**FEEDING THE WILDLIFE** — Food is growing increasingly scarce for wildlife in the Holland area, with the scant winter fare now buried under nearly two feet of snow and ice. These three boys, touched by the plight of the animals, trekked out into the wilds with alfalfa hay for the rabbits and corn for the pheasants. Spreading the hay around are

(left to right) Blair Van Oss, 6, son of Mr. and Mrs. Julius Van Oss, and Johnny and Paul Vermeulen, the five and four-year-old sons of Mr. and Mrs. Jack Vermeulen, all of route 1, Holland. Local residents are asked to put out a little food for the wildlife, particularly the pheasants, who are having a hard time these days finding feed.

## Literary Club Celebrates Birthday at Tea, Lecture

The Woman's Literary Clubhouse was 45 years old on Saturday, and to celebrate the birthday, a tea was held in the club tearoom following the regular meeting Tuesday afternoon.

A pink and white theme was used at the attractive tea tables arranged by Divisions II and V with Mrs. Frank Working, Mrs. Charles Conrad, Mrs. Dean Thompson and Mrs. Henry Masselink.

Actually, the club is 61 years old, but the present clubhouse was built and dedicated on Feb. 7, 1914.

As a special treat for the birthday party, the members heard a plea for better understanding of China from one of China's most able persuaders, Nora Wain, foreign correspondent, author and balladeer.

Drawing on her experiences during 12 years spent in China, Miss Wain (Mrs. George Edward Osland-Hill) feels that if we continue to believe that China has much to offer in the way of culture, nobody need fear the harshness of the current Red Chinese regime. She prefers not to speak of China as "Red."

Mrs. Osland-Hill is a Quaker, or member of the Society of Friends, and in this basic attempt to be a follower of Christ, she looks forward to the time when we can be friends again with China.

"Good cannot be crushed to earth," she said, "and the 600 million people in China will come out of this once more as they have so many times and during so many dynasties."

The author of many ballads that are sung by the wandering minstrels in China hopes to be able to return to China some day to see for herself just what is going on. In the meanwhile she has sent three trusted friends to report back to her. She knows Mao Tze-Tung and his family personally.

Her theory about China is that "all things that are wrong and contrary to the law of God are only temporary" and the present regime in China is temporary.

This is the seventh speaking tour for the author of "The House of Exile" and all the proceeds of her speaking goes to help the children and orphans of actors, dancers and minstrels in China.

## Holland Was 112 Years Old Monday

Holland was 112 years old Monday.

It was on Feb. 9, 1847, that Dr. A. C. Van Raalte and his small party of pioneers arrived here to start a settlement. The snow was about 24 inches deep that day.

In 1947, Holland celebrated its centennial, both in February and at a three-day homecoming in August.

Two years ago on the occasion of the 110 anniversary, a program commemorating the event was held in the newly completed music building on Hope campus.

Holland traditionally observes anniversaries each decade. There were several observances in 1937 to mark the 90th anniversary and to start preparations for the centennial 10 years later.

## Family Loses Home to Fire For 4th Time

ALLEGAN (Special) — For the fourth time in less than ten years, fire Wednesday destroyed virtually everything owned by Mr. and Mrs. Keith Rowe and their three children.

Their two-story frame home located six miles southwest of Allegan was burned to the ground Wednesday morning while the mother and father were at work and the children in school.

The loss was estimated by an insurance agent at \$18,000. Insurance coverage amounted to \$15,000.

The fire was discovered by a county highway commission snow plow driver at about 8:45 a.m. He notified neighbors who called the Allegan fire department which arrived on the scene as flames broke through the roof.

Fire Chief Floyd Harter said it probably would be impossible to determine the cause of the blaze.

The Rowes were purchasing the home from William White, the former occupant.

Firemen recalled that it was just over a year ago, on New Year's Eve, 1957, that the Rowe family lost their home and virtually all of the furnishings in another rural fire. At the time they were living in Trowbridge township. On two previous occasions, when they lived in Cheshire township, fire caused them some financial losses.

## Late Rally Gives Knights 66-62 Victory

GRAND RAPIDS (Special) — Cracking under pressure in an arena where pressure was the greatest, Hope College's basketball team saw its thoughts of an unbeaten MIAA season slip away here Wednesday night as Calvin College upset the Dutch, 66-62 before 5,300 plus fans in the Civic Auditorium.

Like every Calvin-Hope game, the pressure was tremendous. It was like a steam-cooker from the opening tipoff with each team keyed to the highest peak.

And when the top of the pot blew off it came so unexpectedly that it will rate in the annals of Calvin cage history as one of its greatest games. Hope now has an 8-1 MIAA mark and Calvin is second with 7-2. Hope is 13-2 and Calvin is 12-2.

Hope was leading by four points, 62-58 with slightly more than a minute to go when the first crack came. Darrell Beernink missed a one-and-one free shot.

Calvin recovered the ball and started up the floor and Warren Otte, former Holland Christian whiz, whipped through a long one-hander to make the score 62-60 with 1:12 left.

Hope then tried to stall but became anxious and Paul Benes tried a shot which failed and Calvin again cleared the rebound and Bill Wolterstorff, 6'7" sophomore center, poked in a layup with 29 seconds to tie the score.

The Dutch got the ball but Calvin again intercepted and Wolterstorff again whipped in a layup with eight seconds to go and before Hope knew what happened, Calvin was ahead.

Hope then called a timeout. It was the sixth for the Dutch and they were charged with a technical foul for too many timeouts. Wolterstorff strolled to the line but missed his shot.

Calvin took the ball out at mid-court and the big soph was fouled by Ray Ritsema and he plunked the final two points with two seconds remaining. Wolterstorff led Calvin with 17 points.

Neither team got rolling in the first half and Calvin led 15-11 at the ten-minute mark. The Knights did a good job of controlling play the rest of the first half and slipped ahead, 41-31 with one-minute left. A basket by Wayne Vriesman and two free shots by Don Boyink cut the margin to six points, 41-35 at half.

Hope opened the second half and put on its best display of basketball in the game. After spotting the Knights two buckets, Hope, with Warren Vander Hill, Benes and Whitey Beernink hitting, scored 10 straight points and tied the score 45-41 with 12:31 left.

Benes hit a few seconds later and Hope jumped ahead, 47-46, for the first time since leading 19-18 early in the first half. Hope kept the slim margin, 51-47 at the ten-minute mark.

Calvin came back and Wolterstorff sank a basket to tie the game 54-47 and then Hank De Mott hit two before Vander Hill added a pair of free shots to knot the score at 56-47. Vander Hill and Otte exchanged baskets to tie the game one more time before a Vander Hill and Ritsema basket put Hope four points up. In all, the game was tied eight times.

Coach Barney Steen's bench paid off for him and he alternated nine players. He received unexpected good work out of his guards, who continued to bother Hope on out-court shots. Subs Carl De Kuiper and Art Kraai hit for five and four buckets respectively.

