## Announcement.

The R. H. Post Real Estate Agency takes pleasure in announcing that it has secured the exclusive services of Mr. Peter Elhart, the well known real estate man, who successfully conducted the sale of the Steketee addition. Mr. Elhart speaks both the Holland and English languages, and will be pleased to show property at any time.

An addition has also been made to the office force, and every facility is now presented to give prompt and efficient service to either buyer or seller. New lists are being prepared for the Spring demand, which promises to be greater than ever before, and owners desiring to dispose of their property should list at once.

### Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by the Walsh Drug Co. 50c. and \$1.00. Trial bottle free.

### Citizens Band Gives Entertainment March 1.

The program for the third annual benefit concert of the Citizens' Band will consist largely of numbers by the band in response to a request by many of its supporters and prominent citizens. Dr. G. J. Kollen has kindly consented to open the meeting with a short address appropriate to the occasion. M. Dykema, Miss Pessink and the Hope college quartet will assist in the program.

This is the only time in the year when the public in general is asked to contribute anything towards the support of the best band the city ever had. The band gave concerts last summer in the park, free of charge to anyone; it has furnished out of its own pocket the fund for erecting the stand and in addition has paid its director for his services, and they now desire the citizens to show a little appreciation for its hard efforts to give Holland a good band.

Tickets will be sold at the low price of 25 cents each. They can be reserved at an additional cost of 10 cents each.

The concert will take place Friday evening, March 1st, in Carnegie Hall. Let every citizen consider it his duty not only, but his privilege to help a "good band" along.

### Terpstra Waives Examination.

Albert Terpstra, the Nunica farmer who was reported to have slain his step-daughter, and who was arrested by the sheriff's force Sunday, was given a hearing before Justice Wachus at Grand Haven Monday afternoon. He is charged with incest. He waived examination and was bound over to the circuit court in the sum of \$1,000. He could not secure bail and is confined in the county jail.

Terpstra was lodged in jail Sunday afternoon in a state of nervous excitement, but he is gradually recovering himself and talks a little. Prosecuting Attorney Coburn when at the Terpstra home Sunday took precaution to secure the sworn affidavit of Bertha Salverda, in which she tells the whole story of her relations with her step father. Terpstra, too, has told his whole story to the officers so there is little doubt in their minds as to the result of the matter.

### CITY AND VICINITY.

H. Ten Broeke is building a new house on West Seventeenth street.

D. Holkeboer is building a new house on East Sixteenth street.

Prof. P. F. Schuelke has received a call from the German Presbyterian church at Shelbyville, Ind.

Anthony Sherman has purchased the house and lot of Mrs. Jacob Bontekoe on West Fifteenth street, which was sold at auction.

A. De Haan has bought two lots in the Vanden Bosch addition through Weersing's agency for \$600.

The P. M. railway is installing a new steam heating system in the passenger station. The work will be completed this week and will be a big improvement over the old system of heating.

Henry Geerlings addressed the eighth grade pupils in the city schools who are studying civil government, on the subject of civic government, last week Wednesday.

L. E. Van Drezer delivered 500 gold fish to the park board to be placed in the fountain basin in Centennial Park early next spring. This will provide the park with 800 gold fish.

Dr. George Baker, now practicing at Hastings has decided to locate in Holland and has rented the offices formerly occupied by W. H. Beach on River street.

James Conkey and Steve N. Bradford, the latter's son of L. C. Bradford, have leased a building and on March 1 will open box bowling alleys in South Haven.

William Brusse has purchased the frame building on west Eighth street of the Holland Veneering Co. It is rumored that a shirt and overall factory will be started in the building.

R. S. Holkeboer has been awarded the contract for a new entrance into the Fourteenth street church, which will provide the church with four places of exit. The alteration is made in accordance with the recommendation of the building inspection committee of the council. The new entrance will be built at the northwest corner of the structure.

About fifty clergyman and laymen attended the meeting of the Western Social Conference Monday. The following officers were re-elected: President, Dr. J. W. Beardslee of this city; vice president, Rev. Matthew Kolyn of Grand Rapids; secretary and treasurer, Rev. Dr. John H. Karsten of this city.

A dispatch received from P. A. Haven, who was taken by the city to the University hospital at Ann Arbor for the amputation of his right limb, states that his limb was amputated Tuesday, and that he is feeling weak, but otherwise well. Haven suffered from tuberculosis of the knee joint.

President Morton of the Graham & Morton company has been negotiating for the charter of an extra steamboat for this season. In explanation he says, "During our experience it has been found that when the fruit is all killed we always need an extra boat to handle the products offered."—Benton Harbor News-Palladium.

Mrs. H. J. Kropscot died Sunday morning at 10 o'clock at the home of relatives in Grand Rapids, where Mr. and Mrs. Kropscot had gone several weeks ago, intending to spend the winter with Rev. and Mrs. N. Boer. Deceased was about 72 years of age, and had been thrice married, first to Lambert Van Dis, and then to Gerrit Wakker. About four years ago she married Mr. Kropscot, who survives her. The remains were brought here for burial. The funeral was held Wednesday at 10 o'clock from the Boer home at Grand Rapids and 1:30 from the First Reformed church of this city. Rev. H. J. Veldman and Dr. Dr. N. M. Steffens officiating.

### CASTORIA.

Ben Hallet caught a string of 20 perch in Pine Creek bay Thursday.

J. E. Walker, assistant superintendent for the Metropolitan Life Insurance company, has moved his family here from Muskegon.

James Price and John Nixon have rented a store in Owosso and will operate a moving picture show with Mr. Nixon in charge.

George Batema fractured his right arm near the wrist by falling on an icy sidewalk Thursday. Dr. G. H. Thomas attended him.

Prof. John E. Kuzenga of Hope College has declined the call extended him by the First Reformed church of Grand Rapids.

The petition which has been circulated in Zeeland requesting the legislature to grant the village a special charter making it a fourth-class city has met with general favor among the citizens.

An improvement association will be organized by cottage owners at Castle park. It will advocate many beneficial things and will arrange for a series of concerts and other amusements during the coming season.

J. Van Dyke moved last week to his rebuilt bakery at 21 East Seventh street, which was partially destroyed by fire four months ago, while the owner was in the Netherlands. His business has since been conducted in the Slagh block.

Cornelius Braamse aged 71 years, died Sunday at his home in Noordeloos where he had lived for many years. He is survived by two sons and two daughters. The funeral was held yesterday from the home at 12:30 and at 1 o'clock from the church, Rev. B. Yonkman, officiating.

The Holland postoffice gives notice that on March 1, 1907, one cent postage stamps in books will be placed on sale. Each book will contain 24 stamps and will be sold at 25 cents each.

C. Hoffman and two companions made a record-breaking trip in an iceboat last week, covering the three miles from Pine Creek bay to the Ottawa Furniture factory in less than three minutes. The boat ran before a strong wind and fairly flew over the ice.

Wm. P. Lamer, who for a number of years has been a successful butter-maker, has moved from Crisp to Zeeland, where he owns a house and several lots. He retires from the creamery business and will engage in the building of houses on his vacant lots in the neighboring village.

Christian A. Broek, of Muskegon, who graduated from Hope college in 1905, receiving a degree of A. B., is a candidate for the republican nomination of justice of the peace. He is but 24 years old, and has already surprised old politicians by the strength he is able to muster.

Mayor Jacob G. Van Putten was Tuesday advised of the death in Milwaukee of Joseph Fixture, a former resident of this city, having many years ago operated a stove and heading factory on site now occupied with the lumber yards of the Scott-Lugers Co. He is well remembered by the early settlers. He was 71 years old and while in Milwaukee had been engaged in the operation of a cooper shop.

The Modern Woodmen of America, who have had their lodge rooms in the third floor of the Rinck block for the past five years, will vacate their quarters March 1 and will move into the Times block on River street. They will occupy the second and third floors which will also be used by the Royal Neighbors. Mr. Rinck has decided to use the present lodge rooms for his furniture business.

The board of health at its session directed the closing of all the schools in the city and to cause a thorough fumigation of all the rooms to safeguard against a threatened epidemic of scarlet fever. The library board issued an order to close the city library and reading room for a few days. The churches were requested to suspend Sunday School services, and the two theaters should close their doors and remain closed until permitted by the board to reopen them. Later it was decided to reopen the theaters but persons under 18 years are excluded. Officers appointed by a board are stationed there to see that this is carried out.

From Allegan comes the report that the Pere Marquette Railway system is soon to go under control of the New York Central and that Michigan Central trains will probably run through to Holland.

Frank Raymond was arrested Monday evening by Officer Doornbos and lodged in the city jail. He was taken before Justice Van Duren and pleaded guilty to the charge of being disorderly and paid fine and costs amounting to \$5.

The indications are that there will be no scarcity of poultry in Western Michigan the coming fall. Mr. Ver Lee of Zeeland, it is reported, has also invested in incubators, the capacity of which is somewhere between 8,000 and 9,000.

The Drenthe Canning Co. will soon begin operations, not in the canning line, however. The company makes its own cans, which run into the hundreds of thousands a year. This part of the business alone keeps a team of about five or six men busy from about now on through the season.

The nine month old child of Dick Stegenga of New Holland was badly scalded Sunday morning. The little boy pulled the coffee pot off the stove and the hot liquid was spilled over the babe sitting on the floor. The left side of the face and the left leg was scalded, but its recovery is expected.

Jacob Shortinghouse was sentenced Friday by Justice McBride to 90 days in the Detroit house of correction. John A. Vander Veen, the hardware dealer, was in Allegan Friday and recovered the gun taken from his store, through a confession made by Shortinghouse. Special Officer Fred Kieft left Saturday for Detroit with the prisoner.

Prospects for a genuine building boom the coming spring are exceptionally bright and scores of houses will be erected. Every carpenter and mason is busy preparing estimates on new buildings and as soon as the frost is out of the ground active operations will be commenced. There is scarcely an available house of any kind and the incoming population is greatly in need of suitable quarters.

Paul E. Hinkamp of Milwaukee was selected as the valedictorian of the senior class of Hope college for the annual commencement, to be held in June. The following speakers were chosen: Miss Martha C. De Jong, Zeeland; Miss Mae L. Brusse, Holland; Benjamin De Young and Joseph Sizoo, Chicago; Paul Kleinheksel, Holland. The class numbers 19. Seven are likely to pursue theological courses at the Western seminary in this city next fall.

