1,200; new garage, \$125; remodel garage, \$1,500; interior remodeling of store, \$150.

Nine applications for building permits with a total expenditure of \$1,778, were filed last week with City Clerk Oscar Peterson. The amount is \$6,047 less than last week's permits of \$7,825. Value of the permits for the week of Jan. 16-23 was \$4,195.

The list of applications follows: Arthur J. Alderink, 99 West 26th St., finish upstairs with two bedrooms and bathroom, \$200; Mr. Alderink, contractor.

In 1842 David Abel faced the task of evangelizing in the Fukien province. Today the established Chinese church of Christ there has over 15,000 members. As a thank offering for this outstanding work through the years, the Reformed church is giving the Centenary fund.

An attempt will be made to raise approximately \$18,000, mainly for sending out new missionaries and for training native Chinese workers. The Amoy Mission is asking for one doctor, one nurse, two single women evangelists, two ordained men, as well as making a concerted effort to raise the standard of the ministry and native workers in China. In these ways the Reformed church is signifying its firm intention to stand by the Chinese and to help them in the field of leadership.

Time Plan for Farms Urged

The Ottawa county Farmers union had a plan to align farm work with the sun.

Under the proposal presented to Leo V. Card, commissioner of agriculture, in Lansing, Friday, all farm communities in the state would follow "war time" but those businesses connected with farming would change their schedules so they would be open an hour different from the new time. Thus a creamery or other food processing plant would open at, say, 8 a.m. instead of 7 a.m.

Card endorsed the plan and, according to Peter Van Eyck of route 3, Holland, is sending letters in the state, asking their cooperation with such a schedule that would include churches and schools.

The idea was explained to Card by Peter Pyle, president of the Holland and Ottawa county Farm union units; Harold Kragt, secretary of the county unit; Koene Vanden Bosch; and Mr. Van Eyck. All reside in Holland township.

The delegation asserted that the average farm worker would lose 200 hours of work a year under "war time."

SUNDAY DINNER Suggestions

There are priorities these days even in food planning. Nutrition experts, who have studied the alarming figures that show 33 per cent of the American population are victims of malnutrition, suggest that we all give green and yellow vegetables priorities in planning our meals.

Such foods today are prized for their richness in vitamins and minerals. The green and yellow pigmented vegetables are rich in iron and Vitamin A; the green leafed foods in Vitamin G, or riboflavin, the element that promotes vitality. Kale, spinach, beet and turnip tops, lettuce, cabbage, escarole, and dandelion are typical of these classes.

When planning your next Sunday's meals, why not initiate the program suggested by these nutritionists? In addition to the leafy vegetables, their outline as one day's needs a quart of milk for every child and a pint for adults; tomatoes, oranges or grapefruit, or a raw vegetable; potatoes, or some other vegetable or fruit; lean meat, poultry or fish and two or more servings a day of whole grain cereals.

Based on these suggestions, Marion Rouse Budd, of the Kitchen, has planned the following menus at different price levels for your next Sunday dinner:

Low Cost Dinner
Braised Beef with Vegetables
Buttered Kale
Whole Wheat Bread and Butter
Cherry and Rice Croquettes with Cherry Sauce
Tea or Coffee

Medium Cost Dinner
Ham Baked in Milk Spiced Apple
Baked Potato Butter Spinach
Cabbage and Apple Salad
Bread and Butter
Chocolate Nut Pudding
Tea or Coffee

Very Special Dinner
Hot Spiced Tomato Juice
Stewed Chicken with Drop Dumplings
Baked Corn Squash
Mixed Vegetable Salad with Chicory, Cauliflower, Carrots
Fresh Rolls
Banana Cream Pie
Tea or Coffee

National conservation interest dates from 1908 when President Theodore Roosevelt called a conference to devise a program to preserve public resources.

To Answer Nine Simple Questions In Draft Monday

Men Who Can't Appear Then Have Chance to Sign Here Saturday

Only nine simple questions will be asked those men who register next Monday for possible military service under provisions of the selective service act. Col. E. M. Rosecrans, state director of selective service for Michigan, emphasized today in a communication to the local selective service board.

The various registration places in Holland will be Christian high school, Washington School, Lincoln School, the selective service board's headquarters in the Temple building and Hope college, the latter for students only.

