Unbeaten Calvin Defeats Hope for 16th Win

BATTLE FOR REBOUND — Warren Otte (22), Calvin College basketball player and former Holland Christian star, attempts to gain possession of a rebound Wednesday night in the Calvin-Hope College basketball game in the Civic Center. Also battling are Ek Buys (25) of Hope and Hank De Mots (21) of Calvin. Other Hope players are Capt. Bill Vanderbilt (24) and Glenn Van Wieren (31) while the Calvin players are Bill Wolterstorff (31) and Len Rhoda, partially hidden. Calvin won the game 97-77. (Sentinel photo)

Tall Knights Hand Dutch 97-77 Loss

Calvin College's mighty basketball machine rolled over Hope, 97-77 here Wednesday but not before the Flying Dutchmen had given the unbeaten Knights a tough battle before 2,500 fans in the Civic Center.

The victory was the 16th straight for the Knights and the ninth in MIAA play. The loss was Hope's fourth in 10 MIAA starts and gives the Dutch an overall 11-8 record. It marked the first time since Jan. 9, 1957 that a Calvin team has defeated Hope in Holland and it was the first time since the 1949-50 season that Calvin has won the season series. The Knights won the first game this year by an almost identical score, 96-79.

Calvin again used superior shooting and rebounding to top the contest but the Dutch matched the Knights on the boards in the first half and part of the second.

Calvin had 29 rebounds to Hope's 22 in the first half but the Dutch led in rebounding, 17-14 during the first 10 minutes.

The determined Dutch were getting the ball off the boards and after trailing 11-4 in the first three minutes caught up and trailed by only one point, 19-18 with 13:15 left and by three points, 27-24 at the 10-minute mark.

Hope caught the Knights with 6:25 left in the first half as Ek Buys sank a layup shot to tie the game, 30-30. The game was tied five times the rest of the half. Trailing 38-36 after a Bob Reid basket, Calvin tied the game 38-38 with 2:40 left and then scored eight straight points to take a 46-38 halftime margin.

The Knights never again trailed. Hope came within one point, 51-50 on a basket by Don Boyink with 16:23 left in the game. But Boyink committed his fourth foul soon after and Hope was forced to change its pattern of play.

Coach Russ De Vette then moved Jim Vander Hill from guard to forward and put Ron Venhuizen at guard. This changed Hope's style of play and the patterns did not move as smoothly and Calvin was able to add three quick baskets.

De Vette felt this was the turning point as the Knights first jumped to a 59-53 lead and then soon after had pushed to a 65-55 margin. The score at the 10-minute mark was 69-58. Boyink returned to the game but soon drew his fifth foul.

Calvin dominated the rest of the game and the 20-point spread at the final horn was the biggest margin of the contest. Hank De Mots led the final Calvin drive with five baskets in the last seven minutes.

The Knights again did some fine shooting as they struck 42 times in 95 tries for 44 per cent. The Dutch made 31 of 84 for 37 per cent. Calvin had halves of 19-45 and 23 of 40 while Hope was 16 of 45 and 15 of 41. Hope made 15 of 18 at the free throw line and the Knights had 13 of 19.

Calvin ended with 50 rebounds while Hope picked off 38. Bill Wolterstorff, 6'7" center, led the Knights with 14 rebounds while Warren Otte had nine and Ralph Honderd, eight. Bill Vanderbilt had 15 for Hope while Glenn Van Wieren got nine and Jim Vander Hill, six.

Vander Hill, the MIAA scoring leader, was the top scorer in the game with 29 tallies on 12 baskets.

kets in 32 shots. He hit six baskets in each half including his first three shots in the second half. Vander Hill added five straight free throws and now has scored 232 points in nine MIAA games for a 25.7 average. Vander Hill has scored 412 this season for a 22.6 average.

Vanderbilt followed with 16 while Reid had 12 and Glenn Van Wieren had 11.

Wolterstorff led the winners with 22. He made 11 buckets in 22 tries while Otte followed with 18, including seven baskets in the first half in 12 shots including four in a row. Carl De Kuiper added 16 while De Mots had 14 and Honderd, 13.

De Kuiper was the floor leader for the Knights and he frequently drove through and around the Hope man-for-man defense. Uncanny at quick stops, De Kuiper would drive, stop and fire to the big men underneath.

Calvin also used a man-for-man throughout and Vanderbilt cut in to the center to take passes and then fed the others cutting around. Reid again intercepted several Knight passes to set up Hope plays.

DRIVER HURT IN CRASH — Leo Vander Hulst, 20, of 962 Lakewood Blvd., suffered severe lacerations of the face and neck when this car, driven by Vander Hulst, skidded out of control and struck a tree and utility pole on South Shore Dr., just west of Lugers Rd., at 1:20 a.m. today. Vander Hulst was admitted at Holland Hospital where officials listed his condition as "fairly good." Holland police said Vander Hulst was thrown through the windshield of the car. They said the vehicle skidded 103 feet before striking the tree and snapping off the utility pole. (Sentinel photo)

City Council Expects to Move Soon

With just a touch of nostalgia, Mayor Robert Visscher announced to City Council Wednesday night that the meeting was possibly the last regular meeting to be held in the third floor council chambers.

But third Councilmen become sad over the change, he was sure they would fully appreciate the fine new quarters on the second floor of City Hall nearing completion in a remodeling program. The new council chambers occupy the west end of the old library quarters while a new court room for Municipal Court occupies the street side. Court offices and jury room cover the middle section.

Carpeting was being laid Wednesday on the new rostrum and it was expected new draperies bearing the imprint of the city seal would arrive in time for the March 1 meeting.

Main advantage was reducing by half the long upward trek via stairs not only for city fathers but also for residents interested in civic affairs.

Attention was called to a special meeting of Council scheduled Feb. 22 to canvass the Feb. 20 primary vote. Since Feb. 22 is a legal holiday, City Attorney James E. Townsend was asked to check whether there would be any question on canvassing the vote on such a day. Townsend said he would rule soon on the question.

