### GRAND HAVEN TRIBUNE SPEAKS HIGH- LY OF MR. KUIZENGA

MEMORIAL SERVICES AT ARM-  
ORY ATTENDED BY A GREAT  
NUMBER OF INTERESTED  
PEOPLE

Churches Join In; Dr. J. E. Kuizenga  
Delivers Impressive Memorial  
Sermon

The memorial service in tribute to the boys who gave their lives in the great war which was held in the armory brought out an audience which filled the great hall to its capacity. The service was arranged by Conklin Post, American Legion, and near relatives of dead service men, were present by invitation of the post. A section had been reserved for them. Members of the legion, veterans of the world war, veterans of the Spanish-American war, and members of Grand Haven's new unit of the national guard, were present. Many of the service men appeared in uniform making the service most impressive.

Pastors of the various churches assisted in the service and in most of the churches the evening services were shortened to permit the congregation to attend the armory meeting. The greater proportion of the congregations were present at 8 o'clock. Dr. J. E. Kuizenga of the Western Theological Seminary gave the memorial sermon. Dr. Kuizenga has spoken here many times, but never has he given a more impressive and appropriate address than the one delivered last night to the veterans of the great war and the relatives of those who have given their lives to the cause of their country.

The theme of the address covered the responsibility which has been thrown upon those who survived the war, to make that for which the heroes died worth dying for and worth the sacrifice. He admonished the surviving ones to make America a moral country, true to the best of ideals of citizenship and free from the degenerating influences which might set as naught the great sacrifice.

### RURAL SCHOOL DIS- TRICTS MUST PAY MOR TO HAVE PU- PILS EDUCATED

HOLLAND SCHOOLS ASK \$75.00  
TO EDUCATE COUNTRY  
PUPILS

School Districts Only Pay \$25.00, So  
Therefore are \$50.00  
Short

Many pupils coming from the rural districts for higher education from some parts of the county near Holland, are going through considerable hardships because of finance.

The high cost of teachers, the increase in the expense of educating children in our local schools has also boosted the price of tuition.

Mr. Henry O. Marias states that he knows many rural pupils who have much difficulty in scraping together the extra money between what the rural district pays toward these pupils' tuition and what the city demands. Altho he comes from the eechwood school district where the school board allows \$50 for each pupil, he states that in other school districts this is not the case, and under the new state law the school district from which a pupil comes is compelled to meet this additional expense by the Holland school.

A letter to Mr. Marias from Prosecuting Attorney Fred T. Miles, who is also a member of the school board, may also throw some light upon the subject. The letter follows:

Mr. Harvey O. Marias,  
My dear Mr. Marias,

You ask about the expense to Holland city for education in our high school:

For last year—1918-1919, it cost the city for instruction in the High school, \$44.64, and for incidentals, \$18.04 making a total of \$62.68.

This year it cost for instruction \$54.23. Of course the year has not ended so we cannot say exactly what incidentals will cost, but they will cost as much or more than last year, which will make a total for instruction and incidentals, of \$72.27.

For next year we have greatly advanced the teachers' salaries, and other expenses are also advanced; the teachers' salaries have been advanced approximately forty per cent, so that for instruction next year it will cost us about \$75 and for incidentals, about \$20, making the cost for instruction and incidentals about \$95 per pupil.

In the above I have not figured interest on the high school investment. I recall it cost about \$120,000 to build and equip our high school; and to reproduce the building and equipment, it is estimated would cost us upwards of \$250,000.

Under these circumstances I think you will see that a charge of \$75 for tuition is very reasonable. I do not suppose there are any districts where they would object to paying this tuition. None of the districts are taxed for school purposes any ways near as highly as we are in the city.

Yours very truly,

Fred T. Miles.

### CATTLE BREEDERS TO GATHER IN HOLLAND

SPEAKERS OF NOTE ON HOL-  
STEIN BREEDING WILL LEC-  
TURE ON THIS SUBJECT

Meeting Will Be Held in Court Room  
of City Hall on Wednesday  
Afternoon, March 3.

The Michigan State Holstein-Friesian Association under the supervision of President H. W. Norton, Jr., of the State Association and Mr. D. D. Aitken, president of the National Association, are planning a two weeks campaign in the state of Michigan, such as has recently been carried on in the states of Wisconsin and Ohio, for the purpose of boosting Holstein interests in the state of Michigan.

These men are coming to Holland on Wednesday afternoon, March 3 and the meeting will be in charge of C. Boven, Rural Route 3, and Ray Knooihuizen of the First State Bank.

This campaign for perfecting a strong and efficient state organization will begin Monday, February 23 and end Saturday, March 6, lasting two weeks and during this two weeks time Holstein meetings will be held in 24 cities located in the centers of various Holstein sections in Lower Michigan.

A letter to Mr. Boven from Mr. Harper explains the situation.

Dear Sir:—President H. W. Norton, Jr., of the Michigan State Holstein Breeders' Association and Mr. D. D. Aitken of Flint, Mich., president of the Holstein-Friesian Association of America, are planning on a 2 weeks series of meetings in 24 cities in lower Michigan for the purpose of building up a strong state Holstein breeders' association and securing as many as possible of the breeders of grade and registered Holstein cattle as members of this state organization.

One of these meetings is scheduled for Holland Wednesday afternoon March 3rd at 2 o'clock. I am going to name you and Ray Knooihuizen as a committee to arrange a place for this meeting and also as a committee to invite any one that you may know of over in your section of the state who is raising either grade or registered Holstein cattle.

Try and get out every fellow that you know of who is interested in raising either pure bred or grade Holsteins. There will be some good speakers who will tell us just what it is proposed to do to directly benefit the men who are breeding Holsteins.

Yours respectfully,  
W. R. Harper, Sec'y,  
West Mich. Holstein Assoc.

WEATHER PENNANT

FEBRUARY DOES NOT ESTAI-  
LISH THE COLDEST  
RECORD

A survey of the weather bureau records for many years back reveals the fact that February has furnished all the cold weather records. This present period of the month is the coldest as a rule, so there is nothing unusual about the snappy weather of the present moment.

