Mercury Dips To 4 Below In Holland

**Temperatures Expected
To Drop Lower With
More Snow on the Way**

Sub-zero temperatures hit Holland for the first time this season, during the weekend, and chances for any relief before Wednesday appeared quite remote.

Holland was in the throes of a cold wave which gripped the entire nation. It was 4 degrees below zero Sunday morning and 3 below early Monday according to weather Observer Charles A. Steketee at Hope College.

Despite the crisp cold, it was a beautiful bright sunny day in Holland Sunday. It started out bright and sunny Monday too, but about 10:30 a.m. snow flurries started and by noon Holland was in the midst of one of those heavy snow squalls, so common the last week or more.

Depth of snow remained at 20 inches in Holland, and the chances were that several more inches would be added. By 11 a.m. Monday the mercury had risen to 7 degrees above zero.

Predictions called for continued cold with occasional heavy snow today and Tuesday in Holland area and western Michigan. The mercury is expected to dip to 5 to 12 below zero tonight and rise to 7 to 12 above on Tuesday. Wednesday's predictions call for not quite so cold.

Long suffering employees of the street department resumed their busy schedule Monday using all equipment at hand. The winter emergency program has become commonplace by now and long hours with snow plows and the ever present challenge of keeping the streets as wide as possible is the rule of the day.

The engineering crew said people in Holland are to be complimented for their cooperation in limiting parking to one side of the street in residential areas. The simple rule is don't park on the north or east side (the sides where the fire hydrants are) unless the block already has restricted parking. These restrictions do not affect the boulevards on West 12th St., Washington Ave. or 23rd St. east of College.

These parking rules, aided by temporary "no parking" signs kept traffic moving freely at local churches Sunday.

Ottawa Polio Gifts Over \$50,000

The south half of Ottawa county has raised \$30,105.90 for polio and the north half \$20,076.87, according to reports at the annual meeting of the Ottawa County Polio Chapter Monday in Allendale. The reports were given by Co-chairmen Keith Van Harte of Holland and Carl Bidwell of Grand Haven.

The south half is about \$1,200 short of its quota of \$31,324. Reported to date by townships are: Olive, \$747.88; Zeeland, \$3,655.52; Georgetown, \$2,444.32; Port Sheldon, \$414; Blendon, \$648.50; Jamestown, \$587.90; Holland and Park, \$21,607.78.

The north half is about \$6,300 short of its assigned quota of \$26,355. The breakdown follows: Chester, \$674; Wright, \$600; Talsmadge, \$493.82; Polkton, \$1,350; Allendale, \$643.39; Crocker, \$322.09; Grand Haven, \$1,012.34; tri-cities, \$14,189; Robinson, \$292.23. The county quota was \$57,679.

Board members reelected are Charles Bugielski of Grand Haven, Mrs. Loretta De Weerd of Holland, Earl Rhodes of Conklin and Robert Andre of Jenison. Mrs. Margaret Bensinger of Zeeland was named a new member.

A film on Ottawa county polio patients was narrated by Webb Van Dokkumburg of Holland.

County officers will be named at a meeting of the board Feb. 26 in the home of Mrs. Don Lemmon in Allendale.

Ticketed in Accident

Adrian Tenhor, 20, was ticketed by Holland police for failure to yield the right of way to through traffic following an accident Tuesday at 3:17 p.m. on 13th St. between College and Columbia Aves. Police said Tenhor backed out of a driveway into the path of a car driven by John C. Bruns, 18. Both are students living at Hope College. Police estimated the damage at \$200 to each 1951 model.

Collide in Parking Lot

Cars driven by Mrs. Marjorie G. Dryer, 36, of 463 Gordon St., and Gerald Brouwer, 21, of 585 Butternut Dr., collided in the Beechwood Reformed Church parking lot at 5:30 p.m. Sunday. Both drivers told Ottawa County deputies high-piled snow prevented them from seeing each other prior to the accident. Deputies estimated the damage to Mrs. Dryer's 1955 model at \$200 and the damage to Brouwer's 1951 model at \$300.

INVESTING IN FIRE INSURANCE — While shoveling off her walk following the recent heavy snows, Mrs. Arthur Gunther, 37 East 21st St., also invests in some fire insurance by clearing out the snow around the fire hydrant at her home. As Holland Fire Chief Dick Brandt has repeatedly pointed out, such a precaution can save firemen valuable time in case of a fire. Chief Brandt requests all Holland residents to have their hydrants ready for immediate use. Mrs. Gunther is framed by one of the large piles of snow with which local residents are becoming so familiar. (Sentinel photo)

IT'S AN ILL WIND — Holland residents and motorists have had more than their fill of snow this winter, but to some it's just a ball. Tommy Harkema, 4, son of Mr. and Mrs. Justin Harkema, 99 West 19th St., thinks it's a lot of fun to slide around on the big stacks of snow piled up by the plows. So does Susan Birce, 5, daughter of Mr. and Mrs. Robert Birce, 93 West 19th St., who is waiting her turn at the top of the pile. Although the mercury dipped to 3 above this morning, the current spell of snow and cold seems to be breaking, with bright sunshine and warmer temperatures predicted. (Sentinel photo)

Your Pipes Freezing? Keep Water Running

After receiving 20 to 25 reports of frozen pipes at local homes the last few days, the Board of Public Works today issued some advice on avoiding frozen pipes.

BPW Supt. Guy E. Bell said traces of rust usually are the first sign that pipes are beginning to freeze, and he recommended that people keep a trickle of water running at night to avoid freezing. He said the cost of the water is very little compared with obtaining professional help to thaw out the pipes.

This advice comes at a time when frost is beginning to penetrate the ground, usually in areas where the thick blanket of snow has been cleared close to houses. Where snow is untouched, the ground is not frozen.

Annexation Petitions Approved

A Citizens Action Committee was organized Thursday evening at a special meeting of Federal School District residents who by 28 to 6 voted in favor of drawing up a petition to annex politically to the city of Holland.

Elmer Atman was named general chairman and James E. Nienhuis was elected co-chairman. The proposed district is bounded by 16th St. on the south, 120th Ave. on the east, Black River on the north and Fairbanks Ave. on the west, all in Holland Township.

The meeting was in charge of Atman, president of the P.T.A.

Camp Fire Groups Fete Mothers, Guests at Tea

Five hundred Holland residents enjoyed a breath of Spring Saturday afternoon when Camp Fire Girls entertained mothers and guests at a tea and fashion show in the Civic Center.

Mrs. W. F. Young welcomed the girls and their guests and Mrs. Andries Steketee asked each group to introduce honored guests. Besides the women already named additional women were honored: Mrs. Wallace Van Regenmortel, Mrs. Lloyd Van Raalte, Mrs. A. Van Dyke, Mrs. Clarence Becker, Miss Margaret Van Vyven and Mrs. Donald Rietdyk, Mrs. Victor Ambellias and Mrs. Gladys Aldrich.

Modeling uniforms "that never go out of style" were Barbara Van Tatenhove, Blue Bird; Barbara Plewes, Camp Fire and Sara Vandepoel, Horizon.

show, narrated by Mary Emma Young, was an outdoor scene with lawn furniture, sun umbrella, archway of pastel flowers and a tree. Members of Camp Fire modeled the clothes supplied by local merchants.

Blue Birds from Lincoln School provided an unexpected laugh when they marched in with their cards backwards spelling "sdril eulb."

A group of girls did an appropriate French dance and an encore under the direction of Mrs. William De Long. A Horizon quartet sang during intermission in the fashion show.

Street Crew Commended For Work

**Mayor Says Other
Cities in Snow Belt
Just Can't Compare**

Mayor Robert Visscher publicly commended the Street Department Wednesday night for its fine work in clearing streets and walks during the abnormal snowfall the last several weeks.

Speaking at the close of the regular City Council meeting, the mayor said he had had occasion to visit other cities in the snow belt and he said they had not begun to do the job the local crew has done.

The mayor commended the citizens of the community for observing the temporary parking restrictions on local streets. "This fine cooperation has probably reduced property damage and personal liability accidents," he said.

On the safety front, City Clerk Clarence Greengood reported that the traffic survey prepared by the Automobile Club of Michigan for the city of Holland, at no cost to the city, has been released and copies have been given to members of Council and other interested persons. The report was received for study and the clerk was instructed to write a letter thanking the AAA.

Council devoted considerable discussion to problems of unloading students at Junior High School and after discussing four possible solutions submitted by Safety Technician Garth Newman voted to table the subject until July 1. The issue had arisen over curb cuts and a safety zone at 16th and River in connection with a new Standard service station erected there.

Newman's report listed the following possible solutions: (1) Removing a portion of parking on 16th St. from the east entrance of Junior High east to River Ave. and establishing 16th St. between River and Pine as a one-way street from east to west from 7 a.m. to 4 p.m., conforming with the AAA recommendation that 16th St. be made one-way; (2) establishing a loading zone on 15th St. approximately 130 feet to River Ave., and making 15th St. a one-way street, west to east between River and Pine from 7 a.m. to 4 p.m.; (3) a combination of the first two points; (4) provide offstreet parking on high school property at 16th and Pine, and using 16th St. for loading.

