WENT UNDERGROUND TO TAKE PHOTOS OF CITY DRAINS

CITY ENGINEER J. ZUIDEMA BACKS UP REPORT WITH PICTURES

City Engineer Zuidema Wednesday night made a very comprehensive report to the common council on the drainage system of Holland.

The report was in typewritten form and covered several pages, going into details on the condition of the city's drainage system, pointing out which parts were damaged, what drains were inadequate to carry the volume of water thrown into them, how repairs could be made and how some of the small drains should be enlarged.

Mr. Zuidema backed up his report with photographs. He had gone into some of the larger drains and had taken photographs of the interior to show exactly in what condition they are. He made the report because he declared something will have to be done sooner or later and because he believes that it is good business judgment to make repairs while the drains are holding up and not to do it after they have broken down and caused a flooding of a large part of the city.

All the improvement work suggested in the report would involve an expenditure of more than thirty thousand dollars. The report was referred to the committee on sewers, drains and water courses and this body will make a report on the matter later.

The report itself was a very careful piece of work. Mr. Zuidema made no guesses as to the condition of the water course but made a complete survey, taking into consideration in each case the amount of water to be carried and the actual condition of the drain that was carrying it. It involved an immense amount of work but the report furnishes the council with complete data on the condition of the drains.

CHILD DRINKS WINTER GREEN OIL, DIES

Edna Louise, the two-year-old daughter of Mr. and Mrs. Charles Finch, 208 West Tenth street, got hold of some chemical wintergreen oil and drank it, causing her death. The child died Wednesday night as a result of the accident.

The funeral will be held on Saturday afternoon at 2 o'clock, Rev. G. B. Fleming, pastor of the Methodist church officiating. The deceased is survived by her parents, one brother, and two sisters.

Ed Meulenbroek of Saginaw, a wealthy man who thinks a lot of Holland and was formerly identified with the Holland Furnace Co. donated to the Elks lodge of Holland of which he is a member the sum of \$100 to be used in any way the officers of the lodge may see fit.

PASTOR RECEIVES GIFTS FROM YOUTH OF CHURCH

About 275 young folk of Eastern av. Chr. Rfd. church, Grand Rapids, surprised their pastor, Rev. Herman Hoeksema, by presenting him with a hall clock and a set of porch furniture as tokens of appreciation for the work he is doing in the church. Last year Mr. Hoeksema moved into a new parsonage built by the congregation.

Rev. Hoeksema was formerly pastor of the 14th St. Christian Reformed church of this city.

THAT "DAWGONE" DOG TAX AGAIN

CITY TREASURER GIVES OWNERS OF DOGS UNTIL SATURDAY TO PAY UP

The time for paying up dog tax is again at hand in fact there are only a few days of grace left.

City treasurer Henry Geerds gives Holland folks until Saturday night to pay the tax on their "Fidos." After that time the delinquents will be turned over to the county treasurer and after he has listed all those who have failed to pay he will turn all these over to the prosecuting attorney, Mr. Miles, who in turn will issue warrants to be served by Sheriff Fortney who will send out his deputies to round up those who have neglected to pay these taxes.

Last year the prosecutor was very lenient and gave the dog owners a great deal of time besides notifying them personally and instructing them relative to the law thru the county press.

Notwithstanding this fact there were still nearly a hundred in Ottawa county who forgot to pay their canine tax.

The result was the wholesale arresting and the paying of fines and the killing of dogs.

There is absolutely no excuse for anyone to neglect the paying of these taxes. Dog owners surely must know by this time thru the publicity given and the examples made of those who neglected to pay by virtue of arrest that the county officers absolutely mean that the dog tax must be paid at a certain time or serious results will follow. The prosecutor will not tolerate any delay this year, of that dog owners may be sure.

IRVING HAS A SECRET UP HIS SLEEVE

KEEPS "BUDDIES" GUESSING RELATIVE TO MEETING

A mysterious postal card is being sent out by Adjutant Marshall Irving relative to some doings the Legionaries are to have. Here it is:

"Buddie—
"Struck Gold". Come to the Legion meeting March 8th, at the City Hall Court room 8 p. m.
Let our "Money-getters Committee" tell you how the Legion struck gold.

Our program committee has a one speaker, also a very good vocalist. Remember—Gold—Speaker—Vocalist—Eats—Smokes. Don't forget to get a new member and see that he gets to this meeting.

Also the Commander and Adjutant are going to G. R. to attend a meeting of the Legion State officials and I'm sure there will be something up the sleeve relative to the financial proposition that we are all very much interested in at present. Be sure and come. It's worth your while.
"Bon Soire."
M. L. Irving

POULTRY MEN TO GATHER HERE TOMORROW

Poultry men will miss something good if they do not attend the one day poultry schools to be held in the city hall in Holland, Friday, and in the Odd Fellows Hall in Coopersville, Saturday.

Mr. Ferguson, poultry specialist of M. A. C. will address both morning and afternoon meetings. As Mr. Ferguson takes Mr. Foreman's place all poultrymen should plan to be present and get acquainted. If you are not a member of an association it will be a good opportunity to join at these meetings. Someone will be present who has authority to sign you up.

Hope College Orators to Speak at Mich. State Contest Friday

The Hope College orators who are to represent their Alma Mater in the state oratorical contest at Alma on Friday pronounced their orations before student body Monday and Tuesday. Hope College will be strongly represented in the orations "The Nation's Heritage" by Winfield Burggraaf of Decatur, a member of the Senior class, and "Backgrounds,"

written by Miss Maxine Mc Bride, a Junior at the college.

The latter was the winner of the Adelaide contest last spring, while Mr. Burggraaf has taken first honors in the Raven contest twice.

Hope took two firsts 2 years ago, and it is expected that an enthusiastic delegation will accompany the speakers for the double championship Friday.

RESORTER SENDS PROTEST AGAINST CARP FISHING

DR. D. T. VAIL OF CINCINNATI WRITES TO MICHIGAN GAME AND FISH WARDEN

Dr. D. T. Vail of Cincinnati, who spends his summers at Waukazoo, has sent the following protest against the carp fishing in Black Lake to the State Game and Fish Warden:

"Dear Sir:—I write this argument and appeal appreciating that your department is actuated by a desire to administer the greatest good to the greatest number of the inhabitants of Michigan.

I am a resident of Ohio but have two homes in beautiful Waukazoo, on the north shore of Black Lake, near Holland, Michigan, one for summer and the other for winter habitation. I seek this quiet of the woods of Waukazoo and the pleasures of Black Lake for recreation and recuperation at various seasons of the year and summer and winter. I have lived along the shores of Black Lake during summer time and at other seasons of the year for the past 21 years drawn there by the beauty of the lake and the good fishing afforded.

In the days prior to six years ago the shores of Black lake were filled with reeds, rushes, lily pads and water grasses and the fishing was good. About that time men with long seines were permitted to run their nets under the ice in winter time to catch the carp and sheephead that abounded. Since then similar permits have been granted nearly every year by the state authorities.

What has been the result? Rank water-weed and hair-like grasses which were formerly kept back by the carp and sheephead feeding on the roots and young shoots have become a great nuisance and a pest. Children can no longer wade in the shallow water for the tangle that exists. When the heat of summer comes the pollen from the submarine rank grasses rises to the top to form a nasty green and fetid scum. Canoeing is practically impossible except in deep and dangerous water and is wholly impossible along the shore in the safe water. Fishing for sheephead which was never a dull sport is now no more for they are very scarce. Fishing for blue gills is practically gone. Fishing for white bass is tame compared with the good days of ten to twenty years ago. Fishing for croppies and perch is nearly past for the fish are of small size and very scarce.

I spent two weeks at my winter cottage on the north shore last December when there was no ice on the lake and saw what happened after seining from boats—thousands of the small fish were killed by dragging in the big nets full of heavy fish.

I read in the Holland papers five years ago after a good two weeks of daily seining of the lake through the ice that the north shore was literally heaped with dead bass, perch, pike, croppies, blue gills, etc. were so thickly piled along the shore that a great stench arose and the corporation had to send men with shovels to bury them.

Now I ask is this right? Is it conservation? Is it beneficial to health and does it add to pleasure? Consider the foul state of the shore line and shallow water in July and August during the play-days for children. Consider that swimming in the lake is no longer pleasant on account of the disgusting odor of rotting pollen and dead floating masses of grass. Consider that wading is dangerous for children on account of the tangle. Consider that the pollution of the air with the foul and noisome vapors of decaying sea grass and pollen is a menace to health, and consider too that this is all the result of permitting a few—a very few men to enjoy reaping a harvest that they have not sown by spreading their nets to catch the suckers and other scavengers; the useful soft mouth fish that feed on the mud and pabulum for weeds at the bottom of the lake as well as on the roots and short grasses before they can grow to blossom, and you will, I trust, see that a great harm has been, and is being done by the state to a nature-loving, pleasure seeking, health-searching and money-spending populace. If this evil is permitted to continue, eventually the region of Black Lake in particular, and all of Michigan in general, where such permits are granted, will become a pestiferous place to avoid, rather than a beautiful health resort to attract.

Very sincerely,
Signed, D. T. VAIL, M. D.

DROPS DEAD WHILE HITCHING UP HORSES

While harnessing his horses in the barn of his brother at West Olive, Frank A. Bedell, aged 67 years, dropped dead Monday as a result of heart failure. Mr. Bedell was living with his brother, Louis Bedell and he had appeared in his ordinary health that morning.

