Olive Group Still Fighting Dump Plan

GRAND HAVEN — The latest attempt by residents of Olive township to stop installation of a sanitary landfill and dumping ground in that township on Stanton Rd., for use by county residents, failed at the February meeting of the Board of Commissioners Monday. Road commission officials said the site will be ready in two weeks.

A group of 20 women again attended the morning meeting of the board and just before noon Commissioner Marvin De Witt of Olive township moved that the work be halted and more study be given the problem.

Commissioner Robert Visscher of Holland said that residents of the Grand Haven area, where there is no public dumping ground, must be considered. "Articles in the papers," he said, "tell us that there is a great accumulation of junk in north Ottawa, and area residents must be considered."

The board voted not to interfere and voted down a motion to halt the work, 16 to 3. Commissioner J. N. Poel of Grand Haven and Commissioner William Winstrom of Park township were not present. All voted not to halt the work except De Witt and two north Ottawa members, Mrs. Eunice Bareham of Spring Lake and Bernard Schultz of Grand Haven township.

But the Olive group, which remained for part of the afternoon session, said they haven't given up hope. They have organized PARC, Preserve All Resources committee, and a new attorney, Leo Hoffman, of Allegan County, has been hired. He told the board in a letter to the clerk that the group plans to challenge the board's disregard of zoning laws in the township.

The board extended the deadline for applications for 1972 dog licenses to June 1, to accommodate dog owners who have 1972 vaccination certificates for dogs. The action is for this year only.

At the morning meeting, the board was invited to attend a formal open house at the county's new arboretum, Hager Hardwood park and museum near Hudsonville. The open house will be held next Friday at 10 a.m. for county officials and at 2 p.m. for school children from Kent and Ottawa counties and the public.

The board passed a resolution to participate financially in the improvement and extension of the city water system in Holland city, to serve Holland and Park townships. The assistance will be given through the water and sanitation department of the road commission and the county will stand the engineering cost of \$3,500. The money will come from the planning fund of the county.

The board also approved the issuance of \$390,000 in bonds by Georgetown township, which plans to extend the No. 1 water system in that township. A tank is needed and line extension is necessary to serve more customers.

Commissioner Thomas O. De Pree of Holland, chairman of the board's planning committee, reviewed efforts of his committee in recent months, to promote the West Michigan Shoreline Regional Planning commission. He said area officials believe a smaller four-county region will be more effective than an eight-county region, including Kent County, as proposed by Gov. Milliken. The board voted to pay the county's share of expenses incurred by the shoreline commission for 1972, set at \$12,818.10, and based on the 1970 population, 10 cents per capita.

State Police Staff Holland Crime Lab

A state police crime laboratory in Holland township, one of four such units operating in the state, is scheduled to open in about two weeks following announcement today of staffing assignments to the new facility.

The scientific services laboratory is housed in a 100 by 50 foot building at Garden Ave., northeast of East Lakewood Blvd. and 120th Ave. The building also will house facilities for a state health department laboratory dedicated to criminal investigations.

The Holland crime lab joins units in East Lansing, Warren and Plymouth.

Assignments to the Holland facility were announced by state police director Col. John Plant.

Named commander was Det. Sgt. Herbert F. Olney, 42, who is transferring from the questioned document unit of the East Lansing lab.

Others named to the Holland lab are Det. Sgt. Jack L. Naber, 30; Det. Sgt. Robert L. Semple, 44 and Tprs. Lawrence L. Culbertson, 31; Raymond L. Kenny, 27; Robert D. Kullman, 27; James L. Pickleman, 33, and Harold D. Severance, 28.

Staffing for the health department laboratory was not announced. Naber, a former Holland resident, Semple and Culbertson were assigned to the latent print unit while Kenny and Severance will work in the drug unit, Pickleman in firearms and Kullman in documents.

The Holland lab is designed to provide scientific detection services needed by the State Police and other law enforcement agencies in Western Michigan.

Holland police chief Charles Lindstrom hailed the opening of the lab as a "major effort in law enforcement" for the West Michigan area.

Building At Dump Site In Question

GRAND HAVEN — Members of the Ottawa County Road Commission met Wednesday to decide what steps to take following refusal by the Olive township zoning administrator to issue a building permit for a storage shed at the county landfill site at Pigeon Creek park.

Commission engineer-manager Ronald Bakker said he was presenting recommendations on the matter from the commission attorney.

Monday Olive township zoning administrator Gerben Voetberg refused to grant a permit sought by the commission for construction of a 24 by 28 foot storage shed at the landfill site. Bakker said he was told the application was denied because the land at the Pigeon Creek park and the landfill site allegedly was zoned recreational.

A group in Olive township known as Preserve All Resources Committee is opposing development of the county-owned land near the park for use as a landfill and claims the road commission is ignoring township zoning codes. The group has threatened action through its attorney Leo Hoffman of Allegan.

Review Board Sets Series Of Meetings

The Board of Review will hold sessions March 7-10 in the mayor's office in City Hall and persons desiring to meet with the board are asked to make appointments by calling the city assessor's office.

Appointments will be scheduled much like the Laird reappraisals last week.

Board sessions are 9 a.m. to noon and 1 to 4 p.m. with one evening session Thursday, March 9, from 7 to 9 p.m. Appointments will run from 10 a.m. throughout the day, at 15-minute intervals.

Board members are Howard Topp, Ralph Bouwman, Gordon Cunningham, Jack Leenhouts and John Keuning, the latter appointed recently to succeed Lucien Raven who moved from the city.

Senior citizens and veterans eligible for tax exemptions also are reminded to file applications before the end of the month with the city assessor's office. Total number of date is within 75 of last year's total which listed 1,014 senior citizens and 228 veterans.

No exact figures were available Monday on the number of Laird conferences last week, but Laird representatives estimate 800 appointments covering 850 to 900 parcels of properties, plus about a dozen walk-ins who were accommodated and 15 to 20 letters from persons not in Holland during the period, mostly Florida vacationers.

Tax Paying Rate In Zeeland Drops

ZEELAND — Collection of winter property taxes before the deadline Monday was down considerably compared with past years, clerk Leon Van Harn said Wednesday.

Van Harn reported 81 percent of the total tax levy of \$147,346 had been paid by the deadline. It amounted to \$119,138.

In past years, Zeeland has reported more than 90 percent of the taxes paid by the deadline and had one of the highest tax rate collections in the state.

Taxes unpaid now carry a three percent penalty and taxes still unpaid after March 1 are to be paid in the county treasurer's office at Grand Haven.

Pine Rest Circle No. 10 will meet at the Maple Avenue Christian Reformed Church at 7:45 Monday. Guest speaker will be Miss Ruth Broekema, retired missionary to Taiwan. Faith Christian Reformed Church will bring special music.

First Copy Of 'Herald' Viewed Here

A preview copy of the Holland Herald with stories on Holland, Mich., was shown at a monthly meeting of the 125th anniversary committee in City Hall.