The Holland Merchants' association has organized for the ensuing year with the election of the following officers: President, E. B. Standart; vice president, B. Steketee; secretary, Austin Harrington; treasurer, John Du Mez; executive board, G. J. Van Duren, Jacob Lokker, Isaac Goldman, M. Witvliet and George H. Huizinga. The question of enforcing the ordinance licensing peddlers and auctioneers is receiving due consideration and a test case will be made against the Holland Tea company.

John Grobte, who was locked up at instance of his family, who declared him insane, was allowed to go home Monday afternoon. It is reported the family had a row as soon as he returned but finally the difference were settled. Grobte has appeared rational since his return from Kalamazoo asylum two months ago, and he did not appear to the officers to be insane Monday. It is probable that he acts oddly whenever his family try to drive him to work, and they thought the threat to send him to the asylum again would compel him to do as he was told.

The sheriff's office was drained of officers Thursday night by a report that a child was missing from a certain home in this city. The officers started out on different trails and although the lost child was found by one party within a short time the others did not return on time. One party went south and another went east. They were gone so long that West Olive was called up to head off one bunch and Andy White at Bass River was notified to turn back Sheriff Woodbury and his companion who started in that direction. The wanders came home at about midnight.—G. H. Tribune.

## CORRESPONDENCE

**Saugatuck.**  
W. W. Mather has received information from the Bureau of Fish and Fisheries that he can secure a supply of Fish Fry for restocking the river and will be glad to obtain them if those interested in good fishing will leave 25c each at the bank to the amount of \$3 to cover cost of bringing them from Richmond the same as last year.

**New Richmond.**  
Chas. H. Hanson of New Richmond suffered a stroke of paralysis Monday and is in a critical condition. Mr. Hanson is 72 years of age and for thirty seven years has been employed at the pumping station of the Pere Marquette railway at New Richmond.

**EXCITING INCIDENT IN CHURCH.**  
Burning Hat Not Unnaturally Cause of Great Commotion.

An exciting incident occurred in a church at Heaton Moor, Manchester, England, during a recent service. While the congregation were singing the last hymn a tall waving plume in a young lady's hat was ignited at a gas bracket and began to blaze. The flames were observed by a member of the choir, and he immediately left the choir stalls and ran down the chancel. Pulling off his coat as he went he rushed past the lectern and down one of the aisles to where the lady was standing. Two school boys sitting behind him saw what had occurred, and instantly began to search for the hat pins. The lady, not knowing the reason for such a liberty, had not recovered from her first shock of indignation before she was stunned with amazement by the apparition of a wild-eyed, coatless person unmistakably bearing down on her. The congregation naturally turned round to follow the movements of the sprinting choirster. Just before he reached her the school boys solved the mystery of the hat pins and dragged the hat off her head and stamped the fire out with their feet. This act, however, was too late to save her from the intention of her imperious rescuer, who enveloped her face and head with his coat. The congregation were inwardly convulsed, the young lady collapsed, and the reaction of the excitement was clearly defined on the face of the gallant gentleman as he retraced his steps to the choir stalls.

## What the Kidneys Do.

Their Unceasing Work Keep us Strong and Healthy

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Micheal Schwarz, retired dairyman, 689 Central avenue, Holland, Mich., says: "Doan's Kidney Pills have been used in my family with very satisfactory results. Last fall I caught a severe cold which settled in my kidneys. I thought little of it at first but it soon grew worse and I was annoyed with dull, heavy pains across my back and loins. I felt as if my back was splitting and I could not bend over or lift anything only with great misery. I gradually grew worse and did not know what to get to relieve me. I was telling a neighbor of my trouble and he advised me to try Doan's Kidney Pills. I procured a box at Doesburg's drug store and after using them only a short time felt greatly relieved. I continued taking them and when I had used half a box, my backache and the accompanying symptoms of the trouble had all disappeared. Doan's Kidney Pills cured me and I felt better in every respect.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

### Gibson.

The snow is fast disappearing and it looks as if spring will soon be here.

Charles Peterson left for Waukesha, Wis., last week. Mr. Whipple of that place has taken possession of the farm the Metropolitan organization purchased of Mr. Peterson. He is alone at present but expects his family here in a few days. Those who became acquainted with him like him and wish him success in our midst.

The little daughter of Mr. and Mrs. Easter is sick, but it is hoped not dangerously.

A little disturbance was created in front of the store of Mr. Minaker last Friday evening. It was of minor importance and the parties interested have undoubtedly by this time settled their differences.

### Hamilton.

John Vos and wife have returned after a visit of several days with friends in Grand Rapids and other places. During his absence he sold his large horse, weighing 1,800 pounds, to the King Bros. in Grand Rapids.

Mr. Carpenter, teacher of Hamilton graded schools, is meeting with good success and receiving many commendations with respect to scholarship and deportment.

## Consumption.

Mainly Caused by Chronic Colds and Hanging on Coughs.

A prominent New England scientist has given a good deal of time to the study of consumption, and finds that comparatively few cases are hereditary.

Mostly all are caused by neglected coughs and colds, which gradually weaken the whole pulmonary system, and before people realize it there is a diseased spot in one lung; spitting blood soon follows and eventually a collapse.

Such an unnecessary end, such a pity, for all could have been so different. We know of many instances where our valuable cod liver preparation, Vinol, has been most beneficial in such cases.

Vinol is able to cure hanging on colds, stubborn coughs, strengthen the lungs, and thus prevent the development of consumption, because it is the most perfect cod liver preparation ever compounded; it contains no oil or grease to upset the delicate stomach, yet it does contain every one of the fifty odd medicinal curative elements actually taken from fresh cod's livers, with tonic iron added. We ask all Holland people to try Vinol for weak lungs, chronic coughs, hanging on colds, or run down and debilitated conditions, and will pay for the medicine ourselves if it fails to benefit.

How can we express our faith in Vinol more emphatically? Con De Prece & Co., Druggists.

NOTE.—While we are sole agents for Vinol in Holland, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

### Rising From The Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at the Walsh Drug Co. Price only 50 cents.

It invigorates, strengthens and builds up. It keeps you in condition physically, mentally and morally. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets.—Haan Bros.

You will not find beauty in rouge pot or complexion whitewash. True beauty comes to them only that take Hollister's Rocky Mountain Tea. It is a wonderful tonic and beautifier. 35 cents Tea or Tablets.—Haan Bros.

Dyspepsia is our national ailment. Burdock Blood Bitters is the national cure for it. It strengthens stomach membranes, promotes flow of digestive juices, purifies the blood, builds you up.

Any skin itching is a tempter. The more you scratch the worse it itches. Doan's Ointment cures piles, eczema—any skin itching. At all drug stores.

## Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nervine will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nervine, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds."

## SOCIETY PAST AND PRESENT.

Gush About "Good Old Times" Has No Real Foundation.

After-dinner speakers are making much of the old-fashioned honesty. They very properly bemoan present corruption, graft, chicanery and the entire list of evils, which, with time-honored jokes, make up the stock in trade of after-dinner speakers. They would make men virtuous by making them like their grandfathers.

But what inspiration lies in this eulogy of grandfathers? It is always easy to see a saint in a dead relative, just as it is easy to see a statesman in a dead politician. Some of us are very keen to build monuments for the prophets these very same grandfathers made extremely uncomfortable. Why talk about our ancestors' honesty? Why not have an honesty of our own? Grandfathers' virtues, like grandfathers' clocks, may be a badge of respectability, but in our own day they are not always in good running order. Our forefathers were no better than we are—indeed, to judge from the criticism of their fellow citizens of another political party, they were a good deal worse!—The World To-Day.

## BISHOP WON THEIR HEARTS.

Loafers in Slums of Denver Recognized a Man.

Bishop Olmsted, of Denver, is the hero of a graceful story that was told in a Denver church the other day.

Bishop Olmsted, as soon as he took up his residence—some three years ago—in Denver, began to take a great interest in the Denver poor, and was continually to be seen in the poorest and squalidest of the city's slums.

At first, as the bishop in his clerical attire passed along the narrow streets, the loungers and loafers before the saloons would say:

"What's that?"

And the reply would be:

"That's what you call a bishop."

A year passed, and a stranger, noting the respectful way the bishop was stared at in the slums, would say:

"What's that there?"

The loafers' reply would be:

"The bishop."

Another year, and then to the question: "What's that?" would come the affectionate and proud answer:

"Why, that's our bishop."—Denver Post.

## Here's Honest Confession.

"Every little while," said the busy girl, "somebody writes a pathetic letter to the newspapers asking why it is that women will persist in riding in the smoking seats in street cars. Those letters always hit me good and hard. I ride in the smokers' seats, and I have my reason for it. It may not be anybody else's reason, but it strikes me as being a good one. I ride there so I can smell the tobacco smoke. I was brought up in a family of men who smoked so much that the whole house smelled like a cigar factory. Since coming to New York it has been my ill-fortune to know only men who do not smoke. I sometimes get so homesick for the whiff of a cigar, no matter of what brand, that I think I'll die, so to avert that calamity I slide into the smokers' seats in the car."—N. Y. Sun.

## Queered Himself.

The traveling man who had not visited the town for a year or two, seated himself in the hotel dining-room.

"What has become of the pretty girl that used to wait on this table?" he asked, unfolding his napkin and looking up with a genial smile.

"I have always waited on this table, sir," frigidly answered the waitress, placing the bill of fare before him. The historian deems it best to draw a veil over the dinner that was brought to that traveling man half an hour later.

## His Life Work in China.

Sir Robert Hart, who for 43 years has held the high office of inspector general of the Chinese maritime customs, is reported to be preparing to return to England. He entered the British consular service in China when but 19 years of age, and in 1863 was selected by the Chinese government to be head of its maritime customs. His mastery of the Chinese language, which he early learned, made him invaluable to the government. He has seen great rebellions in China, and several foreign invasions.

## Bees Rout Ball Players.

The First Baptist Church Sunday school held its annual picnic the other day at Brookside Park, says the York Gazette. A baseball game was broken up by a number of bumblebees, which attacked the players so fiercely as to leave fond remembrances. A net located in the vicinity of shortstop was not discovered until late in the game, and then one of the players molested the bees, with the result that three of the players were stung.

