Valued Lumber Damaged by Fire At Baker Factory

Two Are Injured When Pinned by Falling Door In Dry Kiln Room

Fire, discovered at 11:45 a.m. Tuesday in the dry kiln on the east side of the Baker Furniture, Inc., factory, 573 Columbia Ave., endangered 100,000 feet of Cuban mahogany lumber, valued at about \$15,000, before being brought under control by Holland firemen and members of the company's auxiliary fire fighters.

Two company employees, John Koopman, 32, 37 East 17th St., and Clinton Nichols, 38, 208 Maple Ave., were injured when pinned under a large door of the dry kiln when it fell off its tracks. They were taken to Holland hospital in Dykstra's ambulance.

Koopman suffered an injury to his right leg, although it is not fractured.

Nichols suffered a fracture of a rib on his right side. He was released after treatment.

Cause of the fire was not immediately determined. John De Wilde, plant superintendent, said the dry kiln is heated by steam heat and that there are no electrical wires in the building. He thought the fire could have started from sparks of a passing train or from sparks from a nearby dump where rubbish is burned.

Mike Setter, machine room foreman, discovered the fire when he saw smoke coming from the dry kiln and entered to investigate. The fire broke out in the northwest corner of the building.

Mr. De Wilde thought the lumber had not been badly damaged, except that it had been water soaked. He said it can be dried out and used in making bedroom and dining room furniture.

He was uncertain if the temporary loss of the lumber would hamper production at the plant. He praised the work of the company's recently organized auxiliary firefighting force as part of the civilian defense program. The force includes 24 employees. Mr. De Wilde also complimented Holland firemen on the efficient manner in which they brought the fire under control.

The door of the dry kiln was damaged by the fire as was the roof which caved in onto the Cuban mahogany which was resting on trucks.

After bringing the fire under control in the dry kiln, firemen went to work in pulling out the lumber to determine if it was still on fire.

Firemen Egbert Beekman suffered minor burns to his face when he was hit by a burning piece of tar paper. Others who were aiding Koopman and Nichols in attempting to open the door were able to get out of the way when the door fell down.

The dry kiln is about 60 by 40 feet. The lumber was in the process of being seasoned which requires about four weeks to complete.

Boating Cards Are Available

Applications Are Now Being Taken at Local Coast Guard Station

Capt. Charles Bontekoe, officer in charge of the Holland Coast Guard station, received instructions Wednesday from the ninth district commander at Chicago that all owners, operators, masters and crew members, professional and Corinthian of all vessels and yachts are required to have personal identification cards, as issued by the coast guard, on or before the opening of the 1942 navigation season.

He said the application forms may be obtained at the local coast guard station. He is urging those persons who are required to have such identification cards to apply as soon as possible. Delay until spring will only hold up the operation of boats.

However, all others who customarily sail aboard one or several different yachts or vessels, power or sail, are required to have an identification card. Exemption is granted to all persons who are passengers on board passenger vessels, engaged in the business of carrying passengers for hire, provided the owner or operator of said vessel assumes full responsibility for such persons.

In his new position, Mr. Maentz will work for the army ordinance department under the civil service commission. The specific charge placed against the trio was that of entering the George Avink home in Hudsonville and taking a wrist watch. Van Dam was placed on probation Monday morning and Hoyt, as a second offender, was sentenced to serve from 74 to 223 years in Southern Michigan prison.

No Ration Worries in Electric Car

James A. Brouwer . . . Has Laugh on Modern Automobiles

Owner of the only electric car in Holland, James A. Brouwer, 54 East 12th St., is not worrying about tire rationing or the possibility of gasoline curtailment in America's efforts to defeat the Axis.

Mr. Brouwer, veteran businessman here, has driven an electric car since 1909. He prefers such a car "because it is much safer" than the gasoline-driven auto and of late has the advantage of exclusion from tire rationing because odd-sized tires have yet to come under the defense ruling.

Motorists requiring "obsolete" tires can get them, but they must obtain a permit from the tire rationing board.

"But they are only good for driving about the city and are not so good on long trips," he explained.

Mr. Brouwer will celebrate his 88th birthday anniversary Friday. His driver's license recently expired and he successfully passed a driver's examination at police headquarters and received a new driver's license to become one of Holland's oldest drivers.

In connection with his birthday anniversary, a family dinner will be served Friday at 6 p.m. at the home of his son-in-law and daughter, Dr. and Mrs. H. H. Meeter of Grand Rapids. A social evening at the Meeter home will follow.

Among those expected to be present are Mrs. William Stuart, Mr. and Mrs. J. C. Oom, Dr. and Mrs. Meeter, all of Grand Rapids; Mr. and Mrs. Herman Brouwer of Syracuse, N. Y., Mr. and Mrs. William J. Brouwer and Miss Ann Nordhouse, Mr. Brouwer's sister-in-law, and Mr. Brouwer, all of Holland.

She made her home with her sister for about 30 years since the death of her parents, Mr. and Mrs. Peter Cook.

She was well known as a dressmaker and designer. Since last April, she had been employed as bookkeeper at the Cook Hardware Co. She was a member of Second Christian Reformed church and various church societies.

Funeral services will be held Saturday at 2 p.m. from the Van Zantwick and Son funeral chapel with the Rev. R. J. Karsen officiating. Burial will be in Lake Forest cemetery.

Klomprens and Gebben Will Vie For Works Post

Van Hartesveldt and De Free Are Victors In Aldermanic Races

With none of the four candidates displaying sufficient strength to gain election in Monday's non-partisan primary election, Holland voters will return to the polls Monday, April 6, to choose as a member of the board of public works one of the two of the quartet who qualified to have their names placed on the April ballot.

The board of public works was the only city-wide contested office. The four were candidates to succeed Abel Smeege who was not a candidate for reelection.

The two qualifiers are James H. Klomprens, 114 West 20th St., and Bert A. Gebben, 608 Columbia Ave. Klomprens polled an unofficial vote of 578 while Gebben followed with 553 votes.

The other two candidates who failed to qualify by receiving more than 25 per cent of the votes cast for that office were William C. Vandenberg, 27 West 13th St., 344 votes; and Stuart E. Boyd, 130 East 25th St., 238 votes.

Results of the election for aldermen for the various wards assured common council of at least four new members for 1942-43. Voters of the second, fourth and sixth wards will choose their aldermen at the April election.

In the first ward, L. Philip Van Hartesveldt, 247 West 10th St., was elected alderman for the two-year term over Veteran Albert P. Kleis, 225 Lincoln Ave., by an unofficial majority of 31 votes. Van Hartesveldt had 179 votes to Kleis' 148.

Unopposed for reelection, Bernard J. Arendshorst, 103 East 10th St., gained 235 votes for the one-year term in the first ward.

Nick Brouwer, 153 West 16th St., and John D. Bontekoe, 283 West 12th St., qualified for the runoff for second ward alderman. Brouwer had 124 votes and Bontekoe 89 votes. Cornell (Bud) Baker, 254 West 13th St., the third candidate, polled 62 votes.

For third ward alderman, Bernard De Free, 24 East 13th St., defeated Albert V. Faasen, 376 College Ave., by 122 votes. De Free was given 230 votes to 108 for Faasen.

Gordon Streur, 231 West 18th St., lacked three votes of being elected fourth ward alderman over Incumbent Frank L. Smith, 206 West 17th St., so these two candidates qualified for the April election. Streur had 129 votes and Smith received 106 votes. Earl Vanden Bosch, 247 West 20th St., was the third candidate for this office and received 28 votes.