The Amsterdam based magazine printed in English has a cover showing a street scrubbing scene in Holland, Mich., and a host of stories inside including four color pages on Tulip Time which had appeared in the Marathon Magazine.

A thousand copies of the magazine are being sent to Holland, Mich., and will be available for distribution soon. The magazine is edited by Vernon Leonard, an Englishman who was in Holland a couple of years ago to interview local people. The commercial manager, Jack Velleman, was here a few months ago.

The committee was informed that A. van Raalte, director of the Euromast in Rotterdam, a direct descendant of the brother of Dr. A. C. van Raalte, will be in Holland for a few days in mid-March. The Euromast in Rotterdam is a huge observation tower with restaurants 394 feet up and a more recent addition boosting total height to 650 feet.

The sample Holland Herald contains a picture of the 46-year-old Euromast director, pointing out he has no relatives in the Netherlands save an 83-year-old aunt, but he is looking forward to meeting all his "cousins" in Holland, Mich., in March. A coffee kietz for all Van Raaltes is being planned.

There were brief reports on the 125th anniversary service Feb. 6 which attracted over 1,000 to Dimment Chapel, and the use of anniversary bulletins in local churches that day. Bill Gargano of WHTC said the Feb. 6 service had been taped and will be aired Monday, Feb. 21, plus a 30-minute tape about the early history of Holland by the Rev. Henry A. Mouw of Sixth Church. The Mouw tape is scheduled at 7:35 p.m. Feb. 21, followed by the chapel service tape.

Bill Murdoch said his committee is investigating the possibility of a slide presentation on the history of Holland. Various groups are working on collecting historical data. Herrick Public Library is planning historical displays, and will feature books by local authors as well as cooperating in other work.

The possibility of a downtown sidewalk sale featuring \$1.25 items was advanced, now that state trunklines have been taken off that part of Eighth St. Plans also were announced for a Latin-American fiesta May 6 in Civic Center with the three local Latin-American societies as sponsors. The day-long event will feature booths with articles for sale, Spanish foods and other attractions. A dance is scheduled 9 p.m. to 1 a.m.

Co-chairman Al Kleis Jr. presided at Tuesday's meeting. John Bloemendaal also is a co-chairman and William H. Vande Water is executive manager.

burning house unharmed. The fire was believed to have started in the kitchen area. Firemen were called at 2:40 a.m. and men from four departments battled the blaze in near-zero temperatures. The house stood along Leonard Rd. west of the 68th Ave. bridge crossing the Grand River at Eastmanville.

Landmark Home Lost In Blaze

Mrs. Patricia Currier, Kin of Hefferan House Builder, Found Dead

EASTMANVILLE—The landmark Hefferan home, built by Grand Rapids pioneer T. W. Hefferan as a river front summer house, was destroyed by fire early Friday that claimed a relative of the original owner.

Found dead in the ruins of the 129-year-old home along Grand River was Mrs. Patricia Currier, 49, a granddaughter of the builder.

She was the wife of Robert L. Currier, 48, a manufacturers representative in Grand Rapids. Currier and the couple's three children, Robert Jr., 16, Mary, 14, and Thomas, 11, escaped the burning home.

Authorities said the fire was believed to have started in the kitchen area of the home. Firemen were called at 2:40 a.m. today.

It was believed the children awoke first and summoned the parents.

It was thought Mrs. Currier, believing one of her sons was still in the first floor family room, went into the room on her way out of the burning house and may have lost her way in the smoke. Her body was found later in the ruins of the family room.

The oldest Currier son had been watching television in the family room after other members of the family had gone to bed for the night.

Firemen from Allendale, Wright township, Coopersville and Marne battled the blaze in near-zero temperatures. Loss to the structure was estimated at \$25,000 but loss to valuables, including several antiques, was not known.

The house was located at 6838 Leonard Rd., just west of the 68th Ave. bridge crossing the Grand River.

Survivors in addition to the husband and children include two sisters, Mrs. H. Randall Dickinson of Spring Lake and Mrs. Alexander Frith of Bermuda, and a brother, Robert L. Hefferan of Scottsdale, Ariz.

Gillespie Jazz Concert Brings Change of Pace

Holland concert goers had a change of pace Saturday night with the appearance of the Dizzy Gillespie Quintet which attracted a near capacity audience to Civic Center.

The evening's entertainment was the fifth in the series of the Holland Concert Association, designed mainly as an attraction to the college crowd. The association is a merger of the former Community Concert Association and the Hope College Great Performance series.

It was a casual evening with Jazz Trumpeter Dizzy Gillespie walking and talking informally between numbers, and many in the audience moving likewise. Many of the numbers were Gillespie compositions geared to the jazz beat, and at least one number featured each of the other four musicians, pianist Mike Longo, drummer Mickey Roker, guitarist Sonny Henry and bassist Sam Jones.

To the more sedate concert lovers, the numbers were unfamiliar and while they were true jazz compositions they seemed to be improvised. A number of adults and a lesser number of young people left before the concert was over just before 11 p.m.

The casual presentation, quite different from the established concert mien, encouraged the younger element to clap for certain passages and to move about in the manner of cafe jazz. After the intermission, several college students sat on

the floor in the area in front of the chairs, and said they enjoyed the concert more that way.

Some people were disappointed in that there were no identifiable jazz or blues numbers, but many more were highly enthusiastic. The general consensus was the next time around, a jazz ensemble would be placed in the center of the auditorium for better rapport with the audience.

The next number of the series will be The National Players in Moliere's "The Miser" Wednesday, March 15.

Shinabarger Scores 37 In Hope's 101-86 Loss

OLIVET — Hope College's brilliant senior guard Dan Shinabarger moved closer to join the elite 1,000 career point plateau reached by only three predecessors in the MIAA Saturday, as he pumped in 37 markers in a 101-86 loss to first place Olivet College.

Shinabarger drilled in 13 baskets and 11 free throws to move him within four points of the 1,000 figure with four games to go.

Tom Wolters and Lee Brandsma were the only two other Dutchmen to net 10 or more points. Both tallied 13 counters.

Center Mike Maciasz paced Olivet to its 17th win in a row with 25 points. Guards Rick Clack and John Martin followed with 16 and 11.

The win gives Olivet a perfect 8-0 MIAA record while Hope is 3-5. For the season the Comets are 17-1 while the Dutchmen are 7-10.

Hope led early in the tilt, 5-4 and after Olivet broke away from a 8-8 tie, they were never headed.

Olivet scored eight quick points at the conclusion of the first half and eight at the outset of the final 20 minutes to take its biggest lead of the game, 65-40.

Hope whittled away to cut in to the huge deficit by outscoring the Comets, 10-0 to make the score 91-81. The Dutchmen pulled within seven points, 92-

85 with 1:34 left but big John Nametz hit on a three-point play for the Comets and the game was never in doubt.