The records of the weather bureau show that the coldest February day was on February 11, 1899, when the mercury dropped to 25 below. For several days then temperature did not rise above the zero mark. The next lowest mark was 18 below. On February 1, 1917, the mercury went to 16 below. On February 5, 1918, there was a low reading of 14 below. Thus it will be seen that these days do not carry off any cold weather pennants as far as the records are concerned.

WOULD LIFT PRINT TARIFF  
AND BRING FOREIGN PAPER

Removal of tariffs on print paper costing less than 8c a pound was proposed to the senate finance committee by Senator Curtis (Rep.), Kansas, who offered an amendment to the Dye tariff bill imposing a duty of 2 per cent on paper costing more than 8 cents a pound. Curtis said this plan would bring in new paper supplies from Scandinavia.

TO OUR SUBSCRIBERS

All subscribers who are in arrears for their paper are requested to make payment as soon as possible.

Then News has not been a profiteer and altho paper is ten dollars a bundle where it formerly was two dollars, a bundle, we have kept the price at one dollar.

At least we can expect that subscribers will pay promptly when bills are sent.

The large supply of paper on hand at a pre-war price is the only reason why we were able to hold our subscription where it has been for nearly 50 years.

Prompt payment of subscription bills is the only thing that will keep it at the old price.

Office open evenings on Wednesday and Saturday nights for the next thirty days.

### HOME BUILDING TO BEGIN IN HOLLAND SOON

DIRECTORS OF NEW ASSOCIA-  
TION HAVE CLEARED DECKS  
FOR ACTUAL CONSTRUCTION

Act Quickly If You Want One of  
These Homes, Is the Word  
Given

The home building campaign of the Holland Home Building Association is to begin almost immediately. This decision was reached Tuesday evening at a meeting of the board of directors held at the home of the president, Con De Pree. The board of directors, since being appointed a few weeks ago, has held six meetings, and work on the necessary preliminaries before the actual erection of houses could begin has been in progress. A mass of work had to be disposed of before a project of these proportions could be begun.

The board of directors elected Con De Pree president of the board, C. M. McLean, vice president, and Frank Dyke, secretary. In addition to these officials of the board, John Arendshorst has been named as the business secretary and manager. It will be Mr. Arendshorst who will meet the prospective purchasers of houses, show them the plans and make arrangements with them in regard to the deals.

The board of directors has closed a contract with Benjamin & Weemhof, architects, of Grand Rapids for the entire sets of plans and specifications of the Grand Rapids Home Building Association. In this set are plans. These plans will be here to 20 exteriors on seven basic floor plans. These plans will be here shortly and they will be on display in the office of Mr. Arendshorst.

The board is ready to sell and build houses immediately. Prospective customers of houses are warned that they cannot expect to wait until the houses are finished before buying. There is so great a demand for them and so many firms are planning to build homes for their employees that anyone who wants to get in on this is advised to act quickly. The purchaser will have to buy his house before it is built or he will have a slim chance of getting one. The buyer of a home may pick out his own lot.

People throughout the city who have lots for sale are asked to list them immediately with Secretary Arendshorst, giving price, description and location. A directory of available lots will be kept at the secretary's office for the home buyers to pick from.

The Home Builders' Association will on its own hook begin the erection of houses immediately in blocks of five and ten, practically all of which have already been spoken for by corporations for their employees.

### TO PLAY ROLE OF WASHINGTON PRIN. RIEMERSMA TO IMPER- SONATE HIM AT "OLD TYME CONCERT"

One of the interesting features of the Old Tyme Concert to be given by the Holland Teachers' club on Tuesday and Wednesday of next week is a playlet, "Washington's First Defeat," under the direction of Miss Gertrude Wickes. The plot of the play is unusually clever and serves to reveal some surprising traits of Washington not revealed in school histories. The action takes place on a plantation near Mt. Vernon in 1750. The following is the cast of characters: George Washington, Prin. J. J. Riemersma; Miss Lucy Grymes, Washington's first love (or at least one of them); Miss Anna Kolyn; Camellia, colored mammy; Miss Minnie Smith.

A new plan is being used in regard to the sale of the tickets for this concert, 800 tickets being issued for each night, March 2 and 3 respectively. This will insure each holder of a ticket a seat on the night for which the ticket is issued. Tickets are selling very rapidly, but it is hoped that there will be a few on sale at the door each night.

### WEDDED WEDNESDAY AT BRIDE'S HOME

MISS LAURA LEMMEN BECOMES  
WIFE OF JOHN BRINK-  
MAN, JR.

John Brinkman, jr. and Miss Laura Lemmen were married Wednesday afternoon at 1:30 at the home of the bride's parents, Mr. and Mrs. G. Lemmen, Michigan avenue. Rev. R. Veldman of Prospect Park officiated. The ring service was used. The bride was dressed in a traveling suit of brown broadcloth and wore a corsage bouquet of sweet peas. During the congratulations the wedding march was played by Miss Jennie Brinkman a cousin of the groom. Elaborate refreshments were served and many beautiful and useful gifts were received. As the couple boarded the evening train for Chicago, they were showered with rice by their friends. After spending their honeymoon in Chicago and Michigan City they will be at home to their friends after April at 402 Lincoln avenue.

### WILL HOLLAND GET THE GUM PRODUCTS CO?

GUM PRODUCTS COMPANY MAN  
IS IN HOLLAND TO LOOK  
OVER THE GROUND

Nothing Has As Yet Been Heard  
from the Common Council Proposi-  
tion Up to Now

It is not yet known whether the Gum Products Company of Troy, who asked for a site or factory building in Holland, will come to this city.

The Common Council committee with Alderman Kammeraad as chairman and the Victory club committee with Henry Winter as chairman, went to the old Holland Gelatin Works, took dimensions and photographs of the place and also the former local brewery and sent these to the Gum Products Co. for their inspection or approval, but up to this time nothing has been heard and it is said that no deal has been closed thus far.