## EVELYN CONCLUDES STORY OF TRAGEDY

DIRECT EXAMINATION OF YOUNG MRS. THAW ENDED AND MRS. CAINE FOLLOWS.

## JEROME ATTEMPTS TO ATTACK CREDIBILITY

Wife of Defendant Tells of White's Pursuit of Her and of His Attempt to Hug Her—Identifies Letters of Architect.

New York, Feb. 20.—Mrs. Evelyn Nesbit Thaw Tuesday concluded her story of her connection with the Thaw-White tragedy. She was the first witness called for the day at the trial of her husband, and before the luncheon recess was ordered she had been given into the hands of District Attorney Jerome for cross-examination. Mr. Jerome reserved his right, saying he had not yet determined whether the cross-examination was needful as to the issues involved in the case.

## Attacks Credibility of Mrs. Thaw.

While Mr. Jerome thus released the prisoner's young wife for the time being, he soon found himself in a position to indirectly attack her credibility, although in answering Mr. Delmas' objections he declared that he had no such purpose in mind. This was when the defense had introduced Mrs. J. J. Caine, of Boston, Mass., as a witness.

Mrs. Caine had testified to hearing Harry Thaw ask Mrs. Nesbit that he be allowed to marry her daughter. She also testified to an incident at the theater in which Stanford White appeared, the object being to show the effect White's presence had on the defendant.

When Mrs. Caine was taken in hand by Mr. Jerome he began a searching inquiry into her acquaintanceship with the Thaws, and asked her all about their movements, directing his questions particularly to the trip on which Thaw and Evelyn Thaw made to Europe. He brought out the fact that Mrs. Nesbit had not accompanied her daughter on this trip, and next took up the movements of the defendant and Miss Nesbit after their return from Europe in 1904. He asked about "the Hotel Cumberland episode," referring to the time when Miss Nesbit and Thaw were required to leave that hotel unless they registered as man and wife. This latter fact was not gotten before the jury, but Mr. Jerome had not concluded his cross-examination when the luncheon recess was ordered, and it was continued at the afternoon session.

## White Said He'd Get Her Back.

Young Mrs. Thaw testified that she had told her husband of a statement May MacKenzie made to the effect that Stanford White had declared: "I will get her back."

This was when Miss MacKenzie had told the architect that Harry and Evelyn were most happy in their married life. White, it was stated, also said: "Pooh; it won't last."

Mrs. Thaw identified 42 letters written by Stanford White, but they were not offered in evidence except to be marked for identification. Mr. Delmas is believed to intend to bring out the contents of the letters later in the trial.

Thaw's letter to Anthony Comstock was introduced in evidence and read to the jury. It complained of White's alleged practices and described his studio in Madison Square garden tower, and those in West Twenty-fourth street with the velvet swing and the mirrored bedroom, and a third place on East Twenty-second street.

## Courtroom Again Crowded.

The usual crowd, largely composed of lawyers, filled the courtroom when the Thaw trial reopened. Dr. Britton D. Evans, the alienist, was the first of the defense to appear. When Mr. Jerome arrived he passed close to the expert but he did not speak.

Thaw entered the courtroom, when called, with his usual quick step, and at once began an animated conversation with Dr. Evans.

A decided surprise was sprung by the defense in recalling Mrs. Evelyn Nesbit Thaw to the stand immediately after court convened. Mrs. Thaw looked pale and serious as she took her place on the stand. She appeared in the same simple girlish costume that she has worn every day since the trial began. She smiled slightly as she caught her husband's eye. Thaw returned the smile, and then turned to Attorney O'Reilly, with whom he talked for a minute excitedly. Then he returned to his conversation with Dr. Evans, but for the most part kept his eyes on his wife, turning only occasionally to whisper in the doctor's ear.

## Identifies White's Letters.

After Mrs. Thaw had sat in the witness chair for nearly five minutes, Mr. Delmas began his examination.

"You have already testified, Mrs. Thaw, that you are familiar with the handwriting of Stanford White," said the attorney. "I now hand you a paper and ask if from beginning to end it is in the handwriting of Mr. White?" Mrs. Thaw gazed at the paper, evidently a letter, and said:

"It is his handwriting."

In all Mrs. Thaw identified 42 letters. She was nearly half an hour at the task.

In the examination of the letters called, Mr. Delmas turned to

"How long have you known May MacKenzie?"

"Since 1901."

"How long has Mr. Thaw known her?"

"Since 1904."

"Did you in May, 1906, relate to Mr. Thaw a conversation you had with May MacKenzie especially with reference to what she said to you regarding Stanford White?"

District Attorney Jerome objected to the question, but was overruled.

"May MacKenzie told me," said Mrs. Thaw, "Stanford White had been to see her and that she had told him that Harry and I were getting along finely together. She said she thought it was so nice the way we loved each other."

"She said Stanford White had remarked: 'Pooh, it won't last long. I will get her back.'"

"Did Mr. Thaw say anything when you told him this?"

"He said he had already heard it from Miss MacKenzie."

"What was his condition when you told him?"

"The way he always was when on the subject of Stanford White."

"How was that?"

"Very excited and nervous."

"You had a second operation in 1905, did you not?"

"Yes."

"Who made the arrangements for it and paid the cost?"

"Harry K. Thaw."

"How much was the bill?"

"In all about \$3,000. The operation itself was \$1,000."

The nature of the operation was not gone into.

## Thaw Wept Over Evelyn.

"Did Mr. Thaw have any conversation with the attending physician at that time regarding your previous relations with White?"

"No, sir; not in my presence."

"Did Mr. Thaw at the time of your marriage and subsequent thereto talk very much about the incident in your life connected with White?"

"Yes. He always talked about it. He would wake me often at night, sobbing. And then he would constantly ask me questions about the details of this terrible thing."

"Did you visit May MacKenzie at her apartments in 1904?"

"Yes; she was ill and sent me a letter to come to see her."

"While you were there did Stanford White come in?"

"Yes. Stanford White spoke to me several times and I always answered 'yes' or 'no.' He then came over and started to straighten a bow on my hair. My hair was short, having been cut off at the time of my first operation. Then Stanford White tried to put his arms around me, and wanted me to sit beside him on the bed. I told him to let me alone."

Mrs. Thaw said that Harry Thaw always attributed her ill-health, the necessity of the second operation, etc., to Stanford White. Mrs. Thaw also testified that Thaw had told her he was going to take up Stanford White's affairs with Anthony Comstock.

"I told him it would do no good, that Stanford White had many influential friends and that he could not stop it. I told him that lots of people would not believe the things about Stanford White on account of his personality."

## Thaw Buries Face in Hands.

During the early examination of his wife Thaw continued to converse with Mr. O'Reilly and Dr. Evans, occasionally smiling at one or the other. When she reached the point where she told of his feelings when White's name was mentioned, he buried his face in his hands.

"Did you and Mr. Thaw discuss the fates of other young women at the hands of Stanford White and did you tell him certain names?"

"Mr. Jerome objected."

"Counsel keeps up this incessant leading, leading, leading," commented Mr. Jerome. "I must object."

Mr. Delmas refrained the question and Mrs. Thaw said she and her husband had discussed a number of young women.

The direct examination of Mrs. Thaw was concluded at 11:47 and she was turned over for cross-examination, but Mr. Jerome asked permission to reserve his cross-examination, to which the defense assented. Mrs. Caine was then called.

At the afternoon session Jerome asked Mrs. Caine if she had heard that Thaw and Miss Nesbit had been ejected from a hotel. Her reply that she had read it in a paper was stricken out. Mrs. Caine's cross-examination was concluded at 2:45 and Evelyn Thaw was recalled.

## SMOOT DENOUNCES PLURAL MARRIAGES

UTAH SENATOR STRONGLY CONDEMS POLYGAMY IN SPEECH BEFORE COLLEAGUES.

DEFENDS HIS RIGHT TO A SEAT IN BODY

Declares He Has and Never Had But One Wife—Says He Has Taken No Oath Inconsistent with That to Nation.

Washington, Feb. 20.—"I have no hesitation in declaring to the senate and to the American people that in my opinion any man who has married a polygamous wife since the manifesto should be prosecuted, and, if convicted, should suffer the penalties of the law. I care not who the man might be, or what position he might hold in the church, he should receive the punishment pronounced by the law against his crime. I owe no allegiance to any church, or other organization, which in any way interferes with my supreme allegiance, in civil affairs, to my country—an allegiance which I freely, fully and gladly give."

These were the declarations of Senator Reed Smoot of Utah Tuesday in his speech in the senate in defense of his right to retain his seat in that body. Senator Smoot made an eloquent and powerful plea in reply to those members of the senate who are seeking to oust him on the ground that he is a member of a disloyal and law-breaking hierarchy—the Mormon church. He was followed immediately by Senator Dillingham, who made an argument in support of the Utah senator.

## Smoot Denounces Polygamy.

Senator Smoot condemned polygamy in the strongest terms and declared emphatically that he had taken no oath inconsistent with that he has taken as senator. Mr. Smoot spoke in part as follows:

"Mr. President: The senate is entitled to know my personal attitude upon the subject of polygamy and upon the subject of loyalty to this government. Upon these two matters I shall express myself briefly, but with entire candor.

"First, I desire to state, as I have repeatedly heretofore stated, to the senate and to the country, that I am not and never have been a polygamist. I have had but one wife and she is my present wife. There has been more or less prevalent opinion that the doctrine of polygamy was obligatory upon the members of the Mormon church, whereas, in truth and fact, no such obligatory doctrine has ever existed. The revelation concerning polygamy, as originally made and as always interpreted, is permissible and not mandatory. As a matter of fact, only a small percentage of the adherents of that faith have ever been polygamists.

"When the law was passed denouncing the practice of polygamy the execution of the law was resisted on the ground that it was unconstitutional. When the law was upheld the church, in 1890, adopted the manifesto against polygamy, which was ratified by the general conference of the people, and thereupon the practice of polygamy for the future was abandoned.

## Grave Problem Is Heritage.

"But the practice which had prevailed in the period previous to 1890 left a heritage for the succeeding period that was a grave problem. There were in 1890 about 2,451 male members of the Mormon church who had polygamous families. That these were placed in a position of difficulty was recognized by all who were familiar with conditions.