Vaude Vandenberg, chairman of the local board, said the board's office will be open Saturday from 1 to 5 p.m. for the convenience of factory workers who cannot register Monday because of their work. He said Joe Kramer has been appointed to register Hart and Cooley employees Monday.

Registration of the individual should require a comparatively short time, Rosecrans said. The registrant will not be asked to fill out questionnaires but must only answer questions about his identity, his place of residence, and his mailing address. Also he will be required to list his telephone, if any; his age in years and date of birth, place of birth, the name and address of the person who will always know his address, his employer's name and address, and his place of employment or business.

While it is important that registration be conducted as speedily as possible, Rosecrans said that every registrant will be given ample time to respond properly to the questions on the registration card, which on this occasion will be green. White and melon colored cards, respectively, were used for the first and second selective service registrations.

No questionnaires will be given registrants when they register Feb. 15, nor will they then be required to undergo any physical examination. Questionnaires are given to registrants after their order numbers have been determined and reached by their local boards. Physical examinations are given only after the boards have passed on the general qualifications of registrants and have determined that they should not be deferred for reasons of interest to the nation.

While registration must be conducted as of Feb. 16 to conform to the president's proclamation issued early in January, all persons who will find it impossible to register on that day may register at the office of their local board on Saturday or Sunday preceding registration day.

When registered, each registrant must answer the following nine questions: (1) name of registrant; (2) place of residence; (3) mailing address (if other than place of residence); (4) telephone; (5) age in years and date of birth; (6) place of birth; (7) name and address of person who will always know your address; (8) employer's name and address, and (9) place of employment or business.

After a registrant has answered all questions and signed his name to the registration card, he will be given a registration certificate signed by the registrar. This certificate must be in the personal possession of the registrant at all times. Failure to possess the certificate, or to show it to authorized persons, constitutes a violation of selective service regulations and is considered prima facie evidence of failure to register.

Reports of Standing Committees

Mayor Geerlings brought up the matter relative to the new time that is to go into effect on next Monday, Feb. 9, 1942. The City Attorney was called upon to give an opinion as to the provisions of this Federal law. Mr. Lokker stated that it was his understanding that the State of Michigan is to abide by the Federal Law and set the clocks ahead one hour as required. He further stated that he did not believe it would be wise for any community to take different action and he felt that the City of Holland could hardly do otherwise than go along with the State and accept the wishes of the Federal government.

No action was taken by the Council on the matter.

In this connection, Supt. Fell who was present was called upon to give his viewpoint so far as this new time would effect the schools.

Mr. Fell stated that in following, the newspaper articles that appeared recently he had been encouraged by the thought that the State might set the clocks back one hour and put them on Central Standard time so that when the time was advanced it would remain as at present. However, since then things have changed and it now appears that we will be obliged to set the clocks ahead over our present time. He further stated that he was of the opinion that the schools and industries must work together so that there will be no confusion so far as the lunch hour is concerned.

Mr. Kirchen who was also present in the interests of the manufacturers stated that he was glad to see that the Council did not take any action on this matter since he felt that this was a matter for the local industries and businessmen and schools to work out their own plan and if they could all get together, it might be desirable to start one hour later than is being done at present.

Ald. Mool stated that this might be all right providing other cities in this vicinity would do likewise but if not, he felt that there would be more confusion if the City of Holland would have different time than other communities nearby.

The consensus of opinion of the Aldermen seemed to be that nothing should be done so far as the City of Holland is concerned but to abide by the new Federal Act and set the clocks ahead as required.

Mr. Sipp Houtman appeared before the Council and reported that the Tulip Time Bureau had just met to consider Tulip-Time for 1942. Mr. Houtman stated that he had been informed that one of our citizens was circulating petitions opposing the holding of a Tulip-Time celebration this year due to the war emergency and on this account Mr. Houtman thought he should give the Council some information as to just what the Tulip-Time committee is proposing for this year.

He stated that locally, many people are fed up on Tulip-Time. However, due to the tremendous interest outside of the City of Holland, the Committee felt that the only thing they could do was

to go ahead and hold a Tulip-Time celebration with a curtailed program. Mr. Houtman then went on and gave a rather lengthy report of the benefits that accrue to the City of Holland on account of our Tulip-Time celebration. Among these, Mr. Houtman mentioned the fact that it is decided benefit to the Tulip growers in the State of Michigan. He also mentioned the fact that the State of Michigan benefits considerably from the additional sale of gasoline and other merchandise that is sold on which sales tax is paid.

