## Council Invites Queen Juliana To Visit Holland

### Formal Resolution Calls Attention to Dutch-American Ties

Her Majesty Queen Juliana and Prince Bernhard of the Netherlands will receive an official invitation to visit Holland city when they come to Western Michigan in April, according to action taken by Common Council Wednesday night.

Action was taken on suggestion of Mayor Harry Harrington who said the city certainly would welcome a visit from the Royal family.

The resolution adopted by council which will be forwarded to Her Majesty pointed out that Holland, Mich., was the first of the Dutch-American communities in Western Michigan and still is the acknowledged center of such communities, and that the vast majority of local citizens are of Dutch descent with close ties of blood and friendship between the Netherlands and this city.

It also pointed out that Holland through its internationally known annual Tulip Time festival and through the Netherlands Museum does a great deal to promote good will and interest in the Netherlands.

In other business, Council certified to the election commission the names of candidates to appear on the ballot in the city election in April. Candidates, none of whom are opposed, are Harry Harrington, mayor; Jay H. Den Herder, associate municipal judge; LaVern Rudolph, alderman second ward; John Belman, fourth ward; Robert Visscher, sixth ward.

With no objections voiced or recorded at the public hearing for the 1952 paving program involving some 3 1/2 miles of pavement in 11 projects totaling almost a quarter of a million dollars, Council approved the program, and instructed the city assessor to prepare special assessment rolls on a 10-year basis. The city clerk was instructed to advertise for bids, setting Wednesday, March 5, as a deadline.

The paving program lists the following projects: West 19th, Harrison to Cleveland; West 22nd, Michigan to Van Raalte; West 23rd, Maple to Michigan; West 24th, Michigan to Lawndale; West 27th, Central to Washington; East 28th, State to a point 202 feet west of College; West 28th, Central to Michigan; East 29th, Central to State; East 30th, Central to Lincoln; Cherry St., Lawndale to Michigan; Maple Ave., 19th to 27th.

Council also approved a previously submitted recommendation for an increase in water rates to take effect in June, 1952.

Mayor Harrington called attention to the fact that the softball field at Third and Pine had never been officially named, and appointed a committee consisting of Aldermen A. W. Hertel, Bernice Bishop and A. A. Nienhuis to recommend a name with recognition given to Mr. and Mrs. Chester Van Tongeren who deeded the property over to the city Jan. 19, 1949, and Van Tongeren's father, Herman Van Tongeren, who served as alderman many years. It also was suggested that a suitable sign, gateway or other designation be erected to identify the park.

The meeting lasted two hours and eight minutes. All aldermen were present with the exception of Miss Bishop who was out of the city. Alderman Nienhuis gave the invocation.

## Local VFW Post Honors Oldest Member at Party

A Holland man who camped next to Teddy Roosevelt and high Rough Riders (1st U. S. Volunteer Cavalry) in Cuba during the Spanish-American War back in 1898, was honored by the Henry Walters VFW post 2144 Thursday night.

He is Fred H. Kolmar, 61 West Ninth St., who will be 83 years old Saturday.

Kolmar is the oldest living member of the veteran's organization and has been a member of the Holland post since Dec. 3, 1931, when meetings were held in the City Hall.

Kolmar, who is exceptionally active for his age, enlisted in the 1st Illinois Volunteer Infantry, Co. G, on April 26, 1898. He served in Cuba from July 6, 1898 until Sept. 30, 1898.

His unit landed at Santiago, Cuba, and "we fought on from there," he said. "There sure was a lot of yellow fever and malaria down there—one artillery company started out with 70 men and had just two left after the fever struck."

Kolmar said the Americans were ready to cut off the water supply when the Spaniards surrendered Aug. 12, 1898.

"We camped alongside the Rough Riders," Kolmar said. "I had the honor of saluting Teddy Roosevelt, but he wouldn't take it because he said we're to busy."

Fred was born in Chicago at the corner of Wells and Ohio just two years before the big fire. His father owned a wagon shop and the family had to quickly evacuate—a wagon shop and all—because a nearby church steeple was burning and threatened to crash down on their house.

Fred came to Holland several years ago and was a die sinker, making picture frames, before his retirement.

However, Fred is far from inactive in his retirement. He is an avid local sports follower, especially baseball, softball and football, and keeps right up with national sports news.

Members of the post surprised him with a big cake, complete with 83 candles, after Thursday's meeting. He was awarded a life membership in the VFW and received other gifts.

"I just couldn't believe it," he said. When asked to say a few words he shrugged and said, "I can't say a thing."

An estimated 1,500 persons are expected to attend the convention here in Holland.

Permanent committees to plan and arrange for the convention will be named at Monday's meeting.

Homfield added that two department officers of the Spanish-American War Veterans will be at the meeting to help out.

John Van Peursem of Zeeland has been selected to offer the invocation when General Douglas MacArthur addresses a joint session of the Michigan state legislature May 15 at 8 p.m. in the House of Representatives in Lansing. The latter was a member of a special committee which went to New York to invite General MacArthur to visit Michigan.

## Common Council Approves New Milk Ordinance

### Purchase of Two New Police Cruisers Also Okayed by Aldermen

Common Council Wednesday night adopted Ordinance No. 412 which repeals certain sections of Ordinance No. 386 requiring licenses for the sale of milk products in Holland city.

Changes were adopted to allow certain outside dealers to sell milk in Holland after the previous ordinance has been under question for some time as being unreasonable.

The new ordinance provides a \$15 fee for maintaining a milk plant or depot furnishing milk for sale in Holland city, the fee to include use of one vehicle for delivery or distribution. The old fee was \$5.

Other changes involve inspection and allow a reciprocal service in such areas beyond the limits of routine inspection. The ordinance will become effective in 21 days. A full text of the new ordinance will appear in the official council minutes to be published later.

In other business, a special committee consisting of Aldermen Raymond Holwerda, A. A. Nienhuis, Robert Visscher and City Manager Harold C. McClintock, recommended the purchase of two 1952 Cambridge Plymouths from S. A. Dagen, Inc. for use as police cruisers. The Dagen bid with the 1950 Fords as trade-ins was \$1,470 as net cost to the city. The committee's recommendation was approved.

Council approved changes in Board of Public Works plans for purchasing bare copper wire for the conductor between the James De Young plant and Fifth St. station and the substation at 22nd St. and Ottawa Ave. at a cost of \$11,840, cancelling the original order for cable from the General Electric Co. at a cost of \$47,384.

A financial report of the utilities for the six months ending June 30, 1951, was presented. Hereafter annual reports will be filed June 30 instead of Dec. 31.

Council set compensation for the board of review at \$8 a day including city officers serving in that capacity.

The clerk presented oaths of office from O. S. Crose and Jacob Zuidema as members of the board of review for one-year terms, and from Willard C. Wichers and Marvin C. Lindeman as members of the planning commission for three years.

A communication from the Michigan Liquor Control commission notifying Council that 1951 licenses for the sale of alcoholic beverages expire on April 30 and requesting that each applicant be considered by the governing body before that time was referred to the city manager for recommendation on each applicant at the time the license renewal is presented.

Clerk Clarence Greveneged presented letters from Rep. Ben E. Lohman, Rep. George Van Peursem and Senator Edward Hutchinson, all of whom expressed general agreement with council's opposition to certain bills in legislature.

City Manager Harold McClintock reported that the city has been advised by the Workmen's Compensation commission that Holland's application for carrying on its own program of workmen's compensation has been approved.

General city claims totaled \$19,955.02. Other claims were library, \$395.35; hospital, \$21,429.27; BPW, \$43,280.46. BPW collections totaled \$59,150.80, and city collections for January, \$123,257.96 including tax collections of \$71,061.79.

Ald. Hertel introduced his young son, Dick, who attended the council meeting. "It's nice to know who will take your place some day," Mayor Harrington told the alderman.

