NEW INDUSTRY HAS BEEN LAUNCHED IN HOLLAND

HOLLAND MANUFACTURING CO. ORGANIZED WITH \$25,000.00 CAPITAL STOCK

Holland has added another manufacturing establishment to its long list of diversified industries and in this case again something is produced altogether different.

The new firm is named The Holland Manufacturing Co. and has a capital stock of \$25,000.00.

The concern is manufacturing what is called "tail-end wrecking cranes" used by garages, as one of the products and a second machine is called the "horizontal arbor press" also a part of garage equipment.

These two machines are already in use in Holland and Grand Rapids and are proving so satisfactory, so convenient and so simple in usage that the garage owners would not part with either of them if others could not be obtained.

Both press and crane have certain patentable features that are simple, yet do lifting with ease. The load is always locked in the crane and no pawls are used in the crane to keep the load locked.

The arbor press has self-centering devices that no other press has, that keeps work in perfect alignment and is one of the most effective machines of this kind on the market, which has already been proven.

The two devices are to be on exhibition at the Grand Rapids auto show next week and will be found in the accessory division.

Patents have already been applied for and when this concern is well underway the manufacturing of other garage accessories will be added.

The stockholders in the new enterprise are: Sears McLean, president; Theodore Erickson vice-president and superintendent; and "Jim" McLean, secretary and treasurer.

Mr. Erickson who formerly lived in Charlevoix is of a mechanical turn of mind and was connected with the Erickson-Olmstead Mfg. Co. makers of garage equipment.

The company has rented a building near the Holland-St. Louis Sugar Co., and the casting is being done at the Buss Machine Works and the assembling and fitting at the building recently acquired.

Although the enterprise starts on a small scale the advance sales so early in the game would indicate that the new firm starts out very auspiciously because the product has great merit and no doubt within a few years the Holland Manufacturing Co. will be a factor of some proportion in Holland's list of industries.

WESTVEER'S NAME SENT IN TO THE POSTMASTER GENERAL

POSITION IS ASSURED THE ASSISTANT POSTMASTER

A communication has been received by Assistant Postmaster Ed Westveer practically assuring him of the position as postmaster at Holland beginning July 1.

The recommendation was sent by Congressman Mapes to the Postoffice Department at Washington. The letter follows below:

February 16, 1924

Hon. John H. Bartlett, First Ass't Postmaster General, Postoffice Department.

Dear Governor Bartlett:

I recommend for postmaster at Holland, Michigan, to succeed the present incumbent, Mr. A. J. Westveer, the present assistant postmaster. Mr. Westveer has a Civil Service status.

Very sincerely yours,

(Signed) Carl E. Mapes.

"LITTLE SOUSA" SURE MAKES A HIT AT THE HOLLAND

Master Raymond Baird, called the "Little Sousa", the youngest band master in the world is surely making a hit at The Holland theater. As a saxophone player he has few equals and with his modest little lecture on music he captivates his audience.

His impersonation of John Philip Sousa, America's greatest band leader, brings down the house. The little fellow will be in Holland until and including Saturday night.

TELLS ABOUT SCHOOLS IN EARLIER DAYS

V. R. HUNGERFORD DESCRIBES SCHOOL SYSTEMS FROM COLONIAL TIMES TO NOW

The Longfellow P-T club program was in charge of the men of the club Tuesday evening. Community singing was led by Dick Van Kolken. Mr. McCormick, a talented imitator, charmed his audience with his realistic bird songs. Mr. Clifford Hopkins read in a charming manner "A Teacher's Dream After a Program."

V. R. Hungerford, former Commissioner of schools in Van Buren county, traced the development of schools from colonial times until now. In early days the school was founded so that there might be a plentiful supply of ministers. Also in order that citizens might be efficient in carrying on our democracy. A pleasant social hour was spent down stairs.

The P.T. has redecorated the rest room in a very delightful fashion. It has also presented the school with a second piano so that physical training may be more effectively presented to the children.

TWELVE HUNDRED A YEAR IS A REPEATER

The play, "1200 A Year," will be repeated Wednesday night, Feb. 27. The principal of Junior High, Miss Minnie K. Smith has received many requests to repeat the play. Any person who was not able to see the last performance, on account of the lack of seats, may use their former ticket for the evening of Feb. 27.

The popularity of the play is shown by the large attendance at the last performance, and also by the enthusiastic comments, heard on every hand.

A REAL PLANNER TELLS HOW HOLLAND SHOULD PLAN

MR. LYNCH OF GRAND RAPIDS TELLS EXCHANGE CLUB OF CITY PLANNING AND ZONING

One of the most interesting talks given in Holland for some time was heard by the members of the Exchange club and guests at the noon-day luncheon yesterday.

Mr. Lynch, the most efficient civic director Grand Rapids ever had and an authority on city planning and zoning was the speaker.

Chairman Dr. A. Leenhouts called upon Attorney Charles H. McBride to introduce the speaker and Mr. McBride stated that the Exchange club was unusually fortunate to secure Mr. Lynch since Mayor Stephan had appointed a commission to look after the future planning and zoning system for the city of Holland. Mr. McBride pointed out just one instance where certain individuals planned ahead using as an example the erecting of the Masonic Temple, and pointing out of the window to Central Park, he stated that there is a vista of beauty and the Masons of Holland had surely planned ahead to erect such a beautiful building suitable for civic needs, on the edge of a garden spot.

Mr. Lynch was then introduced and said in part:

"Whenever I come through this city, I am in wonder of your beautiful park. I have been about your thrifty town, and see where your forefathers and you have already been planning well. Had Grand Rapids started to plan as thoroughly and well as Holland has done and is now doing, its mistakes of the earlier days would not be so expensive now, and so difficult to remedy. City planning means nothing more than applying business methods to the plans."

"When one builds a house one plans ahead. First to get the proper location and the proper surroundings. Cities should also be planned that way. A very important start is the planning of streets. The major streets are the trunk streets and the smaller streets intersect into them. Streets in reality are much like sewers. (Paraphrase the comparison.) The trunk sewer must be large enough to accommodate the outpouring of the laterals, so too, the trunk thoroughfares must be able to safely take care of the outpouring of the minor streets."

Your forefathers no doubt planned 66 foot streets as in Grand Rapids. That was ample in the days of "old dobbies," but now since the motor car holds away difficulties are being encountered everywhere, and congestion is a problem to contend with. Your forefathers didn't know of the automobile."

"The thing to do now is to make your plans bigger in new Holland, namely the outlying districts. In these districts the mistakes of yesterday can be remedied in the proposed improvements of tomorrow."

"I can see a wonderful future for this city for it is just developing into the enlargement stage."

"A city grows to certain proportions, laying rather dominant, and then makes strides ahead. This can be said of Flint, Muskegon, Jackson, Lansing and other cities. I feel that Holland is preparing for just such a start."

"Holland thus far has not made any mistakes with its internal transportation plans. Fortunately so, when I have in mind the troubles that older cities are having. Eventually you'll need city transportation either in the way of bus lines or street car and here is where the city planning job comes in. Benefit by the mistakes made elsewhere—profit by avoiding those mistakes. Transportation by water, railroad, and interurbans are also duties looked after by a city planning commission."

"The best of these is none too good for any town, and when the Great Lakes-St. Lawrence waterway becomes a fact then Holland will come into its own and benefit materially."

"You may think it premature to think of landing places for airplanes. Grand Rapids has many of these and in a trip to Holland on a Rose-Swift plane the only available spot was the fairgrounds, although we endeavored to get to your resorts."

"These are visions in the future no doubt, but surely are not too visionary, considering the development made in air lines as a commercial factor for the future."

"The zoning system is another problem having to do with city planning. Public health, public safety, morals and other departures might be placed under this head. Some of these will come under police regulation and are workable if common sense and fair treatment is used by police officials. The broad interpretation of certain ordinances and laws should be given in order not to make it a hardship or tyrannical to those who are not really law breakers at heart."

"Other things that come under the zoning system is the protection of homes against the encroachment of factories, stores, garages and offices in such districts where homes really should belong. A city should be divided in such a way that the factories will not injure the property of home owners and will not detract from home life. In certain districts the corner store or groups of stores are a convenience to the neighborhood, and add to the property valuation. Then again a condition may arise where the building of such an establishment will injure such property in the neighborhood. Common sense should be used in giving permits of such nature where other property is injured."

Different conditions in different localities either add or detract, but this must be determined by taking all things into consideration and planning accordingly."

"Recreation too, is part of the city planning feature."

"Proper recreation for young and old is a very essential thing in community life. Holland it appears to me has such wonderful natural advantages that the development of these nature spots, cannot help but attract strangers which in terms of dollars and cents would mean much."

POOL ROOM MEN LOSE THEIR CASE WITH COUNCIL

ALDERMEN DECIDE BY NINE TO TWO VOTE TO REFUSE PETITION

The pool room men of Holland are not to have an extra hour of business in the evening and they are not allowed to sell soft drinks in their places of business. This was decided by a vote of nine to two at the Wednesday evening meeting of the common council, all the aldermen present with the exception of Blue and Kleis of the First ward voting to deny the petition of the pool room proprietors. The committee on ordinances that had the matter under consideration recommended unanimously that the petition be denied and the other council members, with the two exceptions, concurred in the recommendation.

Two weeks ago the pool room men brought in a petition signed by a thousand or more citizens. Wednesday night the other side in the controversy brought in a heap of counter petitions so large that nobody thought it necessary to count the names. Those who protested against the change were: Holland Teachers' association, Ministers' association, Sunday school of Trinity church, Ladies' Bible class of Third church, Ladies' Bible class of Hope church, Men's class of Third church, Women's class of Maple avenue church, Men's class of Maple avenue church, W. C. T. U., Men's and Women's classes of 14th St. church, Women's class of First church, Women of Methodist church, Men's class of Methodist church, Teachers and Officers of the First church, Ladies' class of Trinity church, Sixth Reformed church, the Wesleyan Methodist church, X L Class 3rd church, Federation of Men's Bible Classes.

Each of these petitions was liberally signed and the showing against the proposition was so impressive that there was no debate on the subject. The aldermen merely took a vote and let it go at that.

ALDERMAN WANTS TWO MORE BLOCKS PAVED

SECOND WARD MAN CALLS ONE OF THEM A "MUD HOLE"

Ald. James A. Drinkwater wants two city blocks not included in the general paving plan for 1924 paved this year. Drinkwater calls one of the blocks a mud-hole declaring that it cannot be dignified by the name of "street." This is the block from River to Central on Tenth street. The other block he wants included is Graves Place between Central and College.

Drinkwater's request was not without a touch of humor. There has been objection to paving 16th St. and other streets because of the fact that the many intersections would mean a big bill to the city. Drinkwater pointed out that in these two blocks there is not a single intersection, but he did not refer to the fact that the Tenth street block is bounded along one side by Centennial Park, city property, and most of Graves place is bounded by the school grounds, also city property. The request was referred to the streets and crosswalks committee.

GRAND RAPIDS-GRAND HAVEN HIGHWAYS ARE BLOCKED

ROAD COMMISSIONERS GANG HAVE STOPPED DIGGING UN- TIL AFTER THE STORM

The pike to Grand Haven and Saugatuck is hopelessly blocked and has been the greater part of the week, and conditions are even worse on M-51 to Grand Rapids.

No buses or freight trucks have been coming through and none are expected for some days to come.

A short time ago the road commissioners with 75 men had gotten the road open for the benefit of trucks and bus lines and yesterday a large gang with plows began to work from both ends, but no sooner had a path been shoveled, or it was filled up again.

Chairman Austin Harrington felt that it was a hopeless job and very expensive and called the shovellers off until after the storm subsides which may be for a few days yet.

In the meantime, at least as far as Grand Rapids is concerned, Holland is depending upon the interurban for all its freight business and naturally it is the only means available outside of the Pere Marquette for passengers to get to Grand Rapids or interurban late points. As usual the Holland interurban is keeping up its enviable record by keeping its line open in the most severe storm.

The question comes up again which is of vital importance to Holland, "Suppose we wouldn't have an interurban?"

Holland. Have your back lot play grounds for the younger children so the mothers won't be worried. Have recreation parks for the young men so they can expand some of their surplus pep in wholesome sport, have a place for the older folks where laurels reign with flowers and trees—a sort of sitting room as it were, in which they can enjoy themselves. The park across the way is an example.

"A city should be 'dressed up' in order to leave the proper impression with the newcomer. You men coming here without a collar or tie wouldn't leave a very good impression with a guest from the outside. Likewise with a city. Holland is a beautiful town. A stranger coming here gets the right impression immediately. Keep it beautiful and add to its beauties."

Mayor Stephan had invited all the city officials to be present at the luncheon and the city hall men came in a body. The newly appointed city commission was also present and met with Mr. Lynch after the luncheon.

ALDERMEN CAN'T AGREE ON FIRST AVENUE PLANS

TO BOULEVARD OR NOT TO BOULEVARD IS STILL THE QUESTION

Whether or not First Avenue from Eighth to 16th is to be made a boulevard is still a question. The common council Wednesday night could not decide this matter one way or another and it was laid on the table. The committee on streets and crosswalks will take it up with the property owners again and will then come back to the council with a definite proposal.

Some of the aldermen, among them Blue, Dykstra and Laeppe, declared they were in favor of the boulevard system provided the property owners along the street paid the extra cost. Aldermen Kammeraad and Peterson on the other hand declared that it would not be fair to make the property owners shoulder the whole burden. They set forth that the boulevard would be a benefit to the whole city of Holland and not merely to the property owners along the street. They declared that the property owners were ready to shoulder a part of the extra burden but that the city should also take part of the burden.

Some of the aldermen were afraid that boulevarding First Avenue would set a precedent and that in future many other streets might petition for it. But this argument was disposed of by Ald. Kammeraad who declared that only an extra wide street could be boulevarded. First Avenue is 80 ft. wide and there are said to be only two other unpaved streets in the city that are wide enough for the boulevard plan. West 12th street, which is also wider than the average street, was also boulevarded at the general expense of the people of Holland.

