More Snow Due In Holland Area

Holland's pace slowed today as howling winds whipped up a two-day snowfall of 10 inches causing widespread drifting in a winter storm described as the worst so far in the 1964-65 season.

Holland and West Ottawa schools held classes today but nearly every other school in the area was closed. A 5½-inch snowfall on top the 4½ inches which fell up to noon Wednesday, plus winds in the 20-30 mile bracket reduced visibility on highways and resulted in hazardous driving warnings.

And the end was not in sight. Predictions called for continued heavy snow and continued hazardous driving conditions with new snow accumulations up to 4 inches. North to northwest winds 20 to 35 miles an hour will cause continued severe drifting and extremely difficult highway travel, but snow is expected to diminish to flurries and winds will diminish later tonight.

It will be colder tonight with the low zero to 4 above. Friday will continue cold and partly cloudy but Saturday will be sunny and warmer.

The low this morning was 13 degrees. At 11 a.m. it was 16.

Schools closed today were Zeeland public and Christian schools, Hudsonville public and Christian schools, Borculo public and Christian schools, Saugatuck, Coopersville, Bentheim, Russcher, Huyser, Vriesland, Franklin, East Holland, Drenthe public, Hamilton, Robinson, Agnew and Connell.

Absences were slightly higher in Holland and West Ottawa secondary schools, but not substantially higher than those of the last three weeks in which absences mounted because of flu and measles. Several students were tardy, and buses in many cases were 5 to 10 minutes late.

City engineer Laverne Serne said all street department men and equipment were out at 2

Holt Seeks Cooperation In Job of Snow Removal

City Manager Herb Holt today asked Holland residents to cooperate with city street crews in snow removal.

Holt said that some private snow plowers are dumping snow onto sidewalks and into intersections.

There is a city ordinance against dumping snow into streets or sidewalks or in piling it too high alongside roadways.

a.m. today. Some streets were plowed three times and still the drifting continued.

One man coming to Holland from Grand Rapids said the trip took an hour and 45 minutes instead of the usual 45 minutes. He said road conditions were not too bad but cautious drivers traveled at a slow pace.

The AAA said all highways in the Lower Peninsula were slippery and snow covered and hazardous.

KRONEMEYER'S FINEST HOUR — Don Kronemeyer, Hope College freshman from Holland, is given a shoulder ride off the Civic Center floor Wednesday night after he sank the free shot to defeat Calvin. Dennis Weener of Holland and Jim Poppink of Muskegon, Kronemeyer's teammates, are carrying the ex-Holland Christian player to the locker room amid the other Hope players and Hope fans. The Flying Dutchmen won the game, 104-102 in a double overtime and took the MIAA championship. (Sentinel photo)

Kronemeyer's Free Throw Provides Win

Don Kronemeyer, playing in his first Hope-Calvin basketball game, sank a free throw after the buzzer of a double overtime Wednesday night to give Hope a 104-102 win over Calvin and its 15th MIAA championship before 2,500 fans in the Civic Center.

With the free throw that made the score 103-102, bedlam broke loose and the Holland freshman was carried from the floor on the shoulders of his teammates.

A few minutes later he returned to the floor and made the second shot of the one-and-one bonus. Kronemeyer was fouled at the buzzer by Kim Campbell in Hope's back court after he had taken the rebound and was about to throw a long pass.

The foul came as it looked like the game was going into a third overtime. The Knights had missed a shot with two seconds to play after Carl Walters had driven the lane to score a layup and tie the score, 102-102 with nine seconds to play.

Walters was at his best and played a great game. Shaking off the effects of a bad cold that

kept him out of practice Monday and only brief drills Tuesday. Walters was the key to the win.

Walters scored 25 points, including four in the second overtime, and intercepted two key Calvin passes that stopped potential baskets.

Both teams had many opportunities to win the game and both made several muffs at winning it. Just before Walters' tying basket, Campbell had stepped over the free throw line and a point was disallowed. The shot came with 23 seconds left and Kronemeyer committed the foul.

With 1:13 left to play in the second overtime, Chris Den Ouden missed a free throw that would have put the Knights three up.

As for Hope, it was somewhat ironical that Kronemeyer made the free throw because the Flying Dutchmen had been bothered at the line throughout the game. They missed four one-and-ones in the overtimes.

Hope had 34 chances at the free throw line and made 16. The Knights also made 16 and had 25 tries. They missed two one-and-ones in the overtimes. The game was tied 12 times in the regulation game with the last deadlock, 85-85. Floyd Brady, who turned in a brilliant all-around game, made the flying layup to give Hope an 85-84 lead with six seconds to go but Campbell's free shot with three seconds left put the game into overtime.

Hope had battled back after trailing 83-80 with two minutes to go. A Walters free shot and a jumper by Bill Potter tied the game 83-83, with 50 seconds to play.

In the first overtime, Hope grabbed a four-point lead in the first minute and still had a three-point lead, 92-89 with 2:31 to play. But Rick De'temars' three-point play after a basket and Potter's foul knotted the score at 92-92 at the end of the first overtime. Walters and Campbell each missed basket attempts in the last 30 seconds.

Calvin scored two baskets in the second overtime before Walters scored and Clare Van Wieren added two free shots with 3:45 left. Den Ouden made a pair of free throws and Van

Wieren hit an off balance layup for the game's 15th tie, 98-98 with 2:43 left.

Jim Fredricks hit a jumper and Campbell added two free throws to put Calvin up, 102-98 with 1:52 to play. But Calvin didn't score again. Kronemeyer, who had an off night and hit only three times in 17 tries, drove for a layup with 1:31 left. Then came Walters' tying basket and the winning free throw.

Seven points was the game's biggest spread and Calvin enjoyed this, 52-45 in the first 10 seconds of the second half. The Knights had led 50-45 at half.

It took Hope five minutes to catch up and a three-point play by Brady did it, 62-62. Brady added a fast break basket a minute later to put Hope in front.

From then on, the biggest bulge in the regulation game was four and Calvin held it, 72-68 with 8:40 to play. The lead changed hands six times, four in the first half.

Hope lost Roy Anker on fouls with 7:03 to play and this hurt. The 6'7" junior sparked Hope's attack with four baskets in as many tries and was tough on the boards with seven rebounds. Three first half fouls kept him on the bench most of the time. Potter, his replacement, was also at his best as he led in rebounding with 15 and scored 14 points.

Brady picked off 14 rebounds and sank 10 baskets to follow Walters with 24. Van Wieren had 17 and nine rebounds. Calvin lost Ken Fletcher and Ed Douma in the first overtime.

Rick Duisternars led Calvin with 21 while Fletcher had 20; Fredricks, 18 and Douma, 16.

Fires Destroy Apple Storage Firm, Truck

More than 10,000 bushels of apples were roasted in two separate fires last weekend in Ottawa County.

Between 9,000 and 10,000 bushels of apples were destroyed as fire caused an estimated \$30,000 to \$40,000 damage to the Tanis Apple Storage Co. near Marne Saturday afternoon.

Fire also caused an estimated \$2,000 damage to a semi trailer and its cargo of apples at M-21 and 56th Ave. in Zeeland Township at 8 p.m. Sunday.

Mrs. Clifford Tanis, wife of one of the owners of the Tanis Apple Storage Co., discovered the warehouse fire at 2:55 p.m. Saturday and called Marne firemen. The warehouse was located at Kenowa Ave. and Burton St. in Talmadge Township, near the Ottawa Kent County line.

