The effect of properly fitted glasses is almost marvelous. You can see so much better, read so much better, feel so much better, that you are amazed. And yet people will go on through life, sometimes half blind, always uneasy, at times in dreadful pain, simply for the lack of proper glasses.

CITY AND VICINITY.

Senator Kelly has introduced a bill in the senate prohibiting free lunches in saloons.

Passengers on the train from Grand Rapids last Monday evening were badly shaken up by the accidental breaking of the piston rod of the engine. The jar caused by the sudden stopping of the engine threw many of them from their seat but no one was seriously injured.

Cyrus Harris, one of the old pioneers of this county, died Sunday, at his home on State road near Pigeon Creek at the age 82 years. He had for about thirty-five years been a resident of that locality. His wife passed away last June and the old gentleman had been in failing health for some time.

Ottawa county will be 71 years of age as an organized county March 2.

Miss Jennie Hyma has taken a position as clerk in A. I. Kramer's dry goods store.

Born to Mr. and Mrs. Barney Cook, 331 Columbia Avenue, Sunday—a daughter.

Miss Lizzie Van den Berg has resumed her position as clerk in J. Wise's store after a two weeks vacation.

Marshall Kamferbeek, who has been suffering with the grip, has recovered sufficiently to resume his official duties.

The oyster supper given Saturday evening by the ladies of the M. E. church was a great success netting over \$40.

The four-year-old son of Mr. and Mrs. Eugene Dornig, East Ninth street, died last Friday evening. The remains were taken to Ganges for burial Saturday.

Representative Lugers has introduced a bill for the incorporation of Christian Reformed churches on a basis toward congregational form of government.

The new hotel that is to be built upon the shores of Spring Lake by Mr. Broderick of Chicago, will be a three story frame structure and will cost from \$8,000 to \$10,000.

The list of delinquent taxes for the year of 1898 for Ottawa county is published in this issue of the News on pages 6 and 7. Extra copies may be procured at this office.

Holland city's treasurer returned only \$447.71 of which amount \$96.20 was state and county tax, out of a total roll of \$59,405.90. This is a record, probably, that no other town of its size in the state can equal.—G. H. Tribune.

M. Van Regenmorter and sons, John and Artie, of Macatawa, have had a force of workmen engaged in harvesting ice at the park the past few weeks. The work of filling their house was completed this week. Chas. Knutson completed the work of filling the Macatawa hotel ice house Monday.

The fire department was called out Monday evening by a fire in the barn on the premises of C. A. Stevenson. The blaze started in a pile of dry kindling wood stored in the barn and was probably caused by a lighted cigar carelessly thrown by someone from the sidewalk. It was extinguished before damage was done.

Mr. and Mrs. John Schouwenaar went to Grand Haven Monday to attend the funeral of Mrs. Adrian Schouwenaar, who died at the home of her son, Joseph Schouwenaar, of Grand Rapids, Thursday February 14. Deceased was born in the Netherlands and was 73 years of age. She is survived by two sons, John, of this city and Joseph, of Grand Rapids.

A salting house for the Heinz Pickle Company will be erected at Hudsonville this spring. Messrs. Wolf, Chamberlin and Hugh of that place, and Messrs. Kok, Klunder, Ringerwold, Vredeveld and Van der Boeve of Zutphen have guaranteed to raise 200 acres of pickles required. Each pickle raiser is to contribute \$5 per acre, which is to be used to build the factory.

Dr. F. M. Gillispie, Paul R. Koster, Ed Van der Veen, Dr. Frank Devries, Geo. H. Shaw, Fred Steketee and Archie Johnson attended a meeting of the Hypo club held at the home of Dr. Beuker, of Graafschap last Monday evening. The evening was devoted to a discussion of photography and many suggestions of value to amateurs were given.

The M. E. Aid Society will hold a "Rummage" sale in the back part of the shoe store of John Elferdink, Jr., every Saturday until further notice. Cast off clothing, discarded furniture, bedding, dishes, or anything else saleable will be thankfully received by the ladies for this sale. Either send them to the store or notify Mrs. Elferdink, who will see that they are collected.

4,000 yards of imported Torchon laces at 5 cents a yard during next week at John Vandersluis. Also a big line of embroideries at special low prices during next week.

Chief Wilbur of the vital statistics division of the secretary of the state's office has completed the compilation of deaths occurring in Michigan during the year 1900. The total was 33,330 and the rate per thousand of population 13.9 as compared with a total of 33,159 and a rate of 14.1 for 1899.

Senator Kelly disclaims any responsibility for the bill introduced by him to prohibit the serving of free lunches in saloons. He refuses to father it, but says he was asked by a constituent simply to introduce it, and he did so. Mr. Kelly says very frankly that he has nothing against free lunches.

The ladies of Artie Van Dine Hive No. 776, will celebrate their anniversary next Wednesday evening, February 27, at the K. O. T. M. hall. All members are requested to be present accompanied by their husbands. Those not married may invite a friend. A special program has been arranged and a good time is assured.

A despatch from Lansing says that Frank Ley, of Grand Rapids, will be the next deputy labor commissioner and factory inspector for the western district to succeed Fred J. Addison, of Muskegon. The district has been revised, formerly having twelve counties but now only Kent, Ionia and Ottawa are included. The place is worth \$1,000 a year.

The midwinter examination of the peach buds in the fruit districts of northern Indiana and southern Michigan shows not only that the trees are abundantly budded, but that the buds are in a healthy and vigorous condition. Fruit growers say that the rest of the winter holds but little danger in store and there is every prospect that the peach crop this year will be the largest of any previous season.

Few people realize the good work done by the Holland & Saugatuck railway company this winter. Despite the snow good time has been made on the road and very few trips have been missed. The past week has been a trying one. Snow is piled high and solid in the cuts between here and Saugatuck but the cars keep on running and make pretty good time. The new vestibuled car after making a round trip is completely covered with snow and resembles a Pere Marquette engine that has had a two days siege in the snow banks at Petoskey and Charlevoix.

One of the most prominent and influential republicans of Holland has an idea regarding the nomination of a school commissioner at the convention to be held in Grand Haven February 26. He says that it would be an appropriate act of courtesy on the part of the republicans of the Cities of Grand Haven and Holland to refrain from voting in the convention and leave the matter of selecting a nominee to the delegates from the different townships, for the reason that it is a question that concerns the townships and not the cities and they should be allowed to choose a man suitable to them.

Governor A. T. Bliss will deliver the address of welcome at the Lincoln and Young Men's Republican clubs banquet to be held in the Auditorium at Grand Rapids Wednesday evening, February 27. Among the noted men who will respond to toasts are Gen. E. C. Otis and Isaac Miller Hamilton, president of the national league of Republican Clubs. The banquet will be open to all republicans whether individually invited or not, but as there will be accommodations for but 1,000 guests those from Holland desiring to go should order tickets at once as the 1,000 limit will not be exceeded in the sale. Tickets may be ordered by mail of Alvah W. Brown of Grand Rapids.

Lent began Wednesday.

The republican city caucus will be held in De Grand street hall tonight.

Born to Mr. and Mrs. Peter Remers West Fourteenth street, Tuesday—a daughter.

Prof. John B. De Motte will lecture on "Python eggs and the American boy" at Winants Chapel, Saturday evening March 2.

The Rev. Dr. E. Winter presented his little daughter, this week, with a beautiful cabinet grand Lindeman & Sons piano.