Boulevarding First Avenue would cost in the neighborhood of ten thousand dollars, but a considerable part of this extra expense, it is understood the property owners along that avenue would assume.

The plans and specifications for Lincoln and Maple avenues were accepted by the council Wednesday night and a date for hearing set.

VETERAN DISABILITY TIME LIMIT NEARS

Most of the men who served in the World war were discharged in 1919. As the War Risk Insurance Act provides that "no compensation shall be payable unless a claim therefore be filed in case of disability, within five years after discharge or resignation," 1924 will be the last year that many ex-service men can legally file claims. The only exception will be extreme cases where the appeal must be sent to the central office in Washington and the director allows an additional year.

Director Hines of the Veteran's bureau, urges ex-service men not to delay asking for aid until it is too late, and he states that the bureau is doing everything possible to reach men entitled to compensation before the time limit expires.

REPORT SAYS "CHUCK" TER BEEK'S CONDITION FAVORABLE

"Chuck" Ter Beek, for many years a city employee and very popular with his fellow workers, is at Mayo Bros. Hospital in Rochester, Minn., and a report received from there on Wednesday says that his condition is favorable. Mr. Ter Beek was operated upon Feb. 12 and it was found that he was suffering from a gastric ulcer of the stomach and two perforations of the bowels. The operation was an extremely critical one and the fact that he was able to stand the shock and to survive until now is taken as an indication that he has a fair chance for recovery.

PASTOR OF TRINITY CHURCH TO DELIVER ANOTHER SERIES OF SERMONS

Rev. Clarence P. Dame, pastor of Trinity Reformed church, is to deliver another series of sermons beginning Sunday evening. The general subject will be "The Bible and the Human Body."

The various topics will be as follows: "The Use of the Ear;" "The Use of the Eye;" "The Use of the Tongue;" "The Use of the Mind;" "The Use of the Feet;" "The Use of the Hands;" "The Use of the Heart;" and on Sunday evening Rev. Dame will preach on the first of the subjects, namely, "The Use of the Ear."

Services will begin at 7:30. The public is cordially invited.

SATURDAY NIGHT'S GAME WILL BE BATTLE ROYAL

The Holland Furnace Co. basketball five will play the strong New York National team Saturday night at the Holland high school gym. It will be one of the biggest games of the year. Holland fans will remember the famous team as they played in Holland two seasons ago against Hope College. This is the 17th year and they are going stronger than ever. Already their records reads 43 wins out of 50 games. They are considered in New York state as the equals of the world champs, New York Celtics. Holland will try hard to win this game and take back some of the laurels that they lost in the last two games. Al Killeit a 6ft. 4 1/2 in. man the tallest man playing in New York state plays with the Nationals. This man has signed to pitch ball for the Philadelphia Americans. Yerkes of intercollegiate fame is again playing with the visitors as well as Schulte the Montreal flier. McElwain all scholastic forward, Bates and Holland of Bryant College.

All children attending the matinee at the Holland theater Saturday are to be presented with a souvenir photograph of "Little Sousa," the youngest band master in the world.

The choir of Trinity Reformed church will wear their vestments for the first time on next Sunday.

FERRYBURG HAS TROUBLE BECOMING A VILLAGE

Ferryburg is not an incorporated village after all. Although the Ottawa County board of supervisors at the fall session acted favorably on the petition of Ferryburg citizens and completed all of the necessary preliminaries the matter seems to have struck a snag. The incorporation order was made and sent to Lansing and Ferryburg people were anticipating an early organization of their new village.

The rub came when the secretary of state at Lansing declined to file the order for incorporation because of the fact that the incorporation proceedings had been started under the act of 1893, which gives the supervisors power of carrying through the incorporation of villages, rather than under the "Home Rule" act passed in 1909. Fred T. Miles, prosecuting attorney of Ottawa, was notified of the stand taken by the secretary of state, and he will in turn notify the incorporators at Ferryburg.

In order to proceed with the incorporation it will be necessary for the Ferryburg people to file a new petition under the Home Rule act. This act provides that a petition signed by 100 names must be filed with the clerk of Ottawa county board of supervisors 30 days previous to the meeting time of the board. If the petition is found to be regular the supervisors will call for an election on the matter within 90 days. The matter is then referred to the voters, not only of the territory desiring incorporation, but of the voters in the township in which the proposed village is incorporated.

This means that not only the people of Ferryburg, but the people of the township of Spring Lake, of which it is a part, must determine the question by a vote.

The upset in the plans for the incorporation of Ferryburg was due to confusion in the statutes. When plans were made for the incorporation it was elected to proceed under the act authorizing incorporation by the boards of supervisors. The matter was referred to Fred T. Miles, prosecutor, who went over the papers very thoroughly. Grand Haven attorneys who had gone into the legal side of the question were also of the opinion that everything was regular.

To make doubly sure, the matter was referred to the attorney general of the state and that office also assured the incorporators that the statute was effective. It was therefore a surprise when the secretary of state's office announced its decision, under the opinion that the act of 1909, had superseded the act of 1893.

In compiling the statutes both acts were included. The opinion that both were still effective is not so remarkable. In 1917 the state legislature believed the old act still operating, as it passed an amendment to the 1893 law.

FIRST STATE BANK BECOMES A \$3,000,000 INSTITUTION

The First State Bank of Holland is today a three million dollar bank, and the officers of this thriving organization are to be congratulated.

The volume of business of this banking house has been hovering around the three million mark for some time now, but Saturday the goal was reached and more than three million dollars was the showing made when the doors were closed Saturday night.

The bank was organized in 1889 with Isaac Marsilje as cashier. Later these duties were taken up by the late Germ Mokma and after his death some ten years ago the position was filled by Henry Luidens.

When asked the question as to how large the bank funds were shortly after the bank was organized, Mr. Luidens was unable to give the exact figures. He stated however, that he joined the bank force first in a clerical capacity 33 years ago, and at that time the deposits were \$108,000. From this figure to \$3,000,000 show tremendous strides, and Holland is to be congratulated together with the bank, in having such a substantial banking institution.

The three Holland banks are in a class by themselves and the wonderful growth and the thrift shown in the savings departments have been the talk in banking circles about the state.

The First State bank first opened its doors in the Bosman block where the Karemman Jewelry store is now located. Later a bank building was erected on Central avenue and 8th street, now called the Peters building. Some eight years ago the First State bank moved into its beautiful new home, its present location.

MEN'S FEDERATION OPPOSES THE POOL ROOM PETITION

The annual business meeting of the Men's Federation of Bible classes was held Monday evening in the First Reformed church. President Garvelink presided and Rev. J. C. De Vinney of the Methodist church gave an address in which he pointed out that only in so far as the community and the nation become Christian will the community and national and international problems be truly solved.

The Federation passed a resolution going on record as being against the proposed change in the closing hours of the pool rooms and also against the proposal to allow the pool room men to sell soft drinks in their places of business. This resolution will be presented to the common council at its next meeting.

The following officers were elected: president Henry Brink 9th Street church; first vice president Henry W. Smith, Methodist church; 2nd vice president, Wm. Prins, 6th Reformed church; 3rd vice president, J. L. VanHuis, Maple Ave. church; 4th vice president, A. C. Van Raalte, Hope church; 5th vice president, John Atman, 4th Reformed church; secretary, Simon De Boer, 3rd Reformed church; assistant secretary, Peter Verschure, 1st Reformed church; treasurer, G. Vanden Brink, Trinity Reformed church; assistant treasurer, Frank Kammeraad, 14th street church.

Marcella Zideler of Grand Rapids is spending the week-end in Holland with Estella Mohl of College Ave.

FIRST CANDIDATE FOR ALDERMAN IS ANNOUNCED

The first man to throw his hat into the ring for alderman is Martin Vander Bie, of the Wolverine Garage. Mr. Vander Bie announced Monday that he would be a candidate in the third ward. Vander Bie is one of the best known men in his ward because he has lived in it all his life. He was born in the third ward and he has been a resident of it the third ever since.

The term of office of G. M. Laepple will expire this spring as alderman in the third and so far no public announcement has been made by Mr. Laepple as to whether he will be a candidate for renomination and reelection or not but it is assumed by all who are familiar with his work in the council that he will stand for reelection. He is at present chairman of the ways and means committee and is one of the most important members in the council.

The announcement of Mr. Vander Bie will probably start the ball rolling and it is expected that other candidates for aldermanic positions will be announced soon. Those that expect to enter the race in the various wards will have to speak up soon. It is perhaps not generally remembered by the public that the petitions for candidacies must be in the office of the city clerk not later than two weeks from Monday, namely on March 3, at 4 o'clock in the afternoon. But in view of the fact that very few names are necessary for a petition, there is time enough and to spare for all.

But although only two weeks are left for filing petitions no further progress seems to have been made in regard to the mayoralty situation. No one has so far formally announced himself as a candidate, and although several names have been mentioned there is nothing that even approaches unanimity of public opinion in regard to any one of them.

HONOR CHEMIST FORMERLY WITH HOLLAND ANILINE CO.

A dispatch from Springfield, Ohio, indicates that a former Holland man has been honored. The dispatch reads as follows: "Veterans of the World War will remember that O. D. stands for olive drab. So will F. R. Dunbrook, professor of industrial chemistry at Wittenberg college here, who during the war was plant control chemist with the Holland, Michigan, Aniline Co., which for the time supplied the army with the dye that made all suits O. D."

"Monday he will receive the degree of doctor of philosophy at the University of Pittsburgh."

DAMAGE IS AVOIDED BY QUICK WORK OF FIREMEN

Both fire departments responded to a call from the Ottawa Furniture factory shortly before the noon hour Monday. A blaze had started in the shavings box over the boiler room. The fire was soon put out and damage done was small.

The fire was due to spontaneous combustion and originated over the boiler room in the shavings. It was quite a blaze for a few minutes, however, and might have been very serious if it had not been for the sprinkling system of the factory and the good work done by the firemen. Officials of the factory were warm in their praise of the quick and efficient work done by the firemen.

WANTED CLAY PIPES FOR HIS GRANNY

"Well, sonny, what do you want?" asked Chester Van Tongeren from a lad who had just entered the cigar store.

"Please, mister, I got to have two clay pipes," replied the boy. "It's my grandma's birthday tomorrow and I want to give them to her for a present."

"How old is your grandma?" enquired Van Tongeren as he handed over the pipes.

"She is 78, and has smoked nothing but clay pipes long before I was born," said the boy, grabbing the pipes he chuckled and left the store with a birthday present for his grandma.

DIRECTORS HOLD ELECTION OF CO-OP OFFICERS

The board of directors of the Gr Haven Merchandise Co., the CO-OP, met Friday evening at the home of Ralph Wilson on Sheldon road. The following officers of the organization were elected: Lionel Heap, president; John Kelly, vice president; E. C. Hurless, secretary and treasurer and Richard Cook, manager.

YOUNG GRAND HAVEN TARS EXPECT TO GO TO PACIFIC COAST

Several Grand Haven young fellows who recently enlisted in the navy have been spending a furlough at home. The boys are stationed at the Great Lakes station but expect to be sent to the Pacific coast or Mexican waters the latter part of the month. The naval boys are Edwin Beebe, George Schippers, Belton Lytell and J. Reddy.

OLIVET TO CELEBRATE HER EIGHTIETH ANNIVERSARY

The eightieth anniversary of the origin of Olivet college which comes Feb. 24, will be celebrated at the college the following day, Feb. 25. The remarkable history that lies in the background of Olivet college and the commemoration of its long existence makes this its greatest milestone.

LEAFLETS TELL OF DISTRESS IN PROTESTANT EUROPE

Leaflets were distributed in the 3rd Reformed church Sunday morning that bore the title, "The Unrealized Peril," describing the aftermath of war in the churches of Europe. These leaflets are being distributed by the central bureau for the relief of the evangelical churches of Europe. Next Sunday a collection will be taken in the church for this cause.

The leaflet sets forth that there is danger, as a result of the war, of the decline and even the extinction of the Protestant church in large areas of Europe. At present only five countries, with 15,000,000 Protestant adherents, are able to give help, while the evangelical elements in 15 countries, numbering 50,000,000 people, are in greater or less distress. The plan is to collect \$1,500,000 for this cause in America.

COAST GUARD STATION OPENS MONTH LATER

The Macatawa coast guard station will open a month later this year than usual. The opening date for several years past has been the first of March but this year it will be April first unless the order received at the close of the season is countermanded. At that time Captain Van Weelden was told that he should not open the station until April first unless navigation conditions should demand it.

Why the later date is given is not known at the local coast guard station. It may be part of the national policy of retrenchment. It is probable that the department believes there is little use for a coast guard station before the first of April since vessels run only a few times a week before that date. Years ago the regular opening date used to be April 1, but lately March first has been the date. Winter navigation is not expected to have any effect on the opening date.

A rather serious situation confronts the coast guard service at Macatawa this spring. Last fall at the close of the season four of the regular crew, Otto Van Dyke, John Kuipers, Lama Niggle and D. J. Dahlman, quit the service to enter other jobs. The pay of the coast guard service does not compare very favorably with what the members of the crew can earn in private industry and so the men are constantly leaving to take jobs that pay them more money.

And the same element operates to prevent new men from entering the service. Although it is quite well known that there are four vacancies that must be filled before the first of April, Captain Van Weelden has not received a single application and he fears he will have to open the new season with only three regular men, J. Van Regenmorter, Herbert Van Oort and J. W. Fitzgerald. The rest of the crew will have to be made up of substitutes unless applications come in between now and April 1st.

LOCAL COUPLE WEDDED AT PARSONAGE FRIDAY NIGHT

Mr. George Wassink and Mrs. Jennie Dykstra were married at the parsonage of the Central Avenue Christian Reformed church Friday evening at 8 o'clock. Rev. B. H. Elnink officiating. On Saturday morning the couple left for a short honeymoon to be spent in Chicago. After Feb. 18, they will be at home at 91 West 1st St.