Olivet outrebounded Hope, 39-36. Wolters and Jack Hankamp paced Hope with 11 and 10.

The hot shooting Comets switched 57 per cent of their shots from the floor (42 of 72) while the Dutchmen made 29 of 71 for 42 per cent.

Hope will host Alma Wednesday.

New Threats Fail To Halt Landfill Work

GRAND HAVEN — Work on preparation of a county landfill in Olive township near Pigeon creek park continued Friday despite new threats of legal action by residents of the area and the Preserve A11 Resources Committee (PARC) objecting to the landfill.

County road commission engineer-manager Ronald Bakker said he had received a letter from Allegan attorney Leo W. Hoffman, representing several individuals and PARC, threatening litigation to restrain development of the county-owned property along Stanton St. for a landfill.

Bakker said 3½ acres of the land was being developed initially for landfill use "because that is the area we are bonded for." The county was required to post a bond to insure proper development according to state statutes and Olive township codes.

Development of the landfill had been delayed by court action brought in 1970 by township residents and the township board. The courts granted the road commission permission to continue the landfill.

Those objecting to the Pigeon Creek landfill claimed the park was a favorite for winter use by snowmobilers and summer nature lovers and feared the Pigeon creek trout stream would be spoiled.

The county owns 280 acres of land at the Pigeon Creek site. The landfill would serve the county, including north Ottawa county residents who had used a Grand Haven landfill which was closed.

High Flying Hawkeyes Corral Rockets, 70-47

HAMILTON — The high flying Hamilton Hawkeyes corralled Kelloggsville, 70-47 here Friday evening for their 10th straight basketball triumph which tied a school record.

Only leading at the end of the first period, 16-14 and at the half, 28-23, the Hawks exploded for 24 points in the third period to leave the court at the end of the quarter leading by a comfortable 52-34 count.

The streaking Hawkeyes have good reason to wonder why they aren't rated in the state, as they upped their loop mark to 9-3 and are 11-4 for the year.

"I can't understand why we aren't ranked," said a dejected Coach Tom Bos. "The kids are really doing a job and I can't see how they got some teams rated ahead of us that we have beaten."

Bos went to a half court press late in the first half which actually turned the tide in the third stanza.

"That press gave us the momentum we needed," continued Bos.

Hamilton meshed 28 of 68 shots from the court for a 41 per cent clip while the Rockets were good only on 21 of 61 attempts for 34 per cent.

The tall Hawks once again dominated the backboards, as center Kerwin Roelofs led the way with 16 caroms. As a team, Hamilton had 47 to only 23 for the Rockets.

Roelofs also led in scoring with 18 counters while Jack Schrottenboer and Jerry Kreuze followed with 14 apiece. Randy Piper and Mike Bivins had 10 apiece for the losers.

Coach Jim Kos' baby Hawks dropped the preliminary game. Hamilton will visit hapless Comstock Park next Friday.

WHO IS KEEPING THE STORE?

It isn't very often that Sen. Mike Mansfield gets a little out of sorts, but he did recently. He found so many senators playing hooky from work that he thought it was time to call this to their attention.

The Senate has plenty of problems that need some urgent attention and the nation is paying good money for what it expects the Senate to do. But the Senators are out doing their own thing, which in many cases is drumming up votes from some office.

Sen. Mansfield has the job of keeping things moving in the Senate, and when he ticked off the absenteeism since the start of the session, he talked about senators who seemed to have nothing more than a passing relationship with their jobs. And some very important legislation is before the Senate.

We have the notion that campaigning ought to be done on a few weekends, and if that isn't enough time, at least one might turn back a bit of the salary. We aren't aware of any other segment of the society that gets paid for looking around for what one thinks is a better job. And frankly we don't like the notion of having Senators do this at our expense. And besides Sen. Mansfield needs some people on the floor to get the store moving.

Cast Selected For Musical '110 in Shade'

Phyllis Accella as Lizzy Currie, Tully Daniel as Bill Starbuck and Norman Tietzma as File the sheriff head the cast of "110 in the Shade" which will be presented by the Holland Community Theatre March 16-18 and again March 23-25 in the Holland High Performing Art Center. Curtain time is 8:15 p.m.

As a drought parches the land, Starbuck hits the scene convincing all that he is a rainmaker and for \$100 will bring relief from the heat.

Others in the cast, according to Barbara Greenwood, director, are Greg Bazaz as H.C. Curry the father, Neil Bangs as Noah Curry and Peter Van Howe as Jimmy Curry. Jimmy's girl Snookie Updegraff is played by Carol Hallet.

Others in the cast are Terry Greenwood as Toby, Tom Corcoran as Rev. Curtis, Gwen Van Eck as Hannah and Sylvia Wright as Belinda.

The children in the Cinderella number are Lisa Armstrong, Sarah Smallenburg, Loretta Smallenburg, Robin Perry and Sylvia Wright.

Laura Geary is the understudy for Snookie, Beverly Greer for Lizzie and Dale Conklin for all male leads.

The chorus in composed of Beverly Greer, Charlene Armstrong, Dawn Van Ark, Kathy McNeely, Wilma Hill, Joan Smallenburg, Esther Van Ark, Margo Bussies, Marie Hamilton, Marilyn Swank, Marsha Nienhuis, Phyllis Holt, Shirley Bosch, Debbie Martin, Sherry Weinstein, Ella Iams, Gwen Van Eck, Marilyn Schmidt, Patti De Vries, Nancy Hill, Laurie Van Ark, Sue Lightfoot, Kim Vander Bie, Renee Ter Horst, Laurie Hacker, Laura Geary, Robin Brasser, David Cotts, Dick Rasmussen, Dale Conklin, Terry Greenwood, Tom Corcoran, Chet Oonk, Don Cramer, John Chammess, Craig Hoffman and Chris Johnson.

The Death That Changes Lives
Luke 23:39-53
By C.P. Dame

More books have been written about the death of Jesus Christ than about any other person.

In the days when Jesus died thousands were crucified by the Roman government. Why, then, has so much been written about the death of Jesus? The answer is that His death has made possible the forgiveness of man's sins.

I. Jesus died with and for sinners. During His ministry He showed that He associated with people who needed Him most. The religious leaders of His day opposed Jesus and His ministry and eventually had Him killed, charging Him with disloyalty to the Roman government, a charge which a weak judge did not believe but heeded. Pilate had Jesus crucified.

Three men hung on three crosses. At first, the two who were robbers reviled Jesus but one changed his mind, rebuked his colleague, confessed his belief in God, the justice of their punishment and the innocence of Jesus saying, "this man hath done nothing amiss." He then said to Jesus, "Lord remember me when Thou comest into Thy Kingdom."

The question prompted by faith won an immediate reply from Jesus: "Today shalt thou be with Me in paradise"—meaning in a state of great happiness. Great was the change in that penitent man's life in one day.