John B. Mulder, manager of De Grandwet, will give a sleighride party to the employees of that paper tomorrow afternoon. They will go to Zeeland.

The report of the First State Bank, which appears in this issue of the News, shows that the affairs of that institution are in a remarkably good condition.

Rep. Lugers has introduced a new primary election bill in the house. It is a general law and provides simply that all party caucuses shall be held on the same day and at the same time, and that all party primary tickets shall be printed upon the same ballot.

The wall paper campaign is opened. Bert Slagh, the well-known dealer, has marshaled his forces for telling attacks and will keep on advancing in the work of taking care of his rapidly increasing trade. If you wish to find out all about the first engagement read his ad. in this issue of the News.

Attorney George A. Farr of Grand Haven congratulated G. J. Diekema upon his appointment to the Spanish claims commission as follows: "No one deserves such a high place more than yourself and none can fill it better. No appointment, not even my own, could give me greater pleasure."

Miss Bessie Belle Thew, of Grand Rapids, is considering the advisability of organizing a class in elocution in this city and will be here next week to consult with those interested in the study. If she decides to come it will be a good chance for all interested to take up the work as Miss Thew is a very good instructor.

Major Scranton Circle, ladies G. A. R., will serve a "Washington Tea" at the home of Mrs. J. H. Lamoreaux, 276 Pine St., on Saturday, Feb. 23, from 6 to 9 o'clock p. m. For 10c. you can get a fine supper. The rooms will be prettily decorated with the national colors, and we assure you a pleasant evening. You are invited to come and bring your friends.

Circulars are out inviting every Prohibitionist in Ottawa county to attend the mass convention and Corbett's Prohibition Institute to be held in the court house, Feb. 27 at 9 o'clock. The convention will open with organization and invocation and music. What can a woman do to help the Prohibition party? by a W. C. T. U. member; The duty of the Preacher, by a Prohibition minister; Address by State lecturer, Fred W. Corbett; Election of 11 delegates to the state convention at Kalamazoo, March 6; Nomination of candidate for county school commissioner; Filling of any vacancies in the county committee; 3:30 p. m., open parliament—subject, Methods of Work, led by state lecturer, Fred W. Corbett.

WONDERFUL MIDWAY AT THE PAN-AMERICAN EXPOSITION

THE amusement feature of the Pan-American exposition will cost \$3,000,000. To stray upon such a Midway of wonders as is being provided has never been the privilege of any human being. The variety and quality of novelties are superior to any ever seen at any exposition. The altitudinous wonder will be the Thompson aerio-cycle, a new invention by Frederic Thompson. To the Pan-American exposition this will be what the Ferris wheel was to the Chicago exposition and the Eiffel tower to the Paris exposition. It resembles

cuples 95,000 square feet of space on the Midway. The large number of Mexicans who will be in charge will be attired in their native dress. Here will be seen the stores and the army headquarters for the convenience of the company of 100 mounted men, or as they are known in Mexico, "rurales," who will attend the exposition by order of President Diaz, of Mexico.

"A trip to the moon" on the airship "Luna" or any of the Aerial Navigation company's flyers will be offered to visitors to the midway. This is a

the walking beam of an engine or the "teeter" of boyhood. At each end of a beam of structural steel is fixed a revolving wheel in which four cars are hung after the methods employed in the construction of the Ferris wheel. When one wheel is down, taking on or discharging passengers, the other is at an altitude of 275 feet, revolving slowly at that dizzy height, so that the passengers in the cars may have a wonderful view of the exposition and surroundings. The aerio-cycle will be operated by power from Niagara falls and illuminated by 2,000 electric lights.

The Indian congress of the Pan-American Midway will include much that has never been seen before. Forty-two tribes will be represented. The assemblage will include many noted chiefs, and the programme of entertainments will be varied and exceptionally exciting. There will be sham battles between the Sioux and their allies on one side and the Blackfeet and their allies on the other. Before the hours of the battles, bands of mounted Indians in all the glory of war paint and feathers will be seen passing and repassing the spectators' seats, chanting their war songs and

startling illusion, and it promises to make a great hit.

"Venice in America" will be a faithful reproduction of the Italian city itself, and there will be gondolas and gondoliers and Venetian music.

In addition there will be an "Indian congress," depicting life on the plains; the "war cyclorama," which will picture great battles; the "infant incubator," the wonderful spectacular production of "Cleopatra," the "Esquimaux village," the extraordinary illusion "around the world," the "cinograph," presenting realistic pictures of important events; the "glass blowers," who will give exhibitions of plain and fancy glass blowing in a specially constructed factory; the celebrated Turpin "pan-opticon," the spectacular, "Jerusalem on the morning of the crucifixion," "Colorado gold mine," "house upside down," an improvement upon the "house topsy-turvy," which was an attraction at the Paris exposition; "darkness and dawn," "Hawaiian volcano and theater," "Japanese village," "African village," "animal show," "moving pictures," "dreamland," "old Nuremberg," "Johnstown flood," "ostrich farm," "captive balloon," "scenic rail-

AGRICULTURE AT THE PAN-AMERICAN EXPOSITION.

THE exhibit of live stock at the Pan-American exposition at Buffalo next summer will include all varieties and breeds of domestic animals. Arrangements have been made to accommodate 25,000 animals on the grounds. Liberal prizes in all classes will be offered.

A fashionable horse show will be a prominent feature of the display and will include harness horses, saddlers, jumpers, etc. This exhibition will be fashioned on the lines of the Madison Square garden show and will be held in the Stadium.

A model dairy, composed of all breeds of milk cows, will be in operation during the six months of the exposition.

A great display of the varied agricultural products from the various states, provinces and countries of the western hemisphere will be made in the Agricultural building, covering two acres.

Awards for all meritorious exhibits will be made direct to individual exhibitors.

The closing of the nineteenth century has witnessed marvelous strides in the improvement of methods in the dairy world. Formerly the whole dairy business was conducted largely by "rule of thumb." Instead of a vocation requiring a certain apprenticeship, it is fast becoming an exact science, in which chemistry and bacteri-

in the United States and Canada. The great countries to the south of us, Central and South America, are eager for American dairy products, and, with more people from these countries visiting the exposition in 1901 than have visited the United States and Canada in the past half century, the great commercial opportunity to exhibitors of dairy products and supplies needs no further comment.

A large, beautiful building, located near the Agricultural building, will be devoted exclusively to dairy products and dairy apparatus.

All the milk products will be exhibited in glass cases, properly refrigerated for the purpose of maintaining as far as possible the texture and quality of the products on exhibition. Exhibitors whose products form a portion of their state or provincial displays will not be charged for exhibit space, but individual exhibitors will be charged \$1.50 per square foot for space occupied.

The exhibit of dairy appliances will embody all the recent inventions and improvements made in this industry, including sterilizers, pasteurizers, separators, coolers, churns, etc.

Electric power will be furnished in the building should exhibitors desire to demonstrate the work of their machines for the benefit of the visitors.

The exhibit in the dairy division will be a selective one, and in point of

ology play no insignificant part. The increasing interest and attendance at the various dairy schools throughout the United States and Canada, the existence of great cooperative and commercial organizations for the manufacture and sale of dairy products, is an undisputed testimony to the achievements of modern science; in this great industry the government has appropriated vast sums of money to help the dairyman in his work, and this is indicative of its importance as a factor of the great food problem of the world.