IS AWARDED DAMAGES IN AUTO ACCIDENT CASE

Justice Den Herder Tuesday forenoon awarded Henry Geerlings \$68.28 and costs in a suit that Geerlings brought against Gerrit Damveld. The suit was brought as the result of an auto accident on November 10 when Damveld's car, driven by Marine Damveld collided with Geerlings' car driven by Clyde Geerlings. Four witnesses appeared for the plaintiff and five for the defendant. Attorney D. Ten Cate appeared for Geerlings and Attorney T. N. Robinson for Damveld.

G. J. Diekema, A. J. VanderVeen, Al De Weerd, W. J. Olive and Henry Bender, were among those who were in Grand Rapids Friday.

M. A. C. STRONGLY ADVISES RAISING OF SUGAR BEETS

Increase in Michigan's sugar beet acreage was strongly advocated at a recent sugar beet institute held at the Michigan Agricultural College. That the beet crop returned the largest gross returns to Michigan farmers of all crops grown in the state last year, and that the United States continues to import from foreign nations about one-fourth of the sugar consumed, insuring good market demand, were reasons brought out to support the advice regarding increased acreage.

Michigan is ready for a marked increase in sugar beet acreage, if conditions continue to demand it. Instead of 100,000 acres of beets, she has adapted land for over 3,000,000 acres. Michigan's factories could handle almost twice the present production with but little expansion.

The sugar beet crop fits well in Michigan rotations, cleaning up weeds and preparing the land for following grain crops without further cost. It associates well with dairying and live stock industries.

The crop does best on fertile loams, silt loams and clay loams, and responds to careful methods of seed bed preparation and culture. The largest yields are secured from fall or early spring plowing and those preparation of the seed bed. The use of sufficient amounts—from 300 to 500 pounds of high grade fertilizer also pays well.

BIG BONUS IS PAID BEET GROWERS AT MT. PLEASANT

Beet growers in the vicinity of Mt. Pleasant were jubilant Saturday because of the receipt of checks from the Columbia Sugar Co., representing the bonus on the 1923 crop.

A total of \$96,000 has been distributed in the district surrounding Mt. Pleasant. The bonus represents an extra payment to beet growers of \$2.29 a ton.

CONTRIBUTES EDITORIAL TO WELL KNOWN RELIGIOUS MAGAZINE

This week's issue of "The Christian Work," a religious magazine published in New York City, N. Y., contains a very interesting editorial contributed to it by Dr. J. E. Kuizenga of the Western Theological Seminary. The title is "The Deadly Game of Corollaries," and the editorial covers a page of the magazine. It is very timely just now because it is a discussion of the extremes to which both Modernists and Fundamentalists have gone and showing that the conclusions drawn by both factions are not by any means always justified by the premises. The concluding paragraphs read:

"Is it not time one wrote an indictment of both parties to the controversy? Shall we submit to the proffered alternative—Fundamentalist or Modernist? There is an orthodoxy of the great theologians which is emphatically not the orthodoxy of the Bible schools. There is an up-to-dateness in religion which is not modernism, with its limitless subjectivism and cryptic atheism. Are there not men enough of sound scholarship, true to the great historic creeds and alive to the light and the needs of the new day, who can rebuke the loud-voiced hawkers of grotesque extremes and secondhand platitudes, that now make the marketplace hoarse and raucous?"

"Or shall we go down as a new age of sophists, adept at parading the conclusions and corollaries drawn from misread premises as the whole and the sole truth?"

Poultry Raisers—Attention

We are exclusive distributors of the famous Steinfait's Hen and Chick Cure, the best known cure on the market.

When Irritability Increases and Weight is Running Down

HEALTH TALK NO. 2 BY JOHN DE JONGE, D. C.

14 Years Experience
Graduate of the Michigan College of Chiropractic and the Palmer School of Chiropractic

With nerve ease restored the dis-ease disappears.

Loss of Weight and "Nerves" are Overcome

"I developed a nervousness which amounted to constant tremor. In one year I went from 220 to 145 pounds. I tried many doctors and many methods without results before I turned to chiropractic spinal adjustment. Under chiropractic the shaking stopped. The nervousness disappeared. I began to gain weight, and became entirely well. I have not taken any adjustments for months now and I am enjoying perfect health."

BOY SCOUTS TO CARE FOR GRAVE OF INDIAN "UNKNOWN SOLDIER"

In a remote spot situated among the jack pine lands of Blue Lake township, Muskegon county, lie buried the bones of an Indian trapper, one of the last of the genuine redskins who at one time held the unwritten deed to Western Michigan's dense forest lands.

The shadow of a crude wooden cross falls across a grave which every year is covered with wild flowers. A rudely fashioned fence of wooden pickets protects it from the unthinking depredations of curious visitors, who come by at times, and each season falling brush and leaves are carefully cleared away from the little mound.

Not an unusual thing, this finding of a grave out in the scrub oak forests, but sentiment has made the little plot of ground within that picket fence hallowed ground—the sentiment of the white man, at that.

The red-skin who lies in this lone burial plot is the "Unknown Soldier" of the red race. The story goes that some 45 years ago a woodsman whose name is now forgotten, came upon the body of the Indian lying in the forest.

He dug a shallow grave and laid the dead man in it.

Later he came back and erected the crude rustic cross. For years he and other woodsman cared for the grave as any other white man's grave would be attended to.

Then, Asa Bartlett, who has a farm one-half mile away took up the trust and for a decade he has kept up the grave.

It is the white pioneer's tribute to a dying race. But now Bartlett feels himself no longer able to give his attention to the grave. So the Muskegon Boy Scouts have assumed the responsibility. Each spring they will visit the grave, clear away all weeds and debris and leave flowers.

Upon Decoration day, flowers will bloom in the burial plot, for Nature has been generous with her Hepaticas, Trilliums and other spring flowers. And as each season passes, white men will continue to pay tribute to the former owners of our North American continent.

C. E. DREW WEDS POPULAR HOLLAND TOWNSHIP GIRL

The marriage of C. E. Drew of Holland and Miss Jeanette Schaepe of Holland township was performed by Rev. P. P. Cheff, pastor of Hope church. Mr. and Mrs. Drew are now receiving the congratulations of their many friends in Holland, the groom enjoying a brief vacation from his duties at the Holland City State bank. They will make their home at 198 W. 15th street.

POST OFFICE MEN WORKING FOR PAY BILL

Local postoffice employees are very much interested in the present movement to get a bill through congress that shall reclassify the salaries of postoffice clerks and letter carriers. Last week Dick an Kolken, representing the United National Association of Post Office Clerks, spent several days in Washington in the interest of this movement and the employees of the local postoffice, together with thousands of postoffice employees throughout the country, are asking for public support of the movement. The bill introduced by Representative Paige calls for a salary readjustment, with a minimum at \$1600 to a maximum of \$2600 in first and second class postoffices.

What the qualifications for postoffice service are is given as follows: "Preparation for any of the postoffice demands no greater requirements. Seventy-five per cent of the clerks' service is rendered after 6 P. M. and prior to 6 A. M. The clerk who distributes the mail must constantly study ever changing railroad, steamship and other transportation schedules embraced in schemes of distribution containing in many instances from 5 to 6000 facts. Such a clerk in order to progress from grade to grade up to the fifth grade must render satisfactory service for one year and qualify once each year in an examination distributing from 600 to 1200 cards at not less than sixteen cards per minute, 95% of which must be distributed correctly. Distributing special clerks must distribute not less than 18 cards per minute at 95% or better.

"Clerks employed in the non-distributing divisions of the service must have a general knowledge of the postal laws and regulations, consisting of a volume with some seven hundred different parts and with close to 2,000 different sections. They must be familiar with the different classifications of mail matter, the postage rates between all countries of the world, the parcel post zone rates, together with the varying rates established for the international parcel post. They must be competent to deal with the public, must have working knowledge of insurance, and adjustment of claims, in addition to having an intimate knowledge of the most advanced methods in banking and the computation of interest in the conversion of money and in the international exchange of money. No clerical employee of the postal service can develop a real degree of efficiency in these matters in less than five years of the most intensive training and close application to his work."

Adjutant Schoon is sending out notices to members of the Willard G. Leenhouts Post, American Legion, giving a large week's program. On Wednesday, February 20, a regular meeting of the club was held in the legion room in the Viescher building called for 8 o'clock sharp. A program had been prepared for that occasion.

On Friday, February 22, a hard time party will be given at the Masonic Temple at 8 o'clock when the fathers, brothers and friends of the soldiers are welcome. A hard time program and eats of such a nature that these would not indicate hard times, are the features on that evening.

On Wednesday, Feb. 27, a leap year party will be staged at the Woman's Literary Club, beginning at 7:30 o'clock. Surely the ladies will preside there.

The above program is enough to keep any legionsaire interested in the organization.

ENGAGEMENT OF LOCAL COUPLE IS ANNOUNCED

A very pretty party was given Thursday night at the home of Mr. and Mrs. Gerrit Klaasen, 54 East 16th street, to announce the engagement of their daughter, Marion, to Mr. Theodore Tritenbach of Highland Park, N. J. Miss Klaasen is a member of the Senior class of Hope College, and Mr. Tritenbach is a student at the Western Theological Seminary.

The setting of the party was appropriate to St. Valentine's day. A part of the collation consisted of a large white cake, dotted with red candied hearts. Under the cake were hidden sparkling imitation saltires fastened on the end of a red ribbon, that reached to the plate of each lady guest. When the ribbons were pulled, the secret was out and the young couple were showered with congratulations.

SEVEN PASSENGER SEDANS ARE USED ON GRAND HAVEN AND GRAND RAPIDS LINE

The Grand Rapids and Grand Haven bus operated by Joe Dyke of Coopersville, started business Thursday. Seven passenger sedans of high power and great weight are being used and it is estimated that the time of running will be on an hour and a half schedule or less with favorable road conditions. The highways have all been opened up at present but are in poor condition.

DOG HANGS SUSPENDED BY LEG FOR 17 DAYS; ALIVE WHEN FOUND

A prize bull dog of W. E. Hanks, of Charles City, Ia., was found hanging from a woven-wire fence near here, where it is believed to have been snare being missed 17 days ago.

One foot was caught in the wire netting and the dog's head reached to the ground. The canine subsisted on snow, in the opinion of its owner. The dog was little more than a bundle of bones when discovered and released. It barked feebly when it spied Hanks.

OTTAWA ROAD COMMISSION TO MARK ITS LINES

The Ottawa county road commission has already started its plans for marking directions and mileage on state trunk lines in this county and the county roads for the coming season. The state Highway department has authorized the placing of standard signs along the highways designed as trunk roads but the road commission will go one better and will place signs on the excellent county road system that has been built up.

The signs are of standard size for all trunk lines and will be posted in conspicuous places and at cross roads. They designate the Trunk Line, the cities and their direction and the mileage to each one. State Trunk lines are already extensively marked but the new system will be of great aid to tourists from outside the state and those unfamiliar with the roads. Nothing has been done in the past to mark the county roads although they are extensively traveled in this county, being kept in fine condition. The county road system here compares favorably with that of any county in the state and since they are so much used, it was deemed advisable to mark them as well as the trunk lines. Markings will be uniform and will be incorporated in the trunk line system.

Spring work on the unpaved roads will also have to be started in the near future and plans are already being made. The concrete surface requires but little attention while the gravel roads will have to be worked on considerably to make them passable. Spring road programs also include the paving of trunk line 51 which includes a very extensive piece of work.

PLANS BEING MADE FOR NEW SCHOOL IN ZEELAND

Zeeland's new \$135,000 school that was authorized last week will be built almost immediately. The school board has set about to get the work under way and already the architect, Battersworth & Ellsworth of Kalamazoo, are working on the plans and specifications which will be ready in a few days and it is hoped to have the contract let for building so the building will be ready for occupancy by the end of 1924.

The building will be distinct and separate from all other school buildings now on the school grounds. It will face on Central avenue on the new land acquired by the vote last Thursday, which includes all the land on the north side of Central avenue between the Second Reformed church parsonage and the residence of Herbert Van Eenennaam.

The proposed high school building has been very conveniently planned so that it will give in both service and economy the most for the money expended. The assembly room will be sufficiently large so that it will accommodate fifty more pupils than the present assembly room and there will be at the rear end of the new room two class rooms, which space may be added to enlarge the assembly room by removing the partitions, thus adding a seating capacity of one hundred. This assembly room will be situated on the upper floor and will be surrounded by a corridor on one side and on both ends. Across the corridor on the upper floor are six class rooms, science, physics and chemistry rooms. The ground floor will contain the superintendent's offices, library and reading rooms, besides five class rooms and the upper part of the general purpose room to which there is no entrance on the ground floor. The basement will contain the general purpose room, locker rooms, boys' showers, girls' showers, and class rooms. All floors have toilet accommodations and storage rooms. If occasion demands the building can be extended on the north side being limited only to ground available, but it is not likely that this will become necessary for several years.

In the nine days of icy sidewalks, it's as Dr. Nykerk says, "O Sharp or B Flat."—Hope College Anchor.

Miss Anna Bazaan has accepted a position in the Prulm Music House.

SIXTH ANNUAL CHILDREN'S PARTY IS A SUCCESS

The sixth annual children's party of the Star of Bethlehem No. 40, has passed into the history of the chapter as one of the most successful parties given. The little guests began to arrive at 2:30 and the large auditorium in the Masonic Temple was turned over to them Thursday afternoon. Games of all kinds dear to the hearts of childhood were played, and from the shouts of laughter that rang out and filled the room, you knew that all were enjoying themselves.

A usual, the fish pond proved to surpass the lake because every boy and girl, regardless where they cast their lines, caught something. A short program, consisting of piano selection, were rendered by Maynard Helder and a poem by Master James Hoover and one by Ila Harris, was very much appreciated by the audience. At 5 o'clock light refreshments consisting of sandwiches, ice cream, and cake were served. A large birthday cake with six candles was brought by the W. M., Mrs. Tynor, who cut it and gave each of the 50 little children a portion.