A petition from property owners on Washington Ave. from 32nd to 48th Sts. requesting water facilities was tabled until the April 5 meeting. The petitions said the syndicate is prepared to enter into an agreement with the city for construction of a water main offering to pay the entire cost. Should non-participating property owners request services later, it would be understood that the syndicate would be reimbursed.

Council granted permission to William Mokma to move a storage barn and a garage from 405 West 16th St. to a location on Butternut Dr. An application from Walter Deitz to move a house from 428 West 22nd St. to 319 West 23rd St. was tabled until next meeting.

A financial report of the American Legion band for the year ended Dec. 21 was presented and expressed appreciation for cooperation and continued interest. It was accompanied by a proposed budget calling for \$4,252.92. It was referred to the city manager.

A letter from Bunyl Bradham, Jr., proposing the formation of a model park for flying model airplanes, running cars and boats was referred to the city manager.

The fourth member, Walter Stille, Jr., 18, route 1, West Olive, pleaded not guilty Jan. 5 and trial will be held later.

Conditions of the probation are that each pay \$100 costs, observe an 11:30 p.m. curfew and refrain from drinking.

Gleaners Class Holds Fellowship Meeting
The February Fellowship of the Gleaners Class of Third Reformed Church was held Friday evening in the church parlors. Mrs. George Hyma presided and conducted a short business meeting.

Mrs. Don Kooiker, program chairman, introduced Mrs. A. A. Dykstra who had charge of devotions. She shared her thoughts on the subject "books." The subject was illustrated with books she had with her.

She chose this subject to be in harmony with the book review by Mrs. Cathrine De Roos which followed. The book was "Desert Pilgrim" by Phyllis Thompson.

A social hour followed with the Misses Jeanette Veldman and Nellie Ver Meulen as hostesses.

Man Unhurt in Accident
William Holmes, 33, of Chicago, escaped injury when his car struck a guide post on the US-31 bypass near 24th St. at 6 p.m. Tuesday.

Holland police said Holmes, head of south on the bypass, was attempting to pass a truck when the truck pulled into the left lane of the highway forcing Holmes off the road. Holmes lost control of his car and swung back to the right shoulder, striking the guide post. The driver of the truck was not identified.

Council Will Install Eight Water Mains

Eight of nine proposed water mains in the Holland Heights, Montello Park and Lakeview areas were approved following public hearings before City Council Wednesday night.

Because of a petition signed by 18 persons opposing a proposed water main in Graafschap Rd., council referred one proposal back to the Board of Public Works for further study and report. This involved a main in Graafschap Rd. from 22nd to 26th Sts., and in 26th St. from Graafschap Rd. to Concord Dr.

Other water mains approved followed:
In Grandview Court from Lugers Rd. west approximately 385 feet.
In 18th St. from Dickema Ave. to Plasmann Ave.
In Lugers Rd. from Bluebell Ct. to 32nd St.

In Timberwood Lane south of Lynden Rd. approximately 370 feet.
In Cypress Ave. from Harvard Dr. north approximately 670 feet.
In Legion Park Dr. from Lynden Rd. to 12th Ave. and in 12th Ave., 397 feet south from Legion Park Dr.

In Cypress Ave., 10th to 12th Sts.
In 16th St. from 120th Ave. to US-31 bypass service road. This involved a revised resolution.

With the exception of the Graafschap Rd. water main which was referred back to the Board of Public Works, all other issues were passed without objection or incident.

In other business, Council approved appointment of City Attorney James E. Townsend to represent the Board of Public Works in a study of possible collusion in the sale of certain electrical equipment to the city over the past nine years. The BPW recommendation asked that the city become a member in the National Institute of Municipal Law Officers and that the city be represented at a meeting of interested municipalities in Washington, D. C., Feb. 23. The city attorney will attend the meeting.

A request from the Board of Appeals for an amendment to the parking lot ordinance was referred to the city attorney. The board asks that a method for granting variances be adopted to deal with drainage and parking lots in areas where streets are not improved.

Council approved a request of Councilman John Van Eerden of the joint city and school recreation committee for \$9,981 to be spent on improvements at various school grounds. Of this figure, \$5,851 already had been earmarked for improving school sites at Montello Park and Apple Avenue schools, and the committee sought to add \$1,700 for enlarging the improved areas. Also sought was \$930 for installing lights for three school basketball courts, \$500 to raise the backdrop at Thomas Jefferson School another eight feet, and \$1,000 for a T-shaped backdrop for two softball diamonds at Jefferson school.

Councilman John Beltman of the special committee to deal with salaries and wages reported that meetings had been held with representatives of the police and fire departments, the Board of Public Works, street department, three individuals and the hospital director. In general Beltman reported progress.

On request of Hope College, Council adopted a resolution relaxing certain restrictions on a parcel of land lying just north of Smallegan Park on Fairbanks Ave. which would permit college uses instead of residential restrictions. The college is attempting to buy three acres there. Willard C. Wickers appeared on behalf of Hope College.

City Hires Fantus Co. For Survey

Mayor Outlines New Program to Attract Industry to Holland

City Council Wednesday night unanimously approved a proposal outlined by Mayor Robert Visscher to hire Fantus Factory Locating Service, plant location counselors, to conduct an industrial survey of Holland in an effort to bring new industry to Holland.

Sharing in the program which will cost \$11,600 and extend over a period of eight to 10 months will be the Board of Public Works and the Board of Education.

A special committee appointed two weeks ago by Mayor Visscher consisting of Henry S. Maentz, Alvin J. Cook, W. A. Butler, Ab Martin and the mayor as chairman will work with a Chamber of Commerce group appointed in January by Chamber President C. Neal Steketee. These members are Chairman Clarence Jalving, George Van Peursem, John H. Van Dyke, John F. Donnelly and Jack Plewes.

In introducing the program, Mayor Visscher said Holland must have places of employment for the people in the community to find satisfactory work and to be reasonably sure that it will be steady work. It must be a type of industry that is attractive for young people to remain in Holland since there are too many young people who do not think there are satisfactory job and advancement opportunities for them here. Above all, the business climate should be such that present industry is happy and will want to remain here and expand.