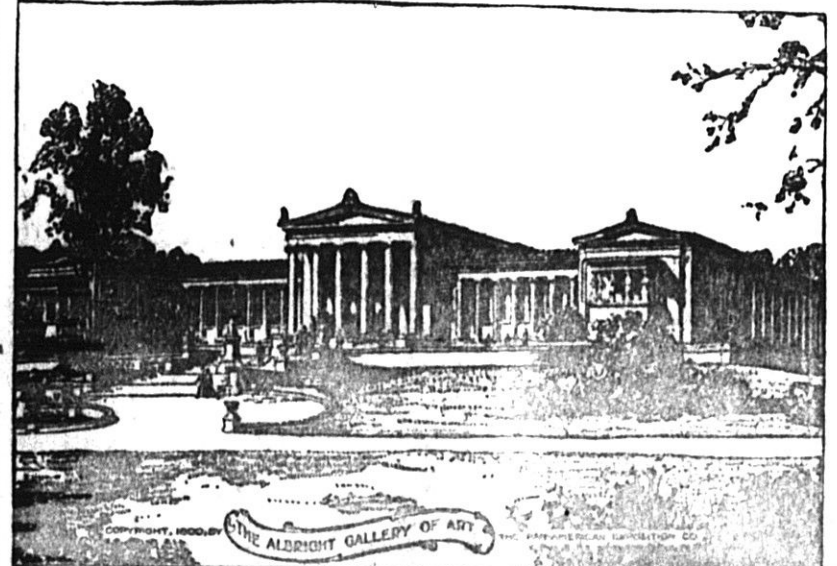

The territorial lines of the dairy belt have long since been annihilated. A few states and provinces in the east no longer enjoy the exclusive distinction of being in the dairy sections. In the Dairy building at the exposition space has already been asked for by Maine and California, Manitoba and Texas. The supposed disadvantages of soil, water, climate and food in portions of North America have largely been eliminated by the skillful dairyman, and to-day splendid representatives of dairy animals are found wherever the wholesomeness and nutritive value of milk products are known, and the increasing consumption of milk and its products bespeaks much for the future of the dairy business.

attractiveness, interest and utility will surpass anything ever before attempted.

A model dairy, composed of representatives of all the breeds, will be in operation during the entire exposition for the purpose of determining as far as possible the cost of production and the adaptability of certain breeds to special lines of dairy work. These several divisions are in charge of Mr. F. A. Converse.

Lights of Lightning.
Shocking to relate—electrically so—it will require a lightning force of nearly 10,000 horse power to meet the motive and illuminating requirements of the Pan-American exposition at Buffalo. More than half of this power will be required for the 200,000 incandescent lamps with which the buildings, Midway, lakes, fountains, canals, courts and Esplanade will be illuminated, and will be transmitted direct from the falls of Niagara. "Rise and shine" will be the Pan-American motto for 1901.

A Milking Machine.
It has been generally believed by those engaged in dairying that cows could not be milked by any mechanical device. A Glasgow, Scotland, firm claims to have a machine that will do the work and wants to exhibit it at the

Few people have any adequate conception of the present magnitude of the dairy industry. In the United States and Canada there is one dairy cow to every four persons, or 20,000,000 cows. The annual milk production is estimated at \$559,000,000; add to this the value of dairy cows, \$650,000,000, and we have \$1,209,000,000; to this add the investments in dairy appliances and we reach a grand total of \$2,000,000,000 invested in this great industry

Pan-American exposition at Buffalo next summer. The milking machine is said to be built on the pneumatic system, with valves, suction rubbers, etc.

The great pipe organ to be used in the Temple of Music at the Pan-American exposition was built to order at a cost of \$15,000.

The Mexican government exhibit at the Pan-American exposition will occupy 16,000 square feet of space.

VARICOCELE

No matter how serious your case may be or how long you may have had it, our NEW METHOD TREATMENT will cure it. The "varicocele" returns to their normal condition and hence the sexual organs receive proper nourishment. The organs become vitalized and manly powers return. No temporary benefit, but a permanent cure. NO CURE, NO PAY. NO OPERATION NECESSARY. NO DETENTION FROM BUSINESS.

STRICTURE

Thousands of young and middle-aged men are troubled with this disease—many unconsciously. They may have a smarting sensation, sharp cutting pains at times, weak organs, and all the symptoms of nervous debility—they have STRICTURE. Don't let doctors experiment on you by stretching or tearing you. This will not cure you, as it will return. Our NEW METHOD TREATMENT absorbs the stricture tissue, hence removes the stricture permanently. It can never return. No pain, no suffering, no detention from business by our method. The sexual organs are strengthened, the nerves are invigorated, and the bills of manhood return.

Cures Guaranteed

We treat and cure BLOOD POISON, NERVOUS DEBILITY, IMPOTENCY, STRICTURE, VARICOCELE, SEMINAL LOSSES, BLADDER AND KIDNEY DISEASES. CONSULTATION FREE. BOOKS FREE. CHARGES MODERATE. If unable to call, write for QUESTION BLANK for HOME Treatment, DRS.

Hearing of Claims

Notice is hereby given, that by an order of the Probate Court for the County of Ottawa, made on the 16th day of August A. D. 1898 six months from that date were allowed for creditors to present their claims against the estate of Arle De Cook late of said County, deceased, and that all creditors of said deceased are required to present their claims to said Probate Court, at the Probate office, in the City of Grand Haven, for examination and allowance, on or before the 19th day of June next, and that such claims will be heard before said Court, on Wednesday, the 19th day of June next, at 10 o'clock in the forenoon of that day.
Dated at the City of Grand Haven, Dec. 18, A. D. 1898.
JOHN V. B. GODDARD, Judge of Probate.

Endorsed by Clergymen.

Gentlemen: some personal experience enables me to heartily recommend the use of Henry & Johnson's Arnica and Oil Liniment. For external application in cases of sprains and bruises it is unquestionably excellent. It takes hold and gives relief. This is not a guess, but a word of testimony.
—EDWARD HAWES, D. D.
Dr. Hawes was for many years pastor of the First Church, Burlington, Vt. His testimony is the testimony of all who use the Arnica and Oil Liniment. It never fails to give satisfaction. Sold by all druggists at 25 and 50 cents a bottle.

seeming the very counterpart of the Indians represented in Mr. Frederic Remington's truthful as well as artistic portraits. The drama that ensues will be a lifelike representation of Indian fighting, the programme following closely the actual methods and customs of the Indians when going forth to do battle against their enemies. Later on in the programme will come the various Indian dances. The San Carlos Apaches will be seen in their medicine dance, in which they wear their peculiar headdress. Corn dances, ghost dances and dog feasts and all the typical Indian customs will be carried out just as they are performed by the Indians of the plains of the west to-day.

"The Beautiful Orient" will be an attraction of the Midway. It is described as a dazzling, romantic and realistic display of manifold charms of the east.

In the "Streets of Mexico" real life in the heart of that thrifty republic will be the idea. This concession oc-

Olympian Games.
Olympian games have been revived by the Union Athletique Internationale, with headquarters in France. The first contest was held in Athens and the next in all probability will be scheduled for the Pan-American exposition next summer.

They will be held for the most part in the stadium, which is the only artificial arena ever built to rival in size and appurtenances the famous Colosseum at Rome.

Upwards of 100 international, national and state conventions will be held in Buffalo and Niagara Falls during the Pan-American exposition the coming summer.