George Damson, 145 West 23rd St., was unopposed for reelection as fifth ward alderman and received 189 votes.

The sixth ward runoff for alderman will be between William J. Meengs, 148 East 24th St., and John R. Emmick, 111 East 19th St. Emmick had 137 votes to 121 for Meengs. Carl G. Zickler, 472 Columbia Ave., and Peter Brieve, 13 East 19th St., the other two candidates for this office failed to receive sufficient votes to qualify. Zickler's vote was 75 and Brieve received 22.

The new aldermen thus far assured are Van Hartesveldt, first ward; and De Free, third ward. A vacancy occurs in the second ward as Henry Ketel recently resigned when he moved from the ward. In the sixth ward, John Menken did not seek reelection which will bring up a new alderman in that ward.

Holdover aldermen are Ben Steffens, second ward; Bertal H. Slaght, third ward; Herman Mool, fourth ward; Elmer Schepers, fifth ward; and Dr. Bruce Raymond, sixth ward.

Election of two aldermen in the first ward, one for a two-year term and the other for a one-year term, was necessary this year to stagger their terms because of changes made last year in the ward boundaries. No election was held in 1941 for first ward alderman as Kleis and Arendshorst had another year to serve.

All other city offices were uncontested, thus assuring reelection of incumbents.

Mayor Henry Geerlings, 90 West 14th St., reelected for a fourth consecutive term, received 1,480 votes.

City Treasurer Henry J. Beckfort, 67 West 18th St., polled 1,547 votes.

Abel Postma, 47 West 17th St., was reelected city supervisor with 1,478 votes.

John Francis Donnelly, 59 West 18th St., was reappointed to the board of police and fire commissioners with 1,417 votes.

A total of 1,786 voters cast ballots in Monday's primary. City Clerk Oscar Peterson reported.

While this figure is somewhat below the pre-election estimate of the city clerk, it is an increase of 125 votes over the 1941 primary vote of 1,661. This year's total vote is 1,319 votes fewer than the primary of 1940 which had a total vote of 3,105.

Voting by wards follows: First, 332; second, 281; third, 339; fourth, 265; fifth, 203; sixth, 366.

Men's Federation Hears Dr. David Otis Fuller

About 175 men were out Monday night to listen to an address by the Rev. David Otis Fuller, D.D., pastor of the Wealthy Street Baptist Temple of Grand Rapids. The crowd gathered in the Central Park church was the largest that has attended the meeting of the Holland Federation of Men's Bible classes for more than five years. J. Vermeulen, vice president of the federation, presided in the absence of the president, Henry Etterbeek. C. J. De Koster led an inspiring song service with John Swierenga presiding at the organ console and Roland Van Dyck accompanying on his trumpet.

Responsive reading of the scripture and prayer were led by the Rev. F. J. Van Dyk, pastor of the entertaining church. "An evening Prayer" by Gabriel was effectively sung as a solo by C. J. De Koster.

At the business session, the secretary's report was given by Jacob Van Dyke and the Rev. T. Hibma reported on the state of the treasury. Dick Oosting made an announcement concerning the men's meetings which are held every Sunday afternoon at 4 o'clock in the Third Reformed church.

The speaker of the evening was introduced by the presiding officer and began his talk by questioning the members of the audience as to the reality of their Christian faith and their willingness to go to concentration camps and prison rather than deny their Lord. He predicted that the time was not far distant when this would take place. After enlarging upon the sufferings and Christian endurance of the apostle Paul, Dr. Fuller stressed the fact that the marks of the Savior which the Christian must bear today are first, utter devotion to the Lord. This he declared in no uncertain terms meant the giving up of whisky drinking and smoking cigars and cigarettes.

The second mark which characterizes the Christian according to the speaker is instant obedience and this was declared to include a sincere effort to win others to Christ. Calling for a showing of hands by those who in the past week had really tried to speak to someone about his soul's welfare, he characterized the rather feeble response as indicating that a good name for the group would be, "The Doing nothing Federation of Men's Bible classes." Dr. Fuller closed his address with an impassioned plea for fuller consecration of our lives to Christ.

Refreshments were served in the church parlors by the wives of the members of the Central Park church Men's Bible class. Mrs. John Ter Vree, Mrs. John Henry Teusink, Mrs. Louis L. Van Huis, Mrs. Harold Driscoll, Mrs. John C. Knoll, Mrs. Gerrit Van Lente and Mrs. Lester Knoll served the large crowd with coffee and cake in an unusually efficient manner. QUISLING FAME

Very probably for the next
hundred years, perhaps much
longer, the name of "Quisling"
will be known to fame—or at
least to notoriety. The man who
was recently made puppet prem-
ier of Norway is about as sure
of a place in history as any
minor figure now living, and
much surer even than some major
figures.

Not at all because he is a
dominating figure in the political
life of the times, for he is far
from being that; he appears to
be hardly even a political two-by-
four. He has had the good for-
tune (or bad, depending on the
point of view) of having had his
name identified with a symbol,
and the world has always insisted
on at least remembering, if not
honoring, the names of those
whose deeds have become sym-
bolic.

"Quisling" will forever from
now on be the trademark that
means boot-licking traitor. Centu-
ries from now, even after the
man himself has been so com-
pletely forgotten that people gen-
erally won't know where the
word came from, his name will
probably still stand for some such
concept, and battles may be
fought because someone insults
someone else by calling him a
"Quisling."

There are quite a few parallels
in history of turning a name in-
to a symbol and thus preserving
it at least as a word. One of the
most familiar is "Ananias," as a
synonym for "liar." There are
probably millions, not too familiar
with Bible lore, who gladly refer
to someone as being an "Ananias."
The obscure and painfully
minor character in the Bible has
been embalmed by fame as the
symbol of all the liars of all
time. All he did, so far as the
record goes, was to engage in a
bout of lying; yet his name is
preserved whereas the names of
millions of persons who spent
their lives doing good have been
forgotten as completely as if they
had never lived.

That is what is already hap-
pening to the Norwegian Quis-
ling while he is still alive, and
the chances are that the process
will continue after he is dead. It
seems certain that nothing can
stop his reputation for infamy,
no matter who wins or who
loses the war. The name is so
distinctive in itself that when
once lodged in the mind it clings
to the memory like a burr. If the
Norwegian puppet of Hitler had
been named "Jones" or "Smith"
or "Grey" or "Johnson" or any-
thing else of that sort, he might
have had a chance to escape the
infamy of becoming the symbol
of all boot-licking traitors. But
the name "Quisling" seems a
"natural" to describe the thing
it symbolizes. So Quisling is al-
most certainly doomed as a vic-
tim of universal infamy.

THE CHURCH INVITES YOU

The Church in the Soul
Stalin is realizing the influ-
ence of the church and the in-
effectiveness of trying to suppress
it by mere force. He says, "It is
easy to close churches in the
Soviet Union; you have only to
send to the OGPU and they are
shut. But then every peasant,
man or woman, will build a
church in the depths of his soul;
and this is a greater danger, be-
cause such churches withdraw
themselves from the control of
the political police."

Some oppose the church be-
cause they think it is formal. But
here is a man opposing Christ-
ianity because it is real! Why
not accept the invitation and go
to church next Sunday?

Jesus Appoints and Teaches the
Twelve—Luke 8:12-26

By Henry Geerlings

Jesus' selection of an inner
circle of His disciples to receive
special instruction and to assist
him in extending the gospel re-
veals the conflict of forces which
attended His ministry. As His
truth won a response from the
people, He became unpopular with
the synagogue leaders. Various
groups in Jewish society organ-
ized to oppose and destroy Him.
His kingdom could not be estab-
lished through the unrighteous
forms and leaders in the Jewish
world.