Aims and purposes of scouting were emphasized. Cub scouting ties a boy to his home, the next step takes care of the gang urge and the senior division gives a chance to develop constructive leadership. It was pointed out that at every step the boy must practice co-operation and learn how to live and work harmoniously with others. Religion and reverence also are emphasized.

Leonard announced that during 1952 a new three-year program is being started, main objectives being to make scouting available to many more boys and to link the boy more closely to his church through a pattern of awards based on extensive service and study in the boy's own church.

Dr. John R. Mulder presided at the meeting. Vice-president William Aldrich arranged the program and introduced the speaker.

Members decided to join the new Hospital auxiliary as a group and plan to support the new organization in all ways possible.

After the business session, there was a cake sale. The remainder of the evening was spent completing Dutch costume patterns.

Gather round, folks, and watch the hobbyists at work. Here Frank Lievense, ardent local fishing enthusiast, demonstrates fly tying for a group of interested youngsters and adults. Fly tying is only one of many interesting hobbies which

Holland people pursue. Several other demonstrations will be scheduled for Holland's fourth annual hobby show the week of March 3 in Netherlands Museum. (Penna-Sas photo)

## Display Your Hobbies First Week in March

### Holland Moose Enroll Candidates

Calling all hobbyists... Dust off those pet projects and display them in Holland's fourth annual hobby show in the Netherlands Museum the week of March 3.

Art Sas, chairman of the hobby show committee, emphasized that anything made with hands including mounted stamp collections may be entered in the show. "Hobbies are fun, and you don't have to be an artist or a perfectionist to display your wares. Enter your work, and share the joys of creative effort," he said.

The committee is endeavoring to have an all-new show this year and is discouraging entries already exhibited at local shows. Because of limitation of space, some entries may have to be limited because of size but the committee isn't worrying about that at the moment.

Serving with Sas on the committee are Verne C. Hohl, paintings; Mrs. C. C. Wood, textiles; Bert Selles, photography; Hugh Rowell, stamps, and Ray Heavener, models.

The textile division is putting special emphasis this year on knitting, crocheting and fancy work as well as weaving and rugs. Paintings to be exhibited should be mounted or framed with some arrangement made for hanging, and pastels and charcoal drawings should be covered with glass or acetate to protect them from smearing.

The hobby show, which again is sponsored by the Community Service committee of the Chamber of Commerce in co-operation with the Netherlands Museum, will be scheduled one week only this year, because of time limitations in getting the museum ready for Tulip Time. The museum will be open every afternoon and evening. There will be no admission charge.

The committee also is arranging various demonstrations each evening. Rug making, painting, fly tying and others.

All entries should be brought to the museum the Thursday, Friday and Saturday preceding the show's opening on Monday, March 3. The museum will be open Thursday from 1 to 5 p.m., Friday from 1 to 5 p.m. and 7 to 9 p.m., and Saturday from 9 a.m. to 5 p.m.

Leonard introduced state association officers, William Mahar, president; Stanley O'Reilly, secretary and treasurer, and Henry W. Streuter, state vice president and local secretary.

The Muskegon degree staff put on the enrollment ceremony. Gov. De Weerd expressed appreciation to all those who took part.

## Exchange Club Hears Talk by Scout Director

Judson Leonard, director of the Chippewa district, Grand Valley Council of Boy Scouts of America, talked about scouting to members of Holland Exchange club at their regular meeting Monday. Leonard's talk was supplemented by a film, "The Years Between" in which scouting for Cub Scouts and senior Scouts was well presented.

Aims and purposes of scouting were emphasized. Cub scouting ties a boy to his home, the next step takes care of the gang urge and the senior division gives a chance to develop constructive leadership. It was pointed out that at every step the boy must practice co-operation and learn how to live and work harmoniously with others. Religion and reverence also are emphasized.

Leonard announced that during 1952 a new three-year program is being started, main objectives being to make scouting available to many more boys and to link the boy more closely to his church through a pattern of awards based on extensive service and study in the boy's own church.

Dr. John R. Mulder presided at the meeting. Vice-president William Aldrich arranged the program and introduced the speaker.

## Dutchmen Defeat Kalamazoo Quint To Clinch Crown

Hope college tied up the 1951-52 MIAA basketball championship Tuesday night, and the ribbon on the package was a stirring 95-76 victory over Kalamazoo.

The victory over the strong Hornet squad gives Hope a league record of eight wins and one loss, with Hillsdale still to be faced Saturday night. Both Kalamazoo and Albion, vying for second place, have three losses, and neither has a chance of overtaking Hope.

The championship is especially sweet for John Visser, who is in his first year as coach of the title-holding Dutchmen. Last Hope crown was won in the 1946-47 season.

Tuesday's climax victory over Coach Dob Grow's outfit was hard-fought all the way, and came on a beautiful team effort by the Dutchmen. After the opening few minutes of the contest, the Hornets led briefly, Hope was ahead throughout the fray, but never until the final quarter was the advantage large.

Both teams hit on about the same percentage of their shots. The Dutch connected on 38 of 119 field goal attempts for a mediocre 32 per cent accuracy mark, while Kazoo was sure on 28 of 93 tries from the field for a 31 per cent mark. The secret of success lies in the fact that Hope got 26 more shots than the invaders—a tribute to the rebounding ability of the tall Dutchmen.

Bob Hendrickson, Jerry Jacobson and Ron Bos paced the way for Hope as the home team raced off to a 27-17 first quarter lead. But Kazoo came right back, bulwarked by the outcourt sharpshooting of John Stommen, to outscore Hope in the second stanza 21-16, and pull into a slim 43-38 deficit.

The third quarter was about evenly matched. The two teams traded almost basket for basket in the canto, with Hendrickson and Stommen once more leading the procession for their outfits, and the quarter count stood at 67-61 Hope.

It was in the final quarter that the champions pulled away, outscoring Kalamazoo 28-15, to pyramid the final difference. Bos and Ken Van Regenmorter were Hope's scoring leaders in the fourth heat.

With three minutes remaining in the last period, Hope turned on its cautious stalling game to protect an 87-72 lead. During the last throes of the contest, Hope refused four free throws, while Kazoo turned down two to try for field goals.

It would be as difficult to choose an outstanding player against Kalamazoo as it would be to pick a most valuable man on the Hope squad. All performers turned in good games.

Hendrickson paced the Dutch scoring with 21 points, followed by Bos with 17, Bremer with 15 and Jacobson with 14. Van Regenmorter, seeing action less than half the game, turned in his outstanding game of the year and collected 11 important points. Bob Visser's scoring was off, but his floor game was perhaps the best of the season.

When Bremer left the contest with time running out, the capacity crowd gave him a tremendous round of applause—a well-earned tribute for a great performance.

## Graafschap Civic Club Plans Annual Banquet

Graafschap (Special) — The Graafschap Civic club held its monthly meeting last Thursday at the home of Mrs. Fred Rutgers. Twenty members were present.

## Social Hygiene In Public Schools Discussed Here

### Trustees and Teachers Seek More Integrated Program for Schools

Plans for a more integrated program of social hygiene in the public schools were discussed at an informal meeting of the Board of Education and teachers of such related subjects Monday in Junior high school.

Mrs. Kenneth De Pree, member of the board of education and chairman of the schools committee, presided and introduced the various teachers in the fields of physical education, home economics, physiology and family living as well as principals who gave their ideas and aims on the overall program.

The subject of social hygiene covered an exceptionally large field and presented more problems than solutions. The introductory talk of the place of social hygiene in the school system was given by Mrs. Charles Toy of Muskegon, wife of a psychiatrist and a public health nurse. She emphasized that the turning out of good, healthy, well adjusted students is related to every subject taught in the schools, and something every teacher must work for.