Council also devoted considerable discussion on the city manager's recommendation that parking be eliminated on the east side of Maple Ave. between Eighth and Ninth Sts. and between 13th and 14th Sts. Council decided to eliminate parking in half of the latter block and adopted a resolution amending the traffic ordinance eliminating parking between Eighth and Ninth Sts. and the south half of the block between 13th and 14th Sts. City Manager Herb Holt pointed out that eliminating parking at Civic Center between Eighth and Ninth Sts. follows a pattern to eliminate perimeter parking on streets adjoining Civic Center block.

Councilman Henry Steffens objected to eliminating parking near Civic Center but his proposed amendment to allow parking there received no support. There was some wrangle over parliamentary procedure which City Attorney James E. Townsend clarified.

Another subject which had been tabled from last meeting was a matter of fees on civil cases in Holland Municipal Court and after a thorough explanation by Municipal Judge Cornelius vander Meulen, Council adopted a \$4 fee for such cases. The judge explained that a change in fee would make no difference in the functions of the court, but it would provide certain revenues for time-consuming services which have been done for almost ridiculously low fees.

A fourth matter which had been postponed from last meeting was an application from Freeman Construction Co. to move a house from 536 West 17th St. to 296 West 15th St. After considerable discussion Council denied the request. A factor in the rejection was the necessity to trim trees severely near Holland-Racine Shoes, Inc.

A communication from the Board of Public Works called attention to the charter provision whereby the board is charged with the responsibility of maintaining and extending utilities. In view of the long range planning involved in such improvements, the board asked that Council limit the BPW appropriation of earnings for the 1958-59 budget to \$100,000. The communication was tabled until Council begins budget study.

A letter from the Michigan Municipal League asking for an opinion on a proposal to separate the Michigan Municipal Utilities Association from the Michigan Municipal League and turn over its functions and funds to a separately incorporated association was tabled until the first meeting in March. All Councilmen were present although Councilman Raymond Holwerda arrived at 8:20 p.m. Councilman William Heeringa gave the invocation. Council adjourned at 9:40 p.m.

Snowplow Knocks Out Traffic Light

GRAND HAVEN (Special) — Grand Haven was without a traffic light at Beacon Blvd. and Fulton Saturday after a city plow hit a light pole there early Saturday. There may be a delay of as much as a week, and police asked motorists to avoid using Fulton as much as possible. Motorists entering from the south who use that intersection for factories in the east end are asked to turn at Pennoyer, Washington, Franklin or Columbus.

Temporary stop signs will be placed at the intersection, and an officer will direct traffic during rush hours.

Maplewood Names Three Committees

Maplewood School district has appointed three committees to study specific school problems as the result of a meeting called by the PTA Tuesday night. The meeting had been postponed from last week because of weather conditions.

One committee will study political annexation to Holland city; the second will study possibilities of combining with other school districts in that section of Allegan county, and the third will make a study to determine how to care for ninth graders next year. Fennville and Saugatuck schools and some others are under consideration in the latter study.

An informal vote on annexation to Holland city was taken, revealing about two-thirds of those present favored such action. The meeting was well attended and lasted 2½ hours.

The special committees will complete their reports within two weeks. Don Reek, vice president of the PTA, presided.

Henry Vander Plow reported on progress for a new elementary school and said plans are under way for filing a condemnation suit in Circuit Court next month in connection with three acres known as the Wassink property north of 40th St. between Central and College Aves. The case will involve a jury trial, Vander Plow said. He emphasized that other important decisions such as district reorganization is beyond the school board's scope to handle, and all people in the district must study the problems carefully and share in the decisions.

At a meeting of the Lakeview PTA Tuesday night, a fact finding committee was appointed to study similar problems confronting the district. Serving on the committee are Russell De Vette and Harold Scholten, co-chairmen, Dave Hansen, James Van Lente, Joe Wiersema and James Kiekinkveldt. This committee will report later to the school board.

Donald J. Oosterbaan

Death Takes D. Oosterbaan

Donald J. Oosterbaan, six-year-old son of Mr. and Mrs. Donald Oosterbaan of 276 Washington Blvd., died shortly after noon today in Holland Hospital where he was admitted early Wednesday morning. He had been ill of leukemia since last July.

The family had just returned Saturday night from a week-long visit to California where the youngster visited Disneyland. The visit had been made possible through the unselfish wish of 15-year-old Ruth Zwemer who had written to the national television program.

D. J. had stood the trip well, and his family was happy that he could realize his wish to visit Disneyland before the incurable illness took its toll. Last Friday night the family appeared in a short sequence on the TV program and told Emcee Steve Dunn of their delightful visit to Disneyland. At that time D. J. met Jon Provost, the Timmy of the Lassie program, and the two became fast friends.

D. J. became ill Monday and more seriously early Wednesday morning when he was taken to the hospital. Since his illness was diagnosed last July, he has been hospitalized in Holland and Ann Arbor on several occasions.

**Distribution Planned
Soon for 1,000 Folders
To Papers, Radio, TV**

Some 1,000 Tulip Time programs, listing 1958 festival highlights, will be distributed in the next few days, Sipp H. Houtman, Tulip Time manager, reported Tuesday at the monthly meeting of the Tulip Time committee in the Civic Center.

The first distribution will be made to newspapers, radio and television stations.

Commissioners Hearing Case

GRAND HAVEN (Special) — Probate Judge Fredrick T. Miles instructed the three commissioners to hear testimony today on a petition from Consumers Power Co. for condemnation of land in Port Sheldon township after denying a motion presented on behalf of some Port Sheldon property owners.

Gordon Wheeler, attorney for some of the property owners, presented a writ of certiorari, this morning in the Ottawa County court house, seeking to stay the proceedings for 20 days so that they would have a privilege of appealing to the Supreme Court, which Wheeler claimed, is a statutory right after a final order is made.

Wheeler felt that the order was final when the court appointed the commissioners. Miles reconsidered the statute pertaining to the appeal for an hour before denying it.

Earnest C. Brooks, chairman, of Holland, Randall M. Dekker of Zeeland and Peter Hamm of Grand Haven are the commissioners. Today's session is the first before the commissioners and involved 26 parcels of Port Sheldon property.

Consumers Powers officials in attendance at the session today included: Harry Wall, vice president in charge of electrical operations and Charles Malloch, manager of the electrical distribution and general services. Jim Kaat

... gets big chance in the Nebraska State League, was one of the "few players selected for spring training with the parent club," according to a letter Kaat received telling of his assignment.

"You have been selected because of your major league potential and it will give Manager Cookie Lavagetto an opportunity to acquaint himself with you and to observe you in action, thus determining what he has to look forward to from our farm clubs," the letter from a Senator official said.

The letter went on to say that if Lavagetto "may see in you what he likes and keep you for the pitching staff."

Kaat feels that this spring training session will be his "big chance" and he is determined, to have a "good spring training." I'm pretty happy with the chance and if I have a good spring training it could mean I could stay with the Senators or get an assignment in a higher classification," Kaat said.

He presently is the property of the Appleton, Wis. team in the Three-I league, a Class B Washington farm club. He received the assignment following his play last summer with Superior, Neb. in the Class D Nebraska State League.

Garage Roof Collapses; Car Slightly Damaged

Mr. and Mrs. Bert Groters, of 832 Butternut Dr., awoke to a sad sight Saturday morning.

The roof of their frame garage had collapsed under the heavy blanket of snow and crushed their new car.

But when a professional mover set up jacks to lift the roof, the top of the new car miraculously popped back up, and the only damage they could see was some minor scratches.

Groters had been planning to remove the snow from the garage roof on his day off Saturday. They heard a crash about 2 a.m. Saturday.

Two Cars Collide

Cars driven by Douwe Born, 26, of Grand Rapids, and John Witten, 60, of route 2, Zeeland, collided Tuesday at 4:30 p.m. at the intersection of Byron Rd. and M-21. Ottawa County deputies estimated the damage to Born's 1956 model at \$300, and the damage to Witten's 1954 model at \$250.

day but thought a neighbor's car had scraped a fence.

"We've lots to be thankful for," Mrs. Groters said. "That roof could have fallen when somebody was inside. Maybe you ought to tell the people to remove the snow from their garage roofs before something happened to them."

A party was given Saturday afternoon in honor of Johnny Flieman, III who celebrated his fourth birthday at his home, 725 First Ave. Assisting his mother was Mrs. Alan Fisher.

A Valentine theme was carried out with heart place cards, red and white table decorations and Valentines. Games were played and prizes awarded to several guests.

Those present were Gary and Debbie Fisher, Merry Lynn and Marcia Riemersma, Bobby Looman, Steven Hof and Mathew and Mark Pitcher, Terri Chambers, Ellen Pitcher and Kathy Ann and Shevonne Flieman and the honored guest.

Explains New Boat Law Coast Guard Official

Commander C. E. Leising of the Coast Guard station, Leising defined hire as taking clients out for pleasure or if a friend pays part of the cost of the trip.