"The present conditions in reference to polygamous cohabitation have grown out of past conditions, and both must be considered together to fully understand the toleration exercised by most of the people of Utah, Mormon and non-Mormon alike. The general sentiment among the non-Mormon population has been that the best and quickest way to get rid of the question was to let the old-time relations end in death. There was a general acquiescence by the people, in this method of solving the problem, and this method is working out a complete and final solution.

"At the time the manifesto was adopted there were 2,451 polygamous households in the church. Statistics show that at the time the testimony was closed not to exceed 500 such households were in existence. There are 26 general authorities of the Mormon church. In 1890 this list of officials was composed of 23 polygamists and three monogamists."

## Mother and Son Burned to Death.

Detroit, Mich., Feb. 20.—Mrs. John Grimshaw and her eight-months-old son James were burned to death in their house on a farm near Royal Oak, ten miles out on Woodward avenue. Grimshaw saved his five-year-old daughter by tossing her out of a window, but was badly burned himself, and was unconscious when rescued.

## Great Northern Indicted.

New York, Feb. 20.—The federal grand jury Tuesday indicted the Great Northern Railway company on a charge of violating the Elkins act by paying rebates of Lowell F. Palmer, treasurer of the American Sugar Refining company in this city. There are two indictments charging the payment in all of \$14,422, in May and June, 1905.

## PEOPLE HERE WILL WORK HARD FOR DIEKEMA.

Speaking about the Congressional situation in the Fifth District, there is one thing that stands out prominently and that is the unanimity of the support accorded to Gerrit J. Diekema in this city. A careful view of the situation shows that voters from all walks of life are enthusiastic in their support of Mr. Diekema. The men in the factories, in the offices, at the bench, in professional life and in business have been impressed with the good that Mr. Diekema can do, and look to him as the logical candidate. This is gratifying indeed, for it means much when men forget petty animosities and labor for the general good. Of course it is because the people recognize the excellent qualifications of Mr. Diekema for the office.

His fine legal training, his sound judgment in business affairs, his wide experience in public affairs, his magnificent mental equipment stamp him as the equal of any man in the congressional delegation from Michigan today. And these qualifications added to his large acquaintance of public men in the National Capitol makes it possible for him to at once assume an important position in National legislation, should he be elected. People here recognize the fact that his election would mean much to the people of the entire district. The interests of the district are many and varied and it needs a man like Mr. Diekema who has the ability to accomplish all that he undertakes and who desires to devote the necessary time and attention to the faithful performance of official duties.

The sentiment in Holland shows that Holland is willing and anxious to do its share of the work in the elevation of Mr. Diekema. It is a grand opportunity to confer honor upon a deserving man and if earnest, aggressive work has any effect Mr. Diekema will be elected, for his friends in this city have signified emphatically their opinion that from now until the close of the primaries on primary day, and the close of the poles on election day nothing will be left undone to bring success to his cause.

### Profitable for Farmers

The statement that the St. Louis sugar company paid out \$298,000 to the farmers of Gratiot county and in that vicinity, during the beet-buying season recently closed, is a further item of information indicating the importance and value to Michigan farmers of sugar beet production and of the beet sugar making industry to our state. It has been estimated that not less than \$3,750,000 were paid out to the farmers of the state by all the Michigan factories during the past season. It is not to be wondered at that Michigan congressmen and Michigan business men are aggressively interested in all legislation which threatens in any way to interfere with the continued development of this important state industry.

### Addition to School Fund.

The treasury of the state of Michigan will receive a total of \$3,417,325.60 on tax account from the railroads of the state when their tax paying time arrives this coming summer. This is not quite equal to the tax payment of last year on railroad account, the difference being due to the lower average of taxes throughout the state on which the railroad rate is based. But it is an addition to the state primary school fund greater than ever before made from that source with the exception of last year's tax.

## Woodruff Mixes Up Streeter in Bad Affair.

Charley Woodruff, living with his aged parents on West Fourteenth street, was arrested Saturday for writing the unsigned letters to Lankhorst and Mrs. Lankhorst, has signed a written confession which is now in the hands of Prosecuting Attorney Coburn. This document makes some startling disclosures in regard to his mysterious affairs.

In the confession, Woodruff states that Mrs. Kate Lankhorst was formerly the wife of his brother, Seldon Woodruff, who died seven years ago. Woodruff states that during the last two years of Seldon's life he was in love with his brother's wife and he is still in the same frame of mind. Lankhorst also fell in love with the woman and Woodruff admits that he tried to prevent her from marrying him. He was very angry when she finally married Lankhorst and since that time, his hatred has been directed against his successful rival.

The prisoner states that when he got after Lankhorst with a sand bag, he meant to kill him and would have done so sooner or later had he not been arrested. Woodruff admits that his object was to get Lankhorst out of the way and then persuade the woman to marry him.

The confession implicates John Streeter, Woodruff's partner through whose admissions, the officers were first given a clue. The prisoner states that Streeter wrote all of the letters for him and he was with him on every occasion when the letters were left at Lankhorst's house or at the Interurban office where the rival worked nights. Once however, when Woodruff sent a letter through the post office, Streeter did not address it and would have nothing to do with it.

Streeter and Woodruff alternated in dropping letters into the mail box at Lankhorst's house, one keeping watch while the other carried the letter up to the house. One night Streeter was nearly caught by night officer Dornbos who chased him several blocks. The officer slipped, however, and thus enabled the fugitive to get away. Streeter afterwards made his boasts that they couldn't catch him.

According to Woodruff, Streeter was also in love with Mrs. Lankhorst but it was agreed that Woodruff was to have her after Lankhorst had been put out of the way. And Woodruff claims that Streeter wanted to get Lankhorst out of the way but would not mix up in it himself. He further declares that Streeter wanted to make some billies but did not want to use them himself against Lankhorst. Streeter was also picked up by the officers Monday for his connection in the affair and brought in to the county jail. He made a verbal confession to the officers and the prosecuting attorney and gave up what he knew of the case. He admitted that he had written all of the letters for Woodruff but denied that he had anything to do with making any billies to be used on their common rival.

Streeter signed a written confession in Prosecuting Attorney Coburn's office Monday afternoon and he is held for sending threatening letters for the purpose of driving a man out of town. Streeter admitted that he wanted to get Lankhorst out of the way, that he himself, might marry Mrs. Lankhorst. Had Woodruff and Streeter succeeded in getting Lankhorst out of the way, it would probably have meant a battle between the allies for the woman in the case.

The hearing of Woodruff and Streeter will be held in Justice McBride's court this afternoon and there is no doubt but what the prisoners will be bound over to the circuit court.

### Proposed State License.

One of the bills introduced by Senator Karl D. Keyes of the Barry-Eaton district, has thrown the druggists into a state of excitement, with its proposed requirement of a state license with a two thousand dollar fee, and filing of the formula, or analysis, for the preparation of any "patent medicine" or proprietary compound for sale in this state. Representative Edward T. Abrams of Houghton, also introduced a bill prescribing the manner of labeling proprietary medicines, and for printing the label in red when harmful ingredients are employed. Both these bills will be thoroughly reviewed before being approved by either branch of the legislature or by Governor Warner.

### Anti-Cigarette Bill.

Senator Ming's anti-cigarette bill prescribes a license fee of twenty-five dollars for any dealer, and five hundred dollars for any manufacturer of cigarettes or cigarette paper; prohibits its license to any person in any way connected with the sale of intoxicating liquors; and forbids sale or gift of these articles to any person under twenty-one years of age. Severe penalties of fine and imprisonment are provided.

## Will Get W. D. Burton in St. Paul.

Upon the affidavit of Mrs. Allie De Boer drawn from a confession made to Prosecuting Attorney Coburn recently, W. D. Burton will be arrested in St. Paul, Minn., and brought back to this county. Mrs. De Boer states that she ran away with Burton last May and went to Chicago where she passed as wife although her husband, Simon De Boer is still living in Holland.

She claims that her relations with Burton began while Mr. De Boer was sick some time before they ran away. She alleges that Burton watched De Boer and when he was away, he came to her. She alleges that Burton told her that there was no wrong in her going away with him and claims that she really believed it was not wrong.

However, she has returned home and given the whole thing away and the St. Paul officers have no doubt arrested Burton before now. Sheriff Woodbury will start after him as soon as he gets notice from St. Paul. It is not believed that Burton will fight extradition although papers have been arranged for.

### Notes of Sport.

The basket ball game between the M. A. C. and Hope teams was an affair of considerable interest. Although Hope did not come out as she expected yet she made a good show. The first half of the game gave her the lead by a score of 2, but in the second half is where she lost courage notwithstanding the fact that some good plays were made. Pleune, for instance, and Veenker were at their best. But, as a whole the visiting team outplayed the college quintet. Nies, the referee, attending the M. A. C., did his part fairly and squarely, and although Hope lost the game her defeat was not disgraceful. The final score was M. A. C. 33; Hope 23. The preliminary game was played between the "Preps" and the High School team. This was a little too one-sided to furnish interest. Score "Preps", 34; High School, 6.

### Hope College Festival.

Tomorrow evening the Hope College Athletic Association will give a festival in Carnegie gymnasium. Last year they gave a similar festival in Van Raalte Hall, which was a record-breaking success. The immense crowd was then cramped for lack of floor space, but the gymnasium can this year accommodate all. It is expected that this year's festival will put last year's in the shade in excitement and in every other respect.

Many novel features are offered. Among others such inviting captions as "Chalk High Lights," by the Crayon Wizard Signor Quintano; "Four Troubadours in their famous Operatta, 'Solome'"; Prof. Caruso Schubert and his Renowned Bostonian Orchestra, and Profs. Go-On and Paderostki on "Picturesque Gnadenhutzen."

One of the most interesting features will be the coronation of a festival queen. This contest will be conducted on a strictly fair and square basis and all are urged to register their votes.

But the most exciting of all the things offered will be the Taurus Ayxne Castrola. This animal, as was described in last week's issue, was captured in India by Wm. Darnson and sent to Mr. Pleune. But on the way it got into a wreck on the Santa Fe and New Mexico line with the result of having its leg broken. It was stuffed and sent on to Holland. On account of the natural curiosity in regard to it, Mr. Pleune has decided to let the public have a look at it at the festival. The admission to the festival is only 15 cents and it begins promptly at 7:30 o'clock.