Short talks were given by Miss Carolyn Hawes, elementary school supervisor who spoke of the "golden opportunities" in the lower grades to encourage health and character; Miss Lavina Cappon, who spoke of social hygiene as related to the home economics programs in junior and senior high schools; Mrs. Frank Brieve, speaking for Principal Bernice Bishop on the over-all program in Junior high school; Carroll Norlin, who teaches a healthful living (physiology course) in Junior high.

Miss Joyce Keller, physical education teacher for girls in junior and senior high, and Miss Gwen cation teacher, explained how Sholly, elementary physical education try to fit social hygiene into their classes. Gerrit Wingerink explained what the adult evening series does on the same subject for parents, pointing to an adult course in mental health starting March 10.

Austin Buchanan explained operations of a new course in family living he is teaching in the high school, in which students are encouraged to understand themselves, their wants and needs, emotions and rationalization. One of the main aims of the informal meeting was the evaluation of this course, and the consensus was that it was proving worth while and perhaps should be extended and offered to more students.

Joe Moran read an enlightening paper on some aspects of the social hygiene problem.

Principal J. J. Riemersma said he is more and more concerned with students' problems emanating from unhappy home living, and said the need for emphasizing those things which point to character, adjustment and happiness cannot be over-estimated. Supt. Walter W. Scott gave a recap of the evening's discussion. An educational film on social hygiene followed.

Mrs. De Pree explained the aims of the informal meetings held monthly. "The board is trying to understand the problems and needs of the education program so that we can do a good job in Holland. Besides, we're trying to make this board the best one in the whole state of Michigan," she said.

## Hamilton

(From Wednesday's Sentinel)

The Woman's Study club met last week at the home of Mrs. Joe Hagelkamp. Mrs. M. Oetman presided and conducted the opening numbers and business. An all-member program was presented, many responding by speaking of Abraham Lincoln, whose birthday occurred on that day, and others participated in readings, poetry and musical numbers. Games closed the program. Plans were made for members to take care of the clerical work connected with the blood plasma donations by the Michigan Mobile Unit which was stationed here on Feb. 18 and 19, sponsored by the Men's Brotherhood of the local Reformed church. Several women of the church assisted in the canteen work.

Mr. and Mrs. Ralph Haverdink and Mr. and Mrs. George Rigerink have returned from a trip to Florida. They met several Hamilton people there as well as other acquaintances.

Mr. and Mrs. Kenneth Lohman announced the birth of a daughter, Sandra Lynne, born at Holland hospital on Feb. 11.

Mr. and Mrs. George White and Mr. and Mrs. Roger White and Roger Jr. were visitors in the home of Mr. and Mrs. Fred Billet. ## Maroon Reserves Cop 10th Victory

Grand Rapids (Special)—Leading all but the first two minutes of the contest, Holland Christian's Little Maroons swept past Grand Rapids Catholic Central's second team 36-28 on the Grand Rapids floor Tuesday night. It was the 10th win of the season for Christian against five setbacks.

After dropping their first three starts, the Dutch have won 10 out of their last 12.

The victory was especially sweet for the Hollanders since Catholic holds one of the victories over the locals—a one point decision on the Army court.

After playing on even terms throughout most of the first quarter, the Hollanders broke a 5-5 tie to take a comfortable 15-9 margin at the intermission, and then upped the margin to 28-17 at the end of the third stanza. Both coaches substituted freely in the final quarter with Catholic outscoring the Dutch 11-8.

Ron Nykamp again led the Maroon attack with 19 markers. Gray and Timm led Catholic with eight apiece.

## State Parks Discussed At Conservation Meet

A crowd of 250 filled the Washington school auditorium to hear Charles M. Leeson, regional supervisor parks and recreation from the Michigan conservation department, lecture on "Michigan Out-of-Doors."

"This is a big topic," Leeson said, "Just to give you some idea of the subject I would like to quote a few statistics. Michigan has a population of around 6 million and in this state of ours we have 36,000 streams; 11,000 inland lakes, 3,000 miles of shoreline on the Great Lakes; 3 1/2 million acres of state owned land, and 2 million acres of federal owned land."

"Besides all this acreage, streams, and lakes in Michigan, the state operates 57 state parks. Park attendance last year was over 11 million. Michigan sold 1 million fish licenses, and 1 million hunting licenses last year."

Leeson also talked briefly on the tourist trade which comes to Michigan each year. He stated that the tourist trade brings in around \$500 million each year.

The speaker was concerned about vandalism that is going on in some of the 57 state parks. He spoke quite extensively on good manners and what people should not do at state parks.

He mentioned that at one state park last year the following damage was done: 14 glass blocks broken, 2 picnic tables used as shotgun targets, cedar trees driven over to gain entrance to the park, 24 white cedar trees removed during Christmas time, 2 drinking fountains removed, and other damage.

"This was done only at one park and it can be multiplied many times," Leeson said. "It is the taxpayer's money which has to replace this damage, and besides it spoils the use of the park for others."

Leeson after speaking showed slides of various types of camps and recreation in Michigan. Some of the newer things being added to the recreation in some of the larger state parks are horseback riding, archery, boating, and dog trials. Several of the slides were taken in and around the Holland state park and Lake Macatawa.

The picture "Michigan's Porcupine Mountains State Park" was shown depicting the wilderness type camp located in the Upper Peninsula. "This camp, it is hoped, will remain as it is at present for the people who are interested in the 'rough' type camping experience both in the summer and winter," said Leeson.

A new film just shown on school camping was titled "School camping is increasing in Michigan. Sixty schools in Michigan are using the state park camps for educational and recreational activities. Ann Arbor was the first city to utilize this medium of education for students. This coming year Dearborn has scheduled 23 one-week camping periods for its students. Students from the sixth grade up through high school have the opportunity to learn conservation through camping experiences."

Roy Heath of the Tulip City Rod and Gun club entertained the group with some humorous readings during the first part of the program.

## Tigers Rare Up In Last Period To Scare Dutch

Muskegon Heights (Special) — A fired-up Muskegon Heights team almost pulled the upset of the Southwestern conference basketball season here Friday night by backing Holland high school up against the wall before dropping a narrow 49-47 decision to the Dutchmen.

The victory kept Holland in a three-way tie for first place in the conference standings with Kalamazoo and Muskegon, both of whom won Friday night. The tie will be shattered one way or another next week when Holland meets Muskegon.

Heights Coach Oscar Johnson apparently didn't show his boys the form sheets that said the Tigers were supposed to roll over and play dead before the highly-touted Dutch cage machine. In fact, the Heights didn't act at all like a last place team is supposed to when playing a first place team.

Things went according to the record book in the first quarter when Coach Fred Weiser's crew built up a staggering 20-13 advantage. Holland slowed down considerably in the second period, and the Heights outscored the Dutch 10-8 Center Louis McMurray made all 10 Tiger counters.

The third period was about evenly matched, with Holland moving out from its 28-23 half-time lead to build a comparatively safe 41-33 advantage at the third buzzer.

Then the Tigers started moving. With reserve guard Leonard Penn leading the way with three swishing long shots, the home team found an upset in the making. The Tigers narrowed the gap to 43-42 with four minutes left to play. In those first four minutes of the final quarter, Holland scored one lone basket to nine points for the Heights.

Tom Maentz broke the field goal famine for the Dutch with a hook shot, and Dave Moran followed suit a moment later with a rebound goal to pull Holland out to a 47-42 advantage. But Murt Johnson got the Heights right back in the thick of it with a free throw and a stolen pass good for a dog shot that swished to make the score 47-45.

Frank Van Dyke sank a free throw and Penn sank his final field goal to bring the count to 48-47 with two minutes to play. In the final two minutes, the only scoring was one free throw by Holland's Dean Vander Wal to form the final count.

The only criticism of Muskegon Heights' play might be that the Tigers started too late. As the final gun sounded, Holland "looked like a groggy fighter ahead on points but fearful of the knockout punch at any moment. The Dutchmen were literally "saved by the bell."