It is said that one of the company's men quietly came to town and investigated on his own hook. He did not however approach the committee or anyone, having the matter in charge.

The Gum Products Co. is said to be thoroughly reliable and Holland no doubt would welcome this diversified industry.

It seems however that the letter sent to Holland was one of a large number of letters, as the signature was stamped with a rubber stamp and the circular was a printed one, therefore Holland may be in competition with a hundred or more other cities. But notwithstanding, the committees have done their full duty and have sent all that Holland has to offer in detail.

### STATE COMMISSIONER AFTER THE REAL ESTATE MEN

CHESTER B. McCORMICK IS TRY-  
ING TO FIND OUT WHO HAS  
NO LICENSE

Chester B. McCormick of the Michigan Securities Commission of Lansing is in the city trying to find out who has a license to sell real estate and who has not. Each real estate agent must pay a license of \$50 before he can do business and the commissioner pointed especially to the following paragraphs of the law.

A real estate broker is defined by the law as any person, firm, partnership, association, copartnership, or corporation, who for a compensation or valuable consideration sells or offers to sell, buys or offers to buy, or negotiates the purchase or sale or exchange of real estate, or who leases, or offers to lease or rents, or offers to rent any real estate or the improvements thereon for others, as a whole or partial vocation.

A business chance broker is any person, firm, partnership association, copartnership, or corporation, who for a compensation or valuable consideration sells or offers to sell, buys or offers to buy, or negotiates the purchase or sale or exchange of a business, business opportunity, or the good will of an existing business for others as a whole or partial vocation.

A real estate salesman is any person who for a compensation or valuable consideration is employed either directly or indirectly by a licensed real estate broker to sell or offer to sell, or buy or offer to buy, or to negotiate for the purchase or sale of real estate, or lease or offer to lease rent or offer to rent any real estate for others as a whole or partial vocation.

### GAME OF SEASON WILL NOW BEGIN TO PLAY OUT OF TOWN BALL

The Indoor Baseball game between the Chemicals and the Holland Furnace Tuesday night closed the series of indoor baseball for this year. The batteries for Tuesday night's game were Te Roller and Nash for the Chemicals and DeMaast and Cramer for the Furnace. Te Roller the first man up for San Tox went to base on balls. G. Batema struck out. Chem got 1 run the first inning. Furnace scored 2 in the first inning and the Chemicals got none in the second. Furnace 1, score 31- in favor of the Furnace. Game looked very good so far, but in the third and 4th innings the Chemicals got 3 in the 3rd and 9 in the 4th and from then on there was nothing worth mentioning. Pat Nordhof for the Chemicals and R. Slooter for the Furnace, secured a home run apiece. A very good crowd attended but not as many as there should have been. The Chemicals are planning on a series of post season games with the Haynes-Ionia team and if these can be secured a large crowd is sure to be present. The final score was Chemicals 16; Furnace 5.

Mr. Henry Meerns and Harry Knipe of the Central Garage went to Grand Rapids to attend the auto show and with the intention of buying a Stutz.

ENTERTAIN YOUNG FRIENDS ON SAT. URDAY EVENING

On last Saturday evening one of the finest younger society events of the season took place when Miss Maxine Boone, a daughter of Mr. and Mrs. P. F. Boone, and Miss Julia Huntley, daughter of Mr. and Mrs. Cecil Huntley, gave a Washington's birthday party at the home of Miss Boone on East Ninth street. The rooms were most beautifully decorated for the occasion and a four course dinner was served to the twenty six young ladies and gentlemen present. After the dinner had been served, games and dancing were participated in and all left at a late hour declaring the Misses Boone and Huntley royal entertainers. The favors for the occasion were little wooden hatchets and small cherry trees with real cherries hanging from the branches. Those present were the Misses Wilma Nibbelink, Cathleen Mersen, Kathryn Keppel, Dona Landwehr, Frances Huntley, Carol Van Hertsveldt, Marcelle Galentine, Ruth Nibbelink, Marion Leape, May Hadden, Lucile Osborn, Julia Huntley, Maxine Boone; Messrs. Fred Steketee, Clyde Geerlings, Vernon Van Cate, Randal Bosch, Martin Van Klink, George Vande Woude, Harold DeVries, William Nies, Fred Meyers, Egbert Fell, Gerrit De Koning, Leroy Hill and Coby Huizenga, and Miss Jeanette Mulder.

PUBLIC AUCTION

On Friday, March 5 at 1 o'clock in the afternoon on the farm of W. Kruthof, two miles west of Harlem and one-half mile north, a public auction will be held of the following: 7 Holstein cows, 3 of which are nearly new milk, and 3 new milk by the middle of March; 1 Holstein bull, 3 months old; 3 hogs 3½ mos. old; 60 chickens; 1 corn harvester; 1 soap tank; 1 silo, 8x30 1 spike tooth harrow; 1 fertilizer drill. Credit will be given without interest until Oct. 1, 1920 on amounts of \$5 and above; sums below \$5 cash. 4% discount for cash on sums above \$5. H. Lugers & Son, Aucts.

The parsonage of the 14th Street church on 14th street has a very vacant looking appearance. Rev. H. Hoeksema has already moved his

FEDERATION HOLDS FINE CONVENTION MONDAY NIGHT

The members of the Men's Federation of Adult Bible Classes of the city convened in the beautiful new edifice of the First Reformed church Monday night. A large number were in attendance to listen to the splendidly prepared program.

Rev. C. P. Dame, pastor of Trinity Reformed church, opened with prayer. A selection by the Harmony quartet, "When Mother Prayed," was applauded vigorously, so that H. Topp, G. Ter Beek, J. Ter Beek and J. Ter Vree, members of the quartet, were forced to respond to an encore.

The main address of the evening was delivered by Rev. Mr. Wayner, pastor of the Central Lutheran church of Grand Rapids. Rev. Wayner took for his theme, "The Church of Today," and clearly defined the principles of the present day problems of the church. His discourse was interesting and inspirational throughout.

