The village election in Zeeland to be held a week from next Monday promises to be very exciting. It appears that the anti-saloon and republican forces will join hands and work unitedly in ousting the saloon. Nothing during the whole season has so stirred the thinking Chautauquan as Prof. DeMotte's scientific-ecological lectures. He ploughs deep where the average lecturer only skims. The writer knows of many young people who were hauled up to a standstill, short-reined, by his tremendous truths. He speaks by the card and this is why he reached us. We are sick of mountains of just words, we want facts. What a sowing and what a harvest of good his will be!—Official Correspondence, Chautauqua, N. Y.

FRIDAY, March 1

Lake and Marine.

The opening of navigation the coming season will be the sign of the commencement of a merry war between the Goodrich and Barry transportation companies, running between Muskegon and Chicago, and the fight is likely to be a bitter one, as neither company proposes to give in by pulling up their stakes and leaving, but both have determined to remain. When the Barry line started last season the Goodrich company cut the freight rates to one cent per hundred pounds and kept up that rate all during the season, running at a loss, with the idea of eventually putting the Barry line out of business by compelling it to leave here. The Goodrich people maintain that they opened up the business years ago and have a right to it, and, furthermore, they will fight to the bitter end any company coming in. Notwithstanding the cut rates, however, the Barry line did exceedingly well last season, adhering to the regular freight rates between Chicago and Muskegon. This ridiculously low rate will again be made by the Goodrich people this season and they propose to keep it up all during the season or until such time as the opposing line may tire of the fight and pull out. The Barry people were the ones to cut the passenger rate last year, making it \$2 between Muskegon and Chicago. The Goodrich company held up its price, \$3 and apparently did not suffer in consequence, but the coming season it is understood the company will reduce its passenger rate to equal that of the Barry line or possibly do a little better.

OUR NEIGHBORS.

West Olive.

We are having such cold weather lately that the ground hog doesn't even show his shadow any more.

The result was that the switch lantern was knocked off from its perch, the sleigh tongue was broken in two parts, and the horses were badly cut open, particularly one of them, but "Hank" got home—and so who will be next."

Oscar Shorno is able to be out again but looks somewhat thinner than before his illness.

Filmore.

Last week we made mention of J. Van den Beldt having bought a hay press. But our report was no more than in the hands of the printer than the sad news of a very dangerous accident came to us. The old press gave way under the power applied to it with the result that an iron rod nearly ten feet long was sent at the bottom causing it to whirl around in the direction that Mr. Van den Beldt stood, with the result that he received a blow in the back of the neck, which caused him to fall senseless to the ground. At first there was hopes of recovery but there came a change for the worse. Saturday evening at 5:15 death ended his sufferings. The funeral was held last Tuesday at Ebenezer, Rev. Vander Meulen and Rev. Post officiating. The church was crowded and it was the largest funeral that was held at Ebenezer for years past. The deceased was 53 years of age and leaves a wife and two children to mourn his loss. In 1880 he married Miss Jane Boeve, daughter of Mr. and Mrs. Hendrik Boeve, Sr.

HAWKS AND SPARROWS.

Birds of Prey Are Fast Driving the Native Songsters Out of Our Parks.

An inquisitive man who was anxious to find the reason for the many hawks of the smaller sorts—generally known as sparrow hawks—about the city parks asked one of the bird sharps for the cause, says the New York Times. "Sparrows," was the prompt reply. His theory is that the presence of so many sparrows about the parks brings here the hawks in search of a supply of food. They are one of the evils that come in the train of the English sparrow. The latter unquestionably number millions, and as they are easy game for the hawks the latter throng the parks and live easily and luxuriously off the little fellows. Incidentally, too, they also devour other birds that winter here, and when the spring brings the singing migrants back, make havoc in their ranks. Just now the hawks are numerous about Central park, the Zoological garden and in portions of Van Courtlandt park. Keepers think the hawks are responsible in great measure for the lack of increase in the number of squirrels that should naturally show in the parks. They are said to have a peculiar fondness for the young rodents and attack them when find them alone. How to get rid of the hawks is a question that is puzzling those who have in mind the keeping up of the parks as a place for song birds.

HIS WISH GAINED AT LAST.

Many Years Through Which Attorney General Griggs Waited Patiently to Address the Supreme Court.

After his great speech on the colonial test case had been delivered in the supreme court the other day, and he had received the congratulations of many members of the bar and prominent senators upon his success, Attorney General Griggs told me of his first visit to the supreme court chamber. It was years ago, according to Collier's Weekly, when he was a young and struggling lawyer. He knew no one in Washington except the congressman from his district. This congressman took him to the supreme courtroom, and as the slender young lawyer sat and looked at the nine black-robed justices and realized that they constituted the greatest tribunal on earth, he says he heaved a sigh and said to himself: "Before I die I want the honor of standing just once before that court and addressing it upon a case of law." Little did the young lawyer then think that he was going to have the great privilege not only of addressing the court, but of speaking to it as the representative of the United States government upon the most important question the court has considered in a generation if not in its history.

SMOKERS HAVE A HOT TIME.

Devotees of Tobacco in Corea Get Three Hundred Lashes for Indulging in the Weed.

The Anti-Tobacco league should extend the sphere of its operations to Corea, where it will meet the cooperation of the official classes to a degree scarcely to be hoped for in these western latitudes. Here, on the authority of the Seoul paper, is the literal translation of a proclamation which was issued in the middle of December by the local magistrate:

"Behold! Smoking grass (Corean for tobacco) is a species of food, but in smoking one has to hold up a long pipe obliquely and swallow fire—how can it be without injury to his hygiene? Furthermore, one generally drops live ashes on the roadside.

"Should they be taken up by the god of wind, grass roofed, low huts will in a twinkling of an eye be a prey to the flames. That is the reason why an inferior official, like myself, issues herewith an order strictly prohibiting you, the people, to fool with long pipes and to swallow fire.

"Should any of you dare to violate this prohibition, I shall show no hesitation to confiscate the long pipe and the pouch of the offending party. When your offense deserves to be further dealt with you shall receive 300 lashes."

Coaxing Powers of a Cigar.

Queen Margherita of Italy said to the princess of Wales some time before the tragic death of King Humbert: "I can certainly overlook many faults in a man, and make many excuses for his failings and shortcomings. One fault, however, I cannot overlook, and that is his not smoking! When my husband, the king, is annoyed I give him his pipe; when he is good-tempered I give him a cigarette; when I want him to do something 'very extra' for me I bring him a cigar. With a pipe I can soothe him, with a cigarette I can delight him and with a cigar I can lead him and lecture him at my pleasure."—Modern Society.

Lives of English Kings.

The four Norman kings of England averaged 55 years, the eight Plantagenets 53. The Wars of the Roses shortened life in the succeeding dynasties, the three Lancastrian kings averaging 43 years, and the three of York only 30. The five Tudor sovereigns averaged 48, and the six Stuarts 52. With the accession of the house of Hanover the average increased enormously, the six sovereigns of the present dynasty averaging 74 years. Their average reign is also the longest, being over 81 years, the Plantagenets being next with 80.

It's Easy To Take

Thin, pale, anæmic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL
WITH HYPOPHOSPHITES OF LIME & SODA

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anæmia.

SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

We have known persons to gain a pound a day while taking it.

Soc. and Dr. Co., all druggists.

SCOTT & BOWNE, Chemists, New York.

Endorsed by Clergymen.

Gentlemen: some personal experience enables me to heartily recommend the use of Henry & Johnson's Arnica and Oil Liniment. For external application in cases of sprains and bruises it is unquestionably excellent. It takes hold and gives relief. This is not a guess, but a word of testimony.