Outside of the first stanza, Holland, played far below its offensive capabilities. But the team's defense in the second half kept the Tigers away from the basket and forced them to shoot from outcourt. Outside of Penn, Muskegon Heights just didn't have any outcourt accuracy.

McMurray, the Tigers' leading scorer, went hog wild in the second stanza with four field goals and two free throws for his team's entire point output. Tom Maentz switched guarding assignments to McMurray in the second half and cut the tall pivot man off without a point.

Vander Wal was top Dutch scorer with 16 points, and Van Dyke was next in line for top Tiger honors, followed by McMurray's 12.

In the field goal department, Holland hit 21 of 74 attempts for a weak 28 per cent accuracy figure. The Dutch hit only seven of 18 free throw attempts, while the Tigers missed only three of 14 charity attempts.

## Interim Officers Named For Hospital Auxiliary

The Holland City Hospital Auxiliary is well on the way to becoming a functioning body, following an executive session in the hospital last week when temporary officers were elected for the interim period before the new fiscal year July 1.

Mrs. Raymond H. Fehring, member of the hospital board who has been active in getting the auxiliary under way, was elected temporary president, and her co-chairman, Gertrude Steketee, local nurse, was elected vice president. Mrs. Carl Cook was named secretary and Mrs. A. W. Tahaney treasurer. Mrs. Peter Van Domelen, Jr., was appointed chairman of the by-laws committee. Several other appointments will be made later.

Mrs. Ronald Yaw, East Grand Rapids, former president of the Michigan Association of Hospital Auxiliaries, outlined methods for establishing such an auxiliary in Holland, and Fred Burd, director of Holland hospital, presented a long list of projects which local groups could adopt for the hospital. A display of many articles which service groups could make, such as bandage rolling sewing projects occupied one corner of the board room.

Purpose of the new organization is to absorb volunteer service on any level. Many projects will be absorbed by groups already organized for other purposes to be adopted as sidelines and part-time service. Most of all, the auxiliary will bring a fuller realization that the hospital belongs to the community and the people.

Sixteen groups which have expressed a desire to co-operate in the new venture were represented at the meeting. Several others are in the process of fitting hospital work into their programs. Eventually, there will be a membership drive for men and women throughout the area.

## More and Better Grasses Urged

Grand Haven (Special)—More and better grasses will be urged strongly throughout the nation during the next few years. The average yield of alfalfa in Michigan is only 13 tons per acre with clover showing only 1 1/10 tons per acre.

Some obtain twice this average. Why? Because of proper liming and fertilization.

The extension service and soil conservation service are emphasizing better grass in their current series of winter educational meetings.

L. R. Arnold, county agricultural agent, points out that there are hundreds of acres of native pastures from which little food is obtained. This soil is good potential grass land. A renovation program may well cause it to produce heavily giving a fine return to the farmer. Leaching and overgrazing have brought about this condition. Liming of this soil, a good going over with a field cultivator, a heavy application of fertilizer then a new seeding can cause these fields to become profitable.

## Backboard Control Proves Big Factor In Maroon Victory

Coach Art Tule's Holland Christian quintet proved that backboard control is a major factor in winning ball games, Friday night on the Armory court, as they downed a stubborn Fremont five 49-31. The win was sweet revenge for the locals who dropped a two-point decision to the Packers two weeks ago.

Although the first half was played on even terms with the score knotted at 20-20 at the intermission, the determined Hollanders really turned it on in the second half to outscore the Packers 29-11. Feature of the improved play of the Tulsamen was the terrific rebounding.

In fact, from midway in the second period until the end of the game, the locals took 26 successive rebounds off the defensive backboard—meaning of course that the Fremont club was getting just one shot every time they brought the ball down the court. Sparking the Maroons in this department was center Jim Kok and Dave Schreur, although Earl Schipper and Jack Borr helped out while they were in the game.

The Dutch, especially in the second half, looked their best in recent weeks. Shooting also improved as they connected on 19 out of 68 shots for a 28 per cent average. Dave Schreur returned to his early season form as he led all scorers with 20 points, several coming in tip-ins. Besides playing a good backboard game, Jim Kok came through with 12 points off the pivot position.

Merle Van Dyke, Maroon guard, although often unheralded, turned in a great floor game. The stocky junior was all over the court and handled the ball almost flawlessly on every play situation. In addition, on several occasions he almost single handedly stopped a Fremont fast break.

Coach Lloyd Hartman's Fremont club also had its star performer in Arnold Rottman, lanky guard. A clever ball handler and one of the best shooters the locals have faced all season, he ended up his evening's work with 16 markers.

After a slow five minutes, the Packers began to find themselves in the latter stages of the first quarter to outrun the Dutch and grab an 11-6 first quarter lead.

There was no stopping the Packers in the first two minutes of the second period as they hit from all angles to capture a 10-point lead. Paced by Schreur and Tony Diekema, the now aroused Dutchmen put on a scoring burst of their own to take a 20-19 lead late in the period. A Fremont foul took gave the invaders an even break at half time.

The locals pierced the Fremont zone defense from all angles in the third period to move out to a 30-22 lead with the quarter half gone. Realizing that his zone was ineffective against the clever passing Maroons, Hartman switched to a man to man defense. But the damage had been done and there was no stopping the locals now. They increased their margin to 37-25 at the end of the quarter.

Christian held the upper hand throughout the final stanza, playing deliberate ball. At the close of the game the locals turned down foul tosses in favor of taking the ball out of bounds, thus keeping control.

The locals hit on 11 out of 20 foul attempts while Fremont connected on nine out of 18.

## Farmers Give Attention To Making New Ditches

Grand Haven (Special)—Drainage, making new ditches, cleaning out old ones is receiving much attention by farmers in 1952. Many applications are on file in the PMA-office. SCS technicians will assist farmers in laying out lines, etc.

L. R. Arnold, county agricultural agent, points out that many ditches become almost worthless because of brush growing in or along the drainage ditches. The water flow is cut down and soil fills up the ditch.

Control of brush and weeds in and along side the ditches will do much to keep the water flowing. Spraying with a brush-killer will do much in prolonging the life of any ditch. This can be done with chemicals at any time of the year, even in the winter.

## KEEPING THE PUBLIC OUT

By formal ruling of Attorney  
General Frank G. Millard, of  
Michigan, the people of Michigan  
are being barred from business  
meetings of the governing bodies  
of the University of Michigan and  
Michigan State College. It is hard  
for the common citizen to see  
how such a ruling can be justified.  
The attorney general on request  
of State Senator Don Vander  
Werp, of Fremont, has ruled that  
the public and press can be leg-  
ally barred from business meet-  
ings of the boards of the two insti-  
tutions. Since this decision may be  
in accordance with the law, it  
is hard to see how that law can  
be justified.

Those ruling bodies of the two  
tax-supported Michigan institu-  
tions were not appointed by a  
kind of divine right. They were  
named by vote of the very people  
who are now barred from their  
deliberations. Every cent the two  
bodies spend for their institutions  
is earned and appropriated by  
those same people who are barred  
from the meetings at which de-  
cisions are made about such ex-  
penditures.

It is logical for certain Wash-  
ington governing bodies to hold  
closed meetings, when for secu-  
rity reasons in the present state  
of world conditions it would be  
dangerous to open them to the  
public. It is justifiable for con-  
gress itself, under certain con-  
ditions, to hold closed meetings,  
barring the press and the public.  
But no one is arguing that there  
are security reasons for closing  
the meetings of the governing  
boards of Michigan educational  
institutions that are maintained  
by public taxation.

Doubtless it might at times be  
embarrassing for those governing  
bodies to do business in public,  
but it is similarly embarrassing  
for Michigan's tax payers to note  
that their money is being spent  
behind closed doors.