Steen did a good job of defending the Hope big men. Ralph Honderd, who fouled out with 6:48 left, held down Ritsema and the big Hope junior had trouble rebounding. Ritsema guarded Honderd most of the time and held him to one basket. Calvin also lost Don Koopman on fouls at 6:36 while Wayne Vriesman fouled out for Hope with 6:06 left.

Benes did a strong job on the boards, particularly the defensive boards, where he picked off the majority of loose balls. He picked up his fourth foul with 10:13 left and sat out four minutes before returning.

Hope had halves of 12-34 and 10-30 for 22-64 and 34 per cent while Calvin was 16-41, 9-24 for 25-65 and 38 per cent. At the free throw lane, Hope made 18 of 33 and missed some key one-and-one shots while the Knights hit on 16 of 28.

Vander Hill led Hope with 19, including eight of 18 from the floor, while Benes had 17 on a similar amount of shots.

# Christian Whips Allegan, 72-66

## Maroons Lead Throughout For 7th Win

ALLEGAN (Special) — Holland Christian's Maroon cagers flashed another potent scoring attack here Tuesday night to outpoint the Allegan Tigers, 72-66 before a small crowd in the new high school gym. The Maroons have now won three in a row and have moved their season mark to 7-8, while the Allegan club is 4-8 for the season.

As has been the case in recent weeks, it was a high powered offensive attack that carried the Maroons to victory. Christian's surge was consistent throughout getting no less than 15 points in any one quarter, and topping it off with a 22-point third stanza. Coach Art Tuls' Maroons started immediately and never trailed in the contest. Actually the final score didn't have to be as close as Tuls rested his regulars frequently and used 12 men.

The Maroons, who are averaging over 66 points per game in their last five starts, again got balanced scoring with three boys in double figures, topped by sharp shooting Jim Hulst with 19. One of the highlights of the Maroon win was the stellar play and return to scoring form of Vern Wedeven who pumped in 17 markers. Sophomore Frank Visser along with Arlyn Lanting also turned in fine games. Henry Sterken, Christian's rugged rebounder didn't start the game and played only spasmodically throughout the tilt due to a bad cold.

Allegan which starts two seniors, two sophs and a junior is an eager ball club with deadly shooters, particularly from outcourt. Coach George Van Wagoner employs no post man in his offense, but uses the screen and roll for his point making. Particularly effective off this type of play were Mike Foster with 18 points and Bruce Beasley with 16 markers. Rebounding-wise the Tigers were no match for the Maroons who limited Allegan to just one shot at the hoop at a time.

All five starters scored for the Maroons in the first quarter after Ben Bonselara opened the scoring with a layup. After Wayne Brouwer narrowed the count for Allegan on a tip in, the locals began to move. With Hulst, Lanting and Wedeven all hitting for two baskets apiece, the Maroons started to pull away and found themselves leading 19-16 at the end of the first period, following a last minute flurry by the losers.

Christian threatened to turn the game into a rout at the start of the second period as they scored 11 straight points to lead 30-18 after four minutes of play. At this point, the Hollanders relaxed and were caught napping. Mainly from the foul lane, the Tigers were able to creep up on the Maroons with nine straight points. It was now a tight ball game again, with Christian managing to take a 34-31 halftime bulge.

Christian's superiority began to show in the third stanza, as the Maroons led by Hulst with nine markers, started to pull away consistently. Midway in the period, the Maroons led by a 45-36 count and upped their margin to 10 and 11 points on several occasions before they had to settle for a 56-46 margin going into the final period. Allegan refused to quit in the final stanza, despite the fact that the Maroons at one stage led by a 66-48 count. Paced by sharp-shooting Foster against the Christian subs the Tigers came roaring back to finally close the gap to just six points at the game's end.

Christian continued to hit well from the foul lane as they connected on 20 out of 30 attempts. Allegan, meanwhile scored on 22 out of 36 tries. Hulst led all scorers with 19, followed by Wedeven's 17. Foster was high for the losers with 18 markers.

Christian now points for a revenge win over Grand Rapids. Grand Rapids is Christian on Friday when the Eagles invade the local Civic Center.

## Little Maroons Nip Allegan

ALLEGAN (Special) — Holland Christian's Little Maroons posted their eighth win of the season here Tuesday night when they took a thrilling 51-50 decision from a sharpshooting Allegan reserve squad. It was Christian's second win over the Allegan quint this season.

The game was a nip and tuck affair throughout with the score tied 10-10 at the quarter and 21-21 at halftime. Christian managed to hold five and six point margins throughout much of the half, however.

Play continued on even par throughout the third quarter with the Hollanders holding a 36-35 lead going into the final period. The locals really turned on the steam in the fourth quarter to pull out to an eight point bulge, before they became careless to permit Allegan to narrow the margin.

Feature of the game was the spectacular shooting of the Little Tigers who did most of their scoring from outcourt. They were paced by Bill Guerrant who connected for eight one handers and a free throw for 17 points.

Paul Stegenaga, a freshman, led the Maroon scoring attack with 17 points, followed by Harold Diepenhorst with 11, Ken Disselkoe with 10, Ivan Volkers with nine, Doug Windemuller with two and Dan Joldersma with two.

## Goodfellows Aid Children

The Goodfellows Foundation of the Holland Exchange Club has been helping the needy children of Holland since 1935.

For several years, the money made by the group was received through the sale of The Holland Evening Sentinel on Holland streets the Saturday before Christmas. The papers were donated by The Sentinel.

During World War II and a few years following, the Holland Community Chest supplied the money for the work done by the Foundation. In 1957, the by-laws of the Foundation were revised to allow work on a broader scale.

## Zeeland Stops Rogers, 69-60 For 9th Basketball Victory

## West Ottawa Gets School Site Option

The Board of Education of the West Ottawa Public School district signed options Tuesday night on the Riksen farm located at 136th Ave. and Riley St. for a new high school site.

The plot, which is in excess of 100 acres, does not include the home or farm buildings. It lies just north of the center of population for the large district which comprises 13 previous districts. Riley St. is the street on which Pine Creek School is located and 136th Ave. is more commonly referred to as old US-31.

Supt. Lloyd Van Raalte said the option will run for eight months and final purchase is subject to successful tests on water supply and drainage. The site is more than adequate for a high school and a junior high, plus campus development. Although no decisions have been made, the committee making the negotiations thought in terms of both a junior high school and a high school on the same site.

The area has access from both Riley St. and 136th Ave. Negotiations were carried on for several months.

The West Ottawa board also has decided that Beechwood School No. 1 on Howard Ave. will be used next year for the 10th, 11th and most of the eighth grades in the enlarged district. Elementary students presently housed in the Howard Ave. building will be housed in other school buildings in the district.

Committee also have been interviewing architects for a new high school over several months and have screened applicants down to a smaller number. Final interviews will be scheduled soon.

## Allegan Sets New Drive

ALLEGAN (Special) — A young Allegan woman who is no stranger to the ravages of cancer has agreed to undertake the chairmanship of the 1959 Cancer Society fund drive and educational campaign in Allegan county.

Mrs. Raymond Meshkin, 26, whose husband died of the disease late in 1958, has accepted the chairmanship, according to Dr. Bert Van Der Kolk, Hopkins, president of the Allegan county unit of the American Cancer Society.

