Zeeland Hospital Fund Increased By \$5,000 Gift

ZEELAND (Special) — A gift of \$5,000 from Mead Johnson & Co. of Evansville, Ind., was announced today for the building fund of the Dr. Thomas G. Hulzinga hospital.

The new gift brings to \$20,000 the amount pledged in the current campaign to raise \$150,000 for hospital improvements, according to Cornelius Karsten, member of the hospital board and chairman of the building fund committee.

Mead Johnson & Co., a pharmaceutical firm, maintains a factory in Zeeland where it manufactures many of its formula products for babies.

Karsten said three alternatives are under study by the hospital committee. The first is the general preference for an entirely new hospital to replace the present plant which is a converted mansion made into a hospital in 1928.

The second plan calls for a wing on the east side, a modern one-story annex to be connected by a breezeway. The third plan calls for wings on both sides of the hospital.

The Zeeland hospital is classed as an 18-bed hospital, yet the average number of patients treated last year was 20.7 per day. Current plans call for a 22 to 25-bed hospital, providing other improvements which the staff feels are badly needed. The hospital listed 500 births during 1952, compared with some 900 for Holland hospital.

Plans call for a drive to be made among industries first, then among individuals. The all-out campaign is scheduled for May and will include public solicitation in the area as well as the city.

Zeeland hospital is the only hospital between Holland and Grand Rapids and serves a large rural area in southeastern Ottawa county as well as the immediate city.

A. C. Vanden Bosch, president of Zeeland State bank, is chairman of the hospital board of directors. The board has decided that the fund must have \$75,000 in cash before any construction or remodeling is begun.

Hope Students To Enter Contests

Hope college will be represented by four speech students Saturday in the Peace Extempore and Oratorical contest at Alma college. The contest is sponsored by the Michigan Intercollegiate Speech League.

Robert Riecke, sophomore from Grand Rapids, and Penny Ramaker, freshman from West Bend, Wis., will enter the men's and women's extemporaneous contests. The over-all subject will be "American Foreign Policy." Contestants draw their subjects and give eight minute speeches in the preliminaries. The same procedure, with speeches 10 minutes in length, is followed in the finals.

Guy Vander Jagt, Cadillac senior, entering the men's oratory division, will present "Bonn Report," an abridged version on his trip to Germany, which he has related to many local organizations. This is the only MSL contest for which Vander Jagt is still eligible, because he has won all the others during his college career.

Mrs. Phyllis Soerz of Holland, a senior, will present "A Key to Peace," in the women's oratory contest. Her oration pleads for a policy of love and literacy fashioned after the program of Dr. Frank Laubach, well-known educator-missionary.

Faculty representatives attending will be Dr. William Schrier, director of forensics, in charge of extemporaneous and oratory at Hope, and Miss Helen Harton of the speech department who is director of dramatics. They will serve as coach-judges in all contests except for Hope students. The Knights of Pythias of the state offer \$200 in prizes—\$50 for each of the four contests. First prize is \$25, second \$15 and third \$10.

Four Girls Hurt When Car Skids

GRAND HAVEN (Special) — Four girls were injured early Wednesday when a car skidded on an icy road and crashed into a tree on Taft road about 2 1/2 miles from 56th Ave., which runs from Coopersville to Ravenna.

The driver, Mildred Kaman, 21, of 6812 Peach Ridge, Grand Rapids, received chin bruises and other minor bruises. Others in the car were the driver's sister, Clara, 17, head injuries; another sister, Delores, 15, bruises requiring x-rays; and Doris Alt, 17, Grand Rapids, head injuries.

All were treated at a hospital and released. They had been returning from a wedding anniversary party in Ravenna and had lost their way. Deputy Charles Bugielski investigated for the sheriff's department.

This little doe is ailing with a hind leg in a cast and a nasty wound on the front leg, but seems to be enjoying the life of leisure in a barn near the home of Ken Topp on North Division Ave. Ken and Chuck DeFeyer saw the injured animal last Thursday while driving near Port Sheldon. Since that time they have been nursing it back to health. (Sentinel photo)

Injured Doe Having Time Of Life Convalescing

A young doe is living "the life of Riley" these days that includes a sort of "breakfast in bed" arrangement.

She's waiting for her injured leg to heal in the comfortable confines of a barn near the home of Ken Topp on North Division Ave. Meanwhile she doesn't have to scrouge around for food but is "served" meals in her quarters at regular intervals daily and directly from Topp's hand.

Topp and Chuck DeFeyer, Lakewood Blvd., spotted the crippled doe last Thursday while riding near Port Sheldon. At the time the deer was browsing around a clump of apple trees.

They got out of their car and walked up to the doe. On seeing the injured leg, they decided to do something to save the little doe from the roving dog menace.

Topp tackled the deer and both men managed to get her into the trunk of their car after quite a struggle. When they got home they notified Conservation Officer Elmer Boerman, who, after an examination, concluded the deer had been struck by a car.

Boerman told the two young men to arrange whatever aid was needed because the conservation department does not have funds for such service. Usually such animals are shot and the meat given to a worthy institution.

Topp and DeFeyer applied a splint to the injured leg Tuesday. And then Topp, who is a member of the Tulip City Rod and Gun club, contacted club officials who in turn made arrangements for Dr. James Cook, veterinarian, to inspect the wounded animal.

Dr. Cook made his inspection Wednesday evening and said the young man had done an excellent job on the splint and there was nothing more anyone could do. He suggested keeping the animal in captivity for three weeks before removing the splint. By that time, he said, the deer should be able to fend for itself.

The Rod and Gun club intends to get permission to tag the deer before releasing it.

Holland Boxers Lose to Champs

A couple of Holland novice boxers did all right in the Western Michigan Golden Gloves tournament this week in Grand Rapids.

Dean King, fighting in the 147-pound novice class, went up to the finals in his class before losing. King was stopped in the second round of the final match by Robert Dewey of Grand Rapids. Earlier, the Holland boxer had won a semi-final bout.

Larry Cook, fighting in the 160-pound novice class, also lost out to the champion of his division. Lowell Patrick, Grand Rapids Central high school halfback, defeated Cook in the semi-finals. Then Patrick went on to cop the championship.

To reach the semi-finals, King and Cook each had to win four bouts earlier in the competition. The semi-finals and finals were held Tuesday night.

Winners of the Grand Rapids tournament qualified to box in the state tournament next Monday and Tuesday at Grand Rapids. In all 184 boys were entered in the Western Michigan tourney.

Roof Burned Off And Second Floor Charred by Fire

GRAND HAVEN (Special) — Ferrysburg school was badly damaged by a \$125,000 fire late Tuesday night, the third blaze to hit schools in Ottawa county in less than a month. Loss is partly covered by insurance.

Unlike West Olive and Olive Center schools which were completely leveled, Ferrysburg school damage was mainly confined to the second floor, although there is some damage to the first floor and basement. School officials said some six inches of water remained in the basement today and about three inches on the first floor. The roof was burned off.

The roof and southwest corner of the two-story brick school were ablaze when Spring Lake firemen responded to the alarm at 11:25 p.m. Two trucks from the Grand Haven department were called and two departments battled stubborn flames for three hours in the face of heavy winds.

Fire fighters had no easy access to water since Ferrysburg has no water system, and a line had to be laid to Spring Lake 1,500 feet distant.

Fire Chief William Koster of the Spring Lake fire department believes the fire originated in the furnace blower system. State Police Detective Walter Burns of the Paw Paw post is assisting Grand Haven state police in the investigation.

The building which housed 240 pupils from kindergarten through eighth grade was erected approximately 20 years ago. The second floor had been remodeled recently. The school is located in the village proper three blocks west of US-31, and flames were clearly seen from the highway.

The blaze lighted the sky for five miles, police said. Many persons were attracted to the fire, but most had left by 3:30 a.m. although flames were not completely under control.

Principal of the Ferrysburg school is Lester G. Droppers. School board members are Maurice Rosema, president; Albert Jordan, secretary; Arnold Mattew, treasurer; August Vander Wagen and Douglas Van Orman, trustees.

The board today was investigating possibilities of carrying on school, and it appeared likely that some arrangement would be worked out with the Spring Lake school system. A new school was completed some time ago in that village and there are some unused rooms in the old school and perhaps some extra room in the new school.

It was on the early morning of Jan. 16 that the one-room West Olive school was leveled by flames, and just a week later on Jan. 23 that the Olive Center school, a larger school located just four miles away, was destroyed by fire. Both schools had been erected about 80 years ago. Only one folding chair was saved in the West Olive fire and 15 chairs were saved in the Olive Center fire. Cause of fire in each instance has not been determined.

Indians Announce Sale of Zuverink

The Cleveland Indians at last have announced the sale of Holland's George Zuverink to the Indianapolis club of the American Association. Announcement was made in Cleveland Wednesday.

Zuverink had been told of the sale by Indianapolis manager Birdie Tebbetts, who wanted Zuverink for his club's roster. Zuverink agreed to the deal, and looks forward to a fast start at Indianapolis.

Listed by the parent Cleveland club as primarily a fast ball pitcher, Zuverink pitched 25 innings for the Tribe in 1951, but had no record for that year or in 1952. He finished both seasons at Indianapolis.

Cleveland club officials said the sale was made to strengthen the pitching staff of their Indianapolis farm team. However, George's contract will be held by Indianapolis.