In a truly democratic society it  
would seem that "closed meet-  
ings" of elected officials have no  
place. School boards and city  
councils and city commissions  
and other bodies of that kind, it  
is fairly well agreed, have no  
moral right to close their meet-  
ings to the public. It is hard to  
see how the governing boards of  
publicly supported educational in-  
stitutions can be exempt from  
that rule. Would it be out of or-  
der to ask the Attorney General  
for the law that he read to form  
such an opinion.

Sunday School  
Lesson

February 24, 1952  
Trained and Tested Followers  
Mark 9:2; 10:25-40;  
Acts 4:13, 18-20

By Henry Geerlings  
Our attention is focused upon  
three men whom the Lord trained  
in His service, and how they car-  
ried on this service after His de-  
parture.

The three men were Peter,  
James and John. We know them  
as disciples but also as apostles.  
As disciples they were followers  
of the Lord, and as apostles they  
became His messengers to the  
world. But before they were qual-  
ified for their service they had to  
spend some time in preparation.  
It was known afterward that they  
had not been trained in the ordi-  
nary schools, such as those in  
which the rabbis received their  
education but in a far better place  
than that, in the school of Christ.

Only two incidents out of that  
period are given in our lesson al-  
though it lasted for about three  
years. These two are outstanding  
incidents, though others of equal  
importance could be added.

The first of these two consisted  
of a revelation. Jesus took these  
three men up into a high moun-  
tain. Of course this was only a  
physical elevation but it suggests  
to us the higher plane upon which  
the Lord expects us to walk,  
especially if we are to be qual-  
ified for acceptable service. Such  
intimate revelations as the Lord  
gave here are never given on the  
common level.

Evidently these three had a de-  
sire to know and understand the  
Lord better and so He took them  
to the higher plane. This neces-  
sitated their separation from every-  
thing else. They left the village,  
the dusty roads, the crowds of  
people and even the company of  
the other disciples. This was not  
because they were better than the  
rest but because they were to be  
the witnesses of His glory. And  
here in this place of separation  
and elevation they saw the Lord  
transfigured before them. What  
they saw and heard confirmed all  
that they had believed of Him.  
It was something they never for-  
got.

The other incident is one of re-  
buke and instruction. Only James  
and John were involved this time.  
Perhaps the transfiguration ex-  
perience had a part in prompting  
their selfish request. Being bro-  
thers, they left out Peter and de-  
sired the two choice places in the  
kingdom for themselves. It must  
be noted that the Lord does not  
give such experiences in order that  
men might become puffed up,  
but so perverse is human na-  
ture that some men let them  
have this effect. There is a place  
for ambition, both in secular and  
spiritual matters, but the fulfill-  
ment of this ambition is never to  
put anyone else at a disadvantage.

Jesus gently but firmly rebuked  
them for their selfishness. His  
question went much deeper than  
they realized. They did not know  
what the cup and the baptism  
symbolized, and declared them-  
selves quite ready to share them  
with Him. There is nothing  
to indicate that they knew what  
He meant when he told them that  
they should indeed partake in  
these experiences with Him. We  
know now that both referred to  
suffering and death. He was to  
drink the cup of sorrow and suf-  
fering and He was to die. They  
discovered its meaning later,  
when they were imprisoned for  
their testimony.

In Acts our attention is called  
to Peter and John. They were  
bold. This does not mean that  
they were blatant, impolite or  
rude in their behavior before the  
Jewish high court. It refers to  
their courage. They had spent the  
night in prison as the result of  
the healing of the lame man and  
the resultant preaching of Peter.  
Now they stood before the highest  
court among the Jews. Of course  
it no longer was the powerful  
body it had been at one time since  
they were under Roman domina-  
tion. Yet it still could inspire with  
fear those who were brought be-  
fore it. But these men showed no  
sign of fear.

The men are called unlearned  
and ignorant, which does not  
mean that they did not know how  
to speak clearly and reasonably.  
It simply means that they had not  
been trained in any of the rabbin-  
ical schools. In that sense they  
were unlearned but they had re-  
ceived a better training which  
enabled them to understand spiri-  
tual truths much better than their  
judges.

The court did not impose any  
penalty at this time, but it gave a  
strict order not to teach in the  
name of Jesus. Peter's answer is  
the right one. We are expected to  
obey those in authority over us,  
but only when their command  
does not conflict with the com-  
mand of God. Our first duty is to  
obey God, and if the government  
forbids this and imposes penalties  
for disobedience, we should be  
perfectly willing to suffer for the  
sake of Christ. That is the teach-  
ing of the Bible and it applies to  
us as well as to the apostles.

What kind of followers of  
Christ are we?

Wedding Postponed,  
Groom Hospitalized

The wedding of Miss Mary Lois  
Dalman, daughter of Mr. and  
Mrs. Gerrit Dalman, 41 Cherry  
St., and Lavern Schippers, plan-  
ned for Thursday, has been post-  
poned for a few days because of  
illness. Mr. Schippers, son of Mr.  
and Mrs. Joe Schippers of 48  
West 17th St., underwent an em-  
ergency appendectomy late Mon-  
day night at Holland hospital.

It would take an express train  
about 200 years to reach the sun  
from the earth.

Here are the two cars that collided head-on early Monday morning on US-31 about 1 1/2 miles north of Saugatuck, sending four occupants to hospitals. The '47 model on the left was driven by Ruth Miller Tag of Saugatuck who was taken to Douglas Community hospital. Three young men in the '49 model at right were taken to Holland hospital. Thomas Cooper, 18, of Grand Rapids was discharged

Monday, and two Air Force men en route to Grand Rapids for fur-  
lough were reported in good condition today. They are Marvin

1952 Senior Play Opens  
With Hit Performance

"Seven Sisters," the 1952 Hol-  
land high senior play, opened  
with a hit performance Monday  
night before a full house in the  
high school auditorium.

The student players, all dressed  
in colorful, Hungarian costumes,  
gave a finished version of the old  
Hungarian classic, adapted for  
the American stage by Edith El-  
lis.

Pert, refreshing Miltzi, fourth of  
the sisters, played by Barbara  
Van Huis, and Ferenz Horkoy,  
the dashing young officer, played  
by Richard Zeidler, manipulated  
their "marriage market" so artisti-  
cally that, Miltzi's three older  
sisters were salmed off into mar-  
riage in singular fashion. The two  
young players, at ease on the  
stage, won the audience with  
their smooth performances of the  
convincing young lovers who re-  
fused until the bitter end to re-  
veal their romantic intentions to-  
ward each other.

Aby playing the adult role of  
Widow Gyurkovics was Ellen Pot-  
tle, who was continually astound-  
ed by her fourth daughter's an-  
tics. She was faced with the prob-  
lem of marrying off the older  
ones in order of their ages and  
was undaunted by the difficulty  
of a scant dowry, including "six  
jars of peach jam," for each of  
the girls.

Injecting much of the humor  
was Rodger Pruis, the awkward  
Gida Radviany, who fell in love  
with each of the sisters, then out  
again as they married more "dash-  
ing" prospects. But constancy won  
out, as he finally wooed and won  
the emotional Ella, third sister,  
played by Carol Kuypers.

Ruth Doger as the eldest sis-  
ter, Katinka, and Hope Schut-  
maat, as Sari, second in line, gave  
fine performances in their roles,  
as did their romantic interests,  
George Pelgrim, who played the  
mature Colonel Radviany, and  
Burke Raymond, the susceptible  
to-women officer, Michael San-  
dorffy. Mary Madison, Mary Ann  
Knoolhuizen and Connie Nies  
were the excitable little sisters,  
Terka, Liza and Klara, who typi-  
cally watched with interest the  
pace of romance.