Mrs. Meshkin, who has a 4-year-old son, Ricky, has been active in the unit's educational and fund raising efforts for many years. Her co-chairman for the drive, scheduled to open April 1 with a kick-off dinner for volunteer workers, will be Mrs. Lawrence Morgan, also of Allegan, whose mother-in-law was a victim of the disease in 1958.

The unit will seek to raise \$7,950 to combat the disease both locally and throughout the nation.

An innovation in the 1959 campaign will be the establishment of five districts, each of which will be directed by a chairman who will have charge of groups of four and five townships.

District and township chairmen will be announced later.

## Contagions On Increase Here

GRAND HAVEN (Special) — Because of an increase in contagion and difficulty which is being experienced by the Health Department and the schools, regarding isolation of cases, it has been necessary for the Health Department to remind parents of rules and regulations regarding control of contagious diseases.

During January, there were 60 cases of chicken pox, 52 measles, 22 mumps and 68 cases of scarlet fever. Distribution is general and not confined to any particular area. It is the responsibility of parents especially to report any question of contagion to the Health Department.

Schools are not allowed to accept a child who is showing evidence of illness, since in many cases the illness may be of a contagious nature. After a child has recovered from a contagious disease the parents may be required to have a special permit designating that the child has fully recovered and is able to return to school. Recovery from illness must be determined by the family physician or the Health Department.

It is the duty of the Health Department to enforce rules and regulations regarding contagion and cooperation of parents, physicians and schools is necessary for the successful control of communicable diseases.

GRANDVILLE (Special) — Shaking off the effects of a poor first quarter, Zeeland High's basketball team recovered and moved on to a 69-60 decision over Grand Rapids Rogers here Tuesday night in the first game between the two schools.

Zeeland trailed early in the game, 10-3 but picked up later and were behind 19-15 at the quarter's close. A full court Rogers press bothered the Chix and Zeeland threw away a lot of passes.

Jack Van Dort started hitting layups in the second period and Wayne Schout did some fine rebounding and this combination helped the Chix move out 33-29 at the halftime.

Bud Anderson, one of the Rogers big men, fouled out with one minute gone in the third quarter and the loss of rebounding helped Zeeland grab everything and they jumped to a 50-39 advantage. Bob Brouwer made eight points in the third quarter.

In the final period, Zeeland enjoyed a 60-44 lead and coasted to the win. Boedy led midway in the quarter with five fouls.

Zeeland hit on 26 of 60 shots for 43 per cent while Rogers made 24 of 62 for 39 per cent. The Chix connected for 17 of 29 free shots and Rogers made 12 of 22.

Van Dort and Brouwer each made 21 points for the winners while Boedy had 16 for Rogers.

Zeeland now has a 9-5 overall record and plays again Feb. 20 against Fremont in Zeeland in a Keweenaw League game.

## Committees Get School Assignments

### Classroom Space and Teachers' Salaries Discussed by Board

Problems facing Holland public schools the coming school year occupied the Board of Education for almost its full two-hour session Monday night, and at the conclusion of the meeting, Board President Bernard Arendshorst announced he would mail written assignments to the various committees for study and report at the March meeting.

Problems ranged from increased enrollments in several places; growing needs for the music, library and science programs; teachers' salaries, what Holland can expect in the way of state aid, and a study into the possibilities of a public vote on boosting millage for operating expenses.

Arendshorst said he hopes the teachers' committee would meet with the salary and welfare committee of the Holland MEA district and arrive at a more realistic recommendation on teachers' salaries than the schedule submitted at an informal meeting last week which would boost salaries \$200 to \$600 not including present increments.

Arendshorst suggested that the teachers' committee check salaries paid by Christian Schools and at Hope College before submitting a report next month. He also suggested that the professional problems committee of the Holland MEA district submit a report on progress of a merit study for Holland schools.

In view of the belief that the best Holland could expect in the way of state aid next year would be no better than the amount this year, Arendshorst felt that there was nothing to be gained by waiting until May or June before making decisions on salary schedules, but he felt that the proposed schedule involving an additional \$100,000 was high, and he felt board members would be reluctant to go to the people for another \$100,000 for operating expenses.

To the building and grounds committee, he said he would assign the study of needs for the music, library and science departments. Earlier in the evening Arthur C. Hills of the instrumental music department pointed to pressing needs of the department in case the seventh grade is put into Junior High School. Hills suggested taking over room 1 in Junior High School for instrumental music, constructing facilities over the shop area, or constructing a music building, either temporary or permanent, on property nearby.

As for providing additional facilities for high school library, Building Consultant Arthur Read reported that the library could be enlarged by partial removal of the wall between the library and room 201, and can be expanded to the south by opening a door to what is now the assistant principal's office. He estimated costs at \$600, not including redecorating.

Read also submitted plans for relocating offices with the aid of prefabricated partitions in the main offices on the first floor of the high school at a cost not to exceed \$900. He said such work could be completed during the Easter vacation if desired.

Arendshorst also assigned to the finance committee the study of allocating certain sums for secondary school improvements from existing building and site funds. Supt. Walter Scott explained that there is at present about \$143,000 in the secondary building and site fund from an original \$407,000 set aside from 1951 through 1956 on the basis of \$50 per secondary school pupil, both rural and local. The program was discontinued about two years ago when it became increasingly necessary to use available income for operating expenses. Scott said about \$10,000 remains in the 1953 elementary building and site fund. He said the board is calling in \$180,000 in bonds by March 1.

The proposal to return seventh graders to Junior High School after this class was housed the last couple of years in Washington and Thomas Jefferson schools is prompted by the need for extra classrooms in Jefferson and Lincoln schools. A program change of this sort would involve some re-districting for elementary schools. With an anticipated decrease in the senior high school enrollment next year, Scott said it appears likely that all senior high classes may be accommodated in the high school, Third Church, Bosman store and the Farm House. Thus, the entire junior high building can be used for the seventh, eighth and ninth grades.

Putting the seventh grade into junior high building would add 132 instrumental music students to the building, according to Hills' report. With room needed for instrument cases, uniforms, and other paraphernalia in facilities already taxed by junior and senior high school, Hills felt the only solution could be more space for music facilities.

Birth records listed the father's occupation as a jeweler. The birth certificate carried by Bodamer was issued by the County Clerk in Grand Haven in 1943.

## Team Qualifies For Regionals

Holland Christian High school's debate team has again qualified for the state regional "sudden death" debate tournaments. Coach Hero Bratt reported today. It marked the third time in the last four years, that the Dutch have made the regionals.

Under the state setup, a school must win six out of eight debates, scheduled by the state association, before it is eligible to compete in the state playoffs. Christian qualified by splitting with Grand Haven, Grand Rapids Central and winning two from Grandville. Two debates with Otsego were also counted as byes since the weather conditions on the scheduled date were too bad for the trip.