Firemen from Walker City, Georgetown Township, Grandville and Wyoming assisted Marne firemen in fighting the blaze. Two firemen, one from Marne and one from Walker City, were slightly injured while battling the blaze. Both were treated for minor injuries at the scene.

Officials were not sure what caused the blaze. They said sparks from a nearby trash fire may have landed on the roof of the building. It was not known whether any of the apples could be salvaged.

The truck fire near Zeeland started when a box of apples apparently toppled on an alcohol burner used to keep the apples from freezing in transit.

The truck was owned by the W. P. Produce Co. of Grand Rapids, and the load of apples was bound for Chicago. Truck driver was Frank Willard, 50, of Bailey, Mich.

Holland township firemen were called to put out the blaze.

FAMILY BASKETBALL TEAM — These five brothers can make up their own basketball team. They are the Pete brothers and all five play on a Holland public school team. Standing (left to right) they are Larry, Ron, Bob, Tom and Kenny. 5 Pete Brothers Play Basketball

Basketball is the chief topic of conversation these days in the Arthur Pete family.

And well it should be when a family has a complete basketball team under one roof.

This is the case with the Petes, who live at 170 West 10th St. They have five boys who are playing basketball this season on a Holland public school team.

The oldest of the quintet is 16-year-old Larry who is a junior at Holland High School and a guard on the Dutch varsity. His 15-year-old brother, Ron, is a Holland High sophomore and plays on the reserve team.

The other three brothers are playing on the E. E. Fell Junior High teams. Bob, who is 14, is on the ninth grade team while 13-year-old Tom plays on the eighth grade team and 12-year-old Kenny is a member of the seventh grade team.

With that many basketball players in one family, naturally the talk centers on basketball and sports.

Mr. and Mrs. Pete enjoy the lively basketball chatter and they are familiar figures at each basketball game. It keeps them busy watching five teams play.

The Petes are strong supporters of the Holland public schools athletic program and give their youngsters lots of encouragement in sports.

Besides basketball, Larry has played varsity baseball and run cross country for the Dutch, and Pete was an interested spectator. It is expected the other Pete boys will also play other sports on the junior high and high school level.

Larry has his sights set on being a coach and its sure to assume that sports will be talked about for many years in the Pete home.

Allegan's Cancer Crusade Will Start on April 1

ALLEGAN — Henry Barber, Allegan, will chairman Allegan county's annual month-long Cancer Crusade beginning April 1, county Cancer Society president Dr. A. B. Nitchell has announced.

The county's quota has been raised to \$12,700 based on population at 22 cents per person. At a recent executive board meeting, it was pointed out that this amount had been raised in previous years when quotas were lower and members agreed they could "do it again in 1965."

County chairman, school education, Mrs. Charles Bobson, reports the local unit has had numerous requests throughout the past year for loan of the film on smoking in relation to lung cancer.

The local Cancer Unit and the Red Cross have been cooperating in working out drive schedules whereby both agencies will not be collecting county-wide at the same time, executive secretary Wilma Harlan said.

Muskegon county also has one member and the other counties in the large district elect two members.

Mrs. Jack Miller and Mrs. Roger Doolittle, co-chairmen for the Junior Welfare League Fine Arts Festival, are extending an invitation to all the Holland Zeeland children in grades Kindergarten through 3 to be at the Civic Center on Saturday, Feb. 27 for a morning of art fun. The festival is planned from 9:30 a.m. to 12:30 with a small admission.

In previous years Junior Welfare League has provided Kidie Carnivals, Silver Skates Carnivals, children's plays, activity fairs and concerts but this is the first approach to providing an actual art experience for Holland's young artists.

The program will be divided into three different types of art work, games, collages, and easel painting. The games section, under the leadership of Mrs. George Becker and Mrs. Marshall Elzinga, is designed to provide a challenging form of art entertainment to the children.

Easel painting is designed to give the children the opportunity of creating an original painting motivated by their own thoughts and interests. This section is under the direction of Mrs. Robert De Bruyn and Mrs. Jack Walchenbach.

The collage section will provide the experience of working with different types of materials and making original designs from different types of articles and textures. The students will be working with yarn scraps, wood scraps, pieces of cloth, and many other types of household articles.

Dinner, Talk on Cuba Featured at AAUW Meet

Members of the Holland Branch of the American Association of University Women held a dinner meeting Thursday evening in the Terrace Room of Durfee Hall on the Hope College campus. Tables were decorated with red, white and blue flowers and candles to carry out a patriotic February theme.

Mrs. Henry Godshalk presided over a short business meeting, following which Mrs. Judson Bradford, area representative for world problems, introduced the speaker, Dr. Donald Herman, assistant professor of political science at Grand Valley State College.

Choosing as his topic, "The Cuban Revolution and the Implications for Latin America and the United States", Dr. Herman in his informative and interesting talk, first briefly traced Cuba's history since the turn of the century.

He said that, although Cubans would be reluctant to admit it, democratic government in Cuba started to fail as soon as United States intervention ceased. He reviewed the tyranny of Batista from 1952 to 1959, a period during which he made a personal profit from graft of eight hundred million dollars. Castro made his famous July 26, 1953 unsuccessful revolutionary attempt to overthrow Batista, and by 1959 he succeeded in doing so.

The speaker stated that Castro was not a communist when he came into power but needed international support and needed to use dictatorial methods so he declared himself a communist in 1960. Many say that Castro betrayed the revolution and the speaker agreed.

Castro promised to restore the constitution of 1940, to hold general elections, to give land to the peasants, and not to nationalize industry. He did not keep these promises. Since he destroyed the middle class in his revolution, illiteracy is actually higher now than before the revolution, despite great literacy programs, the speaker said. Only thirty per cent of the population is literate.

Although the U.S. is not purchasing their sugar, Cuba is producing more than ever and selling it all to Russia. Since Russia is the world's largest sugar producer, they are at present paying Cuba more for sugar than the world market price and are anxiously trying to sell it to others.

The Latin American Youth Conferences held in Havana have as their theme that the Cuban Revolution is just the first step in world-wide uprising and that Latin America is next. Castro hopes to foment problems in other areas into which he can move. However, the speaker said that the left wing parties in Latin America are doing well as has their common market.

In the Sino-Soviet split, Cuba stands in the peculiar position of believing with the Chinese that violence is the method to use to overthrow small nations, while receiving much aid from Russia who claims that communism can succeed by peaceful means. So, Dr. Herman said, Latin American countries support Russia, but those who want violence get aid and arms from Russia, via Castro, who favors the Chinese view.

Unity Hands Panthers 64-50 Defeat

HUDSONVILLE — West Ottawa's basketball team lost its sixth game in a row as they met defeat at the hands of Hudsonville Unity Christian, 64-50 score before 500 fans at the Unity gym Tuesday night.

The Panthers had difficulty in stopping big 6'4" Carl Aalbers as he worked the baseline to get several easy shots and score 27 points for the Crusaders. He had 17 points in the first half and added eight more in the third quarter before he picked up his fourth foul and sat out most of the fourth quarter.

Unity hit an excellent percentage against the West Ottawa zone in the early stages of the game as they built up a 6-1 lead. The Panthers roared back and tied the score at 7-7 midway in the quarter and then took the lead 9-7 on a turnaround jump shot by Bruce Van Huis. The score was tied at 11-11 and was 13-13 at the end of the first quarter.