The mayor said both the city and schools need the tax revenue industry provides and that additional industry is desirable to balance the current tax base. Industrial payrolls provide the buying power for merchants to stay in business, for new homes to be built and for home owners to pay their taxes for services they want and need.

The mayor pointed to excellent facilities providing water, as well as an enlarged power plant and proposed new sewer facilities. He cited the loss of the Norge plant to Muskegon area and the necessity to plan in advance to avoid such an occurrence here.

"We just can't sit back and say Holland is a good city and Providence will take care of us. There are too many other cities that are good cities too and are working hard to entice industry to come to them. We must do something positive; we cannot be negative about this or we may end up with a situation similar to that of Muskegon."

Visscher said surveys of the type proposed sometimes are done by a local group but he questioned whether such a group could be thoroughly objective in a survey and questioned whether its conclusions might be wholeheartedly accepted by outside industries.

Essentially, the problem Holland faces has two major parts, (1) the present status of the economy of the community (including social, political, cultural, health, transportation, utility, etc.) and its pattern of development in recent years; and (2) an appraisal of industrial development potentialities through better use of its resources in the future.

The Fantus company as phase No. 1 will send a team of consultants to Holland to make an appraisal. This will involve talking with employers, workers, teachers, city and county officials, private citizens, utility and transportation company representatives, in order to evaluate labor supply, raw materials, markets, government operation, business climate, taxes, living conditions, utility service, etc.

Phase 2 of the survey is concerned with the economic development potentialities of the community, examining the economic structure and trend of the community. Manufacturing, agricultural, retailing and other economic activity will be studied.

Phase 3 will outline a realistic program for the future economic development, involving such matters as enlisting wide-spread citizen support for the work which will need to be done, organizing leaders to implement the program, assign priorities in tackling problems uncovered in phase 1 and suggestions for carrying out a development program.

During the latter months of the survey, all material will be analyzed in the Chicago office and the final report will be compiled, with two copies prepared for Holland.

Driver Issued Ticket

GRAND HAVEN — Larry Weaver, 18, of Muskegon was ticketed on the charge of making an improper left turn as the result of an accident Friday at 8 p.m. on US-31 at Buchanan St. in Grand Haven Township. Involved in the accident were cars driven by Gloria Ter Haar, 17, of Adams St., Zeeland and Weaver. Damage to both cars was minor and no one was injured. State police investigated.

High School Progress Is Reported

Further progress on construction at the new high school, and hiring a new teacher for the second semester highlighted a regular monthly meeting of the Board of Education Monday night in E. E. Fell Junior High School library.

The new teacher for fifth grade at Lincoln School is Mrs. Jean F. Schultz of Grand Haven who received an A. B. degree from Central Michigan University last month. She attended Grand Haven High School and Western Michigan University before going to Central Michigan. She is married and her husband is in the service.

A report from Building Consultant Arthur Read revealed that foundations are in progress for the auditorium building and foundations are about 95 per cent complete for the two classroom units. Foundations have been completed for the field house and library. Precast concrete floor joists are being installed in one academic unit and it is expected all building foundations will be completed to grade by the end of February and will be ready for setting of steel.

The report revealed that mechanical and electrical underground work is progressing well. Fabrication of various mechanical items is in progress in the service building which now serves as a shop for the mechanical contractor. Working drawings for the Hazel Fortney Herrick Art Center are essentially completed and contractual negotiations will begin this week. Cost of construction including furniture, equipment and all service fees and expenses for the art center is not to exceed \$140,000.

With some reluctance, the board approved applying for additional participation in the National Education Defense Act covering guidance and counseling in addition to the original grant for science. The new application lists salaries, \$20,325; secretarial help, \$608; printing, \$228.65; office equipment, \$4,038; testing, \$84; total, \$25,303.65.

Some board members expressed reluctance to getting involved in the area of federal aid to education, yet recognized that schools which do not apply for available grants must eventually find themselves operating scientific and other programs on less money than school systems which take advantage of such grants. Failure to apply would eventually result in Holland paying more than its just share of federal taxes, according to general opinion.

Estimate of incomes due this month totaled \$139,140.84 of which \$100,308.69 is earmarked for teachers' salaries. The clerk read a communication from the county treasurer that \$42,765 is forthcoming in state aid.

President Harry Frissel presided at the meeting which lasted 50 minutes. Members Wendell A. Miles and Carl Andraesen were absent. Ed Donovan gave the invocation.

The Pine Rest Circle will meet Monday at 5:45 p.m. at the Ninth Street Christian Reformed Church. Mrs. Nastian Kruithof will present a book review.

Deputies said the car went through the ice Monday night and was resting in about three feet of water 75 to 100 yards off shore. The owner of the car was not immediately identified because the license plates were under water.

An attempt to pull the vehicle out of the ice with a wrecker Monday night failed and the car remained in its half-submerged position. Deputies said they did not know how the owner proposed to remove the vehicle.

Mr. and Mrs. Dale Hulst and Timothy and Jayne of 1134 West 32nd St. were among the guests who visited the Sarasota Jungle Gardens during their recent vacation on Florida's lower west coast.

Merit Test To Be Held On March 7

Approximately 100 students at the Holland High School plan to take the National Merit Scholarship Qualifying Test, Jay W. Formosa, principal, announced today.

The test will be administered at the High School at 9 a.m. on Tuesday, March 7. All students who wish to be considered for Merit Scholarships to be awarded in 1962 must take the test at that time.

The qualifying test is a three-hour examination of educational development. The test is the first step in the seventh annual competition for four-year Merit Scholarships provided by the National Merit Scholarship Corporation and by sponsoring corporations, foundations, associations, and individuals.

The number of scholarships awarded in any year depends upon the extent of sponsor participation. In 1960, 831 scholarships were awarded; 514 were provided by 115 sponsors and 317 by the merit corporation. There are 3,132 merit scholars attending 391 colleges in the current academic year.

Some 10,000 semifinalists, the highest scorers in each state, will be named early next fall. Names of semifinalists are published in a booklet which is distributed to all colleges and to other sources of financial aid for undergraduates. Further, their names and test scores are sent on cards to the colleges they express an interest in attending as their first or second choices. The order of preference is not shown.