EDWARD HAWES, D. D.
Dr. Hawes was for many years pastor of the First Church, Burlington, Vt. His testimony is the testimony of all who use the Arnica and Oil Liniment. It never fails to give satisfaction. Sold by all druggists at 25 and 50 cents a bottle

WHERE WOMEN ARE NEEDED.

According to Recent Census British Colonies Can Absorb a Large Number of the Fair Ones.

According to figures taken from the recent census of the British colonies there is a considerable shortage of women of marriageable age. In two of these colonies—Australia and Canada—there is a chance for 500,000 more to gain husbands and homes.

According to the latest figures the population of New South Wales consists of 720,000 males and 628,000 females. Here is a deficiency of 100,000.

In Victoria the discrepancy is not so marked, but in other colonies the difference is proportionately larger. In New Zealand, for instance, there is an excess of 50,000 males.

Perhaps if the women realized how much they are needed there they would go in beves. It is said, however, that they are too timid to venture into strange lands and are waiting for the colonists to come and take them.

Students of conditions think something should be done to equalize the sexes, both in the colonies and at home.

Farming and the Telegraph in Egypt

Farming is carried on in Egypt almost altogether with the help of irrigation. By the middle of summer, if the flooding of the Nile fails, the stored water in the reservoirs gives out. Egypt has now no means of knowing, more than a few weeks in advance, whether the flood will come in June or not. With the completion of the telegraph to Victoria Nyanza the amount of rainfall at the head waters of the Nile can be known months in advance. If the precipitation has been small, the water in the reservoirs can be used sparingly and thus made to last over the season so that at least a partial crop can be secured.

A Simple Question.

HOLLAND PEOPLE ARE REQUESTED TO HONESTLY ANSWER THIS.

Is not the word of a representative citizen of Holland more convincing than the doubtful utterances of people living everywhere else in the Union? Read this:

Mrs. B. Voltaire, of No. 85 West 13th street, says: "My kidneys bothered me for years until the dull aching pains through my loins became almost constant. I easily tired and became stiff from sitting or lying in one position for any length of time and I rose in the morning feeling thoroughly unrested and devoid of energy. Often I could hardly stand up straight and I walked about in a stooped position. There was also a stiffness and numbness in my limbs. I had seen Doan's Kidney Pills highly recommended and I got a box at J. O. Doesburg's drug store and commenced their use. The result was most gratifying, and in spite of my advanced age, I soon began to feel better. Aside from the natural stiffness of the joints in a person of my age, I feel splendid."

STRIKES A HIDDEN ROCK.

Steamer City of Rio de Janeiro
Sunk in San Francisco Harbor
and Many Drowned.

CONSUL WILDMAN AND FAMILY LOST.

Wild Panic Prevails Among the Passengers and Crew—Captain Goes Down with Ship—Many Jump Overboard—Disaster Occurs in Early Morning During Fog.

San Francisco, Feb. 23.—The Pacific Mail steamer City of Rio de Janeiro ran on a hidden rock while entering the Golden Gate early Friday morning in a dense fog. She sank a few minutes after striking.

Ten Bodies Recovered.
At five o'clock Friday afternoon ten bodies had been recovered, two white women, one white man and seven Chinese. The most prominent passenger on the steamer was Rounsville Wildman, United States consul at Hong Kong, who was accompanied by his wife and two children. It is thought

CONSUL WILDMAN.

all were drowned. The ship was in command of Pilot Frederick Jordan when she struck. He was rescued. Capt. William Ward went down with his vessel.

As near as can be learned there were 201 people on board the Rio de Janeiro, as follows: Cabin passengers, 29; steerage (Asiatic), 58; second cabin, 7; white officers, 30; Asiatic crew, 77.

Struck in a Fog.
The Rio de Janeiro was three days overdue from Hong Kong via Honolulu when she arrived off the Heads Thursday night, and the dense fog prevailing at the time induced Pilot Jordan to bring her to anchor until he could see his way clear through the gateway. She laid to until about 4:30 o'clock, when the atmosphere cleared, and she was started under a slow bell toward Point Bonita. All went well until 5:40 o'clock, when she struck. Most of the passengers were below at the time, and it is believed that many of them were drowned in their berths.

Many Jumped Overboard.
Capt. Ward directed the passengers and tried to keep them from panic. He succeeded only partly, as many of the terrified people rushed to the railings and jumped overboard. Some of these were picked up, others were drowned. The Chinese crew, to the number of over a hundred, were terrorized. Some of them huddled in little groups, chattering in fear. Others crouched close to the deck, moaning pitifully. Many jumped into the sea. Capt. Ward remained on deck until the vessel had settled to such an extent that the water was engulfing him. Then he went up on the bridge and from there continued to issue his directions, although by this time the confusion was so great that few paid any attention to his commands.

Was an Iron Steamer.
The wrecked City of Janeiro was an iron steamer of 3,508 gross tonnage and 2,275 net. She was built by J. Roach & Son at Chester, Pa., in 1878. The vessel was owned by the Pacific Mail Steamship company and had been in the oriental service since.

Known to Be Lost.

Concerning the missing cabin passengers on the ill-fated steamer the following has been learned:

Mrs. Sarah Wakefield and daughter, of Oakland, Cal., boarded the ship at Honolulu.

Mr. and Mrs. Woodworth, of Denver, man and wife, were evidently quite wealthy.

Mr. Matheson, a statistician of Shanghai, was on his way to London.

Two Japanese gentlemen, with their wives, name unknown, were cabin passengers.

J. F. Seymour, editor of the American at Manila, was a well-known newspaper man, and he intended to spend a hard-earned vacation among relatives in this country.

Mr. Hart was a wealthy diamond expert of Manila, and he and his wife were on their way to London and Paris.

Mr. Dodd and Attorney Henshaw, of Butte, Mont., had gone to Honolulu on a vacation trip.

Mr. Dowell, a solicitor from Shanghai, was on his way to Santa Barbara, where his family awaited him.

Sketch of the Consul.
Rounsville Wildman was born in Batavia, N. Y., on March 19, 1864. His father was a Methodist clergyman. He studied at the Geneva Wesleyan university. From college he went to Boise City, Idaho, and became editor of the Idaho Statesman. Later on as a delegate to congress he had much to do with having the territory made a state. He was sent to Singapore as United States consul in 1888, and after that to Bremen, Germany, in the same capacity. In 1893 he was the representative of the Straits Settlements and Borneo at the world's fair in Chicago, and for the next three years served as United States consul at Hong Kong. He was married a second time in 1898. He married a daughter of Senator Stewart, of Nevada. The late consul was not in the United States when the Spanish war broke out.

His service in the east covered all the events leading up to and including the Spanish-American war.

Captain an Old Employee.
Capt. William Ward was from Raleigh, N. C., where he has two brothers and two sisters. He was to have been married in the spring to Miss Lena Jacobs, of San Francisco. He had been in the employ of the Pacific Mail Steamship company for many years. He first entered the service as a cadet on the steamer Tokio, and in 1888 was assigned to the command of the Rio de Janeiro. Later he was transferred to the Peru, then to the China, then to the City of Peking. He was then placed in charge of the Rio de Janeiro again, and had been three years and a half on the ship when the disaster of yesterday occurred. The captain was 33 years old.

Loss of Life Increases.
San Francisco, Feb. 23.—So far as can be ascertained from reliable data 128 lives were lost in the wreck of the Pacific Mail steamer City of Rio de Janeiro. Thus far only 11 bodies have been recovered, six whites, four Chinese and one Japanese. The value of the cargo has not been determined, owing to the absence of important papers, but it is variously estimated at from \$300,000 to \$600,000.

May Never Be Recovered.