A show-stopper in the perfor-  
mance was John Meyer, who ap-  
peared, after much delay, as the  
lispng ridiculous country cousin,  
Toni Teleki. Dwight Kraai play-  
ed the role of Janko, the family  
servant recently "promoted" to  
butler.

Miss Ruby Calvert, who has  
directed many of the popular Hol-  
land senior plays, again presented  
a well-chosen cast. The clever  
three-act comedy was especially  
suitable to the young people's tal-  
ents and all members of the cast  
did well in their individual roles.

A single, attractive set, with  
fitting antique furniture, was used  
for the entire production.

Bosch, Holland business man and MIAA sports enthusiast, made the award to Joranko at halftime of Saturday's Hope-Albion basketball game at Albion. Joranko's coach, Del Anderson (center) introduced Bosch to the packed house Saturday.

Students Give Debate  
At We-Two Club Meet

Members of the We-Two club  
of Sixth Reformed church gath-  
ered in the church last night for  
their regular monthly meeting.

Following devotions by Mrs. H.  
A. Mow, four Hope college stu-  
dents presented a debate on the  
question of whether there should

Kiwanis Club  
Panel Discusses  
City Auditorium

A municipal auditorium and re-  
creation building was the subject  
of a panel of members of the  
Kiwanis club at the weekly meet-  
ing of the service organization  
Monday night at the Warm  
Friend Tavern.

Serving on the panel were  
Herbert Bulthuis, William  
Meengs, Abel Vander Ploeg, Louis  
Stempfl, Clare Walker and  
Daniel Vander Werf, Jr. Gene  
Chaddock was moderator.

It was the consensus of the  
panel that there is a need in  
Holland for a building that will  
take care of recreational needs  
of the city, particularly as it re-  
lates to the school program.

Considerable discussion was had  
on financing of this type struc-  
ture. Meengs, former council  
member, suggested, the city's  
share of the Board of Public  
Works profits could be used in  
defraying cost of construction.

Vander Werf, secretary of the  
Municipal Auditorium and Recre-  
ation Building committee ap-  
pointed by the mayor to study the  
entire problem pointed out the building  
could be paid for within a  
period of 10 years through  
the issuance of general obliga-  
tion bonds. He said it was his  
belief, with a specially voted tax  
levy, annual cost to the average  
property owner would be approxi-  
mately \$6 or \$7.

Vander Werf explained preli-  
minary plans call for a type of  
building which will take care of  
the athletic activities of the  
schools and the city, as well as  
other events such as large ban-  
quets, variety programs and con-  
ventions. Approximate cost of the  
structure contemplated would be  
\$300,000.

The special mayor's committee  
will meet Friday evening for  
further consideration of plans of  
construction and financing before  
turning the matter over to the  
city manager for study.

## GRANDSTANDING..

By Dick Millman

Hail to the MIAA basketball  
champions!

While Hope's performance  
Tuesday night was not its best of  
the season, it was good enough to  
earn the league crown at the ex-  
pense of the only MIAA team to  
defeat the Dutch this year. Kazoo  
beat Hope in January, 91-78.

This year's championship, as  
far as we are able to determine,  
marks the sixth time Hope has  
had a title-winner since joining  
the MIAA in 1927. Last crown  
was won in 1946-47, with prior  
championships coming in 1942-43,  
1939-40, 1936-37 and 1933-34. The  
last mentioned was a co-cham-  
pionship with Alma.

No matter what happens from  
here on out, Hope's athletic year  
has been a resounding success,  
with the cage title following close  
on the heels of the football co-  
championship.

And in many ways, the bas-  
ketball squad personnel is very  
similar to Coach Al Vanderbush's  
grid squad. Hope's success in both  
cases was built on team play,  
with each performer acting as a  
complement to all the others.  
Kalamazoo Coach Dob Grow  
had little to say following his  
team's loss. "The better team won  
tonight," Grow commented. "It  
was just one of those games."

The usually excitable Hornet  
mentor was rather calm Tues-  
day. He only left the bench once  
or twice all evening.

Coach John Visser employed an  
effective method of halting Kala-  
mazoo center Manny Glasser on  
his deadly hook shots. In their  
first meeting, Glasser connected  
for 28 points. But Tuesday, Hope  
double and triple teamed the  
sophomore pivot and Glasser's  
effectiveness was greatly hamper-  
ed although he still scored 19  
points. Only three of his buckets  
came on hooks.

Hope still has its eyes on the  
dangerous Hillsdale outfit that  
comes to the Armory Saturday  
night. Last game of the season  
is next Tuesday, with traditional  
rival Calvin providing the oppo-  
sition at the Armory.

Tickets for the Hope-Calvin  
game will be available at Satur-  
day's Hillsdale game. Only a lim-  
ited number will be placed on sale.

The Albion Evening Recorder  
had an interesting note follow-  
ing Hope's build-up victory over  
the Britons Saturday night. Wrote  
sports editor George Mather:

"If Albion was doomed to lose  
the crown, there's no school that  
the Britons generally would rat-  
her lose to than to Coach John  
Visser's highly sportsman-like  
Dutchmen.... Even when the  
outfacing goes a bit sour, as it  
did Saturday night, Hope takes  
it in sportsman-like fashion."

**Famous Norway Choir's Singing  
Claimed 'Akin to That of Angels'**

The famous Singing Boys of  
Norway, who will sing in Hope  
Memorial chapel March 6 at 8:30  
p.m., has won world-wide acclaim  
for their singing, which has been  
called "akin to that of angels."

Organized in 1927 by Ragnvald  
Bjarne, present director, they  
have toured all of Europe. This  
is their first American tour, in  
celebration of their 25th anniver-  
sary.

Bjarne made a study of all  
great European boys choirs before  
deciding to organize this choir, the  
first of any major importance in  
Scandinavia.

The present touring group in-  
cludes 35 boy singers and 13 first  
and second tenors and basses.  
Each year, there are more than  
500 contestants for the 10 vacant  
places in the boys group. To be  
eligible, a boy must be at least  
10 years old, play the violin or  
piano and pass an examination  
before he is allowed to join the  
choir as an "aspirant." After six  
months, the most promising are  
given additional tests before final  
acceptance.

When they are 14 or 15, the  
boys must resign from the choir,  
and later, if they are planning a  
serious music career, they are  
allowed to rejoin in the young  
men's group. Thus, the men's  
group consists of music students,  
composers, conductors and in-  
strumentalists, many of whom  
are well-known musical person-  
alities.

Possibly most famous are the  
sopranos in the group, known  
for their unusual abilities. Star of  
this group is the sensational 11-  
year-old Pelle.

American audiences who have  
heard the Singing Boys agree

On Feb. 22, the DAR will hold its annual joint meeting with the local chapter of Sons of the Revolution.

After the business meeting, refreshments were served by the hostess committee, the Mesdames Henry Kloparsen, John Kramer, Edward Sooter, John Mikula and W. C. Vandenberg.

# Gasoline Prices Drop Half-Cent

The price of a gallon of gasoline decreased for Holland motorists this week.

The seven major gasoline distributors in the city all dropped retail prices about a half-cent a gallon on both regular and special fuels on Monday. The decrease reflects a general price lowering all the way down the line, according to company spokesmen.

The cost to motorists at most Holland stations now is 27 1/2 cents for regular gasoline and 29 1/2 cents for special gasoline.

Distributors included in the price reductions are Sunoco, Standard, Mobilgas, Gulf, Cities Service, Sinclair and Texas.

## Home Destroyed By Flames; Two Firemen Hurt

Fire of undetermined origin caused an estimated \$8,000 damage to the J. Kelly home on Lakewood Farm road late Thursday night and two firemen were injured slightly fighting the flames.

W. Morgan, who was staying at the house at the time, told firemen he went to bed about 10:30 p.m. and was awakened by a "loud noise like an explosion" about 11:40. The house was full of smoke and soon flames seemed to burst out all over the place.