II. Luke reports two supernatural events accompanying the death of Jesus. For a period of three hours there was a miraculous darkness over the land. This lasted from noon to three o'clock. Nature mourned over the death of Jesus.

The other supernatural event was the tearing in two of the curtain of the Temple which hung between the holy place and the most holy place. (Exodus 26:31-35). This tearing said that the way to God was made possible through the work of Christ. Read Hebrews 6:19; 9:11-12; 10:19-22.

III. Reactions to the death of Christ differed then and now. The centurion in charge of the soldiers who crucified the three and who heard Jesus commend his spirit to God said, "Certainly this was a righteous man. Matthew and Mark say that he called Jesus, 'the Son of God.' The multitude which watched was impressed. The friends of Jesus were also at the place of crucifixion and Luke in particular mentions the women.

One man, Joseph, a counselor who was wealthy and a member of the Sanhedrin, was waiting for the kingdom of God and was a secret disciple of Jesus. He asked Pilate for the body of Jesus and wrapped it in linen and placed it in his own new tomb.

It is better to be late witnessing for Jesus than not at all but there is a better way. What is it?

Christian High Students Provide Program for Club

A program of vocal and instrumental music by Christian High School students provided entertainment for a regular meeting of the Woman's Literary Club Tuesday afternoon. A luncheon preceded the program.

Marvin J. Ritsema, director of vocal music, introduced the numbers, explaining that while the school is proud of its talented students, much of the effort is outside of class, particularly solo work and folk singing. The program was coordinated by Henry P. Vander Linde. Mrs. Vander Linde and Mrs. Ritsema served as accompanists.

Programs by music departments of the three high schools in the area have been a feature of club programs for several years with the three schools rotating.

Four selections were sung by a Madrigal Ensemble directed by Ritsema. Two were religious numbers, "Sing Praises," Glarum, and "The Bird" Billings, and two were 16th century

madrigals by di Lasso, "O Eyes of My Beloved" and "My Heart Doth Beg." In the madrigal ensemble were eight girls and eight boys.

Other numbers were a soprano solo by Maribeth Vander Ploeg singing "The Vain Suit," Brahms; a piano solo by Terri Boes playing the spirited "Rhapsody in G Minor op. 72," Brahms; clarinet solo by Kris Vander Linde, "Solo De Concourse" by Henry Rabaud; cornet solo by Dan Leep playing "Adagio and Allegro," Handel; a cornet duet by Dan Leep and Roger Erichs playing "Concerto in C," Vivaldi; and folk duets by Jack Jipping and Warren Vander Hulst with classical guitar.

Hearings Keep Council Quite Busy

"Public hearings before City Council Wednesday night occupied fully one and a half hours of a three-hour meeting, the longest such meeting in several months.

The hearings covered vacating all or a portion of an alley, two rezoning petitions, and reviewing four sanitary sewer special assessment rolls. The alley vacating was rejected, one rezoning petition was approved, another tabled and the sewer assessment rolls were approved with minor revisions.

Greatest response was on the hearing to vacate all or a portion of the alley lying between 16th and 17th Sts. running from Maple to Pine Ave. A petition with 16 signatures asked to keep the alley open. About a half dozen residents expressed pro and con opinions, after which Councilmen, all of whom had studied the situation, expressed further opinions.

All recognized the problems involved, particularly two or more landlocked garages if the alley were vacated. Noise, abuse, heavy traffic and vandalism were cited, and the final vote was 6-3 to keep the alley open. Voting to close it were Mayor L. W. Lamb Jr., Morris Peerbolt and Hazen Van Kampen.

At the close of the three-hour session, Councilman Donald D. Oosterbaan asked the city manager to devise some kind of recommendation whereby residents affected would be granted a year or so to prepare for vacating the alley or similar alleys. Councilman Robert Dykstra asked the city manager to study problems raised by snow removal, safety and environmental issues.

Earlier, the city manager had made it clear that the city would abandon maintenance if all or part of the alley were vacated.

A hearing on a petition to rezone property at 1115 Lincoln Ave. from AG agricultural to C-2 high way commercial brought petitions bearing 132 signatures from two mobile home parks adjoining the property objecting to the rezoning. Roscoe Giles of the Holland Chamber of Commerce objected on behalf of HEDCOR industrial properties which lie within 300 feet and read letters from several persons who felt a filling station in the area was not the best use of the parcel.

Atty. Ronald Dalman, representing the petitioner, T. G. Hudson, requested the request be tabled pending a long-range study on regional zoning by the Planning Commission. Albert Hadley, agent for T. G. Hudson Co., explained proposed operations of the intended use, and said the owner would be willing to limit the commercial use to a 200-foot depth. The request to table was granted, after it was determined no new hearing would be necessary unless the request were altered.

No objections were voiced at a hearing to rezone property on the west side of Lincoln Ave. between 33rd and 34th Sts. from A-1 one-family residential to B-1 apartment, and the necessary ordinance was approved.

Hearings on the four sewer special assessment districts brought some objections and other comments, but all were approved with minor revisions. Cost quoted per benefit was \$950 which in all cases is less than cost.

One sewer project was Waverly Rd. from Eighth to 16th Sts. Paul Dalman who was listed for two benefits was put down for one benefit with one alternate to be charged if and when the property is developed. Other projects are 35th St. Pine to Maple Aves.; Cypress Ave., Eighth to 12th Sts., and Cambridge Ave., Eighth to 12th St. In the latter, Russ Bouws, listed

Members of Theta Alpha Chapter of Beta Sigma Phi met Monday evening at the home of Mrs. Melvin Ott. Mrs. Charles Combs, president, presided at the business meeting and asked for recipes for the new fondue and buffet cookbook to be issued by the International office in August.

A St. Patrick's Day Square Dance is scheduled for March 17 at the Macatawa Bay Yacht Club. The event is sponsored by the Beta Sigma Phi City Council and Eta Gamma Chapter.

Mrs. Combs announced that Girl of the Year letters are due March 20.

Mrs. Bartlett and Mrs. Robert Pitt gave the cultural program. Mrs. Bartlett presented "Poetry into Music," giving a biography of Edgar Allan Poe, a poet who felt strongly of the assistance music offered verse. Until Poe, no other American poet had attempted so consciously to embody in verse the characteristics of the song. Mrs. Bartlett ended her talk by giving a reading of one of Poe's poems, entitled "To Helen."

Mrs. Pitt, whose topic was "The Dance," gave a brief history of how ballet originated performed in America in the in Europe. Ballet was first early 1800's. She read short biographies of Agnes De Mille, choreographer, and George Balanchine, director of the New York City Ballet, who have contributed greatly to the American Ballet. With all members participating, Mrs. Pitt demonstrated the five basic positions of the feet in ballet.