### A Splendid Lecture.

Mr. H. U. Maasman, editor of De Grondwet, addressed a large number of people at Winants Chapel last Monday night. He spoke under the auspices of the Ulfilas Club of the College. After the president of the club, H. B. Mollema, had called the meeting to order and made a few introductory remarks, a preliminary program was rendered, composed of a piano solo by Miss Anna Schuelke, vocal solo by B. De Young and a recitation by C. Muller. All those were in the Dutch language. Then followed the chief number of the program. Mr. Maasman spoke on "History." In the treatment of his subject the speaker frequently became eloquent and throughout the entire address could be noticed that Mr. Maasman had his subject thoroughly mastered and knew whereof he spoke. His knowledge of history is large. During the course of the address the speaker showed the beginning and course of history from almost prehistoric times to the present and also the correct interpretation of it. The speaker, in his speech paid a beautiful tribute to the flags of America and the Netherlands, which flags were decorating the rear of the rostrum.

## Wife Taken to Asylum.

Della Ormsby Rozendall, wife of John Rozendall of Zeeland, was taken to Kalamazoo asylum Tuesday. A hearing as to her sanity was conducted two weeks ago and it was decided to send her to the asylum, but her mother who lives on East Ninth street, declared she was able and willing to care for her daughter, rather than have her go to the asylum.

February 9 Rozendall was arrested for non-support. He pleaded not guilty, and gave bond for his appearance, February 21 in Justice McBride's court.

Monday an officer and Rozendall went to the Ormsby rooms, intending to take the woman to the asylum. She refused to go, and it took considerable persuasion on the part of the officer to get her to put on her wraps. She was taken to Rozendall's parents at Zeeland, where she has been staying, and Tuesday she was taken to Kalamazoo.

Now that the woman's case is disposed of, it is a question what will be done in Rozendall's case, and it is probable that it will be dismissed.

## Working on Railroad Proposition.

In a letter from Dr. Baker from Lansing he speaks of the proposed change in the route of the electric railroad and of his attempts to raise money and get right of way in part as follows: "It seems that the citizens of the vicinity of Laketown do not, as a rule appreciate the importance of contributing either money or right of way for the road. A few persons have responded liberally, and express the belief that property there would be greatly increased in value; a few others, fully as much entitled to contribute, decline to do so; some do not even reply to my request for a letter stating whether or not they will contribute or give right of way through their land."

I regret to have to make this statement, and I still hope that something may occur to give us the road. It would tend to build up the entire Lake Shore into attractive summer resorts; and that would make local markets for everything that the farmers and fruit raisers throughout the township could raise.

Before town-meeting day I expect to be in Gibson, and before that time I hope some of the backward persons will reconsider the subject of right of way etc., and let me know of their willingness to contribute."

This movement is only a repetition of other projects which might be a great help to all if all would co operate but many hang back and expect others to do the work and contribute the money and they share the benefits. If each one would do his share the project will probably be a success but if not it will very likely fail.

### Hope College News.

The College Y. M. C. A. is being represented at the State Y. M. C. A. convention, which is now being held at Jackson, by P. H. Pleune and J. A. Dykstra. Mr. Pleune will deliver two addresses while there on the subject "Methods of Bible Study."

Rev. Mr. Chase conducted chapel exercises yesterday morning.

Dr. Good of the German Reformed Seminary of Philadelphia, Pa., conclude his lectures tomorrow at Semelink Hall. Three lectures will yet be delivered, tonight at 7:30, and tomorrow at 10:30 A. M. and 2:30 P. M. The general subject of Dr. Good's addresses is "The Reformed Church in Europe and America."

Tonight the Senior class will be entertained by Prof. and Mrs. Brush at their home on East Tenth street.

The Athletic Association has made considerable and extensive preparations for its festival which is billed for tomorrow night at Carnegie Hall. The Society Festival last year, which was of a similar nature, was a good success. An admission fee of 15 cents will be charged.

The Western Theological Seminary will next Sunday be represented as follows: M. J. Duven, Bethel, Grand Rapids; J. G. Brouwer, Gelderland; J. J. Hollebrand, Harlem; J. Van Zomerem, Hope, Grand Rapids; A. A. Wubbens, South Bend, Ind.; C. Vander Schoor, Grand Rapids, (rst); G. Bosch, Three Oaks; G. J. Pennings, Kalamazoo, (rst).

### County Assessor Waylaid.

J. W. Coulter, of Leslie, S. D., Assessor of Stanley County, relates the following: "I was waylaid by a complication of throat and lung troubles, bronchitis, asthma and a terrible cough, which had affected me for years, when I was persuaded to try Dr. King's New Discovery. Relief came almost immediately, and in a short time a permanent cure resulted." No other medicine compares with it as a sure and quick cure for coughs and colds. It cures after all other remedies have failed. Every bottle guaranteed at the Walsh Drug Co. Price 50c and \$1.00. Trial bottle free.

## Charged With Burglary.

Frank Renick was arrested this week on a charge of attempting to commit burglary, preferred by Richard De Wright, who says he had retired about 11 o'clock Monday night when he heard a noise which he thought was a falling pipe in the stove in the saloon down stairs. This stove had recently given him trouble, so he stepped down stairs in his night clothes to investigate. He walked back to the stove, and seeing everything in proper shape turned to go back up stairs. As he did so he saw a man step past the window at the back of the building. The man was pointing a revolver at him. Upon closer investigation De Wright found that the window in the back door was broken. There was a hole in the glass just large enough to get a hand through in order to turn the lock on the inside of the door. De Wright declares that the man was Frank Renick, and he quickly had him arrested on the charge of carrying concealed weapons, for Renick had exhibited two revolvers during the day which he intended raffling.

Tuesday morning the charge of attempting to commit burglary was lodged against Renick. He gave bond to the amount of \$500, signed by his father, Albert Renick.

On the other hand, Renick declares that he is entirely innocent of the charge. He says he was about town until quite late but was not near the De Wright saloon at any time. L. L. Thompson was retained by Renick as counsel, and a hearing will be granted him this morning.

## H. C. Bradley Has Fine of \$20 to Pay.

Harry C. Bradley was arrested early Saturday morning by Officer Minogue on a warrant charging him with committing an assault and battery on Louise Bowers.

The parties in the case have been living at 95 Canal street, and the woman claimed that Bradley came to the room Friday night and struck her on the face and head, threatening to shoot her.

In police court Saturday morning, the woman told Judge Hess that she had a husband in Holland, but had not lived with him for some time, but had been living with Bradley since September. She told the court that she did so against her will, but that he had taken care of her when she was sick and that he refused to go away after she got well, but had simply "stayed." The man pleaded guilty and was fined \$20 and costs, or 30 days in jail.—Grand Rapids News.

### Sunken Treasures.

Few there are among the millions of people living on the shores of the Great Lakes of America who have even an approximate idea of the value of the boats and cargoes that have gone to Davy Jones' locker. Persons not of a seafaring life seldom think of "vanished ships" lost with none to tell their fate or of treasure ships whose wrecks are sought for years and are well worth the search.

Huron is sometimes called "The Lake of Sunken Treasure," as there are believed to be more wrecks with valuable cargoes in the neighborhood of Saginaw bay than anywhere else. In the days when Huron was filled with lumber camps large sums of money was often shipped in small vessels, and many of these were lost. And in these waters lies the great prizes of the lake treasure-seeker.

In 1865 the steamer Pewabic, with a rich cargo of copper from the Lake Superior mines, by collision with the steamer Meteor, sunk in Lake Huron. For over thirty years expedition after expedition sought the wreck in vain. Finally, in 1897, a party from Milwaukee succeeded in locating the hulk of the Pewabic about six miles southeast of Thunder bay. Owing to the depth of water only \$7000 worth of copper has as yet been recovered.

Nor is lake treasure seeking without its perils. In raising, in 1901, the William Home, sunk in 1895 with \$20,000 worth of steel billets off Swishwah point, Lake Michigan, one diver was killed and another paralyzed. And many men have been overtaken by sudden storms and drowned while treasure-hunting in the lakes.

In the twenty years between 1878 and 1898 there were 5999 wrecks on the lakes, of which 1093 were total losses. The total cargo loss on the lakes is estimated at no less than \$12,000,000, much of it in indestructible form of property. These tales of sunken treasure go clear back to 1860, when the Griffon, LaSalle's ship disappeared in Lake Huron with \$12,000 in gold coin.

Altogether their is in the history of the American lakes no more lack of the materials of romance than there is lack of human daring and suffering in the daily lives of those who contend with their stormy waters.

## Kosmeo For Men

Few men can go bathing, fishing, rowing or golfing, without having their skin burned and blistered until the pain is intense.

Kosmeo prevents and cures sunburn promptly. Apply Kosmeo thoroughly at night and in the morning before going out in the sun—leave it on for a few minutes, then wipe off all that has not been absorbed, and you will never sunburn.

### After Shaving

Kosmeo is delightful to use as it keeps the skin soft, smooth and firm, relieving all irritation.

After shaving, wash the face in warm water, rub with a dry towel, then apply Kosmeo, rub it in well and wipe the face thoroughly with a dry towel. Powder may then be applied if desired.

Your skin will never get sore, chapped or irritated if you use Kosmeo regularly after shaving.

## VICTIM OF WIRE TAPPERS

### BANK LOOTER WALKER SAID TO HAVE BEEN SWINDLED.

Lost \$260,000 to Confidence Men in New York, According to a Report.

New York, Feb. 19.—The police are investigating a report that William F. Walker, the missing treasurer of the New Britain, Conn., Savings bank, lost more than \$350,000 of the bank's funds in this city as a victim of skilled workers of the wire-tapping game. This report is to the effect that one of the two men who operated the game discovered last October that Walker had suffered losses through his ventures in stock speculation. The pretended wire-tapper then went to New Britain and unfolded to Walker, it is said, the usual scheme of tapping the race wires to get the name of the winning horse and then beating the pool rooms by betting on the horse before the pool room received the name of the winner.