Completed applications must be sent to the Coast Guard office in Ludington or to the Holland Coast Guard station.

Team inspections will be conducted at specified times and no one will be put out of operation because he does not meet all requirements, Leising said.

Inspections will be conducted by a special inspection crew of the Coast Guard, not members of the Holland station, under the jurisdiction of Commander George S. Beck of Ludington, who attended the Thursday meeting.

Priority list for inspection will be set up with first attention given those boats carrying the greatest number of passengers or in cases where safety has been questioned.

Common carrier service and private yacht clubs will be next considered and all cases will be decided on individual merits.

Leising said an "existing vessel" is one constructed before June 1, 1958. Vessels built after June, 1958 will have to comply with the new law.

March 1 is the deadline for changes in the law, Leising said. The law is public law 519.

More than 50 persons, including boat owners and interested people from Holland and other Western Michigan cities north and south of Grand Haven attended the meeting.

Robert Horner of Holland was chairman of the meeting. Ernest Phillips, William H. Vande water, Bernard Donnelly, Ken Scripsma, Casey Landman, Russel Jesiek and Lawrence Beukema attended from Holland.

Accreditation Team to Visit Holland Christian Next Week

ANN ARBOR (Special) — A team of University of Michigan professors will visit Holland Feb. 24 and 25 on the heels of a minor controversy that has flared once again concerning accreditation troubles of Holland Christian High School.

The group will meet with representatives of the Board of Trustees of the high school on Monday, Feb. 24 and the following day will visit the school, attending classes and writing reports which will be submitted to the Executive Committee of the Bureau of School Services at the university.

The committee will then decide whether or not the Christian high school will be accredited by the University of Michigan.

The controversy flared up at the university when the student newspaper early this week carried an article regarding Holland Christian being dropped from the accredited list last spring by the North Central Association of Col-

leges and Secondary Schools, an organization which accredits schools in Michigan in addition to the university.

Any secondary school dropped by the NCA is automatically put on the tentative list by the university until the school's status is determined, and the Executive Committee of the Bureau of School Services will be the group which decides whether Christian continues accredited or not.

The school was dropped from the accredited list because, according to the NCA, it failed to fulfill adequately the educational needs of all its students.

Chairman of the NCA Michigan division, Prof. Lester W. Anderson of the university's School of Education was quoted in the newspaper article as saying that the NCA dropped the school because the school's curriculum does not include courses in industrial arts or home economics but is geared mainly toward college preparation

although most of its graduates do not attend college.

Prof. Anderson said that the NCA requires that all schools which are up for approval must not only have academic programs "concerned with preparation for college," but it should also "provide for the interests, needs and abilities of all pupils."

The editor of the student paper, Peter Eckstein, then criticized editorially the action of the NCA and stated that the major purpose of accreditation "should be to insure for the colleges and universities the academic validity of a diploma from a given high school as a basis of admission."

He said "Holland Christian High is to be admired for its courageous emphasis on liberal education and for the undoubted quality of its instruction program," and that the school's stand "may well be showing more foresight than the accreditation agencies themselves."

Dutch Win 88-47; 10th MIAA Victory

Resounding with all the stops pulled, Hope College's basketball team swamped Adrian College, 88-47 in Civic Center Wednesday night and clinched a share of the MIAA championship for the second straight year.

The rout, witnessed by 1,800 fans, completely obliterated any clamor about the Dutch that might have followed the loss at Kalamazoo Saturday night.

Hope came out of a "winning lethargy" which had clung to them in prior games, including the Kalamazoo contest, and went right to

work on the job at hand, that of stopping Adrian.

And the result was one of the best displays of shooting, ball-handling, hawking and rebounding the Dutch have exhibited this year in winning 14 of 16 games, including 10 of 11 in the MIAA.

They fired 88 times and connected on 40 for 45 per cent. They pushed the ball up 44 times in each half, hitting 21 in the first half for 48 per cent and 19 in the second half for 43 per cent.

The 41-point defeat was the worst administered by the Dutch this season and completely wiped out thoughts of the 70-67 Hope win at Adrian.

Adrian fired 64 times in the game and hit 15 for 23 per cent. Leon Harper, the MIAA's leading scorer going into the contest, shot only eight times and especially felt the defensive clamps placed on him by Ray Ritsema and Paul Benes. They blocked several of his other shot attempts.

Harper made only one basket. He added three charity tosses for five points, his season's low total. Harper now has 210 points in 11 games for a 19.1 average.

Benes, while Harper was being collared, pushed through 20 points, on nine baskets and a pair of free shots, to move back into first in the individual scoring race. Benes now has 225 points for 11 games for an average of 20.5. Benes is second in total points to Calvin's Tom Newhof who has 239 in 12 games.

Ritsema and Benes shared the rebounding duties. Benes was credited with a dozen and Ritsema nine, before the two left with 9:25 remaining in the game.

Hope jumped quickly to a 12-4 lead and pushed it to 21-10 at the ten-minute mark. The margin was still more than doubled at halftime as the Dutch led, 45-21.

Hope had 66 points to Adrian's 35 at the second half ten-minute mark and Coach Russ De Vette finished the game with his reserves. He again received fine support from his bench and Hope pushed through 24 more points in the final nine minutes. Roland Schut, with four baskets, and John Kleinheksel, with three, led the last Hope surge.

Ritsema and Warren Vander Hill followed Benes with 13 points each. Ritsema hit 12 of his, six baskets in 11 tries, in the first half, while Vander Hill pumped five of 11 from the floor in the first half and added one second half basket.

Benes had nine at halftime and made 11 in the next ten minutes. Outcourt artist Bruce Stephens led Adrian with 16.

Hope made eight of 14 foul shots and Adrian 17 of 21. From the floor, the Bulldogs had six of 32 and nine of 32.

Hope can win the championship outright at Hillsdale Saturday night. The crown is the tenth for Hope. They have won five straight titles and shared four others since winning the first in 1933-4.

Allegan Okays Two Contracts

ALLEGAN (Special) — City council members awarded contracts to low bidders on elm tree spraying, automotive fleet and comprehensive public liability and property damage insurance at their meeting Monday night.

Bichler and Sons, Grand Rapids with a low bid of \$3,192, received the elm tree spraying contract for the year. Their bid amounted to \$1.09 per tree for the dormant spray and \$1.19 for summer spraying.

The Joseph Bartz Agency received contracts for both fleet and comprehensive insurance coverage. Their bid for vehicular coverage totaled \$648.97, while the total for comprehensive coverage was \$880.46.

City Manager P. H. Beauvais told council members that he had again notified Deputy Fire Marshal Walter Burns, Paw Paw, then owners of an unoccupied rooming house at 227 River street, had failed to comply with his orders.

Burns last fall ordered the owner, Mrs. Susan Smith, of Otsego, to board up the windows and tear down one outbuilding. Burns declared the structure a fire hazard after inspecting the premises last fall.

Beauvais also reported that freeze-ups of water lines from mains to homes threatened to make inroads in the water department's small fund balance. He said the department already had answered 24 such calls, at a cost of from \$6 to \$15 per call. Water lines are thawed by using a portable generator, set up to heat the line with a low-voltage, high-ampere circuit.

Collide at Intersection

Cars driven by Herman Bussies, 58, of Grand Rapids, and Wigger Van Halm, 25, of Grand Rapids, collided Friday at 9:35 a.m. at the intersection of Port Sheldon Rd. and 48th St. Ottawa County deputies said Bussies' 1949 model was damaged in excess of its value, and estimated the damage to Van Halm's 1954 model at \$100.

FRIEND IN A STRANGE WORLD — Three little German sisters found a friend they could talk to when they visited the fourth grade German class at Washington School and met Mrs. Raymond Klomprens. The little girls came to Holland to stay with their grandmother, Mrs. Reka Trickle of 458 West 19th St., until the arrival of their parents in

the United States. They arrived in Grand Rapids Thursday night without being able to speak or understand a word of English. Here Mrs. Klomprens holds Lydia, 7, on her lap while twins, Isolde and Gisela, 9, sit on the right. "Grandma" Trickle is seated on the left.

Three Little German Girls Begin Life in New Country

Valentine's day marked the beginning of a whole new way of life for three little girls in Holland. It was their first day in a new country.

The twins, Isolde and Gisela, 9, and their sister Lydia, 7, had come all the way from their home in Germany to live with their unseen grandmother, Mrs. Reka Trickle, better known as "Grandma," of 458 West 19th St. in Holland Thursday night they arrived at the airport in Grand Rapids.

Without being able to speak or understand a word of English, the sisters had made the trip to a new country. First there was the train they boarded in their hometown, Schweinfurt, which took them to Frankfurt where they caught a plane to New York. In New York with the aid of the stewardesses they changed planes and continued to Chicago where they changed again, and then to Grand Rapids and a new world for three little German girls.

Isolde, Gisela, and Lydia Gerhard are the stepdaughters of Sp-3 Sam Trickle. "Grandma" Trickle's son, who is married to a German woman. The sisters expect their mother and father to arrive in Holland on March 15. Sp-3 Trickle will then be stationed somewhere in the United States.