The grandest collection of decorative sculpture ever assembled will be seen at the Pan-American exposition.

There will be an extensive display of women's manufactures at the Pan-American exposition.

Hon. G. J. Diekema Appointed First Member of Spanish Claims Commission.

Hon. G. J. Diekema received a telegram Saturday from Senators McMillan and Burrows stating that President McKinley had decided to appoint him as the first member of the Spanish war claims commission.

The commission will be composed of five members at salaries of \$5,000 per year. The claims to be settled are those of Cuba which the United States assumed in the treaty with Spain and as the adjudication of these claims will take years Mr. Diekema will hold office for a long time.

The news of the appointment of Mr. Diekema was received with great pleasure and satisfaction by the people of Holland and all agree that a better selection could not be made. As a man, Mr. Diekema has always enjoyed the respect, esteem and confidence of the entire community. He has always worked faithfully for the best interests of his native city and has done a great deal for its advancement. He is noted for his uncompromising honesty, his fearlessness in standing for the right and his loyalty to those who enjoy his friendship. As a lawyer he has gained a state reputation for sound judgment, skill in handling cases and legal acumen. As a republican, he is of the right type, stalwart, aggressive and progressive. He has worked early and late for the good of the party. His services as a campaigner have been in great demand every year. Last fall as chairman of the republican state central committee he was a tower of strength to the party and aided materially in giving President McKinley a majority of 105,000 in this state. He deserves all the honors conferred upon him and is entitled to recognition at the hands of his party.

It is gratifying to note the tone of the state press in referring to the appointment of Mr. Diekema. All agree that the honor is well bestowed. The Grand Rapids Herald says editorially:

"The appointment of Gerrit J. Diekema as a member of the Spanish war claims commission is a worthy recognition of an able lawyer, a representative citizen and a bustling republican. The duties of the commission will call for the exercise of sound judgment, thorough honesty and much tact, and these are qualifications which Mr. Diekema can fill. The appointment to so responsible and honorable a position will be looked upon as a compliment to the entire state, and it is believed he will so conduct himself that his work will be a credit to Michigan and the government."

The Detroit Free Press says: "The appointment of the Holland Republican must be considered as a great compliment, as the bill says the commissioners must be lawyers of known ability and high standing, as many millions in claims are to be handled."

Senators McMillan and Burrows in recommending Mr. Diekema to the president for appointment said:

We are not presenting Mr. Diekema's name because he wants this place or any place; for he is not an applicant for office. But we desire to have you select him because he will be a credit to the administration and to Michigan. He is 42 years old; he is a graduate of Hope College, and of the law department of Michigan university. In 1887 he was chairman of the judiciary committee of the Michigan house of representatives. In 1889 he was speaker of the state house of representatives, and he was the chairman of the state central committee during the recent campaign. He is recognized throughout Michigan as the leading Republican of the young element of the party.

Frank, fearless, uncompromisingly honest, he is, also, an excellent lawyer with a large and lucrative practice. We asked United States District Judge George P. Wandy of Grand Rapids for a confidential and unbiased opinion as to Mr. Diekema's legal ability, and he unhesitatingly confirms our opinion as to his legal qualifications for the place.

Therefore, it is with all confidence that we commend Mr. Diekema to you as from every standpoint a suitable person to appoint as a member of the commission."

Franchise For Gas Plant Not Granted.

The gas franchise matter was summarily disposed of by the common council last Tuesday evening and it is now evident that nothing will be done in the matter of establishing a gas plant until the city officials see fit to install a plant under municipal ownership and control. The Duntun-Englisch petition for a franchise received its quietus in the following report submitted by the special committee consisting of Alderman R. H. Haberman, B. Riksen and W. Westhoek and adopted by the council:

"We, your special committee, to whom was referred the petition of John John C. Duntun and Will R. English asking that a franchise, by them to your Honorable Body submitted be passed, would respectfully re-

port to your Honorable Body that we have carefully considered said petition and the ordinance accompanying it and would therefor recommend that said franchise be not granted for the reason that it is one sided without giving due protection to the city, and that it would be giving away valuable rights without due compensation.

We have not endeavored to change or remodel said franchise or draft one in its place for the reason that said John C. Duntun and Will R. English did not comply with rule 43 of the Common Council, and therefore your said committee did not feel authorized to have said ordinance printed nor to incur any other expense."

The following petition submitted by the Grand Rapids, Holland & Lake Michigan Rapid Railway was referred to the committee on streets and crosswalks:

"The Grand Rapids, Holland & Lake Michigan Rapid Railway, believing that it will save life and prevent accident, have concluded, if proper arrangements can be made, to tunnel under the sidetracks of the Pere Marquette Railroad Company north of Seventh street in your city.

In order to do this however, it will be necessary to secure from your Honorable Body permission to make an excavation across Seventh street and to construct a bridge across such excavation.

We therefore hereby petition your Honorable Body to grant to said Grand Rapids, Holland & Lake Michigan Rapid Railway the privilege to excavate across said Seventh street and to construct a bridge over and across such excavation; all of said work to be done and performed in accordance with the plans herewith submitted and made a part of this application."

Eagle Hose Co., No. 1 petitioned for increase in wages for the members of company and the driver.

Referred to the committee on fire department.

Blom and Bertsch petitioned for a license to run a billiard hall at No. 5 West Eighth street subject to ordinance No. 148.

Granted, subject to ordinance.

Mammoth New Hotel at Ottawa Beach.

The Pere Marquette will break ground Monday for the immediate erection of a \$40,000 hotel at Ottawa Beach says the Grand Rapids Press. The plans are not yet drawn but the contractor has instructions to commence operations at once, and he will be furnished running plans so that no time will be lost. Mr. Heald, president of the Pere Marquette, was in Grand Rapids Thursday and he called on Architect William Williamson and told him that he could go ahead and put up the hotel, a rough sketch of which was prepared a year ago, at the time when Mr. Heald announced that the property at Ottawa Beach would be enlarged.

The new building which will be erected will be as long as an ordinary city square and will be imposing in appearance, stretched along as it will be facing Black Lake and the channel leading to Lake Michigan. It will be three stories high and of frame, and will be built for a summer resort hotel, but at the same time large enough so that it can be used the year round. The present hotel with its large annex will be used, but it will be only a small part, large as is, of the whole affair.

The new part will have a frontage on the channel of 318 feet and will be 64 feet deep. It is designed to follow the bend of the channel just below the present house, and at the extreme west end towards the big lake there will be a T shaped wing. The top of the T will be 152 feet long and 45 feet deep. An idea of the magnitude of the new hotel when it is added to the present accommodation may be obtained from the statement of the architect that there will be 185 rooms available for guests. This will take care of any crowd that has ever been in the resort and provides for growth.

The new hotel will contain thirty-two rooms with private baths which will be a convenience not often met with in summer resort houses.

July 1 is the date set when the building must be completed and ready not only to be turned over to the Pere Marquette, but also to be used by guests. To carry out the work the architect will rush the plans, not preparing any elevation designs or prospectives. He will furnish Henry Green to whom the contract for erecting the hotel has been awarded, the plans for the foundation and work will immediately begin.

The Pere Marquette has opened its track from Waverly to Ottawa Beach and will keep it in working order for the transportation of material for the new Ottawa Beach hotel. A snowplow had considerable hard work forcing a way through the drifts that had accumulated during the past few weeks. A force of men is now at work at the hotel.