Forms and leaders had to be
found to fulfill the promised des-
tiny of the spiritual and historic
Israel. So he chose twelve men
from his band of followers to be
His staff of assistants. The num-
ber symbolized the tribes of the
Mosaic age. It was a number
widely accepted among local com-
munities in Palestine. Very often
a council of twelve elders gov-
erned a village or a town. But
the chief task of the apostles was
to persuade men that Jesus was
worthy of confidence. That He
was what His enemies said he
was not. They were to prove His
character, to share with Him
the hardships and the effort of
preparing an indifferent world to
live the perfect life.

The Greek word which the New
Testament writers use to describe
the twelve means messengers or
persons sent forth. It is appar-
ent that the term was coined by
Jesus and used by Him and the
early church to describe the
special duties of the dozen men
who became His closest associ-
ates. It obviously means that
these men were duly authorized
by specific call and words of in-
stallation to serve as missionar-
ies, organizers and directors.

While they served as a corps
of assistants to help Jesus intro-
duce the kingdom of God, they
had an important material re-
sponsibility. They secured food,
helped to provide the temple tax,
arranged for lodging, supervised
certain social engagements, and
shared the tasks of counseling
and personal service to the needy.

In the New Testament there
are four catalogs of the apostles—
Matthew, Mark Luke and the
Acts. The fourth gospel does not
give a list of the twelve.

Always the name of Simon Peter
stands at the head of the lists.
He had discouraging weaknesses.
But his qualities of leadership
and courage far exceeded his
thoughtless wavering and his sud-
den moral retreats.

Jesus appointed the twelve that
they might be with Him. There
is something pathetic in these
words. He wanted friends. He was
practically alone in a world of grow-
ing hostility.

In cannot be said that these
disciples perfectly fulfilled this
function. We know how weak
they often were. It would be easy
to exaggerate their failure in
this respect. Nor it is any com-
pliment to the insight of Jesus who
chose them to do so. In point of
fact, these men showed a noble
loyalty to their Master in follow-
ing Him at all, and in the way
they persevered in that following
afterwards. It was no empty
boast when Peter could say that
they left all and followed him.
Whatever they hoped to get
afterwards, there was little but
hostility at the first. The Pharisees
had already taken counsel to
destroy Him. There was no
worshipping of the rising sun,
when they dared to be known as
the friends of the Nazarene.

But the great reason which
moved our Lord in His choice of
the twelve was to carry on His
work when He was gone. He
would make them fishers of men.
Christ wrote no books to embalm
His thoughts, and yet they were
more worthy to live than thou-
sands of books. And they have
lived. He did not write on paper.
He wrote on the tablets of human
hearts. That parchment seems
fragile, and yet after all it is the
only durable substance in the
world. When one can write on the
human heart a monument has
been raised more lasting than
brass.

This was Christ's real reason in
His choice of the twelve. They
were to be His witnesses. They
would perish, but the word writ-
ten in their hearts would remain.
They were to be His torchbear-
ers to carry on the fire to others.
The number He appointed is
small, but it is significant. It was
twelve. It was meant to indicate
that Christ was instituting a new
kingdom to take the place of the
old that was about to pass away—
the kingdom of God. It was
part of Christ's Messianic claim,
an evidence of the remarkable
Messianic consciousness which in-
spired the carpenter of Nazareth
from the very outset of His mis-
sion.

These men were not rich. They
were fishermen. Most of them
were tax gatherers, the most despised
of all Jewish callings. Not one of them
belonged to the intellectual class,
the scribes and Pharisees. Why
did Jesus thus choose the poor
and despised to confound the
things that were mighty. No
doubt it was to teach men that
God can use the feeblest instru-
ments to effect His purpose, so
that no flesh should glory in His
presence.

telephone wire in the United
States would link the earth to the
moon about 330 times.

Four Townships May Be Added to Soil Aid Project

May Hold Referendum Next April to Decide Desires of Farmers

A hearing and referendum are in prospect to determine whether Holland, Allendale, Chester and Wright townships will be included in the west Ottawa soil conservation district, according to County Agriculture Agent L. R. Arnold.

Petitions are being circulated by farmers in the four townships. After the petitions have been filed, a public hearing before the soil conservation district committee will be scheduled. If the committee approves the petitions, a referendum will be conducted in the townships. The added territory will be included in the district if a majority vote favors the proposal.

The district now comprises seven townships and if the four townships are added more than one half of the county will come under the conservation program.

Hunter Hering, chairman of the board of directors of the district, hopes that the referendum will be held in April before farm work gets fully under way.

If the vote is favorable, a survey, farm mapping and soil tests will be arranged in the new territory. A definite program will be worked out after this preliminary investigation.

Robert Briola, conservationist, and Mr. Arnold have gone over the four townships. They declare that part of it has already been severely damaged by erosion, the correction of which likely would be one of the first control measures if the townships join the district.

TO PURCHASE LAND

Grand Haven, Feb. 19 (Special)—Purchase of land to facilitate the program of the west Ottawa soil conservation district is now under way in parts of the district's seven western townships. Approximately 6,000 acres are planned for purchase from funds which are now available.

The land to be purchased will be selected by the district board of directors, consisting of Hunter Hering, chairman, Clarence Reenders, Frank Hendrych, Frank Garbrecht and Albert Stengena. D. R. Martindill of the land acquisition division of the soil conservation service is working with the directors, and is now appraising the land selected for purchase prior to contacting the owners of the land for options.

The land acquisition division has opened an office in room 226, Federal building, Grand Haven. The directors feel that only those lands which are practically useless for agricultural purposes and which cannot be properly handled under the present ownership should be purchased. Much of this land consists of blow sand areas, devoid of vegetation, and in many cases constituting a menace to neighboring areas of good land capable of producing farm crops.

After the land is acquired the shifting sands will be stabilized and reforested. It is expected that it will be the responsibility of the district to develop and manage these lands for useful community purposes.

Permit Granted Holland Hitch Co.

Common council Wednesday night approved the issuance of a building permit to the Holland Hitch Co. for the construction of a temporary watchman's booth "for the duration of the war."

City Clerk Oscar Peterson advised council that the plans and specifications had been submitted to him by Wallace Vander Kolk, local contractor, for presentation to council. He said he had been advised that the building inspector and appeal board had felt it was not within their jurisdiction to approve the permit since construction of the booth would extend out two feet over the sidewalk.

Ald. Herman Mool, supported by Ald. Bernard Arendshorst, moved that the matter be referred to the committee on public buildings and property with power to act.