Harding Hotel To Be Rebuilt

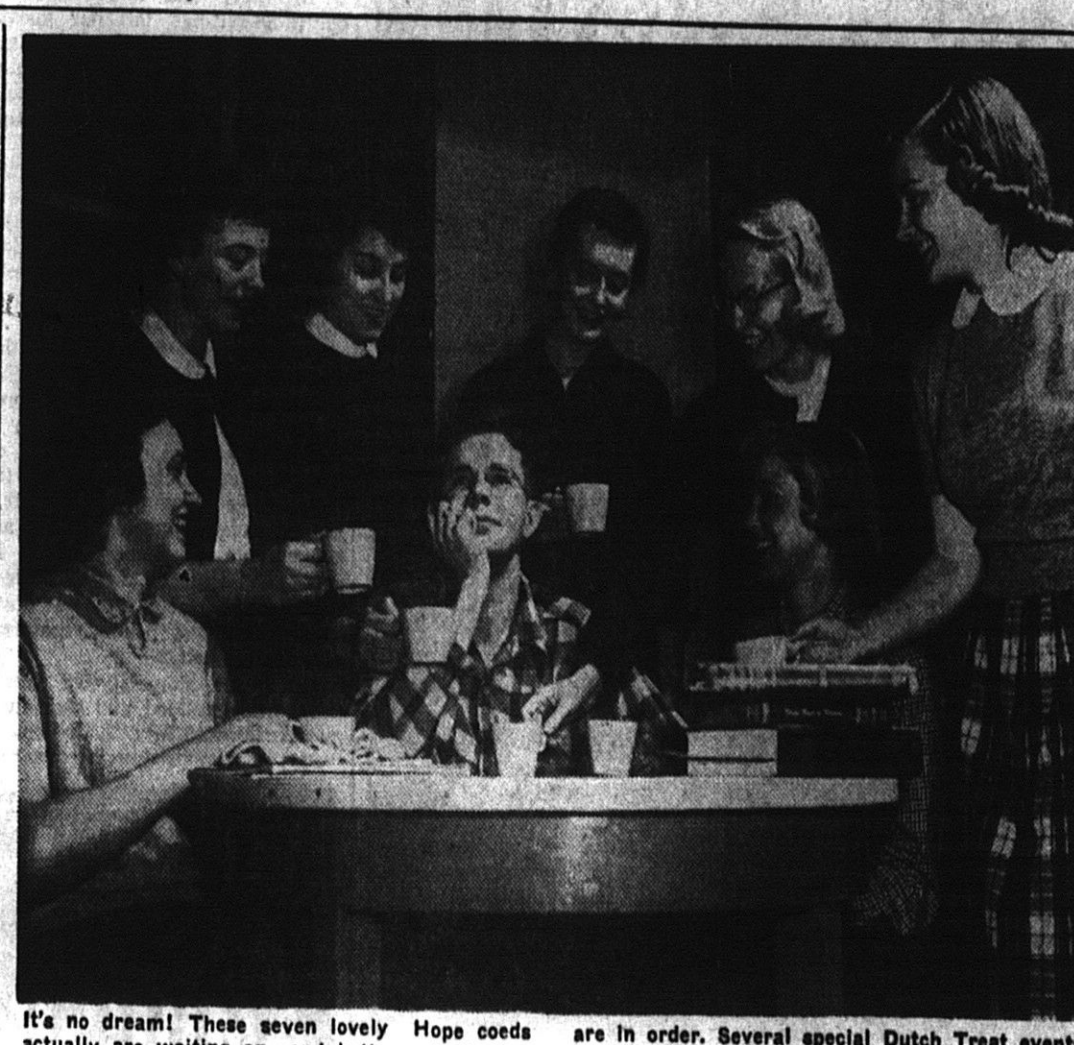

Rumors that the Harding hotel in Saugatuck would not be rebuilt were squelched today when Mrs. George Harding, speaking for her ill husband, said a new hotel would definitely be built and most likely be ready this summer.

Mrs. Harding said her husband's entire life has been spent in the resort business and the fire which leveled their hotel a few weeks ago would have to be considered as extremely unfortunate but not a final chapter in their business life.

She said the hotel was a total loss and the remaining walls would have to be torn down before new construction can start. No final estimate of damages has been released by the insurance company she said. Earlier estimates set the loss at \$150,000 to \$200,000.

No date has been set to begin construction, Mrs. Harding said, pending decision of the insurance company on the loss or if the insurance firm decides to do the construction work. Cause of the fire has not been determined yet, she said.

Mrs. Harding said her husband's family has been in the resort business for the last six generations. She cited a great-great-grandfather who lost two hotels in Chicago, one during the Chicago fire, but rebuilt each one and remained in business.

It's no dream! These seven lovely Hope coeds actually are waiting on—and better yet—footing the bill for as much coffee as Stan Vander Aarde of Orange City, Iowa, is able to drink. For this whole glorious week—annual Dutch Treat Week—the Hope boys can stash away their wallets and wait for the girls to call them. But the coeds don't mind. Usual dating etiquette this week is just reversed, and now the girl can ask any boy she'd like to go with, providing, of course, her finances are in order. Several special Dutch Treat events were planned throughout the week on the campus. Pictured in Stan's "bevy of beauties" at the college Koffee Kletz are, standing, left to right: Barb Lubbers of Kenosha, Wis.; Helen Van Lee of Kalamazoo, Kathleen Kemper of Chippewa, Mexico; Elaine Ford of Holland and Doris Bechberger of Tenafly, N.J. Seated are Hedy Jacobs of Sheldon, Iowa, Stan, and Joyce Van Druen of South Holland, Ill. (Sentinel photo)

Detroit Tech Will Play Calvin as Part of Benefit

All but a few details have been taken care of for the Dutch relief basketball game to be staged at the Grand Rapids Civic Auditorium between Holland Christian and Detroit Tech on Feb. 20, Athletic Director Raymond Holwerda announced today.

Latest development in the benefit attraction to be managed by Holland Christian, is that Detroit Tech will meet Calvin college in the third game of a tripleheader. According to Holwerda, the reserve squads of the two schools will play first, to be followed by the feature game between the varsity squads of the two schools. Then in the nightcap, Calvin will take on the Detroit quintet. Arrangements with the Motor City squad were completed late Wednesday afternoon in a telephone conversation between officials of the colleges.

The contest was originally slated to be played at the Armory with the locals the entertaining school. However Calvin college authorities who had rented the Civic for a benefit of their own, realized that the traditional high school clash was a "natural" and immediately contacted Holwerda. Local officials accepted the idea under the arrangement that the Holland athletic department would handle the bargain bill attraction.

Ticket information will be released shortly, although Holwerda already announced to student ticket holders that they will be able to exchange them for benefit game tickets at the high school in a few days.

Fire Chiefs Hold Meet in Zeeland

ZEELAND (Special)—Chief John Van Eden was host to approximately 100 Fire Chiefs from 33 Michigan counties Wednesday in Zeeland City Hall where they met for bi-monthly meeting of the Western Michigan Fire Chiefs Association.

Speaker was Emmet Cox of the Western Actural Bureau from Chicago, the company that conducts tests on fire equipment and is the basic home office for rate setting and fire insurance.

Speaking on "Use of Water Spray Instead of a Solid Stream," Chief Cox used as a starting point an article taken from the "Scientific American" published in 1877, calling the use of a solid stream barbarous.

"There is only one way to put out a fire," he maintains, "and that is to cool it below kindling temperature. The best agent for this is water which absorbs heat." He compared it to hunting a flock of birds with a rifle instead of a shotgun.

Other numbers on the afternoon program included slides and movies illustrating experiments carried out by the company. Special music for the session was furnished by an orchestral group from Zeeland high school.

Discussion Group Gains Insight Into Nigerian Problems

Sickness failed to interfere with the fourth regular session of the World Affairs are Your Affairs group meeting Tuesday night as Mrs. George Huff ably filled in as discussion leader when her husband, the Rev. George Huff, was taken ill.

Subject for discussion was Nigeria, an African country near Sierra Leone where the Huffs were missionaries for many years. They are currently on a furlough.

The film for the evening "Challenge in Nigeria" was supplied by the British Information Service and showed the political, economic and social status of the land.

Most persons were surprised when they found Nigeria is one third larger than Texas and has a population of 25,000,000 persons. Few realized also that this area is one of our principle sources of uranium. Many economic goods such as cocoa, rubber, cotton and valuable ores also are produced.

These positive factors are aided by the British colonial policy of attempting to develop Nigeria into an independent nation within the British commonwealth. Many Nigerians, however, are not satisfied with the progress being made and there is widespread discontent. Rather than a problem of communism, Mrs. Huff preferred to call it one of a growing nationalism.

The conflict comes not in the goal of becoming an independent nation but the question of when this will occur. Growth in democratic methods is painfully slow and it is feared that over eagerness on the part of the nationalists may be a source of serious trouble. Nigeria is plagued with the problem of poverty, disease, ignorance and tradition.

Next Tuesday's discussion will center around the problem of India with Dr. J. Dyke van Putten of the Hope college faculty as moderator.

Hieftje Appoints Civil Defense Aide

Fred Hieftje, Ottawa county director of civil defense, today announced appointment of Roy Klompars, 111 East 30th St., as deputy director.

At the same time Hieftje said he is planning a program for introduction of civil defense measures and organization in schools throughout the county and said he will try to get "some organization" in such areas as Marine and Coopersville.

Mayor Harry Harrington said today that Police Chief Jacob Van Hoff will act temporarily as director of civil defense in Holland city, inasmuch as he can command a workable organization in any emergency.

Police Chief Jim Flint is in charge of the civil defense program in Zeeland.

Rare Blood Needed For Surgical Patient

The Red Cross today made an appeal for 2A rh. negative blood for a post-operative case in Holland hospital. Donors with this rare type blood are asked to report to the hospital at 10 a.m. Friday.

It has been the policy of the Holland Community Blood bank not to take such rare blood types unless there is a special call. And Friday's case is regarded as just such an emergency.

Beth Marcus, executive secretary of the local Red Cross, said lists of such donors are on file, but most of the persons already contacted either have colds or the flu, or are men who normally are employed at such an hour.

Persons with the rare blood type willing to donate are asked to call the Red Cross at 6-6545 or after hours the Marcus home at 3475.

Club Speaker Discusses Art of 'Gracious Dining'

"Ingenuity and imagination in our table-settings tell our guests how we live," Mrs. William H. Barton of Lansing told Holland Tulip Garden club members and their guests from Saugatuck and Douglas.

Mrs. Barton, national council instructor in arrangements and state flower show chairman and judge, spoke on "Gracious Dining." She said that while true art in the home begins in the kitchen, it overflows into the dining room.