Each semifinalist will be asked to take a second examination. Those who repeat their high performance will become finalists in the merit program. Winners of Merit Scholarships will be selected from the finalist group on the basis of school records and recommendations, test scores, extracurricular activities, leadership ability, and accomplishments outside the classroom. Each finalist is awarded a certificate of merit attesting to his outstanding performance.

Sharon Ann Crawford Wed To William R. Brookstra

Miss Sharon Ann Crawford selected a white chiffon velvet gown of simple lines for her marriage Saturday to William Robert Brookstra. Dean George D. Hardman performed the single ring ceremony at 2 o'clock before a setting of altar bouquets of white mums and red carnations and candles in St. Mark's Cathedral, Grand Rapids. Henry Hungerford, Cathedral organist, played traditional music.

Style features of the wedding gown were the slight train, the princess style bodice which formed a V at the waist, the neckline following the same lines and the 20-button sleeves. A cap of heirloom lace held in place the shoulder length veil of French illusion. She carried a colonial bouquet of white gerberas.

The bride, who was given in marriage by her father, is the daughter of Mr. and Mrs. Donald J. Crawford, 622 Lawndale Ct. The groom's parents are Mr. and Mrs. Clarence L. Brookstra of Davenport, Iowa.

The matron of honor, Mrs. J. K. Brown of Houston, Texas, sister of the bride, wore a white silk organza dress with bell-shaped skirt. A short white veil was caught in the red velvet headband. Her colonial bouquet contained red sweetheart roses.

Bridesmaids, dressed in gowns similar to that of the matron of honor, were the Misses Debra Baron of Chicago, True Elizabeth McDonald, Grand Rapids, Jane Hohmann of Chicago and Sandra Hansen of Boston, Mass.

Mrs. Randall Bosch was hostess to the Elizabeth Schuyler Hamilton Chapter, Daughters of the American Revolution, at her home Thursday afternoon.

Miss Laura Boyd, regent, presided. Mrs. Harrison Lee, chaplain, read a part of Lincoln's second inaugural speech as devotions. Mrs. Donald Gebraad gave the report on National Defense.

Delegates were chosen to attend the State Conference at St. Joseph on March 15-17 and to the National Congress in Washington in April.

Mrs. Gebraad, Mrs. John C. La Barge, Mrs. William F. Kendrick and Miss Boyd are state delegates with Miss Mary McLean, Miss Ruth Turner, Mrs. L. J. Geuder, Mrs. Harold B. Niles and Mrs. Merrick Hanchett as alternates.

Miss Boyd and Mrs. Niles, regent and vice regent, will be National delegates.

The program for the afternoon was provided by Miss Maibelle Geiger. Speaking on the subject "Our First Ladies Through the

Years," she touched briefly on the personalities of the women who have served as first ladies and the contributions they made. In summarizing, Miss Geiger said that while these women differed greatly in age, temperament and ability, they have all been much alike in their great devotion and loyalty to their president husbands and not one in all the years brought disgrace to the country.

Mrs. Harrison Lee was chairman of the hostess committee. Serving with her were Mrs. Louis Johnson, Mrs. Niles, Mrs. Harold Lane and Mrs. Stephen Sanger.

ALL WE NEED IS THE MONEY

Congress is in session and our new President is asking for billions. Now just where are all of the billions going to come from? The answer is very simple you and you.

In fact, we the people, will have to tighten our belt a little tighter. The tax dollar cannot be stretched and if we are to allow the legislation to pass that carries billions for our purposes then we must expect to have more taxes levied. We can think of no other way, can you?

This is a fine time to write to your congressman senators from Michigan and tell them what you think about all of the billions that are being proposed by the new administration. There are billions for schools and universities. There are additional billions for the medical plan that would increase taxes to almost every worker and employer.

According to the news, one word "Wow" was the reaction from one good liberal Democrat. Only a small portion of the additional taxes would be in effect before 1962 congressional elections. We would no doubt feel the full effect starting with Jan. 1963. With the population continuing to increase more and more people are reaching the age of retirement where they will collect their social security. If the legislation is enacted the money will need to come from taxes. Higher payroll levies will be needed if Congress is to provide for all the new welfare benefits in the proposed legislation. It is nice to have all of these handouts. But first we must find a way to sell the people who are going to pay the taxes that we are going to do a better job of government.

Our state government according to reports from the Civil Service Commission lists 22,662 people as classified employees during 1950 and in 1960 they list 30,390. Our state affairs are not in the best of shape. Our legislature has been in session more than a month and still they have not moved along very fast. There are many problems. We need the best people we can get in government. We do need to have more and more effort to reduce the waste and duplication. Think it over, write your elected officials.

The Lord of Life and Death
John 11:17-27; 11:38-44
By C. P. Dame

Most people do not care to think or talk about death. We all have to die at some time or other hence it is good to give that subject attention. Some one has said that death and God are the two greatest subjects a person can think about. In this lesson we are taught the truth that Jesus has power over death and gives eternal life.

1. Jesus made great claims. When Jesus was upon this earth He had a number of close friends. There was a home in Bethany, a village situated about two miles from Jerusalem, where Jesus liked to visit. Jesus loved the three members of the home—Martha and her sister Mary and the brother named Lazarus. While Jesus was on the east side of the Jordan river, Lazarus became sick. Word was sent to Jesus but He did not hurry to go to Bethany, in fact He delayed and disappointed the sisters. During the delay, Lazarus died. Knowing that Lazarus had died, Jesus journeyed to Bethany. When Martha was told that Jesus was coming she went out to meet Him so that she might talk to Him personally for the house was full of guests. The first thing Martha said to Jesus suggests a reproach. "Lord, if Thou hadst been here, my brother had not died."

These words indicate that the sisters had talked about the strange delay of Jesus. After the miracle they understood. Martha still had faith as the words, "And even now I know that whatsoever thou shalt ask of God, God will give thee" suggest.