He is survived by his brother, one sister, Mrs. Charles Cole of West Olive, two daughters, Mrs. Asa Weaver of Union City, Mich., and Mrs. Minnie Bacon of Jackson.

DEPUTY SHERIFF GETS MARRIED

IS WED TO A JENISON PARK YOUNG LADY

Deputy Sheriff Oscar Johnson surprised his friends by quietly wedding Miss Jeanette Vos, an estimable young lady from Jenison Park.

Miss Vos is a very popular young lady among the young folks about the park and her husband Mr. Johnson is much thought of throughout Ottawa county.

Before the war he served on the Mexican border with Co. F of Grand Haven and later entered the world war and is now an American Legionnaire. He was a sergeant in the state constabulary, is at present the 2nd lieutenant of Co. D., M. N. G. and is also deputy sheriff and game warden.

The happy couple will make their home in Holland.

WILL DEBATE COMMISSION FORM OF GOVERNMENT

The regular H. O. H. meeting is to be held Friday evening, March 3, in the Odd Fellows hall on 3rd floor of the Woolworth building and a very interesting debate is to take place by members of this society on the commission form of government. The question is: "Resolved that we favor the Commission Form of Government."

Those taking part in debate are John Slighter, T. N. Robinson, H. Vining for the affirmative, and Alex Van Zanten, Henry Geerlings and Alfred Joldersma for the negative.

The officers of the H. O. H. have again thought it well to hold an open meeting, so as to give those interested in this question an opportunity to hear it discussed.

STRAND THEATRE

Today Alice Brady in "The Dawn of the East"—a beautiful white girl caught in the fascinating web of Chinese intrigue—amid all the color and mystery and splendor of Oriental settings. A picture to stir one's blood—to appeal to one's love of the beautiful and unusual.

HARRY BONTEKOE NOT IN RACE FOR MAYOR

Two men have withdrawn from the mayoralty race and Tuesday at four o'clock p. m. the last hour to file petitions will be found but three candidates in the field, namely, E. P. Stephan, Nicodemus Bosch and Herman Van Tongeren.

Petitions were being circulated for Nicholas Kammeraad, present alderman of the third ward, but he has declined to make the race this year.

Harry Bontekoe, who is employed at the Donnelly-Kelly Glass Co., was also being slated by his friends to run as chief executive of the city of Holland, in fact a large petition had been filed in his behalf. Mr. Bontekoe states however, that while he is grateful to his many friends who wish to give him this signal honor he feels that he is not able to take up these duties at this time.

He wishes however through the local press to thank his thoughtful friends for giving him this kind consideration.

HILL ARRESTED FOR POSSESSING LIQUOR

Edward K. Hill was arrested by Officers Bontekoe and Steketee Saturday on the charge of having liquor in his possession. He was bound over to circuit court by Justice Brusse, where he will stand trial.

It is alleged by the officers that the man had liquor in his possession when arrested, and while intoxicated entered a home on 23rd street by mistake, while the father and mother were visiting and the children at home alone.

HOLLAND MAN WEDS CHICAGO GIRL

Charles Zalsman, son of Mr. and Mrs. Fred Zalsman, was married to Miss Mildred Vranek of Berwyn Saturday, Feb. 25 in the Malard Av. Presbyterian Church in Chicago.

Mr. and Mrs. Zalsman will reside in Chicago where he holds a fine position with the Franklin McVeagle & Co., wholesale grocers as assistant buyer and manager of the department.

Mrs. Fred Zalsman attended the wedding which was a very pretty church affair. A big reception was given at the home of the bride and many beautiful presents received.

POLICE FIND CLUES IN NATIONAL GUARD ROBBERY

The local police have secured some clues in the matter of the robbery of the National Guard headquarters on the second floor of the Wolverine Garage. The robbery, which took place a week ago, has been engaging the attention of the police since then. Three revolvers, three khaki shirts and three pairs of shoes were taken, and at first it was thought that it was the work of local talent. But clues now point to outside talent and the police are in communication with officers in another district and believe they will soon have the goods on the guilty parties. Arrests by officers in another part of the state are in prospect.

RILEY READINGS TO BE GIVEN MARCH 8TH

Remember the date of "Riley Readings with Living Pictures," at Holland High school on the evening of March 8. This entertainment is given under the auspices of the Holland W. C. T. U. in order to raise money for prizes to be given in the public schools in an essay contest which will be presented soon after the play.

The Y. W. C. A. girls of the H. H. S. will assist in making the program a splendid one, by giving a preliminary playlet, "Mrs. Will's Will" in which several young ladies take very prominent parts. The Colonial orchestra will provide the music.

A moving picture, "Baking Better Bread," will be shown free of charge tonight at 7:30 in the auditorium of the high school.

There is no such thing as luck in baking, is the thot back of the picture. The reel shows a little girl, Sally, one of the domestic science pupils of the Minneapolis schools making bread by a new and short method.

These methods she uses to make prize bread have been tried successfully in the home, school and bakery. They are simple and practical.

The picture is brought to Holland thru the courtesy of the Washburn-Crosby Co. and will be run through by Mr. George Wolding of the Lincoln P-T club.

All women interested in baking better bread, as well as the members of the Domestic Science classes in the city are cordially invited to see picture.

WIRELESS CONCERT MAKES BIG HIT AT BANQUET

At least 150 Masons sat down to a spread Friday evening in Masonic hall in the Holland City State Bank block.

Percy Ray, Past Master, was the toastmaster of the evening and as usual he was clever in toasting and roasting and introducing the speakers.

The affair was more of a "get-together" meeting with "across the table" talks.

Mr. Ray called on some fifteen Masons present whose discourses were entirely informal, in which the new temple now under construction, was principally discussed.

An unusual feature was put on by Alfred Sirrine of the high school, who furnished the gathering with a wireless concert.

In the first place the guests listened to a concert staged in Detroit Friday night in one of the large concert halls there, and later Mr. Sirrine connected up with his own home where he had made arrangements to give the latest popular selections on his large phonograph.

Through this radio system, the concert in Detroit and the selections played at the home of Mr. Sirrine could be heard as distinctly as would have been the case had the music been right in Masonic hall. Mr. Sirrine had put up a large amplifier and adjunct necessary to make these wonderful transmissions possible.

The Masons surely were entertained, not alone by the feast and the speeches, but also because of this concert.

Austin Harrington who is chairman of the building committee gave a detailed report telling of the progress made on the new temple. There was considerable enthusiasm and while no request was made for added funds many pledges were voluntarily made towards the building fund.

Merrick Hanchett who was recently elected Master of Unity Lodge together with his committee succeeded in making this banquet an unusual success.

Mr. Harrington stated today that while the building of the temple during the cold weather had been somewhat delayed, work would again be resumed within a week or ten days, and there would be little doubt but that the building would be ready for dedication soon.

BUSINESS MEN TO CLOSE UP ON PRAYER DAY

The executive committee of the Merchants' Association met at nine o'clock Saturday morning to discuss the advisability of closing the places on prayer day, which falls due on Wednesday March 8.

For some years it has been the custom for the merchants to close up their stores on that day and go to their respective churches for worship.

In the Reformed churches and the Christian Reformed churches it has been the custom to set one day aside during the early spring when prayers may be said for an abundant harvest during the summer and fall.

Prayer Day in the spring time is the complement to Thanksgiving day in November.

The one is a supplication to the Almighty to bless the husbandry with an abundant crop, while after these have been received proper thanks is given the Creator for His many blessings during the year.

It is for that reason that the day of prayer is to be celebrated and the executive committee of the merchants' association have thought it proper to keep up these traditions this year.

A suggestion has been made that prayer day be changed from the second Wednesday in March to February 22, which is Washington's birthday.

Many feel that both Washington's birthday and the annual day of prayer would be more generally observed if both of these events came on the same day, and it is surely not out of place to celebrate the birthday of our first president, the father of our country who as an early patriot gave to this land of freedom and abundance and at the same time devote at least part of the day to fervent prayer.

INTERNAL REVENUE COLLECTOR HERE THIS WEEK

Deputy Internal Revenue Collector L. P. Schmolz arrived in Holland Monday and will be here the rest of the week to help local taxpayers with their reports of income. Mr. Schmolz is located on the second floor of the postoffice building and he will be there until Saturday at noon.

JACK WIERDA OF GRAND RAPIDS KILLS HIS FATHER

Jack Wierda, 20 years old, of Grand Rapids, killed his father, Ja Wierda, a furniture worker by shooting him 9 times with an automatic revolver.

The shooting occurred in the living room of the home, after, according to the son and his mother, the father had threatened to kill the mother and in fact did assault her endeavoring to strangle her.

After the shooting had been done and the father sank to the floor, young Wierda who is an overseas man, cried out, "Now I've done it."

According to reports a quarrel ensued between Mrs. Wierda and her husband who was a quick-tempered man, because of her going to some neighbor's house and also over some second-hand furniture that was purchased. Anyway one word brought on another until finally the husband it is alleged, told the wife he would kill her.

According to the wife's confession she states the case as follows:

"I told my husband, 'you can kill me only once.'"

"If you feel that way about it, I will," he said.

"Jack knew Jake was hot-tempered so he was watching."