San Francisco, Feb. 26.—No more bodies of victims of the City of Rio de Janeiro wreck have been recovered and it is not expected that any will rise to the surface before next Thursday or Friday. At the spot where the vessel is supposed to lie the water is 36 fathoms deep, which is said to be twice the depth at which divers can work. It is thought by expert wreckers that the bodies of those who went down within the ship will never be recovered.

CIVIL GOVERNMENT.

Latest Advice from the Commission Say It Will Soon Be Established in the Philippines.

Washington, Feb. 22.—According to the latest advice from the Philippine commission the time for the establishment of civil government in the Philippines is near at hand. It was stated at the war department that the civil government will be established as soon as Judge Taft reports that the conditions in the islands justify such action. It is generally understood that Judge Taft will be the first civil governor of the islands, and that Gen. Chaffee will succeed Gen. MacArthur in command of the military forces to be retained there to assist in the maintenance of order and the enforcement of the laws.

Manila, Feb. 23.—The government buildings at Iba, capital of Zamboanga province, have been burned, the jail alone escaping the flames. The Twenty-fourth infantry's supplies were destroyed by fire. A steamer has been sent to Iba from Manila with stores. A detachment of the Fourth infantry has captured Gen. Vinegar near Cavite Viejo. Gen. Cailles has issued a proclamation offering ten Mexican dollars apiece for the heads of Americans.

Manila, Jan. 26.—A detachment of the Forty-ninth infantry dispersed insurgents in the province of Albay, killing 27. Thousands of Filipinos were taking the oath of allegiance to the United States through the influence of native priests.

Guiguinto, Bulacan Province, Feb. 26.—The United States Philippine commission has organized a provincial government for this province, which until recently was controlled by the insurgents. The insurgent, Col. Morels, is still operating with his band of 300 men in a portion of the province. Nevertheless, sentiments of peace and satisfaction with American sovereignty appear to be as prevalent here as in provinces in which governments have previously been organized.

AN EDICT ISSUED.

Empress of China Concedes the Demands of the Powers and Will Punish Guilty Officials.

Peking, Feb. 25.—In addition to the decree ordering the punishment of dignitaries who were implicated in the anti-foreign rising, the dowager empress has issued another decree, which is satisfactory to the ministers, ordering that there be posted throughout the empire notices of the suspension of the civil service examinations wherever Christians are not protected by the officials. The only questions now remaining for settlement are those relating to indemnities and the withdrawal of the military.

Peking, Feb. 26.—Ying Lien and Chao Shu Chao, Boxer leaders, are said to have killed themselves in compliance with the edict.

Peking, Feb. 26.—Monday morning Mr. Conger turned over the affairs of the United States legation to Mr. W. W. Rockhill, particularly the conduct of the negotiations with the Chinese plenipotentiaries, and he will shortly return to the United States for a six-month's vacation.

Peking, Feb. 27.—Chih Siu, former grand secretary, and Hsu Cheng Yo (son of the notorious Hsu-Tung) were publicly beheaded yesterday. The street in which the execution took place was guarded by French, German and American troops.

Drowned Her Children.

Colfax, Wash., Feb. 25.—Mrs. Rose Wurzer, a widow, in a fit of insanity, drowned her six children, aged from four to 12 years, at Uniontown, Wash., Sunday. Two were boys and four girls. She threw them into a well 30 feet deep, containing two feet of water, then jumped in herself and held the heads of the children beneath the surface until all were drowned.

Acquitted.

West Superior, Wis., Feb. 26.—The jury in the case of Ada Arlington charged with the murder of John Reburg, returned a verdict of not guilty. The defendant had admitted the killing but claimed it was justifiable homicide.

WHAT UNCLE SAM WANTS

Conditions Under Which United States Is Willing to Grant Cuba Independence.

MUST MAKE NO FOREIGN ALLIANCES.

Asks That Naval Stations Be Granted in the Island—Possession of Isle of Pines to Be Settled Later—Senate Committee on Relations with Cuba Presents Amendment.

Washington, Feb. 26.—At 12:15 p. m. Monday Senator Platt, of Connecticut, chairman of the committee on relations with Cuba, reported the amendment agreed upon by the committee on Cuban relations to be attached to the army appropriation bill.

Text of the Amendment.

The text of the amendment is as follows: That in fulfillment of the declaration contained in the joint resolution approved April 20, 1898, entitled: "For the recognition of the independence of the people of Cuba, demanding that the government of Spain relinquish its authority and government in the island of Cuba, and to withdraw its land and naval forces from Cuba and Cuban waters, and directing the president of the United States to use the land and naval forces of the United States to carry these resolutions into effect," the president is hereby authorized to leave the government and control of the island of Cuba to its people as soon as a government shall have been established in said island under a constitution, which, either as a part thereof or in an ordinance appended thereto, shall define the future relations of the United States with Cuba, substantially as follows:

No Foreign Alliances.

1. That the government of Cuba shall not enter into any treaty or other compact with any foreign power or powers which will impair or tend to impair the independence of Cuba, nor in any manner authorize or permit any foreign power or powers to obtain by colonization or for military or naval purposes or otherwise lodgment in or control over any portion of said island.

Limit on Public Debt.

2. That said government shall not assume or contract any public debt, to pay the interest upon which and to make reasonable sinking fund provision for the ultimate discharge of which the ordinary revenues of the islands, after defraying the current expenses of government, shall be inadequate.

Our Right to Intervene.

3. That the government of Cuba consents that the United States may exercise the right to intervene for the preservation of Cuban independence, the maintenance of a government adequate for the protection of life, property and individual liberty, and for discharging the obligations with respect to Cuba imposed by the treaty of Paris on the United States, now to be assumed and undertaken by the government of Cuba.

4. That all acts of the United States in Cuba during its military occupancy thereof are ratified and validated, and all lawful rights acquired thereunder shall be maintained and protected.

The Work of Sanitation.

5. That the government of Cuba will execute, and as far as necessary extend, the plans already devised or other plans to be mutually agreed upon, for the sanitation of the cities of the island, to the end that a recurrence of epidemics and infectious diseases may be prevented, thereby assuring protection to the people and commerce of Cuba, as well as to the commerce of the southern ports of the United States and the people residing therein.

6. That the Isle of Pines shall be omitted from the proposed conditional boundaries of Cuba, the title thereto being left to future adjustment by treaty.

Provision for Coaling Stations.

7. That to enable the United States to maintain the independence of Cuba, and to protect the people thereof, as well as to protect its own commerce, the government of Cuba will sell or lease to the United States lands necessary for coaling or naval stations at certain specified points, to be agreed upon with the president of the United States.

A Permanent Treaty.

8. That by way of further assurance the government of Cuba will embody the foregoing provisions in a permanent treaty with the United States.

Amendment Referred.

The amendment was referred to the committee on military affairs. It can be stated on high authority that the Cuban amendment to the army appropriation bill is satisfactory to the president and that its adoption by congress will avoid the necessity for an extra session.

CUBANS CELEBRATE.

Observe Independence Day by Processions and Meetings—Gen. Gomez Wants Troops to Stay.

Havana, Feb. 25.—Independence day was celebrated with processions, mass meetings and general demonstrations of rejoicing. Sunday morning there was a parade of 10,000 school children bearing Cuban flags. They were reviewed by prominent politicians. Gen. and Mrs. Wood were showered with flowers by the children as they passed.

Havana, Feb. 27.—Gen. Gomez visited Gov. Wood yesterday and assured him that the stories of unrest and dissatisfaction at the continuance of the United States' occupation were false, and that he had been misrepresented in statements to the effect that he favored an immediate withdrawal of United States troops and giving Cuba absolute independence. If they withdrew now he feared bloodshed. Beyond doubt within 60 days Cubans would be fighting among themselves. Gen. Gomez added: "If the American troops were to withdraw to-day I would go with them."