Martha was an Old Testament believer who had the assurance of life beyond the grave. Jesus spoke a great truth to Martha when He said to her, "I am the resurrection and the life: he that believeth on Me, though he die, yet shall he live; and whosoever liveth and believeth on Me shall never die." These wonderful words have comforted millions of mourners. Martha confessed her faith in Jesus by saying, "Yea Lord: I believe that Thou art the Christ, the Son of God, which should come into the world." Martha believed.

II. Jesus showed His power over death. Martha called Mary and she came and spoke the same words to Jesus Martha had said to Him. The weeping of Mary and the Jews moved Jesus deeply—"He groaned in the spirit and was troubled." Jesus also wept. We have a compassionate Saviour. Later on Jesus wept over Jerusalem because the city rejected Him. Jesus told people who stood by the tomb to remove the stone and then after praying to God He called with a loud voice, "Lazarus, come forth" and he came in obedience to the command of Jesus. Thus Jesus showed His power over death.

As usual this sign produced a division. Keep in mind that John is tracing the rise of belief and unbelief in his gospel. Many of the Jews believed on Jesus because of this miracle. However there were others and they hurried to the Pharisees and told what Jesus had done. The religious leaders felt that they had to do something to stop the ministry of Jesus. Take note of the fact that this outstanding miracle did not convince all. There are people today who will not believe and yield their hearts to Christ. The gospel still has a twofold effect upon people—some hear the gospel and believe and some others hear the same gospel and refuse to believe and harden their hearts. We either believe or disbelieve.

Oilers Chalk Up 13th Straight

ZEELAND — Cook's Texaco Oilers extended their undefeated string to 13 Saturday night in the Zeeland High gym as they defeated a strong Chicago Kimes squad, 92-88 before a crowd of 1,600 fans.

The Zeeland quintet was in trouble throughout the contest as the invaders completely controlled the boards and allowed the Oilers only one shot the majority of the game.

The first quarter saw the Oilers jump to a two-point 22-20 lead as a result of Henry Hughes netting 10 points to lead the assault. The Kimes were led by a pair of 6'4" forwards McKinley Cowens and Scott Jameson who tallied five apiece.

In the second quarters the Oilers outscored their opponents by a single point and left the floor at the intermission with a 46-43 lead. The Zeeland five was led during the stanza by George Duncan and Herbie Lee who canned seven and six points respectively. Cowens led the losers with six tallies.

Each team meshed 20 points in the third quarter. Jameson, former Kentucky State star, canned half of his team's total with five field goals for 10 points while Herbie Lee had five for the Oilers.

The scoring for Zeeland was evenly divided during the third quarter with eight Oilers contributing to the cause and Cook's kept a three-point, 66-63 lead.

The last quarter was again nip and tuck as the Oilers scored 26 points to 25 for the Windy City invaders. Herbie Lee, after a rather hectic first half of scoring, bounced back to pace the Zeeland club with nine points. He was aided by Duncan's five and four apiece by Tarp London and Ron Robinson, newest Oiler addition.

Robinson, former Muskegon Heights Star and Western Michigan University scoring leader until declared ineligible, proved to be welcome addition to the Oilers. Mel Mathis paced Chicago with seven points during the final quarter while Cowens netted six.

Jameson led Chicago with 21 and Mathis and Cowens each had 19. Marvin Roberts had eight while Vernon McNeal added six and Tal Milan and Don Sparks, four each. Bill Barnes, Curley Johnson and Albert Powell each made two and Larry Hawkins had one point.

Herbie Lee was the pacesetter for Don Cook's powerhouse with 23 points, 14 coming in the final half. He has been scoring at a 19.2 clip for the last four Oiler outings.

Duncan followed with 18 and Hughes made 14. Robinson added 10 while Paul Benes had eight. London and Gary Lee added seven and Bob Kendrick and Ray Ritsma had four and two points respectively.

Zeeland Lumber and Supply fell before Ryeenga Lumber from Grand Haven, 50-36 in the preliminary. Dick Fulkerson had 10 for Grand Haven and Ken Walters paced Zeeland with 15.

The Oilers will play a rematch with the strong Cleveland Carney's Friday night in the Civic Center. The Oilers, trailing 81-69 going into the fourth quarter, nipped Carney's 107-104 in their first meeting earlier this season.

Defeat Drops Dutch to 3rd In MIAA Race

ADRIAN — Hope College's basketball team was dropped into third place in the MIAA race here Saturday night as a fired-up Adrian College quintet defeated the Flying Dutchmen, 70-41 in Ridge gymnasium before 1,500 fans.

Some fine free throw shooting in the closing seconds gave the Bulldogs the victory as Hope was using a pressing defense in hopes of breaking the Adrian patterns and snatch the lead. Adrian scored its last 12 points on free throws.

Adrian led all the way and held a 36-25 halftime margin. Hope came within one point on two occasions. The first time was 50-49 with seven minutes to play and the second time was 62-61 with two minutes left.

Jim Vander Hill sank a basket to make the score 62-61 but was called for charging on the play and the foul was his fifth. Vince Giles missed the shot but 30 seconds later Bob Reid committed his fifth foul and Ron Schult cashed in with two free throws to put the Bulldogs in front, 64-61.

Capt. Bill Vanderbilt, who played another strong game and made five baskets in five tries in the second half, scored Hope's final basket with 1:15 left.

Ron Venhuizen, freshman guard who turned in his best game, fouled at 1:11 and Schult made two free shots. Giles' fouled Venhuizen with 1:04 to go and Venhuizen made Hope's final point.

With Adrian leading, 66-64 and 55 seconds left, Venhuizen was called for traveling as he was driving for the tying basket. He then committed a foul and Giles made two straight 'o' push the Bulldogs to a four-point lead, 68-64.

Another foul with 13 seconds left gave Schult two more free shots and the six-point margin. All of Adrian's free shots in the closing minutes were one-and-one bonus chances.

The Bulldogs made 28 of 38 from the free throw line including nine of 11 for Giles, four straight for Schult, five straight for Ray Rolley, three of five for Ray Newton and six of eight for Jim Neff. The Dutch made 10 of 19.

Giles was again the Adrian star. He sank six baskets in 27 tries and added the nine free shots to lead his team with 21. Giles was also top on defense. Rolley followed with 15 while Newton had 12 and Neff, 10.