Sudden Death of Mrs. Milo Palmer.

Mrs. Milo Palmer of this city, died suddenly at Noordeloos last Monday afternoon.

Accompanied by three of her sisters the Misses Vissers, and John Knoll, she went to Noordeloos Monday to visit her aunt, Mrs. R. Bultema, who has been ill for some time. About five o'clock in the afternoon the party prepared for their homeward journey. Mrs. Palmer went to the bedroom and kissed her aunt goodbye. She left the bed room and when she reached the other room she was seized with sudden faintness and leaned against the wall for support. Soon she sank to the floor and when her terror-stricken relatives rushed to her aid she was unconscious and to all appearances life was extinct. Dr. Van der Berg of Noordeloos was hurriedly summoned and Dr. Fisher of this city was also called. When the physicians arrived they found upon examination that death had come some time previous and was probably instantaneous.

Relatives in this city were greatly surprised to hear the sad news. Mrs. Palmer was apparently in good health although she had a slight attack of the grip the week previous. Death was in all probability due to heart disease.

Mrs. Palmer was the daughter of L. D. Vissers, the River street grocer, and her maiden name was Helena Vissers. She was a devoted Christian and will be missed by a large number of friends and relatives. Her age was 34 years.

Besides her husband, who is employed in the West Michigan Furniture factory, she leaves one daughter, 5 years of age; her father, L. D. Vissers; three brothers and four sisters.

The funeral services will be held Friday afternoon at 1 o'clock from the house and at 2 o'clock from the Central Avenue Christian Reformed church, Rev. Van Hoogen, officiating.

Deputy Sheriffs Meet with Warm Reception.

Deputy Sheriffs Hans Dykhuis, A. J. Klaver and C. Vander Noot of this city, and Austin Harrington of Holland, went out to the farm of John Weavers in Drenthe, Friday, on business connected with an ejectment matter, to collect a judgement of nearly \$250, which included heavy costs.

They met with a warm reception. Weavers, who has a reputation as a fighter had warned the officers that there would be trouble. He was not home when the quartette of officers got there, but his family were and so were two burly hired men. The women began screaming as soon as the officers stepped inside the house, and entered a protest at once. Before they could realize it there was a general row. The two hired men attempted to put officers Klaver, Vander Noot and Harrington out of doors. In the scuffle Officer Klaver narrowly missed a right hand swing, and fell flat over a washtub, but the hired men were soon overpowered and John managed to get even with the fellow that had tried to assault him. The hired men were manacled and placed where they could offer no more resistance. While this melee was going on, Hans Dykhuis was having a time of it in another room with the women, one of whom fired a chair at him. As the chair narrowly missed his head, and ruined the door, Hans is yet wondering what would have happened if it had struck him.

The squabble ended with the appearance of Mrs. Henry Weavers, a sister-in-law of John Weavers, and who lives on an adjoining farm. She was in favor of peace, and sent a messenger after her husband in Zeeland, who furnished the money that the officers demanded, to satisfy their fees, and Dr. Huizenga's levy. The hired men, who were frightened at the turn affairs took were not arrested. The officers drove back to Holland and came home last Friday night. They are wondering where John Weavers was. The latter's brother says if he (John) had been there, there would have been some gun play. Any way he wasn't there and guns were not used.

Friday's trouble grew out of the failure of the Vriesland Brick Co. some years ago, and Weavers' connection with same was to the extent of a note for \$145. If he had paid that amount at the time he would have saved nearly a hundred dollars.—G. H. Tribune.

In the present house of representatives there are but three members who are serving their third term in that body and owing to their experience in legislative usage, and also in a great measure to their capabilities, they have been assigned to the most important committees and their influence in directing and shaping legislation is plainly noticeable at every daily session. These three fathers of the house are Representatives Robert Alward of Georgetown, Ottawa county; William McKay of Caro, Tuscola

county, and George W. Rullison of Houghton. Mr. Alward is a member of four important committees, being chairman of the committee on state affairs. The committees of which he is a member are state affairs, supplies and expenses, upper peninsula asylum for insane and ways and means. Mr. Alward is president of the Legislative Farmers' club and is the leader of the farmer members of the house. As such he probably has more influence and can muster a larger following than any other member of the house. He is conservative, and whenever he speaks on a resolution or bill he commands attention from all of his colleagues. He is 56 years old and has lived in Michigan since 1863. He is a staunch republican and held the offices of treasurer and supervisor in his township for several years before being elected to the legislature.—G. R. Herald.

Harbor Appropriation Uncertainty.

The men interested in the improvement of Holland harbor have been in a troubled state of mind this week on account of the uncertainty prevailing in regard to the harbor appropriation bill.

It will be remembered that when the house of representatives passed the river and harbor bill, Holland was down for \$78,000. The first of the week the state papers contained the news that the appropriation for this harbor was raised to \$85,350. Then there was rejoicing but it did not last long for later news from Washington conveyed the information that the amount of the Holland harbor appropriation was reduced to \$54,750.

The feeling of despondency caused by this report gave way to joy last night when the report came that \$85,350 was the right figures.

So conflicting were all the stories that W. H. Beach, chairman of the harbor committee, decided to telegraph to Senator McMillan for information. At the time of going to press no answer had been received and the committee is still in a quandary.

A marriage license was issued yesterday to John Chrispell and Anna DeWitt, of Holland, both aged 18.

Magnificent Social Affair.

The event for which society waited many weeks—The K. of P. ball—is a thing of the past. At 4 o'clock last Saturday morning the sounds of music died away, hacks rolled up to the door of the dance hall and the weary dancers were whirled to their respective homes—tired, probably—but greatly pleased with the evening's entertainment.

The guests began to gather at the Lyceum opera house at nine o'clock Friday evening. They were received by the reception committee, arrayed in evening dress, and shortly after nine Breyman's orchestra sounded the strains of the grand march.

The grand march led by Mr. and Mrs. J. B. Hadden was a pretty affair. The ladies were beautifully gowned and presented a handsome appearance. Twelve numbers were danced before midnight. Then the guests went to Hotel Holland for the banquet and enjoyed a pleasant hour at the festive board. Before continuing the regular program, special dances were given. Miss Edna Allen and Will Hopkins gave a clever cake walk and J. A. Minderout sang a popular song. Then the regular program was continued until—4 p. m.

The committees in charge of the ball left nothing undone to add to the enjoyment of the evening. The hall was beautifully decorated by the Vaudie-Ribs combination Co. Bunting and the national colors were conspicuous, and on every side the words "Welcome, By Castle Lodge 153, K. of P." appeared.

The music by Breyman's orchestra, consisting of Will Breyman, Prof. Thomas Armstrong, J. S. Earle, Will Hopkins, W. A. Thomas and Miss Mabel Allen, was decidedly good and demonstrated that it is not necessary to engage music from out of the city for any of the social functions.

J. B. Hadden, Dr. Gillespie, J. C. Holcomb, J. B. Mulder, Will Olive and George Stokette were in charge of the floor and so prompt were they that there were no tedious moments. Waltz followed two-step, and quadrille followed waltz in bewildering succession and the morning hours came all too soon.

During the evening ice and punch were served under the direction of Caterer Stokette. Miss Sylvia Hadden graceful and courteous, presided at the punch bowl.