Friday the little girls who had been unable to communicate with anyone since arriving here, visited Mrs. Raymond Klomprens and her fourth grade German class at Washington School. Thrilled to find persons they could talk to, the sisters joined the class in the singing of German songs and shared Valentine candy at the class party. And through it all "Grandma" Trickle gazed proudly down at her new little charges—just three more to add to the brood that call her Grandma.

Optimists Will Convene Here

Plans for the 1958 District Optimist convention for the State of Michigan to be held May 22 through 24 are in full operation. It was announced by Webb VanDokkumburg, president of the Holland Optimist Club, and Donald G. Cochran, president of the Holland Optimist Breakfast Club.

This is the second time that Holland will have the honor of hosting the convention for the 17th District of Optimist International, the first time being in 1955. This year approximately 400 visiting Optimists are expected to attend.

A great deal of pressure was brought on the convention city committee at the last convention to have Holland repeat as host city, so that all other towns withdrew their requests to have the convention.

There will be a full program for the wives of the attending Optimists which will include tours of the local plants, shopping tours and participation in some of the major events. A golf tournament for the men will precede the convention and will be held at the American Legion Country Club.

Headquarters will be the Warm Friend Tavern, with meetings being held in the Holland Civic Center. Members of both the Breakfast and Noon Optimist Clubs will act as committee members, and will be announced later.

GRAND HAVEN (Special) — Marvin J. Knoll, 42, and George Zylstra, 38, both of Grand Rapids, were arraigned before Justice Lawrence De Witt Friday afternoon following their arrest at Pottawatomi Bayou by Conservation Officer Harold Bowditch. Little Dutch Lose 3rd Game

Holland High's reserve basketball team fell behind by 20 points early in the third quarter against Benton Harbor at Civic Center Thursday night but came back in the fourth period before losing a 56-46 decision.

It was Holland's third loss of the season against 10 wins. The Dutch trimmed the 20-point margin to five points in the last quarter before the Little Tigers, who defeated Holland earlier, put on a spurt to win.

Holland led at the end of the first quarter 13-11 but had trouble hitting in the second quarter and trailed 30-16 at halftime. The Dutch hit only five of 33 shots in the first half. The third period score favored Benton Harbor, 47-26.

Steve Groeters led Holland with 15 while Ralph Lawson had 10. Ed Lonchi and Burton Wiersma each had six and Rice made five. Harley Hill and Dave Van Eerden each had two to round out the scoring. Anderson dumped 18 for the winners.

Little Maroons Lose in Thriller

A basket in the last 30 seconds of play gave the Grand Rapids Christian reserve squad a 54-53 win over the Holland Christian Little Maroons, Friday night on the Civic Center court in a real thriller. The locals now have an 11-4 mark for season play.

The contest was nip and tuck throughout with both clubs holding leads periodically. It was basket trading throughout much of the first half with the Little Eagles holding a 17-14 first quarter lead, but the Dutch tying the count at 33-33 at halftime. The contest was marred by frequent fouls on both sides to key players. Both coaches were forced to play reserve strength throughout much of the tilt.

Grand Rapids led 47-40 at the third quarter and upped it to 49 before the locals made their bid. Christian finally took the lead 53-52 and had a chance for two foul shots before Grand Rapids' basket.

Ben Bonseelaar led the Dutch with 12 markers, followed by Frank Visser with 10, Allen Disselkoen with nine, Henry Sterken with eight, Ken Walters with six, Bob Kapenga and Jim Smits with four each. Karl Dykerhouse led Grand Rapids with 18.

Hope Receives Grant of \$2,300

Hope College has announced that Dr. P.G. Crook, assistant professor of biology at Hope has received a grant of \$2,300 from the National Cancer Institute, for research in to the effect of hormones on cell function. The project grew out of some work that Dr. Crook did last summer at Emory University under the sponsorship of the American Physiological Society.

The money will be used to purchase equipment needed in research on cell physiology including a colorimeter, pH meter, Warburg apparatus, constant temperature incubator, high speed centrifuge, and recording gear for radioactive tracer work. This year the funds will be used only for equipment. If results permit, subsequent grants will include funds for employing student help. Most of the equipment will also be used in regular class experiments in physiology, bacteriology, clinical methods, etc.

The Cancer Institute is particularly interested in Dr. Crook's project because some cancers respond rather dramatically to hormone treatment. This work might shed light on the fundamental reason, and show the way to approach other types of cancer. This early work is strictly exploratory.

Dr. Crook, a graduate of the University of Maryland, received his doctor's degree from Pennsylvania State University in 1955 and came to Hope College two years ago.

Mrs. Dorothy Skutnik, 251 West 17th St., was ticketed by police for interfering with through traffic following an accident at 11:40 a.m. on Central Ave. just south of 12th St.

Police said a car driven by Timothy T. Toyne, 16, of 83 East 24th St., was headed north on Central Ave. when Mrs. Skutnik opened the door of her parked car directly in front of him. Toyne swerved to the left, police said, and collided with a truck driven by Glenn E. Bonseelaar, 23, of 21 West 32nd St., headed south.

Police said damage to the truck was minor but estimated damage to Toyne's 1953 model at \$200. Police Chief Jacob Van Hoff asks motorists to check for traffic before opening car doors on the driver's side.

Advise Drivers to Stop At Every Intersection

A suggestion that local motorists treat every corner as a four-way stop street while large piles of snow limit vision at the corners came Friday from Holland Police Chief Jacob Van Hoff.

The recommendation is approval of an idea voiced by Muskegon Police Chief Fred E. Castenholz, but Chief Van Hoff does make an exception for through streets. Snow stacked up as high as 10 feet by the snow plows has resulted in many intersection accidents, the chief said, where neither driver saw the other until it was too late.

Superintendent Lloyd Van Raalte of the Beechwood No. 1 school on Howard Ave. reported Friday the school was entered sometime Thursday night by vandals apparently looking for something to eat. Harrington School received a similar visit Wednesday night. Ottawa County deputies are investigating both break-ins.

Probably nothing but crackers was eaten at the Beechwood school, deputies said, but some \$35 damage was done in the kitchen and food storeroom where canned tomatoes were slashed open and smeared around and a 100-pound sack of beans was slit open.

Superintendent Van Raalte said two large butcher knives were taken from the building. Deputies said it is not known how the vandals gained entrance.

Grand Haven Tests Radar

GRAND HAVEN (Special)—Test radar warning equipment was set up Thursday on Five-Mile hill by an Army crew. The test, conducted by the Chicago Nike base, was expected to be held this afternoon. The field unit radar, used in combat, was carried to the site by bulldozer, trucks and toboggan so the crew of eight could erect it for a test.

A city bulldozer cleared a path up the road Wednesday and Thursday morning plowing two equipment-laden Army trucks as far as it could. The equipment was then transferred to a toboggan or carried by the men.

The equipment is being set up to find out if the site is a satisfactory base for the advanced radar station which will scan the skies for enemy planes and send the information to Nike missile bases in Chicago and Milwaukee.

Rotary Club Members Hear Industrial Talk

Robert T. De Vore, midwest district manager of the Du Pont Company's Extension Division spoke to the Holland Rotary Club at their weekly luncheon meeting Thursday at the Warm Friend Tavern.

"Unmatched industrial and agricultural productivity remains the basic capability of our country and makes it fundamentally the strongest of the adversaries of the cold war," De Vore said.

The speaker called attention to recent reports that productivity in Russia is increasing at a faster rate than in the United States and warned that high individual and corporate taxes in this country discourage the large new outlays for research and investment necessary for the development of more efficient tools and methods of production.

De Vore is a former magazine and newspaper writer, graduate of the University of Michigan and a resident of Evanston, Ill. The speech was well received by the Rotarians, according to Charles Cooper, program chairman.

A PLAN WORTH LOOKING AT
An Upper Peninsula legislator, D. J. Massoglia, is the author of an idea to get funds for much needed improvements in the state parks. His plan may not prove to be as good as it looks, but it is at least worth looking at.

It is worth looking at because the other methods open to the legislature to take care of this undoubted want are less than attractive to the people of Michigan. The plan of the U. P. legislator is an alternative to unpopular proposals.

Those proposals are: (1) Charge entrance fees to pay for park improvements; (2) A bond issue. Both of those remedies for something that is badly needed have a bitter taste.

Rep. Massoglia's proposed bill simply provides that the Conservation Department be given the right to obtain between two and five million dollars by selling state-owned land. Michigan now owns an area that is about one seventh of the area of the state. By selling off excess land, in no case more than 10 per cent in any county, enough money could be obtained to take care of the improvement of present parks and building additional ones. At least so the originator of the plan asserts.

An added advantage would be that the land thus returned to private ownership would be put back on the tax rolls. Instead of being a dead asset in terms of taxes it would be income-producing property for the people of Michigan.

If and when the bill comes up for legislative consideration, there may be bugs in it that are not immediately apparent. All that the people of Michigan can do at the moment is get posted on the proposal so that they can pass judgment on it intelligently.