Mrs. Bigge was general chairman of the party committee and was ably assisted by Mrs. Lura Van Wirt, Mrs. Bert Welton and Mrs. Tom White. The games were in charge of Mrs. Helen Doan, Mrs. Harris, Mrs. Fox, and Mrs. C. Thompson.

Favors were little white Jap caps trimmed with red hearts. At six o'clock the little folks very reluctantly donned wraps and began to wend their way homeward, all tired but all in the happiest of spirits, and they are looking forward to having the same joyous meeting next year.

BAD CHECKS ARE PASSED IN HOLLAND

A forged check for \$22.80 in payment for \$1.75 worth of groceries was passed at Ritzema's market. A similar check was tendered in payment for a small purchase at the market of Boven and Faakakerly. The proprietors became suspicious and the man disappeared. The checks were drawn on local banks, signed by G. A. an Landegard and made payable to H. A. Meuer.

LENTERS TAR AND FEATHER CASE AT LAST CHAPTER

The last chapter in the East Saugatuck tar and feather case was written with the payment in Allegan county circuit court of \$1,000 to Lenters by Bert Haan, Henry Ten Cate, Gerrit Glupker, John Meiste, George Wolters, Albert Lubbers, Gertrude Meiste and Robert Schroten. It will be remembered that Dick Lenters charged he was coated with tar and feathers by defendants because the said he had circulated malicious stories of a pastor of the Chr. Reformed church at East Saugatuck.

SHOOTING CASE NEAR GANGES IS POSTPONED INDEFINITELY

Examination of Ed Loveland, Ganges township alleged violator of the liquor law, which was to have been held before Justice Brady on account of Loveland's health. Examination will be held when Loveland recovers.

Loveland is charged with having sold a gallon of wine to Edward Zimmer, who is serving a sentence at Ionia for having liquor in his possession following the shooting of Claude Spafford. Zimmer charged he purchased the liquor from Loveland.

PULMOTOR IS ATTACKED BY COLLEGE MAN

The pulmotor supposed by the initiated to be one of the greatest life-saving or reviving agencies, was discredited by Prof. B. E. Roseboom, of the physiology department at the Michigan Agricultural college.

Holland has one and here is the opinion of the M. A. C. professor. "The pulmotor has been responsible for more deaths than it has ever saved," he declared. "This is not due entirely to the pulmotor, but to the fact that it is so often used by inexperienced attendants and is put to a use for which it never was intended."

"Artificial respiration is the only successful means of restoring normal respiration yet known. If the pulmotor were discarded entirely and more emphasis put upon this method there would be fewer casualties resulting from drowning and asphyxiation."

While most cities use the pulmotor in their departments of public safety, it is a significant fact that the U. S. Life Saving Service and the U. S. Coast Guard steadfastly refused to adopt the instrument. This organization, which deals more with the rescue of drowning persons than any other has clung to the artificial respiration methods.

Exp. March 1—\$609 STATE OF MICHIGAN—The Probate Court for the County of Ottawa.

At a session of said court held at the Probate Office in the City of Grand Haven, in said county, on the 8th day of February A. D. 1924.

MORTGAGE SALE

Whereas, default has been made in the payment of the moneys secured by mortgage dated the 9th day of January A. D. 1922 executed by George A. Rowe and Maggie M. Rowe his wife, of the village of Douglas, County of Allegan and Michigan, to the Fruit Growers State bank, a corporation, organized and existing under and by virtue of the laws of the State of Michigan, located at Saugatuck, Allegan County, Michigan, which said mortgage was recorded in the office of the Register of Deeds of the County of Ottawa on the 8th day of February, A. D. 1922 at 8:45 o'clock a. m. in Liber 1325 of Mortgages on page 29, and

Whereas, the amount claimed to be due on said mortgage at the time of this notice is \$716.33, principal and interest, and a further sum of Twenty-five (\$25.00) Dollars as an attorney fee provided for by law and in said mortgage and the further sum of \$26.97 taxes for the year 1923 paid by said Fruit Growers State bank, which is the whole amount claimed to be due on said mortgage, and no suit or proceedings having been instituted at law or in equity to recover the debt now remaining secure by said mortgage nor any part thereof whereby the power of sale contained in said mortgage has become operative.

Now Therefore, notice is hereby given that by virtue of the said power of sale in and pursuant of the statute in such case made and provided, said mortgage will be foreclosed by a sale of the premises therein described at public auction to the highest bidder at the north front door of the Court House in the City of Grand Haven in the county of Ottawa and state of Michigan on Monday, the 12th day of May A. D. 1924 at 2 o'clock in the afternoon of that day, which said premises are described in said mortgage as follows:

Beginning at a point on West side of Bay Road in Macatawa Park, two hundred and seventy-seven (277) feet Northwest along the west line of said Bay Road from the North Corner of Lot One Hundred and forty-three feet (143) in said Park, this being the place of beginning, thence North along West side of said Bay Road forty-five (45) feet, thence Southwest at right angles with said Bay Road Sixty (60) feet, thence Southeast parallel with said Bay Road Forty-five (45) feet, thence Northeast at right angles with said Bay Road Sixty (60) feet to the place of beginning, making a lot 45x60 ft. in size, situated in the Township of Holland in the County of Ottawa in the State of Michigan.

Mrs. Edw. Slooter entertained with "500" Friday night at her home. After four tables of "500" had been played dainty refreshments were served. Prizes were won by Mrs. Ray Wise, Mrs. C. Van Tongeren, Mr. G. Rooks and Mr. H. Boven.

Candidates for sheriff of Ottawa county are so numerous that an adding machine soon will be necessary to count them if any more petitions are filed. Almost every town or village in the county has a candidate. Already six have filed their petitions.

—G. R. Herald.

Grand Haven Tribune in its 20 years ago column gives the following two items of Holland men: Neal Ball was to play with the Cedar Rapids ball team.—Ex-U. S. Senator Chandler of New Hampshire, was the guest of G. J. Diekema of Holland.

The Goodrich Transportation Co. of Grand Haven and Muskegon have started a boat line to Milwaukee, the first boat leaving Sunday. The steamer Illinois will be used on the Milwaukee run. The Goodrich Co. also has a daily boat line to Chicago.

Mrs. Christians, Mrs. Nelson and Mrs. Dutcher with two children, of Iowa, and Mrs. Armstrong from Illinois are visiting with their sister, Mrs. Oudman and family. Their mother, Mrs. Flora Van Oosting, will accompany them back home.

A shower was given at the home of Miss Vanora De Witt, West 12th-St. Friday evening in honor of Mrs. George Frego. The evening was spent in playing games and music. A two course luncheon was served. Those present were: Jean Hookstra, Mable Frego, Salla Tibbetts, Anna Zahart, Dorothy Rummde, Florence Bittner, Mrs. Bittner, Josie Hossink, Nella Mow, Bertha Crispell, Alice Van Oingham, Burdette Ertling, Henrietta Tripp, Johanna Koetsier, Vanora De Witt. All enjoyed a good time.

Zeeland's high school basketball team trounced Coach Bert Noblett's Vocational school tossers of Grand Rapids Friday night 22 to 11. The Grand Rapids boys seemed unable to locate the iron hoops with any degree of accuracy. Coopersville won from E. Grand Rapids High by 44 to 16, while the girls' team won from East Grand Rapids high girls' team by a 55 to 4 score.

After having been closed for repairs for a day or two, Duke's cafe was opened for business again today under new management. The two owners are John Dehmers and Jack Hinken. The back bar has been taken out and new tables have been added.

Mr. and Mrs. H. Newsma, 47 E. 14th street, have just returned from an extensive trip taking in cities in Dakota, Washington and California. The local folks took an auto trip from Oakland, California to Oak Harbor, Washington. Mr. and Mrs. Newsma were away the greater part of five months visiting sons, daughters and other relatives in different parts of the West.

Mr. and Mrs. Nathaniel Robbins, 191 W. 11th street, have returned to their home in Holland after a flying trip to California.

Allegan county loses one of its oldest inhabitants when Michael Tennis, aged 96, passes. He was buried from the Allegan Catholic church.

John Arendshorst, secretary of the Holland Fair association, left for Chicago Monday night to attend the national convention of fair secretaries held at the auditorium.

The Grand Haven girls' basketball team were defeated by the Grand Rapids Y. W. C. A. Girls' team at Grand Haven by a 17-12 score Saturday.

Mr. Gordon Frid of Hamilton, Canada, has returned home after spending the week-end with his uncle and aunt, Mr. and Mrs. S. C. Laphin and family.

Miss Mabel Anthony of the high school who was suddenly called to her home because of the illness of her mother, has returned to her duties.

The Holland Furnace office workers team secured a 24-16 victory Saturday night over the Junior Y team. Kraai for the Juniors and Japina for the Furnace team were the stars.

Patents have been granted two Grand Haven inventors during the last few days in the patent office at Washington. Albert Schmekz was given two patents on a rotary piston drill. William H. Keller was awarded a patent on a pressure fluid tool.

The home of Roy Musselman on 7th street, Grand Haven was destroyed by fire to the extent of \$700 on last Friday night. The alarm was turned in at 8:30 and the department responded, getting the flames under control. There was no one home at the time.

Mrs. H. H. Adken of Pullman, sustained serious injuries when she was knocked down by a mail pouch thrown from a train passing through the town. Mrs. Adkin was rendered unconscious for about an hour and since has been unable to sit up.

The Royal Neighbors will hold their 20th anniversary meeting on Thursday evening. All members are urged to be present. Families of Woodmen and friends are invited. Lodge is to be called at 7:30.

Main-St. Garage men left Tuesday for Pontiac to drive in nine of the Oakland make of cars. Since Marshall Irving has taken charge of the sales of this car a large number have been sold to Holland people who are loud in praise of the performance of this make of car. The cars will reach Holland and will be on display at the Main-st. garage Thursday morning.

The calendar for the February term of Allegan circuit court which will be convened by Judge Cross on Monday, contains fewer cases than usual. There are seven criminal cases listed, 22 jury cases, 10 nonjury cases, 12 default chancery cases; 8 law cases in which no action has been taken within a year. The jury is not to report until Feb. 25.

The Christian High basketball team will play Grand Rapids Christian High at South high Gym tonight. In the preliminary the girls' basketball team and faculty will play. Special car leaves at 5 o'clock. Christian high has been winning most of their games lately.

A delightful sleighride party was enjoyed by a number of local people Tuesday night to the home of Mr. and Mrs. Sam Pas, east of the city. A hilarious time was enjoyed both on the way and at the party and fine refreshments were served by Mrs. Pas. Those taking part were: Rev. and Mrs. C. P. Dame, Mr. and Mrs. R. Schuurman, Mr. and Mrs. G. VanDyke, Mr. and Mrs. P. Schoon, Mr. and Mrs. N. Vork, Mr. and Mrs. J. Schuurman, Mrs. N. Essenberg, Mrs. J. Houting, Mrs. Jennie Ossewaarde, Mr. and Mrs. P. Van Donzeelaar, and Mr. and Mrs. N. J. Jonker.

Harry Steinfert has organized an auto parcels delivery. His headquarters are at 29 W. 16th St.

Mr. and Mrs. John Vogelzong, of the Vogelzong Hardware store, were in Grand Rapids Thursday to attend the convention of hardware dealers.

Cornelius Vanden Brink of Overisel while on his way to work in Holland dislocated his right shoulder joint when the cutter which he was riding upset in a snowdrift.

Mr. and Mrs. Johnson of Holland are spending a couple of weeks with their son-in-law and daughter, Rev. and Mrs. H. Boeve of Spring Lake.—Grand Haven Tribune.

Prof. A. Raap will have charge of the morning afternoon services at the First Reformed church in Zeeland next Sunday. Rev. J. VanPeursem will preach in the evening.

Mr. and Mrs. O. W. Fairbanks of Lansing are in Holland, having been called here by the serious illness of Mr. Fairbanks' mother, Mrs. James F. Fairbanks, 29 West 10th St.

At 8 o'clock Friday morning an alarm of fire was turned in from box 18, which proved to be a roof fire at 322 East Thirteenth street, the home of John Kammeraad. The damage was at least \$100.

The second fire Friday morning occurred at 8:30 when an alarm was sent in from box 52. This proved to be a roof fire on West 15th street at the home of George Harmsen. The damage was approximately \$25.

Both fire departments were called out at 8 o'clock Friday night to 25 E. 13th street, the home of Henry Topp, where a roof fire was discovered. The damage is about \$50.

The last of four fires within 24 hours occurred at 1:15 o'clock Saturday afternoon when a blaze was discovered on the roof of the home of Ed Overbeek, 618 Lincoln avenue. The alarm was sent in from box 52. The damage was slight.

The sum of \$525 was taken in for the new bleachers that are to be put up on the Grand Haven high school athletic field. It was "Keep Them Smiling," a comedy play, that put it over.

The City Garage people have driven in a new special straight-seat coupe, the much-talked-of car that was exhibited in the New York show. This is the first car of this kind that was delivered to a western Michigan dealer.

"Do our moral divisions carry beyond the grave?" will be the morning subject of the Rev. James M. Martin in the Third Reformed church. In the evening Mr. Martin will preach on the subject "Love Notes in the Divine Voice."

The steamer Missouri is running strictly on schedule time nowadays. The ice is giving no trouble and the Tuesday, Thursday and Saturday running time out of Holland will be maintained until the season opens with daily boats this spring.

A mission society has been organized in the Reformed church at Central Park. It is called the Ladies' Missionary society and the following officers were named: President, Mrs. F. J. Van Dyk; vice-president, Mrs. H. Steketee; secretary, Mrs. H. Van Velden; treasurer, Mrs. H. Teusink. Jack Huizenga, son of B. Huizenga, 18 West 12th-st., was taken to the Holland hospital Thursday because of a sudden severe attack of appendicitis. He was operated upon and for a time his condition was critical, but his condition was reported Friday as favorable.