A Dozen Killed.

Trenton, N. J., Feb. 23.—Twelve killed and about 30 injured is the record of the collision of trains Thursday night at Rustlingsiding, near Bordentown, on the Amboy division of the Pennsylvania railroad.

Lynching in Mississippi.

Scranton, Miss., Feb. 27.—John Knox, a white man, was lynched here Tuesday night for the murder of Don Davis.

MUST STAND TRIAL.

Motion to Quash Indictment Against Mrs. Nation Refused—Bloodshed in a Topeka Raid.

Wichita, Kan., Feb. 21.—Mrs. Nation's attorneys presented a motion in the district court to quash the indictment against his client on the ground that the building injured harbored a nuisance and that his client had a right to abate it. In denying the motion Judge D. M. Dale ruled Wednesday that it makes no difference whether the property destroyed is used for a saloon, a bank or a grocery store.

Topeka, Kan., Feb. 22.—Mrs. Carrie Nation has chosen a new weapon. She will edit a paper to be known as the "Smasher's Mail," published in the interest of negroes primarily and the cause of temperance and law generally.

Topeka, Kan., Feb. 23.—Gov. Stanley has signed the Hurrell temperance bill, which makes places where liquor is sold common nuisances and allows the county officers to confiscate the illegal stock.

Topeka, Kan., Feb. 26.—J. W. Adams lies at the hospital, hovering between life and death. He was shot during a raid on a North Topeka wholesale liquor house.

Topeka, Kan., Feb. 26.—Mrs. Nation was released from the county jail at 11 o'clock Sunday night and at five o'clock Monday morning left for Peoria to act as editor of the Peoria Journal for one day, for which she is to be paid \$150. J. B. McCafes, of this city, is Mrs. Nation's bondsman.

Topeka, Kan., Feb. 27.—Balf Stark was found guilty Tuesday night of helping to smash Murphy's joint on February 17. Stark accompanied Mrs. Nation and the Home Defenders on their raid. The case will be appealed to the supreme court if sentence is passed by the court.

SHOWN NO MERCY.

Negro Who Killed a School-Teacher in Terre Haute, Ind., Lynched and Burned by a Mob.

Terre Haute, Ind., Feb. 27.—Justice, swift and terrible, was meted out Tuesday to George Ward, the negro who murdered Miss Ida Finkelstein, the school teacher, by shooting her with a shotgun and cutting her throat Monday afternoon. In a few hours after his arrest an angry mob battered down the doors of the jail, dragged the miserable prisoner to the Washburn bridge, several squares away, and hanged him to the bridge draw. Not content with the hanging, the crowd cut the corpse down and, laying it on a sand bar under the bridge, kindled a fire and cremated the remains. It was the first lynching that ever occurred in Terre Haute, and the day abounded in exciting incidents.

Ward was 27 years old and leaves a widow and two children. He came here five years ago from Circleville, O. The statement that he was one time in an insane asylum is denied by his wife. He served a jail sentence in 1889 for larceny.

The leaders of the mob are unknown, and as public sentiment upholds the lynching no prosecutions are expected.

BOERS IN RETREAT.

Their Forces in Cape Colony Routed, But De Wet Escapes—Think War Is Near an End.

Cape Town, Feb. 25.—It is officially announced that Col. Plumer engaged Gen. De Wet Saturday near Disselfontein, on the south bank of the Orange river, and completely routed the Boer force. It is said that Gen. De Wet escaped to the opposite bank in a boat and is now fleeing with a handful of followers.

London, Feb. 25.—Gen. Kitchener's dispatches to the war office excite a strong hope, even belief, that the end of the war is in sight.

Cape Town, Feb. 26.—It is reported here that Commandant General Botha, with 2,000 Boers, has broken away from Gen. French's pursuit in the direction of Komatipoort.

London, Feb. 27.—The Daily Chronicle publishes, under reserve, a rumor that Lord Kitchener has met Gen. Louis Botha to arrange terms for the surrender of the Boers, and that an armistice of 24 hours was granted the Boer commandant general to enable him to consult with the other commanders.

Many Passengers Injured.

Goshen, Ind., Feb. 27.—Passenger train No. 9 on the Wabash, which left Buffalo Monday night, was wrecked two miles west of Millersburg at 9:35 o'clock Tuesday morning. The accident was caused by a broken rail. The engine passed over the break in safety, but the six cars following left the rails and one of them, the rear Pullman, rolled over on its side and slid down a 25-foot embankment. Of the 40 or more passengers in the train not one escaped injury, 12 being seriously hurt, some of whom will probably die.

Negroes Lynched.

Lake Charles, La., Feb. 22.—Thomas Vital, a negro, who criminally assaulted Nora, the 13-year-old daughter of Estive Miller, was taken from his home near Fenton by a mob and lynched. Samuel Maddox, who attempted to defend Vital, was shot to death. Vital had previously been shot in the leg by the girl's father and was not yet under arrest.

Death of a Missionary.

Ashland, Wis., Feb. 23.—Rev. Henry Blatchford, for 69 years a Presbyterian missionary among the Chippewa Indians of the Lake Superior region, died Thursday night at Odanah, at the age of 93 years. He was undoubtedly the oldest missionary in Wisconsin, not only in point of service, but in years. His life was spent with the Chippewas.

Public Meeting—Attention Citizens.

Holland has an opportunity to get a canning factory. All of the details of the work have been quietly perfected by several of the leading business men acting in conjunction with Capt. J. B. Silver, of the Hastings Industrial company and it has been decided to submit the matter to the people of Holland.

A public meeting will be held at the De Grondwet hall Monday evening at 7:30 and the project will be explained and plans perfected for the establishment of a stock company to build the factory. The Hastings Industrial company has just completed a canning factory in the city of Decatur and the following recommendation signed by reputable business men will show that the Industrial company has done excellent work:

"This is to certify that the citizens of this place entered into arrangements with the Hastings Industrial Company of Chicago to organize a canning company and build a factory late last fall.

They at once organized a company, built the factory; put in the machinery, had every thing complete ready to start some weeks ago to our entire satisfaction.

It is with pleasure that we recommend them to you to fill any contract they may enter into with promptness and satisfaction."

The Decatur Republican dated January 31 says:

"The Decatur Canning Factory is completed, the building and machinery have been approved by the building committee composed of Messrs. E. Morris, P. M. Young and E. L. Cady, and most of the money subscribed has been collected. The Hastings Industrial Company which built the factory has done its part satisfactorily and it is now up to the stock holders and citizens of our community to see that it becomes a paying investment.

The thanks of the many who have been advocates of the canning factory are due to Captain J. B. Silver for the work he has done to secure the capital to build it. It was not easy to secure the \$6,800 required and many good solicitors would have abandoned the field, but Captain Silver stuck to the work until \$700 more than the required amount had been subscribed. The Hastings Industrial Company which Captain Silver represents has completed its work and the building committee finds that every article is furnished as required by the contract."

Appointment of G. J. Diekema A Certainty.

Reports from Washington the early part of the week indicated that the bill creating the Spanish claims commission would not pass and that therefore Hon. G. J. Diekema of this city would not receive the appointment as head of the commission.

But these doubts were set at rest the middle of the week. The bill has been passed and in a short time Mr. Diekema will receive his credentials as commissioner. Tuesday Mr. Diekema received the following telegram from Congressman William Alden Smith:

Washington, D. C., Feb. 26—Hon. G. J. Diekema, Holland, Mich: Spanish claims commission conference report passed by house this afternoon. Way clear for you now.

Holland Gets \$85,350.

W. H. Beach, chairman of the harbor committee, received a telegram from Senator McMillan stating that Holland would get \$85,350 if the appropriation bill would pass this session.