The speaker enlarged on the three R's of table-settings — Relationship, Restriction and Resemblance — by demonstrating in a series of settings combinations of colored cloths, china and crystal which gave pleasing effects. Mrs. Barton suggested using foliage arrangements at Easter time in grays and wine as well as green. Clear glass circular place mats over interesting printed material also were illustrated.

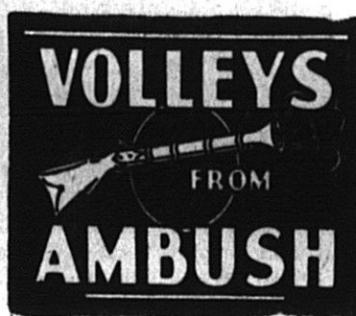

Miss Lida Rogers, vice president, who presided and welcomed guests, thanked Mrs. J. J. Brower

for arranging the program. Hostesses for the afternoon were Mrs. James Brooks and Mrs. Edward Brolin.

On Feb. 13, the Garden club is invited to a luncheon meeting of the Grand Rapids Woman's City club to hear Prof. Weldon of Michigan State college speak on "Continuous Bloom in the Garden." On March 5, the club program will be "Operation Face-Lift," a study of what is being done toward conservation in the Holland area.

With the completion of the polo campaign, everybody in Holland is now thinking of Netherlands Relief. And what worthy causes both are! It seems somehow no matter how tight the budget is, most of us manage to eke out just a little more to help somebody in distress.

The polo campaign had some of the lighter moments too.

For instance, there was a call to The Sentinel a few days ago from Lloyd Van Lente who said he—not his wife—baked the prize winning cake in the contest at Vans. It was Lloyd who received the box of cake mix and designed the cake to resemble an iron lung. His wife didn't know anything about it. Yet, somehow it was her name which headed the list of prize winners.

Lloyd is a little dubious about the prize. Mrs. Van Lente received a snazzy new iron. If Lloyd should claim it, the missus might have ideas of turning over the wash basket. Sometimes you just can't win!

In participating in the Mothers March last Saturday night, Mrs. W. F. Roser got some help from the family dachshund Heidi who wore a sign on her long low-slung body, "I'm helping, won't you?" The wind was mighty strong last Saturday night, and Mrs. Russell Reidsma, 314 West 15th St., had a little trouble when the wind blew two crisp \$1 bills from her hand as she was putting them into the polo jar. Sometimes even going to the front porch to get your Sentinel is a hazard. At least, Mrs. John Wadsworth found it so on one occasion last week when in that short space of time her 20-month-old son Ricky locked the door and took the key out of the lock. Mrs. Wadsworth, countless and hatless on a cold raw day, tried to talk

young Ricky to putting the key into the lock, to no avail. Finally she coaxed him to go into the bedroom and give the key to her through the window, the only window open in the house. That worked!

Holland hospital has received another \$100 gift from the H.H. Burts of Stamford, Conn. Mrs. Burts was a patient in the hospital for a short time one summer three or four years ago and she and her husband were impressed with the service. It is the third or fourth time they have sent \$100 gifts.

The Sentinel has received a letter from William Puckner, 83 68th St., Guttenberg, N. J., who would like a little help on his hobby which is collecting old Reach and Spalding Baseball Guides. These are annual baseball record books which were published yearly between 1876 and 1941 and are now out of print. He is having difficulty completing his set and would appreciate having anybody write him if they have any copies to offer.

Laff for the day:

The tennis court of the high school adjoins the grounds of the church rectory and occasionally exuberant youngsters whammed tennis balls over the fence onto the trim lawns of the rectory. After few weeks a player chasing a stray ball came face to face with a large sign on the grounds, "No Trespassing." The sign came down overnight, however, when the tennis club erected its own sign directly opposite. Their sign read: "Forgive Us Our Trespassings."

Dutch Extended To Annex League Win From Alma

Hope college set its sights on two basketball wins this week that would assure the Dutchmen of at least a tie for the MIAA cage title, after defeating a fired-up Alma team on the small Alma floor Saturday night 79-67.

Coach John Viosser's charges tangled with Adrian Tuesday and with Albion on Saturday.

Apparently humiliated by an earlier loss to Olivet last week, Alma was an inspired ball club Saturday night and gave the Dutchmen almost all they could handle on the hardwood. Hope led through most of the first half, but Alma rallied to tie the count at 32-32 at halftime.

As the third quarter opened, the Scots got hotter and raced out to a six-point lead, with the partisan crowd visibly rattling the league-leading Dutch cagers. But then came a break for Hope that proved the turning point of the game.

John Brannock, playing at guard, tried a lob pass to Bob Hendrickson, under the basket. But the pass was a little high and instead of going to the Hope center, it hit the rim and bounced through the nets for a field goal. This seemed to relieve the pressure on Hope, who rallied to tie the count at 45-45 and then went ahead 54-48 at the third quarter, with Brannock sparking the drive.

Hope held this margin the rest of the fourth quarter until the closing minutes of play, when Coach Viosser ordered the stall. The increased final total came on foul shots as Alma pressed to get the ball.

Brannock proved the top Hope performer, banging through 23 points for high scoring honors. Hendrickson, with 20 points was next in line, and these two tall Dutchmen were the sparkplugs in the last half drive. Jerry Jacobson turned in an outstanding job on both defense and offense and racked up 15 points.

For Alma, little guard George Fox again was terrific, both on offense and defense. He also paced the scorers with 18 points. Only five Alma players, the starting team, broke into scoring column.

Accuracy from the free throw line also helped the Hope cause. The Dutch outscored Alma only 25-24 on field goals, but Hope hit 29 of 40 free throws while Alma collected only 19 of 40 charity attempts.

In other MIAA games Saturday, Kalamazoo stayed in the running by dumping Albion, while Adrian kept pace with a win over Hillsdale.

Christian Seconds Defeat Bear Cubs

Coach John Ham's Holland Christian reserve quintet won its first victory in six years over a St. Joseph second team Tuesday night at the Armory, 47-33. The win also gave the Dutchmen a 12-3 mark for season play so far.

St. Joe's pressing tactics proved their downfall in the second half as the Christian guards sneaked past the defense for easy layups. Jun Buursma had to boom three straight midcourt swishers before the St. Joe club went into its all court press.

It was anybody's ball game throughout the first half with Christian trailing most of the way. The Maroons were behind 7-4 at the quarter, but managed to knot the count at 16-16 at halftime.

The Little Maroons started to pull away in the third but still held only a 28-24 lead going into the final stanza. A 19-point final period, however doomed the invaders.

Buursma led the Christian scorers with 19 points followed by Gary Vander Ark and Bill Vryhof with nine apiece. John Heyboer with eight and John Mulder with two. Sinn was high for the losers with 14.

Wise, the son of a former mayor and himself long interested in civic affairs, recently closed out a food market which had been operated by him and his father for more than 50 years.

He succeeds Guy Teed who resigned the assessors job Jan. 1 to move into the position of probation officer and friend of the court under Circuit Judge Raymond L. Smith.

Although the work as assessor will be new to Wise, Beauvais said his appointment "couldn't come at a better time." The city is planning to have a complete new appraisal made of all property by an outside firm. Beauvais said Wise would work closely with the appraisal engineers and thus receive the benefit of their experience.

A complete new set of books will be set up with an assessment roll made on a city-wide basis, rather than by wards, according to Beauvais.

Mrs. Abel M. Berkompas has recovered sufficiently from her recent illness to be back home with her family.

The women of West Olive school district have organized a society to help raise funds for the local school. Officers elected are Mrs. Doris Berkompas, president; Mrs. Helen Garbrecht, vice president; Mrs. Frances Remmer, treasurer; Mrs. Anne Polich, secretary. The organization is called the WOS Workers, meaning the West Olive School workers. The group held a benefit sale last week which was a huge success. The donations of the merchants from Grand Haven, Holland, Zeeland and locally were most gratifying. Much needed equipment for the school will be purchased. The women expressed appreciation to all those who made the sale a success.

Maroons Wallop Top-Rated Bears In Easy Fashion

Holland Christian's cage squad put on a superb exhibition of control basketball before a packed Armory Tuesday night to wallop a highly rated St. Joseph quintet 56-38. The victory was Christian's second over the Bears this season and 14th in 15 starts.

Christian never trailed, although it wasn't until the final quarter that the Maroons turned the contest into a near rout. Coach Art Tuls used 11 men—one of the few times this season that he has had occasion to do so.

Although the Dutchmen were at full strength only the first quarter and part of the last, they gave a convincing display of basketball. Once again the foul menace plagued the Maroons with Center Ken Scholten collecting four in the first stanza and Earl Schipper, four by the third period. Consequently Tuls was forced to juggle the lineup considerably.

One of the features of the game was the poise and ball handling of the Hollanders. Time after time one of the guards whipped a clever pass into a pivot man, who in turn set up an easy score. The win, one of Christian's finest of the season, was strictly a team effort even though it had its individual scoring stars.

The smooth functioning Christian offense almost tends to outshine the Dutch defense, but only 10 St. Joe field goals speaks for itself. The Dutchmen were all over the rugged Bears, battling down many would-be baskets. Ron Nykamp particularly was a troublemaker for the St. Joe offense. Actually the Bears never got a sustained offensive drive going, other than a foul shooting spree in the third period.

A KNIFE THAT CUTS BOTH

WAYS
A curious case has come to
light in Chicago internal revenue
collection, a case that should
cause all government officials to
do some thinking. It should cause
them to realize anew that the in-
come taxes we citizens pay are
not a gift to the government; they
are in payment for government
service.

A Chicago tavern keeper named
James G. Beale is the principal in
the incident. The internal revenue
department claimed additional
taxes of \$19,903 for the years 1946
through 1950. Beale countered by
asserting that he had deducted the
amount "as protection money pay-
ments, the kind you pay to
gangsters so they'll leave you alone."

Legally Beale does not have a
leg to stand on. But it is not hard
to sympathize with him as a mat-
ter of justice. It is obviously gov-
ernment's business to protect citi-
zens in their legitimate business
operations. In most of our large
cities government is not furnish-
ing such protection. Many legiti-
mate businessmen are compelled
to buy such protection from the
gangster element; if they don't do
so, their projects are highjacked,
their business is menaced, and
often their very lives are endan-
gered.