The second quarter was close all the way as the Panthers defense forced the Crusaders to throw the ball away several times without getting a shot. Neither team was able to get more than a three point lead throughout most of the quarter. However the Panthers managed to hold a brief five-point 24-19 lead about midway in the quarter.

Unity came back on a basket by Tom Nyenhuis and two foul shots by Aalbers to cut the lead to one point. They tied the score at 26-26 and then went on to take a 31-30 half time lead as Aalbers scored ten straight points.

West Ottawa hit on 13-37 in the first half while Unity had 12-30. Van Huis and Aalbers had a scoring duel in the first half as Van Huis scored 16 and Aalbers 17.

In the third quarter the Crusaders began to pull away. Led by the scoring of Vande Bunte, Nyenhuis and Aalbers, Unity built up a ten point lead with 3:49 left in the quarter. They added one point to their lead and held an 11-point 51-40 lead at the end of the quarter. Unity outscored the Panthers 20-10 in the quarter.

Unity scored first in the fourth quarter to build their lead to 13 points and they held this lead throughout the rest of the ball game. Both teams substituted freely in the fourth quarter. Unity won 64-50.

The Panthers hit 15-30 for a fine 50 per cent shooting average in the second half. Unity also made 10-17 from the charity line while the Panthers hit 8-25.

Coach Jack Bonham was pleased with the performance of junior forward Dave Dykema as he hit 10 points and hustled on the boards. Coach Andy Ten Harmel praised his front line of Aalbers, Vande Bunte, and Nyenhuis.

The Crusaders were led by Aalbers with 27 followed by Nyenhuis with 13 and Vande Bunte with 11 while Van Huis led the Panthers with 18 followed by Dykema with 10.

Ten Harmel will be trying to even the Crusaders record Friday night as they travel to Grandville for the regular season's final game. The Bulldogs are sporting a three game winning streak and will prove a tough test. Unity now has an overall record of 8-9.

The fans will get a preview of the upcoming tournament as the Panthers travel to Zeeland Friday night. The Panthers and Chix will tangle again next Tuesday in the first game of the tournament. The Chix will be out to avenge an earlier 57-52 loss at the hands of the Panthers.

Assessment Plan Okayed In Allegan

ALLEGAN — City councilmen — in session until after midnight Monday — finally passed a resolution to approve the business district assessment roll requisite to Allegan's downtown renewal plan. A few reductions in assessments were made following a detailed review of minutes taken at last Monday's hearing.

Also approved were paving assessments for Douglas, Crescent and Sherman Sts.

Jaycees Richard Crandle and Doran Wedge appeared at the meeting to report on progress of their city park project. The organization has been working — strictly with volunteer equipment and labor — for the past two years, to reclaim swamp land between Monroe St. and the Kalamazoo River near the C & O depot.

When their project is completed Jaycees hope to enlist the aid of other organizations in furnishing picnic and recreational equipment. The group was promised continued support from the council in the matter of funds and city trucks on occasion.

Presented for study were a prospectus on an employee retirement fund but action was postponed until a later date. Possibilities of subscribing to a Michigan Municipal League job classification survey were discussed but no action was taken. City supervisors will be asked to meet with the council prior to appointing new supervisors or re-appointment of those now serving. March 15 was set for the combined meeting.

There will be two council vacancies to fill at the April 5 election. Marvin Hays, member for the past eight years and mayor for two terms, has announced he will retire. Mortimer Buckley's term as councilman has also expired and he has not indicated he will run again.

Saturday noon, March 13, was set as deadline for filing petition for council vacancies as well as for offices of municipal judge, associate municipal judge and city constable. Nominating petition forms are available at city hall.

Romney Accepts Festival Invite

Gov. George Romney will visit Holland on the first day of the 1965 Tulip Time festival May 12, Mayor Nelson Bosman announced at a monthly meeting of the Tulip Time board of directors Tuesday afternoon in Civic Center.

The governor is expected to don a Dutch costume and his specially carved wooden shoes and join local burghers in the annual street scrubbing ceremonies on opening day. Opening day events were rained out last year and the governor was unable to return the following day for the postponed street scrubbing.

Progress reports also were given on other festival events. The group planning the costume show is looking for new talent and a new script for the attraction which will be presented this year in the Salvation Army building. Attempts are being made to line up more small children in authentic Dutch costumes.

The Wednesday night program in Civic Center will feature ballet and modern dance groups from the Interlochen Arts Academy plus a woodwind quartet from the academy faculty. The Interlochen performers will be guests of local families during their appearance in Holland.

The Holland Garden Club is planning its flower show around the theme, "The Swan," in keeping with Windmill De Zwaan which will be ready for Tulip Time this year.

Other progress reports were given on parades and floats, and other festival attractions. Mike Lucas announced that the Schmitt Brothers quartet of Two Rivers, Wis., long a barbershop favorite in Holland, will headline the Parade of Quartets for the Friday night program.

Envelope stickers with a windmill imprint and dates of the 1965 festival May 12 through 15 are available to the public at \$3 a thousand.

The regular Tulip Time program will be available later this week at Tulip Time headquarters in Civic Center and Chamber of Commerce headquarters in Hotel Warm Friend. The order calls for 120,000 copies.

5 Pete Brothers Play Basketball

Basketball is the chief topic of conversation these days in the Arthur Pete family.

And well it should be when a family has a complete basketball team under one roof. This is the case with the Petes, who live at 170 West 10th St. They have five boys who are playing basketball this season on a Holland public school team.

The oldest of the quintet is 16-year-old Larry who is a junior at Holland High School and a guard on the Dutch varsity. His 15-year-old brother, Ron, is a Holland High sophomore and plays on the reserve team.

The other three brothers are playing on the E. E. Fell Junior High teams. Bob, who is 14, is on the ninth grade team while 13-year-old Tom plays on the eighth grade team and 12-year-old Kenny is a member of the seventh grade team.

With that many basketball players in one family, naturally the talk centers on basketball and sports.

Mr. and Mrs. Pete enjoy the lively basketball chatter and they are familiar figures at each basketball game. It keeps them busy watching five teams play.

The Petes are strong supporters of the Holland public schools athletic program and give their youngsters lots of encouragement in sports.

Besides basketball, Larry has played varsity baseball and run cross country for the Dutch, and Pete was an interested spectator. It is expected the other Pete boys will also play other sports on the junior high and high school level.

Larry has his sights set on being a coach and its sure to assume that sports will be talked about for many years in the Pete home.

Although the U.S. is not purchasing their sugar, Cuba is producing more than ever and selling it all to Russia. Since Russia is the world's largest sugar producer, they are at present paying Cuba more for sugar than the world market price and are anxiously trying to sell it to others.

The Latin American Youth Conferences held in Havana have as their theme that the Cuban Revolution is just the first step in world-wide uprising and that Latin America is next. Castro hopes to foment problems in other areas into which he can move. However, the speaker said that the left wing parties in Latin America are doing well as has their common market.

In the Sino-Soviet split, Cuba stands in the peculiar position of believing with the Chinese that violence is the method to use to overthrow small nations, while receiving much aid from Russia who claims that communism can succeed by peaceful means. So, Dr. Herman said, Latin American countries support Russia, but those who want violence get aid and arms from Russia, via Castro, who favors the Chinese view.

The next committee meeting will be held in the club dining room on Friday, March 5, at 9:30 a.m. with chairmen of the division and those heading special assignments.