Jim Vander Hill led Hope with 18, including eight of 20 from the floor. He is leading the MIAA scorers with 204 points in eight games for a 25.6 average. Giles is second with 192 points in nine games and a 21.3 average.

Vanderbilt made six of nine and had 13 points while Venhuizen canned 11, including five of seven from the floor. The five baskets were in a row on outcourt setshots in the second half.

Hope outshot the winners and had six more baskets. The Dutch made 27 of 73 from the floor for 37 per cent while Adrian had 21 of 74 for 28 per cent. Hope had halves of 10 of 40 and 17 of 34 while the Bulldogs had 12 of 40 and nine of 34.

Glenn Van Wieren returned following an ankle injury and saw limited service. He added four points. A total of 39 fouls were called, 23 against Hope. Eleven of Hope's violations were in the second half while the Bulldogs committed only six of their 16 fouls in the final 20 minutes.

PROPOSED SCHOOL — Here is an architect's sketch of the proposed new elementary school for Zeeland scheduled to be built on Roosevelt Ave. School district voters will go to the polls Feb. 16 to vote on a \$290,000 bond issue to finance the new building which consists of eight classrooms, an all-purpose room and related facilities. Passage of the bond issue would increase the school debt rate from 3.5 mills to 5 mills.

Zeeland Will Vote Feb. 16 On \$290,000 Bond Issue

Zeeland voters will go to the polls Feb. 16 to vote on bonding the school district for \$290,000 to construct a new elementary school on Roosevelt Ave. to meet the needs of an increasing elementary population. Polls will be open from 7 a.m. to 8 p.m. in the lobby of the new junior high building on Main Ave. in Zeeland.

The bond proposal is set up to retire the \$290,000 issue over a period of 16 years at a tax levy of two mills. Permission will be sought, however, to make that levy for 18 years to attract a more favorable interest rate. With Zeeland's usual good ability to get good interest rates and with a moderate increase in total district valuation, the bond issue could well be paid off in 10 years rather than 16.

The tax increase on the total debt retirement would be approximately half of the present debt retirement levy. With the present debt retirement set at 3.5 mills, a successful election Feb. 16 would place the combined levy at 5 mills. In ratio to present assessments, a person paying \$7 per \$1,000 currently would pay \$10 for both bond issues. The 1956 bond issue is expected to be paid off by 1968.

Need for additional elementary facilities has become more and more evident in past years as enrollment increased from 325 when the present Lincoln elementary school was planned 12 years ago to the present 527 enrolled this year. Most elementary rooms are of a size where there should be three sections instead of the present two if good teaching is to continue.

James K. Haveman of Grand Rapids is the architect for the proposed new school which calls for an eight-room building plus an all-purpose room, office, storage and the like. One room is being planned for special education if and when Ottawa county adopts a county plan of special education as 23 counties already have done. The building is so planned that a future addition can be made at minimum cost.

At present, one sixth grade section meets in the high school building. It appears necessary to find room for another section next year and since no additional high school rooms are available, a room in some church may be sought.

MIAA Won't Have Champ

The MIAA faculty representatives have voted not to declare a 1960 football champion. DeGay Ernst, judge advocate, announced today.

A mail ballot was conducted recently to declare the title vacant following the suspension and withdrawal of Hillsdale from the MIAA.

Ernst reported that previously there had been some question as to whether or not a champion would be declared in Hillsdale's place, but the mail ballot made it clear that 1960 will go down in history without a champion listed.

Alma College forfeited its three league victories because of the use of an ineligible player and the revised standings will be used in the MIAA all-sports trophy race.

The revised standings show Albion with a 5-0 mark; Hope, 4-1; Adrian, 3-2; Kalamazoo, 2-3; Olivet, 1-4 and Alma, 0-5.

Zeeland Whips Whitehall, For Ninth Victory of Season

West Ottawa Falls, 58-57 For 4th Loss

West Ottawa lost its second tough game in a row as it fell in the last 10 seconds to Forest Hills, 58-57, Tuesday night in the Armory.

After West Ottawa had fought back to tie the game 56-56 with one minute remaining, Forest Hills stalled looking for the one good shot. Nick Duiven scored on a jump shot with ten seconds remaining to give the Rangers a 58-56 lead.

George Donze drove down the floor and was fouled as he attempted a lay-up shot with two seconds remaining. Donze sank the first free throw to close the gap to 58-57, but missed the second shot.

Big Leroy Vedder, 6'6" sophomore center, grabbed the rebound and as the buzzer sounded, he was fouled. Vedder was given one shot, but the ball rolled off the rim.

This loss was even harder to absorb than the recent loss to Zeeland. The Panthers dominated the game at Zeeland until the fatal fourth quarter, but in Tuesday's game they had to always come from behind. Just when it looked as though victory was in their grasp, it would slip away again.

The first quarter was close as the lead changed hands three times. Forest Hills managed to take a 13-12 first quarter lead. Duane Overbeek and G. Donze led the scoring with five and four points respectively.

The losers kept the winners' offensive power down as they were switching from a man-to-man to a zone defense at different intervals. The Rangers hit well in the second quarter and out-scored the local quartet 23-16 to take a 36-28 halftime lead. The Rangers made nine of 10 free throws in the second quarter and 12 of 13 in the first half, while the Panthers could only get four of nine, which accounted for Forest Hills' lead.

With Overbeek adding six more points, the Panthers moved to within four points, 46-42, after three quarters to set up the stage for the hectic fourth quarter.

While Overbeek, the fiery defensive guard, had carried the brunt of the West Ottawa attack throughout the middle of the game, Vedder dominated the boards and scoring in the fourth. Vedder scored 10 points and all were clutch baskets.

Even though it was a "bitter" defeat for the Panthers, it was "sweet" for the Rangers. This is only the second win of the season for Forest Hills against eleven defeats and they have thirty defeats over a two-year period.

In their only other previous meeting, West Ottawa defeated Forest Hills in the tournament last year. West Ottawa was later eliminated by Grand Rapids Lee.

The winners took the free throw honors as they tallied 22 of 28 for an exceptional 78 per cent. The losers hit on 7 of 16 for 44 per cent.