This proposal is of interest to most of the 83 counties of the state. Ottawa and Allegan counties, as examples, have a considerable acreage of this type of land. Would the people of this area prefer such a plan to one of the two alternatives? Or would they rather pay an entrance fee every time they visit the state parks at Holland and Grand Haven and areas in Allegan county, or else vote a bond issue?

It is certain that the need for state park improvement is great. Where is the money to come from? That question is worth thinking about. What are your ideas? Please hold your opinion letters to 300 words or less. Sign your name and address.

The Church at Worship
Matthew 18:19-20; John 4:23-24;
Acts 1:12-14; Colossians 3:16-17
By C. P. Dame

(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. and used by permission.) We have studied the teaching and preaching function of the church and now we will give thought to the worship of the church. Worship is slighted by many people but according to God's Word it is highly important. It has been said that worship is the church on its knees and that is a good thing.

I. United prayer is important. The first passage of the lesson is from the gospel of Matthew, the former publican who became a disciple and an apostle of Jesus. The Lord says that if two disciples agree "as touching any thing that they shall ask, it shall be done for them of the father." The disciples must be in accord and of course they must be in harmony with the will of the Lord. These words of Jesus tell us how important it is that his disciples should be in agreement with each other. The Lord also states that when two or three are gathered in his name, that he is there. Mark well that Jesus does not state a promise but a fact—note his word, "there am I in the midst of them." No matter how small the worship service may be Jesus is there.

II. God is a Spirit. This must be born in mind when we worship God. Jesus said some wonderful truths to individuals. The second passage taken from John's Gospel tells about the conversation Jesus had with the Samaritan woman who said something to Jesus about two places of worship—Mt. Gerizim or Jerusalem. Jesus told her that the Jews have the true manner of worship but adds that the time is coming when the true worshippers will worship the Father in spirit and in truth. God is pleased with a spiritual worship, because he is a Spirit. A worship service which consists of the formal, cold performance of rites and ceremonies from which the heart is absent is displeasing to God. Worship must not be looked upon solely as a duty but as a delight.

III. Prayer is important in worship. The third part of the lesson text is taken from the Book of Acts. The disciples had witnessed the ascension of Jesus who had told them before leaving them to go to Jerusalem and remain there until the coming of the Holy Spirit. The disciples met in the upper room which most likely was a room in the house of Mary, the mother of John Mark.

Luke mentions the eleven apostles who were at this gathering and names Mary the mother of Jesus—other women were present but their names are not given. Women got interested early in the ministry of Jesus. "These all continued with one accord in prayer and supplication"—the whole group, men and women, all were engaged in prayer. There was little wealth, prestige, influence—learning in that group but there was spiritual power there. The great need in the church of today is prayer. When a church prays the church prospers.

IV. A congregation at worship pleases God. The last passage of the lesson is from Paul's epistle to the Colossians, an epistle which Paul wrote when he was a prisoner in his hired room in Rome. Church members today need what the church members of Paul's day needed. Some of the phrases Paul uses deserve thought. "Let the word of Christ dwell in you richly." Surely that is essential to Christian living. We are to teach and admonish each other and sing "with grace in your hearts to the Lord" and to "do all in the name of the Lord Jesus, giving thanks to God and the Father by him."

Paul urged the Christians in Colossae to teach one another for the purpose of edification. Christians need each other and they can contribute much to each other if they are possessed by the spirit of Christ. There is much opposition to the faith and we must stand, work, battle with one accord and thus glorify God.

Heinz Plant Takes Shape

The large steel skeleton of the new H. J. Heinz Co. plant has been taking shape daily on its West 16th St. site and Holland area residents have viewed with interest its formation as each new limb was placed into position.

Construction of the steel framework is scheduled to be completed late last week if the weather cooperates, C. B. McCormick, plant general manager, said Saturday.

The new building will consolidate the manufacturing and storage sections of the local plant, McCormick said. All of the filling lines will be located on one floor and all of the storage will be on one floor. Presently the operations are scattered in several different locations.

Following the finishing of the steel framework, attention will be turned toward the completion of the interior of the new structure. The east half of the new building will have three stories. The vinegar making department will be located on the top floor.

Filling lines will be housed on the second floor and all of the lower floor space will be used for storage.

The western one-story portion of the building is located parallel to the present red brick building on 16th St. The tie-in of the two buildings will allow for the present building to also be used for storage and shipping.

The other buildings used in the operation of the Heinz Co. will remain the same and in the same location.

Little Maroons Whip Zeeland

ZEELAND (Special) — Holland Christian's reserve squad had things their own way here, Tuesday night as they overpowered the Zeeland second team, 64-41. The win was Christian's 12th compared to four losses so far this season. Christian jumped off to an early lead and never were headed in the contest. The Chix used a zone defense, but the Little Maroons riddled it with some good passing and fine shooting to take a 13-4 lead at the first quarter and 37-13 at halftime.

The Chix dropped their zone in the second half as reserves played a good portion of the remainder of the tilt for the locals. A total of 14 players got into the game for the Dutch. The Hollanders led 53-26 going into the final period.

The biggest lead enjoyed by the locals in the contest was a 28 point margin during parts of the third period.

The Dutch led all the way with quarter marks of 10-7, 18-13 and 27-26. Holland made 17 of 23 free throws. Ben Farabee was high point man with 18 and also stood out on rebounding. Rog Buurma followed with 14.

The Civic Concert series campaign closed in Holland Saturday night with more than 2,000 members signing up for the 1958-59 series which will feature six concerts in Civic Center by performers of outstanding talent.

In spite of severe snow and cold, workers telephoned and personally called on both old members and prospective new members so that another big concert series could be possible.

On the strength of the results of talent ballots submitted by members of the Holland Civic Music Association, the 1958-59 concert series will include the following:

1. The National Symphony Orchestra, Howard Mitchell, conductor.
2. The Singing Boys of Mexico, large vocal ensemble, costumes, etc.
3. Eger Players, chamber music, French horn and strings.
4. Ferrante and Teicher, duo piano team which appeared in Holland three years ago and made a hit with the local audience.
5. Goya and Matteo, dance team giving folk dances of many lands.
6. National Artist's Symphonette with Amparo Irtubi, pianist sister of Jose Irtubi and considered a finer pianist by many critics.

Results of the talent ballot had been tallied as follows: orchestra, 735; vocal ensemble, 527; chamber music group, 471; duo piano, 429; dance attraction, 378; violin, 308.

Campaign chairman this year was Mrs. Dorothy Ness, assisted by Mrs. Marian Fleischer and Mrs. Ann Stanton. Division captains were Frank Schwarz, Bernice Bishop, Mrs. Marguerite Prins, Mrs. Betty Plasman of Zeeland, Gerry Dykman, Robert Gooding of Ganges and Frank Fleischer.

Membership tickets will be mailed to all new members as soon as concert dates have been arranged at Civic Center. This booking will probably not be completed until September. Memberships from as far north as Muskegon, as far east as Grand Rapids and as far south as South Haven were obtained. The new season calls for an operating budget of over \$10,000, same as this year.

Officers of the association for the past year have been Arthur C. Hills, president; Morette Rider, vice president; Clarence Jaling, treasurer, and Mrs. Arthur C. Yost, secretary.

Hornets Lead Entire Game In 70-53 Win

KALAMAZOO (Special) — A fired-up, sharpshooting band of Kalamazoo College basketball players pulled the biggest upset in MIAA play so far this season with a 70-53 victory over Hope College before 1,500 fans here Saturday night.

The Hornets, who lost to seventh place Alma three nights before, were determined to put the bee on Hope. And they controlled play from the first point and never trailed in the contest.

The loss was Hope's first in 10 MIAA starts and left them with a 9-1 record. Kalamazoo is in third with 6-4 and Calvin is runnerup with an 8-3 mark. Hope is 13-2 overall.

Treadway Gym has always been a hex on MIAA teams and Hope has not escaped it. The Hornets have only lost one MIAA game in Treadway in the past three years and that was last season to Hope. Coach Ray Steffen, now in his third year as Kalamazoo coach, has compiled a 25-4 home record.

The Hornets took 68 shots in the game and connected on 28 for 41 per cent. Hope fired 88 times and hit on 21 for 24 per cent.

Setting the ball up and rotating to work a man open was the chief Kalamazoo offensive threat. This was helped by some strong shooting from behind the foul circle by Walt Maser, 6' 5" Kalamazoo center, who led his team with 21 points.

In the first eight minutes, Kalamazoo took a 19-9 lead but Hope cut the margin to 22-16 at the ten-

minute mark. With about five minutes left in the first half, the Hornets led 33-19. Paul Benes came through with nine points and Wayne Vriesman, two, to narrow the count to 39-30 at half.

The Dutch looked like a new club starting the second half and succeeded in pulling within two points of the winners. Hope outscored Kalamazoo, 11-6 in the first ten minutes of the second half and trailed 45-41.

Benes pushed through a layup at 9:53 to make the score 45-43 and the Dutch appeared on the way. But then they became victims of some of the best shooting seen this season.

In the next eight minutes, the Hornets fired 12 times and made 10 baskets, three each by Bob Brice, who ended with 20 points in the game, Maser and John Thompson and one by Bob Fletcher.