It is understood that not more than \$5,000 of this amount will be expended in dredging a channel through the bar to Black Lake and the remainder will be used to extend the piers farther into Lake Michigan and to repair the piers from the shore line east to Black Lake.

Despatches this morning say that the river and harbor bill was passed as recommended by the committee and Holland harbor will get the amount named. This means that in the near future Holland will have a harbor deep enough to accommodate the heaviest draught boats.

J. E. McDonald was endorsed for re-nomination as school commissioner of Allegan county by the convention held in Allegan this week.

Cornelius Van der Mel Wins Oratorical Contest.

Enthusiasm was rife at Winants Chapel last Friday evening. A large audience from the city and surrounding towns was present to witness the annual oratorical contest of Hope College.

Long before the hour of the contest the different classes marshaled their forces for the test. They were equipped with all sorts of devices for making noise, drums, bells, horns and above all a varied assortment of class yells. From points of vantage in the hall they made a discordant din. But it served to encourage the contestants and they were satisfied. Class spirit was at a high tension and found relief in repeated outbursts of enthusiasm.

Promptly at 7:30 o'clock J. Weyer, president of the oratorical association of Hope College, called the meeting to order and introduced Prof. J. T. Bergen who opened the program with an invocation. Then the ladies quartet composed of the Misses Amy Dosker, Henrietta Zwemer, Anne Floyd and Minne Van der Ploeg sang "Peggy."

The first oration was delivered by Miss Minnie Van der Ploeg who spoke on "The Study of the Mysterious." She was followed by Henry De Pree, whose subject was "The loneliness of genius."

Miss Amy Yates then rendered one of Chopins waltzes.

John Steunenburgh of the senior class was introduced and his classmates, directed by J. Hospers, welcomed him with a song. He spoke on the "Glory of our Republic."

Miss Grace Yates then sang a solo and the sophomores announced their champion, C. Van der Mel, with several unique and highly original class yells.

Mr. Van der Mel spoke on the British-Boer war. Lucas Boeve, of the sophomore class ended the contest with an oration on "The Declaration of Independence." Dr. Gilmore sang a solo at the close of the oration.

Then there were loud cries for a speech. Mr. Weyer, the chairman, arose to introduce Prof. Klenhekel. He started by saying "Today is Washington's birthday." The students in the spirit of mischief answered this sentence by vociferous applause and shouts of approbation. Mr. Weyer was not in the least disconcerted but valiantly stood his ground until the storm of applause subsided when he introduced Prof. Klenhekel. The Prof. spoke a few words but stopped when he discerned the tall form of Sybrant Wessellus, the chairman of the committee of judges, coming towards the stage.

Mr. Wessellus stated in behalf of the judges that they were greatly pleased with the showing made by the different contestants. He said that all did very well, so well in fact that the judges had no criticism to offer unless it were to call attention to the fact that some of them showed evidences of over-training. He closed by saying that they were unable at that time to state who were entitled to second and third places but that the first place was unanimously accorded to Cornelius Van der Mel.

Then the members of the sophomore class had their inning. They were delirious with joy. A few stalwart young men rushed to the front of the stage and hoisting Mr. Van der Mel on their shoulders bore him from the hall in triumph. It was a happy moment for them. They were proud of the victory of their classmate and gave every evidence of their feelings.

The judges of the contest were Sybrant Wessellus, Gerrit Albers and Rev. John Van der Erve, of Grand Rapids.

All of the aspirants for oratorical honors did very well. The thought in each of the productions was good and the delivery was excellent. There is no mistaking the fact that the training received at Hope equals if not exceeds that received at other institutions of the kind and Mr. Van der Mel will prove a formidable opponent in the inter-collegiate oratorical contest. This contest will take place in Lansing early in the spring and Mr. Van der Mel by virtue of his victory last Friday evening will represent Hope.

Mr. Van der Mel is one of the most progressive students of the college. He is well versed in rhetoric and oratory and deserves the honor conferred upon him.

After the contest upon invitation of Ed. Stanton, a former member of the class, the sophomores repaired to Van Drezer's restaurant where all enjoyed an oyster supper.

Spirited County Convention.

Those who expected a tame time at the republican convention at Grand Haven Tuesday have another guess coming. The convention had not fairly been called to order when a spirited debate was precipitated by the adherents of the two candidates for the nomination of school commissioner, Louis P. Ernst, of Coopersville and B. R. McCrossen of Lamont. D. C. Oakes, the Coopersville bank-

er, and one of the best and ablest republicans in the county, in placing Mr. Ernst in nomination challenged the eligibility of Mr. McCrossen from a legal standpoint. Colon C. Lillie in behalf of Mr. McCrossen disputed the arguments of Mr. Oakes and the tangle was really straightened by submitting the matter of eligibility to Judge of Probate Goodrich and Prosecuting Attorney P. H. McBride. Though in their report they said Mr. McCrossen was not eligible at the present time the convention by a vote of 118 to 76 decided that Mr. McCrossen should be given the nomination. Ringing cheers greeted the announcement of the ballot and it is evident that the candidate will make a strong run.

He will comply with the law and before election will be eligible to hold the office. That he will be elected is a foregone conclusion. That he will make a good school commissioner, no one doubts. He is a young man of ability and education. He has made his own way in the world and by persistent effort has gained a fine education and established an excellent reputation as an instructor.

Judge Goodrich called the convention to order and asked C. Van Loo of Zeeland to take the chair as temporary chairman. In a few remarks he eulogized the Republican party and said there was no other party in this county.

G. Van Schelven was made temporary secretary.

Messrs. Lahuis, Savidge and Shuster were appointed a committee on credentials and C. C. Lillie, G. J. Van Duren and C. H. Dean were appointed to the committee on permanent organization.

While the convention was waiting for the committees D. B. K. Van Raalte gave them a rattling good talk even if it was short.

Georgetown was the only town that had no delegates present. There were 200 votes in all.

After the committees had reported the convention got down to business.

Fred A. Hutty and Mr. Johnston of Blendon were appointed tellers.

D. C. Oakes of Coopersville presented the name of Louis P. Ernst for School Commissioner and it was seconded by Sam Falls and Mr. Grieve of Spring Lake.

The name of Benjamin R. McCrossen was presented by Colon C. Lillie. The nomination was seconded by Supervisor Souter of Holland.

At this juncture D. C. Oakes raised the question of Mr. McCrossen's eligibility to the office because he had not the proper certificates.

He was answered by C. C. Lillie and the argument continued.

D. B. K. Van Raalte in a vehement speech said it was not Republicanism to nominate a man who was not eligible.

Finally it was decided to refer the eligibility question to two attorneys, Judge Goodrich and P. H. McBride were named as such committee.

Delegates to state convention were then elected as follows: P. H. McBride, Holland, at large; D. B. K. Van Raalte, Harry Doesburg, J. B. Mulder, Holland; Wm. Savidge, Spring Lake; M. Sooyes, Holland Town; Geo. A. Farr, W. L. Lillie, P. Brussee, Grand Haven; S. A. Sheldon, Wright; Dr. Smith, Polkton; C. Van Loo, Albert Lahuis, Zeeland; Justin Pixley, Alledale; John Weatherwax, John Turner, Tallmadge; N. J. Whelan, Holland. After the report of the special committee a ballot was taken with the following result: McCrossen 118, Ernst 76.

Spent Sunday in Jail.

C. A. Arthur, manager of the "Ladder of Life" theatrical troupe, which played in Grand Rapids last week, languished in the city jail from Saturday at midnight until Monday forenoon. He was arrested by night-watchman Brown, who met him at the midnight train in answer to a telephone message from Grand Rapids.