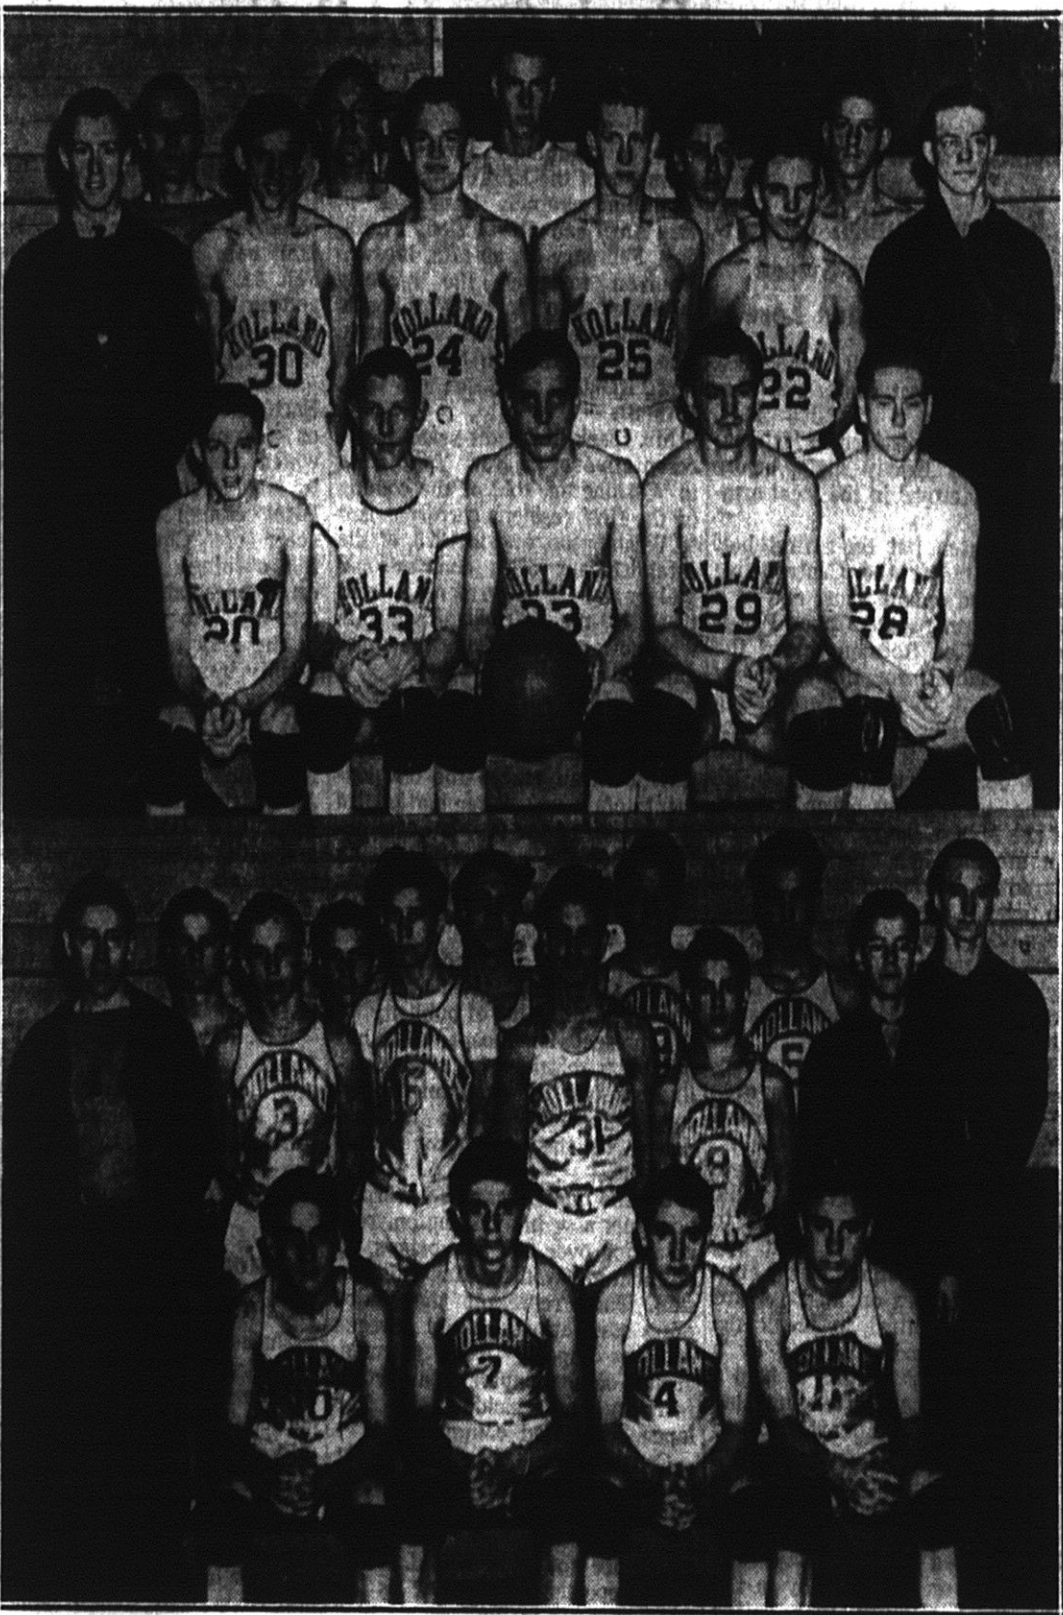

However, Ald. Bruce Raymond, contending that a legal question was involved, but feeling this firm is engaged in defense work and the factory must be guarded according to government regulations, submitted a substitute motion to grant the permit and to allow the booth to be maintained only for the duration of the war.

Ald. Berta H. Slag supported it. The substitute motion prevailed by a vote of 7 to 4, then on motion of Ald. Albert V. Faasen, supported by Arendshorst, the vote was made unanimous. Those voting for the substitute motion were Ald. Albert P. Kleis, Ben Steffens, Slag, George Damsen, Elmer J. Schepers, John Menken and Raymond. Dissenting votes were cast by Arendshorst, Faasen, Frank Smith and Mool.

Mayor Henry Geerlings, president of the firm, told aldermen the firm realized the booth entailed a violation of the ordinance but that the company would abide by council's decision, thus he would not speak for or against the issue.

A French weaver, Joseph Jacquard of Lyons, improved the loom so that an arrangement of hooks made possible the lifting of threads into designs.

Hunters of Holland Area Will Form 'Minute Men' as Defense Measure

Local deer hunters as well as other hunters and owners of rifles will soon have a chance to join "The Minute Men of 1942" which will be held in readiness to repel possible invasion by parachute troops and to combat sabotage.

Presented to the local civilian defense council Tuesday afternoon, the plan of forming such an organization in Holland received approval from the council members. Its organization is to be carried out under direction of the Holland Rifle club and Herman Prins.

Mr. Prins reported today that such organizations are being formed throughout the country by the National Rifle association. He has written to national headquarters for information in order that the local unit may be patterned after the national setup.

In submitting the plan to civilian defense council members, it was brought out that guerrilla warfare has been one of the most successful types of warfare, not only in the past but in present day modern warfare. The report pointed out this guerrilla warfare might easily be the means of winning the present war.

"In this country, we have many hunters. In Michigan alone, approximately 200,000 licenses have been issued for deer hunters, most of whom own their own rifles. They as a rule are very

good marksmen.

"In addition to these deer hunters there are many small game hunters who own their own firearms and also many who are not hunters but know how to handle rifles. It is estimated that at least 2,000,000 men could be obtained throughout the country who could handle rifles and shot guns and use them very effectively in guerrilla warfare and as a secondary line of defense.

"Naturally, there will be many problems to be solved and one of the most important would be organization. This proposed civilian army would necessarily have to be trained fundamentally in military tactics, discipline, etc., the report to the defense council said.

It proposed the use of American Legion members and ex-service men to help train these "Minute Men of 1942" whose slogan would be "Remember Pearl Harbor."

As an auxiliary to this proposed civilian army, women and children also could be enlisted as ambulance drivers, etc., the report recommended.

"Michigan is very important industrially and industrial establishments furnish war material. The locks at Sault Ste. Marie should be protected to the fullest extent not only from the enemy without but also, and most important, the enemy within. This proposed army would be extremely valuable in cases of sabotage."