As a result Walker is said to have gone to New York, where he was taken to a pretended pool room, where he and the two conspirators acting as his agents bet and lost \$110,000. Walker is said then to have gone back to New Britain, but was again convinced by the conspirators that the loss was due to his own mistake in taking the name of the winning horse. Walker is said to have consented to try it again and to have brought to New York a lot of the bank's securities and negotiated them for \$240,000 cash. He was allowed to win \$20,000, according to the report, but on the next trial lost the entire amount, \$260,000, including his own winnings. The swindlers then disappeared.

It is stated that most of the securities stolen have been located. Most of them have been found with reputable brokerage houses, and efforts are now being made for their restoration to the Connecticut institution. Walker, it is understood, disposed of about \$200,000 worth of the securities a few days before he vanished from the Hotel Cumberland, and he is believed to have had a large amount of cash when he departed.

### HEAD OF THEOSOPHISTS DIES.

Henry Steel Olcott Passes Away at Adyar, India.

New York, Feb. 18.—Alexander Fullerton, secretary of the Theosophical society, announces the death Sunday at Adyar, India, of Henry Steel Olcott, co-founder with Mme. Blavatsky of the theosophists in this country.

Mr. Olcott, who visited this country last year, sailed for India in October. On the voyage he fell down the hatchway of the steamer and was confined for a month in a hospital at Genoa, Italy. Subsequently he recovered sufficiently to continue his journey, but upon his arrival at Ceylon he suffered a relapse and since then had been in a more or less precarious state of health. Death was due to heart failure. Mr. Olcott was 75 years old.

### ONLY SEVENTEEN SURVIVORS.

Two More Victims of the Larchmont Disaster Die.

Providence, R. I., Feb. 16.—Another name was added to the list of victims of the wreck of the Joy line steamer Larchmont in Block Island sound last Monday night, when James Vann, a colored waiter, who was one of those saved, died at the East Side hospital in this city Friday. His death reduces the number of survivors of the 160 persons known to have been on the Larchmont to 17. Samuel L. La Combe of Manchester, N. H., died from the effects of exposure Thursday. The other survivors probably will recover. The identification of the 76 bodies that have been recovered has so far progressed that at 10:45 o'clock Friday night only eight remained unclaimed at the morgue here.

### STEAMER SINKS; 14 DROWN.

Orianda Sent to the Bottom by Collision with the Heliopolis.

Cardiff, Feb. 18.—The British steamer Heliopolis collided Saturday midnight with the British steamer Orianda, outward bound from Penarth. The Orianda sank and 14 persons including her captain, were drowned. The Heliopolis put into this port with her bows damaged.

### Arrest 71 Revolutionists.

St. Petersburg, Feb. 19.—The social revolutionists have been holding meetings in the university building here, under the cover of university autonomy. The police, however, determined to put an end to these gatherings, and Sunday surrounded the university, arrested 71 revolutionists and seized 1,500 pounds weight of incendiary proclamations. The prefect of police has ordered the arrest of all persons distributing election literature in behalf of the radical party, and Monday closed two printing establishments where radical ballots were being prepared.

### Anti-British Outbreak in India.

Lahore, India, Feb. 18.—A violent outbreak of anti-British feeling has occurred here, following the conviction of the proprietor and editor of a native newspaper, who were accused of stirring up hatred against the English. The men were fined and imprisoned. After the sentence had been imposed the natives formed a parade and the mob went through the streets shouting denunciations and hooting at every European they met.

### Mortgage Sale.

DEFAULT having been made in the conditions of a certain mortgage made and executed by Mary R. Smith, dated the 10th day of July, A. D. 1906, and recorded in the office of Register of Deeds for the County of Ottawa and State of Michigan on the 26th day of July, A. D. 1906, in Liber 83 of Mortgages, on page six, of which mortgage there is claimed to be due at the date of this notice TWO HUNDRED AND FORTY-THREE DOLLARS AND TWENTY-FOUR CENTS, and an attorney's fee of twenty-five dollars as provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage or any part thereof:

Now therefore, by virtue of the power of sale contained in said mortgage and the statute in such case made and provided, NOTICE is hereby given that on Tuesday, the fourteenth day of May, A. D. 1907, at ten o'clock in the forenoon, I shall sell at public auction, to the highest bidder at the North front door of the Court House in the City of Grand Haven (that being the place where the Circuit Court for the County of Ottawa is holden) the premises described in said mortgage or so much thereof as may be necessary to pay the amount due on said mortgage, with seven per cent interest, and all legal costs, together with an attorney's fee of twenty-five dollars, covenanted for therein, the premises being described in said mortgage as all that part of lots numbered five and six in block sixty-two, which are bounded on the North and South sides by the North and South lines of said lots: bounded on the East side by a line running parallel with Land Street and two hundred and twenty-five feet West from the West margin line of said Land Street: bounded on the West side by a line running parallel with said Land Street and two hundred and sixty-eight feet West from the West margin line of said Land Street, all according to the recorded map of the said City of Holland.

### Mortgage Sale.

DEFAULT having been made in the conditions of a certain mortgage made by Charles M. Westover, Chauncey B. Westover and Gussie S. Westover, his wife, to Charles Hass, dated the 18th day of February, A. D. 1901, and recorded in the office of the Register of Deeds for the County of Ottawa and State of Michigan, on the 23rd day of September, A. D. 1906, in Liber 75 of Mortgages, on page 367, on which mortgage there is claimed to be due at the date of this notice the sum of One Hundred and Seventy Dollars and forty-two Cents, and an Attorney's fee of Twenty-five Dollars, provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage or any part thereof:

NOW, THEREFORE, By virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, notice is hereby given that on Saturday, the 27th day of April, A. D. 1907, at nine o'clock in the forenoon, I shall sell at Public Auction to the highest bidder, at the north front door of the Court House in Grand Haven, Michigan (that being the place where the Circuit Court for said County of Ottawa is held,) the premises described in said mortgage, or so much thereof as may be necessary to pay, the amount due on said mortgage, with seven per cent interest, and all legal costs, together with an attorney's fee of Twenty-five Dollars, as provided by law and as covenanted for therein, the premises being described in said mortgage as follows, to-wit:

The North half of the Southeast quarter and also the North half of the Southeast quarter of the Southeast quarter of Section twenty three (23), all in Town eight (8) North Range fifteen (15) west, being in Township of Crocker, Ottawa County, Michigan.

STRICTURE AND KIDNEY DISEASE CURED.

G. E. WRIGHT.

"I had stricture for eleven years. It finally brought on Bright's Disease of the Kidneys. I had an uncomfortable shooting pain in the groin and feeling as though something was in the urethra. My back was weak and I could scarcely stoop over. Urine was full of sediment. Had a desire to urinate frequently. Family doctors, so-called specialists, patent medicines, electric belts, all failed. I was discouraged. I had spent hundreds of dollars in vain. Finally I consulted Dr. Kennedy & Kergan as the last resort. I had heard a great deal about them and concluded from the fact that they had been established over 25 years that they understood their business. I was delighted with the results. In one week I felt better and in a few weeks was entirely cured. Have gained sixteen pounds in weight."

## A PURE AIR RHAPSODY.

Draft, Not Cold, is the Thing That is Harmful.

Keep your thoughts on pure air in the home. Don't be afraid if it is a little cold. None of Peary's party caught cold all the time they were in regions away below zero. Pure unadulterated cold is healthful. It is not all the time pleasant, but one can wrap up sufficiently to provide against the discomfort of it. That is easy. That is what they do with consumptives—wrap them up warmly and put them out into the fresh, cold air.

It is not the cold that hurts; it is the draft, which disturbs the temperature of the body and consequently the equilibrium of the circulation, which in turn stuffs up the capillaries, and there you are—sneezing, wheezing, coughing, hocking, grunting and making yourself a public calamity. If one cares to enjoy an interesting scientific research of his own, let him get in a nice little draft, with his side or back to it, and then pay particular attention to what is going on. Pretty soon he will feel a sharp dryness in his throat, a tickling twinge in one nostril, a sort of dingly feeling along one side of the head, and an impudent chill crawling down one leg and gnawing at the ankle. Then he gets up with a mean cold, which, by gentle care of himself, will last him three days.

Therefore, flood your home with fresh air, cold or hot, better cold, but keep an eye on that draft; it is always just on the outside, waiting to catch you unawares; it is a mean conspiracy and usually aims at nice, thoughtless people. A draft is a worse enemy to a happy, healthy life than all the mince pie, shrimp salad, hoghead cheese, and Welsh rabbit that one can eat at 12 o'clock at night. So, please do not mix your cold with a draft.—Ohio State Journal.

## EASY ROAD TO MINER'S HEART.

Child Beggars in Camp Early Become Worldly Wise.

"The mining camp child usually develops into the greatest beggar as a class that child life ever sees," said H. D. Smith, of Milwaukee. "I have never been in a mining camp yet where there were children that one of them did not stop me every now and then and ask for some money or a piece of ore. Their plaintive wails are to be heard on all sides.

"A story is told of a little girl in Dawson who made it her custom to ask every miner she saw for a nugget. She was a cute little thing, and her request was nearly always acceded to. After a while she had \$3,000 worth of nuggets collected in this fashion. As a rule, the miner is a generous fellow, particularly in a gold camp where the inhabitants have prospered and where most of the men have claims of their own. Nearly all of them carry loose gold around in their pockets and think nothing of giving little chunks of it away.

"In camps where they are not thus supplied with gold they usually are free with their money and the begging child is tossed anything from a nickel to a dollar."—Duluth Herald.

## Bethnal-Green.

Bethnal-Green, whose lawless state has just been revealed before the police commission, seems, in the past, to have been as idyllic a spot as its rural-sounding name suggests, according to the London Chronicle. "By coach," wrote Pepys, in June, 1663, "to Bethnal-Green to Sir W. Rider's to dinner. A fine merry walk with the ladies alone after dinner in the garden; the greatest quantity of strawberries I ever saw, and good. This very house was built by the blind beggar of Bethnal-Green, so much talked of and sang in ballads. Readers of Percy's 'Reliques' will recall that famous Blind Beggar. 'That daylie sits begging for charity, 'He is the good father of pretty Bessie.'"

It is a far cry from Pepy's strawberry-growing days to Matthew Arnold's "squalid streets of Bethnal-Green!"