The "Ladder of Life" company had been on the road since February 1 and the road seemed to be rockier than usual. Mr. Arthur saw that the end was near and Saturday night accompanied by one of the actresses, Miss Brookfield, started for Chicago. The rest of the troupe claimed that he gathered all the cash in sight and left them in the lurch. Two of the heavy men of the company were at the Pere Marquette train when the manager and Miss Brookfield started for Chicago. They threatened personal violence if the manager did not settle up and upon his refusal to do so they telephoned to the officers in this city ordering them to arrest Arthur. They came to this city with the manager and Miss Brookfield and saw that the arrest was made.

Miss Brookfield stayed at Hotel Holland until Monday morning, Arthur stayed in jail, and the amateur detectives, Messrs. Rivers and Dixon returned to Grand Rapids.

The telephone wires between Holland and Grand Rapids were kept busy all day Sunday, and Monday morning word came that the other members of the troupe would not prosecute Arthur and he was released from custody.

Mr. Arthur states that he started for Chicago to raise money to give the company a good financial standing and that he had no intention of deserting the players with whom he had been associated. Miss Brookfield made the following statement:

"I came to Grand Rapids and played three nights with the company, and then I heard that there was danger of salaries not being paid, and I thought that rather than to wait until we got any further away from Chicago I would leave the company and return to that city Saturday night. I did so, but did not leave in the company of Mr. Arthur, but found him on the train, and he came and sat in the same seat with me. When he was arrested I also left the train to see if I could be of any service to him, and I think I was."

Mr. Arthur and Miss Brookfield returned to Grand Rapids Monday evening. They made explanations similar to the foregoing which were accepted by the other members of the company and the matter was satisfactorily adjusted.

Death of a Pioneer.

A pioneer of Western Michigan, one of the sturdy Hollanders who helped to transform Ottawa county from a primeval wilderness into a productive, cultivated, civilized land, passed away last Friday when William R. Fillestra died at the home of his daughter and grandchildren, 317 Plainfield avenue, Grand Rapids. He was 90 years old.

Mr. Fillestra was born in The Netherlands, where he learned the trade of a millwright. He constructed fifty-four windmills in his native land before settling his face toward America. In 1847, he came to Holland with the early settlers. Holland and all this part of the state was a wilderness at the time. He built a windmill on the banks of Black Lake which saved the first lumber for the colony. A few years afterward, he constructed a watermill to run a turning lathe and sawmill. With the power thus generated he manufactured old fashioned bedsteads, witheropes as slats and springs. These were well known to the older settlers.

Sixteen years ago he built a windmill for draining the big marsh near the mouth of Grand river at Grand Haven. This windmill is still running. During the past ten years or so, Mr. Fillestra had lived with his relatives, Mrs. A. Fillestra and Mr. Hemstead, at 317 Plainfield avenue. The funeral was held from the house Monday. The remains were brought here for interment in the Pilgrim Home Cemetery. Rev. J. H. Karsten conducted the services and the pall bearers were G. J. Van Duren, A. B. Bosman, J. Kuite, Sr., P. A. Kites, John Van Anrooy and John Kramer.

Mr. and Mrs. Gerard A. Kanters Give Delightful Washington Party.

The grandest Washington party ever given in Holland took place at the Lyceum Opera house last Friday night when Mr. and Mrs. Gerard A. Kanters, assisted by Mrs. Ira Doty, of Grand Rapids entertained the mystery club, the Jolly time club and a few of the intimate friends of these organizations.

It was a brilliant affair and will make Friday, Feb. 22, 1901 memorable in the society annals of this city.

When the guests arrived at the hall at 8 o'clock they were amazed at the lavish display of color. Red, white and blue met the eye on every side. A large American flag was artistically draped over the entrance and an intricate network of bunting hung from the ceiling, and was profusely arranged in diagonal folds from end to end of the hall. On the walls were several portraits of George Washington, bordered with bunting, potted plants were on the stage and the orchestra was stationed behind folds of the stars and stripes.

The first part of the evening was devoted to progressive pedro. The score cards were decorated with red, white and blue stripes and each player was presented with a tiny American flag. Mrs. L. E. Van Drezer and Mr. Swift won first prizes and were presented with handsome busts of George Washington. Mrs. M. J. Kinch won one of the consolations and received a cherry tree. Ike Sloter won the other and received "George's" little hatchet.

Elaborate refreshments were then served and the guests were surprised by another color display. The napkins were fashioned after miniature American flags and the cakes were colored red white and blue. Those who assisted in serving were the Misses Agnes Mohr, Edna Allen, Cornelia Van der Veen, Jennie Burgman, Minnie Mohr, Lyde Ruthford, Martha Blom, Mrs. Butterfield, Hattie Ten Cate and Christine Van Duren. Ray Hadden presided at the punch bowl.

The latter part of the evening was devoted to dancing. Breyman's orchestra, consisting of Will Breyman, Mr. Earle, Will Hopkins and Mabel Allen, furnished excellent music, and waltz, quadrille and two step followed each other in rapid succession until at 2 o'clock in the morning the merry dancers bled Mr. and Mrs. Kanters a reluctant good night. There were about one hundred and fifty guests present and all agree that it was the most delightful Washington party they ever attended.

Mrs. Fred Osborne left Tuesday for Travers City where she will reside in the future.

A party of friends planned a delightful surprise party on Mrs. Edward Powers last Friday evening. After indulging in progressive pedro a program of music and recitations was rendered. Elaborate refreshments were served and the guests departed at a late hour profuse in their words of appreciation of the good time experienced.

Millard Harrington and P. B. Higgins entertained the Golden Rule club at Odd Fellows hall last Saturday evening. Prizes were won by Mrs. Van Anrooy and Mr. McCarthy.

Miss Lena Oosting entertained a party of friends at her home 196 West Twelfth street Thursday evening of last week. The time was pleasantly passed playing games and listening to a program of songs and instrumental music. Dainty refreshments were served.

Mrs. William Hayes entertained Thursday evening of last week at her home 13 West Sixth street in honor of her daughter, Miss Mabel Hayes. The afternoon was spent playing games and listening to a program of music and songs. Dainty refreshments were served by the Misses Rose Fleman, Pansie and Beukema.

Though the Midnight Club, Jr., masquerade ball will not take place until Friday evening, March 15, the young men in charge are busy making preparations. They are determined that it shall be the grandest and most picturesque affair of this kind ever witnessed in Holland. The Vardle-Ribs Combination Co. will have charge of the decorating and they have been given special instructions to out rival all previous efforts. This means that on the evening of March 15 the Lyceum opera house will present a gorgeous appearance. The costumes will all be new. None of them have ever been worn in Holland before and the line will be the finest in the state. Newell's orchestra will be in attendance and a letter from the leader says that they expect to play "long, loud and lively." Three hundred invitations were issued yesterday.

Miss Anna De Wit and John Christell were united in marriage Thursday evening February 21, at the M. E. parsonage. The ceremony was performed by Rev. Adam Clarke. Mr. and Mrs. Christell will reside in this city.

Attorney Walter I. Lillie, Hon. Suel Sheldon, B. A. Mulder, Register of Deeds Peter Brusse, Egbert Lynn Dan Pagelon, and Postmaster Fred Huttly were entertained by the Weatherwax Social club at Grand Haven last Wednesday evening. A program of toasts and responses was carried out and elaborate refreshments were served. Considerable routine business was transacted and a resolution was passed that meetings be held annually hereafter on the date of the Republican county convention.