One thing was particularly noticeable during the entire evening and that was the spirit of friendliness and sociability manifested by all. The guests acted like a happy family and the prevalence of this spirit emphasizes the fact that a K. of P. ball adds life, zest and fraternity to the social world of Holland.

Miss Myrtle Beach delightfully entertained a number of friends at her home, 140 East Twelfth street, last Saturday evening. Those present were the Misses Grace, Amy and Avis Yates, Lizzie Van Zwaluwenberg, Myrtle Beach, Kitty and Edna Duffy, Amy Dosker, Blanche Howell, Esther Andrea, Carrie Harrell; Messrs. Will Damson, Claude Howell, Jim and Bob De Pree, John Winter, John Beardslee, Hoyt Post, Chester Beach.

A number of relatives from this city went to Zeeland Friday night to attend the celebration of the golden wedding anniversary of Mr. and Mrs. P. Benjamin. Besides several Zeeland friends those present were, Mr. and Mrs. Leonard Benjamin and Mr. and Mrs. A. Karremans of Grand Rapids; Mr. and Mrs. J. Benjamin and W. Benjamin of Holland; Rev. A. J. Benjamin of Appleton, Wis., Mr. and Mrs. P. Bregge and Mr. P. H. Benjamin of Grand Haven.

J. A. Minderout entertained the Tuesday Night Club at Hotel Holland last Tuesday evening in honor of Terry Steele, of Chicago. Refreshments were served and an entertaining and instructive program was carried out. One of the features of the evening was an eloquent speech by Mr. Steele on "Ethics." Mr. Yalometski spoke on "Calls and when to make them." James S. Whelan told of "A trip to the park" and Dr. F. S. Ledebor spoke on "Calls and what they cost."

The local lodge A. O. U. W. held a very enjoyable social at their lodge rooms last evening. Refreshments were served and a fine program of music and recitations was carried out. Then the guests indulged in dancing until a late hour when they reluctantly departed, profuse in their expressions of appreciation and hopeful that ere long the members of the lodge would see fit to give another entertainment.

The Unity club was entertained at the home of Mr. and Mrs. Geo. Phillips last Saturday evening. Progressive pedro was indulged in. Head prizes were won by Mrs. Martha Self and Will Zeeh and consolations were awarded Mrs. Geo. Phillips and Oliver Deto.

The Misses Christine Van Duren and Nellie Verschure, who have been visiting with Mrs. Doesburg of No. 249 Jefferson avenue, have returned to their home at Holland, Mich.—G. R. Herald.

M. E. Church Will Be Rebuilt Soon.

The insurance adjuster, representing the companies that carried the risks on the M. E. church, was in the city this week and allowed the society the full amount of insurance, \$2,800.

This sum together with the amount raised by subscription will form a substantial fund for the erection of a new church and the board of trustees are now busy with plans and building arrangements. Work will be started without delay and in a few months the congregation of the M. E. church will worship in one of the finest buildings in Holland.

ADDITIONAL LOCAL.

E. F. Sutton, the Eighth street liquor dealer, was arrested by Marshal Kamferbeek today for violating the liquor law.

The February tea meeting of the M. E. Aid society will be held at the parsonage on Tuesday, Feb. 26. Business session from 2 to 3 o'clock, after which refreshments will be served. The February tea is always held at the parsonage, and we know by experience that all who attend will enjoy the afternoon. Ten cents will be charged at tea. The ladies are always grateful for the patronage they receive from the public.

Dr. Enoch P. Cummings, for 30 years the leading dentist in Grand Haven, is dead at the Kalamazoo infirmary, aged 63 years. Dr. Cummings had a state reputation as a dental surgeon. He was a native of New Hampshire, and a Grand Haven pioneer. He is survived by his widow, two sons, Edward P., superintendent of the Grand Haven schools, and Herbert T. Cummings, a dentist of that city. He was a prominent Mason and Workman. The remains will be taken to Grand Haven for burial.

Prof. DeMotte is one of the greatest lecturers in the country today. He has had more engagements during the last two years than any other prominent lecturer. He has been booked in all the great Y. M. C. A. and Star Courses in this country; there is scarcely a prominent course in Pennsylvania, that he has not been in from one to five times. Many towns have taken him on his second round, that is have used all his lectures once and are now taking them the second time. He is not only an able and enterprising speaker but a scientist and investigator of mental and moral characteristics of highly recognized ability. As a lecturer, scientist and teacher, he is unique. —Philadelphia Lecture Bulletin.

Hope College News.

An orchestra has again been formed by the students. Its officers are John Hoppers, president; B. Kleinbesseltink, secretary and treasurer. It now has eight instruments, a cello, a double bass, a clarinet, a flute, a guitar, two first violins and one second violin. Other instruments may be added. The orchestra will certainly be successful under its able conductor, Will Breyman. The double bass used by the orchestra is the gift of Dr. Kollen.

The prayer meeting topic Tuesday evening was "God's School," 1 Peter 1:12. Mr. Vander Schoor was the leader.

The Y. M. C. A. of Hope College will be conducted tonight by Evangelist Smith.

Prof. J. B. De Motte at Winants Chapel March 2.

The last regular number of the Hope College lecture course will be given at Winants Chapel Saturday evening March 2. Prof. John B. De Motte will deliver his famous lecture on "Python Eggs and the American Boy."

This distinguished lecturer appeared in Holland a few years ago and all who heard him agree that he is one of the best that ever addressed a local audience. Concerning his ability the Maryville, Mo., Tribune says:

"No man in the United States is accomplishing more good than Prof. De Motte. There is nothing of the sensationalist about him, but with his elegant actions, fine presence, ripe scholarship, ability as a thinker and reasoner, and exalted ideas, what a man he is! He is a man of the world, a practical scholar, a profound student of human nature, who has successfully grappled with the problem of Life, and who is teaching a lesson that should be learned by every young man and every young woman in this land—the lesson that impurity and immorality will undermine them physically and mentally, and in the end lead them down to destruction. No man or woman, capable of thinking or being instructed, ever heard Prof. De Motte without being impressed and benefited."

Reserved seats are now on sale at Hardies jewelry store. Prices \$5 and 75 cents.

A Clear Head.

To the engineer who has the powerful forces of nature under his control, the possession of a clear head is an absolute necessity. He must have a head that is quick and ready, wide awake and ever on the lookout to meet emergencies. A clear head must be free from aches and pains, because they weaken the nervous force and divert the attention. It must not know dizziness, dullness, melancholy, depression of spirits, nor nervousness.

"I am an old railroad, and a few years ago I became so run-down in health that I thought I would have to resign my position. I was tired all the time, was restless, and had no ambition to do anything. I had a queer feeling in my head and was so nervous and unstrung that the least noise would startle me. I could get no relief until I began taking Dr. Miles' Nervine, and three bottles cured me."

JOHN HESS, DeGraff, Ohio.

Dr. Miles' Nervine

Relieves every form of head trouble and gives to the entire system that vigor, energy and snap that make clear-headedness. Try a bottle for yourself.

A Ghost Story.