It was further stated that our Festival is of too wide-spread interest to cancel it on a short notice. In this connection, he mentioned the fact that at present 61 nationally circulated magazines are running articles on our Festival which is of tremendous value to the City of Holland from an advertising standpoint. He further mentioned the fact that our Festival is costing the taxpayers of the City of Holland practically nothing compared to the benefits that accrue to the City on account of this Festival. Mr. Houtman estimated that the amount of publicity that is received by the free advertising that the City gets in the national magazines amounts to approximately \$100,000.00 per year.

Ald. Raymond reported that he together with the City Attorney had gone to Milwaukee and studied a report of the U. S. Engineers relative to their unfavorable action in not recommending the extension of our channel project at government expense.

Mr. Raymond stated that he felt that the committee had done everything in its power to have the government take over this project but without

Dutch Keep Pace In MIAA With Win Over Dales, 55-37

Attack Is Bolstered by Vanden Berg's Return; Van Wieren Is High

In the spacious gym at Hillsdale, Hope college Tuesday night trounced the Dales, 55-37, to remain a strong contender for the MIAA crown.

During most of the first half, the Dales held a lead, but the Dutch showered in a barrage of buckets in the last five minutes to take a 5-point lead. In the second half, the Dales again drew up to a tie, only to falter and Hope won on stamina and shooting ability.

The Dutch were bolstered by the return to action of Kenny Vanden Berg, recovered from a sprained ankle. The co-captain scored 10 points and was instrumental in starting the Dutch rally that resulted in victory. Gil Van Wieren hit his stride and tallied 15 points, while George Dalman followed with 12. For the Dales, Groth led the pack with 9. The win marked the fifth conference win for the Dutch and kept them on the heels of the Alma Scots.

Alma continued to lead the MIAA as it downed Olivet, 64-48. In another MIAA game, Kalamazoo defeated Adrian, 43-37.

Dalman opened the scoring for the Dutch with a push shot and Mulder added a foul shot to give Hope a momentary lead. The Dales came back to build up a 10-3 advantage on buckets by Barker, Erickson, Magiera, Groth and Wight. At this point the Dutch came roaring back with Van Wieren tallying on a tip-in, Vanden Berg on a push shot and Kleinjans on a 30-footer to bring the Dutch within striking distance. The battle saw-sawed, with the Dales holding a lead until five minutes remained in the first half, with Hope behind 17-16. Vanden Berg put the Dutch into the lead with a push shot from the foul circle, followed by a set shot by DeVette, and a hook by Van Wieren to give the visitors a 22-17 margin at halftime.

After the intermission, Magiera and Groth combined to knot the count at 25-25. As in the first half, the Dutch suddenly came to life and sewed up the ball game in the next 10 minutes. The heavy scoring was done by Van Wieren and Vanden Berg, with the former dropping in four buckets and the latter countering three. Dalman added two on his famed push shot to sweep Hope into a commanding 47-34 lead with four minutes of play remaining. The reserves finished the struggle and added the points to bring the total to 55-37.

Christians Are Defeated By Belding Five, 37 to 23

Belding continued its unbeaten record, defeating Holland Christian, 37-23, on the Belding floor Friday night. Belding jumped into an early lead and held the advantage throughout the game. During the first period, Christian stayed with its opponent, but faded in the next three stanzas.

The victory marked the second straight this year for Belding over the local five. A red-headed guard by the name of Spicer was hot for Belding and led all scorers with 14 points, while his teammate, Brown, tallied 8. For Christian, it was Mart Sjaarda who put together four buckets and four foul tosses for 12 points to lead his team.

Brown scored on a hook shot for Belding, but Sjaarda matched this with a Long Tom, then a bucket by Hietbrink and a charity toss by Bazuin gave Christian a 5-4 lead. Spicer, with a long shot, put Belding into the lead, but Boersma scored from the side to give Christian its last lead. Just before the period ended, a bucket by Price and a free throw by Kersjes gave Belding a 12-9 advantage.

In the second stanza, Christian failed to hit and tallied only two buckets by Bazuin and Kalmink, while Belding swept into a commanding lead by tallying 12 points. The Belding attack was led by Spicer, who scored once from 30-feet and twice on side court set shots, and Kersjes, who tallied on two close-in shots. At the half,

Lions Told About Phone Research

"The Telephone Children" was the topic of Orville L. Barber, representative of the Michigan Bell Telephone Co. of Grand Rapids, when he demonstrated a number of products of telephone research to the Holland Lions club in the Warm Friend tavern Tuesday noon.