Rev. James Wayer, pastor of the First Reformed church, spoke briefly concerning the Roe Scholarship for Indian students at the Roe Institute, located at Wichita, Kansas. The Federation then passed a motion resolving to extend a scholarship to an Indian child.

After the program the men enjoyed light refreshments served by the First Reformed church, and a fine social time was enjoyed.

NAMES COMMITTEES ON MEMORIAL

At a meeting of the Common Council held February 18, a communication from the American Legion relative to a soldiers' memorial was referred to a special committee of seven, preferably one alderman from each ward, and the mayor as chairman, said committee to act in conjunction with the committee of the Legion. The mayor was further instructed to appoint a committee of five citizens to act in conjunction with the committee appointed by the council.

Mayor Bosch Tuesday announced the following appointments on the committees: Citizens' Committee: G. J. Diekema, A. H. Landwehr, Dr. J. E. Kuizenga, John Kelly, and Oscar Peterson; Council Committee—Aldermen Blue, Brieve, Kammeraad, Dykstra, and Wiersma.

HOLLAND IN THE CHAMPION CLASS

Friday night in the Central Gym. Holland High added another victory to their almost unbroken string, by defeating Grand Rapids Central 23-16. The game was spectacular on account of the classy passing and team work of the Holland five. Central scored only four field goals, the rest were free throws. Holland's defense was especially good, and held the Centralites under their basket all the time.

This victory gives Holland another boost for the championship. Irving, Boyd and Steggerda starred for Holland, while Osting was Central's best bet. The Holland high five played a better class of ball than was ever seen on the Central court. This showing leaves the game with Kazoo Central Friday evening almost a championship bout. The Hollanders are right at home in their own gym and are almost unbeatable. This will be the drawing card of the season and high school expects to do or die.

George Hennevel, head of the newly organized Holland Co-operative Association says "We are doing the biggest business but the only thing that we are up against is car shortage."

LOOKING FOR HIS BROTHER IN HOLLAND

Does anyone in Holland know a man by the name of John William Holland? Why John William Holland should be in Holland, is not made clear, but his brother who lives in Hartford, Conn., thinks he is, and he is doing all he can to locate the missing man. The Connecticut man's name is James H. Holland, and if anyone here locates John William Holland, he is asked to write to the Hartford man whose street address is 6 Green street.

The Hartford man has appealed to Chief of Police Van Ry to find his brother. Anyone knowing about the whereabouts of the man may also communicate with the chief of police.

SPEAKER AT SUNDAY GOLD STAR MEMORIAL SERVICE

Mr. Diekema delivered the principal address at the twin city Gold Star Memorial service held on last Sunday evening, Feb. 22, at the 1st Congregational church under the auspices of the American Legion posts of Benton Harbor and St. Joseph.

Mr. Diekema is one of the best speakers in Michigan. He has been in the public eye in Michigan for many years. He served several terms in Congress. He lives at Holland and is the father of a Michigan "ace," his son entering the aviation service during the war as a private and working up to the command of a major in charge of a flying squadron on the fighting front in France. —Benton Harbor News-Palladium.

Principal Riemersma and Coach Horne were both in Grand Rapids Friday for the game with Central High.

Mr. and Mrs. Walter I. Lillie of Grand Haven left Thursday for an extended trip through the West including California.

CHILDREN DIE OF GROSS NEGLECT SAYS ALLEGAN PAPER

A story appears in the Allegan News that is appalling if true, and there is no reason to doubt the item as one of the principles has pleaded guilty before Judge Cross. The item states that five children apparently died of neglect within a few years and that one child in a high fever asked for water in the night and was told to wait until morning when it was found dead.

The pity of it all is that steps could not have been taken earlier by authorities and before so many little children were sacrificed.

The item appearing in the Allegan News follows:

"Alonzo Gleason and 'Lot' Watts of Valley Township, Allegan county, were arrested Wednesday on complaints made to Prosecuting Attorney Ira C. Montague for wilfully neglecting to provide proper clothing and food for their children. The homes are a mile or more apart, but conditions in each place were most deplorable. Undertaker C. C. Benson, who visited them, said: 'The living conditions in these hovels were awful, awful'. He went there to bring the sick and dead to the city."

"During the past several years Allegan county has been compelled to care for and bury five of the six Gleason children, despite many promises in probate court to do better."

"Gleason was taken before Justice Brady Wednesday and said he did not care for an examination and before Judge Cross in circuit court pleaded guilty to neglect of his children and will no doubt be given a term in prison. Watts will stand trial. He will be arraigned before Justice Brady March 1. He is in jail in default of \$600 bail bond."

"Mrs. Watts and four children are at the hospital being cared for, all ill with influenza, one child being very low. If the children recover they will be sent to the state school at Coldwater. The food the Watts children and family had this winter was mostly provided by the neighbors."

"Gleason admitted the child that had died asked often for water during the night and that he told it to wait until morning and in the morning it was dead."

"There are cases of want and neglect right here in Allegan that need looking after. A man who will not work and provide for his family should be put in jail until he will work."

Hon. G. J. Diekema has been in Chicago on business for the past three days. He returned Friday afternoon.

Friday evening the Holland Y basketball team defeated the much touted Muskegon Y by the score of 30 to 18. With this game Muskegon's hopes for the state championship went glimmering. The game started fast with Holland scoring on a foul shot. At first the locals had hard luck in locating the basket but toward the end of the first half they began rolling the ball into the basket and from then on nothing could stop the locals. The first half ended with a score of 17 to 5 for the locals. The second half the visitors began to rough it but accomplished little this way. The basket shooting of Van Tongeren and Warnshuis and the floor work of Kuite along with the defensive work of Nykamp and Joldersma spelled defeat for Muskegon. The second half the locals played with the visitors. Renee and Bert Hooker showed up best for the visitors. In a preliminary to the big game the Hope Reserves easily defeated the Y reserves 12 to 5.