"You will not kill my ma," he said. I went into the kitchen and they kept on a quarreling. When I heard the shots and got into the room just in time to see Jake roll over on the floor.

"I told Gertrude to get some water and see if we could not make him come to. He moved when we carried him to the bed. But he didn't move again after we laid him down."

"Jake and I were married 23 years ago, and he has been mostly ugly and disagreeable. People said I should have left him, but I thought I would stick it out, so I stood him. During the war he always came home and kicked on the Germans and said all 'Germans' would be blown to blown to h—' if he had his way about it. You see, I am of German birth."

Mrs. Wierda and the girl told their stories without signs of emotion and the tragedy enacted in the home a short time before apparently had not deeply affected them.

"Jack and I have always stuck up for mother," Gertrude explained. "Father didn't like that at all."

"When I heard the shots I ran out out of the kitchen just in time to see him slump down onto the floor," she said. "I poured water on him, and he moved little but after Jack put him on the bed he was dead."

The Wierdas are well known in this city and are said to have many relatives living in this vicinity.

BOY SLAYER GETS LIFE IMPRISONMENT

Jack Wierda, age 20, who shot his father in a family quarrel killing him was given a sentence of life imprisonment in Jackson by Judge Dunham, Monday afternoon.

The boy collapsed when the sentence was pronounced but soon recovered. His mother and sister, who also broke down when they heard the sentence passed, wept.

Judge Dunham in passing sentence condemned the purchase and sale of pistols to young men and hoped that the time was not far distant when Michigan would pass a law prohibiting the sale of fire arms to young men.

Wierda it will be remembered shot his father nine times during a family quarrel in which the elder Wierda threatened to kill his wife.

The Wierdas are well known in Holland and have many relatives living here.

AUTHORITY ON NUTRITION TO SPEAK HERE FRIDAY

Mothers who have children that are underweight, and mothers who wish to prevent their children from falling below the normal weight as well as all others interested in nutrition as applied especially to children are cordially invited to attend a lecture on nutrition to be given Friday afternoon in the assembly room of the Junior high school.

Through the efforts of Miss Alma Koertge, city nurse, Miss Mariel Hopkins, of East Lansing, has been secured to give a lecture on this subject. Miss Hopkins is thoroughly familiar with her subject and there is probably no other person in the state who knows more about it. She is head of the nutrition department of the Extension School at M. A. C. and she is touring the state giving lectures on this subject. The lecture will be given at 3:30 o'clock on Friday afternoon.

Dr. and Mrs. G. A. Thomas were visiting in Grand Rapids Thursday

SIX HOLLAND MEN TO ACT AS JURORS AT MARCH TERM OF COURT

County Clerk Orrie Slater has drawn from the hat the usual lot of jurors who will have to serve in circuit court at Grand Haven during the March term. In the list there are six Holland men one from each ward.

The following comprise the list as issued by the county clerk:

Holland City—1st ward, Jacob Lokker; 2nd ward, J. C. Brown; 3rd ward, A. B. Bosman; 4th ward, Ben Steffens; 5th ward, Henry Zonebelt; 6th ward, Thomas Souter; Zeeland City, Herman Derks; Allendale township, Ben J. Walcott; Blendon township, W. A. Loveland; Crockery township, Eugene Gibbs.

BLOM STILL CHAMPION; DEFEATS LLOYD PURCHASE

A large crowd Friday night witnessed a wonderful game of pocket billiard at Blom's Billiard parlors. The game was called at 8 o'clock and lasted an hour and a quarter. During the entire game Blom made 8 scratches to Purchase's nine and the game ended in favor of Will Blom, the score being 150 to 104.

The crowd was very enthusiastic throughout the game, and many of the pool fans and city players were present. On the whole, both contestants played a very fine game. Blom is to play Earl Johnson next Friday evening, March 3. Johnson is the only player, who has ever defeated Blom at a former game. Everyone interested is invited to attend this game.

Mr. and Mrs. M. Huizenga and sons Henry Huizenga and Peter Plum, of Holland spent Wednesday with Mr. and Mrs. Frank Huizenga at Zeeland.

WOLVERINE STATE AUTOIST ASS'N TALK CAMP SITE

Henry F. Toren, a former Holland bog whose parents lived on East 9th street has been in the city the past two days talking camp site for Holland.

Mr. Toren represents the state Wolverine Automobile Association having headquarters at Kalamazoo, and the Ottawa Co. Motor Club recently organized is an auxiliary of this body. The state organization being interested in motorists and the welfare of traveling tourists naturally is interested in accommodations for members of their club, and for that reason are taking a live interest in camp sites everywhere.

Officials of the company such as Henry Toren proves to be, are giving their time free to boost these projects in such towns as are conveniently located on the mainly traveled highways.

Naturally Holland is the center of these state highways with two pikes running into it and through it to the resorts.

Recently the Wolverine State Automobile Association has helped to establish camp sites at Kalamazoo, Battle Creek, Vicksburg, and Jackson.

Shortly work will begin in Allegan, Coopersville, Spring Lake, and Zeeland, and Mr. Toren has been calling on Fred Beeuwkes, secretary of the Merchants Association, who gave Mr. Toren an idea of how far this city had gone into the matter.

Mr. Toren stated that a camp site should have tables, running water, or a pump, small brick ovens for cooking purposes, and naturally sanitary toilet accommodations.

He stated that the traveling tourist who comes with his car and camps

for a few days on a site spends at least \$15 a day in the city near which the camp is located.

It seems that such a camp would be a good investment for Holland provided it were located near enough. Somewhere across the Grand Haven bridge or directly west of the city an ideal spot might be found.

Saugatuck, for instance has a tourists' camping grounds right in its public park in the heart of the village. It is doubtful whether the city fathers would want to turn over Lincoln park on the East End, Kollen Park to the west or the vacant spot intended for a park directly west of the Holland Gas Co. plant for such a purpose. However it now seems that there should be some available spots in the west end of

YOUNG BUSINESS MAN TAKES A BRIDE

Saturday evening at the home of the bride in Chicago, Chester Van Tongeren, son of Mr. and Mrs. Herman Van Tongeren, 102 East 14th street, and Miss Mae Koop, daughter of Mr. and Mrs. Henry Koop, 4023 Leamington Ave., Chicago, were united in marriage. After a wedding trip, Mr. Van Tongeren will bring his bride to Holland and the young couple will make their home here.

Mr. Van Tongeren is associated with his father in the cigar business and is one of the best known of Holland's young business men. He is a well known athlete and starred on several basketball teams. For three years he was center on the fast Hope College team. He was in the service for 14 months during the war, as a member of the 8th Division, Motor Supply train.

WHAT WILL HOLLAND'S POPULATION BE IN THE YEAR 1936?

An adequate sewage disposal plant for Holland will cost in the neighborhood of \$150,000, according to Capt. Paul Hansen, a member of the firm of Pearce, Greeley & Hansen, of Chicago, the engineering firm that during the past year and a half has been making a survey of Holland's sewage problem. This statement was made Thursday night by Mr. Hansen at the meeting of the Exchange club before which he spoke, in answer to an informal question put by one of the members. This \$150,000 would be the cost of a municipal sewage plant that would take care of the city's sewage, and it does not include the disposal of the industrial sewage from the various manufacturing institutions that now discharge their sewage into the lake. The industrial sewage would be required to be taken care of in a separate plant or plants, conducted however in co-operation with the city plant.

The sewage system such as would be recommended for Holland is planned on basis of the growth of the city of Holland for fifteen years. In other words, if the growth of Holland continues as it has been doing the past few decades, the sewage plant recommended for Holland now would be inadequate for the city that may be expected to be here in 1936, the computation having been made in 1921. In that year, according to scientifically estimated figures, Holland will be a city of from 20,000 to 24,000, according to Mr. Hansen. This has been worked out by a system of population curves and Mr. Hansen expressed the opinion that the population would be likely to be nearer the lower than the higher figure.

Mr. Hansen declared that it would be uneconomical to install a sewage system that would not take care of the situation for at least 15 years.

BIRTH OF FATHER OF HIS COUNTRY CELEBRATED WITH DANCE

Thursday night Castle Lodge No. 153, K. of P. celebrated a Washington party in their hall on East 8th street which was attended by a large and enthusiastic crowd.

The hall was attractively decorated with American flags and bunting, thus creating an atmosphere of much color and gaiety. Cards were played until ten o'clock after which refreshments were served and quickly disposed of so that the floor might be cleared for dancing. John Van Vyven's orchestra rendered splendid music and the feature dances kept the crowd very much interested. For one number a tree was placed at one end of the hall covered with artificial cherries each cherry having on it the name of some lady present.

The men were grouped at one end of the hall and at a given signal rushed for the tree to "cop" a cherry the privilege of dancing with some lady fair.

The ladies were given an opportunity to hunt up a partner when each one was supplied with a hatchet containing the name of a Knight. With this weapon in their hands they led each submissive captive on the floor.

The party was carried a little overtime as it was so much enjoyed and all remained for the very last number. The Knights will have another party in March.

EXCHANGE CLUB HEARS SEWAGE DISPOSAL DISCUSSED

The aldermen and other city officials were guests of the Exchange club Thursday evening when Captain Paul Hansen of the firm of Pearce, Greeley & Hansen of Chicago, and Major E. D. Rich, of the Michigan Department of Health, gave addresses on Holland's sewage situation. Mr. Hansen carried with him a copy of the report recently made by his firm to the special committee of the council that was charged with investigating the sewage problem in Holland, and he gave a running talk on sewage disposal here and elsewhere.