The Lady Bees of Van Dine Hive 776 gave a delightful entertainment at the K. O. T. M. hall last Wednesday evening in honor of the first annual anniversary of the founding of the Holland branch of the order. Refreshments were served to over 100 people and a very pleasing program was carried out. The first number was a Macabre drill which was a brilliant spectacle of light and color. Anna Van der Berg gave a reading which was greatly enjoyed. Then the following musical numbers were rendered:

Piano Solo..... Miss Anna Habbermann
Vocal music..... Mrs. Culbourn
String music..... August Breyman, L. McKay
Miss Ebba Clark gave a reading entitled "The old man's first experience on a bicycle." She is a remarkably good reader for one of her age and the selection caused a great deal of laughter. Miss Edna Allen gave a clever portrayal of southern life by reciting "The Watermillion." Then musical numbers were capably rendered as follows:

Piano Solo..... Miss May Van Drezer.
Vocal Solo..... Mr. Van der Hout.
Piano Duet..... The Misses Van Drezer.
Song—"My Lady Lou"—J. A. Minderhout.
The Misses Ebba Clark and Lillian Hopkins and Miss Edna Allen and Will Hopkins gave a clever cake walk. During the evening Breyman's full orchestra rendered several fine selections. All present had a good time and on leaving expressed the hope that they would receive an invitation to the next anniversary celebration.

The members of Miss Stelle Clark's dancing class and their friends enjoyed a delightful sleighride party to Virginia Park hotel last evening. After indulging in dancing until a late hour elaborate refreshments were served and several musical numbers were rendered.

Of late there has been considerable talk regarding the establishment of a cannery factory in Holland and it now appears as if this talk will culminate in action. I. B. Silver, of Chicago, was here this week and consulted with several interested parties in regard to forming a stock company for the building of a plant. He met with considerable encouragement and will be here in a few days to resume negotiations. The last few years he has built factories in four different cities and in every instance has met with marked success. He says that a cannery factory will not interfere with the Helox Pickle company; but that it will be of great benefit to the farmers as well as to the city of Holland.

Judge R. B. Peeler, Judge W. R. Kendrick and H. M. Zimmerman, members of the Advisory Board of the Board of Pardons, met in the Cutler House at Grand Haven Wednesday to investigate the case of George Cheesbro, who is serving a life sentence in Jackson for the murder of his grandmother in Tallmadge six years ago. A number of citizens of Grand Haven availed themselves of the opportunity to appear before the Board to say something in behalf of the young man. Cheesbro is just recovering from an attack of typhoid fever. Secretary Zimmerman stated, and when he appeared before the Board in the prison a short time ago was in very poor health. The feeling of most of the citizens is that the prisoner should be either pardoned or have his sentence commuted to ten or fifteen years. It is believed that the Board will take some action in the case before many months.

Tired and Nervous

It is easy to tell when your nerve-force and vital power are slipping away from you. When your day's work leaves you weary and exhausted; when you are so nervous, irritable and sleepless that your nights are passed in restless tossing; when you get up in the morning with no appetite for breakfast, and go around all day with a headache; you may be sure your nervous strength is being used up faster than it is being renewed.

"I was so run-down from neuralgia and LaGrippe that I was tired all the time and hardly had strength to walk across the room. Of course I could not do my work and I became greatly discouraged. A lady told me of Dr. Miles' Nervine and I sent for a bottle on trial. It helped me and I kept on using it and when I had taken two bottles I was able to attend to my household duties." MRS. At a conference of the senate and house educational committees with the state board of education and the superintendent of public instruction held Wednesday, it was decided to leave Lansing March 14 to visit Muskegon and Holland with the purpose of looking into the needs and possibilities of normal schools. Senator Kelly has a bill for a normal school at Muskegon and Representative Rogers one for one in the western part of the state. Prospects are believed to be good for such a school and the committees will look at both cities.

The socialists held a public meeting last night in the West Michigan band hall to arrange for the spring campaign. After the transaction of routine business, Chairman Douglas introduced Vernon F. King, who gave an interesting talk on Socialism. He is a notable speaker and gave a plain exposition of the principles of the party. He announced that the socialists would take an active part in the spring campaign and that Willis F. King, of this city was candidate for Regent of the State University. The next meeting will be held Thursday evening, March 7. Subject: "Our Social Program."

Twenty Millions in Gold from Alaska During the Year 1900.

Five millions of this came from the Nome district. Government officials estimate the output from the Nome district will be doubled the coming season. The Bluestone, Kougark and Pilgrim Rivers have been found very rich. There is hardly a creek from Port Clarence to Norton Sound in which the precious metal is not found, and hundreds of creeks unprospected. A rich strike has been made on the Yellow River, a tributary of the Kuskokwim.

STATE OF MICHIGAN, ss.
COUNTY OF OTTAWA.

The Circuit Court for the County of Ottawa in Chancery.
In the matter of the petition of PERRY F. POWERS, Auditor General of the State of Michigan, for and in behalf of said State for the sale of certain parcels of land assessed thereon.
On reading and filing the petition of the Auditor General of the State of Michigan, praying for a decree in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition be brought on for hearing and decree at the March term of this Court, to be held at Court House in the County of Ottawa State of Michigan, on the 18th day of March A. D. 1901, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the claim thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof, acting as register in chancery, their objections thereto, on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a decree will be taken and entered thereon in pursuance of said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such decree, on the first Tuesday thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto, as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him, and that the sale then and there made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offering, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.

Witness the Hon. Philip Padgham, Circuit Judge, and the seal of said Circuit Court of Ottawa County this 15th day of January, A. D. 1901.

PHILIP PADGHAM,
Circuit Judge.

Countersigned,
CHARLES K. HOYT, Register.

STATE OF MICHIGAN.

To the Circuit Court for the County of Ottawa in Chancery:

The petition of Perry F. Powers, Auditor General of the State of Michigan, for and in behalf of said State, respectfully shows that the list of lands hereinafter set forth and marked "Schedule A," contains a description of all the lands in said County of Ottawa upon which taxes were assessed for the years mentioned therein, and which were returned as delinquent for non-payment of taxes, and which taxes have not been paid; together with the total amount of such taxes, interest and charges, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offering, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.

Your petitioner further shows that the said lands were returned to the Auditor General under the provisions of Act 286 of the Public Acts of 1898, as delinquent for non-payment of said taxes for said years respectively, and that said taxes remain unpaid; except that lands included in said "Schedule A" for taxes of 1899 or prior years were returned to the Auditor General as delinquent for said taxes under the provisions of the general tax law in force prior to the passage of Act 286 of the Public Acts of 1898, and which taxes remain unpaid.

Your petitioner further shows that in all cases where lands are included in "Schedule A" as aforesaid for taxes of 1899 or any prior year, said lands have not been sold for said taxes, or have been sold for said taxes, and the sale or sales so made have been set aside by a Court of competent jurisdiction or have been cancelled as provided by law.

Your petitioner further shows and avers that the taxes, interest, collection fee and expenses, as set forth in said "Schedule A," are a valid lien on the several parcels of lands described in said schedule.

Your petitioner further shows that the said taxes on said described lands have remained unpaid for more than one year after they were returned as delinquent; and the said taxes not having been paid, and the same being now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land contained therein, and in default of payment of the said several sums computed and extended against said lands, that each of said parcels of land may be sold for the amounts due thereon, as provided by law to pay the lien aforesaid. And your petitioner will ever pray, etc.

Dated January 9, 1901.

PERRY F. POWERS,
Auditor General of the State of Michigan,
for and in behalf of said State.

Prof. De Motte at Winants Chapel Tomorrow Night.

Tomorrow night at Winants Chapel Prof. John B. De Motte will deliver his lecture on "Python Eggs and the American Boy."