Introduced by Malcolm McKay, Mr. Barber mentioned radio and the sound apparatus for movies as the two outstanding "children" that have resulted through research in telephony. Along with these, numerous other products, that were originated and developed in the Bell laboratories were explained and demonstrated.

The apparatus for long-distance service and overseas radio telephony, one of the most vital branches of the communication system at the present time, was explained and some of the equipment for such services, including the largest of all vacuum tubes for amplifying the frequency, was shown. Also demonstrated was the "iron doughnut" or loading coil which is employed to retard the low frequencies so that they may travel proportionately with the higher ones and thus guarantee "all of a word arriving at the same time and in its correct form."

Mr. Barber explained the often used but seldom understood word, frequency. "Frequency," he stated, "denotes the number of vibrations per second that travel over a telephone wire when a person speaks. These vibrations are what cause the sound emitting from the larynx to register. They vary in number according to the pitch of an individual's voice. A man's voice is basically deep and thus produces fewer vibrations while a woman's voice, pitched much higher, can actuate vibrations per second up to the thousands."

Concluding his lecture, Mr. Barber asserted that connections with 94 out of every 100 telephones in the world are possible today and that telephones could be located in 74 different foreign countries.

Preceding the main program, the members of the club welcomed Kelly Trapp as a new member.

Joe Kramer, who was celebrating his 25th wedding anniversary, passed cigars among the group.

The program was opened as the group sang the "Star Spangled Banner" and then recited the Lord's Prayer. Hadden Hanchett lead the singing.

Tulsmen Win Easily Over G.R. Rivals by 30-23 Tally

Holland Christian bounced back into its old form and soundly whipped a strong Grand Rapids Christian five, 30-23, in a game played in Burton gym, Grand Rapids, Tuesday night. The local five took an early lead and never lost it, playing a good brand of ball to win handily. Wes Vryhof hit the meshes with consistency to score 14 points and led all scorers, while Jimmy Wyngarden led the losers with 13. The game was fast and marred by comparatively few fouls.

Mart Sjaarda started the local quintet on the right road by swishing a 30-footer, followed by a close-in shot by Chuck Bazuin to give the Christian team the lead it never relinquished. Wyngarden swished a side court shot, but Christian retaliated with buckets by Hietbrink and Vryhof and a foul shot by Bazuin to build up a 9-4 quarter lead.

In the second period, the Grand Rapids five was limited to two field goals by Wyngarden, while the locals countered with 7 points. Vryhof scored on a long shot and a side court two-pointer to lead the assault and give his team a comfortable 16-8 intermission lead.

As the second half opened, Holland began where it left off and swept into a big 22-8 lead before the Grand Rapids quintet scored. Two side court shots by Vryhof and a close-in by Hietbrink gave the Dutch more margin. In this quarter, Wyngarden countered two buckets. Just before the period closed, Dell

Boersma hit the meshes from 20 feet and the score at the quarter was 24-4 in favor of Holland.

The final stanza saw Holland score its points in the first few minutes and then stave off a belated rally. Holland countered on six foul shots and the regulars left the ball game leading, 30-17. Scholten and Wyngarden garnered two-pointers for Grand Rapids but this effort was not enough to catch the flying Dutch and the second straight win over its arch-rivals was annexed by the Wyoming Park quintet.

Expects Large Enrollment for Training School

Fell Advises Board of Education Classes to Start at Early Date

With many applications already having been received, Supt. E. E. Fell advised the board of education Monday night that he anticipates a large attendance at the defense vocational school classes which will get under way soon.

He said certification of several teachers was obtained Monday while he and Edward Donovan, director of the new school, were in Lansing. However, some additional electrical equipment must be installed before the school will be ready for operation in the gymnasium of the Junior high school building.

Supt. Fell reported that officials of the state board of control for vocational education at

Lansing are well pleased with the progress which has been made in Holland.

He also conferred with Warren S. Holmes, the architect which the board has employed to draw up plans and specifications. It is the plan for each department which will be housed in a permanent building to be constructed soon to submit its requirements after which the plans and specifications will be drawn up. These will include the wood shop, general shop, mechanical drawing, blueprint reading, home economics and music departments.