Dinner, Talk on Cuba Featured at AAUW Meet

Members of the Holland Branch of the American Association of University Women held a dinner meeting Thursday evening in the Terrace Room of Duffee Hall on the Hope College campus. Tables were decorated with red, white and blue flowers and candles to carry out a patriotic February theme.

Mrs. Henry Godshalk presided over a short business meeting, following which Mrs. Judson Bradford, area representative for world problems, introduced the speaker, Dr. Donald Herman, assistant professor of political science at Grand Valley State College.

Choosing as his topic, "The Cuban Revolution and the Implications for Latin America and the United States", Dr. Herman in his informative and interesting talk, first briefly traced Cuba's history since the turn of the century.

He said that, although Cubans would be reluctant to admit it, democratic government in Cuba started to fail as soon as United States intervention ceased. He reviewed the tyranny of Batista from 1952 to 1959, a period during which he made a personal profit from graft of eight hundred million dollars. Castro made his famous July 26, 1953 unsuccessful revolutionary attempt to overthrow Batista, and by 1959 he succeeded in doing so.

The speaker stated that Castro was not a communist when he came into power but needed international support and needed to use dictatorial methods so he declared himself a communist in 1960. Many say that Castro betrayed the revolution and the speaker agreed.

Castro promised to restore the constitution of 1940, to hold general elections, to give land to the peasants, and not to nationalize industry. He did not keep these promises. Since he destroyed the middle class in his revolution, illiteracy is actually higher now than before the revolution, despite great literacy programs, the speaker said. Only thirty per cent of the population is literate.

Unity Hands Panthers 64-50 Defeat

HUDSONVILLE — West Ottawa's basketball team lost its sixth game in a row as they met defeat at the hands of Hudsonville Unity Christian, 64-50 score before 500 fans at the Unity gym Tuesday night.

The Panthers had difficulty in stopping big 6'4" Carl Aalbers as he worked the baseline to get several easy shots and score 27 points for the Crusaders. He had 17 points in the first half and added eight more in the third quarter before he picked up his fourth foul and sat out most of the fourth quarter.

Unity hit an excellent percentage against the West Ottawa zone in the early stages of the game as they built up a 6-1 lead. The Panthers roared back and tied the score at 7-7 midway in the quarter and then took the lead 9-7 on a turnaround jump shot by Bruce Van Huis. The score was tied at 11-11 and was 13-13 at the end of the first quarter.

The second quarter was close all the way as the Panthers defense forced the Crusaders to throw the ball away several times without getting a shot. Neither team was able to get more than a three point lead throughout most of the quarter. However the Panthers managed to hold a brief, five-point 24-19 lead about midway in the quarter.

Unity came back on a basket by Tom Nyenhuis and two foul shots by Aalbers to cut the lead to one point. They tied the score at 26-26 and then went on to take a 31-30 half time lead as Aalbers scored ten straight points.

West Ottawa hit on 13-37 in the first half while Unity had 12-30. Van Huis and Aalbers had a scoring duel in the first half as Van Huis scored 16 and Aalbers 17.

In the third quarter the Crusaders began to pull away. Led by the scoring of Vande Bunte, Nyenhuis and Aalbers, Unity built up a ten point lead with 3:49 left in the quarter. They added one point to their lead and held an 11-point 51-40 lead at the end of the quarter. Unity outscored the Panthers 20-10 in the quarter.

Unity scored first in the fourth quarter to build their lead to 13 points and they held this lead throughout the rest of the ball game. Both teams substituted freely in the fourth quarter. Unity won 64-50.

The Panthers hit on 8-29 while the Crusaders hit 15-30 for a fine 50 per cent shooting average in the second half. Unity also made 10-17 from the charity line while the Panthers hit 8-25.

Coach Jack Bonham was pleased with the performance of junior forward Dave Dykema as he hit 10 points and hustled on the boards. Coach Andy Ten Harnseld praised his front line of Aalbers, Vande Bunte, and Nyenhuis.

The Crusaders were led by Aalbers with 27 followed by Nyenhuis with 13 and Vande Bunte with 11 while Van Huis led the Panthers with 18 followed by Dykema with 10.

Ten Harnseld will be trying to even the Crusaders record Friday night as they travel to Grandville for the regular season's final game. The Bulldogs are sporting a three game winning streak and will prove a tough test. Unity now has an overall record of 8-9.

The fans will get a preview of the upcoming tournament as the Panthers travel to Zeeland Friday night. The Panthers and Chix will tangle again next Tuesday in the first game of the tournament. The Chix will be out to avenge an earlier 57-52 loss at the hands of the Panthers.

Friday night will end the league competition for both teams. Zeeland could remain out of the cellar with a victory while the Panthers could tie with the Chix with a victory. The Panthers are 4-11 overall and 1-6 in the league.

Assessment Plan Okayed In Allegan

ALLEGAN — City councilmen — in session until after midnight Monday — finally passed a resolution to approve the business district assessment roll requisite to Allegan's downtown renewal plan. A few reductions in assessments were made following a detailed review of minutes taken at last Monday's hearing.

Also approved were paving assessments for Douglas, Crescent and Sherman Sts.

Jaycees Richard Crandle and Doran Wedge appeared at the meeting to report on progress of their city park project. The organization has been working — strictly with volunteer equipment and labor — for the past two years, to reclaim swamp land between Monroe St. and the Kalamazoo River near the C & O depot.

When their project is completed Jaycees hope to enlist the aid of other organizations in furnishing picnic and recreational equipment. The group was promised continued support from the council in the matter of funds and city trucks on occasion.

Presented for study were a prospectus on an employee retirement fund but action was postponed until a later date. Possibilities of subscribing to a Michigan Municipal League job classification survey were discussed but no action was taken. City supervisors will be asked to meet with the council prior to appointing new supervisors or re-appointment of those now serving. March 15 was set for the combined meeting.

There will be two council vacancies to fill at the April 5 election. Marvin Hays, member for the past eight years and mayor for two terms, has announced he will retire. Mortimer Buckley's term as councilman has also expired and he has not indicated he will run again.

Saturday noon, March 13, was set as deadline for filing petition for council vacancies as well as for offices of municipal judge, associate municipal judge and city constable. Nominating petition forms are available at city hall.

Christian Forgiveness
Matthew 8:15-17, 21-35
By C. P. Dame

In the New Testament Church there was quarreling. Some church members quarrel today. Quarrels call for the forgiving spirit. Christians who have been forgiven should forgive.

I. There is a Christian way of settling quarrels. "Moreover if thy brother shall trespass against thee" . . . what then? The word "brother" suggests the family life. Members of a family ought to get along nicely. Jesus tells the person who has been wronged to talk to the person who has done the wrong. It is common for the offended man to say, "Let the man who wronged me come to me." The wronged man calls on the wrongdoer but the latter will not listen. The broken relationship is not mended. The offended man asks a friend to go with him to the offender and try to make peace but again there is no success. Then the offended man goes to the church. Thus far the sinning brother has been shielded but the third step brings the sin into the open. Another attempt is made but no success follows.

The words, "let him be unto thee as an heathen man and a publican" mean that the sinner has expelled himself from God's covenant people by his stubborn refusals. In God's family fellowship must continue and everything possible must be done in order to maintain it.

II. A Holy God forgives man's sins. Peter asked Jesus, "Lord, how often shall my brother sin against me, and I forgive him, seven times? Jesus saith unto him, I say not unto thee, until seven times; but, until seventy times seven."