Easter Hoekstra entertained ten of her friends with a Valentine party on Tuesday evening. Those present were:—Dorothy Vander Schel, Gertrude Joldersma, Marie Eding, Mary Louise Stevenson, Margaret Van Vyven, Wilhelmna and Laura Dekker, Harriet Baron, Edith Weaver and Ruth Hoekstra.

James Schriver, deputy factory inspector completed an inspection of the Grand Haven factories Thursday. Mr. Schriver was for eight years city clerk of Grand Rapids and has for years been prominent in Grand Rapids politics.—Grand Haven Tribune.

No doubt Holland will be next in order for inspection. Frances, the only child of Mr. and Mrs. Lee J. Perry, died Sunday at 9:30 at their Chicago home. The child was one year, eleven months and 13 days of age. Lee J. Perry is a younger son of the late D. P. Perry. He is well known at Macatawa Park where he has a beautiful summer home. He is also a large stockholder in the Macatawa Resort Co.

Figures from the financial report of the Fennville Fruit Exchange show the sixty members in 1923 were paid \$113,000 for their fruit. The exchange paid out \$7,000 for labor. A total of 306 carloads of fruit was shipped.

Announcements have been received by friends in Holland of the marriage of Gerald an Alsburg and Minnie Jipping, both well known here. The marriage took place in Lansing and the couple will live there.

Rev. Harry Boot, who recently returned from China, will speak in the Fourth Reformed church Thursday evening at 7:45. The seminary quartet will furnish music. A collection for missions will be taken.

Officers and executives of the Hayes-Ruppel Products Co., at Grand Haven, which has recently been established in that city, were guests of the G. H. Exchange club at the regular meeting Monday noon. The company came to Grand Haven from Grand Rapids.

Grand Haven citizens are getting out petitions to renominate the present mayor, Charles W. Cotton, while at Fennville the Citizens' caucus nominated the following village officers: President, H. L. Reynolds; trustees, Elmer Schaeffer, Guy Teed, George Roblyer; assessor, J. H. Crane.

Chicken thieves raided the barn of Henry Meyerling at Laketown, south of Holland and escaped with 25 fine chickens. The birds were kept in a barn adjoining his property. When Meyerling entered his barn he discovered that two pullets had been killed, evidently to keep them from squawking while the raiders took their loot.

Mr. and Mrs. Frank Bolhuis have left for a two weeks' trip through the South.

John Pieper is in Detroit attending the mid-winter clinic of the Michigan Society of Otolaryngologists being held there Feb. 19, 20 and 21.

Plans are under way for an ice carnival to be held at the public square in Saugatuck. The date has not yet been announced.

The board of county road commissioners of Allegan county Tuesday purchased the buildings and land near the P. M. depot at Allegan used for a number of years by the Griswold and Nichols Lumber Co. The property was owned by the Allegan Lumber company and was sold to the county for \$5500. The road commissioners will use the buildings for the storage of trucks and materials. The commissioners have decided to build a covert road in Dor and Salem townships. The road will be five and three-quarter miles long.

The three Holland banks will close on Friday, Washington birthday, it being a legal holiday.

The social that was to be held on Thursday evening, Feb. 21 in the Maple avenue church, has been canceled on account of the death of Mrs. J. Lemmen.

The sleigh ride party that was to have been given by the Young People's society of the Methodist church Thursday evening of this week will be given at a later date.

Mrs. G. W. Haas, 76, is dead at Coopersville. She came to that vicinity from New York state with her parents when she was three years old and had lived here ever since. Funeral services were held Wednesday.

Rev. S. C. Nettinga, D. D., professor of history at the Western Theological seminary gave the main address at the annual Father and Son banquet of the Covenant Reformed church of Muskegon which was held Wednesday evening, February 20, at 7 o'clock.

The Rev. Bernie Mulder acted as the toastmaster and the banquet consisted of a five course dinner.

A Holland young man was fined \$25 when he pleaded guilty to pointing a revolver at the girl whom he was courting. Some things, obviously, are fair in love and war, and some are fair only in war.—Detroit News.

The Grand Haven Elks band are to buy new uniforms with the proceeds from concerts and other engagements during the winter. The band has no uniforms at the present time but expects to appear in them on Decoration day.

The annual military ball given by the officers of Co. F., Grand Haven, will be held on Washington's birthday at the armory. This is one of the great social events of the year, this dance having been given each year for a number of years.

The Pike to Grand Haven is again closed. The east wind of Monday night filled the highway between the snow banks on either side with some loose snow and the Ottawa County shoveling gang is again busy. The Grand Rapids road is also blocked with snow.

It is stated on good authority that Gerrit W. Kooyers will again enter the race as a candidate for representative of the 1st district of Ottawa county. It is also stated that Atty Fred T. Miles will be a candidate for renomination on the republican ticket for prosecuting attorney.

Miss Nancy Quist, employed as cook at Keefer's restaurant was suddenly taken seriously ill with appendicitis. She was taken to the home of John Beekman, East 8th street, where she was operated upon successfully. Later she developed a broncho-pneumonia, of which she is now convalescing.

On Friday, Washington's birthday, the Holland postoffice will be closed all day. There will be no service that day by city and rural carriers. Collections will be made from streetletter boxes at 5 o'clock p. m. from boxes so marked. Mails will be dispatched to trains as usual.

The Grand Haven Tribune in its items of twenty years ago chronicles the following "John Van Landegend, ex-mayor of Holland, has passed away." Mr. Van Landegend's widow is still living in the old residence on West 11th street and has just passed her 83rd birthday.

On Thursday evening, Feb. 21, the people of Holland will be favored by a missionary talk in the Fourth Reformed church. Rev. Harry Boot, who has recently returned from China, will address all those interested and he will speak in the Holland language. All are welcome.

Mr. Leslie Risto is in Pittsburgh, Pa., attending a conference of the Heinz Co.

Rev. Wm. Van Kersen of Holland conducted the services at 2nd Reformed church of Zeeland Sunday.

Con De Pree of the De Pree Co. returned from a business trip to Buffalo, N. Y.

Mr. and Mrs. C. M. McLean are away on an extended trip, taking in Florida and the West Indies.

Ben Van Lente Monday announced himself as a candidate for treasurer of Park township.

Miss Lida Rogers of the local high school spent the weekend with relatives at Montague, Mich.

Born to Mr. and Mrs. C. C. Stek-Miss Florence Kruisenga was a Grand Rapids visitor Monday.

Born to Mr. and Mrs. Andrew Rutgers at Holland Hospital—a boy.

Mrs. Albert Vegter left for Grand Rapids to visit friends.

Born to Mr. and Mrs. John Brinkman, of Michigan avenue, a son, John Junior.

Mrs. James Cook underwent an operation for appendicitis at the home of John Ter Beek, 94 W. 16th St. Jim McLean, of the Holland-St. Louis Sugar Co., is on a business trip to Charleston.

Charles Jewson, 84, life-long resident of Allegan county died Monday. He was born in England.

Mrs. James Fairbanks, West 10th St., is very critically ill with a condition known as heart-block. She has a pulse rate of 22 and respiration of eight to the minute.

PROMINENT STATE LEGIONNAIRE COMING TO HOLLAND

Great preparations are being made for the hard time party to be given under the auspices of the Willard G. Leenhouts Post, American Legion, at the Masonic Temple Friday night. A Shakespearean reader, graduate from Columbia University, is on the program and a prominent commercial artist from the city of Chicago will also be present.

Mr. Jones, manager of the Holland, will bring all his vaudevillians to perform at the close of the program and the American Legion band is to furnish the music.

Capt. Edgar Cochran of the state department at Lansing will give a discourse on the subject, "A Bigger and better Legion." He is a world war veteran and an able speaker and comes highly recommended. Adjutant Schoon states that at the windup there will be cider and doughnuts. He states further that all young men in the city are cordially invited to be present.

THIS WINTER A BAD WINTER FOR THE HIGHWAYS

Road commission officials and all those in charge of cleaning the county highways are agreed that the present winter has enjoyed the distinction of having the most troublesome snow in six years. The one beating it out came in 1918 when the blockade was even worse than the present although motor vehicles were not run so generally and there was no need for working so hard on streets and highways.

For the past month county workers have been busy with scrapers and shovels, getting the snow loosened and then taking it away on trucks. Successive snows have necessitated repeated operations of this several times. In spite of difficulties however the roads have been well taken care of. The cost has mounted far above that of other years but as motor car traffic is heavy even in the coldest weather roads must be kept in passable condition or a general howl from the multitude of auto owners will result.

State Trunk lines and county roads have been in very bad shape due to snow blockades, some of the county highways being impassable even at the present time.

The presence of huge drifts on the highways where nearby fields are not drifted is explained by road commission men as being caused by the heavy traffic which creates ruts in which the snow continually piles up.

At the Ottawa weather bureau the statement that this has been the worse winter for snow since 1918, is confirmed. Robert E. Heyer, meteorologist in charge stated that over 24 inches of snow fell in January of this year as against 11 inches in 1923. To date, nearly three feet of sleet and snow have fallen this year.

OUTLINES WORK OF PLANNING AND ZONING BODY

What is the city planning and zoning commission going to do? What will its work mean to Holland? How will it affect the city's interests? What steps will the commission take?

These are some questions that many people are asking. The commission will hold its first regular meeting next Monday and in anticipation of that meeting Arthur Van Duren, chairman of the commission, Tuesday gave some hints as to what the people may expect.

"Dr. Van Raalte," said Chairman Van Duren, "had vision in regard to Holland. Not only did he lay the city out on a rectangular plan, but he took River and Eighth streets as a hub, making the lots and blocks near the hub small and making them larger in proportion to the distance from the central point. In that way intrinsic value is somewhat equalized, the greater size of the outlying lots tending to make up for the location value of the smaller lots in the business center."

The city planning and zoning commission, Mr. Van Duren pointed out, must have imagination, like Dr. Van Raalte, and must be able to visualize the future. The commission must not plan merely for a town of 25,000 but for one of at least 50,000 or 60,000. It must lay its plans on broad lines, as Holland's founder did.

The first practical step of the commission will be the making of definitions. Mr. Van Duren declared. Such terms must be defined as "dwelling house," "duplex or multiple dwelling house," "apartment," "private or public garage," "commercial or industrial building." The commission must define "lot line," "curb level," and similar terms. It must determine the amount of air space between the buildings, how far buildings are to be erected from lot line, how much air space must be provided in buildings, etc.

City planners must plan not only for beauty but for utility also. The needs of a growing industrial town must be provided for. The lake front, the freight handling possibilities, and everything else that will concern both the beauty and industrial prosperity of the town must be taken into consideration. The commission must look far into the future and must try to anticipate the future's needs.

Mr. Van Duren thinks that the commission's work may take a year or a year and a half. The commission will welcome suggestions from citizens and asks for all the help and cooperation that the people can give.

PROF. KUIZENGA TELLS "Y" MEET FRIENDLINESS IS BASIS OF RELIGION

"If the house by the side of the road has no connection with the mansions in the sky, it is worth little," Prof. J. E. Kuizenga, said at the second Y. M. C. A. meeting in Zeeland Sunday afternoon in Zeeland, a building.

During his theme "Living in the House by the Side of the Road," Prof. Kuizenga added to said Foss' word of friendship, to man said: "The House by the Side of the Road" Henry George's asser.

"I am for men" and the statement of a president of Brazil that "the difference between North America and South America is that to South America came the Spaniards seeking gold and to North America came the Puritans seeking God."

"True religion," said Mr. Kuizenga, "has in it the roots of the finest and truest human kindness. The finest friendship for man must be born of true friendship for God."

"Real friendship for man must have power to deny the things that are harmful, to affirm all that makes for the highest development of mankind, to inspire men to nobler aims, to attract the best of human nature so that all its true potentialities for good may be fostered and encouraged."

Spring! Spring!

We have just gone through a severe winter, but we are congratulating ourselves upon the fact that balmy spring is just around the corner.

Spring brings a great many things. Spring fever for the lazy; gardening for the thrifty, and planning for those who are looking forward into the future.

Spring also brings home building plans. There is no season of the year when a home for oneself is so much thought of and striven for as in the spring-time. But it takes money to build a home.

The best way to start is to build up a bank account in the way of a savings deposit at the First State Bank.

After all this will be the nucleus, or in other words, the foundation upon which your future home is to be built.

Why not start to build that foundation today?

FIRST STATE BANK

HOME COMING MEETING OF P-T CLUB IS HELD

An enthusiastic audience met on Tuesday night in the Van Raalte school and staged the first Home Coming meeting ever held by a Parents-Teachers club in Holland. Mayor E. P. Stephan was the first speaker and he gave a splendid talk on "Civic Ideals," pointing out the value of P-T organizations as they touch civic affairs and duties. He pleaded for thoughtful consideration of such civic matters as the hospital, the Y. M. C. A., zoning regulations and health measures.

Dr. Leenhouts, president of the board of education, gave an instructive talk on the influence and help of P-T organizations as they aid the efforts of the board of education in securing the best possible educational environment and machinery that the board is called on to devise and administer. He emphasized the necessity for greater civic interest in the school elections.

Miss Minnie Smith, present principal of Junior high and the first president of the first P-T club in the city, namely the Van Raalte school club, after touching on the past history of the club, gave expression to several helpful ideas for the future development and usefulness of P-T clubs. Miss Smith pointed out the needs of the child, the school, the club and the neighborhood, and she showed how these needs can be met.

Miss Stein, supervisor of music in the grades, gave an excellent piano solo in medley composition, and Miss Mills, supervisor of music in the high school, sang two solos. As representative of the pupils the school Master Edward Bauder gave a reading, "What Do You Care?" with good expression. A play drill by 4th grade pupils to the accompaniment of phonograph musical selections brought ripples of appreciation from the audience. Refreshments were served on the main floor. The building was decorated with artificial leaves and greens entwining American flags. Owing to duties outside the city in connection with educational work Supt. E. E. Fell could not be present but he sent best wishes for the success of the first Home Coming meeting of a P-T club ever held in the city.