This lecture presents in a fully illustrated and interesting way the latest research-work in brain-building. It is especially valuable to parents and ambitious young people, as it illustrates, delicately and scientifically the reasons for the powerful effects for good or evil upon the adult, of thought and conduct during youth. Its keynote may be caught from the expression of an American youth, standing one evening on the Jutten-dubel east of the Gesprengte Thurm of the Schloss at Heidelberg, that most magnificent ruin in all Germany, when, rising suddenly from the rock on which he had been sitting, and pointing towards the setting sun, he exclaimed, "Over there in America, right there where the sun is going down, is the girl that I love and I am keeping myself pure for her sake."

When Prof. De Motte lectured in Grand Rapids, the G. B. Herald commented as follows:

"Eloquently portrayed. At times his burning words appealed to the tender feelings and started the tears, while again he moved the audience to applause."

Wagner Male Quartette at Lyceum Opera House.

The Wagner Male Quartette will give an entertainment at the Lyceum opera house, Friday evening, March 8, under the auspices of the M. E. church society. The proceeds of the entertainment will go to the building fund of the society.

The Wagner Male Quartette has appeared in Holland before and made at that time a most favorable impression. So well did they do that all who heard them are anxious to do so again and it is expected that a crowded house will greet them March 8. They will be assisted by Augusta Barnhard Shaw, reader and accompanist. Of her ability the Dixon Daily Sun says: "Augusta Barnhard Shaw as reader, delighted the audience with her wonderful ability, and as soloist, her voice being a strong soprano, and her selections admirably adapted to exhibit the range and quality of her tones, she commanded the most perfect attention and elicited the highest praise."

ADDITIONAL LOCAL.

H. Boone, Sr., was in Grand Rapids yesterday.

Born to Mr. and Mrs. Peter Sierema, East Sixteenth street, a daughter.

Mrs. Henry Kiekenveld was the guest of relatives in Grand Rapids Thursday.

Russell B. Fuller, foreman of C. L. King & Co's basket factory, has been granted a patent on a fruit basket.

At the annual meeting of the Master Plumbers association held in Kalamazoo this week G. A. Kanter was elected alternate delegate to the national convention of the association.

Henry D. Bosman, of New Holland left yesterday for Washington, D. C. to attend the inauguration of President McKinley. While in Washington he will be the guest of M. C. Burch, of the department of justice.

Charles H. Clark, ex-Register of Deeds of Ottawa county, died Saturday morning, after a short illness of pleuro-pneumonia at his farm home in Robinson township. Mr. Clark was a native of Augusta, Maine, where he was born February 8, 1835. Mr. Clark passed his school days in Augusta, and when eighteen years old decided to come west. He settled in Grand Haven in the early fifties and engaged in the lumber business. He has traveled over this entire county when most of it was a wilderness. Mr. Clark was a strong advocate of Republican principles, and for 23 years has been on the Board of Supervisors from his township, and for several years was chairman of that body. In 1892 he was elected Register of Deeds of this county, an office he held four years, being the first officer in that position in the new court house. He held various township positions at different times as well as being supervisor and the confidence placed in him was never violated.

Supervisor J. J. Rutgers' house on Thirteenth street was badly damaged by fire last Tuesday forenoon. Early in the day fire was discovered in the wall back of a small heater and the members of the family assisted by several members of the fire department extinguished it. But it appears that the flames had spread between the walls up to the second floor and soon broke out again. This time an alarm was turned in and both companies responded. They found the flames hard to fight as openings had to be cut in the walls. For a time it was feared that the fire could not be controlled and the firemen assisted by a large crowd that had gathered started to remove the furniture; but soon their efforts were rewarded with success and the flames were quenched. The furniture was badly damaged by fire and water and the house was scorched. It is estimated that the loss in all will amount to about \$900, but luckily Mr. Rutgers carried insurance on house and furniture. The family has moved in the Elenbaas residence at Thirteenth street and College Avenue. The insurance adjuster came here yesterday and had just finished inspecting the house and returned to the hotel when fire was again discovered on the roof where it had smoldered since Tuesday. The fire department was again called out and extinguished the blaze before damage was done.

The Revival Meetings.

Crowds have attended the union revival meetings nightly all this week. Last Sunday the meetings were transferred from Hope to the First Reformed church. Last night they were moved again, on this occasion to the Third church where they will remain until the close next Monday evening.

Three union meetings will be held Sunday. At 3 p. m. at the Third church a service especially for men but the men are invited to bring with them another man or a lady. Admission by ticket until 3:05 p. m. when the doors will be thrown open to the public. Tickets obtained at the service tonight.

At 6 p. m. at Hope church the Evangelist will lead a union rally of the young people. At 7:30 p. m. union meeting at Third church with an overflow at Hope if necessary. Farewell meeting Monday evening at Third church.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, LaGrippe, Bronchitis and All Throat and Lung Troubles. Price 50 cents and \$1.00. Trial bottles 10 cents at Heber Walsh druggist.

A Valuable Dog.

wouldn't sell for ten cents to a man who doesn't want a dog. And that is true with most anything else.

The only expeditious way to find a man who wants to buy a dog is to speak to everybody in wants through the news want columns.

Those who are interested will respond. And it would be a very uninteresting dog indeed that wouldn't suit anybody.

Most anything you don't want can be sold at some price if properly advertised.

GAIN FLESH

An Absolute Necessity in Many Cases.

A DECREASE IN WEIGHT FREQUENTLY INDICATES A DECLINE.

Our Modern Rebuilder, Vinol, Will Help You Do It.

THE WAY IT ACTS ON A DEPLETED CONSTITUTION IS SIMPLY MARVELOUS.

Are you getting thin? If you are you had better watch yourself. Take Vinol. It will build you up quickly and surely.

A healthy man does not vary much from year to year in his weight. This is as it should be. Vinol enables the organs of the body to renew flesh, muscle tissue, bone structure, and attends to purifying the great vital current of the human system, the blood. Vinol contains the active curative properties of Cod-Liver Oil in a highly concentrated state, and is the most wonderful tonic that we have ever had anything to do with.

Vinol acts upon the stomach in a beneficial way, enabling it to obtain for itself the necessary ingredients from the food that is taken into it to build up the pure healthy body and increase the weight.

Mr. H. M. Stufell, who is a well-known passenger trainman on the Boston and Maine Railroad, suffered, as many railroad men do, with kidney and other troubles. He writes as follows:

"My kidneys troubled me a great deal, my bowels were very irregular, I had great distress in my stomach, suffered with bilious headaches, had no appetite, could not sleep nights, and was losing flesh rapidly. I began to take Vinol, I am now on my third bottle, and it is doing wonders for me. My kidneys are better, my bowels are again regular, my stomach no longer troubles me, and no more headaches, and as for appetite, don't speak of it; I sleep like a top and have gained thirteen pounds. You can count on me always to recommend Vinol as the king of medicines."

With many such testimonials as the above coming before us, it is not strange that we endorse Vinol as strongly as we do. We unhesitatingly agree to return to any one who has taken Vinol and is not satisfied that it has accomplished all that we claim for it every cent that they have paid us for this remedy.

Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50 cents. Satisfaction guaranteed by Heber Walsh, druggist.

A Horrible Outbreak.

"Of large sores on my little daughter's head developed into a case of scald head," writes C. D. Isbill of Morganton, Tenn., but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for Eczema, Tetter, Salt Rheum, Pimples, Sores, Ulcers and Piles. Only 25 cents at Heber Walsh.

HAD A FIT ever since.

Those big city "ready made" tailors are experts; a lock of your hair is all they need. Some people seem to like the sort of fits they get at those sort of places, but genteel dressers prefer garments which they know have been tailored for them. You cannot get a correctly fitting

SUIT OR OVERCOAT

unless you can go to your tailor and try on the garments while they are being made and before they are finished. Every sensible man knows this is true. We guarantee absolute perfection in material, fit and workmanship.