Jesus then told the parable of the Unmerciful Servant, recorded only by Matthew to drive home this truth. There was a certain king who had a servant who owed him a huge sum which he could never pay. The king "commanded him to be sold, and his wife and children, and all that he had, and payment to be made." The servant, who likely was a satrap, begged for mercy and got it. The king "was moved with compassion and loosed him and forgave him the debt."

God to whom we owe much forgives us who are bankrupt debtors because Christ atoned for our sins on the cross. A Holy God pardons penitent sinners.

III. The forgiven are expected to forgive. The forgiven servant who begged for time "found one of his fellow-servants, which owed him an hundred pence; and he laid hands on him, and took him by the throat, saying, Pay me that thou owest." The kindness and mercy shown him had made no impression on him.

This debtor made the same plea which the forgiven debtor had made. Compare verse 26 with verse 29. The plea fell on deaf ears. "And he would not; but went out and cast him into prison, till he should pay the debt." His bad deed was reported by other fellow servants who were horrified and told their master. The forgiven debtor was called and punished.

The meanness of the forgiven man is shown by the fact that he was forgiven the sum of ten million dollars but would not forgive the man who owed him the paltry sum of \$25. We sin far more against God than people sin against us. We all should show a forgiving spirit.

WATER

Every day we read more and more about the problem of water. We in this area are fortunate, living as we do on the shores of Lake Michigan. All around the area people are realizing just how important water really is.

In the local area we also find people who depend on ground water and wells who are finding that they must continue to test to try to find new sources of water. The problem of guaranteeing a good water supply for the future is growing more and more important.

As you travel around the country you find there are problems not only with developing new water resources, but also with preserving the supplies that we now have.

Continued study by our federal government also is exploring the commercial feasibility of the desalinization of sea water.

Recently we read a warning from Clifford Pugh of the Phoenix Bureau of the U. S. Reclamation Service. He reports, "If you build a canal on land that sinks or cracks, you have no canal." Canals can be constructed only over solid ground. Otherwise, the water leaks away into the cracks and is lost.

Arizona and California are attempting to solve their water troubles with a compromise Lower Colorado River bill which has been introduced into Congress. This bill was brought about by a discovery made in Arizona where for many years the withdrawal of water by pump irrigation has been depleting underground water.

Now at the halfway mark of a five-year study, U.S. Geological Survey engineers report that the steadily falling water level is doing more than making the lifting of water more costly. It is causing depressions and cracks deep in the soil, letting the water seep away faster.

The next time you turn on your tap and drink of our Lake Michigan water supply, think about water. We also ask you to remember not to use our lakes for a dumping ground. We want to keep our water supply and try to improve it.

Dead Animals Found on Farm

GRAND HAVEN — A Spring Lake farmer was arrested Tuesday on charges of failure to dispose of or bury dead animals, and when he made a gesture as if to strike the agricultural representative he was charged with simple assault.

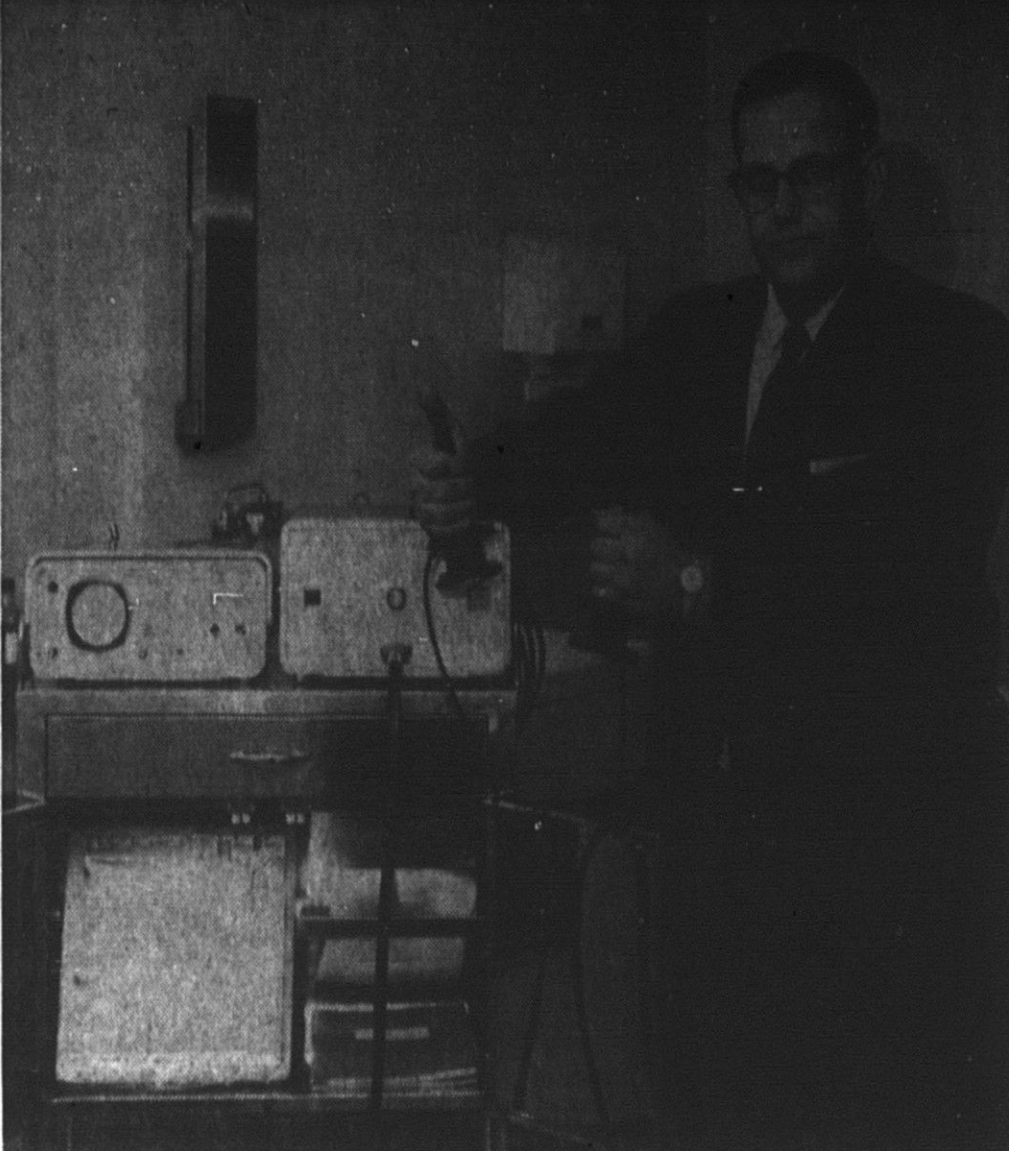

Andrew Visser, 51, living on 148th Ave. in Spring Lake township, was confronted by state police trooper Gene Shipley and Reginald Cridler of the State Department of Agriculture. Near the barn the men found three calves and a lamb which had been dead a week or two and just inside the barn door another calf and two pigs, also dead.

Visser pleaded guilty before Justice Eva Workman when arraigned Tuesday on the assault charge and paid \$15 fine and \$4.30 costs. He also pleaded guilty to the charge of failing to dispose of the animals and will return for sentencing Thursday. He was ordered to dispose of the dead animals in the meantime.