## Wood Pavements.

The five cities in which the largest amounts of wood pavement are found are, in order, Indianapolis, New York, Minneapolis, Toledo and Boston. Together these cities have more creosoted wood pavement than all other cities in the United States combined. The total amount of this pavement in use in this country at the end of the year 1905 was about 1,400,000 square yards, equivalent to nearly eight miles of pavement on a street 30 feet wide.—Woodcraft.

## Welsh Rabbit Fiasco.

"When I was starting my apartment," remembered the bachelor, "several of my lady friends wired me they would bring a small party of people up for Welsh rabbit. I went out and bought a chafing dish, the hand-somest I could find; a dozen plates, silver knives and forks and spoons and napkins, and a table to set the rabbit out on, so that the rabbit, which at a restaurant would have cost me about a dollar all told, cost me about \$35. And then they didn't come."

## Shopping Politeness.

"Never point my dear," said the mother, gently.

"But, mamma," objected the little girl, "suppose I don't know the name of the things?"

"Then let the salesman show you all he has in stock until he comes to the article that is desired."

## TWENTY-ONE KILLED IN RAIL DISASTER

NEW YORK CENTRAL SUBURBAN ELECTRIC TRAIN IS WRECKED.

Cars Flung from Track—One Hundred and Forty-five Passengers, Nearly All of Them Women, Are Mangled and Bruised.

New York, Feb. 18.—Twenty-one dead and 145 others more or less seriously injured, is the result of the wreck of an electric express train on the New York Central railroad at Two Hundred and Fifth street and Webster avenue Saturday night.

Of the large number of injured, 50 according to hospital and police reports, are seriously hurt and the death list may be increased within the next 24 hours. Most of the others are suffering from lacerations or shock, and will recover.

## Cars Hurled from Track.

Four cars of the train, which was drawn by two big electric locomotives and running at high speed, left the track and plunged down an embankment.

The wreck occurred on a curve, and so great was the momentum of the train that the cars which left the track were dragged along the ties and shattered to bits. The rear coach, which was filled mainly by women, snapped from the train, rolled over and over and finally collapsed, a mass of splintered wood and twisted steel, while the bodies of dead and injured passengers were strewn for 100 yards along Woodlawn avenue.

## Crowded with Women.

The train, which was made up of the two motors, a combination baggage car and smoker and four passenger coaches, left the Grand Central station at 6:13 o'clock. It was crowded with women on their way home from matinees, and with commuters for White Plains and points beyond. After making the stop at One Hundred and Twenty-fifth street, the train was scheduled to run to White Plains without a stop. It had a clear track, and was making unusually fast time.

At Woodlawn avenue the four tracks run through a rocky cut and take a sharp curve. When the train reached the curve both motors and the smoking car swung safely around, but the cars following left the rails and, plunging over on their sides with a terrific crash, tore up the tracks and after sliding 100 yards collapsed.

## Dead Strewn on Track.

The dead and dying were strewn along the tracks. Many of the victims were almost unrecognizable. In being dragged along the cinders and coal dust had been so ground into their bodies that it was with difficulty that the rescuers could tell whether they were white or black. Many of them had their clothing torn off and were almost nude when found.

Ambulances and surgeons from every hospital in Bronxborough and from Bellevue, and the police reserves from many stations were soon on hand and the work of rescue was carried on rapidly.

## BASIS FOR ENDING JAPANESE TROUBLE

SCHOOLS ARE TO BE OPENED TO ALIEN CHILDREN UNDER RESTRICTIONS.

Coolie Labor Shut Out—Passage of Immigration Bill Settles the Controversy—Tokio Disposed to Accept Plan Quietly.

Washington, Feb. 19.—Japanese children are to be admitted to the white schools of San Francisco under certain restrictions; skilled and unskilled laborers coming from Japan are to be barred from the mainland of the United States, and American laborers, skilled, and unskilled, are to be excluded from Japan.

This is the basis of the agreement between President Roosevelt, Secretary Root, Mayor Schmitz and the San Francisco school board as an adjustment of the anti-Japanese agitation brought about by the segregation of Japanese children in the schools of San Francisco.

The agreement means that the schools of San Francisco will be conducted in the same manner as they were before the board of education adopted the resolution last October providing for the segregation of the Japanese, except, that adult Japanese who are in primary grades must continue to attend the oriental schools and that Japanese children under 16 years of age will be admitted to classes with white children of their own ages.

While the resolution of the school board, as amended reads, "Children of alien birth," it is freely admitted by Mayor Schmitz and his associates that the resolution will apply only to the Japanese children and that the change in the wording was to make it plain to the Tokio government that no discrimination was intended against Japanese children.

## Coolie Labor Excluded.

Assistant City Attorney Williams of San Francisco, who has acted as legal adviser to Mayor Schmitz and the board of education since negotiations have been pending in Washington, Monday night said: "The only concession we have made is to admit Japanese children to the white schools while in return the administration has brought about the exclusion of Japanese laborers from this country."

## Mayor Schmitz said:

"This is only a temporary agreement. President Roosevelt has given us direct and positive assurances that he will at once begin negotiations with Japan for the purpose of bringing about a new treaty that will exclude Japanese laborers, skilled and unskilled, from continental United States."

## Tokio Takes It Quietly.

Tokio, Feb. 19.—The passage of President Roosevelt's passport bill by the senate of the United States was semi-officially announced Tuesday morning. The leading newspapers explained that this action by the United States government is perfectly legitimate and in accordance with treaty stipulations. It is also pointed out that the promise of success of the judicial procedure in the school question is lessening. The newspapers thus far have refrained from making comment on this latest news from Washington.

It is believed that the immigration companies will combine to attack the government's attitude if an agreement is reached with America on the basis proposed. It is thought that the general public, while regretting the solution of the San Francisco school question taking this form, will calmly resign itself to the situation.

## VOLUNTEER ARMY PLANS

BILL PREPARED BY THE GENERAL STAFF IS INTRODUCED.

Senate Makes Little Progress on Agricultural Measure — House Passes Immigration Bill.

Washington, Feb. 19.—Senator Warren, chairman of the senate committee on military affairs, Monday introduced a bill providing for the raising of a volunteer army of the United States during actual or threatened war. The bill was prepared by the general staff and is a very comprehensive measure, outlining plans for the organization and mobilization of the proposed army in minute detail.

It divides the military establishment into three branches, the regular army, the national guard and the volunteer army. It provides that the volunteer army shall be maintained in time of war and when war is imminent, and that it may be raised by proclamation by the president after congress shall have authorized such act. The extent of the force is to depend upon the emergency and the troop are to be raised in the various states in proportion to their population.

The same bill was introduced in the house by Chairman Hull of the committee on military affairs.

As the result of more than five hours' consideration of the agricultural appropriation bill, the senate increased from \$3,500 to \$5,000 the salary of Gifford Pinchot, chief of the bureau of forestry. The debate was devoted mostly to the methods of administration and general policy of the forest service and at times broadened to include the public land question generally. Practically no progress was made on the agricultural bill. The senate will meet at 11 o'clock hereafter.

Under suspension of the rules the house adopted the conference report on the immigration bill although the Democrats generally made a party issue against the passport provision as well as to that requiring increased air space in vessels.

The house refused to suspend the rules and pass the bill recommended by the interstate and foreign commerce committee as a substitute for the so-called La Follette bill limiting employment on railroads to 16 hours, the Democrats voting solidly against the substitute.

Mr. Overstreet of Indiana asked that general debate terminate on the post office appropriation bill at four o'clock Tuesday afternoon, which was agreed to.

## LEAVES MUCH TO CHARITY.

Count Creighton's Will Makes Several Handsome Bequests.

Omaha, Neb., Feb. 19.—The will of the late Count John A. Creighton was filed for probate Monday afternoon. It makes specific bequests of \$1,150,000, of which \$250,000 goes to relatives and his housekeeper and \$900,000 goes to educational and benevolent institutions, the Creighton university leading with \$500,000.

All that is left over, estimated to be upwards of \$5,000,000, is to be distributed among the beneficiaries specifically named in the will in the same proportions that their shares bear to the whole amount. Thus it is estimated each one will receive four or five times as much as specifically named.

The following institutions, besides Creighton university, are given the amounts named as relative shares in the residue of the estate: Creighton Memorial (St. Joseph's) hospital, \$200,000; Little Sisters of the Poor, \$30,000; Working Girl's home, \$50,000; Sisters of Good Shepherd, \$50,000; Sisters of Poor Clare, \$50,000.

## Wholesale Challenge to Duel.

St. Petersburg, Feb. 19.—A story is current here that Prince Paul Dolgoroukoff, leader of the constitutional democratic party, who was expelled by unanimous vote from the Imperial Russian Yacht club because of his antigovernment teachings, has challenged every one of the members to a duel.

James Sangers was arrested Monday night by Officer Doornbos, who found the fellow in a drunken stupor on the porch of the residence at 124 East Eighth street. Sangers is an old offender, having been in court here recently on a similar charge. Before Justice Van Duren, Sangers pleaded guilty, and sentence was suspended.

Albert Remelts, local agents for Wolverine Tea company of Grand Rapids, was arrested on the charge of violating the city ordinance requiring all peddlers to secure a license. The arrest was made at the instigation of the Holland Merchants' association. Remelts pleaded not guilty in Justice Van Duren's court and trial was set for today. He was released on \$200 bail.

Mr. and Mrs. P. Benjamin of Zeeland on Saturday celebrated the 56th anniversary of their married life. Mr. Benjamin is 80 years of age and his wife two years younger. They are among the very oldest of the Holland pioneers in Ottawa. The children include Rev. A. J. Benjamin, Milwaukee; Mrs. Peter Brusse and John E. Benjamin, of this city; P. H. Benjamin, Grand Haven and Miss Anna Benjamin, of Zeeland.

The steamer Conestoga of the Goodrich line, bound from Grand Haven to Milwaukee, was caught in a field of slush ice a few miles north of the harbor during the night and effected her release at about 4 o'clock Thursday afternoon. The steamer was first sighted by Capt. Jacob Van Weelden of the Holland life saving station at 10 o'clock that morning, when the Goodrich company telephoned from its offices from Grand Haven for news of the boat. The Conestoga was from three to five miles out of her course. Capt. J. F. Cavanaugh is in command and she carried about 20 carloads of freight. She headed for Milwaukee when released and arrived there Friday afternoon.