First briefly outlining the history of sewage disposal since about 1830 when the problem was first attacked scientifically, and then describing the various types of sewage disposal plants in operation to meet various conditions, he gave most of his time to the situation in Holland. The volume of sewage is about one billion gallons here, while the volume of water is about seven and a quarter billion gallons. In one respect the problem here is different from sewage problems in many other cities. Black Lake is used as a health resort, with much bathing going on in summer, and the sewage discharged into the lake must be brought to such a state of purity that it will not be a danger to bathers.

Capt. Hansen gave an analysis of Black Lake water, dividing the lake for this purpose into three parts showing how the lake is being contaminated by sewage. Careful tests of the water were made by the firm under varying conditions. He also took the various manufacturing plants, such as the tannery, the sugar factory, the pickle factory, dye works, one by one and showed what the volume of sewage from each of these is and how they contribute to the contamination of the water. He pointed out that the volume of industrial sewage is much larger than the volume of city sewage.

Major E. D. Rich, of the state department of health, who followed Mr. Hansen on the program, said that Holland's problem is at present a problem of eliminating a nuisance, but that it may in time become a problem of water supply also. As the city grows it may be found that the well water supply is not adequate and then the city will have to go to the lake. Hence the sewage problem should be looked upon as potentially at least a water supply matter and whatever is done should be done with this in mind, so that it will not be necessary later to go back and undo what has been done, thus spending money needlessly. Fore-sight now will save much money in the future, he declared.

Holland should have a sewage disposal plant, he declared, both for the protection of health and for the protection of the fish life of Black Lake.

When asked whether the state department of health would force Holland to put in a sewage system, Major Rich was non-committal. The department, he said, never made threats, preferring that cities should handle the problem themselves. The department did not take steps, he said, until it was absolutely necessary. In the words of Roosevelt, he said, the department speaks softly and carries a big stick. When the question was asked as to whether that stick was solid or stuffed, Mr. Rich declared that he could not say positively but that a test case would soon be made in the courts. He said he hoped the club was at least stuffed with sand and not with wind.

Closing the program Capt. Hansen threw a number of pictures on the screen of sewage plants in other places.

SEMINARY LIBRARY RECEIVES GIFT OF FINE BOOKS

Two boxes of books have been received for the Beardslee library at the Western Theological Seminary from Mrs. Jacob Poppen, widow of the Rev. Jacob Poppen, Ph. D., formerly of Fairview, South Dakota. They are a part of her husband's library and a gift to the Seminary. They are indicative of his tastes and scholarly attainments. Most of them are in the Latin language.

The assistant librarian has been busy cataloging the books recently received from Prof. W. Bacroft Hill, D. D. The doctor has also favored the students and professors with a copy of Introduction to the Life of Christ.

Attorney and Mrs. J. Den Harder spent Friday at the auto show at Grand Rapids.

WEDDED ON BIRTHDAY OF GEORGE WASHINGTON

A very pretty wedding took place at the home of Mr. and Mrs. Wm. De Haan, 175 W. 15th street on Feb. 22, when their daughter, Miss Lena, was united in marriage to Peter Marcusse. The ceremony was performed by the Rev. Vande Kieft of the 14th St. Christian Reformed church under a beautiful arch banked with palms.

The bride wore a beautiful gown of white satin trimmed with pearls and wore a long veil and carried a shower bouquet of white roses and swansonias. The bride was attended by Geneva Van Lente, who wore a pink taffeta gown and carried a corsage of pink sweet peas.

Mr. Cornelius Marcusse was his brother's best man. Little Muriel Gebben was the flower girl and Master Roger Van Lente and Angeline Van Lente were the ring bearers, a double ring ceremony being used.

Mr. and Mrs. John De Haan were the master and mistress of ceremonies.

Miss Gertrude Wanroy sang "O Promise Me," just before the ceremony, ably accompanied on the piano by Miss Lena Kruidenier of Grand Rapids, who also played the Lohengrin Wedding March.

Mr. Peter Marcusse is a veteran of the World War, having served overseas with the marines and returning to the U. S. on Feb. 22, 1919.

Among the out-of-town guests were Miss Lena Kruidenier, Miss Renzella Buursma and John Buursma of Grand Rapids.

After the ceremony Mr. and Mrs. Marcusse left for Battle Creek for a short stay.

HOLLAND CONCERN DEVELOPS WONDERFUL NEW ENGINE

The Holland Engine Co. Inc., of this city has developed a new engine which will be known as the Holland Auto Type engine. A sample engine will be on display at the Holland City State Bank and also at the Peoples State Bank.

This new engine differs from the well-known horizontal type, in fact it is smooth-running, in perfect balance, has automatic lubrication, and weighs about half the weight of the old type of the same power.

The engine is especially suited for spraying equipments, electric light plants, concrete mixers and anywhere where stationary power can be applied.

Since bringing out this new type a great deal of interest has been created among the trade. Manager Arendshorst states, that from all indications the new engine will fill a long felt want and from his observations there will be a big demand for it.

The new engine has been designed by Mr. John Knoll, who has spent three years in the machine business, and thoroughly understands his line.

STATE ENGINEER THROWS BOUQUETS AT HOLLAND

Major E. D. Rich, chief engineer of the Michigan Department of Health, paid some fine compliments to Holland in the course of an address delivered Thursday evening at the Exchange club. Among other things, Mr. Rich declared that Holland has the finest city hall of any city of its size in Michigan. He said he had often admired the city hall here and had often stepped into it while visiting here to admire its splendid arrangements and the uses to which it was being put. Mr. Rich has a good basis of comparison, as he is constantly traveling and has visited most of the cities and towns in Michigan several times.

He also declared that Holland is situated about as fortunately from the point of view of beauty as any city in Michigan. The resort business, he declared, has become the greatest industry in the state of Michigan, and cities like Holland can do much to help this business to grow still larger. Black Lake, he declared is one of Holland's finest assets.

The society for Christian Instruction in Zeeland at a public meeting decided to enlarge the school in that city the coming summer by adding and furnishing three new class rooms and one room in which the future meetings of the society will be held. The cost of the improvement is estimated at about \$10,000.

The society was organized in 1915 and in September of that year the present school was opened with an enrollment of 170 although the school had been built for only 125. Since then this number has been increased to more than 200 and additional room is urgently needed.

Holland High won another victory Friday evening when the team defeated St. Joseph high at St. Joseph by a score of 24 to 11. No particulars about the game have been received here but the news of the victory came over the wire Saturday morning and was greeted with enthusiasm by the students. In a story before the game the Benton Harbor News-Palladium said of the Holland players: "Holland is one of the strongest teams in this section of the state this year and they have given a good account of themselves in every game they have played so far this season."

ALUMINUM SALE AGAIN PANS OUT VERY LARGE

Henry Van Ark proprietor of the Van Ark Furniture Co. states that the big aluminum sale which was started off when the mocking bird whistle blew at 1 o'clock Saturday, panned out even larger than the one held before. The sidewalk in front of the store was blocked at one o'clock and Officer Cramer was on hand to make "gangway" for the pedestrians.

The pulling off of the sale was better arranged than the previous one for more preparations had been made to take care of the crowd that at the last sale was way beyond expectation.

The sale Saturday was held in the rear of the store instead of the front near the outside door which fact brought more congestion at the first sale.

The crowd could be handled more easily and faster in this way. Mr. Van Ark states that it took just one hour and five minutes to dispose of a little over \$800 worth of aluminum ware. He wishes to state further that the publicity given the sale was one adv. in the Sentinel and one ad. in the Holland City News and the show window display.

Saturday's sale also brought a large number of folks from the rural districts as was evident on the streets of Holland.

The third annual Fathers and Sons banquet at Grand Haven is being planned for March. It will be under the auspices of the Federated Men's Bible classes of Grand Haven and it is expected that 400 dads and sons will be present at the armory.

Marine Van Putten, the blind man who formerly lived on East 14th St. but who moved his family to Grand Rapids recently, fell on the pavement in front of his home there and broke his arm in three places. The sleet storm had made the pavement impossible to walk upon.

Edward Lock, son of Mr. and Mrs. John Lock of Grand Haven, has embarked in the turkey raising business at Waters, Calif., where he has been for a number of years. He is connected with a doctor in the conduct of a ranch and at the present time they have over 3000 turkeys.

Captain Henry Geerds of Company D, Holland National Guards, has been notified of the coming visit of the U. S. Army Inspector who will soon be here to look over the Company. It is expected that Major A. D. Crowley, of the U. S. Army, who is inspector will be in Holland March 14.

The Ninth Street Christian Reformed church Choral society is now growing by leaps and bounds. It was organized four weeks ago with 25 members, and today it has enrolled 58. William Brower who has become quite prominent as a director in this city and vicinity as a director charge of the chorus and is having unusual success.

Although the entire state has suffered because of the sleet storm, the cities being down everywhere, houses and barns all over Michigan being unroofed, Holland has been rather fortunate and has suffered no inconveniences. It seems that the big blast gave this city a wide berth, but struck nearly every other part of Michigan according to reports.