He called Holland township firemen and by the time firemen arrived at the scene the roof had partially caved in.

Morgan got out but said he had "a close call."

The Kelly home is located on Lakewood farm road, two miles north of Lakewood Blvd.

Firemen said about all they were able to do was to keep the flames from spreading. A garage not too far from the house was not damaged.

Holland township called on the Park township department for assistance and Park sent its tanker to the scene. They were at the scene for about two hours.

### Mrs. Ackerburg Feted At Birthday Luncheon

Mrs. John Steininger of route 1 entertained at a birthday luncheon Wednesday afternoon in honor of her mother, Mrs. Rose Ackerburg. The table was attractively decorated with hearts and cupid's and twin birthday cakes in the Valentine theme. After the luncheon, Mrs. Ackerburg opened her gifts and birthday wishes, including flowers from Chicago.

Games and singing were enjoyed during the social afternoon.

Jack Vander Ploeg, 102 East 16th St., did it again early last week. It was back about six years ago that Vander Ploeg caught just about a record-breaking muskie in Big Bayou. His catch last week wasn't a record, but a mighty good fish. He speared a 20 pound, 42-inch northern pike in Silver lake, near Saugatuck. Vander Ploeg went to Silver lake with Bernard Sneller, 167 Dartmouth Rd. Tuesday morning. They just put their shack on the ice when Vander Ploeg made the spear. Sneller caught a five-pounder and both men said "we each missed another one." (Sentinel photo)

## Fennville Eases Past Saugatuck In Traditional Basketball Game

Fennville (Special)—In a close, hard-fought basketball game here Friday night the Fennville Blackhawks' downed arch-rival Saugatuck 43-40 to take the "rubber" game of the three-game series this season between the two schools.

Fennville had beaten Saugatuck earlier in the season, but the Indians came back a couple of weeks ago to defeat the Hawks in the Al-Van league tournament.

It was Fennville's last league game of the season. Next action for the Hawks will be Feb. 26 against Hopkins before play begins in the regional tournament at Plainwell next month.

Saugatuck plays Covert next Friday.

The big game Friday night was close and well-played all the way. Late in the first quarter the visitors jumped ahead to a five point 16-11 lead. However, Fennville soon made it up and the half ended with the count 23-20.

Fennville pranced out from 31-22 for a brief spell during the third quarter but the Indians put the brakes on and made it 31-30 at the end of that stanza.

In the final quarter, Fennville made a two pointer right off the bat and from then on that was about the difference at the end of the game. The winners made six field goals in the last quarter while Saugatuck made three baskets and four free throws.

Jack Turner and Norm Sanford split scoring honors for the winners with 9 points apiece. Others were Ned Bale, Skip Bale, and Larry Morse with 7 each; Don Martin and Ken Gunder, 2 each; Greg Crippen played a "good" game but didn't break into the scoring column.

For Saugatuck it was the Greene brothers, Burce and Kim, again leading the way. Bruce had 13 and Kim 12. Others were Bill Bale, 8; Ralph Troutman, 4; Bruce Troutman, 3.

The game was exceptionally clean all the way. Twenty-three fouls were called against Fennville and Saugatuck made 14 out of 26 charity line tosses. Just nine fouls were called against Saugatuck and Fennville made five out of nine.

There was no reserve game, but fans were treated to an inter-squad game by the Fennville seconds. The fans "got a kick out of it" and the game ended in a tie.

## Last Half Splurge By Zeeland Quint Squelches Bangor

Zeeland (Special) — Zeeland high's basketball team used an effective second-half splurge to squeek last place Bangor here Friday night, 65-41, for the Chix' fifth straight victory.

The win keeps Zeeland right behind first place Allegan in Tri-County league standings and pushes Bangor further into the cellar.

It was a comparatively close ball game for the first half as the home team looked sluggish and missed many shots.

At the end of the first quarter the count stood at 17-9 in favor of the Chix and at the half the scoreboard read Zeeland 26, Bangor 17. Then came a blistering second half that saw Zeeland slowly pull far into the lead until it was no longer a question who would win the game. The Chix were using a fast break and Zeeland players including the guards, were hitting shots from all over the place.

During that second half the home team was getting most of the rebounds and checked Bangor's offensive with a nifty shifting zone defense. On many occasions, Zeeland players would steal the ball from their

## Sixth Annual Quartet Parade Scheduled Here

Schmitt Brothers  
Of Two Rivers, Wis.,  
Scheduled March 14

The Holland chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America will sponsor its sixth annual Parade of Quartets Friday, March 14, by staging two performances at 7 and 9:15 p.m. in Holland theater.

Feature quartet this year will be the Schmitt Brothers of Two Rivers, Wis., who won the International championship in Toledo last summer in competition with the best quartets of the United States and Canada. It will be a repeat performance here for the Schmitts, although their delayed arrival last year resulted in an appearance at the second show only. The Schmitt Brothers are known for their sweet harmony, humor and stage presence.

Another featured quartet will be the Mountain Boys of Racine, Wis., one of the foremost comedy quartets in the field today. This quartet, like the Schmitt brothers, has been in great demand on parades in all sections of the country.

Another attraction will be the Grand Rapids chapter chorus consisting of 52 voices. This chorus, one of the outstanding groups of that type in the country, is directed by Francis B. Hodgeboom.

Other quartets appearing on the program will be the Hollandaires, a ladies' quartet of Holland; the Four Fathers of Muskegon; the Extension Chords of Grand Rapids; and The Four Stars, a quartet of the Holland chapter.

Holland has been nationally prominent in barber shop quartet circles for many years, particularly through Willis A. Diekema, Matt Wilson and Clarence Jalving. Diekema served three years on the international board of directors for SPEBSQSA and has arranged many quartet and chorus numbers widely used in international contests. Some of Diekema's arrangements will be used at Holland's parade May 14. Wilson has served on various committees at the international level, and edits the local chapter bulletin called "The Windmill." Jalving is treasurer of the Michigan district.

## Ada Van Haften Dies At Holland Hospital

Ada Van Haften, 68, of 271 West Eighth St., died Monday noon at Holland hospital. She was taken to the hospital last week Sunday after she was stricken at her home.

Miss Van Haften was born Jan. 13, 1884, in Grand Rapids, to the late Mr. and Mrs. Louis Van Haften. She had lived in Holland the last 15 years. She was employed as a pastry cook at Cumerford's restaurant.

Survivors include three sisters, Mrs. Frances Holmquist of Holland, Mrs. Mae Lewis of Grand Rapids and Mrs. Belle Hubbard of Miami, Fla.; two brothers, Edward and Ray Van Haften of Jamestown, and several nieces and nephews.

The Schmitt Brothers of Two Rivers, Wis., International champions among barber shop quartets, will be featured at the sixth annual Parade of Quartets March 14 in two appearances at Holland theater, sponsored by the Holland SPEBSQSA chapter. The singers, Fran, 35, Joe, 25, Paul, 23, and Jim, 21, hail from a family of 11 boys and six girls.

## International Champions To Be on Quartet Parade

The leading attraction at Holland's sixth annual Parade of Quartets in Holland theater March 14 will be the Schmitt Brothers of Two Rivers, Wis., International Champions of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America.

Comparatively new to quartet circles in the country, the four brothers joined SPEBSQSA Dec. 5, 1949, won a district championship Nov. 4, 1950, and won the international championship at Toledo last June 9.

They are Fran, 35, Joe, 25, Paul, 23, and Jim, 21, four brothers from a family of 11 boys and six girls. Their father died in 1933. He was manager of the Schmitt Lumber Co. at which the boys worked at one time or another. Their mother is living and is fast becoming an avid barbershopper. She has always been interested in music.

A brother, Ray, is the business manager and founder of the quartet. The quartet was coached and aided by John Means and Milton Detjen of the Manitowish, Wis., chapter, home chapter of the Schmitts.