Jacob Sluiter, old time resident of Grand Haven, is very ill with pneumonia at the Holland Home in Grand Rapids. County Clerk Orrie Sluiter and Peter Sluiter spent the day with their father.

Holland High school's basketball team defeated Grand Rapids Central Friday night. The Holland lads were everywhere, dribbling, passing and shooting. They were continually trying long shots, several of which were counters, and those that failed to go through the basket were followed so fast that often a basket would be thrown before the ball struck the floor. Every player of the Holland team scored from the field. In the preliminary game the Central Reserves defeated the Holland Reserves 15 to 10.

Friday afternoon the boys and the girls of Junior High and the sixth grade from Froebel school enjoyed a program together in the assembly room at Junior high school. Rev. VanderWerf was the principal speaker. He spoke of our own great Washington. The children added songs and readings to the program. Mr. Geerlings, always on the lookout for a treat for the boys and girls brought Mr. Edmunds of Benton Harbor over to Junior high. His Scotch and Italian songs and stories were wonderfully funny. He was just bubbling over with fun and it was very contagious. Mr. Vanderwerf also visited and enjoyed the program.

The 1920 issues of U. S. treasury certificates are now on sale at the Holland postoffice. The February price on them for a certificate that will be worth at maturity five years hence is \$82.60, which will be due January 1, 1925. The certificates are on the same plan as the war saving stamps and are considered a gilt edged investment. People are buying them readily as one of the safest ways of saving surplus money. Postmaster Wm. O. Van Eyck will be glad to explain them to you.

## A Dollar is a Dollar!

## Yes, But There Is a Difference

WE WILL TRY and explain briefly why a dollar saved to-day will not alone bring you four per cent interest compounded annually, but will within a very few years double in value. WHEN THE WAR BEGAN YOUR DOLLAR was the size of that one marked 1914 in our dollar film below. See how the dollar has gradually decreased in size based upon purchasing power. In 1914 it was a nominal big-sized dollar; in 1915 it already began to grow smaller; but gradually and finally in 1919 the limit had been reached,

## EVOLUTIONIZING A DOLLAR

## THE TURNING POINT HAS COME

Permit us to call your attention to the fact that history shows that during and at the close of each and every war there has been a decided increase in the cost of living. The greater the war the greater the expense and the higher the cost of living became. Wages, too, went correspondingly higher and more dollars were made.

However, there also comes a time when this wave of high cost recedes. This period we decidedly think and hope is now at hand; the peak load has been reached and a recession, although hardly perceptible, is going on right now. The dollar is now at its lowest ebb, as far as purchasing power goes. IT IS NOW THE SMALLEST DOLLAR.

But remember this condition is not going to remain so. Those who save their small dollars to-day and keep them in the bank will have them there when the purchasing power becomes greater. History has repeated itself again and again, demonstrating that it takes from three to five years for times to again come back to normal. See what this is going to do for the thrifty saver who puts the small dollars in the bank NOW while these are plentiful and more easy to obtain.

## REJUVENATING A DOLLAR

The picture is plain—not alone will you receive at our bank four per cent interest compounded during the years of 1919 to 1924 but you will have deposited 1920 sized dollars and will together with your interest in 1924 draw out the largest dollar ever coined, based upon purchasing power.

Dollars may be harder to get in 1924 than now but, then all the more reason why you should save them while the saving is good and have them on hand when these are not so plentiful and harder to get.

## READINGS AND MUSIC FORMED THE PROGRAM

A program of readings by Miss Ethelyn Metz was given at the Woman's Literary Club Tuesday afternoon and the club rooms were filled almost to capacity.

Miss Metz's discriminating choice of selections and her skillful and sympathetic interpretation of them, made the program a delightful one. The numbers were as follows: "The Lost Word," by Henry Van Dyke, "The Wreck," from Dickens' "David Copperfield," "Mon Pierre" and "De Cirque at Ole St. Anne's" by Ambary; "The Hare and Tortoise," from "Emmy Lou" by Martin; "The Har-

binger," from T. A. Daly's "Canzoni, and Apple Blossoms."

Some excellent musical numbers were also a feature of the program. Two vocal solos were given by Mrs. A. A. Vischer, "Lady Mine," and "For Thee." Miss Ruth Keppel played two violin selections and Miss Christine VanRaalte and Mr. Teunis Prins sang "Where my Caravan Has Rested," and "The Garden of My Heart."

## COMMUNITY STORE DOES A VERY FLOURISHING BUSINESS

The Community store being conducted by Peter Brusse on the third floor of the city hall continues to do a flourishing business. Mr. Brusse announced that the store still has one thousand bath towels on sale at 45 cents apiece, and 700 hand towels at 20 cents apiece. There are also a considerable number of other articles still to be had.

That the store is popular was shown when in a day and a half 75 cases of pork and beans were disposed of. The store still has a little of the bacon on hand that has proved very popular and that has been snapped up quickly by buyers. There are also still some cans of tomatoes to be bought.

## TEACHERS GOING BACK TO THE OLD COLONIAL DAYS

A very unique exhibition in the form of a concert is to be presented by all the teachers of the public schools on Tuesday, March 2nd and 3rd.

The title is "Ye Old Tyme Concert," and in this concert a chorus of 40 voices are to take part.

This entertainment will bring memories of the past with its old time expressions, old time songs, and old time costumes. Even the program is going to be issued with "Ye Old Tyme" spelling printed on brown wrapping paper.

A playlet, "Washington's First Defeat" will be one of the features, and such old time songs as "Coming thru the rye," "In the gloaming," "Cousin Jebediah," "Old Black Joe," "Sweet and Low," "Old Oaken Bucket," and a score of others will be in the repertoire of the chorus.

Other features will be trios, solos, string instrument music, minuets, all of course from the vintage of Revolutionary days.

Surely this unique program given by the local teachers is going to be a taking thing and very refreshing in this period of turmoil, high cost of living, and modern things.