The waterfront scandals in New
York furnish an excellent illustra-
tion. For years and years business
has been forced to pay tribute to
organized crime, and until now
government has been too weak or
too indifferent to protect business.
Is it any wonder that legitimate
businessmen begin to think of
protection money as legitimate ex-
penses that should be allowed as
deductions by the internal revenue
department?

There should of course be no
letup on the part of the govern-
ment in collecting all the taxes
from everybody that the law re-
quires. And that means that pro-
tection money belongs in the U. S.
treasury, along with the taxes
paid by all citizens. But it also
means that government has an
obligation to make the payment of
protection money unnecessary.
And if local and state law en-
forcement agencies cannot do the
job, the federal government is
clearly under obligation to take it
on. The total force of the federal
government ought to be able to
cope with American gangsterism.
If not, the government has no
moral right to demand from busi-
ness the taxes paid for such pro-
tection.

Church Appoints
Study Committee

Hope church has appointed a
new Church Expansion Study com-
mittee of 10 members to survey
needs and make recommendations
for improving church facilities.

Members are Peter Van Dome-
len, Jr., chairman; Henry S.
Maentz, vice chairman; Vernon D.
Ten Cate, secretary; Marvin Lin-
deman, Charles Drew, W. L. Lamb,
Jr., Mrs. R. C. Bosch, Mrs. Stuart
Boyd, Mrs. William Beebe and the
Rev. Marion de Velder, the latter
an ex-officio member.

The three general areas for study
will include:

1. A survey of present buildings
in relation to present attendances
(at both church school and wor-
ship) and to anticipated growth,
with a view to finding the best
means for enlarging facilities.

2. A study of the possibility of
re-arranging time schedules to
meet the needs within the present
buildings.

3. An investigation of the possi-
bilities of re-location and new
buildings, to meet the long-range
needs and opportunities for Hope
church in the years ahead.

The consistory which appointed
the committee has told the mem-
bership to express their ideas and
suggestions to the committee so
that everybody has a vital interest
in "the most welcome problem
we've had in years."

Sunday School
Lesson

February 15, 1953

Where is the Kingdom

Matthew 21:1-22:14

By Henry Geerlings

For eight Sundays beginning to-
day and continuing to Easter, the
uniform lessons will be based on
Matthew's record of the final per-
iod of Jesus' ministry. The signifi-
cance which the gospel writers at-
tached to the events of these few
crucial days is revealed in the fact
that they devoted almost a third of
their 90 thousand words to telling
about them.

The total span of Jesus' life and
ministry, as these writers describ-
ed it, was approximately thirty
three years. They dealt very briefly
with all that had occurred be-
fore Jesus became an adult and was
baptized by John. Then they de-
voted the bulk of their writing to
His teaching and ministry up to
the last week. But when they came
to the final events in Jerusalem,
they obviously felt that they were
outlining the sacred narrative at
its very heart. Therefore, they de-
scribed it day by day and hour
and hour in considerable detail.

All four of the writers emphasized
the same features in the record of
these final days. Such events as
the triumphal entry, the cleansing
of the temple, the Last Supper,
the experience in the garden, the
betrayal, the arrest, the trial and
crucifixion, and the resurrection
are recorded by all four of the gos-
pel writers.

These gripping events made a
profound impression upon the
minds of the early disciples.
Preachers and teachers in the
early church looked upon the resur-
rection as the crowning and deter-
minative fact of Jesus' whole min-
istry. A study of the life and writ-
ings of the apostle Paul will show
that it was he who first focused
the light more directly on the cross,
thus magnifying the importance
of the crucifixion. Yet the great
apostle stressed that the cross
would have been in vain without
the resurrection.

It was the second day since Jesus
had ridden triumphantly into Jeru-
salem. On that occasion the multi-
tude expressed the popular acclaim
which they felt for the Lord.

The Triumphal Entry had been a
climax of public feeling which
had risen to high crest after the
raising of Lazarus. That miracle
was the cap sheet of proof to se-
cure the public mind in favor of
Jesus' claim to Messiahship. When
the acclaiming crowd entered the
borders of Jerusalem, their shouts
of Hosanna fell upon the resentful
ears of the Pharisees, who request-
ed Jesus to rebuke His followers.
Jesus as much as said it would do
no good for if they did not glorify
Him the very stones of the city
would cry out and do so. Then our
Lord, the kingly son of David wept
over the city as He prophetically
spoke of the visitation of Judgment
that would come upon it.

The vineyard was a familiar
symbol in the Jewish nation. The
owner is God. The fruit expected
was righteousness. The vineyard
contained everything conducive to
abundant fruitbearing. The hus-
bandmen are the leaders of the peo-
ple, those who are responsible for
their direction and control.

The going to a far country rep-
resents the removal of God from
their sight, so that they are as it
were put upon their honor, left to
act in the matter of the vineyard
according to the prompting of their
own heart. Christ thus sets forth in
a very striking manner the high
privileges and grave responsibilities
of the leaders of Israel, rep-
resented at the time by the chief
priests and Pharisees He was then
addressing.

The parable tells us in clear un-
mistakable language. It is a terri-
ble indictment, showing in the
strongest light the guilt of their
fathers and pointing out to them
that they are on the verge of a
far greater crime. Nothing but
the basest ingratitude and sin was
ever rendered by Israel for all the
favors wherewith God blessed them.
Violence and murder were meted
out to His messengers. They beat
one and killed another and stoned
another.

The climax of insult and injury
was reached when the Son came
and they said among themselves,
"This is the heir, come let us kill
Him, and let us seize on His in-
heritance." Within a week these
words received their painful fulfill-
ment. Since our Lord knew they
would not take the warning of the
parable, and that they would re-
fuse the opportunity even now to
repent, He must give sentence
against them.

The history of Israel is the history
of man everywhere. We shall
miss the moral and spiritual value
of this parable if we fail to per-
ceive this. Fallen man is utterly
unfruitful to God, and what is
worse his heart is filled with hos-
tility to God and His Son. If we
accept the redemption of Christ
some day when we reach the end
of life's road and when the king-
dom dispensation is ushered in, we
shall then find ourselves a part of
an eternal kingdom, planned and
prepared for us. We shall live with
Christ and we shall reign together
with Him. What a glorious heritage
ours is.

Vesper Service Launches
Boy Scout Week in City

A Vesper service at First Meth-
odist church Sunday evening
officially launched Boy Scout
Week observance in Holland.

Many follow up events are
scheduled during the week to
call public attention to the Boy
Scout program and to emphasize
the "scout family" of programs.

Sunday's service attracted an
estimated 150 Cub Scouts, Boy
Scouts and Explorer Scouts from
Holland and vicinity. All wore
uniforms.

The Rev. John O. Hagans, pas-
tor of First Methodist church,
was in charge. District Commis-
sioner Hugh Rowell supervised de-
tails of seating and scouts tak-
ing up the offering.

During the next three weeks,
20 adult Boy Scout leaders will
appear at the various service
clubs. Scout leaders attended the
Optimist club meeting Monday,
at the Eten House and Judson
Leonard, Chippewa district field
executive, addressed the Kiwanis
club meeting Monday at the
Warm Friend Tavern.

Scout leaders also will attend
meetings of the Rotary. Ex-
change and Lions club in the
near future as part of the Boy
Scout Week emphasis.

Vesper services also were held
Sunday at Zeeland and Hudson-
ville for scouts in those areas, as
well as in the Saugatuck-Douglas
area.

Many Sections of The Netherlands
Still in Peril Because of Floods

THE HAGUE (DELAYED)—
Dispatches from flood covered
Holland paint a pathetic picture
of devastated farm lands and
shivering survivors fearfully
watching weakened dikes crum-
ble anew under high winds and
choppy waters.

Perhaps the hardest hit was
Schouwen Duiveland Island al-
ready four-fifths under water and
facing further damage as four
new breaks were reported in the
dikes. About 15,000 of the island's
20,000 population have been eva-
cuated.

The remaining survivors are
being taken aboard a fleet of
ships churning through the muddy
waters at full speed. Island casual-
ties now total 45 dead with untold
numbers missing.

Also in a precarious position
was the island of Goeree-Overflak-
kee where the death toll has
reached 400 and is still climbing.
A short time ago, the order went
out to evacuate every remaining
man, woman and child on the is-
land.

Thousands of persons were
brought in from outlying farms
and villages to the three refuge
spots on the island. Dirksland,
Middelham and Sommelsdijk.
Protected by only a thin line of
weakening dikes, the refugees
face further dangers, until moved.

Oude Tonge, where floods have
claimed 300 lives, has practically
been cleared of survivors by sea
going ships.

In New Tonge, about 75 per-
sons were jamming into rooms of
the 200 houses still standing on
the dike above the swirling waters.

Planes dropping supplies have
provided ample food but the short-
age of water remains critical. The
situation still remains bad for the
lucky survivors who face a new
peril from diseases.

The village of Heenvliet on the
main seacoast road running from
Rotterdam to the evacuation
port of Hellevoetsluis is reported
in bad condition. Water is lapping
over the road and the dike is in
danger of giving way at any time.

If the road crumbles, the only

land link between Hellevoetsluis
and Rotterdam would be broken
and thousands of evacuated per-
sons would be stranded in Voor-
neputten.

The hundreds of weary troops
and civilians battling to save this
weakened line are also in danger
of being cut off. This feeble dike
is the only protection for the
whole fertile Voorne district. The
other side of the dike is all water
as far as the eye can see.

Scores of boats arrived today in
Bergen of Zoom with refugees
from Stavenisse on Tholen Island
and took back hundreds of empty
cots. Some 300 persons drowned
in this village and all but 10
horses of the area's livestock were
lost.

Crews returning with the am-
phibious craft said they found
many bodies, dead from exposure
in trees and on rooftops. At the
reception center the story was
told of several people who had
gone mad while others had lost
their power of speech.