Board Approves Three Petitions

The board of appeals approved three applications and denied one at a meeting Tuesday night.

The board gave permission to Ronald Overbeek to convert a one-family dwelling at 242 Pine Ave. into a two-family dwelling, and approved a petition by Tele-Rad Service Co. for converting a building at 1380 Washington Ave. into a radio communication service center. The third application approved was one made by Frederick Van Wieren for construction of a one-family dwelling at 93 East 37th St. A petition by Marvin Lemmen for construction of a one-family dwelling at 862 West 25th St. was denied.

The board also gave the Ninth Street Christian Reformed Church an extension of time to June 1 for purchase of a building permit for an addition to the church.

The newest piece of equipment at Holland Hospital is an external defibrillator and monitor, a useful instrument for monitoring heart action for prolonged periods, which is a gift of the Holland Hospital Auxiliary, made possible by profits from operating the hospital shop. Cost of the cardiac monitor was \$1,525.

When the machine is in operation, the image of heart action displayed on the miniature television screen is somewhat similar to the impulses of an E.K.G. machine but can run indefinitely. The instrument enables the physician to detect immediately any change in heart beat and institute corrective measures. It is used primarily for those patients who have had severe heart damage if the physician feels serious abnormal heart beats (arrhythmias) may develop.

The external cardiac defibrillator is emergency equipment and is only used for patients who have developed otherwise fatal arrhythmias of the heart which, if not checked, lead to death.

The function of the defibrillator is to apply a high voltage charge of electricity through the heart from outside the chest, thus stopping all heart action. This stops the heart completely momentarily and permits it to start spontaneously, or with medical assistance, with a normal beat. Serious arrhythmias may develop following electric shock and heart attacks.

The machine has storage space for certain drugs often used in starting heart action.

With the advent of seed catalogs, I think it might be well to review some of the recommended varieties of vegetables for Michigan. Catalogs are so colorful and the varieties mentioned in most of the catalogs seem so enticing that it's almost impossible to resist buying.

Here are a few of the recommended varieties: Lima Beans — bush — large seeded: Fordhook 242. Small seeded: Thorgreen. For Green Snap Beans — bush — round pods: Slendergreen; Tendergreen; oval pods: Contender, and for those of you who can get some seed, you might like Spartan Arrow, a variety developed in Michigan; flat pods: Greencrop, Bountiful.

For Wax Beans — bush — round pods: Kinghorn Special; oval pods: Cherokee Wax; beets — Ruby Queen, Detroit Dark Red and Crosby Green Top; broccoli — Waltham 29; Brussels sprouts — Jade Cross, Catskill.

Cabbage — Be sure you buy a yellows disease resistant variety. Some of the older varieties are not resistant to Yellows. Early varieties are: Y. R. Golden Acre, Wisconsin Golden Acre and Badger Market. Mid-season variety — Globe. Late varieties — Wisconsin Ballhead and Badger Ballhead.

Red cabbage: Savoy; leaf lettuce: Grand Rapids Salad Bowl; bib lettuce: Sweetheart and Green Mignonette; Sweet Corn — We have a change in the recommendations from last year. Early variety recommended is Spring Gold, or Tasty Vee No. 605. Both varieties are superior to North Star. Mid-season variety is Gold Cup; later varieties are the same as recommended previously — Iowa Chief, Seneca Chief and Wonderful.

There are many other recommended varieties, but you may want to try these if you have not tried them before. If you are growing muskmelons be sure you grow a fusarium resistant variety. A few of these are Burpee Hybrid, Supermarket Hybrid, Harvest Queen and Delicious 51.

Peppers — Green Bell. Early variety — Vineland, California Wonder and Yolo Wonder. Late variety is Keystone Giant. If you have any other vegetable varieties you might like to check, we have the recommended varieties list here in the office and will be glad to give you this information.

Each year we mention a method of having early outdoor tomatoes. I would like to suggest again that our growers can have ripe tomatoes by July 4th by following a very simple procedure — that is, to use one of the hormone sprays to set your blossoms as they appear.

There are many of these sprays on the market, a few of which are — Sureset, Tomato Tone, Blossom Set. All that is necessary is to spray the blossoms as they appear with a small hand sprayer. Tomatoes will not set fruit if night temperatures go below 60 degrees F. while the plant is in bloom. An early variety of tomatoes is the "Fireball," however the tomatoes on this variety are very small unless you supply adequate plant food and moisture. Other early varieties are Early Chatham, Red Cloud, and Early Wonder. The old standbys in midseason and late varieties are still good.

It is time to prune your apple, pear and peach trees. A few things to keep in mind when pruning trees are: 1. Remove all dead, diseased and broken branches; 2. Remove suckers, water sprouts and other superfluous growths that are undesirable in the tree; 3. Remove weak, unproductive wood and promote a more vigorous growth of young fruiting wood; 4. Thin the centers enough to admit sunlight, permit good air circulation and allow thorough spraying to control insects and diseases; 5. Lower tops, if necessary, to facilitate spraying, thinning and harvesting.

The area Junior Livestock Show is planned for March 9 at the Zeeland Livestock Sale Barn. At this time FFA and 4-H Club members will show livestock during the winter. Both hogs and steers will be shown and sold.

Hope Hands Wheaton 115-100 Loss

Another outstanding performance was recorded by Hope College's basketball team here Saturday night as they ran up their highest point total this season in defeating Wheaton, 115-100 before 2,400 fans in the Civic Center.

The win was one of Hope's biggest this season as they turned in some fine accomplishments such as soaring over the 100 mark and in breaking a Wheaton win string.

They were at their best and hit an excellent 52 per cent with 43 baskets in 83 tries on halves of 22-42 and 21-41 and in out-rebounding the Crusaders, 56-41. Wheaton's loss was its first to Hope in seven games and the victory was Hope's 10th straight at home this season. And the way it was accomplished was most pleasant to Coach Russ De Vette.

His determined Dutchmen succeeded in breaking Wheaton's vaunted zone press, crushing it so well that they made it pay off at the free throw line, where Hope made 29 of 47 including 12 in the final four minutes.

Hope's all around play was again brilliant as the winners ran their offensive well and used the long pass to combat against Wheaton's patented press.

It was only for a few minutes late in the second half that the Crusaders scared Hope, who had opened its victory bid early in the second half. With Hope leading 90-78 and 8:30 left, the Crusaders began to move.

They scored 10 points in the next two minutes while holding Hope to a free throw and pulled within three, 91-88. But Hope shook off the lapse and Bill Potter responded with two baskets in the next minute.

Then leading by six, 95-89, the winners broke the contest. They scored 10 straight points opening with baskets by Clare Van Wieren and Roy Anker, a free throw by Don Kronmeyer, two each by Carl Walters and Floyd Brady and climaxed by a Brady reverse layup. That made the score 105-89 with three minutes to play and Hope held the margin the rest of the way.

Walters' two free throws were on technical fouls, the second of which banished Wheaton assistant coach Tom Byron from the floor for protesting a foul call. A total of 54 fouls were called, 29 against Wheaton.

Anker's rebounding was spectacular as the 6'7" junior grabbed 18 and was especially strong on the offensive boards. It was Brady again on the defensive boards as the 6'3" freshman blocked several shots with unbelievable last-second leaps. He got nine rebounds.

A fourth foul sent Brady to the bench with 12:20 left but he returned when Wheaton pulled within three. Anker's fourth also benched him with 11 minutes to play but he returned for Hope's final surge.