Members attending were the Mesdames Floyd Hutchins, Jewel Graves, Combs, Bartlett, Philp Kimberly, Pitt, George, Ott, Raleigh Kerber, Jack Singer and Chapter Advisor, Mrs. William Turpin.

The next meeting will be a rush presentation on Feb. 21.

Fort Wayne Wives Tour Baker Furniture Museum

A group of 40 wives of Magnox executives of Fort Wayne, Ind., visited Holland in a chartered bus Wednesday to tour the Baker Museum of antique furniture.

The club is called "The Gadabouts" and its purpose is to make daylong trips two or three times a year to a spot of historic or artistic interest, plus an outstanding place to eat. The club is unique in that only the committee knows in advance where the group is going for the day.

At Baker Museum the women shared an interest in fine old furniture of all periods with particular interest in variations and similarities of design in different countries where the pieces were collected. These interests also included types of woods and materials, finishes, hardware and other techniques. Uniqueness of use was pointed out in several special pieces such as an 18th century mahogany "traveling" bed (of fine style) which was used by an English officer in campaigns during wars in India. This "tester" fourposter bed folded up into a small "package" and

was easily transportable. Another unusual piece was a "marriage casket" made in hawthorn and tulipwood especially to house a "Lady in Court's" love letters.

Also of interest was the "Queen Mary Chair," used only twice for the queen to sit while going up and down one floor on the lift in London at a special exhibition in her honor. This exhibition in her honor was on the second floor of a famous London building.

Other interesting pieces were a French empire chair with seat embroidered in the Napoleonic bee design, a wig stand for 18th century dandies, and beautifully conceived knife boxes to store silver vertically.

The group was hosted at the museum by Ed Brolin, curator. They lunched at Point West.

Ottawa county deputies said Kloosterman was working in the building when he smelled smoke and found fire in a wastebasket. Old Ship's List Sheds New Facts on Scholte Arrival

Ed Prins, who has been compiling passenger lists of ships bringing Dutch immigrants to America in the late 1840's, has uncovered new information on the arrival of the Rev. H. P. Scholte, leader of the Pella, Iowa, settlement and counterpart of Dr. A.C. Van Raalte who headed the Holland settlement in 1847.

In his search of old records, Prins has determined that Scholte arrived in Boston harbor aboard the Caledonia May 6, 1847. Also on the passenger

list are his wife, three children by a first marriage, and a sister-in-law by the name of Krantz.

Up to now, historians had always referred to a letter he sent from the east stating he sent information to Europe on the Sands. Thinking he had just arrived on the ship, it became an accepted bit of information, that he had come to Boston from Liverpool on the Sarah Sands.

Ship's list's uncovered by Prins are hard to read since the captain wrote in a not-too-precise script. Besides, the name on the list was W.R. Scholte, age 61 (really 41) and his sister-in-law as Vivantz. Other data corresponds correctly.

Records on microfilm in the National Archives prepared in the WPA days of the Roosevelt era list passengers arriving at various harbors from 1809 to 1890.

Prins is assembling lists from some 80 ships which arrived from the Netherlands and Germany. These include the ships that brought most Dutch settlers to Holland from 1846 to 1856. For the most part, the Pella contingent arrived in five early ships carrying 900 persons for settlement at Pella, "the city of refuge" in Iowa.

Four of these ships were the Maestroom, Nagasaki, Peter Pieter Floris and the Katherine Jackson. They were listed in a significant souvenir book in Pella in 1922.

Scholte came by steamship which took about 13 days from Liverpool to Boston. Aboard were many businessmen, merchants and clergymen destined for the United States and Canada.

A copy of the ship's list will be deposited in the archives of the Netherlands Museum in Holland.

Brownson's 20 Points Pace Holland

MUSKEGON — Holland's basketball team found out just how much center Mike Riksen meant to the team here Tuesday evening, as the Big Reds broke Holland's three-game winning streak with Riksen on the bench, 78-71.

The 6'2" Riksen first injured his hand on Dec. 10 but it wasn't until this week that doctors disclosed it was a fracture. "I sure want to play against Muskegon Heights Saturday but the doctors don't think it would be wise because it could cause more damage," said Riksen before the start of the game Tuesday night.

his scoring, as Dave Brownson came up with his most outstanding performance of the year for the Dutch, as he led all scorers with 20 points.

"David played his finest game of the year," Coach Don Piersma stated.

Also in double figures for the Dutch were Jim Lorence, Jed De Boer and Steve Shinabarger, who tallied respective scores of 15, 14 and 12.

With Riksen sidelined, Muskegon's two centers Jeff Alkema and Steve Carlson had a picnic, as they threw in 30 points between them. Alkema had 17 while Carlson mustered 13 in a reserve role.

Ron Israels replaced Riksen as the Dutch starting center while Vic Amaya, who broke his foot earlier in the season, returned to action and scored four points in his brief performance.

Holland's aggressive full court press kept them in the game, as it caused the Big Reds to turn the ball over an unbelievable 33 times. The Dutch had 19 turnovers themselves.

Brownson, Shinabarger and De Boer all came up with fine moves for baskets for the Dutch in the first period, as both clubs registered 16 points.

Muskegon outscored Holland, 19-15 in the second quarter to hold a 35-31 halftime bulge.

Lorence thrilled the Dutch fans by scooping in a bucket, as once again both squads put in the same amount of points in the third stanza (17).

The tempo picked up in the final quarter, as Muskegon found the basket for 26 points while the Dutch recorded 23 point totals.

The win was sweet revenge for the Big Reds of Coach Mike Murphy, who were routed by the Dutch, 74-54 in the Holland Fieldhouse a couple of weeks ago.

Coach Ken Bauman's reserves battled back from a 20-point, third period deficit to make the score close, as they only lost by a 62-55 score.

"The kids never gave up and I got to be pleased with that," added Bauman.

Andy Emmert and Tim Boeve led the Dutch in scoring with 12 and 11 markers in that order. Holland will host Heights Saturday night in search of its sixth win in 14 outings.

MISS NAVIS READS TO CHILD IN FAVORITE SPOT, THE CAROUSEL

AN AVID READER ENJOYS GOING TO THE LIBRARY

Herrick Public Library Serves Varied Purposes

By Kristi Jo Nieboer

The Herrick Public Library has been used in an unusual way for the last four or five years without director, Roger Walcott knowing.

Miss Audrey Navis, social worker and director of the two to 10-year-olds of the Child and Family Service of Michigan, 680 Washington Ave., takes foster children to the library to acquaint them with the facilities and with herself.

Miss Navis works with the children from the ages two to 10 years and gets the individual child prepared before he or she is placed in an adoptive home. In the summer, Miss Navis will take the child to a park, playground or some facility in the Holland area so Miss Navis can observe him at play and talk freely with him. But in the winter, it is difficult to find a park, so she takes the children to the library.

She will pick up the child from the foster home and drive him to the library. At the library, the child can be shown the library and be in a natural situation. When the time comes for the child to be picked up by the adoptive parents, Miss Navis makes a game of the observing session by taking the child to the library to show his prospective parents around.