One case was reported in which
some 40 persons fled into a house
on the dike to await rescue. The
combination of their weight and
the weakened dike dumped the
house into the swirling waters.
All 40 were drowned.

The burgomaster of Stavenisse
telegraphed that the larger part
of his village of 1,700 was totally
destroyed.

A rough estimate of the flood-
ing in Zeeland, which was hardest
hit indicates some 36,822 hectares
under water. (approximately 2471
acres to the hectare.)

A survey reveals Schouwen
Duiveland almost four-fifths un-
der water. Noordbeveland, one
half under; Zuidbeveland, one-
eighth under water; Zeewisch
Vlaanderen, little water damage;
and Walcheren, one-quarter under
water.

Main crops damaged in the flood
were believed to be flax, potatoes,
and onions.

Two of the larger places af-
fected earlier by the flood by now
beginning to recover are Dord-
recht and Flushing. Thousands of

refugees pouring in from Zeeland
are expected to pass through this
area.

The sick among them will be
put up in Dordrecht, as far as
possible. In Flushing recovery
work in proceeding slowly and
drinking supplies are being re-
stored. The town is still without
gas. Flushing has had only four
casualties and the flood situation
is not serious although many
shops have been damaged. The
harbor is functioning normally
again and pilot service is avail-
able.

County Convention
Gives Top Billing
To Special Move

GRAND HAVEN (Special)—The
Ottawa County Republican con-
vention which attracted more than
100 persons to the court house Mon-
day night unanimously endorsed
Prosecutor Wendell A. Miles of
Holland for U. S. Attorney for the
Western Michigan district to suc-
ceed Democrat Joseph R. Deeb of
Grand Rapids, who offered his
resignation to the new Republican
administration recently.

The resolution which brought
forth a flurry of seconds and en-
dorsements was introduced by
Sheriff Jerry Vanderbeek near the
close of convention. Prosecutor
Miles, son of former Circuit Judge
Fred T. Miles, has just begun his
third term as county prosecutor.

The resolution endorsing Prose-
cutor Miles for the federal post was
not included in the regular resolu-
tions introduced by Howard W.
Fant, but was introduced separately
for special emphasis. The regu-
lar resolutions, drawn up by a
committee headed by Fant, called
for the type of government that is
"modest and not arrogant, that is
sane and not reckless, that is pru-
dent and not spendthrift, that is
confident and not brash."

Resolutions also called for a po-
sitive program within the state of
Michigan, demanding every econ-
omy consistent with good govern-
ment and that the budget of the
state be balanced. "We pledge that
the Republican party will not back
in the sunshine of political victory,
but will bend every effort to bring
back to this country and to our
own state of Michigan a govern-
ment which shall deserve the re-
spect and support of all citizens,"
the report concluded.

Hon. John R. Dethmers, chief
justice of the Michigan Supreme
Court, as keynote speaker, empha-
sized that as a non-partisan offi-
cial he was supposed to avoid po-
litical speeches, yet he and his kind
must look to political conventions
for nominations.

He spoke of the Republican party
victory last November and said
President Eisenhower believes
campaign promises are to be kept,
not just something to win an elec-
tion. "He took a trip to Korea, not
with the idea of a quick solution,
but rather for first-hand informa-
tion to know how to arrive at the
best possible solution in the course
of time," Dethmers said.

"When since the time of Lincoln
have we had the quality of appoint-
ment in the caliber of men the
new president has chosen?" he
asked. "They have been appointed
not on the basis of friendship, po-
litical or partisan support, but have
been named for their qualifications
and fitness to do the job that is
best for America."

Kenneth E. Scripsma of Holland,
president of the Ottawa County
Young Republican club, served as
convention chairman and County
Treasurer Fred Den Herder was
convention secretary. C. C. An-
dreasen, county chairman, opened
the convention.

The following delegates and al-
ternates were selected to attend the
state Republican convention in De-
troit Feb. 21:

Vander Wal Paces Dutch Triumph With 27 Points

Muskegon Heights became the 10th victim of Holland high school's state-rated basketball team Friday night, bowing to the Dutch 55-50.

However, victory for Coach Fred Weiss' charges came only after a terrific battle. The score was tied six different times Friday night, and the invading Tigers led late in the third quarter before Holland righted itself and went on to victory. In fact, the outcome was in doubt right up until the final two minutes of play.

Center Dean Vander Wal put on a fancy one-man scoring show as he pumped 27 points through the nets, including 12 field goals—half of Holland's field goal production. The scoring spree was Vander Wal's tops for the season, and the best Dutch individual effort in the past two seasons.

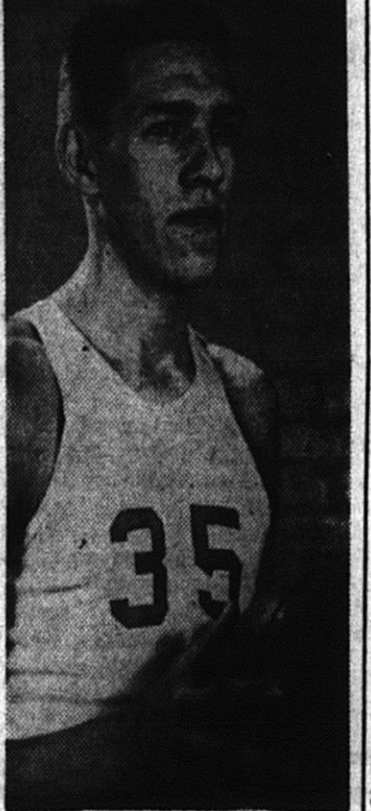

Holland's victory, however, was in no way attributed to only one man. Jack Kemper, Terry Burns and Bob Van Dyke alternated at the guards and all turned in creditable performances, while the forward line of Carl Visscher, Ron Israels and Ken Armstrong grabbed more than their share of rebounds. Once again the victory was a team effort.

Two men split scoring honors for the Tigers. After being held to six points the first half by a good defensive job by Visscher, forward Murt Johnson came back to score 19 points, while center M. C. Burton poured in 15 points before fouling out in the last period.

Holland jumped out to a 5-0 lead, and stayed in front 11-9 at the first quarter. But paced by Burton, the Heights came back to jockey with the Dutch for the lead in the second period before fading to a 26-22 deficit at the half. Vander Wal dumped in 11 points for Holland in the eight-minute period.

The third period was close all the way, with the Tigers leading 34-33 with just moments left in the stanza. Then Visscher dumped in two buckets and Vander Wal edge two more to give Holland a 41-34 edge at the whistle.

The hometown Dutchmen man-

aged to stay ahead the rest of the way, although Coach Olie Johnson's crew, paced by the cagey Burton, narrowed the gap to three points with about two minutes left. But a driving bucket by Van Dyke and a free throw and jump-turn basket by Vander Wal led the decision.

Both teams played spotty ball, at one time cautious and then again reckless. The game followed a pattern similar to when the two teams met last month, with Holland also winning that one 59-54. Coach Johnson promised to have his young and upcoming team ready for anything when tournament time rolls around next month. Three of the Heights starters are juniors, and the other two sophomores.

The visitors won the battle of free throws, hitting 12 out of 20 compared to Holland's poor average of only seven for 17. The Dutch, however, connected on a good 37 per cent of their shots, hitting 24 for 64 tries.

The win was Holland's 10th in 11 starts, while Muskegon Heights absorbed its fifth loss of the season. The Dutch return to action next Friday at home against Muskegon.

Zeeland Cagers Drop Close Tilt On Sparta Floor

ZEELAND (Special)—The home-floor advantage was put to good use Friday night at Sparta as the fourth-place Spartans dumped league-leading Zeeland 48-39 in a Ken-New-Wa league contest.

Zeeland led throughout the first half, holding a 12-7 first period advantage, but slipped slightly to an 18-15 edge at the half. Sparta overcame this lead and forged ahead 32-31 at the third whistle, then held Zeeland to eight points while scoring 16 to put the game on ice in the final stanza.

The win for the Spartans on their small, narrow floor kept alive its string of upset victories over Ken-New-Wa league leaders at Sparta. The Spartans have beaten Coopersville, Fremont and now Zeeland at home, while faring not nearly so well on the road.

A tight, shifting zone defense came in for most of the credit for the Sparta victory, throwing Zeeland off both its fast break and set-up patterns and making the Chix almost stone-cold in shooting. The teams broke about even in backboard control, and a good shot percentage in the last half aided the Spartan cause.

Duane Bradford hit 14 points for high Sparta honors, mostly on long outside shots, while 5'11" Mike Feichtenbeiner was close with 13 points, including many hook shots.

For Zeeland, guard Dave Kuyers copied top honors with 12, while Al Kraai dumped in 10 points. Del Komejan had five, Jason Redder and Al Meyers four each, and Ron Wetherbee and Harve Berens two each.

The loss was the third in 11 games for the Chix, and gives Coach Joe Newell's charges a league mark of 6-3.

Coach Mel Bouma's reserves had a rough time before salvaging a 51-49 victory in double overtime. The two teams were deadlocked 44-44 at end of regulation time, and 49-49 after the three-minute extra period. Then in the sudden death stanza, Don Schout broke through with a dog shot for the winning margin for the Chix.

Schout had 17 points for high scoring honors.

Maroon Reserves Romp to Victory

GRAND RAPIDS (Special)—Holland Christian's Little Maroons romped to their 11th victory of the season Friday night, an easy 45-35 decision over the Grand Rapids Creston reserves.

Coach John Ham's club has lost three contests so far this season. Once the Hollanders had cracked the Creston defense, the game was strictly no contest. Creston managed to forge ahead 9-8 at the end of the first quarter, but that was their last lead of the ball game. Christian, with some fine ball handling and shooting, outmaneuvered the Creston zone in the second quarter and led 21-15 at halftime. At the end of the third quarter they upped the margin to 35-21.

At one point in the final period the count stood 45-30, before Ham cleared the bench, giving the entire squad a chance to play.