In the same period of time, Hope picked up 15 shots but could only sink four, two by Benes and one each by Warren Vander Hill and Dwayne Teusink. Many of the missed shots were tipped the ball from one side to the other of the basket, only to have the ball recovered by Kalamazoo.

The Mornet and Hope regulars left at 1:20 with the score, 68-51. Jack Kemper and Alis Grinbergs added the final baskets for the two teams.

Hope's rebounding suffered because of Ritsema's sprained ankle. He started the game and played periodically but couldn't put his full weight on the foot and this curtailed his effectiveness.

Wayne Vriesman filled in for Ritsema and helped out Benes with the rebounding. Benes led Hope with 20 points while Ritsema followed with eight and Jun Buursma and Vander Hill each made seven.

The Dutch made 11 for 41 in the first half and 10 for 47 in the second half. The Hornets had halves of 14-38 and 14 for 30.

Dutch Lose 54-44 to Top Ranked Team

A giant step in Coach Bob Connell's building program was taken Thursday night as Holland High's basketball team scrapped all the way with Benton Harbor before dropping a 54-44 decision to Michigan's No. 1 Class A team.

Connell chose to battle the Tigers for the most part with a group of juniors and two sophomores, both called up this week from the reserves.

Realizing that he must salvage what he can from this season, which has seen Holland lose 12 of 13 games, Connell played his juniors predominately and gave the two sophomores plenty of "under fire" experience.

Ron Maat, 5'9" sophomore, started at one of the guards and displayed some good ball handling and added two quick baskets in the third quarter.

Glenn Van Wieren, 6' sophomore, entered the contest with four minutes to go in the third quarter. After getting his bearings, he pumped four baskets in the final period and was nosed out for scoring honors by one point, junior Ted Walters, Holland's leading scorer.

Connell played five juniors for about half of the second quarter and they took care of the 12 points the Dutch garnered in the period.

For the final 12 minutes of the game he continued to use his underclassmen, and both Van Wieren and Maat finished out the game.

Holland outscored the Tigers in the second half, 24-22 and enjoyed a fourth quarter spread of 15-10. The Dutch made 11 of 22 shots in the second half for 50 per cent. They made seven of 10 in the fourth period.

The Dutch made 43 of 47 shots in the game for 91 per cent and the winners came out with 20 baskets in 60 attempts for 32 per cent.

Benton Harbor led the entire game and had its best quarter in the first period, with seven of 18 shots, and took a 19-8 lead after leading at one point, 15-4. They were paced in the first quarter by Ron Lange who made four baskets in five attempts.

Each team scored 12 points in the second quarter and the Tigers led 31-20 at halftime. Holland had a first half shooting mark of nine for 25 for 36 per cent and Benton Harbor, 12 of 36 for 33 per cent. The Dutch sank five of 14 in the second period and the Tigers, 5-18.

The Tigers, led by 6'6" Chester Walker's eight points, outscored Holland 12-9 in the third quarter and led at the canto's close, 42-29. Benton Harbor's rebounding made the difference in the game. Both teams played a sagging man-to-man defense, but with Walker's size and Yarbrough's agility, the Tigers were able to control the boards. Walker led the Tigers with 17.

Holland's lack of a big man on the board hindered Maat's speed on the break. But a few times junior Ron Dorgelo came through with rebounds and was able to get the ball down the floor. Maat made one basket on a fast break.

The Tigers, who chalked up their 11th straight win, were definitely down. It probably was the feared "staleness" that hits a winner plus the letdown following the Muskegon Heights game last week.

Holland made the last seven points of the game as Benton Harbor reached 54-35 lead with two minutes to go and failed to score again.

The Dutch only hit four of 15 free shots and the Tigers cashed in on nine of 15.

Holland goes after its second win of the season against Grand Haven in Civic Center next Friday night.

5 Youths Admit Holdup, Robbery

GRAND HAVEN (Special) — Five Tri-City teenagers, ranging in age from 14 to 16, Tuesday afternoon admitted holding up and robbing a South Haven area restaurant Monday night during a driving snowstorm.

The five implicated Gerald Barnett, 22, of West Spring Lake, who was taken off a bus in Lansing as he headed to Detroit to take a pre-induction physical examination.

Ottawa County Probate Court waived jurisdiction over Harry Loveland, 15, Grand Haven, Frederick Talquist, 15, and Daryl Gankema, 16, and all were returned to South Haven where armed robbery warrants have been issued against them. The two 14-year-olds will face Probate Court.

The youths were captured by two officers early Tuesday in a warehouse on Davis St. owned by the Van Zyl Lumber Co.

Officers said the five broke into the warehouse to get warm after they returned from South Haven via US-131 and Grand Rapids. They were first spotted by a 14-year-old newsboy who went to pick up his papers.

One of the youths fired a revolver shot through the ceiling to scare the newsboy. They later said they thought he was a policeman and were ready to jump him with a knife if they missed him with bullets.

A short time later, Thomas McKinnon of Grand Haven, in charge of the newsboys, arrived and spotted the group. One of them was attempting to hide a gun.

The boys asked to stay in the building to get warm. After saying it was okay, McKinnon went directly to police headquarters and alerted officers.

Officer Donald Tague, formerly of Holland, and Grand Haven's newest officer, arrived and picked up four of the youths in the warehouse. The fifth, still armed with the gun, fled back farther inside the warehouse.

Sgt. Joseph Domanski arrived a few minutes later and the last youth surrendered. The gun was later found inside the warehouse. Chief Richard Klempel praised the officers for their alertness in apprehending the youths.

Two of the youths are presently on probation from Ottawa County Probate Court for their part in the burglary of Kooiman's Sports Shop several weeks ago.

A steering committee of representatives from the egg and meat divisions, the state Agricultural Service, consumers, and Chambers of Commerce, was formed at the meeting.

Committee members are Arthur Nielsen, James White, Jay Jansen, G. M. Moore, Bob Borst, Homer Patterson, Richard Dirks and George Schutmaat. Mrs. Hayes Tells Library Needs

Mrs. Hazel Hayes, city librarian, presented the needs of the public library to the members of the Holland Exchange Club at their noon luncheon Monday. She was introduced by Carroll Norlin.

Mrs. Hayes said that our library has been considered one of the essential city services since the founding of the community by Dr. Van Raalte. The first library was located on the second floor of the fire house and has been on a second floor ever since. She said, "It is time that it came down and had a building of its own."

During the past four years circulation in the library has increased 108 per cent, making a total of 13,118 borrowers. The library has been crowded since 1939 and there is no room for the vital equipment which would be available if it could be housed.

In addition to books, the library now also loans films, film strips and records. Mrs. Hayes said that state officials predict that Ottawa, Kent and Muskegon counties will become a huge metropolitan area with the city of Holland as its focal point. Our county library facilities are now adequate for only one-fourth of the population within its borders.

Mel Van Tatenhove presided. Bob Arendshorst was welcomed as a new member. George Pelgrim asked for support of the Home Show since that is the source of income for the Good-fellows Foundation. Maroons Get Good Work From Reserves

ZEELAND (Special) — Reserve strength paid off for Holland Christian's cage squad here Tuesday night as the Maroons downed the Zeeland Chix, 57-50 before an overflow crowd of 2,100 fans in the beautiful new Chix gymnasium. The locals now have a 14-2 mark while the Zeelanders have a 11-2 record, both losses coming at the hands of the Dutch.

Coach Art Tuls' Maroons gave a fine exhibition of team play as four reserves, including two sophomores, came up off the bench to pull away from the Chix in a pressure-packed contest.

With three regulars, Warren Otte, Jim Hulst and Dan Bos forced to sit out as early as part of the second quarter because of three fouls, the subs came through in terrific fashion. As Tuls said after the game, "They were tremendous especially coming through for such a long period and under plenty of pressure."

The Dutch mentor started all of his regulars to open the second half, but all three picked up their fourth foul in the first three minutes of the third period. This paved the way for Vern Wedeven, a sophomore and two seniors, Jim Kool and Bob Klingenberg, along with regulars Jim Meurer and Cal Klaasen to carry on.

Jack Bouman, another soph. had played most of the second quarter in a substitute role. The patched-up lineup pulled out to 1

US-31 IMPASSABLE — State troopers of the Grand Haven post Monday at 2 p.m. established a roadblock on US-31 south of Holland at the bypass, telling motorists that the road was impassable due to drifting snow. Workers bound for homes in the Saugatuck

area were allowed to pass, with a warning to put on their lights and drive with extreme care, since visibility was virtually zero. Drivers bound for points farther south were rerouted by way of Grand Rapids and US-131. Trooper Bill Hahn, above, allowed the Saugatuck driver to go on.

Lower Peninsula Trunklines Open

All state trunklines in the Lower Peninsula were open to traffic Tuesday, according to a report from the South Haven State Police Post.

The State Police blockade imposed on US-31 south of Holland and down to South Haven Monday at 2 p.m. was lifted four hours later, when stalled cars had been pulled out and snow plows had opened the road.

Highways are slippery and dangerous throughout the Lower Peninsula, State Police said, and strong winds are continuing to blow snow over the roads. Visibility is reported poor in some sections.