Frost bites are becoming quite popular and are playing an important part as a dessert at basket ball games and at entertainments. Last Tuesday the Woman's Auxiliary of the American Legion, who are collecting a fund for benevolent purposes sprung frost bites on the "Ho Stoops and She Conquers" audience. The reason for the frost bites was explained by Alfred Jolderama of the Legion and naturally everybody bought. It was rather a strange sight to see 400 Holland folks nibbling on frost bites in unison between laughs. The writer having participated in this new innovation rather liked the idea and the frost bite too for that matter.

Mary Vos was delightfully surprised when a group of friends and relatives held a miscellaneous shower for her. It was held at the home of Mrs. C. Vos. She was the recipient of many beautiful gifts. Those present were Mrs. I. Vos, Mrs. A. Vos, Mrs. Vos, Mrs. C. R. Vos, Mrs. Vos, Katherine Vos, Minnie Vos, Mrs. W. Mulder, Mrs. A. DeLoach, Mrs. Hamm, Helen Hamm, Bertha Visser, Anna Visser, Helen Visser, Janette Visser, Margaret Ten Bink.

An even break was gained by the Grand Haven entries in the inter-city pool tourney last week when Van Herwyn of that city defeated Purchase of Holland and Bosch lost to the Muskegon entry. The result of this match almost clinches first place for Muskegon but the real fight will be between Gr. Haven and Holland for second place. Tonight's match with Bosch pushing the cue for Gr. Haven and Mulder playing for Holland will have an important bearing on the result. The game will be played in the Seifert parlors.

The fire department was called out to what was supposed to be a fire at the Huizenga coal yards at about 8 o'clock Tuesday evening. Workmen had built a fire under a coal car to thaw out the coal and it was under perfect control, but some one turned in an alarm.

The fire department was called to a small roof fire at the home of Jas. Lyons, 182 E. 17th street. The damage was nominal. The department was also called to a fire at the home of Mr. Fredericks, the man whose garage was burned a week or two ago. A hole was burned in the roof and the damage was about \$50.

The annual meeting of the W. C. T. U. will be held Friday afternoon at 3 o'clock at the home of Mrs. G. B. Fleming, 87 W. 10th St. Devotions will be conducted by Mrs. N. Prakken and an address on the coming city primary will be delivered by Att. F. T. Miles. The officers for the coming year will be elected and reports of the past year's work will be made. The parliamentary law class, conducted by Mrs. R. N. De Merell, will begin at 2:30.

Mrs. G. W. Deur who has been seriously ill at Holland hospital is improving.

Another case where necessary precautions were thrown to the winds.

ONE meets up with these short comings and little neglects every day. Today it may have been a preventable auto accident, tomorrow it may be a neglected business opportunity.

The most pathetic neglect however is the fact that thrift in ones every day life in many instances is entirely forgotten. The idea of "We live for today let tomorrow take care of itself" has brought many a man up against straitened circumstances later. He has neglected the opportunity of saving when saving was good.

Start a small savings account now and notice how independent it makes you feel.

JOHNSON RE-ENTERS THE CIGAR BUSINESS

Tunis Johnson, president of the G. J. Johnson Cigar Co. of Grand Rapids, up to the time of its sale two years ago to the Consolidated Cigar Corporation, has re-entered the cigar business by his purchase this week of the controlling interest in the Monroe Cigar Company of Grand Rapids, makers of the well-known Van Dam cigar. Mr. Johnson brings to his new connection the ripe experience of twenty years in the cigar and tobacco business. Since leaving the G. J. Johnson Cigar Co., he has been in the leaf tobacco business, both growing and experimenting in the curing of tobacco. Good news to smokers was contained in the announcement that a fifteen cent Van Dam club size will be brought out to sell two for a quarter. The popular ten cent sizes will be retained, and a new five cent value will also be added.

COMMITTEE ASSES

FACTORIES TO CLOSE
ON PRAYER DAY

The prayer day observance committee Wednesday issued the following statement:

"The committee of prayer day observance of the churches of this city has designated March 8th as the annual day of prayer, which we as a community have been accustomed to observe for a number of years. The committee hereby kindly requests the managers of the factories of our city to close on that day and thus give the employees the opportunity to attend divine service on that day. We trust and hope that the consistory and the boards of the various churches will do all in their power to make it a day of prayer and petition, inviting the people to assemble in their respective houses of worship."

"It is very fitting that we should ask the Giver of every good and perfect gift to bless the work of our hands for we are entirely dependent upon Him for material and spiritual blessings. Our nation faces many problems. The world is in a great crisis due in a large measure to the after effects of the war. Therefore we as a Christian people ought to pray that the problems that trouble us as a nation may be solved in a Christian way and that the nations of the world may seek one another's welfare and Christianize international relationships and honor Christ as King and Lord of all."

FIVE HUNDRED
FARMERS ENTERTAINED
BY HEINZ COMPANY

The H. J. Heinz Co. plant in Holland was host to some five hundred farmers on Friday and gave them an entertainment for the rest of the day. The farmers came from the surrounding territory and quite a radius was represented.

The local branch of the company is in the habit once a year of entertaining the farmers who deliver produce to the factory here during the summer and this year the reception was made a little more elaborate than usual. A fine meal was served and many of the dainties that are put up at this plant were found on the table. There were not quite 57 varieties but the varieties were enough to satisfy all.

Mr. A. E. Atwood district manager, opened the meeting and welcomed the farmers of Holland. An interesting address on methods of planting, on the growth of the Heinz Co. and on manufacturing methods was delivered by J. R. Bechtel, for-pany.

Grand Rapids branch of this com- The farmers were conducted thru the factory and all the various processes of manufacture were explained to them. In this way they could follow the pickles, tomatoes and other products that they deliver at the local plant from almost the raw state to the condition in little bottles and jars in which they are sold to the general public. Pains were taken to give all an opportunity to see how the work was done and as a result of the meeting many farmers have a much better conception of what is being done at this plant than before.

During the day a large acreage was contracted for for the coming season.

HOLLAND MAN MARRIED
IN DOWAGIAC

Frank Fabiano of this city and Miss Mary Belito were united in marriage at Dowagiac last week and the news of their wedding has but just become public. They were wedded in the Catholic church in Dowagiac, the ceremony being performed by Father Kelly.

Mr. Fabiano was a sergeant in the World War, serving for a period of 21 months, 13 months of which he spent in France. He was a student in Holland high school when the war broke out. He has purchased the Dowagiac Fruit Company, a retail and wholesale business and the couple will make their home in that city.

HOLLAND MEN BUY
ORANGE GROVES
IN FLORIDA

The Holland men who took in the excursion to Florida and have just returned, are enthusiastic about the trip, in fact some were so pleased with conditions, that they purchased land near Orlando, the most beautiful town in the state.

The men from here state that Florida gives three crops a year of everything. The luscious lettuce heads now found in our groceries are being shipped and the harvest is in full swing.

The planting of cucumbers and potatoes was under way when the men were there.

The harvesting of grape fruit is nearly over and one interesting fact which was not known to the Holland folks was the harvesting of citrus fruit while the blossoms were coming out for the next crop. It is quite unusual to harvest and have blossoms on the same tree at the same time in the north, but apparently these things are possible in Florida.

There were 60 people on the excursion hailing from Michigan, Illinois, Ohio and Indiana. The party had six hours in Jacksonville giving them a chance to bathe in the ocean.

From Jacksonville the party went to Orlando where fourteen automobiles were ready to take them thru the orange grove region and the large nurseries found in that vicinity. The Holland people found hospitality everywhere, in fact they were told to go into the orchard and pick all the fruit they wanted and load their autos with it.

The company putting on these excursions sells land at \$1050 an acre, plants 68 trees to each acre which are two years old and for four years they cultivate, spray and fertilize these orchards until they are in bearing condition.

It is stated that two and a half acres of bearing citrus fruit will furnish any man with a good living and four acres will give any person a handsome income.

Anyways Contractor Abel Smeenge and John Arendshorst took a flier for two and a half acres each and both men are now in possession of a Florida estate.

It is said that others of the party may purchase later.

On the return trip the excursionists were taken through the Blue Ridge Mountains of Virginia, made famous in song and story.

HOLLAND GIRL WEDS
CHICAGO TEACHER

A quiet wedding was solemnized at the home of Mr. and Mrs. John Tripp, East 16th street when their daughter Frances became the happy bride of Wm. J. Van Melle of Englewood, Chicago.

A number of her near relatives and immediate friends were present to witness the ceremonies, which were conducted by Rev. A. Keizer. The couple will reside at Englewood where the bridegroom has held the principalship of the Christian high school for two years. Mr. Van Melle was born in the Netherlands, and after having completed a liberal education there, crossed to America when still very young. After having completed his education here, he has entered the teaching profession.

SHOWS VALUE OF HIGH
SCHOOL EDUCATION

The arguments for going through high school and not stopping at the end of the 8th grade were given in an interesting paper read by Prin. J. J. Riemersma before the Social Progress club at the home of Mr. and Mrs. C. Vander Meulen Tuesday evening. Mr. Riemersma's subject was "The Value of a High School Education, or Why Go Through High School?"

He pointed out that high school prepares a boy or girl for leadership. This was illustrated by the experience in the war when it was usually the high school graduate who won quick promotion because the school life had taught him to be a leader. He also showed by figures that a high school education pays in dollars and cents several times over, and he pointed out that the person who receives a high school education can use the mental discipline gained in high school to meet the problems of life later on. And a high school education is more than worth while, he said, because of the fuller enjoyment of life that it provides.