In field goals, West Ottawa had 25 of 64 for 39 per cent, while Forest Hills hit 17 of 45 for 38 per cent.

Overbeek led all scorers with 19 points followed by Vedder with 15 and G. Donze with 11. The losers had very balanced scoring with Grimes having 14, Boomers 13, Bailey 12, and Duiven 11. Grimes, their big center, hit 10 of 11 free throws.

West Ottawa is idle now until a week from Friday when they will entertain Kentwood of Grand Rapids in the Armory. West Ottawa defeated Kentwood earlier this year, 53-29. The Panthers are 9-4 for the season.

Holland jumped to a 7-1 lead at the start of the contest but three fouls on center Ben Farabee in the first two minutes hurt Holland's rebounding.

The second quarter followed the same pattern until the midway point. The teams had exchanged the lead seven times when Charley Pargo and Alex Mc Nutt went to work underneath and Al Andrews and Jon Hall from outside and they shot out to a 34-27 lead with a minute left. The halftime score was 36-30.

Benton Harbor was in command in the second half and got the same rebounding early in the frame from Pargo and Mc Nutt that they had received in the first half and the Tigers drove to a 12-point, 52-40 lead with four minutes to go.

But Holland came prancing back and chopped the margin in half to trail, 59-53 at the close of the third quarter. Each team scored 21 points in the third period.

Holland made 28 baskets in 71 attempts for 39 per cent and Rog Buurma, who worked off the fast break a few times and did some fine driving, led the Dutch with 21 points, his highest total of the season.

Buurma had nine of 19 from the floor. The Dutch had quarters of 8-17, 9-21 and 5-16. The Tigers enjoyed periods of 7-17, 10-19, 9-17 and 8-15. At the free throw line, Holland made 15 of 21 and Benton Harbor, 14 of 29.

Mc Nutt, 6' sophomore, had a fine night and canned nine of 18, added three free shots and led the Tigers with 21. He fed frequently to Pargo, who ended with eight of 15 and four charity tosses for 20 points. Mc Nutt and Pargo made several baskets cutting through the Dutch zone while Mc Nutt was joined outcourt by soph Andrews who made seven jump shots in 11 tries. Bill Peters added 16 points to give Benton Harbor four double-figure men.

Carl Walters, Holland's fine sophomore, again looked good and hit five of six from the floor. He added a pair of free shots and took runnerup honors with 12 while Jim De Vries, who made only three of 20 attempts added four free shots for 10 points.

Chuck Klomparsen looked best of the reserves. He hit his first three shots, including last second baskets at the half and third period. He made four of seven and had eight points. Dick Hilbink connected on his two shots. Farabee, who fouled out with 2:22 to go, made only four points. Farabee, played about half the game and got only two shots.

Maroons Lose 59-57 Tilt To Allegan

ALLEGAN—Allegan's keyed up Tigers staved off a closing Holland Christian rally here Friday night to edge Holland Christian's Maroons, 59-57 in a thriller.

The loss was Holland's fourth against 10 wins while the Tigers are now 11-3.

Using a tight pressing defense on the Tigers in the closing minutes of the contest, the locals nearly turned the tide on the host club which held a six point bulge with two minutes left in the contest. Allegan's fine outfit led by as much as eight points in the last period, only to see the Maroons come back to nearly knot the count.

Trailing 57-51, Holland's Doug Windemuller hit on two free throws and center Frank Visser collected a fielder to cut the Tiger lead to 57-55. Reserve Chris Hale scored on a layup for the winners before Windemuller connected again with 10 seconds left. Allegan retained possession in the closing seconds for the win.

Coach Art Tuls' club led throughout the first half, only to see a desperation heave by Ed Jones with three seconds left in the first half give the Tigers a 29-27 halftime bulge. Most of Holland's trouble can be traced to the first two periods when three Christian regulars, Frank Visser, Paul Steigenga, and Doug Windemuller were called for three fouls apiece. Consequently Tuls was forced to bench all of them for the third quarter and Visser most of the second.

The Maroons opened the second half with four juniors and one senior, only one a starter. It marked the first time this season that Christian was in trouble with key personnel all at once.

With practically all of the rebounding strength on the bench, Tuls switched to a zone defense during much of the second quarter and all of the third before inserting his regulars at the start of the fourth period.

Allegan was a poised quintet until the Maroon press began to operate. They received balanced scoring from rugged Roger Watson, a tough rebounder, Barry Harris, who sparked the Tigers frequently during the fray.

Buzz Luttrell and reserve Ed Jones Christian controlled the boards with Visser, Clare Van Wieren and Steigenga leading the way until the foul trouble began. Windemuller and Van Wieren did outstanding defensive jobs during the time they played.

The Maroons looked sharp in the opening quarter to move out to a 12-3 lead in a hurry on some fine patterns and shooting by Windemuller and Tom Bouman from out and Visser from the lane. Allegan's Watson began to hit on some good drives to narrow the gap to 14-12 at one stage, before the Maroons upped the margin to 18-14 at the quarter.

Watson continued to score in the second period with four more fielders while the Dutch attack fell off. Allegan went out in front 21-20, before Christian scored six straight to lead 27-21. The Tigers then came back with eight of their own topped off by Jones' spectacular shot to take the 29-27 intermission margin.

Despite the new combination to open the second half, the offense for the locals looked good at the outset as the Maroons took a 33-31 lead. Luttrell and Harris then took over for the winners with some great shooting to boost the Tigers to a 43-37 count at the quarter horn.

Allegan went into a modified stall in the fourth period and opened a 47-39 lead, before the Maroons took over. Using four guards and Visser, the Maroons scored 16 points in the last five minutes only to fall the two points shy. Windemuller and Visser were the big guns with 12 points between them. Watson fouled out with 2:47 left in the fray.

Shootingwise the winners had the best of the battle with 23 out of 63 tries for 36 per cent. Christian collected 20 out of 62 for 32 per cent. At the free throw line, the Maroons hit 17 out of 25 and Allegan 13 out of 20.