The board of trustees of the Wesleyan church held a meeting Tuesday evening at the home of Robert Colter, Maple street, and it was decided to sell the property recently deeded the church by Jacob Fleiman. This property is situated on River street between Second and Third streets, and it is the intention of the trustees to divide it into lots which will be sold separately. With the proceeds from the sale of this property, the church will at once begin the work of building a new church on its property on west Ninth street recently purchased of Seth Nibbelink, on which the parsonage is located. The present church on North River street has grown too small, and its location is undesirable.

Governor Warner yesterday re-appointed D. B. K. Van Raalte of Holland township a member of the State Soldiers' Home board.

At a meeting of the board of directors of the Crisp Creamery held Friday, P. M. Ilenhuis was elected president for the ensuing year; to succeed J. Smith, who has moved to this city.

Western Union telegraph operators throughout the country are going to have an increase in salary of 10 per cent after March 1. This includes Miss Madeline Van Patten of this city.

John Benjamin shipped a pair of shoes yesterday to M. E. Dick, Somerset, Cape Town, South Africa. Mr. Dick is unable to find a desirable make and fit in that country, but he knows where to get them so he comes to his home town.

The amount of delinquent taxes this year is \$1,280.83, while that of last year amounted to \$583. The reason for the increase is due to the fact that a local company, now in litigation, has not paid its taxes which amounts to \$1,000.

The post office will be open tomorrow, Washington's Birthday, from seven until ten o'clock, only one delivery will be made in the morning, and the collection of mail will be made at five o'clock in the evening. There will be no rural service to morrow.

A ministerial convention of Wesleyan clergyman of the Michigan conference will be held in the Wesleyan church May 7, 8, 9 and 10. About 25 clergyman are expected, and matters of great importance to the church will be discussed.

Patrolman Mann, while working his beat on South Market street Tuesday night, about 1 o'clock, noticed smoke issuing out of a Holland interurban car which stood on the company's siding at the corner of Oakes street. He investigated and found that the car was afire. He called the fire department and the fire was extinguished before it had caused much damage. G. R. News.

A fire in the basement of the Slagh block on East Eighth street, under the store occupied by Bert Slagh, was discovered at 7 o'clock Saturday morning by J. Baranov, who occupies the adjoining store. The blaze was confined to a barrel of waist, and was evidently caused by spontaneous combustion. The firemen had to smash the plate glass in the front door to get into the store and thence into the basement, where chemicals were used to extinguish the fire. The stores and flats were filled with smoke and for a time there was considerable excitement in the block. The damage is confined to the broken door.

## Lost Love.

Rumor has it that Henry Plasman, son of Fred Plasman, living on rural route No. 1, is said to have shot a man by the name of Walter I. Loucks, formerly of Grand Rapids but now living in Los Angeles, who was his rival in a love affair.

Loucks' wife was formerly Miss Bertha Vanden Berg. Her parents moved to this city several years ago from the country, and two years ago they moved to Los Angeles. Plasman, who was engaged to the girl, followed them to the west. At the time of his residence here Plasman was agent for an insurance company.

The date had been set for the marriage of Miss Vanden Berg and Plasman, it is said, when she suddenly broke the engagement, claiming to have heard something against him. Last July she married Loucks. Nothing can be found out from relatives in this vicinity who are very reticent when the matter is referred to. Plasman is of a quiet disposition and a man that generally attended to his own affairs and how this tragedy is possible is hard to imagine.

## The Right Kind of a Boy.

To enjoy fishing and shooting a boy has got to have it bred into him, and most American boys have it. The boy who had rather go out in the woods and on the waters and work all day like a harvest hand and come home so tired he had rather go to bed than to wait for supper has got the ginger in him to make an American citizen of the first class.—Outer's Book.

## Incidents of the Burning of Holland City in 1871

The following description of the burning of Holland is from the Hartford (Van Buren County) Day-Spring whose editor was an eye-witness of the terrible conflagration which swept away one of the most enterprising places in our state:

About two o'clock on the morning of the 9th of October the terrible conflagration commenced which destroyed the pleasant city of Holland. Most of the bells of the city which had sounded the cry for help since early sundown now stopped their plaintive call and the inhabitants of the doomed city shrieked for succor and protection as the flames from the burning church and dwellings in the south part of the city lit up the heavens above and the forests for miles away. Soon the second church and the Methodist Episcopal were on fire, now the City Hotel and the finest stores on Main street. Here the fire became terrific and women, men and children fled the city in panic-stricken horror. H. D. Post and family were aroused just in time to wrap their night-clothes around them and hurry away leaving their beautiful home and fine property which it had required twenty-five years to accumulate, to the greedy ravenous flames. At two o'clock a young woman died and her husband took her slimy body in his arms, and by the humanity of Mrs. Bostwick, it was watched and cared for in the open air in the outskirts of the city, until daylight came when it was buried. One old lady, delirious with despair, rushed into the swamp and was mired up to her body, but was rescued by her children before the flames had reached her. A poor woman whose infant lay a corpse in her parlor, grasped the stark body and ran frantically to the woods. The next day she visited the blackened site where stood her home, still carrying her dead baby which she refused to have buried saying it was all she had left. One woman who was under the doctor's care, arose from her bed for the first time in twenty-four hours and saved herself by flight and strange to say has been well ever since. An old lady who lived alone was burned in her cabin, she probably not having awakened until the flames reached her body. Mrs. Vervena, a widow lady, who buried her husband in May, grasped her two small children and involuntarily found refuge in the cemetery, a mile away, and was found about noon of that day wailing over her husband's grave, calling his name piteously, in that hour of her great disaster.

The magnitude of this great fire is without a parallel in Michigan history. Sixty-four stores were burned, forty-seven of which were never entered after they closed on Saturday night. Six churches, three hotels, three printing offices—the Gazetteer, Grandwet and De Hollander—two large tanneries, two stove factories, the large City Grist Mill with a number of thousand bushels of wheat, two banks, two art galleries, four lawyers' offices, five saloons and over two hundred dwellings with their entire contents. Four hours after the fire struck the city the last of the structures lay prostrate in smoking ruins, and the rising sun looked down upon the smoldering homes of nineteen hundred persons. Many a sturdy pioneer, now aged and grey with the toils of the last quarter century, in rearing a home and gathering around them a competence for old age, were reduced from their hoarded thousands to paltry hundred dollars. One aged and infirm old lady could only be induced to leave her burning house by actual force, while scores rushed frantic for a place of refuge, in paths lit up by the faggots of their burning homes. Six refugees from the annihilated city walked to Grand Rapids before they stopped to rest. The heavy bell in the third church kept up its piteous warning cry, until the wild flames had climbed the spire and burned in twain the rope high in the belfry. For miles around the heavens were aglare with the light of the burning city, and vessels tossed on Lake Michigan that eventful night, were lighted towards the port of Holland, full fifty watery miles away.

The above clipping was sent in by Mr. G. S. Harrington who will send in other contributions later referring to Holland in its earlier days.—Ed.

## Common Council.

The Ways and Means committee who had under consideration the proposition of extending the electric light system and doubling its capacity as stated in the News a short time ago, made a report to the council last evening without recommendation. The council has gone over the report thoroughly but has taken no action referring it back to the committee. The matter will be taken up again in a few weeks. The extension will cost in the neighborhood of \$30,000 for which the city will have to be bonded.

As to the paving of West Eighth street brought up in a petition by Geo. P. Hummer and others, the committee on streets and crosswalks considered that before this was gone into a new sewer district should have to be established, namely, west eighth west ninth and west tenth streets, and the council ordered that plans be made for said district.

Paving was also talked of between the Allegan and Chicago division of the P. M. railway on East Eighth street, as this street is in bad condition, but it is not likely that this will be done but coarse gravel will be used instead.

The part of Michigan ave., where the property extends into the street in some places 9 and in others as much as 15 feet was taken up by the council and the matter was referred to city attorney and city surveyor who will report later. It is likely that condemnation proceedings may be started in some cases in order to give the street the proper width that is supposed to belong to said street.

The eight inch sewer on Central ave. to the swamp will be replaced by a 12 inch sewer as the old one was inadequate to drain the water from the street.

An ordinance relative to Brokers was also passed last evening by the council.

The dividing of the fifth ward has been decided definitely by the council at a meeting last Wednesday evening. The matter was brought up by Alderman Kerkhof and a vote taken on same all the city fathers voting against the project, excepting Viissers, Van Tongeren and Kerkhof. It was the sense of the meeting if the ward was divided it would be necessary to re-district the whole city, and the time is not yet ripe for these changes. Then again it would mean an additional expense of more supervisors, which would then be necessary.

One of the amendments to the new charter is that of giving authority to the board of public works to employ a clerk. With the growth of the city the business of the light and water departments have increased enormously and it is declared to be impossible as well as impracticable for one person to do the clerical work of the board and the city.

Further, it is maintained that one man should not have the authority to pay out the \$200,000 annually disbursed by the board without a check on his own accounts kept by another than himself, the city clerk, under the present system, being his own check, verifying his own accounts, and is given unlimited freedom with the city's money.

Aldermen Kerkhof, Praliken and Van Tongeren opposed the amendment, declaring that the city clerk should be responsible for the clerical work of all the city boards, and if the work was more than he could handle, that assistants be employed. The proposition was submitted to a vote of the council, however, and the amendment carried. The board is also given authority to appoint a collector of water and light rentals.

Most important of all the amendments to the charter is that abolishing the office of city marshal and creating a board of commissioners to have control of the police and fire departments. This commission will consist of three members who shall be appointed for a term of three years each, except that in 1907 one commissioner shall be appointed for one year, one for two years and one for three years, making the term of office of one expire every year.

This board of commissioners is given absolute control of the two departments, except that the appointments of fire marshal and chief of police must be submitted to the council for approval. In the charter committee's report this provision was not made, but the council voted Monday night that it should have such authority even after it was pointed out that the elimination of politics from the two departments was best accomplished by giving the fire and police board supreme power.

The council passes on all bills of the board and the board is not permitted to employ to exceed two policemen for every 3,000 of the city's population. The police officers are not permitted to serve civil papers and all fees allowed them for services in criminal cases are to be