US-31 traffic southbound for Chicago is still being rerouted around Michigan City, Ind., by way of South Bend, police said.

County roads in the southwest portion of the state are reported generally impassable. State Police said most of the state trunklines in the Upper Peninsula have been closed by snow.

While Holland enjoyed sunshine this morning, heavy snows were reported at the Van Buren-Berrien County line. Light snow was reported by the State Police at South Haven.

In some areas of the state, highway travel was limited to one-way traffic on snow-narrowed roads.

Part of the tieup on US-31 was caused by a car and semi-trailer truck collision at the bridge at Saugatuck at 2:10 p.m. Monday.

State police said a car driven by Kenneth Weiland, 33, of Saugatuck, headed south on US-31, had been stopped by officers at the blockade. The semi, following behind, was unable to stop, collided with the car and jackknifed across the road, police said.

The truck was driven by Charles Froman Jr., 41, of Grand Rapids. Officers estimated the damage to Weiland's 1953 model at \$400 and the damage to the truck at \$300. Froman was treated at Douglas Hospital for facial cuts and released, officers said.

The Pfeiffer's team was bowling against Holland Bowling Lanes and this quintet picked up a respectable 2,637. The teams bowled at Holland Bowling Lanes.

Will De Neff led the winners with 654 on games of 205, 218 and 231. Lou Farkas followed with a 635 (192, 255 and 188). The 255 game was the highest single game.

Hope Prepares For Adrian

Coach Russ De Vette cracked the whip over his Hope College basketball team Monday afternoon in Civic Center in an attempt to quickly clear up some of the points missed in the loss at Kalamazoo Saturday night.

Hope entertains Adrian College here Wednesday night at 8 p.m. in Civic Center and the Bulldogs will have somewhat of a "new look" since the first meeting of the two clubs.

The Dutch nipped Adrian, 70-67 in the first meeting with Vince Giles, Adrian freshman, being the biggest trouble. Giles was one of four Bulldogs to be declared ineligible at the close of the first semester.

Jun Buursma, who was bumped from a starting position after the holidays, will get the nod against Adrian at one of the guard spots. He will team with Captain Dwayne Teusink.

Warren Vander Hill and Ray Ritsma will be at the forwards and Paul Benes at center. Ritsma worked out Monday and the sprained ankle he received Friday has responded.

De Vette figures the man that must be stopped is Leon Harper, 6' 3" senior and presently averaging more than 20 points a game in MIAA play. Harper is expected to operate at center.

Harper, also a top football player, is well known to Holland area fans and is one of Adrian's all-time athletes.

Benes, who did a good job of stopping Harper in the second half of the first game, will probably draw the assignment.

Coach Greg Arbaugh, in his first year at Adrian, has revamped his lineup to include 6' 2" senior John Pavelko and 6' senior Fred Hobart at the forwards with Harper at center and freshman Ray Rolley and junior Bruce Stephens at guards.

The Bulldogs have a 10-6 record, with the six defeats received in MIAA play. They have won four league games. Hope is 9-1 in the league.

The Rev. Gerard Van Groningen performed the double ring ceremony at 7:30 p.m.

The bride is the daughter of Mr. and Mrs. Clarence Schamper, route 1, Zeeland and the groom's parents are Mr. and Mrs. Jake Schra of route 1, Hamilton.

The bride, given in marriage by her father, wore a gown fashioned of alternate ruffles of lace and net over satin. The bodice of lace over satin featured a mandarin collar and long sleeves that tapered to points over the wrists. Her veil was held in place by a satin cap trimmed with sequins. She carried a white Bible with white roses and satin streamers.

The bride's sister, Judy Schamper, as maid of honor, was attired in a light blue dress, fashioned with a strapless bodice and net stole. The skirt was designed with rows of lace over taffeta. She carried a colonial bouquet of pink and white carnations.

The bride's cousin, Holly Wolters, dressed in a short sleeved white gown of net and lace with a large satin bow in the back, served as flower girl. The basket which she carried contained pink and white rose petals. Russell Schamper, brother of the bride, was ring bearer. He wore light trousers and a navy coat and carried the

rings on a satin pillow. Assisting the groom as best man was his brother, Gene Schra. Ushers were Gary Schamper, brother of the bride, and Junior Boerman, cousin of the groom.

Wedding music was played by Miss Nancy Kridler and soloist, Mrs. Nick Ouwinga sang "O Promise Me" and the "Lord's Prayer."

After her daughter's wedding Mrs. Schamper selected a navy blue dress with mauve trim and navy and mauve accessories. The groom's mother chose a navy dress with white and navy accessories. Both mothers had corsages of pink roses and white carnations.

After the ceremony the newlyweds greeted 120 guests at a reception in the church basement. Serving punch were the Misses Joyce and Sharon De Vries. Gifts were arranged by the Misses Janet and Eleanor Mulder and John Schamper was in charge of the guest book. Mr. and Mrs. Harris Nyboer were master and mistress of ceremonies.

For a wedding trip to New York City the new Mrs. Schra changed to a brown, two-piece ensemble, beige coat and brown and mauve accessories. She wore the corsage from her bridal bouquet. The couple now are making their home at 76½ West 18th St.

The bride, a graduate of Zeeland High School, is employed at Zeeland State Bank. The groom who is employed by Edward Jaarda, was graduated from Allegan High School.

First Night Play Audience Small But Enthusiastic

Like many another scheduled gathering, the first performance of this year's Holland High school senior play was a victim of the storm Monday night.

But what the slightly more than half-full auditorium lacked in numbers, is made up in enthusiasm for "Father of the Bride," a three-act comedy by Caroline Francke. This play would be a happy selection for any senior class for it has plenty of lift, action, comedy and properties and is well suited to the talents of drama hopefuls of high school age.

As the title implies and what was most evident in the book, all the action revolved about father, a part admirably played by Bill Stryker. It was father who was beset by the hundreds of details in getting a girl married; it was father who tried to explain to the prospective bridegroom the vagaries of a woman's mind; it was father who faced the bills, and father who had to cope with the hysteria and temperament of all other members when he wasn't flipping his lid himself.

Next to father, was his only daughter and prospective bride; Kay, a part well taken by blond Judy Poll. For the most part Kay

was a level-minded 21-year-old, but who can be expected to be reasonable at all times under the pressures of invitation lists, the arrival of wedding gifts, lovers spat and a thousand other things that face a bride planning a wedding?

Father received strong support from his wife, played by Ruth Van Howe and his two sons, played by Keith Bosch and Bruce van Leuwen. George Scott made a handsome bridegroom, and it was regrettable that curtain calls did not provide one appearance of bride and groom together.

Lesser roles were taken by Mary Bosch as the maid, Ann Herist as father's secretary; Sid Tiesenga as the younger son's sidekick; Katie Reed as the elder son's girl friend, Jack Hamelink as the efficient caterer's representative, Cherie Yost who assisted with the wedding dress, and Dave Roossien, Bob Bolks, Jim Bolsis and Jim Van Dyke appeared as helpers.

Robert Chard of the faculty served as director. Ervin Hanson was business manager; Edward Damsen, ticket manager, and Sidney Woudstra, stage construction.

The play was repeated Tuesday, Wednesday and Thursday night. Curtain time is 8 p.m.

Missionary Tells of Japan

Members of the Women's Guild of Third Reformed Church held their meeting in the Fellowship Hall Monday evening.

The program emphasized missionaries and their work in Japan. Devotions were given by Miss Emma Reverts. She urged all members to do their part in supporting missionaries by taking an interest, by giving and by prayer.

Speaker for the evening, Mrs. Edward Tanis, was introduced by Mrs. W. Connor. Interesting slides of the Rev. and Mrs. Tanis and their trip to Japan were shown. They showed the life and customs of the people, some of their industries as well as many of the missionaries, their families and their churches. On display were some of the mementoes of the trip.

During the business meeting, conducted by Mrs. Kenneth Kooiker, the budget for 1958 was submitted and accepted.

Refreshments were served from an attractively decorated tea table by Mrs. Carl Miller and Mrs. Dan Paul. Serving on the social committee were Mrs. Frank Fleischer, Mrs. G. Joyce, Mrs. R. Speet and Mrs. Howard Kooiker. Door hostesses were Miss Clara Reverts, Mrs. Willis Oosterhof, Mrs. Edwin Koeppel and Miss Emma Reverts.

Next meeting will be held on March 19 at 2 p.m.

Friends Raise Funds to Help Family Of Five

ALLEGAN (Special) — Fellow members of Allegan's Civil Air Patrol unit have joined forces to help out trouble-laden Jimmie Conley, of Allegan, route 2, who lost his four-room rural home Sunday in the latest of a string of personal tragedies.

Just a few days before the Conley home was leveled by a fire of unknown origin, twin daughters, born prematurely at Allegan Health Center, died shortly after birth.

The family's troubles started in October when Conley's truck caught fire from faulty wiring and was a complete loss. He bought a new truck to replace it and wound up with what the automotive trade calls a "lemon." He had put three new motors in the truck, before a reckless driver forced him off the road one night and the truck was extensively damaged when it rolled over in a ditch.