Miss Navis can then step aside and watch how the child relates to the parents and the child will be more free with them in a familiar situation, rather than in an unfamiliar room with unfamiliar people.

If Miss Navis sees that the child or parents are having difficulty, she can step in and help out. The child also knows that Miss Navis is not completely out of the picture if she is just around the corner at a bookcase.

Usually Miss Navis works with one child at a time on this basis, but on occasions has shown three in a group, three sisters, who were adopted together into one family.

The carousel in the library, according to Miss Navis, attracts the younger of the age group she works with. She said they really get excited about it.

Some of the children seem to be avid readers and enjoy going, while others may take little interest in it.

The Child and Family Service office located in Holland serves six counties, Allegan, Ottawa, Kent, Muskegon, Oceana and Newaygo. There are five social workers with Kenneth Phelps, director. There are approximately 25 foster homes in the area and the number of children varies from day to day.

Walcott is interested in the library being used for the project and never really knew it could be used in such a capacity.

Lubbers Addresses Kiwanis Charter Night

KIWANIS CHARTER NIGHT — Arend D. Lubbers (left), president of Grand Valley College, is shown here with local Kiwanis President Chester Smith and Mrs. Smith at the 33rd annual Charter Night gathering Monday in Hope Church. Smith presented the speaker with a miniature podium following Lubbers' talk in which he reminisced about experiences during the 33-year span.

(Sentinel photo)

A thought-proving address by Arend D. Lubbers, president of Grand Valley State College, was the highlight of the Holland Kiwanis Club's Charter Night Monday night in Hope Reformed Church parlors for local members and guests, some coming from Detroit, Grand Rapids, Jenison, Hillsdale and South Haven. It was the club's 33rd charter meeting.

President Lubbers retraced the changing world in the years the Holland Kiwanis Club was founded during the depression years when he was a grade school lad in Holland. He pursued a theme of the changing capabilities war, influence of wealth in conquering disease and the recent attention to overcoming poverty, with emphasis on condition of the U.S. poor to the rest of the world when seen in respect to the standard of living.

He contrasted the views of today's adult and the "now generation" of college and high school youth in which affluence has been diffused leading to overindulgence by parents. He said minority groups often still experience deprivation and thus are fertile ground to get into the mainstream of economic and social levels.

President Lubbers predicted another surge forward in areas of education and social attainment by the end of the decade, and new views of education, today somewhat entrapped in an adversary system as personified by labor and industry and conflicting goals.

Club President Chester Smith presented President Lubbers with a miniature podium. Other highlights were Spanish dancing by Yolanda Alvarado and Jesse Rodriguez, followed by perfect attendance awards to Charter Member William J. Meergs, 32 years; Dan Vander Werf, 26; Bill Dumond, 26; Al Luurtsema, 20; Fred Veltman, 18; Roger Walcott, 18; Avery Baker, 9; Mike De Jonge, 8; Bob Brewer, 6; Wilbur Masselink, 5; Bill Hekman, 3; Bill Sikkil, 2; Forrest Opie, 2; Henry Windemuller, 2; and Al Van Haisma, 1. Eight others were presented with attendance awards previously.

Wooden shoes were presented to Jom Soltesz of Detroit, Michigan Kiwanis governor, along with a proclamation making him and his wife honorary Hollanders, signed by Mayor L. W. Lamb Jr.

Others participating in the program or working on arrangements were Mrs. Smith, Henry Vander Linde, Major Charles Duskin of the Salvation Army, Mr. and Mrs. Walter J. Martiny, Fred Reinhart, Walcott, Vander Werf, Masselink and Marty Hardenberg. Mr. and Mrs. Avery Baker hosted the punch bowl.

School Board Approves Several Appointments

In an hour-long meeting Monday night, the Board of Education made several appointments, approved a new English program for high school students and discussed various regional and district programs emanating out of the State Department for Public Instruction.

Mrs. Mark (Barbara) de Velder was approved as a half-day teacher at Federal School for the remainder of the school year. She is a 1959 graduate of Michigan State University with five years' experience, some of it with Holland public schools.

The board granted a request from Allegan, Fennville and Saugatuck school districts to participate in the Holland Area Cooperative Training Program.

Donald Gebraad who directs the area co-op program for Holland, West Ottawa, Zeeland and Hamilton, said the enlarged program could be operated with the realignment of responsibilities for the current staff and adding one additional worker. He estimated some 20 per cent of current junior classes of the three schools numbering 371 would be interested in the co-op program next fall.

The board also adopted a resolution on shared-time with other districts under a program drafted by the Ottawa Area Intermediate District.

Also approved was a recommendation to adopt the proposal of the Industrial Appraisal Co. for a reappraisal of school district owned properties in the amount of \$4,180. This will be the first appraisal of school property in 10 years for insurance

purposes.

A letter from William Lalley confirmed approval of 14 area school districts comprising the nine in Ottawa Area Intermediate District and the north tier of four districts in Allegan county into district 33 of the 49 districts in Michigan known as Career Education Planning District, often referred to as vocational and career training.

The board went on record, however, as opposing a state plan to redistribute some 50 or more area school districts into 17 regions. This plan was described in a letter from Dr. John Porter, superintendent of Public Instruction in Michigan, who said hearings were being scheduled around the state on the new plan.

On recommendation of the committee on buildings and grounds, the board rejected all bids on the sale of a few school-owned lots on Washington Ave. since the highest bid was still 10 per cent under appraised value. Payment of taxes is now required on unused school-owned lands.

Announcement was made of an HEW allocation of \$17,944 for the Head Start program in Holland next summer.

A new program for Holland High School English, as proposed by David Lightfoot, chairman of the English department, was adopted. This program continues to call for six semester hours of English for graduation, but the new flexible program allows greater choice including several nine-week courses for a half credit.

The English program is being enlarged to provide advanced speech, debate, forensics, creative writing, expository writing, research, business English, English grammar, pre-college English, journalism, yearbook, reading courses, theatre, acting, drama, literature, contemporary novel, detective literature, folklore and humor, humanities, mass media, poetry, myth-

Mrs. M. Hadden Tells Questers About Spoons

The Elita Fox Chapter of Questers met Monday at the home of Mrs. Mayo Hadden for a Valentine party. Mrs. Hadden presented the program which she entitled, "It's Fun to Spoon."

Mrs. Hadden stated that when man learned to make semi-liquid food it seems likely that he had to scoop it up with a piece of wood. A chip of wood was called a spoon and from that the word was derived.

After the wood chip, spoons made of bone, slate or shells were used. Several references to spoons are found in the Old Testament, especially in Exodus and Ecclesiastes. Spoons are the earliest things that were made of silver.