Miss Elaine Brusse from Piqua, Ohio, is visiting her grandparents.

Mr. and Mrs. Henry Brusse at 69 W. 12th street for a few weeks.

KAMMERAAD NOT TO BE
CANDIDATE FOR MAYOR

Nick Kammeraad is not a candidate for mayor. Friends have been circulating his petition, and Mr. Kammeraad Saturday made the following statement:

"Having been informed that my friends have filed a petition with the City Clerk to have my name placed on the ballot for mayor, I have, after considering it earnestly and seriously, decided not to be a candidate for the office. I wish to thank my many friends and citizens for their kindness shown me.

Respectfully yours,
"Nick Kammeraad."

At Tuesday's meeting of the W. L. C. a proposed amendment to the constitution was read, which amendment will be acted on at the next meeting. Current events were given by Mrs. G. H. Huizenga, who called attention to the bonus tax question and to the coming world prohibition convention at Toronto.

Mrs. Winifred H. Durfee read a paper on the "Nobel Prize". She told the story of how Alfred Nobel, the inventor of dynamite, set aside annual awards for distinguished service in peaceful pursuits. Germany has won most of the prizes in physics, chemistry, and medicine. Among the well known men and women in science who won prizes are Roentgen, Curie and Marconi; in literature, Tagore, Kipling, Anatol France, and Knut Hamsun. Three Americans have won the peace prize, Root, Root, and Wilson.

Mrs. Arthur Heuer sang "The Songs My Mother Taught Me," and "The Star," and as an encore she sang an Irish love song by Margaret Lang. Mrs. Mrs. G. W. Van Verst was the accompanist.

Nominations for officers were made from the floor and by ballot, and election will be held next week. No person who has not first paid her dues will be allowed to vote. The study subject for next year, it was announced, will be "Modern History and Literature."

Mrs. R. A. Page concluded the program with a very interesting review of Knut Hamsun's great novel, "Growth of the Soil," the book that won the Nobel prize for him, and considered by many the greatest novel of this generation. Mrs. Page quoted opinions about the book from The Forum, The Bookman, Current Opinion and by H. G. Wells, and she gave a comprehensive review of the book as much as possible in the words of the author.

The rummage sale Thursday, Friday and Saturday of this week was announced.

At the annual meeting of the Grand Haven Farm Bureau, held in February the undivided profits have amounted to \$803.43. Plans are being made to place the Co-op in better financial condition, build a ware house and cut down the overhead cost for the benefit of members. Over nine thousand dollars worth of business was done thru the State Farm bureau last year.

The Federation of Women's Societies of the churches of Holland will meet in the Third Reformed church on Wednesday afternoon, March 8th at 2 o'clock for the usual prayer service. The meeting will begin at 2 sharp because at 4 the ladies of the entertaining church will hold a reception in the church parlors for those who attend the meeting and the program will have to be over by that time.

The program will be an interesting one and will include an address of welcome by Rev. J. M. Martin and an address by Rev. J. C. Willis district superintendent of the conference of the M. E. church in Michigan. All women of Holland are cordially invited.

Mr. Ed Hofstee of Holland spent the week-end with his parents at Jamestown.

Mrs. Henry Kolenbrander, who underwent a serious operation at the Holland Hospital, is recovering.

Mrs. Frank Dyke and daughter Miss Helene were Grand Rapids visitors Saturday.

In loving memory of dear mother, Katherine Romeyn, who passed away one year ago today, Feb. 27, 1921. Like the petals of a rose that drop and fade away,
So was our dear "Mother's" life just fading day by day;

And when at last her end did come while we stood by in tears,
We thought of all the loneliness through all the coming years.

Mr. Romeyn and children.

SIXTH REFORMED

CHURCH NAMES
EXTRA OFFICERS

At a special congregational meeting of the Sixth Reformed church Tuesday evening Peter Berghuis was elected as an extra elder and Jacob Jacobs as an extra deacon, the growth of the church having necessitated an increase in the consistory.

The Banner class has decided to pay for a pipe organ. For this purpose they are selling a book about the church "The Eastern Light" the proceeds of which will be devoted to such a fund.

Lambertus Beeuwkes of Holland son of Mr. and Mrs. Fred Beeuwkes, is a member of the Freshman varsity basketball squad at the Michigan Agricultural College this winter. The All-Fresh, as the first year outfit is known, have been having an unusually successful season, winning most of their games from the leading high schools and minor colleges of the state.

Under the Western Conference eligibility rules, which hold for all athletics at M. A. C., freshman are not eligible for varsity competition, and the all-fresh teams are organized to give the yearlings a chance for competition. The material for future varsity teams is drawn from the freshman ranks.

In addition to the schedule of outside games, the yearlings scrimmage regularly against the varsity five, gaining valuable experience from the workouts. Larry Kurts, captain of the M. A. C. varsity in 1919, and one of the best guards ever developed in the West, has been coaching this year's team.

Beeuwkes is one of the ten men who survived the numerous "cuts" made in the squad of more than 50 candidates reporting to the freshman coach at the beginning of the season, and is regarded as a strong prospect for varsity honors next year.

In the slowest game put up by Hope this year, our old-time rivals, the Grand Rapids Y. M. C. A., went down to an easy defeat Thursday night in Carnegie Gymnasium by the score of 21-13. Hope's aggregation seemed to realize that they would be in for an easy run and played accordingly, and the "Y" also seemed to have a realization of the futility of trying to gain a victory, and entered the game with an equivalent amount of pep. The game was unavailing but most of the counters were placed from near the baskets, and although Hope was put down for ten field goals, the character of the game may be judged by the fact that we missed sixty-one shots in the forty minutes of play. The "Y" was equally inefficient in shooting and was particularly weak in offense. Keegstra was the highest point-getter of the game, obtaining four of the five field goals garnered by the visitors, mostly due to his quick work under the basket.

The Holland High school basketball team, Saturday night defeated the Hartford high school team at Hartford by a score of 55 to 25. Weersing was the individual star of the game, making 12 baskets. Next Friday night the Holland high school team will play the last home game of the season when they meet Central High school of Grand Rapids here. Central defeated Holland by a single score at Grand Rapids, and a hard-fought game is anticipated.

TO RAISE MONEY FOR
SAUGATUCK HARBOR

A meeting was held at the Saugatuck village hall Wednesday evening to take action toward meeting the requirements necessary to secure emergency work on the harbor. It was stated that Major Skinner of Milwaukee, in charge of harbors of this district, estimated the cost of properly doing the work would be \$18,000. He agreed to recommend the expenditure by the government of one-half this amount provided the other half was raised by those interested in the improvement. The Graham & Morton Co. agree to subscribe one-half of the remaining sum, leaving \$4,500 to be raised locally. At the meeting a committee of 12, with W. R. Takken as chairman, was appointed to at once open an energetic campaign for needed subscriptions. The boat company have shown their good faith by assuming half the burden, there should be little difficulty in raising the balance. The sum is only a small portion of what would have been required to finance a home boat line, and if the local company had gone ahead and secured a boat the dredging expenses would have been an added burden which would necessarily have had to be assumed.

Mr. and Mrs. Allen Streur and children spent a few days in Holland the guests of their parents, Mr. and Mrs. Ed Streur—Zeeland Record.

STUDENT CONFERENCE GOES TO ANN ARBOR THE COMING YEAR

SATURDAY BIG DAY IN STATE STUDENT CONVENTION

With all the preliminaries of the convention disposed of, the Student Volunteer Conference was ready for the three big sessions that were arranged for Saturday's program. Dr. Louis R. Scudder, medical missionary to India, and Miss Doering, of Africa, were the two prominent conference leaders for Saturday.

The afternoon session in particular was given over to convention speeches. A number of addresses were given by the speakers in which a bird's-eye survey of the entire mission field was entered upon. Mr. Burke depicted several views of the vast millions of China, showing the needs of the country at large. Every fourth man in the world is a Chinaman, said the speaker, and every Chinaman needs medical care and supervision. We can never expect to cure the world, as long as every fourth one is neglected. Lack of moral character was emphasized by Burke as the root of all the trouble in this populous country.

Miss Doering of Africa, presented the problems of her field, and she spoke on the subject "The Power of Christ in the Foreign Fields." It is "the power," said Miss Doering, and it will not be long before the world will recognize it everywhere.

She spoke of darkness in the Congo, darkness mental and spiritual. There are 800 tribes without a hospital, 10,000 die annually as victims of witchcraft in the Belgian and French Congo.

Dr. Scudder represented India. Consider not the Indians as masses, but as individuals, individuals that are beset with problems of peculiar difficulties and conditions was the appeal of his address. Some of the difficulties as given by Dr. Scudder are the 12 languages, illiteracy, poverty, and the caste system. There are however also encouragements, namely, a Christian government, support of institutions, and besides other privileges, a tremendous intellectual possibility.

Mr. English responded to the missionary appeal, with a talk on the spirit of Americanism today. The pressure of American public opinion, he said, prompted by the spirit of the missionary enterprise, is the force that makes international peace conferences necessary. But more than that, the Christian conference through their influence have outdone any and all peace parleys in fostering good will among men.

Saturday evening the conference met with the public, and was again addressed by the two speakers of the day.