The state regionals are scheduled for Feb. 26 with Calvin college serving as hosts. Christian, a class B school, has been paired with seven class A schools, all with a "debate reputation," according to Bratt. In the first round draw, Christian's negative squad will compete against the Muskegon Heights affirmative team. Other pairings are Muskegon Catholic affirmative against Kalamazoo Central negative, Lansing Eastern affirmative against Muskegon negative and Grand Rapids Central affirmative against Grand Rapids Central negative. One defeat in the tourney disqualifies a team with the winner of the meet going into the state quarterfinals with other regional tourney winners.

After each debate in the tournament, a draw is held to determine the next opponent and which side of the question the school will debate. Christian's negative squad is composed of Larry Van Til and Dale Dykema while Ken Hoek and Tom Holwerda form the affirmative team.

In preparation for the tourney, Holland Christian will sponsor a two round practice tourney here on Thursday in the local high school. Competing will be Kalamazoo Christian, Holland Christian and Grand Rapids South Christian, all of whom qualified for the state meet. Competing for Christian in the practice rounds, in addition to the varsity squads will be Delwyn Nykamp-Paul Bremer and Bob De Boer-Calvin Hulst.

Question for debate this year is Resolved: That the U. S. Should Adopt the Essential Features of the British System of Education.

## License Sales Lagging Badly

Holland license bureau Manager Frank Cherven said today license plate sales are lagging badly and urged local motorists to buy their plates as soon as possible, in order to avoid a last-minute rush which threatens to assume gigantic proportions.

Cherven said that from Nov. 1 to today, a total of 10,150 plates of all types have been sold. This breaks down to 8,300 passenger plates, 1,020 commercial plates, 782 trailer plates and 48 motorcycle plates.

But, based on 1958 sales, Cherven said, some 23,000 plates remain to be sold in the next three weeks, a project which would require the sale of about 1,500 plates a day. The license bureau is presently open from 8 a.m. to 5 p.m. six days a week. Cherven said that for the last two weeks, starting Monday, Feb. 16, the office will remain open until 8 p.m., six days a week.

Motorists are again reminded that they cannot buy license plates without showing the title to the car. And Cherven requested those who have not yet bought their plates to get busy and find their titles.

The cost of getting a duplicate title through Lansing is an extra \$3.50, he said, and license bureau workers will not have much time to help those who come in at the last minute and say "I can't find my title."

Holt said the identification cards will be in the traditional Dutch colors of orange and blue, and will carry the bearer's name, description, picture, job title, fingerprint and signature.

## SHERMAN ADAMS' MEMOIRS

Advance hints are coming in from New Hampshire that Sherman Adams, of Goldfine fame and former governor of that state, is at work on his memoirs. The book is promised for some time after the 1960 presidential election.

The timing alone is a pretty good indication of the line the book will take. If Sherman Adams were after the administration he served for years and which finally was forced to toss him out, he would not wait until 1961 or later. He would strike while the iron was hot.

The administration can rest easy. Adams may in the end have a come hot barbs for individual members of the Republican party, many of whom have themselves been tossed out by the voters. But the party as a whole will probably not need to lose sleep over Adams' probable revelations.

The Democrats are the ones who will be in the driver's seat during the next two years, except in the presidency. The Democrats will be making the decisions, and it is always the maker of decisions in government who becomes the target for critics. It may be taken for granted that Sherman Adams will write his book — or more likely have it written for him — with the Democratic target in mind. Democratic mistakes during the next two years will probably loom very large in its pages.

There seems to be no other compelling reason why the Adams memoirs should be delayed, and every reason why it should be issued quickly. A battery of ghost writers could have it ready in a matter of a few months, and the chances for a big sale would be much greater in 1959 than in 1961. By 1961 interest in Sherman Adams will have faded considerably, wiped out by newer political sensations.

For all practical purposes the Sherman Adams case is closed, so that it is unnecessary to wait until political developments fill out the picture. Everything points to the fact, from the angle of public interest, that immediate publication would be desirable.

But politics is politics. The Sherman Adams memoirs will be a political document. It will have plenty of interest, but that interest no doubt will be political.

## Mrs. Stronks Describes Work at Navajo Mission

Mrs. W. J. Stronks was the guest speaker at the meeting of the Women's Missionary Society of First Reformed Church Thursday afternoon.

Mr. and Mrs. Stronks went out as volunteer missionaries for the Presbyterian Church and worked among the Navajo Indians at the Navajo Mission Station in Arizona. This is the largest mission station in the United States. It contains an area of 25,000 square miles and a Navajo population of 80,000. Mrs. Stronks said the Navajo people are somewhat reticent, but when they have accepted Christ as their Saviour they are truly consecrated and sincere Christian workers.

The devotional period was conducted by the pastor, Dr. R. Van Heukelom. Dr. Gerald Nykerk, medical missionary to Arabia for the Reformed Church, brought greetings to the society. He is spending a few weeks with relatives in this vicinity.

Mrs. James Cook, soloist, sang "I Know a Name" accompanied by Mrs. E. Ruisard. Mrs. W. Jellema, president of the society, was in charge of the business meeting and Mrs. J. Diekema offered the closing prayer.

## Sunday School Lesson

Sunday, Feb. 15  
Jesus Questioned About  
The Great Commandment  
Mark 12:28-34  
By C. P. Dame

(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U.S.A. and used by permission.)

Both the person who asks a question and the person who answers a question reveal something about themselves. The Lord Jesus knew how to answer the questions that were put to him. His answers did not always please those who asked but they made them marvel or silenced them.

I. Important questions deserve an answer. On Tuesday of Passion Week Jesus was asked three questions — one about his authority, another about tribute money and then one about the resurrection. The questioners were defeated and discredited before the people. While a discussion was going on a scribe asked Jesus another question. The Pharisees had sent him. He however was sincere. His question was, "Which is the first commandment of all?" In the time of Jesus the rabbis listed 613 commandments, 248 positive and 365 negative. This was a good question. He wanted to know the will of God. Any one who desires to know what God's will is deserves commendation.

II. Jesus always goes to the heart of the matter. The Lord quoted from the Old Testament, from Deuteronomy 6:4-9; 11:18-21 and Numbers 15:37-41, a part of the Jewish confession called Shema, which speaks of the unity of God. Israel was surrounded by nations which believed in many gods. It took Israel a long time to accept the teaching that there is but one God. To this one God man has a responsibility and that is told us in the words, "And thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength; this is the first commandment." The four words, heart, soul, mind, strength take in the whole man. The little word "all" says that man should love God with his whole being. To love God with a fraction of our being is not enough. God deserves the complete and wholehearted affection of man.

To the words found in Deuteronomy 6:4-5, the Lord added a second commandment quoting from Leviticus 19:18, "Thou shalt love thy neighbor as thyself." And who is our neighbor? The Jew believed that word to their fellow Jews but Jesus in the Parable of the Good Samaritan teaches that any one in need is our neighbor. To love our neighbor means to seek his welfare and profit in every way. The Bible teaches us that we should love our neighbor as ourselves. The two loves should balance each other. We love ourselves and that is why we minister to ourselves — we should do likewise to our neighbors. Christians know the deeper needs of people and therefore they should minister in a better manner to them. This old command means more now than ever.