The Conleys lost virtually everything in Sunday's fire, but there was one bright side to the tragedy. Because Mrs. Conley was still recuperating from her hospitalization, she and their three children, Diane, 1; Roger, 4, and Sharon, 6, were staying with his parents, Mr. and Mrs. W. E. Conley, Allegan, route 4. As a result, no one was at home when fire broke out. A neighbor reported the blaze to the Martin fire department, but the volunteer organization was unable to respond to the alarm because its truck motor was frozen.

Meanwhile, Conley continues his two-job schedule, operating a gasoline station in Allegan days and working night at a Kalamazoo industry. Fellow members of the Allegan CAP have started a fund drive in his behalf, under the direction of Warrant Officer Buell Daniels, 230 Knapp St., Allegan, and the organization hopes, come next spring, to hold a house-raising "bee" for the Conleys.

Water Pipes Burst in Cold

ALLEGAN (Special)—Employees of two Allegan industries got a half-holiday Monday due to the lowest temperatures of the season. Water pipes in the building occupied jointly by the Imperial Carving Company and Allegan Paper Products froze and burst early Monday morning. Until repairs were made, it was impossible to adequately heat the building. The paper company sent its workers home for a half day and one department at the carving company was dismissed until heat was restored.

An official low of 18-below was reported in the area Monday morning, and it was the coldest temperature recorded here in four years.

With four fire alarms reported in the past two days, Chief Floyd Harter urged residents to locate and uncover fire hydrants in their neighborhoods. He said firemen were hampered in fighting one blaze which resulted in the complete loss of the Charles Tripp home on Academy street Monday, by delay in locating the nearest fire hydrant, covered by some six feet of snow.

Maroons Show Fine Defense In 54-46 Win

Holland Christian's cagers gained revenge for an earlier defeat at the hands of Grand Rapids Christian, Friday night on the Civic Center court by taking an impressive 54-46 win over the Eagles. The Hollanders played like the Maroons of the early season as they topped their 13th win against two defeats.

Perhaps the largest crowd ever to see the Dutch perform locally, estimated at 2,700 fans, got a real thrill as the locals fought back from a 10 point first quarter deficit to pull away in the second half. The Dutch may have turned in better overall games this sea-

son, but they were never scrappier than they were Friday night. Coach Art Tuls' Maroons were a determined outfit in their efforts to rebound from a poor showing against Allegan Tuesday night. There was no comparison in the way they played against the Eagles and in their defeat by Allegan.

Defensively the Hollanders were never sharper. Repeatedly in the contest the locals intercepted Grand Rapids passes, hitting the high point in the second quarter as the Maroons stole the ball four consecutive times from the Eagles as they came down to set up their offense.

Christian's rebounding was tremendous, paced by Cal Klaasen, who turned in his best performance of the season. He got good assistance from Jim Hulst and Warren Otte. Holland's work on the boards had to be good as they were up against two of the best rebounders in the Grand Rapids City League in Curt Haaksma and Henry De Mols. The classy De Mols, 6' 5" Eagle center was superb and is unquestionably the best pivot man that the Maroons have faced all season.

Also coming in for their share of the glory in the win were Holland's two playmaking guards, Dan Bos and Jim Meurer. In addition to turning in great defensive jobs, the pair were instrumental in starting a good share of the Maroon fast breaks.

Grand Rapids won the field goal shooting battle as they pumped in 18 out of 49 shots for 37 per cent while the Dutch connected on 21 out of 61 for a 35 per cent mark.

Coach Wes Vryhof's Eagles shot in the first quarter as if they owned the Civic Center baskets. Paced by De Mols, the Grand Rapids club raced out to a 15-5 lead. The Dutch really got their first break clicking in the closing stages of the period to narrow the count to 15-10 at the quarter. The Eagles hit 55 per cent and Holland 25 per cent during the first eight minutes.

After the losers had scored the first basket of the second period, the locals started to move. With all five starters scoring, the Maroons scored 12 straight points to take a 22-17 lead. De Mols then connected on three outcourt jump shots to move the Eagles out to a 25-24 halftime lead.

The two clubs traded baskets in the first two minutes of the third quarter before Klaasen put the Dutch out in front 32-30. From this point on the Dutch never trailed in the tilt, as they upped their lead to 39-30 at one point before Grand Rapids scored to make it 39-32 going into the last period.

Haaksma and Mulder threw a scare into the Dutch as they narrowed the count to four points twice. Two baskets by Bos gave the Dutch a 46-38 margin with two minutes left. Both clubs staged a scoring spree in the final minutes with Jim Hulst hitting twice off a fast break for the locals to keep the game out of reach.

At the foul lane the locals connected on 12 out of 20 and Grand Rapids hit on 10 out of 22 tries. Four of the Dutch starters scored in double figures with Klaasen leading the way with 13, followed by Hulst with 12. De Mols was the Eagle high man with 16.

Christian faces its third tough game in a week's time on Tuesday when they invade Zeeland for a return game with the Chix. Grand Rapids Christian meanwhile makes its bid for the leadership of the City League as they entertain first place Ottawa Hills.

When the congregation of Grace Episcopal Church gathered a few weeks ago to burn the mortgage on the new \$200,000 building erected in 1954, the document was set afire by an extra-special cigarette lighter.

Some weeks earlier Senior Warden Emeritus Otto P. Kramer had inadvertently put his lighter in the offering plate, and since it was presented at the altar it is perhaps the only dedicated lighter in Christendom.

Retiring Parish Treasurer Harold W. Moore used this lighter to set afire the mortgage held by retiring Junior Warden Lewis C. Hartzell. Incidentally, the congregation paid off the mortgage in half the time allotted to it, as the note did not become due until 1963.

Harold Ramsey of Waukazoo has forwarded a clipping to the Sentinel from the Lansing State Journal concerning efforts of the Horsebrook School district to effect a political merger with Lansing city.

It was the second school district to take this action in recent weeks. Petitions call for merging all the Horsebrook district lying within the boundaries of Lansing township and Ingham county. A small portion of the district in Clinton county is not included in the proposed merger. It is slightly more than a mile square and has a population of 2,200 to 2,500. A separate petition was being circulated in Lansing for names of registered voters living in the city but who own property in the Horsebrook school district.

During the Mothers March a few weeks ago, several men joined the women in the polo errand, and later Bill Hopps and Keith Van Hattel chatted with Mike Van Oort and Bud Borr to see if anybody had any trouble with dogs in the many calls.

They all agreed there hadn't been any trouble... in fact they hadn't even seen any dogs.

Then as Mike returned to his car, the dome light showed another prospective mother on the March for Polo. A pregnant female hound was contentedly curled up on Mike's back seat.

Bird Enthusiast Delights Members of Garden Club

"Birds have it all over us in being creatures of habit," John Donnelly told an interested group Thursday evening, when Holland Garden Club members entertained husbands and guests. The meeting was held in the parish hall of Grace Church.

In his talk, "Strictly for the Birds," Mr. Donnelly gave some valuable and interesting facts, not only about birds, bird watchers, bird listing and "birding" as it is sometimes called, but kept his audience completely charmed by his true stories about the habits of the feathered ones.

Bird watching as a hobby, he said, has many advantages. It is good exercise, for those who pursue it outdoors as well as through the window, it offers sociability, it enlarges the mind and it refreshes the spirit. The sport is good anywhere — the city as well as the country; it is good anytime, summer, fall, winter and spring; it has an aesthetic quality and it doesn't cost much.

A good bird book and a pair of field glasses are the only equipment needed.

Bird watchers also serve a useful purpose, Mr. Donnelly said. Besides identifying the various species, they count the birds, like taking census. During Christmas week and at other set times of the year, bird watchers count and report to the Michigan Audubon Society, who in turn report to the National Audubon Society.

They study bird habits and the relation of birds to nature. An estimate of the total birds that breed in this country was six billion. Including migratory birds there are 15 billion. Ornithologists say that the red-eyed vireo is the most common bird and the red start warbler is next.

"Because we see so many robins and sparrows around our homes, we assume that they are the most common," Mr. Donnelly said, "but birds like to live where people do, and that is the answer."

In identifying various birds, which is after all one of the most satisfying results of bird watching, how the birds behave is almost as significant as their appearance, the speaker said. It helps to know what their habits are, the kind of food they eat, where they nest and the territories they have staked out.

"Balance is the keyword in nature," Mr. Donnelly said. "When we feel badly about a bigger bird doing away with our favorite chickadee, we must realize there is a plan for these things, we call it God's providence."

Mrs. Carl S. Cook, president, presided at the meeting and announced the nominating committee with Mrs. James Lugers as chairman. Mrs. Robert Sessions, chairman of the Flower Show, announced the theme of the show and introduced Mrs. Harry Wetter, horticulture chairman for the club and for the show, who had an interesting display of plants and branches.

Mrs. Lugers provided an assortment of homemade and commercial feeders.

Mrs. O. M. Raith and her committee were in charge of the refreshments which were served from an attractively decorated table in the red and white motif.