Early English spoons include "The Apostle Spoons," a set of 13 spoons with a different apostle on each handle. These were popular for about 200 years, from around 1450. Original sets of "Apostle Spoons" are rare with the earliest known dated 1536 and acquired by J. Pierpont Morgan. After 1670 spoons became more popular in England and patterns were copied in America.

By 1820 spoons were made in three sizes, dessert, teaspoon and tablespoon. There were few silver knives and forks before 1850. Sterling was not used until 1860 while silver plate was invented in 1742.

West Ottawa Drops Game To Kentwood

KENTWOOD — The Kentwood Falcons, undefeated in the O-K Red Division, walked all over West Ottawa Friday night by a 80-49 score. The basketball game was played in Kentwood's fieldhouse.

"They're small but quick" replied West Ottawa's coach Joe Lauch, and fast they were. This was not one of their better games and the Falcons were slow getting started but still managed to outscore West Ottawa in every quarter.

The Panthers made numerous mistakes throughout the game and were never a threat to the Falcons last break. Had West Ottawa enjoyed a good night they could have upset the Falcons as two of Kentwood's big guns were in serious foul trouble early in the third period.

Joe Beel and Greg Ford each had four fouls with only two minutes gone in the third period but the bench strength of the Falcons was more than enough to keep them out front. And then there was the cool hand of Dan Van Pernis, the Falcons big center, who constantly bugged the defense of the Panthers with his excellent faking and fine shooting.

The Panthers scored only seven points in the first period and six in the third and that doesn't win basketball games especially when you are playing the conference leaders. The Panthers were throwing the ball away at a rapid pace, 26 turnovers in all and for five minutes in the period couldn't hit the hoop. Quarter scores were 18-7, 30-19, and 61-36.

Mike Gorman kept the Panthers respectable as he scored 16 points. He was the only West Ottawa player to get double figures. Gorman also led in rebounds.

Tim Glupker and Con Zommermand each scored eight points for the losers. The leader for the Falcons was Van Pernis who led all scorers with 26 points. At one time Van Pernis was a resident of Holland and would have been playing for the Panthers had his family not moved.

West Ottawa shot at a 35 per cent mark compared to the Falcons 49 per cent. The Panthers now only have two more shots to win a game this season and the first comes this week as they host the Christian Maroons followed by Grandville.

The reserves dropped a thriller to Kentwood 59-55 in a game that wasn't decided until the last minute. The little Panthers put on quite a last period scoring binge as they mustered 26 points. In the first three periods they scored only 29. Kelly Vanderploeg was high point man with 20 points followed by Jack Murdock at 16.

Christian Chalks Up 88-64 Win

Holland Christian's basketball team went over the .500 mark for the season Friday night by defeating a game Kalamazoo five, 88-64. The game was the final home appearance for the Maroons, and was the seventh sell-out in the nine contests in the Civic Center.

The Comets from Kalamazoo proved a tougher foe than anticipated, as they stole the ball several times off their zone defense, and hit 52 per cent of their shots in the first half, including 61 per cent in the first quarter. They also hit 50 per cent in the third quarter, before cooling off to 23 per cent in the last period, ending the game with 24 baskets in 56 tries for 43 per cent.

Christian, after a 36 per cent first half, made 51 per cent after the intermission, for a game total of 29 baskets from 65 shots, for 44 per cent.

Kalamazoo Christian, behind the deadly shooting of center Bob Jager and guard Dick Timmerman, took an 18-11 lead at the quarter.

With the Comets on top 21-13, the Maroons fought to a 21-21 tie, with Mr. Consistency, Dan Plasman, notching eight of the points. Plasman with 14 and Dave Mulder with nine, scored all except three of Christian's 26 second quarter points, enabling the Maroons to lead 37-36 at the half.

In the third quarter the lead changed hands four times before big Chuck Visser put the Maroons ahead to stay, 43-41 at the 5:57 mark. Christian was successful in working the ball into Visser in the period, and he responded with 11 of his 13 points. The Maroons held a 56-51 edge going into the final eight minutes.

Mulder put the Maroons up by eight, 63-55, and after the Comets made it 65-59 Christian ripped off 16 points to decide the outcome. During this spree Plasman hit two free throws, Rick Klompemaker a basket, Ray Schrotenboer six straight points, Steve Vogelzang a basket, Plasman two charity tosses and Terry Grassmid a bucket, making the score 81-60 with 2:08 left to play.

Mulder, playing one of his top games of the season, led the Maroons to a wide 50-27 margin in rebounds as he accounted for 14. Klompemaker also did a fine job on the boards, while Rick

Smith, although scoring only two points, turned in a commendable floor game, relieving Tom Klaasen and Schrotenboer.

Seniors playing their last home game for the Maroons were Mulder, Vogelzang, Schrotenboer, Plasman, Klaasen and Smith.

Plasman led the scoring parade with 27 points, equaling his season high. His average is now just short of 22 points per game, with his lowest output being 15. Mulder was next in scoring with 18. Visser added 13 and Schrotenboer 11. Jager, with 20, led the Comets while Timmerman followed with 15 and John Post 12.

Christian takes its 8-7 season record to neighboring West Ottawa next Friday.

In the reserve contest the Maroons recorded their sixth win against eight losses by turning back the Comets 71-56. Christian held the lead at every quarter stop, 17-12, 36-23 and 57-40.

Dave Siegers paced the win with 21 points and Ray Buurman had 16. Ron Ehlers connected for 13 for the Comets.

Arlene Shirley Eilander, 26, of 72½ East 17th St., suffered minor injuries when the car she was driving east along Eighth St., was struck from behind by a car driven by Frederick John Staat, 21, of 1381 West 32nd St. Sunday at 11:47 a.m. Police said the collision occurred 201.6 feet east of Garretson Ave.

It's Wild! But Hope Tips Police In Benefit Game

The final basketball game of the World Series, Super Bowl, state finals or just name them all was held Thursday evening in the Civic Center between the Holland Police Department and the Hope College Faculty and Staff.

The Hope team, with those clever cagers from Carnegie Gym on the Dutchmen campus, nudged the Police Department, 37-31 before more than 750 enthusiastic fans that showed up for the benefit contest. Proceeds of the game which amounted to \$288 will go to a worthy city project.

Hope jumped out to a 12-7 first period margin and were never headed. The Dutchmen led at the half, 18-16 and at the end of the third quarter, 32-25. Jack Langeland of the local police led all scorers with 13 points while Jim Stilles was high for Hope with 10.

Police Chief Charles Lindstrom added nine markers while

Ray Smith, football coach at Hope showed that he knew what a basketball was for by dropping in eight points.

Henry Vander Ploeg coached the police team while Norm Japenga, assistant everything at Hope, directed the Dutchmen squad.

Mayor L. W. Lamb Jr. and his brother Jim, and Mike Baker worked the game as officials. Jim Lamb delighted the crowd by wearing different types of clothing throughout the evening. Avery Baker entertained as fugitive from Women's Lib.