Brady led Hope with 26, eight of 13 from the floor and 10 of 13 free throws. Don Kronmeyer, who had 10 of 18, had 24 and Van Wieren, who hit nine of 15, had 23. Van Wieren had 12 rebounds, nine in the second half.

Van Wieren's six baskets in the first nine minutes of the second half sparked Hope to a 79-67 lead. Hope led 50-49 at half and an Anker tip in the second half's first minute put Hope in front 53-51 and they never again trailed. The lead changed four times in the first half.

Fine Arts Show Set April 24

Plans are being made for Holland's second Fine and Applied Arts Show which will be staged Saturday, April 24, from 10 a.m. to 9 p.m. in Holland Civic Center under the direction of Joe Moran, city recreation director.

Holland's first art show two years ago in Civic Center attracted more than 3,000 persons, resulting in overwhelming enthusiasm for the project. The show provided an opportunity for all artists of the area to meet, discuss their work and present their art to the public. Participating artists could submit their work for sale if they chose, and local industries illustrated a cross-section of exceptionally good commercial art in the area.

Entry blanks are being forwarded to known artists in the area who might be interested in displaying their work. The only art excluded lists "paintings by number," green-ware from commercial molds and copies in any art media.

Deadline for filing entries is April 12. Civic Center will be open April 23, the day before the show, from 5 to 10 p.m. for exhibitors to hang their exhibits. All exhibits must be ready by 10 a.m. on opening day. Exhibits will be taken down after 9 p.m. the day of the show. The exhibit will be open to

Tree Planting Is Answer to Soil Erosion

GRAND HAVEN — Michigan, once largely covered by trees, was extensively logged. Hilly areas subject to erosion were logged off. Rain ran off the bare soil and caused gullies. Wind erosion on sandy soils void of trees caused many problems. Forest fires took their toll. One of the answers to the question of what can be done to replace these forests and stop soil erosion is to plant trees.

Many Ottawa County soils are best suited for the growth of trees. Trees depend on soil. From it they get their support, nutrients, and water needed for growth. How well the soil can furnish these items determine the kind and growth of trees.

Soil Surveys show the approximate boundaries of the different kinds of soil that occur on each tract of land. By locating woodlots and forest plantations that appear to be growing rapidly, and then studying closely the kind of soil that they are grown on, one can learn what trees grow best on what soil. The Soil Conservation Service calls this "woodland suitability."

From these woodland suitability studies it has been determined that there are a number of soil factors that must be considered when managing existing woodlots for maximum production. Soil factors which need to be considered are the suitability of the soil for different kinds of trees, the potential productivity of the soil for different kinds of trees, will the trees growing on this particular soil be bothered by insects and disease? These and other factors must be known in order to realize the maximum returns from wood crops. Soil survey information helps the woodland owner or manager to make proper decisions about woodland use and management.

By Paul Van Faassen

Recent warm days remind us that spring will soon be here —

Paul Van Faassen

spring, when raw winds give way to warm breezes.

Spring, when sounds of snow plows and crunching ice are replaced by the song of a robin and the call of a frog. Spring, when the dead barren landscape becomes alive with brightly colored birds and flowers appearing in the pale green of new leaves. Spring, when along roadsides we see discarded bouquets of wild flowers, picked by children and their parents and thrown away because the flowers wilt before they can get them home.

Apparently some people never learn. Every spring they pick the flowers and every spring they throw them away because the flowers wilt before they can get them home.

When we pick the flowers we remove the possibility that the plant will reproduce. The inevitable result of lack of reproduction is extinction of the species. We cannot allow this to happen. We must preserve our natural resources for the generations we precede. We must become aware of the consequences of our actions.

Several years ago construction of a new steel mill began in the northern Indiana dunes. Completion of the project will result in destruction of an area unique in North America. Expressway construction in California threatens a portion of the redwood forest and the only area where we find the California condor. A proposed dam on the Colorado River will use part of the Grand Canyon as a giant reservoir.

Michigan cities and factories empty wastes into streams, polluting them. We cannot allow this type of thing to happen. Too often the catastrophic results of these activities are seen when it is too late to recover them.

More leisure time is available. Hunting and fishing are more popular. Camping is an increasingly popular vacation. If we continue to destroy, where will we hunt, or fish, or camp? Where will we vacation? Soon a schoolboy will know a marsh only from a picture book.

What can we do? How can we save our natural resources? Part of the solution seems to be the expansion of the state and national forests.

We in Michigan should actively press for the establishment of the Sleeping Bear Dune National Park. The hurt to a few people for a short time will be compensated by the great benefit to the area in a few years as the number of visitors increases, and we will have saved a unique area from destruction and exploitation.

We should press the state to assure us that the state forest areas such as the Allegan state forest will not be turned over to private hands. Perhaps the Allegan forest should be made a national park. These state and national forests must be inviolable.

We should press the cities to save natural areas. Holland City has purchased land on the Graafschap Road to develop into a natural park. It must not be landscaped, seeded with grass, and criss-crossed by paved walks. It must remain a natural park, a refuge for birds, wild flowers, and even people. We cannot allow marshes to be filled in for parking lots, nor wooded areas to be bulldozed for housing developments. We must save even some sandy waste areas.

President Johnson has begun an extensive wilderness preservation and conservation program. We should wholeheartedly support it and ask our senators and representatives to do likewise. We should support agencies promoting conserva-

Christian Tops Godwin; 11th Victory

WYOMING — Holland Christian used a great defense and a 53 per cent shooting average to trounce high scoring Godwin, 88-53 before 2,000 fans here in the Godwin fieldhouse Friday night.

In taking its 11th victory this season against six defeats, the Maroons were superb in every department. Coach Art Tuls had planned the Christian strategy well and his players put it into effect almost flawlessly to hand the Wolverines their fifth defeat compared to 11 victories.

It would be difficult to tell whether it was the beautifully executed Christian defense or the hot shooting which did the most damage to the Godwin cause. Putting the two together gave the Maroons a great team victory and certainly one of their best of the season.

The Maroons played tight defense throughout, seldom letting the smaller Wolves get unlofted shots at the hoop. Besides that the losers had another 10 shots blocked by Maroon defenders with center Harold Alferink doing the most damage, particularly on Bob Van't Hof, Godwin's ace scorer. In addition to doing a fine defensive job, Alferink led in rebounds and accounted for at least four offensive tips. He got fine help on the boards from Tom Wedeven, Jack Kalmink and sub Paul Steggerda to give the Maroons a 52-24 rebounding edge.

Coach Gene Nyenhuis tried a variety of defenses, all including the press, but his club paid dearly for each as the Maroons repeatedly worked through for easy layups or wide open corner shots by Wedeven or Kalmink. The biggest problem for the losers was their inability to contain the Maroon guards, Tom Deur and Larry Klaasen. Both handled the ball almost without error in addition to racking up 33 points between them. Deur led with 22 markers and sat out the last quarter as did Wedeven and Kalmink.

Godwin hit its first three shots and from then on couldn't get an offense going against the Maroons. The 53-point total was their lowest in two years with the previous low mark being 55 against Christian in the A district tourney finals last season. The Wolves have been averaging over 82 points per game this season. They connected on just 19 out of 68 tries for 28 per cent. Meanwhile the winners collected 37 fielders on 70 tries for its 53 per cent.