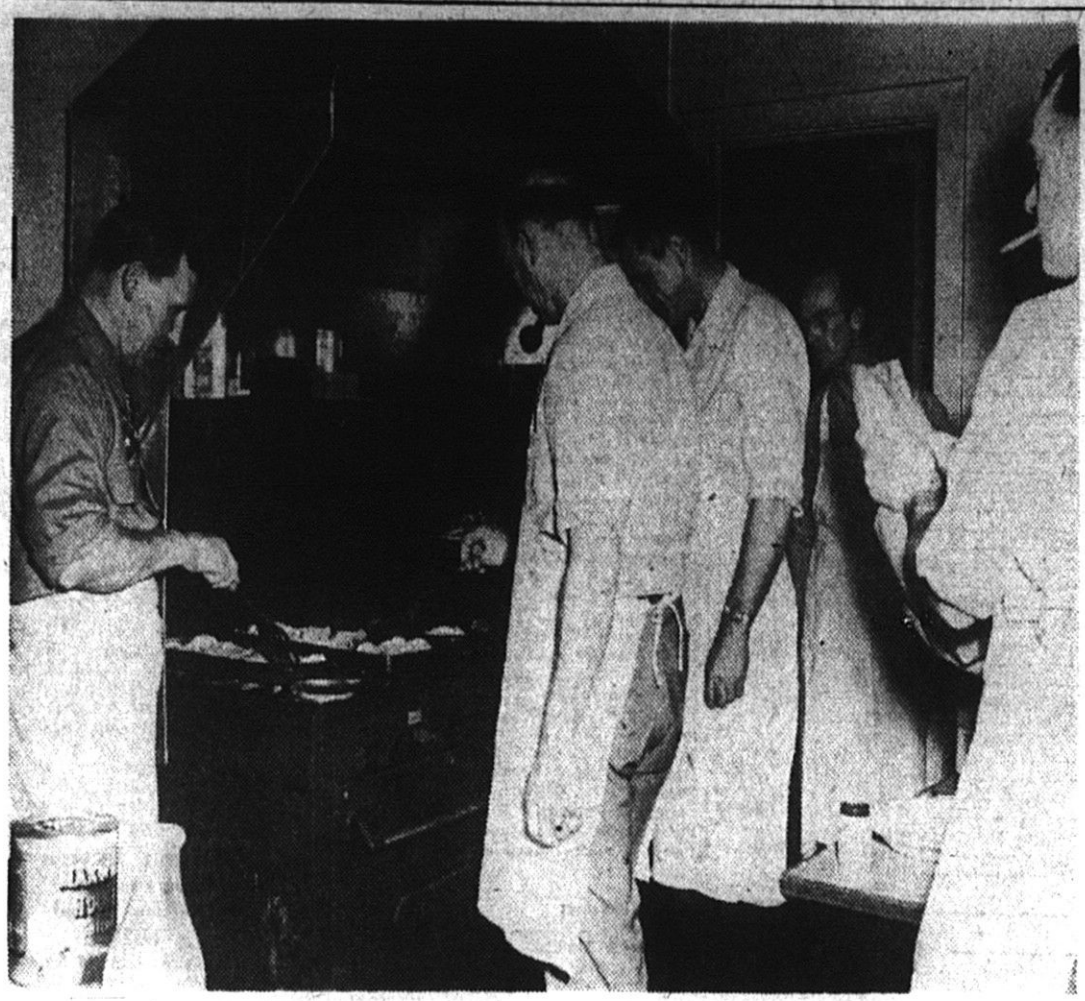

Jun Buursma, despite a touch of the flu, led the Dutch with 13 markers followed by John Mulder with eight, John Heyboer with seven, Dave Vander Hill and Paul Dykema with six, Bill Vryhof and Gary Vander Ark with two and Warren Nykamp with one. Jim Emery led Creston with 13.

Rod-Gun Club Members Enjoy Fish Trip Catch

Fried perch was the fare for some 75 Tulip City Rod and Gun club members, their wives and special guests at the VFW club house Thursday evening.

And it was a well-earned meal because the members caught all the perch themselves on a fishing trip to White Lake near Whitehall Jan. 31.

Twenty-five members boarded a Holland city bus—donated for the occasion for the trip to White Lake. They were followed by approximately 25 other club members in private cars.

Between the hours of 9 a.m. and 4 p.m. they caught a total of 1,400 perch with the help of minnows donated for the occasion by Bernard Baker, John Vander Kolk, who donated use of the bus, went along and set up a portable fish shanty on White Lake and doled out coffee to the busy fishermen.

After the dinner Thursday, an informal program included short talks by Holland state park Manager Elmer Boerman, Allendale Fire Officer Glenn Kraai and Howard Ehrich, club vice president. Harry R. Gaines from Grand Rapids, secretary of the Michigan United Conservation clubs, spoke briefly and answered questions.

Club President Bill Wenzel presided and introduced guests.

Following the brief program, movie pictures of fishing in Michigan were shown.

Louie Kadwell was chairman of the fishing trip and fry.

Late Rally Sinks Holland Reserves

A torrid fourth period provided the push that put the Muskegon Heights reserve basketball team over the top Friday night as the Tiger Cubs defeated the Holland seconds 45-35.

Coach Bob Connell's crew had a cold first period and trailed 8-4. The locals narrowed the gap to 20-17 at halftime, and trailed by only 28-26 at the third period whistle. Then in the final stanza, the Tigers opened up to outscore Holland 17-9 to build the final margin.

Duane Teusink with 10 points was high for Holland. Jim Vande Wege has seven, Chuck Gouloze and Bill Sandahl six each, Hank Visscher four and Phil Boersma two.

School with 15 and Danigels with 14 led the Heights.

Early Game Lapse Proves Downfall For Leading Dutch

ADRIAN (Special)—The Adrian Bulldogs handed Hope college its first MIAA basketball defeat of the season on the huge Adrian floor Tuesday night, tripping the Dutchmen 81-80 in a highly-spirited contest.

The victory for Adrian trimmed Hope's league lead to half a game over the ambitious Bulldogs. Hope now has an 8-1 league mark, while Adrian sports a 7-1 record in MIAA play.

Hope's loss also applies the pressure to Coach John Visser's defending champions. The Dutchmen now must face Albion on Saturday, Kalamazoo next Tuesday, and Hillsdale the following Saturday. Adrian still has games left against Kalamazoo, Alma, Albion and Olivet. Kalamazoo remains in the title picture, with a current record of 5-2, and tilts left against Hillsdale, Hope, Adrian, Alma and Olivet. The rest of the loop teams have been all but eliminated from championship contention.

Hope lost the ball game in the first quarter Tuesday night, missing shots repeatedly in the first three minutes of play. The Dutchmen muffed dogs, drive-ins and other shots, while Adrian took advantage of this opportunity to establish a 20-10 first period lead.

The Dutchmen rallied from there on, and outscored Adrian the rest of the way. Hope gained on the Bulldogs toward the half, trailing 38-31 at the intermission. This persistent plugging away brought the Dutch to a narrow 57-52 deficit at the end of the third period.

In the final stanza, Hope threatened all the way, with the difference remaining at about two or three points until the end. When the last three minutes began, Hope trailed by only two points, but the Bulldogs stayed ahead on foul shots.

The Adrian club played a tremendous ball game all the way with a scrappy and aggressive crew harrying the Dutchmen to lead all the way. Forward Bob Ohrman was one star, breaking through for lay-ups and tip-ins in the final stanza just when it looked like Hope might spurt into the lead. Guard Nat Martin also stood out, and hit four free throws in a row in the closing minutes of play.

The game was closely called by the officials, with Hope being nabbed on personals 32 times and Adrian 21 times. Hope lost four men on the personals in the crucial stretch drive—Bob Hendrickson, Bob Bolema, Don Piersma and Bob Visser—while Adrian lost star center Jim Smith the same way. Other Hope players saw only limited service because of an accumulation of personals. Adrian actually won the game from the charity circle, hitting on 27 of 49 tries, compared with Hope's 20 out of 31. Hope outscored Adrian from the field 30-27.

Hendrickson and John Brannock shared scoring honors for the Dutch with 19 points each, while John Adams had 11 and Jerry Jacobson 10. Hope took nine men on the trip, and at the end the entire bench was in the game. Ohrman sparked the Bulldogs with 27 points.

Hope now faces a rough assignment the rest of the way out. Albion will be the first step on Saturday night at the Holland Armory.

The loss was the first MIAA defeat for Hope in its last 15 league games.

Arsonist Given Prison Sentence Of 3 to 10 Years

GRAND HAVEN (Special)—Russell (Bud) Zwagerman, 41-year-old Hudsonville man who confessed setting four fires in his home village bringing a total loss of close to a half million dollars, was sentenced in Circuit Court Tuesday to serve 3 to 10 years in Southern Michigan prison at Jackson. Circuit Judge Raymond L. Smith made no recommendation when he pronounced sentence.

A 3 to 10-year sentence in the same prison also was pronounced for Frank M. Taylor, 47, Grand Haven, who was convicted Jan. 29 after a four-day trial of a charge of embezzling more than \$26,000 from Carl's Garage while employed there over a period of 27 months.

Zwagerman, in a surprise move last Wednesday, changed his plea to guilty just previous to trial. He was specifically charged with setting fire to the Farmers' Co-operative Elevator Co. in Hudsonville last Oct. 17. He also admitted setting fire to the Hudsonville Box and Basket Co. Jan. 13, 1951, the Van Noord Mill Jan. 19, 1952, and Hudsonville Lumber Co. March 22, 1952.

Zwagerman had been confined in the county jail since Oct. 22.

In sentencing Taylor, Judge Smith recommended that the man be released after serving the minimum term. He referred to a petition signed by 213 residents of Ottawa county asking that due to extenuating circumstances in the recent trial that Taylor not be forced to pay any debt to society by incarceration in jail, but that he be placed on probation.

Judge Smith said he could find no extenuating circumstances and none of the persons signing the petition had brought forth any new information. He said Carl Bird, the employer, had failed to check the bank account with the bank statement and that the auditor had failed to make a proper audit. He said if the employer had been more diligent and the auditor had done his duty, Taylor would have been apprehended long before such a large shortage resulted. The judge added he is convinced Taylor had not told the whole and complete story.