A Spanish-American dancing group dressed in costumes, under the direction of Yolanda Alvarado performed at the half. Becky Rivera was the announcer.

The police showed that they really aren't bad losers at all, as they entertained (socially) the Hope College cagers after the tilt.

Childhood Present Charms Listeners

The electric organs used widely in today's music are a far cry from the old hand-cranked organs popular in the early part of the century, but some of the old instruments are still around to offer competition with hymns, marches and the popular music of the day.

When John Piers, 199 East 15th St., was five years old in 1914, his late brother-in-law and sister, Mr. and Mrs. William Mulder, presented him with "The Gem Roller Organ" and 26 rollers. Today the organ is still highly operable and Piers has three grandchildren who would love to have Grandpa mellow in his protection of the old toy.

The imitation dark walnut case is 16 inches long, 14 inches wide and nine inches high with gold scrolled designs trimming the top and sides. A crank on the front turns the roller and operates the bellows which supply air to the valves to produce the accordion-like sounds of such familiar old songs as "Listen to the Mockingbird," "Massa's on de Cold Ground," "General Grant's Grand March" and "Amazing Grace."

With the cranking motion, the wooden, brass-pegged rollers trip appropriate valves to produce sound.

Printed directions on the base of the organ indicate it was patented May 31, 1887, and the date Jan. 22, 1898, is stamped

on the wood.

According to a 1902 advertisement for such an organ in the Sears, Roebuck and Co. catalog, the reeds used are the same as those in a "parlor organ" and the tone is similar. The mail order firm also listed the instrument at \$3.25, reduced from \$4.20, including three free rollers.

Piers said he played the music box constantly as a child but it is now kept in storage except for occasional demonstration for family and friends. He has performed some minor maintenance, such as re-gluing the felt pads on the valves and tuning by bending the valve stems, over the years but generally the old organ is in good condition in spite of signs of age.

Piers, a Sentinel press room employee, has no idea what price the instrument would bring as an antique but said a gentleman he encountered in Frankfort last summer wouldn't part with his for any price. Asked if he'd sell if the amount was right, Piers replied with a grin that he'd have to think twice about it.

Public Relations Of Court Scored By Commissioner

GRAND HAVEN — Bert Schuitema of Holland township, fast gaining a reputation as the "Will Rogers" of the Ottawa County Board of Commissioners, doesn't think much of the public relations in the district courts of the county.

He told the board Monday of an incident in which the presiding judge refused to go out to a hall in Borculo to marry a couple. The judge told the couple they would have to come to his office during office hours. But the couple had sent out invitations, listing the hall as the place for the wedding.

"The groom was really mad," Schuitema said. "I think the judges are losing out with their public relations. We commissioners have no authority over the judges and can't tell them what to do. We can only see to it they get paid."

The commissioner did not relate whether the couple finally got married or where they got married. "It really burned me up," he told the board.

Jerrien Gunkin of 337 West 33rd St. Police said the Daniels car skidded 31.5 feet before impact and the Gunkin car was shoved 65.9 feet after impact.

MISS CAMPUS LIFE SWEETHEART — Wanda Schutt, a West Ottawa senior and the daughter of Mr. and Mrs. Raymon Schutt, 14105 Barry, was chosen Saturday night as Miss Campus Life Sweetheart in a pageant in Hope College's De Witt Cultural Center. She was chosen according to a four-part selection including a penny-a-vote portion, a judges' vote based on appearance, poise, grammar, clarity of thought, her formal presentation, her unprepared answer to a question relating to current events and a personal testimony of her Christian life; an audience vote; and a vote among the girls themselves. Other candidates were Pat Sternberg of Hamilton High, Kris Van Koeveing of Zeeland High and Amy Severson of Holland High. Judges were Dan Donigan, who also provided special music, and Mr. and Mrs. Wendy Collins. Miss Schutt's escort was Rudy Mascorro while Sandy Moser managed her campaign. A member of Grace Reformed Church, she plans to enter Spring Arbor College to study either missions, social work or teaching. (Sentinel photo)

Holland Given '1' Factor In Allegan Assessments

ALLEGAN—Only three cities and two townships were accorded "A" for their assessments of real and personal property, according to a tentative report from F. D. Rawlinson, director of the Allegan county equalization department.

Rawlinson, who will be stepping down as director on Feb. 28, submitted a preliminary equalization report to the Board of County Commissioners Tuesday which indicated that the cities of Allegan, Fennville and Holland and the townships of Saugatuck and Watson would be entitled to multipliers of one.

An assessing district with a multiplier of one theoretically has assessed all of its real property at "50 per cent of true cash value" in accordance with state law.

Cities and townships with a multiplier larger than one will have their assessments increased to bring them in line with the rest of the county and state.

Multipliers ranged from one 1.359152 which was given to Lee township in the tentative report. Other townships which will have substantial increases in assessments are Dorr, given a multiplier of 1.227852 and Ganges, where assessments will be increased by 1.213624.

The preliminary report will be published in the county next week to give taxing units a chance to study the figures and possibly appeal them to the county board's equalization committee.

Equalization Director Rawlinson will leave his job Feb. 28 to go into private business. His assistant, Robert McKinley, already has been named to succeed him.

In other business at Tuesday's board meeting, commissioners voted to direct the county operations committee to investigate reasons for a decline in public libraries' statutory

COME ON PENNY — Cindy Tamminga, senior at Holland Christian High pushed her penny in the penny push race in the homecoming events at Holland Christian High last week. The seniors took the honors in this event, but the junior class came on top with total number of points for the week.

Juniors At Christian Capture Homecoming

The junior class at Holland Christian High showed they could outscore the seniors and the Sophomores last week as they held homecoming activities throughout the week.

The three classes were in competition with one another in special events held during school and noon hours. Points were awarded to the class who placed first in each event.

On Monday the seniors outwitted the others by packing the largest snow mound around a pine tree in front of the school. Tuesday the Juniors won in the Volkswagen contest, pushing the cars for a quarter of a mile.

On Wednesday a cheet contest was held and an impersonation day with the theme "Be Someone You Always Wanted to Be!" The winning points were divided between senior Clyde Scholten as "Geraldine" and sophomore Helen Meusen who came as "Aunt Jemima."

Then Thursday the students held a penny push contest across the gym, and six hungry guys wolfed down blueberry pies topped with mountains of whipped cream. Sophomore Brian Van Fassen ate the fastest.

A surprise sweepstakes was held Thursday, as an eerie sound was heard over the intercom, and 800 students made a

dash for home plate. The juniors took the honors with Dave Rouwhorst reaching the plate first.

Friday the week-long activities came to a close with a pep assembly in the afternoon. The junior class was then awarded a five gallon spirit jug for being the winners, and the festivities ended with six male cheerleaders in white leggings and maroon sweaters leading the cheers.

In the evening the class of 1947 were treated to a dinner in the high school gym.