## TELLS OF PARENTS' ATTITUDE TO CHILD

The Social Progress Club met on Tuesday evening at the home of Mr. and Mrs. Otto Kan, West Eleventh street, when Prof. Egbert Winter of the Education Department of Hope College read a very able paper on "Parents' Responsibility to the Child in the Home." Prof. Winter, who is a new member of the club, was pressed into service at almost the last minute, but he produced a study in child psychology and the attitude parents should take toward the unfolding young life of children that was both scholarly and popular. Prof. Winter made a plea for a closer and more sympathetic study of childhood needs, mentally, morally, spiritually, physically and in other ways, and meeting those needs with intelligent assistance and direction.

Special entertainment was furnished by Att. T. N. Robinson who read an Irish story, "Pleas Will be Pleas," by Ellis Parker Butler, author of "Pigs is Pigs."

Dr. Huizenga and Evert Pruim of Zeeland were in Holland on business Tuesday.

## VICTORY CLUB NAME MAY BE CHANGED

The invitation committee of the Victory Club gave the members at dinner Monday a real treat when they secured Professor John C. Hoekje of the Western State Normal of Kalamazoo as the after dinner speaker.

Mr. Hoekje had two separate and distinct subjects to talk upon. One was the Kiwanis club of Kalamazoo.

"The name of this club did not originate in the 'Celery City' but is one of a number of clubs of this kind found all over the world. Nearly every city of any importance in the United States has a business club called a Kiwanis club," said Mr. Hoekje. "There are a large number in Canada, and when the Prince of Wales came to this country he was made an honorary member of several of them. When the Prince returned to his native country he immediately organized a Kiwanis club in London and was made its head."

"In Kalamazoo all the best business interests and men who have made Kalamazoo what it is, are members."

"The principles of the club are loyalty, honesty, friendship, co-operation. The old motto was 'We trade,' but later this has been changed to 'We serve.' The slogan of the Kiwanis club all over the world is 'Do it the Kiwanis way. Another motto is 'He profits most who serves best.' Not alone does the Kiwanis club foster all things of an industrial and a business nature in the cities where these are found, but the organization is fraternal in its nature."

"Like the Holland Victory club there are weekly dinners when men meet for social gathering and listen to speakers often of nation-wide reputation, and enjoy programs arranged for by an entertainment committee."

"When you're at long distance you must generally see the short comings of your own town more distinctly than when you live in the community and I consider Holland my own, my native town."

"Since I've been in Kalamazoo, however, I have often thought, why hasn't Holland grown faster in the past than it has, and I often think of the passage, 'God help those who help themselves,' but it seems in this case that the Almighty has been unusually considerate of the city of Holland. With such natural advantages as you have here, there is no excuse why this city should not be the metropolis of Western Michigan. If Kalamazoo had one half of the advantages that nature has provided Holland with its resorts and harbors, farming and fruit, there would be no stopping her growing."

"Another very noticeable feature in my coming here was the absence of light on your principal streets. Every country town has boulevard lights now but a beautiful city like Holland, catering to the tourist trade is in utter darkness when it comes to its business streets. I notice, that even Zeeland, your neighbor, has boulevard lights."

"I notice however by reading the Holland City News, that you are going to make a start. You are going to have four on one corner, according to the council reports. (Laughter.)"

"I also notice by the paper that Holland is coming right to the fore. That both its internal and external development has been wonderful in the past year."

"Proper boosting and a propaganda of confidence for your own town, as seems to have been going on, will be the means of putting Holland in a class where it belongs."

"I love this city and call it my own, and I will continue to watch its development no matter where I may be."

After this speech the club members were given the privilege of asking questions of Mr. Hoekje relating to this sort of club, and at the next meeting it will be considered whether it is advisable to call Holland's business organization, a Kiwanis club, and do things the Kiwanis way.

The name Victory club has really

lost its significance as it was originally organized to aid in war work and to help in the victory. These things all have been accomplished and the victory won, the name, is really becoming obsolete.

Why not the Kiwanis club and get the benefits derived by these international organizations?

## CAN NEVER BE A VIRTUE

Jealousy and strife sometimes even exists in church circles and in church denominations. In fact sometimes one thinks that they are more dominant there than elsewhere, but possibly the reason may be that in the church they become more prominent for the reason that folks do not generally look for such shortcomings there, and in such public places.

An editorial in the Leader, organ of the Reformed Church of America would indicate that a more amicable understanding exists between the Reformed church and the Christian Reformed church than ever before, that a getting together is gradually taking place which is a move in the right direction, and could well be emulated by other church denominations.

Certainly church strife can never be a virtue. The Leader says as follows:

"We believe the days of better understanding and better mutual appreciation between Hope and Calvin are at hand. Evidences of it multiply. The students are approaching each other. Basket ball games between students from both the college and both the seminaries are in order. Students of both schools remain to visit the other institutions. The mission bands of both colleges are to meet in a union meeting. When men play together, they get to know each other better, and the fellowship of play often does more than anything else to awaken mutual admiration. Fellowship in play and fellowship in the fight for great issues are the real binding forces between men."

"Dr. S. M. Zwemer and Dr. John Van Ess have both lectured at Calvin. Recently the writer of these notes had the privilege of appearing on the Calvin lecture course. After the lecture he was the guest of the Fortnightly Club, made up of seminary and upper class students with college faculty members, where he had the delight of discussing problems of philosophy and philosophy of religion for an hour and a half with men keenly alert to the situation in thought today. Such a group would be hard to surpass anywhere."

"May not these things be the harbingers of better days. Why should we always try to turn the clock backwards? We do exist, and we may help each other."

"Meantime all must admit the rapid advance of Calvin Scholarship and scholastic standing grows apace. Wise, broad planning, consciousness of mission, denominational backing, conviction of the superlative importance of education—all these are making Calvin a splendid school."

## What Fordson Service will do For You

There are two big factors to consider when you are buying a tractor—both equally important—the tractor itself and the service rendered. To own a Fordson means that you own a durable, dependable, economical tractor that will serve you every working day in the year.