The Grand Haven Tribune is responsible for the following ghost story: "Peach Plains has a haunted house. The large brick house on the old Behm place, just north of the river road, at present occupied by a family named Howard, is infested with evil spirits, or a ghost has taken up its abode there. At any rate there is something wrong. It is said that the presence of the ghost has been known by all of the recent occupants, and that none of them remain long. Henry Howard moved there from Agnew three months ago and has been living there ever since. He says the ghost made itself manifest the first night he lived there. It has been heard at least one night a week since. Horses passing there at night when the phantom is on parade, become very frightened, and cattle have been known to become terror stricken. Two persons have died in the house from natural causes but Mr. Howard believes that the ghost is that of a murdered man, and that the wails and cries and the sounds of tramping that come from his basement, are made by the spirit of some poor wretch, who was lured into the basement and put to death. The house has been unoccupied at times and its present occupant believes that a murder was committed there. To prove his theory he can show blood stains on the brick of the basement, and he, and all the neighbors are of the belief that an investigation would reveal the fact that a murder had been committed on the premises."

Twenty Millions in Gold From Alaska During the Year 1900.

Five millions of this came from the Nome district. Government officials estimate the output from the Nome district will be doubled the coming season. The Blue-stone, Kougark and Pilgrim Rivers have been found very rich. There is hardly a creek from Port Clarence to Norton Sound in which the precious metal is not found, and hundreds of creeks unprospected. A rich strike has been made on the Yellow River, a tributary of the Kuskokwim.

ANNUAL TAX SALE.

STATE OF MICHIGAN, ss.
COUNTY OF OTTAWA.

The Circuit Court for the County of Ottawa in Chancery.
In the matter of the petition of PERRY F. POWERS, Auditor General of the State of Michigan, for and in behalf of said State for the sale of certain lands for taxes assessed thereon.
On reading and filing the petition of the Auditor General of the State of Michigan, praying for a decree in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition will be brought on for hearing, and decree at the March term of this Court, to be held at Court House in the County of Ottawa State of Michigan, on the 18th day of March A. D. 1901, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof, before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed, and a decree will be taken and entered as prayed for in said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold under the several taxes, interest and charges thereon as determined by said decree, on the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto, as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the county seat of the County of Ottawa, State of Michigan; and that the sale then and there made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold, if any parcel of land cannot be sold for taxes, interest and charges such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.

Witness the Hon. Philip Padgham, Circuit Judge, and the seal of said Circuit Court of Ottawa County this 15th day of January, A. D. 1901.

PHILIP PADGHAM,
Circuit Judge.

Countersigned,
CHARLES K. HOYT, Register.

STATE OF MICHIGAN.

To the Circuit Court for the County of Ottawa in Chancery:

The petition of Perry F. Powers, Auditor General of the State of Michigan, for and in behalf of said State, respectfully shows that the list of lands hereinafter set forth and marked "Schedule A," contains a description of all the lands in said County of Ottawa upon which taxes were assessed for the years mentioned therein, and which were returned as delinquent for non-payment of taxes, and which taxes have not been paid; together with the total amount of such taxes, with interest computed thereon to the time fixed for sale, and collection fee and expenses, as provided by law, extended against each of said parcels of land.

Your petitioner further shows to the Court that said lands were returned to the Auditor General under the provisions of Act 200 of the Public Acts of 1893, as delinquent for non-payment of said taxes for said years respectively, and that said taxes remain unpaid; except that lands included in said "Schedule A" for taxes of 1890 or prior years were returned to the Auditor General as delinquent for said taxes under the provisions of the general tax laws in force prior to the passage of Act 200 of the Public Acts of 1893, and which taxes remain unpaid.

Your petitioner further shows that in all cases where lands are included in "Schedule A" as aforesaid for taxes of 1890 or of any prior year, said lands have not been sold for said taxes or have been heretofore sold for said delinquent taxes and the sale or sales so made have been set aside by a Court of competent jurisdiction or have been cancelled as provided by law.

Your petitioner further shows and avers that the taxes, interest, collection fee and expenses, set forth in said "Schedule A," are a valid lien on the several parcels of lands described in said schedule.

Your petitioner further shows that the said taxes on said described lands have remained unpaid for more than one year after they were returned as delinquent; and the said taxes not having been paid, and the same being now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land contained therein, and in default of payment of the said several sums computed and extended against said lands, that each of said parcels of land may be sold for the amounts due thereon, as provided by law, to pay the lien aforesaid.

And your petitioner will ever pray, etc.

PERRY F. POWERS,
Auditor General of the State of Michigan,
for and in behalf of said State.

WHAT A WAR WOULD PROVE.

Exigencies That Might Arise If England and France Should Fight.

In the event of war between Great Britain and France the first and most important part of the struggle would be for the command of the sea, says a writer in Nineteenth Century. Should Great Britain succeed in retaining the command of the sea France would thereby be reduced to a condition of impotence so far as offensive operations are concerned and would sooner or later be obliged to submit to the will of her rival, although, it is true, the war might last for a long time. If, on the other hand, France should succeed in wresting from Great Britain the command of the sea and in keeping it Great Britain would be so much more helpless and impotent than France in similar plight would be that the war would terminate quickly.

In a word, France, even without the command of the sea or anything approaching to it, remains capable of prolonged resistance, firstly, because she is a self-supporting country; secondly, because the French national sentiment and strength are already concentrated within her borders, and, thirdly, because she stands among the best equipped of the military powers, while Great Britain, deprived of the command of the sea, would collapse with relative rapidity, firstly, because she is in no sense a self-supporting country; secondly, because her national sentiment and strength are scattered over the world and cannot be concentrated save by way of the sea, and thirdly, because she is not a military power, according to the standard set up by Germany, France, Russia and Austria-Hungary.

HEIGHT OF EDWARD VII.

The New King of England Is Rather a Short Man, Says an Englishman.

"It seems to be the general impression over here that the new king of England is a large, heavily built sort of person," said an under-sized Englishman in one of the hotels recently to a Chicago Inter Ocean reporter. "The impression is gained from his photographs and from the pictures in the illustrated papers, which certainly would lead anyone to believe that Edward VII. was at any rate above the medium height. But he isn't."

"I don't know of any official record of his majesty's height, but he must be a shade under five feet five without his shoes. I know this, because I stood beside him for a few minutes at a state funeral. Now, my height is exactly 5 feet 4 1/2 inches, and I noticed that he seemed exactly as tall, but as he was broader and much heavier than I, he seemed a larger man."

"The fact surprised me, because I had never seen him at short range before. I wouldn't be so certain about it had not a friend who stood behind me, and was as much surprised at the discovery as I was, mentioned to me that he had noticed that I was as big a man as my future king."

"So, giving him the benefit of the doubt for a quarter of an inch, that's his size—5 feet 5, and the illustrations that depict him as standing nearly to the height of men of 5 feet 10 or thereabouts are either fixed up with a desire to please him—though it has never been said that he was sensitive on the point—or with the idea of letting the world at large believe that our royal personages were just as big as those of any other country."

AN EXPENSIVE CITY.

What It Costs to Support the Municipal Government of New York for a Single Year.

New York is the most extravagant city in the world. Great countries, possessing millions of square miles of territory, are governed more cheaply. One hundred million dollars! This is double the cost of the government of Mexico, with its 15,000,000 inhabitants, including the cost of Mexico's army and navy. It is almost one-third of the cost of the government of the German empire, and Germany has a population of 68,000,000. It is a quarter as great as the cost of the government of the United Kingdom of Great Britain and Ireland, including its army, its gigantic navy and the interest on its debt. France's burden of taxation is crushing that wealthy nation of 40,000,000 inhabitants, yet New York's city government costs one-sixth as much as that of France. The expenditure of the government of the United States in 1890, when the country's population was 31,000,000, was \$63,000,000, or not very much more than half the yearly cost of the support of the government of New York city at the present time, says the Cincinnati Commercial Tribune.