III. Some are in and some are out of the kingdom. The scribe liked the answer of Jesus and told him so, saying that love is superior to all burnt offerings. Jesus was pleased with the answer of the scribe and told him he was not far from the kingdom of God. Jesus was always ready to commend a person who deserved it. The kingdom has boundaries. A person is either in it or out of it. The scribe was still out — did he get in? How does a person get in the kingdom now? By repenting and believing in Jesus as Saviour and Lord. Any one who is out is invited to come in.

## New Gallon Donor Club Is Organized for Blood Bank

Formation of a Gallon Donors

Club for Holland, presentation of gallon donor pins to 77 local persons and one two-gallon pin featured a recognition dinner meeting in Holland Hospital Thursday night for those persons who have become gallon donors for the Holland Community Blood Bank during the past year.

The Gallon Donors Club is patterned after one organized in Fort Wayne, Ind. Purpose of the new organization is to encourage other persons to donate blood and to support the present program which has been in effect since 1948.

Gallon donors present at Thursday's recognition meeting were presented with gallon donor cards along with their gallon donor pins. Persons who previously had become gallon donors will receive their cards in the mail.

Arthur Read, chairman of the Ottawa County Red Cross chapter, presided at Thursday's dinner meeting. He read a letter from Gen. Alfred M. Gruenther, national Red Cross president, complimenting local gallon donors for their unselfish contribution to humanity. "Of all the fine ways the many thousands of volunteers are working for the Red Cross, it is my belief that those who give their own blood are near the top of the list and deserve the highest commendation we can give," the general wrote.

The Rev. William C. Warner of Holland reminisced on some of his Red Cross experiences during the three years he was chapter chairman some 10 years ago. Hospital director Fred Burd said Holland Hospital is fortunate to have a blood bank available to answer a great need. "You people typify the heart of the blood bank. Except for faithful donors a blood bank would fail and this is the only way that patients who need blood get it without cost," he said.

Dr. O. vander Velde, medical director of the blood bank, thanked the donors not only on behalf of the medical profession but for the Holland people. He said the Holland blood bank was the first one organized in a small community and the local system was used as a pattern for many others. He described blood as "the world's greatest medicine." The program now provides for any Ottawa county resident to have blood in any part of the country except in rare heart operations where freshly drawn blood is a factor.

Robert Leslie, who explained operations of the Fort Wayne Gallon Donor Club, was named president pro tem of the new organization which will be a "loose, organized group with no dues" but one that can bolster the local program. "A gallon donor card represents a real contribution and it becomes sort of a religion and spreads to others," he said. Leslie is one of the earlier gallon donors in Holland.

Mrs. Gladys Aldrich, executive secretary, gave a special thank-you to emergency donors who willingly report to Holland Hospital all hours of the day or night. These donors usually have rare blood types.

Receiving a two-gallon pin last night was Gardner Joyce.

Holland now has some 140 gallon donors. The new gallon donors are Mrs. Harriet Balde, Harold Banger, Jack and Paul Barkel, Chester Bauman, Tony Beyer, Arlie Bradford, Dale Boes, William Boes, Gerald Borgman, Elmer Bos, Jerry Bosch, Harold Breuker, Egbert Brink, Walter Coster, Jr., Donald Cranmer, Donald Crawford, Frank Culver, Nick Dekker, James De Ridder, Jacob De Vries, Marie De Vries, Wallace De Zwaan, Mrs. Mary Dirkse, John F. ## Annual Polio Meeting Scheduled Feb. 24

The Ottawa county chapter of the National Foundation will hold its annual meeting Feb. 24 in Allendale town hall, starting with a potluck supper at 7 p.m. Four new board members will be elected. ## Semi-Trailer Jackknifes

A semi-trailer truck driven by Victor L. Croel, 36, of Grand Rapids, Friday at 6:15 a.m. skidded and jackknifed into a snowbank as he went around the cloverleaf at the M-21, US-31 intersection. Ottawa county deputies directed traffic around the truck until it was pulled out, and estimated the damage to the 1956 model tractor at \$300.

## Judge Emphasizes Need Of New Youth Program

One thing this community especially needs is a community program for the boys who are not now in any regular program of activities, Judge Cornelius Vander Muelen told Rotary Club members, meeting at the Warm Friend Tavern Thursday noon. He spoke on "This Business of Judging."

The municipal judgeship, he said, is the poorest paid and most challenging work he ever has done. The lower courts are the most important in our country since they deal with far more people. In one month, the Judge explained, he has more arraignments than the circuit court does in 12.

"The policeman is the only law official more important than the judge," the speaker said. "That's because he again deals with more persons."

Judge Vander Muelen said that justice courts, in general, have three faults. The physical surroundings often do not add to the court's dignity or respect for the law, few justices have any legal training and the fee system can be open to grave abuses.

Much better, he said, would be a system of fewer regular courts. Four of these could handle all the needs of Ottawa County citizens better than do the 25 justice courts now used.

## Snowfall Passes 100 Inch Mark

Another 2 to 2½ inches descended on Holland Thursday night, boosting the season's snowfall well over the 100-inch mark.

The newest snowfall was accompanied by plunging temperatures and gale-like winds which piled up drifts in most secondary roads in Western Michigan and the Upper Peninsula. Minimum recorded early Friday was 6 degrees, according to Weather Observer Charles Skeetee at Hope College.

Since nearly all county schools were closed Friday for the County Teachers Institute, there was little or no necessity for rush announcements on early morning radio programs. But the situation was such that a good share of the schools would have been closed.

Although in many places in the state snowfall was little more than an inch, winds with gusts up to 40 miles an hour made it appear like a blizzard and piled up huge drifts.

Rev. Rozendaal introduced the guests for the evening Dr. and Mrs. L. R. Scudder, Reformed Church Missionaries, who are on furlough from Arabia. They also showed slides of their work in Arabia. The meeting was closed by Gerrit Swierenga and the closing hymn was "Jesus Saves."

According to firemen, the Tubbergen's small daughter had earlier started the fire in the chair with a cigarette lighter and the family, thinking they had put the fire out, put the cushion out on the porch. Firemen said damage to the porch walls, woodwork and curtains was minor.

# Hope Beats Alma For 8th Loop Win

## Dutch Record 83-76 Victory In Rough Game

ALMA (Special)—Hope College's basketball team fought off a determined band of Alma Scots here Saturday night and chalked up an 83-76 win for its eighth straight in MIAA action.

Alma was keyed to knock off the Dutch and put together some fine shooting in attempting to accomplish the task. The Scots outshot Hope from the floor, 33-31 and made 41 per cent of their shots while Hope hit on 36 per cent.

But included in the Scots' plans was an attempt to block out Hope's big men (Paul Benes and Ray Ritsema) and the result was a rough game which saw three Scots banished before the final whistle.

Hope did cash in at the charity line 21 of 36 times. The Dutch

didn't commit their seventh foul until late in the second half and Alma didn't get much advantage of the bonus. They hit 10 of 14 free shots in the game.