MAY HONOR DEAD LEADER IN STREET NAME

"Wilson Boulevard"—that may in the future be the name of one of Holland's streets if the suggestion of some of the citizens along that street is adopted. But whether this suggestion is adopted or not, it is very likely that First Avenue from Eighth street to Sixteenth street will soon be known by another name. The property owners along that street will in all probability petition the council for a change of name, leaving the name of "First Avenue" to that section of the street from 16th south. There is a jog in the street at 16th and the two sections are in reality two different streets. So the property owners of one of the sections want a change of name.

A meeting was held between the property owners and the streets and crosswalks committee on Wednesday evening. The street is to be paved and the question of material was discussed. The committee will decide on the best kind of material to use. The property owners however voted in favor of making the street from 8th to 16th a boulevard. This was suggested by the committee and the people are strongly in favor of it. The committee in turn will make the suggestion to the common council so that body will have to make the final decision.

When the boulevard question had been discussed and decided the question of a change of name was brought up. There were many in favor of changing the name and several new names were suggested. But the name of "Wilson Boulevard" seemed to elicit the greatest amount of interest. No definite action was taken but it is very likely that the property owners will petition the council for a change of name and the name of "Wilson Boulevard" seems to be most popular one.

SUGGESTS NAMING FIRST AVENUE "WASHINGTON BLVD."

The suggestion made Thursday by some residents along First Avenue that that street be named "Wilson Boulevard" has brought forward the suggestion by another citizen that the street, if re-named, should be given the name of "Washington Boulevard." He declared Friday that he had no objection to honoring the country's great war president but that he felt the father of this country should be honored first. He pointed out that Holland has a "Lincoln Avenue" but that the name of Washington has not been honored in the naming of the streets or parks or anything else.

The citizen who made the suggestion agrees that the name "First Avenue" is rather colorless and means very little but he thinks that before Wilson or Harding or other latter-day men are honored Holland should do something to perpetuate the name of Washington.

The Forest Grove area of Ottawa county is rapidly developing into a great early potato producing section. It is expected a large area will be planted this year to certified Irish Cobbler potatoes. In order to assist in the development of that section Count Farm Agent C. P. Milham has called meetings of interested growers at the Jamestown Y hall for Feb. 20, at 1:30 p. m. H. C. Moore, potato specialist from M. A. C. and C. P. Bemis field agent of the Michigan Potato Growers exchange, will be the speakers.

ARE PRESENTED WITH A MANTEL CLOCK

A Valentine party was given at the home of Mr. and Mrs. Peter Greven-good, 67 W. 19th street. Those present were: Messrs Adrian Westerhof, Bert Stegink, Benj. Stegink, Stanley Schipper, Frederick Stegink, Arthur Lanning, Peter Unema, Milton Vander Vliet, Clarence Greven-good, Nicholas Lanning, Peter Greven-good, Misses Alderink, Mary Jong-kryg, Minnie Windemulder, Reka Brandama, Jeanette Ten Erik, Sena Tinkhof, Minnie Vos, Anna Bosch, Pauline Kalkman, Alta Vork, Gertrude Wanrooy, Mrs. Peter Greven-good. After playing games light refreshments was served by the hostess. The rooms and tables were very artistically decorated with hearts and cupid. Before adjourning Mr. and Mrs. Greven-good were presented with a beautiful mantel clock.

ENTIRE BASKETBALL AUDIENCE INVITED TO THE THEATER AFTER GAME

Manager Jones of the Holland Theater became so enthusiastic at the basketball game Friday evening that during intermission he made a public announcement that if Holland won from Central High he would invite all the players of both teams and the audience as well to come to his theater and see a special ten o'clock show, without charge.

Holland did win, the management put on a good show lasting until midnight and practically all seats in the house were filled with a basket ball fan who had attended the game, especially fine seats being reserved for the two teams.

METHODIST CENTENARY PROGRAM TO CLOSE THIS YEAR

In the year recently ended, the next to the last year of the centenary program, the Methodist Episcopal church gave to her missionary enterprises \$13,886,231.77. This does not include the gifts of the Woman's Missionary societies, amounting to \$2,278,649.88 and of the Woman's Home Missionary society of \$2,829,503.92. The centenary five year period closes this year. Many churches are advancing their giving beyond previous years and the probability is that the largest amount ever given by this denomination for such undertakings will go to the fields this year.

CENTRAL RESERVES LOSE TO HOLLAND, SCORE 18-15

The large crowd that gathered in the high school gym Friday night besides being treated to a fine contest between the Central and Holland varsity teams also witnessed a sensational game between the two Reserve teams. After a five minute overtime period the local lads came off with an 18-15 win.

Carl Harrington spent the past week end in Harbor Springs.

Dr. J. B. Nykerk was in Grand Rapids on business Friday.

TRY A NEWS WANT AD.

HOLLAND HAS EIGHTEEN CASES OF SCARLET FEVER

There are at present eighteen cases of scarlet fever in Holland, according to the records of city health officer B. B. Godfrey, and so far the epidemic has resulted in two deaths. In an effort to prevent a greater toll being taken by this disease the health department has been doing all in its power. Two men have been at work taking such measures as the department can take.

"But unless the people of Holland co-operate with us, I very much fear that the death toll will be greater," said Health Officer Godfrey. "In spite of everything we can do or say, quite a few people persist in taking chances; there is entirely too much carelessness and some do not seem to realize that scarlet fever is a disease that is full of menace, often resulting in death for some member of the family. I am appealing to all to try to realize that it is up to each individual to do his share to stop the spread of the disease."

Health Officer Godfrey has been confined to his home with illness the past two weeks but he is getting back into form, and in the meanwhile assistants have been taking care of the work under his direction.

The diphtheria situation is much more favorable. There are at present only four cases and it is expected that this disease will soon be entirely wiped out in Holland.

The small pox epidemic is completely at an end. There is not a single case at present and there have been no new cases for some time. In spite of the seriousness of the epidemic last fall and during part of the winter there has not been a single death.

The measles situation is also quite favorable and the disease seems to have been definitely checked. Last week there were only 47 cases left which is considered a hopeful outlook.

LAST SURVIVOR OF OF LADY ELGIN PASSES

In the Milwaukee Journal we notice the death of Margaret Hayes-Crane, aged 88, the last survivor of sixty-nine saved of four hundred that went down with the steamer "Lady Elgin" in Lake Michigan in 1860.

The older residents will remember the terrible disaster of this old sidewheel plying between Chicago and Milwaukee.

The beautiful steamer left with a large excursion party, plenty of refreshments and a band. High carnival reigned until after midnight with dancing on the deck.

It is stated that it was one of the most beautiful evenings for an excursion that could possibly be had. Suddenly and without warning the schooner Cook rammed the Lady Elgin and 300 of the merry party sank with the steamer in the depths of Lake Michigan off Waukegan.

The schooner, a Canadian vessel, had her name painted over and the name "Cook" became "Augusta" for the reason that the feeling in Chicago against the "Cook" ran high because of the terrible disaster.

BERNARD KEEFER STARTS RESTAURANT IN GRAND HAVEN

Grand Haven Tribune—Keefe's Lunch, a popular priced eating place opened for the first time here on Thursday night. Mr. Keefe did a splendid business from the start and his clean and sanitary lunch room is a credit to the city. One of the Keefe Lunch rooms is already established in Holland and has been running for some time.

WARM FRIEND GIRLS ENJOY KID PARTY

The Warm Friend girls enjoyed a wonderful time Wednesday evening when they celebrated Valentine's day with a kid party. Children of all ages met in the gym which was tastily decorated in red and white.

Kindergarten class was called, with Miss Josephine Pretinfilippo, presiding as teacher, but because of it's being Valentine day, no lessons were given and the entire session was given to a program as follows: Good morning song, class; speech, teacher; song, "Old Black Joe"; class; speech, Jerusha Johnson; piano duet, Hattie and Tienie; verse, John Pumphandle; song, Katrina Wilhelm; Mary Had a Little Lamb, Mary Anne Smith; speech, Elizabeth Vande Brink.

After the program a little birthday girl served lollipops to all her little classmates. After school all the children went outside and enjoyed such thrilling games as Marching 'round Jerusalem, London Bridge, Drop the Handkerchief and Farmer in the Dell. Refreshments were served and only too soon all had to go home before their mothers should come for them.

Although all the Holland Furnace Co. office force was back on the job Thursday morning, all those who were at the party have decided that it's more fun to be little than big.

HOLLAND MAN WEDS SOUTH BEND GIRL

The South Bend, Ind., Tribune contains two fine cuts of Miss Marian Chard, daughter of Mr. and Mrs. S. G. Chard of that city, whose marriage to Mr. Russell M. Spear of Holland took place on Wednesday of last week. Numerous social functions were held in South Bend in honor of Miss Chard who is popular in that city.

Mr. Spear is the proprietor of the Holland Five and Ten Cent store and has won many friends in this city since his arrival here some months ago. He is the son of Dr. and Mrs. H. N. Spear of Bluffton, Ind. The marriage took place at the home of the bride's parents and the couple will make their home in Holland after a wedding trip.

ESTATE IS PROBATED AT MORE THAN A MILLION

The estate of George Bardeen, a wealthy paper manufacturer, who died in Florida, and whose home at Otego, was probated in Allegan county and it is estimated that the property value will run over the million dollar mark. The wife, a son and daughter, each receive a third interest after \$50,000 has been subtracted for bequests to other relatives among these being eleven nephews and nieces who each receive \$1,000. The home in Florida will be kept for the general use of the family. Mr. Bardeen is well known in this city, being associated with several Holland men in the manufacture of paper at Otego.

BILL DRAFTED TO IMPROVE GRAND HAVEN HARBOR

A bill has been drafted by Congressman Mapes for introduction in the House of Representatives, to secure the needed action on the Grand Haven harbor issue which has been the subject of discussion for so long. The bill was copied and sent for inspection by Grand Haven marine men who are making recommendations through the Chamber of Commerce and minor changes were made.

Grand Haven men who are acquainted and firms interested in the development of shipping facilities, have communicated with Congressman Mapes in an effort to show the urgent need for improvement. That port has a large tonnage passing in and out each year and ranks very high among the ports along the west shore. Therefore it is necessary that the harbor be adequate and it is held that Grand Haven tonnage will be greatly increased within a short time.

The definite improvements asked for include a 26 foot harbor entrance at the pier's end, a 21 foot classification depth for the harbor as far as deep water in Spring Lake and a nine foot channel up the river to the Bass river gravel bed. All of these are included in the bill which details the project and would instruct the secretary of war, if passed, to make a survey with a view to improvement. This bill will be introduced at the earliest possible date.

As soon as work can be started, however the bar at the mouth of the harbor channel will be widened at a spot opposite the government pond where so much gravel was dumped while construction of the new pier was going on. Much of this gravel settled in the river bottom.

ENJOY SLEIGH RIDE TO VIRGINIA PARK FRIDAY NIGHT

A party of young folks enjoyed a delightful sleighride Thursday evening to Virginia Park. Games were played and dainty refreshments were served. A prophecy was read by Miss Jeannette Kleis. Those in the party were the Misses Nellie Jongkryg, Helen Weiling, Jennette Kleis, Jennie Kalkman, Berdeane Roels, Bertha Smith, Margaret Weener, Anna Vilem Julia Kleis, and Marie Kalkman and the Messrs Varvin Lambers, Marvin Lambers, Marvin Karsten, John Altling, Henry Bonselaar, Clarence Everts, Sam Dykstra, Peter Nienhuis, Dewey Pierasma, Bernard Post, Geo. Kulper and John Schrottenboer.

WANTS TO MAKE MOVING PICTURES OF POULTRY INDUSTRY

Secretary Ed. Brouwer of the Holland Poultry association brought up at a recent meeting a valuable advertising idea of having the poultry industry around Holland and Zeeland filmed. Few know that this locality is the heart of the poultry industry of Michigan and is rapidly developing. Florida and California film their orange industry, the government films its agricultural experiments, as well as dairy, poultry, and other products of the farm; highway building is broadcasted via films thru the U. S. government.

M. A. C. alone carries 400 educational films and the demand for them is so great that one must date far ahead to secure the use of them. Therefore why not film Ottawa county poultry?

There are sixty hatcheries in lower Ottawa, said to be exceptional establishments, and this locality would be especially benefited if these films would be reeling through the country telling of the poultry possibilities around Zeeland and Holland, showing in pictures the development of the entire poultry industry here.

Mr. Brouwer has been in communication with several moving picture film corporation in Chicago and elsewhere, and is getting facts and figures in an advertising feature of this kind.

HOPE TEAM LOSES HOME DEBATE

Debating upon the question of "Resolved, that congress enact a law embodying the essential provision of the Huber (W's.) Unemployment Insurance Bill Constitutional Convention," the Hope affirmative team dropped a 2 to 0 decision to the trio of debaters from Albion, who argued on the negative side of the question.

Each speaker was given ten minutes for a constructive speech and after each debater had presented his side of the question, he was allowed five minutes to attack his opponent's arguments for five minutes.

The Albion squad was very strong in both their constructive argument and in their rebuttal, while the Hope debaters were somewhat weaker in both. The Hope team consisted of Hesselink, Tuttle and Ver Muelen, while Albion was represented by R. Chamberlain, R. Cartwright, W. Diehl. The two judges were Mr. A. T. Johnson, Grand Rapids; Mr. R. Baxter, also of Grand Rapids; Mr. O. S. Trumbull of Jackson being unable to be present, Prof. Egbert Winter of the local college presided.

Kalamazoo college affirmative debaters Friday night won the unanimous decision of three judges over Hope College negative team. Capt. Sausaman's rebuttal clinched the victory for Kalamazoo.