Trustees A. E. Van Lente, chairman of the building and grounds committee, reported the property of Mrs. Maggie Schaffner, 65 West 16th St., has been purchased as a site for this new building at a cost of \$5,700.

Supt. Fell said Mr. Donovan had suggested that this house, after it is vacated by Mrs. Schaffner, be used for the blueprint reading and sewing classes with expectations of starting classes next week. Supt. Fell reported some time will elapse before the plans of the new building are completed after which the board will receive bids for the sale of the house proper. He pointed out there is no room available in the school for either of these classes.

Upon motion of Trustee C. J. De Koster, seconded by Trustee A. E. Van Lente, the board voted its approval of local participation in the annual music competition festival, Music Supervisor Eugene F. Heeter advised the board that the district band and orchestra contest will be held in Grand Rapids March 28, the state choir festival in East Lansing April 11 and the state band and orchestra event in Ann Arbor April 24. Individual solo and ensemble events will be held April 10 in East Lansing and April 24 in Ann Arbor.

The formal request for such permission was a letter, signed by Mr. Heeter and Miss Trishie Moore but Mr. Heeter was present to answer questions. He said some money had been raised to defray transportation expenses and that the full amount would be available by the dates of the various events. He explained these contributions came from individuals, popular subscription from student donations and proceeds from band concerts.

Supt. Fell informed the school trustees he had heard considerable praise over the recent elementary grade school circus and that it had been highly approved by those who had seen it.

Among those who plan to attend the citizens' conference on school problems in Lansing Wednesday are Mayor Henry Geerlings, Supt. Fell, Mrs. Martha D. Kollen, Miss Caroline Hawes, J. J. Riemersma and Trustee Ernest V. Hartman.

Claims amounting to \$48,497.38 were approved for payment. Mrs. Kollen opened the meeting with prayer.

Has Kept Area 'Dry' 30 Years

The George Mool Roofing Co., at 29 East 6th St., has been "keeping Holland and surrounding towns dry" for over 30 years. With a small beginning it has grown, by fair dealing, to be the leader in its field today.

Men at the head of this business, George Mool and his brothers, Cornell and Herman, are men of long experience in the roofing craft and this experience is essential in specifying the roof to suit the need. Employees of the concern are all mechanics in their trade, some having been with the company 20 years or more.

The company has been active in the asbestos cement siding field as can be seen in the many homes in Holland that have been improved by them. By use of asbestos cement siding shingles, a home that is hard to keep painted can be beautified and insulated for years to come, thereby lessening the owners' worries and saving money.

There is no job too large or too small for the firm to tackle. It is an expert in all types—asphalt and asbestos shingles, tile, built up asphalt and a complete line of Rubberoid materials is carried by the concern at the warehouse on Sixth St.

Scout Executive M. P. Russell showed motion pictures on the three phases of scouting, cubbing, Boy scouts and sea scouts. Skits were put on by various patrols, both serious and humorous. One skit portrayed boys buying defense stamps. Earl De Weert and Kenneth Weller gave a demonstration of artificial respiration. Gerald Groeters and Eugene Van Dyke played their accordions.

Henry Derksen, scoutmaster, presided at the Boy Scout court of honor at which various awards were made. Neil Vanderkuy was installed as junior assistant scoutmaster. Earl De Weert and Neil Vanderkuy led in the closing.

Great Change in Dairy Business

Consumer's Dairy Co., owned by Benjamin Speet, had its beginning in 1911. At that time the company sold raw milk and made its delivery from house to house with one horse and wagon. The milk was in large cans and the required amount was dipped out for each customer.

A few years elapsed and the concern realized the great importance of Pasteurized milk. Following a careful investigation, Pasteurizing equipment was bought. Later the company bought out another milk route and about 10 years ago a new brick building was erected at 138 West 27th St., on the original location. This building is furnished with all necessary equipment and ventilation.

The dairy operates three trucks and employs six persons, including Benjamin Speet, Garold George B. Speet and Harold Schaap as drivers of trucks. Besides Pasteurizing and bottling its own products, it also does this work for three other dairies.

The aim of the firm is to provide the public at all times with a safe product.

At first, recruiting officers at Cedar Rapids and Des Moines didn't take him seriously when he asked to enlist. They looked at his graying hair and decided he was too old. He tried to enlist six times at Cedar Rapids and three times at Des Moines before finally being accepted. During the first world war, he served two years in the 29th division and spent 18 months in France.