The Dutch kept the upper hand throughout although early in the second half and right at the end of the game Alma cut down the margin. The seven-point spread at the final horn was the closest the Scots came.

This margin was also the closest any MIAA team has come to Hope this season. Calvin was defeated by 11 points, the smallest margin of any of the teams during the first portion of league play.

As expected the Scots showed much improvement since the 94-73 walloping administered in Holland last December. That victory was Hope's first following its opening loss and the win Saturday marked its 13th straight.

Hope's biggest lead was 49-30 at halftime. This was helped by some good shooting in a closing spurt at the end of the first half by Benes, Warren Vander Hill and Jun Buurma, who replaced Wayne Vriesman, bothered with a sprained ankle.

Alma was hot at the beginning of the second half and chipped away at Hope's lead with some good shooting by Ferris Saxton, who led his team with 23.

But the Scots were also fouling and Hope soon had one-and-one opportunities but couldn't cash in. Alma committed seven quick fouls and the bonus went into effect but five times the Dutch paraded to the line and missed the first shot.

Hope finally hit with 11 minutes to go and three times made just the first shot of a one-and-one and four times made both shots in the second half.

The Dutch led 79-63 with 2:24 remaining in the game. Alma got hot in the final minute and dumped in three baskets, the last two-pointer coming at the horn, to make the margin seven points.

Dalton Cantrell fouled out with 2:30 left in the game while Saxton was out at 1:30 and Jim Northrup in the final half-minute.

Paul Benes led both teams with 27 points. He now has 174 points in eight games for a 21.3 point game average for top spot in the MIAA. Benes also did a good job of rebounding along with Ritsema.

Vander Hill followed with 18 points while Ritsema had 17 and Buurma collected 13.

During World War II he was with the Red Cross and Air Force intelligence. Rated among the top six speakers in the United States, Dr. Irvin is a regular staff speaker for the General Motors Corp. and also is engaged by the National Management Association and the Anthracite Industry as a speaker for

## Police Stop Boy's Trip to Florida

COOPERSVILLE — A 13-year-old Coopersville boy, who tried to go to Florida with his teacher's car, was back home with his parents today.

State police ended the boy's dream of going to Florida when he reached South Haven after driving the station wagon at speeds up to 120 miles an hour.

State police said the boy was driving 75 to 80 miles an hour before they forced him to a stop and that he bragged of hitting 120 miles an hour on highway 120, 16 between Coopersville and Grand Rapids.

## Fell Asleep at Wheel

Ottawa County deputies said Stanley Baraman, of 115 Lakewood Blvd., apparently fell asleep at the wheel Sunday at 2 a.m. when he left the road, hit a guard post and ran into a snowbank on US-31 at Barry St. Deputies estimated the damage to his 1958 model car at \$150.

The cotillion is a kind of dance. It is related to the quadrille.

## Volleyballs

You can't win! We thought we were doing a real service some time ago in making the parking restrictions really simple. We said, "Don't park on the side of the street where the hydrants are."

Now it appears there are about three streets in Holland that have hydrants on the other side of the street.

You'll just have to learn directions, that's wot. Don't park on the north or east sides unless streets are otherwise marked.

As for hydrants, there's so much snow you can hardly find them even though many conscientious people have been trying to keep them in the clear.

Let's everybody take it easy, huh?

The high banks of snow at the curb are becoming more and more of a problem, and in several spots, a driver has to edge well into the intersection to check cross traffic.

Maybe we can follow the lead of one Muskegon driver. He put a little flag on his radio antenna. That shows above the banks.

Maybe that would be an excellent use for those raccoon tails on old Davy Crockett hats.

Hats off for Holland. This city hit the January honor roll of the Health Officers News Digest for having new or revised codes adopted on the health front. Holland's new code provides for grading restaurants.

Other cities on the list were Chelsea, Okla., and Snyder, Tex.

Could this be an ultimate? A note from a former resident now in Florida called attention to a new gimmick on a bed in one of the fancier motels. Put a quarter in the meter and the mattress will vibrate for 30 minutes, promising complete relaxation.

Willard C. Wichers, director of the Midwest division of the Netherlands Information Service, attended a special concert of international music in Detroit a week or so ago and the program included the American premiere of a fairly recent work of Leon Ortel, Dutch composer, entitled Second Sonata for Violin and Piano, opus 15.

While Ortel, who was born in 1905, is better known for his symphonies and songs, this sonata is one of his favorites and it received kind attention from American critics at the concert which was staged in the International Institute.

Wichers gave an intermission talk. He was accompanied by W. K. von Weiler, Netherlands consul in Detroit.

A feature of the second half of the program was examples of electronic music on recordings which are sweeping Europe but has not yet (fortunately, most musicians agree) hit the United States. These weird sounds, the like of which was probably never heard before, were mercifully brief.

Wichers said a conductor seated nearby said he would have left the auditorium in another minute.

The concert featured selections by composers from Austria, France, Netherlands, Germany, Switzerland and Spain. Composer Ortel at present is a piano teacher in the Royal Conservatory in The Hague and a teacher of composition in the Amsterdam Conservatory.

From West Covina, Calif., comes a story that a 52-year-old woman was found guilty of assault and battery charges after striking a neighbor with a hose nozzle. She was sentenced by the municipal judge to read "How to Win Friends and Influence People" and turn in a chapter review each week until she completes the book.

The impact threw the boy 38 feet, deputies said. Gelder told deputies he was unable to stop his car in time to avoid the boy.

Van Ry's car was shown ahead to collide with a car, also stopped, driven by Mrs. Helen R. Hopkins, 37, of Muskegon.

## Little Maroons Drop Thriller

PORTAGE (Special) — Holland Christian's Little Maroons saw their five-game winning streak snapped here Friday night when they were edged in a thriller, 63-62, by the Portage reserves. The loss was Christian's fifth in 12 starts while Portage has a 7-3 mark.

Both clubs staged fine performances and a real offensive show. A big factor in the Christian defeat was the foul menace, which saw two of its big guns sit out a great share of the game, and eventually foul out.

The Hollanders held the upper hand throughout the first period and managed to lead 15-14. Portage outscored the locals 22-18 in the second period to take a 36-33 halftime margin. Third quarter play was fairly even with the Mustangs holding a 51-46 lead going into the final period.

Christian managed to grab a two point lead at one stage and were tied at 62-62 when Portage scored on a free throw. Christian had a good shot in the final seconds which just rolled off the rim.

Balanced scoring featured both attacks with Freshman Don Joldersma pacing the Dutch with 15, followed by Tom Bouman with 14, Ken Disselkoen with 10, Harold Diepenhorst and Paul Stegenga with nine apiece, Doug Windemulder with three and Clare Van Wieren and Ivan Volkers with one each. Terpstra and Dean led Portage with 17 each.

## Grand Haven Man Reaches 100th Birthday

GRAND HAVEN (Special) — John Pol, a native of the province of Gelderland, the Netherlands, who came to this country at the age of nine in 1868, observed his 100th birthday on Feb. 9.