Coolness Under Fire Brings Win To Maroon Squad

GRAND RAPIDS (Special)—A bit of cool, deliberate basketball in a pressure-packed final quarter gave the Holland Christian cagers a hard fought 42-40 victory over Grand Rapids Creston's Polar Bears at the Grand Rapids gym Friday night. The victory was the Maroons' 13th in 14 starts this season and was their third over a Furniture City class A quintet this season.

Playing with a flu-weakened lineup, Coach Art Tuls' cagers carried the battle to the fired up Bears throughout the entire ball game, before losing the lead with five and a half minutes left. Trailing 35-31, with playmaker Merle Van Dyke out on five personals, the Hollanders called on their rotary pattern to pull them out of the jam. Creston, playing a close pressing game, was thrown off guard by the tactics allowing the Dutchmen to "sneak" six easy points in the next three minutes. The Dutchmen went ahead 41-38 with two minutes left as Earl Skipper was forced from the fray on five fouls.

Creston fought back with two successful foul shots to give the

.... paces Christian win

Dutch a slim one-point margin with a minute left. The Maroons went into a stall and Dave Schreur collected four foul shots from the over-anxious Bears, although he could cash in on only one. Two reserves, Rich Sharda and Carl Edwards, came through in fine fashion for the Dutch during the tense situation.

Christian's play was on the spotty side, but part of it could be blamed to the fact that Coach Art Tuls had to shift his lineup to give Scholten and Sharda as much rest as possible. At full strength in the first quarter, the Hollanders swept the Bears off their feet and piled up 10-point margins on several occasions.

Coach Henry Schrupp has without a doubt his best club in many a year at Creston and boasts of one of the fanciest pivots in the state in 65", Stu Joynt. He is the best individual player that the Dutch have faced this season. Besides being a terrific rebounder, the Creston ace has a variety of shots with either hand and from outcourt as well as under the hoop. Despite the fact that Scholten did a great defensive job during the time he played, Joynt tallied 19 points.

Defensively the Hollanders again were sharp, holding the high scoring Bears to one of their lowest totals of the season. Christian's rebounding trio, of Earl Skipper, Ron Nykamp and Scholten also did a good job against an equal-sized Creston forward wall. Skipper turned in his best offensive play of the season for Holland in the first quarter as he connected for 11 points. Playing the pivot post he ran wild against his defensive man with four buckets from under the hoop. After enjoying an 11-1 margin at one stage, the Dutch still held a 17-10 edge at the quarter.

Playing without Scholten most of the second quarter, the Holland rebounding and overall play slipped as a revived Bear outfit fought back to trail only 23-21 at half time.

The third quarter was slow and

Local Mothers Who Will Share Knowledge in Solving Children's Problems

Lay Group Ready to Give Mental Health Service

A lay leadership group trained by Mrs. Mary Weaver, consultant for the educational division of the State Department of Mental Health, is now ready to serve the needs of Holland community.

This course was offered to a limited number of representative leaders from various school and community groups. It included instruction in the basic principles of mental health, particularly as it pertains to children. It also taught how to conduct a variety of meetings, how to organize discussion groups or parent-study groups, where to obtain outside aids, materials, books, films and speakers for such groups.

(In above picture, left to right, are Mrs. Henry Rottschaefer, Mrs. James Crozier, Mrs. Bert Arendsen, Mrs. William De Roo, Mrs. Clifford Marcus and Mrs. Chester Kramer. Missing are Mrs. Lloyd Gunther, Mrs. Glenn Mannes and Mrs. Clifford Plakke.)

While in no way considering themselves authorities in mental health or experts of any kind,

these leaders are ready to share the materials available. They do not make "speeches" but rather pass on training they have received to other leaders in small neighborhood groups. The state division has been using this lay leadership plan in several communities. With only three members on the state staff, reaching every area in Michigan is a problem. Since Holland is among those cities which has profited by personal services of Mrs. Weaver and Esther Middlewood, it is believed this city is now ready for this new type of assistance. The state department will keep in touch.

More and more parents are realizing the advantages of getting together to work out common problems. This is the function of the lay leadership group. Since all the members are busy mothers, they might at times have conflicts in schedules, but all are eager to provide aid wherever possible. Further information may be obtained from Mrs. Henry Rottschaefer, route 4, phone 5344.

evenly played, although the Dutch always managed to hang on to the smallest of margins. They still led 31-28 going into the final period.

Aside from the brief flurry which saw Creston take its only lead early in the last stanza, the Hollanders were a superior ball club and showed it once they settled down to their control style of play.

Quite the opposite from recent victories, the Maroons won on their "short" game, getting most of their goals on layups. Schreur and Van Dyke hit only one apiece from outcourt.

The Dutch hit on 10 out of 20 free throws compared to Creston's 16 for 27. Skipper led the Holland attack with 15 markers, while Joynt led his team with 19 followed by Art Beals with 10.

Dr. Poppen Tells Of Experiences

Dr. H. Poppen, former missionary to China, and now president of General Synod of the Reformed Church in America, spoke to a large audience in First Reformed church Thursday evening.

During Dr. Poppen's imprisonment by the Communists he was invited to help reorganize Tailmadge college to make it a propagation center for Communism which he refused to do. As result, he was brought to trial before 10,000 witnesses and had many false accusations brought against him. He was given 10 minutes to defend himself and as he thought this would be "his last opportunity on earth to witness for the Lord," he immediately told them the Saviour. He was stopped at once and was to be deported within 24 hours. He arrived in America a little more than a year ago.

As president of General Synod, Dr. Poppen left the challenge with the church to "make Jesus Christ pre-eminent in all things and to pray as never before."

Mrs. E. Kruthoff, president of the Women's Missionary society, presided at the meeting and Dr. Kruthoff conducted the devotional period.

The men's quartet, John Tien, Tom Weller, Bob Weller and Ray Ter Beek, provided special music. They were accompanied by Miss Lillian Weeber.

Preceding the public meeting the Women's Missionary society served a chop suey supper to 135 members and guests. Arrangements were in charge of the social committee with Mrs. H. Busies as chairman. A trio composed of Mrs. H. Young, Mrs. J. Cook and Mrs. M. Verecke sang three numbers. They were accompanied by Miss Geraldine Walvoord. Mrs. Poppen spoke briefly of her experiences while a missionary in China.

Stuart Blauw Speaks To Missionary Groups

Stuart Blauw explained his work last summer in the East Harlem Protestant Parish in New York city at a meeting of the Women's Missionary society and the Women's Mission Auxiliary of Third Reformed church Wednesday evening.

In his talk he described New York City as a "city of contrasts." That part of New York is the most crowded section on the face of the earth he said, and the majority of the people are Puerto Ricans who live in tenements. He also spoke of the store-front churches.

The evening meeting was in charge of Mesdames John Koolker and N. Oudersluys. Mrs. G. H. Dubbink.

In the afternoon members of the two groups sewed for Knox Memorial hospital and also rolled bandages. Hostesses were Mesdames I. T. Schuppert, T. Van Dahm and J. Zuidema. Dinner at 6 p.m. was in charge of the social committees of both societies, with the Mesdames F. Beuwkes and R. Tanis as chairmen. Separate business meetings were conducted by presidents of each society.

Ceremonials Featured At Training Session

"Ceremonials" was the theme for a training session of Camp Fire leaders at the Camp Fire office Wednesday afternoon. Mrs. Albert Timmer, executive director, emphasized the value of ceremonials in the program and the need of an atmosphere of beauty and naturalness as well as flexibility in the ceremonials.

In the impressive service, candles were lit to the eight points of the Camp Fire law by the Mesdames Arthur Coffey, Robert Eshelman, William Pluim, Russell Powell, Eldred Sincock, Albert Timmer and William Van Howe. Inaugural Wonderful, GOP Leader Reports

"I had the most wonderful time of my life at the inaugural!"

That summed up only a few of the impressions of Eleanor J. Duffy of Holland, who as national committeewoman of the Michigan Young Republicans attended inauguration ceremonies as an official Michigan delegate.

The "official" part gave her several more privileges than most persons who attended the ceremonies. It assured hotel accommodations and invitations to the more exclusive events.

One of the things that impressed her most was the utter good nature of the crowds in the midst of bedlam. "The traffic tie-ups were terrible, the service was poor and everything seemed mixed up, but the people were all in such good humor. They didn't mind waiting," she said.

"And the inauguration ceremony itself was just beautiful. Believe it or not, there were very few men and women who didn't brush aside a tear during those solemn rites," she added.

"At first we thought our seats were terrible. They were right even with the front of the platform, but about three blocks back. Then when we realized how many were seated behind us, we felt much better. Even Hedda Hopper was only two rows away. She was wearing a beautiful hat and coat, but we were amused over her flat-soled shoes. Later we all wished we had been smart like that. Our feet hurt!" After the ceremonies Miss Duffy appeared on ABC television.

The only really exclusive events—the ones hardest to get tickets for—were the inauguration ceremonies on Capitol Hill, and the Governor's reception. The latter was held in Hotel Statler and Mrs. Alice Longworth was in the receiving line. Each governor, his wife, an aide and a military aide were stationed in special booths.

It was a gala event, and one of the nicest in the whole three days, Miss Duffy said.

"The inaugural ball was the biggest highlight, and never before have I seen such an array of beautiful gowns, expensive furs and jewels," she explained. "The traffic was awful and we had to walk the last three blocks and the place was so crowded nobody could dance. There was twilight entertainment going on at both ends of the big hall. There was a lot of confusion, but everybody had a good time." She attended the ball in National Armory where 10,000 guests crowded in.

For the ball, Miss Duffy wore a strapless floor-length gown of flame-colored silk chiffon fashioned with a pleated bodice and a stole. With it she wore rhinestone clips and earrings, gold and silver sandals, long kid opera gloves and carried a gold and silver brocade evening bag.

During her brief stay in Washington, the local representative stayed in the Willard hotel on Pennsylvania Ave., conveniently on the parade route. She added there was very little partying in the hotel.