Vows Spoken in Ganges Church

Ganges, Feb. 19 (Special)—A wedding was solemnized in Ganges Baptist church Saturday, Feb. 14, at 4 p.m. when Miss Rhoda May Green, daughter of Mr. and Mrs. Charles Green of Ganges, became the bride of Orville J. Compton, son of Mr. and Mrs. J. O. Compton of South Haven.

The double ring ceremony was read by the Rev. B. E. Robinson, church pastor, in the presence of 125 guests. Pots of yellow daffodils, and smilax and candelabra formed the setting.

The bride was lovely in white silk taffeta, floor length, with fingertip veil held with beaded tiara and carried a shower bouquet of sweet peas in pastel colors. Her three attendants, Patty De Geus as maid of honor, Louise Shafer and Ruth Compton as bridesmaids, were gowned in pastel floor-length gowns, and each carried colonial bouquets of sweet peas.

The bridegroom was attended by his brother, Henry Compton. The ring bearers were Joyce Carver and Richard Bale. The bride was given in marriage by her father.

Preceding the ceremony, Miss Katherine Fisher sang "I Love You Truly" and "O Promise Me" with Jacqueline Collins at the piano. Miss Hazel Schilke played

Hamilton Bureau Informs Solons of War Time Protest

Also Resents Stand of State Board on Army Status of Farm Boys

Hamilton, Feb. 19 (Special)—A more-detailed protest against "war time," along with one against army ratings for farm youths, was sent Wednesday by the Hamilton Farm bureau to several state senators and representatives.

A request that the state legislature override Governor Van Wageningen's veto of the bill which sought to place Michigan on central rather than eastern "war time" was approved at the bureau's annual meeting Tuesday.

The letter sent to the senators and representatives was signed by Manager A. G. Lohman and said in part:

"We have 800 members and I am sure that there is not a single one that feels that there is any advantage in advancing the clock one hour. They all feel that it will hinder their operations, and it will be adverse to the defense program.

"Our community is mostly Dutch and, I think, as progressive as you will find in any part of the state. This community is noted for the quality of many of its products and is doing an excellent job in production. I am sure that I am speaking the opinion of everyone of our members when I say that they resent having these so-called social reformers interfering with their operations.

"Our members also resent the attitude taken by the state selective service headquarters on the deferment of farm boys. They are also wondering as to when the national administration is going to do a little sacrificing for winning this war and when they are going to control the labor racketeers for interfering with the marketing of agricultural products. Many of our farmers are becoming disappointed. At Tuesday's meeting, however, I informed our membership that, regardless of the obstacles and the disappointments, they should continue every effort to increase production to help win this war and to save our democracy and that I never hoped to see the day when a finger could be pointed at agriculture saying that it had not done its part.

"Our membership thanks you for your efforts in passing the time bill and will appreciate every effort made in overriding the veto."

Christian Builds Up First Half Lead, Coasts to 25-19 Win Over Parkers

Holland Christian continued its sway over Wyoming Park Friday night by defeating the Parkers, 25-19. In a tilt that was virtually sewed up in the first half. By the intermission, Christian built up a 16-6 lead and then coasted in to victory in the second half. Dell Boersma found his eye again and dropped in 9 points to lead his team, while Bazuin tallied 5 for runner-up honors. For the visitors, the two Formas brothers, Jim and Don, tallied 17 points between them to pace Wyoming.

Boersma started the game with a dog shot, followed by a tip-in by Hietbrink to swish Christian into a lead they never lost. A hook by Hietbrink and a Long Tom by Bazuin increased the lead to 8-1 at the quarter. In the second stanza, the assault continued. Jim Formas tallied the first field goal for the Parkers on a Long Tom. Boersma swished a side court shot, followed by successive dogs by Bazuin and Vryhof to sweep Christian into a commanding 16-6 margin at halftime.

Holding Christian to a mere 4 points, Wyoming made its best bid of the evening to overtake the flying Dutch. Two buckets by Jim Formas and a 15-footer by his brother, Don, closed the gap to 20-14 at the quarter. Playing a defensive game during the final stanza, Christian clung to its lead

and rolled into victory, 25-19. The scoring for Christian in the last quarter was done on a side court by Boersma and a dog by Vryhof, while Bazuin sandwiched in a charity toss. The ball game was cleanly played with both teams playing a hard brand of ball and giving the spectators something to cheer about.

Scoring Record Is Set as Hope Wins Over Olivet, 94-41

Dutch Snag 55 Points in 20 Minutes; Reserves Play Half of Contest

The Hope college basketball team broke the school scoring record in its 94-41 trouncing of Olivet Saturday night in the local armory. The former record of 93 points was established two years ago in a game against Adrian.

The Dutch were definitely "hot" Saturday, as the regulars played about half of the game and the reserves continued to pour in the buckets to make the rout complete. The Dutch ran up a 39-15 halftime margin, then really exploded to produce 55 points in 20 minutes. Olivet never had a chance, going behind 12-0 and the short end of a 34-6 score. For the Dutch, five men tallied more than 10 points. Gil Van Wieren dropped in 16 points in the second half and amassed 20 points for the evening. He as closely pressed by Co-Captain Kenny VandenBerg with 18. Els Kleinjans tallied 13, while Reserves Gabby Van Die and Jackie Baas each garnered 11.

VandenBerg started the massacre by dropping in a short shot, followed by VanWieren's tip-in. Relentlessly, the attack continued with the Hope men alternating in the scoring. Dalman, dropped in two short shots, VandenBerg added two more. Van Wieren sank two from five feet, and Kleinjans added three long shots to build up a commanding 28-6 lead with seven minutes remaining. The reserves were sent in, but the onslaught continued. Van Die dropped in four shots and Baas added a dog. The Comets were paced by Dave Barnes, one of the state's best centers, who used a beautiful hook shot to score four buckets in the first half. Hope held a 39-15 intermission lead.

Immediately after the tip-off, John Visser sank a push shot and the score continued to mount as Van Wieren went on an individual rampage to amass seven field goals, that varied from dog shots to set shots from the corners. VandenBerg and Kleinjans aided the cause by scoring three times apiece and with 10 minutes of play remaining, Hope held a 66-31 lead. Barnes again paced the Comets, scoring six times with his famed hook shots. The Dutch reserves were sent in and the score mounted faster. The attack was led by Newendorp and Baas, who tallied three buckets apiece. VandenBerg, reserve center, tossed in two and the Orange and Blue came coasting in on the wings of a 94-41 margin.

The game was fast and many fouls were called. The Dutch hit 12 out of a possible 18, while Olivet connected for only five out of 19. George Dalman left the game via the foul route early in the second half, while Robert Carson of Olivet left in the final few minutes. Roland Caugherty, aggressive forward for the Comets, suffered a bruised knee and shoulder in the final few minutes when he crashed into the wall. Dave Barnes paced the Comets with 21 points and definitely stamped himself as a brilliant center.

Eliminate Tulip Tales, Parade of School Children

Cycling Through Tulips To Be Theme for This Year's Festival Here

Holland next May will be: "Bicycling Through the Tulips." In adopting a modified program for the 1942 Tulip Time festival to be held May 16-23, the Tulip Time bureau Thursday afternoon decided to incorporate this new theme in the program to relieve traffic congestion and the tire shortage.

Bicycle renting stands are to be placed at the Georgian Bay docks in Montello park and in downtown locations.

Along the tulip lanes, several garden spots are to be designated by signs to indicate special floral displays of interest to garden lovers.

The bureau voted to eliminate the Wednesday afternoon school children's parade this year.

It also was agreed that the Northwestern University band, previously scheduled to headline the Friday night band review, would become the stellar attraction for a new program to be held on the opening Saturday night. Thus, the Friday night music festival also will be discontinued.