Miss Ruth M. Vercoe, vice president of the Union, made a report on the work of the State Union, and explained the status of the budget.

Dr. Louis R. Scudder emphatically voiced his supreme message to the delegates in the evening session, giving a graphic resume of the missionary enterprise with respect to the medical, economic, educational and evangelistic phases of the work, which today is approximately 100 years old. Time was, said the missionary, when the work was ridiculed and the press caricatured it a folly, and he went on to picture the magnitude of the work today, which had long ago filled a deep need, and is growing in purpose. In commenting on the needs the doctor declared that 95% die without medical aid, that native doctors, thriving upon heathen superstition, add greatly to the burden and suffering of the people and that famines bring on deplorable conditions.

Dr. Scudder lauded the work of the Baptist and Methodist missions.

After a solo by Leo Te Paske, Miss Doering spoke on the subject, "We must have an," for the closing address of the day. With faith pinned on the word of God, she said, missionaries are free to reap the harvest, while 300 tribes still unmenaced by Mohammedanism, are waiting to be taken over by the Protestant churches. Four new tribes must be entered in a year or two, and that means the translation of four new languages, the care of four new fields and the audience was immediately gripped with the immensity and meaning of her words. A new organization has just been started in Grand Rapids to lighten the financial burden connected with her work. It is also encouraging, she said, that converts turn their lives into service.

NOTED LEADER MAKES GREAT IMPRESSION IN HOLLAND

Dr. Sherwood Eddy, a noted missionary and known throughout the world, was the leading figure in the closing day of the S. V. Conference here Sunday. The convention first met for a morning session at which Mrs. Hans, of Turkey, gave a talk on "Heart to Heart in Turkey."

Helen Hardy, another pleasing personage connected with the conference, gave a personal and direct talk on "Life Decision." Double-dare to do for Christ, she said, and she dwelt upon Hogadone's memorable quotation, "Boys and Girls, you are the hope of the world."

During the day personal conferences were also held in which Mesdames Eddy, Hans, Walvoord and Zwemer, met number of the young volunteers.

The Hope congregation met with the conference during the regular morning services, when Dr. Eddy delivered his first stirring message of the conference, "The World Crisis," based on the biblical call, "Come over into Macedonia and help us."

The speaker took the entire Asiatic field and explained in concise terms the cause of the crisis, its nature, its demands and what the ultimate results may be.

The old world is gone, he began, students face a new world. A great awakening, intellectually, industrially, and economically is ushering in a change from the medieval into the modern life, and the spiritual is sure to follow. This is no prediction, it was urged, but a fact.

"Tides of democracy sweep around the world as a result of national strife and world conflict. Every race wants a place in the brotherhood of man. All men are just human. The raw stuff of humanity is great, and is just humanity everywhere."

Dr. Eddy gave some views on the new democracy as regarding the Asiatic countries. National aspirations and the political crises in self-government are trying, and demand a new leadership, said the speaker, but if we consider ourselves superior or if we have no sympathy—stay at home. Places under glass cases are almost gone. The missionary spoke in complimentary terms of government intervention in debarring the graft system, and showed other marvelous advances of Christianity in India and China through Christian leadership.

The afternoon session was a meeting of personal contact with Dr. Eddy in which the question box occupied the greater part of the session. Mrs. Eddy also addressed the gathering.

The closing session of the conference was held at Carnegie Hall where Dr. Eddy before a capacity house, flung out the final appeal of the waiting unchristianized masses to the volunteers of today. John Elder, a conference leader, conducted the devotions. The reports of the findings and resolutions committees were also heard. Garret De Jong, retiring president, also announced the new officers. Two selections were given by Mr. Vandersluis' talented group of singers, before Dr. Eddy's gripping address.

Dr. Eddy voiced the call from Europe and Asia. He sketched the deplorable conditions of Europe as the aftermath of war, how she has become impoverished and how she was crumpling under her debt. Everyone who goes into war, said Sherwood Eddy, become a victim of the war, be he victorious or conquered, and he also bewailed the plight of European students.

The call from Asia was gathered from the path of the cross-bearers and martyrs of the Christian cause, which was stained with blood. The speaker, however, rejoiced in the heroism of today, as he voiced his clear message to his attentive listeners. "We have only one day to live," he said, "that is today. Our service is measured in as far as we will pay the price of power."

The second annual Student Volunteer Conference was successfully entertained by the Holland people, and proved to be a great inspiration to the foreign mission enterprise, as well as a stirring revival for those who could take advantage of the meetings. The motto that was set for the convention was "He profits most who serves best."

Student conferences for considering foreign mission problems are in their prime, and the last state conference was looked forward to with great hopes and expectancy. Greetings were sent in from all parts of the U. S. and even from Cairo,

Egypt, where Dr. Samuel Zwemer is endeavoring with heart and soul to push missions in the very center of the Moslem world. This new movement was started back in 1886 by Robt. Wilder and Moody at Mt. Harmon, Mass. The founder has been laboring in China for some time and is to return soon to take personal supervision of the movement, which has attained great proportions. Dr. John R. Mott originated the watchword, "The Evangelization of the world in this generation." Since 1886, 7,000 student volunteers have sailed as missionaries. The movement is creating as well as supporting the missionary enterprise at home, seeks out the needed workers, brings the call to every individual, gives opportunity for conferences, unifies the efforts, combines students in a common purpose, and inspires men like John R. Mott, Robt. E. Speer, Sherwood Eddy and every other missionary who has answered the call.

A business meeting was held of the Student Volunteers Saturday afternoon. The election of officers was as follows: Bennet Avery of U. of M. president; Jerry DeVries, of Hope, vice president; Miss Orpha Bowers, of Battle Creek, Rec. Sec.; Mr. Schell of Hillsdale, treas.; Miss Anna Van Lopik, of Battle Creek and Mr. Clare Bishop of U. of M. were re-elected Council members, with Miss Barber of Kalamazoo and Mr. Brinkman of Calvin as alternates. The University of Michigan will entertain the conference next year. The total registrations numbered 387, 178 of which were local.

HOPE COLLEGE LEADS STATE IN SENDING OUT MISSIONARIES

The Hope Church parlors were the scene of a beautiful and interesting exhibit during the Student Volunteer Convention, which exhibit helped to make the conference a big success. The church parlors were decorated in festive colors and had been divided into various sections, in which the exhibitors of the various missionary fields were displayed. Pretty little booths had been put up by a number of the colleges that were represented by the largest delegations, and had been furnished with reading materials and posters giving some information concerning the work of that school in foreign mission work.

Approximately 19 educational institutions were represented at the conference. Among the statistics of these schools, Hope College ranks highest in the number of preachers that she has offered to the missionary cause. She has sent out 32 preachers, 11 teachers, 2 doctors, 1 Y. M. C. A. worker and one for general work. U. of M. is credited with the next highest number, having 11 preachers, 38 teachers, 46 doctors, 2 nurses, 1 agriculturalist, 3 Y. M. C. A. workers, 1 Y. W. C. A. worker, 1 engineer and 5 in general work.

The exhibit gave a general survey of all missionary work to the present day, and showed progress that has been made, is being made today, and casts a bright hope for the future.

Missionaries from Michigan are in practically every country on the globe. The state institutions, through the efforts of the Student Volunteer movement, are also doing splendidly in financing the work. Hope College started in 1917-18 with a contribution of \$140 and ascended to a grand total of \$8,314 in 1921-22. Other schools are also setting a gallant pace in missionary enterprise. The exhibit showed the great need of men in education, medicine, agriculture, engineering and innumerable other lines of work.

The rapid progress shown in other lands is very gratifying. The mission work which was started in the Philippines in 1900 has developed into 12 missionary societies, 200 missionaries, and 75,000 Protestants Christians in 1919. In the United War Work campaign, China contributed 14 times her quota, having paid \$1,400,000.

In connection with the pictures and placards, which tell the story of the status of the world in a few words, there were also numerous curios that had been contributed. These small articles were of great interest and helped in bringing the delegates face to face with the different lands. Mr. George O. Smiley was the exhibit chairman.

EXTENDS TIME LIMIT ON COMMUTATION BOOKS

Recognizing that industrial conditions make it difficult for those employed on a part time basis to use 50 rides within a period of thirty days, the Michigan Railroad Co. has announced an extension of time limit on its commutation books for the

Holland Saugatuck division of from thirty to sixty days, effective Wednesday, March 1.

This announcement was made by Vice President and General Manager John F. Collins of the Michigan R'y company. Under the new rule the fifty-ride commuters' tickets will be sold on a two-cent rate basis, good for a period of sixty days. It applies to travel on the Holland Division between Grand Rapids and Grandville, Ivan Rest, Wyoming Park, and Jenison; also between Grandville Avenue and Grandville and Grandville Avenue and Jenison. The rule is also made applicable to travel between Holland and Zeeland. The rule also is made effective for rides between any two of the following stations on the Saugatuck division:

Car shops, Central Park, First Avenue, Graafschap, Holland, Holland West Limits, Jenison Park, Junction, Lugers and Macatawa.

"We inaugurated the idea of the two-cent fare for 50-ride commuters' tickets with the thought in mind that it would serve to relieve the burden of the high cost of living," said Mr. Collins. "In practice we found that the provision for the use of 50 rides within 30 days defeated the very purpose for which it was designed and so we now are temporarily extending the limit to 60 days so that all may take advantage of it."