One hundred million dollars! This is in excess of five times the cost of carrying on the government of the imperial state of New York with a population considerably more than 7,000,000. The departments of water supply and of docks and ferries are supported by their own revenues.

INCANDESCENT LAMPS.

The Pan-American Exposition to Be Lighted by Hundreds of Thousands of Them.

In a recent interview Thomas A. Edison, the great inventor, said: "Yes, the incandescent lamp is still my pet. I feel that the best of those who are working with the lamp, even to-day, know little or nothing about it." It is evident that Mr. Edison feels that there is much about the popular incandescent lamp that is still to be developed for the benefit

of mankind. Inventor Edison's belief and statement are of particular interest at this time, because the Pan-American exposition grounds are to be lighted by incandescent lamps. Hundreds of thousands of them will be used, and the grounds will glow with greater illumination than has ever been used at any previous exposition. And then, in the evening, when day is about to give way to the coming of night, these lights are not to burst upon the sight with their full, rich glow all at once. But gradually, almost without the assembled multitude knowing it, the lamps will feel the impulse of the turning on of the mighty current from Niagara. With the stateliness and dignity of a June sunrise this change from daylight to artificial light will take place. The careful observer will notice a tinge of red in the lamp, and this will grow brighter and brighter as the resistance to the flow of the current is reduced in the great rheostat used for dimming effects. Whiter and whiter will be the glow and brighter and brighter the effect until the lamp is under full incandescence. Then the myriads of lamps will shine in all their glory to the delight of all. This lighting up in the evening will arouse the enthusiasm and cheers of every body who sees it. It will be an electric sunrise. Can one imagine the beauty of it?

FOR BACHELOR GIRLS.

Good, Wholesome Recreation Is Recommended to Them—Study Always.

Some excellent advice to bachelor girls is given by a writer in the Pittsburgh Press.

"Night work does not pay," she says. "I have known many successful women who, at the beginning of their careers, worked 18 hours a day. This may have seemed necessary, but it was not wise, although the persistence and energy which is revealed were admirable."

"The most profitable indulgence possible is that given to good, wholesome recreation, which not only improves the quality of one's effort, but also extends the time in which to win success, the active period of a woman's life. Reading should form a considerable element in a young woman's recreation. On this point I speak with conviction from my own personal experience. I can recall scarcely a day in the course of which I have not spent from one to two hours or more reading something substantial—history, poetry, political economy or historical romance. Not only have I found this one of the rarest pleasures of my life, but it has to a very considerable extent made up for the lack of a college education. Study in season and out of season. Never stop half way along any line. Master it or keep it until forced to admit it has mastered you. Never forget or overlook an old friend and make as many new ones as possible without the sacrifice of a whit of self-respect or individuality. Do this from principle, inasmuch as it is through our friends that the best opportunities of life come to us."

COLLECTS DEBTS FOR ALL.

The Belgian Post Office Has Inaugurated a New System of Clearings.

An interesting clearing system is about to be installed in the Belgian postal department for the benefit of merchants. It is designed to settle differences between debtors and creditors which are now adjusted by the exchange of numerous remittances. The system aims to establish a sort of clearing house under state control. For several years the Belgian post office has been used as a collecting agency with considerable success, but the new plan is expected to be much more convenient. For example, a merchant has 200 small accounts due to him in various parts of the country, amounting to some \$5,000. Instead of sending him, as at present, a separate advice as each amount is paid, or, as we would say, as soon as each draft is honored, the post office will simply carry the total amount of \$5,000 to his credit in the National Bank of Belgium. He will not be required to give separate receipts to his debtors, as the original schedule filled in by him at the post office serves as a formula for completing all record of the transactions to which the separate items refer.

BOY TRAVELS IN ITALY.

Impressions of an American Lad with the Training Ship Dixie in the Eternal City.

Some idea of the impressions made by travel in Italy on the mind of a boy aboard an American training ship is shown in a letter written by Jesse Cunningham, 19 years old, to his father, D. G. Cunningham. The boy lives in Chicago and has been aboard the training ship Dixie for over three months. He spent three days in Rome in December and his description of the trip follows: "I think that I saw all that is in the Bible. I saw a part of the manger that Christ was born in and cross that He was nailed to and the table He ate His last supper at. I was in St. Peter's church and the Church of the Three Fountains; that is where St. Paul was beheaded and where his head fell. It bounded three times and at each place a fountain sprang up. The water in each fountain is different from the others. I drank from each one. I visited the prison that St. Paul and St. Peter were in and saw the chains that were on their feet. I saw one person that many people try to see, but cannot, and that was the pope. He is 82 years old and they have to carry him around."

PUNY CHILDREN

TOO MANY OF THEM DIE.

Their Little Bodies Unable to Stand the Ordeal of Development.

WE THINK EVERY MOTHER IN THIS TOWN SHOULD KNOW ABOUT VINOL.

It is the Delicious Tonic We Advise for Growing Children.

Is your boy or girl pale and listless? Do they act differently from other children? Do they sleep poorly and eat poorly? Does your boy avoid the sports and games of other boys? Does your girl complain of headache and find her studies a hardship?

If so, you may make up your mind they are growing too fast. They need something to help nature in her great work of furnishing the necessary elements for creating flesh and muscle tissue, bone structure and rich, pure, red blood.

They need a tonic in the full sense of the word and we can tell you what to get.

It is Vinol Wine of Cod-Liver Oil, the great modern reconstructer. Children like it, it is so delicious to the taste, in spite of the fact that it contains a highly concentrated extract of the medicinal principles that are found in cod-liver oil.

But because the vile-smelling and tasting grease has been discarded and all of the other disagreeable features eliminated, the benefits of Vinol are easily understood.

Vinol acts favorably on the stomach, creates an appetite and enables the food that is eaten to do the greatest possible amount of good.

Following is a letter that bears directly on this subject:

"I was all run down and took Vinol. It did me so much good and it was so pleasant to take that I gave it to my children. They were growing fast and needed something in the way of a tonic and I found it to be just the thing for them." SARAH PICKERING, 1932 Fall River, Mass.

We cordially invite mothers interested in the welfare of their children, as well as any one else needing a sure, safe and delicious tonic, re-builder and rejuvenator, to call on us. We will gladly tell any one all we know about Vinol and why we so highly endorse it.

Inasmuch as we are always ready and pleased to refund the cost of Vinol to those who don't find it exactly what we claim it to be, it will be seen that we are prepared to substantially endorse our claims for the excellence of this marvelous preparation.

IS YOUR HAIR TURNING GRAY?

What does your mirror say? Does it tell you of some little streaks of gray? Are you pleased? Do your friends of the same age show this loss of power also?

Just remember that gray hair never becomes darker without help, while dark hair rapidly becomes gray when once the change begins.

Ayer's Hair Vigor

will bring back to your hair the color of youth. It never falls. It is just as sure as that heat melts snow, or that water quenches fire.

It cleanses the scalp also and prevents the formation of dandruff. It feeds and nourishes the bulbs of the hair making them produce a luxuriant growth. It stops the hair from falling out and gives a fine soft finish to the hair as well.

We have a book on the Hair and scalp which you may obtain free upon request.

If you do not obtain all the benefits expected from the use of the Vigor, write the doctor about it.

Address, DR. J. C. AYER, Lowell, Mass.