HOSPITAL REPORT FOR JANUARY IS GIVEN

Following is the Holland hospital report for January:

Number of Patients in at close of last month	9
Number of Patients admitted during the month	24
Number of Patients dismissed during the month	18
Number of deaths during month	2
Number of Patients in at close of month	13
Daily average No. of Patients 11.8	
Collected during month \$1682.07	
Accounts due	\$577.75
Bills paid	\$1636.54
Mabel Miller, Supt.	

With an estimated net gain in national membership of \$2,242 enrollment in the American Red Cross was brought up to the highest figure since the close of the war during the seventh annual roll call last fall. Announcement of the enrollment figures made at headquarters of the organization today placed the total membership at 3,471,000 the figure including estimates for a number of chapters which have not yet reported.

Ford

THE UNIVERSAL CAR

Buy Your Ford Now

WITH spring almost here thousands of families, anticipating the demand that is certain to exist for Ford Cars and Trucks are placing their orders for immediate delivery.

Sales now are far ahead of sales at this time last year. Advance orders calling for delivery under the Ford Weekly Purchase Plan have already reached a total of 255,758 Cars and Trucks.

The prospect of securing prompt delivery is daily becoming more uncertain. We cannot urge too strongly, therefore, the necessity for placing your order immediately, if you are planning to drive a Ford Car this spring.

See the nearest Authorized Ford Dealer

Ford Motor Company

Detroit, Michigan

It is not necessary to pay for your car in full in order to secure delivery. You can get on the preferred list for early delivery by making a small payment down. Or, if you wish, you can arrange for delivery under the terms of the Ford Weekly Purchase Plan.

YOUNG MAN ROBS THE LINCOLN MEAT MARKET

Last Sunday night at 11 o'clock the Lincoln Market on East 8th St. was robbed. Mr. De Witt, who lives near the market, thought he heard a noise shortly after eleven and upon investigation it was noticed that the back door of the Lincoln market was open and that ten dollars had been taken from the till. Officers Steketee and O'Connor were quickly called and a Sherlock Holmes plan of deduction was adopted. Officer Steketee saw the footprints in the freshly fallen snow, took the measurements and with these the two officers began nosing around to see whom the shoe would fit.

Steketee remembered seeing Otto Reszick hanging around the alley back of the market for some days back, and he associated the young man with the crime. Reszick was found at his home on West 22nd-st., and as the footprints tallied with the size of the young man's shoes he was taken into custody.

For some time Chief of Police Van Ry questioned Reszick and he finally "caved in", confessing that he had climbed through the transom, had robbed the till of \$10, then had unsnapped the lock of the back door, leaving it open behind him. He stated that the next day he had gone on a sweet tooth jamboree, buying ice cream, bonbons, fruits and other good things to eat, spending eight of the ten dollars stolen.

The young man is 20 years old, but still acts like a child and does not seem to realize how grave the charge of burglary really is. He appeared before Justice Den Herder who bound him over to circuit court for trial.

In the meantime Reszick will languish in the county jail until circuit court reconvenes sometime in March.

WINTER BOAT SERVICE MAY DEPEND ON MARCH

Whether or not winter navigation will be a permanent thing for Holland is still a question and will probably depend to a large extent on March business. In an interview local agent Johnson said Tuesday:

"January showed a decided loss because the weather was bad and conditions in Lake Michigan were very bad. The first part of February was also very bad, as when January ended we had ten miles of ice all along the east shore, some of it from 12 to 20 feet thick. With the prevailing winds from a westerly direction it was impossible for any boat to work through. However, our steamer did as well as any steamer plying between Chicago and the east shore.

"Winter navigation is very expensive at its best, as for instance on three trips our steamer consumed more than 200 tons of coal, while under ordinary conditions and no ice the Missouri would not use more than 35 tons.

"We attempted no passenger business during the heavy winter but now the conditions have become somewhat normal and since the steamer is making regular trips we get a number of passengers each time. The last two weeks we made seven trips which means a boat every other day, and that is as good a record as any boat will make during the summer months.

"We are in high hopes that February and March will help make up January's losses. Freight shipments are coming fairly well, especially to and from Benton Harbor and Grand Rapids; and although somewhat quiet locally, Holland has done well. Holland proper figures about 25% of the total revenue each trip and we hope that our factories will be flooded with orders so that the percentage will increase.

"We have convinced the skeptical that Black lake can be kept open, although a few times we found the ice 16 inches or more thick. We also have lived up to our word that we would attempt in earnest to maintain yearly service and if at the end we broke even we would be satisfied. It depends upon the March balance sheet whether winter navigation will be permanent here. We have held our route open at great expense and we trust it will be appreciated. We thank all who have patronized Holland's steamboat line, most shippers having done so liberally. I sincerely trust that the management will be shown that their efforts have been appreciated and that they may see fit to make winter navigation a yearly affair."

POPULAR PASTOR TO SPEAK AT TRINITY

Rev. R. B. Kulper, formerly a very popular pastor of the Sherman-St. Christian Reformed church of Grand Rapids, will give an address in Trinity Reformed church in Holland on the evening of March 4th. Rev. Kulper at one time was one of the most popular preachers in Grand Rapids and many of the Calvin students and faculty members attended his church.

Some months ago he created something of a stir by leaving the Christian Reformed denomination and joining the Reformed church, becoming pastor of the Second Reformed church of Kalamazoo, in which new field he has been very successful.

He will appear at Trinity church under the auspices of the Young Women's League for Service and his subject will be "Radical Religion."

DIES AFTER AN ILLNESS OF SEVERAL WEEKS

After an illness of several weeks, Mrs. J. J. Lemmen, aged 50, died on Monday evening at 7:55 at her home, 508 First avenue. She is survived by her husband and five children: Mrs. Henry Hulzenga, Mrs. E. J. Wolters, Julia, Harry, and Marie.

The funeral was held on Thursday afternoon at 1 o'clock at the home and at 1:30 in the Maple Avenue Christian Reformed church, Rev. Mr. Zwier officiating.

Mrs. Nathan Thorpe, aged 80 years, died Monday at her home, 144 E. 7th St. She is survived by three sons. The funeral was held on Wednesday afternoon at 2 o'clock at the Dykstra Funeral Home. Miss Nellie Churchford officiating. The body was taken on Thursday morning to Fremont where interment took place.

ONE HUNDRED MEN ATTEND THE CHURCH BANQUET

One hundred men of the Methodist church sat down to a sumptuous banquet given in the church parlors Thursday evening. It was a get-together meeting and was provided for the purpose of making the men feel their relation to the church and to show them by practical demonstration that the man-power of the church is very strong. A delightful banquet was provided by the Ladies Aid society under the supervision of Mrs. G. C. Moody.

The principal speaker was Dr. W. F. Kendrick, of Grand Rapids, district superintendent of this district of the Methodist church. Dr. Kendrick spoke on "Our Task" and he set forth what the real work of the church in the community is. He declared that the community did not exist for the church but the church for the community. He declared that the church is here to serve the community and that it must justify its existence by its spirit of service.

Other speakers were: "Our men in the Sunday School," by S. H. Houltman; "Our Younger Men," by George Damson; "Our Boys," by Leon N. Moody, Ottawa County Y. M. C. A. secretary; "Our County Sunday Schools," a subject that was to have been discussed by George Schulling, president of the Ottawa County Sunday School association but that was treated by Anthony Nienhuis, county treasurer, because of the absence of Mr. Schulling; "Our Church," by the Rev. J. C. De Vinney.

The toastmaster was F. T. Miles. Rev. J. C. De Vinney led in prayer and musical selections were given by the Sunday School orchestra under the direction of Mrs. J. Charles Gross. Community singing was led by Henry Te Roller; a whistling solo was given by Basil Mitchell; and selections were given by a quartet composed of Mrs. W. C. Vandenberg, Miss Clara McClellan, M. Dykema, and Robert Evans.

THANKS ALL WHO HELPED THE RED CROSS

Although the seventh annual roll call of the Ottawa County Red Cross was conducted last November, the returns have been coming in from time to time. As late as Thursday of this week, Mrs. VanDuren, in charge of the roll call in Southern Ottawa, received some membership money from one community in this part of the county. But it is assumed that practically everything is in now and so Mrs. VanDuren Friday took the opportunity to extend the thanks of the chapter to those who helped. She stated informally that every one of the branches doubled the roll call of a year ago. Mrs. VanDuren's statement follows: "The officers of the Ottawa County Chapter of the Red Cross wish to thank most heartily the people who helped to make the seventh annual roll call a success. They wish especially to thank the members of the Willard G. Leenhouts Post, of the American Legion, the members of the Gilbert Karsten Post of Zeeland, the units that took charge at the banks on Saturday afternoons, and all those who were in charge of the branches throughout southern Ottawa. It is very gratifying to the officers that all branches greatly increased the membership and they wish to give expression to their appreciation."

HOLLAND BOY RECEIVES HONORS AT U. OF MICHIGAN

A telegram was received from Ann Arbor Friday morning stating that George J. Ten Hoor, of Holland, a senior at the University of Michigan is one of 27 to make the highest possible record in his studies.

The dispatch coming from the Michigan Daily, the official organ of the college, indicates that the young man has certainly excelled. Mr. Ten Hoor has studied for some time at Hope College and also at Calvin college, Grand Rapids. Mr. Ten Hoor is taking up chemistry at Michigan university and will graduate in June.

ZEELAND MAN CLAIMS RECORD FOR HIS HENS

What he claims as an egg production record, was made by Roelof Telgenhof's 25 Barred Plymouth Rock pullets, when they laid during the month of January, just past, 480 eggs, averaging 19½ eggs per pullet during the coldest month of the year. Mr. Telgenhof resides in Zeeland, and holds the record until some one beats him out of it.

W. C. T. U. HOLDS A BUSY MEETING

The W. C. T. U. meeting held at the home of Mrs. H. Geerlings was largely attended, about 60 being present. Mrs. G. H. Hulzenga led the devotions, while Rev. J. M. Martin gave the main address on "Moral Standards a Test of Christian Civilization." He said in part, not industrialism nor material advancement nor might is the test, but righteousness, opportunity for service, ministering to human needs and protesting against evil as war, intemperance, lawlessness.

Mrs. H. W. Smith told how the Union was trying to fortify the youth of the city against moral collapse by placing posters in the schoolrooms, conducting contests, a Loyalty Legion in Junior high, scientific temperance instruction in some grades and encouraging the reading of the Bible. Michigan laws favor Bible reading in its schools and a committee of the teachers federation recommended credits applied to Bible study. Several syllabuses of Bible study used in the Lansing schools were on exhibition. Mrs. Leddic made a plea for a uniform divorce law. The union took action in opposing the petition of the pool rooms to keep open later than ten o'clock and to dispense soft drinks.

Mrs. George Pelgrim gave a group of cantillations, "The Poppy Land Express," "A Boy's Complaint," "The Soap the Oppressor," and "Try Smiling." Mrs. W. C. Vandenberg pleasantly rendered two vocal solos, "I Love a Little Cottage," by O'Hara and "Play Make Believe," Carrie Jacobs-Bond.

A parliamentary drill before the program and refreshments by Mrs. Haight and committee after, added to the pleasures of the meeting.

LARGE CROWD GATHERS TO SEE POULTRY FILM

The court room of the city hall was well filled Thursday night to see three educational reels on poultry, prairie dogs and road building, besides two reels of comedy donated by the Strand Theater. The pictures put on by the Holland Poultry association were very interesting and proved an excellent feature on the program.

Prof. P. S. Sandford gave a very interesting talk on poultry diseases, showing the proper and improper way of feeding. He also severely knocked the cure-all poultry tonics with which the market is flooded, stating that most of the tonics were large in bulk, to make a show, but contained very little medicine with curative powers.

He stated that formulas for different diseases can be gotten free of cost from government experts or from poultry experts and these could be filled at any local drug store at a nominal cost and these formulas were tried methods and based on actual tests made by the highest authority on poultry.

Poultry vaccination was also discussed, in fact Mr. Sandford did not speak very reassuringly on vaccination methods, and while he thought that vaccination was good for some diseases, he felt that the experiment station at M. A. C. should receive a larger state appropriation. In order that there may be greater developments along these lines. He said that vaccination had done some good when chickenpox had visited the flock, a terrible disease in a henry when it once gets started.

He also told of an incident where vaccination didn't work. He stated that he separated a number of male birds that were afflicted with colds. He vaccinated one-half and did not vaccinate the other half. He segregated the lot but all birds vaccinated or not got well at the same time, showing where vaccination failed.

Nothing was done at the meeting about the selection of a judge. This was left to the directors of the Holland Poultry Association to take care of at the first March meeting. At next month's meeting Sec'y Brouwer has secured Dr. O. B. Kent of Chicago, head of the Quaker Oats Co. and manufacturers of "Full O'Peep" feed. His subject will be, "Feeding Baby Chicks," an appropriate topic, as at that time the "peeps" will be about coming in.

INJUNCTION IS ISSUED IN CASE OF GRAND HAVEN FIRM

Knapen, Uhl & Bryant of Grand Rapids and Hugh E. Lillie, as attorneys for William H. Keller in the circuit court of Ottawa county have been granted an injunction restraining the stockholders of the Wm. H. Keller Co. Incorporated, from holding an election of a board of directors until a hearing, set at a future date, is held in the Ottawa county circuit court.

It is said that the temporary restraining order which was issued through Circuit Court Commissioner, Daniel F. Pagelsen Thursday, does not affect the operations of the concern at Grand Haven, but merely holds up the election until after the circuit court hearing in the matter.

The Keller company is one of the important industrial plants in Grand Haven having been brought there from Fon du Lac, Wis., where it had been established many years. A large portion of the company's stock is held by a group of county seat stockholders. Under reorganization some months ago the title of the company was changed from the Keller Pneumatic Tool Co. to the William H. Keller Co., Incorporated. Mr. Keller has been the executive head of the plant since it began operation.