Pol, who during his working days worked as a carpenter and contractor and later sharpened saws for a living, lives alone at 398 Howard St. Neither he nor his brother Jacob, with whom he lived until Jacob's death in 1941, ever married.

Although a hundred years old, Pol's general health is good, and he gets around well with the aid of a cane. In the past few years he has abandoned his old practice of taking long walks in the woods, but he is still a familiar sight in town.

Even with snow on the ground and in inclement weather, Pol walks to town to do his shopping, and in summer he is usually seen sitting on a bench in Central Park across from the courthouse.

Because of failing eyesight and hearing, his enjoyment of radio and television is limited, but he still maintains an active interest in such things as baseball.

Although the neighbors are planning to commemorate his birthday in some small way, there is no large celebration being planned since a big party might be too much for him.

## School Board Approves 2 Teachers

Approval of contracts for two teachers for the second semester was given at a monthly meeting of the Board of Education Monday night in E. E. Fell Junior High School.

Fred S. Bertsch of Holland, a graduate of Hope College with further study at Western Michigan University and the University of Michigan, is teaching mathematics in Holland High School. He has classes in geometry, trigonometry and general mathematics. Bertsch has five years of teaching experience including credit for military service. He is married and has four children.

Mrs. Marcia Eckstrom, wife of Conrad Eckstrom who teaches physical education in elementary schools, will teach physical education to seventh grade girls at Jefferson and Washington schools three days a week. Mrs. Eckstrom has an A. B. degree from Winona State Teachers College. The Eckstroms have four children.

High School Counselors Dale Shearer and Robert Connell gave additional information on a report on failures in the high school prepared by Principal Jay W. Forman. The report pointed out that 137 failed classes out of 1,040 enrolled, but that the North Central Superior and Talented Student program has not caused an increase in the total percentage of failures. Furthermore, there appears to be no correlation between failures and IQ ratings. The percentage of failures is well under the number on the honor roll in the school.

Most failures were recorded in beginning typing, beginning biology and sophomore and junior English. No failures were listed for chemistry. Of failures listed, 133 failed in one subject, 31 in two subjects, 6 in three subjects and one in four subjects.

Detailed figures on junior high enrollment for next year were presented, including possible enrollments in case more areas annexed to the city. Under current arrangements, enrollment will be 772, plus perhaps 3 eligible students now in the eighth grade in the Catholic school. Enrollment could run as high as 1,067 with additional annexation.

A report was presented on unfinished building and/or equipment as recommended by a "future needs" committee Jan. 21, 1955. At that time, the board allocated 1 mill for these improvements, but this was withdrawn after all available millage was needed for operating expenses.

Supt. Walter W. Scott submitted a report on the cooperative program in student teaching with Hope College. Student teachers do their practice work a half day each day in the Holland school system. During the first semester, 18 student teachers were assigned to elementary schools and 17 to secondary schools. With the start of the second semester, 30 elementary and 22 secondary student teachers began work.

Scott also pointed out that Apple Ave. School which recently annexed to the Holland school district is a most welcome addition and presented a final audit which completes the financial transfer. He said the administrative transfer has been accomplished similarly and instrumental music, art and physical education classes have been extended to the new school. "Apple Ave. school is a real asset to the city schools. Its teachers, principal, children, fine families and excellent physical plant add immeasurably to the resources of city schools," Scott said.

The board granted another year's leave to Ronald Vander Schaaf, Lincoln school teacher who is teaching this year in the Army Dependent Schools in Germany. All members were present with the exception of Alvin J. Cook, President B. E. A. Arendsen, and Carl C. Andriessen gave the invocation.

# Holland, Christian Record Key Wins

## Dutch Avenue Earlier Loss To Muskegon

Avenging an earlier season's loss and finishing the home season on a high note, Holland High basketball team recorded a convincing 70-55 decision over Muskegon before 1,900 fans Friday night in the Civic Center.

It gave Holland a 7-5 record and averaged a 51-47 loss at Muskegon last month. The Big Reds now have a 3-8 mark. The Dutch will play their three final games on the road.

There were several factors which paved the way for the 15-point victory. First off, although Holland experienced another troublesome third period, they didn't fold and came back even stronger in the fourth quarter.

The Big Reds, trailing 39-24 at halftime, opened the second half in a zone press and began to grab the rebounds and followed with some good shooting. Muskegon hit on 10 of 27 in the period and Holland could only connect on four of 12 and the result was the Big Reds narrowed the margin to 49-44 at the canto's close.

But that was the closest Muskegon came. Holland pulled it together and began to again take over the boards and whipped in seven of 12 baskets in the final frame including four straight buckets.

Those four buckets pushed the score to 65-52 with two minutes left and provided the cushion which allowed the Dutch to coast in. Muskegon could get only four baskets in 20 tries in the final quarter.

This fourth quarter recovery was another reason the Dutch came through. This was the "desire" Coach Bob Connell was hoping for and what seemed to be lacking in the four-point setback at Muskegon.

In the first half, Holland turned in some fine rebounding, with Glenn Van Wieren carrying the brunt. This helped Holland grab the commanding lead.

Holland jumped to a 19-9 early lead and was ahead, 21-13 at the close of the quarter. Ron Maat pumped two baskets and added three free shots in the second period to lead Holland to the 39-24 halftime bulge.

Again in the fourth quarter, Maat managed to slip through the Muskegon defense and dropped in three baskets to pace the final spurt. The stocky junior led Holland with 19 points.

The Dutch also found a 1-3-1 zone effective and used it throughout the game.

Another big reason for Holland's victory was its fine shooting, some of the best since opening games. Again the Dutch were looking for openings, finding them and firing. They also cashed in at the free throw line.

Holland shot only 59 times but was able to connect 26 times for a 44 per cent average. The Big Reds, although getting 88 shots, found home only 24 times and ended with 30 per cent from the floor. At the free throw line, Holland sank 18 of 28 and Muskegon had seven of 18.

The Dutch put three men in the double figures. Van Wieren led with 14 and Jack Hulst made 13 which provided Holland with points from under and from out-court.

Ken Witham, who bothered Holland plenty in the first game, led Muskegon with 15 and sophomore Mike Pedler, brought up from the reserves, and Bob Clapper each had 14. Muskegon has failed to win on the road this season and plays at Battle Creek tonight.

Connell thought that the decisive victory will serve as a springboard for the Dutch in the final three games. They play at Benton Harbor next Friday night.

## Sterken Sinks Winning Goal In Overtime

PORTAGE (Special) — A tip-in by Holland Christian's Henry Sterken with one second remaining in the overtime period gave the Maroons a 74-73 victory over a rugged Portage quintet, here Friday night. The win, Christian's first in overtime this season, gave the Maroons a 6-6 season mark while the Mustangs are now 5-3.

If ever there was a storybook finish, this game was it. Christian trailed 73-70 with 25 seconds left in the overtime period. Arlyn Lanting then sank two free throws to narrow the count to 73-72. Portage went down the floor and missed a shot. The Maroons rebounded with just 11 seconds remaining. Lanting came down the floor and fired to Vern Wedeven on the foul lane who wheeled and took a jump shot which missed, but Sterken came through with the game-winning tip just before the horn sounded.