The pageant, "Tulip Tales," which has been given the past three years, also was ruled out for the coming fete.

The bureau further decided that the five-year drama of the Dutch series which opened in 1941 with a Clare Tree Major production of "Silver Skates," would be discontinued "for the duration" of the war.

The customary street scrubbing, wooden shoe dancing and folks parade will be included in the opening day's program Saturday afternoon, May 16, and the popular band review and band parade for the following Saturday, May 23, will be retained.

Printing of the program leaflets was awarded to the Steketee-Van Huis Printing Co. which submitted the lowest bid.

The completed program, after a four-way fold, will be three and three-fourths inches by five inches. The face will carry a four-color reproduction of costumed children in the tulip fields. The first run will be for 67,000 copies.

SUNDAY DINNER Suggestions

THE old saying about "good things in small packages" is true of the month of February. Although it is of shorter duration than any other month, it ranks first in important holidays—a situation which the ingenious housewife is quick to note when planning her Sunday meals.

This week, we pay tribute to St. Valentine's Day. Whether it's in a flash of the bright red associated with that day, or in a heart-shaped dish, your family will appreciate that extra touch.

Market news this week is as bright as a Valentine heart. Meat prices in many instances are lower than last week.

Even the egg situation is better this week. Prices are lower and quality remains excellent.

The fruit counters have new editions of "special buys" this week including apples, avocados and lemons. Strawberry quality is improving. News in the vegetable field is that spinach and iceberg lettuce have reached the bottom in price—and the quality is excellent. Other starred items are beets, broccoli, cauliflower, cabbage, kale, peas, squash and rutabagas.

Based on the best buys of the current week, Marion Rouse Budd, of the Kitchen, has planned three Valentine's Day menus at different price levels for your next Sunday dinner:

- Low Cost Dinner**
- Baked Spaghetti with Rice
 - Brown Gravy
 - Creamed Spinach

Assessed Fine After Accident

Jowan Gerald Slagh, 18, route 2, Holland, pleaded guilty to a charge of failing to have his car under control and paid a fine and costs of \$5 to Municipal Judge Raymond L. Smith Friday.

The charge resulted from an accident in which his car was involved Wednesday on the S-curve of US-31, one mile north of Holland. According to a deputy sheriff who made the arrest, Slagh was driving south on the highway when his car struck some ice, throwing it out of control.

The officer said the car skidded 125 feet, then began going backward for a distance of 50 feet on the bare pavement and then 49 feet through the snow before it crashed into a tree.

The force of the impact wrapped the bumper around the tree, cracked the gasoline tank, broke the steering post, tore the seat loose and knocked the wind out of Lloyd Roberts who was riding in the car. Slagh contended he was driving only 40 miles per hour but the officer said the speedometer cable was broken.

WCTU Hears Address by Major Hubble of G. R.

The February meeting of the Holland union of the WCTU Friday afternoon in the home of Mrs. Thomas E. Welmers with Mrs. Carl Dressel as presiding officer was largely attended.

The devotional leader, Mrs. John Van Oss, read the open letter sent out by the Historical Pioneers in commemoration of the founding of the city of Holland. In connection with this fact, Mrs. Van Oss read an excerpt of an article published in "Living the American Day" by the Rev. Ralph Sockman.

Taking for her topic, "Our Great Inheritance," Mrs. Van Oss spoke briefly about the two great leaders whose birthdays are celebrated this month, Washington and Lincoln, and read parts of Proverbs and Deut. 9:26, "O Lord God do not destroy thy people and thine inheritance which thou hast redeemed through thy greatness."

A short season of prayer closed the devotional session after which the group stood for the singing of "America" with Mrs. D. Van Der Meer at the piano.

Mrs. Albertus Pieters, program chairman, introduced Major Belle Hubble of the Volunteers of America as speaker. She has worked among the young people of Grand Rapids for 28 years and is an ardent WCTU worker.

Major Hubble presented her friend, Mrs. Willie Mae Ford Smith, colored soloist of St. Louis, Mo., and her accompanist and daughter, Miss Bertha Smith. Mrs. Ford Smith sang two numbers, "Use My Heart, My Mind, My Hands" and "I'm Waiting for Jesus, He's Waiting for Me," both by Thomas A. Dorsey.

Major Hubble started her discourse with the questions, "What is Living the American Way? Is it protecting the youth of this land of the horrors of evil? Is it to live to honor and glorify Christ no matter what denomination we belong to?"

Taking Pearl harbor as an example and warning against the danger there is in complacency, the speaker appealed to the members of the WCTU to be on the alert to the dangers of the modern tavern and drinking places which are jeopardizing the heritage of the youth of America.

She pointed to the duty of all Christian citizens to watch and know about the enforcement of the liquor laws in the local community, to use the polls to write letters to legislators and congressmen whenever those laws are not enforced. Major Hubble gave many illustrations of her work in the juvenile court of Grand Rapids and told of the efforts put forth to bring about early closing hours for all places where liquor is sold by the glass.

The speaker often paused to ask questions of the group about the work done in this community and pointed out a line of duty for the temperance workers of this city.

Major Hubble closed her address quoting this promise, "I will open the gates of heaven and rain blessings upon you," and added "With the God of the Universe and the Christ of our salvation we'll know no defeat."

The meeting closed with the WCTU benediction.

Reserves Finish Game After Regulars Sweep Ahead; Seconds Lose

Holland high is still in the thick of the Southwest conference race by virtue of a decisive 43-30 trimming administered to Kalamazoo Central Friday night before a capacity crowd in the local armory.

The Dutch put on a first half drive that left the Central five groggy and on the short end of a 26-16 halftime score. Chuck Ploegsma and Ken Rotman shared the scoring laurels for the Dutch by tallying 10 points apiece. Don Boven, speedy forward for Kalamazoo, led his team with 9 points, while John Rapacz had 6.

The outcome was never in doubt as the Maroon and Orange put on the steam when necessary and played a good brand of basketball. At present, the Dutch are hoping for a defeat of Benton Harbor, the topnotchers, by either Muskegon Heights or Kalamazoo Central. This would give Holland a chance to tie for the title.

Benton Harbor held the conference led with a 34-23 win over Grand Haven. Muskegon defeated Muskegon Heights, 28-21.

The fireworks started as Pete Groeters tallied on a dog, while Ken Rotman sank a set shot to give the Dutch a 4-0 lead and they were in command of the situation from there on in. Ed Ward tallied for Central to break the ice, but Holland retaliated by a barrage of four buckets to hold a 12-6 lead at the quarter. Just before the end of the quarter, Boven dropped in three points to bring his team within striking distance of the basket-minded Dutch. Early in the second stanza, the Holland five received its biggest score. Kazoo put on a brief rally in the first three minutes that netted three quick field goals and knotted the score at 12 all. John Rapacz started the rally with a tip-in, followed by a dog by Boven and a set shot by Ward. After a time-out, the Dutch really went to work. Three rapid-fire shots by Ploegsma, Zuerink and Rotman swept the Hollanders into a 18-12 lead, which they built upon to leave the floor at half on top, 26-16.

Early in the third stanza, led by Rotman and Ploegsma, Holland smashed into a commanding 34-20 lead and the remainder of the ball game was played by the reserves. In the final stanza, Kazoo garnered 8 points to the Dutch 7, but failed to make a flurry of buckets and Holland maintained its lead and won handily.

Reserves Finish Game After Regulars Sweep Ahead; Seconds Lose

Holland high is still in the thick of the Southwest conference race by virtue of a decisive 43-30 trimming administered to Kalamazoo Central Friday night before a capacity crowd in the local armory.