Windemuller led the Maroons with 15 markers, followed by Visser with 13. Watson paced the Tigers with 15 and Jones had 14. Christian travels to meet Grand Rapids South next Friday. South is ranked in the top 10 of the class A schools this season.

Eagles Notch Eighth Straight

HUDSONVILLE—Hudsonville's high-flying basketball team won its eighth straight game here Friday night with a 62-49 OK League win over Grand Rapids Lee in the Hudsonville gym.

The victory gives Hudsonville a 7-1 league record and the Eagles are tied for first place with Kelloggsville. Hudsonville's overall record is 8-3. The Eagles dropped their first three games.

Hudsonville, coached by Ken (Fuzz) Bauman led all the way and were bothered at times by a press thrown by Lee, coached by Dwayne (Tiger) Teusink. Both coaches are Holland High and Hope College graduates.

The Eagles led 12-12 at the quarter and 31-23 at half. The third period lead was 44-34.

Bob Holleman led Hudsonville with 17 points while Phil Hoezee followed with 16. Jim Walma popped in nine and Terry Gale added eight. Larry Boldt made six and Bob Allen had four and Carter Hyser, two.

Van Schiek paced the losers with 22 points. Babcock, Lee's leading scorer, tore a ligament in his knee in the first quarter and his loss hurt the Rebels.

Board Okays 3 Applications

Six hearings were conducted by the Board of Appeals Monday night in City Hall. Three were approved and three were denied.

Approved were applications of Fourth Reformed Church on a new entrance which incorporates an entrance to the new educational building, the application of Jay Formosa to build a fireplace involving sideyard requirements, and Hope Church seeking an 18-foot rear yard requirement instead of 25 feet for its new educational unit.

Denied were applications of the Presbyterian Church for a five-yard setback on a proposed parking lot, Bonnie F. Jones for a photography shop in her home at 1849 South Shore Dr., and the Maranatha Christian Reformed Church for a five-foot setback on its parking lot.

Another request of Maranatha Church for dustproof treatment instead of blacktop until streets are improved could not be acted upon since the Board of Appeals has no jurisdiction in such matters. The board, however, will suggest a change in the zoning ordinance in which such matters could be processed through the board.

The board scheduled five new hearings on applications which will be heard Feb. 27. Three applications call for extending four stores to the rear lot line. These are Teerman's, Borr's Bootery, and the two stores occupied by Meyer Music House and Westrate's. Another hearing is scheduled for Mrs. Edward Stille for building an attached carport at 317 West 28th St. involving a two-foot sideyard instead of five feet. The fifth application is from Clarence S. Highway, Jr., who operates a dry cleaning shop at 203 East Eighth St., who wants to pave the area between the store and sidewalk for parking purposes.

Brolin Leads Holland To Win Over Allegan

Bob Brolin scored a basket and two free shots to give Holland's seventh grade basketball team a 37-35 win over Allegan Friday.

The Dutch trailed throughout the contest but Brolin's basket tied the score and the free throws put Holland in the lead. It was the first setback in eight starts for Allegan.

Tom Prins had 10 points for the winners while Brolin made nine. Holland now has a 5-1 record.

SPEAKS AT GOP BANQUET — U.S. Rep. Gerald R. Ford (center), speaking to 300 Ottawa County Republicans at the 11th annual Lincoln Day Banquet in Zeeland Monday night, outlined a three-point program for Republicans. Ford gave a formula for victory for the GOP in coming elections and

listed the role or mission of the party. He urged all Republicans to speak up for America. At right is George Van Peursem of Zeeland, newly-elected State GOP Chairman. Wendell A. Miles of Holland (left) was master of ceremonies at the event.

Republicans Hear Ford At Lincoln Day Banquet

ZEELAND — About 300 persons attended the 11th annual Lincoln Day Banquet held by Ottawa County Republicans Monday night at Van Raalte's Restaurant in Zeeland.

The capacity crowd heard featured speaker, U. S. Rep. Gerald R. Ford, outline a three-point program for Republicans. Ford listed a formula for party victory in future elections, stated the mission of the GOP and urged all Republicans to speak up for America.

Newly-elected State GOP Chairman, George Van Peursem of Zeeland, urged the importance of hard work in getting out the Republican vote in the forthcoming spring elections.

Van Peursem cited the Michigan Supreme Court and University of Michigan Board of Regents as two areas where support of Republican candidates was needed to keep these bodies from being completely controlled by Democrats hand-picked by the CIO.

Ford, in his speech, called for Republicans to stand by the principles of the GOP platform of the 1960 election. He said he believed that Nixon's election last November would have been in the best interest of the country. Ford said that he believed that most voters in the country, basically, believe in the GOP philosophy.

Republicans do not want to assume an extreme right or an extreme left program, Ford said. He cited the record of the Eisenhower administration in successfully guiding the country through the last eight years.

Regarding the so-called missile gap, Ford said there had been no gap. He said he was happy to hear present Secretary of Defense Robert Mc Namara admit, in spite

of political consequences, that there was not now a gap in destructive or deterrent power between the U. S. and Russia.

In line with Republican policy, Ford supported a limited aid to education plan. He said he was opposed to all-out aid endorsed by the present administration.

The federal government could help districts in the construction of new schools, Ford said, where a definite need has been shown to exist.

In the area of medical aid and aid to the aged, Ford said there were two places from which necessary money for the programs could come. The government must either increase social security taxes or dip into monetary reserves built up by social security taxes. He branded as immoral any program in which the social security reserves were tapped.

Ford said the Republican party has an obligation to inform the American people of facts. He accused the new administration of having a tendency to muzzle government spokesmen and keep the public from knowing exactly what is going on.

Commenting on Speaker Sam Rayburn's packing of the House Rules Committee, Ford said he voted against the addition of three members to the body. He said he felt it was an attempt by Democrats to ram-rod Democratic legislation through the House.

Ford said he believed, however, that Rayburn was under pressure from the Democratic party to institute such a measure or possibly Jose his job.

Wendell A. Miles of Holland was master of ceremonies at the banquet. Mrs. N. J. Danhof of Zeeland and Avery D. Baker of Holland were co-chairmen of the event.