Christian had a good chance to win the game in regulation time with the score knotted at 68-68. Playing for just one shot in the closing seconds, Lanting was fouled with one second remaining on the scoreboard clock. He missed the free throw, however sending the game into overtime.

Both clubs staged great offensive displays, with at least a couple of records broken. Portage's tremendous center, Bill Meyer, broke his own and the school scoring record when he pumped in 33 points in a losing cause. This is also believed to be the biggest individual point out-pour ever collected against a Holland Christian club.

Meyer is a 6'5" rugged boy who collects most of his points on rebound shots or a feed and a drive-in. He usually figures in every scoring play of the Mustangs, either as a feeder or a shooter.

Portage has a well balanced ball club, with a great deal of size along with speed. They dropped another close one a couple of weeks ago in a double overtime to St. Joe's undefeated Bears, a game which saw Meyer connect for 37 points.

Coach Art Tuls' club continued to show improvement as they hit well and made several tough adjustments in stride against a Portage zone defense, a man to man and an all court press. The Maroons also got some fine shooting with Jim Hulst hitting from out off the zone for 22 points and Sterken and Jack Bouman getting 19 and 18 points respectively.

The Hollanders started out fast and were in command throughout most of the first half. Hitting well off a fast break, Sterken, Bouman and Hulst combined to give the Maroons a 19-13 first quarter lead. Six Portage boys scored in the period, with Meyer getting just two points.

Christian upped its lead to 22-13 before Portage caught them with a fast break to move out ahead of the winners, 27-24 with four minutes left. Then Hulst started to connect from outcourt for the Maroons and sent them back into the lead. By the time the first half firing was over, the score was knotted at 36-36 and Portage had outscored the Maroons 23-17 in the second period, with Meyer accounting for 16 of them.

The third quarter was a see-saw affair with the lead changing hands repeatedly. At one stage, Portage held a 48-45 margin, but the locals quickly closed the gap to take a 51-48 advantage.

Holland held three and four point leads throughout most of the final period until the Mustangs knotted the count at 60-60 with three minutes left. The Maroons again took the initiative, but Portage tied it up at 68-68 on 30 seconds left, sending the game into overtime. Vern Wedeven scored first for the Maroons in the overtime, but two baskets by Meyer gave the Mustangs a 72-70 lead seconds later. A free throw by Bob Walker set the stage for Christian's last game-winning rally.

Surviving are the husband, Joseph; a daughter, Mrs. John Rose of Grand Haven; her mother, Mrs. Katherine Lipka of Auburn, Wash., two brothers, two sisters and two grandchildren.

From the foul lane, the Maroons connected on 14 out of 21 while Portage hit on 13 out of 21 tries. Christian next travels to Allegan on Tuesday.

Grand Haven Woman, Ill Two Years, Dies

GRAND HAVEN (Special) — Mrs. Barbara Louise Galsano, 73, route 2, Grand Haven, died Sunday morning in Municipal Hospital after a two year illness. She was born in Austria and came to Grand Haven from Chicago two years ago. She was a member of St. Patrick's Church.

Surviving are the husband, Joseph; a daughter, Mrs. John Rose of Grand Haven; her mother, Mrs. Katherine Lipka of Auburn, Wash., two brothers, two sisters and two grandchildren.

From the foul lane, the Maroons connected on 14 out of 21 while Portage hit on 13 out of 21 tries. Christian next travels to Allegan on Tuesday.

Henry Sterken

... here

ning tip just before the horn sounded.

Christian had a good chance to win the game in regulation time with the score knotted at 68-68.

Playing for just one shot in the closing seconds, Lanting was fouled with one second remaining on the scoreboard clock. He missed the free throw, however sending the game into overtime.

Both clubs staged great offensive displays, with at least a couple of records broken. Portage's tremendous center, Bill Meyer, broke his own and the school scoring record when he pumped in 33 points in a losing cause.

This is also believed to be the biggest individual point out-pour ever collected against a Holland Christian club.

Meyer is a 6'5" rugged boy who collects most of his points on rebound shots or a feed and a drive-in. He usually figures in every scoring play of the Mustangs, either as a feeder or a shooter.

Portage has a well balanced ball club, with a great deal of size along with speed. They dropped another close one a couple of weeks ago in a double overtime to St. Joe's undefeated Bears, a game which saw Meyer connect for 37 points.

Coach Art Tuls' club continued to show improvement as they hit well and made several tough adjustments in stride against a Portage zone defense, a man to man and an all court press.

The Maroons also got some fine shooting with Jim Hulst hitting from out off the zone for 22 points and Sterken and Jack Bouman getting 19 and 18 points respectively.

The Hollanders started out fast and were in command throughout most of the first half. Hitting well off a fast break, Sterken, Bouman and Hulst combined to give the Maroons a 19-13 first quarter lead.

Six Portage boys scored in the period, with Meyer getting just two points.

Christian upped its lead to 22-13 before Portage caught them with a fast break to move out ahead of the winners, 27-24 with four minutes left.

Then Hulst started to connect from outcourt for the Maroons and sent them back into the lead. By the time the first half firing was over, the score was knotted at 36-36 and Portage had outscored the Maroons 23-17 in the second period, with Meyer accounting for 16 of them.

The third quarter was a see-saw affair with the lead changing hands repeatedly. At one stage, Portage held a 48-45 margin, but the locals quickly closed the gap to take a 51-48 advantage.

Holland held three and four point leads throughout most of the final period until the Mustangs knotted the count at 60-60 with three minutes left.

The Maroons again took the initiative, but Portage tied it up at 68-68 on 30 seconds left, sending the game into overtime.

Vern Wedeven scored first for the Maroons in the overtime, but two baskets by Meyer gave the Mustangs a 72-70 lead seconds later.

A free throw by Bob Walker set the stage for Christian's last game-winning rally.

## Fennville Takes Undisputed 2nd Place in Al-Van League

GOBLES (Special) — Leading all the way, Fennville's basketball team took over undisputed second place in the Al-Van League here Friday night and scored a 47-45 win over Gobles.

The victory gives the Blackhaws a 7-2 league mark behind Covert with an 8-1 record. Gobles is in third with a 6-4 record.

Gobles opened with a zone and Fennville broke it quickly as Gene Luna and Ted Strnd hit from out and the Blackhaws jumped to a 10-0 lead.

The winners led 12-10 at the close of the first quarter and scored 22 points to push the margin to 34-21 at halftime. Fennville continued in command in the third quarter and held a 43-33 bulge.

Coach Dan Krueger told his crew to stall in the fourth quarter and Fennville did just that but in the meantime Gobles was coming up and moved within two points at the final horn. Fennville tried only two shots in the fourth quarter and made one basket.

They added two free shots. Luna led Fennville with 13 points while Strnd had 12 and Joe Collins made nine. Adams had 14 for Gobles followed by Williams with 13 and Stech with nine.

The Fennville reserves lost 37-35 to the Gobles seconds. The score was tied 35-all with 20 seconds to go.