The Dutch put on a first half drive that left the Central five groggy and on the short end of a 26-16 halftime score. Chuck Ploegsma and Ken Rotman shared the scoring laurels for the Dutch by tallying 10 points apiece. Don Boven, speedy forward for Kalamazoo, led his team with 9 points, while John Rapacz had 6.

The outcome was never in doubt as the Maroon and Orange put on the steam when necessary and played a good brand of basketball. At present, the Dutch are hoping for a defeat of Benton Harbor, the topnotchers, by either Muskegon Heights or Kalamazoo Central. This would give Holland a chance to tie for the title.

Benton Harbor held the conference led with a 34-23 win over Grand Haven. Muskegon defeated Muskegon Heights, 28-21.

The fireworks started as Pete Groeters tallied on a dog, while Ken Rotman sank a set shot to give the Dutch a 4-0 lead and they were in command of the situation from there on in. Ed Ward tallied for Central to break the ice, but Holland retaliated by a barrage of four buckets to hold a 12-6 lead at the quarter. Just before the end of the quarter, Boven dropped in three points to bring his team within striking distance of the basket-minded Dutch. Early in the second stanza, the Holland five received its biggest score. Kazoo put on a brief rally in the first three minutes that netted three quick field goals and knotted the score at 12 all. John Rapacz started the rally with a tip-in, followed by a dog by Boven and a set shot by Ward. After a time-out, the Dutch really went to work. Three rapid-fire shots by Ploegsma, Zuerink and Rotman swept the Hollanders into a 18-12 lead, which they built upon to leave the floor at half on top, 26-16.

Early in the third stanza, led by Rotman and Ploegsma, Holland smashed into a commanding 34-20 lead and the remainder of the ball game was played by the reserves. In the final stanza, Kazoo garnered 8 points to the Dutch 7, but failed to make a flurry of buckets and Holland maintained its lead and won handily.

Dutch Remain as MIAA Threat by Win Over Albion

Spurt Near Close of Hard Game to Defeat Briton Five, 47 to 36

In one of the toughest games of the current season, Hope college defeated a determined Albion five, 47-36, Monday night. The game was played on the Briton court and was close throughout until the final ten minutes when the Dutch really played ball to pull ahead. This marked the sixth MIAA triumph for the Dutch and paved the way for the battle royal Friday on the local court against the undefeated Alma Scots.

George Dalman and Kenny Vanden Berg led the Hope team with 15 and 14 points, respectively, while Big John Visser played an outstanding game on digging the ball off both backboards and dropping in 8 points. The Britons were paced by Vorce with 10 points.

The Dutch started fast in the first few minutes as Dalman paced the attack with four field goals on follow up shots and push shots. Visser tallied two and Van Wieren one to give Hope and early 15-7 lead. Albion kept in the ball game on the shooting of Vorce who sank four field goals in the first half. With five minutes of play remaining, the Dutch held a 20-14 lead. A field goal by Moon and two charity tosses by Lynn narrowed the gap to 20-18. As the horn blew for the intermission, Meli, substitute forward, swished a push shot from the corner to knot the count at 20-18.

Knowing that it had a ball game on its hands, Hope came out in the second stanza with a vengeance. Visser, Dalman and Vanden Berg countered in rapid succession to give the Dutch a 6-point lead. This was built up to 32-24, when the Britons again began to move. Isaac tallied twice and Lynn scored a dog to bring Albion to 32-30.

At this point, the Orange and Blue put on a drive that was not to be denied and proved to be the clincher. Dalman and Van Wieren tallied three goals, Vanden Berg swished in two and Kleinjans sandwiched in a Long Tom to give Hope a convincing 44-32 lead with three minutes of play remaining.

Club Hears Lecture on Situation in Far East

In a clear cut and dramatic lecture on "Our Stake in the Far East," Dr. Emory Wylie Luccock, pastor of the First Presbyterian church of Evanston, Ill., and for ten years pastor of the American Community church in Shanghai, China, gave members of the Woman's Literary club and their guests in the club house Tuesday night a better understanding of the situation and its ramifications.

Dr. Luccock spoke with authority from his experience of 17 years in China and his wide acquaintance with prominent Oriental personalities. Stating that contrary to popular belief, the aggression in China had nothing to do with Japan's over population or her need of raw materials, the speaker explained that the Japanese "military" had to "sell" the aggressive spirit to the Japanese people and were forced into the conflict with China and later the Allied Nations by two factors.

Japan's position of dominance in the Far East was not a natural one, but an accident of history, he explained. Her modernization came before that of China, who did not begin to "wake up" until the 20th century. Realizing China's growing strength, her new spirit and organization which might threaten Japan's dominance, and with an incipient liberalism growing in Japan itself, the aggression was precipitated "before she was quite ready," Dr. Luccock declared.

In three major ways Japan has succeeded in her aggression far beyond her wildest dreams, the speaker said. The aggression has succeeded well in China in regard to debunking the "American myth," undermining the idealism and friendly regard in which the Chinese have held the United States; the Japanese have discredited to some extent the Confucian ideal that it is possible to get along without violence; and, not so tragic as the other two, the success of the Japanese aggression in the South Pacific will be the means of ending an unfortunate era in United States history, the so-called "but, if, and, and," period when this country has failed to meet the problems of the world community squarely.

However, declared Dr. Luccock, Japan has failed to break the Chinese morale, which has never been so high as under Gen. Chiang Kai Shek, with reconstruction surpassing destruction. It has failed also to alienate the Chinese from their democratic allies, although according to recent reports from the interior of China, there is a growing fascist group spreading the gospel that the democracies are failures, and there is a desperate need for the allies to begin "to do something." In the third place, the Japanese have failed to "dig in" anywhere they have conquered or to make themselves popular in the districts they have occupied.

Raymond Aids Constitution Revision

Dr. Bruce M. Raymond

State Sen. Ernest C. Brooks

Dr. Bruce M. Raymond, 58 East 22nd St., said Saturday he would accept appointment to the constitutional revision study commission made by Governor Van Wagoner, succeeding State Sen. Ernest C. Brooks of Holland.

Dr. Raymond, professor of history at Hope college for the past 17 years, is a specialist in the field of state government. He wrote his doctor's dissertation on the history of the Nebraska constitution while doing graduate work at the University of Nebraska.

Sen. Brooks advised Governor Van Wagoner that he desired to resign from the commission to be able to devote more time to work of the unemployment compensation study commission of which he is a member. On the constitu-

tional revision study commission, the local senator was chairman of the local government section.

Under provisions of the Michigan constitution, a convention is called every 25 or 30 years to bring the constitution up to date. Dr. Raymond explained that this time has passed and the governor sometime ago appointed a large commission of approximately 32 members to study the constitution and bring in recommendations as to various changes which should be made by the state legislature. This commission is divided into sections and each has been assigned to a different part of the constitution for study.

Mr. Raymond is sixth ward alderman, having been elected to council in 1939 and reelected for another two-year term in 1941.

Bosma Is Still Serving As Chief

Zeeland, Feb. 19.—Pending final action by Zeeland common council, Fred Bosma, whose resignation was accepted Feb. 9, is continuing as chief of police. Mayor Nicholas Frankena said today.

When council previously accepted Bosma's resignation, it was to have become effective Feb. 14. However, when council met in adjourned session Monday night, Bosma presented a verbal request that his resignation be reconsidered.

On motion of Ald. Ozinga, supported by Ald. Holleman, council voted that consideration of this request be tabled until council's regular session March 2. Mayor Frankena said today it will be up to council to decide if Bosma will be reinstated permanently.