HOPE QUINTET DEFEATS GRAND RAPIDS "Y"

Hope College experienced little difficulty in defeating the Grand Rapids Y quintet Thursday night, 21 to 12. Capt. Japinga was easily the star of the Hope five, ringing up three field goals. Keegstra, for Y team was the highest individual point getter, caging four field goals.

The Hope team has handed the Y five from Grand Rapids two defeats this season.

The Bethanys of Grand Rapids were also defeated in a fast game, 15 to 5 by the Hope Reserves, who

have an unbroken string of victories. Japinga.....Van Ess

Hupmobile Dealer Wanted in This Town

Here is a splendid opportunity for some live-wire in this community.

You may be a motor car dealer, a garage proprietor, or you may be in some business having nothing to do with automobiles.

Whatever your line,—if you are a hustler and a sound business man, we want to hear from you.

Our proposition practically assures such a dealer of exceptional profits.

We have a definite, specific plan of co-operation which helps you locate, and sell, prospects.

Why We Make This Offer

Until this year, the entire Hupmobile production has been absorbed by the metropolitan centers.

Greatly increased factory production now enables us to supply the great potential demand for this outstanding car in every town in Michigan.

There are many prospects in your territory. They want such a car as the Hupmobile—a really fine car that sells for \$1250 f. o. b. factory—but they have never been approached.

This is your opportunity. Your sales territory is beautifully fallow.

Our discount rate is much more liberal than that ordinarily offered. No back-breaking requirements—nothing but what will enhance your bank standing.

In addition you will have the advantage of dealing with one of the largest motor car distributors in Michigan.

Send in a letter or post card now, at once, and find out all about our proposition without the slightest obligation.

GEERDS NOT TO RUN FOR TREASURER AGAIN

City Treasurer Henry Geerds has given out the information that he will not be a candidate for the office of city treasurer this spring, a position which he has filled so well and faithfully.

Mr. Geerds has become identified with the Winstrom Electric Co. of this city, where he will assume an important position in his new field.

The Winstrom Electric Co. was organized some two years ago, succeeding the late Charles Bertsch who had conducted its affairs for some time. Under the new management with William Winstrom at the head the business has grown rapidly, in fact this is one of the reasons why the city treasurer is to assume some of the responsibilities.

Mr. Geerds has made an enviable record as a soldier during the world war, and has not only taken a very important part in fostering American Legion affairs since the war but is head of the National Guards company of this city.

Holland will lose a valuable employee when Mr. Geerds' term expires, while the Winstrom Electric Co. may congratulate itself upon being able to add another valuable man to its staff.

TO SHOW RILEY POEMS IN LIVING PICTURES

Living pictures were never so popular as the present time, and there is an increasing demand for the poetry of James Whitcomb Riley.

From the little girl who said she felt all alone without him to the president of the United States who paid him tribute, Riley is in the hearts of all, big and little.

The following of his poems will be shown in living pictures at Holland High school, the evening of March 8th, the readings by Mrs. Nina Daugherty: "The Prayer Perfect," "Granny," "A Life Lesson," "Griggsby Station," "An Old Sweetheart of Mine," "Little Orphan Annie," "Our Hired Girl," "Out to Old Aunt Mary's," "The Raggedy Man," "The Name of Old Glory."

Does Sciatica Make You a Cripple

Health Talk No. 32
By JOHN DE JONGE, D. C.

Does sciatica make you a cripple, unable to get out of bed? Or is your case a mild one that merely makes moving around a misery and pain a constant companion? In either event you are unable to work or think, and you are making others suffer with you, for that is the law of life.

Sciatica is a form of neuritis or neuralgia of the sciatic nerve. It may be present without either liver or kidneys being inactive. In this respect it differs from rheumatism, which is always accompanied by costiveness and kidney trouble. Sciatica is caused by pressure on the sheath of the sciatic nerve and this pressure causes an inflammation and swelling of the sheath, which compresses the nerve and causes the constant pain which is the characteristic of this disease.

Two Years of Suffering Ends.

"For more than two years prior to consulting a chiropractor, I had been suffering with sciatic rheumatism. In August 1919 I was suffering intense pain and it was so bad that I was unable to work and in fact was unable to move about at all. The first chiropractic spinal adjustment brought relief but I continued through December when I was discharged. I have been shoeing horses ever since without return of the trouble."—John Schauss, Chiropractic Research Bureau. Sworn Statement No. 1283R.

All bids for the construction of the new cast Guard station at Grand Haven have been rejected by the government according to the reports received here. The job will be advertised, it is said.

Mrs. Fred Vos of Ferrysburg received a telegram apprising her of the death of her brother's wife, Mrs. Joe Banning of Grand Rapids. Her death was very sudden and was caused by apoplexy. The funeral will be held Thursday afternoon. There have been three deaths in Mrs. Vos' family within the past three months.

Marriage license has been issued in Allegan county for John H. Doezman and Hattie Boeskool both of Overisel.

Oscar De Witt of Holland township has announced himself as a candidate for treasurer of that township.

Special Deputy Game Warden C. Dornbos states that during the past week at least 15 tons of carp have been netted by the carp fishermen.

On page five of this issue will be found all the candidates who have qualified to run on the primary ballot this spring. The names will be found in the election notice.

County Treasurer Den Herder will be in Holland next week Tuesday all day to issue auto licenses. He will be found at the usual place, at the Wolverine garage.

There have been five fires within the last twenty-four hours, the last one was at 171 College avenue in the old home of T. Keppel. Damage \$25. The loss in all five fires was less than \$150 which speaks well for our firemen and our truck system.

Mrs. M. L. Smith of Seattle, Wash. who has been visiting at the home of her sister, Mrs. Jas. H. Purdy and family, left for Chicago this noon on her way home. She was accompanied to Chicago by her niece, Miss Caroline Purdy, who will spend a few days in that city.

Those carp are surely bothering this community again. Game Wardens state that already between 15 and 20 tons of carp have been netted from the lake since the fishing was resumed. As has been the case with every new attempt at fishing no sooner have the carp fishermen begun when protests begin to come in. Altho not speaking with authority, this paper has always felt that so many tons of scavenger fish that are not good for food must do a tremendous damage to the game fish either by devouring them or destroying spawning beds. It seems that such a mess of fish must be kept alive by some means. There is such a varied opinion upon carp fishing generally that only authority on the habits of these fish should be followed, and at least the game department should know the correct solution, for that's what these men are there for.

The following election inspectors were chosen to function in the coming primary: first ward, Jacob Lokker; second, Egbert Beekman; third, Herman Meppelink; fourth, Gerrit Woltman; fifth, F. N. Yonkman; sixth, Adrian Koouw.

Mayor E. P. Stephan being away on a vacation trip to California, Mayor protem F. Brieve presided over the council meeting Wednesday evening.

Mrs. A. P. Kleis celebrated her 74th birthday anniversary today. Mrs. Kleis is still in fairly good health. She received the congratulations of her friends and relatives today.

The Ladies' Aid society of Trinity Reformed church gave a social to all the women of the church in the church parlors. The room was beautifully decorated and a pleasing program was given consisting of piano solos, vocal selections, readings and a dialogue by members of the society. There was also a talk by the pastor and a whistling solo by Basil Mitchell. Refreshments were served and a social hour was enjoyed.

Mrs. N. Wiersma and Mrs. A. Van Lente will entertain the XL class of the Third Reformed church Friday evening at the latter's home, 259 W. 17th street. An excellent program is assured.

Thursday evening the members of the Young Men's Bible Class of the 9th street Christian Reformed church surprised their teacher Mr. J. Knoll at his home on East 16th St.

and as a token of their appreciation the members presented him with a beautiful ring.

Arnold Branderhorst president of the class made a fitting presentation speech while Henry Vanden Berg passed the beautiful ring over to Mr. Knoll, who, it goes without saying, was very much surprised and with difficulty expressed his thanks for the thoughtfulness of the members of the class.

Rev. J. W. Ghysels who was also present gave the young men a heart to heart talk after which a short program was rendered and refreshments were served.

The Bolhuis Lumber & Mfg. Co. today announced that Mr. Wm. Vander Ven, formerly manager of the Holland Canning Co., has been engaged as superintendent of construction of the Lumber Co Mr. Vander Ven will have direct charge of construction jobs, while Frank Essenberg, who is general manager of the building department, will be able by this arrangement to give more of his time to general supervision.

An industrial blow of unusual proportions was given to Holland Saturday with announcement that the upper leather tannery, an institution of the Cappon-Bertsch Leather Co., will close in the near future, throwing out of work approximately 185 men who have been employed there.

The rumor of the news that the plant was to close spread about the city Saturday morning, and when the office was approached by the news to secure either a confirmation or a denial of the report, one of the

responsible heads of the institution said that he did not care to make a formal statement other than that the rumor is true and that the plant will close.

When asked how soon the closing of the plant would come, he was non-committal but admitted that it might come within the next thirty days. When asked if it would mean closing permanently, he answered that that could not be determined now. But the impression seems to be that it will be closed indefinitely although a change in business conditions might mean a reopening of the concern.

Asked whether the closing of the North Side plant would affect the South Side institution, he answered that this also could not be determined at this time.

The closing of this tannery is due to business conditions in that industry. While no definite de-