While in Washington, Miss Duffy also visited the school she had attended. She went to New York City before returning home.

Two Cars, Bus Involved In Intersection Collision

Two cars and a city line bus were involved in a highway mishap at the corner of 17th St. and Pine Ave. at 8:35 a.m. Friday.

Miss Kleis was thrown out of her car to the pavement, but apparently escaped serious injury. Damage to the 1950 model De Jong car was estimated at \$300 and to the 1947 model Kleis car at \$200. The bus, which was empty at the time of the mishap, also will need some repair work.

Two Drivers Charged In Highway Accident

Two drivers received tickets as the result of an early morning accident Saturday on US-31 about 3 1/2 miles north of the M-21 junction. Mrs. Ethel J. O'Neill, 24, of 401 Howard Ave., was charged with interfering with traffic after she drove her car out of a ditch onto the highway, colliding with a car driven by Hershel Bain, 21, of 244 Lincoln Ave. Bain was charged with failure to stop within an assured clear distance ahead.

Deputy Nelson Lucas said Mrs. O'Neill's car was stuck in a ditch and she was rocking the car in an attempt to get the '39 model back onto the highway. When the car suddenly bounced onto the road the rear end hit the right side of the '48 car driven by Bain. The O'Neill car was damaged to the extent of \$50 and the Bain car \$150.

Pete, Kole, IGA Register Victories In Regular Card

League-leading Kole Auto extended its first place margin in the Holland City Basketball league Wednesday at the Armory, but only after a torrid battle with Fox Jewellers.

Kole finally scored a 48-44 victory in a see-saw battle. Pete's Place and Koop's Heating also engaged in a nip and tuck affair, with Pete's finally pulling out a 50-47 victory.

In the outside game of the week, Economy IGA posted a 69-66 victory over Muskegon Bar-B-Q in a game that was as close as the first two. It was Economy's second win over the Muskegon outfit this season.

The league waived the one-and-one free throw rule in the last game, and the maneuver paid off as the games were over in plenty of time for the Davey-Gavilan fight.

Pete's had to overcome a 12-9 first period Koop's lead, but managed to lead 26-23 at the half. The second half was nip and tuck, with Pete's holding a 38-37 lead at the end of the third quarter, and then establishing the final 50-47 margin. Each team collected 20 field goals, but Pete's hit on 10 of 28 free throws, while Koop's collected only seven of 22 charity tries.

Kole Autos maintained their first place position with a narrow 48-44 decision over a scrappy Fox Jewellers team. The league leaders led 20-19 at the half, but Fox came back to hold a 31-28 lead at the third quarter. The lead changed hands often in the final period, with Kole finally pulling ahead with about three minutes left. Fox outscored the Autos on field goals 19-17, but literally fouled out of contention by committing 19 personal fouls to nine for the winners, giving them the needed free throw tries.

In a fast moving ball game, Economy IGA played in spurts to whip Muskegon Bar-B-Q 69-66. The Grocers led at each of the quarters, 19-15, 35-29 and 55-51. Economy built up a 13-4 lead early, but Muskegon then rallied to tie up the game at 13-13. Such was the style throughout, with the Holland club holding on to the lead most of the way.

Fifth Elementary School Favored By Holland Board

The Board of Education Monday night adopted new resolutions on its building program, recommending a five-school elementary system instead of the present four-school system. The decision followed considerable study with the Holland Planning commission and is believed preferable from the standpoint of school administration and savings in construction.

The fifth elementary school would be located on school-owned property on 30th St. east of Van Raalte Ave. The present Van Raalte school would be modernized and reconsecrated. Additional land is sought in both locations.

The new resolutions also call for Junior high school eventually to take over both buildings currently occupied by Junior high and Holland high, and to develop eventually a new high school on the 24th St. site west of Van Raalte Ave.

The new resolutions read: 1. Lincoln school: To determine reasonable anticipated need for classroom space to meet enrollment increases, add classrooms to present building and acquire additional playground area.

2. Van Raalte school: To recommend modernization and reconsecration of present building, study feasibility of adding recreational facilities, recommend additional land acquisition and plan ultimately to replace present structure.

3. Fifth elementary school: Authorize plans and specifications for new elementary school east of Van Raalte Ave. on 30th St. site owned by public schools, and recommend acquiring additional land.

4. Longfellow school: To acquire additional property, study additional classroom facilities in relationship to ultimately replacing old school.

5. Washington school: Study acquisition of additional playground area, recommend modernization, conditioning and rearrangement of facilities.

6. Junior and Senior high school: To develop 24th St. site west of Van Raalte Ave. for Senior high facilities, study facilities required, study acquiring additional land to meet requirements of high school facilities. To use present high school facilities for Junior high system, study modernization, conditioning and rearranging facilities.

The newly adopted program varied somewhat from previous action. Plans for expanding school facilities come as the result of careful studies into population figures, particularly in regard to

school districts surrounding Holland city.

No action was taken on any bonding issue to be submitted at the April election. It is possible a special election may be called later to vote funds for school improvements after further studies are made into costs.

Trustee Margaret De Pree reported on a meeting with sending districts last Friday night in which representatives from the district discussed problems which confront them and the local Board of Education in providing proper educational programs for all children in the area.

On motion of Trustee Vernon Ten Cate, the board went on record recommending to City Council that preferred consideration be given Federal school in its request for utility facilities.

President Jay L. De Koning presided at the three-hour meeting. All trustees were present with the exception of Wendell A. Miles. Trustee James Hallan gave the invocation.

Rep. John William Byrnes

Lincoln Banquet Speaker Named

The third annual Lincoln Day banquet, sponsored by the Young Republican club of Ottawa county, will have as its speaker Rep. John William Byrnes of Wisconsin who has been a member of Congress since 1915. The event will be held Thursday at 6:30 p.m. in Durfee hall on Hope college campus.

Rep. Byrnes, 39, was born in Green Bay, Wis., and was graduated from the University of Wisconsin in 1916, obtaining a law degree from the University law school two years later.

Immediately after graduation, Byrnes was appointed special deputy commissioner in banking for the state of Wisconsin and also operated a law office in Green Bay. In 1940, he was elected to the state senate, the first Republican to represent the district in many years. In 1944, at the age of 31, he was elected U.S. Representative, and has been re-elected four terms with increasing majorities.

In the 82nd Congress, he was appointed a member of the subcommittee of the Ways and Means committee investigating the administration of Internal Revenue Laws. It was this committee that uncovered major scandals in the Internal Revenue Bureau and the Justice Department. Building Plans Ready in March

Final plans of the Municipal Recreation Building are expected to be ready early in March for council approval, City Manager Harold C. McClintock said Saturday.

In a meeting with the architectural firm which designed the building, McClintock said they had promised an early March delivery date on the completed plans. The delay from an original Feb. 15 date set for completion of the plans was necessitated by an addition of five feet to the building.

McClintock said the city has received an allocation of needed steel for the structure from the National Production Authority. Specifications call for 278 tons of steel and approximately 4,000 pounds of copper.

If all goes according to the present schedule bids will be accepted early in April with construction to begin as soon as a bid has been approved by the city.

Miss Geiger Reviews Book for Yadnom Club

Miss Maibelle Geiger reviewed the book "Windows for the Crown Prince" by Vining, for members of the Yadnom club and their guests Monday evening at the home of Miss Lida Rogers.

Miss Geiger explained that Mrs. Vining, a Quaker, was deeply interested in furthering the cause of peace. A widow and a writer of children's books, she felt that when her name was presented as a tutor for Japan's crown prince, she could not refuse.

When Mrs. Vining arrived, the crown prince was 12 years old and living away from his family. He was a fine, lovable boy, but lacking in initiative. The author said the school lacked many facilities but the students worked hard, despite lack of heat and proper food. The emperor and empress, she said, did many things to make her life pleasant. She especially enjoyed her summer home in the hills, 90 miles from Tokyo.

Mrs. Vining expresses belief that the change to the Democratic way of life has been too rapid for the Japanese and realizes that many problems lie ahead, among them, the need for trade and the danger from communism. The attitude of the people, however, gives hope for the future.

Salary Schedule Okayed for Public School Teachers

A new basic salary schedule allowing a differential of \$200 between bachelor's and master's degrees on all points and adding one more year to the schedule boosting the maximum by \$100 was adopted by the Board of Education at its regular monthly meeting Monday night.

Unchanged is the general schedule which allows a starting salary of \$3,050 for women with A.B. degrees, and \$3,200 for men. The sum of \$100 is added each year for 13 years. The only change is that instead of the 13-year limit of \$4,350 for A. B. women and \$4,500 for A.B. men, the schedule adds another year, allowing \$4,450 for A.B. women teaching 14 years and \$4,600 for A.B. men. Maximum for women teachers with no degree is \$3,800 and for men teachers \$3,950.

The differential for master's degrees is increased \$100 a year, giving starting salaries of \$3,250 for women with M.A. degrees and \$3,400 for men with M.A. degrees. This program also is extended to 14 years, allowing a maximum of \$4,650 for women with M.A. degrees and \$4,800 for men with M.A. degrees.

The report was submitted by the teachers' committee consisting of Mrs. John K. Winter, Jay L. De Koning and James Hallan.

Supt. Walter W. Scott also read a report from the professional problems committee which the Teachers' club adopted Monday afternoon. The committee expressed its intense interest in problems of increased enrollment, teacher recruitment, building programs, etc., and offered all facilities to aid in any way possible.

The report also submitted a three point resolution requesting a differential of \$300 between bachelor's and master's degrees, an increase in maximum salary, and adoption of a single salary schedule. Austin Buchanan is chairman of the committee.

Trustee Hallan presented for information a budget for the athletic association drawn up for the year 1953-54. Announcement also was made of the gifts of a whirlpool bath and plans for purchasing a camera for photographing sports events out of a fund of \$1,100 raised by various groups.

Supt. Scott reported that a fourth payment of state aid is forthcoming which will amount to \$10 per child on average membership. With 2,800 students in average membership, a total of \$28,000 will be received.