Woman's Group Urges Adoption Of Bicycle Law

Trio Presents Request To Police, Fire Board At Regular Meeting

Three women, representing the public affairs division of the Woman's Literary club, appeared before the board of police and fire commissioners Monday afternoon to urge adoption of an ordinance which would control bicycle traffic in Holland.

They were Miss Nellie LaDick, Mrs. M. Everett Dick and Mrs. Nelson A. Miles.

Miss LaDick, chairman of the group, said they are interested in some form of bicycle legislation and are in favor of licensing bicycles at a fee not to exceed 25 cents. She contended that licensing of bicycles would aid police in identifying those guilty of misconduct and also would aid police in recovering stolen bicycles.

She said there was a question as

to whether cyclists should be allowed to ride on sidewalks. Miss LaDick stated that the group favored an ordinance "with teeth in the law" in which violators could be punished, with more severe penalties for adults.

Mayor Henry Geerlings pointed out he had recommended bicycle legislation in his annual message two years ago and that it is still under consideration. He felt that the woman's group and common council's ordinance committee could get together and work out some form of legislation.

Mrs. Miles advised the board that the group had obtained copies of ordinances in effect at Milwaukee, Benton Harbor, Kalamazoo and South Bend.

Contending the police department already is "overworked," Chairman John Donnelly asked Miss LaDick if school teachers would be willing to aid in registration of the cyclists. Police Chief Jacob Van Hoff said the department could take care of this work.

"Who will enforce the law?" Commissioner James Borr asked, claiming the police force was not large enough. Miss LaDick suggested more police should be added and when informed this would involve more taxes, she said no one should object to more taxes to provide adequate police protection.

Mrs. Tony Bruinsma, 18 East Sixth St., also appeared before the board to urge the placing of a traffic light at Seventh St. and Central Ave. She reminded board members that a petition, signed by 40 residents of the vicinity, had been submitted previously to the board.

She said she had learned that the board has a light which is not in use at the present time. Mayor Geerlings claimed the state highway department would not permit installation of a light there but Mrs. Bruinsma said the intersection was not on a state highway.

Commissioner Borr felt it unwise for a light to be placed there, "since we have trained truck drivers to use Seventh St. in preference to Eighth St."

"That's what makes it more dangerous," Mrs. Bruinsma replied. "It was a blind corner before the buses began parking there."

She contended there was no need for the light at Ninth St. and Central Ave. Mrs. Bruinsma questioned Chief Van Hoff's contention it would cost \$700 to install a light at this corner.

The board promised its committee on traffic would look into the matter and ordered Chief Van Hoff to place an officer there temporarily. The chief said a survey will be made to determine when the traffic is heaviest before placing an officer on duty there.

The board voted an extra week's pay to three fire truck drivers at the No. 2 engine house for overtime they put in during the three weeks absence of Teno Vande Water who recently was burned while fighting a fire. The drivers and the amounts they will receive are Al Barveld, \$33.50; Fred Zigterman, \$37.50; and Sam Plagenhoef, \$37.50.

The board ruled that Vande Water must come under the state compensation law and his pay for the three weeks he was absent was not allowed. Fire Chief Cornelius Blom, Jr., recommended that Vande Water's salary be paid during his absence, plus expenses incurred for treatment of his burns and that the three drivers be given \$34.50 each for their overtime.

City Clerk Oscar Peterson advised the board that no report of the accident to Vande Water had been received by his office but that Vande Water was entitled

to \$18 per week after the eighth day as compensation which would not entitle him to salary from the city.

Chairman Donnelly was advised there are no extra drivers at the No. 2 station who know how to operate the aerial ladder truck, thus making it necessary for the others to fill in when one is absent.

He wanted the board to take some kind of action towards a two-way radio for the police department but Mayor Geerlings asked the board to delay action until the state has made its promised survey. Chief Van Hoff was asked to write state police to learn when their man will be here for the survey.

Oaths of office of Earl F. Lehman, Peter J. Bontekoe and Ed Boeve as special police at the Holland Hitch Co. were accepted and filed. The board approved the deputizing of Don Topp, Harley Holman, John Esenbun, Charles Brouwer, and Larry Geurles as special officers for guard duty at the Holland-Racine Shoes, Inc., their names being submitted by Chief Van Hoff.

Police Chief Van Hoff submitted his monthly report, covering police activities for January, as follows: Cases disposed of, 39; illegal parking violators ordered to Municipal Judge Smith, 37; warnings for defective equipment, 28; warnings for illegal parking, nine; miscellaneous calls, 50; accident calls made, 32; doors found unlocked, 21; stolen cars, three; stolen cars recovered, two; juveniles warned, 13; picked up for other cities, one; fire calls made, three; solicitors and transients ordered out of the city, four; bicycles picked up, five.

Wolbrink Agency Is In 25th Year

The O. A. Wolbrink & Son Insurance agency, 68 West Eighth St., representing the Citizens' Mutual Auto Insurance Co. of Howell is now in its 25th year. O. A. Wolbrink started as representative of the Citizens' Mutual in 1916. The business has grown steadily

O. A. Wolbrink

through the years. In 1933, I. L. Wolbrink, the son, became connected with the agency, and now handles all the claims in this vicinity.

Within the last five years, approximately 2,500 automobile claims have been settled for policy holders of this locality, returning about \$100,000 in payments to claimants and assureds. Of this large number of claims over a period of five years, there has been only three circuit court cases. In these three cases verdicts of no cause for action, were granted the company. Mr. Wolbrink states that this small number of court cases shows the fairness of the Citizens' Mutual in settling claims.

The agency also handles a full line of other insurance, representing various companies. Mrs. P. S. Allen, daughter of O. A. Wolbrink, has had charge of the office books since the office was organized in Holland. Ben Wierda has been employed by the agency for the past five years, as a solicitor and in the handling of claims.

Mr. and Mrs. O. A. Wolbrink are spending the winter in Florida. The agency is also equipped to furnish maps and tourist guides for any of its policy holders on extended trips and vacations. Due to their own handling of claims, they can give their assureds and claimants prompt service.

In the United States, Great Britain and Canada, the per capita consumption of meat averages 140 pounds a year.

Third Young People Have Annual Banquet

Dr. Raymond Drukker of New York city, secretary of Young people's work of the Reformed Church in America who will soon direct mission work in Kentucky, told young people of Third Reformed church at a banquet in the church parlors Monday night to face the world as it is today and to be prepared to face the world of the future.

The occasion was the annual banquet for young people sponsored by the social committee of the consistory. Paul Brouwer, representing the committee, served as toastmaster and Edwin Aalberts led group singing, accompanied by Frieda Grote. The invocation was given by the Rev. William Van't Hof.

Decorations for the event followed the patriotic motif with red, white and blue streamers, corresponding candles on the tables, flags and appropriate menus and programs.

Music was furnished by the girls' trio of the church consisting of Misses Gertrude Young, Mary Jane Vaupell and Thelma Kooiker, accompanied by Miss Dorothy Wichers. They sang three selections. The benediction was given by Prof. Garrett Vander Borgh, superintendent of the Sunday school.

In arranging the banquet, the consistory committee was assisted

ed by Miss Wichers, president of the young people's class; Dan Fylstra, president of the students' class, and Howard Van Egmond, president of the Christian Endeavor society. Mrs. A. Van Dyke and Mrs. W. Allen took charge of the dining room and Mrs. A. Kronmeyer and Mrs. George Huntley took charge of the kitchen. Dinner was served by the first division of the Ladies Aid society.