Miss Lena Laudie, county health nurse, has just completed a survey of the Allegan schools. Six hundred pupils in the Allegan schools have been inspected. Of this number 13 were excluded from the schools because of skin disease. One hundred sixty-one pupils have had more than two hundred and fifty defects, such as defective teeth, throat or eyes corrected since the nurse's last visit two years ago. 82 parents accepted the nurse's invitation to be present at the time their children were examined. Twenty-three were found to have defective hearing, 90 had decayed permanent teeth, 23 were mouth breathers, 56 had diseased tonsils, 176 gotter tendencies, 119 drink coffee, 124 were underweight, more than 10 per cent were normal for their height and age, 21 were overweight by more than 20 per cent. The following defects have been corrected since the nurse's visit. Twenty-four obtained glasses, 0 had permanent teeth filled, 53 had adenoids removed, 23 had temporary teeth filled.

GRAND HAVEN FARM BUREAU IN ELECTION

Stockholders of the Grand Haven Farm Bureau held their annual meeting in Wednesday afternoon and election was held at that time. The meeting took place in the public library auditorium and despite the poor condition of the roads, an excellent attendance was there. Many of the stockholders are resident in outside rural communities and on farms.

The officers declared an 8% dividend on all stock issued prior to Dec. 30, 1923. A number of resolutions favoring different movements and different pieces of legislation were adopted.

Frank X. Beaubien was elected as president of the organization; Peter Van Zyl, vice-president; C. C. Whistler, secretary, treasurer and general manager and directors, were elected as follows: C. P. Milham, F. Knight, Casimer Szopinsky, A. J. Knight.

Among the resolutions adopted by the stockholders were those favoring a gasoline tax, a graduated income tax, the appropriation of money for the eradication of bovine tuberculosis not only in Ottawa county but throughout the state, the raising of top standards and the culture of better agricultural products and a resolution offering the cooperation of the stockholders of the Farm Bureau in maintaining law and order. This is particularly reference to the enforcement of the prohibition law.

The Grand Haven Farm Bureau as organized some years ago and since its inception, it has enjoyed a splendid growth. A number of good dividends have been declared and the affair has proved a good proposition to all concerned.

THIS BOULDER, WITH THE FOUR WHITE MARKERS, DESIGNATE THE SITE OF THE FIRST CHURCH ERECTED BY THE HOLLAND COLONISTS IN 1847, THE YEAR OF THE SETTLEMENT. IT WAS 35 X 60 FEET AND DID SERVICE UNTIL 1856.

ERECTED BY THE BOARD OF PARKS AND CEMETERY TRUSTEES. 1917.

The Old Log Church

O, the old log Meeting House, that they built upon this knoll,
In the early life Colonial how it played a leading roll;
Tho' their dwellings were but makeshifts of this building they
made sure
That its walls would last a long time and its memory would endure.

And its memory still is with us, we their descendants know
Its very door and window, chimney, roof and step below;
And inside the hard straight benches where the worshippers found
balm
From all their early hardships, in the Sermon and the Psalm.

This we know just from tradition and I remember well
Amongst the old time stories that my mother used to tell,
Was that she passed this church so often, in her journey as she
went
To the Academy of Taylor, to and fro from Drenthe.

But those reminders were passed over to the more exciting tale
When she met a band of Indians on the lonesome woodland trail;
And that other time near evening when she was stopped appalled,
By a wolf that crossed the roadway near "De Hooze Berg" so called.

Now the old log church has vanished, on its site memorial marbles;
Flowers bloom there in their season, now and then a songbird
warbles;
And those that built it, those that worshipped, sleeping near, await
their calls
Serenely in the hope and faith that was preached within its walls.

RALPH SCHEPERS,

R. 3 Holland, Mich.

LOCAL

Prosecutor Fred T. Miles and Dr. A. Leenhouts "rode the goat" at the Exchange Club dinner yesterday and are now full-fledged members.

The committee on claims and accounts of the common council reported \$1,045.53 in claims against the city the past two weeks, and the committee on poor reported \$124 for temporary aid.

A petition of Peter Korose to conduct a bowling alley at 12 W. 8th street, second floor, which was presented to the common council Wednesday night, was referred to the license committee.

Walter Sutphen eldest son of the late Prof. Sutphen of Hope College, is visiting friends in this city. Mr. Sutphen is with the Columbus Heating & Ventilating company and manager of a branch at Huntington, W. Va.

H. H. Outman, for several years ticket clerk at the Pere Marquette station at Grand Haven has been appointed agent at Paw Paw and leaves to assume his new position the coming week.

If ever an old adage has been exploded its the proverbial groundhog story. If that poor "cuss" has been wandering around all this time he sure has been having a tough time of it.

Despite the stormy weather the steamer Missouri has been making its regular trips between Holland and Chicago. She arrived in Benton Harbor last night and was held there on account of the storm but is now proceeding to Holland.

Glenn Overton, president of the Overton Creamery Co., notified his patrons that he could not make payment for January milk and has made an assignment of personal property to the creditors of the company. A meeting of all the creditors will be held at Allegan Saturday at the Regent theater in the morning.

The mid-week prayer service will be held tonight at Trinity Reformed church beginning at 7:30 o'clock. The pastor will continue his series of talks on "Favorite texts of Great Men," his subject this evening being "The Favorite Text of David Livingstone, the Great Missionary."

WILL ADVERTISE WEST MICHIGAN IN MANY WAYS
RESORT SECTION HERE TO BE LAUDED IN THE NEWSPAPERS AND MAGAZINES

The Michigan Tourist and Resort Association has just made an announcement of tentative plans for their publicity work for the season of 1924 and from indications the promise is one of the most comprehensive resort campaigns that has ever been published.
Large advertisements are to appear according to present plans in Chicago

St. Louis, Cincinnati, Louisville, Columbus, Pittsburgh, Detroit and all the larger cities. Several page advertisements will appear in the Saturday Evening Post according to present plans, and these advertisements will definitely specify West Michigan sections which are supporting the campaign.

This will also appear in World's Work Atlantic Monthly Review of Reviews, Scribner's, Century and Harper's Magazines. In addition to those, the Journals of American Medicine in Michigan, Indiana, Ohio, Kentucky and Illinois will be used, as well as several Motor Club magazines in Chicago, among them being the Chicago Motor News and Illinois Motorist.

The publications mentioned including newspapers run in excess of 17 million circulation, and the West Michigan publicity will appear in these publications according to present plans many times in the season. The association points out that with the widespread publicity to be given West Michigan resort sections that are supporting the Michigan Tourist and Resort association 1924 campaign, this year will be a monumental one in the history of resort efforts here.

HOLLAND GARAGE MEN MEET WITH GRAND HAVEN MOTORISTS

Grand Haven garage men secured the Chamber of Commerce room as a meeting place Tuesday night and convened to talk over plans for an automobile dealers' association in that city. Henry VanderWall of Holland met with the Grand Haven men and spoke on the motormart plan of used car retailing with a fixed price for every used car when taken in. Prior to going to Holland, Mr. VanderWall was connected with the United Auto company of Muskegon.

A good representation of Grand Haven dealers was present, there being six from the automobile field in attendance. They are tackling the used car problem in earnest and hope to arrive at some conclusion. This is not the only phase of their activity however, it taking in a great many daily problems.

A meeting is to be held tonight to form an organization. Officers will be elected at this time and it will be decided what is to be done in excepting or rejecting the used car plan as tried in other cities.

EXTENSION CLASS STILL OPEN FOR NEW STUDENTS

The Kalamazoo Normal extension class in Holland which began its second term last Saturday, is still open for enrollment, officers of the class announce. A number enrolled last week to study social psychology under Dr. T. S. Henry of the Kalamazoo Normal faculty. The class meets every Saturday afternoon at one o'clock at the high school. Members of the Western Normal extension classes over the state are mostly teachers though club women and others frequently join.

An auction sale will be held on the farm of Fred J. Vanden Beldt, 1 mile south and 1 mile east from Ebenezer church, commencing at ten o'clock, Thursday, Feb. 28.

FOUND—Belt of man's overcoat, owner can have same by paying for this adv and calling at the Holland City News office.

Mr. Harry Johnson, of Neenah, Wis., claims he is the luckiest yet the unluckiest hunter in the world, but he tells a better hunting or fishing story than either John Vanderpluis or J. B. Mulder can tell.

He shot a duck over his decoys. As he went to pick up the duck a rabbit jumped out near his boat. Johnson shot the rabbit and paddled out after the duck. After placing the duck in his blind Johnson set forth to retrieve the rabbit. This he did. When he came back to the blind he saw a full-grown mink making off with his duck.

Johnson killed the mink with a club and skinned it. Just as he finished his job a squirrel began making remarks from a tree near the blind. He picked up his gun and shot the squirrel.

But when Johnson grabbed his last victim to place it in his coat along with the rabbit the duck and the pet of the mink, the squirrel up and bit him on the thumb, the teeth penetrating to the bone. That wasn't all, Mr. Johnson acquired blood poisoning and became so sick he couldn't eat the duck, rabbit or the squirrel and was forced to give the doctor the \$12 he got for the mink.

Hope College will be closed on Friday, Washington's birthday, and the studies will be put aside until Monday giving the students three days' vacation.

The public schools will remain open however and several patriotic programs have been arranged. Rev. De Vinney will deliver an address to the students at the high school on that day.

Mrs. Anna Oxner, aged 49, wife of Cornelius Oxner, died Monday morning at the home 853 Tamarack-av., NW. She is survived by her husband, a son, Willis; her parents, Mr. and Mrs. William Cole of Zeeland; a sister Mrs. Charles Vonk, and a brother, Burt Cole of Grand Rapids. Funeral services at the home Wednesday morning at 10:30 and a funeral service at Zeeland Wednesday afternoon where burial took place, was attended by Holland relatives and friends.

HAMILTON

A company of young folks spent a very pleasant evening at the home of Mr. and Mrs. W. Roelof. Besides a program of games, music and song, dainty refreshments were also a feature.

Harm Rutgers is working for Harm Berns, Ed Nyhof is working for Jake Eding, while Will Roelof is employed by the farm bureau at present. H. Pol hurt his leg quite badly last week Thursday, but is getting along

nicely at this writing.
Miss Dorothy Rutgers had the misfortune of falling and severely spraining her wrist.

NEW GRONINGEN

Mr. and Mrs. H. Karsten visited at the home of Mr. and Mrs. George Kragt on last week Wednesday.

Miss Nettie Schaap is staying at home at present.
The Get-Together-club enjoyed a sleigh ride on Friday evening, Feb. 8, to Central Park where they were graciously entertained by Mr. and Mrs. Timmer, parents of Mrs. H. Karsten. Gerrit Kragt furnished the team.

ZEELAND

Born to Mr. and Mrs. Luke Vander Molen, Zeeland city, Monday, February the 11th, a daughter.

The homes of John Brouwer and Cietze Baron of Beaverdam have been placed under quarantine for diphtheria.

Recently it was decided that the freshmen go on a sleigh-ride to Holland Monday night. So on that day at 6:15 p. m. they started, about 45 in number, and in two sleighs. Arriving at Holland and unloading near the Holland Hotel at 7:30, they were told to meet at the Green Mill Cafe at 9 o'clock. Some of them spent the intervening time at the library, and some in rest rooms. After eating a supper they started home. It was about ten when they left Holland and they arrived in Zeeland at about 11, having spent a pleasant evening.

Miss Ruth Drukker attended a conference of the chief telephone operators of Michigan this week, including representatives from nearly every city in the state. The conference was held in Grand Rapids.

Mr. and Mrs. Henry Prins of this city announce the birth of a daughter, Elaine Donna, born Wednesday, Feb. 6th. Mrs. Prins was Miss Sadie Langius before her marriage.

Card of Thanks

We wish to express our sincere thanks to our relatives, friends, neighbors and the Thompson Mfg. Co., for their kindness and sympathy shown us in our bereavement in the death of our darling baby, Laurence and for the beautiful floral offerings, also Rev. J. M. Ghysels for his comforting words and those who kindly donated their cars.

Mr. and Mrs. C. Vryhof, and children.

No. 8875—Exp. Mar. 8
STATE OF MICHIGAN—The probate court for the county of Ottawa.

At a session of said court, held at the Probate office in the city of Grand Haven in said county, on the 15th day of February, A. D. 1924.
Present: Hon. James J. Danhof, Judge of Probate.

In the matter of the estate of Alexander Eggmann, Deceased Benjamin Brower having filed in said court his petition praying for license to sell the interest of said estate in certain real estate therein described.

It is ordered, that the 17th Day of March, A. D. 1924 at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition and that all persons interested in said estate appear before said court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted;

It is further ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing in the Holland City News, a newspaper printed and circulated in said county.

A true copy—JAMES J. DANHOF, Judge of Probate.
Cora Vande Water, Register of Probate.

ANNOUNCEMENT

TO THE VOTERS OF FILLMORE TOWNSHIP!

We the undersigned neighbors, in a feeling of sympathy and need unanimously announce as candidate for Treasurer of Fillmore Township LEONARD LEMMEN. Mr. Lemmen being a cripple is sorely in need of help from some source, having a small farm with bad losses in horses, cows and stock in the barn not alone in the last few years, but also in his family, losing a child, a young daughter last year, and another child this winter. Losing his house by fire, having big doctor bills to pay and a big family to support. Feeling as neighbors our duty and the necessity of some action and being worthy of help and encouragement we appeal to you for aid in lifting to some extent the heavy burden and help to elect Mr. Lemmen for Treas. of Fillm. Township at the Caucus to be held on the 14th day of March.

Mr. Lemmen will certainly appreciate and be very thankful for your help and co-operation. This is the work of neighbors only, without even the knowledge of Mr. Lemmen, who are paying all expenses for him.

The Small Account

There are folks who feel that the average banker has little use for a small account. That's a mistake, - a big one - for we know that time and again the small accounts grows into a big one, through persistent effort.

Never let the feeling that your account is too small keep you away from this bank.

No matter what its size, we'll welcome it and help you make it larger.

PEOPLES STATE BANK

You are welcome to use our Directors Room for your conferences and committee meetings.