The Schmitts appeared at the fifth annual parade here last year, but their late arrival cancelled their appearance at the first show.

Other headliners at the sixth annual parade will be the Mountain Boys of Racine, Wis., the Grand Rapids chapter chorus of 52 voices, the Hollandaires (ladies' quartet), the Four Fathers from Muskegon, the Extension Chords of Grand Rapids, and the Four Stars of Holland.

The shows are scheduled at 7 p.m. and 9:15 p.m.

## Charles Sligh, Jr., Raps Mushrooming Federal Spending

Asserts Average Family Pays More for Taxes Than Pays for Food

Detroit — Charles R. Sligh, Jr., Holland, told a Detroit Women's City club "family night" gathering here Thursday evening that "it takes more money from the average Michigan family's annual income to feed the federal government than it does to provide the family with their food for a year."

Sligh used the latest National Association of Manufacturers survey on cost of government in relation to family income for his facts. He is a vice president of the NAM.

Federal taxes, both direct and indirect, cost the average Michigan family approximately \$1,100 a year, Sligh said. "That same family spends about \$900 during the year in the state's food stores."

"The NAM study shows that of the total of 1,690,000 family groups in Michigan, approximately \$27,900 of them have incomes up to \$4,400 a year," Sligh said. "Some 686,100 families have incomes ranging from \$2,400 to \$4,800 a year and 676,000 families have incomes above \$4,800 a year."

Sligh pointed out that the NAM study was based on official U.S. government statistics published by the Department of Commerce and the census bureau.

Sligh said the federal government has mushroomed in the past 23 years from having 600,000 to 2 1/2 million employees and from 700 to 1,812 agencies.

"To avoid these high taxes, every man and woman in Michigan must demand, immediately, that Washington eliminate waste and extravagance in every branch of the federal government," Sligh said. "The way to demand this is by individual action and through groups and organizations."

Harry Plaggemars (left) and Peter Elzinga of Holland, proudly stand beside their catches in Acapulco, Mexico. They were fishing just four hours on Feb. 1 and came in with two sailfish, a hammerhead shark and a large dolphin. The

hammerhead shark (hanging with the boat sign attached) weighed about 75 pounds and the two sailfish ran between 80 and 85 pounds. The local men spent 10 days in Mexico, including three days at Acapulco.

## Holland Fishermen Get Big Catches in Mexico

Eight sailfish, a rare hammerhead shark and a unusually large dolphin were the catch for two local men on a fishing expedition out from Acapulco, Mexico, in the Pacific ocean on Feb. 1.

Harry Plaggemars and Peter Elzinga, both of Holland, made the catches during their recent 10-day trip to Mexico that included three days at Acapulco. They were out for just four hours when they made their catches.

They actually landed five sailfish, each nine feet long or better and averaging from 80 to 85 pounds apiece. Three more got away. However, the law reads that you can keep just two so they let the others go.

Although many sharks are caught in those waters, a hammerhead is a rare catch. They are difficult to land, but the local men finally slipped a noose around the shark and hauled the 75-pounder aboard.

Sailfish hit the bait and then look like they are dead but then they strike and run about a city block before they can be landed. It takes an average of 20 minutes to land a sailfish.

They surface and "grayhound" before they give up. Grayhound means the fish get on their tails and actually ride the top of the water. The local men have colored action pictures to remember their expedition.

Dr. James Millar of Toronto, Canada, who accompanied the local men to Mexico, was called back home while the men still were in Mexico City and didn't get to go fishing. However, Plaggemars is going to have a sailfish mounted and sent to his friend in Canada.

While in Mexico the men did considerable sightseeing and had the opportunity to meet and shake hands with the president of Mexico.

In an overtime contest, the Redskins managed to edge out the All-Stars 17-16. Tom Aye scored 14 Redskins tallies, and Ron Wiegink had eight for the losers.

In final action of the day, the Orioles had an easy time with the Globetrotters, coasting to a 28-13 win. Roger Plagenhof's 12 points were high for the winners, while Bill Tarnovich had six for the losers.

## Agent Comments On Seed Beds

Grand Haven (Special)—Farmers soon will be changing one old-time-honored practice, that of making a well worked-over seed bed when planting almost any crop. Plowing, disking, harrowing, etc. may be on the way out to a great extent, remarks L. R. Arnold, county agricultural agent.

In past years scientists have urged the making of good seed beds. This meant plowing, disking, dragging until a fine powdery surface was obtained. Dr. Cook, Michigan State college, now is refuting this theory. He has found that a once-over seed bed preparation and planting job gives yields equal to the old method.

The once-over operations have been accomplished with several different machines. For instance, a small drill attached to the plow makes it possible to plow, fit the soil and plant oats in a single operation.

The firm-well-packed seed bed may soon be scorned by farmers. Excessive tillage with heavy machinery compacts the soil, causes a loss of organic matter, causes poor drainage conditions, gives poor aeration and finally shows up in reduced yields.

Dr. Cook reports that field plot trials with various tillage implements have proved that oats, sugar beets and corn produce maximum yields on light and heavy soils where the soil is worked only sufficiently to make seed coverage possible.

## Holland All-Stars Beat Grand Haven In Polio Benefit

Before a sparse crowd at the Armory Saturday night, the Holland City basketball league All-Stars had a sweet taste of revenge for an earlier defeat by the Grand Haven City league All-Stars, when the locals scrapped their way to a close 59-54 victory.

The crowd, numbering about a couple of hundred, contributed \$65 to the March of Dimes polio drive. Admission was by donation and all parties involved, including players, doormen, police guards, the Armory board of control, referees and everyone else connected with the benefit, donated services.

The teams played on a fairly even keel early in the first quarter, but just before the end of the quarter, Holland went ahead 17-8 and was ahead the rest of the evening. Both teams scored 10 points in the second period and the score stood at 27-18. During that quarter, both sides missed numerous shots and several passes were intercepted.

The tempo speeded up in the third quarter and Grand Haven began its most determined bid to overtake the locals toward the end of the quarter when the visitors crept to within three points. Score at the end of the quarter was 45-42.

However, the locals managed to pull it out with a brief field goal flurry mid-way in the fourth quarter.

High point getter for Holland was Ken Schippers who dropped in seven long field goals for 14 points. Other local scorers were: Bill Kramer, 4; Ken DeWaard, 9; Bob Van Dyke, 11; Dale Van Dorpe, 6; Dick Nieuwsma, 6; Dale Van Dort, 5, and Paul Fortney, 4.

Leading scorers for the visitors were Ted Kjoehede and Bob Constant with 13 apiece.

In the prelude, the second team All-Stars of the city league defeated the Hope college B team.

## Snappy Hamilton Community Band Of 1909 Brings Back Old Memories

Hamilton — Whenever martial music is heard, virtually all long-timers in this vicinity hark back to the times when the Hamilton Community band played at all important gatherings for miles around.

Back in 1903 when ideas for such a band originated, the men wisely sent to Zeeland for Jake Van Voorst as an instructor and director. And it didn't take too many weeks of practice before the band was a credit to the town.

The members bought moss green uniforms to wear over stiff white shirts, and soon filled a calendar of appearance dates.

During the eight years the band held sway, there were three directors. Following Van Voorst were John Van Vyven of Holland, then John Tiefertal of Allegan. The band played at Allegan and Holland fairs every year, and were invariably on hand at Overisel's July 4 celebrations.

The band raised money for the second uniforms by staging a full fledged musicale. The new uniforms were brown suits with black braids on sleeves and collar. Some of these suits can still be found in Hamilton homes.

All but four of the 18 on the picture are still living. Gerrit Vander Kamp died in 1912, the year the band broke up. Bert Borgman was killed in a teaming accident in 1920. Ed Schaap died three years ago and Will Borgman, oldest member of the band, died last year.