## SERVICE STATION CLOSE AT HAND

A tractor which is standing idle because the service station is far away or because the dealer hasn't the proper parts is a poor investment, no matter how well the tractor itself may be made. And added to this, wherever the Fordson Tractor is sold, you will find parts and service as quickly and easily available as the kerosene you put into the tank.

## LOCALS

Mr. and Mrs. Gerrit Van Haften are Grand Rapids visitors today.

Secretary John Arendshorst is attending a meeting of secretaries of county fairs at Lansing today.

Thos. Halley left last week for a visit with relatives in Arizona and a trip through the west.

The Hope College Y. W. C. A. held a "Vesper Service" this afternoon, Mrs. Scott leading the meeting.

Truesdale, athletic coach at Union High, G. R. J. will referee the game between the Western Normals and Hope college basketball teams tonight.

Peter Lievens of the Peoples Garage has been in Grand Rapids most of the week looking after his interests in the Reo and Nash exhibits for which cars he is the local representative.

One reason why more buildings are not put up, is that a lot of people persist in using their hammers for knocking.

Prof. John E. Kuizenga will speak at the Lotus Club at Grand Rapids tomorrow. This club is run in connection with the Grand Rapids Chamber of Commerce and is a business women's organization.

Allegan is certainly having trouble with its water. Water thieves have been stealing water and if Allegan don't look out, they will steal its water works too. The city had one man from Toledo, O., figuring the thing out, and the aldermen were not satisfied with the engineer's figures so they hired another man in order to see what his figures will be. While the figuring is going on however, the water is disappearing.

Vice President Thos. R. Marshall, Attorney General A. Mitchell Palmer and Joseph T. Robinson, U. S. senator from Arkansas, will address a rally of Western Michigan Democrats in Grand Rapids, Wednesday, March 3, according to telegrams received by Theodore A. Norris, Democratic county chairman from A. R. Canfield secretary of the Democratic State Central committee of Detroit, Saturday afternoon. No doubt a great many Holland democrats will be present. Louis Vander Berg of Holland and Henry Bowens of Zeeland are acting committee men for this occasion. Headquarters will be at the Pantlind hotel.

In less than 20 years 95 per cent of the pulp and paper mills of the country will have practically exhausted their supplies of spruce, hemlock and fir, the principal woods from which the paper on which newspapers are printed is made. The annual cutting of these woods in the New England states and New York is approximately 3,262,000 cords, it is claimed, and at this rate the supply will last approximately 17 years.

## MORE MONEY THAN IN MUSKRATS

## "CATFISH HANK" OF MUSKOGON PILES UP A FORTUNE

An industry which promises to rival that of catching and farming of muskrats on Muskegon river and which has been in operation for some years past is that of turtle catching. The turtle market especially strong in the east, where large hotels demand the finest and biggest species, has gone to top-notch prices, and Henry Vandervelde, known all along the river as "Catfish Hank," and his crew of sturdy rivermen are said to be bringing in the dollars hot and heavy.

The close of the present year will see over 50,000 turtles captured, barreled and sent to eastern ports.

The Muskegon turtles, often called "water chicken," are captured all along Muskegon river in a specially designed trap made from two common barrel hoops, a few short pieces of wire netting and a rope. A wire netting barrel is made with one end open, into which Mr. Turtle walks to get his supper, however, he never gets another supper, as the trap is sure.

"Catfish Hank" has some record catches during the past year, which range in size from two to two and one-half feet in width. Some turtles captured have weighed as high as 30 pounds, while the average specimens are about half that size.

The men engaged in turtle hunting on the river live the year round in shacks constructed along the river bank which are easily moved. The marshes and in the winter the river banks are excellent turtle trapping grounds, and the price extremely high, the Muskegon hunters look for the best year of all in 1920.

## CHURCH IS NOW ONE OF FINEST IN W. MICHIGAN

The First Reformed church of this city claims to have the finest and best equipped Sunday School rooms in Western Michigan now that the new addition to the church has been completed. The new building has been in use for some time, but as yet it is not quite ready for dedication, and it is not known at present when the dedicatory exercises will be held.

The new addition to the church has been built at a cost of \$19,000. The new building has an inside stairway built on the plan of the stairway in the City Hall, with class rooms for Sunday School purposes on each side, both upstairs and on the lower floor. When fully completed it will be a slate stairway. There is a tile floor in the lobby, with the words, "First Reformed Church" set in the tile.

The new addition gives the church eight new Sunday School rooms, of which the kindergarten has an outside door to the sidewalk, for the protection of the smaller children in case of fire or other emergency.

The seating capacity of the main auditorium of the church has been increased by 125, and if the folding doors between the auditorium and two of the class rooms are opened the capacity of the auditorium is increased still more. The gallery has also been enlarged.

A bulletin board has been built in the wall of the church facing the street, but operated from the inside of the building.

A new vapor steam system of heating has been installed, said to be the first of its kind in Holland. It has been in operation for some weeks and is giving very good satisfaction.

The new addition was built by day labor and Able Smeenge was in charge as superintendent of the job.

## FLU EPIDEMIC ON THE WANE IN HOLLAND

According to Health Officer B. B. Godfrey, the flu epidemic is about over in Holland. The Health Officer reported that no new cases had been reported to the health department for several days, and from that the assumption is that the local physicians have not found any new cases in this city during that time.

There are still a few cases of pneumonia in the city but that situation is also showing a distinct improvement, the health officer declares. Deaths from pneumonia are becoming more rare. About two weeks ago it was not uncommon to have two or three announced in a single day, while during the past few days there has been but one death from this cause.

Health Officer Godfrey gave a warning to the people of Holland against carrying the epidemic of measles from Grand Rapids. That city is said to be peppered with this disease, and unless Holland fathers and mothers are careful, it is likely that it will spread to this city. Already there are a few cases in Holland. Dr. Godfrey cautioned the people not to take children who have not had the measles to Grand Rapids at this time. A little precaution now will prevent much trouble later on.