Led by Van't Hof, Larry Hollemans and Tom Dykstra, Godwin moved out to a quick 7-4 margin on the Maroons. They managed to lead 9-6 before Holland knotted it at 9 and 11. Deur and Wedeven then combined to give the Maroons their first lead—one which they never lost. Alferink hit for eight in the period and Wedeven for six to give the winners a 23-17 lead at the quarter.

Christian really iced the game in the second period as they outscored Godwin 26-12 in the eight minutes. Deur connected on 14 points in the period with some fine moves to pace the Maroons. John Isler led the Wolves with four in the quarter which found Christian leading 39-21 at the midway mark and 49-29 at half-time.

The Maroons had no intention of letting up against the dangerous Godwin outfit which came out in a half court zone press to open the third period. Christian solved it and freed Kalmink and Wedeven from the corners for easy one handers. With 2:12 seconds left in the period, the winners were out in front 65-35. By the end of the period, the Maroons were riding a 71-40 bulge and looking strong.

Tuls substituted three new players in the final period with substitute Vic Sharda leading the Maroons with eight points, just ahead of Alferink's seven. Godwin managed only two baskets in the last quarter but did connect on nine out of 14 charity tosses. Holland had a 37-point advantage at one stage in the last period and were out to break its 88 point scoring mark set a week ago, but they missed several good opportunities in the closing minutes.

At the free throw lane, the Maroons hit on 14 out of 22 tries while Godwin connected on 15 out of 24. Isler led the losers with 11 ahead of Van't Hof's 10, while Alferink followed Deur with 19.

Ottawa County Farm News

By Richard Machiele
Ottawa County
Extension Director

Several new recommendations for weed control on field crops have been unveiled. The new recommendations include herbicides or herbicide combinations for weed control in corn and potatoes. For corn, the combination of atrazine plus linuron (Lorox) and one pound of active ingredient of each per acre is being added to the recommended list. This combination must be applied pre-emergence.

The atrazine plus linuron combination reduces the possibility of soil residue problems with atrazine and also reduces the possibility of damage to corn with linuron. In research plots the combination has given weed control equal to that obtained with atrazine alone at two pounds of active ingredient per acre. The atrazine-linuron combination is not available commercially as a mixture; therefore, the materials must be mixed in the sprayer by the applicator.

For potatoes, linuron (Lorox) is recommended for 1965 at the rate of two pounds of active ingredient per acre. This should be applied late pre-emergence, after weeds have emerged but before potatoes emerge.

There is a need in the county for additional slicing cucumber growers. The Lake Michigan Vegetable Co-op has been organized here in the county for a couple of years. They have equipment for grading, waxing, and also have a plastic mulch applicator available for the growers in the association. If any of our cucumber growers are interested they might like to attend the meeting of this group which is planned for Feb. 22 and will be held at the Alledale Township Hall at 8 p.m.

Dutch Drop 90-74 Game To Heights

MUSKEGON HEIGHTS — Averaging an earlier season two-point loss to Holland, Muskegon Heights basketball team whipped the Dutch, 90-74 here Friday night in an LMCC second place battle in the Bolt gym before 900 fans.

The victory placed the two teams in a tie for second place with 6-3 record. Both are 10-4 overall.

Hitting on a fine 54 per cent of their shots, the Tigers started to break the game open in the second quarter and completed the job in the third period.

The winners enjoyed bulges of 24 points midway in the third quarter but Holland managed to chop the score to 10 points early in the fourth quarter, 71-61, before the Tigers soared again to take the 16-point win.

Close in the first period with four ties, the Tigers managed to get the last basket and led 20-18 at the buzzer.

But in the second period the winners made their first spurt, 12 straight after Holland had scored the first three to take a 21-20 lead. The 21-20 lead, made on a basket and free throw by Mike Lawson, was the only time Holland led in the game.

It must have irked the winners because they scored 12 straight points and four minutes elapsed before the Dutch scored again. With the score 32-21, Holland did manage to outscore the Tigers, 8-4 the rest of the half to trail 26-29 at half.

Holland had 23 shots in the second quarter but hit only five. Cal Beltman, who had scored three baskets in the first quarter, got six of the points in the second quarter rally. Steve Millard got the other two, the first of five baskets in the game.

In the third quarter, the Tigers tore the basket 12 times in 20 tries and midway in the period held a 56-32 lead. They also led 58-34 with 3:28 to play before Holland started to come back.

David Day led the third quarter attack with four baskets and four free throws while John Davis and Rick McGregory chipped in with three baskets each and Art Davis had two baskets and three free throws.

Coach Don Piersma's reserve unit turned in a fine performance in the third period and trailed 67-51 at the quarter's close. Millard had three baskets, Dan Colenbrander and Al Holleman, two each and Randy Johnson, one basket. Holland hit 10 of 20 in the period.

Piersma praised this group for the way they moved the ball, hustled and got the rebounds. The second group managed to cut the score to 10 points in the fourth quarter. Holland made 43 per cent of its shots on 31 baskets in 74 tries including quarters of 7-16; 5-23; 10-20 and 8-15.

The winners enjoyed periods of 10-19; 7-14; 12-20 and 10-20 for 39 of 73. Both teams made 12 free shots with Holland trying 21 times and the Heights, 16.

Holland was awarded the re-

bounding, 27-26 but John Davis, 6'5" Tigers center got six defensive rebounds and set up numerous scores. Day led the winners with 24, including nine of 13.

Beltman had 17 for Holland with eight of 12 from the floor and Lawson had 14 while Millard had 12. The Dutch lost the ball 15 times and the Tigers made several baskets after intercepted passes and steals with an effective press.

Bernecker and George Becker brought up the possibility of having Holland factories open their doors for open house, not only on Our Livelihood Day, but for the entire week. Open house is a custom for several local factories during the Tulip Festival, so this would merely be an extension of the plan.

Saugatuck Board Studies School Needs

SAUGATUCK — The Saugatuck Board of Education determined a special operating millage of 6 mills for two years at a meeting Thursday evening.

The millage issue comes up for public vote on March 23. This is an increase of 4 1/2 mills for operating. It amounts to \$10.35 per \$1,000 of assessed valuation and was made necessary by the opening of the Douglas School and increased enrollments.

At the last meeting of the board Feb. 11, the board heard faculty recommendations for improving the school curriculum, based on a 1 1/2-year curriculum evaluation study conducted at the request of the board. This report was presented by Mrs. Frances Seymour and Mrs. Helen Cunningham.

Areas for improvement given major emphasis by the faculty listed:

1. Increased educational opportunities for students not going on to college.

2. Increased educational opportunities for students planning to continue education after high school.

3. Expanded services of a remedial nature for students needing additional help, particularly in reading.

4. Expanded library services for students at all grade levels.

Joseph Domitz, chairman of the faculty salary study committee emphasized the need for salary improvement for teachers striving to maintain and improve professional competence through graduate courses, plus the need for a scale that will encourage well qualified, high caliber teaching personnel to remain in Saugatuck as well as attracting qualified replacements when vacancies occur.

In recent years, many teachers have left for positions in other school districts.

The board also is studying operational needs resulting from opening the enlarged Douglas elementary school. As expected, district expenditures for heat, light, utilities, custodial salaries and supplies, teaching supplies, transportation expenses and insurance have increased significantly. Millage requested in the March 23 election will reflect these increases.

Other considerations are hiring two additional teachers to provide for enrollment increases, additional expenses for full-year operation of the Douglas school, and payment for two buses.