Unlike schools in many of the surrounding cities, the Holland schools have continued in session all winter with practically a full attendance. Miss Koertge, the city nurse has been a very busy official the past few weeks and her work has helped a great deal to make this fine record for the schools possible.

## GIVES THE GIST OF ENGINEER'S GAS REPORT

Mayor Bosch Wednesday made the following statement to the people of Holland in regard to the gas report made by Consulting Engineer Byron T. Gifford to the board of public works and the council:

At the joint meeting of the Common Council and the Board of Public Works held Monday evening, Feb. 23, the report of Byron T. Gifford, consulting engineer, who has been employed by the city to make a general outline and estimate the nearest approximate price for a municipal gas plant, was presented and considered. The object of the report expressed by Mr. Gifford, is to point out the way to furnish the citizens of Holland reliable gas service at the least possible cost and to do it in the shortest time.

The cost of gas to the consumer is shown in five periods, each period being based on the number of consumers as the patronage of the plant increases. The cost of gas for the first period is based on 400 consumers, which obviously is the period of least development, and during which the price of gas would be the highest to the consumer, namely \$2.44 per 1000 cu. feet. The second period is based on 800 consumers, and the cost of gas \$1.69 per 1000 cu. ft. The third period is based on 1200 consumers, and the cost of gas \$1.46 per 1000 cu. ft. The fourth period is based on 1500 consumers, and the cost of gas \$1.33 per 1000 cu. ft. The fifth period is based on 1800 consumers and the cost of gas \$1.33 per 1000 cu. ft.

The above are costs to the consumer and include cost of materials and labor, interest and depreciation and all service charges. Mr. Gifford's report shows that as soon as the city plant has reached the period of 1,000 consumers that the present company's gas rate can be met.

The report is voluminous and contains much matter of detail but the foregoing is a summary. These matters of detail I will give to the people direct in a few days or to the common council not later than Wednesday, March 3, at the regular council meeting.

Respectfully,  
N. Bosch, Mayor.

## FORMER HOLLAND PASTORS TO GO TO GENERAL SYNOD

At a meeting of the Classis Zeeland of the Chr. Ref. church held at the 3rd Chr. Ref. church in Zeeland city a delegation was nominated by the chairman to represent this classis at the next general synod to be held in June, 1920, at Grand Rapids.

Those appointed are Rev. M. Van Vessem, Rev. D. R. Drukker, Rev. E. J. Krohn of Borculo, Elders A. H. Bosch, H. Smit and J. Van Rhee.

Other appointments were made as follows: Rev. H. Tuls of Zutphen was appointed as member of the Mission Board; and Rev. M. Van Vessem was appointed for four years as trustee of Calvin College. Rev. D. De Boer of Beeverdam requested this body to consider his resignation as the minister of the Gospel for a season because of ill health. His resignation was accepted.

## Hope Reserves vs. Holland Y Reserves

On Friday evening the Hope Reserves overwhelmed the Holland Y Reserves by the great score of 7 to 4. The game started with snap but later developed into a slow contest. The first half ended 7 to 2 in Hope's favor. The second half was notable only for the number of baskets missed. Elmer Lubbers scored most for the reserves, Poppen and Veldman also tallying. The floor work of the Hope fellows was far superior to that of the Y.

White fish in Lake Superior are showing such marked decrease in quantity that they are liable to become rare within the next few years unless legislative steps are taken to prohibit their destruction is an opinion commonly expressed by fishermen in Lake Superior port towns. Most fishermen believe that the whitefish industry may be saved by proper co-operation between states interested.

The republican caucus will be held in the town hall of Holland township on Thursday, March 11, at 1:30 p. m. to nominate officers.

## Have You Seen the New

## PURITAN PHONOGRAPH?

You may have heard many different phonographs—scores of them—but until you have heard the Puritan you haven't heard the best. The Puritan represents a new phase in the development of sound-reproducing instruments and is the one phonograph that has charmed music lovers away from the belief that it was impossible to preserve the INDIVIDUAL TONE QUALITY of voice and instrument and reproduce them unmarred by mechanical sound or imperfections.

The Puritan accomplishes this seeming impossibility by means of its wonderful new sound chamber, or acousticator—the construction of which is based on the latest scientific principles governing resonance, transmission and modification of sound. The rich, vibrant, resultant effects of massed orchestral and band instruments, the subtle tone-shading of the violin, the bell-clear sweetness of the tenor voice, the deep-register sumptuousness of the baritone—all the hidden beauties of the record, the Puritan searches out and recreates undimmed, unmarred, undistorted.

The cut at the side is a skeletonized view showing the great, deep acousticator used in all Puritan Phonographs. The full-throated long horn sound chamber is found only on Puritan Phonographs. This is an exclusive patented feature that no other manufacturer can make or use. It makes the Puritan music incomparably sweet in tone, clear in expression and rich in volume.

## Note these Special Features of of the Puritan Construction

—TONE CONTROL—Convenient and adjustable.

—TONE ARM—Universal. Plays all makes of disc records without the use of additional devices.

—TONE QUALITY—Responds to the faintest and most delicate tones or sounds, and embodies the refinement of all the processes of sound reproduction.

—CABINET WORK AND DESIGN—PURITAN CABINETS are exquisitely designed and finished. They are the masterwork of long trained cabinet makers in our own factory.

—SOUND BOX—This assists in the reproduction of the tone qualities in all their sweetness and clearness.

—AUTOMATIC STOP—This attachment is most simple in construction and is unfailing in its service.

—MOTOR—The motor, like every other part of the Puritan, is made in our own factory. It moves with the utmost smoothness and winds easily and noiselessly.

—RECORD INDEX FILE—This is one of the big conveniences of the Puritan. Being placed in the middle of the instrument it is readily accessible and saves all stooping and bending when removing or replacing records.

—ACOUSTICATOR—This sound amplifier is a distinctive Puritan feature. Shaped somewhat like an organ pipe, it gives refined expression to all sound reproductions. The Acousticator extends down through the entire length of the cabinet. It opens up like a big, full-throated trumpet.
